#### **AGENCY'S DISCUSSION AND ANALYSIS**

#### **Recruitment and Retention**

Law Enforcement recruiting and retention continues to be an emphasis for the South Carolina Department of Public Safety (SCDPS). The agency's average law enforcement vacancy percentage rate for Fiscal Year 2024-2025 was approximately eleven percent (11%). This directly correlates with the national average, which stands at approximately ten percent (10%). To combat shortfalls in areas of the state that have traditionally experienced workforce shortages, the agency implemented critical market sign-on bonuses for South Carolina Highway Patrol (SCHP) applicants. This initiative has produced positive results in areas where applicant competition is greatest and areas where social and economic influences hamper recruitment efforts.

To improve retention efforts, Director Woods, initiated and conducted a series of meetings with law enforcement personnel from each division. Almost nine hundred (900) department law enforcement officers participated in over fifty (50) meetings statewide. Troopers and officers listened to agency accomplishments, improvements and future goals provided by the Director while also being able to directly ask questions about matters which meant the most to them. A number of items resulting from these meetings have already been addressed to provide field personnel effective and efficient methods of completing their mission or simply having a voice in the decision process. The process by which SCHP vacancies are announced, determined and filled has been significantly expedited. Grooming standards have been revised, most specifically guidance for female troopers/officers. Changes to discipline and grievance procedures were implemented and the SCHP Training Unit will conduct regional training courses closer to field personnel to reduce commute times.

#### **Technology Enhancements**

The agency is continuing to implement technological advancements aimed at improving employee efficiency. Through generous funding by the general assembly, the agency began rolling out Microsoft Teams and Office 365 in early 2025.

Microsoft Teams and OneDrive were deployed to agency computers as part of an agency-wide rollout of Office 365 tools and will help streamline how employees communicate, collaborate, and manage files across SCDPS. This is part of a larger endeavor to modernize infrastructure and improve services agency wide. Some of the products of this effort are:

- Email service now uses the same password as your computer.
- Single sign-on services have been set up for Axon allowing sign in with the same password as your computer.
- Self-Service password resets and unlocks.
- 24/7 Department Technology Operations (DTO) service desk support for SCDPS accounts and passwords.
- Chat, calling, file sharing and video conferencing through Teams.
- File storage, backup, version history, and document sharing/collaboration in OneDrive.
- Microsoft managed iPhone 16s.
- Contact information in Teams and Outlook.

AGENCY NAME:	South Carolina Department of Public Safety						
AGENCY CODE:	K050	SECTION:	063				

The SCDPS Office of Information and Technology (OIT) is diligently working to utilize a modernized hybrid cloud infrastructure and partner with DTO to bring more improvements and features as quickly as possible.

#### Planned updates include:

- An improved computer image for a better and faster windows desktop and laptop environment.
- Windows Autopilot for effortless computer health repair.
- Managed Print to make connecting to printers easier.
- A Company Application portal to easily install needed SCDPS approved applications with automatic updates.
- IT Webinars for Teams and OneDrive training on features and functions.

OIT is also working to improve in-place services to improve their use.

- Increasing Teams groups and channels
- Making Schedules available from any device.
- Increasing the number of applications that use single sign-on

These changes not only benefit the organization functionally, but also increase data reliability and the agency's cyber security posture.

#### **Virtual Weigh Stations**

The South Carolina State Transport Police (STP) is tasked with enforcing commercial vehicle weight limitations to ensure safer roadways and bridges. In effort to leverage technology and to make weighing large vehicles more efficient, STP initiated the Virtual Weigh Station Program along with the South Carolina Department of Transportation (SCDOT).

In April 2025, the first "Virtual Weigh Station" in the country began as a pilot with four (4) STP Officers on Interstate 77 in Fairfield County. This site was selected based on sensors currently installed, the high commercial vehicle traffic volume, and the ability of officers to conduct traffic stops in a safe location. Officers log into the web-based application on either their laptop or cell phone. When a weight sensor is triggered, the application takes a picture of the specific vehicle and notifies the officer within 30 seconds. Once notified the officer is able to inspect the information, observe the vehicle before it passes.

is triggered, the application takes a picture of the specific vehicle and notifies the officer within 30 seconds. Once notified, the officer is able to inspect the information, observe the vehicle before it passes their location, and then conduct a traffic stop. The officer then weighs the vehicle with certified scales and issue a citation if warranted. The weight of each vehicle is being captured at highway speeds without the need to exit for an existing brick and mortar weigh station. This process improvement, allows officers to focus their efforts and time on potential violators verses random selections and data collected from the application allows STP to assign resources in a more efficient manner.

