AGENCY'S DISCUSSION AND ANALYSIS

USC Salkehatchie is a dynamic regional campus serving the rural Lowcountry. The University is one of the anchors in the community and a key for future growth and prosperity in a region characterized by widespread poverty and a declining population. Despite challenges inherent to its region's economic conditions, USC Salkehatchie successfully strives to meet ambitious goals. Incorporating the USC Columbia and Palmetto College's strategic plans, this report sets forth USC Salkehatchie's goals for the upcoming year. USC Salkehatchie has and will continue to **grow enrollment, advance student success, deliver world-class experience for students, internal colleagues, and external partners, and impact educational attainment.**

Changes to leadership and reorganization across the campus resulted in some fluctuation in enrollment, retention, and community engagement. This upcoming year with new leadership in place across various departments, including positions such as dual enrollment coordinator, athletic director, Associate Dean of Academic and Student Affairs, Director of Budget and Finance, and the Director of Marketing, Communications, and Alumni Relations, the future of USC Salkehatchie appears promising, and metrics are generally improving.

Growing enrollment and advancing student success

Enrollment growth is both a short-term and long-term focus for USC Salkehatchie, and the move toward a larger student body is balanced with a desire to recruit and retain students committed to learning. USC Salkehatchie serves as an alternate access point to higher education for students whose situations—whether economic, personal, or academic—will not allow them to begin immediately at a four-year campus. In FY 2025, USC Salkehatchie's headcount and FTE students increased modestly from the

prior year. Visibility in the community, broader community engagement, and our social media presence contributed to an increase in applications and interest in our campus. USC Salkehatchie's tuition and required fees are tied with the other Palmetto College campuses as the lowest financial threshold to a university education in the state, and tuition and required fees were not raised in the last few years. At USC Salkehatchie's 2026 Commencement, 95 Associate in Art and Associate in Science degrees were awarded to students. Furthermore, the expansion of academic offerings through Palmetto College is enabling USC Salkehatchie to serve more students locally and for longer. While some students pursue baccalaureate degrees at other institutions after completing the first two years of higher education at USC Salkehatchie, many others are now taking advantage of collaborative programs in nursing, education, and Palmetto College online classes, to complete the requirements for baccalaureate degrees without having to leave the Salkehatchie area. USC Salkehatchie's 2026 Commencement included the awarding of 6 baccalaureate degrees through its partnerships. USC Beaufort at USC Salkehatchie nursing graduates earned a 100% first-time NCLEX-RN pass rate. All of the above numbers represent students taking advantage of life-changing opportunities.

The expansion of academic offerings is essential for the achievement of USC Salkehatchie's mission as an institution of higher education. Indeed, USC Salkehatchie consistently strives to find new and innovative ways to fulfill students' long-term educational goals and meet the educational needs of its communities. Many potential students in our service area are unable to attend classes in-person. USC Salkehatchie offers online associate degrees, giving the community another way to access higher education. USC Salkehatchie embraces USC's Graduation with Leadership Distinction (GLD), grant funded STEM internships, and opportunities for Magellan Scholars research and PURE summer research grants expanding experiential-learning opportunities. USC Salkehatchie's long running efforts

to form community and local industry partnerships that facilitate and inspire student internship opportunities and career paths included the recent addition of "Handshake" for internships and job opportunities.

Our upcoming plans include the completion of Student Commons Building in Walterboro, which will house classrooms, the campus shop, and spaces that will also be available to the public, including the center for student support services. In Allendale we will be improving the Athletic complex area with upgrades to the fields and the addition of permanent restrooms, and in late AY26 we began renovations to our main classroom building, Spruce Hall, including new flooring, paint in the hallways and stairwells, and new classroom furniture.

World-Class Experiences for Students, Internal Colleagues, and External Partnerships

USC Salkehatchie continues to emphasize faculty excellence by striving to offer competitive salaries, providing opportunities for greater intellectual challenge through the teaching of upper-level courses on campus and through Palmetto College, providing support for engagement in scholarship and research, and by encouraging involvement in campus and local-community service. The greater University has shown support by making internal grant opportunities available to Palmetto College campuses faculty (as well as students for undergraduate research), and USC Salkehatchie faculty has responded by regularly winning these grant awards, thereby enhancing their scholarly production/expertise in their fields. Faculty mentor students most notably through GLD research projects, Magellan grants, independent study, and summer PURE grants. Overall, USC Salkehatchie faculty has been highly successful with scholarly production and grants. USC Salkehatchie faculty presented research at 6

international conferences and 30 local, regional, or national conferences. Faculty produced 14 creative works including the curation of the SALK Herbarium Project.

