AGENCY'S DISCUSSION AND ANALYSIS

I. FY 2025-26 AGENCY OVERVIEW

Created in 1990, the South Carolina Commission on Prosecution Coordination (SCCPC) serves South Carolina's sixteen (16) elected Circuit Solicitors and their staff of over 1,160 prosecutors, investigators, victim advocates, diversion and treatment court coordinators, paralegals, technology staff, and other administrative professional through training, legal assistance, programmatic support, data analysis, and collaboration with criminal justice stakeholders. The SCCPC continued to fulfill this mission during FY 2024-25 and further strengthened its efforts by expanding prosecutor recruitment and retention initiatives, growing the development and use of technology advancements both internally and in solicitors' offices, enhancing information communications with solicitors' offices, strengthening collaboration with criminal justice partners and stakeholders, and expanding training offerings for law enforcement, judges, and other state and local government attorneys.

II. FY 2025-26 NOTABLE ACHIEVEMENTS AND FUTURE PLANS

ADMINISTRATION

- For the fourth year, the SCCPC recognized the contributions of career prosecutors and support staff in the Offices of Circuit Solicitor, the Office of the Attorney General, and the SCCPC by providing years of service certificates and awards to those who have served 10, 15, 20, 25, and 30+ years of service. At the 2025 SC Solicitors' Annual Conference, the SCCPC recognized 91 total individuals: 26 for reaching 10 years of service, 23 for reaching 15 years of service, 23 for reaching 20 years of service, 14 for reaching 25 years of service, and 5 for reaching 30 years of service.

- The Executive Director has continued career growth among staff by encouraging and enabling staff to pursue relevant educational and training opportunities.

- The Executive Director served as President of the National Association of Prosecutor Coordinators (NAPC). The NAPC brings together prosecutor coordinators from across the country that serve as Executive Directors of their state's organization that serves prosecutor offices in the same manner as the SCCPC. The Executive Director also served as an ex officio member of the SC Bar's Criminal Law Section Council.

- The SCCPC Executive Director or staff member continued to serve on the following statewide committees:
    - Adult Protection Coordinating Council
    - Impaired Driving Prevention Council
    - Victim Services Coordinating Council

- The SCCPC revised internal policies and procedures for the procurement process within the SCCPC, including procurement cards.

Administration (continued)

- One (1) half-day in-person meeting and two (2) two-day in-person meetings with the sixteen (16) elected Circuit Solicitors were organized by the SCCPC. For the fourth year, one of these two two-day meetings included a half-day meeting with the executive committee and the executive director of the North Carolina Conference of District Attorneys (NCCDA), our North Carolina counterpart agency that supports its District Attorneys in the same capacity that the SCCPC supports South Carolina's Circuit Solicitors. The Executive Committee of the NCCDA consists of 10 elected District Attorneys from across North Carolina. This annual meeting fosters collaboration and communication among the elected prosecutors in North Carolina and South Carolina as border states that face similar issues.

- In addition to in-person meetings, the SCCPC continued to hold virtual Circuit Solicitor check-in meetings throughout FY 25. These meetings enable the elected Circuit Solicitors to collaborate with each other on pressing matters and topics of interest, and to receive updates from the SCCPC. Nine (9) such meetings were coordinated and held during FY 26.

- A "Solicitor 101" Newly Elected Solicitor Orientation training was organized and conducted for two new solicitors and eight re-elected solicitors in January 2026.

- The eleven (11) member Commission met twice during FY 26.

- The SCCPC completed forty-two (42) total report submissions required annually: thirty-two (32) are legislatively required and ten (10) are GAAP/GASB financial reports.

- Of the forty-two (42) report submissions required of the SCCPC, twelve (12) involve the collection of information and data from the Offices of Circuit Solicitor. These reports, which were all completed and submitted during FY 26, include:
    - Circuit Solicitor Revenue and Expenditures Report (state, local, federal, and non-governmental funding sources)
    - Traffic Education Program (TEP) Financial Report
    - Diversion & Treatment Court Programs Annual Report
    - FY 25 Year-End Pending Warrants and Attorney Recruitment Report
    - January 2026 Pending Warrants and Attorney Recruitment Report
    - Domestic Violence (DV) Dispositions Report
    - Driving Under the Influence (DUI) Dispositions Report
    - Diversion and Treatment Court
    - Victim Services Financial and Programmatic Report
    - Expungement Fees and Programmatic Report
    - Domestic Violence Fatality Review Committees Report
    - Batterer Intervention Programs Listing

- The drafting and implementation of all forty-nine (49) Technology and Security policies required by the SC Department of Administration were completed at the beginning of FY 26. All these policies require annual, semi-annual, or tri-annual reviews.

