AGENCY'S DISCUSSION AND ANALYSIS

Vision

The South Carolina Military Department is an *extraordinary, community-based organization* – **ready** to execute its mission today, with a **relevant** force structure, composed of **resilient** Service Members, Employees, and Families, who are **responsible** to our Nation, Communities, Families, Soldiers, and Airmen.

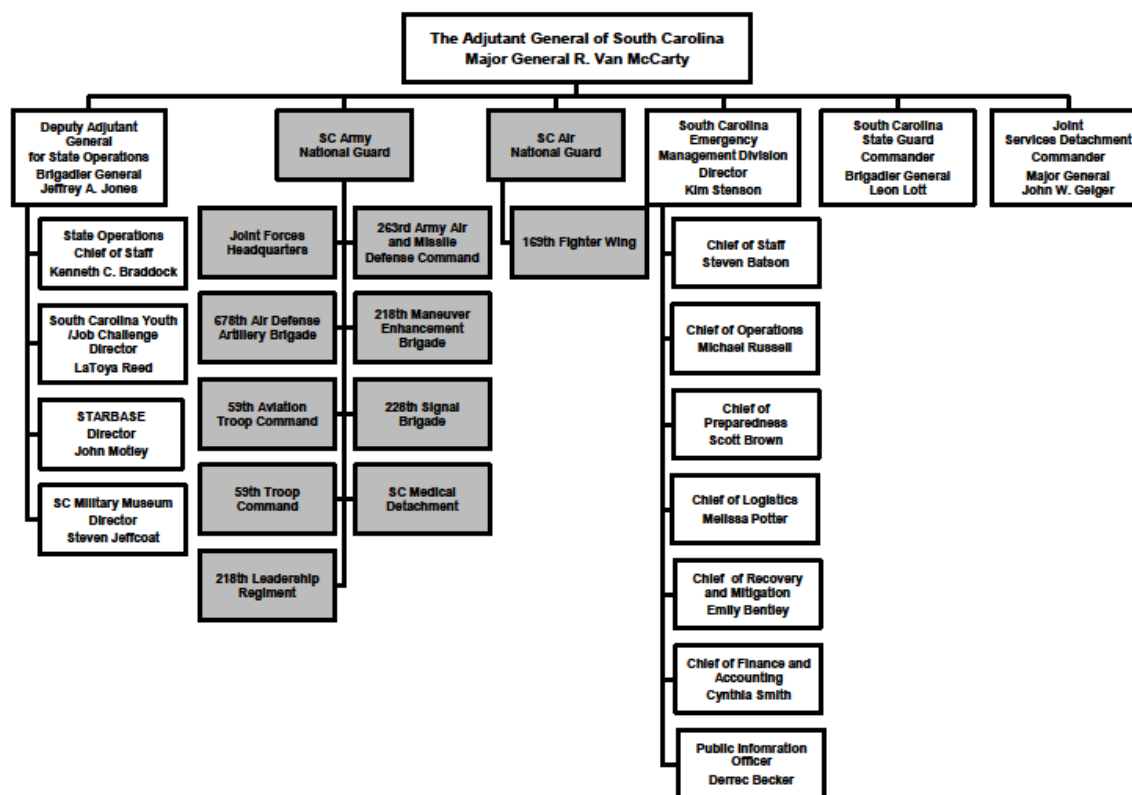

Values

- S.C. Army National Guard: Loyalty, Duty, Respect, Selfless-Service, Honor, Integrity, Personal Courage
- S.C. Air National Guard: Integrity First, Service Before Self, Excellence in All We Do

Goals

The goal of the Office of the Adjutant General and S.C. Military Department is to sustain an extraordinary organization, consisting of State, Army National Guard, and Air National Guard Operations, in support of the State and its communities, not only in times of emergency but also in the daily activities of communities and their citizens. The agency continued to meet this goal in FY 2018, both in terms of overall-mission readiness and service to the citizens of South Carolina. Aligned with its strategic plan, Palmetto Horizon 2018-2023, the S.C. Military Department continued working toward the achievement of the organization's strategic goals:

