SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: DHEC - Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

1.3. (SDE: EFA Formula/Base Student Cost Inflation Factor) To the extent possible within available funds, it is the intent of the General Assembly to provide for one hundred percent of full implementation of the Education Finance Act to include an inflation factor projected by the Revenue and Fiscal Affairs Office to match inflation wages of public school employees in the Southeast. The base student cost for the current fiscal year has been determined to be ~~\$2,220~~ \$2,350. For the current fiscal year, the total pupil count is projected to be ~~714,394~~ 723,953. The average per pupil funding is projected to be ~~\$5,536~~ \$5,827 state, ~~\$1,185~~ \$1,245 federal, and ~~\$5,371~~ \$5,542 local. This is an average total funding level of ~~\$12,092~~ \$14,210 excluding revenues of local bond issues. For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a public charter school shall receive and distribute state EFA funds to the charter school as determined by one hundred percent of the current year's base student cost, as funded by the General Assembly multiplied by the weighted students pupils enrolled in the charter school, which must be subject to adjustment for student attendance.

The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections, including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also, as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office, shall also post on their website the one hundred thirty-five day average daily membership for each school district and per pupil state, federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the projected numbers and the exact numbers.

For the current fiscal year, the pupil classification weightings are as follows:

(1) K-12 pupils or base students including homebound students 1.00

Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section 44-7-130 of the 1976 Code shall receive a weighting of 2.10.

1	(2) Weights for students with disabilities as prescribed in Section 59-20-40(1)(c) Special Programs	
2	(3) Precareer and Career Technology	1.29
3	(4) Additional weights for personalized instruction:	
4	(A) Gifted and Talented	0.15
5	(B) Academic Assistance	0.15
6	(C) Limited English Proficiency	0.20
7	(D) Pupils in Poverty	0.20
8	<u>(E) Dual Credit Enrollment</u>	<u>0.15</u>

9 No local match is required for the additional weightings for personalized instruction in school year ~~2015-16~~ 2016-17. Charter
10 school per pupil calculations for locally sponsored charters will continue to be calculated according to Section 59-40-140 of the 1976
11 Code. Students may receive multiple weights for personalized instruction; however, within each weight, students should only be
12 counted once. These weights are defined below:

13 Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled
14 in Advanced Placement (AP) and International Baccalaureate (IB) courses in high school. Districts shall set-aside twelve percent of
15 the funds for serving artistically gifted and talented students in grades three through twelve.

16 Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or
17 both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The
18 additional weight generates funds needed to provide additional instructional services to these students.

19 Students with limited English proficiency are students who require intensive English language instruction programs and whose
20 families require specialized parental involvement intervention.

21 Students identified for dual credit enrollment must be identified in PowerSchool as taking a course that will lead to both high
22 school credit and post-secondary credit. Districts must assist students in accessing Lottery Tuition Assistance when applicable.

23 For the ~~2015-16~~ current school year, students in poverty will ~~continue to be defined as students eligible for free/reduced lunch~~
24 ~~and/or Medicaid~~ be identified using the USDA community eligibility criteria and will also include students eligible for Medicaid,
25 children classified as Transient, and children classified as Homeless. This definition shall also be used by the Revenue and Fiscal
26 Affairs Office. The Department of Education will continue to use counts from the 2013-14 school year to determine poverty funding
27 for the add on weighting. The department shall report on the effects USDA community certification have had on the ability for
28 individual districts to report their poverty rate no later than October 1, 2015, and shall provide recommendations on using poverty
29 data from the United States Census Bureau to calculate a district's poverty allocation in lieu of direct certification to the Governor,
30 the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee.

31 Further, the Department of Education may use school district student counts for personalized instruction as collected in the same
32 manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate
33 the school district add on weightings for the personalized instruction classifications and the determination of the school districts
34 monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five day student average daily membership
35 for all classifications. During the current fiscal year the department will update PowerSchool calculations, reports, screen
36 development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation

1 adjustments by June 30, ~~2016~~ 2017. The department must provide districts with technical assistance with regard to student count
2 changes in PowerSchool.

3 **1.4.** (SDE: EFA - Formula) The amount appropriated in Part IA, Section 1 for “Education Finance Act” shall be the maximum
4 paid under the provisions of Act 163 of 1977 (the South Carolina Education Finance Act of 1977) to the aggregate of all recipients.
5 The South Carolina Education Department shall develop formulas to determine the state and required local funding as stipulated in
6 the South Carolina Education Finance Act of 1977. Such formulas shall require the approval of the State Board of Education and
7 the State Fiscal Accountability Authority. After computing the EFA allocations for all districts, the department shall determine
8 whether any districts’ minimum required local revenue exceeds the districts’ total EFA Foundation Program. When such instance is
9 found, the department shall adjust the index of taxpaying ability to reflect a local effort equal to the cost of the districts’ EFA
10 Foundation Program. The districts’ weighted pupil units are to be included in determination of the funds needed for implementation
11 of the Education Finance Act statewide.

12 In the event that the formulas as devised by the Department of Education and approved by the State Board of Education and the
13 State Fiscal Accountability Authority should provide for distribution to the various school districts totaling more than the amount
14 appropriated for such purposes, subject to the provisions of this proviso, the Department of Education shall reduce each school district
15 entitlement by an equal amount per weighted pupil so as to bring the total disbursements into conformity with the total funds
16 appropriated for this purpose. If a reduction is required in the state’s contribution, the required local funding shall be reduced by the
17 proportionate share of local funds per weighted pupil unit. The Department of Education shall continually monitor the distribution
18 of funds under the provisions of the Education Finance Act and shall make periodic adjustments to disbursements to ensure the
19 aggregate of such disbursements do not exceed the appropriated funds.

20 Local districts shall not be mandated or required to inflate the base number in their respective salary schedules by any percentage
21 greater than the percentage by which the appropriated base student cost exceeds the appropriated base student cost of the prior fiscal
22 year.

23 **1.5.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein
24 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district
25 employee’s salary that is federally funded.

26 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each
27 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel
28 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service
29 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

30 The Department of Juvenile Justice and the Department of Corrections’ school districts must be allocated funds under the fringe
31 benefits program in accordance with criteria established for all school districts.

32 **1.6.** (SDE: Employer Contributions/Obligations) In order to finalize each school district’s allocations of Employer Contributions
33 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district’s allocation
34 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In
35 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover

1 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision's state funds
2 until such obligations are met.

3 **1.7.** (SDE: Governor's School for Science & Math) Any unexpended balance on June thirtieth of the prior fiscal year of funds
4 appropriated to or generated by the Governor's School for Science and Mathematics may be carried forward and expended in the
5 current fiscal year pursuant to the direction of the board of trustees of the school.

