AGENCY'S DISCUSSION AND ANALYSIS

Values

- We believe in a climate built on trust, integrity and selfless service; therefore, we will empower agile and adaptive leaders to create a transparent environment of dignity and respect through the fostering of cohesive teams, shared understanding and bold action.
- We believe we have a sacred obligation to uphold the reputation of those who came before us, therefore, we will build a culture that embodies the ideals of our military service and the values of our South Carolina roots to deploy, defend, and serve those who are unwilling or unable.
- We believe innovation and partnerships are key to building agile and adaptive forces; therefore, we will encourage and empower all levels of our workforce to improve the processes entrusted to them.

Goals

The guiding principles of the S.C. Military Department are to promote a cohesive, disciplined and resilient organizational culture, where our people are trained, knowledgeable, and mentor each other in a positive, supportive environment; maintain trained and ready forces for the defense of our country and emergency support of our communities by investing in innovative individual and collective training opportunities and world-class facilities; and strengthen and leverage current relationships while identifying opportunities for mutually beneficial partnerships to maximize future competitiveness. The Agency continued to meet these objectives in FY 25-26, both in terms of overall-mission readiness and service to the citizens of South Carolina. The Agency also continued working toward the achievement of the organization's strategic goals:

1. Promote a cohesive, disciplined, and resilient organizational culture, where our people are trained, knowledgeable, and mentor each other in a positive, supportive environment.
2. Maintain trained and ready forces for the defense of our country and emergency support of our communities by investing in innovative individual and collective training opportunities and world-class facilities.
3. Strengthen and leverage current relationships while identifying opportunities for mutually beneficial partnerships to maximize future competitiveness.

Risk Assessment and Mitigation Strategies

The most significant risk to the State of South Carolina would occur if the Office of the Adjutant General and the SC Emergency Management Division (SCEMD) were unable to effectively coordinate emergency response and recovery operations. The key concerns include the ability to provide timely alerts and warnings and the potential for large-scale or complex disasters to exceed available state resources and capabilities.

In the area of alerts and warnings, the Agency is dependent upon State, Federal, and private-sector partners to provide timely information necessary for decision-making and public notifications. No-notice incidents, such as earthquakes, hazardous materials incidents, or transportation incidents, can challenge response coordination. Delays in decision-making at any level of government may also hinder response efforts. To address these risks, the Agency and SCEMD regularly conducts exercises and drills, validates plans, communications and alerting systems, and continues to expand public outreach through multiple platforms to include *scemd.org*, the SC Emergency Manager mobile app, preparedness guides and social media platforms. The Agency and SCEMD continually incorporate lessons learned from disasters and exercises into planning and operational improvements.

The State Emergency Operations Center (SEOC) serves as the central coordination point for disaster response and initial recovery activities. During major or prolonged events, resource demands may exceed available state capabilities. To mitigate this risk, South Carolina maintains strong partnerships with the Federal Emergency Management Agency (FEMA) and participates in the Emergency Management Assistance Compact (EMAC), providing access to Federal and interstate resources when State resources become overwhelmed.

In response to these areas, the Agency recommends the Legislature take action in three areas:

- Ensure the State Emergency Management Program remains adequately funded, particularly as federal grant funding continues to decline. Emergency Management Performance Grant (EMPG) funding currently supports over 1/3 of SCEMD's budget and provides direct funding assistance to county emergency management programs.

- Be prepared to provide financial assistance to State Agencies and local governments impacted by disasters that do not qualify for Federal assistance or where federal cost-sharing requirements increase. The Agency recommends the Legislature replenish the State Public Assistance Program to a determined baseline after reimbursements are made.
- Continue to support county and State Agency participation in planning, training and exercises to strengthen communications, decision-making and operational readiness for future emergencies and disasters.

Agency Personnel Strength

As of 30 June 2026, the Agency employed 443 State employees. The SC National Guard (SCNG) was at 103.4% of its authorized strength with 10,839 Service Members. The SC Army National Guard (SCARNG) had 9,501 Soldiers assigned of the 9,151 authorized (103.8%), and the SC Air National Guard (SCANG) had 1,338 Airmen assigned of 1,325 authorized (100.98%). In addition, the SC State Guard had 444 volunteer members.

South Carolina Emergency Management Division

SCEMD served as the State's Coordinating Agency for response and recovery operations while maintaining continuous readiness for future emergencies and disasters. The Department continued to administer and process eligible reimbursements under the Stafford Act to support ongoing recovery efforts from a range of declared events to include the 2015 Historic Flood; 2016 Hurricane Matthew; 2017 Hurricane Irma; 2018 Hurricane Florence; 2019 Hurricane Dorian; 2020 February Severe Weather and April Tornadoes; 2020–2021 COVID-19 Pandemic; 2022 Hurricane Ian; 2023 Tropical Storm Idalia; 2024 Tropical Storm Debby and Hurricane Helene; 2024 Edisto River Flooding; 2025 Winter Weather Events; 2025 Covington Drive and Table Rock Wildfires; and Tropical Storm Imelda in 2025. The SEOC activated a record number of seven times over a nine-month period in 2025. SCEMD activated twice in January of 2026 for winter weather events.

- **Tropical Storm/Hurricane Response**

  In September 2025, the State Emergency Response Team (SERT) responded to Tropical Storm Imelda. On September 23, 2025, SCEMD began providing detailed situational analysis to county partners and the SERT on a tropical disturbance in the southwestern Atlantic Ocean. On September 24, SCEMD conducted the first County and SERT coordination conference call. On September 26, the Governor declared a State of Emergency and the SEOC activated to Operational Condition 2. On September 27, the system was later upgraded to a Tropical Depression, and strengthened into a Tropical Storm on September 28. By September 29, the forecast track shifted away from the coastline, and SCEMD returned to normal operations as threats to the State diminished.

- **Winter Weather**

  In January 2026, South Carolina experienced two significant winter storms within a two-week period, bringing snow, sleet, freezing rain and prolonged below-freezing temperatures across much of the State. In anticipation of widespread impacts, the Governor declared a State of Emergency, and the SEOC activated to coordinate statewide response efforts. SERT members worked together to address hazardous road conditions, restore power and support affected communities. In February 2026, the President approved the Governor's request for a Major Disaster Declaration for the January 24–26 Winter Storm. The Declaration authorized FEMA Public Assistance (PA) funding for Greenville, Oconee and Pickens Counties to help reimburse eligible government agencies and certain nonprofit organizations for disaster-related expenses, including debris removal, emergency protective measures, repairs to public facilities and equipment, and restoration of public utilities.

