AGENCY CODE:	E550	SECTION:	104

AGENCY'S DISCUSSION AND ANALYSIS

In FY 2025-2026, the State Fiscal Accountability Authority ("SFAA" or the "Agency") relocated the entire staff and operations from 1201 Main St. to 1333 Main St. This full agency move required a tremendous amount of logistics to move people, furniture, and files while downsizing overall rentable square footage to meet State Space Standards. This undertaking also required weekly meetings with contractors and vendors addressing appropriate layouts for offices and workstations, coordination and timing of construction activities, necessary accommodations, costs, and workstation installation. SFAA was able to accomplish this physical move without a drop in agency productivity, efficiency, or standard of service to the citizens of South Carolina.

Established by the Restructuring Act of 2014, Act 121, SFAA is comprised of the Insurance Reserve Fund Division and the Division of Procurement Services. The Agency is governed by a five-member Authority consisting of: the Governor, the Treasurer, the Comptroller General, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee, all of whom serve ex-officio. Administrative and operational functions of the Agency are led by Executive Director Grant Gillespie.

Major Achievements During Fiscal Year 2025-2026

Division of Procurement Services (DPS)

The Division of Procurement Services (DPS) includes four operational sections ─ Office of State Procurement (OSP), Office of the State Engineer (OSE), Audit and Certification, and Business Operations and Strategic Planning. Some accomplishments achieved by these offices in FY 2025-2026 include the following:

1. **Office of State Procurement (OSP)**
   - **A. Contract Management and Assistance**
   - The contract results provided by OSP in FY 2025-2026 are as follows:

Total Contracts Awarded		State Term Contracts		Agency Contracts	
1175	**$6,869,521,353.47**	**942**	**$4,220,844,661.66**	**233**	**$ 2,648,676,691.81**

   - The State realized significantly increased contractual savings due to strategies designed to reduce the budgetary impacts for state agencies and local governments allowing for greater return on investment. The State realized the following savings through cost avoidance strategies and negotiated savings:

Categories	Totals
Cost Avoidance Savings	$ 64.176 million
Negotiated Savings	$ 91.866 million
Total Savings	**$ 156.042 million**

   - OSP established new State Term Contracts for Managed Cloud Services, Imersis & T-MSIS Software, Google, Cohesity Data Security & Management, Microsoft Support Services, Trellix Security Products & Services, CrowdStrike, Rescue & Public Protection Equipment (NASPO Lead State), Propane, Interpreting & Translation Services and American Sign Language.

- OSP expanded or enhanced numerous state term contracts including for Extreme Networking Products and Services – awarded to 7 resellers; Check Point – added SaaS & Cloud to defend against cyber-attacks; NASPO Computer Equipment –added eleven (11) new resellers; Educational Supplies - added two new lots for sensory and special education supplies, to name a few.

- OSP collaborated with agencies and institutions of higher education to establish critical contracts, some of which include: Management & Operations of Veterans Nursing Homes - Department of Veterans Affairs; Facilities Management Services - Winthrop University; IT System Modernization - Department of Motor Vehicles; Disaster Recovery Services for Hurricane Helene - Office of Resilience; Bridge Asset Management - Department of Transportation; Health & Welfare Critical Incident Management - Department of Health & Human Services.

2. Office of State Engineer (OSE)

OSE's primary role is to assist state agencies in acquiring construction services in the manner best suited to the agency's needs. OSE is responsible to assure that all such acquisitions comply with state law. The State Engineer, as the Building Official and Deputy State Fire Marshal for construction of state buildings and facilities, is responsible for enforcement of all applicable building and fire codes. In addition, OSE serves as the administrator of the State-level Floodplain Management Program for State lands.

- In FY 2025-2026, OSE provided the following services:

Services Provided	Totals
Architectural/Engineering Approved Contract Awards	478 contracts = $232 Million
Construction Contracts and Contract Change Orders	276 contracts = $ 2.5 Billion
Permanent Improvement Projects for Agencies	158 = $ 3.3 Billion
Building Permits	303
Certificates of Occupancy	216
Flood Permits	16

- OSE assisted agencies during the design of state facilities. Several of the largest include USC Barnwell College ($40M) USC McKissick ($55M) USC Neurological Hospital ($350M) MUHA/MUSC Multiple hospitals around the state ($100M) SCSU Whittaker Library ($30M) USC Housing Sumter Street ($185M).