6 **1.8.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education
7 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides
8 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness
9 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located
10 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost
11 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided
12 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by
13 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing
14 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for
15 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the
16 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. This also applies to John de la Howe
17 School who also has the authority to seek reimbursement in any situation that the school district has participation in the placement
18 of the student. John de la Howe School shall be reimbursed the local district's local support per weighted pupil above the statewide
19 average base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance
20 Act. Participation will be evidenced by a written agreement from the IEP team or 504 team, written referral, or the school district
21 initiating the placement process. School districts providing the education shall notify the nonresident district in writing within forty-
22 five calendar days that a student from the nonresident district is receiving education services pursuant to the provisions of the proviso.
23 The notice shall also contain the student's name, date of birth, and disabling condition if available. If appropriate financial
24 arrangements cannot be effected between institutions of the state, including independent school districts under the authority of the
25 Department of Disabilities and Special Needs, and school districts, institutions receiving educational appropriations shall pay the
26 local base student cost multiplied by the appropriate pupil weighting. Children residing in institutions of state agencies shall be
27 educated with nondisabled children in the public school districts if appropriate to their educational needs. Such institutions shall
28 determine, on an individual basis, which children residing in the institution might be eligible to receive appropriate educational
29 services in a public school setting. Once these children are identified, the institution shall convene an IEP meeting with officials of
30 the public school district in which the institution is located. If it is determined by the committee that the least restrictive environment
31 in which to implement the child's IEP is a public school setting, then the school district in which the institution is located must
32 provide the educational services. However, that school district may enter into contractual agreements with any other school district
33 having schools located within a forty-five mile radius of the institution. The cost for educating such children shall be allocated in
34 the following manner: the school district where the child last resided before being placed in an institution shall pay to the school
35 district providing the educational services an amount equivalent to the statewide average of the local base student cost multiplied by
36 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act; the school district providing the

1 educational services shall be able to count the child for all funding sources, both state and federal. The institution and school district,
2 through contractual agreements, will address the special education and related services to be provided to students. Should the school
3 district wherein the institution is located determine that the child cannot be appropriately served in a public school setting, then the
4 institution may request a due process hearing pursuant to the procedures provided for in the Individuals with Disabilities Education
5 Act.

6 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local
7 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to
8 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to
9 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing
10 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the
11 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

12 The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all
13 required school records, including confidential records, are transferred from the sending to the receiving school within three working
14 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social
15 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a
16 psychological report on the child is available at the school district office) and any other records necessary for the appropriate
17 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate
18 permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure
19 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received
20 on a child.

21 **1.9.** (SDE: Instruction in Juvenile Detention Centers) It shall be the responsibility of the school district where a local juvenile
22 detention center is located to provide adequate teaching staff and to ensure compliance with the educational requirements of this

34 General in a manner and at a time determined by the Comptroller General to be included on the internet website.

1 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
2 30, the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
3 Education to exercise its authority to grant waivers under Regulation 43-261.

4 **1.29.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,
5 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical
6 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to
7 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because
8 of the required Hazmat endorsement to their CDL.

9 **1.30.** (SDE: Budget Reduction) In compensating for any reduction in funding, local districts must give priority to preserving
10 classroom teachers and operations. Funding reductions should first be applied to administrative and non-classroom expenses before
11 classroom expenses are affected.

12 **1.31.** (SDE: Governor's School for the Arts and Humanities Carry Forward) Any unexpended balance on June thirtieth of the
13 prior fiscal year of funds appropriated to or generated by the Governor's School for the Arts and Humanities may be carried forward
14 and expended in the current fiscal year pursuant to the discretion of the Board of Trustees of the School.

15 **1.32.** (SDE: Governor's Schools' Fees) The South Carolina Governor's School for the Arts and Humanities and the South
16 Carolina Governor's School for Science and Mathematics are authorized to charge, collect, expend, and carry forward student fees
17 as approved by their respective Board of Directors. The purpose and amount of any such fees will be to maintain program quality in
18 both academics and residential support. No student will be denied admittance or participation due to financial inability to pay. The
19 respective Board of Directors shall promulgate administrative policy governing the collection of all student fees. Both schools shall
20 conspicuously publish a fee schedule on their respective websites.

21 **1.33.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may
22 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be
23 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General
24 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The
25 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.
26 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded
27 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

28 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent
29 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall
30 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel
31 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and
32 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on non-
33 instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the
34 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination
35 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as

1 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have
2 their experience credit negatively impacted because of a furlough implementation.

3 During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except
4 for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to,
5 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making
6 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only
7 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on
8 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may
9 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within
10 which the furlough occurs.

11 Each local school district must prominently post on the district's internet website and make available for public viewing and
12 downloading the most recent version of the school district's policy manual and administrative rule manual.

13 This proviso shall not abrogate the terms of any contract between any school district and its employees.

14 **1.34.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district
15 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to
16 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance
17 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds
18 distributed to the districts within the county.

19 **1.35.** (SDE: SCGSAH Certified Teacher Designation) Because of the unique nature of the South Carolina Governor's School
20 for the Arts and Humanities, the Charleston School of the Arts, and the Greenville County Fine Arts Center, the schools are authorized
21 to employ at its discretion noncertified classroom teachers teaching in the literary, visual and performing arts subject areas who are
22 otherwise considered to be appropriately qualified in a ratio of up to one hundred percent of the entire teacher staff.

23 **1.36.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or
24 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on
25 race or national origin.

26 **1.37.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and
27 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and
28 Human Services.

29 **1.38.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's
30 individual cumulative grade point average for grades nine through twelve on the student's report card.

31 **1.39.** (SDE: Lost & Damaged ~~Textbook~~ *Instructional Materials* Fees) Fees for lost and damaged ~~textbooks~~ *instructional*
32 *materials* for the prior school year are due no later than December first of the current school year when invoiced by the Department
33 of Education. The department may withhold ~~textbooks~~ *instructional materials* funding from schools that have not paid their fees by
34 the payment deadline.

35 **1.40.** (SDE: Education Finance Act Reserve Fund) There is created in the State Treasury a fund separate and distinct from the
36 General Fund of the State and all other funds entitled the Education Finance Act Reserve Fund. All unexpended general funds

1 appropriated to the Department of Education for the Education Finance Act in the current fiscal year shall be transferred to the
2 Education Finance Act Reserve Fund. In the event that the amount appropriated for the Education Finance Act is insufficient to fully
3 fund the base student cost as established by this act, revenues from the Education Finance Act Reserve Fund may be used to
4 supplement the funds appropriated. The General Assembly may make direct appropriations to this fund. All unexpended funds in
5 the Education Finance Act Reserve Fund and any interest accrued by the fund must remain in the fund and may be carried forward
6 into the current fiscal year.

7 **1.41.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from
8 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

9 **1.42.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school
10 age residing in licensed residential treatment facilities (RTFs) for children and adolescents ~~as defined under~~ *identified on the State*
11 *Qualified Providers list and meets the requirements of* Section 44-7-130 of the 1976 Code, (“students”) shall be entitled to receive
12 educational services from the school district in which the RTF is located (“facility school district”). The responsibility for providing
13 appropriate educational programs and services for these students, both with and without disabilities, who are referred, authorized, or
14 placed by the State is vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a
15 physician’s determination of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or
16 guardian of a student referred or placed in a RTF may consider the appropriateness of providing the student’s education program
17 virtually through enrollment in either the facility district’s virtual program, the South Carolina virtual school program provided
18 through the Department of Education (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School
19 District, or a virtual charter school authorized by an approved institute of higher education. This decision should be made jointly
20 with the best interest of the student and what is clinically indicated being considered.

