**Agency Mission**

Coastal Carolina University is a public comprehensive liberal arts institution that seeks to develop students who are both knowledgeable in their chosen fields and prepared to be productive, responsible, healthy citizens with a global perspective. To deliver on this commitment, Coastal Carolina recruits highly qualified and motivated students, faculty, and staff from the region, state, nation, and world to create a diverse and dynamic student-centered learning environment.

Because Coastal Carolina embraces the teacher-scholar model, it places primary emphasis on high quality teaching and engaged learning, and it supports faculty research, creative activities, and expert collaboration in the community, state, nation and world. This focus enables faculty and staff to mentor students in collaborative research, creative opportunities, and internships. To nurture this active learning community, Coastal Carolina maintains a broad range of contemporary technologies, programming, support services, and innovative course offerings and delivery methods. The result is alumni who are well prepared for professional careers or graduate programs in their chosen fields and who continue to be connected to Coastal Carolina.

Inspired by its founding in 1954 to serve the educational needs of the region, Coastal Carolina has a tradition of a strong liberal arts core. As such, Coastal Carolina commits its resources to building undergraduate and graduate degree programs of national and/or regional significance in the arts and sciences, business, humanities, education, and health and human services. Coastal Carolina fully embraces its leadership role as a regional center of economic and intellectual resources, lifelong learning, cultural and recreational opportunities, and athletic programs.

As Coastal Carolina executes this mission, it recognizes its responsibility to be a role model to the community and to the professions by assuring fair and honest treatment of people with whom it interacts and sustainable stewardship of resources entrusted to it, adopting the highest standards of integrity and accountability, and in committing itself to excellence through continuous assessment and improvement.

Coastal Carolina University (CCU) is a dynamic, public comprehensive liberal arts institution located in Conway, S.C., just minutes from the resort area of Myrtle Beach. CCU is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) and currently offers baccalaureate degrees in 106 major fields of study, including degrees and specialized degree concentrations and offers 29 master’s, two educational specialist, and two doctoral degrees. The CCU Fall 2020 combined undergraduate and graduate student enrollment was 10,118 while Fall 2020 preliminary enrollment currently stands at 10,275 students.

The University comprises 115 main buildings on the walkable campus and the General James Hackler Golf Course at Coastal Carolina University. A 1,105-acre tract that includes a portion of Waties Island provides a natural laboratory for extensive study in marine science and wetlands biology on an Atlantic coast barrier island.

CCU’s focus is establishing a reputation for providing excellent value and outstanding quality in educational programming. The main goal of the “High-Impact Engagement: The Coastal Carolina University 2016 - 2021 Strategic Plan” is to guide the institution through 2016-2021.

Total revenues reported in fiscal year 2021, were \$248,809,843. Student tuition and fees made up 53 percent of that revenue, or \$132,026,784. Gifts and grants were 19 percent or \$48,062,172; sales and services were 10 percent or \$25,639,658; scholarships, contracts, and grants were 8% or \$20,570,726; and state appropriations and other non-operating and miscellaneous revenues accounted for the remaining 10 percent of revenues recognized this fiscal year.

**Financial Highlights**

- The prime reserve ratio is a measure of how poised an institution is to handle uncertainty and is derived by dividing expendable net position by total expenses. Over the last year, the University has increased its prime reserve ratio to 52 percent, which represents a 12-point improvement from last fiscal year. This helps position the University to navigate the Coronavirus pandemic in the upcoming year.
- The working capital ratio is an important indicator of an entity’s liquidity. A higher ratio is evidence of an organization’s ability to pay its obligations. The ratio is measured by dividing an institution’s current assets by its current liabilities. The University’s working capital ratio has improved from 2.98:1 in fiscal year 2020 to 4.36:1 in fiscal year 2021.
- Total debt service coverage ratio gauges an organization’s ability to pay its current debt obligations. The University calculates its total debt service coverage ratio by taking the change in net position (excluding the effects from net pension and other postemployment benefit liabilities), adding back depreciation, interest, and other bond costs, and dividing that number by total debt service for the year. Through a reduction in both operating expenses and annual debt service, the University improved its coverage ratio to 4.45 in fiscal year 2021, which is 1.99 more than the fiscal year 2020 ratio of 2.46.
- The State of South made federal Coronavirus Relief Funds (CRF) available to colleges and universities during fiscal year 2021. The University successfully applied for and recovered over \$14 million in pandemic related expenses. Furthermore, the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act provided \$15.4 million in additional Higher Education Emergency Relief Funds (HEERF) to the University, of which \$5 million was awarded to students as financial aid grants.