- OSE assisted agencies during the construction of state facilities. Several of the largest include Clemson's Veterinary School ($270M) USC School of Medicine ($300M) USC Williams Brice Stadium Renovations ($350M) Clemson's Parking Garage ($70M) DHEC Lab ($150M) SCSU Truth Hall ($25M) SCSU Turner Hall ($55M).

3. Audit and Certification

Audit and Certification is responsible for conducting periodic audits of each agency's procurement operations to determine compliance with the South Carolina Procurement Code and regulations.

- Audit Status: Conducted audits and completed reports for 5 agencies and completed reports for 5 agencies that were not submitted due to statutory reorganization. Started audits of five certified agencies.

- Published checklists for use by agencies and school districts in developing internal procedure manuals and published agreed upon procedures for use in assessing school district compliance with school district model procurement code.

4. SCPro eProcurement

South Carolina Procurement (SCPro) is the new online procurement platform for sourcing competitive solicitations, contracting, supplier management and procurement activities for the state of Carolina. Once fully implemented, SCPro will be available to all agencies, suppliers and other government entities through the state's South Carolina Enterprise Information System (SCEIS) and integrations to other ERP systems. SCPro replaces the current SCEIS Supplier Relationship Management (SRM) tool and will include a virtual marketplace that consists of online supplier catalogs which state agencies, local governments and political subdivisions can access for purchasing goods and services.

In FY2025-2026 SFAA continued managing the implementation of SCPro in collaboration with the SC Department of Administration and SCEIS and established the go-live dates for a two-phase release of the new procurement platform.

Insurance Reserve Fund Division (IRF)

The Insurance Reserve Fund (IRF) is a self-insurance mechanism operated by the State of South Carolina providing insurance to governmental entities at the lowest possible cost. All State agencies must purchase their insurance through the IRF and participation is optional for local governments. The Mission of the IRF is to provide property and liability insurance products that meet the needs of its governmental customers in a financially secure and responsible manner. The Insurance Reserve Fund currently insures more than $40 billion in property values for State and local government entities. Some accomplishments achieved by the IRF in FY 2025-2026 include the following:

1. Renewed Property Reinsurance Coverage

- IRF successfully purchased reinsurance for a capacity level to protect for a 100-year storm and maintained the existing occurrence self-inured retention (SIR). This renewal of reinsurance coverage was, in part, due to:
    - Relationships built through face-to-face annual meetings in South Carolina with London, Bermuda, and Domestic reinsurance markets.
    - Continued improvement in the quantity and quality of data points collected and reported in IRF Statement of Values;
    - Ongoing building valuation and appraisal work;
    - The property reinsurance markets' positive view of the IRF claims handling of past catastrophic events and consistent reserving practices.

2. Completed the Actuarial Study of the Second Injury Fund

- Completed the Actuarial Study of the Second Injury Fund which is required every two years. The study concluded the current funding is expected to be sufficient to pay the remaining losses and administrative costs of the Second Injury Fund and that no assessment is needed at this time.

3. Provided training and outreach to enhance the State's risk management practices

- Hosted Medical Professional Risk Management seminar directed to insured hospitals on the following topics: "Current Liability Issues, CMS Structure Measurers, Workplace Violence, Just Culture Program and Legislative Update" in Charleston, March 2026.

- Hosted annual meetings for specialty lines insurance of Ocean Marine insurance, Aviation insurance, and UAV/Drone insurance. These meetings connected the specialty line brokers with the insureds to discuss terms of renewal, state of the market, unique issues of coverage, and educational opportunities made available through the broker.

- Hosted two Automobile Liability seminars, one in-person and one virtual, to directly connect IRF insureds with the Automobile Liability Reinsurance Provider and the IRF Underwriting staff to provide specialized insight into Automobility Liability issues.

- Presented an Underwriting seminar virtually to over 150 attendees. The presentation explained Business Interruption Coverage, Tort Liability, Pre-paid legal, Medical Professional Liability, and Data Processing to facilitate a greater understanding of the insurance provided and underwriting information needed.

4. Successfully addressed fund sustainability and additional policy needs

- Addressed the need to maintain actuarially adequate rates to provide long term financial stability of the Fund going forward by obtaining approval of statewide rate increases for the Tort, Professional Liability, Automobile Liability, and Automobile Comprehensive and Collision lines of insurance.

