MOVING SOUTH CAROLINA FORWARD FOR MORE THAN 36 YEARS

As we celebrate our 36th anniversary and embark upon our journey into a new decade, the South Carolina Jobs-Economic Development Authority (JEDA) reflects on the positive role our agency has played in helping South Carolina achieve increased prosperity, economic advancement and job growth. Helping to contribute to the growth of healthcare facilities, educational institutions, manufacturing facilities, solid waste sectors and non-profit organizations, JEDA is proud to have been at the forefront of economic progress over the past three decades.

JEDA, a conduit issuer of tax-exempt and taxable special obligation revenue bonds, is completely self-supporting, generating most of our revenues through bond-issuing activities and without cost to the taxpayers. Entities borrow money through, not from, JEDA, bringing together financial markets and entrepreneurs in public-private partnerships that help maximize South Carolina's potential as a place to grow a business and raise a family.

Building on our 36 years of progress, we look toward the future and the continued prosperity and expansion of South Carolina businesses through the issue of tax-exempt and taxable bonds.
