

FY 2023-2024 Budget Requests

Total Budget Requests (23)	\$510,421,639.00
Total Recurring Budget Requests (1)	\$23,200,000.00
Total Non-Recurring Budget Requests (5)	\$168,100,000.00
Total Other Funds Request (1)	\$5,475,000.00
Total Capital Budget Requests (16)	\$313,646,639.00

Recurring Requests:

Instructional Programs Technical Colleges (\$23.2M)

- The System’s recurring funding request is designed to enhance the System and its 16 colleges’ ability to effectively meet workforce demand. It is divided into three core areas: 1) the development of new and expanding high-demand workforce programs, 2) enhanced student success supports and wraparound services, and 3) operating costs.

The development of new and expanding high-demand workforce programs: The cost to expand and/or create the necessary programs in demand at each of our 16 colleges would be \$37.8M.

Enhanced student success supports and wraparound services: Student success is essential to building the workforce South Carolina needs. Student success supports include academic and career counselors, tutors and supplemental instruction for high-need, high-risk students. Across our 16 colleges, we anticipate the total budget for implementing these services would be \$45.4M.

Operating costs: FY2021 operating costs for our colleges was \$658M. Funds used to offset these costs come from a variety of sources including state appropriations, student tuition and fees, grants, local appropriations, capital-related revenue and auxiliary enterprises. HEPI – Higher Education Price Indicator – is anticipated to be 5% which represents a \$32.9M increase in costs.

The total for these initiatives comes to \$116.1M. Typically, state appropriations represent approximately 20% of our colleges’ revenue. Our recurring funding request reflects this trend by asking that 20% of our projected overall costs for these operating expenses and initiatives be funded through state appropriations.

Non-Recurring Requests:

Lottery Tuition Assistance Program (LTAP) (\$51.1M)

- Funding will provide tuition assistance to eligible students.

South Carolina Workforce Industry Needs (SC- WINS) (\$17M)

- Maintain funding for these statewide technical college scholarship programs designed to address workforce shortages and build a skilled, ready talent pipeline for high-demand fields across the state.

Workforce Scholarships and Grants (\$78M)

- Maintain funding for these statewide technical college scholarship programs designed to address workforce shortages and build a skilled, ready talent pipeline for high-demand fields across the state.

Equipment for High Demand Job Skills Training (\$20M)

- Equipment purchased will be for the students, as well as businesses and other entities that hire the better trained employees. Training labs will accurately reflect what students will encounter on the job.

readySC Direct Training (\$2M)

- Funding for readySC allows the program to fulfill commitments made by the state to its partner companies, commitments that were initiated in the prospect phase and more comprehensively defined in the project development phase.

Other Funds Requests:

Boeing Training Contract (\$5.475M)

- Boeing pays our agency for all costs incurred to provide training. Arrangements have been made for Boeing to pay our agency in advance for all payroll related costs and to reimburse for any other costs incurred. Funds are used to pay salaries, fringe, consumable, and travel for employees.

Capital Requests:

Individual College Initiatives (\$313.647M)

- Projects listed are for all sixteen (16) technical colleges. They are included and have been prioritized on the CPIP for each technical college.

Proviso Request:

The SBTCE is requesting the addition of the following proviso to our agency specific provisos for FY 2023-2024.

117.1aa. (GP: Lead Apprenticeship Agency) In the current fiscal year, the State Board for Technical and Comprehensive Education (SCTCS) shall be recognized as the lead agency for facilitating United States Department of Labor Registered Apprenticeships (USDOL) in South Carolina. All State Agencies, Public K-12 School Districts, and other entities receiving state funds shall coordinate all USDOL Registered Apprenticeships and registered apprenticeship activities through SCTCS and its division Apprenticeship Carolina. SCTCS shall lead the creation and implementation of policies and coordinating efforts to foster the growth of Registered Apprenticeships in South Carolina. For the purposes of this proviso, Registered Apprenticeships are defined as: Registered Apprenticeship is an industry-driven, high-quality career pathway where employers can develop and prepare their future workforce, and individuals can obtain paid work experience, receive progressive wage increases, classroom instruction, and a portable, nationally recognized credential. Registered Apprenticeships are industry-vetted and approved and validated by the U.S. Department of Labor.