Administration (continued)

- The SCCPC completed the following three (3) additional detailed reports requested by the circuit solicitors annually:
  - Circuit Solicitor Attorney and Non-attorney Staffing
  - Circuit Solicitor County Funding Comparison
  - Detailed State and County Funding Reports for each Circuit (FY 20-FY 26)

Plans and Goals for FY 27

- The SCCPC will continue to develop and implement a document retention policy for the SCCPC.

- The SCCPC will continue with the procurement process of a legislative tracking platform, with a goal of implementation of the platform prior to the start of the 127th General Assembly beginning in January of 2027.

- The partnership between the SCCPC and NCCDA will continue in FY 27, to include a half day meeting between South Carolina's elected Circuit Solicitors, the elected District Attorneys on the NCCDA Executive Committee, and SCCPC and NCCDA agency leadership.

EDUCATION SERVICES

- A primary focus of the SCCPC continues to be offering a diverse array of high-quality training and educational programing for the Offices of Circuit Solicitor, as well as other prosecution and law enforcement entities. The SCCPC conducts in-person and webinar trainings (via Zoom™).

- The SCCPC offered 195.75 hours of continuing education opportunities during FY 26 through 31 training programs. While the Annual Conference, Prosecution Bootcamp, and 8 other programs were conducted only as in-person trainings, three trainings were offered simultaneously as in-person and live Zoom™ webinars, and 18 other programs were conducted only as live Zoom™ webinars.

- The SCCPC conducted its two keystone training events during FY 26: the South Carolina Solicitors' Annual Conference and the annual Prosecution Bootcamp program. The four-day Annual Conference brings together approximately 700 people including, the Circuit Solicitors and their staff (including prosecutors, investigators, victim advocates, paralegals, as well as diversion and other staff), other state and local prosecutors, attorneys for law enforcement agencies, and others from across the State for training to meet certification and/or job requirements. The six-day Prosecution Bootcamp program brings together senior prosecutors and new lawyers in the Offices of Circuit Solicitor for the purpose of providing trial advocacy training.

- The SCCPC staff worked with the officers of the SC Solicitors' Victim Advocate Forum and SC Association of Pretrial Intervention Programs in planning their separate tracks at the South Carolina Solicitors' Annual Conference.

Education Services (continued)

- Besides the Annual Conference and the Prosecution Bootcamp program, the SCCPC conducted 29 additional trainings during FY 26 that were one day or less, varying in length from one hour to 6.50 hours. They covered a variety of topics relevant to the duties of the staff of the Offices of Circuit Solicitor, including:
    - criminal offenses;
    - evidentiary issues, including hearsay, expert testimony, and 404(b) evidence;
    - appellate and post-conviction considerations for trial prosecutors;
    - the prosecution's disclosure obligation;
    - indictments;
    - NCIC reports;
    - victims' rights, advocacy, and restitution;
    - ethics and professionalism;
    - technology;
    - criminal procedure;
    - legislation;
    - effective communication;
    - collaboration with others in the criminal justice system;
    - responding to FOIA requests and subpoenas; and
    - mental health issues.

- SCCPC staff provided legal updates to staff of the Offices of Circuit Solicitor, prosecutors in the SC Attorney General's Office, and municipal prosecutors registered with the SCCPC to receive such notifications. Legal updates are provided immediately upon the release of opinions and orders by the Supreme Court of the United States and South Carolina's appellate courts announcing a significant change to the substantive law or court procedure and rules.

- SCCPC staff provided legislative updates to staff of the Offices of Circuit Solicitor, prosecutors in the SC Attorney General's Office, and municipal prosecutors registered with the SCCPC to receive such notifications. Legislative updates and summaries are provided immediately upon the enactment of relevant legislation by the South Carolina General Assembly.

- The SCCPC conducted both in-person and virtual meetings with and for staff of the sixteen (16) Offices of Circuit Solicitor to meet with each other and the SCCPC on an as-needed basis. Virtual meetings have enabled greater communication and coordination with the Offices of Circuit Solicitor and have promoted a more inclusive audience as many office staff who were previously unable to attend in-person meetings due to budgetary restrictions are now regularly attending virtual meetings held by the SCCPC.

- Regular training alert emails were distributed to staff of the Offices of Circuit Solicitor, prosecutors in the SC Attorney General's Office, and municipal prosecutors registered with the SCCPC to receive such communications. Training alert emails include training opportunities offered the SCCPC as well as relevant training opportunities offered by other local, state, and national organizations and providers.