21 A facility school district must provide the necessary educational programs and services directly to the student at the RTF’s facility,
22 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services
23 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical
24 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student’s enrollment in
25 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under
26 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the
27 educational services including enrolling the student, approving the student’s entry into a medical homebound instructional program,
28 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational
29 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational
30 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the
31 RTF’s facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational
32 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the
33 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

34 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting
35 for Homebound pupils of 2.10, as set forth in Section 59-20-40 of the 1976 Code and any eligible categorical and federal funds.
36 These funds may be retained by the facility school districts for the purpose of providing the educational programs and services

1 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the
2 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a
3 resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly
4 by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by
5 the facility school district for that student. However, the reimbursement rate may not exceed \$45 per student per day. Facility school
6 districts providing the educational services shall notify the resident district in writing within forty-five calendar days that a student
7 from the resident district is receiving educational services pursuant to the provisions of the proviso. Reimbursements shall be paid
8 within sixty days of billing, provided the facility district has provided a copy of the invoice to both the District Superintendent and
9 the finance office of the resident district being invoiced. Should the facility school district be unable to reach agreement with the
10 resident school district regarding reasonable costs differences, the facility school district shall notify the Department of Education's
11 Office of General Counsel. The Department of Education shall facilitate a resolution of the dispute between the facility school
12 district and the resident school district within forty-five days of the notice of dispute. If the issue of reasonable cost differences
13 should remain unresolved, a facility school district shall have the right to file a complaint in a Circuit Court. Should a resident school
14 district fail to distribute the entitled funding to the facility school district by the one hundred thirty-five day count, the Department
15 of Education is authorized to withhold the equivalent amount of EFA funds and transfer those funds to the facility school district.

16 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that
17 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost
18 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational
19 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving
20 educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided
21 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident
22 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs
23 differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall
24 facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute.
25 If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit
26 Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic
27 standards in the core content areas. All students with disabilities who are eligible for special education and related services under
28 the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as
29 amended, shall receive special education and related services in the least restrictive environment by appropriately certified
30 personnel. Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned
31 through their educational efforts. The resident school district and the RTF should develop a memorandum of understanding to
32 outline the responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district
33 while the student is housed in the RTF.

34 If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible
35 for the educational services. The facility school district may choose to provide the educational program to the child and, upon
36 choosing to do so, shall contract with the appropriate entity for payment of educational serviced provided to the child. Out-of-state

1 students provided educational services by a facility school district shall not be eligible for funding through the Education Finance
2 Act.

3 If a child is placed in a RTF by the child's parent or guardian and is not referred, authorized, or placed by the State, the facility
4 school district may choose to provide the educational program to the child, and upon doing so, must negotiate with the resident
5 school district for services through medical homebound procedures. A facility school district is responsible for compliance with all
6 child find requirements under Section 504 of the Rehabilitation Act of 1973 and Individuals with Disabilities Act of 2004 (IDEA).

7 All students enrolled in the facility school districts shall have access to the facility school districts' general education curriculum,
8 which will be tied to the South Carolina academic standards in the core content areas. All students with disabilities who are eligible
9 for special education and related services under the Individuals with IDEA, as amended, and the State Board of Education (SBE)
10 regulations, as amended, shall receive special education and related services in the least restrictive environment by appropriately
11 certified personnel. Students in an RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned
12 through their educational efforts.

13 With respect to students enrolled in the facility school districts, for accountability purposes, the assessment and accountability
14 measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The
15 performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate
16 line on the facility school district's report card and must not be included in the overall performance ratings of the facility school
17 district. The Department of Education shall examine the feasibility of issuing report cards for RTFs. For the current fiscal year, a
18 facility school district shall not have the district's state accreditation rating negatively impacted by deficiencies related to the delivery
19 of an educational program at a RTF.

20 RTFs shall notify the facility school district as soon as practical, and before admission to the RTF if practical, of a student's
21 admission to the RTF. RTFs, the facility school districts and the Department of Education shall use their best efforts to secure and/or
22 exchange information, including documents and records necessary to provide appropriate educational services and/or related services
23 as necessary to assist the facility school district in determining the resident school district. The Department of Education, in
24 collaboration with state placing agencies, RTFs, facility school districts, and resident school districts, shall implement a system to

12 institutions of higher learning, community organizations, faith-based institutions, businesses, pediatric and family practice medical
13 personnel, and other groups to provide volunteers, mentors, tutors, space, or other support to assist with the provision of the summer
14 reading camps. In the current school year, any student in third grade who substantially fails to demonstrate third-grade reading
15 proficiency by the end of the school year must be offered the opportunity to attend a summer reading camp at no cost to the parent
16 or guardian. The purpose of the reading camp is to provide students who are significantly below third-grade reading proficiency
17 with the opportunity to receive quality, intensive instructional services and support. A district may also include in the summer
18 reading camps students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the
19 summer reading camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below
20 grade level in the first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency
21 in comprehending texts appropriate for his grade level must make the final decision regarding the student's participation in the
22 summer reading camp.

23 **1.64.** (SDE: Interscholastic Athletic Association Dues) A public school district supported by state funds shall not use any funds
24 or permit any school within the district to use any funds to join, affiliate with, pay dues or fees to, or in any way financially support
25 any interscholastic athletic association, body, or entity unless the constitution, rules, or policies of the association, body, or entity
26 contain the following:

27 (1) a range of sanctions that may be applied to a student, coach, team, or program and that takes into account factors such as
28 the seriousness, frequency, and other relevant factors when there is a violation of the constitution, bylaws, rules, or other governing
29 provisions of the association, body, or entity;

30 (2) (a) guarantees that private or charter schools are afforded the same rights and privileges that are enjoyed by all other
31 members of the association, body, or entity. A private or charter school may not be expelled from or have its membership
32 unreasonably withheld by the association, body, or entity or restricted in its ability to participate in interscholastic athletics including,
33 but not limited to, state playoffs or championships based solely on its status as a private school or charter school. The association,
34 body, or entity shall set reasonable standards for private or charter school admission. A private or charter school denied membership
35 must be provided, in writing within five business days, the reason or reasons for rejection of its application for membership;

1 (b) guarantees that a South Carolina home school athletic team that is a member of a home school athletic association
2 may not be denied access to preseason and regular season interscholastic athletics including, but not limited to, jamborees and
3 invitational tournaments, based solely on its status as a home school athletic team; other rules or policies of the association, body, or
4 entity would apply;

5 (3) (a) an appeals process in which appeals of the association, body, or entity are made to a disinterested third-body appellate
6 panel which consists of seven members who serve four year terms, with one person appointed by the delegation of each congressional
7 district;

8 (b) a member of the panel serves until his successor is appointed and qualifies. A vacancy on the panel is filled in the
9 manner of the original appointment;

10 (c) members of the appellate panel do not concurrently serve as officers of the association, body, or entity and may not
11 have served as a member of the executive committee within the last three years. Principals and superintendents are able to appeal a
12 ruling of the association, body, or entity to the panel. The appellate panel also must provide the final ruling in any appeal brought
13 against a decision of the association, body, or entity;

14 (4) a procedure in place for emergency appeals to be held and decided upon in an expedited manner if the normal appellate
15 process would prohibit the participation of a student, team, program, or school in an athletic event, to include practices;

16 (5) provisions, implemented within one year after the effective date of this section, that require the composition of the executive
17 committee of the association, body, or entity be geographically representative of this State.