SC TECHNICAL COLLEGE SYSTEM: HIGHLIGHTS

134K
+
8

SOUTH CAROLINA'S LARGEST HIGHER EDUCATION SECTOR

Each year the System educates and trains over 130,000 South Carolinians through our credit programs (100,124) and continuing education programs (34,469).

<30 MIN
⌚

GEOGRAPHICALLY ACCESSIBLE ACROSS THE STATE

Our colleges are strategically located across the state with nearly every South Carolinian within a 30-minute drive of one of our 16 main campuses or 64 satellite campuses.

100+
📖

FLEXIBILITY THROUGH BREADTH AND DEPTH OF PROGRAMS

Our colleges offer a variety of programs in South Carolina's high-demand, high-paying fields, including 78 degrees, 28 diplomas and nearly 1,000 certificate programs.

16 main and 64 satellite campuses

REFLECT THE COMMUNITIES WE SERVE

Our colleges provide one of the most accurate pictures of a community in terms of its population, its demographic makeup and its business and industry focus.

SC TECHNICAL COLLEGE SYSTEM: HIGHLIGHTS

ACCESSIBLE

42% of all South Carolinians enrolled as undergraduates in South Carolina's public higher education attends one of our 16 colleges.

AFFORDABLE

Average annual tuition at one of our colleges is 36% of the average annual tuition at a four-year institution. Our colleges remain South Carolina's most affordable path to a quality higher education.

TARGETED

95% of our students are South Carolina residents. Nearly all our students are citizens of the state and choose to live and work in South Carolina after completing their education.

RELEVANT

91% of our graduates are placed in a job related to their field of study or are continuing their education.

SC TECHNICAL COLLEGE SYSTEM: HIGHLIGHTS

readySC™ provides customized recruiting and training to qualifying companies locating to or expanding in South Carolina.

In order to qualify companies must be producing new, permanent, full-time, direct hire positions with competitive wages and benefits

BY THE NUMBERS

- 5,755 trained last fiscal year
- 115 companies served
- Over 313,000 trained since 1961
- 50% African-American; 38% Caucasian; 12% Other
- 37% Female; 63% Male
- 37 Average Age
- 12.7 Average Education

Apprenticeship Carolina™ works to increase the awareness and use of registered apprenticeship as an essential workforce development tool.

The program makes certain all employers in South Carolina have access to information and consultative services, at no charge, regarding sponsorship of a demand-driven registered apprenticeship program.

BY THE NUMBERS

- 941 companies participating across the state with a registered program
- 43,915 total apprentices since inception in 2007
- 1 in 3 companies registers more than one occupation
- 2,644 active occupations registered
- Nearly 280 youth apprenticeship programs

APPROPRIATIONS HISTORY: THREE YEARS

- Federal Funds
 - Other Funds
 - Non-Recurring/Capital
 - Recurring*
- (based on fiscal year)

* Agrees to Total General Funds Appropriation per the Appropriation Act for the respective fiscal year.

Note: Other and Federal were kept constant for all three years.

RECURRING REQUEST

Request	Amount	Justification
Instructional and Workforce Development Programs	\$23,200,000	<p>The System's recurring funding request is designed to enhance the System and its 16 colleges' ability to effectively meet workforce demand. It is divided into three core areas: 1) the development of new and expanding high-demand workforce programs, 2) enhanced student success supports and wraparound services, and 3) operating costs.</p> <p><u>The development of new and expanding high-demand workforce programs:</u> The cost to expand and/or create the necessary programs in demand at each of our 16 colleges would be \$37.8M.</p> <p><u>Enhanced student success supports and wraparound services:</u> Student success is essential to building the workforce South Carolina needs. Student success supports include academic and career counselors, tutors and supplemental instruction for high-need, high-risk students. Across our 16 colleges, we anticipate the total budget for implementing these services would be \$45.4M.</p> <p><u>Operating costs:</u> FY2021 operating costs for our colleges was \$658M. Funds used to offset these costs come from a variety of sources including state appropriations, student tuition and fees, grants, local appropriations, capital-related revenue and auxiliary enterprises: HEPI – Higher Education Price Indicator – is anticipated to be 5% which represents a \$32.9M increase in costs. The total for these initiatives comes to \$116.1M. Typically, state appropriations represent approximately 20% of our colleges' revenue. Our recurring funding request reflects this trend by asking that 20% of our projected overall costs for these operating expenses and initiatives be funded through state appropriations.</p>