- **Additional 2024-2025 SCEMD Highlights**
  - Monitored tropical cyclone activity to include 13 named storms in the Atlantic Basin during the 2025 Hurricane Season, and provided updates to the State Leadership, counties and State Agencies.
  - Tropical Storm Debby, Hurricane Helene and the November 2024 Edisto Flood received Federal Disaster Declarations resulting in ongoing recovery operations across impacted areas of the State. From November 2024 to 2026, SCEMD worked in coordination with FEMA in a Joint Field Office to implement recovery assistance programs and support eligible applicants as part of long-term recovery efforts extending. Recovery activities remain active, with focus on survivor unmet needs and PA project obligation and reimbursement. Hurricane Helene resulted in recovery costs that

exceeded those of any disaster in State history since Hurricane Hugo, underscoring the scale and complexity of the ongoing recovery process.

- Public Assistance - In 2025-2026, SCEMD PA staff supported obligation of PA (reimbursement of public sector response and infrastructure repair costs under a federal disaster declaration) for 13 open disaster declarations, including three from 2024: Tropical Storm Debby, Hurricane Helene, and the Edisto Flood. PA staff worked with eligible State and local agencies as well as nonprofit organizations to secure $601.5M ($559.8M Federal share) in new FEMA obligations in 1,130 PA projects, covering disasters from the 2015 Flood through the 2024 Edisto Flood. SCEMD Grants staff conducted outreach and document reviews to approve $439M in reimbursements (Federal and non-Federal cost share).
- COVID-19 - SCEMD continued to coordinate with eligible COVID-19 project applicants to administer FEMA's PA Program with estimated costs for emergency protective measures totaling approximately $844M. In 2025 and 2026, SCEMD Recovery staff worked closely with subrecipients and FEMA to close more than 75 COVID-19 PA projects. Work remains ongoing to support the obligation, reimbursement and closeout of the remaining COVID-19 projects.
- Since 2014, SCEMD has administered approximately $1.8B in eligible PA reimbursements, along with $107M in pre- and post-disaster Hazard Mitigation Grant Program projects. Even with two federal government shutdowns affecting FEMA during the year, SCEMD Mitigation staff coordinated with State and local partners to secure Federal grant awards for 13 Hazard Mitigation projects across multiple grant programs totaling $4M in Federal share.
- Mitigation team members supported development and Federal approval of six county/local Hazard Mitigation Plans covering seven counties, one city and one university.
- The Division conducted planning workshops with State, local, Federal tribal and Non-Governmental Organizations to enhance planning and support for the SC Emergency Operations Plan and updated 10 other comprehensive plans and annexes.
- In coordination with State Agencies, affected counties and the SERT, SCEMD conducted a FEMA-evaluated Radiological Emergency Preparedness (REP) Hostile Action Based (HAB) exercise for the Catawba Nuclear Station involving more than 150 participants. The Department conducted planning meetings in preparation for the Oconee Nuclear Station and Alvin W. Vogtle Electric Generating Plant FEMA-evaluated REP HAB exercises which will occur in late 2026.
- SCEMD coordinated 137 training events for more than 2,600 personnel, and developed, coordinated, and/or participated in 80 exercises and workshops involving more than 3,700 participants. In March 2026, SCEMD conducted the Palmetto Inferno Full-Scale Exercise simulating a statewide response to a large-scale wildfire event impacting multiple South Carolina counties. The exercise was designed to test SEOC activation procedures, validate interagency coordination capabilities, evaluate the State's readiness to transition to the Alternate Emergency Operations Center, and assess the ability to sustain operations while addressing cascading community impacts.
- SCEMD coordinated a statewide earthquake preparedness campaign during Earthquake Awareness Week and the Great Southeast ShakeOut in October 2025, engaging more than 328,000 South Carolinians and increasing public awareness of earthquake safety and preparedness.

State and Agency Response to Emergency Management Assistance Compact (EMAC) Requests

During FY25-26, the State of South Carolina provided support to four other states through a total of nine EMAC missions in support of four events.

- Texas Guadalupe River Flooding - The State provided Human Remains Canine Team support
- Arizona Severe Weather/Flooding - The State provided State Liaison Officer support
- Alaska Typhoon Halong - The State provide the following support:
  - State Mass Care Deputy (two separate missions) in Bethel
  - Situation Unit Leader (two separate missions) in Alaska EOC and Bethel
  - Volunteer Agency Liaison in Alaska EOC
  - Planning Section Chief in Alaska EOC
  - Hawaii Flooding - Incident Support Team to Honolulu's Emergency Operation Center

Construction and Facilities Management

The Construction and Facilities Maintenance Office (CFMO) managed approximately 3.5M square feet of facility space, over 16,000 acres of training land, and the McCrady Training Center Fire Department. These operations and major Military Construction (MILCON) projects are supported by a combined State and Federal budget exceeding $120M.

During FY 25–26, the CFMO executed several key infrastructure and facility improvement initiatives:

- Readiness Center Renovations - The Agency awarded $8.9M in construction contracts for renovations to the Seneca and Clemson Readiness Centers. Additionally, design contracts totaling $2M were awarded for the Orangeburg and Manning Readiness Centers with construction projected to begin in FY 2028.
- Well-Being of the Force and Equitable Facilities - To meet SCARNG requirements, the CFMO continued expanding female restroom and shower facilities.
  - Completed female restroom additions at the Georgetown and Mullins Readiness Centers at a combined State and Federal cost of $1.3M
  - Initiated construction on a female latrine addition at the U.S. Property and Fiscal Office (USPFO) at a Federal cost of $764,000
  - Awarded a $43,500 design contract to plan further female restroom additions at the Unit Training and Equipment Site
- McCrady Training Center Modernization - Progress continued on replacing World War II-era barracks at the McCrady Training Center utilizing Federal funds. During the FY, construction commenced on two new barracks at a Federal cost of $3.6M.
- Capital & Aviation Projects - Additional capital projects totaling $5.1M in shared State and Federal funding were executed. These included paving a runway and replacing an aircraft hangar roof at the Army Aviation Support Facility and installing backup generators at four Readiness Centers.
- Major Long-Term Construction
  - Construction progressed on the new $30M Readiness Center located on the USC-Aiken campus. Ground was broken in FY 25, with completion estimated for FY 27
  - Awarded a $13M construction contract for a Multi-Purpose Machine Gun Range located at Fort Jackson

To optimize resource allocation, the CFMO utilizes the National Guard Bureau's (NGB) "Builder" program to systematically assess facilities, identify and project long-term maintenance needs, and prioritize sustainability projects. Additionally, the Agency continues to request Federal Energy funds from the NGB to integrate backup generator power into coastal facilities and Battalion/Brigade Headquarters, bolstering emergency readiness and resilience.

