I have been blessed to practice in every major area of family law, including having significant experience with DSS cases and Juvenile cases. It is professionally and personally fulfilling to positively change the direction of a child's life, and those opportunities are available in Family Court. Also, it has been fulfilling to provide guidance and counsel to clients in Family Court who are often facing one of the most trying times of their lives. I believe my experience in all these areas of Family Court equip me to serve as an effective Judge.

I believe I have the temperament to serve as a Family Court Judge. I have always tried to live by what God tells us is required of us in Micah 6:8, "to do justice, and to love kindness, and to walk humbly with your God." As a member of the legal profession, I believe these words are particularly poignant and should be our north star. As a Judge, I would seek to do justice by fairly applying the law to all; to be kind to all litigants, court staff, and attorneys; and to be humble as a public servant.

17. List the states in which you have been admitted to practice law and the year of each admission. Also list any states in which you took the bar exam but were never admitted to the practice of law. Please indicate the number of times you took the exam in each state.

- (a) South Carolina; admitted to practice on November 18, 2013; I took the South Carolina bar exam one time and have never taken the bar exam in any other state.

18. Describe chronologically, since graduation from law school, your legal experience. Please include a list of all positions held in which you worked in a legal capacity. Describe the general character of your practice and divide it into periods with dates if its character changed over the years. Please also describe the extent to which you were involved with the administrative and financial management of each of these entities, including management of trust accounts.

From August of 2013 until June of 2020, I was an associate attorney with Mullikin Law Firm in Camden, SC. I assisted the other attorneys in the firm in the areas of governmental affairs, policy, regulatory practice, and public affairs. While working in the firm's main practice areas, I was given the freedom to pursue new practice areas. In 2014, I began practicing in family law, first by accepting cases from South Carolina Legal Services and then developing a private practice in family law. In 2015, I began accepting criminal defense appointments in Sumter County as part of the SC Commission on Indigent Defense's 608 contract program. I continued this work and added other counties, including Kershaw and Clarendon counties. In 2016, I began serving as an Assistant Public Defender in Lee County on a contract basis. In 2018, I added Family Court contracts with the 608 contract program in Sumter and Clarendon counties.

In June of 2020, I decided that I wanted to focus on the practice areas that I had built at Mullikin Law Firm. I decided that my hometown of Sumter was the best place to open my firm. My law practice had grown in Sumter and the Third Judicial Circuit because of the various contract work and my personal connections in that community.

Since July of 2020, I have owned and operated Kinney Law Firm in Sumter, SC. I am the only attorney, and I have one fulltime staff member, who started with me part time in November of 2022 and began working fulltime in July of 2023. I am solely responsible for all administrative and financial aspects of the firm, including managing the firm's trust account.

My main area of practice is family law. I represent clients in all areas of family law, including divorce, child custody, adoption, and others in Sumter and the surrounding counties. Also, I frequently serve as guardian ad litem in private custody cases and typically have around 10-

20 active guardian cases at any time. I am a certified Family Court mediator and have developed a mediation practice, primarily in Sumter County.

Starting in December of 2023, I have served as a parttime Assistant Solicitor in the Third Judicial Circuit. My primary responsibility is to prosecute juveniles in Sumter and Clarendon Counties. I solely manage the juvenile docket and handle all juvenile cases in the county.

In October of 2024, I began serving as the juvenile prosecutor in Clarendon County. My role in Clarendon County is identical to the job in Sumter County, where I manage the docket and prosecute all juvenile cases in the county. The Solicitor asked me to fill this role temporarily until he could hire another attorney to take over, but I have now agreed to handle the role for the foreseeable future. Also, I have prosecuted juveniles in Lee County when another attorney was out on medical leave.

In addition to my role with juveniles, I assist the South Carolina Highway Patrol in prosecuting DUI cases in the Third Judicial Circuit. I attend pre-trial conferences in the four counties in the circuit and assist the Troopers in negotiating with counsel and trying the cases if necessary.

From February of 2022 until May of 2025, I served as the City Prosecutor for the City of Forest Acres. In this parttime role, I managed the jury trial docket in Municipal Court and conducted jury trials (three to four times a year). I worked closely with the City Attorney and the Clerk of Court and provided guidance and advice to the Forest Acres Police Department. I left this position in May of 2025 when we moved to Sumter.

My other practice area is related to guardian and conservatorship cases in Probate Court. I frequently represent clients who are petitioning the Court to be appointed as guardian and conservator. I am frequently appointed by the Probate Courts in Sumter and Richland to serve as counsel or guardian ad litem for the Alleged Incapacitated Individuals in these cases.

