Total Budget Requests (14)	\$ 239,404,330
Total Recurring Budget Requests (9)	\$ 129,404,330
General (4)	\$ 18,630,795
Other (3)	\$ 78,263,275
Federal (2)	\$ 32,510,260
Total Non-Recurring Budget Requests (1)	\$ 15,000,000
Total Capital Budget Requests (4)	\$ 95,000,000

General Recurring Requests (State Appropriations):

Tuition Mitigation – Base Appropriations Increase - \$12,102,795 and 0.0 FTEs

- To mitigate tuition costs and continue to ensure affordable education opportunities for in-state students
- \$4.8m - Offset increases in insurance premiums and other inflationary costs
 - Includes, but not limited to:
 - Utility commodity increase (natural gas and electric, \$1.7m or ~9-10%)
 - Insurance (property, liability) increase (\$1.1m)
 - Facility contractual services increase (est 18%)
- \$4.0m - Critical faculty hires to support growth in business, STEM, public health, and general education
- \$3.2m – Estimated impact for each 1% COLA, after considering the funding the state provides
- \$0.1m - Bring fire/EMS staffing levels up to improve safety and security to align to national NFPA standards

Emerging Scholars Expansion - \$528,000 and 2.0 FTEs

- Expansion of current program
- Seeks to partner with underserved and rural communities by expanding reach into new high schools in Pee Dee region (Florence County, District 1)
- Includes two community coordinators who live around program schools, as well as academic and operational costs of program
- In the past 20 years, 100% of Emerging Scholars students (over 1,000) have graduated from high school, and 82% go on to enroll in two-year and four-year colleges

Veterinary School – Dean and Curriculum Development - \$2,500,000 and 6.0 FTEs

- Supports hiring of initial staff, including a dean, operational costs for curriculum development, and facility design work
- Provides opportunity for South Carolina residents to obtain a Doctor of Veterinary Medicine (DVM) degree without leaving the state
- Initial results of feasibility study show demand for veterinary services for animals in South Carolina currently greatly exceeds the supply of veterinarians
- As a land grant public university with established large animal research farms, a robust pre-veterinary medicine undergraduate program, and performing high-level research, Clemson University is clearly the logical institution to be home to a College of Veterinary Medicine
- Accompanying capital request

The Center for Experiential Learning - \$3,500,00 and 0.0 FTEs

- Would strengthen areas within teaching and learning with Clemson's updated strategic plan, Clemson Elevate, and focus on providing the #1 student experience
- \$2.0M - Provides matched-funding for industry and corporate partners through the Clemson Industry Experience Program
 - Availability of funds to match industry participation in critical areas will help attract external funding for internships, as well as provide financial support and opportunities for students upon graduation
- \$1.5M - Allows expansion of Clemson Creative Inquiry Program
 - Provides multiple opportunities for students to participate in learning activities outside of the classroom such as study abroad, cooperative internships, and on-campus work experience
 - Would enable undergraduate participation to double from 4,000 students to 8,000 students

Other Recurring Requests (Spending Authorization for Federal and Other):

Changes to Other Earmarked Funds E&G Unrestricted - \$46,290,605 and 38.0 FTEs

- Increased enrollment and associated tuition and fee revenues, including online and distance education and departmental activity
- Rising mandatory costs such as employee fringe benefits, insurance, and utility costs
- Additional 38 FTEs to support upcoming ERP implementation

Changes to Other Earmarked Funds Auxiliaries - \$11,474,738

- Athletic revenues driven by conference distributions and corporate sponsorships

- Revenues for campus dining, housing, and parking

Changes to Other Restricted Funds - \$20,497,932

- SC Palmetto Fellows, LIFE/HOPE scholarships, and private grants

Changes to Federal Restricted Funds - \$25,838,593

- Federally sponsored research and scholarship programs

Changes to Federal Unrestricted Funds - \$6,671,667

- Indirect cost recoveries (F&A)

Non-Recurring Requests:

IT Network Infrastructure Improvements - \$15,000,000

- Post-pandemic, the need to provide network resources to support teaching and core mission activities has increased demands on the University's network, requiring additional investments
- At the same time, a national and international increase in cybersecurity threats has necessitated investments to secure the campus network
- IT Network Upgrades:
 - Completing the modernization of Clemson's IT network environment and ensure a reliable, high-performing network to serve our students' increasing requirements for connectivity - \$10,000,000
 - Additional tools and technology that will allow Clemson to address and counter the ever-increasing, ever-changing nature of cyber-attacks - \$5,000,000

