CHAPTER 123
Department of Natural Resources

(Statutory Authority: 1976 Code §§ 50–1–200, 50–1–210, 50–1–310, 50–1–335, 50–1–350, 50–1–390, 50–1–500, 50–1–520, 50–1–530, 50–1–2200 and 50–1–2210.)

ARTICLE 1
BOATING DIVISION

123–1. Repealed.

123–2. Repealed.
HISTORY: Former Regulation, titled Accident Reports, repealed by SCSR 45–5 Doc. No. 5021, eff May 28, 2021.

All aids to navigation and regulatory markers erected by the U.S. Army Corps of Engineers pursuant to Federal Law are hereby declared to be SCDNR aids to navigation and regulatory markers pursuant to Section 50–21–710 of the 1976 Code, and are hereby declared to be the law of this State.

123–5. Repealed.
HISTORY: Former Regulation, titled Renewal of Certificates of Numbers, repealed by SCSR 45–5 Doc. No. 5021, eff May 28, 2021.

123–6. How Vessel to be Numbered.
1. No person may use a vessel unless it has a number issued on a certificate of number and the number displayed must:
   (1) Be painted on or permanently attached to each side of the forward half of the vessel except as allowed by paragraph 2 or required by paragraph 3 of this rule;
   (2) Be in plain vertical block characters of not less than 3 inches in height;
   (3) Contrast with the color of the background and be distinctly visible and legible;
   (4) Have spaces or hyphens that are equal to the width of a letter other than “I” or a number other than “1” between the letter and number groupings (Example: DC 5678 EF or DC-5678-EF, and
   (5) Read from left to right.
2. When a vessel is used by a manufacturer or by a dealer for testing or demonstrating, the number may be painted on or attached to removable plates that are temporarily but firmly attached to each side of the forward half of the vessel.

3. On vessels so configured that a number on the hull or superstructure would not be easily visible, the number shall be painted on or attached to a backing plate that is attached to the forward half of the vessel so that the number is visible from each side of the vessel.

123–9. Display of Decals Bearing Title Number.
1. When an outboard motor is titled pursuant to Title 50, Chapter 23 of the 1976 Code, a decal issued by SCDNR bearing the title number of the outboard motor shall be affixed to the starboard side of the motor cowling.

2. When an unregistered watercraft is titled pursuant to Title 50, Chapter 23 of the 1976 Code, a decal issued by SCDNR bearing the title number of the unregistered watercraft shall be affixed to the right starboard outboard side of the transom within six inches of the top of the transom right above the waterline, or if there is no transom then affixed to the starboard outboard side of hull, aft, within one foot of the stern and within six inches of the top of the hull side, gunwale or hull/deck joint, whichever is lowest. On catamarans and pontoon boats with replaceable hulls, to the aft crossbeam, within eighteen (18) inches of the starboard hull attachment. The decal shall not cover the hull identification number.

123–10. Restriction of Watercraft in Certain Areas.
The use of watercraft shall be restricted in certain areas of the waters of the State of S.C. when the Director determines that such restriction is necessary in the interest of public safety.

The regulated areas shall be identified by appropriate signs and markers.

Such signs and markers shall conform to the system of aids to navigation prescribed by the U.S. Coast Guard and to the system of uniform waterway markers approved by the advisory panel of State officials to the Merchant Marine Council, U.S. Coast Guard, in October 1961.

No city, county, agency or person shall attempt to regulate the waters of this State by the use of the above mentioned signs and markers.

123–11. Garden City Canal (Murrel’s Inlet Area)—Restriction of Watercraft.
The use of watercraft will be restricted in the waters in the Garden City Canal, in the Murrels Inlet Area, of Georgetown County and Horry County, S.C. The Garden City Canal begins at a point on Main Creek (near the Mouth of Murrells Inlet), runs parallel to the Atlantic Ocean to a point on the highway and causeway from the mainland to Garden City (S.C. Highway Number 26-51), and runs parallel to such highway and causeway to a point on Main Creek near the bridge of S.C. Highway Number 26-51.

No person shall water ski or ride on a surfboard or similar object in the Garden City Canal except during the time of each day from one and one-half (1 ½ ) hours before and after the mean high tide of the Garden City Canal. There shall not be any water skiing on any such object outside of the wake of the boat pulling the water skier.

The regulated areas of Garden City Canal shall be identified by appropriate signs and markers. The signs and markers shall conform to the system of aids to navigation prescribed by the U.S. Coast Guard and to the system of uniform waterway markers approved by the advisory panel of State officials to the Merchant Marine Council, U.S. Coast Guard, in October 1961.

123–12. Repealed.
HISTORY: Former Regulation, titled Orange Canal, French Quarter Creek—Restriction of Watercraft, repealed by SCSR 45–5 Doc. No. 5017, eff May 28, 2021.

HISTORY: Former Regulation, titled Saluda Lake (Jerry’s Cove)—Restriction of Watercraft, repealed by SCSR 45–5 Doc. No. 5017, eff May 28, 2021.

123–14. Lake Marion (Cantey Bay)—Restriction of Watercraft.

   The use of watercraft will be restricted in the waters in a 318 acre area on the west side of Cantey Bay, Lake Marion, Clarendon County, S.C., from 1 November through 15 March of each year. The restricted or controlled area lies north of U.S. Highway Numbers 15 and 301, on the west side of Cantey Bay, and adjacent to the Bluff Unit of the Santee National Wildlife Refuge. For a more detailed description as to the courses, metes and bounds of the area herein restricted, reference may be had to the plat prepared by the U.S. Department of the Interior, Fish and Wildlife Service, entitled “Santee National Wildlife Refuge”, showing an enclosed area of 318 acres within “Cantey Bay”, and with the Legend “Area closed to boat traffic from November 1 to March 15 each year”.

   No person shall operate any vessel in the restricted or controlled 318 acre area of Cantey Bay, Clarendon County, S.C., from 1 November through 15 March of each year.

   The regulated area of Cantey Bay shall be identified by appropriate signs and markers. The signs and markers shall conform to the system of aids to navigation prescribed by the U.S. Coast Guard and to the system of uniform waterway markers approved by the advisory panel of State officials to the Merchant Marine Council, U.S. Coast Guard. The regulated area lines will be posted with standard “Closed Area” signs during that period of the year when boat use is prohibited.

123–16. Lake Hartwell.

   All aids to navigation and regulatory markers erected by the Corps of Engineers on Lake Hartwell pursuant to Federal Law are hereby declared to be S.C.W.M.R.D. aids to navigation and regulatory markers pursuant to § 50-21-710, 1976 S.C. Code of Laws, and are hereby declared to be the law of the State.

123–18. Lake Marion (Pine Island Unit) (Cantey Bay).

   Watercraft is restricted in certain portions of Lake Marion in Clarendon County from November 1 to February 28 of each year, except property owners and leasees adjacent to Cantey Bay with special permission from the U.S. Fish and Wildlife Service. The controlled area shall include a section of the Pine Island Unit, and an area between 100 Acre Island and Round Island.

   (For a complete text, see copy on file in the office of the Secretary of State.)

HISTORY: Former Regulation, titled Lake Moultrie (Lions Beach)—Restriction of Watercraft, repealed by SCSR 45–5 Doc. No. 5017, eff May 28, 2021.

123–19.2. Repealed.

HISTORY: Former Regulation, titled Restrictions on Use of Watercraft in Certain Portions of Waters of Lake Murray, Lexington County, South Carolina, repealed by SCSR 45–5 Doc. No. 5017, eff May 28, 2021.

123–19.32. State Waterways Uniform Marking System
Pursuant to Section 50-21-710 which requires that a uniform marking system of state waterways be compatible with the system prescribed by the United States Coast Guard for the marking of state
waters; and the United States Coast Guard having promulgated the system known as the Uniform State Waterway Marking System for the marking of State waterways (33CFR66); and, the State being the recipient of Federal Boating Funds under a program requiring the marking of state waters with aids to navigation, a federal grant program of the type described in Section 1-23-120, Code of Laws of South Carolina (1976) as amended.

The Uniform State Waterway Marking System, as described in 33CFR66, is adopted to be the system used to mark the waters of this State in compliance with Section 50-21-710.

ARTICLE 2

MARINE RESOURCES DIVISION

(Statutory Authority: 1976 Code §§ 50–5–30 and 50–5–500)

Gill nets are lawful in the following zone established within an enclosed polygon with a linear boundary defined as follows, and with all named features referencing NOAA Navigational Chart 11534 (Myrtle Grove Sound and Cape Fear River to Casino Creek), 40th Edition, September 2019; and also referencing USGS Little River, South Carolina — North Carolina 7.5-minute series Quadrangle, 1:24,000 scale, 2020.

Starting from a point on the western shoreline of Bird Island facing Little River, with latitude 33.85366° N, longitude 078.54396° W; thence following a straight line northwesterly to a point on Goat Island with latitude 33.85971° N, longitude 078.55082° W; thence following the shoreline ("shoreline" herein defined as the line of Mean High Water excluding the shorelines of un-named tributaries) west and southwesterly to a point at the mouth of Horse Ford Creek with latitude 33.85834° N, longitude 078.56444° W; thence following a straight line across the mouth Horse Ford Creek to a point on Mink Island with latitude 33.85846° N, longitude 078.56541° W; thence following the shoreline west then northwesterly to a point with latitude 33.86017° N, longitude 078.56966° W; thence following a straight line across the mouth Horse Ford Creek to a point on the northern tip of Mink Island on the Intracoastal Waterway with latitude 33.86765° N, longitude 078.57158° W; thence following a straight line across Little River to a point on the eastern tip of Little River Neck with latitude 33.86999° N, longitude 078.57405° W; thence following the shoreline in a south-southwesterly direction to point with latitude 33.86498° N, longitude 078.57583° W; thence following the shoreline in a south-southeasterly direction to a point with latitude 33.86186° N, longitude 078.57464° W; thence following the shore to a point on the southeastern tip of The Battery Island with latitude 33.85757° N, longitude 078.57225° W; thence following a straight line across the mouth of Sheephead Creek to a point with latitude 33.85522° N, longitude 078.56852° W; thence following a straight line across the mouth of Sheephead Creek to a point with latitude 33.85492° N, longitude 078.56809° W; thence following the shoreline in a westerly direction to point with latitude 33.85484° N, longitude 078.55635° W; thence following the shoreline in a southeasterly direction to a point with latitude 33.85342° N, longitude 078.55311° W; thence following a straight line across Little River to the starting point on Bird Island with latitude 33.85366° N, longitude 078.54396° W.

HISTORY: Added by SCSR 46–5 Doc. No. 5097, eff May 27, 2022.

HISTORY: Former Regulation, titled Master of a Vessel Licensed by the Division of Commercial Fisheries, repealed by SCSR 45–5 Doc. No. 5016, eff May 28, 2021.

HISTORY: Former Regulation, titled Numbering of All Vessels Used for Harvesting Shellfish Commercially in South Carolina, repealed by SCSR 45–5 Doc. No. 5016, eff May 28, 2021.

The point of juncture of Bull Creek and Waccamaw River is the 40-mile limit referred to in subsection (1) of § 50-17-240, Code of Laws of South Carolina, 1976, relating to the open and closed seasons on shad.

(Statutory Authority: 1976 Code §§ 50–5–30 and 50–5–515)

Winyah Bay Channel Net Area:
Channel nets are lawful in the following zone established within an enclosed polygon with a linear boundary defined as follows, and with all named features referencing NOAA Navigational Chart 11532 (Winyah Bay); 23rd Edition., September 2019.

Starting from a point on the shoreline of Cat Island on the western shore of Winyah Bay, with latitude 33.22926° N, longitude 079.20231° W; thence following a straight line northeasterly to the No. 15 green channel marking buoy located at latitude 33.23178° N, longitude 079.19453° W; thence following a straight line northwesterly along the western border of the federally maintained shipping channel to a point with latitude 33.25181° N, longitude 079.21301° W; thence following a straight line southwesterly to a point on the mouth of Mosquito Creek at latitude 33.24678° N, longitude 079.21651° W; thence following the shoreline (“shoreline” herein defined as the line of Mean High Water excluding the shorelines of un-named tributaries) of Cat Island in a southeasterly to the starting point at latitude 33.22926° N, longitude 079.20231° W.

Winyah Bay Channel Net Area (TED not required pursuant to S.C. Code Section 50–5–515(B)(4)):
Channel nets are lawful in the following zone established within an enclosed polygon with a linear boundary defined as follows, and with all named features referencing NOAA Navigational Chart 11532 (Winyah Bay); 23rd Edition., September 2019.

Starting from a point near the southeastern tip of Crow Island on North Santee Bay, with latitude 33.16705° N, longitude 079.25538° W; thence following a straight line northeasterly across North Santee Bay to a point at the mouth of Beach Creek on South Island with latitude 33.17396° N, longitude 079.24563° W; thence following the shoreline (“shoreline” herein defined as the line of
Mean High Water excluding the shorelines of un-named tributaries) of South Island in a northwesterly direction to a point on the mouth of Mosquito Creek with latitude 33.1827° N, longitude 079.2592° W; thence following a straight line across Mosquito Creek to a point with latitude 33.1836° N, longitude 079.2600° W; thence following the shoreline in a northwesterly direction to a point with latitude 33.1868° N, longitude 079.2692° W; thence following the shoreline in a westerly direction to a point on the shoreline of the Intracoastal Waterway with latitude 33.1851° N, longitude 079.2788° W; thence following a straight line in a southwesterly direction to a point on the shoreline of Little Crow Island with latitude 33.1836° N, longitude 079.2795° W; thence following the shoreline of Little Crow Island in an easterly direction to a point with latitude 33.1840° N, longitude 079.2708° W; thence following the shoreline of Crow Island in a northeasterly direction to a point with latitude 33.1839° N, longitude 079.2694° W; thence following the shoreline the starting point at the southeastern tip of Crow Island with latitude 33.1670° N, longitude 079.2553° W.

HISTORY: Former Regulation, titled License for Selling Shad, repealed by SCSR 45–5 Doc. No. 5016, eff May 28, 2021.

If the place from which the one-quarter mile off-shore line is not designated by law it shall be measured from the mean low tide mark.

HISTORY: Former Regulation, titled Dumping of Trash Fish, repealed by SCSR 45–5 Doc. No. 5016, eff May 28, 2021.

123–32. Repealed.

HISTORY: Former Regulation, titled Affixing Tax Tags to Shad, repealed by SCSR 45–5 Doc. No. 5016, eff May 28, 2021.

123–33. Taking American Eels and Catfish in Certain Waters.

1. This rule and regulation regulates the taking of American eels (anguilla rostrata) in the following waters of this State: In the Cooper River and its tributaries from the Seaboard Coastline Railroad Bridge located three thousand three hundred (3,300') feet downstream from the lock and deck of the Jeffries Hydro Plant seaward to the point of the confluence of the Cooper River and the Wando River at a line running from the tip of Daniel Island westerly to the Old Coal Tipple Site.

2. There shall be no limit on the number of eels taken.

3. All persons actively engaged in the taking of eels in such waters shall be required to have a valid statewide fishing license as provided under Section 50-9-450 or 50-9-460. In addition all such persons shall be required to have a valid land and sell license as provided under Section 50-17-180, and any vessel used shall be required to be licensed under Section 50-17-210.

4. Eels may be taken legally from those waters subject to its rule and regulation only with the following equipment and gear:

   a. Pots and baskets not to exceed two (2') feet in diameter and four (4') feet in length with bar mesh of not less than one-half (½”) inch square and throat opening not to exceed two (2”) inches in
any direction. Each such pot or basket shall be tagged and marked in accordance with § 50-5-110, § 50-19-2910, and § 50-19-2920, with the cost of each tag being one ($1.00) dollar.

That records shall be maintained in accordance with the provisions of § 50-5-80(3).

Provided, that pots and baskets may be set or used only from Stoney Landing seaward in the Cooper River and its tributaries; and that the use of any pot or basket at any time in the Cooper River from the Seaboard Coastline Railroad Bridge located three thousand three hundred (3,300') feet downstream from the lock and deck of the Jeffries Hydro Plant to Stoney Landing shall be a violation of this Rule and Regulation. Pots and baskets shall be allowed to be set or used twenty-four (24) hours a day and seven (7) days a week in all of the authorized areas of such use.

b. Fyke nets with wings not exceeding ten (10') feet in length and fourteen (14') feet in depth; with the distance from throat to cod end not to exceed twenty (20') feet. Maximum bar mesh for any portion of the nets shall not exceed one-eighth (1/8') inch square; and all fyke nets must be set with the cod end upstream from the wings. Fyke nets shall be set only between sunset and sunrise, and all such nets shall be removed from such waters between sunrise and sunset. A license as required under the provisions of § 50-17-360 shall be required for each fyke net used for the taking of eels from such waters.

c. Hand-operated dip nets not to exceed two (2') feet in diameter.

5. Those types of equipment and gear authorized for use in taking eels from such waters shall be used only where fishing is legal; and any eel basket or pot, fyke net or dip net which is used in any manner in violation of this rule and regulation and any device or equipment which is used in such waters for the taking of eels which is not authorized herein, shall be confiscated by the South Carolina Wildlife and Marine Resources Department; and the Department shall dispose of such equipment and any catch found therein in the manner it deems appropriate.

6. Any game fish taken by use of eel pots and baskets, fyke nets or dip nets in such waters shall be returned immediately to the waters from whence they came.

7. All of the provisions of this rule and regulation shall be applicable in full to the taking of catfish from such waters.

8. The penalty for the violation of this Rule and Regulation shall be that prescribed by § 50-17-100 or § 50-19-2960, whichever the Court shall deem most applicable to the offense involved.

123–34. Shellfish Permits.

A. Qualifications and requirements for shellfish permit applicants:

(1) The applicant for a commercial shellfish permit must have a wholesale seafood dealer’s license and shellfish house or processing facility certified by the S. C. Department of Health and Environmental Control or submit a sworn affidavit that all shellfish harvested for sale will be handled through a bona fide shellfish dealer having an approved facility.

(2) The applicant for a commercial shellfish permit must be able to meet all regulations of the S. C. Department of Health and Environmental Control which pertain to his operations or place of business.

(3) The applicant must satisfy the Division that he has sufficient shellfish culture experience and will directly manage and supervise the cultivation of the permit area applied for himself, or will employ a qualified individual as manager within three months following the date that the permit becomes effective.

(4) The applicant must own and employ or provide assurance that he is capable of acquiring the necessary equipment and personnel to effectively harvest and manage the area(s) in question. Minimum requirements pertinent to effectively harvest and meet shell or seed planting quotas for the area(s) applied for will be determined by the Division.

(5) The applicant must possess all shellfish licenses and permits required by the Division and any other State and Federal Agency, or be qualified to obtain same following the granting of the permit(s), and prior to working the permit area.
(6) If an applicant has any existing shellfish permit(s) or has formerly held any permit(s) or lease(s), his past performance record in managing said area(s) (shell planting, production, etc.) and in meeting the Division’s reporting requirements will be evaluated and given due consideration in determining whether he shall be granted additional permit(s). In the event that an individual who is not fully utilizing his existing permit grounds has applied for an available area and another individual has applied for the same area who has no permit but meets all the necessary requirements, the permit will be granted to the latter applicant.

(7) In cases where two or more individuals apply for a permit for the same area who are in the opinion of the Division equally qualified, the granting of the permit may be determined by lottery.

(8) The order in which applications are received will have no bearing on the granting of a permit as long as said applications are filed in a timely manner.

B. Review and Approval of Shellfish Permit Applications

(1) Applications for shellfish permits shall be reviewed by a committee of Departmental personnel knowledgeable with the shellfish fishery appointed by the Director, Division of Marine Resources. The Committee will consider each applicant’s qualifications and conduct personal interviews if advisable. The Committee will select qualified applicants to the Director’s office for final approval. The Committee will also consider contested permit applications, the allocation of shellfish grounds for public or private use, permit revisions, variances, or revocations, and make recommendations to the Director’s office for final approval.

C. Permit Terms and Conditions

(1) Shellfish culture and mariculture permits issued shall include, in addition to those requirements specified by law, the following: provisions for shellfish production and reporting requirements; conditions and requirements for mariculture structures and operations; provisions to guarantee public rights of access and non-conflicting uses of permitted areas; conditions for the approval of planting variances; terms and conditions to hold the Division harmless from any claims or damages resulting from the permitted operations; requirements for compliance with all applicable laws, regulations and permit requirements of any other Federal, State or local authority having jurisdiction over the use of State waters or bottoms; provisions for the restoration and correction of any environmental degradation which may result from the permitted activity; and provisions for revocation of the permit for failure to comply with performance requirements of the permit.

123–35. Repealed.

(Statutory Authority: 1976 Code §§ 50–5–30 and 50–5–900)

For purposes of five year shellfish culture and mariculture permits issued pursuant to S.C. Code Section 50–5–900, the first year of the five period shall end on December 31, regardless of the month and day of permit issuance.

   (e) Small Game (No fox squirrels)
      (i) Zone 4 seasons and bag limits apply.

GENERAL REGULATIONS

2.1 Except as provided in these regulations, no person may hunt or take wildlife on areas designated by the South Carolina Department of Natural Resources (SCDNR) as Wildlife Management Area (WMA) lands.

2.2 Entry onto WMA land is done wholly and completely at the risk of the individual. Neither the landowners nor the State of South Carolina nor the South Carolina Department of Natural Resources accepts any responsibility for acts, omissions, or activities or conditions on these lands which cause personal injury or property damage.

2.3 Entry onto WMA land constitutes consent to an inspection and search of the person, game bag or creel.
2.4 No person may hunt or take wildlife on WMA land unless an individual is in possession of a valid South Carolina license, a valid WMA permit, and other applicable federal or state permits, stamps or licenses.

2.5 No Sunday hunting is permitted on any WMA lands.

2.6 On all WMA lands, baiting or hunting over a baited area is prohibited. As used in this section, “bait” or “baiting” means the placing, depositing, exposing, distributing, or scattering of shelled, shucked, or unshucked corn, wheat, or other grain or other food stuffs to constitute an attraction, lure, or enticement to, on, or over any area. “Baited area” means an area where bait is directly or indirectly placed, deposited, exposed, distributed, or scattered and the area remains a baited area for ten (10) days following the complete removal of all bait. Salt/minerals are not considered bait.

2.7 On WMA lands, construction or use of tree stands is prohibited if the tree stand is constructed by driving nails or other devices into trees or if wire is wrapped around trees. Other tree stands are permitted provided they are not permanently affixed or embedded in the tree. Excluding deer stands erected by the Department on WMA lands for the purpose of special hunts, no deer stands or temporary climbing devices may be placed on WMA lands prior to August 10 in any given year and must be removed by January 15 of the succeeding calendar year. All deer stands and temporary climbing devices must be labeled with the DNR Customer ID number of the person responsible for the stand or climbing device in a conspicuous location using an identification tag, etching, or permanent marker.

2.8 On WMA lands, any hunter younger than sixteen (16) years of age must be accompanied by an adult (21 years or older). Sight and voice contact must be maintained.

2.9 Notwithstanding any other provision of these regulations, the Department may permit special hunts on any day during the regular hunting season.

2.10 No person may release or attempt to release any animal onto WMA lands without approval from the Department. This regulation does not apply on designated Public Bird Dog Training Areas where pen raised quail and pigeons may be released.

2.11 While participating in a hunt on WMAs, no person may possess, consume or be under the influence of intoxicants, including beer, wine, liquor or drugs.

2.12 On WMA lands, during the designated statewide youth deer hunt day, only still hunting is allowed. The limit is two deer total, either sex. Tags are not required.

2.13 Taking or destroying timber, other forest products or cutting firewood on WMA lands without written permission from the landowner or his agent is prohibited. Users of WMA lands are prohibited from planting, attempting to plant, burning or otherwise attempting to manipulate crops, natural vegetation or openings without written permission from the landowner or his agent.

2.14 On WMA lands, hunting armadillos and coyotes at night is prohibited. Armadillos and coyotes may be hunted during any open season for game during daylight hours with no bag limit. Weapon(s) used to hunt armadillos and coyotes are limited to the weapon(s) that are allowed for the current open season on WMA.