Due to the COVID-19 pandemic, prior to the start of fiscal year 2021, the General Assembly passed a continuing budget resolution (Act 135) to fund state government at the 2019-2020 levels during fiscal year 2021. In addition to consistent funding from the State, the University also received appropriations from both Horry and Georgetown Counties in the amount of \$1,369,280 and \$147,000, respectively. Coastal Carolina University also receives an allocation from the Horry County one-cent sales tax, providing \$12,640,661 during fiscal year 2021 to be used for capital improvements. These local appropriations give the University the ability to invest in projects that positively impact the economic, social and cultural environment of Horry and Georgetown Counties.

The University is also committed to financial viability and managed growth. Total Fall 2020 enrollment was 10,181, representing a 2.98% (303 students) decrease over the previous fall and a 2% increase since Fall 2014 enrollment of 9,976. Total full-time equivalency (FTE) enrollment for Fall 2020 of 9,527 represented a 4% decrease over the previous fall and a 1.11% growth since Fall 2014 (total FTE of 9,421).

<b>AGENCY CODE:</b>	<b>H17</b>	<b>SECTION:</b>	<b>16</b>

Academic year 2021-2022 tuition rates remain the same as the prior two academic years. For an in-state undergraduate, tuition is set at \$5,820 per semester. Out-of-state undergraduate tuition is set at \$13,697 per semester. CCU tuition remains below the average rate of higher education offered by South Carolina four-year public institutions.

**Risk Assessment and Mitigation Strategies** – A failure of the University to accomplish its mission and goals could result in the institution not maintaining and improving the quality of the student experience. The University’s stakeholders continue to expect quantifiable results and transparent reporting of student retention, graduation rates, and career readiness. As accountability from the stakeholders increase and funding declines, operational efficiencies and cost management become key to a University accomplishing its mission and goals of providing a quality student experience. The University Committee on Strategic Management continues to oversee the implementation of the Strategic Plan as is charged:

- Annually review the progress on Strategic Plan by identifying and evaluating appropriateness of key strategies, goals and objectives with mission of the institution.
- Biennially review the vision and mission of the institution to identify whether, and how, it should be changed.
- Develop a “Progress on the Plan” report that will incorporate all institutional assessment reports related to strategic planning and present to the University community no later than mid-September of each year for the previous fiscal year.
- Coordinate action on strategic initiatives across and between layers within the institution, while respecting a clear communication process and the charges of each of the respective entities and committees.
- Recommend to the University President changes in or challenges to the University vision, mission, strategic priorities or goals, and/or changes in the process or timing of implementation of the plan.
- Review and base indicators and reporting on peer, aspirant, and other competing institutions.

The strategic planning, budgeting, and assessment process allows the University to flexibly respond to present and future initiatives with the innovative approaches that are required due to limited resources. Planning for the University’s future and the accomplishments of strategic objectives are paired with annual fundraising events and long-term campaigns. The strategic planning process focuses on the development of strategic priorities which guide resource allocation.