The Early College program consists of two cohorts on the Walterboro campus and two cohorts on the Allendale campus. This upcoming year, we are developing a defined pathway from high school Teacher Cadet programs to our education program (in partnership with USC Aiken). Currently we work individually with several Early College students who request specific courses or majors. Grant funding awarded by the Department of Energy-Environmental Management and National Nuclear Security Administration, administered through Savannah River Site Community Reuse Organization (SRSCRO) has provided new scholarships for STEM majors.

Within greater USC's "Experience by Design" quality enhancement program (administered by the Center for Integrative and Experiential Learning), USC Salkehatchie continues to support faculty members who involve students in internships, independent research, and other modalities of experiential learning. USC Salkehatchie seeks to increase the number of students involved in service learning and Graduation with Leadership Distinction (GLD) honors. USC Salkehatchie continues to provide campus activities and programs that are designed to enrich the experience of its students and enhance its communities.

Impact on Educational Attainment

Educational attainment is the cornerstone of USC Salkehatchie's mission, but community outreach efforts demonstrate the institution's creativity in meeting local needs. Full-time faculty reported nearly 2,715 hours of community service in 2025. The director of student activities partners with community

organizations, such as New Life, Pillars of Hope, Keep Colleton Beautiful and Keep Allendale Beautiful for student events and activities. Each semester, a Career and Organization Fair invites the community to offer booths encouraging student engagement. The USC Salkehatchie campus is available to our partners for events and can be rented by private groups.

The Salkehatchie Leadership Institute, the community-outreach arm of the university, assists municipalities and community groups with economic development and other projects that strike directly at the quality of life experienced by the residents of the region. The Institute provides a six-month advanced leadership program, Leadership Salkehatchie, for civic leaders residing in the six counties of Allendale, Bamberg, Barnwell, Colleton, Hampton, and Jasper, sponsored by a local economic development partner, Southern Carolina Alliance. The Institute was instrumental in renovations made to the historic Carolina Theatre, accomplished in part through a USDA Rural Development grant, completed in 2013. Since that time, the theater has proven to be an important space for numerous cultural and university events.

Additionally, USC Salkehatchie was selected as a partner in an initiative by Savannah River Nuclear Solutions and the Department of Energy for Workforce Opportunities in Regional Careers grants (WORC I and WORC II). Through this partnership, we have been able to focus our efforts on strengthening regional workforce pipeline development and promoting STEM career opportunities available through USC Salkehatchie, including our Associate of Science, the 2+2 Industrial Process Engineering program with USC Aiken, and the Computer Science program (with an emphasis on Cybersecurity) through Palmetto College, while providing support to students through free peer tutoring, scholarships, individualized internships, experiential learning, and mentoring. This partnership and its

impacts extend beyond current USC Salkehatchie students, to K-12 students and community members throughout the service area. Hands-on STEM outreach events, led by our STEM Coordinator with support from current Salkehatchie STEM student ambassadors, expose and motivate participants, while simultaneously increasing awareness of the possibilities available regionally. During the 2025-2026 academic year, USC Salkehatchie did not receive new administrative grants, but our existing WORC II grant was renewed.

In 2022, the iCarolina Learning Labs opened on both campuses. During the 2025-2026 academic year, these labs have continued to be used to offer community classes, university classes for students, faculty, staff, and the community, and iCarolina Kids Camps each summer.

In preparation for an informed workforce, USC Salkehatchie offers internships both on- and off-campus. The campus continues to offer college courses for qualified high school students and an Early College program for interested and engaged students. Our high school partners continue to be the pipeline for the education program through Teacher Cadet courses.

Risk Assessment and Mitigation

If USC Salkehatchie were to completely fail to accomplish its strategic goals and objectives, there are several likely outcomes. First, economic stagnation would occur because failure to grow enrollment and retain students directly reduces the local skilled workforce, worsening the regional cycle of poverty in the rural Lowcountry. Second, a loss of vital healthcare services would occur because failing to maintain the nursing program partnerships would halt the local pipeline of registered nurses, severely lowering healthcare access and quality in the surrounding rural counties. Third, an educational desertification would occur because if the campus cannot sustain operations, local low-income or non-