2.15 On WMA lands during special designated hunts, a WMA may be closed to other public access.

2.16 Still hunting for hogs is permitted on WMAs during any open season for game during daylight hours with only the weapons allowed during the hunting season in progress unless otherwise prohibited. No hog may be transported alive from a WMA. Hogs may not be hunted at night. There is no bag limit on hogs. Hunters must wear a hat, coat, or vest of solid international orange while hog hunting. Buckshot is prohibited. During hog hunts with dogs, no still or stalk hunting is allowed and only handguns are permitted. No hog hunting with dogs is allowed except during special designated seasons. During firearms seasons for deer, hog hunters possessing big game weapons must possess licenses, permits, and tags applicable to deer hunting. Big game weapons include centerfire weapons, archery equipment with broad heads, shot larger than No. 2, and muzzle loading shotguns (larger than 20 gauge) and rifles/muskets (.36 caliber or greater).

2.17 Unless otherwise specified, small game hunting seasons and bag limits on WMA lands are the same as Game Zone seasons and bag limits except no hunting before Sept. 1 or after Mar. 1. The season for hunting beavers on WMA lands shall be October 1 through March 1.
WEAPONS

3.1 On WMA lands hunters may use any shotgun, rifle, bow and arrow, crossbow or hand gun except that specific weapons may be prohibited on certain hunts. Blow guns, dart guns, drugged arrows or arrows with exploding tips are not permitted. Small game hunters may possess or use shotguns with shot no larger than No. 2 or .22 rimfire or smaller rifles/handguns or primitive muzzle loading rifles/muskets of .40 caliber or smaller. Small game hunters may not possess or use buckshot, slugs or shot larger than No. 2. Small game hunters using archery equipment must use small game tips on the arrows (judo points, bludgeon points, etc.).

3.2 For Special Primitive Weapons Seasons, primitive weapons include bow and arrow, crossbow and muzzle loading shotguns (.20 gauge or larger) and rifles/muskets (.30 caliber or larger) with open or peep sights or scopes, which use black powder or a black powder substitute that does not contain nitro cellulose or nitro glycerin components as the propellant charge. There are no restrictions on ignition systems (e.g. flintstone, percussion cap, shotgun primer, disk, electronic, etc.). During primitive weapons season, no revolving rifles are permitted.

3.3 On WMA lands big game hunters are not allowed to use armor piercing, tracer, incendiary, or full metal jacket bullets or .22 or smaller rimfire. Buckshot is prohibited during still gun hunts for deer on WMA lands in Game Zones 3 & 4.

3.4 On WMAs all firearms transported in vehicles must be unloaded and secured in a weapons case, or in the trunk of a vehicle or in a locked toolbox. On the Francis Marion Hunt Unit during deer hunts with dogs, loaded shotguns may be transported in vehicles. Any shotgun, centerfire rifle, rimfire rifle or pistol with a shell in the chamber or magazine, or a muzzleloader with a cap on the nipple or a flintlock with powder in the flash pan is considered loaded.

3.5 No target practice is permitted on WMA lands except in specifically designated areas.

3.6 On WMA lands during gun hunts for deer or hogs there shall be no hunting or shooting from, on or across any road open to vehicle traffic. During any deer or hog hunt there shall be no open season for hunting on any designated recreational trail on U.S Forest Service or S.C. Public Service Authority property.

DEER

4.1 On WMA lands with designated check stations, all deer bagged must be checked at a check station. Deer bagged too late for reporting one day must be reported the following day.

4.2 Unless otherwise specified by the Department, only antlered deer may be taken on all WMA lands. Deer with visible antlers of less than two (2) inches above the hairline are considered antlerless deer and must be tagged with an antlerless deer tag issued by the Department. A point is any projection at least one inch long and longer than wide at some location at least one inch from the tip of the projection.

4.3 On WMA lands, man drives for deer are permitted between 10:00 a.m. and 2:00 p.m. only. A man drive is defined as an organized hunting technique involving two (2) or more individuals whereby an attempt is made to drive game animals from cover or habitat for the purpose of shooting, killing, or moving such animals toward other hunters. On WMA lands, drivers participating in man drives are prohibited from carrying or using weapons.

4.4 For all WMAs combined statewide, the limit for all seasons and methods combined is two deer per day, no more than two antlered bucks, unless otherwise specified. For WMAs in Game Zone 1, the limit for antlerless deer for all seasons and methods combined is 3. Antlerless deer limit is two deer per day, unless otherwise specified. On special mobility impaired and youth deer hunts sanctioned by the Department and during the statewide youth deer hunt day prescribed by the Department, participants may take two deer total, either sex.

4.5 Individual Antlerless Deer Tags are valid in Game Zone 1 beginning Oct. 1 and in Game Zones 2, 3 & 4 beginning Sept. 15. For all WMAs combined, a maximum of 5 individual antlerless deer tags may be used during primitive weapons or still gun deer seasons in all Game Zones except three individual antlerless deer tags may be used in Game Zone 1. Tags do not alter the daily (2 per day) or seasonal limit or change the type of weapons that can be used during special weapons seasons.
4.6 All deer must be tagged immediately after harvest as prescribed by the Department and before being moved from the point of kill and the tag must be validated as prescribed by the Department. A valid tag must remain attached until the deer or carcass is quartered or received by a processor.

4.7 For WMAs designated as Quality Deer Management Areas, all antlered bucks must have a minimum 4 points on one side or a minimum 12 inch inside antler spread except during designated special youth hunts. Inside antler spread is measured at a right angle to centerline of the skull at its widest point between the main beams.

4.8 On WMA lands, deer, hogs, or bear may not be hunted with a firearm within 300 yards of a residence.

DOGS

5.1 On all WMA lands, dogs may be used for small game hunting unless otherwise specified.

5.2 Dogs may be trained for quail, rabbit and squirrel hunting from Sept. 1 to March 15 (Sundays excluded).

5.3 On WMA lands, dogs may be used for hunting foxes, raccoons, bobcats or opossums only between thirty (30) minutes after official sunset and 30 minutes before official sunrise.

5.4 Unless otherwise specified, deer hunting with dogs on WMA lands is prohibited. The Department may permit deer hunting with dogs on WMA lands not located in Game Zones 1 and 2. For the purposes of tracking a wounded deer, a hunter may use one dog which is kept on a leash.

5.5 Dogs may be used to hunt bear on WMA lands in Game Zone 1 during the special party dog bear season.

5.6 On WMA lands, dogs may be used to hunt hogs only during special designated hog hunts with dogs.

VEHICLES

6.1 On all WMA lands, no hunter may shoot from a vehicle unless permitted by the Department.

6.2 On WMA lands, motor driven land conveyances must be operated only on designated roads or trails. Unless otherwise specified, roads or trails which are closed by barricades and/or signs, either permanently or temporarily, are off limits to motor driven land conveyances.

6.3 A person may not obstruct or cause to be obstructed travel routes on WMA lands.

VISIBLE COLOR CLOTHING

7.1 On all WMA lands during any gun and muzzleloader hunting seasons for deer, bear and hogs, all hunters including small game hunters must wear either a hat, coat, or vest of solid visible international orange. Archery hunters during archery only deer seasons and hunters for dove, turkey, ducks, geese and other hunted migratory birds including crows are exempt from this requirement while hunting for those species.

CAMPING

8.1 Camping is not permitted on WMA lands except in designated camp sites.

TRAPPING

9.1 Trapping on WMA lands is not permitted.

WATERFOWL & DOVE REGULATIONS

10.1 Unless specially designated by the Department as a Wildlife Management Area for Waterfowl or a Wildlife Management Area for Dove, all Wildlife Management Areas are open during the regular season for hunting and taking of migratory birds except where restricted.

10.2 The Department may designate sections of Wildlife Management Areas and other lands and waters under the control of the Department as Designated Waterfowl Management Areas or Designated Dove Management Areas. All laws and regulations governing Wildlife Management Areas apply to these special areas. In addition, the Department may set special shooting hours, bag limits, and
methods of hunting and taking waterfowl and doves on those areas. All State and Federal migratory bird laws and regulations apply. Regulations pertaining to the use of Dove Management Areas will be filed annually.

10.3 On areas where blinds are not provided, only portable blinds which are removed at the conclusion of the hunt or temporary blinds of native vegetation may be used. Temporary blinds once vacated may be used by other hunters.

10.4 On Designated Waterfowl Areas, no species other than waterfowl may be taken during waterfowl hunts. On Designated Dove Management Areas no species other than doves may be taken during dove hunts. Only dove hunting is allowed at Lake Wallace.

10.5 No fishing is permitted in any Category I Designated Waterfowl Area during scheduled waterfowl hunts.

10.6 The Bordeaux Work Center Area is closed to hunting except for special hunts as designated by the SC DNR.

10.7 Impoundments on Bear Island, Beaverdam Creek, Bonneau Ferry, Broad River, Clemson, Donnelley, Samworth, Sandy Beach, Santee Coastal Reserve, Santee Cooper, Wateree River, and Santee Delta WMAs are closed to all public access during the period Nov. 1 - Feb. 8 except during special hunts designated by the Department. All public access during the period Feb. 9 - Oct. 31 is limited to designated areas. On Bear Island WMA, Mathews' Canal is closed to all hunting from Nov. 1 — Feb. 15 beyond a point 0.8 mile from the confluence of Mathews' Canal with the South Edisto River.

10.8 Potato Creek Hatchery Waterfowl Area is closed to hunting access and fishing during the period one week prior to and two weeks after the Federal waterfowl season except for scheduled waterfowl hunts. All hunters must enter and leave the Potato Creek Hatchery Waterfowl Area through the designated public landing on secondary road 260 and complete a data card and deposit card in receptacle prior to leaving the area. No airboats are allowed for hunting or fishing and no hunting from secondary road 260.

10.9 On Hatchery WMA, hunters must leave the area by 1 PM, except on the last Saturday of the waterfowl season when hunters may hunt until sunset. Each hunter is limited to twenty five Federally approved nontoxic shot shells per hunt. No airboats are allowed in the Hatchery WMA for hunting or fishing during the period Nov. 15 - Jan. 31. No fishing allowed during scheduled waterfowl hunts.

10.10 On Crackerneck WMA, waterfowl may be hunted only on Fri., Sat. and Thanksgiving Day within the regular migratory bird seasons and no hunting on Dec. 25; Fant's Grove WMA is open AM only on Wednesdays and Saturdays during the regular migratory bird seasons; Palachucola WMA, Tillman Sand Ridge WMA, Hamilton Ridge WMA and Webb WMA are open AM only for waterfowl hunting during the regular migratory bird seasons only on days when small game hunting is allowed and the entire week of Thanksgiving, Sundays excluded.

10.11 Category I Designated Waterfowl Areas include Beaverdam, Bonneau Ferry, Broad River, Clemson, Sandy Beach, Samworth, Santee Coastal Reserve, Santee Delta, Tibwin, Bear Island, Wateree River Heritage Preserve and portions of Donnelley Wildlife Management Areas. Hunting in Category I Designated Waterfowl Areas is by special permit obtained through annual computer drawing.

10.12 Category II Designated Waterfowl Areas include Biedler Impoundment, Carr Creek (bounded by Samworth WMA), Little Carr Creek (bounded by Samworth WMA), Lake Cunningham, Russell Creek, Monticello Reservoir, Parr Reservoir, Duncan Creek, Dunaway, Dungannon, Enoree River, Moultrie, Hatchery, Hickory Top, Hickory Top Greentree Reservoir, Lancaster Reservoir, Turtle Island, Little Pee Dee River Complex (including Ervin Dargan, Horace Tilghman), Great Pee Dee River, Potato Creek Hatchery, Sampson Island Unit (Bear Island), Tyger River, Marsh, Wee Tee, Woodbury, Ditch Pond, Waccamaw River Heritage Preserve, Francis Marion National Forest, Sumter National Forest, Santee Cooper, portions of Donnelley, and 40 Acre Rock Waterfowl Management Area. Hunting on Category II Designated Waterfowl Areas is in accordance with scheduled dates and times.

1. Biedler Impoundment
   (a) Sat. AM only during regular season
   (b) State bag limits
2. Bear Island
   (a) Hunters selected by drawing during regular season
   (b) State bag limits
3. Beaverdam
   (a) Hunters selected by drawing during regular season
   (b) State bag limits
4. Bonneau Ferry
   (a) Hunters selected by drawing during regular season
   (b) State bag limits
5. Broad River
   (a) Hunters selected by drawing during regular season
   (b) State bag limits
6. Carr Creek (bounded by Samworth WMA, no hunting in impoundments)
   (a) Wed. and Sat. AM only during regular season
   (b) State bag limits
7. Little Carr Creek (bounded by Samworth WMA, no hunting in impoundments)
   (a) Wed. and Sat. AM only during regular season
   (b) State bag limits
8. Clemson
   (a) Hunters selected by drawing during regular season
   (b) State bag limits
9. Ditch Pond
   (a) Wed. AM only during regular season
   (b) State bag limits
10. Donnelley
    (a) Category I Area — Hunters selected by drawing during regular season
    (b) Category II Area — Wed. AM only during specified dates.
    (c) State bag limits
11. Dunaway
    (a) Sat. AM only during regular season
    (b) State bag limits
12. Duncan Creek
    (a) Sat. AM only during regular season
    (b) State bag limits
13. Dungannon
    (a) Wed. AM only during regular season
    (b) State bag limits
    (c) No hunting from the Boardwalk
14. Enoree River
    (a) Sat. AM only during regular season
    (b) State bag limits
15. Hatchery
    (a) Sat. AM only and until sunset on the last Sat. of the regular waterfowl season
    (b) State bag limits
16. Hickory Top
17. Hickory Top Greentree Reservoir
   (a) Sat. AM only during regular season
   (b) State bag limits
   (c) No hunting from roads and dikes

18. Lake Cunningham
   (a) Wed. AM only during the regular season
   (b) State bag limits

19. Lancaster Reservoir
   (a) Mon. and Fri. AM only during the regular season
   (b) State bag limits

20. Marsh
   (a) Fri. and Sat. AM only during regular season
   (b) State bag limits

21. Monticello Reservoir
   (a) Mon. through Sat. AM only during regular season
   (b) State bag limits

22. Moultrie
   (a) Mon. through Sat. during regular season
   (b) State bag limits

23. Parr Reservoir
   (a) Mon. through Sat. during regular season
   (b) State bag limits

24. Potato Creek Hatchery
   (a) Fri. and Sat. only during regular season
   (b) State bag limits

25. Russell Creek
   (a) Wed. and Sat. AM only during regular season
   (b) State bag limits

26. Sampson Island Unit (Bear Island)
   (a) Thurs. and Sat. AM only during the regular season
   (b) State bag limits

27. Samworth
   (a) Hunters selected by drawing during regular season
   (b) State bag limits

28. Sandy Beach
   (a) Hunters selected by drawing during regular season
   (b) State bag limits

29. Santee Coastal Reserve
   (a) Hunters selected by drawing during regular season
   (b) State bag limits

30. Santee Cooper
   (a) Sat. AM only during regular season
   (b) State bag limits
31. Santee Delta  
   (a) Hunters selected by drawing during regular season  
   (b) State bag limits  
32. Tibwin  
   (a) Special hunts by drawing during regular season  
   (b) State bag limits  
33. Turtle Island  
   (a) Fri. and Sat. AM only during regular season  
   (b) State bag limits  
34. Tyger River  
   (a) Sat. AM only during regular season  
   (b) State bag limits  
35. Wee Tee  
   (a) Fri. and Sat. AM only during regular season  
   (b) State bag limits  
36. Woodbury  
   (a) Fri. and Sat. AM only during regular season  
   (b) State bag limits  
37. Great Pee Dee  
   (a) Sat. AM only during regular season  
   (b) State bag limits  
38. Little Pee Dee River Complex  
   (a) Fri. and Sat. AM only during regular season  
   (b) State bag limits  
39. Waccamaw River HP  
   (a) Fri. and Sat. AM only during regular season  
   (b) State bag limits  
40. 40 acre Rock  
   (a) Sat. AM only during regular season  
   (b) State bag limits  
41. Wateree River HP  
   (a) Hunters selected by drawing during regular season  
   (b) State bag limits  
42. Francis Marion National Forest  
   (a) Wednesday and Saturday mornings only during regular season.  
   (b) State bag limits  
43. Sumter National Forest  
   (a) Wednesday and Saturday mornings only during regular season.  
   (b) State bag limits  

10.13 On Hickory Top WMA public waterfowl hunting without a Wildlife Management Area (WMA) permit is allowed on all land and water below 76.8’. Waterfowl hunting at or above elevation 76.8’ requires a WMA permit. A WMA permit is required for waterfowl hunting in the Hickory Top Greentree Reservoir.  

10.14 Designated Dove Management Areas include all dove management areas as published by the Department in the annual listing of WMA public dove fields and are subject to regulations filed annually.
10.15 Hickory Top Greentree Reservoir is closed to hunting access November 1 until March 1, except for special hunts designated by SCDNR. All hunters must accurately complete a data card and deposit card in receptacle prior to leaving the area. Hunting hours are from 30 minutes before legal sunrise until 11:00 am. Hunters may not enter the area prior to 5:00 am on hunt days. No open season on roads and dikes. Hunters may only use electric motors on boats.

10.16 On all State owned, US Forest Service and other Federally owned Category I and II Waterfowl Management Areas each hunter is limited to 25 Federally approved non toxic shells per hunt.

10.17 On Enoree River, Dunaway, Duncan Creek, Russell Creek and Tyger River Waterfowl Areas data cards are required for hunter access during scheduled waterfowl hunts. Completed data cards must be returned daily upon leaving each of these areas.

10.18 Woodbury Waterfowl Management Area includes all SCDNR owned property south of US Hwy 578 and bounded on the west by the Great Pee Dee River and Bluff Road and to the east by the Little Pee Dee River except no waterfowl hunting allowed in the area known as Hass Pond that is bounded on all sides by Hass Pond Road.

10.19 Donnelley Wildlife Management Area Category II Waterfowl Area is open Wednesday mornings only during the November thru January regular waterfowl season. The Category II area is defined as all wetlands east of Donnelley Drive and Blocker Run Road except those areas south of Blocker Run Road between Sticks Creek Road and the intersection of Mary’s Island Road and the property boundary. No trailered boats and no electric or gas motors allowed. No entry before 5:00 AM and all users must sign in and sign out at designated check stations. No hunting is allowed from the dikes.

**AMPHIBIANS AND REPTILES**

11.1 Taking of any amphibian or reptile, except the bullfrog, is prohibited on any Department owned Wildlife Management Areas without written permission of the Department.

**PUBLIC BIRD DOG TRAINING AREAS**

12.1 The Department may establish Public Bird Dog Training Areas on designated portions of the Cliff Pitts WMA in Laurens County, the Campbell’s Crossroads and Angelus Tract WMAs in Chesterfield County, the Landsford Canal WMA in Chester County, and the Edisto River WMA in Dorchester County. A valid hunting license and WMA permit is required to train bird dogs on these lands.

12.2 It shall be unlawful to take game by any means while training bird dogs, except during the lawful open seasons for such game; provided, however, that pen raised quail or pigeons may be taken at any time for training bird dogs.

12.3 It shall be unlawful for any person to have in his or her possession any firearms or other equipment for taking game while training bird dogs, provided that handguns with blank ammunition or shot cartridges may be used for training bird dogs, and shotguns with number eight shot or smaller shot may be used while training bird dogs using pen raised quail and pigeons.

12.4 All participants in bird dog training must wear either a hat, coat, or vest of solid visible international orange.

No. 4443, eff June 27, 2014;
123–42.1. Deleted by State Register Volume 38, Issue No. 6, Doc. No. 4443, eff June 27, 2014.

Editor’s Note
Former R. 123–42.1 was titled Regulations Concerning the Hunting of Wild Turkeys in Game Zone Nine (9).

This regulation was deleted by Document No. 4411, approved May 14, 2014 and Document No. 4443, approved June 11, 2014. Document No. 4443 supersedes Document 4411 with respect to this regulation, as it was approved later in time

1. Any person suffering excessive damage to crops and property caused by deer may apply to the Director of Wildlife and Freshwater Fisheries for a deer depredation permit as prescribed in Section 50-11-350, 1976 South Carolina Code of Laws.
2. Applications for deer depredation permits shall be made to the Director in writing signed by the applicant and contain the following information:
   a. a concise statement specifically describing damage or destruction being suffered by the applicant;
   b. a specific description of the property being farmed or cultivated by the applicant and which is suffering the damage or destruction;
   c. if the applicant is not the landowner of the property for which the deer depredation permit application is being made, the applicant must attach documentation signed by the landowner authorizing the applicant to make such application;
d. if the applicant does not intend to remove the deer himself, he must give the complete name of the person whom the applicant has designated to take the deer which are causing damage to the subject property.

3. It is the policy of the Department to restrict the persons allowed to take deer under a deer depredation permit to the permittee, permittee’s employees, or permittee’s immediate family. And if the permittee desires any other person to take deer under authorization of said permit an explanation for same should be attached to the application.

4. The Director shall give immediate consideration to applications for deer depredation permits and within fourteen (14) days of receipt of same shall either issue the permit or deny the application. Immediate notification of the denial may be given orally provided the Director give written notification of the denial to the applicant within twenty-one (21) days of receipt of the application together with the Director’s reason for denial.

5. Deer depredation permits will be issued for each specific parcel of property denoting the names of the individuals designated to take deer thereunder and the hours of the day in which deer may be taken.

6. The applicant or landowner shall allow a Department representative to enter the property for which the application is made for the purpose of inspecting the property to determine the necessity or exigency for issuance of the permit.

7. No deer depredation permit will be issued to any applicant who has been convicted of a game law violation within the year next preceding the date of application for said permit. No person convicted of a game law violation within the year next preceding the application can be designated to take deer under a deer depredation permit. The applicant shall certify in the application that the applicant and the persons designated to take deer under the permit have not been convicted of a game law violation within the year next preceding the application.

8. Any application containing false information therein shall subject the applicant to the penalties as prescribed herein.

9. Any person who takes a deer under a duly authorized deer depredation permit shall notify a conservation officer immediately thereafter.

10. Any deer taken under a duly authorized depredation permit shall be delivered to an eleemosynary institution by Department personnel.

11. The penalty for any person violating any provisions of the within regulation shall be as prescribed in Section 50-1-130, 1976 South Carolina Code of Laws. In addition to said penalty any deer depredation permit issued to the person convicted hereunder must be surrendered to the Director immediately and said person would not be eligible for a deer depredation permit within twelve (12) months of said conviction.

Editor’s Note
Former R. 123–42.1 was titled Designation of Certain Areas and Times of the Year for Wild Turkey Hunting.

This regulation was deleted by Document No. 4411, approved May 14, 2014 and Document No. 4443, approved June 11, 2014. Document No. 4443 supersedes Document 4411 with respect to this regulation, as it was approved later in time.

**SUBARTICLE 2**

**CROW HUNTING SEASON**

The following rules and regulations shall hereby be provided for the hunting of crows in this State.

1. Crows shall not be hunted from aircraft.

2. The hunting season in this State shall extend from Nov. 1 until Mar. 1 of each year.

3. The penalty for the violation of these rules and regulations is that prescribed by 50–11–10 of the 1976 Code.
4. Crow hunting on WMAs is allowed during the small game season for each WMA. No hunting before Nov. 1 or after Mar. 1.

HISTORY: Amended by State Register Volume 26, Issue No. 5, Part 2, eff May 24, 2002; State Register Volume 37, Issue No. 6, eff June 28, 2013; State Register Volume 38, Issue No. 6, Doc. No. 4445, eff June 27, 2014; State Register Volume 39, Issue No. 6, Doc. No. 4546, eff June 26, 2015; State Register Volume 41, Issue No. 6, Doc. No. 4741, eff June 23, 2017.

SUBARTICLE 3
OTHER BIG GAME

123–51. Turkey Hunting Rules and Seasons.
1. Total limit of 3 turkeys statewide per person for resident hunters and 2 turkeys statewide per person for nonresident hunters, 1 per day, gobblers (male turkeys) only, unless otherwise specified. Total statewide limit includes turkeys harvested on Wildlife Management Areas (WMAs). Small unnamed WMAs in counties indicated are open for turkey hunting. Turkey seasons and bag limits for Wildlife Management Area lands are as follows:

A. Game Zone 1
  1. Other WMAs
     (a) Apr. 1 - April 30
     (b) Bag limit 3 for residents and 2 for nonresidents, no more than one may be taken April 1 - 10.

