AGENCY'S DISCUSSION AND ANALYSIS

Summary of Agency

The South Carolina Department of Probation, Parole and Pardon Services (SCDPPPS) is the third largest state law enforcement agency in South Carolina and is charged with the supervision of offenders in the community placed on probation by the Court, granted parole by the South Carolina Board of Paroles and Pardons, and enrolled in mandatory release programs - Community Supervision Program (CSP) and Supervised Reentry Program (SRP). Offenders are supervised according to a wide range of strategies that are designed to provide the opportunity to succeed while protecting public safety. The Department embraces its motto: **Prepare, Provide, Protect**. During fiscal year (FY) 2026, the Department supervised a daily average of 75,118 jurisdictional offenders and 23,954 active offenders.

The Department was created on October 18, 1941, by Act 562 (amended to Act 563) with the expectation to maintain high standards of integrity, professionalism and accountability. In July 2018, the Department became the first and remains the only probation and parole agency in the nation to be accredited by the Commission on Accreditation for Law Enforcement Agencies (CALEA) and was awarded reaccreditation in July 2022 and again in July 2026. The next CALEA web-based assessment is scheduled for March 2027. The South Carolina Law Enforcement Accreditation (SCLEA) initial award was received in 2021, making the Department "dually accredited." Its reaccreditation award was received in 2024 with the next one scheduled for March 2027.

The Department maintains a headquarters facility in Columbia along with 46 county offices and satellite offices in Beaufort, Greenville, Spartanburg and York counties. At the end of FY 2026, the Department was staffed with 734 employees, which included 399 sworn officers, 314 non-sworn staff, 20 temporary staff and one grant employee. The Department is comprised of the Director's Office and three divisions: Administration, Offender Supervision and Enforcement Services, and Legal Services.

Governor Henry McMaster appointed Jake Gadsden, Jr. as Director on January 23, 2025. He was confirmed by the South Carolina Senate on February 27, 2025. The Director has the overall responsibility for the Department, the budget, staff functions, and development of all policies and procedures governing the agency. The Director's Office is comprised of Office of Chief Deputy Director Peggy Murvin who has oversight over the Offices of Investigations and Examinations and Community Engagement and Rehabilitative Services. The Director's Office also includes the Offices of External Affairs and Professional Responsibility.

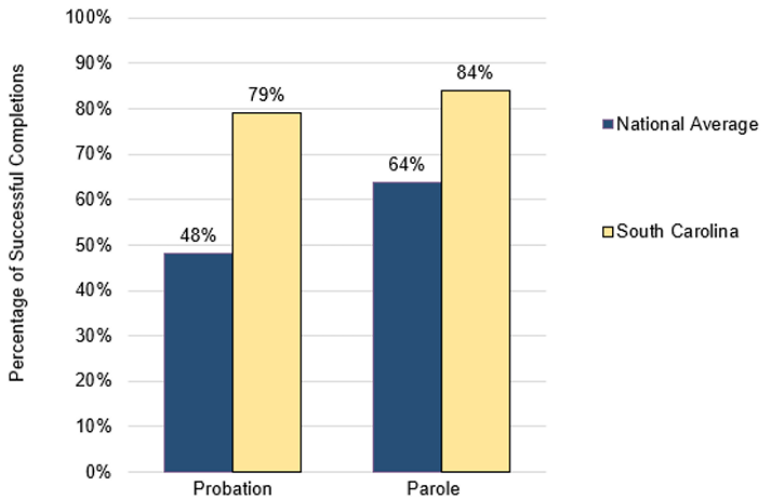

The Division of Administration is led by Deputy Director Virginia Anderson and includes the Offices of Fiscal Management, Information Technology Services, Budget, Grants Administration, Property Management and Procurement, Human Resources, and Training Compliance and Professional Development.

The Division of Offender Supervision and Enforcement Services is led by Deputy Director Molly Leake and includes Field Programs, Regional Offices, Interstate Compact Services, Special Operations Unit, Field Programs and Strategic Projects.

