## **AGENCY'S DISCUSSION AND ANALYSIS**

The State Treasurer's Office (STO) manages approximately \$55.4 billion on behalf of the State and local governments. By focusing on the modernization and optimization of business operations, South Carolina Treasurer Curtis Loftis works to ensure that the STO provides the best in efficient banking, investment, and financial management services. In January of 2019, Treasurer Loftis was inaugurated for his third term in office. He continues to promote a progress-driven environment of openness, transparency, and accountability in government.

Throughout the COVID-19 global pandemic, which forced the closure of State offices, the STO was able to continue its business processes uninterrupted. Despite the many challenges posed by the pandemic, the Agency successfully utilized its thoroughly vetted and tested Business Continuity Plan to continue moving forward toward accomplishing its progressive goals for the fiscal year.

This document serves as a review of the responsibilities and accomplishments of the STO for fiscal year 2020-2021.

- The STO serves as the State's Bank, receiving, disbursing and managing funds from all sources.
- The STO coordinates all banking services and structures and administers the State's debt.
- The STO is responsible for the investment, cash management and safekeeping of the State's General Fund and restricted funds, as well as the Local Government Investment Pool.
- The STO works and communicates regularly with the three major bond rating firms to maintain high credit ratings that keep the State's borrowing costs low.
- The STO administers four consumer-facing programs: Unclaimed Property, Future Scholar 529 College Savings Plan, SC Tuition Prepayment and Palmetto ABLE Savings.

The STO has four major Divisions: **Banking & Investments, Treasury Management, Debt Management and Programs.**

**Banking & Investments.** The Banking & Investments Division manages relationships with the qualified public depository banks that provide banking services to the State of South Carolina's state agencies, colleges and universities. The Banking & Investments Division works to support the receipt and disbursement of funds, including specialized services for merchant payment cards and merchant card processing (in accordance with South Carolina Code of Laws Sections 11-13-120, 11-13-125, and 11-13-60).

In order to maximize funds available for investment, the Division performs effective daily cash management functions, completes daily accounting for cash operations of the State, and monitors bank

balances to ensure State funds on deposit are protected with FDIC coverage or are properly collateralized (in accordance with South Carolina Code of Laws Sections 11-13-60 and 6-5-15).

The Division currently manages approximately \$26.5 billion for both the State of South Carolina and local governments (LGIP) (in accordance with South Carolina Code of Laws Section 11-9-660), with a focus on preserving capital, maintaining liquidity, and obtaining the best return within the appropriate risk parameters. General Deposit Accounts (State portfolios, including the State Pool and the General Fund) are available funds that are necessary to maintaining liquidity and preserving capital. Unlike long-term investments, their cash flows are invested for short periods of time. Gross earnings on General Deposit Accounts' investments and LGIP totaled approximately \$308.5 million in the 2020-2021 fiscal year, of which approximately \$71 million represents General Fund earnings available for legislative appropriation.

For fiscal year 2020-2021, the Banking and Investments Division managed \$2.9 billion for the CARES Act funding and expenditures. The Investments Division structured a ladder investment plan for the CARES Act funds to complement the state's allocation and disbursement of the funds to state and local entities. The Banking Division managed the cash management and worked with our general deposit bank and custodial bank to ensure funds were adequately collateralized and transferred from cash deposits to the custodial bank for investment until the funds were approved and allocated by the State's CARES Act vendor to our State and Local entities.

**Treasury Management.** The Treasury Management Division is responsible for managing Statewide Accounting. Treasury Management duties include payroll processing and other disbursements on behalf of the State, administration of Aid to Subdivisions, collection and remittance of court fines, and reconciliation of bank accounts (in accordance with South Carolina Code of Laws Title 11, Chapters 3, 5, and 13 and Title 14, Chapter 1).

For fiscal year 2020-2021, the Division received and disbursed approximately \$37 billion in funds, including approximately 4.31 million disbursements, consisting of 787,222 paper checks and approximately 3.52 million were electronic payments. Treasury Management also made 178,947 deposits on behalf of the State. One of the Division's more notable undertakings during the fiscal year was Treasury Management's coordination with other agencies to deliver timely payments to the 686 recipients of the CARES Act Nonprofit Relief Grants allocated under Act 154.