B. Game Zone 2
  1. Other WMAs
     (a) Apr. 1 - April 30
     (b) Bag limit 3 for residents and 2 for nonresidents, no more than one may be taken April 1 - 10.
  2. Keowee WMA
     (a) Apr. 1 - April 30
     (b) Bag limit 2, no more than one may be taken April 1 - 10.
     (c) Shotguns only - north of Hwy 123 and west of the Keowee Arm of Lake Hartwell and west of Hwy 291. Archery only on other sections.
  3. Draper WMA
     (a) Apr. 1 - April 30
     (b) Bag limit 2, no more than one may be taken April 1 - 10.
     (c) Thurs through Sat. only
  4. Belfast WMA
     (a) Apr. 1 - April 30
     (b) Bag limit 1
     (c) Hunters by drawing only
  5. Worth Mountain WMA
     (a) Apr. 1 - April 30
     (b) Bag limit 2, no more than one may be taken April 1 - 10.
     (c) Thurs through Sat. only
  6. McCalla WMA
     (a) April 1 - April 30
     (b) Bag limit 2, no more than one may be taken April 1 - 10.
  7. Fants Grove WMA
     (a) April 1 - April 30
(b) Bag Limit 2, no more than one may be taken April 1 - 10.

8. Liberty Hill WMA
   (a) April 1 - April 30
   (b) Bag Limit 2, no more than one may be taken April 1 - 10.

9. Delta South WMA
   (a) Apr. 1 - April 30
   (b) Hunters by drawing only

10. Forty Acre Rock HP WMA
    (a) April 1 - April 30
    (b) Bag Limit 2, no more than one may be taken April 1 - 10.

C. Game Zone 3

1. Other WMAs
   (a) Apr. 1 - April 30
   (b) Bag limit 3 for residents and 2 for nonresidents.

2. Crackerneck WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 2
   (c) Fri. and Sat. only
   (d) Sign in and out at the gate required.
   (e) Main gate opens at 4:30 am and closes at 1:00 pm.

3. Aiken Gopher Tortoise HP WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 2

4. Francis Marion National Forest
   (a) Apr. 1 - April 30
   (b) Bag limit 2
   (c) Tibwin Special Use Area
      (1) Apr. 1 - April 30
      (2) Bag limit 2
      (3) Special hunts for youth or mobility impaired hunters as published by SCDNR.

5. Moultrie
   (a) Apr. 1 - April 30
   (b) Bag limit 2
   (c) Thurs through Sat. only
   (d) Bluefield WMA
      (1) Apr. 1 - April 30
      (2) Bag limit 2
      (3) Adult/Youth only
   (e) Hall WMA
      (1) Apr. 1 - April 30
      (2) Bag limit 2

6. Santee Cooper WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 1
7. Webb, Palachucola and Hamilton Ridge WMAs
   (a) Apr. 1 - April 30
   (b) Bag limit 2
   (c) All hunters must pick up and return data cards at kiosk and display hangtags on vehicles.
8. Donnelley WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 1
   (c) Hunting by public draw only
9. Bonneau Ferry WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 1
   (c) Hunting by public draw only
   (d) Closed to public access during hunts.
10. Santee Coastal Reserve WMA
    (a) Saturdays only from April 1 - April 30
    (b) Bag limit 1
11. Edisto River WMA
    (a) Apr. 1 - April 30
    (b) Bag limit 2
    (c) Thurs through Sat. only
12. Tillman Sand Ridge Heritage Preserve WMA
    (a) Apr. 1 - April 30
    (b) Bag limit 2
    (c) Thurs through Sat. only
13. Victoria Bluff Heritage Preserve WMA
    (a) Apr. 1 - April 30
    (b) Bag limit 2
    (c) Thurs through Sat. only
14. Botany Bay Plantation WMA
    (a) Apr. 1 - April 30
    (b) Bag limit 1
    (c) Youth hunting by draw only.
15. Wateree River HP WMA
    (a) Apr. 1 - April 30
    (b) Bag limit 1
    (c) Hunting by public draw only

D. Game Zone 4
1. Other WMAs
   (a) Apr. 1 - April 30
   (b) Bag limit 3 for residents and 2 for nonresidents.
2. Marsh WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 2
(c) Thurs through Sat. only
(d) Sign in and out at the kiosk required.
3. Sand Hills State Forest WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 2
4. McBee WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 2
   (c) Thurs through Sat. only
5. Little Pee Dee Complex WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 2
   (c) Thurs through Sat. only
6. Pee Dee Station Site WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 2
   (c) Thurs through Sat. only
   (d) All hunters must sign in and sign out at kiosk.
7. Woodbury WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 2
   (c) Thurs through Sat. only
   (d) All hunters must sign in and sign out at kiosk.
8. Great Pee Dee Heritage Preserve WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 2
   (c) Thurs through Sat. only
   (d) All hunters must sign in and sign out at kiosk.
9. Longleaf Pine Heritage Preserve WMA
   (a) Apr. 1 - April 30
   (b) Bag limit 2
   (c) Thurs through Sat. only
10. Manchester State Forest WMA
    (a) Apr. 1 - April 30
    (b) Bag limit 2
11. Hickory Top WMA
    (a) Apr. 1 - April 30
    (b) Bag limit 2
12. Oak Lea WMA
    (a) Apr. 1 - April 30
    (b) Bag limit 2
13. Santee Dam WMA
    (a) Apr. 1 - April 30
    (b) Bag limit 2
14. Wee Tee WMA  
   (a) Apr. 1 - April 30  
   (b) Bag limit 2
15. Cartwheel Bay Heritage Preserve WMA  
   (a) Apr. 1 - April 30  
   (b) Bag limit 2  
   (c) Thurs through Sat. only
16. Lewis Ocean Bay Heritage Preserve WMA  
   (a) Apr. 1 - April 30  
   (b) Bag limit 2  
   (c) Thurs through Sat. only
17. Waccamaw River Heritage Preserve WMA  
   (a) Apr. 1 - April 30  
   (b) Bag limit 2  
   (c) Thurs through Sat. only
18. Samworth WMA  
   (a) Apr. 1 - April 30  
   (b) Bag limit 1  
   (c) Youth hunting by draw only.
19. Liberty Hill WMA  
   (a) April 1 - April 30  
   (b) Bag Limit 2

E. Statewide Turkey Hunting Regulations and Youth Turkey Hunting Day on WMAs

1. The statewide youth turkey hunting day on designated WMA lands shall be the Saturday immediately preceding April 1  
   (a) The daily bag limit during the statewide youth turkey hunting day on WMAs is one (1) which counts toward the season limit.  
   (b) A person less than 18 years of age is considered a youth turkey hunter.  
   (c) Only includes WMAs designated by the Department.
2. The following regulations apply statewide. No turkey hunting permitted on Turkey Restoration Sites which have not been formally opened by the Department.  
   (a) During the spring turkey hunting season, only turkey gobblers (male birds) may be taken.  
   (b) Shotguns, muzzleloader shotguns, or archery equipment are permitted. All other weapons and methods of taking are prohibited including rifles, pistols, buckshot and slugs.  
   (c) Turkeys may not be hunted with dogs.  
   (d) Live decoys are prohibited.  
   (e) A tag issued by the Department must be placed around a harvested bird’s leg before the bird is moved from the point of kill and the tag must be validated by the hunter as prescribed by the Department. A valid tag must remain on the carcass until it is processed (cut up).  
   (f) On all WMA lands, it is prohibited to hunt or stalk wild turkeys while holding or using for hunter concealment any of the following items: a tail fan, a partial or full decoy with a tail fan, or a tail fan mounted to a firearm. Tail fans include those made of real or synthetic feathers or an image or likeness of a tail fan applied to any material.
3. Electronic Harvest Reporting of Turkeys on Private and WMA Lands.  
   (a) Methods of electronic harvest reporting include telephone, internet, and mobile device application. Applicable telephone numbers and internet addresses are as posted on the Department’s website and in the annual Hunting and Fishing Regulations Guide.
(b) Hunters must provide their Department issued Customer Identification Number to access the reporting system and provide the county of kill, whether the property on which the turkey was taken was private or WMA land including the name of the WMA, whether the turkey was an adult gobbler or juvenile (jake), and whether the turkey was taken in the morning or afternoon.

(c) As part of the reporting process a Department issued confirmation number will be generated. Hunters must document and maintain this confirmation number as prescribed.

Editor’s Note
This regulation was amended by Document No. 4411, approved May 14, 2014 and Document No. 4443, approved June 11, 2014. Document No. 4443 supersedes Document 4411 with respect to this regulation, as it was approved later in time.

See SCSR 45–3 Doc. No. 5042, effective February 22, 2021 for 90 days, which promulgated an emergency amendment to SC ADC 123–51, establishing seasons, limits, and methods of take for hunting turkeys on Wildlife Management Areas throughout the state, starting with the beginning of the affected hunting seasons on April 1.

123–52. Individual Antlerless Deer Tags, Antlerless Deer Limits for Private Lands in Game Zones 1–4, and Youth Deer Hunting Day.

1. Individual Antlerless Deer Tags are valid in Game Zones 2 - 4 beginning September 15 and in Game Zone 1 beginning October 1. Individual Antlerless Deer Tags are not valid on properties enrolled in the Deer Quota Program. Individual Antlerless Deer Tags do not alter the daily (2 per day) or seasonal limit or change the type of weapons that can be used during special weapons seasons. The 2 free bonus Individual Antlerless Deer Tags that are issued to hunters who purchase 4 individual Antlerless Deer Tags are valid only on private land in Game Zones 3 and 4.

2. Antlerless Deer Limits: Game Zone 1 - Three (3) total for all seasons and weapons combined, no more than 2 per day. Game Zone 2 - Five (5) total for all seasons and weapons combined, no more than 2 per day. Game Zones 3 - 4, eight (8) for all seasons and weapons combined, no more than 2 per day. Game Zone season and daily limits do not apply on properties enrolled in the Deer Quota Program.

3. On special mobility impaired and youth deer hunts sanctioned by the Department and during the statewide youth deer hunt day prescribed by the Department, participants may take 2 deer total, either sex. The Statewide Youth Deer Hunt Day on private land and designated Wildlife Management Areas shall be the Saturday immediately following January 1

4. All antlerless deer must be tagged as prescribed by the Department immediately after harvest and before being moved from the point of kill and the tag must be validated as prescribed by the Department. A valid tag must remain attached until the deer or carcass is quartered or received by a processor.

1. In Game Zone 4, the open season for taking bear in Georgetown County, Horry County, Marion County and Williamsburg County on private and WMA land for still gun hunts is October 17 - October 30. Bear hunting is allowed on the following WMAs in those counties: Cartwheel Bay Heritage Preserve WMA, Lewis Ocean Bay Heritage Preserve WMA, Little Pee Dee River Heritage Preserve Complex, Waccamaw River Heritage Preserve WMA, and Wee Tee WMA.

2. In Game Zone 2 the open season for taking bear on private land in Spartanburg County and those portions of Oconee, Pickens, and Greenville counties south of Game Zone 1 for still gun hunts is October 17 - October 30.

3. Legal weapons for bear hunting on private lands include archery equipment, muzzleloaders (.36 caliber or greater), centerfire rifles, centerfire handguns and shotguns with slugs or buckshot.

4. On WMA lands, weapons used to hunt bear are limited to the weapons that are allowed for the current open season for deer on each WMA.

5. Harvested bear must be reported to SCDNR by midnight of the day of harvest as prescribed by the Department.

6. All harvested bears must be tagged immediately after harvest and before being moved from the point of kill and the tag must be validated as prescribed by the SCDNR.

7. The harvest quota for areas open in Game Zone 4 is 30 bears for all counties and WMAs combined. The harvest quota for areas open in Game Zone 2 is 20 bears for all counties combined. If the bear quota is met in a Game Zone prior to October 30, the season will close in that Game Zone 24 hours following a season closure notice. Hunters are responsible for monitoring the season status as prescribed by the Department.

Editor’s Note
This regulation was amended by Document No. 4411, approved May 14, 2014 and Document No. 4443, approved June 11, 2014. Document No. 4443 supersedes Document 4411 with respect to this regulation, as it was approved later in time.

123–54. Chronic Wasting Disease Prevention, Unauthorized Cervid Parts, Use and Possession of Excretions and Carcass Importation Regulations.

Section 1. Definitions.

1. “Cervid” means a member of the family Cervidae.

2. “Chronic wasting disease (CWD)” means a fatal neurological disease of cervids belonging to a group of diseases called transmissible spongiform encephalopathies.

3. “Clean” means having no meat or other tissues attached to the carcass part.

4. “Infected state” means a state of the United States or province of Canada that has a known case of chronic wasting disease.

5. “Importation” means the transportation of a cervid carcass or carcass part into this State.

6. “Whole” means the entire carcass whether eviscerated or not, prior to the carcass being processed.

Section 2. Prohibition on the Importation and Possession of a Whole Cervid Carcass or Carcass Part from an Infected State.

1. No person may import or possess a whole cervid carcass or carcass part from an infected state unless the carcass or part has been converted as specified in subsections (2) or (3) of this section.

2. A person may import a cervid carcass or a carcass part from an infected state if:

(a) Quarters or other portions of meat have no part of the spinal column or head attached; or
(b) Meat has been boned out.

3. A person may import or possess the following inedible parts of a cervid carcass from an infected state:
   (a) Antlers;
   (b) Antlers that are attached to a clean skull plate;
   (c) A clean skull;
   (d) Clean upper canine teeth;
   (e) A finished taxidermy product; or
   (f) The hide.

Section 3. Prohibition on the Use of Natural Cervid Excretions
1. No person shall for the purposes of taking or attempting to take, attracting, or scouting any wild animal in South Carolina possess or use any substance or material that contains or purports to contain any excretion collected from a cervid, including feces, urine, blood, gland oil, or other bodily fluid. This does not prohibit the use of synthetic products or substances collected by a hunter from deer legally harvested in South Carolina.

Section 4. Penalty.
The penalty for a violation of this regulation shall be as provided in Section 50–1–130.

123–55. Regulations for the use of fertility control or other chemical substances in wildlife (50–11–96).
A permit is not required by a licensed pesticide applicator using registered pesticides for the control of English sparrows, feral pigeons, and European starlings.

HISTORY: Added by State Register Volume 33, Issue No. 6, eff June 26, 2009.

123–60. Homemade Watercraft.
A. To title and register a homemade watercraft, the vessel must first meet the definition of a watercraft and must have an operator’s position from which the operator is afforded unobstructed forward visibility to each side of center line for at least seventy degrees and the operator must have unobstructed lateral visibility to each side of centerline at ninety degrees from the operator’s position.
B. Any watercraft that is capable of being used as a homemade houseboat must also comply with any legal requirements for a marine toilet.
C. A floating dock cannot be titled or registered as a watercraft.

HISTORY: Added by State Register Volume 38, Issue No. 6, Doc. No. 4428, eff June 27, 2014.

SUBARTICLE 9
VICTORIA BLUFF NATURAL AREA

123–96. Field Trial Regulations.
(Statutory Authority: 1976 Code Section 50–11–2100)
1. It shall be unlawful for any person to conduct or participate in any field trial unless a permit for such trial has been obtained from the Department.
2. No wildlife may be taken during a field trial except during the open season for such species, except during permitted bird dog trials.
3. Requests for field trial permits must be submitted to the Department at least fourteen (14) days prior to the proposed trial date. Requests shall include payment of five dollars ($5.00) per trial, the time and location of the proposed trial.
4. Field trial permittees may be required to maintain records and file reports with the Department.
5. Field trial permits may be issued by the Department for private lands outside of the regular season.
6. There shall be no field trials conducted on Wildlife Management Areas outside of the regular season, except as permitted by the Department on the H. Cooper Black Memorial Field Trial and Recreation Area at Sand Hills State Forest.

7. Any person participating in any field trial permitted by the Department shall not be required to procure a hunting license if the participant is not carrying a firearm and no game is taken.

8. The Department may restrict or deny permits for field trials at its discretion.

ARTICLE 4
GAME AND FRESH WATER FISHERIES DIVISION—FISHING DIVISION

123–104. Repealed.

123–108. Sale of Trout at Fairs.
1. The Department shall have authority to issue a special permit to any state, county or local fair, circus or temporary or travelling amusement center or show to allow the sale of hatchery raised trout to patrons thereof whereby such fish are displayed in a tank or holding apparatus taken by rod and reel or hook and line by customers and kept by the taker.

2. The Department may specify the conditions under which the activity may be conducted including but not limited to the type of tank and method of display that may be utilized, method by which such fish may be taken, hours of operation, records that must be kept, marking or identification procedures required including wrapping and packaging of any fish so taken. The Department may grant or deny any application for such a permit, and may revoke any permit so issued upon breach of any condition or requirement established.

3. No fishing license shall be required of customers and patrons of such an activity when the required special permit has been obtained.

4. The Department shall have authority at all times to inspect the premises whereupon said activity is to be or is being conducted for inspection purposes.

5. All other State laws pertaining to the raising, selling and shipping of trout shall be in effect.

123–118. Repealed.
HISTORY: Former Regulation, titled Lake Warren Management Area (Hampton County), repealed by SCSR 45–5 Doc. No. 5018, eff May 28, 2021.

123–123. Repealed.

123–124. Reciprocal Agreement Between the State of Georgia and the State of South Carolina.
1. The provisions of this agreement shall be applicable to the waters which lie adjacent to or within both the State of South Carolina and the State of Georgia, to wit:
All channels of the Savannah River, from its mouth to the confluence of the Tugaloo (Toogaloo) and the Seneca Rivers; the Tugaloo (Toogaloo) River from its mouth to the confluence of the Tugaloo (Toogaloo) and the Chattooga Rivers; and the Chattooga River to the point where such river intersects with the 35th Parallel of North latitude, which is the boundary line between Georgia and North Carolina. This agreement is also applicable to the impoundments of the Clark Hill Dam, the Hartwell Dam, Yonah Lake, Tugaloo (Toogaloo) Lake, Stevens Creek, and the New Savannah Bluff Lock and Dam, but not applicable to any tributary streams to said impoundments nor tributary streams to the Savannah, Tugaloo (Toogaloo) and Chattooga Rivers.

The purpose and effect of this agreement is that valid freshwater sport fishing licenses and permits issued by the States of Georgia and South Carolina shall be recognized and honored by agents of both States for the benefit, use, and enjoyment of citizens of both States, and further, that residents of both States shall be permitted to launch boats and remove the same as freely as if they were citizens at the point of launching or landing or both.

2. The following provisions, until changed by law, rules and regulations or agreement of the parties hereto, shall govern all fishing in the waters covered by this agreement, as set forth in Paragraph 1 above:

   (a) Since the laws relating to the requirements for licenses differ in Georgia and South Carolina, it is agreed that all persons holding a valid license and meeting the license requirements of the State of Georgia will be allowed to fish on the banks and in the waters as herein described as being covered by this agreement, without the necessity of obtaining any other license; and, all persons holding a valid license and meeting the requirements for license of the State of South Carolina will be allowed to fish on the banks and in the waters as herein described as being covered by this agreement, without the necessity of obtaining any other license.

   (b) No person may carry to either state or possess in such state more fish than the laws of that state permit, even though the fish may have been caught in the waters of the other state.

   (c) The creel and possession limit for the taking of fish from the waters covered by this agreement shall be as follows:

<table>
<thead>
<tr>
<th>Species</th>
<th>Limit</th>
</tr>
</thead>
<tbody>
<tr>
<td>Largemouth Bass</td>
<td>10</td>
</tr>
<tr>
<td>Spotted Bass</td>
<td>10</td>
</tr>
<tr>
<td>Coosa Bass</td>
<td>10</td>
</tr>
<tr>
<td>Striped Bass</td>
<td>10</td>
</tr>
<tr>
<td>Striped Bass–White Bass Hybrid</td>
<td>10</td>
</tr>
<tr>
<td>White Bass</td>
<td>30</td>
</tr>
<tr>
<td>Trout</td>
<td>8</td>
</tr>
<tr>
<td>Crappie (White and/or Black)</td>
<td>30</td>
</tr>
<tr>
<td>Sunfish (Bream)-All Species</td>
<td>30</td>
</tr>
<tr>
<td>Walleye</td>
<td>8</td>
</tr>
<tr>
<td>Sauger</td>
<td>8</td>
</tr>
</tbody>
</table>

   It shall be unlawful for any persons to possess more than forty (40) of the above listed species in the aggregate; no more than ten (10) in the aggregate of Largemouth, Spotted, and Coosa Bass; no more than ten (10) in the aggregate of Striped Bass and Striped Bass–White Bass Hybrid; and no more than eight (8) in the aggregate of trout.

   (d) During the period from December 1 through March 31 of the following year, the minimum size limit for all species of trout taken from the Hartwell and Clark Hill reservoirs covered by this agreement shall be fourteen (14) inches. There shall be no minimum size limit for trout during the period of April 1 through November 30 of each year. A minimum size of twelve (12) inches for largemouth bass shall apply at all times in all Georgia waters covered by this agreement.

   (e) Any person using baskets, minnow seines and trot lines for the taking of fish from said waters, regardless of his residence, shall comply with the laws, rules and regulations of the state in which the waters of the herein described area may be located in using such method of taking fish.

   (f) No person shall have a rifle in his possession nor in a boat in the waters of South Carolina.

3. The parties hereto agree that the provisions included shall be published and shall otherwise meet the legal requirements of their state, and the public will be adequately advised of this agreement.
before it becomes effective so that the citizens and residents of both states may be fully informed on this
subject.

4. Except as modified or changed herein all prevailing laws, rules and regulations of each state
shall remain in full force and effect over all waters lying within the boundaries of the respective states.

5. It is mutually understood and agreed that this agreement shall apply only to freshwater sport
fishing and shall not apply to freshwater commercial fishing, to saltwater sport fishing, or to saltwater
commercial fishing.

6. The parties hereto agree that this reciprocal agreement shall become effective immediately after
the proper legal requirements have been met.

7. The holder of a valid non-resident freshwater sport fishing license issued by either Georgia or
South Carolina shall be entitled to fish anywhere in the waters covered by this agreement.

8. It is further understood and agreed that either state party to this agreement may abrogate and
cancel the same upon ninety (90) days written notice to the other party of such intention to abrogate
and cancel, such notice to be delivered to the Director of the Game and Fish Department of the
respective state to be so notified.

9. It is further understood and agreed that this agreement relates only to the enforcement of
fishing laws and regulations in the waters bordering on both the states of Georgia and South Carolina,
and that this agreement shall in no way be construed as an interpretation of the boundary line between
the States of Georgia and South Carolina; no party hereto shall be deemed to have waived by this
agreement any rights or any disputes concerning the boundary line between the States of Georgia and
South Carolina.

123–125. Repealed.

HISTORY: Former Regulation, titled Alexander Sprunt, Jr., Wildlife Refuge and Sanctuary, repealed by SCSR

123–126. Repealed.

HISTORY: Former Regulation, titled Fishing in Portions of Howard Creek, Corbin Creek and Devil’s Fork Creek,
had the following history: Amended by State Register Volume 16, Issue No. 6, eff June 26, 1992. Repealed by

1. This rule and regulation regulates the taking of eels in the following waters of this State: In
Lake Marion, Lake Moultrie, the Diversion Canal connecting the lakes and the Tail Canal down to the
Seabord Coastal Railroad Bridge located three thousand three hundred (3,300') feet downstream from
the lock and deck of the Jeffries Hydro Plant.

2. There shall be no limit on the number of eels taken.

3. All persons actively engaged in the taking of eels in such waters are required to have a valid S. C.
statewide fishing license as provided for under § 50-9-450.

4. Eels may be taken legally from those waters subject to this rule and regulation only with the
following equipment and gear:
   a. Pots and baskets not to exceed two (2') feet in diameter and four (4') feet in length with bar
      mesh of not less than one (1') inch square. Each such pot or basket shall be tagged and marked in
      accordance with the provisions of §§ 50-19-2910 and 50-19-2920, with the cost of each such tag
      being one ($1.00) dollar.

      Provided, that no pots or baskets may be set or used in the Tail Canal and the tributaries thereto;
and no pots or baskets shall be allowed to be set or used within one-quarter (1⁄4) of a mile of shore
in Lake Marion and Lake Moultrie.

   b. Hand operated dip nets not to exceed two (2') feet in diameter.

