## **AGENCY’S DISCUSSION AND ANALYSIS**

### **Description of Agency**

The South Carolina Department of Probation, Parole and Pardon Services (SCDPPPS) is the third largest state law enforcement agency in South Carolina and is charged with the supervision of offenders in the community placed on probation by the Court, granted parole by the South Carolina Board of Pardons and Paroles, enrolled in mandatory release programs - Community Supervision Program (CSP) and Supervised Reentry Program (SRP), and on Youthful Offender Release from the South Carolina Department of Corrections (SCDC). Offenders are supervised according to a wide range of strategies that are designed to provide the opportunity to succeed while protecting public safety. The Department embraces its motto: **Prepare, Provide, Protect**. At the end of fiscal year (FY) 2023, the Department supervised a daily average of 72,207 jurisdictional offenders and 23,182 active offenders.

The Department was created on October 18, 1941 by Act 562 (amended to Act 563) with the expectation to maintain high standards of integrity, professionalism and accountability. In July 2018, the Department became the first and remains the only probation and parole agency in the nation to be accredited by the Commission on Accreditation for Law Enforcement Agencies (CALEA) and was awarded reaccreditation in July 2022. State accreditation was received from South Carolina Law Enforcement Accreditation, Inc. in January 2021. SCDPPPS currently is preparing for state reaccreditation in 2024.

The Department maintains a headquarters facility in Columbia along with 46 county offices and five county satellite offices (Beaufort, Berkeley, Dorchester, Marietta, and York). At the end of FY 2023, the Department was staffed with 712 employees, which included 370 sworn officers and 342 non-sworn staff. **The Department is comprised of the Director’s office and three divisions: Administration, Offender Supervision and Enforcement Services, and Legals and Policy Management.**

Jerry B. Adger was appointed as Director in January 2015 by Governor Nikki Haley. The director has the overall responsibility for the Department, the budget, staff functions, and development of all policies and procedures governing the agency. The Director's Office includes the Office of Chief Deputy Director Jodi D. Gallman, the Office of Pardons, Paroles and Release Services, the Office of Program Planning and Development and the Office of Professional Responsibility. Director Adger retired on June 30, 2023. Governor Henry McMaster appointed Melvin Warren, Director of Professional Responsibility as the Acting Director.

The Administration Division is managed by Deputy Director Virginia J. Camp and includes the Office of Fiscal Management, the Office of Information Technology Services, the Budget Office, the Office of Grants Administration, the Human Resources Office, the Project Management Office, and the Office of Property Management and Procurement.

The Division of Offender Supervision and Enforcement Services is led by Deputy Director Chadwick A. Gambrell who has oversight of all field operations, including regional offices, Interstate Compact Services, Special Operations Unit, Field Programs, and Standards, Compliance and Performance.

The Legals and Policy Management Division is led by Deputy Director J. Benjamin Aplin, Esquire and includes the Office of General Counsel, the Office of Victim Services, the Ignition Interlock Device Program, the Office of External Affairs, the Office of Accreditation, and the Office of Administrative Hearings.

The Department’s supervision strategies are consistent with empirically proven practices and continue to generate positive results in the lives of offenders, as evidenced in successful closure rates. SCDPPPS touts an 80% successful probation closure rate compared to the national average of 66%. In reference to parole supervision, SCDPPPS has an 83% successful closure rate compared to the national average of 69% (Bureau of Justice Statistics, *Probation and Parole in the United States, 2020, December 2021*).

**Significant Projects and Agency Successes in FY 2023**

In an effort to enhance the Sex Offender Management Program, SCDPPPS became the nation’s first state probation and parole agency to acquire an electronics detection canine. “K-9 Chip,” a Golden Retriever-Labrador mix, assists Probation and Parole agents in their sex offender home searches for hidden electronics (FY 2024 Strategic Plan Objective 1.1.4). Agent Benjy Partain, a six-year veteran with SCDPPPS, serves as Chip’s handler. Since the inception of the Electronics Detection Canine Program in November 2022, Agent Partain and Chip have conducted 92 home searches with 234 devices found resulting in seven offenders receiving new criminal charges.

SCDPPPS has increased the quality of offender interactions through the use of body-worn cameras (BWC). In 2018, the Department launched the BWC program with just 50 cameras and has nearly reached a 1:1 ratio, following the gradual distribution of 296 body worn cameras to caseload carrying agents and supervisors (FY 2023 Strategic Plan Objective 3.2.1).