This project exemplifies the importance of state agencies working together toward a common goal of making roadways safer in South Carolina.

AGENCY CODE:	K050	SECTION:	063				

#### **SCHP - Safety Trailers**

In 2025, SCDPS entered into an agreement with the SCDOT relating to work zone safety. SCDPS and SCDOT share goals of ensuring safe and efficient transportation on the roads and highways of this state. SCDPS has previously proven the effectiveness of positioning officers and vehicles with activated blue lights in construction zones however; even with the enhanced law enforcement presence there is insufficient personnel to meet the increasing and sustained need. As a result, SCDOT purchased Safety Trailers with Message Boards to be placed in agreed upon work zones across the state, which collect data pertaining to the numbers and speeds of vehicles passing through these zones. The trailers activate mounted blue lights to warn drivers to slow down. The collected data is reviewed monthly by law enforcement officers to determine traffic trends and compliance with the warnings and whether officers should be deployed to the area.

In addition to their use in work zones, the safety trailers will be utilized for events such as Hurricane Evacuations, Speed Enforcement Initiatives, and Temporary Detour Notifications to the public.

#### POSSIBLE NEGATIVE IMPACT IF AGENCY GOALS ARE NOT MET

#### GOAL 1: ENHANCE PUBLIC/OFFICER SAFETY

The inability of the department to provide a safe environment in which to travel throughout the state could result in increased numbers of traffic collisions and fatalities. These tragic events can lead to environmental impact, property damage, increased insurance premiums, and other economic losses. A reduction in officer safety places the officers in greater danger and induces financial inefficiencies through turnover.

#### GOAL 2: PROFESSIONAL DEVELOPMENT AND WORKFORCE PLANNING

Failing to attract, recruit, and retain a professional workforce may compromise the department's mission to provide professional services, enforce traffic laws, and save lives. If officer turnover is not reduced, more state and taxpayer funds would be spent in an attempt to attract, hire, and retain officers. Failure to train the workforce would have a negative effect on work performance and could result in employee turnover and ineffective customer service.

#### **GOAL 3: APPROPRIATE USE OF INFORMATION AND TECHNOLOGY**

Inappropriate use of technology could result in poor customer service and higher costs to conduct business. SCDPS relies on computerized information systems to carry out its operations; report essential information; transmit sensitive information; conduct operations; and process business transactions. In addition, social media through the internet has grown increasingly important, developing into an extended information and communications infrastructure that supports the agency's service to the public.

Ineffective protection of these information systems and networks can result in a failure to deliver these vital services and disclosure of sensitive information. The department could also experience disruption of essential operations and emergency services.

AGENCY NAME:	South Carolina Department of Public Safety						
AGENCY CODE:	K050	SECTION:	063				

#### **GOAL 4: QUALITY CUSTOMER SERVICE DELIVERY**

If SCDPS fails to adequately educate, inform, or respond to information needs of the public, the public's awareness of important traffic safety messages would be compromised.

#### **OUTSIDE HELP NECESSARY FOR MITIGATION**

The overwhelming majority of possible incidents discussed above could be mitigated with additional funding appropriated to the agency through recurring and core budget funds.

#### **GENERAL ASSEMBLY OPTIONS**

Possible options for the General Assembly to consider would be to:

- 1. Continue to evaluate funding for salary increases to assist with recruitment and retention of law enforcement officers as local agencies become more competitive.
- 2. Continue to provide the department with recurring funding for body armor and law enforcement vehicles.
- 3. Continue to provide the department with additional funding for information technology systems.