5. Those types of equipment and gear authorized for use in taking eels from such waters shall be
used only where fishing is legal; and any eel basket, pot or dip net which is used in any manner in
violation of this rule and regulation, and any device or equipment which is used in such waters for the
taking of eels which is not authorized herein, shall be confiscated by the S.C. Wildlife and Marine Resources Department; and the Department shall dispose of such equipment and any catch found therein in the manner it deems appropriate.

6. Any game fish taken by use of eel pots, baskets or dip nets in such waters shall be returned immediately to the waters from whence they came.

7. All of the provisions of this rule and regulation shall be applicable in full to the taking of catfish from such waters.

8. The penalty for the violation of this Rule and Regulation shall be that prescribed by § 50-19-1930.

123–130. Repealed.

123–131. Creel Limits and Bait/Lure Restrictions in Portions of Chattooga River, Cheohee Creek (Oconee County) and Middle Saluda River (Greenville County).

(Statutory Authority: 1976 Code § 50–13–250)

1. It shall be lawful to use or possess only artificial lures with single hooks, and all coldwater trout caught must be released immediately during the period November 1 through May 14 inclusive to wit:
   a. That portion of Chattooga River from South Carolina Highway 28 upstream (approx. 2-miles) to the confluence of Reed Creek (Big Creek) and Chattooga River. That portion of Cheohee Creek (approximately 1 stream mile) within the property boundary(s) of Piedmont Forestry Center, owned and operated by South Carolina Forestry Commission.

2. General state trout fishing regulations for the Chattooga River, and Cheohee Creek will apply during the period May 15 through October 31 inclusive.

3. It shall be unlawful to access this portion of Cheohee Creek except as prescribed and posted at Piedmont Forestry Center Office.

4. It shall be lawful to use or possess only artificial lures with single hooks, and all coldwater trout caught must be released immediately during the period January 1 through December 31 inclusive to wit:
   a. That portion of Middle Saluda River (approximately 1.5 river miles) from Hugh Smith Road (Bridge) upstream to the foot-bridge at Jones Gap State Park.

5. This regulation shall be effective only during such time that the SCDNR has fishing rights leased from the landowner.

6. It shall be unlawful to access this portion of Middle Saluda River except as prescribed and posted at Jones Gap State Park Office.

7. The penalty for violating any of these Rules and Regulations shall be as prescribed by 50–13–60 of the 1976 Code.

ARTICLE 5
NON-GAME AND ENDANGERED SPECIES

123–150. Non-Game and Endangered Species.
   1. The following list of species or subspecies of non-game wildlife are faced with extinction in the foreseeable future and are added to the official State List of Endangered Wildlife Species of South Carolina.
I. Birds
1. Bachman’s Warbler (Vermivora bachmanii)
2. Bewick’s Wren (Thryomanes bewickii)
3. Eskimo Curlew (Numenius borealis)
4. Kirtland’s Warbler (Dendroica kirtlandii)
5. Piping Plover (Charadrius melodus)
6. Red-cockaded Woodpecker (Picoides borealis)
7. Swallow-tailed Kite (Elanoides forficatus)
8. Wood Stork (Mycteria americana)

II. Fish
1. Shortnose Sturgeon (Acipenser brevirostrum)
2. Pinewoods Darter (Etheostoma mariae)

III. Mammals
1. Atlantic Right Whale (Eubalaena glacialis)
2. Blue Whale (Balaenoptera musculus)
3. Bowhead Whale (Balaena mysticetus)
4. Eastern Cougar (Felis concolor cougar)
5. Finback Whale (Balaenoptera physalus)
6. Florida Manatee (Trichechus manatus)
7. Humpback Whale (Megaptera novaengliae)
8. Indiana Bat (Myotis sodalis)
9. Sei Whale (Balaenoptera borealis)
10. Sperm Whale (Physeter catodon)
11. Rafinesque’s Big-eared Bat (Plecotus rafinesquii)

IV. Reptiles
1. Atlantic Leatherback Turtle (Dermochelys c. coriacea)
2. Atlantic Ridley Turtle (Lepidochelys kempii)
3. Gopher Tortoise (Gopherus polyphemus)
4. Atlantic Hawksbill Sea Turtle (Eretmochelys imbricata)

V. Amphibians
1. Flatwoods Salamander (Ambystoma cingulatum)
2. Webster’s Salamander (Plethodon websteri)
3. Carolina Gopher Frog (Rana c. capito)

VI. Molluscs
1. Atlantic Pigtoe Mussel (Fusconaia masoni)
2. Brother Spike Mussel (Elliptio fraterna)

2. It shall be unlawful for any person to take, possess, transport, export, process, sell, or offer for sale or ship, and for any common carrier knowingly to transport or receive for shipment any species or subspecies of wildlife appearing on the list of “Endangered Wildlife Species of South Carolina”, except by permit for scientific and conservation purposes issued by the South Carolina Department of Natural Resources.

Permits for conservation purposes shall be issued only for relocation, if warranted, and the incidental take of Red-cockaded Woodpeckers as part of the statewide Habitat Conservation Plan for Safe Harbor and for other mitigation purposes approved by the U.S. Fish and Wildlife Service.

HISTORY: Amended by State Register Volume 18, Issue No. 5, eff May 27, 1994; State Register Volume 22, Issue No. 4, eff April 24, 1998; State Register Volume 25, Issue No. 6, Part 2, eff June 28, 2002; State Register Volume 31, Issue No. 6, eff June 22, 2007; State Register Volume 33, Issue No. 8, eff August 28, 2009.

123–150.1. Cheloniidae and Dermochelyidae (Sea Turtles).

1. The remaining species of the families Cheloniidae and Dermochelyidae (sea turtles) not listed in South Carolina Wildlife and Marine Resources Department Regulation 123-150 are considered threatened and in need of management.

2. That it shall be unlawful for any person to take, possess, barter, trade, transport, export, process, sell or offer for sale or ship, and for any contract carrier knowingly to transport or receive for shipment any such species or products or parts or eggs thereof except by permit for scientific or educational purposes issued by the South Carolina Wildlife and Marine Resources Department, except that incidental catch of sea turtles while engaged in otherwise legal fishing, trawling or research activities at sea would be exempt under the taking clause of this regulation.

3. Sea turtles captured incidentally to legal fishing and/or research activities which appear vigorous when removed from the net, will be immediately returned to the water, exercising due care to prevent injury. Release should be from a location on the vessel which will minimize the possibility of the turtle being damaged by the vessel’s propeller. The release will be made only when all sets of trawl doors or otter boards are hanging from the boom or outriggers.

4. Sea turtles which show no sign of life or those that are obviously weak, will be turned on their back and held on deck until they regain their strength or it appears that the turtle is definitely dead. In no cases, will weakened or apparently dead turtles be released until they have been held on deck for 30 minutes and attempts at revival have been made, i.e., pressing or pumping plastron (belly shell) to expel water and stimulate breathing.

5. That the penalty for the violation of this Rule and Regulation shall be prescribed by Section 50-15-80, 1976 South Carolina Code of Laws, as amended.

6. That except as modified or changed hereby, all prevailing laws, rules and regulations concerning wildlife in South Carolina shall remain in full force and effect.

123–150.2. Birds, Fish, Reptiles, Amphibians and Mammals.

The following list of species or subspecies of non-game wildlife are considered to be threatened and are added to the official state list of Non-game Species in Need of Management.

I. Birds

1. American Peregrine Falcon (Falco peregrines anatum)
2. Bald Eagle (Haliaeetus leucocephalus)
3. Bewick’s Wren (Thryomanes bewickii)
4. Common Ground Dove (Columbina passerina)
5. Least Tern (Sterna albifrons)
6. Wilson’s Plover (Charadrius wilsonia)

II. Fish

1. Carolina Pygmy Sunfish (Elassoma boehlkei)
2. Broadtail Madtom (Noturus sp.)

III. Reptiles

1. American Alligator (Alligator mississippiensis)
2. Atlantic Loggerhead Sea Turtle (Caretta caretta)
3. Atlantic Green Sea Turtle (Chelonia mydas)
4. Coal Skink (Eumeces anthracinus)
5. Bog Turtle (Clemmys muhlenbergii)
6. Spotted Turtle (Clemmys guttata)
7. Southern Hognose Snake (Heterodon simus)

IV. Amphibians
1. Dwarf Siren (Pseudobranchus striatus)
2. Pine Barrens Treefrog (Hyla andersonii)

V. Mammals
1. Small-footed Bat (Myotis leibii)

HISTORY: Amended by State Register Volume 18, Issue No. 5, eff May 27, 1994; State Register Volume 26, Issue No. 6, Part 2, eff June 28, 2002; State Register Volume 31, Issue No. 6, eff June 22, 2007; State Register Volume 33, Issue No. 8, eff August 28, 2009.

123–150.3. Scientific Collecting Permit Required.
That a scientific collecting permit under the terms of § 50-11-2190, 1976 Code of Laws, shall be required for the collecting of all nongame species or subspecies of the Classes Pices (Fish), Amphibia (Amphibians), Reptilia (Reptiles), Aves (Birds) and Mammalia (Mammals).

123–151. Regulations for Species or Subspecies of Non-game Wildlife.
A. Alligator Harvest
1. The size and number of all alligators to be taken will be specified by the Department on permits provided with harvest tags. A permit holder may only take and/or possess alligators identified by the Department and only in the manner specified by the Department.
2. All who take or attempt to take an alligator must have a copy of the harvest permit along with an unused harvest tag with them while afield.
3. Once an alligator is killed and before it is transported, a harvest tag must be attached and locked within six inches of the tip of the tail. In the event that an alligator harvest tag is defective and is not usable for the purpose intended, or becomes detached from the alligator hide, the Department must be notified immediately. The Department will be responsible for the replacement of defective, but not lost, tags. The alteration of harvest tags is strictly prohibited.
4. Alligator meat may be used by the harvester but cannot be bought, sold or bartered except as provided in this regulation. All packages of meat not to be sold must have a tag or label with the name of the harvester and the harvest tag number attached.
5. Before shipping or transporting outside of the USA, carcasses or hides must have CITES tags attached. Anyone desiring to ship or transport such items from the country must contact select Department offices for CITES validation and tagging.
6. Any alligator carcass, hide or part that is not tagged, labeled or marked as required in this regulation is declared contraband and must be confiscated.
B. Depredation Program
1. Depredation permits for alligator removal will be issued to property owners or control agents. There is no fee for participation in this program.
2. Qualifications and liability of Control Agents:
   a. Control agents must possess the experience and ability to handle alligators.
   b. Control agents must supply all equipment necessary to take alligators.
   c. Control agents assume personal liability for their health, safety and welfare and that of their assistants.
   d. Control agents are not employees of the Department, they are independent contractors.
   e. Applications for selection as control agents will be reviewed by the Department. The number of appointed control agents will be based upon the need as determined by the Department.
3. Operation of Department designated alligator control agents:
   a. Alligators may be skinned only at designated sites and in accordance with specific instructions provided by the Department.
b. The meat of alligators may be used by the control agents or his/her immediate family and may also be given to others, but must not be bought, sold or transferred except as provided in this regulation. All packages of meat not to be sold, transferred or bartered must have a label attached that includes the name of the person who harvested the alligator and the harvest tag number.

c. Each control agent may be assisted by not more than two assistant control agents approved by the Department, provided that no such assistant shall operate or conduct any alligator trapping or transportation activity except under supervision of the control agent.

d. Alligator harvest tags issued to control agents are the property of the Department and shall remain the property of the Department.

e. Designation as an alligator control agent is discretionary with the Department and such designation may be revoked at any time.

C. Private Lands Alligator Program

1. Alligators may be taken from lands that are in the Private Lands Alligator Program. The season for taking alligators under this program is from September 1 until May 31. The Department will establish a quota and issue tags for each specific application. Alligators taken under this program must be at least 4 feet in length. Alligators less than 4 feet taken incidentally must be tagged with a harvest tag, but cannot be disposed of commercially.

2. Applications for participation in the Private Lands Program are due August 1 of each year for the subsequent September 1 to May 31 season. Applications received by the Department after August 1st of that year may be denied participation based on the number of harvest tags available or at the discretion of the Department. All participants must report all harvested alligators and harvest information to the Department not later than the following July 1st. No renewal application for a property previously enrolled in the Private Lands Alligator Program will be processed until such time as an accurate and complete harvest report is submitted to the Department.

3. If the application is approved by the Department for participation in the Private Lands Alligator Program and a permit is issued, alligators may be taken only from that area and only by a licensed hunter. In order to participate in the Private Lands Alligator Program, an alligator control agent as defined in Section B must also be a licensed hunter. Participants in the Private Lands Alligator Program must maintain accurate records for inspection by Department personnel and the records must be made available for immediate inspection at any and all reasonable hours at the request of the Department.

4. All areas identified in the Private Lands Alligator Program and facilities used for processing alligators must be open to Department personnel for inspection to determine compliance with the program and laws and regulations protecting alligators and to allow collection of biological information.

5. During the designated private lands season, alligators may only be taken by firearms, hand-held snares, set snares, hand-held harpoons, archery equipment, crossbows, snatch hooks and as otherwise permitted by the Department. If devices other than firearms are used, a line must be securely attached to the hook, arrow or head of the device in such a manner to prevent separation from the hook, arrow or head until the carcass is retrieved. The other end of the line must be held by the hunter or be attached to a stationary or floating object capable of maintaining line above water when an alligator is attached. Rimfire firearms and shotguns are prohibited for taking alligators except that these firearms can be used to dispatch an alligator secured by a line. No alligator may be taken by use of baited hooks or by pole hunting. Pole hunting is defined as the act of taking an alligator from a den with a hook or snagging device of any type secured to the end of a pole and includes any device used to induce an alligator to move from a den prior to taking. All alligators taken under this program must be killed prior to transport off of the property named on the permit.

6. No person may use alligator harvest tags issued for privately-owned habitat on publicly-owned property.

7. A Department-supplied alligator harvest report form must be updated by the applicant or the person taking alligators on the property within 24 hours of the taking of each alligator. Alligator hunters, while on property designated under the Private Lands Alligator Program, must possess tags for that property. Completed harvest forms must be returned to the Department by July 1st of each
year. A participant who does not report is not eligible to participate in the program the following season.

8. Unless otherwise specifically allowed by Department permit, alligator hides, parts or products may be retained and sold only in accordance with this regulation.

D. Alligator Hunting Season

1. The Department may issue a prescribed number of Alligator Hunting Season permits for the harvest of alligators. Those applicants randomly selected shall be issued instructions along with harvest tag(s). Alligators may be taken pursuant to permits from public and private areas where the person has legal access for the taking of alligators. Alligators taken under this program must be at least 4 feet in length. The season for hunting alligators under this program is from 12:00 noon on the 2nd Saturday in September until 12:00 noon on the 2nd Saturday in October and is open in Game Zones 3 and 4. These harvest permits cannot be used on property approved under the Private Lands Alligator Program. The Department may close, extend, delay or reopen the season if biological needs warrant.

2. During the designated season, alligators may only be taken by hand-held snares, hand-held harpoons, archery equipment, crossbows, snatch hooks and as otherwise permitted by the Department. Any device may only be used when a line is securely attached to the hook or head of the device in such a manner as to prevent separation from the hook, arrow or head until the carcass is retrieved. The other end of the line must be held by the hunter or attached to a stationary or floating object capable of maintaining line above water when an alligator is attached. Only a handgun, a bangstick or sharp instrument used to sever the spine may be used for dispatch and only if a restraining line is attached to the alligator. A hand-held snare must be used to hold the alligator boatside or on land before it can be dispatched. Firearms may not be used to take free-swimming or basking alligators. The possession of a rifle or shotgun while taking or attempting to take alligators under this program is prohibited. All alligators taken under this program must be killed prior to transport by boat or vehicle. No alligator may be taken by use of baited hooks or by pole hunting. Pole hunting is defined as the act of taking an alligator from a den with a hook or snagging device of any type secured to the end of a pole and includes any devices used to induce an alligator to move from a den prior to taking.

3. A Department-supplied alligator harvest report form must be updated by the person taking alligators within twenty-four (24) hours of taking each alligator and prior to transporting the alligator carcass to a processing facility. Completed harvest forms must be returned to the Department by November 1st of each season.

4. A person who does not report is not eligible to participate in the program or hunt alligators the following season.

5. Alligator meat may be retained by the harvester but cannot be bartered or sold. Alligator hides may be retained and sold only in accordance with this regulation.

E. Sale of Alligator Meat

1. The sale or barter of alligator meat taken under the alligator hunting season program is prohibited.

2. Meat taken from alligators harvested under the authority of depredation tags and the private lands program tags may be sold only under the following conditions:
   a. Each package must be labeled to indicate the state, the number of pounds of meat enclosed, the date of packaging, the name of harvester, the processor, the State Food Inspection Department's inspection number, and the tag number corresponding to the alligator hide from which the meat was taken.
   b. All cartons of alligator meat imported from other states shall bear an official marking from that state's wildlife agency or other agency charged with food inspection.
   c. Persons handling alligator meat for human consumption must comply with the sanitation requirements of all applicable federal, state and local authorities.
   d. Those who harvest alligators must maintain accurate records of all alligator meat sales on standard forms supplied by the Department and such records shall be open to inspection by Department personnel.
3. No person may bring any alligator meat into this State, or possess alligator meat unless authorized by this regulation.

4. Alligator meat transported into the State must bear evidence of having been legally taken.

5. Restaurants, canneries, nonfood meat processors and alligator meat wholesalers shall retain all alligator meat purchased in the original packages until the meat is prepared for consumption or processing. Such businesses and/or individual shall detach the original label with the accompanying data from each package when all meat from that carton has been prepared or processed and retain that label for the period of at least six months from the date of sale indicated on the label.

F. Sale, Barter or Transfer of Alligator Hides and Other Parts

1. Alligator skulls not discarded must be permanently marked with the alligator harvest tag number under which it was taken. Skulls not yet processed into a finished product may be marked with a temporary label denoting tag number under which it was taken. Possession of any skull without the tag number is prohibited. Skulls that are found may be retained, sold, bartered or transferred but the finder must contact the Department to obtain a tag number to permanently tag or mark the part. Parts other than skulls or hides may be sold, bartered or transferred, but records must be kept indicating to whom the parts were sold, bartered or transferred.

2. Hides or alligators taken with Department issued permits may be sold but must be properly tagged and reported as provided in this regulation. Alligator hides and parts transported into this state for sale or processing must bear evidence of having been legally taken. Parts of hides taken from a legally tagged alligator hide, must be tagged or packaged with a label, receipt, or other document indicating harvester’s name, date, and the harvest tag number and this documentation retained until such time as the partial hide is tanned or otherwise processed into other finished goods or discarded.

3. No person shall accept or possess an untagged alligator hide or unmarked or untagged alligator skull for any purpose.

G. Sale of Finished Alligator Products

1. Products made from legally acquired crocodilians may be offered for sale in the State in accordance with the following:
   a. Products made from the American alligator must be visibly labeled American alligator.
   b. Products made from Caiman must be visibly labeled Caiman.
   c. Products made from other crocodilians must be visibly labeled Crocodile.

2. Final end users of these finished products are not required to maintain this labeling requirement.

H. Alligator Propagation

1. Alligator Propagators Permit Applications.
   a. Only persons who are at least 18 years old at the time of application are eligible for an Alligator Propagators Permit.
   b. All applicants must submit a copy of a deed or leaseholder agreement along with a detailed map of the property on where the alligator propagation facility will be located. Map must show the boundaries of the facility, and the locations of every structure, pond, or other property feature used to hold, house, and or process alligators.
   c. The permit application must state the source and approximate number of alligators to be held at the facility. Applicant must notify the Department of any changes to the source stock and numbers.

   Alligator propagation facilities must meet the standards herein in order to procure or maintain an Alligator Propagator’s Permit. The Department has 15 business days from receipt of a new alligator propagator permit application to inspect the facility for initial compliance.
   d. The Department will notify the applicant in writing of any inspection deficiencies and the work needed to remedy the listed deficiencies.
   e. Any applicant who does not meet initial facility standards must notify the Department afterremedying the listed deficiencies on the inspection report.
f. The Department has 15 business days from receiving notification of these remedies to re-inspect the facility for compliance.

2. Alligator Propagation Facilities

a. The minimum setback separation distance required between an outdoor alligator holding tank, pen, or pond, and real property owned by another person is 1,000 feet. The minimum setback separation distance required between an indoor alligator holding tank or pen is 500 feet. Setbacks from property lines may be waived with written consent of the adjacent affected property owners.

b. The minimum separation distance between an alligator facility and a public or private drinking water well is 500 feet.

c. The minimum separation distance required between an alligator holding tank, pen, or pond and waters of the State is 1,320 feet or 1/4 mile. If the waters of the State are designated Outstanding Resource Waters, Critical Habitat Waters of Federally Endangered Species, or Shellfish Harvesting Waters, the minimum separation distance required between an alligator holding tank, pen, or pond, and waters of the State is 2,640 feet or 1/2 mile.

d. The premises must be secure and have adequate barriers to prevent escape of enclosed alligators, entry onto the premises from alligators outside of the facility, and to deter theft of enclosed alligators.

e. There must be an adequate supply of fresh water at each permitted facility, including each enclosure, or each holding area on the property.

f. Except for outside pens or ponds, all holding tanks and pens shall have smooth walls.

g. All areas where alligators are housed must contain enough water for every animal to completely submerge and enough area for each animal to completely exit the water.

h. Outdoor pens, tanks, or ponds must be constructed with a fence a minimum of five feet in height utilizing 11 1/2 gauge chain-link fence with a minimum of 11 1/2 gauge ties secured to posts, rails, or other structural parts to prevent escape.

i. All enclosures must be constructed to prevent alligators from going under or over the enclosure.

j. Provisions must be made to protect alligators held outside from freezing cold temperatures with adequate denning space.

k. Outside holding facilities must provide adequate covering or natural vegetation for shade as well as direct sunlight areas for basking to allow temperature regulation.

l. Indoor pens and tanks.

i. Alligator eggs located outside of a nest must be kept in an incubator with air and water temperature ranges between 85 and 91 degrees Fahrenheit.

ii. Alligators less than 48 inches in total length must be kept inside in a controlled environment with a minimum temperature of 80 degrees Fahrenheit.

iii. Alligators less than 48 inches in total length must be kept in rearing tanks constructed in such a manner to allow complete submersion or exit from the water.

iv. All indoor facilities must have temperature monitors and a backup power system in order to maintain correct water and air temperatures.

v. All rearing tanks must be constructed of fiberglass, plastic, metal, or other material approved by the Department to ensure secure and humane confinement. Tanks and pens must allow water to be readily drained to allow water changes or cleaning.

m. Alligators must be kept segregated from other alligators by the following size classes:

i. Less than 2 feet.

ii. 2 to 4 feet.

iii. 4–6 feet.

iv. Greater than 6 feet.

n. Minimum pen, tank, pond, or other holding area space requirements.
i. One half (0.5) square feet of space for every alligator less than 24 inches in total length.
ii. One and a half (1.5) square feet of space for every alligator 24 to 48 inches in total length.
iii. Three (3) square feet of space for every alligator greater than 48 inches in total length.
iv. For all alligator sizes, the pen, tank, or pond must allow at least the largest animal to
orient in any direction without touching the sides of the pen, tank, or pond.