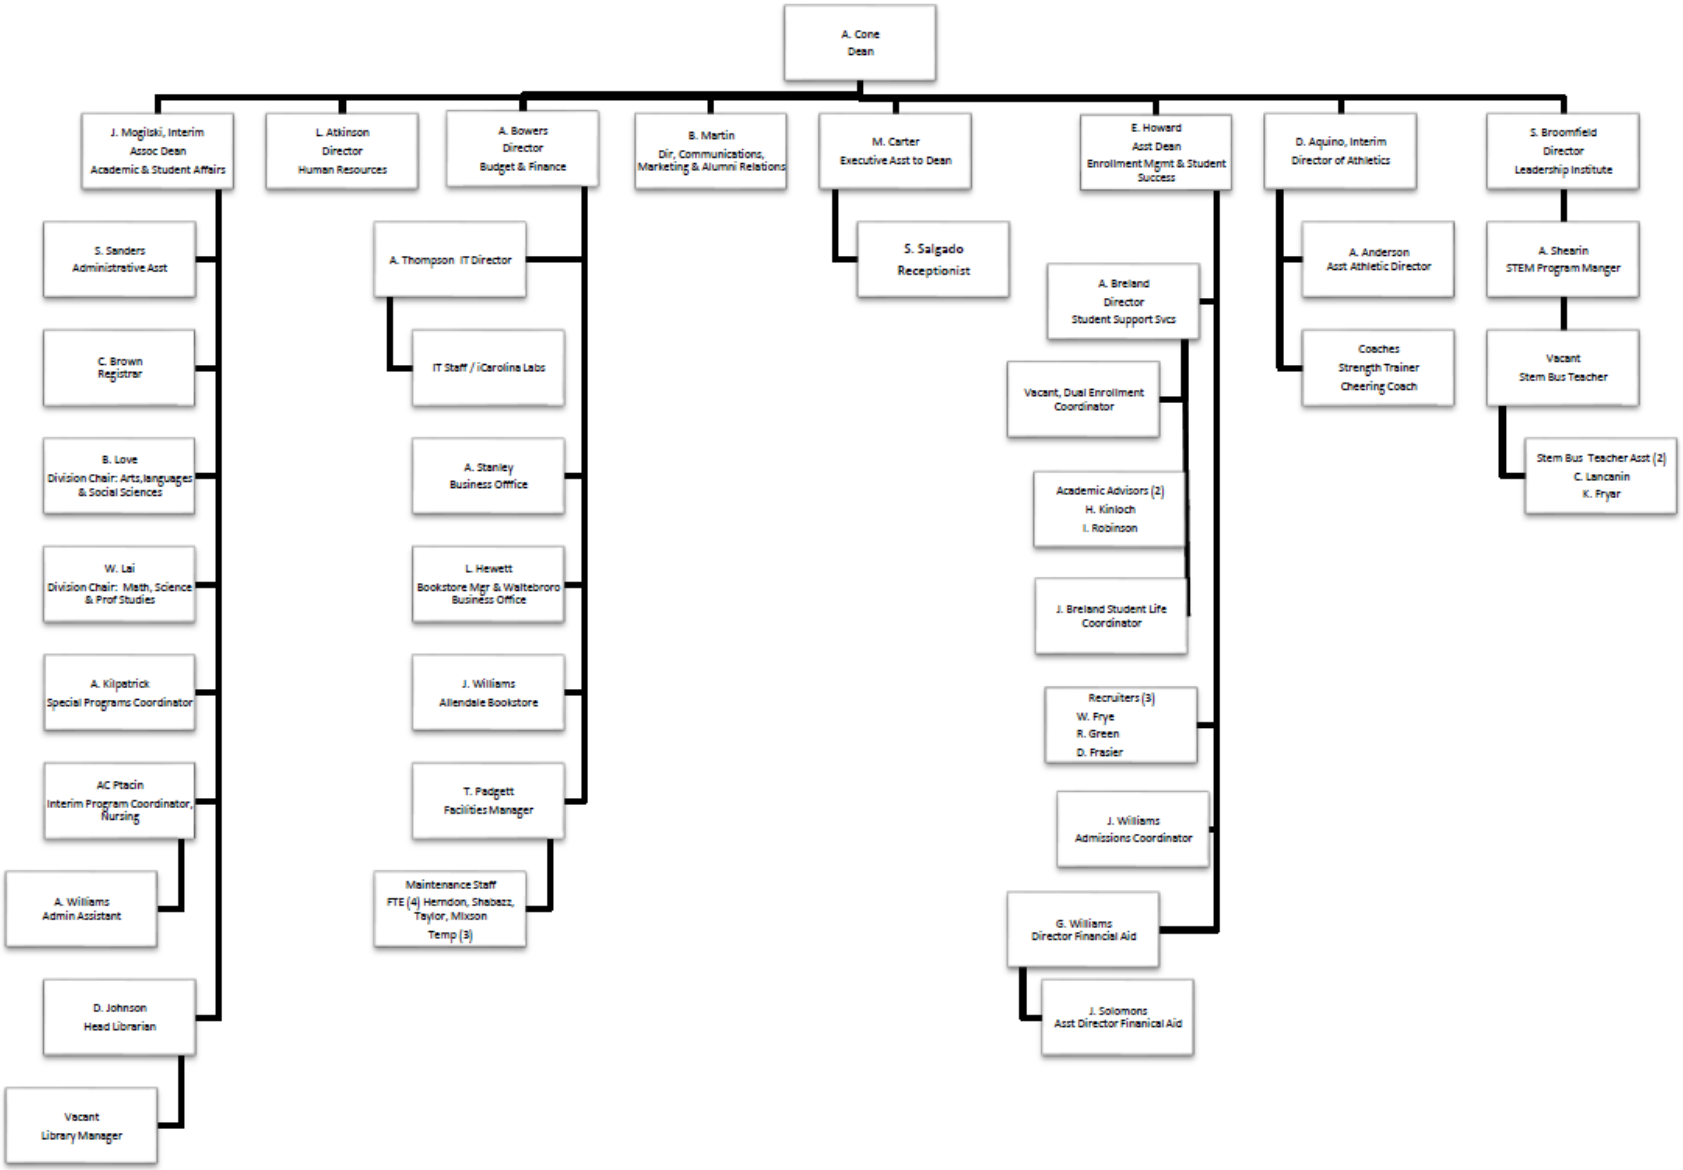

traditional students will lose their only affordable alternate access point to higher education in our region.

Overall Analysis

USC Salkehatchie continues to have a tremendous impact on its five-county service area, statewide, and beyond. Through participation in, and adherence to, the flagship campus' and Palmetto College's strategic planning processes (and the upcoming revisions), the institution has important guiding principles and measurable objectives in ensuring it continues to educate and serve its communities and the state.

Agency Mission

Adopted in: **2023**

The Salkehatchie regional Palmetto College campus is a branch campus of the University of South Carolina Columbia. Salkehatchie has as its mission to provide higher education and intellectual leadership, contributing to the primary mission of the University of South Carolina System so stated as
"outstanding education, research, creative activity, community engagement, and service that drives community and economic impact or the benefit of the state, nation, and world." At the heart of this mission is a teaching faculty of high quality dedicated to excellence in instruction, scholarship, public and professional service and creative endeavor which enrich the classroom experience. The Salkehatchie regional Palmetto College campus offers a varied curriculum grounded in the liberal arts and focused on preparing students to continue their education in the University of South Carolina System and throughout life.

The Salkehatchie regional Palmetto College campus recruits students prepared to succeed in completing a baccalaureate-level education. While the institution does not offer remedial instruction, it is nonetheless able to admit most students who apply due to the close working relationship between students and faculty. The original design of the institution incorporated a flexibility that has allowed changes in institutional capability with increasing educational demands of constituents.

Through classroom and laboratory instruction delivered in a variety of face-to-face and distance learning formats and modalities, the institution awards the Associate in Arts and Associate in Science degrees and provides for the completion of selected bachelor's degrees on campus through cooperative agreements and delivery structures with other University of South Carolina System institutions. The Salkehatchie regional Palmetto College campus also provides general education and upper division coursework applicable to baccalaureate degree programs offered through colleges and universities nationwide. In addition to academic coursework, the mission of the campus includes noncredit courses, seminars, and workshops made available to the community for cultural enrichment and professional development.