The Division of Legal Services is led by Deputy Director Kensey Evans which includes the Offices of General Counsel, Victim Services, Parole Board and Release Services, Accreditation Management, Administrative Hearings, Policy Management, and Information Security and Privacy.

The Department's supervision strategies are consistent with empirically proven practices and continue to generate positive results in the lives of offenders, as evidenced in successful closure rates. SCDPPPS touts a 79% successful probation closure rate compared to the national average of 57.9%. For parole supervision, SCDPPPS has an 84% successful closure rate compared to the of 61.6% of offenders who successfully complete supervision nationally (Bureau of Justice Statistics, Probation and Parole in the United States, 2024, April 2026).

Significant Projects & Agency Successes in FY '26

During the past fiscal year, the South Carolina Department of Probation, Parole and Pardon Services has continued to grow innovative programs and achieve noteworthy milestones in the fields of criminal justice and offender rehabilitation. The majority of the department's FY '26 Strategic Plan objectives were accomplished, and several stand out as providing significant aid to the many populations served by SCDPPPS.

The department continues to utilize evidence-based supervision strategies for specialized caseload offenders. During the past fiscal year, SCDPPPS further enhanced sex offender supervision practices with the hiring of its first **in-house polygrapher**. This new staff member is currently in extensive training, performing polygraph readings at law enforcement agency request. He will indeed serve as a valuable part of the multi-faceted sex offender rehabilitation process at SCDPPPS. (FY '26 Strategic Plan Objective 1.1.1)

During the past fiscal year, the department also developed a strategy and requirements for **modernization of the custom applications** utilized by the Offender Supervision and Enforcement Services (OSES) division. SCDPPPS has established a formal partnership with Gartner Consulting to produce a comprehensive modernization strategy and roadmap informed by statewide discovery sessions and workshops. This innovative software upgrade

positions the agency to improve data accuracy, enhance data sharing, strengthen analytics, and reduce manual workload. Software modernization establishes a strong foundation for a contemporary, integrated Offender Management System (OMS) that will elevate efficiency, compliance, and decision making across the agency. (FY '26 Strategic Plan Objective 1.2.1)

Another successful FY '26 Strategic Plan objective was "implementation of at least one **artificial intelligence (AI) proof of concept or pilot."** This past fiscal year, SCDPPPS conducted the active AI Pilot for body worn camera reviews between November and December 2025 utilizing the Truleo program. This pilot was conducted in Berkeley, Charleston, Florence, Greenville, Horry, Marlboro, Oconee, Pickens, and Union Counties.

With the implementation of this pilot, the department was able to increase the regular review of body-worn camera home visit videos, which increased the number of videos that pass quality standards- with the redaction of sensitive information- by 5% (FY '26 Strategic Plan Objective 3.2.1). This pilot has already shown clear potential to reduce supervisor workload, improve timely identification of accountability-related events, and decrease manual documentation errors. After the successful initial stages, the department has expanded the pilot to evaluate an integrated AI inquiry assistant with Body-Worn Cameras to support new agents and streamline routine casework. All of this has been made possible while ensuring continued coordination with the Department of Administration's AI Center of Excellence.

The agency has also reviewed an additional pilot with Axon's AI systems with the Department of Administration. These actions position the agency to responsibly leverage emerging technology and deliver measurable gains in accountability and operational consistency, further bolstering public safety (FY '26 Strategic Plan Objective 4.1.2).

SCDPPPS staff also successfully created an **electronic routing system** for the document approval process this past year (FY '26 Strategic Plan Objective 4.1.1). The department's electronic routing and digital signature solution accelerates decision making by removing manual, paper-based approval bottlenecks. It also provides a secure, legally compliant, and efficient way for reviewing and signing documents from any location, supporting faster organizational responsiveness. The system improves visibility into approval workflows, providing oversight and reducing risks associated with lost or delayed paperwork. By modernizing this core process, we have strengthened operational efficiency and enhanced staff accountability.