3. Harvest and processing of alligators at a propagation facility.
   a. Any alligator killed under the authority of an alligator propagation permit or that dies at a
      permitted alligator propagation facility must be tagged with a Department supplied harvest tag
      within 24 hours or properly disposed of in accordance with local waste disposal requirements.
   b. An alligator propagation facility may process alligators reared on the facility or purchased
      from any other legal source provided:
      i. The building or structure where alligators are processed for human consumption meets
         and maintains all applicable state and federal food handling and storage requirements and are
         licensed or certified to process alligator meat.
      ii. All meat processed for consumption must be packaged in suitable containers which clearly
          identifies the package as alligator meat, and marked with the facility permit number, and as
          required by any other federal or state food labeling laws or regulations.
      iii. Records are maintained on forms provided by SCDNR in regards to the origin of the
          alligators and the associated harvest tag numbers.
      iv. A tag or label affixed to any package or container of alligators or alligator parts must
          specify the contents, quantity contained, and applicable license and permit numbers.
   c. Tagged, unskinned alligator carcasses may be sold or otherwise disposed of.
   d. All tags issued to an alligator propagation facility remain the property of the Department
      and may be revoked for violations of these regulations.
   e. Requests for CITES tags must be made to the Department at least 10 business days in
      advance.
   f. Alligators taken under the authority of the public hunting program cannot be sold or given
      to an alligator propagation facility.
   g. Alligator carcasses taken under the authority of the Private Lands Alligator Program may be
      sold or given to a propagation facility for the purpose of processing provided that the animals are
      tagged as required by the Private Lands Program.
   h. No live alligators taken under any of the State’s other alligator harvest programs can be sold
      or given to an alligator propagation facility except with a separate permit issued by the
      Department.

4. Reporting Requirements.
   a. All alligator propagation facilities must submit an annual report on Department issued forms
      with the following information:
      i. The number of eggs purchased and their origin.
      ii. The number of alligators hatched.
      iii. The number of live alligators purchased by size class and origin.
      iv. The number of live alligators currently in possession.
      v. The number of alligators that died.
      vi. The number of alligators killed.
      vii. The disposition of alligator parts and meat sold during the year.
      viii. Names of persons or companies to whom alligators, alligator meat, or alligator parts
            were sold or otherwise transacted.
      ix. A completed record for each tag used.
      x. A record of the number of alligator carcasses purchased from others and the complete tag
          numbers from those alligator carcasses.
b. Any tags issued and not used and accounted for on harvest reports must be returned with the annual report.

c. No live alligators may be transported off of the alligator propagator facilities without a permit issued by the Department.

d. Alligator propagators must follow all permit conditions printed on or accompanying the alligator propagator’s permit. This permit must be prominently displayed on site at the alligator propagation facility.

HISTORY: Amended by State Register Volume 20, Issue No. 5, eff May 24, 1996; State Register Volume 22, Issue No. 6, Part 5, eff June 26, 1998; State Register Volume 34, Issue No. 4, eff April 25, 2010; State Register Volume 39, Issue No. 7, Doc. No. 4560, eff July 24, 2015.

123–151.1. Regulations for Spotted Turtle (*Clemmys guttata*).

A. Spotted Turtle Protection

1. A person shall not take, possess, transport, import, export, process, sell, purchase, offer for sale, trade, gift, barter, ship, or receive for shipment any spotted turtle (*Clemmys guttata*) without a permit from the Department.

B. Spotted Turtle Permits

1. No new permit for the possession of spotted turtles shall be issued by the Department unless for scientific and/or conservation purposes pursuant to Regulation 123–150, et seq. at the discretion of the Department.

2. Any person in possession of a Spotted Turtle Permit granted by the Department as of the adoption of this regulation has 90 days from the adoption of this regulation to register with the Department the current number of Spotted Turtles, both wild-caught and captive born, in their possession. Spotted turtles will be assigned a unique number and must be shell notched with the identification number provided by Department personnel.

   a. Permit applicants will shell notch spotted turtles in their possession as prescribed by the Department with the Department issued identification numbers. Permit applicants must provide evidence of applied shell notches and signed affidavit confirming all individual turtles in their possession were shell notched as directed by the Department and that they understand the regulations as they pertain to spotted turtles. Upon completion, the Department will issue a permit for the registered spotted turtles.

3. Current permit holders as of the date of adoption of this regulation may not add additional spotted turtles to their collection or allow reproduction.

4. Current permit holders’ as of the date of adoption of this regulation permits are valid for five (5) years from the date of issue; however, upon completion and certification of marking, the Department will issue a new permit valid for 1 year. Subsequent permits will be valid for 1 year and may be renewed at the discretion of the Department.

5. The Department may set permit conditions consistent with the protection of spotted turtles. Permit conditions include but are not limited to:

   a. Sale, purchase, trade, exchange, gift, or barter of any spotted turtles is prohibited.

   b. No wild-caught spotted turtles may be collected.

   c. All spotted turtles must be individually marked via shell notching with a unique identification number issued by the Department.

   d. No unmarked spotted turtles may be possessed, unless covered by a scientific collection permit.

   e. Reproduction of captive spotted turtles is prohibited unless authorized by the Department for scientific or conservation purposes. Offspring from unauthorized reproduction must be surrendered to the Department.

C. Permit Reporting Requirements

1. At the time of permit renewal, spotted turtle permit holders will report to the Department the number of wild-caught and captive-bred spotted turtles in their possession and provide evidence documenting the identification number indicated by shell notch.
2. Any death or disposition of a spotted turtle must be reported to the Department immediately.

D. The penalties for violation of this regulation are prescribed in Section 50–15–80. Each spotted turtle taken or possessed in violation of these regulations shall constitute a separate offense.

Editor’s Note
See SCSR 44–11 Doc. No. 5014, effective October 19, 2020 for 90 days, which promulgated emergency amendments to SC ADC 123–151.1 and emergency regulations SC ADC 125–151.3 and 125–151.4, providing immediate protection for wild native reptiles and amphibians in light of the passage of recent reptile and amphibian legislation in Act 177, and providing legal means for the transfer of native turtles and the ability to exceed the statutory limits for scientific, zoological, conservation, and other special purposes.

123–151.2. Regulations for Southern Hognose Snake.

1. It is unlawful for any person to take, possess, transport, import, export, process, sell, offer for sale, ship, or receive for shipment any southern hognose snake without a permit from the department. Permits will be issued only for research and educational purposes.

HISTORY: Added by State Register Volume 31, Issue No. 6, eff June 22, 2007.

123–151.3. Exchange and Transfer for Certain Native Reptiles and Amphibians.

A. No native reptile or amphibian, including parts, products, eggs, and derivatives may be sold, purchased, traded, exchanged, bartered, exported or shipped, transferred and/or re-homed, except:

1. Transferring possession of a native reptile or amphibian to the Department or the Department’s designated recipient. The circumstances of acceptance shall be at the Department’s discretion.

2. Transferring possession of native reptiles or amphibians when lawfully possessed and transfer is specifically authorized pursuant to other applicable federal or state laws, including those in Title 50. With respect to S.C. Code Section 50–16–60 this exception shall not apply and the provisions of S.C. Code Section 50–15–15 and the associated regulations in 123–151.3 and 123–151.4 shall have priority concerning possession and transfer of reptiles and amphibians.

3. Zoos and Aquaria maintaining accreditation or certification by the Association of Zoos and Aquariums, accredited research institutions under Institutional Care and Use Committees, and schools and educational displays open to the public may transfer and receive transferred reptiles and amphibians and must provide written notification to the Department specifying the number and species prior to transfer. Any such transfer may not be a sale, purchase, barter, or other commercial transaction. This exception also applies to the donor of a native reptile or amphibian to the above entities.

4. Venom or venom derivatives obtained or produced by a laboratory.

5. Any non-native phenotype (i.e. — “morph” or genetic mutation) of native snake species.

6. Any native wild phenotype of the following species reproduced in captivity and under 10 inches in total length, eastern garter snake (Thamnophis sirtalis), mole king snake (Lampropeltis calligaster), and eastern milksnake (Lampropeltis triangulum).

7. Any native wild phenotype of the following species reproduced in captivity and under 20 inches in total length, corn snake (Pantherophis guttatus), rat snake (Pantherophis sp.), and eastern king snake (Lampropeltis getula)

8. Any native wild phenotype of the following species reproduced in captivity and, or under 24 inches in total length, pine snake (Pituophis melanoleucus).

9. The yellow-bellied slider (Trachemys scripta) species and the common snapping turtle (Chelydra serpentina) species if these turtles were taken from a) a permitted aquaculture facility or b) a private pond pursuant to a permit issued by the Department at the request of the owner or owner’s agent. Any person transporting more than five yellow-bellied sliders (Trachemys scripta) species or common snapping turtle (Chelydra serpentina) species must be in possession of a permit pursuant to which the turtles were taken or acquired. A person selling, offering to sell, or purchasing these species must have documentation from the aquaculture facility or permitted private pond as to the origin of the turtles.
10. American alligators (*Alligator mississippiensis*), alligator eggs, alligator parts, and alligator products, while subject to regulation under other provisions of Title 50.

11. Bull Frogs (*Lithobates (Rana) catesbeianus*). 

12. Native reptiles and amphibians may be transferred to department-permitted wildlife rehabilitators for the purpose of rehabilitation and release. Any transfer may not be a sale, purchase, barter, or other commercial transaction. Wildlife rehabilitators may be permitted by the Department by demonstrating the following:

   a. All captive reptiles and amphibians must receive proper care to ensure:
      
      i. appropriate bedding, cover, temperature regulation, and secure shelter; 
      
      ii. potable water is accessible at all times or sufficient to meet daily requirements; 
      
      iii. food of a quantity and nutritive value to meet normal requirements; and 
      
      iv. an effective program for the control of diseases, parasites, and pests is established and maintained.

   b. Any permitted wildlife rehabilitator must show proof of veterinary care either:
      
      i. by being a licensed veterinarian; or 
      
      ii. with a letter from the treating or consulting veterinarian, or veterinary practice, listing the permit holder and those species for which the veterinary practice will provide treatment or consultation.

   c. Providing an annual report documenting all reptiles and amphibians transferred to the permitted individual or facility and from the permitted individual or facility and will describe the final disposition of each individual.

13. Native American Indian tribes recognized Federally or by the State of South Carolina’s Commission for Minority Affairs, pursuant to S.C. Code Section 1–31–60, and their members may transfer possession of parts of dead native reptiles when such parts are or will be incorporated in Native American cultural items and religious items, including but not limited to regalia, decorative attire, religious items, and musical instruments. This exception does not apply to live animals.

B. An otherwise lawful collection of native reptiles or amphibians may be exported from the State of South Carolina if an export permit is first obtained from the Department. Export permits are only available when an individual or legal entity is permanently relocating to another state.

C. Temporary export permits for native reptiles and amphibians may be granted at the discretion of the Department for the purposes of education, rehabilitation, and conservation where the animals will return to their state of origin.

D. Any state endangered or threatened and in need of management species are subject to the protections provided by S.C. Code Sections 50–15–10, *et seq.* and shall not be possessed or transferred except by permit issued by the Department.

E. The penalties for violation of this regulation are prescribed in S.C. Code Section 50–15–80.

**123–151.4. Possession Limits for Certain Native Reptiles and Amphibians.**

A. A person shall not possess any species listed as endangered or threatened and in need of management pursuant to S.C. Code Sections 50–15–10, *et seq.* except by permit issued by the Department.

B. A person shall not possess more than 10 native turtles in aggregate.

C. Any person in possession of more than 10 native turtles and in excess of the established possession limits as of September 28, 2020 has 90 days from September 28, 2020 to register with the Department the current number by species of native turtles, both wild-caught and captive born, in their possession. No additional turtles may be acquired until such time as the number of turtles in possession is below the limit set in regulation.

D. A person shall not possess more than 2 eastern box turtles (*Terrapene carolina*). Any person in possession of eastern box turtles in excess of the established possession limits as of September 28, 2020 has 90 days from September 28, 2020 to register with the Department the current number of eastern
box turtles, both wild-caught and captive born, in their possession. No new turtles may be acquired until such time as the number of turtles in possession is below the limit set in regulation. Registered turtles will be assigned a unique identification number and must be shell notched with the identification number provided.

1. Permit applicants will shell notch turtles in their possession as prescribed by the Department with the Department issued identification numbers. Permit applicants must provide evidence of applied shell notches and signed affidavit confirming all individual turtles in their possession were shell notched as directed by the Department and that they understand the regulations as they pertain to eastern box turtles. Upon completion, the Department will issue a permit for the registered box turtles.

2. Box turtle permit holders will be required to submit an annual report on the status and number of registered box turtles on a Department provided form.

E. A person shall not possess more than 2 diamondback terrapins (Malaclemys terrapin). This provision does not prohibit the incidental catch of diamondback terrapins by persons engaged in a lawful fishery when the terrapins are returned immediately to the water.

F. A person shall not possess more than 5 turtles total from any of the following species/subspecies: Florida cooter (Pseudemys floridana), river cooter (Pseudemys concinna), chicken turtle (Deirochelys reticularia), eastern painted turtle (Chrysemys picta), spiny softshell turtle (Apalone spinifera), Florida softshell turtle (Apalone ferox), eastern mud turtle (Kinosternon subrubrum), striped mud turtle (Kinosternon bauri), common musk turtle (Sternotherus odoratus), yellow-bellied slider (Trachemys scripta) and common snapping turtle (Chelydra serpentina). The above limit does not apply to the lawful possession of yellow-bellied slider (Trachemys scripta) species and the common snapping turtle (Chelydra serpentina) species pursuant to Regulation 123–151.3.

G. The Department may issue scientific collection permits as described in Regulation 123–150.3 in excess of the above limits for scientific and conservation purposes.

H. Zoos and Aquaria maintaining accreditation or certification by the Association of Zoos and Aquariums, accredited research institutions under Institutional Care and Use Committees, schools and educational displays open to the public, and Department permitted wildlife rehabilitators may request a permit to exceed the above listed possession limits at the discretion of the Department.

I. Pursuant to S.C. Code Section 50–15–15(B), no native reptiles or amphibians may be possessed or transferred pursuant to S.C. Code Section 50–16–60 except as provided in Regulations 123–151.3 and 123–151.4.

J. The penalties for violation of this regulation are prescribed in S.C. Code Section 50–15–80.

A. The Department has determined that the species designated as Restricted Nonnative Wildlife have the potential to become established in this State in sufficient numbers so as to become a nuisance and pose a demonstrable deleterious and widespread threat to wildlife, agriculture, or human health and safety. As used in this regulation, Restricted Nonnative Wildlife and the associated Listing Date are:

1. Black and White Tegu (Salvator merianae and, as used in this regulation, their hybrids) (listing date: May 28, 2021)

B. Unless otherwise authorized by the Department, no person, firm, corporation, partnership, association, or any other entity shall possess, sell, offer for sale, transfer possession of, import, bring, release, reproduce, allow to escape, or cause to be brought or imported into the State of South Carolina any Restricted Nonnative Wildlife. Pursuant to the Department’s authority to regulate nonnative wildlife under S.C. Code Section 50–15–55, the provisions of S.C. Code Section 50–16–60 do not apply to Restricted Nonnative Wildlife.

C. The Department may issue a permit for the possession, import, release, reproduction, and transfer of Restricted Nonnative Wildlife for scientific and other special purposes at its discretion, provided that any such permit shall be conditioned to minimize risks of the hazardous exposure, release and proliferation of the Restricted Nonnative Wildlife.
D. Additional provisions for specific Restricted Nonnative Wildlife

1. Black and White Tegu

i. A person, firm, corporation, partnership, association, or any other entity possessing a Black and White Tegu has 120 days from the listing date, the Registration Period, to register the total number of Black and White Tegu in their possession with the Department and obtain a permit, as conditioned herein, in order to retain the registered animals. During the Registration Period, Black and White Tegus may be possessed, bought, sold, or transferred but may not be imported, brought, released, reproduced, or allowed to escape in South Carolina.

ii. All Black and White Tegus must be microchipped with a unique identification number, at the owner’s expense. The unique identification number must be supplied to the Department at the time of registration and to receive a permit.

iii. Permits for registered animals are valid for three years and must be renewed within 30 days of expiration. After the Registration Period, no Black and White Tegu may be possessed without a permit issued by the Department. Permits may not be transferred. If Black and White Tegus are removed from South Carolina, the permit becomes void and must be surrendered to the Department within five days.

iv. Reproduction of permitted Black and White Tegus is not allowed.

v. Black and White Tegus must be kept indoors in escape proof enclosures, or outdoors in locked enclosures with primary and secondary containment barriers, each sufficient to prevent escape.

vi. Escaped or missing Black and White Tegus must be reported to the Department within 24 hours.

vii. Upon death of the Black and White Tegu, possession permits become void and must be surrendered to the Department within five days.

E. Failure to comply with permit terms and conditions is a violation of these regulations. Violations of these regulations are subject to the penalties and enforcement provisions of S.C. Code Section 50–15–80.

1. The following list of species or subspecies of nongame wildlife are in need of management, to wit: All species of the Order Falconiformes (vultures, kites, hawks, eagles, ospreys, falcons) and all species of the Order Strigiformes (owls).

2. It shall be unlawful for any person to take, possess, transport, export, process, sell or offer for sale or ship, and for any contract carrier knowingly to transport or receive for shipment any such species or products or parts thereof except by permit for scientific, educational or falconry purposes issued by the South Carolina Wildlife and Marine Resources Department.

3. The penalty for the violation of this section shall be that prescribed by § 50-15-80 of the 1976 Code.

123–170. South Carolina State Falconry Regulations.

A. Definitions

(1) “Raptor”—means a live migratory bird of the Order Falconiformes or the Order Strigiformes, other than a bald eagle (Haliaeetus leucocephalus).

(2) “Take”—means to trap or capture, or attempt to trap or capture a raptor for the purpose of falconry.

(3) “Falconry”—means the hunting of wild quarry in its natural state and habitat by means of a trained bird of prey or raptor (Order Falconiformes or Order Strigiformes) other than a bald eagle.

(5) “Department”—means the South Carolina Department of Natural Resources.

(6) “Permitted Wildlife Rehabilitator”—means a person or organization that has been permitted by the state or federal government to possess and rehabilitate raptors.

B. Any person who possesses or uses any raptor or hybrid raptor species for falconry must comply with these regulations.

C. A state hunting license, applicable stamps and permits are required before any person may take, or attempt to take, quarry by means of trained raptor.

D. Practicing falconry

   (1) A permit is required before any person may take, transport, or possess wild-taken or captive-bred raptors for falconry purposes.

   (2) Birds held under permits must be used primarily for falconry.

   (3) A person’s raptor facilities must pass inspection by the Department before a permit may be granted.

   (4) If a person resides for more than 120 consecutive days in South Carolina his or her falconry facilities must meet the standards of these regulations and the facilities must be listed on the falconry permit.

   (5) There are three classes of permits to practice falconry: Apprentice, General, and Master Falconer levels.

   (6) Anyone who applies for a falconry permit must include the following information:

      (a) The completed application.

      (b) Proof that the applicant has passed the falconry test administered by the Department, or proof that a falconry permit has previously been held at the level sought.

      (c) An original, signed certification that reads as follows: I certify that I have read and am familiar with the regulations in title 50, part 13, of the Code of Federal Regulations and the other applicable parts of title 50, and that the information I have submitted is complete and accurate to the best of my knowledge and belief.

   (7) Apprentice Falconer

      (a) Requirements and possession options for an Apprentice Falconer.

      (i) An applicant must be at least 12 years of age.

      (ii) If an applicant for an Apprentice Permit is less than 18 years of age, a parent or legal guardian must sign the application.

      (iii) An applicant must have a letter from a Master Falconer or a General Falconer with a valid State falconry permit who is at least 18 years old and has at least 2 years experience at the General Falconer level, stating that he or she will assist the Apprentice applicant in:

          a. Learning about the husbandry and training of raptors held for falconry;

          b. Learning about relevant wildlife laws and regulations, and

          c. Deciding what species of raptor is appropriate to possess while an Apprentice.

      (iv) An applicant must correctly answer at least 80 percent of the questions on an examination administered by the Department. The examination must cover care and handling of falconry raptors, Federal and State laws and regulations relevant to falconry, and other appropriate subject matter.

      (b) An Apprentice may take raptors less than 1 year old, except nestlings, from the wild during any period or periods specified herein. A person may take any raptor species from the wild except a federally listed threatened or endangered species or the following species: Bald eagle (Haliaeetus leucocephalus), white-tailed eagle (Haliaeetus albicilla), Steller’s sea-eagle (Haliaeetus pelagicus), golden eagle (Aquila chrysaetos), American swallow-tailed kite (Elanoides forficatus), Swainson’s hawk (Buteo swainsoni), peregrine falcon (Falco peregrinus), flammulated owl (Otus flammeolus), elf owl (Micrathene whitneyi), and short-eared owl (Asio flammeus).
(i) Regardless of the number of State falconry permits an Apprentice has, he or she may possess no more than one raptor for use in falconry.

(ii) An Apprentice may possess a raptor of any Falconiform or Strigiform species, including wild, captive-bred, or hybrid individuals, except a federally listed threatened or endangered species, a bald eagle (Haliaeetus leucocephalus), a white-tailed eagle (Haliaeetus albicilla), a Steller’s sea-eagle (Haliaeetus pelagicus), or a golden eagle (Aquila chrysaetos).

(iii) Capture of a wild raptor is not required; it can be transferred by another falconry permittee.

(iv) An Apprentice may not possess a raptor that was taken from the wild as a nestling.

(v) An Apprentice may not possess a bird that is imprinted on humans.

(8) General Falconer

(a) A General Falconer permit applicant must provide the following:

(i) Information documenting his or her experience maintaining falconry raptors, including a summary of what species he or she held as an Apprentice Falconer and how long each bird was possessed, and

(ii) A letter from a General Falconer or Master Falconer (preferably the sponsor) attesting that the applicant has practiced falconry with raptor(s) at the Apprentice Falconer level for at least 2 years, including maintaining, training, flying, and hunting the raptor(s) for at least 4 months in each year.

(b) Requirements and possession options for a General Falconer.

(i) A General Falconer must be at least 16 years of age.

(ii) If 16 or 17 years of age, a parent or legal guardian must sign the application.

(iii) An applicant must submit a document from a General Falconer or Master Falconer (preferably the sponsor) to the Department stating that the applicant has practiced falconry with raptor(s) at the Apprentice Falconer level or equivalent for at least 2 years, including maintaining, training, flying, and hunting the raptor(s) for least 4 months in each year. That practice may include capture and release of falconry raptors.

(iv) An applicant may not substitute any falconry school program or education to shorten the period of 2 years at the Apprentice level.

(v) A General Falconer may take and possess any species of Falconiform or Strigiform except a golden eagle, a bald eagle, a white-tailed eagle, or a Steller’s sea-eagle. A General Falconer may use captive-bred individuals and hybrids of the species he or she is allowed to possess.

(vi) Regardless of the number of State falconry permits he or she has a General Falconer may possess no more than 3 raptors.

(9) Master Falconer

(a) A Master Falconer permit applicant must attest that he or she has practiced falconry at the General Falconer level for at least 5 years.

(b) Requirements and possession options for a Master Falconer.

(i) A Master Falconer must have practiced falconry with raptors he or she possessed at the General Falconer level for at least 5 years.

(ii) A Master Falconer may take and possess any species of Falconiform or Strigiform except a bald eagle. However, a Master Falconer may take and possess a golden eagle, a white-tailed eagle, or a Steller’s sea eagle only if he or she meets the qualifications set forth under these regulations.

(iii) Regardless of the number of State falconry permits a person has, a Master Falconer may possess no more than 5 wild raptors, including golden eagles.

(iv) A Master Falconer may possess any number of captive-bred raptors. However, the falconer must train them in the pursuit of wild game and use them in hunting.

(c) If a Master Falconer meets the requirements of this section for falconry he or she may possess up to 3 eagles of the following species: golden eagle, white-tailed eagle, or Steller’s sea
The Department must document the following before approving any requests to possess an eagle for use in falconry:

(i) Experience in handling large raptors, including information about the species previously handled and the type and duration of the activity.

(ii) At least two letters of reference from people with experience handling and/or flying large raptors such as eagles, ferruginous hawks, goshawks (*Accipiter gentilis*), or great horned owls (*Bubo virginianus*) must be provided. Each must contain a concise history of the author’s experience with large raptors, which can include, but is not limited to, handling of raptors held by zoos, rehabilitating large raptors, or scientific studies involving large raptors. Each letter must also assess the person’s ability to care for eagles and fly them in falconry.

(iii) A golden eagle, white-tailed eagle, or Steller’s sea-eagle counts as one of the possessed raptors allowed for use in falconry.

(e) Reinstatement of a lapsed falconry permit.

(i) If a permit has lapsed for fewer than 5 years, it may be reinstated at the level held previously if proof of certification at that level is provided.

(ii) If a permit has lapsed for 5 years or longer, a person must correctly answer at least 80 percent of the questions on an examination administered by the Department. If the person passes the exam, the permit may be reinstated at the level previously held. The facilities must pass State inspection before a falconry bird may be possessed.

