

South Carolina  
Department of Transportation

Christy A. Hall, P.E.  
Secretary of Transportation  
803-737-0874 | 803-737-2038 Fax

January 7, 2022

Honorable Thomas C. Alexander, President  
South Carolina Senate  
213 Gressette Building  
Columbia, SC 29201

Honorable James H. "Jay" Lucas, Speaker  
South Carolina House of Representatives  
506 Blatt Building  
Columbia, SC 29201

Re: SCDOT 2022 Annual Report

Dear Mr. President and Mr. Speaker:

I am pleased to submit the South Carolina Department of Transportation (SCDOT) Annual Report for 2022. Included in the report is an update on our progress towards repairing and upgrading the state's road and bridge network. Thanks to the funding provided in 2017 by the Legislature, significant progress has been made with thousands of miles of paving projects, hundreds of bridge projects, over 1,000 miles of rural road safety projects and numerous miles of interstates upgraded. Amongst these four main categories, SCDOT has either surpassed or is on target toward our 10-Year Plan.

In accordance with South Carolina Code of Laws § 57-3-760, SCDOT is required to provide this report to the General Assembly. In concurrence, this Annual Report satisfies the condition of the 2017 Act No. 40, § 57-1-380 requiring SCDOT to provide and publish an annual update on achieving the Transportation Asset Management Plan (TAMP) performance goals.

We greatly appreciate your commitment to improving the state's infrastructure, and we look forward to continuing the successful execution and expansion of the 10-Year Plan. Please do not hesitate to reach out to us if you have any questions or need additional information.

Sincerely,

Christy A. Hall, P.E.  
Secretary of Transportation

cc: South Carolina General Assembly

# Annual Report

January 2022 - Reporting on State Fiscal Year 2021

*As required by SC Code Section 57-3-760, to include 2017 Act No. 40, Section 57-1-380.*

# Annual Report

January 2022 - Reporting on State Fiscal Year 2021

The South Carolina Department of Transportation (SCDOT) is the lead transportation agency in the state of South Carolina. As such, the agency is responsible for operating, maintaining and improving approximately 41,300 miles of roads and more than 8,400 bridges. South Carolina has the fourth largest state-maintained highway system in the nation while serving the tenth fastest population growth rate in the nation.

Additionally, the agency is responsible for setting and executing a long-range vision for the surface transportation network for South Carolina. SCDOT is able to accomplish this through the professionalism of its staff and steady leadership of the Secretary of Transportation and the nine-member Transportation Commission.

Following the passage of the historic Roads Bill in 2017, SCDOT was able to develop and launch a 10-Year Plan to repair, improve and upgrade the state's transportation network. This annual report captures the first four years of progress towards that 10-Year Plan and reflects the excellent progress made so far. The 10-Year Plan developed in 2017 was designed to focus on maintenance and repair of the existing road and bridge network with some strategic interstate work included. However, since this time, the federal-aid highway program has been increased and is poised to enable SCDOT to fully round out a plan to both repair the existing road network and expand the road network to address congestion and rural economic development needs. SCDOT leadership looks forward to working with the Governor and the Legislature to continue to improve and enhance our programs for road and bridge work for our great state.

## Our Mission

• • •

*"SCDOT shall have as its functions and purposes the systematic planning, construction, maintenance, and operation of the state highway system and the development of a statewide intermodal and freight system ...*

*the goal of the Department is to provide adequate, safe, and efficient transportation services for the movement of people and goods."*

(SC Code Section  
57-1-30)

## **SECTION I- Agency Accomplishments**

In transportation, highway work zones are the symbol of progress. The first four years of our 10-Year Plan have been successful as thousands of miles of roads are resurfaced, hundreds of bridges are replaced, miles of interstates are widened, and rural road safety issues have been tackled. In addition to those successes, SCDOT earned major achievements and awards as noted below:

- SCDOT won the national **AASHTO President's Award** in November 2020, for transparency & accountability measures allowing the public to follow the monthly collection of new revenues through the completion of projects by tracking every dollar.
- The **I85/I-385 Gateway Interchange won the SASHTO Award** in the category of "Operations Excellence in Major Highway Project" in September 2020. The project's design, engineering, and construction was recognized for delivering a "more reliable, well-functioning and safer transportation system."
- The Minority & Small Business Affairs Division hosted **Bridging the Gap Forums** in October 2020 and January 2021 to provide DBE/SBE firms with an opportunity to engage with SCDOT leadership. Both events were hugely successful.
- In July 2020, SCDOT **Upgraded the 511 System** with enhancements to download maps faster, and for travelers to access information on construction, lane closures, crashes, congestion, and severe weather affecting traffic.
- On June 30, 2021, SCDOT discontinued toll collections on Hilton Head's **Cross Island Parkway**. Opened in 1998, this road connected the north end (US 278) of the island with the south end. The tolls have repaid the bonds that were issued to build the road, collect the tolls, and maintain the roadway.

---

## **SECTION II- Delivering Results with the 10-Year Plan**

Our current task over the next 10 years and beyond is to repair, rebuild and expand our transportation network to ensure that our citizens and businesses can travel on a safe and reliable system. SCDOT understands the importance of this responsibility and has crafted a 10-Year Plan to guide and report on the transformation of the state's surface transportation network.

