Fiscal Year 2016-2017 Accountability Report

SUBMISSION FORM

AGENCY MISSION

The South Carolina Jobs-Economic Development Authority (JEDA), created by an act of the General Assembly by Section 41-43-10, is a quasi-public instrument of the State which promotes the business and economic welfare of South Carolina by assisting in the financing of public and private projects throughout the State. JEDA serves as a statewide conduit issuer of special obligation revenue bonds and acts on behalf of the borrowing entity to access financial markets & capital. JEDA serves non-profit organizations, including educational facilities, healthcare facilities, and other non-profit organizations such as foundations, museums, Goodwill Industries and YMCA; small manufacturing facilities as well as solid waste disposal facilities which qualify for tax-exempt and taxable financing. JEDA's mission is to advance the economic welfare of the State with focus on job creation and retention.

AGENCY VISION

Promote and develop the business and economic welfare of the State to provide maximum opportunities for the creation and retention of jobs and the improvement of the standard of living through the issuance of bonds for non-profits and qualified small manufacturers and solid waste facilities through monetary savings by borrowing through a conduit bond issue offering lower tax-exempt interest rates.

Please select yes or no if the agency has any major or minor (internal or external) recommendations that would allow the agency to operate more effectively and efficiently.

AGENCY'S DISCUSSION AND ANALYSIS

JEDA continues to expand its educational efforts and marketing plan of its bond programs available to advance and grow the business and economic welfare of South Carolina businesses. Through its own efforts and in partnership with national development agencies, JEDA provides educational and resource material to potential borrowers and, in an environment where existing borrowers are exposed to increased scrutiny by regulatory agencies (i.e. Internal Revenue Service and Securities and Exchange Commission) monitors and provides continuing compliance requirements and material to its existing borrowers.

JEDA receives no state or federal funding, is completely self-supporting and operates primarily on revenues generated through its bond issuing activities. Despite challenges in the economic environment and market volatility, JEDA continues to develop innovative financial structuring to assist borrowers and advance economic development and job growth in South Carolina. During FY 2017, JEDA closed 21 bonds for a total of \$852,258,571 and reissued or modified 4 bonds for a total of \$169,935,000. Of the twenty-one new projects, ten were new capital expenditures, eight were refinancings and three projects combined new capital expenditures with refundings/refinancings. The projects included issues for 1 private college, 2 educational facilities, 4 charter school, 6 multi-site health care systems, and 8 continuing care retirement centers, which when combined, currently employ 23,946 individuals and are expected to create 174 new jobs.

As implementing agency on behalf of the State of South Carolina, JEDA received an allocation of \$17.99M from the Department of Treasury to implement the South Carolina SSBCI (State Small Business Credit Initiative) program. During this fiscal year, the program, which is administered by the Business Development Corporation (BDC), deployed \$26,088,228 in SSBCI funds through two loan programs- a loan participation program and a Capital Access Program, which have generated a total of \$144,599,551 in loans which resulted in the creation of 520 new jobs and the retention of 2,937 existing jobs. South Carolina continues to be lauded by the Department of Treasury as having the most successful SSBCI program in the country.

JEDA hosted its annual Bond Summit in Nov. 2016. This annual conference is designed for both public and private sector participants from all over the country which represent a diverse cross-section of the development finance industry and brings unique perspectives and creative financing approaches, including tax-exempt and taxable bonds, credit enhancement programs, debt and equity investments. The event was attended by a variety of non-governmental and private organizations ranging from regional and large investment banks to underwriters, bond counsel, bond insurers, trustees, rating agencies and other organizations interested in public finance.