Recognizing the need to employ tactically trained staff to respond swiftly to emergency situations, SCDPPPS developed the Special Operations Response Team (SORT), a high-performance group of agents. This team’s purpose is to provide support for law enforcement agencies as they execute high-risk operations. The team, established on June 12, 2023, is made up of 20 agents that will be tactically trained to respond to emergency situations to include any civil unrest and protests and serve the Department in any high-risk warrant operations.

In FY 2023, 296 SCDPPPS agents devoted 5,484 hours to 26 law enforcement details, special operations and emergency deployments. Those special operations included MLK Day at the Dome, Memorial Day Weekend Bike Fest in Myrtle Beach, Darlington Race Weekends in both September and May, as well as providing additional manpower for several local jurisdictions and serving as security and law enforcement measures for local festivals and events and Hurricane Ian.

During the past fiscal year, specialized caseload programs were expanded. The Domestic Violence Unit was expanded from 13 to 17 counties and the Mental Health Program was expanded from three counties to 21 counties. SCDPPPS continues to seek funding to develop these vital programs statewide in all 46 counties (FY 2024 Strategic Plan Objective 3.2.3).

**Internal Factors Affecting the Agency’s Performance in FY 2023**

<b>AGENCY NAME:</b>	<b>South Carolina Department of Probation, Parole and Pardon Services</b>		
<b>AGENCY CODE:</b>	<b>N080</b>	<b>SECTION:</b>	<b>066</b>

Internal factors affecting the agency’s performance include successes and challenges:

- Salary increases
- Competition for high-quality candidates
- The Electronics Detection Canine Program
- The Project Management Office
- Full distribution of body-worn cameras
- The SORT
- Expansion of the Domestic Violence Unit and Mental Health Program

While the agency successfully established a law enforcement pay structure, there currently is not a pay structure for non-law enforcement staff, who are vital to daily operations. The agency struggles to recruit high-quality candidates in all areas and positions. Attempts to recruit high-quality candidates have included a more aggressive media campaign and the employee referral bonus.

As an enhancement to the Sex Offender Management Program, SCDPPPS created an Electronics Detection Canine Program. Through the use of a specially trained canine, this program allows for hidden electronics to be located and later used to prosecute individuals. As the need for more advanced technology increases, the number of information technology projects increased. To address the growing technology needs and to develop protocols for managing those needs, the Department established the Project Management Office. This section is responsible for providing management and business analysis for information technology projects.

While the use of BWCs is fairly new to community corrections, they have become an essential tool for successful supervision of offenders in the community. SCDPPPS initiated a BWC Pilot Program with 50 cameras assigned to Probation and parole agents from various county office locations in 2018. Currently, all caseload carrying agent staff received BWCs, as they are useful in recording all interactions with offenders, other law enforcement and the community. They promote accountability, transparency, and may provide evidentiary support in hearings.

Due to an increase in external requests for law enforcement assistance, SCDPPPS established SORT. The SORT received specialized training in order to better assist with deployment.

During FY 2023, the Domestic Violence Unit and the Mental Health Program both expanded, enabling SCDPPPS to better supervise these special populations, who have unique risks and needs. Further expansion is needed, as neither program is statewide.

**External Factors Affecting the Agency’s Performance in FY 2023**

SCDPPPS works to maintain partnerships with state agencies, the justice community, and service providers. These valuable partnerships create opportunities for innovation, collaboration and problem solving, all of which affect the agency’s performance. On April 20, 2022, the South Carolina House of Representatives Legislative Oversight Committee (HLOC) approved the Subcommittee’s 2021 Study of the Department of Probation, Parole and Pardon Services. Leadership from a host of state agencies including the Commission for Minority Affairs, the Commission on Prosecution Coordination, the Department of Employment and Workforce, the Office of the Attorney General, and the Department of

Corrections, were assigned to collaborate and implement each recommendation and report their findings to the HLOC. On April 20, 2023, SCDPPPS submitted a thirty-two (32) page written response to the HLOC’s recommendations, detailing the steps taken to comply with or coordinate compliance with each of the forty (40) recommendations. SCDPPPS’ leadership continues to have regular meetings with some of these partner agencies as well as others not specifically noted in the recommendations, such as the Department of Mental Health, and service providers, such as the Phoenix Center, all in an effort to strengthen the agency’s performance.