When I opened my firm in July of 2020, I continued the criminal defense contract work from my previous firm. I continued to serve as a part-time public defender for Lee County through 2022. At that time, I voluntarily stepped down to focus more of my time on my private Family Court work. I continued to participate in the 608 criminal and family contract program until the end of 2023. I voluntarily stepped down to take the position of juvenile prosecutor in Sumter County.

Justices/judges applying for re-election to their current position may omit Questions 19–25. If you are a full-time judge seeking a judgeship different than your current position, Questions 19-25 should be answered based on your experience prior to serving on the bench.

19. Please answer the following:

- (a) If you are a candidate for Family Court, please provide a brief written description of your experience within each of the following Family Court practice areas: divorce and equitable division of property, child custody, adoption, abuse and neglect, and juvenile justice. Include information about cases you have handled in each of these practice areas, or if you have not practiced in an area, describe how your background and procedural knowledge has prepared you to preside over such matters as a Family Court judge. Please also indicate the frequency of your appearances before a Family Court judge within the past five years.

I have appeared in Family Court multiple times a week for at least the past five years.

I have represented clients in divorce cases where equitable division of property was a major issue. I have represented clients from a wide range of backgrounds, from indigent clients who had only debts to divide, to high income individuals who had substantial assets. In addition to my experience in private practice, I have mediated numerous cases where equitable distribution was a major issue.

I have extensive experience with child custody issues. I have represented many clients, both mothers and fathers, who faced uncertainty with respect to their children. I have always found fulfillment in helping clients craft custody agreements and parenting plans that help bring peace and stability to their families and allow them to create a co-parenting relationship. Also, I have litigated child custody issues at temporary and final hearings.

I have frequently served as guardian ad litem in private custody cases. These have ranged from relatively straightforward cases where parents are seeking to establish an initial custody order and parenting plan, to complex cases that involve relocation of a parent across the country or world. I have traveled out of state and to various parts of South Carolina for home visits. I have had complex cases that involve mental health issues for parents and children where I have had to interact with various mental health professionals.

I have dealt with custody issues in most of the mediations I have conducted. I have found that mediation can be particularly effective in helping parents develop parenting plans.

I have represented clients in adoption cases, including private infant adoptions, stepparent adoptions, and DSS adoptions. I have had the pleasure of helping a family coordinate a privately arranged adoption, filing the pleadings when the child was born and arranging for the birth mother to give the required consent. One of the highlights of my legal career was participating in Sumter County Adoption Day in 2021 and 2022. In 2022, I had three adoptions on Adoption Day and was overwhelmed by the outpouring of support and happiness for all those involved. I have served as guardian ad litem on many adoption cases.

I was a 608 Family Court contract attorney for Sumter and Clarendon counties from 2018 to 2023. I was appointed to represent defendants in abuse and neglect cases brought by DSS. In this role, I most often represented clients in negotiating agreements with the department, including treatment plans to work towards reunification with their children. Also, I had many contested trials, including several contested termination of parental rights cases. I occasionally was appointed to represent vulnerable adults who were taken into DSS custody. From 2018-2023, I appeared in Family Court at least two to four days per month for DSS cases, and I often had several cases per day.

I have served as an Assistant Solicitor for Family Court since December of 2023 and presently serve in this role. I prosecute all juvenile cases in Sumter and Clarendon Counties. I am responsible for reviewing all juvenile petitions prepared by law enforcement in the county and deciding whether to prosecute, dismiss, or refer to a diversion program. Once a decision to prosecute is made, I file the petition in Family Court and prosecute the case. I create and manage the juvenile docket, working closely with the Family Court staff to schedule cases. On a routine juvenile docket, I represent the State on adjudicatory and dispositional hearings. When law enforcement detains a juvenile, I am responsible for determining whether to pursue further detention of the youth. If we do seek to detain beyond the initial 48 hours, I am responsible for coordinating a detention hearing within the statutory parameters. Also, I am responsible for handling waiver hearings where the State seeks to prosecute a juvenile as an adult.

Prior to serving as juvenile prosecutor, I was appointed to represent juveniles in criminal cases in Sumter, Clarendon, Lee, and Kershaw counties. In this role, I represented numerous juveniles in adjudicatory hearings, dispositional hearings, and detention hearings.