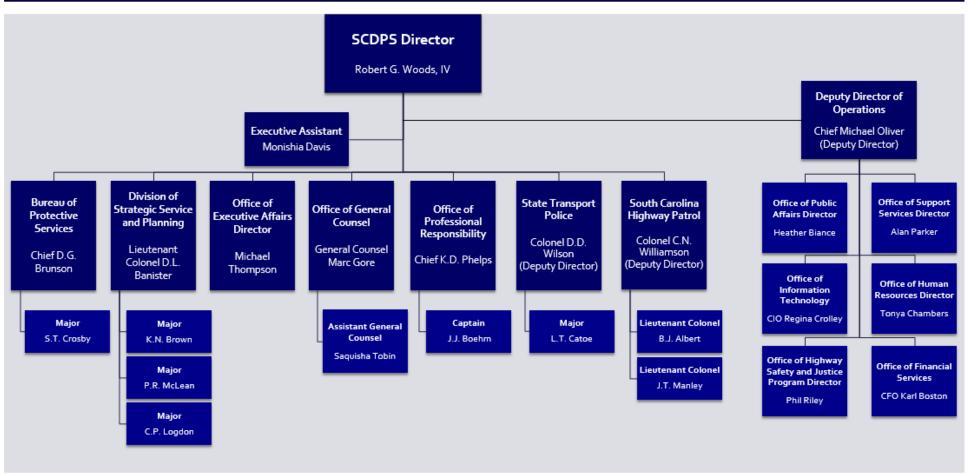

#### **FUTURE ISSUES THAT MAY IMPACT THE AGENCY**

- Officer safety continues to be a primary concern of the agency. The ongoing struggle to remain competitive with salaries offered by private sector employers and local law enforcement agencies results in reduced staffing levels, a diminishing pool of qualified applicants, decreased retention, and non-competitive law enforcement salaries; and
- Cost of leadership and employee development training.

Agency Missi	on			Adopted in:	2019		

As the largest law enforcement agency in South Carolina, it is the mission of the South Carolina Department of Public Safety to protect and serve the public with the highest standard of conduct and professionalism; to save lives through educating the citizens of South Carolina on highway safety and diligent enforcement of laws governing traffic, and motor vehicles, commercial carriers; to provide protective services for government officials, state government properties, and the general public visiting these properties; and to ensure a safe, secure environment for the citizens of the state of South Carolina and its visitors.

Agency Vision Adopted in: 2016

The South Carolina Department of Public Safety's (SCDPS) vision is to ensure that it is setting the standard for public safety excellence as a cohesive team by making South Carolina a safer place to live, work, and visit through protection, education, and service. Embedded within SCDPS' efforts and initiatives to serve the public are the agency's core values: Integrity, Excellence, Accountability, and Leadership.

Measure				Desired	Time	Calculation			Stakeholder Need		State Funded Program	
Number 2.3.1	Reduce the agency's "successful by default" ratings for appraisal completion. A "successful by default" rating indicates a supervisor was unable to conduct a performance review with his/her employee. Reducing the number of "successful by default" ratings ensures a larger percentage of SCDPS employees receive valuable feedback about their performances. (measured by percentage of "successful by default" appraisals)	1.97%	Target Value Type 2% Percent	Outcome Equal to or less than	Applicable State Fiscal Year	Method Number of employees receiving "success by default" / total number of employees (Compilation of data from SCEIS)	Data Source SCDPS' Human Resources staff, SCEIS	Data Location Office of Human Resources	Satisfied Promotes constructive feedback from supervisors which results in troopers, officers, and employees most efficiently and effectively performing their duties.	Primary Stakeholder SCDPS employees, South Carolina citizens, individuals using South Carolina roadways, and their families.	Number Responsible 0100.00000.000, 1000.300000.000, 1000.500100.000, 1001.100000.000, 1001.102000.000	Notes
2.3.2	Educate at least ninety (90) managers and supervisors on best practices in leadership and professionalism each fiscal year (measured by number of supervisors/managers trained)	36	35 Count	equal to or greater than	State Fiscal Year	Total number of supervisors and managers trained (first line supervisory practices)	State OHR, SCDPS' Human Resources Office and South Carolina Human Affairs Commission (SHAC)	Office of Human Resources	Provides best practices for supervisors in the most efficient/effective supervision of their subordinates.	SCDPS employees	0100.000000.000	
2.3.3	Provide training to at least twenty (20) managers and supervisors on employment law issues each fiscal year (measured by number of supervisors/managers trained)	12	20 Count	equal to or greater than	State Fiscal Year	Total number of supervisors and managers trained	SCDPS' Human Resources staff, South Carolina Human Affairs Commission (SHAC)	Office of Human Resources	Ensures supervisors are educated in employment law.	SCDPS supervisors, SCDPS employees	0100.000000.000	
3.1	Heighten Information Tech	nology security						State Objective:	Maintaining Safety,	Integrity and Security		
3.1.1	Ensure employees, contractors, and third party users receive annual security awareness training as relevant for their job function (measured by percentage of personnel trained).	100%	98% Percent	equal to or greater than	State Fiscal Year	(Number of employees, contractors, and third party users that complete security awareness training as relevant to their job function divided by total number of employees, contractors, and third party users) X 100		Office of Information Technology - Information Security Office	Maintains a strong information security posture and protects South Carolina citizen and visitor personal information located on SCDPS servers and in SCDPS file systems.	South Carolina citizens and visitors	0100.000000.000	
3.2	Utilize technology sufficient	ly to support SC	CDPS' mission					State Objective:	Maintaining Safety,	Integrity and Security