- (1) Grow the South Carolina Army National Guard to 10,000 Soldiers with relevant force structure
- (2) Set the conditions to gain a Brigade Combat Team
- (3) Ensure joint and relevant force structure at McEntire Joint National Guard Base
- (4) Establish a consolidated joint, interagency, intergovernmental, multinational Emergency Operations Center concept of operations
- (5) Provide for the safety, health, and wellbeing of the citizens, residents, and visitors of the State of South Carolina

A. Risk Assessment and Mitigation Strategies:

As it pertains to The State of South Carolina, the most significant negative impacts on the State and the public would occur if the Office of the Adjutant General failed in its responsibilities for the provision of emergency coordination and support. Within these areas, the main concerns are the ability to execute early or timely alerts and warnings, and the risk of complex disasters either exceeding or exhausting the Agency's and State's resources or capabilities.

In the area of alerts and warnings, the Agency is dependent on State and Federal agencies, counties, and external organizations to collect and provide timely information and alerts to the State for dissemination and decision-making. Short or no-notice events (e.g., earthquakes, train wrecks, chemical spills, etc.) could initially result in a slower, less coordinated response. Additionally, delays or reluctance in decision-making at the local, county, State or Federal levels would negatively impact the Agency's (and State's) ability to provide timely and effective response and support. The Agency continues to mitigate this challenge by utilizing multiple strategies. State-level exercises and drills incorporate exercising alert and warning systems, as well as working to incorporate county and State agencies and leadership into the decision-making aspects of the exercises. SC Emergency Management Division (SCEMD) continues to exercise and validate their communications and alert and warning systems with the counties, State and Federal agencies. SCEMD continues to expand its use of social media and established media channels to message and inform the public to include *The South Carolina Emergency Manager Mobile App* which is available to assist the public in their emergency preparations and to provide the public with the latest emergency information.

The State Emergency Operations Center (SEOC) is the State's coordination center for response and initial recovery actions for disasters or multi-county events, and for coordinating available National Guard support to State agencies and counties after all other county and State resources or avenues have been exhausted. In the event of an extremely large or complex event, there is the potential for the resource requirements or length of response actions to exhaust both SEOC and National Guard personnel and resources, or to require resources exceeding the Agency's ability or availability. The Agency utilizes multiple, established, and well exercised strategies to mitigate this challenge. FEMA can provide access to Federal resources to assist the State once it has exhausted its resources. In addition, through the Emergency Management Assistance Compact (EMAC), the State and the National Guard can receive state-to-state assistance in both personnel and resources. Most recently, the Agency effectively utilized these methods during responses to Hurricanes Florence, Irma and Matthew, and the Pinnacle Mountain Fire; and numerous EMAC responses to other states.

In response to these areas, the Agency recommends the Legislature take action in three areas:

- Promote and support county emergency management agencies and State agencies participation in State-level drills and exercises in order to exercise communications and decision-making systems, and increase and reinforce familiarity with emergency management systems and processes.
- Ensure the State Emergency Management Program is adequately funded, and understand the increasing potential for additional required State fiscal support for emergency management programs. Federal Emergency Management Program Grants (EMPG) currently funds almost 50% of SCEMD's budget. SCEMD passes at least ½ of the EMPG Program grant funds through to county programs through which the counties receive grant allocations ranging from \$55,811 to \$95,505. In the recent past, the President's annual budgets have proposed a 20% cut in EMPG funding for several years which would equate to greater than a \$1Million reduction in funding to SC, resulting in an average reduction in grants of more than \$12,000 per county. Reductions could eliminate or reduce county Community Emergency Response Team funding, restrict travel, exercises, training, and eliminate selected FTEs. The recent major disasters clearly show the need for a strong, robust State and local level emergency management system of which EMPG is the key to maintaining the required operational capability.
- Be prepared to provide financial assistance to counties and State agencies in the event Federal funding is not available. An event whose size or level of damage does not meet the threshold for a Federal declaration has the potential to have significant physical and financial impacts on county and local governments, and State agencies' budgets. In addition, indications from FEMA are the Federal government is moving toward reduced disaster funding and reduced Federal matching for future events. Neither the counties nor State agencies are in the position to absorb the increased costs.