Additionally, during the past fiscal year, the department successfully completed FY '26 Strategic Plan Objective 2.1.3 to, "Review 90% of **victims with unknown contact information** through an investigative search tool." Staff reviewed several software platforms to strengthen the victim contact process. A new software component, *idiCORE*, was acquired which allows Office of Victim Services staff to locate victims who have failed to maintain current contact records with the agency. This office effectively enhanced the process for notifying victims about changes in post-conviction status. These significant information updates encompassed hearings, absconded cases, and case closures. Keeping victims informed remains a top priority for SCDPPPS and executive staff. (FY '26 Strategic Plan Objective 2.1.3)

Furthermore, the Office of Victim Services has employed the use of this search program to gather information regarding the next of kin of deceased victims, leading to family members of these victims receiving court-ordered restitution. Previously, these funds would have been turned over to the Department of Crime Victim Compensation due to the lack of information for the next-of-kin. In FY '26 alone, SCDPPPS collected $2,788,611 in victim restitution.

Internal Factors Impacting the Agency's Performance in FY '26

During the Director's inaugural year as agency head, a strategic organizational review was carried out to advance agency objectives. The findings from this evaluation indicated that a restructuring of departments was necessary to promote enhanced collaboration and encourage greater efficiency. Consequently, nine offices were reorganized or realigned and moved to other divisions.

In further response to the needs of staff, and to enhance employee retention, bonuses for both new and existing staff were introduced, and additional funds were requested from the Legislature to support SCDPPPS C1 employees- keeping the department competitive with other law enforcement agencies. A $1,000 referral bonus was subsequently approved for all JC32 Agent positions, as well as for JC33 roles including Domestic Violence Agent, Intelligence Tracking and Communications Agent, Mental Health Agent, and Sex Offender Agent I, II, and III. This bonus is disbursed at the 6-month and 12-month marks, provided the referred employee remains employed. During FY '26, the agency recorded 15 new hires through this program.

During the FY '26, the agency experienced a retention rate of 84.22%, with a turnover rate affecting 15.76% of its assigned personnel. Additionally, SCDPPPS offers a clear career ladder for C1 positions, aligning professional growth with our agency's overall structure (FY '26 Strategic Plan Objective 4.2.2).

External Factors Impacting the Agency's Performance in FY '26

Chief Eric Lewis was confirmed by the South Carolina Senate in FY '26 for the Seventh Congressional District seat of the South Carolina Board of Paroles and Pardons. A native of the Hand community of Longs, S.C., Mr. Lewis is retired from the North Myrtle Beach Police Department, and served two years as Police Chief of Atlantic Beach, S.C.

Chief Lewis' addition to the Board marks the first time the Board has had all seven seats filled in four years. With all seats filled, the Board can now conduct dual (simultaneous) panels on nonviolent parole hearing days. It is anticipated that this will enable the Board to hear more cases each week, eliminating the potential for unnecessary backlogs. The Board normally hears approximately 50-55 cases per hearing, one to two days per week- hearing over 2,350 cases last calendar year alone.

Agency's Current Efforts and Associated Results (Referencing information presented in the FY '26 Strategic Plan)

The department's efforts resulted in the achievement of multiple strategic objectives during FY '26, including:

- 1.1.1- Select, hire, and train a polygrapher and begin the certification process.
- 1.2.1- Develop a strategy and requirements for modernization of the custom applications utilized by the Offender Supervision and Enforcement Services (OSES) division.
- 1.2.2- Conduct a cost-benefit analysis to evaluate the financial and technical viability of transferring 30% of administrative monitoring cases to a third-party vendor for collections.
- 2.1.2- Create a request for information on virtual assistance which details all desired components for office of victim services.
- 2.1.3- Review 90% of victims with unknown contact information through an investigative search tool.
- 3.1.1- Expand CPR training to 85% of all staff.