Law number	Jurisdiction	Type	Description	Purpose the law serves:	Notes:	Changes made during FY2025
23 CFR § 657.1, et seq.	Federal	Regulation	To prescribe requirements for administering a program of vehicle size and weight enforcement on the Interstate System including the required annual certification by the State. Each State shall develop a plan for the maintenance of an effective enforcement process. The plan shall describe the procedures, resources, and facilities which the State intends to devote to the enforcement of its vehicle size and weight laws. No program shall be approved which does not utilize a combination of at least two of the following devices to deter evasion of size and weight measurement in sufficient quantity to cover the FA system: fixed platform scales; portable wheel weigher scales; semiportable ramp scales, WIM equipment.	Requires a service		No Change
23 USC § 402	Federal	Statute	Each State shall have a highway safety program that is designed to reduce traffic accidents and the resulting deaths, injuries, and property damage.	Requires a service	The agency is required to develop a highway safety program.	No Change
23 USC § 405	Federal	Statute	The National Priority Safety Program administers federal grant funding to address national priorities for reducing highway deaths and injuries.	Funding agency deliverable(s)		No Change
44 USC § 3541, et seq. (Federal Information Security Management Act of 2002)	Federal	Statute	The Federal Information Security Management Act of 2002 provides further legal basis for the management, operational, and technical security requirements mandated to protect CJI and by extension the hardware, software and infrastructure required to enable the services provided to and by the criminal justice community.			No Change

				Purpose the law		
Law number	Jurisdiction	Type	Description	serves:	Notes:	Changes made during FY2025
49 CFR §§ 350.209 and 350.211	Federal	Regulation	The state will establish a program to provide FMCSA with accurate, complete, and timely reporting of motor carrier safety information, including documentation of the effects of the state's CMV safety programs and participation in a national motor carrier safety data correction program.	Report our agency may/must provide		No Change
P62.16 Private Detective/ Security Fee	State	FY25-26 Proviso	Directs SLED to transfer private detective fees to the agency for the purpose of providing security in the Capitol Complex area.	Funding agency deliverable(s)	The agency provides security at the Capitol Complex.	Reenacted
P63.1 Special Events Traffic Control	State	FY25-26 Proviso	The highway patrol must not charge any fee associated with special events for maintaining traffic control and ensuring safety on South Carolina public roads and highways unless approved by the General Assembly. Nothing shall prohibit the Treasury of the State from accepting voluntary payment of fees from private or public entities to defray the actual expenses incurred for services provided by the Department of Public Safety.	delivery		Reenacted
P63.2 Retention of Private Detective Fees	State	FY25-26 Proviso	The Department of Public Safety is hereby authorized to receive, expend, retain, and carry forward all funds transmitted from SLED related to fees charged and collected by SLED from license and registration fees for private detective businesses, private security businesses, including employees of these businesses, and companies which provide private security on their own premises. The funds transferred are to be used in the Bureau of Protective Services Program to provide security for state agencies and the Capitol Complex.	Requires a service	The agency uses funds collected from private detective fees paid to SLED to fund Bureau of Protective Services programs.	Reenacted