B. Restructuring Recommendations: None

Agency Personnel Strength

As of 30 June 2019, the Agency's State Operations had 488 State employees. In addition, the SC State Guard has over 880 members on its rolls and the Joint Services Detachment has 30 members.

The South Carolina National Guard (SCNG) was at 97.9% of authorized strength with 10,415 Service Members. The South Carolina Army National Guard (SCARNG) was authorized 9,300 Soldiers with 9,168 assigned (98.5%), and the South Carolina Air National Guard (SCANG) was authorized 1,340 Airmen with 1,247 assigned (93%).

Construction and Facilities Management

The Construction and Facilities Maintenance Office (CFMO) oversees 3.5 million square feet of buildings and over 16,000 acres, as well as a fully manned, equipped, and functional fire department at the McCrady Training Center, with a combined State and Federal budget of over \$21 Million. During FY 2018-19, the CFMO completed the renovations of the Greenwood, Lancaster, and Greenville Readiness Centers for a total State and Federal shared cost of over \$10 Million. The CFMO completed the design for the renovation of the Florence Readiness Center with the estimated \$3.4 Million renovation scheduled to begin in Federal FY 2020. The CFMO completed the \$163,500 replacement of the Sumter Readiness Center drill hall roof, and began the addition of female latrines at the Edgefield and North Charleston Readiness Centers for a cost of \$143,282 and \$179,687 respectively. The Agency completed the \$208,965 expansion of the Orangeburg Readiness Center motor pool. The CFMO completed \$165,780 in LED system and bulb energy savings upgrade at the Combined Support Maintenance Shop. In addition to these projects, the CFMO managed multiple service contracts and performed routine maintenance repairs to plumbing, electrical, site repairs, and general facility work requests.

The Agency is preparing for the construction of two new Readiness Centers in Summerville and Aiken. The Summerville Readiness Center is slated to begin construction in 2020 and the Aiken Readiness Center in 2022. The Summerville Readiness Center will be located on Federal property adjacent to the Charleston Air Force Base. The Aiken Readiness Center will be co-located with University of South Carolina - Aiken.

The Agency's efforts resulted in more efficient and sustainable facility operations, and enabled the Agency to provide effective services to Soldiers and their Families while also supporting the local civilian community. The SCARNG has a physical presence in 40 of the State's 46 counties thereby maintaining its traditional community-based force where feasible and fiscally responsible. These locations include 64 Readiness Centers, 10 Field Maintenance Shops, two Army Aviation Support Facilities, a Combined Support Maintenance Shop, a Unit Training Equipment Site, a Major Training Center (McCrady Training Center) with one sub-training site (Clarks Hill Training Site), two Close-In Training Areas, the SCNG Headquarters Complex, and the historic Olympia Armory.

The 125th recently returned from mobilization to the National Capital Region in support of its federal cyber support mission.

Partnership Program between the Army Cyber Institute, SCARNG Cyber, and South Carolina partners

The SCARNG is partnered with the U.S. Army Cyber Institute at West Point to enhance U.S. military superiority by leveraging municipal and corporate partners to better understand unified land operations in megacities. Jack Voltaic explores the employment of the Reserve and the National Guard to defend the Nation by leveraging military cyber capabilities in domestic response to cyber-attacks. Integration of these capabilities allows participants to better understand how policies and legal authorities affect military responses to a cyber-attack and to develop policy recommendations. Potential gaps in individual skills, training, and equipment are identified to develop best practices. The framework explores how partnerships that leverage the insights and innovations of the public and private sector can enhance Army cyberspace operations. SCARNG Cyber is focused on assisting the Army Cyber Institute by:

- Educating others and scaling research and exercise activity with follow-on Jack Voltaic work