(10) Experience and Testing

(a) A person may qualify for the falconry permit appropriate for his/her experience. To demonstrate knowledge of U.S. falconry laws and regulations, a person must correctly answer at least 80 percent of the questions on the supervised examination for falconers administered by the Department. If a person passes the test, the Department will decide for which level of falconry permit he or she is qualified, consistent with the class requirements in these regulations. To do so, the Department shall base its decision on documentation of experience. The falconry facilities must meet the standards in these regulations before a person may keep a raptor to use in falconry.

(11) Banding or tagging raptors used in falconry.

(a) If a person takes a goshawk, Harris’s hawk (*Parabuteo unicinctus*), peregrine falcon (*Falco peregrinus*), or gyrfalcon (*Falco rusticolus*) from the wild or acquires one from another falconer or a rehabilitator, and if the raptor is not already banded, the person must band it with a permanent, nonreusable, numbered U.S. Fish and Wildlife Service leg band that the Department will provide. If a person wishes, he or she may purchase and implant an ISO (International Organization for Standardization)-compliant (134.2 kHz) microchip in addition to the band. A person must report the band number when he or she reports acquisition of the bird. Contact the Department for information on obtaining and disposing of bands. Within 10 days from the day on which a person takes the raptor from the wild, he or she must report take of the bird by entering the required information (including the band number) in the electronic database at [http://permits.fws.gov/186A](http://permits.fws.gov/186A) or, if required by the permitting agency, by submitting a paper form 3-186A to the Department. A person may request an appropriate band from the Department in advance of any effort to capture a raptor.

(b) A raptor bred in captivity must be banded with a seamless metal band (see §21.30). If a person must remove a seamless band or if it is lost, within 10 days from the day the band is removed or lost, the person must report it and request a replacement U.S. Fish and Wildlife Service nonreusable band from the Department. A person must submit the required information electronically immediately upon rebanding the raptor at [http://permits.fws.gov/186A](http://permits.fws.gov/186A) or, if required by the permitting agency, by submitting a paper form 3-186A to the Department. A person must replace a seamless band that is removed or lost. A person may implant an ISO-compliant (134.2 kHz) microchip in a falconry raptor in addition to the seamless band.

(c) If the band must be removed or is lost from a raptor, the person who possesses the bird must report the loss of the band within 5 days, and must then do at least one of the following:
(i) Request a U.S. Fish and Wildlife Service nonreusable band from the Department. A person must submit the required information within 10 days of rebanding the raptor at [http://permits.fws.gov/186A](http://permits.fws.gov/186A) or by submitting a paper form 3-186A to the Department.

(ii) Purchase and implant an ISO-compliant (134.2 kHz) microchip in the bird and report the microchip information at [http://permits.fws.gov/186A](http://permits.fws.gov/186A) or by submitting a paper form 3-186A form to the Department.

(d) A person may not alter, deface, or counterfeit a band. A person may remove the rear tab on a band on a raptor taken from the wild, and may also smooth any imperfect surface if the integrity of the band or the numbering on it is not affected.

(e) If health or injury problems for a raptor is documented that are caused by the band, the Department may provide an exemption to the requirement for that raptor. In that case, a copy of the exemption paperwork must be kept with the falconer when transporting or flying the raptor. If the bird is a wild goshawk, Harris's hawk, peregrine falcon, or gyrfalcon, the falconer must replace the band with an ISO-compliant microchip that the Service will supply to the Department. The Department will not provide a microchip for a wild goshawk, Harris's hawk, peregrine falcon, or gyrfalcon unless the falconer has demonstrated that a band causes an injury or a health problem for the bird.

(f) A person may not band a raptor removed from the wild with a seamless numbered band.

(12) Possession of Permits.

(a) A falconer must have his or her permit(s) or legible copies of them in his/her immediate possession if he or she is not at the location of the falconry facilities and he or she is trapping, transporting, working with, or flying a falconry raptor(s).

(b) If a person has a valid falconry permit, he or she may possess and transport for falconry purposes a lawfully possessed raptor within this state.

(13) Facilities that must be possessed and maintained.

(a) A person must keep all raptors held under a falconry permit in humane and healthful conditions.

(b) Whether the raptor facilities are indoors (a “mews”) or outdoors (a “weathering area”), the raptor facilities must protect raptors from the environment, predators, and domestic animals. A falconer is responsible for the maintenance and security (protection from predators) of raptors possessed under his/her permit.

(c) A person must have raptor housing facilities approved by the Department before he or she may obtain a bird to use in falconry.

(d) The facility must have a suitable perch for each raptor, at least one opening for sunlight, and must provide a healthy environment for raptors inside.

(e) A person may house un-tethered raptors together if they are compatible with each other.

(f) Each raptor must have an area large enough to allow it to fly if it is untethered or, if tethered, to fully extend its wings or bate (attempt to fly while tethered) without damaging its feathers or contacting other raptors.

(g) Each falconry bird must have access to a pan of clean water unless weather conditions, the perch type used, or some other factor makes access to a water pan unsafe for the raptor.

(h) An indoor facility must be large enough to allow easy access for the care and feeding of raptors kept there.

(i) If raptors housed in this indoor facility are not tethered, all walls that are not solid must be protected on the inside. Suitable materials may include vertical bars spaced narrower than the width of the body of the smallest raptor housed in the enclosure. However, heavy-duty netting or other such materials may be used to cover the walls or roof of the enclosure.

(j) Acceptable indoor facilities include shelf perch enclosures where raptors are tethered side by side. Other innovative housing systems are acceptable if they provide the enclosed raptors with protection and allow them to maintain healthy feathers.

(k) An eyas raptor may be kept in any suitable container or enclosure until it is capable of flight.
A person may keep a falconry raptor or raptors inside his or her place of residence if a suitable perch or perches are provided. If a raptor(s) is housed inside a home, the windows or other openings of the structure do not have to be modified. Raptors kept in a home must be tethered when they are not being moved into or out of the location in which they are kept.

An outdoor facility must be totally enclosed, and may be made of heavy-gauge wire, heavy-duty plastic mesh, slats, pipe, wood, or other suitable material.

The outdoor facility must be covered and have at least a covered perch to protect a raptor held in it from predators and weather.

The facility must be large enough to insure that the birds cannot strike the enclosure when flying from the perch.

Falconry raptors may be kept outside in the open if they are under watch, by a falconer or a family member at any location or, for example, by a designated individual in a weathering yard at a falconry meet.

A falconer must inform the Department within 5 business days if he or she changes the location of the facilities.

The falconry facilities may be on property owned by another person where a falconer resides, or at a different location. Regardless of location, the facilities must meet the standards indicated in these regulations.

A falconer must submit to the Department a signed and dated statement showing that that the falconry facilities and raptors may be inspected without advance notice by the Department at any reasonable time of day, but the falconer must be present. If the facilities are not on property owned by the falconer, he or she must submit a signed and dated statement showing that the property owner agrees that the falconry facilities and raptors may be inspected by the Department at any reasonable time of day in the presence of the property owner; except that the authorities may not enter the facilities or disturb the raptors unless the falconer is present.

The following equipment must be possessed by the falconer: jesses or the materials and equipment to make them, leash and swivel, bath container, and appropriate scales or balances for weighing raptor(s) possessed.

The bird must have a suitable perch and be protected from extreme temperatures, wind, and excessive disturbance. A “giant hood” or similar container is acceptable for transporting or housing a raptor when the falconer is away from the permanent facility where it is housed.

Temporary Facilities and Care of Raptors by other falconers.

A falconer may house a raptor in temporary facilities for no more than 120 consecutive days if the bird has a suitable perch and is protected from predators, domestic animals, extreme temperatures, wind, and excessive disturbance.

Another falconry permittee may care for a raptor or raptors at another person’s facilities for up to 120 consecutive days. The other person must have a signed and dated statement from the falconer who owns the birds plus a copy of FWS form 3-186A that shows the possessor of each of the raptors. The statement must include information about the time period for which he or she will keep the raptor(s), and about what he or she is allowed to do with it or them.

(ii) The raptor(s) will remain on the original falconry permit, and will not be counted against the possession limit of the person caring for the raptors.

(iii) If the person caring for the raptor(s) holds the appropriate level falconry permit, he or she may fly the raptor(s) in whatever way authorized, including hunting.

This care of the raptors may be extended indefinitely in extenuating circumstances, such as illness, military service, or for a family emergency. The Department shall consider such instances on a case-by-case basis.

A person other than a falconer may care for falconry birds possessed at another falconer’s facilities for up to 45 consecutive days.

(i) The raptor(s) will remain on the original falconry permit.

(ii) The raptors must remain in the original facilities.
(iii) This care may be extended indefinitely in extenuating circumstances, such as illness,
military service, or for a family emergency.

(iv) The person(s) caring for the raptors may not fly them for any reason.

(d) If a falconer resides in South Carolina for more than 120 consecutive days, he or she will be
required to obtain a SC Falconry Permit and the facilities must be inspected before the permit is
issued.

(e) Falconry equipment and records may be inspected in the presence of the permittee during
business hours on any day of the week by the Department.

(15) Taking falcons.

(a) A person may not intentionally capture a raptor species that the classification as a falconer
does not allow the person to possess for falconry. If a person captures a bird he or she is not
allowed to possess, he or she must release it immediately.

(b) The Department is authorized to revoke or suspend a falconry permit if the permittee:

(i) Does not provide proper care for the raptor.

(ii) Allows the raptor to become a public nuisance.

(iii) Violates established South Carolina game laws or regulations.

(iv) Does not comply with the terms of the permit.

(v) All State hunting seasons, fees and bag limits apply to falconry.

(vi) The suspension for a period not to exceed 6 months will be determined by the
Department.

(c) Upon request of the person whose permit has been suspended, the Department may restore
the person’s falconry permit at the end of the suspension period if the conditions have been met.

(d) A General or Master Falconer, may take only raptors less than 1 year of age from the wild
during the period of August 1 through January 31 of each year. However, he or she may take an
American kestrel or great horned owl of any age from the wild during this period. These
falconers may take no more than two raptors from the wild each year to use in falconry. Legal
trapping methods are limited to the following: Bal Chatri (noose cage), Swedish Goshawk trap,
Noose Harness, Phai or noose ring, Dig-in method, Dho-Gaza Net or Bow-net.

(e) If a bird is taken from the wild and is transferred to another permittee in the same year in
which the bird is captured, the bird will count as one of the raptors allowed to be taken from the
wild that year by the falconer who caught the bird; it will not count as a capture by the recipient,
though it will always be considered a wild bird.

(f) Only a General or Master Falconer, may remove nestlings from a nest or aerie. Eyases may
be taken from May 1 through June 30 only of each year and may occur only on private lands with
permission of the landowner. Only one eyas may be removed from each nest and one healthy
eyas must remain in the nest from which a nestling is removed. An Apprentice Falconer may not
take a nestling from the wild.

(g) Falconers responsible for reporting the take of a raptor from the wild, can report by
entering the required information in the electronic database at http://permits.fws.gov/186A and by
submitting a paper form 3-186A to the Department. This must be done at the first opportunity to
do so, but no later than 10 days after the capture of the bird.

(h) If a falconer is present at the capture site, even if another person captures the bird for the
falconer, the falconer is considered the person who removes the bird from the wild. The falconer
is responsible for filing a 3-186A form reporting take of the bird from the wild. This would occur,
for example, if another person climbs a tree or rappels down a cliff and takes a nestling for the
falconer and gives it to the falconer at the tree or cliff.

(i) If the falconer who will receive the bird is not at the immediate location where the bird is
taken from the wild, the person who removes the bird from the wild must be a General or Master
Falconer, and must report take of the bird. If that person then transfers the bird to another
falconer, both must file 3-186A forms reporting the transaction at the first opportunity to do so,
but no later than 10 days after the transfer. The bird will count as one of the two raptors the
person who took it from the wild is allowed to capture in any year. The bird will not count as a
bird the recipient falconer took from the wild. The person who takes the bird from the wild must
report the take even if he or she promptly transfers the bird to another falconer.

(j) If a falconer has a long-term or permanent physical impairment that prevents him or her
from attending the capture of a species one can use for falconry, a General or Master Falconer
may capture a bird for the impaired falconer. The impaired and recipient falconer is then
responsible for filing a 3-186A form reporting take of the bird from the wild, and the bird will
count against the take of wild raptors that a falconer is allowed in any year.

(k) A falconer must promptly release any bird captured unintentionally.

(l) A falconer may recapture a falconry bird lost at any time. Recapture of a wild bird is not
considered to be taking a bird from the wild.

(m) A falconer may recapture a raptor if the bird is wearing falconry equipment or a captive-
bred bird at any time - even if the falconer is not allowed to possess the species. The bird will not
count against the possession limit of the falconer who recaptures the bird, nor will its take from
the wild count against his or her limit. The recapture of the bird must be reported to the
Department no more than 5 working days after the recapture. A recaptured falconry bird must
be returned to the person who lost it, if that person may legally possess it. Disposition of a bird
whose legal possession cannot be determined will be at the discretion of the Department.

(n) A falconer may take any raptor that he or she is authorized to possess from the wild if the
bird is banded with a Federal Bird Banding Laboratory aluminum band except that a banded
peregrine falcon may not be taken from the wild.

(o) If a falconer captures a raptor (including a peregrine falcon) that is marked with a seamless
metal band, a transmitter, or any other item identifying it as a falconry bird, the capture must be
reported to the Department no more than 5 working days after the capture. A recaptured
falconry bird must be returned to the person who lost it. If that person cannot possess the bird or
does not wish to possess it, the falconer who recaptured the bird may keep it. Otherwise,
disposition of a bird whose legal possession cannot be determined will be at the discretion of the
Department. While the falconer keeps a bird for return to the person who lost it, the bird will not
count against the possession limit or the limit on take of raptors from the wild if the the bird has
been reported to the Department.

(p) If a peregrine falcon is captured and has a research band (such as a colored band with
alphabetic codes) or a research marking attached to it, the bird must be released immediately,
except that if the falcon has a transmitter attached to it, the falconer is authorized to possess the
bird up to 30 days if he or she wishes to contact the researcher to determine if he or she wishes to
replace the transmitter or its batteries. If the researcher wishes to do so, or to have the
transmitter removed, the researcher or his or her designee can make the change or allow the
falconer to do so before the bird is released. If the researcher does not wish to keep the
transmitter on the falcon, the falconer may keep the bird if captured under circumstances in which
capture of wild peregrines is allowed.

(q) If a raptor that is captured has any other band, research marking, or transmitter attached to
it, the falconer must promptly report the band numbers and all other relevant information to the
Federal Bird Banding Laboratory at 1–800–927–2263.

(r) A falconer may contact the researcher and determine if he or she wishes to replace a
transmitter attached to a bird captured. If so, the falconer is authorized to possess the bird up to
30 days until the researcher or his or her designee does so, or until the falconer can replace it.
Disposition of the bird will be at the discretion of the researcher and the Department. If the
falconer possesses such a bird temporarily, it will not count against the possession limit for falconry
raptors.

(s) A Master Falconer with a permit to do so, may take, transport, or possess up to three eagles,
including golden eagles, white-tailed eagles, or Steller’s sea-eagles, subject to the requirements in
this section and 50 CFR 22.24. A golden eagle, white-tailed eagle, or Steller’s sea-eagle possessed
counts as a bird to be included under the falconer’s possession limit.

(t) A falconer has two options for dealing with a bird injured by his or her trapping efforts. In
either case, the falconer is responsible for the costs of care and rehabilitation of the bird.
(i) The bird may be recorded on his or her falconry permit. The falconer must report take of
the bird by entering the required information in the electronic database at http://permits.fws.gov/
186A and by submitting a paper form 3-186A to the Department at the first opportunity to do
so, but no more than 10 days after capture of the bird. The falconer must then have the bird
treated by a veterinarian or a permitted wildlife rehabilitator. The bird will count against the
falconer’s possession limit.

(ii) The bird may be given directly to a veterinarian, or a permitted wildlife rehabilitator, or
an appropriate wildlife agency employee. If a falconer does so, it will not count against his or
her allowed take or the number of raptors he or she may possess.

(u) If a falconer acquires a raptor; transfers, rebands, or microchips a raptor; if a falconer’s
raptor is stolen; if a falconer loses a raptor to the wild and it is not recovered within 30 days; or if
a bird a falconer possesses for falconry dies; the falconer must report the change within 10 days by
entering the required information in the electronic database at http://permits.fws.gov/186A or by
submitting a paper form 3-186A to the Department.

(v) If a raptor possessed by a falconer is stolen, the falconer must report the theft to the
Department and to the Fish and Wildlife Service Regional Law Enforcement office within 10 days
of the theft of the bird.

(w) A falconer must keep copies of all electronic database submissions documenting take,
transfer, loss, rebanding or microchipping of each falconry raptor until 5 years after he or she has
transferred or lost the bird, or it has died.

(x) A falconer may acquire a raptor of any age of a species that one is permitted to possess
directly from a rehabilitator. Transfer to the falconer is at the discretion of the rehabilitator.

(i) ) If a bird is acquired from a rehabilitator, within 10 days of the transaction the falconer
must report it by entering the required information in the electronic database at http://permits.fws.
gov/186A or by submitting a paper form 3-186A to the Department.

(ii) If a bird is acquired from a rehabilitator, it will count as one of the raptors the falconer is
allowed to take from the wild that year.

(16) Flying and releasing falconry birds.

(a) When flown free, a hybrid raptor must have attached at least two functioning radio
transmitters to help the falconer locate the bird.

(b) A falconer must follow all applicable State and Federal laws and regulations before releasing
a falconry bird to the wild.

(c) If the raptor the falconer wishes to release is not native to the State or territory, or is a
hybrid of any kind, it may not be permanently released to the wild. It may be transferred to
another falconry permittee.

(d) If the species the falconer wishes to release is native to the State or territory and is captive-
bred, it may not be released to the wild unless the falconer has permission from the Department.
If permitted to do so, the bird must be hacked (allow it to adjust) to the wild at an appropriate
time of year and an appropriate location. The falconry band (if it has one) must be released and
the falconer must report release of the bird by entering the required information in the electronic
database at http://permits.fws.gov/186A or by submitting a paper form 3-186A to the Department.

(e) If the species to be released is native to the State and was taken from the wild, the bird may
be released only at an appropriate time of year and an appropriate location. The falconry band
must be removed and the falconer must report release of the bird by entering the required information in the electronic
database at http://permits.fws.gov/186A or by submitting a paper form 3-186A to the Department.

(f) The number of wild-caught or captive-bred raptors transferred to a falconer is not restricted,
but he or she may not exceed the possession limit.

(g) No matter how long such a bird is held in captivity or whether it is transferred to another
permittee or permit type, it is always considered a “wild” bird. However, it is considered to be
taken from the wild only by the person who originally captured it. If transferred to another
permittee, the bird is not considered to be taken from the wild.
Hacking

(a) Hacking (temporary release to the wild) is an approved method for falconers to condition raptors for falconry. A General Falconer or a Master Falconer may hack a falconry raptor or raptors.

(i) Any bird hacked counts against the falconer’s possession limit and must be a species he or she is authorized to possess.

(ii) Any hybrid hacked must have two attached functioning radio transmitters during hacking.

(iii) A falconry bird may not be hacked near a known nesting area of a Federally threatened or endangered bird species or in any other location where the raptor is likely to harm a Federally listed threatened or endangered animal species that might be disturbed or taken by the falconry bird. The falconer can contact the State Fish and Wildlife Service office in South Carolina for information on Federally-listed species.

(iv) The falconer may use other acceptable falconry practices, such as, but not limited to, the use of creance (tethered) flying, lures, balloons, or kites in training or conditioning falconry raptors. He or she may also fly falconry birds at bird species not protected under the Migratory Bird Treaty Act or at pen-raised animals.

Sale or transfer of falconry birds

(a) A falconer may sell, purchase, or barter, or offer to sell, purchase, or barter captive-bred raptors marked with seamless bands to other permittees who are authorized to possess them.

(b) A falconer may not purchase, sell, trade, or barter wild raptors. He or she may only transfer them.

(c) A falconer may transfer a raptor to another permit type if the recipient of the bird (which could be the same falconer) possesses the necessary permits for the other activity.

(d) A falconer may transfer a wild-caught falconry bird to an individual who holds a raptor propagation permit after the bird has been used in falconry for at least 2 years (1 year for a sharp-shinned hawk, a Cooper’s hawk, a merlin, or an American kestrel). When he or she transfers the bird, they must provide a copy of the 3-186A form documenting acquisition of the bird by the propagator to the Federal migratory bird permit office that administers the propagation permit and provide a copy to the Department.

(e) A falconer may transfer a wild-caught bird to another permit type in less than 2 years (1 year for a sharp-shinned hawk, a Cooper’s hawk, a merlin, or an American kestrel) if the bird has been injured and a veterinarian has determined that the bird can no longer be flown for falconry.

(i) Within 10 days of transferring the bird, the falconer must provide a copy of the 3-186A form documenting acquisition of the bird to the Federal migratory bird permit office that administers the other permit type and provide a copy to the Department.

(ii) When the falconer transfers the bird, he or she must provide a copy of the certification from the veterinarian or rehabilitator that the bird is not useable in falconry to the Federal migratory bird permits office that administers the other permit type.

(f) A falconer may transfer captive-bred falconry raptors if the holder of the other permit type is authorized to possess the bird(s). Within 10 days he or she must report the transfer by entering the required information in the electronic database at http://permits.fws.gov/186A and by submitting a standard paper form 3-186A to the Department.

Use or falconry birds for propagation and education.

(a) A falconer may use raptors possessed for falconry in captive propagation if the falconer or the person overseeing the propagation has the necessary permit(s) (see 50 CFR 21.30). This falconer does not need to transfer a bird from his or her falconry permit if the bird is used for fewer than 8 months in a year in captive propagation, but the bird must be transferred if it is to be used permanently for propagation. The bird must then be banded as required in 50 CFR 21.30.

(b) General or Master Falconers may use a bird possessed in conservation education programs presented in public venues.

(i) Apprentice Falconers may present conservation programs if he or she is under the supervision of a General or Master Falconer when they do so.
(ii) The falconer may charge a fee for presentation of a conservation education program. The fee may not exceed the amount required to recoup the falconer’s costs.

(iii) In conservation education programs, the falconer must provide information about the biology, ecological roles, and conservation needs of raptors and other migratory birds, although not all of these topics must be addressed in every presentation. He or she may not give presentations that do not address falconry and conservation education.

(20) The falconer may allow photography, filming, or other such uses of falconry raptors to make movies or other sources of information on the practice of falconry or on the biology, ecological roles, and conservation needs of raptors and other migratory birds, though he or she not be paid for doing so.

(a) The falconer may not use falconry raptors to make movies, commercials, or in other commercial ventures that are not related to falconry

(b) The falconer may not use falconry raptors for commercial entertainment; for advertisements; as a representation of any business, company, corporation, or other organization; or for promotion or endorsement of any products, merchandise, goods, services, meetings, or fairs, with the following exceptions:

(i) The falconer may use a falconry raptor to promote or endorse a nonprofit falconry organization or association.

(ii) The falconer may use a falconry raptor to promote or endorse products or endeavors related to falconry, including, but not limited to items such as hoods, telemetry equipment, giant hoods, perches, materials for raptor facilities, falconry training and education materials, and scientific research and publication.

(21) General or Master Falconers may assist a permitted migratory bird rehabilitator to condition raptors in preparation for their release to the wild. He or she may keep a bird being rehabilitated in his or her facilities.

(a) The rehabilitator must provide the falconer with a letter or form that identifies the bird and explains that he or she is assisting in its rehabilitation.

(b) The falconer does not need to meet the federal rehabilitator facility standards. He or she need only meet the facility standards in this section; his or her facilities are not subject to inspection for compliance with the standards in 50 CFR 21.31.

(c) The falconer does not have to add any raptor he or she possesses for this purpose to the falconry permit; it will remain under the permit of the rehabilitator.

(d) The falconer must return any such bird that cannot be permanently released to the wild to the rehabilitator for placement within the 180-day timeframe in which the rehabilitator is authorized to possess the bird, unless the issuing office authorizes the falconer to retain the bird for longer than 180 days.