These combined efforts have resulted in more efficient, sustainable, and reliable facility operations. Ultimately, this infrastructure enables the Agency to provide critical services to Soldiers and their families while directly supporting and strengthening local South Carolina communities.

The SCARNG maintains a physical presence across 40 of South Carolina's 46 counties. This statewide footprint comprises:

- 62 Readiness Centers
- 9 Field Maintenance Shops
- 2 Army Aviation Support Facilities
- 1 Combined Support Maintenance Shop
- 1 Unit Training Equipment Site
- The SCNG Headquarters Complex and the Olympia Armory
- 1 Close-In Training Area at the Savannah River Site
- 1 Major Training Center (McCrady Training Center) which includes one sub-training site (Clarks Hill)

Service Member and Family Care (SMFC)

Service Member and Family Care's (SMFC) mission is to posture, promote and provide regionally accessible programs that support Comprehensive Fitness Dimensions and Employment to reduce stressors for Service Members, Veterans and their families, enabling them to thrive personally and professionally.

Employment Services Program

Since October 2011, the Program provided training, connected with employers, and supported the State's Service Members and their families. Through case management and strategic outreach, the Program provides resources and direct support to assist in the successful transition into long-term civilian careers for the State's Service Members, Veterans and Military Families.

- Employment Services - Resume writing, interview skills, job fairs and hiring events, job search and direct placement services, workforce development, higher education and industry-specific training, connections to other relevant programs and veteran service providers.
- Employer Outreach - Job fairs and hiring announcements/events, military-specific training for HR staff and hiring managers, direct referrals based on employer qualifications, opportunities to connect with military job seekers, and industry-specific training and workshops.
- Operation Palmetto Employment – Supported by the Office of the Governor, SC's military employment initiative serves military job seekers and family members from all branches.
- Work for Warriors is a National Coalition between 18 states' National Guards providing unified metrics and opportunities for Service Members, Family members and all Veterans.
- Outcomes:
  - 519 Service Members, Veterans and family members were placed into new jobs
  - Conducted 212 briefings to units, supported 185 career fairs, and completed 575 resume reviews
  - Unemployment rate for SCNG Service Members continues to be less than 1%
  - By networking with over 1,250 business and community partners, the Program assisted in reducing the State veteran population's unemployment rate to 1.7% in July 2026, compared to a 4.4% national veterans unemployment rate

Resilience, Risk Reduction, and Suicide Prevention Program

The Resilience, Risk Reduction, and Suicide Prevention Program integrates, educates and promotes resiliency by synchronizing Service Member and Family care systems and services to posture and promote consistent Resilience, Suicide Prevention, Sexual Assault Prevention and Response, and Substance Abuse Programs for Service Members and their Families, while maintaining the capability to quickly respond to emergent care needs.

- The Resilience Risk Reduction Program integrates vital resources to build a stronger and more resilient National Guard resulting in a more mission capable force. The Program has undergone a restructuring of the Master Resiliency Program which led to the State Resiliency Coordinator attending the newly established National Guard Applied Resilience Training (ART) pilot course. The ART was developed after the Active component phased out the Master Resiliency Trainer course. The State Resiliency Coordinator successfully hosted a Deployment Cycle Resiliency Training (DCRT) Course to ensure certified trainers from across the country remained current on best practices, tools and techniques in fostering resilience and mental readiness among Soldiers. This effort supported SCARNG's ongoing commitment to holistic Soldier wellness and operational resilience. The Program sent four Soldiers to the DCRT course to ensure the State resiliency program remained mission capable and ready to serve the SCNG. The State Resiliency Coordinator partnered with Peer Support to conduct two International Critical Stress Foundation courses.
- The Sexual Assault Prevention and Response (SAPR) Program remained steadfast in its mission to provide comprehensive care and unwavering support to Soldiers while operating with a reduced full-time staff. The program continued to adapt to evolving requirements, including the potential reduction and elimination of Collateral Duty Victim Advocate roles. In response, the SAPR team proactively credentialed three new Victim Advocates and successfully re-credentialed 22 existing Advocates to ensure continuity in advocacy and survivor support services. To maintain compliance with Department of War (DoW) requirements and uphold professional standards, the SAPR Program hosted two refresher training courses and specialized events to support the completion of required

Continuing Education Units. Notably, the SCNG SAPR Office was selected to augment the District of Columbia Army National Guard in support of the D.C Safe and Beautiful Task Force. A South Carolina SARC deployed to the National Capital Region for over 3 months to provide critical SAPR support to joint military personnel.

- The Army Substance Abuse Program (ASAP) and Suicide Prevention office demonstrated commitment to prevention, education, and early intervention. The program executed a comprehensive outreach campaign, delivering substance abuse prevention and suicide prevention briefings across the State, reaching roughly 1,720 Soldiers and 46 Units. The ASAP and Suicide Prevention Office collaborated with unit leadership to increase awareness and reduce the stigma surrounding help-seeking behavior. Through partnerships with behavioral health and medical providers, the Program streamlined referral pathways and improved access to care for those in need of substance abuse and/or behavioral health treatment. In alignment with the Army's prevention framework, ASAP hosted 5 ACE-SI training events focused on suicide prevention and successfully certified 53 Suicide Intervention Officers (SIO). The ASAP and Suicide Prevention Office presented at the Pre-Command Course and briefed future ARNG Leaders about the Programs and assistance available for Soldiers and Units.