AGENCY NAME:	Office of the Adjutant General		
AGENCY CODE:	E240	SECTION:	100

- Partnering with the Armed Forces Communications and Electronics Association for follow-on public awareness activities
- Working with stakeholders to address findings and operationalize recommendations
- Developing and publishing academic reports concerning cyber threats and responses

South Carolina Emergency Management Division

SCEMD served as the State Coordinating Agency for response and recovery from Hurricane Florence. While the hurricane shifted slightly northward, making landfall in North Carolina, the State received significant damages from the storm's effects. Emergency protective measures and public infrastructure damage estimates from the storm currently total \$138 Million. While recovery and mitigation program staff addressed short, intermediate and long-term needs, SCEMD continued to prepare for the next challenge as well as continuing to assist and process eligible reimbursements under the Stafford Act in support of on-going recovery operations from the 2014 Ice Storm, 2015 Severe Flood, 2016 Hurricane Matthew and Pinnacle Mountain Wildfire, and 2017 Hurricane Irma.

Hurricane Florence

On 1 September 2018, a tropical depression formed off the coast of Africa and strengthened into a Tropical Storm and, by 5 September, Florence had increased to a Category 4 hurricane. On 8 September, Governor McMaster declared a State of Emergency and called the SCNG to State Active Duty. On Monday, September 10, in coordination with local governments, Governor McMaster ordered evacuations for coastal portions of South Carolina, and closed schools and government offices.

The storm made landfall on 14 September near Wrightsville Beach, NC as a Category 1 hurricane with sustained 90 mph winds. Initial damages in SC were due to flash flooding, but significant in-land river flooding later occurred along the Little Pee Dee, Lumber, and Waccamaw Rivers due to record amounts of rainfall in North and South Carolina. A Presidential Major Disaster Declaration was announced for Berkeley, Charleston, Dorchester, Georgetown, Horry, Marion, Orangeburg, and Williamsburg Counties. During the event, the SCEMD Logistics Section processed over 1,500 resource requests and the Public Information Phone System (PIPS) operators logged almost 14,000 citizen assistance calls. Sadly, the State experienced 9 Florence-related fatalities.

Additional 2018-2019 SCEMD Highlights:

- Monitored all tropical cyclone activity, to include 15 named storms, in the Atlantic Basin during the 2018 Hurricane Season, and provided updates to counties and State Agencies.
- Coordinated 10 EMAC deployments to assist the states of Montana, Florida, North Carolina, California, Alaska, Nebraska, Kansas and Oklahoma. These EMAC deployments provided assistance in flood, hurricane, wildfire and earthquake response/recovery missions.
- During response operations for Hurricane Florence, coordinated a total of 36 EMAC assistance missions to the State from Alaska, Alabama, California, Colorado, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina New York, Ohio, Oklahoma, Pennsylvania, Tennessee, Virginia and Wisconsin. Assistance included National Guard helicopter support, mass casualty transportation buses, water rescue teams, Incident Management Teams, and Individual Assistance and Public Assistance staff support.
- Assisted applicants and processed eligible reimbursements under the Stafford Act in support of on-going recovery operations from the 2014 Ice Storm, 2015 Severe Flood, 2016 Hurricane Matthew and Pinnacle Mountain Wildfire, and 2017 Hurricane Irma. Since 2014, SCEMD has processed over \$1 Billion in eligible infrastructure damage claims and mitigation actions.
- Assisted in implementing FEMA's Individual Assistance Program which provided eligible South Carolinians with over \$24 Million to assist with basic recovery relief.
- Processed more than \$6 Million in mitigation project reimbursements. The Mitigation Staff supported municipal, county, and State Agencies in developing of 28 Hazard Mitigation Projects for future funding associated with Hurricane Florence and 8 approved Pre-Disaster Mitigation Program projects.
- Conducted planning workshops with Federal, State, local, tribal, and non-governmental agencies to enhance planning and support for the SC Emergency Operations Plan, and updated 11 other comprehensive plans.

