S 0054 General Bill, By Reese

A Bill to amend Section 42-9-260, as amended, Code of Laws of South Carolina, 1976, relating to notice to the Workers' Compensation Commission when payments of compensation have begun and suspension or termination of payments, so as to delete certain provisions, provide that the employer may commence payment of compensation as early as practicable and the payment of any compensation does not result in an admission of liability, and provide that if, after the commencement of payments, the employer determines that the payments are not warranted, the employer may cease the payments without prejudice and penalty and the employee is entitled to pursue his claim.