Behavioral Health Program

The Behavioral Health Program provides counseling, assessment and referrals to support the mental health needs of SCNG Service Members, families and veterans/retirees. The Program provides assessments, counseling, crises management, and case management for Service Members and their families experiencing life stressors or psychological health challenges. During the past year, the Program reached over 8,390 Service Members, veterans, family members and retirees. This included 4,716 clinical consultations, over 375 outside referrals, and 3,654 information and referral consultations. Additionally, the Program provided 1,671 counseling/case management sessions, attended 486 community events, made 21,646 network connections, and managed one Duty to Warn case. The Program worked with the Chaplain Corps and SC Law Enforcement Division (SLED) to develop a responsive and active Peer Support Program for the SCNG.

Family Programs

The Family Programs Office currently offers four programs which include Military & Family Readiness Specialist (MFRS), Child and Youth Services (CYS) Programs, Personal Financial Counselor (PFC) Program, and the Military One Source (MOS) Program. The Family Programs team continued to provide resources, referrals, engagement and support, and work with Soldiers and Families in various aspects of the deployment cycle. All programs supported Month of Military Child, Military Spouse Appreciation and Month of Military Family.

- Formerly known as Soldier Family Readiness Specialists, the Military Family Readiness Specialists (MFRS) Team works with Soldiers and Families to provide Resource and Referral, Deployment Support, and help in navigating military and civilian systems and resources. Despite 28.5% staff reductions over the past two Fiscal Years (from 14 to 10 personnel), the MFRS Team delivered uninterrupted readiness and deployment support to Soldiers, Veterans and Families. The MFRSs supported 582 drill weekends, family days, community partner meetings and client visits. The Team closed 470 non-medical cases, and engaged with 1,011 community and military resources referring Service Members, Families and Veterans to housing, food, TRICARE, legal, employment, scholarships, financial, deployment support and other care services. Furlough Response 2025 saw resources including By Soldiers, For Soldiers Food Banks, financial assistance and distribution of fuel cards for affected Service Members. During FY26, volunteers logged 990 hours supporting units and events across the State. The Williams-Heyward Family and Mission BBQ community partners were recognized by NGB for their services to our military community. In addition, Family Programs recognized Month of Military Spouse, Month of Military Family, and Month of the Military Child, and Holiday Cheer events which helped over 100 children celebrate the holidays. The MFRS Team also supported Soldiers, Veterans and Communities during statewide patriotic events, deployment departure and welcome home ceremonies. The MFRS Team conducted dependent outreach supporting 10+ deployed units with over 600 Service Members deployed in support of CONUS and OCONUS missions including the D.C. Safe and Beautiful mission.
- The SCNG Child and Youth Services (CYS) Program's year was highlighted by multiple awards, and the execution of initiatives that fostered leadership, resilience, and community engagement for

National Guard youth. For the second consecutive year, the CYS Program received multiple national honors including National Guard Region 4 Teen Volunteer of the Year/SCNG Youth of the Year, National Guard Youth Development Volunteer of the Year, and SCNG Family of the Year. The Program hosted the Teen Leadership Retreat for 40 youth at Camp Hannon, selecting 18 teens as Junior Counselors to support the 2026 SCNG Youth Camp. The CYS Teen Panel launched a new holiday tradition supporting the SCNG Holiday Cheer Program. As a part of the Month of the Military Child initiatives, the Program executed a series of events, including the two-day "Soldier for a Day" which served 113 dependents, "Little Heroes' Salute", and the signing of the Month of the Military Child State Proclamation by the Governor. The Program continued robust support for Yellow Ribbon initiatives to promote youth resiliency and connect families with essential resources.

- The Personal Financial Counselor (PFC) Program delivered financial readiness support for SCNG Service Members and their families. Counselors offered guidance across a wide spectrum of topics including budget and money management, credit score improvement, retirement and estate planning, savings and investing strategies, and student loan assistance. The PFCs conducted 474 financial counseling sessions, delivered 604 informational briefings, instructed 148 Common Military Training events, provided support in 405 information and referral cases, and provided specialized assistance consumer awareness and critical pre- and post-deployment financial planning. The Program coordinated with multiple installations including Shaw AFB, Ft. Gordon, Ft. Jackson, Charleston AFB, Parris Island MCRD, NCANG (Charlotte), and Greenville USAR to provide financial counseling services to SCNG Service Members and their families. Additionally, a MFRS team member is enrolled in the Certified Financial Readiness Course to provide PFC services to augment program support to ensure financial readiness service and support without interruption.

Employer Support of the Guard and Reserve (ESGR)

ESGR is a DoW program that develops and promotes supportive work environments for Reserve Component Service Members through outreach, recognition and educational opportunities that increase awareness of applicable employment laws. The Program aids in resolving conflicts between the Service Members and their employers. ESGR works to create a culture in which all employers value their employees' military service resulting in less stress on Service Members and their families. ESGR volunteers influenced 2,000 employers and 10,120 Service Members serving in the Reserve Components in SC. 114 employers were presented with Patriot Awards, 13 employers received "Above and Beyond" Awards, four employers received the "Pro Patria" Award, and 159 employers signed Statements of Support. ESGR Ombudsmen mediated and handled 24 formal and informal USERRA inquiries. Committee members logged 2,295 volunteer hours.

Military Funeral Honors

From July 1, 2025 – June 30, 2026, the SCNG Military Funeral Honors teams conducted 2,232 Military Funerals. These funerals were in support of Service Members and retirees from the National Guard, Army Reserve and all Active-Duty components.

South Carolina Military Museum

During FY26, the SC Military Museum continued its mission to preserve the legacy of the Palmetto State's military history, build community partnerships, and improve the visitor experience.

The Museum's visitor numbers were just over 16,500 and the K-12 education program reached over 7,000 students. The Museum's Education Curator developed engaging, activity-based programs and streamlined the Museum's educational resources including digital content, free downloadable lesson plans, and material for the Museum's third year of summer camps. Visits to schools throughout the region continued as did K-12 field trips, tours and homeschool programs with content that addressed SC curriculum standards which were offered at no cost to teachers. The Museum's internal social media marketing saw over 110,000 viewers reached, and the subscriber rate to the Museum's eNewsletter stands at 1,460 individuals. Staff members attended regional and national conferences including the Association of Science and Technology Centers, SC Federation of Museums, Veterans in Society Conference at the University of Chicago and the International Congress on Medieval Studies.