Education Services (continued)

- Three SCCPC staff members served as speakers and/or resources for local, state, and national organizations and/or government agencies related to criminal justice and prosecution training, including the South Carolina Bar, South Carolina Court Administration (three different trainings for summary court judges), Clerks of Court and Registers of Deeds, and the National Association of Prosecution Coordinators.

- The SCCPC engages in outreach to the membership of the Law Enforcement Networks by attending network meetings.

- The SCCPC participates as a member of the South Carolina Impaired Driving Prevention Council (IDPC) to coordinate with other stakeholders in supporting impaired driving prevention initiatives within the State of South Carolina.

Plans and Goals for FY 27:

- The SCCPC will continue to coordinate and conduct training opportunities tailored to the needs of prosecutors, paralegals, investigators, victim advocates, diversion program coordinators, and other administrative professionals in prosecution, and will provide resource materials for every training that is conducted for future reference and use.

- The SCCPC conducted its first Conference for Administrative Professionals in Prosecution at the beginning of FY 27 in July 2026. This inaugural program was hugely successful with 45 administrative professionals from solicitors' offices across the state participating in the two-day event. The SCCPC plans to hold its second Conference for Administrative Professionals in Prosecution before the end of FY 27.

- In FY 27, the SCCPC will continue to develop and conduct the South Carolina Solicitors' Annual Conference, the Bootcamp program for new prosecutors, and other trainings relevant to the duties and responsibilities of the staff of the Offices of Circuit Solicitor.

- The SCCPC will, upon request, continue to assist Court Administration with planning and conducting training for summary court judges.

- The SCCPC will continue to obtain accreditation, as relevant, for its training programs from the Supreme Court of South Carolina's Commission on CLE and Specialization, South Carolina Criminal Justice Academy, and/or Department of Crime Victim Services Training, Provider Certification & Statistical Analysis. Evaluations will continue to be utilized to determine the effectiveness of each training.

- The SCCPC will also continue to offer the opportunity for select groups of prosecution staff to address specific changes in the law, such as expungement personnel, family court prosecutors, DUI prosecutors, and Sex Offender Registry points of contact; this engagement will continue into FY 27 and beyond.

PROSECUTOR RECRUITMENT AND RETENTION

- The SCCPC assisted the Offices of Circuit Solicitor with prosecutor recruitment and retention efforts. The SCCPC created and distributed job fair flyers and a brochure about working in a Circuit Solicitor's Office. In April 2025, the SCCPC hosted two prosecution job fairs. The first was held in Charleston at the Charleston School of Law; representatives from ten of the Offices of Circuit Solicitor and the Attorney General's Office participated. The second was held in Columbia; representatives from seven of the solicitors' offices and the South Carolina Attorney General's Office participated. In February 2025, staff from the SCCPC distributed the recruitment brochure to persons leaving the site of the South Carolina Bar Exam. The SCCPC further supported the recruitment efforts of the Offices of the Circuit Solicitors by advertising open positions on the SCCPC's website. The SCCPC also aided the recruitment of prosecutors by bringing other job fairs, including at local law schools and larger job fairs (such as the National District Attorneys Association's annual job fair) to the attention of the Circuit Solicitors.

Plans and Goals for FY 27:

- The SCCPC will continue to assist the Circuit Solicitors with their efforts to recruit and retain prosecutors during FY 27 and beyond. The SCCPC plans to continue coordinating or participating in job fairs and other programs focused on educating on the work of prosecutors, distributing recruitment materials, and posting open positions on the SCCPC website.

TECHNICAL LEGAL ASSISTANCE

- SCCPC lawyer staff also serves as a legal resource for and responds to regular requests for technical assistance from Solicitors and their staff on issues related to the prosecution function (including ethics, charging decisions, evidence, constitutional law, trial procedure, expert witnesses, disposition, advocacy, and appellate) and, upon request will assist in the drafting or review of trial and appellate pleadings. Over 100 requests for assistance were received and completed.

- The SCCPC continued working with the Offices of Circuit Solicitor toward compliance with the orders issued by the U.S. District Court for the District of South Carolina in *Kenny v. Wilson*, which enjoined the prosecution of certain juveniles for one crime and required the expungement of convictions and adjudications of two sub-classes of juveniles for two crimes. The SCCPC collected information on the status of compliance from each Circuit Solicitor for compilation and submission to counsel for both parties.

- The SCCPC served as a resource for and/or provided technical assistance to other local and state agencies on issues related to criminal justice.

Plans and Goals for FY 27

- Agency staff will continue to provide technical assistance as requested.