Further, please provide a brief written description of your experience in civil matters, including any cases handled over the past five years, and include a brief description of the types of matters handled, issues involved, and procedural history. Please include information such as the primary areas in civil court in which you practice, and whether you represent plaintiffs, defendants, or both. You may go back further than five years if you feel it would assist the Commission with its assessment of your experience. If you lack experience in an area, describe how your background and procedural knowledge has prepared you to preside over such matters as a Circuit Court judge, or how you would compensate for your lack of experience in this area. Please also indicate the frequency of your appearances before a Circuit Court judge within the past five years.

N/A

23. List five of the most significant litigated matters you have personally handled in trial court, appellate court, or before a state or federal agency. Give citations if the cases were reported and describe why these matters were significant.

(a) State v. EW, 2025-JU-43-0052, 053.

This was a case I handled as juvenile prosecutor in Sumter. This case involved a child who was in DSS custody and was charged with criminal and status offenses. To make matters more complicated, DSS staff members were victims in the case which required the child to be appointed a guardian ad litem. The resolution of the charges was straightforward, and the juvenile plead guilty.

This case was significant because of the complexity in finding a solution for the care and protection of the child once she was adjudicated guilty. This case involved two agencies (DSS and DJJ) who both believed that the other was the appropriate agency to house and care for this child. As the prosecutor, I consulted both agencies and tried to come up with a recommendation that would be in the child's best interest. I engaged with the Department of Children's Advocacy, who helped provide an independent review of this child's case. At the dispositional hearing, the State was able to present a recommendation to the Court based on the input of DSS, DJJ, and the Department of Children's Advocacy.

(b) State v. Yahchanan Christopher Reames, 2017-GS-31-139.

This was a criminal case where I represented the Defendant in my role as a public defender in Lee County. The Defendant was charged with attempted murder and other offenses and was accused of firing a weapon at two police officers. He was previously found not competent to stand trial and was committed to the Department of Mental Health. A couple of years later, the Department declared that he had been restored, and the State proceeded with his prosecution.

I represented the Defendant in a contested competency hearing pursuant to State v. Blair. I petitioned the Court for funding and hired three separate experts, a psychiatrist and two psychologists, to present a case that the Defendant was not competent to stand trial. The State presented multiple witnesses from the Department of Mental Health and the Department of Disabilities and Special Needs. Ultimately, the Court ruled that the Defendant was competent to stand trial. I then negotiated a plea agreement that allowed my client to receive credit for the significant amount of time he had served.

This case was significant because it required me to advocate for an unpopular client when the entire law enforcement community in the county showed up to support the State. It also gave

me the opportunity to work with a nationally recognized forensic psychiatrist who examined and testified on behalf of my client.

(c) SCDSS v. P.R., 2021-DR-43-1042.

I was appointed to represent the Defendant/Father in this termination of parental rights case. This case was significant because of the challenges that were associated with defending this client who was illiterate and did not speak English. He and his co-defendants spoke Quiché, a Mayan language that required an interpreter from Washington state to appear via Webex.

This case took three days and was very taxing on all the participants. The hearing had complex evidentiary issues and DSS called multiple expert witnesses. This case was also significant because it taught many valuable lessons on patience and on judicial temperament. The presiding Judge exhibited incredible patience and fairness and left a lasting impact on me.

(d) SCDSS v. K.K., 2019-DR-14-50.

In this case, I represented foster parents who intervened in a DSS case in Clarendon County. My clients had bonded with their foster child and were afraid that DSS may move the child. The intervention was granted, and the child was ordered to stay with my clients while the case was pending. After intervening, I was able to participate in the TPR trial with DSS and the other parties. After a trial, the biological parents' rights were terminated and the child was free to be adopted. After the DSS case concluded, I represented these same clients in the adoption of the child.

This case was significant because it taught me that to advocate for your client, you have to be bold and willing to step out and go against DSS. While I had a good relationship with DSS in this county, I had to act because my clients feared that the child would be harmed by moving her to another placement.

(e) Cheek v. Cheek, 2022-DR-43-441.

I was the guardian ad litem in this custody modification case. While the legal issues were not particularly complex, the case was unique in that it involved a modification of custody where the children's wishes were to move from Texas back to South Carolina. I traveled to Texas and felt that I became the "eyes and ears" of the Court, in that I was able to personally assess many of the claims of each party. This case was particularly significant because it gave me insight on how to assess the preferences of children, especially teenagers, in the context of the other child custody factors. Also, it made me appreciate the value of a guardian ad litem investigating issues in person versus just relying on phone calls, zoom meeting, or other collateral materials. This case settled on the first day of trial.