The traditions of cultural diversity and freedom of thought are valued at the Salkehatchie regional Palmetto College campus. In a learning environment that develops respect for racial, geographical, intellectual, and economic diversity and an awareness of individual, societal, and global responsibilities, Salkehatchie promotes courses, activities, and attitudes that instill in students a thirst to continue learning throughout life.

The Salkehatchie regional Palmetto College campus emphasizes the development of the whole person and especially seeks to foster in students the disciplines essential to an educated citizenry. Core competencies, including the ability to communicate through effective writing and articulate speech; computational and quantitative mastery; creative and critical thinking; and the duties of citizenship are strategically integrated within the curriculum. Classroom experiences, student activities, and physical education programs also provide opportunities for cultural enrichment, leadership development, intellectual growth and interpersonal relationships, all contributing to a sense of self-reliance and a joy of learning.

USC Salkehatchie faculty	1000.010100.000	The number of publications and presentations given by faculty naturally fluctuates from year to year, and USC Salkehatchie is primarily a teaching institution. Our faculty also tend to underreport their scholarships, and we have been working to correct this.

Access to an outstanding educational experience.	People in the USC Salkehatchie service area	1000.010100.000/ 3005.000000.000	As noted above, USC Salkehatchie is primarily a teaching institution, and how many of these awards we receive each year will naturally fluctuate. This number is likely lower than our target because our faculty applied to fewer grants and/or did not successfully receive them. Faculty are continually encouraged to apply for these funds.
1.4.4	Number of students graduating with Graduation with Leadership Distinction	5	5	12	Count	Equal to or greater than	State Fiscal Year	Number of students graduated with GLD honors	INTERNAL, updated annually	This information is compiled by the USC Salkehatchie Center for Integrative and Experiential Learning Fellow, who operates as an extension of CIEL on the main campus.