Technical Legal Assistance (continued)

- The SCCPC will continue to work with the Offices of Circuit Solicitor until the remaining Circuits are in full compliance with the orders issued by the U.S. District Court for the District of South Carolina in *Kenny v. Wilson*, which enjoined the prosecution of certain juveniles for one crime and required the expungement of convictions and adjudications of two sub-classes of juveniles for two crimes. The SCCPC will continue to collect information on the status of compliance from the Circuit Solicitors for compilation and submission to counsel for both parties.

GOVERNMENT RELATIONS

- The SCCPC actively and timely responded to inquiries from and provided input to the South Carolina General Assembly on legislation, budget requests, and fiscal impacts. This included appearing at subcommittee and committee hearings on bills of interest and, when necessary or requested by a member of the General Assembly or committee staff, providing testimony and/or coordinating testimony from a prosecutor or member of a prosecution office on bills before the subcommittee or committee.

- The SCCPC staff continued to provide assistance to the Offices of the Circuit Solicitors regarding legislative matters, including drafting proposed legislation on particular topics of interest or collecting and providing input on pending legislation to share with the General Assembly.

- The SCCPC's Legislative Counsel continued to track all pending legislation of interest to the SCCPC and/or Offices of the Circuit Solicitor, including providing summaries of and identifying potential issues in bills as filed or amended, as well as following the progression of bills through the General Assembly during the legislative session.

- The SCCPC's Legislative Counsel continued to provide weekly updates to the SCCPC and the Offices of Circuit Solicitor on pending legislation, legislative action, and other relevant events of the South Carolina General Assembly during the legislative session, as well a comprehensive report at the conclusion of the legislative session and special updates on specific legislation as needed or requested.

- Notifications or summaries were provided to the Offices of Circuit Solicitor, Attorney General, and municipal prosecutors registered with the SCCPC upon the enactment of relevant legislation by the South Carolina General Assembly. A Continuing Legal Education (CLE) training on the legislative process and an update on the session was also offered and conducted.

- The SCCPC continued to collaborate with other criminal justice partners, state agencies, or groups on proposed legislation or prosecutorial matters.

Government Relations (continued)

Plans and Goals for FY 27

- The SCCPC will continue to act as liaison between the SCCPC, the Offices of the Circuit Solicitor, the General Assembly, and other criminal justice partners regarding legislative matters.

TRAFFIC SAFETY RESOURCE PROSECUTOR (TSRP) PROGRAM

- In addition to developing and conducting DUI and traffic law training programs, which are included in the description and outcomes of trainings in the Education Services section, the SCCPC's grant-funded TSRP was involved in various local and national impaired driving prevention and training initiatives as follows:
    - Attended SCLEN meetings throughout the State, and attended the Region IV LEL Conference in Charleston, SC in March 2026.
    - Made presentations on NHTSA's priority initiative for Ignition Interlock enforcement in South Carolina during LEN meetings.
    - Responded to requests for technical assistance from prosecutors, law enforcement officers, judges, and other members of the traffic safety community.
    - Served as an Ex-Officio member of the SC MADD Advisory Board and collaborated with this group on impaired driving prevention initiatives and training for law enforcement officers.
    - Served on South Carolina's Impaired Driving Prevention Council as Vice-Chair and led the "DUI Problem Solving Court / Pretrial Intervention "white Paper" working group.
    - Participated with active DUI prosecutors in a working group and with various public and private stakeholders to draft and make recommendations concerning legislation aimed at updating and improving South Carolina's DUI laws.
    - Attended a three-day training based upon the "Lethal Weapon" curriculum being conducted by the Kentucky and Tennessee TSRP programs and arranged for a prosecutor and a crash reconstruction officer who will be assisting with TSRP training programs to accompany the TSRP as attendees.
    - Developed a foundational working relationship with a nationally recognized expert and instructor on forensic physics.

- The SCCPC's Executive Director served as President of the National Association of Prosecutor Coordinators (NAPC) during FY 26. The NAPC brings together prosecutor coordinators from across the country that serve as Executive Directors of their state's organization that serves prosecutor offices in the same manner as the SCCPC. In that capacity the Executive Director attended and facilitated a meeting with the National Highway Traffic Safety Administration (NHTSA) in Washington, D.C. with the goal of maintaining funding levels for the NAPC's TSRP training efforts. The NAPC provides more support for state TSRPs than any other entity; therefore, maintaining funding levels for the NAPS's TSRP training efforts directly support state-level TSRP programs, including South Carolina's.

Traffic Safety Resource Prosecutor (TSRP) Program (continued)

Plans and Goals for FY 27

- The SCCPC has requested additional federal grant funding for FFY 27 for its TSRP program to hire a second TSRP with a view toward increasing the number and breadth of TSRP trainings that are offered, and toward increasing participation with the SC Law Enforcement Networks if that funding is awarded.