NON-RECURRING REQUEST

Request	Amount	Justification
<p>Lottery Tuition Assistance Program (LTAP)</p>	<p>\$51,100,000</p>	<p>The tuition assistance lottery appropriation for fiscal years 2021-2022 and 2022-2023 was \$51.1 million in each fiscal year, so we are asking that the amount remain stable for the upcoming fiscal year. The Lottery Tuition Assistance (LTA) Program benefits eligible students at technical colleges (approximately 92% of funding) as well as other two-year institutions (approximately 8% of funding), and at the current funding level, allows for awards of \$85 per credit hour to eligible students. From smaller class sizes and campuses to the flexibility provided by a variety of learning options, technical colleges offer not only a quality education at an affordable price but a safe and stable alternative for those considering their college options in these unprecedented times. Technical colleges deliver quality, relevant instruction at an affordable cost helping to keep education moving forward without adding burden to the financial strain many families are feeling.</p> <p>Nearly a third of technical college students rely on Lottery Tuition Assistance, and over 400,000 technical college students have benefited from the program since its inception. Because of programs like Lottery Tuition Assistance, our students leave with little or no debt. South Carolina's technical colleges provide one of the state's most affordable college options.</p>

NON-RECURRING REQUEST

Request	Amount	Justification
SC Workforce Industry Needs Scholarship (SC-WINS)	\$17,000,000	<p>South Carolina's technical colleges prepare students for in demand, high paying jobs good jobs with great futures, good wages, and opportunities for advancement in any climate. Our state currently has thousands of jobs available in critical employment areas, with many more to follow as we adapt and pivot to address new needs.</p> <p>The SC-WINS Program, in conjunction with the Workforce Scholarships and Grants program, will enable us to continue providing aid to thousands of students who enrolled in high-demand job skills programs, enabling these students to then fill critical gaps in our workforce.</p>

NON-RECURRING REQUEST

Request	Amount	Justification
Workforce Scholarship and Grants	\$78,000,000	<p>The State of South Carolina, like the entire nation, is currently experiencing a severe workforce shortage. There are thousands of jobs available in critical employment areas and the situation is only expected to worsen as demand grows, older employees retire, and additional companies open facilities in the state. South Carolina's technical colleges prepare students for in demand, high paying jobs good jobs with great futures, good wages, and opportunities for advancement in any climate and the Workforce Scholarships and Grants program allows students to take advantage of these educational and training opportunities.</p> <p>The Workforce Scholarships and Grants (WS&G) program was funded at \$39 million in FY22-23. While generous, this was not enough to meet the needs of all eligible students throughout the State. Consequently, the Governor's Office supplemented the WS&G program by providing over \$40 million in federal GEER funding for workforce related training. Funds provided through the WS&G program, supplemented by GEER funding, allowed our colleges to provide no cost training in high-demand programs to thousands of students, resulting in their placement in high-demand jobs throughout the state.</p>

WORKFORCE SCHOLARSHIP AND GRANTS: STUDENT SUCCESSSES

SCOTT KNIGHT
*Pharmacist to
 CDL Truck Driver*

A former pharmacist, he completed the MTC Commercial Drivers License program in the Spring of 2021. By any standard, his is an unconventional success story.

"If you take the first step, Midlands Technical College, both executive staff, faculty, and the greater community of students will help you along the way to find your footing to a good career path."

MICHAEL WALLACE
*Assembler to
 Maintenance Technician*

Michael worked at Palmetto State Armory as an assembler while a student at Midlands Tech. After receiving a scholarship, he completed the IMMT program and is now employed as a Maintenance Technician.

He has had a significant wage increase and is starting a whole new career in manufacturing.

NOVIE WESTBROOK
*Unemployed to
 Production Operator*

Novie grew up in New York City and moved to Aiken when he was in high school. After graduating from Aiken High, he worked a variety of construction and food services jobs before working in the chemical manufacturing. He was laid off in 2021.

After completing the SCMC program through Aiken Tech in August 2021, he was hired locally as a production operator.

MASON DAVIS
*High School Graduate to
 Heavy Equipment Operator*

After graduating high school, Mason attended OC Tech. She enrolled in the Heavy Equipment Operator course and is now employed locally as a heavy equipment operator.

"I operate the off-road truck, front-end loader, roller and broom and I love it. It doesn't even feel like I'm at work!"