18 In the event an association, body, or entity fails to include one of the items listed in this proviso, public school districts and schools
19 must end their affiliation with the association, body, or entity prior to the beginning of the upcoming school year and are prohibited
20 from paying dues or fees to the association, body, or entity.

21 **1.65.** (SDE: Governor's Schools Informational Access to Students) For the current fiscal year, school districts must permit both
22 the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics to collaborate with
23 individual schools and their staff to share information with students and families about the educational opportunities offered at the
24 respective Governor's Schools, through avenues including school visits, informational presentations, and posters. By June 30, ~~2015~~
25 2016, the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics must report to the
26 Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee the results of these
27 Informational Access efforts. Further, the two Governor's Schools will work with districts, the Department of Education and School
28 Report Card administrators, to ensure that SAT scores of current Governor's Schools' students are included in the School Report
29 Card of those students' resident schools and districts.

30 **1.66.** (SDE: ~~Reading~~ Reading Literacy Coaches) (A) Funds appropriated for ~~Reading~~ reading literacy Coaches must be allocated to school
31 districts by the Department of Education as follows:

33 reading and research test in the most recent year for which such data are available, the school district shall be eligible to receive the
34 lesser of either up to \$62,730 or the actual cost of salary and benefits for a full-time ~~reading~~ reading literacy coach; and

35 (2) for each elementary school in which fewer than twenty percent of the students scored ~~Not Met~~ below proficient on the
36 reading and research test during the same period, the school district shall be eligible to receive the lesser of either up to \$31,365 or

1 fifty percent of the actual cost of salary and benefits for a full-time ~~reading~~ literacy coach. A school district must provide local
 2 support for state funds provided under this paragraph. School districts may use existing local funds currently used for reading
 3 assistance as the local support.

4 (B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,
 5 except for districts that either are currently, or in the prior fiscal year, were paying for ~~reading coaches~~ literacy coaches with local
 6 funds. A district may, however, assign a reading literacy coach to a primary school rather than to the elementary school to improve
 7 the early literacy skills of young children.

8 (C) Funds appropriated for ~~Reading Coaches~~ Literacy coaches are intended to be used to provide elementary schools with ~~reading~~
 9 literacy coaches, who shall serve as job-embedded, stable resources for professional ~~development~~ learning opportunities throughout

 23 ~~those teachers, activities, and roles~~ Literacy coaches shall coordinate literacy and instructional strategies across the school that will
 24 have the greatest impact on student achievement, ~~namely coaching and mentoring in the classrooms~~ at both the school and district
 25 level;

26 (7) Literacy coaches shall help lead and support reading literacy leadership teams; ~~and,~~

27 (8)

28 (D) The reading literacy coach must not be assigned a regular classroom teaching assignment, must not serve ~~an~~ as an
 29 administrator, must not perform administrative functions that deter from the flow of improving reading instruction and reading
 30 performance of students, and must not devote a significant portion of his or her time to administering or coordinating assessments.
 31 School districts must request a waiver from the State Superintendent of Education in order to utilize literacy coaches as
 32 interventionists as included in the district reading plan and when supported by assessment data showing the district reading plan is
 33 improving literacy.

34 (D E) ~~No later than February 1, 2016, the~~ The Department of Education must publish guidelines that define the minimum
 35 qualifications for a reading literacy coach for Fiscal Year 2015-16. These guidelines must deem any licensed/certified teacher
 36 qualified if, at a minimum, he or she:

- 1 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; *or*
- 2 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or
- 3 (3) holds a master's degree or higher in reading or a closely-related field.

4 Within these guidelines, the Department of Education must also ~~establish a process for Fiscal Year 2015-16 through which an~~
5 ~~elementary school may be permitted to use some or all of the allocation granted under subsection (A) in order to obtain in-school~~
6 ~~reading coaching services from a department approved consultant or vendor, *assist districts in identifying a literacy coach* in the~~
7 event that the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection (A),
8 including the local support requirements, shall also apply to any allocations made pursuant to this paragraph.

9 (E ~~F~~) The Department of Education must develop procedures for monitoring the use of funds appropriated for ~~Reading Coaches~~
10 *literacy coaches* to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of
11 Education may receive up to \$100,000 of the funds appropriated for ~~Reading Coaches~~ *literacy coaches* in order to implement this
12 program, provided that this allocation does not exceed the department's actual costs.

13 (F ~~G~~) Prior to the close of the current fiscal year, any ~~remaining unspent or unallocated~~ funds for ~~Reading Coaches, literacy~~
14 ~~coaches~~ but no more than \$5,000,000, shall be distributed by the Department of Education among the school districts containing
15 elementary or primary schools that were eligible for and which elected to receive funding under subsection (A)(1) of this proviso;
16 these funds shall be distributed in proportion to these districts' relative shares of students who scored Not Met on the research and
17 reading test in the most recent year for which such data are available *used to fund Summer Reading*. Funds distributed under this
18 subsection must be used exclusively to support reading-related professional development opportunities for teachers that lead to the
19 literacy add-on endorsement.

20 (G ~~H~~) The Department of Education shall require:

21 (1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported
22 reading *literacy* coach; as well as the school in which the coach is assigned ~~along with the rationale for how the school selection was~~
23 ~~made; and~~

24 (2) any school district receiving funding under subsection (F ~~G~~) to account for the specific amounts and uses of such funds.

25 (H ~~I~~) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on
26 the hiring of and assignment of reading *literacy* coaches by school ~~and on the expenditure of professional development funds for~~
27 ~~opportunities for teachers to earn the literacy endorsement~~. The department shall also report the amount of funds that will be carried
28 ~~forward~~ *used for Summer Reading Camps*.

29 (I ~~J~~) Funds appropriated for ~~Reading Coaches~~ *literacy coaches* shall be retained and carried forward to be used for the same
30 purpose but may not be flexed.

31 (J ~~K~~) For Fiscal Year ~~2015-16~~ *2016-17*, if increased funding for reading *literacy* coaches is not sufficient to provide additional
32 reading *literacy* coaches at each elementary school then the funding must be targeted to the areas of greatest need based on the
33 number of students substantially failing to demonstrate reading proficiency as indicated on the prior year's state assessment.