In September 2025, the Museum was awarded a $118,000 grant from the Institute of Museum and Library Services. These funds will be used to re-imagine the exhibit space of Gallery II which will interpret Military Operational Specialties and the Global War on Terror. This includes the restoration of key artifacts and new display cases. Two new temporary exhibits opened in FY26 - "High Altitude Service: South Carolina in Space" and "A Soldier's Legacy" were featured in Gallery III, the Museum's space for rotating exhibits. The Museum launched a major initiative to develop a multilingual virtual tour with two variations of audio/visual tours for adults

and K-12 audiences which offers interpretive content in Spanish, German and Mandarin. Phase II of the project will provide access to our visitors with visual impairments. The Museum closed out the year being awarded a Richland County H-Tax Grant to fund the placement of billboards in the region during 2027.

The Museum continued to emphasize quality public programing and community efforts. In February, the Museum hosted “Sludge of the Civil War”, a coffee tasting event. In May, Colonel Walter Watson spoke of his time flying the SR-71 Blackbird. The Museum also provided artifacts and content support for exhibits at the State Fair, SC State Library, Morris Center for Lowcountry Heritage, and Carolina Day events in Charleston. In addition, the Museum began an online program collaboration with C&Rsenal to highlight unique weapon systems to over 660,000 channel subscribers. The Museum sustained a partnership with the Experience Columbia Visitor Center to provide marketing content at their location in The Vista. In addition, the staff toured six historical institutions in order to build working relationships.

The Museum’s 2026 Summer Camp program focused on commemorating America’s 250th Anniversary. Trade specialists and historians were invited to speak about life in the Revolutionary War though funds provided by the SC250 Commission. Also, the Museum was awarded a 4-week internship through the Joint Services Detachment to provide assistance for Summer Camp.

The Museum participated in a variety of community-based events including the Archaeology Society’s Fall Field Day (Cayce), Liberty Live! (Camden), Tartan Day South (Columbia), Coastal Discovery Museum (Hilton Head), Historic Columbia, City of Blythewood, and the SC State Museum. In December 2025 the Museum partnered with the U.S. Marine Corps Reserve and the Blue Knights Law Enforcement Motorcycle Club for the 8th consecutive year to host the State's largest "Toys for Tots" charity drive with over 800 riders participating in the event. Finally, a major exterior renovation is in the final stages of completion to create an improved visitor experience and outdoor space for K-12 lessons, workshops and public engagements. This includes landscaping, vehicle staging and signage, and a covered pavilion.

South Carolina Youth ChalleNGe Academy

The SC Youth ChalleNGe Academy (SCYCA) is a community-based, quasi-military structured educational program whose mission is to empower and prepare youth to develop personal, academic and career success through education, mentoring and training. The Youth ChalleNGe Program serves youths aged 16-18, and offers two cycles annually in January and July with the capacity to accommodate up to 150 youths per cycle. During the 22-week residential program, cadets complete a minimum of 40 hours of community and receive various recognitions, training and certifications to include Honor Society, Public Speaking and Servsafe certification.

During this past year, the Youth ChalleNGe Program graduated 90 cadets with 29 earning their GED, 26 cadets participated in Credit Recovery and 25 returned to public high school, and three earned their High School diploma. Since 1998, the Program has graduated 5,331 cadets, 1,199 of whom earned their GED.

In February 2026, the Adjutant General, in coordination and consultation with the Office of the Governor, the SC Department of Education and the Education Oversight Committee, made the decision to cease operations of the Youth Challenge Program after the completion of the current class which graduated on 11 May 2026.

STARBASE Swamp Fox

Since 2003, STARBASE Swamp Fox has inspired and empowered youth through immersive learning experiences in Science, Technology, Engineering, Art & Design and Mathematics (STEAM). Funded by the DoW, this educational program engages students in innovative, hands-on learning opportunities using state-of-the-art technology and equipment. Through inquiry-based instruction, students develop critical thinking, problem-solving, collaboration and creativity skills while connecting classroom concepts to real-world applications.

Located at McEntire Joint National Guard Base, DoW STARBASE Swamp Fox is recognized as a trusted educational partner for local schools and districts. The Program helps prepare students for future educational and career opportunities in an increasingly technology-driven world by delivering 5-day, 25-hour, standards-aligned STEAM learning experiences. This unique, STEAM-rich environment provides real-world exposure to advanced technologies, scientific principles and practical applications.

The Program is further strengthened by strong community partnerships and meaningful military involvement. Military personnel and professionals from a variety of STEAM-related industries actively support the program by assisting with rocket launches, conducting tours of various units across the Base, serving as guest speakers, and highlighting how STEAM concepts are applied in their careers. These experiences help students connect classroom learning to future educational and career opportunities while increasing awareness of STEAM pathways and military service.

During the 2025–2026 School Year, DoW STARBASE Swamp Fox served 555 fifth-grade students on-site and reached thousands more through outreach initiatives. The Program also offered a two-week summer camp for 30–50 military dependents entering grades 5–8. The Program continues to grow with nearly 700 students already scheduled to participate during the 2026–2027 School Year. By expanding partnerships with new schools and school districts, DoW STARBASE Swamp Fox is increasing access to high-quality STEAM education while remaining committed to inspiring, educating, and preparing the next generation of STEAM leaders.

South Carolina Army National Guard

The mission of the SCARNG is to generate mission-ready units capable of executing both State and Federal missions. This mission is built upon the ARNG's purpose: to fight and win our nation's wars and support the homeland. Guided by The Adjutant General's priorities, the SCARNG remains focused on care and concern for our people, recruiting and retention, Mission Essential Task List training, and Defense Support to Civilian Authorities (DSCA) preparedness. As a partner for both the State and the Nation, the SCARNG remains committed to ensuring continued relevance by strategically adapting and modernizing its force, force structure and equipment to meet the challenges of the complex and evolving operational environment of the 21st century.