**Agency’s Current Efforts and Associated Results**

SCDPPPS remains committed to accomplishing multiple Strategic Plan objectives, all contained within four major goals. During FY 2023 the agency achieved the implementation of four objectives of note:

- Increase the number of searches of high-risk offenders and/or property by 25% (FY 2023 Strategic Plan Objective 3.1.1). SCDPPPS agents exceeded the goal of performing 756 searches and executed 1,237 offender searches.
- Implement strategies to ensure that 50% of the active supervised offenders have valid email addresses (FY 2023 Strategic Plan Objective 1.2.3). The Department exceeded this goal, increasing the number of offender records containing email addresses in its database from a 5% to 64%.
- Increase the number of community events and information sharing efforts to promote public trust (FY 2023 Strategic Plan Objective 3.1.2). SCDPPPS increased the number of public events, social media posts, and press releases from 269 to 509, exceeding the target of 365.
- Create a repository of reports for information and data integrity for use by all divisions (FY2023 Strategic Plan Objective 4.1.2). The Department successfully implemented the use of a report repository to improve data retention and to ease staff succession.

**Plans Under Development to Introduce Additional Changes**

Strategic Plan Objective 3.1.1 calls for SCDPPPS to “Certify 10 agency staff as cardiopulmonary resuscitation (CPR) and first aid instructors.” There are currently 12 SCDPPPS staff members who have completed a prerequisite training. Next, they will attend an in-depth instructor course hosted by Greenville Technical College. After course completion, the trainees will be fully certified through the American Heart Association. In the future, these instructors will be able to provide the lifesaving skills of initial CPR and First Aid Certification and biannual recertification to agency staff.

Another forward-thinking goal of the Department is to “establish a two-way application interface with a law enforcement entity to enhance data sharing.” The Justice Reinvestment Initiative (JRI) is a recent \$1 million grant awarded to SCDPPPS that focuses on ensuring data integrity and promoting data sharing between SCDPPPS, the South Carolina Law Enforcement Division (SLED) and SCDC.

The goal of the JRI Project is to reduce waste and replication through securing, sharing, and displaying data efficiently- while also improving data integrity and reducing errors in the process. A new interface

<b>AGENCY NAME:</b>	<b>South Carolina Department of Probation, Parole and Pardon Services</b>		
<b>AGENCY CODE:</b>	<b>N080</b>	<b>SECTION:</b>	<b>066</b>

will be created to allow for real-time data sharing with SCDPPPS' Offender Management System (OMS), the Parole Information Center (PIC), the Pardon Automation Center (PAC), and the Law Enforcement Message Switch (LEMS) managed by SLED. Information currently is accessible through the separate LEMS application in the areas of offender intake and supervision, determining parole eligibility, and investigating pardon applications.

Real-time data will be automatically populated in PIC and PAC and users will have the ability to download rap sheet directly into OMS without having to access a separate application. OMS data will be made available to SLED, who will make SCDPPPS offender information available to law enforcement nationwide. In addition, offender information and reentry assessment results will be shared with SCDC with the goals of ensuring data integrity in among both agencies and establishing continuity of treatment and other referral services for SCDPPPS offenders who reconvict and are returned to prison.

### **Other Highlights of FY 2023**

As a result of the pandemic, most of SCDPPPS' training was revised and completed virtually which included the PPP Basic Training for new employees. In 2023, SCDPPPS have returned this important training to an in-person instruction concept. The Department also took this time to review and improve the full curriculum. All sections of SCDPPPS are introduced and explained to the employee, with the associated managers participating. More time was added for specific subject matter topics as in Financial Obligations, Program Violations, Courtroom Procedures, and Risks Assessments. At the end of each week a test is administered, and a cumulative exam is given on the last day.

In SCDPPPS' continued efforts in excellence and accountability, the Department created the Office of Standards, Compliance, and Performance. They are responsible for developing new procedures and reviewing mechanisms that will increase quality and data integrity as well as offender supervision techniques. The reviews/audits conducted have made significant improvement with caseload management.

### **Risk Assessment and Mitigation Strategies**

The four major goals of the SCDPPPS Strategic Plan focus on the Department's mission, which emphasizes the overarching need to prepare offenders, provide assistance to crime victims, the Courts and the Parole Board, and to protect public trust and safety, all while delivering quality services. There are several risks associated with failure if SCDPPPS were to fall short of its strategic goals.

