AGENCY'S DISCUSSION AND ANALYSIS

Physical Location and Description

University of South Carolina Lancaster (USCL) is a regional USC Palmetto College campus. Physically, USCL consists of three sites: The main campus is in the City of Lancaster, the Native American Studies Center is two miles south of the main campus in downtown Lancaster, and the Indian Land location is 18 miles north of the main campus. Additionally, USCL offers dual credit courses at 15 South Carolina high schools.

The USCL main campus consists of eight buildings. Founders Hall, Hubbard Hall, and the Bradley Arts and Sciences Building contain faculty offices and instructional spaces. Besides standard classrooms, these buildings contain three large lecture halls and two auditoriums. There are also several specialized spaces: five instructional computer labs, an iCarolina learning lab, an art studio and gallery, five science laboratories, a nursing simulation laboratory, an esports gaming room, and a graphic design laboratory. USCL hosts public events in these buildings, including theater performances, art gallery receptions, and K12 partnership programs. The Lancaster community has access to high-speed internet and technological training in the iCarolina lab.

Medford Library is an academic library that is open to the public. Librarians provide access to physical and digital media, teach students to conduct research using library resources, and host library- related events. The library has public access computers as well as an instructional computer lab. The library building is home to the Academic Success Center (ASC) and TRiO programs. The ASC is a free tutoring lab and writing center where USCL students develop their learning and writing skills. TRiO programs are federally funded programs designed to support students who face challenging circumstances. These include students who are first-generation college students, students with disabilities, and students from low-income households.

Starr Hall is dedicated to student services. These include Financial Aid, the Business Office, Student Disability Resource Center, Student Life, the B&N Bookstore, and the Student Center. Additional student services are located in other buildings: Information Technology is in Hubbard Hall, while Security & Parking Enforcement has its own building.

USCL's main campus is the home of Gregory Family YMCA. In addition to cardio and weight training equipment, the YMCA has handball, racquetball, volleyball, pickleball, and tennis courts, and an indoor swimming pool. The YMCA offers group exercise classes, swimming lessons, and Livestrong programs for cancer survivors. The Carole Ray Dowling building contains an exercise science laboratory and a community room used for special events. The Native American Studies Center (NASC), located downtown, is a top attraction in the Lancaster area. It consists of a large gallery, archaeological research spaces, and faculty offices. The gallery is open to the public. The NASC hosts a lunch-and-learn series that attracts tourists and locals alike to downtown Lancaster. NASC also hosts special events, like Native American Studies week and Native American craft shows.

The northern panhandle of Lancaster County has one of the fastest growing populations in South Carolina. USCL began offering classes in the panhandle in 2018 and established a permanent location there in 2022. Alongside typical college courses, USCL offers special-interest classes to residents of Sun City, an active adult community in the panhandle. In 2023 USCL created the position of Director of Corporate and Community Outreach and Coordinator of the USCL Indian Land Location to manage and promote services in the panhandle area of Lancaster County.

Academic Profile

The website Niche.com ranks universities based on several key criteria including academics, cost, facilities, and faculty credentials. For a decade, USCL has been ranked the #1 community college in South Carolina and is currently ranked 8th best out of 673 community colleges in the United States.

USCL offers four associate degrees: Associate of Arts, Associate of Sciences, Associate of Science in Business, and Associate of Science in Criminal Justice. Students can remain on the Lancaster campus to earn baccalaureate degrees through USCL's partnerships. USCL partners with the USC College of Nursing to offer a Bachelor of Science in Nursing (BSN) degree, which is ranked the #1 best RN program in South Carolina by NursingProcess.org. USCL is a regional USC Palmetto College campus. Palmetto College offers baccalaureate degree-completion programs online. Students who enroll in Palmetto College through USCL work towards a bachelor's degree in one of over 30 majors while benefiting from student services available on the Lancaster campus. USC Lancaster also has the first nationally recognized health coach training program in the state of South Carolina designed for academic credit.