Capital Requests:

E&G Planned Maintenance and Renewal Projects - \$15,000,000

- These projects were identified by the University as high-priority planned maintenance projects through a system-by-system inventory of every E&G building on campus and are part of the University's 10-year renovation and renewal plan
- Planned Maintenance (\$15,000,000):
 - HVAC – 6 projects totaling \$7,488,000
 - Roofs – 5 projects totaling \$4,279,000
 - Electrical – 3 projects totaling \$1,513,000
 - Miscellaneous (including Building Envelope, Site Prep, Hardscape, Plumbing, Elevators) – 9 projects totaling \$1,720,000

Advanced Materials Innovation Complex Construction - \$25,000,000

- Drives efficiency and productivity growth in advanced manufacturing through technological innovation
- Will provide 143,000 square feet of interdisciplinary research laboratory and teaching spaces for Chemistry, Materials Science and Engineering, and Chemical and Biomolecular Engineering programs
- Will support 300 research faculty and graduate personnel and accommodate more than 12,000 students a week in laboratory space
- Supports our statewide partnership with the University of South Carolina, South Carolina State University, and Industry Partners in connection with the Savannah River National Laboratory

College of Veterinary Medicine - \$30,000,000

- Completion of design and construction documents, as well as complete site preparation
- Provide resources for important steps in obtaining a "letter of reasonable assurance," which is the first step towards accreditation with American Veterinary Medical Association Council on Education
- Total comprehensive capital cost estimates from all sources to complete the capital portion of the project is \$285M within the next 3-4 years
- Accompanying E&G recurring request
- Separate Clemson PSA requests

NextGen Computing Complex - \$25,000,000

- The School of Computing and the Department of Electrical and Computer Engineering are two of Clemson University's strongest programs as well as the fastest growing research and educational enterprises in the College of Engineering, Computing, and Applied Sciences
- Current requirements for these two disciplines far exceed the quality and quantity of existing space, much less address the total projected enrollment of approximately 3,000 students by 2030
- Provides teaching, learning, and research opportunities for all 7,200 students in the college and house all supporting faculty and staff
- Supports state industries ranging from advanced manufacturing, healthcare and human work, energy, supply chain and transportation to agriculture, automotive, aerospace, and business analytics
- Will further cement Clemson's reputation and impact, becoming the driver for creating the next generation of computing workforce and innovation

Provisos:

- Clemson still supports the provisos for the current fiscal year (FY22-23):
 - 33.22 DHHS Rural Health Initiative
 - 117.136 GP Permanent Improvement Projects
- No changes are being requested to existing provisos and there are no new provisos being requested for FY23-24.

Summary of FTE Requests:

2.0 FTEs for Emerging Scholars

- 2 Program Coordinator

6.0 FTEs for College of Veterinary Medicine

- 1 Dean
- 2 Associate Dean
- 2 Administrative Coordinator II
- 1 Asst Academic Program Director

38.0 FTEs for Additional Other Funded FTEs

- 6 Systems Engineer II
- 3 IT Senior Business Analyst
- 19 IT Business Analyst III
- 5 Application Developer IV
- 2 IT Manager II
- 3 IT Security Administrator

 - Associate Dean (2)
 - Administrative Coordinator II (2)
 - Asst Academic Program Director (1)

FY 2023-24 FTE Requests

Additional Other Funded: 38.0 FTEs

- **Other Earmarked E&G Unrestricted – 38.0 FTEs**
 - IT Business Analyst III (19)
 - Systems Engineer II (6)
 - Application Developer IV (5)
 - IT Senior Business Analyst (3)
 - IT Security Administrator (3)
 - IT Manager II (2)

*Regarding Proviso 11.14, there are no incremental Other Funds spending authority being requested to fund these FTEs