Three options for what the General Assembly could do to help resolve the issue of not maintaining the quality of the student experience are to:

1. Disburse equitable funding on a per in-state student basis to allow each student to benefit from the same amount of state financial support regardless of which institution they attend.
2. Minimize reporting requirements which will allow the institution to focus on maintaining and improving the quality of the student experience.
3. Legislate expanding the 4% cap on scholarships
  - a. In an effort to keep tuition affordable for our in-state students, consider revising or abolishing this scholarship cap for in-state students. The University’s goal is to make tuition as affordable as is feasibly possible, and this limit inhibits abilities to reach this goal.

**Restructuring Recommendations** – CCU’s administration continuously looks for ways to be more effective in meeting the needs of campus constituents in a cost-effective manner. During 2020-2021, the President made reorganizational changes to not only streamline administrative functions, but also reduce the costs of administration, thus allowing for further investment in faculty and staff and providing more resources to the entire campus community.

Staff to support these efforts were hired, courses were created and taught, as well as workshops and presentations conducted.
- A partnership agreement with the South Carolina Technical College System designed to enhance the seamless transfer of students and graduates from the 16 technical colleges in South Carolina to CCU. This agreement works to increase and encourage access to baccalaureate education for two-year college students, including minority and other underrepresented populations.

**Objective 2.2.2** – Increase the University endowment by a minimum of \$20,000,000.

**CCU Strategic Objective 6.1.4** – The University will increase its endowment by a minimum of \$20,000,000 by Fiscal Year 2023.

**Result** – The balance of the endowment totaled \$68,566,708 for the FY 2020-2021. The goal of phase I of CCU’s I’M IN endowment campaign, which publicly launched in April 2016, was to raise \$20 million by 2020, and, having raised more than \$22 million, this phase of the campaign closed early. Phase II of the campaign, with the goal of raising an additional \$20 million by 2023, began in the Fall of 2018, but ended early in summer of 2020 due to a university wide reduction in force of the entire Office for Philanthropy and fundraising team.