Risk Assessment and Mitigation Strategies

Risk is routinely considered in long- and short-term institutional planning. USCL is the primary higher education institute in the Lancaster area and so failing to accomplish our goals and objectives would negatively impact the statewide enterprise objective to elevate the level of educational preparedness of South Carolinians. USCL offers opportunities for a high-quality education at an affordable price. Therefore, failure to accomplish our goals would further disadvantage the most economically vulnerable citizens of our service area. Our health profession programs are instrumental to offering high-quality health care for our region. These include our Bachelor of Science in Nursing (BSN), our Certified Nursing Assistant (CNA) program, and our Health Coach Training program. Failure to accomplish our goals would negatively impact the health and wellbeing of South Carolinians in our community. To mitigate such negative impacts, our agency may require state funding to the general operating funds budget, increases in the amount allocated for dual enrollment tuition for high school students, and increases to in-state scholarship money available to students. Specifically, the General Assembly could help resolve potential issues in the following three ways:

1. Increase allocations to the general operating funds.
2. Increase the amount of revenue provided for dual credit students.
3. Increase state scholarship funds.

State Agency Strategic Plan and Measures

Priority 1: Grow enrollments and advance student success

As a state agency, USCL primarily works towards the statewide enterprise strategic objective of Education, Training, and Human Development. The objective states that we should strive to elevate the level of educational preparedness of South Carolinians. The goals and measures described below work towards that statewide enterprise objective.

1.1 Drive enrollment growth

The first step we are taking towards this objective is to attract a student body that is representative of our service area. We schedule regular recruitment efforts throughout our service area and provide outstanding

admissions and enrollment support to all students. One way we measure our success in recruitment is by counting the total number of applications for admission. In Fall 2025 we received 3094 applications, meeting our target of 2900 or more. We also count the total number of students who register for classes. This is called the *headcount*. In Fall 2025, our headcount was 2510, meeting our target of 2400 or more.

Keeping in mind demand and local workforce needs, USCL offers students three pathways to healthcare professions. Students can attain baccalaureate degrees through our partnership with the USC College of Nursing. In Fall 2025 the Bachelor of Science in Nursing (BSN) program enrolled 42 students in the upper-division program. Additionally, 21 USCL students have become Certified Nursing Assistants (CNA) since Spring 2023. A total of 18 CNA students progressed to the upper-division BSN program. Of these, 11 have graduated and the remaining seven are expected to graduate in May 2027. In October 2025, USCL gained approval from the National Board of Health and Wellness Coaches to create the Health Coach Training Pathway. Eight students completed the final capstone course for this program in May 2026. Five students are currently completing health coaching sessions in order to sit for the National Board Exam.

1.2 Promote teaching and research excellence

To promote teaching and research excellence, USCL allocated $50,000 for the Research and Productive Scholarship (RPS) award program and $75,000 for work-related faculty travel. In FY 2025-2026, seven faculty members were awarded RPS grants in the areas of art, English, history, mathematics, and psychology. Eighteen faculty made 35 trips for professional development or scholarly activities. Faculty research and professional travel were also funded by internal and external grant programs. Lancaster faculty are encouraged to apply to grant programs through USC's flagship campus. The USC Office of the Vice President for Research hosts the RISE grant program, a competitive program that funds faculty research and scholarly activities during the summer months. In FY 2025-2026, two USCL faculty members were awarded RISE grants in the areas of art and English. In 2025 USCL faculty disseminated their scholarship through 38 publications, 127 presentations, and 55 creative works. They were awarded 29 grants in total and participated in 222 other scholarly activities such as peer-review of scholarly work and professional consultations.

1.3 Foster staff development

USCL has an excellent community of staff members. To foster staff development, USCL allocated $25,000 for work-related staff travel. Ten staff members made 18 work-related trips that included professional development opportunities. USCL also offers regular professional development opportunities for staff and faculty at the Lancaster campus, hosted by six providers: USCL Safety and Transportation offers regular training in Civilian Response to Active Shooter Events (CRASE); the iCarolina labs offer training in Apple technology; ed2go offers certification programs; the USCL Nursing faculty offer cardiopulmonary resuscitation (CPR) courses; USC Human Resources offers regular training and development opportunities, including training in Title IX policies; and the USC Center for Teaching Excellence offers training and certification programs in a wide range of topics related to mentoring, teaching, technology usage, and so on.

1.4 Drive student success

USCL is dedicated to supporting student success. One strategy is to provide students with ample access to their professors. This is accomplished by maintaining a small number of students per class and limiting the number of classes taught by each faculty member. In FY 2025-2026 the largest class contained 44 students, although most classes contained 24 or fewer students. The normal teaching load for faculty members is equivalent to 24

contact hours per academic year. Faculty members who engage in scholarly activities may request a workload reduction equivalent to a three-credit hour reduction per year.