34 **1.67.** (SDE: Charter School Transition Funds) For Fiscal Year ~~2015-16~~ *2016-17*, charter schools sponsored by a local school
35 district must receive transition funds from the local district or statewide transition funds available in an amount equal to any reduction
36 in funds received by the school due to the changes in the Education Finance Act formula. In order to receive funds from the statewide

1 transition funds, the charter school must report the amount of funds required to the department through the authorizing district. The
2 department shall allocate the transition funds to the district which then shall allocate the funds to the school. If the amount of
3 transition funds for the charter schools exceeds transition funds available, then funds will be reduced pro rata for all parties.

4 **1.68.** (SDE: Sports Participation) Any school receiving state funds shall be required to allow a military dependent student who
5 has transferred from their resident school district to another school district to participate in a sport that was not offered in the resident
6 school district. Should a school fail to comply with this provision, the Department of Education shall withhold one percent of their
7 total state allocation.

8 **1.69.** (SDE: Graduation Rates) For the current fiscal year, if a high school has a graduation rate below sixty percent, using
9 appropriated funds a local school district board of trustees must provide a report detailing a plan to increase the graduation rate in
10 accordance with the provisions of the Education Accountability Act to the State Board of Education.

11 **1.70.** (SDE: South Carolina Community Block Grants for Education Pilot Program) There is created the South Carolina
12 Community Block Grants for Education Pilot Program. The purpose of this matching grants program is to encourage and sustain
13 partnerships between a community and its local public school district or school for the implementation of innovative, state-of-the-art
14 education initiatives and models to improve student learning. The initiatives and models funded by the grant must be well designed,
15 based on strong evidence of effectiveness, and have a history of improved student performance.

16 The General Assembly finds that the success offered by these initiatives and programs is assured best when vigorous community
17 support is integral to their development and implementation. It is the intent of this proviso to encourage public school and district
18 communities and their entrepreneurial public educators to undertake state-of-the-art initiatives to improve student learning and to
19 share the results of these efforts with the state's public education community.

20 As used in this proviso:

21 (1) "Community" is defined as a group of parents, educators, and individuals from business, faith groups, elected officials,
22 nonprofit organizations and others who support the public school district or school in its efforts to provide an outstanding education
23 for each child. As applied to the schools impacted within a district or an individual school, "community" includes the school faculty
24 and the School Improvement Council as established in Section 59-20-60 of the 1976 Code;

25 (2) "Poverty" is defined as the percent of students eligible in the prior year for the free and reduced price lunch program and
26 or Medicaid; and

27 (3) "Achievement" is as established by the Education Oversight Committee for the report card ratings developed pursuant to
28 Section 59-18-900 of the 1976 Code.

29 The Executive Director of the Education Oversight Committee is directed to appoint an independent grants committee to develop
30 the process for awarding the grants including the application procedure, selection process, and matching grant formula. The grants
31 committee will be comprised of seven members, three members selected from the education community and four members from the
32 business community. The chairman of the committee will be selected by the committee members at the first meeting of the grants
33 committee. The grants committee will review and select the recipients of the Community Block Grants for Education.

34 The criteria for awarding the grants must include, but are not limited to:

35 (1) the establishment and continuation of a robust community advisory committee to leverage funding, expertise, and other
36 resources to assist the district or school throughout the implementation of the initiatives funded through the Block Grant Program;

1 (2) a demonstrated ability to meet the match throughout the granting period;
2 (3) a demonstrated ability to implement the initiative or model as set forth in the application; and
3 (4) an explanation of the manner in which the initiative supports the district's or school's strategic plan required by Section
4 59-18-1310 of the 1976 Code.

5 In addition, the district or school, with input from the community advisory committee, must include:

- 6 (1) a comprehensive plan to examine delivery implementation and measure impact of the model;
7 (2) a report on implementation problems and successes and impact of the innovation or model; and
8 (3) evidence of support for the project from the school district administration when an individual school applies for a grant.

9 The match required from a grant recipient is based on the poverty of the district or school. No matching amount will exceed more
10 than seventy percent of the grant request or be less than ten percent of the request. The required match may be met by funds or by
11 in-kind donations, such as technology, to be further defined by the grants committee. Public school districts and schools that have
12 high poverty and low achievement will receive priority for grants when their applications are judged to meet the criteria established
13 for the grant program.

14 However, no grant may exceed \$250,000 annually unless the grants committee finds that exceptional circumstances warrant
15 exceeding this amount.

16 The Education Oversight Committee will review the grantee reports and examine the implementation of the initiatives and models
17 to understand the delivery of services and any contextual factors. The Oversight Committee will then highlight the accomplishments
18 and common challenges of the initiatives and models funded by the Community Block Grant for Education Pilot Program to share
19 the lessons learned with the state's public education community.

20 For the current fiscal year, funds allocated to the Community Block Grant for Education Pilot Program must be used to provide or
21 expand high-quality early childhood programs for a targeted population of at-risk four-year-olds. High-quality is defined as meeting
22 the minimum program requirements of the Child Early Reading Development and Education Program and providing measurable
23 high-quality child-teacher interactions, curricula and instruction. Priority will be given to applications that involve public-private
24 partnerships between school districts, schools, Head Start, and private child care providers who collaborate to: (1) provide high-
25 quality programs to four-year-olds to maximize the return on investment; (2) assist in making the transition to kindergarten; (3)
26 improve the early literacy and numeracy readiness of children; and (4) engage families in improving their children's readiness.

27 **1.71.** (SDE: Board of Education Funds) For the current fiscal year, the Department of Education is authorized to carry forward
28 funds appropriated in Part IA, Section 1, II. Board of Education. The State Board of Education is permitted to utilize these funds for
29 innovative educational opportunities and projects. The Board of Education shall develop guidelines and publish them on the board's
30 website.

31 **1.72.** (SDE: Proceeds from Sale of Bus Shop & Boat) For the current fiscal year the Department of Education is authorized to
32 retain any funds received from the sale of any bus shop and the sale of the state- owned boat and expend those funds for transportation
33 purposes.

34 **1.73.** (SDE: Transition Funds to Districts) ~~Funds appropriated in Part IA, Section 1, X. Aid to School Districts, A. Aid to School~~
35 ~~Districts, EFA Transition Payments, are to be distributed to school districts eligible to receive transition funds. The funds will be~~

1 disbursed in an amount equal to the net aggregate decrease in funding realized by a district as a result of changes to the EFA funding
2 formula.

