On May 28th, 2014 (Docket - 2014-DR40-1658) Judge Monet Pincus gave Joint custody of my then ([REDACTED] daughter) to her mother. At that time, my child's mother was on [REDACTED] [REDACTED] concerning a matter Months before. I Nathan Ginter (the father) had Full Custody of my child before that date. Full custody was granted previously to myself by way of mutual agreement on December 21st, of 2012 through the Richland County 5th circuit Family Court.

Monet Pincus not only changed my custody status, she acted with malice and neglect concerning my child's welfare and safety. Because of her actions, my child has been injured, hospitalized, and emotionally scared during the time spent with the other party reflected from the custodial change.

Monet Pincus acted far outside of her granted Judicial discretion by changing the custody with no substantial change in circumstances. Not only did Monet Pincus participate in this molestation of the law, she later signed the order that contained multiple factual errors which later ended in my incarceration. It is clear that Judge Pincus traded her Judicial Ethical Oath for Discrimination and favors.

To make matters worse, those in reference to the custodial receiving party had just completed a [REDACTED]. The evaluations results reflected that the [REDACTED]. The report reflected that the [REDACTED]. None of the recommendations regarding [REDACTED] at the time of the hearing. Judge Monet Pincus was notified of this [REDACTED] during the hearing, yet chose to ignore them. Because of this Judge's belligerent and reckless acts, my child has been injured, abused, and neglected.

Because of this particular Judge's negligent actions, innocence was lost, time was wasted, and lives financially ruined (60k +) . I ask this committee to take this into account not for Monet Pincus's past mistakes, yet for our citizens futures. Our family courts are already overworked, and the last thing our great state needs is a Judge that caters to his or hers emotional urges, rather than factual case law. Family court is where the lives of our children are often dictated, its time to make sure they have the best South Carolina has to offer.

In conclusion - I have watched and participated in more hearings as a Guardian Ad Litem in Richland and Lexington counties than I can count. As I may not remember each hearing or cases details, I can state with fact that I have never witnessed a Family Court Judge deflower, contort, and mock Justice as Monet Pincus. I am truly ashamed to live in a state where we let the unqualified destroy our states most precious resource, " Our Children."

It's time for change -

Thank you for your time in reading this, I truly hope it helps curtail what has happened to [REDACTED] and I.

Thank you,
Nathan Ginter