- Addressed the need for Business Interruption/Business Income Policy to become effective with all policies issued on or after July 1, 2026.

- Limited exposure in the event of catastrophic loss by changing policy terms and implementing a limit of insurance for the Business Interruption/Business Income Policy.

5. Collaborated with Agencies for system enhancements

- IRF adapted procedures and implemented all changes necessary to make claim letters available in both physical and electronic format to gain efficiency and work in greater partnership with the Department of Transportation (DOT) as it implements an in-house claim system.

- Participated in the State Accident Review Board with the Department of Administration, State Fleet, and others to review accidents involving state vehicles to determine whether additional driver training will be required and whether assessment will be charged

Agency Wide

1. **Management of activity related to the five-member Authority**
   A. Authority Meeting and Agenda Process

   The Authority held seven meetings during the 2025-2026 Fiscal Year. Prior to each meeting, SFAA staff and the Executive Director held agenda review meetings with internal and external staff and others as needed to develop the meeting agenda and address any matters prior to the meeting.

   B. Coordination with Authority Members

   The Agency responded promptly to our members' offices about pending and potential agenda items, such as procurement audits, major leases, composite bank accounts, and management and assignment of bond counsel.

2. **Administration of the South Carolina Opioid Recovery Fund (SCORF) Board**
   A. SCORF Board Meetings and Opioid Fund Distribution
   - Managed the administration of the South Carolina Opioid Recovery Fund Board. The SCORF Board held six in-person meetings, one virtual meeting and provided virtual viewing capabilities of meetings for members of the public.

   - The SCORF Board distributed $ 40,374,007.67 to 65 counties, towns and cities that requested funds to help combat the opioid epidemic. The Board also awarded $ 8,485,621.48 in discretionary funds to seventeen entities proposing evidence-based and novel approaches to addressing opioid misuse in South Carolina.

   B. Expanded implementation of new awards management system and measures
   - Expanded implementation of the new SaaS grant management system which created a mechanism for funding applications to be received, reviewed and scored while also tracking awards by abatement strategy allowing for the generation of reports about all facets of the SCORF Fund.

3. **Assistance to Agency Head Salary Commission**
   - SFAA continued to provide staffing support and administrative functions for the Agency Head Salary Commission which primarily administers the agency head performance process.

   - Prepared agenda items and supporting materials for the Commissions meetings. Based on market trends and statewide salary data, made recommendations to the Commission regarding agency heads hiring salaries, salary increases, performance evaluations and salary ranges.

   - In coordination with a third-party consultant and the Department of Administration, the Agency Head Salary Commission implemented a revised performance management process for all agency heads and higher education/technical college presidents.

4. **Strengthened operations through process improvements, cost-saving measures, and compliance with applicable laws.**

- SFAA leadership secured new office space and parking for the Agency and worked with an architect and construction team to reconfigure the space to comply with established State Space Standards. The Agency relocated in the fall of 2025.

- SFAA IT, in conjunction with procurement's business division, developed a new application-database to keep track of all requirements for an Administrative Fee solution and consolidate disparate MS Access databases into a centralized system making it easier to produce accurate information.

- SFAA IT expanded the OSE Project management application for use by 47 agencies and enhanced the several forms on the web-based application. In addition, SFAA auditors have begun using the application for agency audits.

5. Implemented Strategic Planning Initiatives

A. Conducted Regular Management Meetings

- The Senior Management team met on a bi-weekly basis to determine progress toward Agency goals and objectives. These meetings focus on challenges from all agency divisions and offices, major project updates, and legislative matters that impact our delivery of services to our customers and the citizens of the State of South Carolina.

- Senior management participated in developing strategies for the reduction of the Agency's physical footprint and logistics for a successful move of the office. Senior leadership worked with vendors to secure and move equipment including copiers and printers with minimal downtime. Facilitated discard of surplus and junk items prior to the move. Coordinated opportunities for employee engagement to facilitate the transition.

Risk Assessment and Mitigation Strategies

A. Provide innovative, cost effective and proactive acquisition services (Strategic Plan Goal No. 5)

Potential Most Negative Impact if this goal is not accomplished:
The State should expect to pay more for goods and services, as there would be no coordinated program dedicated to lowering costs by leveraging the State's collective buying power. Without such a program, statewide contracts would not be awarded which would result in increased administrative costs. The lack of any centralized procurement office would result in: a) increased cost to vendors due to an uncoordinated approach to procurement across multiple agencies; b) increased risk of poor performance and contract claims due to a lack of statewide training and support efforts; and c) decreased transparency and accountability across the State's acquisition system.

