Accountability Report**

SUBMISSION FORM

AGENCY MISSION

The Commission and the Office of Indigent Defense were established by Act 164 of 1993, effective July 1, 1993. The Office operates pursuant to §17-3-310, et seq. of the South Carolina Code of Laws, 1976, as amended. Effective July 1, 2005, the Office of Appellate Defense became a division within the agency.

The Commission on Indigent Defense, through the Office of Indigent Defense and its divisions, and in cooperation and consultation with other state agencies, professional associations and other groups interested in the administration of criminal justice and the improvement and expansion of defender services, establishes and monitors programs and services for legal representation to indigent defendants charged with criminal offenses in the courts of the state. The agency also manages the Rule 608 Contract program, contracting with attorneys across the state to provide representation in criminal and specific family court cases.

The Appellate Defense division of SCCID handles appeals on behalf of indigent clients and consists of a staff of eleven attorneys.

The Capital Trial division within SCCID handles capital cases, statewide, frequently partnering with outside counsel appointed by the court.

The Office of Indigent Defense establishes guidelines for court-appointed attorneys in representing indigent clients and administers distribution of funding for indigent defense. Additionally, the office establishes and supervises training programs for public defenders and staff across the State and oversees a central reporting system of statistical data in the delivery of indigent defense services.

AGENCY VISION

The SC Commission on Indigent Defense (SCCID) is responsible for ensuring that qualifying individuals are provided indigent defense services in South Carolina and provide the highest quality of representation to our clients.

The SCCID sets and enforces standards, allocates resources, and seeks to maintain accountability of those persons entrusted with the life and liberty of indigent persons charged with crimes, facing DSS abuse and neglect, Termination of Parental Rights, other Family Court matters, PCR and SVP matters.

AGENCY'S DISCUSSION AND ANALYSIS

The South Carolina Commission on Indigent Defense (SCCID) continued to strengthen and fulfill the mission of our statewide public defender system which was created in 2007. Circuit Public Defenders actively participated in all phases of the legislative budget process and with legislation affecting the state's criminal justice system by attending sub-committee and committee hearings throughout the legislative session.

SCCID continued quarterly meetings with the Circuit Public Defenders and maintained open communication lines with all. SCCID continued to expand its training program. SCCID successfully conducted its 4th annual Public Defense 100 training series for new public defenders entering the system from throughout the state. The program consists of three multi-day seminars and workshops focusing on case analysis and trial advocacy. SCCID has also expanded its training to include attorneys, who contract with the agency, to represent indigent clients in cases where the public defender has a conflict. Working with the Children's Law Center, SCCID has also begun an ongoing series of training workshops for juvenile defenders. In addition to its ongoing training programs, SCCID will continue to present seminars on new and developing areas in the law to assure that clients receive knowledgeable and effective representation.

The agency entered its 6th year of contracting with private attorneys to handle criminal conflicts, Family Court, PCR and SVP cases. Contracts are awarded on a one-year basis to attorneys throughout the state. This program, which effectively supplants the Rule 608 court-administered program, continues to be highly successful and efficient in moving cases, and continues to receive universal approval from judges, participating attorneys, prosecutors, and agencies that are involved. Only the most qualified attorneys are selected for contracts which are awarded by a committee consisting of representatives of the agency, the SC Bar, the Commission, and the Circuit Public Defenders. The results of the contract system have been to eliminate calendar conflicts, move the dockets faster, reduce the number of potential appeals, and provide quality representation. The agency continued its partnership with the USC Law School's Children's Law Center to co-host seminars on Family Law issues for contract attorneys and public defenders handling juvenile criminal cases. SCCID fully participates in the Bench and Bar Committee for Family Law and has a well-established cooperative relationship with all interests which are represented on the committee including DSS, DJJ, Court Administration, GAL Program, Family Court Judges, and other key personnel in the Family Court.

The agency continues to monitor and review its policies and guidelines and their application by service providers, including private investigators, contract attorneys and other counsel appointed by the courts. We have frequently requested hearings or telephone conferences with judges and counsel to address requests for attorney fee/expert witness fees that exceed caps, policies and guidelines, or to establish an agreement as to caps on fees and experts in many cases. This involvement has resulted in a much more efficient use of limited state resources. While it has taken many years to reach this point, nearly all participants in the system now recognize that the agency does carefully monitor and audit voucher requests for payment of fees and costs that do not appear reasonable. The contract system, because of its flat fee structure, has resulted in a more efficient voucher processing system. Due to this increased efficiency, the agency did not find it necessary to fill a voucher processing position after the position became vacant.