NON-RECURRING REQUEST

Request	Amount	Justification
<p>Equipment for High-Demand Jobs Skills Training</p>	<p>\$20,000,000</p>	<p>The Technical College System's 91% placement rate makes it essential that equipment and labs reflect the workplace where our students will eventually go to work. Our colleges need the right tools and technologies to help students successfully access learning, flourish on their educational journeys and enjoy productive careers and lives in South Carolina.</p> <p>High-skill, high-demand jobs often require high cost equipment to ensure what students encounter in the training lab accurately reflects what they will encounter on the job. Additional equipment funding effectively positions the technical colleges to meet the demands of business and industry in these high-demand STEM, manufacturing and healthcare fields. Funds will be used to upfit and expand labs with the latest equipment for programs such as mechatronics, machine tool technology, welding, health sciences and automotive technologies. The request represents the colleges' critical capital equipment needs for the coming year.</p> <p>This nonrecurring request does not increase the need for recurring funds.</p>

NON-RECURRING REQUEST

Request	Amount	Justification
readySC Direct Training	\$2,000,000	<p>The Technical College System's readySC program was established as an economic development training incentive designed to guarantee South Carolina could remain competitive through changing economic circumstances. It remains a key component of South Carolina's development engine and has been recognized for more than 50 years as one of the nation's premier programs of its kind. This award-winning program offers coordinated workforce training in partnership with the State's sixteen (16) Technical Colleges and helps provide well trained employees to companies investing in South Carolina. readySC focuses on the recruiting and initial training needs of new and expanding organizations in South Carolina by providing recruiting, assessment, training development, management, and implementation services to qualifying organizations creating new, permanent, fulltime jobs for the state that offer competitive wages and benefits.</p> <p>Funding for readySC allows the program to fulfill its commitments to its partner companies, commitments that were initiated in the prospect phase and more comprehensively defined in the project development phase. If these funds were not received, the impact to partner companies, the citizens of SC, and the reputation of the State would be considerable.</p> <p>This nonrecurring appropriation does not create a need for recurring funds.</p>

CAPITAL REQUEST

Request	Amount	Justification
Individual College Initiatives – Capital Projects	\$313,646,639	The Individual College Initiatives represent capital facilities requests for all 16 colleges. The Capital Facilities needs gives South Carolinians the facilities necessary to successfully prepare for future workforce needs and includes projects that have been carefully considered, properly vetted, and approved by our colleges and the State Board. The projects are included, and have been prioritized, on the CPPP for each technical college.

OTHER FUNDS REQUEST

Request	Amount	Revenue Source	Description
Boeing Training Contract	\$5,475,000	Boeing Contract	<p>The State of South Carolina and Boeing have been partners for the last 10 years during which time readySC has provided training for all Boeing production employees under a contractual commitment made when Boeing first began production in the State. Consequently, readySC now has a highly skilled staff specializing in training of aircraft production employees. As of December 31, 2020, the state's obligation to pay for this training ceased. However, Boeing requested a continuation of the partnership and agreed to pay the agency for all costs incurred to provide this training. Arrangements have been made for Boeing to pay our agency in advance for all payroll-related costs and to reimburse for any other costs incurred. We currently have a contract through December 31, 2025.</p>

FEDERAL FUNDS REQUEST

Request	Amount	Revenue Source	Description
Technical Colleges - Federal Funds Increase	--	--	The System is making no request to change appropriated amount for federal funds.

FTE REQUEST

The System has no request for additional FTEs for FY23-24.

PROVISO REQUESTS

117.laa. (GP: Lead Apprenticeship Agency) In the current fiscal year, the State Board for Technical and Comprehensive Education (SCTCS) shall be recognized as the lead agency for facilitating United States Department of Labor Registered Apprenticeships (USDOL) in South Carolina. All State Agencies, Public K-12 School Districts, and other entities receiving state funds shall coordinate all USDOL Registered Apprenticeships and registered apprenticeship activities through SCTCS and its division Apprenticeship Carolina. SCTCS shall lead the creation and implementation of policies and coordinating efforts to foster the growth of Registered Apprenticeships in South Carolina. For the purposes of this proviso, Registered Apprenticeships are defined as: Registered Apprenticeship is an industry-driven, high-quality career pathway where employers can develop and prepare their future workforce, and individuals can obtain paid work experience, receive progressive wage increases, classroom instruction, and a portable, nationally recognized credential. Registered Apprenticeships are industry-vetted and approved and validated by the U.S. Department of Labor.