Outside Help to Mitigate Impact Request and options for General Assembly: assistance from procurement trade groups, interstate networks and professional consulting firms. Continued support and resources for a robust and automated procurement system.

B. Provide cost-effective property and liability insurance and administration of the Insurance Reserve Fund (Strategic Plan Goal No. 2)

Potential Most Negative Impact if this goal is not accomplished:

If the IRF did not operate, the State should expect to pay more to insure against its risks, with some agencies likely having difficulty obtaining coverage from a private insurance carrier because of poor loos experience and the nature of the risks involved, such as law enforcement, corrections and transportation. Also, absent the stability of IRF rates, the State should expect significant swings in premium costs due to normal cyclical changes in the commercial insurance market.

Outside Help to Mitigate Impact Request and options for General Assembly: IRF undergoes regular audits and actuarial evaluations. Risks to these programs could be avoided through continued oversight, proper funding and support for existing improvement efforts.

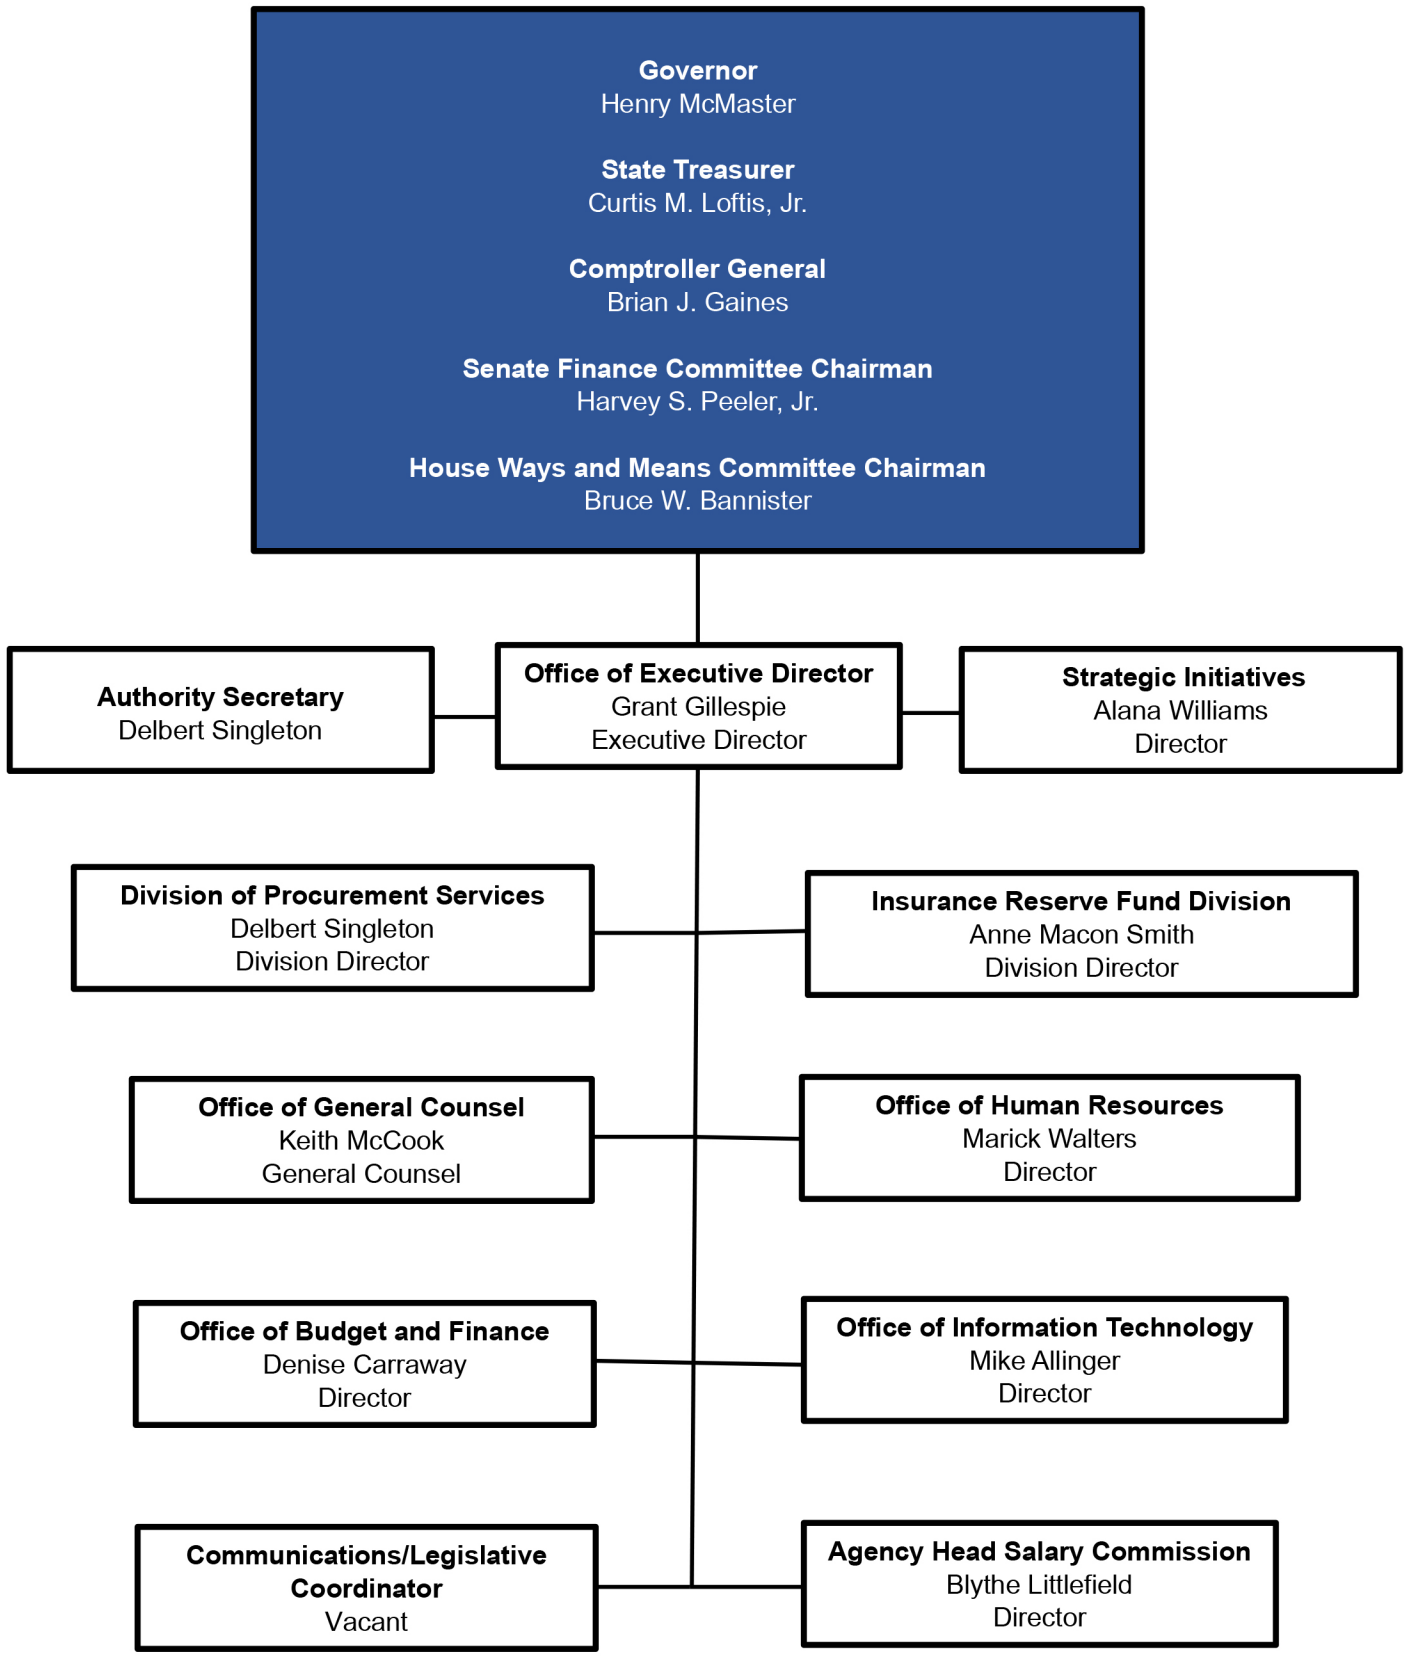

Core Values and Organizational Culture

The Core Values of the State Fiscal Accountability Authority ("SFAA") that support the Vision, shape the culture, and reflect the actions of the Agency are as follows:

- Ethical—Honesty, Fairness, Integrity, Respect, and Loyalty
- Accountability—Leadership, Responsibility, and Transparency
- Professionalism—Committed and well-trained Workforce
- Quality Customer Service—Exceptional and Responsive
- Innovation—Adaptable and Proactive

The Agency continues to foster a positive work environment for its employees, encouraging innovative ideas and proactive teamwork. The dedicated staff is responsive and committed to serving the needs of our customers.

Agency Mission	Adopted in:	2015

To provide fiscal oversight for the State of South Carolina and to meet the needs of the public sector by delivering quality, cost-effective insurance, procurement, and engineering services.

Agency Vision	Adopted in:	2015

To be known as an Agency that is responsive, provides exceptional customer service, and delivers products at an outstanding value.

Recommendations for reorganization requiring legislative change:

None

Agency intentions for other major reorganization to divisions, departments, or programs to allow the agency to operate more effectively and efficiently in the succeeding fiscal year:

None

Significant events related to the agency that occurred in FY2026

Description of Event	Start	End	Agency Measures Impacted	Other Impacts

IRF renewed property reinsurance coverage for a capacity level to protect for an 100 year storm and maintained the existing occurrence self-inured retention (SIR) .	July	March	Purchase reinsurance coverage to protect the State from catastrophic losses to buildings, property, vehicles and boiler and machinery	
IRF completed the Actuarial Study of the Second Injury Fund which is required every two years.	April	September	Conduct periodic actuarial review of the Second Injury Fund Trust according to terms of the Second Injury Fund Closure Plan	
Implementation of SCPro, the state's new eProcurement system, in collaboration with the SC Department of Administration and SCEIS	July	June	Implementation of tools for collecting spend data (SCPro - eProcurement)	SCPro is the new web-based eProcurement system that will result in greater procurement purchasing efficiencies statewide and will improve access to business opportunities by suppliers and small businesses.
Is the agency in compliance with S.C. Code Ann. § 2-1-220, which requires submission of certain reports to the Legislative Services Agency for publication online and the State Library? (See also S.C. Code Ann. § 60-2-20).				Yes
Reason agency is out of compliance: (if applicable)				

Is the agency in compliance with various requirements to transfer its records, including electronic ones, to the Department of Archives and History? See the Public Records Act (S.C. Code Ann. § 30-1-10 through 30-1-180) and the South Carolina Uniform Electronic Transactions Act (S.C. Code Ann. § 26-6-10 through 26-10-210).	Yes
Does the law allow the agency to promulgate regulations?	Yes
Law number(s) which gives the agency the authority to promulgate regulations:	**a.1-11-140, 11-35-540, 59-129-30, Title 11, Chapter 35**
Has the agency promulgated any regulations?	Yes
Is the agency in compliance with S.C. Code Ann. § 1-23-120 (J), which requires an agency to conduct a formal review of its regulations every five years?	Yes
(End of Reorganization and Compliance Section)	

FY2026

Strategic Plan Results

as submitted for the Accountability Report by:

E550 - STATE FISCAL ACCOUNTABILITY AUTHORITY

Goal 1 Manage Agency resources to ensure efficient and effective operations

Goal 2 Provide cost-effective property and liability insurance and administration of the Insurance Reserve Fund

Goal 3 Protect the State against catastrophic losses

Goal 4 Reduce risk exposure to insureds and loss related expenses through education of policyholders and IRF staff

Goal 5 Provide innovative, cost-effective, and proactive acquisition services

FY2027

Strategic Plan Development

as submitted for the Accountability Report by:

E550 - STATE FISCAL ACCOUNTABILITY AUTHORITY

Goal 1 Manage Agency resources to ensure efficient and effective operations

Goal 2 Provide cost-effective property and liability insurance and administration of the Insurance Reserve Fund

Goal 3 Protect the State against catastrophic losses

Goal 4 Reduce risk exposure to insureds and loss related expenses through education of policyholders and IRF staff