3 ~~(A) Districts eligible for transition payments in the prior fiscal year are eligible to receive one half of the transition payment~~
4 ~~received in Fiscal Year 2014-15, subject to the limitations of item (B) of this section.~~

5 ~~(B) School districts are not eligible to receive transition funds for the portion of a net funding decrease resulting from a decrease~~
6 ~~in district ADM from the prior to the current fiscal year.~~

7 ~~(C) If the amount of transition payments for all school districts exceeds the availability of funds appropriated for this purpose,~~
8 ~~each entity receiving funds shall have their allocation reduced pro rata.~~

9 **1.74.** (SDE: First Steps 4K Technology) During the current fiscal year, South Carolina Office of First Steps to School Readiness
10 is authorized to expend up to \$75,000 from the four-year-old kindergarten carry forward funds to purchase electronic devices for the
11 administration of ~~early literacy and language development~~ *required school readiness* assessments to children enrolled in the full-day
12 4K program in private centers in the current fiscal year. The State Office of First Steps may purchase one device, which would be
13 the property of the Office of First Steps, for every ten centers serving children in the program. The regional coordinators who provide
14 support to the centers shall coordinate the usage of the devices among the centers. First Steps shall provide a report documenting its
15 technology and materials expenditures to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and
16 Means Committee no later than January 15, ~~2016~~ *2017*.

17 **1.75.** (SDE: Teacher Salary Schedule Structure) The Department of Education shall convene stakeholders to include: Palmetto
18 State Teachers Association, South Carolina School Business Officials, South Carolina Association of School Administrators, South
19 Carolina School Boards Association, South Carolina Education Association, and the Education Oversight Committee to examine
20 and make recommendations regarding changes to the statewide minimum state teacher salary schedule to include extending the steps
21 on the state teacher salary schedule; an examination of the beginning teacher salary; and an examination of each district's salary
22 schedule structure. *The department shall also include information from each of the districts who are, or were, the original trial and*
23 *plaintiff school districts in the Abbeville law suit regarding salary needs in those districts.* Recommendations shall be provided to
24 the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee ~~by November 15, 2015.~~

25 **1.76.** (SDE: Teacher Certification Exemption) For the current fiscal year, a teacher certified at the secondary level may teach
26 such courses in grades seven through twelve without having the add on certification for middle-level education. Districts must report
27 to the Department of Education and the Center for Educator Recruitment Retention and Advancement on the teachers and courses
28 that utilize this exemption.

29 **1.77.** (SDE: Digital Instructional Materials) The Department of Education shall create an instructional materials list composed
30 of those items (print and/or digital) that have received State Board of Education approval through the normal adoption process. The
31 department shall continue to work with the publishers of instructional materials to ensure that districts who wish to receive both the
32 digital version and class sets of textbooks may be awarded that option. Funds appropriated for the purchase of textbooks and other
33 instructional materials may be used for reimbursing school districts to offset the costs of refurbishing science kits on the state-adopted
34 textbook inventory, purchasing new kits from the central textbook depository, or a combination of refurbishment and purchase. The
35 refurbishing cost of kits may not exceed the cost of the state-adopted refurbishing kits plus a reasonable amount for shipping and
36 handling. Costs for staff development, personnel costs, equipment, or other costs associated with refurbishing kits on state inventory

1 are not allowable costs. Funds provided for Instructional Materials may be carried forward from the prior fiscal year into the current
2 fiscal year to be expended for the same purposes by the department, school districts, and special schools. These funds are not subject
3 to flexibility. Digital Instructional Materials shall include the digital equivalent of materials and devices.

4 **1.78.** (SDE: Transition Funds to Districts) ~~For the current fiscal year, the department must transfer any unexpended funds~~
5 ~~appropriated for EFA Transition to the EFA for disbursement to districts per the formula.~~

6 **1.79.** (SDE: CDEPP Unexpended Funds) For Fiscal Year ~~2015-16~~ 2016-17, the Office of First Steps to School Readiness is
7 ~~directed~~ permitted to retain the first \$2,000,000 of any unexpended CDEPP funds ~~from~~ of the prior fiscal year and expend these funds
8 to enhance the quality of the full-day 4K program in private centers and provide professional development opportunities. If by August
9 15th, school districts eligible to receive full-day 4K funding opt to not participate in the program, the Department of Education is
10 authorized to utilize unexpended funds to increase participation on a per pupil basis for districts eligible for participation who have
11 a documented waiting list. The per pupil allocation must conform with the appropriated amount contained in this Act. No later than
12 April 1, ~~2016~~ 2017, the Office of First Steps must report to the Chairman of the Senate Finance Committee and the Chairman of the
13 House Ways and Means Committee on the expenditure of these funds to include the following information: the amount of money
14 used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money used for professional
15 development as well as the types of professional development offered and the number of participants.

16 ~~By August 1, the Office of First Steps is directed to allocate any unexpended CDEPP funds from the prior fiscal year and any~~
17 ~~CDEPP funds carried forward from prior fiscal years that were transferred to the restricted account for the purposes:~~

18 ~~1. Department of Education — \$4,250,000 for full day 4K; and~~

19 ~~2. Education Oversight Committee — \$2,000,000 for the South Carolina Community Block Grants for Education Pilot Program.~~

20 ~~If carry forward funds are less than the amounts appropriated, funding for the items listed herein shall be reduced on a pro rata~~

29 Special Education and Rehabilitative Services (OSEP) in implementing Part C of the Individuals with Disabilities Education Act
30 (IDEA), the Office of First Steps to School Readiness must meet federal compliance for the Part C program. Additionally, the Office
31 of First Steps to School Readiness shall report to the Chairman of the Senate Finance Committee, the Chairman of the House Ways
32 and Means Committee, and the Governor the specific steps, timeline and progress made in improving meeting compliance standards

9 the collection and maintenance of data, personally identifiable information of teacher candidates and teachers collected and
10 maintained by the Department of Education shall be treated as personnel records and shall not be subject to public disclosure.

11 **1.85.** (SDE: Teacher Employment) Of the funds appropriated in the current fiscal year, a local school district superintendent or

13 Further, a local board may authorize a South Carolina licensed, practicing attorney to serve as hearing officer to conduct a hearing
14 on the matter and make a report of its recommendations to the board within forty-five days after receipt of notice of appeal. A
15 hearing officer may not be a member of the board or an employee of the district. If the board designates a hearing officer, the report
16 and recommendations of the hearing officer must be presented to the board in the form of a written order. In considering the report
17 and recommendations, the board must have available to it the exhibits presented at the hearing and shall permit limited oral argument

30 (D) (1) (a) The tax credits authorized by subsection (B) may not exceed cumulatively a total of twelve million dollars for
31 contributions made on behalf of exceptional needs students. If the department determines that the total of such credits claimed by
32 all taxpayers exceeds either limit amount, it shall allow credits only up to those amounts on a first come, first served basis.