We continue to work very diligently to have municipalities with their own optional courts provide resources for indigent representation. As a result, in a growing number of municipalities, the municipality and the circuit public defender have entered into contracts to do so. The legislature overwhelmingly again approved Proviso 61.12, which requires adequate funding by municipalities that chose to have a municipal court. This requirement continues to fulfill a long-term goal of the Commission and the agency and is a significant achievement in both providing access to justice at the municipal level and having the funding source for it as well.

The agency continued support and program planning and implementation with the SC Public Defender Association and the SC Public Defender Investigator Association for their respective annual training conferences; co-sponsoring with the USC School of Law's Children's Law Center seminars on juvenile issues for both public defenders and private bar contract attorneys; the highly successful Public Defender Summer Rural Extern Program in partnership with the Charleston School of Law; its arrangement with the Nelson Mullins law firm to provide pro bono appellate attorneys to assist the agency's appellate division in brief writing and oral arguments of selective cases before the state's appellate courts to help alleviate the crushing caseload that our appellate division must handle.

The position of Comptroller/Financial Analyst, created in July of 2016 and filled in August of 2016 continues to serve a crucial function for the agency. This position provides the agency with an uninterrupted focus on its finances and their sources, which can be very complex to understand and follow, and allows us to pursue financial audits of fee and fine allocations. It has also allowed the Assistant Director position to focus entirely on administrative and personnel matters and supervise voucher processing and payment. All of this has resulted in a much smoother and more cost-effective operation of the agency with increased accountability. In addition, there is continued publishing of weekly (every Monday) financial reports with year to date and supporting information and side-by-side comparisons of 3 consecutive fiscal years; continued adjustments in agency operational priorities as necessary and close monitoring of fees and fines revenue designated for agency receipt.

The Commission in accordance with Proviso 117.142, conducted extensive research into the issue of the screening process of those applying for Public Defender Services. We met with the Chief Justice of the South Carolina Supreme Court, Legislators, court personnel in all 46 counties, and numerous others involved in the screening process to develop a proposed plan to improve this process and ensure that only those truly indigent receive appointed counsel. A report on this issue was completed and filed with the appropriate Legislative Committees on December 1, 2017.

A few years ago, the Commission approved Performance Standards for Public Defenders. In conjunction with The Children's Law Center, SCCID undertook the task of developing Standards of Practice for Attorneys Representing Parents in Abuse and Neglect Cases. The majority of the attorneys providing this representation are Rule 608 Contract attorneys. A committee was formed to develop these practice standards in order to promote quality representation and uniformity of practice throughout the State for attorneys for indigent parents in child abuse and neglect cases. The committee consists of practicing Rule 608 attorneys, and representatives from DSS, Judiciary, and SCCID. The Commission hopes to discuss and approve the practice standards by the end of FY18-19.

The South Carolina Supreme Court received a grant to participate in the Right to Counsel Campaign. The grant provides Training and Technical Assistance (TTA). SCCID has been invited by the Chief Justice to participate on the team of stakeholders in South Carolina to explore the adoption,

implementation, and sustainment of effective approaches to ensuring the Right to Counsel in all courts across the State. The first meeting was held in June 2018, and we continue to meet to work on this project.

The Agency has continued to work on ways to give and receive employee feedback. We mandated a March 30, 2018 deadline for Agency supervisors to meet with employees they supervise to review expectations for the next year and receive feedback regarding any issues/concerns that individual personnel may have. Prior to March 30, 2019 supervisors will prepare an evaluation of each employee's performance and meet with them to review their performance outlining any areas for improvement, highlight things they have done well, and accept feedback on each employee's assessment of the Agency's performance. The Agency also implemented a policy that all employees leaving the Agency will complete an exit interview. This will provide the Agency with information concerning tasks we may be doing well and those tasks we may can improve on.

The Agency began the FY and continues as one of several agencies under review by the House Oversight Committee. This process has required substantial work and production of documents, many of which can be found posted on the SC Legislature website (<https://www.scstatehouse.gov/>) under the tab "Committee Postings and Reports". There you can also find video archives of each of the meetings. The Agency has prepared extremely hard for these presentations, and we have received positive feedback from the Committee for our preparation and extensive compilation of Agency data.