Goal 5 Provide innovative, cost-effective, and proactive acquisition services

Perf. Measure Number	Description	Base	Target	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Stakeholder Need Satisfied	Primary Stakeholder	State Funded Program Number Responsible	Notes
1.1	**Deliver cost-effective and secure support services that improve the business processes**								**State Objective: Government and Citizens**				
1.1.1	Provide timely information, applicable reports, and recommendations to the five-member Authority and to the Agency to assist in their decision-making no less than 7 days prior to regularly scheduled meetings.	100%	100%	Percent	Maintain range	State Fiscal Year	Provide timely information, applicable reports, and recommendations to the five-member Authority and to the Agency to assist in their decision-making no less than 7 days prior to regularly scheduled meetings.	Authority Secretary records	Authority Secretary	Meeting State and Local Government, and Citizen's needs	State and Local Governments, and Citizens	0100.000000.000	
1.1.2	Keep the SFAA Websites up to date information to provide SFAA customers and the citizens of South Carolina the opportunity to better understand our Agency and how the Agency can be of assistance to them.	95%	95%	Percent	Equal to or greater than	State Fiscal Year	Number of new information instances published to the website within 2 weeks of issuance / total no. of new information instances.	SFAA IT Tracking	SFAA IT	Meeting State and Local Government, and Citizen's needs	Citizens of State	0100.000000.000	
1.1.3	Provide all SFAA staff with IT end points to give them the ability to perform their roles utilizing technology in a productive and secure infrastructure.	95%	98%	Percent	Equal to or greater than	State Fiscal Year	No. of closed ServiceDesk tickets / No. of total ServiceDesk tickets	SFAA IT Tracking	SFAA IT	All employees at SFAA	SFAA Staff	0100.000000.000	
1.2	**Promote a positive work environment which develops staff and produces quality results**								**State Objective: Education, Training, and Human Development**				

Perf. Measure Number	Description	Base	Target	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Stakeholder Need Satisfied	Primary Stakeholder	State Funded Program Number Responsible	Notes
1.2.1	Decrease annual turnover rate by at least 2% from the previous year	15.41%	13.41%	Percent	Equal to or less than	State Fiscal Year	Total # of terminated employees divided by the average number of employees for the fiscal year.	HR System	SFAA Human Resources	Consistent retention of skilled seasoned staff	Agency functional areas	0100.000000.000	
1.2.2	Promote employee professional development by ensuring that at least 25% of the agency's employees participate in job enhancement training each year	55%	25%	Percent	Equal to or greater than	State Fiscal Year	Number of employees participating in job enhancement training / total # of employees	Training Attendance documentation	SFAA Human Resources	Strengthened, more knowledgeable workforce	Agency functional areas	0100.000000.000	
1.2.3	Implement processes and procedures to administer a virtual or in person exit interview to at least 90% of employees leaving the agency.	68%	90%	Percent	Equal to or greater than	State Fiscal Year	Number of employees who are leaving the agency who complete exit interview / total # of employees who are leaving the agency	HR documentation of percentage of personal exit interviews completed	SFAA Human Resources	An understanding of an employee's experiences in the workplace	Agency functional areas	0100.000000.000	
2.1	**Deliver appropriate insurance services at the lowest possible cost to the policyholder**									**State Objective: Government and Citizens**			
2.1.1	Provide insurance coverage for vehicles at IRF Auto rate premium lower than the industry rate of $2,179 per vehicle	$991	$2,179	Dollar Amount	Equal to or less than	State Fiscal Year	Actual Rate Charged	Insurance Reserve Fund Files	Insurance Reserve Fund System and industry data provided by Actuary	IRF Insureds -State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	IRF Insureds - State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	1501.050000.000	
2.1.2	Provide property insurance coverage at premium lower than industry rate of $365 per $1000 of value	$145	$365	Dollar Amount	Equal to or less than	State Fiscal Year	Actual rate charged	Insurance Reserve Fund files	Insurance Reserve Fund System and industry data provided by Actuary	IRF Insureds -State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	IRF Insureds - State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	1501.050000.000	