Approximately 21% percent of the SCARNG was engaged in operations within the State, the Nation, and around the world during the reporting period. The SCARNG's operational focus outside the Continental United States remained within the U.S. Central Command (CENTCOM) area of responsibility where the 117th Engineer Brigade served as the Task Force lead for all engineering operations throughout the CENTCOM Area Of Responsibility. In total, 122 SC Soldiers supported U.S. operations in CENTCOM during Operation EPIC FURY.

Within the U.S., the SCARNG supported numerous training and readiness missions. These included support to the 1st Cavalry Division's WARFIGHTER Exercise at Fort Hood; the 34th Infantry Brigade Combat Team's Joint Readiness Training Exercise at Fort Polk; the 30th Armored Brigade Combat Team's Combat Readiness Exercise at Fort Stewart; Observer Coach/Trainer support at both the National Training Center at Fort Irwin and the Joint Readiness Training Center at Fort Polk, and support to Army Central Command located at Shaw Air Force Base. Additionally, the SCARNG redeployed 250 Soldiers from the 132nd Military Police Company and the 1055th Transportation Company from operations along the U.S. Southwest Border.

In accordance with the direction from the Secretary of War, each state, district, and territory was to maintain a National Guard Response Force capable of conducting Civil Disturbance and Domestic Unrest operations when directed under Executive Order 14339. The SCARNG conducted training for 526 Soldiers. This fully trained, equipped and manned force stands ready to support civil authorities whenever and wherever our State or Nation calls. Since September 2025, the SCARNG has supported the Department of Homeland Security and U.S. Immigration and Customs Enforcement by providing 45 Soldiers to perform administrative functions during detention operations within the State.

In support of "Make DC Safe & Beautiful", the SCARNG deployed three separate units to the Nation's Capital. Those units consisted of 250 Soldiers from 4-118th Infantry (18 Aug 2025-25 Sep 2025), 300 from 1-178th Field Artillery (4 Dec 2025-19 Mar 2026), and 350 from the 122nd Engineer Battalion (ongoing from 01 Jun 2026). Additionally, South Carolina provided 219 Soldiers in support of the "America 250" celebration and conducted training and mobilization efforts during this timeframe. The SCARNG also deployed 10 Soldiers to support the DC Safe & Beautiful Joint Task Force Headquarters

In response to Winter Storm Fern, the SCARNG activated multiple units in January 2026, deploying 14 Vehicle Removal Teams across the State to assist stranded motorists, support local and State law enforcement efforts, and improve public safety along major interstate highways.

The South Carolina Helicopter Aquatic Rescue Team (SC HART) is a collaborative effort between the State Urban Search and Rescue Task Force, SCEMD and SCARNG aviation units with capabilities that include land and water-based hoist operations with military aircrews and civilian rescue technicians. The Team regularly trained to keep its certifications current and remained ready to deploy at a moment's notice. The Team conducted one SC HART mission which saved the life of 1 adult and 3 children, and conducted a 1-day and a 7-day training exercise. Additionally, SCARNG Army Aviation partnered with SC State Fire to provide emergency response to wildland fires in difficult to reach areas of the State. The SCARNG activated 8 Aviation crewmembers and 2 UH-60 Helicopters for rapid response to State Fire Red Flag alerts.

The South Carolina Counterdrug Task Force (CDTF) provided support to seven Agencies including the SLED, U.S. Drug Enforcement Administration (DEA), and Homeland Security Investigations. The CDTF provided analysis that supported the seizures of $22M of drugs, $1.4M in currency, 160 weapons and 250+ arrests. In May 2026, the CDTF participated in "Operation Message Sent" supporting the DEA and in coordination with other

State and Federal law enforcement partners. This operation resulted in a multi-arrest takedown after conducting an extensive investigation into the illegal drug trafficking and distribution activities of numerous individuals in and around the Union, SC area. The investigation led to the arrest of 15 individuals and the seizure of 1,474 grams of meth, 90 grams of fentanyl and 6 firearms.

The 43rd Weapons of Mass Destruction Civil Support Team (CST), which is comprised of personnel from both the SCARNG and SCANG, safeguarded the public by successfully executing 59 Chemical, Biological, Radiological, Nuclear, and Explosive support missions across South Carolina, reinforcing its critical role in homeland defense and interagency cooperation. These missions included support to high-visibility events such as the Martin Luther King Jr. Day and Saint Patrick's Day parades, and NCAA football games at Clemson University, University of South Carolina and Coastal Carolina University. The CST also supported major regional events including the FIFA World Cup in Atlanta, Carolina Country Music Festival, RBC Heritage and Myrtle Beach Classic PGA tournaments, NASCAR events and regional marathons. Additional operations included GATE STRIKE missions at coastal ports, HAMMERHEAD coastal Weapons of Mass Destruction security missions, and Multi-Agency Security Forces Operations. Beyond these planned missions, the 43rd CST responded to three incidents involving unknown hazards which were successfully resolved.

South Carolina Air National Guard

The SCANG continues to deliver maximum operational readiness and exceptional economic value to the State of South Carolina from its 2,400-acre McEntire Joint National Guard Base. Over the past Fiscal Year, the organization demonstrated outstanding workforce management by maintaining a 102% personnel end strength and 90% effective manning. These efforts successfully countered nationwide recruiting challenges and earned the SCANG recruiting team the national Air National Guard Patriot Team award. Ultimately, the SCANG balanced Federal combat deployments with critical domestic disaster response, proving its indispensable dual-use value to both State and Federal stakeholders.

As a vital emergency management asset, the SCANG provided direct defense assistance to the Governor and the State’s homeland security office. During Tropical Storm Imelda and Winter Storm Fern, the Wing delivered critical SEOC support and coordination, and physical recovery support to ensure rapid restoration of State infrastructure.

On the Federal level, the 169th Fighter Wing maintained a continuous 24/7 Aerospace Control Alert posture to defend the U.S. East Coast, earning the highest possible "Mission Ready" rating during a recent North American Aerospace Defense Command (NORAD) evaluation. Globally, the SCANG mobilized for an out-of-cycle, short-notice deployment supporting Operation EPIC FURY in CENTCOM and provided critical operational support for Operation MIDNIGHT HAMMER. Furthermore, the Wing strengthened international defense cooperation by conducting bilateral aircraft deployments to Greenland and the Republic of Colombia, directly advancing South Carolina’s strategic interests through the State Partnership Program.