AGENCY NAME:	Office of the Adjutant General		
AGENCY CODE:	E240	SECTION:	100

- Along with partner State agencies, affected counties and the State Emergency Response Team (SERT), coordinated and conducted FEMA evaluated Radiological Emergency Preparedness exercises with the Oconee Nuclear Station and participated in the annual Savannah River Site exercise.
- Coordinated and presented 46 training events for more than 1,527 personnel, and developed, coordinated and/or participated in 74 exercises involving more than 1,785 participants.
- Coordinated the State's participation in the SC Earthquake Awareness Week and the "Great Southeast Shakeout" exercise which included 432,000 registered participants and an aggressive social media campaign focused on earthquake awareness.

South Carolina Military Museum

The South Carolina Military Museum continued to honor and chronicle the Palmetto State's Citizen-Soldiers and its martial tradition from the colony's founding in 1670 to present-day worldwide operations. On 8 June 2019, the Museum hosted the 75th Anniversary of D-Day Event featuring American and German armored vehicles, trucks, jeeps and weapons, as well as re-enactors representing Allied and Axis Soldiers, Airmen, and Sailors. The highlight was an autograph session with South Carolina WWII Veterans, and culminated with an F-16 flyover. In conjunction with the Governor's Office, the Museum assisted in planning the 2nd Annual National Vietnam Veterans Recognition Day. The Museum also partnered with the U.S. Marine Corps Reserve and the Blue Knights Motorcycle Club to host the State's largest Toys for Toys drive.

During FY 19, the Museum continued to enhance its collection of authentic and militarily significant firearms, uniforms, and equipment through the accession and/or restoration of artifacts including a OH-58 "Sioux" Helicopter, a UH-1 "Huey" Helicopter, a M59 Armored Personnel Carrier and a M110A2 Self-Propelled Howitzer – all previously crewed by members of the SCNG. The Museum provided presentations and temporary displays throughout the State (e.g., Dorn VA Hospital, and Edgefield, Florence, Dillon and Summerton Counties, etc.) in order to bring the State's military history to those unable to visit the Museum's Columbia location.

South Carolina Youth ChalleNGe Academy

The South Carolina Youth ChalleNGe Academy (SCYCA) is a community-based, quasi-military structured educational program that operates the Youth Challenge and Job Challenge Programs.

The Youth ChalleNGe Program leads, trains, and mentors at-risk youth (ages 16-18) to assist them in becoming productive and successful citizens. The Program has two cycles per year (January and July) and can currently accept up to 150 youth per cycle. During FY 18-19, Youth ChalleNGe graduated 168 cadets who earned 50 GEDs. Since its inception in 1998, the Program has graduated 4,675 cadets with 1,707 earning their GED.

The Job ChalleNGe Program is an optional follow-on program for selected Youth ChalleNGe Program graduates to provide hands-on job skills training through college trade courses. Initially implemented in partnership with Aiken Technical College in 2016, Job ChalleNGe currently partners with Midlands Technical College under a DoD/NGB grant. The Program has two cycles per year (January and July). During FY 18-19, the Program graduated 49 cadets. Since inception, 7 classes and 173 graduates have completed the Program.

STARBASE Swamp Fox

STARBASE Swamp Fox, located at McEntire JNGB, is a DoD sponsored Science, Technology, Engineering, and Math (STEM) program for 5th grade students. In FY 19, the program reached an all-time attendance record of 1,434 students from 8 SC public school districts, 2 parochial schools and 2 independent schools. Designed to augment, enhance, and reinforce the State's educational curriculum and standards, the program acts as a catalyst for encouraging students' future interest and studies in STEM subjects and career focus. The program completed its second year as a nationally-rated Level II program which included a STARBASE 2.0 program for 6th grade students at Southeast Middle School. STARBASE is 100% federally funded and the cost per student for this past school year was \$223 per child for the 5-day academic period. Since its 2003 inception, STARBASE has provided STEM enrichment educational classes for 14,339 SC elementary school students.