Beyond interacting with their instructors, USCL students also have access to many services related to student success and retention. Eight of these services are hosted through the Student Success and Retention office: Academic Advising, Early Alerts, Academic Coaching, Academic Success Center, Counseling Services, Student-Athlete Success, Student Disability Resource Center, and Testing Services.

- All USCL students pursuing associate degrees must meet with an academic advisor before enrolling in courses.
- The early alerts system was developed to aid students who have had excessive absences or missed work. This system allows faculty and staff to connect with students and provide strategies for academic recovery.
- Academic coaching is a program that is required for students with an institutional GPA below 2.0. In this program, students discuss their strengths, set goals, and review available resources in order to establish a plan for success.
- The Academic Success Center (ASC) offers enrolled students free tutoring and writing services. The ASC hires well-qualified staff to tutor students one-on-one in critical areas including STEM, English, and foreign languages. The ASC also has drop-in group-study sessions focused on health sciences, math, and developing writing skills. In FY 2025-2026, the Academic Success Center held 564 student tutoring sessions.
- Counseling Services provide students with a safe and non-judgmental environment to explore their experiences, problems, thoughts, and emotions. Providing tools for students to manage stressors allows them to achieve their academic goals. In FY 2025-2026 counseling services hosted 53 individual counseling sessions, hosted several wellness-related events, and mentored students who established a Mental Health and Wellness Club through Student Life.
- The student-athlete success program assists student-athletes in achieving academic success by learning to balance academic and athletic obligations.
- The Student Disability Resource Center is dedicated to helping students with disabilities reach their academic potential. To receive assistance, students must self-identify as a student with disabilities and provide appropriate documentation. The documentation is used to identify appropriate accommodations.
- Testing services are available to students whose accommodations include extended time on tests and/or a distraction-free testing environment. Testing services are also available for math placement testing.

A clear measure of student success is the number of associate degrees awarded. In AY 2025-2026, 256 associate degrees were awarded to USCL students, meeting our goal of 200 or more. Some students graduate with leadership distinction (GLD). These students demonstrate extensive, purposeful engagement beyond the classroom. They must apply their learning to making decisions and solving problems in the real world. In AY 2025-2026, six USCL students graduated with leadership distinction, meeting our goal of five or more. The Opportunity Scholars Program (OSP) is a federally funded TRiO program operating on the USCL campus. In 2025-2026, 49 OSP students graduated with an associate degree, and 27 of them graduated with academic honors.

1.5 Empower diverse students, staff, and faculty

It is vital to create a campus atmosphere in which all members are valued. USCL offers a variety of opportunities to engage students, connecting their personal experiences to their academic and career goals.

To improve students' sense of belonging, USCL's Student Life hosted 21 student networking events, including two campuswide festivals, Welcome Week and Spring Fling. These events give students a chance to network and to learn more about USCL resources and opportunities. Student Life, Medford Library, TRiO Programs, and the Native American Studies Center host a variety of events throughout the year. USCL also offers many venues to showcase student achievement. These include subject-specific events such as visual art exhibitions, theater performances, and poster presentations related to biology, Earth Day, and Emergency Preparedness. There are also two multi-subject events. The Celebration of Lancer Excellence gives students in all areas of study the opportunity to present their experiential learning or cocurricular accomplishments on the Lancaster campus. Discover USC gives Lancaster students the opportunity to present their research alongside their peers from the entire USC system.

USCL offers courses with attributes *GLD: Diversity and Social Advocacy* and *GLD: Global Learning*, as well as courses connected to travel-study. All GLD courses undergo a review process to earn these attributes. Students in these courses learn about cultures and social issues, as well as international differences, commonalities, and relationships. In FY 2025-2026, USCL offered 16 courses with these attributes including two travel-study courses, meeting our goal of offering 15 or more such courses. These included classes in African American studies, anthropology, art history, criminal justice, English, history, philosophy, public health, sociology, and women's studies. Students have access to four grant programs that support travel-study, including up to $2000 from the Lancaster County Commission on Higher Education.

USCL is a member of the National Junior College Athletic Association and encourages students to be involved in athletics. USCL currently has five athletic programs: baseball, men and women's soccer, women's volleyball, and e-sports. In the 2025-2026 season, USCL's Women's and Men's Soccer were named Region X Champions. Soccer coach Kenny Halas was named Region X Coach of the Year.