Provisos

- **Clemson still supports the provisos for the current fiscal year (FY22-23):**
 - **Proviso 33.22 DHHS: Rural Health Initiative**
 - “From the funds appropriated to the Department of Health and Human Services for the Rural Health Initiative in the current fiscal year, the department shall partner with the following state agencies, institutions, and other key stakeholders to implement these components of a Rural Health Initiative to better meet the needs of medically underserved communities throughout the state. The department may leverage any and all available federal funds to implement this initiative. Recurring and non-recurring funding for the Rural Health Initiative may be carried forward by the department and expended for the same purpose....at least \$1,000,000 to Clemson University to develop and continue innovative healthcare delivery...”
 - **Proviso 117.136 GP Permanent Improvement Projects**
 - “For the current fiscal year, permanent improvement projects, as defined in Title 2, Chapter 47 of the 1976 Code, where the cost is at least one million dollars but not greater than five million dollars for public research universities and not greater than two million dollars for all other public institutions of higher learning shall be exempt from the requirements of Section 2-47-50, except that a project shall not be considered approved without an institution’s governing board having first voted to approve the project in a public session. Institutions shall provide a report of projects approved by their governing boards pursuant to this provision to the Chairman of the Commission on Higher Education, the Joint Bond Review Committee, and the State Fiscal Accountability Authority by November 15th of the current fiscal year.”
- **No changes are being requested to existing provisos and there are no new provisos being requested for FY23-24**

Conclusions

- **With generous support from the State, Clemson has been able to freeze in-state tuition for three consecutive years**
- Since the pandemic, Clemson has re-doubled its efforts to strategically manage costs
- All three major bond rating agencies reaffirmed Clemson's credit rating, citing healthy student demand, a strong financial profile, and strategic focus
- Clemson continues to methodically and consistently reinvest in its facilities and infrastructure to maintain student, faculty, and staff safety
- Additional funding will mitigate student tuition, offset increased mandatory and inflationary costs, and expand high-demand programs and initiatives
- Clemson's strategy and investments are focused on its mission to serve the State of South Carolina and are aligned with the State's Economic Development goals

- The University (H120) currently has 555.5 vacant E&G FTEs, of which 193.09 are in the recruitment process. **The remaining 362.4 FTEs are being evaluated for recruitment and refill.** This leaves Clemson with 10.1% of its total FTE authorization available for new positions.
- Clemson has requested State and Other funded FTEs. Due to continued enrollment growth and hiring expected in FY24, Clemson will continue to strategically manage the vacancy rate to a lower target (prior year was 10.6%).

Proviso 11.15 - Calculation of 4% Scholarships – Methodology

Clemson's formula multiplies 4% of the average undergraduate student FTEs (full-time = 12 credit hours) by the full-time tuition and fees per year (Fall and Spring) for undergraduate in-state students. This calculation provides the amount of E&G funds that the University may utilize to provide scholarships.

FY 2022-23 budget vs cap comparison:

4% Cap	\$16,934,400	(1,120 students X \$15,120 annual tuition)
Budgeted Scholarships	\$14,825,000	
Projected Remaining within Cap	\$2,109,400

Abatements at Clemson University

- An abatement is the reduction of an out-of-state student's tuition as detailed in Section 59-112-70
 - 59-112-70 (A)
 - Undergraduate awards on the basis merit, financial need, and athletic ability
 - 59-112-70 (B)
 - Sister State agreements based upon CHE approved list
 - 59-112-70 (C)
 - International Exchange agreements
- Clemson primarily employs partial abatements of tuition
 - Only 13% of abatements awarded are full abatements
- See Attachment A for report required in Proviso 11.15

Planned Maintenance

- In addition to the CHE facility condition assessment, the University conducts its own, comprehensive maintenance renewal inventory and planning every year. That planning results in a long-range, 10-year renovation and renewal plan that is updated annually based on facilities condition and a building-by-building inventory of key systems.
- The University's Current Planned Maintenance Renewal program shows \$175 million to be accomplished over a ten-year period.
- With recent State appropriations and continued investment by the University, projects that are currently funded total over \$64 million. These investments, coupled with renovations in the CPIP, will lower the remaining need to less than \$76 million over the next 5 years.
- To get us closer to our goal of carbon neutrality, University Facilities has embarked on a journey to find the best possible solution to address the aging infrastructure in several buildings and improve energy efficiency across campus. Clemson will invest \$45 million in this effort to improve the campus and reduce our carbon footprint.
- While the University has identified funds to accomplish the remaining needs over the next 10-years, any additional funding from the state would enable the University to accelerate its plan.