- 3.2.1- Increase by 5% the number of body-worn camera home visit videos that pass quality standards as set by the Office of Strategic Projects.
- 4.1.1- Create an electronic routing system for documents requiring the approval process.
- 4.1.2- Implement at least one artificial intelligence (AI) proof of concept or pilot.
- 4.1.3- Upgrade the Offender Management System to give ten individuals the role to correct already approved incident reports.
- 4.2.1- Train at least one staff from various divisions in the grant process to increase knowledge of grant opportunities and administration.
- 4.2.2- Establish activities throughout the agency to maintain a retention rate of 80% or greater.
- 4.2.3- Implement a career path that would cover 100% of Offender Supervision Specialist staff within Offender Supervision and Enforcement Services.
- 4.2.4- Identify current training needs of Field Operation Specialist and Offender Supervision Specialist hybrid positions and develop an interactive training program.
- 4.3.1- Perform monthly quality assurance reviews on 10% of cases entered during the previous month to identify remediation plans for improvement.
- 4.3.2- Develop a comprehensive field training plan with improvement markers to be achieved at specified times.

Plans Under Development to Introduce Additional Changes

SCDPPPS has made great strides during the past fiscal year to **decentralize community outreach and collaborative offender rehabilitation** and intends to grow these efforts in FY ’27. The department has added two additional staff in FY ‘26, and a third position was hired in September 2026; the position of Associate Deputy Director of Community Engagement and Rehabilitative Services will oversee staff responsible for community relations, workforce development, and rehabilitative services. This position requires C1 certification and will assist in closing the gap between agents overseeing specialized caseloads and those who are considered regular caseload agents. This will improve the distribution of workloads to provide more equity in the number of cases assigned per agent. (FY ’27 Strategic Plan Objective 1.3.1)

These additional positions in the community relations team will enhance services to better accommodate offender needs for affordable and safe housing and complex housing placements- i.e., sex offenders and those with disabilities. Expansion of this office also allows the **Community Relations Manager** to be more visible in the field. This has resulted in the identification and vetting of more community partners who provide wraparound services such as housing, mental health services, and substance use treatment.

Looking forward to FY ‘27- the Workforce Development Office is on track to increase the number of offender employers who are willing to give second chances. A video was developed to be used as an internal marketing tool for our staff. The video has testimony from offenders who have benefited from job placement by the **Workforce Development** team. This video was distributed to all SCDPPPS staff via email with contact information to reach the Workforce Development team. Also, discussions are taking place to create a page on the agency’s website which will provide a **user-friendly database search and application feature for offender jobs** identified by Workforce Development. (FY ’27 Strategic Plan Objective 1.3.2)

Other FY ’27 plans include **roundtable discussions** between the SCDPPPS Director and offenders who are currently successful on supervision. The meetings are planned for each quarter and will be held in the evenings

at Central Office. These meetings will provide valuable insight for agency leadership and Offender Supervision and Enforcement Services staff to further examine common offender needs, concerns, and motivations.

SCDPPPS is in contact with the Department of Public Health to create access to their portal to order offender **birth certificates**. This will decrease turnaround time for sorely needed documentation that may be difficult for offenders to obtain in a timely manner when pursuing employment.

During the previous fiscal year, SCDPPPS also enhanced **peer support efforts** by hiring one part-time peer support specialist for Lexington and Richland Counties. The second part-time peer support position has been advertised for offender services in the Charleston area. The implementation of these positions will help the department provide resources supporting rehabilitation efforts of underserved populations within our community. (FY '27 Strategic Plan Objective 1.3.3)

Discussions are ongoing to develop a comprehensive cost-benefit analysis to determine the financial feasibility and operational sustainability of implementation of an **offender transportation program**. Removing barriers to transportation for offenders remains a continued focus of the department as employers are more likely to hire someone with reliable transportation. (FY '27 Strategic Plan Objective 3.2.1)

In the current fiscal year, the department also intends to **modernize the case management review process** by replacing the current paper-based system with an integrated digital workflow. This transition will streamline review activities, increase staff accountability, improve data consistency, reduce manual effort, and provide real-time visibility into case status for agents and supervisors (FY '27 Strategic Plan Objective 1.2.1).

In FY '27 SCDPPPS looks to acquire two new **electronic detection canines** through a donation from the nonprofit Defenders for Children. Two C1 certified canine handlers- one assigned to the upstate and one assigned to the low country- will be hired. The SCDPPPS electronic detection canines will be trained to sniff out specific materials used in the manufacture of electronics. The sworn canines will search the homes and personal property of convicted and suspected sex offenders, searching for pornographic material or evidence of abuse in smart phones, USB drives and other hidden electronics.