- Included in the plans for FY 27 is to coordinate a customized "Lethal Weapon" training that will include crash reconstruction evidence curriculum for South Carolina's specific needs and will educate officers and prosecutors on how to understand and present this evidence at trial.

DIVERSION AND TREATMENT COURT PROGRAMS

- The SCCPC continued to offer quarterly Zoom meetings for all diversion and treatment coordinators in the Offices of Circuit Solicitor.

- The SCCPC continues to partner with the sixteen statewide Circuit Directors of Diversion Programs to identify and bring to the Circuit Solicitors' attention various issues affecting the performance of statewide diversion programs.

- The SCCPC Task Force on Diversion Programs completed its work on developing new statewide Standardized Procedures for Alcohol Education Programs (AEP Procedures and Forms) and Standardized Procedures for Traffic Education Programs (TEP Procedures and Forms). The SCCPC Commission approved the AEP Procedures and Forms at its October 7, 2025, meeting and approved the TEP Procedures and Forms at its November 13, 2025, meeting. All standardized forms were fully implemented in the Offices of Circuit Solicitor on March 1, 2026.

- The SCCPC partnered with the SC Association of Pretrial Intervention Programs (SCAPIP) to provide in-person training opportunities for PTI coordinators at the 2025 SC Solicitors' Annual Conference and the 2026 Spring SCPIP Workshop.

Plans and Goals for FY 27

- The SCCPC will continue to coordinate and host virtual meetings and offer professional development and training opportunities for diversion and treatment court personnel in the Offices of Circuit Solicitor.

- The SCCPC is working with SCAPIP to provide both in-person and virtual training opportunities for diversion program coordinators during FY 27.

GRANTS

- The SCCPC applied for, and managed federal grant funds for the John R. Justice Student Loan Forgiveness Program (JRJ Program) to recognize South Carolina prosecutor and public defender applicants who have demonstrated a commitment to public service with an award to lessen the financial strain of existing student loan debt. The SCCPC is the state administrator for this loan program, for which South Carolina was awarded $65,906 in 2025. The SCCPC announced the availability of the award and notice of the application process statewide through directed emails, distribution to South Carolina law schools, and notices published by the South Carolina Bar. All funding was divided equally between the eligible prosecutor and public defender applicants.

- The SCCPC was awarded $198,282 in grant funding for its Traffic Safety Resource Prosecutor (TSRP) program. The grant is administered and allocated in South Carolina by the Department of Public Safety, Office of Highway Safety and Justice Programs. Pursuant to grant requirements, the SCCPC's TSRP conducts trainings for prosecutors, law enforcement, and summary court judges on traffic safety enforcement, prosecution, and adjudication, with a specific focus on DUI and traffic-related offenses.

Plans and Goals for FY 27

- The SCCPC will continue to actively seek and apply for grant opportunities that will continue to sustain and grow our programs. The SCCPC has requested increased funding for its TSRP program for FFY 27 to hire a second TSRP. Currently, the SCCPC has grant funding for one position.

TECHNOLOGY

- The SCCPC completed the Request for Proposal (RFP) process with the Department of Administration (Admin) and State Fiscal Accountability Authority (SFAA) for the procurement of a vendor to develop and support a new central Diversion Programs Database during FY 26. At the beginning of FY 27 in July 2026, the RFP selection committee for this project unanimously voted in support of the vendor ultimately awarded the contract, and the award was posted and the awarded vendor was notified. Completion of this RFP process and the contract with the selected vendor paves a path towards development of the new software solution and the upcoming replacement of a very antiquated BIS Pretrial Intervention Diversion Reporting tool.

- The SCCPC continued to make progress in FY 26 towards addressing the agency's technology needs and developing reporting tools for the agency's Power BI database project. The SCCPC also continued its partnership with the South Carolina Department of Administration's Division of Technology Operations (DTO) to support the agency's database project and continued use of Microsoft Azure Government Cloud which was specifically built to meet state and federal government compliance and security requirements. The Microsoft Azure Government Cloud infrastructure is being utilized to integrate data between the circuit case management systems and the SCCPC's cloud database.

Technology (continued)

- The SCCPC continued to work with its procured vendor, Team iA, on the design, development and implementation of its eForms workflow automation application for the collection and reporting of statewide prosecution data. The SCCPC eForms site allows data to be pulled from the case management systems (CMS) in the Offices of Circuit Solicitor and prepopulated into the SCCPC eForms site and will also allow the circuits web-based access to the database where they may also manually enter any data not already in their CMS.