USCL faculty regularly engage students in their research. USCL's faculty organization currently consists of 66 full-time faculty, giving students access to a wide knowledge base. USCL also offers several courses focused on research. These classes underwent an evaluation process and were given the *GLD: Research* attribute. In FY 2025-2026 USCL offered four such courses, meeting our target of 3 or more. These courses were in the subject areas of criminal justice, English, psychology, and the fundamentals of integrative learning. USCL faculty engaged five students in grant-funded undergraduate research.

Priority 2: Deliver world-class experiences for students, internal colleagues and external partners.

Besides education, USCL also contributes to the statewide enterprise object of Public Infrastructure and Economic Development. The objective states, in part, that we should build a world-class and safe public infrastructure to enhance the quality of life of our citizens. The goals and measures described below work towards that statewide enterprise objective.

2.1 Optimize services and processes

Our first goal is to provide the USCL community with up-to-date physical and technological infrastructure. During FY 2025-2026 three capital improvement projects were started on the USCL community. These projects included repairing a roof and offices, and renovating the rose garden. USCL also completed major projects that were started in 2024-2025, including creating an outdoor patio. During the fiscal year three technology priority projects were conducted. These projects included upgrades to student access printers, installation of audio-video systems, and the upgrade of a student computer lab.

2.2 Promote organizational and financial health

USCL continually strengthens the campus' financial condition. One measure is to consider the USCL reserve-fund carry-forward amount. Our target is to increase this reserve so that we maintain an amount equal to or greater than three months of our operating cost. During FY 2025-2026 the reserve fund increased by $1,407,539 to $8,023,099, meeting our goal of $7,174,160 or more. Another measure we use is the expense-to-budget ratio. This shows the relative size of the total expenses incurred compared to the total budget resources. A small ratio is desirable. In FY 2025-2026 the expense-to-budget ratio was 92% meeting our goal of 97.2% or less.

2.3 Enhance fundraising and giving efforts

USCL also strives to grow fundraising and external funding activities to enhance the campus' scholarship and academic programs. In FY 2025-2026 there were 194 endowed scholarships and special purpose funds held by the Educational Foundation of USC Lancaster, meeting our target of 192 or more. USCL also participated in four major fundraising events that benefitted the USCL Educational Foundation: Big Thursday, Give Local Lancaster, Give 4 Garnet, and an ongoing commemorative brick fundraiser. USCL students were awarded $394,491 in scholarships through the USCL Educational Foundation, meeting our goal of $325,000 or more.

Priority 3: Impact education attainment and workforce readiness

Continuing our work towards the statewide enterprise strategic objective of Education, Training, and Human Development, USCL has strong community connections, connecting students with local leadership and preparing students for careers that positively impact our community.

3.1 Impact our communities

USCL students, faculty, and staff continually support our local community through blood and supplies drives that benefit local service organizations and K12 schools. USCL also hosts events to educate students on a variety of social issues such as mental health, civic responsibility, and crime prevention. In FY 2025-2026 USCL hosted 23 such events and drives, meeting our goal of 20 or more.

The Lancaster community benefits from USCL student and faculty activities and research. The USCL Native American Studies Center (NASC) hosts a lunch-and-learn series, an artist-in-residence program, art gallery receptions, an archaeology lab, and craft shows that are open to the public. In FY 2025-2026, the NASC hosted 3633 visitors, meeting the goal of 2750 or more. There are additional visual and performing art events on the main campus.

- The Lancaster Players performed four plays that were well attended by members of the public.
- The USCL Performance Series gives the Lancaster community access to free professional musical performances.
- Student art exhibitions are open to the public and include a public reception.

- Professional art exhibitions are also open to the public.

USCL grows community connections virtually as well as in-person. Many USCL programs maintain a social media presence in order to inform the public of USCL public activities and opportunities. These include enrollment and scholarship opportunities, athletic events and accomplishments, research accomplishments, performing and visual arts exhibitions, NASC events, and so on. In 2025-2026, there were 14 USCL programs with active social media accounts that were supervised by faculty or staff.

USCL also maintains strong lines of communication with local stakeholders. USCL administration holds quarterly meetings with the Lancaster Commission on Higher Education, and quarterly meetings with the USCL Educational Foundation.