During the past fiscal year alone, the department's previous electronic detection canine conducted 104 sex offender home searches, located 490 electronic devices, contributed to 63 criminal charges and violations of probation, and assisted in the recovery of two live sexual assault victims.

The department continues its evaluation and analysis of a **statewide wellness, health and culture assessment** completed in August 2026 (FY '27 Strategic Plan Objective 4.3.3). SCDPPPS leadership worked closely with University of South Carolina professor, Dr. Hayden Smith, to design a confidential wellness survey focused on workplace stress, job demands, organizational culture, and overall wellbeing. Following analysis of the survey results, leadership seeks to better understand the realities of the demands of staff duties and to identify ways to support employee wellness across the agency.

Staff participation was strong, with 462 employee responses representing 61.4% of the statewide workforce. Dr. Smith commented that this uniquely high level of engagement "speaks well of staff's commitment to SCDPPPS." The report reflects an important and balanced picture of the workforce. It highlights many strengths already present across SCDPPPS, including mission commitment, strong immediate-supervisor support, peer support, and resilience, while also identifying areas where staff are carrying workload pressure. Ultimately the survey

results have provided a meaningful, data-driven report to SCDPPPS's Leadership Team that reflects staff's real experiences — including both challenges and strengths.

Other Highlights of FY '26 (not in Strategic Plan)

The SCDPPPS **Artificial Intelligence (AI) Committee** was established in FY 26 to strategically advance AI in support of the agency's mission. With the approval from the Dept. of Administration's AI Center of Excellence, the Department completed a comprehensive assessment of AI opportunities and deployed an online AI Chat Assistant on the agency website. The agency also expanded AI use through pilot with Truleo to enhance body worn camera review capabilities, under the continued oversight of the AI Committee. The Committee established clear performance metrics and guiding principles centered on increasing transparency and accountability, reducing workload, enhancing training, modernizing operations, and strengthening public trust through improved reporting integrity.

RISK ASSESSMENT AND MITIGATION STRATEGIES

- **Potential Most Negative Impact on the Public if Strategic Goals & Objectives Aren't Accomplished**
- **Nature and Level of Outside Help Needed to Mitigate Negative Impact on the Public**
- **Up to Three Options for the General Assembly to Help Resolve the Issue Before it Becomes a Crisis**

Goal 1: The first goal, to "Prepare Offenders Under our Supervision Toward Becoming Productive Members of the Community", is one of the primary functions of SCDPPPS. The first strategy, providing evidence-based services for offenders to promote accountability and behavioral change, has one objective. Enhance the Ignition Interlock Management System (IIMS) to share data with OMS regarding individuals who have the IID requirement and are on active supervision (1.1.1). The second strategy, "to maximize state resources and enhance services by improving supervision processes" has five objectives. The first objective will develop a strategy and requirements for modernization of the case management review process by the Offender Supervision and Enforcement Services (OSES) division. (1.2.1). The second and third objectives focus on increasing compliance on referral and treatment management (1.2.2) and monitoring and enforcing financial obligations (1.2.3). The fourth and fifth objectives will help improve and modernize our Offender Management System (1.2.4) and help decrease caseload by transferring administrative monitoring cases to a third-party for collections (1.2.5).

The third strategy will "strengthen our approach to community outreach and improve offender rehabilitation outcomes" by increasing staff to cover our five regions to enhance community relations (1.3.1), developing a second-chance employer database to increase job opportunities (1.3.2) and implementing a peer support resource to support rehabilitation efforts of underserved populations. This goal represents the core mission of the agency so failing to meet this goal and its objectives would significantly damage SCDPPPS' trajectory and negatively impact offenders and other departmental goals. Modernization is a necessity. Failing to prepare those under supervision to be productive members of society can lead to recidivism and repeat victimization. This is especially true for high-risk, high-need populations targeted in the first and third strategy.