Despite the administrative challenges of two Federal government shutdowns, the SCANG demonstrated financial stewardship by managing more than $114.6M in annual expenditures. The organization executed an impressive 99.94% of its operations and maintenance funds, and 96.92% of its military personnel funds, all while exceeding Readiness targets by flying 107% of scheduled hours. To ensure long-term viability, the SCANG transitioned to a modernized Deployable Combat Wing structure and advanced major economic infrastructure upgrades. These investments include a $30M runway and taxiway project for joint-force aircraft, $6M in resilience and hardening projects, $4.2M in facility sustainment, and construction of a new F-16 simulator facility.

South Carolina State Guard

During Fiscal Year 2026, the SCSG supported multiple missions and community service initiatives across the State. The SCSG assisted with food distribution operations in support of Harvest Hope Food Banks in Richland, Florence and Greenville Counties. The SCSG provided support during the responses to Winter Storms Fern and Gianna, and the Cooper River Bridge Run in Mount Pleasant and Charleston. In addition, the SCSG participated in Wreaths Across America ceremonies at the Fort Jackson, Beaufort and Florence National Cemeteries. To strengthen its organizational alignment, the SCSG conducted a Leaders Call with leaders from all levels of the organization. The meeting focused on promoting unity of effort, communicating organizational priorities and enhancing information dissemination throughout the command.

Cyber Initiatives

FY26 was marked by the formalization of key partnerships and the expansion of strategic initiatives. A significant development was the establishment of Memorandums of Understanding with critical partners including the University of South Carolina-Aiken and Naval Information Warfare Center (NIWC)-Atlantic. These pivotal agreements will advance workforce development, joint training, research and development.

Key initiatives and developments for FY26 included:

- Infrastructure and Facilities - A primary focus was the Cyber Integration Center at USC-Aiken with its design scheduled for completion in the first quarter of FY27, and equipping of the Center supported by a SC Department of Veteran Affairs Military Enhancement Program Grant. The SCNG also continued to support the build-out of the Eastern Regional Range Complex in addition to collaborating with the Savannah River National Laboratory on an Industrial Control Systems training range and the Grid-Enabled Cyber Operations (GECO) project.
- Workforce Development and Training - In collaboration with USC-Aiken, the SCNG is developing a facility use schedule and supporting course modules, highlighted by an AI presentation delivered during the Warrant Officer Professional Development Day in May 2026. The pending MOU with the U.S. Army Cyber Command Cyber Technology and Innovation Center (ArCTIC) will provide cyber capability development certification to Subject Matter Experts. Additionally, the University Consortium for Cybersecurity, established by Congress and housed at the National Defense University, is providing "Active Defense with an Adversarial Mindset" (ADAM) training to the 125th Cyber Protection Battalion.
- Partnerships and Collaboration - The formalized partnership with NIWC-Atlantic aims to build a collaborative Science and Technology (S&T) partnership. This will synchronize activities to create dual-use opportunities for training and experimentation in areas such as Electromagnetic Spectrum Operations (EMSO), cybersecurity, AI and unmanned systems.
- Exercises and Events - The SCNG participated in a variety of cyber related exercises including Tobacco Road in North Carolina; Cyber Fortress in Virginia; Crossed Swords with the 20th Special Forces Group; Cyber Bluegrass in Kentucky; and State events like Aiken Cyber Week, Palmetto Shield and the Palmetto Cyber Defense Competition. Future exercise event participation includes Cyber Velocity, Northern Strike and the inaugural Cerberus 26 which will feature scenarios based on wardriving exercises conducted by the 145th Cyber Warfare Company.
- Summits and Planning - The annual Cyber Workforce and Research Summits will be hosted at the new Tom Young Center for Research and Innovation in Aiken. An annual review and planning session is scheduled for December 2026.

The SCNG's integrated approach, combining strategic partnerships, infrastructure development, and a robust training schedule, continues to strengthen its readiness and capabilities and contributes significantly to both State and National security interests.