3.2 Increase transfer and pipeline partnerships

With the goal of increasing education attainment and workforce readiness in our community, USCL regularly adds and strengthens partnerships with other educational institutions. This streamlines the education process for students in our community. In FY 2025-2026 USCL recruiters participated in 12 local community events. USCL has contracts with 23 high schools for dual enrollment courses. These provide high school students with accessible, low-cost college courses. In Fall 2025, USCL educated 1775 dual enrollment high school students.

3.3 Expand workforce focused credentials

USCL works to expand workforce focused credentials both by preparing our students for in-demand jobs, and by providing professional development opportunities to local businesses and organizations.

USCL offers many courses with the attributes of *Experiential Learning, GLD: Internship, GLD: Community Service,* and *GLD: Professional and Civic Engagement.* These courses underwent an evaluation process in order to earn their attributes. Students in these courses learn about non-profit, governmental, and humanitarian support and services related to meeting community needs. They also learn to apply leadership skills to positively change their community. In FY 2025-2026 we met our goal of offering 18 or more courses with these attributes. We offered 23 courses in the subject areas of African American studies, anthropology, education, English, geography, integrated information technology, leadership, management, psychology, sociology, and speech.

To prepare students to join the workforce, USCL hosts three lecture series that connect students to local professionals: Careers in Science lectures, Careers in Business lectures, and the Native American Studies lunch-and-learn series. USCL also hosts an annual career fair in partnership with SC Works Catawba and the SC Department of Employment and Workforce.

USCL has a robust internship program, with the number of student interns increasing annually. In FY 2025-2026, 27 USCL students participated in internships organized through the USCL Internship Coordinator. The USCL Internship Coordinator also provides career coaching to students, teaching them resume-writing and interview skills.

