RE: First Steps 4K Underserved Communities Report Pursuant to Proviso 1.56

Proviso 1.56 of the General Appropriations Act for FY22 specifies that:

For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher reimbursement rates to high-quality child care centers. The reimbursement rate for students enrolled by child care providers rated B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student base following guidelines developed by the Office of First Steps; and (2) up to \$100,000 to provide one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15.

Pursuant to the terms of the proviso, I am writing to provide an update on First Steps 4K implementation of Proviso 1.56.