Goal 2: The second goal, to "Provide Assistance to Victims of Crimes, the Courts, and the Parole Board," relies on one strategy to "deliver quality services to agency stakeholders." One objective is to deploy a public facing virtual assistant chatbot to streamline communication (2.1.1). The other objective is to increase dashboards to provide more visibility into operations and support data-driven decision making (2.1.2). Failure to meet this goal and

these objectives could be detrimental since it may lead to miscommunication to agency stakeholders and victims. More devastatingly, a lack of real-time visibility into operations could lead to victims feeling re-victimized.

Goal 3: The third goal, "Protect Public Trust and Safety", represents a profound commitment for the agency to hold itself accountable to the public in the execution of all law enforcement duties. There are two strategies established to meet this goal. The first strategy is to "establish and maintain positive relationships with the public" has the associated objective to "provide tactical training opportunities to staff and ensure compliance with the Agent Safety Policy and Review Team (ASPRT)" (3.1.1). This objective would enhance staff preparedness and operational safety to manage high risk scenarios and reduce potential public injuries.

The second strategy of this goal involves enhancing strategies to reduce recidivism. The department is committed to rehabilitating probationers by developing a comprehensive cost-benefit analysis to determine financial feasibility, operational sustainability, and overall viability of implementing an offender transportation program (3.2.1)

Failure to meet Goal 3 would result in a lack of public trust in the agency and a lowered proficiency in the quality of agency supervision. The department will continuously research ways to provide services to help offenders become productive citizens. If SCDPPPS were to lack proper training for staff to manage high-risk scenarios, this could result in tremendous detriment to the public.

Legislative assistance is still needed to successfully outfit every agent with equipment and training regarding assigned duties. Budgetary assistance is routinely requested by the department to help bolster the SCDPPPS' mission to prepare offenders to become productive citizens within our community.

Options for the General Assembly to help resolve these issues include allocating consistent funding to ensure all staff remain equipped with the necessary tools and training to respond to state emergencies, as required. Sentencing reform mandates requiring the agency to enthusiastically implement statewide evidence-based practices throughout its supervision policies and procedures will require attention to these issues.

Goal 4: The fourth goal is to "Efficiently Develop the Organization and Workforce While Delivering Quality Services." The first strategy in accomplishing this goal is to "build a technological infrastructure for process improvement to adapt to business needs." The department strives to utilize technological advancements to improve process flows to serve the community and our offenders efficiently. The objective of this strategy is to implement Information Technology service and asset management to help modernize IT governance (4.1.1), expand the Artificial Intelligence pilot for body worn cameras (4.1.2) deploy Microsoft 365 Copilot Chat (4.1.3) and create an electronic method on the internal agency "Intra-net" for employee suggestions and process improvements (4.1.4).

The second strategy involves implementing comprehensive plans "for retaining and hiring employees and supporting knowledge continuity." The agency has successfully maintained a retention rate of 80% or greater through its human resource efforts. (4.2.1)