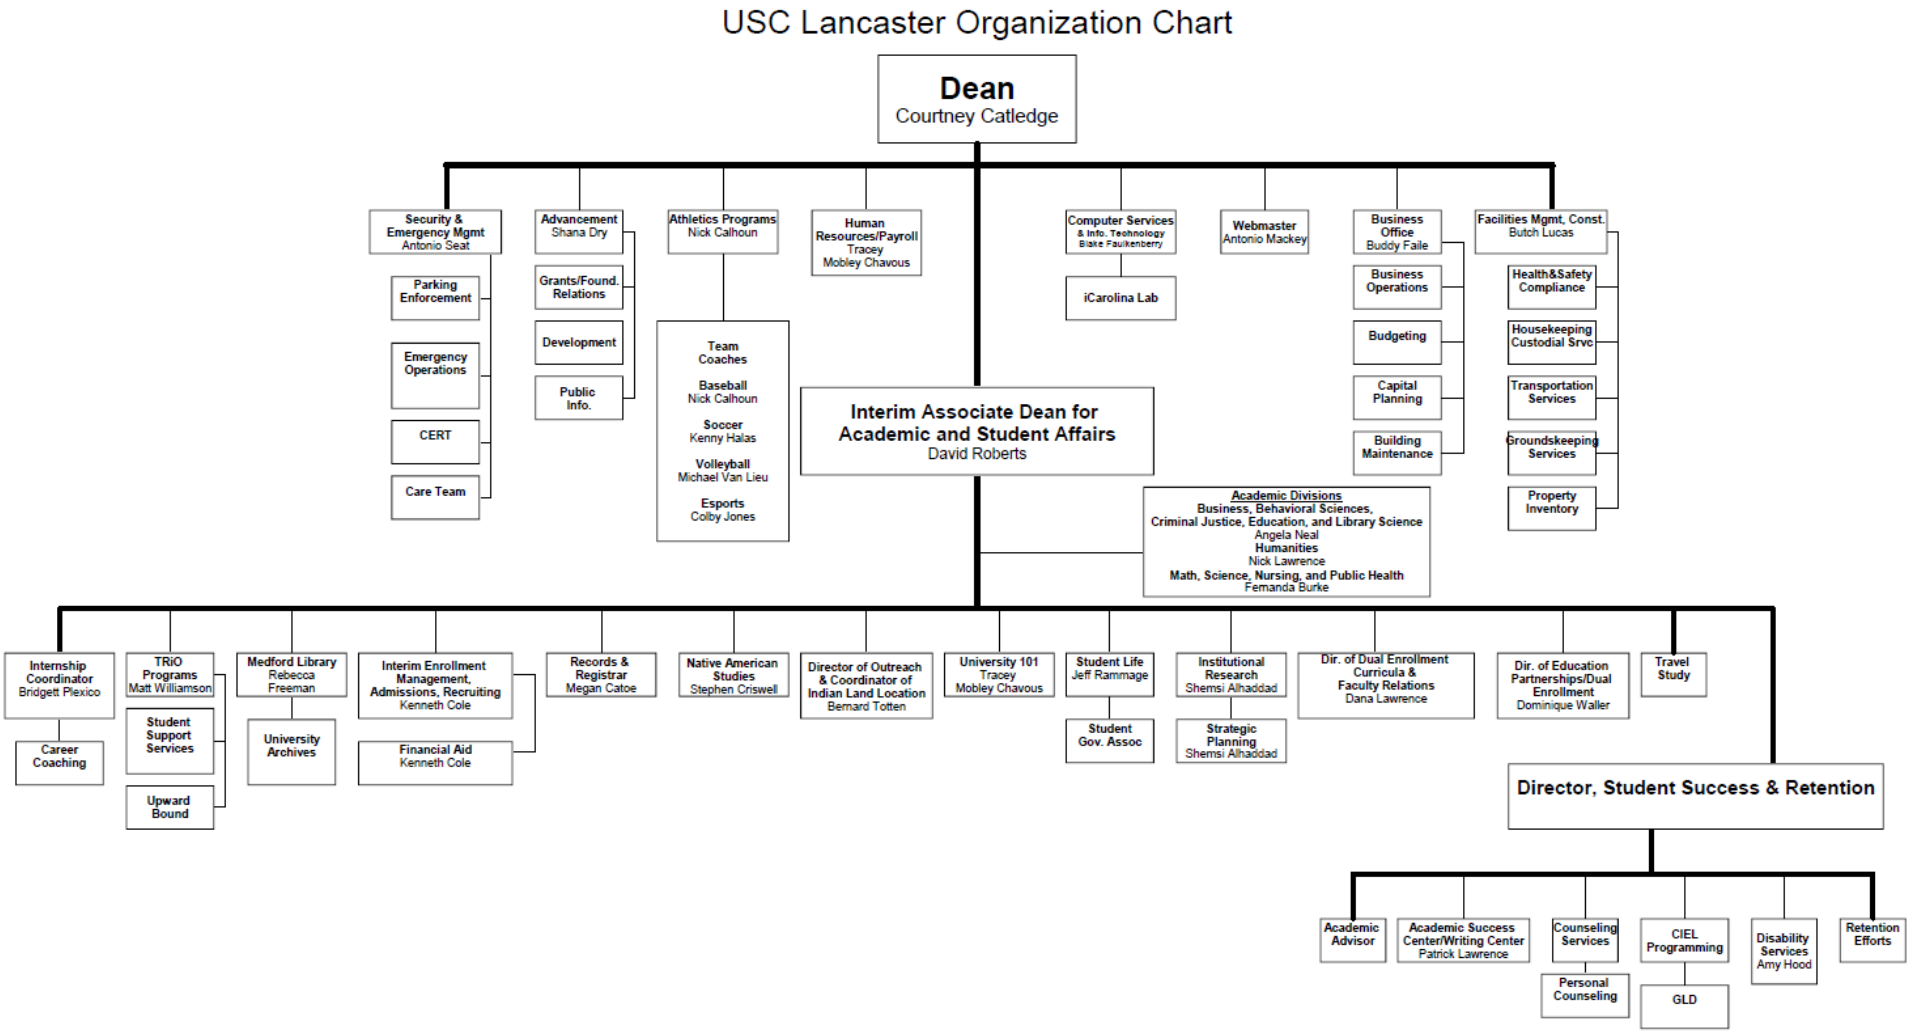

USCL provides professional development opportunities to members of the public, local businesses, and local nonprofit organizations. In FY 2025-2026 USCL met our goal of offering six or more such opportunities. These included access to fundamental coursework and advanced certification courses through ed2go, training through

the iCarolina labs, AI-4-SC workshops, “Level Up with Education Lunch and Learn” for Nutramax employees, “Business Etiquette—Elevating Professionalism” event, and courses offered to Sun City retirement community.