Law number	Jurisdiction	Туре	Description	Purpose the law serves:	Notes:	Changes made during FY2025
P63.3 CMV Driver Rest Areas	State	FY25-26 Proviso	A joint working group is to be established between the Department of Transportation, Department of Public Safety, State Transport Police and the South Carolina Trucking Association to review and evaluate where critical rest areas may be made available for commercial motor vehicle drivers to park and obtain their federally mandated required rest.	Board, commission, or committee on which someone from our agency must/may serve		Reenacted
P63.4 SC Law Enforcement Officers Hall of Fame Scholarships/Donations	State	FY25-26 Proviso	The Department of Public Safety is hereby authorized to accept donations from the public in order to provide scholarships to the children of law enforcement officers killed in the line of duty. The South Carolina Law Enforcement Officers Hall of Fame Advisory Committee is authorized to set the criteria for awarding such scholarships. All revenue received for this purpose shall be used to provide scholarships and shall be retained, carried forward, and expended for the same purpose.	Requires a service	Distribute funding to another entity	Reenacted
P63.5 Body Cameras	State	FY25-26 Proviso	The Department of Public Safety is authorized to retain and carry forward unexpended funds associated with body cameras from the prior fiscal year into the current fiscal year and expend those funds for the same purpose.	Requires a service	The agency is permitted to use carry forward funds to purchase body cameras.	Reenacted

				Purpose the law		
Law number	Jurisdiction	Type	Description	serves:	Notes:	Changes made during FY2025
P63.6 Overtime Pay	State	FY25-26 Proviso	For the current fiscal year, the department is authorized and required to pay current non-exempt law enforcement officers by October 1st for any compensatory time earned and not used in the prior fiscal year. The funds for this compensation must be provided from available personal services, appropriated overtime funding, and/or employer contributions funds carried forward from the prior fiscal year. If the amount of carried forward funds is not sufficient to pay all the non-exempt law enforcement officers accrued compensatory time, the department shall pay the officers on a percentage distribution based on the hours owed per officer up to the total amount that the department has carried forward.	Requires a service	The agency must pay current non-exempt law enforcement officers by October 1st for any compensatory time earned and not used in the prior fiscal year.	Reenacted
P93.9 Cyber Security	State	FY25-26 Proviso	Proviso requiring all state agencies to adopt and implement cyber security policies, guidelines and standards developed by the Division of State Technology. The proviso also provides direction for the reporting of any security breaches.	Not related to agency deliverable		Reenacted

The Office manages the information technology infrastructure, systems, data, applications, services, projects, and IT planning, license, maintenance and service agreement specifications for SCDPS in approximately 67 continuously and intermittently operating offices state-wide.		SCDPS Employees		Technology	members support the IT needs of nearly 1.400 users across the entire State of South Carolina in 67 supported locations. The Office operates a Help Desk (8:00am-5:00 pm), a field service team with technicians located at each Troop HQ, provides 7x.24 on-call support via rotation, a network and infrastructure architecture and support, a database and software support, GIS (geographic mapping) and dashboards, access control services, audiovisual support, and includes the ISO and the Information Security and Risk Management team. OIT's organization added responsibilities and programs for cyber security and data privacy. The team manages all sanitization services for media disposal working with State Surplus. Additionally, OIT migrated to shared services at DoA/DTO retiring the local Blythewood Data Center. The Agency is now migrating to an automated work flow and data repository solution from DOA/DTO (OnBase) for internal management of assets and human resources processing. New technologies were implemented for map based data driven enforcement, dashboards for monitoring incidents, accidents, locations, fatalities, etc. New technologies are being implemented for security vulnerability and patch management for end point devices.			
The Office manages the information technology infrastructure, systems, data, applications, services, projects, IT planning, licenses, service agreement, and information security for SCDPS across the State in approximately 67 offices locations. OIT provides systems for use by the Agency, the public, SCDOT, SCDMV, FMCSA, and citizens.	All Agency employees and several partner Agencies		Citizens of SC		members support the IT needs of nearly 1,400 users across the entire State of South Carolina in 67 supported locations. The Office operates a Help Desk (8:00am-5:00 pm), a field service team with technicians located at each Troop HQ, provides 7x24 on-call support via rotation, a network and		Ü