33 (b) The department shall establish an application process to determine the amount of credit available to be claimed.
34 The receipt of the application by the department shall determine priority for the credit. Subject to the provisions of item (5),

15 (G) (1) ~~By August 1, 2015, each independent school must apply to the Education Oversight Committee to be considered an~~
16 ~~eligible institution for which it may receive contributions from a nonprofit scholarship funding organization for which the tax credit~~
17 ~~allowed by this proviso is allowed.~~ The Education Oversight Committee, as established in Chapter 6, Title 59, is responsible for
18 determining annually if an eligible school meets the criteria established by subsection (A)(1), and shall ~~publish an approved list of~~
19 ~~such schools meeting the criteria~~ maintain on its website a list of schools approved for participation in the program. Any school that
20 participated in the program in the prior fiscal year and complied with the requirements of the program would have until December
21 30 of the current fiscal year to reapply for participation in the program and in the meantime would continue to be an eligible
22 institution unless the school notifies the committee in writing of its decision not to participate in the program. Furthermore, any
23 school that did not participate in the program in the prior fiscal year may apply for participation in the program at any time in the
24 current fiscal year. If an independent school does not apply to be an eligible school, the independent school may not be published
25 as an approved school, and contributions to that school shall not be allowed for purposes of the credit allowed by this proviso. The
26 Education Oversight Committee must publish the approved list of schools on its website by September first of each year, shall update
27 the list upon the approval of additional eligible schools, and the list must include their names, addresses, telephone numbers, and, if
28 available, website addresses. Also, the score reports and audits received by the Education Oversight Committee pursuant to items
29 (2)(b) and (c) must be published with the list. The Education Oversight Committee shall summarize or redact the score reports if
30 necessary to prevent the disclosure of personally identifiable information. For this purpose, it also shall promulgate regulations
31 further enumerating the specifics of this criteria. In performing this function, the Education Oversight Committee shall establish an
32 advisory committee made up of not more than nine members, including parents, and representatives of independent schools and
33 independent school associations. The advisory committee shall provide recommendations to the Education Oversight Committee on
34 the content of these regulations and any other matters requested by the Education Oversight Committee.

- 1 (2) An independent school's application for consideration as an eligible institution must contain:
2 (a) the number and total amount of grants received from each nonprofit scholarship funding organization in the
3 preceding fiscal year;
4 (b) student test scores, by category, on national achievement or state standardized tests, or both, for all grades tested
5 and administered by the school receiving or entitled to receive scholarship grants pursuant to this proviso in the previous fiscal year;
6 (c) a copy of a compilation, review, or compliance audit of the organization's financial statements, conducted by a
7 certified public accounting firm; and
8 (d) a certification by the independent school that it meets the definition of an eligible school as that term is defined in
9 subsection (A)(1) and that the report is true, accurate, and complete under penalty of perjury in accordance with Section 16-9-10.
- 10 (3) Any independent school not determined to be an eligible school pursuant to the provisions of this proviso may seek
11 review by filing a request for a contested case hearing with the Administrative Law Court in accordance with the court's rules of
12 procedure.
- 13 (4) The Education Oversight Committee, after consultation with its nine-member advisory committee, may exempt an
14 independent school having students with exceptional needs who receive scholarship grants pursuant to this proviso from the
15 curriculum requirements of subsection (A)(1)(d).
- 16 (H) (1) By August first of each year, each nonprofit scholarship funding organization must apply to the department to be
17 considered an eligible organization for which its contributors are allowed the tax credit allowed by this proviso. If a nonprofit
18 scholarship funding organization does not apply, the organization may not be published as an approved organization, and
19 contributions to that organization shall not be allowed for purposes of the credit allowed by this proviso. A nonprofit scholarship
20 funding organization's application must contain:
- 21 (a) the number and total amount of grants issued to eligible schools in the preceding fiscal year;
22 (b) for each grant issued to an eligible school in the preceding fiscal year, the identity of the school and the amount of
23 the grant;
24 (c) an itemization and detailed explanation of any fees or other revenues obtained from or on behalf of any eligible
25 schools;
26 (d) a copy of the organization's Form 990 or other comparable federal submission that indicates the provisions of the
27 Internal Revenue Code under which the organization has been granted exempt status for purposes of federal taxation;
28 (e) a copy of a compilation, review, or audit of the organization's financial statements, conducted by a certified public
29 accounting firm;
30 (f) the criteria and eligibility requirements for scholarship awards; and
31 (g) a certification by the organization that it meets the definition of a nonprofit scholarship funding organization as that
32 term is defined in subsection (A)(4) and that the report is true, accurate, and complete under penalty of perjury in accordance with
33 Section 16-9-10.
- 34 (2) By receiving the application materials and approving the organization as an eligible organization pursuant to item (1),
35 the department is not determining that the organization meets all of the requirements of a qualified nonprofit scholarship funding
36 organization and the organization remains subject to examination as provided for pursuant to subsection (I).

1 (3) The department has authority to disclose the names of qualifying nonprofit scholarship funding organizations to the
2 Education Oversight Committee. The department also may disclose to the Education Oversight Committee the names of
3 organizations that applied but were not qualified by the department and those organizations whose eligibility has been revoked in
4 accordance with subsection (I)(2), as well as the reason the application of the organization was not accepted or the reason its
5 qualification was revoked.

6 (4) By September first of each year, the Education Oversight Committee must publish on its website a list of all qualifying
7 nonprofit scholarship funding organizations, provided by the department, to include their names, addresses, telephone numbers, and,
8 if available, website addresses. Also, the results of the audit required by item (1)(e) must be published with the list.

9 (I) (1) The department has authority to oversee, audit, and examine the nonprofit scholarship funding organizations, including
10 determining whether the nonprofit scholarship funding organization is being operated in a manner consistent with the requirements
11 for an IRC Section 501(c)(3) organization or is in compliance with any other provision of this proviso.

12 (2) (a) If at any time during the year, the department has evidence, through audit or otherwise, that a nonprofit scholarship
13 funding organization is not being operated in a manner consistent with the requirements for operating an IRC Section 501(c)(3)
14 organization or is not in compliance with any other provision of this proviso, the department immediately may revoke the
15 organization's participation in the program and must notify the organization and the Education Oversight Committee in writing of
16 the revocation.

17 (b) Notice of revocation may be provided to the organization by personal delivery to the organization, by first class
18 mail to the last known address of the organization, or by other means reasonably designed to provide notice to the organization.

19 (c) Any donations made following the date the notice of revocation is received by the organization or in the case of
20 delivery by mail ten days after the notice of revocation was mailed, will not qualify for the credit and the donated funds must be
21 returned to the donor by the organization. This proviso shall not limit the department's authority to deny any tax credit or other
22 benefit provided by this proviso if the circumstances warrant.

23 (d) (i) Within thirty days after the day on which the organization is notified of the revocation, the organization may
24 request a contested hearing before the Administrative Law Court. Within thirty days after a request for a contested case hearing is
25 received by the Administrative Law Court, an administrative law judge shall hold the contested case hearing and determine whether
26 the revocation was reasonable under the circumstances. The department has the burden of proof of showing that the revocation was
27 reasonable under the circumstances. The revocation is "reasonable" if the department has some credible evidence to believe that the
28 organization is not being operated in a manner consistent with the requirements for operating an IRC Section 501(c)(3) organization
29 or is not in compliance with any other provision of this proviso. The decision made by the administrative law judge is final and
30 conclusive and may not be reviewed by any court. If the organization does not request a contested case hearing within thirty days of
31 the immediate revocation, the revocation shall become permanent.