Conclusion

As the #1 best community college in South Carolina, USCL is an excellent source of educational opportunities in the Lancaster area. We provide low-cost courses for all eligible students, including dual enrollment high school students, first-time freshmen, continuing and transfer students, and adults pursuing degree-completion baccalaureate degrees. We offer courses in-person and online to accommodate different learning needs. Our students have access to accomplished faculty who continually pursue scholarly achievement. Our excellent staff are encouraged to pursue professional development opportunities that benefit our students’ experiences. Our student services help our students meet their academic goals by providing academic and personal support services. Students have access to a large variety of cocurricular and extracurricular activities that support their interests. These include athletics, artistic performances and presentations, and opportunities to conduct and disseminate original research. USCL maintains a beautiful and safe campus for students, employees, and members of the community while practicing fiscal responsibility. Student and faculty activities benefit our local community throughout the year. Members of the Lancaster community also enjoy free or low-cost activities through the Native American Studies Center, athletic competitions, art exhibits, and musical and theater performances. USCL provides the community with free or low-cost workforce readiness training through the iCarolina labs and ed2go. USCL students benefit from several lecture series that bring local professionals to the Lancaster campus, as well as the annual career fair. USCL guides students from high school dual enrollment to career placement and helps members of our community to further their education and workforce readiness.

Agency Mission | **Adopted in:** | **2023**

The Lancaster regional Palmetto College campus is a branch campus of the University of South Carolina Columbia. Lancaster has as its mission to provide higher education and intellectual leadership, contributing to the primary mission of the University of South Carolina System so stated as “the outstanding education, research, creative activity, community engagement, and service that drives community and economic impact or the benefit of the state, nation, and world.” At the heart of this mission is a teaching faculty of high quality dedicated to excellence in instruction, scholarship, public and professional service, and creative endeavor which enrich the classroom experience. The Lancaster regional Palmetto College campus offers a varied curriculum grounded in the liberal arts and focused on preparing students to continue their education in the University of South Carolina System and throughout life. The Lancaster regional Palmetto College campus recruits students prepared to succeed in completing a baccalaureate-level education. While the institution does not offer remedial instruction, it is nonetheless able to admit most students who apply due to the close working relationship between students and faculty. The original design of the institution incorporated a flexibility that has allowed changes in institutional capability with increasing educational demands of constituents. Through classroom and laboratory instruction delivered in a variety of face-to-face and distance learning formats and modalities, the institution awards the Associate in Arts and Associate in Science degrees and provides for the completion of selected bachelor’s degrees on campus through cooperative agreements and delivery structures with other University of South Carolina System institutions. The Lancaster regional Palmetto College campus also provides general education and upper division coursework applicable to baccalaureate degree programs offered through colleges and universities nationwide. In addition to academic coursework, the mission of the campus includes noncredit courses, seminars, and workshops made available to the community for cultural enrichment and professional development. The traditions of cultural diversity and freedom of thought are valued at the Lancaster regional Palmetto College campus. In a learning environment that develops respect for racial, geographical, intellectual, and economic diversity and an awareness of individual, societal, and global responsibilities, Lancaster promotes courses, activities, and attitudes that instills in students a thirst to continue learning throughout life. The Lancaster regional Palmetto College campus emphasizes the development of the whole person and especially seeks to foster in students the disciplines essential to an educated citizenry. Core competencies, including the ability to communicate through effective writing and articulate speech; computational and quantitative mastery; creative and critical thinking; and the duties of citizenship are strategically integrated within the curriculum. Classroom experiences, student activities, and physical education programs also provide opportunities for cultural enrichment, leadership development, intellectual growth and interpersonal relationships, all contributing to a sense of self-reliance and a joy of learning.

Agency Vision	Adopted in:	2025
University of South Carolina Lancaster's vision is to impact the world from home. To achieve this vision, USCL is focusing on the following goals. --To offer affordable higher education in our service area. --To expand course offerings in Indian Land. --To promote and maintain a supportive learning environment for all students. --To prepare increasing numbers of thoughtful, capable students to benefit those whose lives they touch. --To strengthen investment in our physical campuses as community hubs for education, culture, and wellbeing. --To expand programs and activities that contribute to the economic, cultural, and civic wellbeing of the region. --To increase access to experiential learning, such as undergraduate research, travel study, and community-based projects. --To establish partnerships with the public and private sectors that increase student employability through internship and mentorship programs. --To reflect regularly as a body on our efforts to realize this vision.
