FY26 Budget Request

- The Arts Commission's fundamental goal is to promote equitable access to the arts and support the cultivation of creativity in South Carolina.
- This is accomplished through support of a growing statewide network of arts providers.

* New recurring funding

With **\$7,000,000 in new recurring funds**, the SCAC will:

1. Support the work of additional local arts providers.
2. Drive community and economic development.
3. Sustain and/or expand on-the-ground work in regional offices.

JUSTIFICATION

At the current funding level, 34 new operating support applicants were declined in FY25. An additional \$3.5 million in recurring state funds for flexible SCAC operating support grants will provide these often small, rural organizations an additional reliable funding source. That security lets them focus on their missions and goals while they support jobs and create tax revenue. An increase also helps the SCAC keep funding level for established award recipients.

1. **Public engagement and participation in festivals and SCAC-designated South Carolina Cultural Districts develops cohesive communities and ignites their economies.** The SCAC's Festivals Program grant is popular, helping our residents and visitors engage with the arts—and each other— at festivals of all kinds in 13 counties. In FY25, 20 new applicants were declined because available funds were exhausted. New funding of \$3 million supports adding an arts component to more community festivals and, for the first time, allows for a dedicated grant available to the 11 officially designated S.C. Cultural Districts.

2. **Six Arts Hub Region offices give easy access to SCAC programs and services.** An additional \$500,000 expands and sustains grant opportunities, partnerships, and in-person support by our team—from offices strategically located to ensure greater statewide access.

The South Carolina Arts Commission...

- is the **only** state organization charged with **supporting** and **providing leadership** for the arts statewide.
- works to ensure that **all** S.C. citizens and visitors **benefit** from opportunities for rewarding arts experiences, with emphasis on rural, high poverty and minority communities.

FY24 Grantmaking

Awarded **\$18,466,756** through **722 grants** to support community arts activities, artists, and in- and out-of-school arts learning programs around the state.