- In FY 26, the SCCPC further coordinated with Team iA for reports on the eForms website. Team iA, the eForms system developer, upgraded their software and internet connector, which provides new functionality and stability for their platform. In January 2026, SCCPC staff identified issues with one of the eForms system reports and notified and worked with Team iA to resolve these issues. In June 2026, SCCPC staff received further training from Team iA to read and store data from the Team iA database. Using this training, SCCPC staff made enhancements to another one of the eForms system reports prior to opening the report to the Offices of Circuit Solicitor for their data entry at the start of FY 27. These enhancements simplified and reduced the data entry requirements for the solicitors' offices, thereby improving efficiency.

- SCCPC now has six (6) report packets using the SCCPC eForms site, with four (4) of the reports utilizing Power BI integration, with one (1) using a Power BI dataset in Excel.

- Using Visual Basic for Applications (VBA) Macros SCCPC staff was able to pull data manually entered in the eForms system for the annually required Revenue and Expenditures Report into a final printable report consisting of 16 individual circuit reports and a cumulative statewide summary. This automation is repeatable for future FY reporting.

- SCCPC worked with the South Carolina Solicitor's Association (SCSA) to purchase a portion of the audio equipment needed for conferences co-hosted by the SCCPC and the SCSA. The equipment to be purchased includes audio mixers, microphones, speakers, and other associated audio equipment, and the SCCPC technology team is learning the additional skills needed to operate and maintain this equipment. The acquisition and utilization of audio equipment for the trainings conducted by the SCCPC will more than pay for itself immediately at the SC Solicitors' Annual Conference. The rental of the same equipment from the conference site's external vendor plus the required labor and technical support fees the vendor charges for a single event is more expensive than the purchase of the equipment and the agency will be able to use this equipment for future Annual Conferences, Prosecutor Bootcamp and other large trainings the agency conducts, eliminating significant expense in future years.

Technology (continued)

Plans and Goals for FY 27

- The SCCPC will continue to work with the sixteen (16) Offices of Circuit Solicitor and their respective case management system vendors during FY 27 further increase data collection automation. The goal is to maximize the data that can be integrated from the circuit case management systems to the SCCPC's Power BI database and ultimate pre-populated into report packets on the SCCPC eForms site to minimize manual entry of data. The automation of the circuits' data submission will also improve the consistency, efficiency and accuracy of reporting data.

- In FY 27, the SCCPC will continue to work with Team iA, the application developer of the SCCPC eForms site, to deploy the remaining e-form reports.

- In FY 27, SCCPC will continue working with the South Carolina Solicitor's Association (SCSA) to purchase additional A/V equipment needed for conferences co-hosted by the SCCPC and the SCSA. The goal of the SCCPC and SCSA is to acquire all audio equipment needed for all training programs conducted by the SCCPC by FY 28 to increase agency effectiveness and achieve cost-efficiencies.

OFFICES OF CIRCUIT SOLICITOR

The ongoing efforts and new initiatives of the sixteen elected circuit solicitors support the fair and swift prosecution of criminal cases, rehabilitation of offenders through diversion and treatment court programs, support for crime victims and witnesses, and public safety. The SCCPC's role is to coordinate and provide training programs, legal and legislative research and assistance, statewide prosecution data, legal and legislative updates and responses, and project assistance to support the solicitors' efforts. While the outcomes for the efforts and initiatives of the solicitors' offices are not directly under the control of or influenced by the SCCPC, the ability of the solicitors to carry out their efforts and initiatives is of utmost importance to the SCCPC and directly affects the ability of the SCCPC to effectively carry out the Commission's ongoing efforts and planned initiatives. Therefore, a brief description of the circuit solicitors' efforts, plans and goals follows:

- The Circuit Solicitors continued to implement recruitment and retention efforts aimed at increasing prosecutor staffing and reducing the backlog of cases. As of July 1, 2026, there were 448 prosecutors in the Offices of Circuit Solicitor statewide. This is an increase of 24 prosecutors compared to one year ago on July 1, 2025.

- The Offices of the Circuit Solicitor participated in a variety of recruitment events, including job fairs, and utilized both traditional and newer methods (such as social media and other digital platforms) to advertise available prosecution positions.

Offices of Circuit Solicitor (continued)

- The Circuit Solicitors also continued to increase non-attorney staffing in FY 26 to support the additional prosecutors hired. Statewide, non-attorney staffing in the Offices of Circuit Solicitor has increased over the last year by 11 positions from 741 positions on July 1, 2025, to 752 positions as of July 1, 2026.

- The Offices of Circuit Solicitor continued in FY 25 to make significant strides towards increasing the number of warrants and cases that are disposed of each year. Based on data collected from the sixteen circuit solicitors' case management systems, which differs from data reported by the Judicial Branch, there were 8,507 more warrant dispositions in FY 26 than in FY 25 (154,657 FY 26 warrants dispositions v. 146,196 FY 25 warrant dispositions), and 27,548 more warrant dispositions compared to FY 23 (154,657 FY 26 warrants dispositions v. 127,109 FY 23 warrant dispositions.