The 10-Year Plan was launched following passage of the historic Roads Bill (Act 40) in South Carolina. The passage of Act 40 by the Legislature has allowed SCDOT to succeed by:

1. Diversifying SCDOT's revenue stream allows us not to be over-reliant on federal funds, which also allows projects to be streamlined
2. Phasing-in a Gas Tax increase to ramp-up industry
3. Implementing a strategic, targeted plan to rebuild and improve the network, and
4. Putting SCDOT in a position to maintain a robust construction program, despite COVID-19 revenue impacts

Accordingly, SCDOT has dramatically increased its work program by tripling its construction program over the past three years to a record-breaking \$3.4 Billion level today.

We have invested the funds in four main categories, exactly the way we said we would:

- **RURAL ROAD SAFETY**: SCDOT is addressing the “worst-of-the-worst” rural roads with poor safety records by investing \$50 million a year. Nearly 30% of the state’s fatalities and serious injury crashes are occurring on only 5% of our network. *Our ten-year target of 1,000 miles for rural road safety improvements is ahead of schedule with 583 miles of Rural Road Safety Projects completed or under contract.*
- **PAVING**: The largest single area of investment by SCDOT is in paving projects in every county of the state. SC has a large network of roads that had been neglected for thirty years resulting in a significant backlog of deferred maintenance. While all networks are important, SCDOT has intentionally focused heavily on the roughly 9,500 miles of primary routes because they carry almost half of the state’s traffic on a daily basis and are the same routes with major safety concerns. While we have seen improvements in pavement conditions across the entire network, *it is especially important to note that the pavement condition on the primary routes have improved 19 percentage points since the launch of the 10-Year Plan.*
- **BRIDGES**: The vital links in the transportation system in and across South Carolina are the bridges. We are targeting structurally deficient and load-restricted bridges on our network that create issues and unnecessary delays in the movement of people and goods across our vast network. *Our ten-year target of replacing 465 bridges is on target with 207 bridges addressed to date.*
- **INTERSTATES**: SC is booming and our economy is dependent upon good interstates to feed our economic engine. We have established an aggressive interstate widening program that will improve mobility and capacity by widening more than 140 miles of interstate, targeting bottlenecks in urban areas and widening key rural sections. *Our ten-year objective of improving 140 miles of interstates is on target with approximately 82.5 miles completed or advanced to construction.*

The 10-Year Plan is financially backed by both state and federal funds with the allocation of funding strategically assigned to maximize efficiency and leverage all funds to their maximum potential and benefit to our state. The 10-Year Plan also embraces asset and performance management principles, including tying specific levels of investment to desired outcomes (targets). Each year, SCDOT reports on this progress and has compiled the table below in compliance with SC Code of Laws, Section 57-1-380.

## Transportation Asset Management Plan (TAMP) Performance Targets

Safety			2016 Baseline Condition		2020 Actuals		10-Year Target	
Fatalities (Statewide)			890	5 Year Rolling Average	1023	5 Year Rolling Average	886	5 Year Rolling Average
Fatality Rate			1.75		1.84		1.34	
Number of Serious Injuries			3194		2876		2573	
Serious Injury Rate			6.30		5.16		3.89	
Non-Motorized Fatalities & Serious Injuries			376		441		351	
Pavements	Centerline Miles	% Traffic Carried by Network (VMT)	2016 Baseline		2020 Actuals		10-Year Target	
Interstates	851	30%	65%	10%	77%	10%	92%	3%
Primaries / Major Roads	9,469	47%	19%	56%	41%	42%	53%	30%
Farm to Market Secondaries	10,395	17%	19%	50%	29%	44%	40%	35%
Neighborhood Streets	20,584	6%	13%	56%	23%	45%	25%	45%
Bridges (by number)	# Structures	% VMT	2016 Baseline		2020 Actuals		10-Year Target	
NHS	1,745	56%	48%	6%	46%	3%	66%	0%
Non-NHS	3,883	37%	46%	11%	45%	7%	41%	11%
Off-System	2,794	7%	40%	9%	39%	6%	36%	10%
Bridges (by deck area)	Bridge Deck Area (square feet)	% VMT	2016 Baseline		2020 Actuals		10-Year Target	
NHS	39,110,289	56%	42%	4%	42%	3%	60%	0%
Non-NHS	24,903,895	37%	50%	10%	50%	7%	41%	15%
Off-System	7,607,110	7%	51%	7%	50%	5%	44%	10%
<b>Bridge Program</b>			2016 Baseline Condition		2020 Actuals		10-Year Target	
Replaced or Rehabilitated			465 structures targeted		207 structures addressed YTD		465 structures addressed	

As noted in the table, very good progress is being made towards the targets in the 10-Year Plan with the exception of fatalities. Regrettably, South Carolina has followed the national trend of seeing increased fatalities in both vehicular crashes and non-motorized (bike/ped) crashes. It appears that lower traffic volumes across the state due to changes in commute and travel patterns since the arrival of the coronavirus, has led to higher speeds and crashes of greater severity.