South Carolina Air National Guard

The 169th Fighter Wing operates the 2,400+ acre McEntire JNGB in Eastover which has been the home of the SCANG since its founding in 1946. During 2019, the SCANG honed its warfighting skills in a multi-national exercise in Sweden supporting our European allies, participated in joint training in Germany, and assisted in building U.S. Air Force facilities in the Pacific Air Force's theater of operations. Approximately 150 Airmen are preparing for operations across Southwest Asia over the next year. The SCANG continued its relationship with the Republic of Colombia by supporting the Colombian Air Force's 100th Anniversary and flying training missions the following week.

In support of its State mission, McEntire JNGB and the 169th Fighter Wing played a critical role in the recovery from damages inflicted by Hurricanes Florence and Michael. During Hurricane Florence, personnel deployed along the coast prior to landfall to support preparations for evacuations and, after the storm, Security Forces Airmen assisted in welfare checks and security stabilization. After Hurricane Michael, Airmen from the 169th Fighter Wing deployed to Tyndall AFB, Florida to assist in its recovery operations. SCANG personnel continued to train with the SCEMD, staying ready to assist the citizens of South Carolina in response to disasters.

The SCANG's 169th Fighter Wing is the U.S. Air Force's premier fighter wing and provides Combatant Commanders with world-class combat capability to meet the nation's needs for contingency and general war requirements. The 169th Fighter Wing's Federal mission is accomplished by employing conventional munitions in the Destruction/Suppression of Enemy Air Defenses (DEAD/SEAD). The 169th Fighter Wing provides continual support of the Aerospace Control Alert Mission, defending east coast air space in support of North American Aerospace Defense Command (NORAD). Additionally, the Wing provides the Governor with defense assistance to the State's homeland security office, and disaster preparation and response support for DSCA activities

South Carolina State Guard

The South Carolina State Guard (SCSG) is an all-volunteer State military force which provides support to civil authorities during times of disaster or other emergencies. In addition to general support personnel, these assets included land, water, and equestrian NASAR Search & Rescue teams; trained Law Enforcement augmentation teams; Medical support teams; Civil Engineering teams; and Judge Advocate General teams.

In FY 18-19, the SCSG provided a total of 88,690 volunteer service hours, including 8,772 volunteer service hours in response to Hurricane Florence. During Hurricane Florence, the SCSG provided personnel to the SEOC and two County EOCs, as well as personnel for general support missions including filling, loading and unloading sandbags, distributing food and water, and providing security at public shelters. The Medical and Chaplain Detachments provided support to shelters in Dillon and Allendale counties. The SCSG Search & Rescue Command evacuated 43 personnel from apartments in Mullins and 9 personnel from vehicles stranded in high waters in Marion County. The SCSG Engineers provided 3,221 volunteer hours while conducting 1,628 property Damage Assessments and 428 home safety assessments in Horry, Marion, Dillon, and Marlboro Counties.

During FY 18-19, the SCSG conducted five Search & Rescue mission in support of county sheriffs, supported the Cooper River Bridge Run, and assisted with five city or county festivals/community events. The SCSG Honor Unit conducted 22 Military Funeral missions, and 8 missions for Veterans events.

State Partnership Program between the Republic of Colombia and South Carolina

The State Partnership Program (SPP) provides a unique opportunity for South Carolinians to learn from and mentor the SCNG's partner, the Republic of Colombia. Since 2012, the SPP has provided opportunities for SCNG members to engage with Colombians and assist in improving an array of processes, systems, and techniques, tactics, and procedures. The partnership looks for opportunities to support U.S. Southern Command's Theater Campaign Strategy while establishing lasting relationships of trust and friendship from the beginning of career timelines. Since 2016, SCNG members assisted the Colombians in planning the transformation of their military to a post-conflict regional security force that supports the U.S. security objectives. The SPP continues to evolve and is encouraging Colombian relationships with various SC civilian institutional engagements including cadet exchanges with The Citadel, and with the University of South Carolina for conditions-based maintenance. The SPP brings over \$300,000 per year into the State and provides opportunities to keep the SCNG ready and relevant with over 30 engagements per year in an ever-changing global military environment.