(e) Upon coordination with the rehabilitator, the falconer must release all releaseable raptors to the wild or return them to the rehabilitator for release within the 180-day timeframe in which the rehabilitator is authorized to possess the birds, unless the issuing office authorizes he or she to retain and condition a bird for longer than 180 days, or unless the rehabilitator transfers the bird to the falconer to hold under his or her falconry permit.

(22) A Master Falconer may conduct abatement activities with a bird or birds possessed for falconry, if the falconer has a Special Purpose Abatement permit. General Falconers may conduct abatement activities only as a sub-permittee of the holder of the abatement permit.

(a) Falconers may receive payment for providing abatement services if he or she has a Special Purpose Abatement permit.

(23) Possession of falconry bird feathers and disposition of such.

(a) For imping (replacing a damaged feather with a molted feather), a falconer may possess tail feathers and primary and secondary wing feathers for each species of raptor possessed or previously held for as long as he or she has a valid falconry permit. A falconer may receive feathers for imping from other permitted falconers, wildlife rehabilitators, or propagators in the
United States, and he or she may give feathers to them. A falconer may not buy, sell, or barter such feathers.

(i) The falconer may donate feathers from a falconry bird, except golden eagle feathers, to any person or institution with a valid permit to have them, or to anyone exempt from the permit requirement under 50 CFR 21.12.

(ii) Except for primary or secondary flight feathers or retrices from a golden eagle, a falconer is not required to gather feathers that are molted or otherwise lost by a falconry bird. He or she may leave the feathers where they fall, store them for imping, or destroy them. However, he or she must collect molted flight feathers and retrices from a golden eagle. If the falconer chooses not to keep them for imping, he or she must send them to the National Eagle Repository.

(iii) All feathers (including body feathers) that are collected from any falconry golden eagle and not needed for imping should be sent to the National Eagle Repository at the following address: U.S. Fish and Wildlife Service, National Eagle Repository, Rocky Mountain Arsenal, Building 128, Commerce City, Colorado 80022. The telephone number at the Repository is 303–287–2110.

(b) If the falconer’s permit expires or is revoked, he or she must donate the feathers of any species of falconry raptor except a golden eagle to any person or any institution exempt from the permit requirement under § 21.12 or authorized by permit to acquire and possess the feathers. If the feathers are not donated, they must be burned, buried, or otherwise destroyed.

(24) A falconer must send the entire body of a golden eagle held for falconry, including all feathers, talons, and other parts, to the National Eagle Repository.

(a) A falconer may donate the body or feathers of any other species of falconry raptor to any person or institution exempt under 50 CFR 21.12 or authorized by permit to acquire and possess such parts or feathers.

(b) If the bird was banded or microchipped prior to its death, the falconer may keep the body of any falconry raptor except that of a golden eagle. He or she may keep the body so that the feathers are available for imping, or may have the body mounted by a taxidermist. He or she may use the mount in giving conservation education programs. If the bird was banded, the band must be left on the body. If the bird has an implanted microchip, the microchip must be left in place.

(c) If a falconer wishes to donate the bird body or feathers or keep it, he or she must burn, bury, or otherwise destroy it or them within 10 days of the death of the bird or after final examination by a veterinarian to determine cause of death. Carcasses of euthanized raptors could pose a risk of secondary poisoning of eagles and other scavengers. The falconer must take appropriate precautions to avoid such poisonings.

(d) If the bird body or feathers is not donated or the body is mounted by a taxidermist, the flight feathers may be possessed for as long as a valid falconry permit is held. However, the feathers may not be bought, sold or bartered. The falconer must keep the paperwork documenting his or her acquisition of the bird.

(25) Visiting falconers

(a) A visitor to the United States may qualify for a temporary falconry permit appropriate for his or her experience.

(i) The permit may be valid for any period specified by the Department.

(ii) To demonstrate knowledge South Carolina falconry laws and regulations, the visitor must correctly answer at least 80 percent of the questions on the supervised examination for falcons administered by the Department. If the visitor passes the test, the Department will decide for what level of temporary permit the person is qualified. The decision should be based on the individual’s documentation of his or her experience.

(iii) If the falconer holds a temporary falconry permit, he or she may possess raptors for falconry if he or she have approved falconry facilities.

(iv) A holder of a temporary falconry permit may fly raptors held for falconry by a permitted falconer.
(v) A holder of a temporary falconry permit may not take a bird from the wild to use in falconry.

(vi) For the duration of a permit from the Department, a visitor may use any bird for falconry that he or she possess legally in his or her country of residence for that purpose, provided that import of that species to the United States is not prohibited, and provided that he or she has met all permitting requirements of his or her country of residence.

(vii) A visitor must comply with the provisions in this section, those of the State, tribe or territory where he or she wishes to conduct falconry, and all States through which he or she will travel with the bird.

(viii) The visitor may transport registered raptors. He or she may need one or more additional permits to bring a raptor into the United States or to return home with it (see 50 CFR part 14 (importation, exportation, and transportation of wildlife), part 15 (Wild Bird Conservation Act), part 17 (endangered and threatened species), part 21 (migratory bird import and export permits), and part 23 (endangered species conservation)).

(ix) Unless the visitor has the necessary permit(s) to bring a raptor into the United States and leave it here, he or she must take raptors brought into the country for falconry out of the country when he or she leaves. If a raptor brought into the United States dies or is lost while in this country, the visitor must document the loss before leaving the United States by reporting the loss to the Department.

(x) When flown free, any bird brought to this country temporarily must have two attached radio transmitters that will allow the falconer to locate it.

(xi) If the raptor dies or is lost, the falconer is not required to bring it back but must report the loss immediately upon return to the United States in the manner required by the falconry regulations of the State, and any conditions on the CITES certificate.

(26) A falconer does not need special or written permission for any of these activities on public lands if it is authorized. However, he or she must comply with all applicable Federal, State laws regarding falconry activities, including hunting. The falconry permit does not authorize him or her to capture or release raptors or practice falconry on public lands if it is prohibited on those lands, or on private property, without permission from the landowner or custodian.

(27) If a falconry bird kills prey without the falconer's intent, including an animal taken outside of a regular season, he or she may allow the falconry bird to feed on the animal, but the falconer may not take the animal into possession. The falconer must report take of any federally listed threatened or endangered species to the local USFWS Ecological Services Field Office.

(28) With a falconry bird, the falconer may take any species listed in 50 CFR parts 21.43, 44, 45, or 46 of this subchapter at any time in accordance with the conditions of the applicable depredation order, as long as he or she is are not paid for doing so.

(29) A surviving spouse, executor, administrator, or other legal representative of a deceased falconry permittee may transfer any bird held by the permittee to another authorized permittee within 90 days of the death of the falconry permittee. After 90 days, disposition of a bird held under the permit is at the discretion of the Department.

(30) If the falconer moves outside the jurisdiction of the Department and takes falconry birds with him or her, he or she must inform the Department within 30 days.

ARTICLE 5.5

REGULATION OF REAL PROPERTY OWNED AND LEASED BY THE DEPARTMENT

(Statutory Authority: S.C. Code §§ 50–11–2200, 50–11–2210 and 50–11–2215)
123–200. Regulations Applicable to Wildlife Management Areas, Heritage Preserves and other lands owned by the Department of Natural Resources.

Applicability and Scope.

A. The purpose of this regulation is to govern the conduct and activities of visitors to Wildlife Management Areas, Heritage Preserves and other lands owned or leased by the Department of Natural Resources. This regulation applies to all property owned or leased by the Department of Natural Resources, including but not limited to wildlife management areas, heritage reserves, boat landings, and game preserves or reserves. Consistent with the restriction in Section 50–11–2215, the application of this regulation shall not interfere with the use and management of lands by a state agency charged with the management of those lands as part of the functions of the agency authorized by law or with the management and use by a landowner of his lands within the Wildlife Management Area program. Application of this regulation to privately owned lands is limited to those matters, uses, profits, or activities which the Department has acquired through lease or other authorized means.

B. Regulations for the establishment of open and closed seasons, bag limits, and methods for hunting and taking wildlife on all Department owned wildlife management area lands, and for the protection, preservation, operation, maintenance, and use of wildlife management area lands not owned by the Department are stated in R.123–40. The regulations below will apply to wildlife management area lands in addition to R.123–40. In case of any conflict with R.123–40, this regulation will prevail.

123–201. Definitions.

For purposes of this regulation:

“All terrain vehicle” means a motorized vehicle, regardless of the number of wheels, designed or constructed primarily for use off of paved or improved roads.

“Boats” mean any watercraft, including but not limited to motorboats, sailboats, personal watercraft, canoes, kayaks, sailboards, rafts, inflatable boats, shells, and rowboats.

“Camping” means the overnight occupancy of land owned or leased by the Department.

“Department” means the South Carolina Department of Natural Resources.

“Department land” means real property, including any buildings, structures, or improvements, owned by the Department in fee simple, including but not limited to game preserves or reserves, heritage preserves, boat landings, and Department land designated as wildlife management area land.

“Ecofacts” are carbonized plant remains, animal bones, and shells utilized as food by historic and prehistoric peoples. “Fireworks” means any device for producing any display, such as light, noise, or smoke, by the combustion of explosive or flammable compositions.

“Fishing” means all activity and effort involved in taking or attempting to take fish.

“Hiking” means traversing land by foot for the purpose of pleasure or exercise, except traversing in connection with any other activity regulated by this regulation.

“Horse riding” means any equestrian activity.

“Hunting” means the act of trying to find, seek, obtain, pursue, or diligently search for wildlife for sport, regardless of whether wildlife is taken or not. The act of seeking wildlife or the pursuit of wildlife as sport, such as but not limited to raccoon hunting and training hunting dogs shall be deemed hunting. Any person accompanying a hunter or hunters and participating in a hunt in any regard shall be deemed to be hunting.

“Motorized vehicle” means a device incorporating a motor or an engine. “Nonmotorized vehicle” means a device not incorporating a motor or an engine of any type for propulsion, and with wheels, tracks, skids, skis, air cushion, or other contrivance for traveling on or adjacent to land. It shall include such vehicles as bicycles, skates, and in-line skates.
“Off road vehicle” means a motorized vehicle that includes stock enhancements to improve its ability for use off of paved or improved roads or a vehicle that has been modified from its stock condition to enhance its ability for use off of paved or improved roads.

“Pack animal” means any beast, including but not limited to horses, mules, donkeys, and llamas, used for the purpose of transporting equipment, gear, or other articles.

“Pets” mean any domesticated animal which is kept for the pleasure of the owner; however, for purposes of this regulation, pets may not include dangerous or venomous animals or any animal classified as threatened, endangered, or in need of management by any state or the federal government. A raptor, permitted as provided under R.123–170, will be deemed a pet.

“Pollution” or “polluting” means the direct or indirect act of throwing, draining, depositing, or otherwise discharging organic or inorganic matter in or on land.

“Primitive Camping” means the overnight occupancy of land, utilizing nothing more than temporary shelter such as a tent or tarp transported to the camping site by backpacking or by watercraft.

“Rock climbing” means the sport of ascending or descending rock faces of such vertical angle that the climber must use technical climbing techniques to safely negotiate the climb. This includes all free, aided, and friction climbing where ropes, pitons, nuts, chocks, screws, carabiners, snap links, chalk, ropes, fixed or removable anchors, or other similar climbing equipment is used.

“Rocks, artifacts, or ecofacts” shall include but not be limited to arrowheads, spear points, scrapers, drills, soapstone and soapstone objects, pottery sherds and vessels, bottles, beads, brick, tabby, metal objects (such as buttons, buckles, ordnance, insignia), charcoal, shells, plant remains, animal remains, and bone tools.

“Shells” mean the hard rigid, usually calcareous, covering of an animal.

“Specialty animals” mean all animals other than domestic pets; those native and imported animals which have been removed from the wild and are being bred, raised or kept for research, food, fur or skins, or for the production of income. Reptiles and amphibians are included in this category. “Service animals” are not considered “Specialty animals”.

“Taking” means to shoot, wound, kill, trap, capture, or collect, or attempt to shoot, wound, kill, trap, capture, or collect any wildlife.

“Weapon” means an instrument of offensive or defensive combat, including firearms, capable of injuring human beings or animals; provided, however, implements such as small pocket or kitchen knives normally will not be considered as weapons.

“Wildlife” means all wild birds, wild game, fish, and any wild mammal, bird, amphibian, reptile, fish, mollusk, crustacean, or other wild animal not otherwise legally classified by statute or regulation of this State as a game species.

“Wildlife management area land” means those lands leased or otherwise established by the Department for the protection, propagation, and promotion of fish and wildlife and for public hunting and fishing.

Department land is made available to the general public for reasonable uses not prohibited by statute or regulation. These lands are held and maintained in a natural condition, except for uses requiring modification. Outdoor activities are not risk free. All members of the public using Department land and wildlife management area land must exercise due care in planning and carrying out any activities. Any person making use of Department land and wildlife management area land for any purpose does so at his own risk, and the Department shall not be liable in any respect for any loss, damage, or injury to person or property caused or occasioned thereby.

This section shall apply to all Wildlife Management Areas, Heritage Preserves and other lands owned by the Department.

A. Hunting, fishing, and taking game animals, birds, fish, or other wildlife is allowed on Wildlife Management Areas that have been designated as part of the Wildlife Management Area program. Hunting, fishing, and taking shall be subject to all applicable statutes and regulations, specifically including Reg. 123–40.

B. All firearms must be unloaded and secured in a weapons case except while legally hunting, unless otherwise legally permitted. Target, skeet, trap, plinking, or any other type of shooting with any firearm or weapon is allowed on designated shooting ranges. Except as otherwise specifically authorized by South Carolina statute or this regulation, weapons and firearms are not allowed on any heritage preserve. Possession of a weapon or firearm is allowed on any heritage preserve designated by the Department as a wildlife management area subject to the regulations.

C. Hiking is allowed subject to the following restrictions or conditions:

(1) Hiking is allowed. The Department may post or place signs declaring any area closed to hiking;

(2) The use of all designated hiking trails, except for posted multi-use trails is restricted solely to foot travel and the legitimate activities associated with the pursuit of hiking.

D. Operation of motorized, nonmotorized vehicles, all terrain vehicles, and off road vehicles.

The operation of motorized vehicles is allowed subject to the following restrictions or conditions:

(1) Motorized vehicles, all terrain vehicles, and off road vehicles may be operated only on open maintained roads and parking areas except as otherwise established by posted notice or as approved by the Department. All terrain vehicles are not allowed on any heritage preserve.

(2) Motorized vehicles, all terrain vehicles, and off road vehicles shall not exceed speed limits posted on Department signs.

(3) No person may operate any motorized, all terrain vehicle, off road vehicle or non-motorized vehicle in a reckless or negligent manner. The operation of any vehicle in such a manner as to indicate either a willful or wanton disregard for the safety of persons or property shall be deemed to be operating in a reckless manner.

(4) The operation of motorized vehicles, all terrain vehicles, and off road vehicles must comply with any posting or signs. Obstructing vehicular traffic is not allowed.

(5) All motorized vehicles, all terrain vehicles, and off road vehicles must be equipped with properly working mufflers, brakes, mirrors and spark arresters (if the vehicle was originally factory equipped with spark arresters and/or mirrors).

(6) Charter buses or other vehicles engaged in transporting persons for compensation are only allowed by permit.

(7) The numbers of motorized vehicles, nonmotorized vehicles, horses, or boats allowed on any area at one time may be limited by the Department through a permitting system.

(8) The operation of nonmotorized vehicles are allowed subject to the following restrictions or conditions:

(a) Bicycles may be ridden on roads open to motorized vehicles, established roadbeds and designated bicycle trails unless otherwise posted.

(b) Using roller skates, in-line skates, skateboards, roller skis, coasting vehicles, or similar devices is allowed only in designated areas.

(c) Motorized, self-propelled, unmanned electric cargo carriers ("deer carts") may be used for the purposes of hauling cargo and harvested game only.

E. Swimming.

Swimming is allowed only in designated areas, which includes any State or federal navigable waterway abutting or flowing through Department land.

F. Camping.

...
(1) Camping is allowed only within areas designated as campsites by the Department. The Department will designate campsites by placement of signs or by other means such as maps or brochures.

(2) Camping in one location for more than four nights is prohibited except under permit.

(3) All camping supplies must be removed from camping sites.

(4) No organized group of ten or more individuals may camp at a single designated camp site at any time except under permit.

(5) Permanent structures must not be erected.

G. Horse riding.

(1) Horse riding is allowed, except during any open hunting periods.

(2) The riding of horses is allowed on roads open to motorized vehicular traffic, unless posted as closed to horseback riding.

(3) Horse riding is allowed on firebreaks or trails if specifically posted as open to horseback riding.

(4) The Department may restrict the number of horses and horse trailers and may require permits on specific areas. Restrictions shall be posted at the offices and/or entrances to Department lands or in published brochures.

(5) The owner of any horse brought onto Department property is responsible for the payment of any expense for the removal of injured or dead horses.

(6) Horses must be attended.

(7) Only pelletized feed may be used, no hay.

(8) Access to a Department property by horseback is limited to a designated public entrance. A public entrance is a day-use parking area. For ride-on users (without vehicles or trailers) only, entrance is allowed where a road open to motorized vehicular traffic or firebreak designated for horseback riding intersects a public or private road.

(9) When not being ridden, horses must be led by halter or reins, confined in a trailer, or tied to a trailer tie or hitching rail. Horses may not be confined using portable corrals or electric fences.

(10) Within a day-use parking area, horses must be kept at a flat walk.

(11) The Department may require a person with an unruly horse, which is causing a disturbance or safety hazard, to remove the horse from Department property.

H. Operation of boats.

(1) Boats may be used on Department land only on a watercourse or water body which has been designated by the Department for the use of boats. The Department may restrict the type, size, or number of boats and motors or the use of motors. Any restrictions shall be posted at the entrances to Department land. This restriction shall not apply to any State or federal navigable waterway.

(2) Motorized boats may only be launched at launch sites designated by the Department.

I. Possession of pets or specialty animals.

(1) Pets may enter Department land and accompany an individual on allowed activities if each pet is under the actual control of the owner or possessor.

(2) Neither dangerous pets nor pets with a propensity toward aggressive behavior are allowed.

(3) The requirements of this subsection do not apply to dogs while being used during and as a part of any of the following activities:

   (a) Hunting when use of dogs is authorized by statute or regulation.

   (b) The training of dogs to hunt is deemed hunting; training of dogs to hunt on lands and waters may be undertaken only during periods when hunting with dogs is authorized by statute or regulation.

   (c) Authorized field trial events.

   (d) Special events or activities as authorized by the Department.

(4) Raptors are allowed on Department land in compliance with R.123–170.

J. Consumption of alcohol.
Alcoholic beverages may be consumed by a person of lawful age only at a designated campsite, designated facility, residence or other designated location.

K. Gathering, damaging, or destroying rocks, minerals, fossils, artifacts, geological formations or ecofacts.
   (1) The Department may authorize the collection of certain material upon issuance of a permit.

L. Gathering, damaging, or destroying plants, fallen vegetation, animals and fungi.
   (1) The Department may authorize the collection of certain material upon issuance of a permit.
   (2) Shed antlers at ground surface may be collected.

M. Use of fire, fireworks, or explosives.
   (1) Open fires may only be started at campsites designated by the Department. Gas grills, gas lanterns, and portable charcoal grills may be operated at designated campsites.
   (2) No fire may be left unattended. Prior to leaving the site, any fire must be completely extinguished, leaving neither flames nor embers.
   (3) No wood, except from dead and down trees or from supplies as may be furnished by the Department shall be used for fuel.
   (4) On any land where camp fires are permitted, the Department may prohibit the use of fires for any purpose by posting a notice at entrances to individual parcels of land.
   (5) No person may deposit lighted matches, cigars, cigarettes or other burning tobacco where they will cause fire.

N. Hours of Operation.
   (1) The Department may restrict the hours of operation on any Department land by publication in Department brochures and pamphlets or by posting on site specific hours of operation.
   (2) Heritage preserves are open for public use from one hour before sunrise to one hour after sunset. On any preserve that is designated as a wildlife management area, the hours of operation shall be the same as are authorized for hunting as stated in R.123–40.

O. Shooting onto or across WMA land closed to hunting.
   (1) Shooting onto or across WMA land closed to hunting is allowed provided the shooter and the game being shot at are physically outside the boundary of the WMA. The airspace above the WMA is considered within the boundary of the WMA.

P. Emergency closure of Department properties.
   (1) The Department may close all or part of any WMA, state lake, shooting range or any other property for a special event, in cases of emergency or catastrophe, or any time human health and/or safety may be at risk.

123–204. Additional Regulations Applicable to Specific Properties.
A. Aiken County Gopher Tortoise Heritage Preserve.
   (1) Bicycles may be ridden on hiking trails. Bicyclists may ride in groups no larger than five (5).

B. Bay Point Heritage Preserve.
   (1) No dogs are allowed.
   (2) No person may enter any area of the preserve designated as a nesting area for birds.

C. Bear Branch Heritage Preserve.
   Public visitation is by permit only. The preserve is closed to use except by permit.

D. Bear Island.
   (1) Except when closed for scheduled hunts, the area is open from 1/2 hour before sunrise to 1/2 hour after sunset.
   (2) The property is closed to all public access from November 1 through February 8, except for scheduled hunts.
All terrain vehicles are prohibited.

Camping is allowed only at designated sites and only during scheduled big game hunts.

The area is closed to general public access during scheduled hunts.

Fishing is allowed in designated areas from April 1 through September 30.

E. Bird-Key Stono Heritage Preserve.

1. No dogs are allowed.
2. No person may enter any area of the preserve designated as a nesting area for birds.
3. March 15 through October 15 the area is closed to all access including the intertidal zone between low and high tide waterlines.
4. October 16 through March 14 access is allowed only in the intertidal zone between low and high tide waterlines.
5. No motorized vehicles, bicycles or horses.

F. Caper’s Island Heritage Preserve.

1. Overnight Camping on Capers Island is by permit only. Permit may be obtained from the DNR Charleston office. No more than 80 people will be allowed to camp per night. These 80 people may be divided into no more than 20 different groups.
2. Permits will be issued on a first come first served basis.
3. Campsites will be occupied on a first come first served basis.
4. Permits are not required for day use.
5. Persons without permits must be off the island by one hour after sunset.
6. No trash is to be placed in any fire or buried.
7. Department maintenance facilities on the island are not open to the public.
8. No crab or fish pots or traps are allowed in impoundments.
9. No motorized vehicles, non-motorized vehicles, off road vehicles, or all-terrain vehicles are allowed on Capers Island.
10. No fishing is allowed from the impoundment tide gate.
11. Dogs are allowed on Caper’s Island subject to the following restrictions:
   a) Dogs are allowed on the southern beaches of Caper’s Island.
   b) Dogs are not allowed in the impoundment area.
   c) Dogs are not allowed on the northern beaches of Capers Island between April 1 and August 31. Areas closed to dogs are posted by the Department.
   d) Dogs restrained by a leash or similar device are allowed in the designated area on Price’s Inlet.

G. Crab Bank Heritage Preserve.

1. No dogs are allowed.
2. No person may enter any area of the preserve designated as a nesting area for birds.
3. March 15 through October 15 the area is closed to all access including the intertidal zone between low and high tide waterlines.
4. October 16 through March 14 access is allowed only in the intertidal zone between low and high tide waterlines.
5. No motorized vehicles, bicycles or horses.

H. Daws Island Heritage Preserve.

Camping is allowed only by permit issued by the Department. Primitive camping only is allowed. Daws Island camping is limited to two groups of no more than eight people in each group.

I. Deveaux Bank.

1. No dogs are allowed.
2. No person may enter any area of the preserve designated as a nesting area for birds.
(3) Closed all year above the high tide line (no seasonal closure) except in the recreation area.

(4) No motorized vehicles, bicycles or horses.

J. Donnelley WMA.

(1) Horseback riders must obtain a permit from the Donnelley WMA office prior to riding.

(2) All terrain vehicles are prohibited.

(3) Camping is prohibited.

K. Dungannon Plantation Heritage Preserve.

(1) No person may enter any area of the preserve designated as a nesting area for birds.

(2) Entrance to the preserve is through a designated parking area. Each person must sign in and out of the preserve at a designated entrance/exit.

