## **AGENCY'S DISCUSSION AND ANALYSIS**

State Ethics Commission – Fiscal Year 2021-2022

### Agency Narrative

During the 2021-2022 fiscal year, the State Ethics Commission was able to achieve its mandate of enforcing the Ethics Reform Act (the Act) while improving efficiency and transparency.

The State Ethics Commission has four departments charged with enforcing the Act. The disclosures department assists with required filings, the non-compliance department levies fines and penalties when required filers fail to file required filings or file required filings after the statutorily established deadline, the investigations department investigates complaints, and the legal department represents the Commission during hearings and provides advisory opinions when appropriate.

The Commission's enhanced Accountability Portal (Portal) was launched in October of 2021. The launch was the result of a collaborative effort of the Commission and the House and Senate Ethics Committees. The Portal was updated to provide users with an easier, more intuitive filing experience.

Commission staff fielded over 9,000 calls for filing assistance during the fiscal year – this represents a 43.84 percent increase over the previous fiscal year. Staff attributes this increase to filers requesting assistance with the updated Accountability Portal.

On average, Commission complaints were presented within 240 days of assignment. The average time is 60 days longer than the Commission's target time of 180 days. While we missed our target, investigators were able to present some of the Commission's oldest cases for probable cause determinations.

Most complaints were resolved within 180 days of a finding of probable cause. On average, cases were resolved 187.51 days after a finding of probable cause.

The Commission receives more than 20,000 filings in any given year. During the fiscal year, 1,985 non-compliance cases were opened. The department accepted \$404,657.76 in late filing penalties and fines and \$244,400.00 in lobbying registrations.

In addition to assistance with filings, individuals who are subject to the Act can attend ethics trainings and request advisory opinions. Commission staff issued 90 advisory opinions and trained 1,053 persons subject to the Act. In cooperation with local election offices, the Commission has implemented a candidate training program. The program offers virtual trainings geared towards teaching the basics of campaign finance and disclosure laws to candidates for public office – these trainings have been well received by candidates and will, hopefully, result in fewer enforcement efforts in the coming years.

The Commission continued Legislative Oversight during the 2021-2022 fiscal year. During this intensive process, Commission staff was able to identify areas requiring improvement and is in the process of implementing those improvements. The Oversight process was completed in August of 2022.

In an effort to provide greater transparency to our stakeholders, the Commission updated the Commission website to include information about cases pending hearing. The Commission also added a “Media Toolkit” outlining the Commission’s jurisdiction as well as the complaint process.

Lastly, the Commission did not experience a technological or security breach during the fiscal year.

#### Agency Mission

**Adopted in:**

**1991**

The State Ethics Commission is the agency of state government responsible for the enforcement of the Ethics Reform Act of 1991 and all other subsequent ethics legislation adopted by the General Assembly. Our mission is to work diligently to develop and enhance public trust in all levels of government. The Commission's legislative mandate is to monitor and take appropriate action to ensure compliance with state law that requires financial disclosure, lobbyist/lobbyist's principal disclosure and campaign disclosure; administrate and regulate lobbyist and lobbying organizations; issue advisory opinions explaining and interpreting ethics legislation; assist and advise public officeholders and the public on the specific requirements addressed in the state's ethics laws; conduct both civil and criminal investigations of alleged violations of laws subject to the jurisdiction of the state Ethics Commission; and prosecute violators through formal administrative proceedings as well appropriate use of criminal enforcement actions.

#### Agency Vision

**Adopted in:**

**2018**

The State Ethics Commission seeks to enhance public trust in the integrity of state government. As such, the Commission must fairly and impartially enforce the Ethics Reform Act of 1991. In addition to enforcement, the Commission seeks to reduce the number of individuals who run afoul of the Ethics Reform Act by offering extensive trainings to public officials, members and employees throughout the state. Essential to training is the issuance of Advisory Opinions which offer guidance and analysis to persons subject to the Ethics. South Carolinians have a right to be fully informed as to the financial interest of persons representing them and the Commission is committed to maintaining open, accessible financial records for all mandated filers running for office.