One of Treasurer Loftis' key priorities is reducing the State's reliance on paper checks. During fiscal year 2020-2021, the STO continued its progress towards this goal with a primary focus of transitioning State vendors who receive paper checks to ACH electronic payment. During the fiscal year, the Division implemented enhancements to the business workflow processes in SCEIS. Treasury Management also developed an internal dashboard to identify and target the vendors receiving the highest volume of checks. The next stage of the project will be the implementation of a seamless solution wherein vendors themselves can enroll for ACH electronic payment, thus eliminating the manual enrollment forms currently utilized.

**Debt Management.** The Debt Management Division oversees the debt for the State and its agencies, institutions, and authorities (in accordance with South Carolina Code of Laws Titles 11, 57, and 59). Debt Management optimizes the debt structure and ensures timely repayment of debt when it is due.

During the fiscal year, the STO assisted agencies in the issuance of debt for the purposes of academic and housing construction, economic development, and refinancing.

In total, the State issued \$507.6 million in general obligation and revenue debt, of which the State will achieve approximately \$20.4 million in refinancing savings from the refunded issues during Fiscal Year 2020-2021. Further, the State maintained its excellent credit ratings with Moody's, S&P and Fitch as Aaa, AA+, and AAA, respectively.

**Programs.** The Programs Division administers the consumer facing programs of the STO, which include Unclaimed Property, Future Scholar 529 College Savings Plan, SC Tuition Prepayment and Palmetto ABLE Savings.

**Unclaimed Property Program.** The Unclaimed Property Program manages over \$740 million in unclaimed property. In fiscal year 2020-2021, the Program returned more than \$35.3 million in unclaimed property to its rightful owners (in accordance with South Carolina Code of Laws Title 27, Chapter 18), representing the return of 72,993 properties. The Program also received approximately \$84.5 million in new unclaimed property from business entities.