- The solicitors' success in increasing the number of annual warrant dispositions has also resulted in a 10% reduction in docket backlog statewide between the start of FY 23 and the close of FY 26.

- In FY 26, several Circuit Solicitors have continued to make technology enhancements in their offices and refinements to their web-based prosecution case management systems.

Plans and Goals for FY 27

- $5,080,000 in new recurring state funding was requested for the Offices of Circuit Solicitor for FY 27. Half of that, or $2,540,000, was appropriated in the 2026 Appropriations Act for FY 27. This funding will partially support the recurring expenses associated with the circuit solicitors' case management systems (for which non-recurring funding was appropriated in FY 23) and the increased costs associated with software application licenses, digital evidence storage, and other technology-related expenses. The remaining $2,540,000 in recurring funding needed for these current technology and digital evidence expenses will be requested for the FY 28 state budget.

- Additional recurring state funding will also be requested for the FY 28 state budget for Assistant Solicitor Recruitment and Retention. Additional prosecutors are needed across the state to further reduce the docket backlog and to manage the additional court terms available as additional judges have been established. Additional assistant solicitors will also enable many solicitors' offices to prosecute or increase prosecutions of magistrate court cases. For retention efforts, additional funding is needed to increase prosecutor salaries and decrease caseloads to levels more in line with private attorneys and attorneys at other state agencies, counties and municipalities.

- Recruitment and retention efforts will continue in FY 27. Solicitors will continue to participate in state and national job fairs, "lunch and learn" events at South Carolina's two law schools, law clerk internship programs, and recruitment and retention training courses.

Offices of Circuit Solicitor (continued)

- In FY 27, the solicitors' case management system vendors will continue to work with the SCCPC to expand data integration capabilities, which will make reporting processes for the solicitors' offices easier and more automated.

III. RESTRUCTURING RECOMMENDATIONS

The SCCPC does not have any restructuring recommendations for the elimination or combination of existing agency programs.