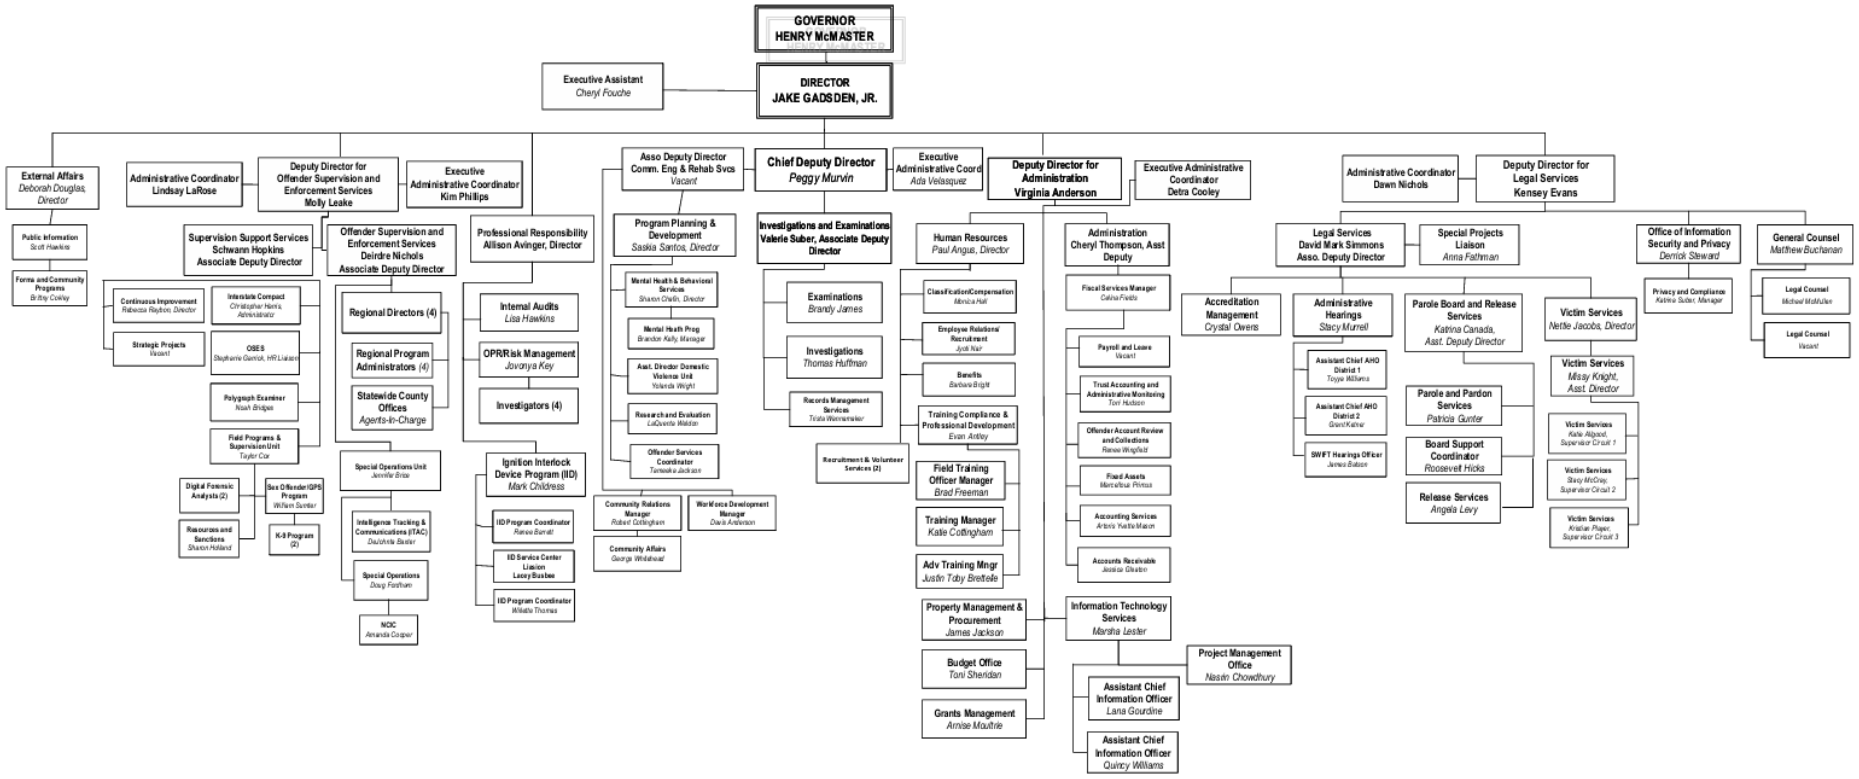

The final strategy involves continuously exploring and implementing processes that create and maintain accountability and a high-performance work culture implementing a vendor security management system to assess third party vendors to ensure adherence to organizational security standards (4.3.1). Moving forward, the department will strive to establish a formal mentorship program for new supervisors (4.3.2) conduct a statewide

wellness, health, and culture assessment (4.3.3), install vehicle routers to improve operational efficiency (4.3.4) and enhance the existing software within the Office of Professional Responsibility (4.3.5).

Failure to meet this goal will render our agency unable to carry out its core mission if we lack the tools needed to deliver quality services to South Carolina citizens. Legislative budgetary assistance is needed for SCDPPPS as we are continuously committed to identify opportunities for offender growth and evolving technology.