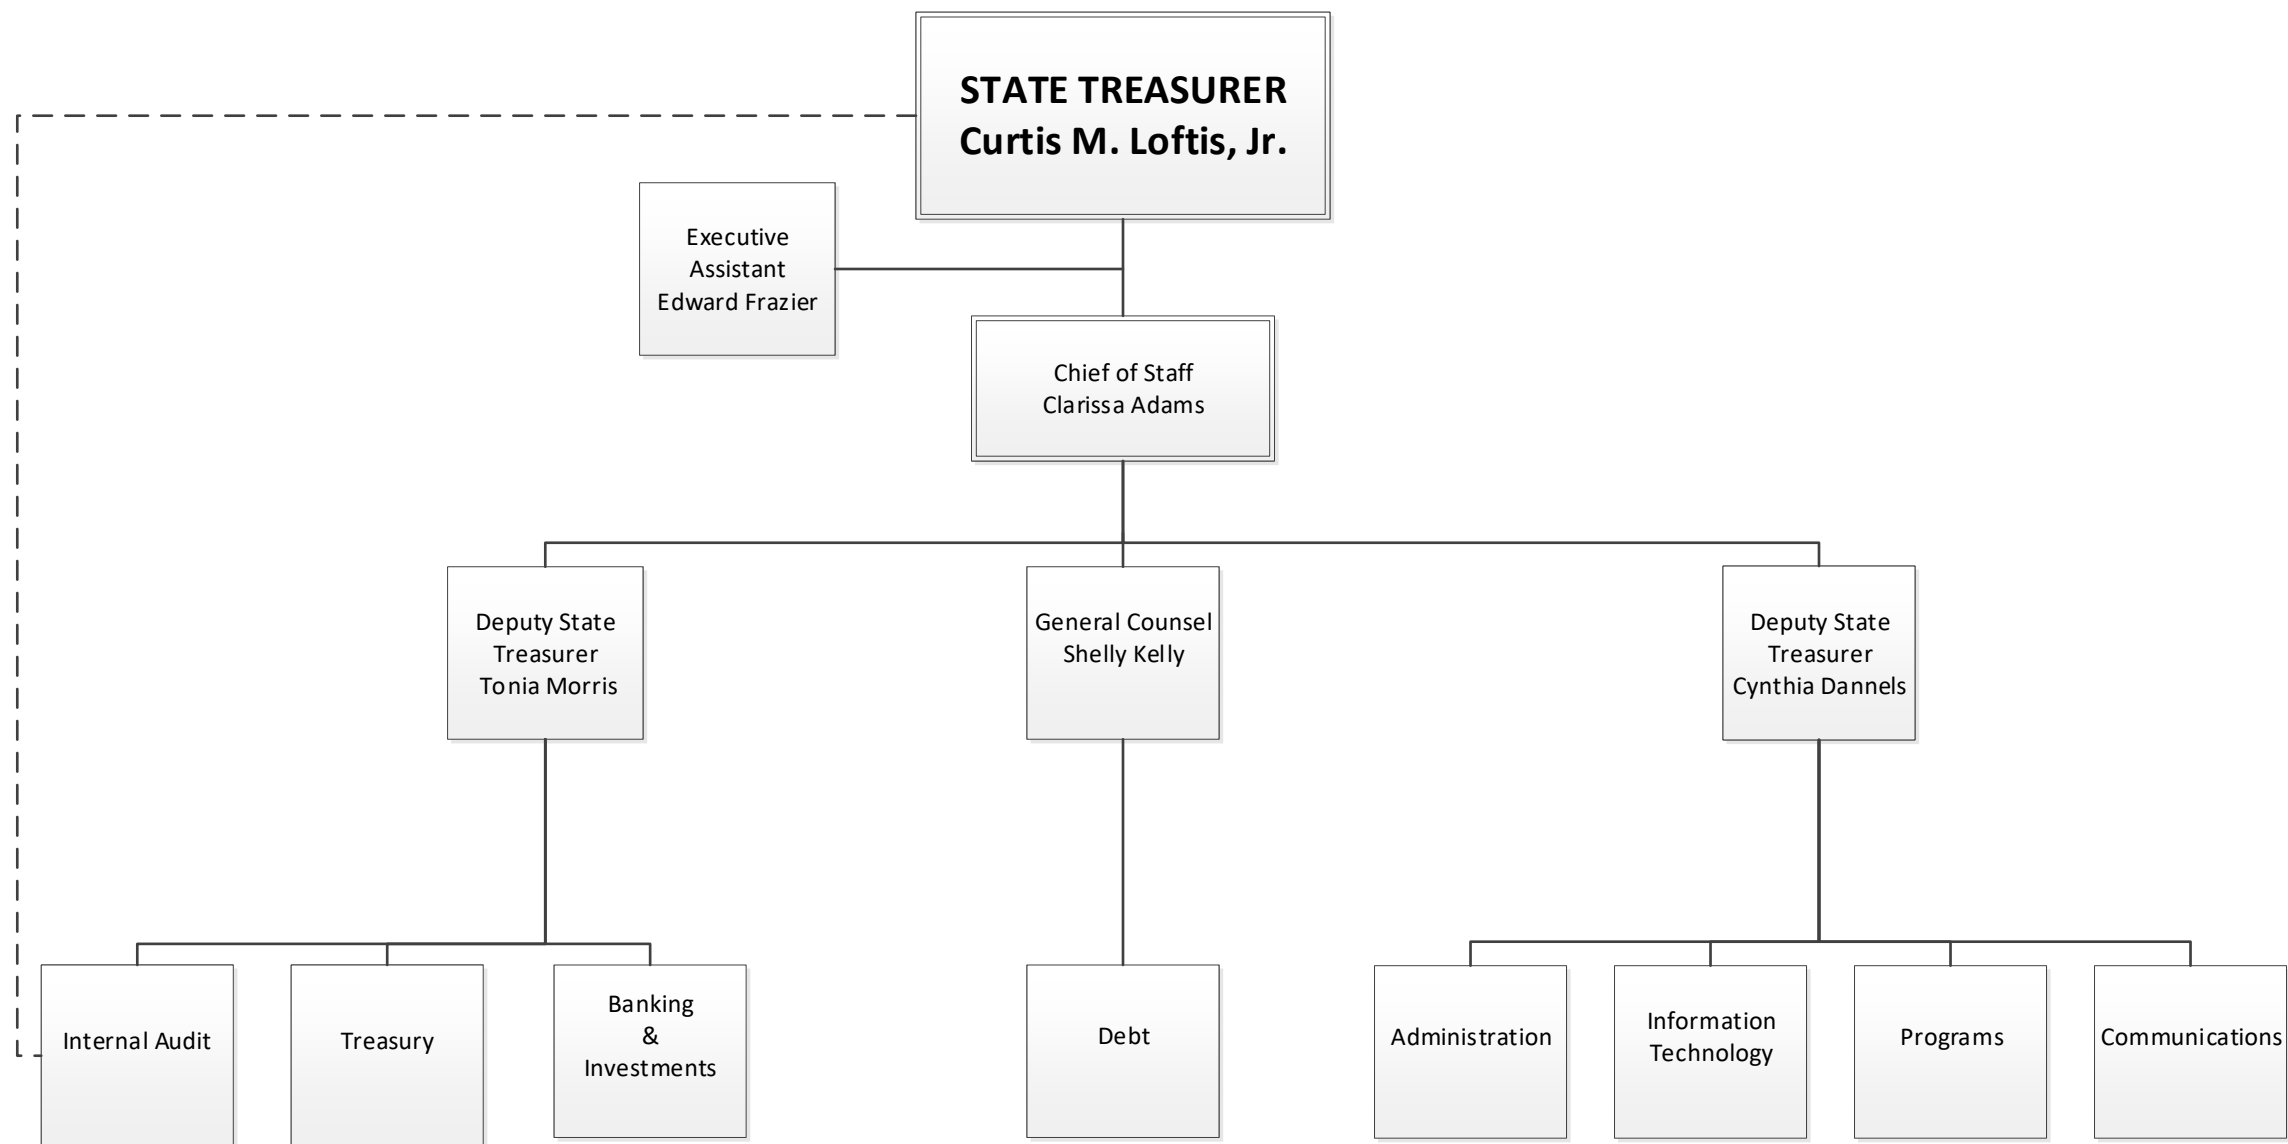

Each year, the STO calculates the refund liability of the Unclaimed Property Program, which was \$264.7 million as of June 30, 2021. The Agency then determines what amount is available to transfer to the General Fund. In fiscal year 2020-2021, \$15 million was transferred.

**Future Scholar 529 College Savings Plan.** Future Scholar is South Carolina's tax-advantaged 529 college savings plan, providing families with a smart, easy way to save for college (in accordance with Section 529 of the Internal Revenue Code and South Carolina Code of Laws Title 59, Chapters 2 and 4). At the end of the fiscal year, Future Scholar had approximately \$5.55 billion in assets under management of the program's 200,807 accounts, representing an almost 7% year over year increase in accounts. Once again, Future Scholar's Direct plan received top accolades from Morningstar and was recognized by third-party research firm SavingforCollege.com as a national leader. Future Scholar's Direct and Advisor programs ranked in the top quartile in the nation for investment performance for ten-year returns and the Direct plan was ranked as one of the lowest cost plans in the country. In addition, investor experience was enhanced this fiscal year with the launch of a new online portal, which provided more self-service options and an improved enrollment process.

The STO remains committed to financial literacy education. The Financial Literacy Master Teacher program will welcome its third cohort of participants this fall. The 12-month program provides K-12 teachers with financial incentives to complete specialized training and education in financial literacy curriculum. Financial Literacy Master Teacher participants are experts in the area of financial literacy, possess a desire to build upon their experience, and aspire to lead professional development workshops for other educators in their schools and districts.

**SC Tuition Prepayment Program.** Although the General Assembly closed the Tuition Prepayment Program (TPP) to new participants in 2008, 2,046 contracts are still in force with tuition benefits available. The Program has been operating under an actuarial deficit since 2001. The General Assembly has included \$31.9 million in the FY 2021-22 Appropriation Act to address the program's unfunded liability.

**Palmetto ABLE Savings Program.** The Palmetto ABLE Savings Program was launched by the STO in November of 2017, allowing individuals with disabilities the opportunity to save and invest money without jeopardizing existing government benefits, such as Medicaid and Supplemental Security Income (SSI). More than 2,301 accounts have been opened as of June 30, 2021, with \$16.6 million in assets under management. To educate the public of the benefits of the Palmetto ABLE Savings Program, the STO partners with other agencies, non-profits, and organizations that support the disability community.