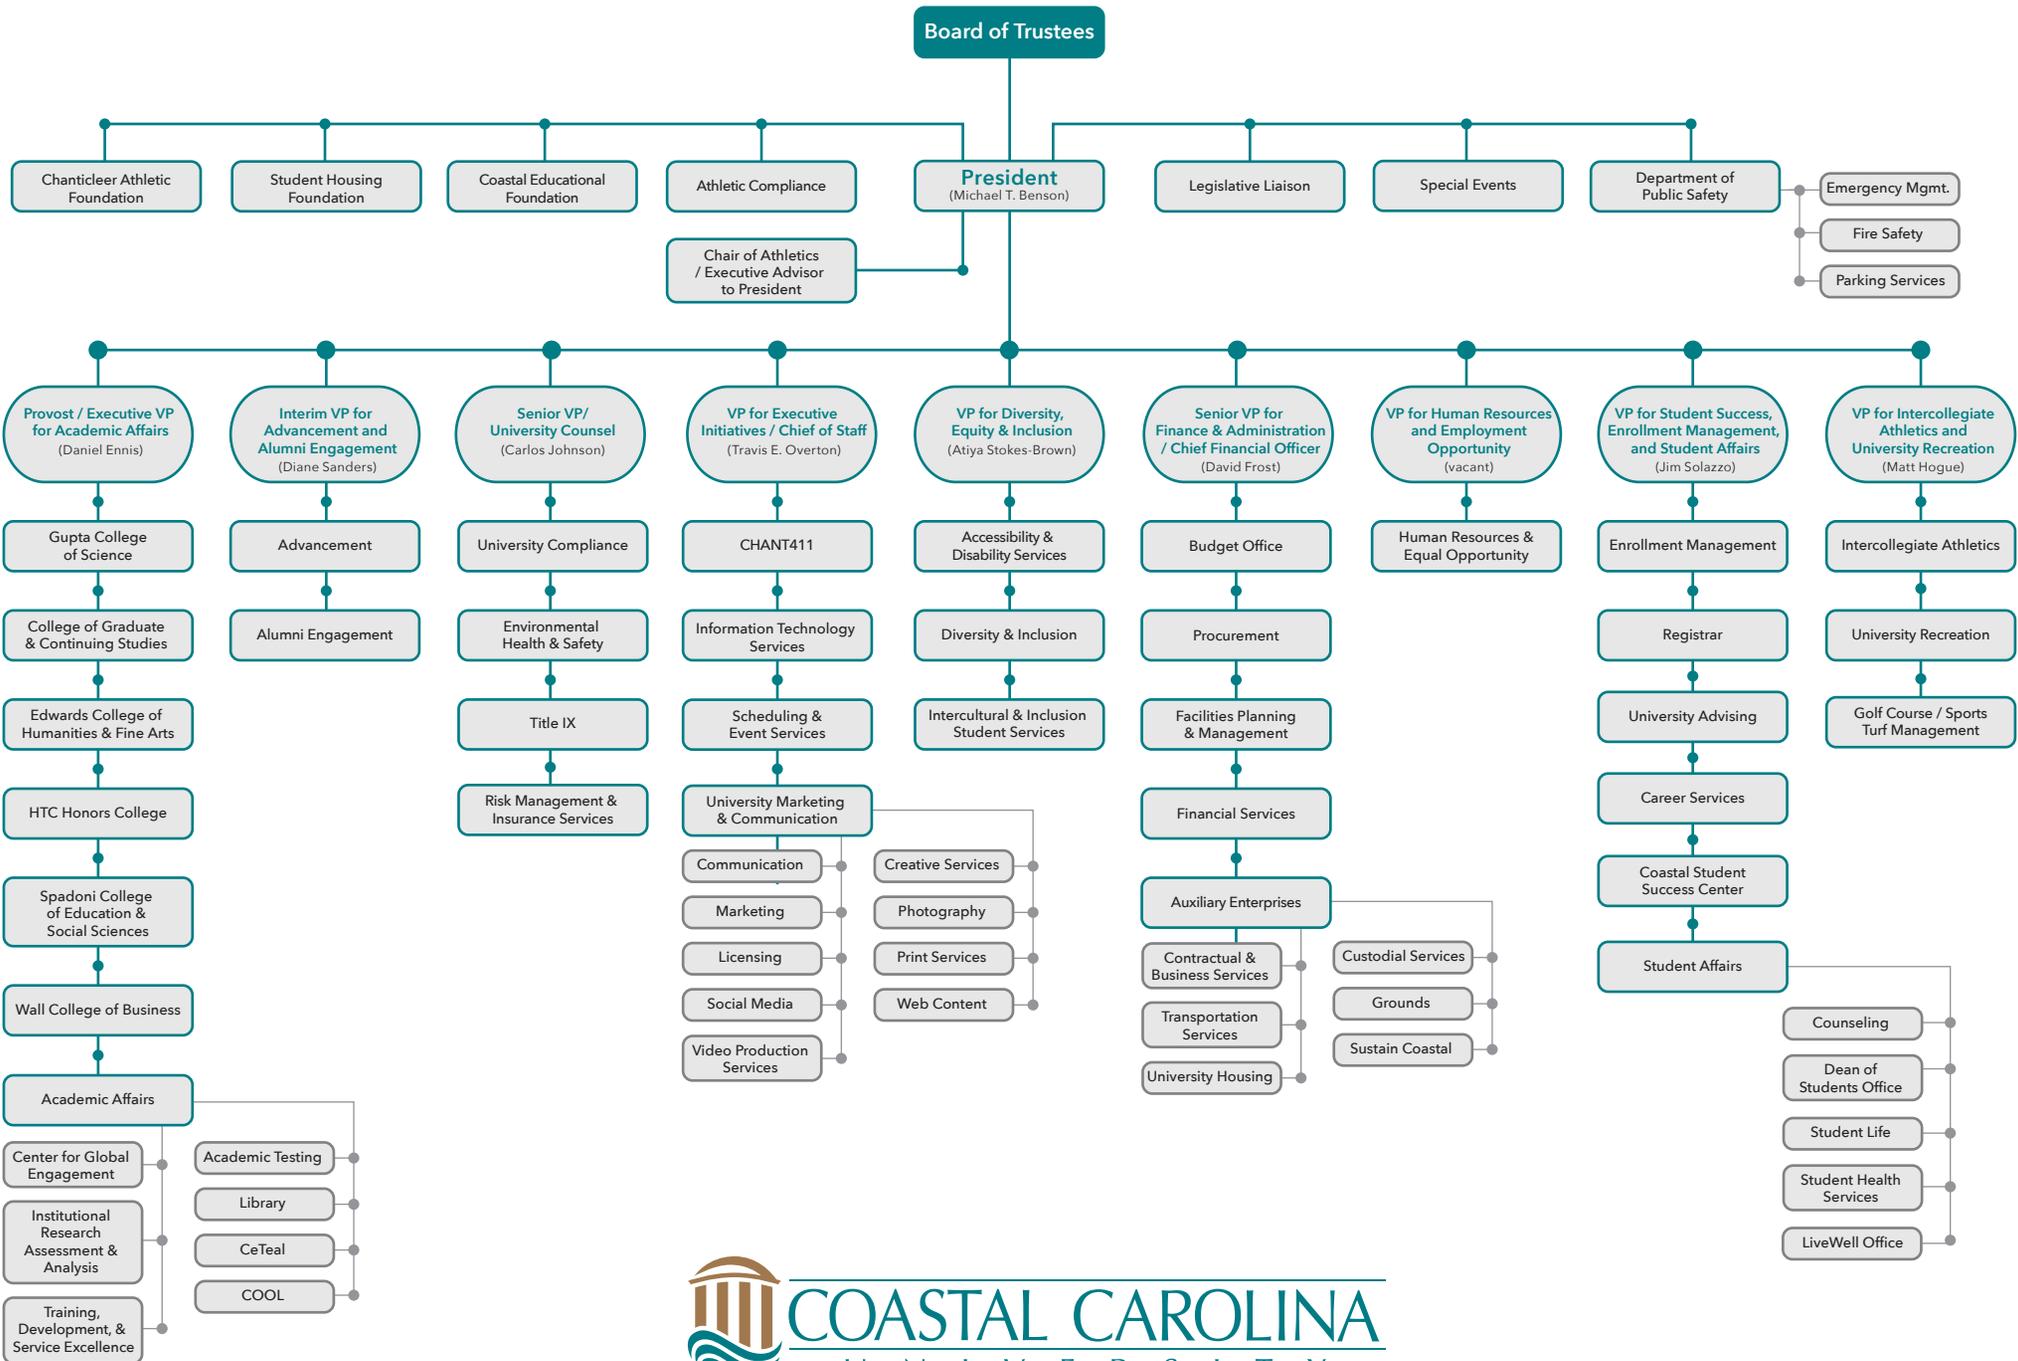

**Activities** –

- Giving Teal Tuesday (Nov. 10, 2020) – This was a 24 hour day of giving that is held annually. During that time period CCU raised \$14,566.00.
- Boots and Bronze (June 4, 2021) – This annual fundraising event raised \$17,043.00 through tickets sales, donations and silent auction with all proceeds going to support six different endowed scholarships within the Alumni Association.
- Brick Campaign – During the FY 2020-2021, 63 bricks were sold and installed on the alumni walkway.

**Objective 2.2.3** – Implement an aligned model of planning, budgeting, and assessment.

**CCU Strategic Objective 6.2.1** – The University will implement an aligned model of planning, budgeting, and assessment that enables more timely continuous improvement activities.

**Result** – Due to budgetary constraints resulting from COVID-19, the Student Achievement Funding (SAF) program into the base University budget. During the past year SAF was running as an independent budgeting, planning, and assessment mechanism inside the broader institutional budget.