State Partnership Program between the Republic of Colombia and South Carolina

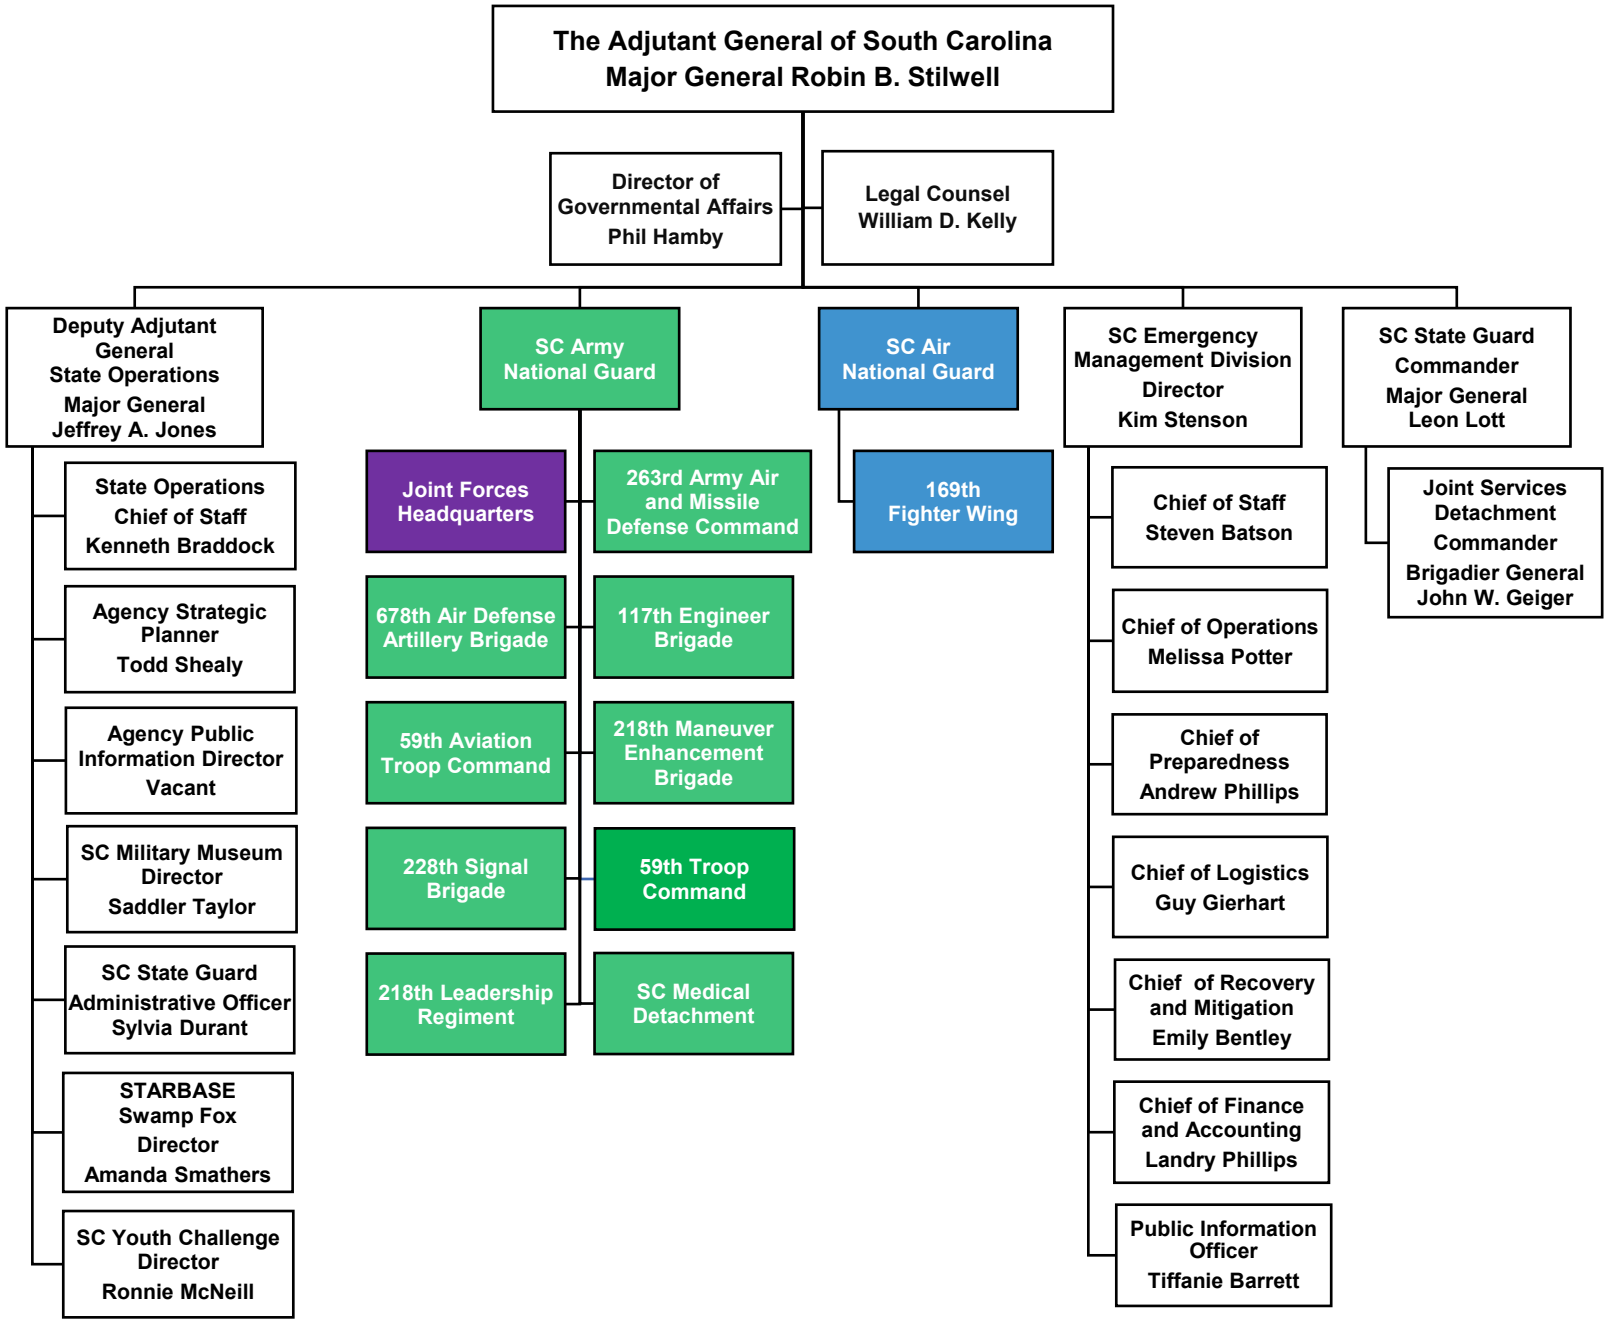

In FY26, the SCNG celebrates the 14th anniversary of its State Partnership Program (SPP) with the Republic of Colombia. The program continues to foster unique opportunities for collaboration, learning, mentorship and integration between South Carolinians and their Colombian counterparts, executing as many as 40 mutually beneficial engagements each year.

Over the past year, the partnership achieved several significant milestones. Key events included the 246th SCARNG Band's concert headlined the U.S. Embassy – Bogota's America 250 event, and Colombia's participation in the SCARNG's Best Warrior Competition. These and dozens more engagements promoted interoperability, continuous learning and camaraderie among our military forces. In-person Subject Matter Expert

exchanges and assessments focused on critical areas which included engineering, ground vehicle and rotary-wing aircraft maintenance, humanitarian assistance and disaster response, space domain awareness and combat medical care.

The SPP is a high-impact program that consistently delivers meaningful returns on investment, enhancing readiness for both partners and steadily deepening the security cooperation relationship between the SCNG and the Colombian Military.

Strategic Plan Results

as submitted for the Accountability Report by:

E240 - ADJUTANT GENERALS OFFICE

Goal 1	Maintain trained and ready forces for the defense of our country and emergency support of our communities by investing in innovative individual and collective training opportunities and world-class facilities.
Goal 2	Strengthen and leverage current relationships while identifying opportunities for mutually beneficial partnerships to maximize future competitiveness
Goal 3	Promote a cohesive, disciplined, and resilient organizational culture, where our people are trained, knowledgeable, and mentor each other in a positive, supportive environment
