### H\*3710 Resolution, By House Rules

A House Resolution to amend Rule 5.3 of the Rules of the House of Representatives, relating to the requirement that a certificate from the Comptroller General be attached to every General Appropriations Bill and supplemental Appropriations Bill, so as to provide that the certificate must be from the Budget Division of the State Budget and Control Board instead of the Comptroller General, and provide that in a report of the conference committee on the annual Appropriations Bill any increase or decrease in the official projection of general fund revenues of the Board of Economic Advisors may not be included unless the revenue impact is certified by the Board, and require that any changes to the official general fund revenue estimate as a result of these provisions may not exceed amounts certified by the Board.