IV. RISK ASSESSMENT AND MITIGATION STRATEGIES

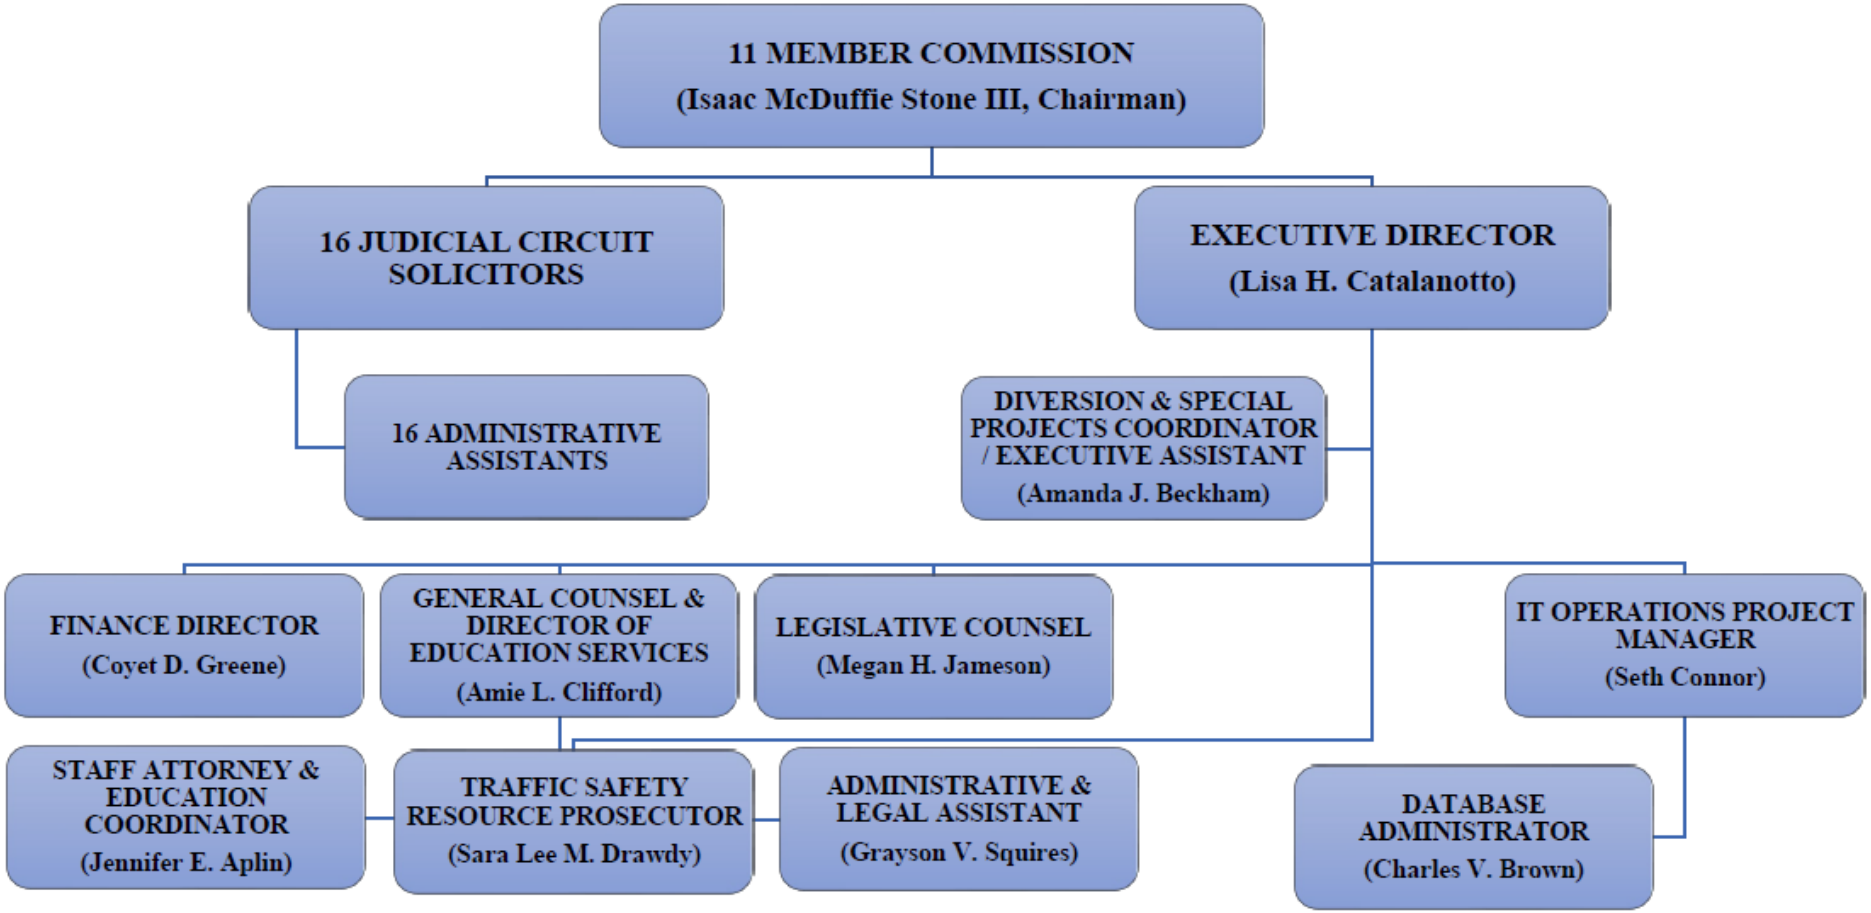

If the SCCPC does not meet its goals and objectives, the criminal justice system and the safety of South Carolina's local communities will be adversely impacted. The SCCPC coordinates communication and collaboration among the Offices of Circuit Solicitor and criminal justice partners; gathers and reports data and information for the benefit of the General Assembly, Circuit Solicitors, other criminal justice agencies and the public; develops and provides training for prosecutors, law enforcement, judges, diversion coordinators, victim advocates and others; and provides legal assistance to the Offices of Circuit Solicitor. Circuit solicitors face several challenges requiring enhanced prosecutor training and continuing legal education and additional support and assistance from the SCCPC. As the number and experience of prosecutors within the solicitors' offices change, the demands on the SCCPC continue to increase.

The training, effectiveness, and integrity of prosecutors and prosecution staff throughout South Carolina would be adversely impacted if the SCCPC were not provided adequate funding for the necessary staffing and resources needed to serve the Offices of Circuit Solicitor. As the Offices of Circuit Solicitor continue to tackle and reduce docket backlogs, they continue to face recruitment and retention challenges, particularly in smaller, more rural circuits. In larger circuits, population growth translates to an increased number of arrests. Simply put, the need for additional manpower will continue to affect solicitor offices in South Carolina. The SCCPC is uniquely positioned as the only agency or entity in South Carolina focused on serving the specific needs of the Offices of Circuit Solicitor. The Circuit Solicitors and their staff rely on the SCCPC's expertise and experience for training and technical legal assistance.