Description of Service Educate the public on highway safety issues through presentations, fairs, materials and media campaigns in order to enhance public safety in South Carolina. Provide important information to the public concerning services provided by the agency.	Customer All demographics of drivers using South Carolina roadways	Customer Name South Carolina roadway users	Service	SC Highway Patrol	This division is primarily responsible for disseminating information, in support of the agency's mission, to the public through the news media, digital media, social media, agency Community Relations Officers and FOIA.	Primary negative impact if service not provided.  Highway safety education works hand-in-hand with enforcement in impacting negative driving behaviors. If there was no public information regarding highway fatalities, dangerous driving behaviors, and changes in traffic safety laws, the negative impact could be a rise in collisions and fatalities on our roadways.	FY2025 No Change	to services
Process all public records requests in accordance with the state's Freedom of Information Act. Request and produce agency documents and invoice for allowable charges.	information from the department in accordance with the Freedom of	Legal Entities		South Carolina Highway Patrol	This division is primarily responsible for disseminating information, in support of the agency's mission, to the public through the news media, digital media, social media, agency Community Relations Officers and FOIA.	The Department is required by State law to comply with requests under FOIA. However, failure to produce records could result in requestors not receiving factual information.	No Change	
Process all public records requests in accordance with the state's Freedom of Information Act. Request and produce agency documents and invoice for allowable charges.	from the department in accordance with the	Insurance Companies		,	This division is primarily responsible for disseminating information, in support of the agency's mission, to the public through the news media, digital media, social media, agency Community Relations Officers and FOIA.	The Department is required by State law to comply with requests under FOIA. However, failure to produce records could result in requestors not receiving factual information.	No Change	
Process all public records requests in accordance with the state's Freedom of Information Act. Request and produce agency documents and invoice for allowable charges.		News Media Outlets			This division is primarily responsible for disseminating information, in support of the agency's mission, to the public through the news media, digital media, social media, agency Community Relations Officers and FOIA.	The Department is required by State law to comply with requests under FOIA. However, failure to produce records could result in requestors not receiving factual information.	No Change	
General information, activities and awards are disseminated internally to SCDPS employees.	All SCDPS Employees	SCDPS Employees			This division is primarily responsible for disseminating information, in support of the agency's mission, to SCDPS employees through email updates, News Break (the agency's website dedicated to internal announcements), digital signage, social media, and the internal forms page (the blue page). OPA partners with each division to promote and provide information to employees and share good news from the agency.	Employees are the backbone of the organization. It is important to ensure they are well-informed about policies, procedures and goals for the future of the organization and properly recognized for outstanding performance. If employees are not kept informed or rewarded for going the extra mile, there could be a negative impact on morale and motivation toward meeting department goals.	No Change	
Provide highway safety presentations and materials to schools in an effort to reduce traffic deaths involving youth.	School-aged drivers around the entire state	Young drivers			This division is primarily responsible for disseminating information, in support of the agency's mission, to the public through the news media, digital media, social media, agency Community Relations Officers and FOIA.	The knowledge Troopers provide young drivers about driving responsibilities, and the encouragement they receive about making good decision would not be received. In turn, the state may observe a higher number of teens involved in serious collisions.	No Change	
Benefits, Classification and Compensation, Payroll, Employment, Recruitment and Employee Relations	All SCDPS Employees	SCDPS Employees	SCDPS Employee dependents, SCDPS Applicants, other State Agencies, other entities seeking employment verifications.	Human Resources	This division provides human resources services to agency.	The employment area provides qualified applicants to all departments and divisions within the agency. Meeting staffing needs impacts all employees and supervisors, and is crucial to our day-to-day operations as well as meeting the mission of the agency. We provide assistance to hiring managers and law enforcement recruitment personnel who depend upon our expertise to successfully hire and onboard their new employees. We also provide employment verifications and answer questions about the employment and promotion process for employees who are seeking other opportunities within and outside of the agency. SCDPS Benefits services impact the family members of our employees, as dependents on their PEBA insurance coverage, and beneficiaries of their life insurance policies and retirement accounts. Family members would be negatively impacted if benefits services were not provided, as they would then not have access to health, dental, vision, life, and flexible spending account coverage as dependents. Lastly, if we do not complete our job successfully, our employees pay and other benefits could be negatively impacted. Additionally, other agencies could be negatively impacted if payroll, disciplinary actions, reporting requirements, benefits and leave cases are not managed appropriately. Some examples include, PEBA, State Accident Fund, Division of State Human Resources, Comptroller General's Office, State Treasurer's Office and receiving agencies for employee transfers. Private entities may also suffer if information requests and employment verifications are not completed in a timely manner.
