Session 108 - (1989-1990)

H 3470 General Bill, By I.K. Rudnick

A Bill to provide that if a public utility operating in this State desires to disconnect the electricity, telephone, gas, water, or other service provided a customer while that utility has a proposed rate increase in effect under bond, the customer must receive certain notification before the utility disconnects the service, and to provide that upon this disconnection and upon the customer's request to be reinstated, no reconnection fee may be charged by the utility as long as it has a proposed rate increase in effect under bond.