L. Gopher Branch Heritage Preserve.

Public visitation is by permit only.

M. Great Pee Dee River Heritage Preserve.

(1) Primitive camping only is allowed. Camping may occur only along riverbanks and on sandbars, which may be approached only by backpacking or boat.

(2) Each person entering the preserve other than by boat must sign in and out at a designated entrance/exit.

N. Jim Timmerman Natural Resources Area at Jocassee Gorges.

This subsection shall apply to all Department owned and leased land within the boundaries of the Jim Timmerman Natural Resources Area at Jocassee Gorges (hereinafter referred to as Jocassee Gorges).

(1) Camping.

(a) Backcountry camping by permit will be allowed at any time during the year that the main roads allowing access to the Jocassee Gorges are not opened in connection with big game hunting. Backcountry camping is allowed by permit only at any location within the Jocassee Gorges, except for any area closed for camping by the Department. Backcountry camping is defined as minimal impact camping. No fires are allowed and each permitted camper is responsible for camping in a manner that results in no trace of the camping activity being left after breaking camp. Backcountry campers must apply for camping permits over the Department internet site. No camping is permitted within twenty-five (25) feet of a stream, lake, or as posted by the Department.

(b) The Foothills Trail and the Palmetto Trail pass through portions of the Jocassee Gorges. Use of the Foothills Trail and the Palmetto Trail shall be limited to hiking and primitive camping. Camping is allowed at any point along the trails and within one hundred feet of either side of the trails. Camping along the Foothills Trail and the Palmetto Trail is restricted to hikers while engaged in backpacking.

(2) Operation of motorized, non-motorized vehicles, all-terrain vehicles, and off-road vehicles.

Motorized and non-motorized vehicle access to the Jocassee Gorges is limited. Highway 178 and Cleo Chapman Road (county road 143) are the only paved roads that access the property. Access by the general public to the Jocassee Gorges by motorized vehicles will follow a seasonal schedule with the exception of portions of Horsepasture and Camp Adger Roads. Road opening and closing schedules written below are given as general information. The Department may open and close any road at any time and for such duration as deemed necessary by the Department to manage the property.

(a) The operation of a motorized vehicle behind any closed gate is prohibited. Motorized, self-propelled, unmanned electric cargo carriers ("deer carts") may be used for the purposes of hauling cargo and harvested game only.

(b) Roads open to year-round public access include a section of Horsepasture Road to Jumping Off Rock (from Highway 178 only) and a section of Camp Adger Road.

(c) All roads with Green gates are seasonally open. All roads with red gates are closed to vehicular traffic. This information will be posted at all major entrances.
(d) Motorized vehicles, all terrain vehicles, and off road vehicles may be operated only on open maintained roads and parking areas except as otherwise established by posted notice or as approved by the Department.

(e) Motorized vehicles, all terrain vehicles, and off road vehicles shall not exceed speed limits posted on Department signs. On any land where no speed limit signs are posted the speed limit shall be 15 miles per hour.

(f) Subject to the authority in subsection (d) above, the operation of all terrain vehicles is restricted as follows: Operation of all terrain vehicles is restricted to one hour before sunrise to one hour after sunset each day beginning on Monday and continuing through the following Friday. A person may use an all terrain vehicle while actually engaged in hunting at any time hunting is allowed; provided, however, the operation of an all terrain vehicle is restricted to one hour before sunrise to one hour after sunset with the exception of game retrieval, and an all terrain vehicle may be used only on open roads. All terrain vehicles and off-road vehicles may not be operated on Horsetapure Road or Camp Adger Road during the periods January 16 - March 19 and May 11 - September 14 when the main roads are closed.

(g) All terrain vehicles having three (3) wheels and motorcycles constructed or intended primarily for off road use, such as dirt bikes and motocross bikes, are prohibited within the Jim Timmerman Natural Resources Area at all times.

(h) Bicycles may be ridden on any road or area that is not posted as closed to bicycles except that the Foothills Trail and Palmetto Trail are closed to bicycles.

(i) The use of hang gliders, parachutes, or similar devices is not allowed and may be deemed abuse of Department land.

(4) Sassafras Overlook Site. These regulations apply to the portion of Jocassee Gorges designated as the overlook site by the Department.

(a) No camping is allowed on the site.

(b) No fires are allowed on the site.

(c) The hours of operation are one hour before official sunrise to one hour after official sunset, except as permitted by the Department.

(d) No alcohol is allowed on the site.

(e) No motor vehicles are allowed except on public roads and in the designated parking area. Motorized scooters or similar vehicles designed specifically for use by disabled persons may only be used by disabled persons on the site. No ATVs, UTVs or similar vehicles are allowed on the site.

(f) No skateboards, hoverboards or similar devices are allowed on the site.

(g) No exclusive use of the site will be allowed by any party.

(h) No drones may be allowed on the site.

(i) No horses, mules, donkeys or other animals may be allowed on the site except pets as defined below.

(j) No pets will be allowed on the site except for dogs and cats. All pets must be restrained by a leash at all times and may not cause any disruption to other visitors, wildlife or the site. All pet waste must be picked up and removed from the site.

(k) Commercial vending is prohibited on the site.

(l) No bicycles may be ridden on the site, except on roads open to vehicular traffic and in designated parking areas.

(m) Special permits may be issued by the Department to allow activities prohibited herein.

(n) All other laws, regulations, and ordinances that apply to the site are also in effect.

(5) Abner Creek Falls Trail

(a) Human foot traffic only is permitted.

(b) No horses, bicycles, non-motorized conveyances or motor conveyance is permitted, except for motorized scooters or similar vehicles designed specifically for use by disabled persons that may only be used by disabled persons on the site.
(c) No access is allowed from the trail or platform to adjacent areas within 300 feet of the platform.

O. Joiner Bank Heritage Preserve.
   (1) No dogs are allowed.
   (2) No person may enter any area of the preserve designated as a nesting area for birds.

P. Little Pee Dee Heritage Preserve.
   (1) Primitive camping only is allowed. Camping may occur only along riverbanks and on sandbars, which may be approached only by backpacking or boat.

Q. Nipper Creek Heritage Preserve.
   Public visitation is by permit only. The preserve is closed to use except by permit.

R. North Santee Bar Heritage Preserve.
   (1) No dogs are allowed.
   (2) No person may enter any area of the preserve designated as a nesting area for birds.

   Camping is restricted to primitive camping in designated areas only.

T. St. Helena Sound Heritage Preserve (Otter Island).
   (1) No dogs are allowed.
   (2) Primitive camping only is allowed by permit issued by the Department. Primitive camping is restricted to designated areas and will be allowed only between October 16 and March 14.

U. Samworth WMA.
   (1) Managed wetlands will be open for wildlife observation, bird watching, photography or nature study during daylight hours (1/2 hour before sunrise to 1/2 hour after sunset) from February 9 through October 31 each year. Between November 1 and February 8 these activities will be restricted to designated areas on Butler Creek and the Big Pee Dee River. All public use of this type will be by foot travel only after arriving by watercraft.
   (2) The mainland nature trail will be open during daylight hours (1/2 hour before sunrise to 1/2 hour after sunset) to foot traffic only.
   (3) All terrain vehicles, bicycles, and horses are prohibited.
   (4) Dirleton grounds are open to the public from 8:30 a.m. until 5:00 p.m., Monday through Friday.

V. Santee Coastal Reserve.
   (1) The Santee Coastal Reserve is open during daylight hours (1/2 hour before sunrise to 1/2 hour after sunset) for limited public use year round except as listed below.
   (2) Managed wetlands will be open for wildlife observation, bird watching, photography, or nature study during daylight hours (1/2 hour before sunrise to 1/2 hour after sunset) from February 9 through October 31 each year except during special hunts and events regulated by the Department.
   (3) The dikes around the waterfowl impoundments will be closed, except by prior arrangement, during the period of November 1 through February 8 of the next year.
   (4) Prior arrangements must be made with the Reserve Manager to use observation blinds for waterfowl.
   (5) Upland trails will be available during open periods stated above.
   (6) The beaches on Cedar and Murphy Islands will be open year round, seven days a week, during daylight hours. No person may enter any area designated as a critical area for wildlife.
   (7) Bicycles may be ridden on upland trails year round and on dikes from February 9 - October 31.
   (8) Fishing is permitted from the Santee River dock and the Hog Pen impoundment except during scheduled waterfowl hunts. Fishing will be allowed during daylight hours (1/2 hour before
sunrise to 1/2 hour after sunset). Fishing is permitted on Murphy and Cedar Island beaches at any
time on a year round basis.

(9) Primitive camping on Cedar and Murphy Islands is restricted to designated areas and will be
allowed only between October 16 and March 14. Camping on the mainland portion is restricted to
the designated campground. Mainland camping registration is required at the campground self-
serve kiosk. Advance registration is required for groups greater than 15 people.

(10) Dogs are allowed on Cedar and Murphy Islands subject to the following restrictions:
(a) Dogs are allowed during participation in scheduled hunts
(b) Dogs are allowed in designated areas at the southern end of Cedar Island and the South
Santee side of Murphy Island.
(c) Dogs are prohibited in all other areas of Cedar and Murphy Island between April 1 and
August 30.
(d) Areas closed to dogs are posted by the Department.

W. Santee-Delta WMA.
(1) Managed wetlands will be open for wildlife observation, bird watching, photography or nature
study during daylight hours (1/2 hour before sunrise to 1/2 hour after sunset) from February 9
through October 31 each year except during special hunts and events regulated by the Department.
Area closed to all public access from November 1 through February 8 except for special hunts and
events regulated by the Department. All public use of this type will be by foot travel only.
(2) All terrain vehicles, bicycles, and horses are prohibited.
(3) Camping is prohibited.

X. Shealy’s Pond Heritage Preserve.
Gasoline powered motors on boats are prohibited.

Y. Tillman Sand Ridge Heritage Preserve.
(1) Camping is allowed in designated campsites during designated hunts only.

Z. Tom Yawkey Wildlife Center.
The Center is a wildlife sanctuary. Boating, fishing and wildlife viewing in or upon navigable
waters is allowed.
(1) Public visitation is by pre-scheduled educational field trips only. The scheduling of educational
field trips is at the discretion of SCDNR.
(2) Primitive camping is allowed by permit only. Requests for permits should be no less than 2
weeks prior to their effective date. Primitive camping is allowed only at Department designated
locations along the beach front from October 16 and March 14. Only one permit will be issued for
each location at a time. Camping is allowed for a period of not more than 4 consecutive nights per
individual permit holder.
(3) No dogs are allowed on beaches, except in the designated public access area.

AA. Victoria Bluff Heritage Preserve.
(1) No campfires or any other use of fire shall be allowed.

BB. Waccamaw River Heritage Preserve.
Primitive camping only is allowed. Camping is allowed only along riverbanks and on sandbars;
campers may approach only by backpacking or boat.

CC. Watson Cooper Heritage Preserve.
Camping is restricted to primitive camping. No live plants may be cut or cleared to improve or
expand a campsite. No campsites or campfires within 25 feet of a stream or creek.

DD. Webb WMA.
(1) Webb WMA is closed to the general public from one hour after official sunset to one hour
before official sunrise.
(2) Overnight visitors to the Webb Center are not restricted in hours of access.
(3) No camping without a permit except for deer, turkey, and hog hunters on nights before a designated hunt.

(4) Bicycles may be ridden on any area that is not marked or posted as restricted to bicycles. No bicycle may be operated in any manner or place that will damage or degrade any feature or habitat. During scheduled big game hunts, bicycles and all terrain vehicles are prohibited except as used by legal hunters and anglers.

EE. Laurel Fork Heritage Preserve.

(1) All terrain vehicles may be ridden on the portions of Cane Break and Horsepasture roads on the Preserve subject to the same rules as the Jim Timmerman Natural Resources Area at Jocassee Gorges.

FF. Botany Bay Plantation WMA.

(1) No camping is allowed.

(2) All terrain vehicles are prohibited except those permitted by the Department for special management activities.

(3) The Fig Island shell rings are closed to all public access except organized scientific, management or educational activities permitted by the the Department.

(4) Access to the beach is by foot, bicycle or boat; no horses allowed on the beach. No dogs allowed on the beach. No collection, removal or possession of shells, fossils, driftwood or cultural artifacts is permitted.

(5) Sea Cloud Landing on Ocella Creek and all other designated access points are restricted to non-trailer watercraft.

(6) All hunters, fishermen and visitors must obtain and complete a day use pass upon entering the area and follow instructions on the pass.

(7) Botany Bay Plantation WMA is closed to public access 1/2 hour after sunset until 1/2 hour before sunrise except for special events regulated by the Department.

(8) No person may gather, collect, deface, remove, damage, disturb, destroy, or otherwise injure in any manner whatsoever the plants, animals (except lawful hunting), fungi, rocks, minerals, fossils, artifacts, or ecofacts including but not limited to any tree, flower, shrub, fern, moss, charcoal, plant remains, or animal remains. The Department may authorize the collection of certain material upon issuance of a permit as provided in 123–206.

(9) Shorebased fishing, shrimping, and crabbing, is allowed only on the front beach and in designated areas only.

(10) The Department reserves the right to close specific areas as needed for management purposes.

(11) Alcoholic beverages are prohibited on the area.

GG. McBee WMA.

(1) All terrain vehicles are prohibited.

HH. Campbells Crossroads and Angelus Tract.

(1) All terrain vehicles are prohibited.

II. Pee Dee Station WMA.

(1) All terrain vehicles are prohibited.

JJ. Daily use cards are required for all users of Hamilton Ridge WMA, Palachucola WMA, Webb WMA, Tillman Sand Ridge Heritage Preserve, Bonneau Ferry WMA, Bear Island WMA, Donnelley WMA, Great Pee Dee River Heritage Preserve, Belfast WMA, Congaree Bluffs Heritage Preserve, Marsh WMA, Woodbury WMA, Worth Mountain WMA, Liberty Hill WMA and Santee Cooper WMA. Cards must be in possession while on the property and completed cards must be returned daily upon leaving the property.

KK. Liberty Hill WMA

(1) All-terrain vehicles are prohibited.
(2) The area is closed to public access 1/2 hour after sunset until 1/2 hour before sunrise except for hunts and special events regulated by the Department.

LL. Wateree River HP WMA

(1) All-terrain vehicles are prohibited.

(2) The waterfowl impoundments are closed to all public access from November 1 through February 8, except for scheduled hunts.

(3) The area is closed to public access 1/2 hour after sunset until 1/2 hour before sunrise except for special events regulated by the Department.

(4) All users, including hunters and anglers must obtain and possess a day use pass upon entering the area and follow instructions on the pass. The completed form must be deposited in the designated container before leaving the area.

(5) Special events may be permitted by the Department.

(6) Horseback riding is prohibited except by special permit.

MM. Lewis Ocean Bay HP WMA

(1) Horseback riding is also allowed during the period January 2 through March 1, subject to the restrictions in Regulation 123–203, Paragraph G, sections (2) through (11).

NN. Turtle Island WMA

(1) No dogs are allowed, except during participation in scheduled hunts, and when physically restrained by a leash or similar device between Sept 1 and March 31.

(2) Primitive camping is restricted to designated areas and will be allowed only between October 16 and March 14.

OO. Pine Island

(1) No dogs are allowed, except when physically restrained by a leash or similar device between Sept 1 and March 31.

123–205. Special Events, Permit Requirements and Procedures, and Exceptions.

A. A special event permit is required for all events occurring on Department land if one of the following conditions exists:

(1) the exclusive use of a facility or a specified land or water area is required;

(2) an organized or advertised competition will be conducted;

(3) sound will be amplified which may disrupt area users; or

(4) temporary structures, other than blinds or common camping equipment, will be erected.

B. Permits may not be issued for events that are commercial in nature, where entrance or similar fees are charged, or where vendors are present for the purpose of selling any items.

C. An event sponsored in part or in total by the Department shall not require a special event permit.

D. Permit procedures:

(1) Each application for a special event permit must be submitted to the Department not less than 30 weekdays before the event is to be held;

(2) Performance deposit may be required as a condition of special event permit issuance;

(3) The deposit will be returned by the Department, provided the special event permittee has performed all permit conditions;

(4) The permittee is responsible for cleaning and safekeeping the land during and following any event, and the permittee is responsible for any damage and for clean-up costs incurred by the Department in connection with the event;

(5) Permit holders may tag or mark wildlife only as allowed under permit conditions.
E. The Department may refuse to issue a special event permit if the proposed event would:
   (1) not be compatible with intended uses of the area;
   (2) result in misuse or damage to facilities, structures or the natural environment; or
   (3) pose a threat to public health, safety or welfare.

F. In addition to other penalties prescribed by law, failure to comply with all rules and regulations and permit conditions is grounds for revocation of a special event permit or refusal to issue a special event permit.

123–206. Permits to Collect Plants, Animals, or Minerals or to Undertake Archeological Activities.
A. The Department may issue permits to collect plants, animals, or minerals or to undertake research, survey, or archeological activities on Department land. Permits may be issued only for activities relating to educational or scientific purposes. Permits may be issued subject to the following conditions:
   (1) Each application for a permit must be submitted to the Department not less than 30 weekdays before the proposed activity is to commence;
   (2) A performance deposit may be required as a condition of permit issuance;
   (3) The deposit will be returned by the Department, provided the permittee has performed all permit conditions;
   (4) The permittee is responsible for cleaning and safekeeping the land during and following the activity, and the permittee will be responsible for any damage and for clean-up costs incurred by the Department in connection with the activity;
   (5) Permit holders may tag or mark wildlife only as allowed under permit conditions.

B. The Department may refuse to issue a permit if the activity would:
   (1) not be compatible with intended uses of the area;
   (2) result in misuse or damage to facilities, structures or the natural environment; or
   (3) pose a threat to public health, safety or welfare.

This regulation shall not be applicable to Department owned land used for such purposes as fish hatcheries, maintenance facilities, storage facilities, offices, residences, or similar facilities which are not open generally for public use or recreational purposes.

123–208. Law Enforcement, Fire Fighting, and Emergency Activities.
This regulation shall not be construed or applied to prevent any authorized law enforcement, fire fighting, emergency, or rescue personnel from carrying out their official responsibilities.

123–209. Term and Conditions for the Public’s Use of State Lakes and Ponds Owned by the Department of Natural Resources.
A. Pursuant to the conditions provided in 1976 Code Section 50–11–2200 prohibiting certain acts and conduct on state lakes owned or leased by the department, regulations defining the terms and conditions for public use of state lakes owned by the Department are as follows:
   a. Draper WMA State Lakes in York County
i. The lakes are open for fishing from one-half hour before official sunrise to one-half hour after official sunset, every day except Tuesday. The ponds are closed to fishing on Tuesdays.

ii. Fishing is allowed with only rod and reels or poles. The statewide limit on the number of these devices applies.

iii. No minnows allowed for bait.

iv. Combined daily fish limits from all ponds are 3 largemouth bass, 15 bream to include redbreast sunfish, and 3 catfish. Statewide limits apply for all other fish species, except no size limit for crappie.

v. Trails are for walking or fishing access only; no ATVs, motorized vehicles, or horses allowed on these trails.

vi. Pets must be on leashes or under the control of their owner at all times.

vii. No boats are allowed in ponds.

viii. The possession or consumption of alcoholic beverages is prohibited on department lake properties, except as by special permit from the department.

b. Lake Cherokee in Cherokee County

i. The lake is open to fishing 24 hours a day. The lake is open for other allowed purposes from one-half hour before official sunrise until one-half hour after official sunset.

ii. Fishing is allowed with only rod and reels or poles. The statewide limit on the number of these devices applies.

iii. Daily fish limits are 5 largemouth bass, 10 bream to include redbreast sunfish, and 3 catfish. Statewide limits apply for all other fish species, except no size limit on crappie.

iv. Vehicles are restricted to roads and designated access areas only.

v. Trails are for walking or fishing access only; no ATVs, motorized vehicles, or horses allowed on these trails.

vi. Pets must be on leashes or under the control of their owner at all times.

vii. Boats are allowed but may only be propelled by paddle or electric trolling motors.

viii. The possession or consumption of alcoholic beverages is prohibited on department lake properties, except as by special permit from the department.

c. Lake Edgar Brown in Barnwell County

i. The lake is open to fishing 24 hours a day. The lake is open for other allowed purposes from one-half hour before official sunrise until one-half hour after official sunset.

ii. Fishing is allowed with only rod and reels or poles. The statewide limit on the number of these devices applies.

iii. Daily fish limits are 3 largemouth bass 16 inches or longer, 20 bream to include redbreast sunfish, and 3 catfish. Statewide limits apply for all other fish species, except no size limit on crappie.

iv. Vehicles are restricted to roads and designated access areas only. No motorized vehicles of any type allowed on dikes.

v. Trails are for walking or fishing access only; no ATVs, motorized vehicles, or horses allowed on these trails.

vi. Pets must be on leashes or under the control of their owner at all times.

vii. Motor powered boats are allowed. North of Wellington Road only outboard motors rated at 10 horsepower or less are allowed.

viii. The possession or consumption of alcoholic beverages is prohibited on department lake properties, except as by special permit from the department.

d. Lake George Warren in Hampton County

i. The lake is open to fishing 24 hours a day. The lake is open for other allowed purposes from one-half hour before official sunrise until one-half hour after official sunset.
ii. Fishing is allowed with only rod and reels or poles. The statewide limit on the number of these devices applies.

iii. Daily fish limits are 3 largemouth bass, 20 bream to include redbreast sunfish, and 3 catfish. Statewide limits apply for all other fish species, except no size limit on crappie.

iv. Vehicles are restricted to roads and designated access areas only.

v. Trails are for walking or fishing access only; no ATVs, motorized vehicles, or horses allowed on these trails.

vii. Boats are allowed but may only be propelled by paddle or electric trolling motors.

viii. The possession or consumption of alcoholic beverages is prohibited on department lake properties, except as by special permit from the department.

123–211. Terms and Conditions for the Public’s Use of Department Shooting Ranges.

A. The Department may construct shooting ranges on property it owns or leases for the purpose of providing public shooting opportunity. The following rules apply to Department firearm and archery ranges:

(1) Ranges may only be used during open days and hours of operation. Open days and hours of operation shall be designated on signs and at least one of such signs will be posted at the entrance to each Department range.

(2) Where suitable, the Department may offer clay target shooting opportunities for the public. The Department may charge up to $5.00 per 25 clay targets on shotgun ranges to recoup the cost of clay targets.

(3) Approved eye and ear protection must be used at all times by shooters and spectators.

(4) Visitors may not be under the influence of or in possession of alcoholic beverages, drugs, or other controlled substances. No alcoholic beverages, drugs, or any other controlled substances are allowed.

(5) All firearms entering or leaving the range must be unloaded and properly cased until on the firing line. All firearms must be unloaded and properly cased before leaving the firing line.

(6) Loading and unloading of the firearm may only be completed at the firing line with the muzzle pointed down range.

(7) All firearms must be unloaded and actions open while targets are being hung or checked.

(8) Persons under the age of 16 must be accompanied by an adult (age 21 or older) who is responsible for their actions. Persons under the age of 16 are not allowed to be on the firing line at
any pistol range contained within a Department range facility. In addition, persons under the age of 21 in possession of a pistol on a Department range must be accompanied by an adult age 21 or older.

(9) Only paper or cardboard targets may be used.
(10) Incendiary or explosive targets are prohibited.
(11) All targets must be located so that a bullet will strike between the base of and halfway up the backstop/berm, so that no bullet strikes the ground in front of the backstop/berm.
(12) All visitors must clean up their areas. All targets, litter, and spent ammunition cases must be removed by the shooter before leaving.
(13) No shooter may fire from points other than designated firing points. Shooters may shoot targets in their lane only.
(14) Food, drinks, and tobacco products are prohibited on the firing line at all times.
(15) Climbing on berms or benches is prohibited.
(16) Open toed shoes are prohibited on the firing line.
(17) No firearm of a .50 caliber or greater may be used. Muzzle loaders above .50 caliber are allowed.
(18) The following ammunition types are prohibited: tracer, incendiary, explosive, armor piercing, or penetrator rounds.
(19) The possession of a fully automatic weapon is prohibited.
(20) Arrows with broadheads are prohibited on Department archery ranges.
(21) Any activity that would be considered to present a safety hazard is prohibited.