### **Potential Most Negative Impact on the Public if Goals Are Not Accomplished**

Goal 1: The first goal, to "Prepare Offenders Under our Supervision Toward Becoming Productive Members of the Community", is the primary function of SCDPPPS. The strategies for this goal involve providing evidence-based services for offenders in order to promote accountability and behavioral change, and maximizing state resources and enhancing services by improving supervision processes to collect fines, fees and victim restitution. Specific objectives that support these strategies are 1.1.2, 1.1.3, and 1.2.2, all of which seek to increase utilization of evidence-based practices. By using practices such as active supervision plans and completed risk and needs assessment, the Department is giving offenders the information and tools they need to become productive members of the community. Similarly, by working with offenders to achieve payment of restitution accounts in full before the end

<b>AGENCY NAME:</b>	<b>South Carolina Department of Probation, Parole and Pardon Services</b>		
<b>AGENCY CODE:</b>	<b>N080</b>	<b>SECTION:</b>	<b>066</b>

of supervision, the Department is holding offenders accountable for financial losses caused by their criminal behavior, which promotes behavioral change. Failing to meet this goal would significantly damage the core basis from which SCDPPPS operates and would have an adverse effect on the Department’s other goals. Indeed, there is a potential for offenders to withdraw from community resources rather than becoming productive members of the community, which could lead to an increase in recidivism.

Goal 2: The second goal, to “Provide Assistance to Victims of Crimes, the Courts, and the Parole Board,” relies on strategies that utilize customer feedback for continuous improvement and deliver quality services to agency stakeholders. Objectives 2.1.1, 2.2.1, and 2.2.2, are examples which focus the Department’s efforts to improve and deliver quality services through data collection and specialized training. These objectives provide opportunities to enhance productivity and correct deficiencies. The consequence of not meeting this goal would be a failure to provide adequate assistance to agency stakeholders because efforts were based on poor data integrity and inadequate training. In addition, there is a potential that victims could feel revictimized as they work through the criminal justice system as well as a risk of violating victim rights as outlined in the SC Victims’ and Witnesses’ Bill of Rights.

Goal 3: In its third goal, the Department seeks to “Protect Public Trust and Safety.” The strategies supporting this goal focus on establishing and maintaining positive relationships with the public and enhancing methods to reduce recidivism. Objectives under this goal include, 3.1.1 “Certify 10 agents as cardiopulmonary resuscitation CPR/first aid instructors,” 3.1.2 “Train 50% of new agents and offender supervision specialists in the use of CPR/first aid,” and 3.2.1 “Ensure 90% of body worn camera home visit videos are reviewed per policy pass quality standards.” These objectives serve the dual purposes of building trust and enhancing safety of Department staff and the public as a result of that increased trust. Indeed, the use of technology will allow the Department to ensure that proper processes are being applied to all offenders and being trained in the use of CPR/first aid could be the difference between life or death. Failing to meet this goal would result in deteriorating trust, deteriorating safety, or loss of life.

Goal 4: The last goal is to “Efficiently Develop the Organization and Workforce While Delivering Quality Services.” The Department’s Executive Management Team recognizes that its employees are the mainstay of the organization. Therefore, they try to foster an environment of opportunity and growth by focusing on leadership, employee retention, creating a blueprint for knowledge continuity and improving project governance and practices. The strategies supporting this goal are, building a technological infrastructure for process improvement to adapt to business needs, implementing comprehensive plans for retaining and hiring employees and supporting knowledge continuity, and continuously exploring and implementing processes that create and maintain accountability and a high-performance work culture. Objectives 4.1.2, 4.3.1, and 4.3.3 focus on data integrity and training in an effort to increase fidelity and consistency of agency applications and confidentiality of agency data. This will improve consistency, perceived discontinuity, and data integrity. Failing to meet this goal would result in an underqualified workforce not capable of providing services at the highest level to stakeholders and could negatively impact offenders and victims through the improper sharing of confidential information.