Perf. Measure Number	Description	Base	Target	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Stakeholder Need Satisfied	Primary Stakeholder	State Funded Program Number Responsible	Notes
2.1.3	Tort liability rate premium comparison to industry average rate of $741 per person	$433	$741	Dollar Amount	Equal to or less than	State Fiscal Year	Actual rate charged	Insurance Reserve Fund files	Insurance Reserve Fund System and industry data provided by Actuary	IRF Insureds -State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	IRF Insureds - State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	1501.050000.000	
2.2	**Ensure efficient and effective administration of IRF resources**									**State Objective: Government and Citizens**			
2.2.1	Maintain IRF expense ratio relative to industry standard of 29% - 34%	3.09%	29%	Percent	Maintain range	State Fiscal Year	Administrative Expenses / Gross Underwriting Income	Insurance Reserve Fund files	Insurance Reserve Fund System	IRF Insureds -State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	IRF Insureds - State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	1501.050000.000	
2.2.2	Ensure policy coverages placed and in force within time limits	95%	100%	Percent	Maintain range	State Fiscal Year	Policies issued prior to term date / total number of policies issued	Insurance Reserve Fund files	Insurance Reserve Fund Underwriting Office	IRF Insureds -State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	IRF Insureds - State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	1501.050000.000	
2.3	**Administer operation of the Second Injury Fund (SIF) as directed by Section 42-7-320**									**State Objective: Government and Citizens**			
2.3.1	Conduct periodic actuarial review of the Second Injury Fund Trust according to terms of the Second Injury Fund Closure Plan	100%	100%	Percent complete	Complete	State Fiscal Year	Percent complete of project, application developed and in use.	Second Injury Fund	Second Injury Fund System	Individuals with claims covered for outstanding medical payments	Make sure appropriate funds are available to continue to pay outstanding claims in accordance with plan requirements.	1501.100000.000	
3.1	**Obtain reinsurance to offset the financial impact of claims**									**State Objective: Maintaining Safety, Integrity and Security**			

Perf. Measure Number	Description	Base	Target	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Stakeholder Need Satisfied	Primary Stakeholder	State Funded Program Number Responsible	Notes
3.1.1	Current statement of insured property values provided to reinsurance markets	1	1	Count	Complete	Other	Results provided to Underwriters	Insurance Reserve Fund Underwriting Office	Insurance Reserve Fund Underwriting Office	IRF Insureds -State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	Allows IRF to obtain property re-insurance coverage for catastrophic events at the needed limits at lowest costs.	1501.050000.000	
3.1.2	Purchase reinsurance coverage to protect the State from catastrophic losses to buildings, property, vehicles and boiler and machinery	100%	100%	Percent complete	Complete	Other	Percent complete of project, Contracts awarded	Insurance Reserve Fund Underwriting Office	Insurance Reserve Fund Underwriting Office	IRF Insureds -State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	Allows IRF to obtain property re-insurance coverage for catastrophic events at the needed limits at lowest costs.	1501.050000.000	
3.2	**Collection of billed premiums to insure policies are maintained for policyholder protection**								**State Objective: Maintaining Safety, Integrity and Security**				
3.2.1	Provide boiler inspections to minimize loss potential	89.50%	100%	Percent	Maintain range	State Fiscal Year	Actual inspections/required inspections	Insurance Reserve Fund System	Insurance Reserve Fund System	IRF Insureds -State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	Allows IRF insureds to meet state requirements of the Boiler Safety Act to reduce risk of injury.	1501.050000.000	
4.1	**Provide risk management resources to policyholders to lower risk exposure and avoid loss events**								**State Objective: Education, Training, and Human Development**				
4.1.1	Establish or maintain risk management initiative for IRF insured healthcare facilities	1	1	Count	Maintain range	State Fiscal Year	Percent complete of project, Contract awarded	Insurance Reserve Fund contracts file and Med Mal Claims unit	IRF Underwriting and Claims Offices	IRF Insureds -State agencies, Universities, School Districts, Counties, Municipalities and Political Subdivisions with health care component	Insurance coverage, risk management leading to lower cost insurance compared to open market for policyholders.	1501.050000.000	
4.1.2	Provide educational seminars to policyholders and other stakeholders on issues related to risk management	5	5	Count	Equal to or less than	State Fiscal Year	Actual count	IRF Underwriting and Claims Offices	IRF Underwriting and Claims Offices	IRF Insureds -State agencies, Universities, School Districts, Counties, Municipalities and political Subdivisions	Allows IRF to help indured manage insurance risks and reduce claim costs and exposure costs.	1501.050000.000	
5.1	**Manage and perform acquisitions for the State**								**State Objective: Government and Citizens**				

Perf. Measure Number	Description	Base	Target	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Stakeholder Need Satisfied	Primary Stakeholder	State Funded Program Number Responsible	Notes