In addition to the significant amount of road and bridge construction all across the state, SCDOT's maintenance forces continue to deliver results maintaining the nation's fourth largest transportation system. In state fiscal year 2021, SCDOT Maintenance forces:

- *Received and processed approximately 84,000 work requests or approximately 430 daily*
- *Received and responded to approximately 28,812 citizen requests to patch potholes*
- *Mowed approximately 162,190 acres of grass*
- *Removed 5.41 million pounds or nearly 3 tons of litter/debris*
- *Approved 9,119 encroachment permits*

SCDOT staff also processed several damage claims filed by citizens over the past several years.

As shown in the below table, the number of claims and amount paid can vary significantly from year to year. The data below reflects only the claims processed and paid directly by SCDOT.

<u>CALENDAR YEAR</u>	<u>TOTAL NUMBER OF CLAIMS</u>	<u>AMOUNT PAID</u>
2021	2911	\$457,022
2020	3161	\$ 700,135
2019	3541	\$702,689
2018	1085	\$135,568
2017	2295	\$397,961

In addition to the 10-Year Plan, SCDOT has developed and implemented other transportation planning documents, to include the Strategic Plan, the Multimodal Transportation Plan, Transportation Asset Management Plan, and the Statewide Transportation Improvement Program. These plans work together to provide a clear vision of how we maintain and preserve the pavement and bridge assets on the state highway system, and how this will enable us to rebuild that system into one that will meet the needs of every South Carolinian today and in the future.

- **Strategic Plan** is a multi-year plan with 5 distinct goals:
  - **Improve safety** programs and outcomes in our high-risk areas.
  - **Maintain and preserve** our **existing** transportation infrastructure.
  - **Improve SCDOT program delivery** to increase efficiency and reliability of our road and bridge network.
  - **Provide a safe and productive work environment** for SCDOT employees.
  - **Earn public trust** through transparency, improved communications, and audit compliance.
- **Multimodal Transportation Plan (MTP)** is South Carolina's long-range transportation plan. The 2040 Multimodal Transportation Plan update includes fully integrated modal plans for the Interstate, Strategic Corridors, Public Transit and Human Health Service Coordination, Freight, and Rail. This is a 20-year plan, updated every five years. The current plan is as of July 2020 and is located at <https://www.scdot.org/multimodal/>.
- **Statewide Transportation Improvement Program (STIP)** includes all projects or programs that receive SCDOT funding, including pavements, bridges, upgrades, freight, safety, congestion mitigation and air quality (CMAQ), transportation alternatives program (TAP), railroad crossings, planning, preventative maintenance and operations, and public transportation. This is a seven-year transportation improvement program, reviewed every three years but is also revised on a continual basis to reflect the latest program and project information. The current plan was approved in 2021, and it will be updated in 2024. The STIP is located at <https://www.scdot.org/inside/planning-stip.aspx>.
- **Transportation Asset Management Plan (TAMP)** uses asset and performance management principles and practices that tie defined asset condition outcomes to specific levels of investment. The plan includes the condition targets that were established as part of our 10-Year Plan. This 10-Year Plan is reviewed at two-year intervals to evaluate performance targets and sets the agency's asset investment strategies. The TAMP is located at: <https://www.scdot.org/inside/tamp.aspx>.

---

## **SECTION III- 5-Year Plan Detailing Traffic Regulation**

In response to Act 181 of 1993 (also known as the 1993 Restructuring Act), the SC Highway Department was separated into the Department of Public Safety, the Department of Motor Vehicles, and the Department of Transportation. Pursuant to Section 1507 of ACT 181, the duties and powers relating to highways do not contain traffic regulations (including administration and enforcement of traffic, driver, and motor vehicle laws) and are therefore, not the responsibility of SCDOT.

---

## **SECTION IV- Firms, Companies, & Businesses with Contracts**

The following are lists by five categories of all firms, companies, or businesses that did business with the South Carolina Department of Transportation for FY 2021 (July 1, 2020 – June 30, 2021).

The first report is all *Vendor Payments* and begins on page 8. This report includes all payments made to any vendor during FY 2021 and is sorted from highest paid vendor to lowest.

The second report focuses only on *Highway Contractor Payments*. The Construction Contractor Payments report begins on page 71 and reflects payments for construction work on the state highway system.

The third report focuses only on payments associated with work to construct, renovate or maintain SCDOT owned buildings. The *Facility / Capital Improvements* report is on page 72.

The fourth report focuses only on payments for vendor services generally affiliated with maintenance and operation of the state system as well as general supplies. The *Commodities and Services Contracts* report begins on page 73.

Finally, the fifth report focuses only on payments for engineering consultants and other professional services. The *Professional Services Contracts* report is on page 76.

*The vendor numbers and names represented on the following lists were extracted directly from the South Carolina Enterprise System (SCEIS).*

**All Vendor Payments:**

SCEIS Vendor Number	Vendor	FY21 Amount
7000245747	Blythe Construction Inc./Zachry	\$ 70,388,634.37
7000275092	Archer United JV	\$ 64,179,303.77