**Nature and Level of Outside Help to Mitigate Negative Impact in Public if Goals Aren't Accomplished**

Goal 1: "Prepare Offenders Under our Supervision Toward Becoming Productive Members of the Community." There are many ways in which outside agencies aid SCDPPPS in its efforts to utilize evidence-based practices and offender accountability tools for more effective and result-oriented offender supervision. For example, victim service agencies and mental health organizations often assist SCDPPPS in delivering applicable training and in providing evidence needed to validate practices, which can supplement SCDPPPS' efforts to promote accountability. If Goal 1 is not achieved, SCDPPPS must work to maintain its vital partnerships with those organizations as well as with SLED, SCDC, and other law enforcement agencies to mitigate negative impacts. These agencies can offer assistance in holding offenders accountable and effecting behavioral change even if agency goals are not entirely accomplished, and can help steer offenders away from withdrawing from community resources.

Goal 2: "Provide Assistance to Victims of Crimes, the Courts, and the Parole Board." This goal requires the Department to utilize customer feedback for continuous improvement and to deliver quality services to agency stakeholders through data collection and specialized training. If the objectives of this goal are not met internally, SCDPPPS will need to further rely on the positive relationships it has developed with state agencies that gather and organize customer data, such as the Department of Administration and the Revenue and Fiscal Affairs Office, as well as state and local agencies which develop and deliver specialized training the overlaps with Department objectives, such as the Criminal Justice Academy and the Department of Mental Health. These mitigation efforts would reduce the potential for victims feeling revictimized by the system.

Goal 3: "Protect Public Trust and Safety." This goal requires the Department to establish and maintain positive relationships with the public and to enhance methods to reduce recidivism. If the objectives of this goal are not met through internal efforts, the Department would be able to mitigate the negative impact by relying on the extension of positive relationships developed by outside law enforcement partners such as local police and sheriffs and other community service partners such as Vocational Rehabilitation and health care providers. The Department could also seek guidance from other entities on the successful and continued implementation of its BWC Program and could work toward collaborating with external health care professionals to develop other relevant training.

Goal 4: "Efficiently Develop the Organization and Workforce While Delivering Quality Services." The Department remains focused on employee retention and staff performance, and building a technological infrastructure for process improvement in these areas. If the Department fails to accomplish the objectives for this goal, it may need to seek the counsel of the State Division of Human Resources to assist with retention and succession planning. Similarly, the Department may need to seek the counsel of the Office of Technology and Information Services in the Department of Administration to assist with accessing appropriate technology to support process improvement and ensure adequate protection of confidential information.

**Options for What the General Assembly Could Do to Resolve the Issue Before it becomes a Crisis**

Option 1: Goals 1, 2, and 3 encompass core aspects of the agency's mission, including offender supervision and enforcement, release services, victim services, and coordination with agency partners.

<b>AGENCY NAME:</b>	<b>South Carolina Department of Probation, Parole and Pardon Services</b>		
<b>AGENCY CODE:</b>	<b>N080</b>	<b>SECTION:</b>	<b>066</b>

To meet objectives for these goals, the Department has active plans under development including: expanding specialized caseload programs for offenders, utilizing an electronic detection canine and enhanced technology for supervision, and developing specialized administrative hearings officers. Each of these plans is associated with one or more goals and objectives. The General Assembly has been incredibly responsive to requests to fund the Department’s initiatives. To help ensure the Department can continue to serve its core functions and avoid a crisis, the General Assembly can continue to support and fund future initiatives, particularly as the expansion of specialization of programs better serves offenders, victims, and all citizens.

Option 2: As noted, Goals 1, 2, and 3 encompass core aspects of the agency’s mission. The Department’s active plans to meet objectives for these goals all rely upon the recruitment and retention of high-quality employees at all levels of the agency who must perform daily operations as well as develop and implement these active plans for improvement. The General Assembly was incredibly responsive to requests from SCDPPPS and other agencies to establish a law enforcement pay structure to aid in the recruitment and retention of law enforcement staff; however, accomplishing the agency’s goals also depends on critical non-law enforcement staff who are vital to daily operations. To help ensure the Department can continue to serve its core functions and avoid a crisis, the General Assembly can allocate sufficient funds to establish a pay structure including salary increases for non-law enforcement staff, which would assist with retention and recruitment of highly skilled non-law enforcement employees.

Option 3: Goal 4 places increased emphasis on improved technology infrastructure, knowledge continuity, confidentiality of information, and employee retention. In order to resolve concerns regarding continuity, confidentiality, and to enable the Department to keep experienced staff capable of providing quality services to stakeholders, the General Assembly can fund the Department’s technology requests for process improvement as well as funding starting salary and pay increase plans for non-law enforcement staff that keep pace with similar positions at other law enforcement agencies in the state.