32 (ii) If the administrative law judge determines that the revocation was reasonable, the administrative law judge
33 shall remand the case to the department to issue a department determination for permanent revocation within the time period
34 determined by the judge. The organization may appeal this department determination in accordance with Section 12-60-460. At the
35 contested case hearing on the department determination, the parties can raise new issues and arguments in addition to those issues
36 and arguments previously presented at the revocation hearing.

1 (iii) If the administrative law judge determines that immediate revocation is not reasonable, the revocation shall be
2 lifted and the organization may resume accepting donations and award scholarships hereunder. The department may still issue a
3 department determination in accordance with Section 12-60-450(E)(2).

4 (iv) If at any time during the process, the department believes the organization is in compliance, the department, in
5 its sole discretion, may reinstate the organization and notify the Education Oversight Committee.

6 (v) Following the permanent revocation of a nonprofit scholarship funding organization, the Education Oversight
7 Committee has the authority to oversee the transfer of donated funds of the revoked organization to other nonprofit scholarship
8 funding organizations.

9 (J) A nonprofit scholarship funding organization may transfer funds to another nonprofit scholarship funding organization,
10 especially in the event that the organization cannot distribute the funds in a timely manner or if the organization ceases to exist. None
11 of the funds that are transferred by one nonprofit scholarship funding organization to another may be considered by the former
12 organization when calculating its administrative expenses.

13 1.87. (SDE: Moving Cost Study) The department shall report to the Chairman of the Senate Finance Committee, the Chairman
14 of the House Ways and Means Committee, and the Department of Administration no later than September 1, 2016, on the costs
15 associated with relocating the Department of Education from the Rutledge building to a different location.

16 1.88. (SDE: Technology Technical Assistance) Funds appropriated to the Department of Education for Technology Technical
17 Assistance must be used to increase the capacity of districts who are or were the original trial and plaintiff school districts in the
18 Abbeville law suit. Funds shall be used by the department to assist school districts in procuring appropriate technology to include
19 devices and infrastructure in accordance with the recommendations made by the technology review team to begin to build capacity
20 to offer online testing and increased access.

21 1.89. (SDE: College Readiness Assessment) For the current fiscal year, the Department of Education is directed to procure a
22 college readiness assessment. The assessment, or an alternate college readiness measure approved by the department as set forth
23 by the student's Individualized Education Program, must be administered to all students in grade 11. A testing accommodation
24 made for a student must be selected from a vendor-approved accommodations list and included in the student's Individualized
25 Education Program or an accommodations plan of a student made pursuant to Section 504 of the Rehabilitation Act of 1973, 34
26 C.F.R. Part 104. The department will collect from districts the percentage of students taking the college readiness assessment.

27 1.90. (SDE: Highly Qualified Teachers) For the current fiscal year, the requirement that teachers must be highly qualified in
28 the core academic subjects is suspended.

29 1.91. (SDE: Teacher Salaries Increase) For Fiscal Year 2016-17, the Department of Education is directed to increase the
30 statewide salary schedule by two percent. A local school district board of trustees must provide all certified teachers paid on the
31 teacher salary schedule a two percent salary increase. Districts are to provide this increase using the district salary schedule as its
32 base. School districts shall utilize the additional funds made available from the Education Finance Act appropriation to provide one
33 percent of the required two percent increase.

34 Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all
35 eligible certified teachers employed by the district by an amount equal to a step on the salary schedule for any teacher entering the
36 23rd year if the district's salary schedule does not go beyond 22 years. Application of this provision must be applied uniformly for

1 all eligible certified teachers. If a school district believes it will be unable to provide the required additional step without incurring
2 a deficit, it may apply to the State Board of Education for a waiver from this requirement.

3 For purposes of this provision teachers shall be defined by the Department of Education using the Professional Certified Staff
4 (PCS) System.

5 1.92. (SDE: Facilities Tracking System and Assessment Assistance) Funds appropriated to the Department of Education for
6 facilities assessment shall be used to compile information regarding facilities and maintenance needs of each school district. Charter
7 schools must be included.

27 shall be made available as "Aid to Other Agencies" to facilitate the funding of professional development arts institutes that have been
28 approved by the State Department of Education for South Carolina arts teachers, appropriate classroom teachers, and administrators.
29 Arts Curricular Grants funds may be retained and carried forward into the current fiscal year to be expended in accordance with the
30 proposed award.

31 **1A.9.** (SDE-EIA: Teacher Supplies) All certified *and non-certified* public school teachers, certified special school classroom
32 teachers, certified media specialists, ~~and~~ certified guidance counselors, *and career specialists* who are employed by a school district,
33 ~~or~~ a charter school, *or a publically funded full day 4K classroom*, as of November thirtieth of the current fiscal year, based on the
34 public decision of the school board may receive reimbursement of ~~up to~~ two hundred seventy-five dollars each school year to offset
35 expenses incurred by them for teaching supplies and materials. Funds shall be disbursed by the department to School districts by
36 July fifteenth based on the last reconciled Professional Certified Staff (PCS) listing from the previous year. With remaining funds

1 for this program, any deviation in the PCS and actual teacher count will be reconciled by December thirty-first or as soon as
2 practicable thereafter. Based on the public decision of the school district these funds shall be disbursed in a manner separate and
3 distinct from their payroll check on the first day teachers, by contract, are required to be in attendance at school for the current
4 contract year. This reimbursement shall not be considered by the state as taxable income. Special schools include the Governor's
5 School for Science and Math, the Governor's School for the Arts and Humanities, Wil Lou Gray Opportunity School, John de la
6 Howe School, School for the Deaf and the Blind, Felton Lab, Department of Juvenile Justice, and Palmetto Unified School District.
7 Funds distributed to school districts or allocated to schools must not supplant existing supply money paid to teachers from other
8 sources. If a school district requires receipts for tax purposes the receipts may not be required before December thirty-first. Districts
9 that do not wish to require receipts may have teachers retain the receipts and certify for the district they have received the allocation
10 for purchase of teaching supplies and/or materials and that they have purchased or will purchase supplies and/or materials during the
11 fiscal year for the amount of the allocation. Districts shall not have an audit exception related to non-retention of receipts in any
12 instances where a similar instrument is utilized. Any district requiring receipts must notify any teacher from whom receipts have not
13 been submitted between November twenty-fifth and December sixth that receipts must be submitted to the district. Districts may
14 not add any additional requirement not listed herein related to this reimbursement.

15 Any classroom teacher, including a classroom teacher at a South Carolina private school, that is not eligible for the reimbursement
16 allowed by this provision, may claim a refundable income tax credit on the teacher's ~~2015~~ 2016 tax return, provided that the return
17 or any amended return claiming the credit is filed prior to the end of the fiscal year. The credit is equal to two hundred seventy-five
18 dollars, or the amount the teacher expends on teacher supplies and materials, whichever is less. If any expenditures eligible for a
19 credit are made after December thirty-first, the teacher may include the expenditures on his initial return or may file an amended
20 ~~2015~~ 2016 return claiming the credit, so long as the return or amended return is filed in this fiscal year. The Department of Revenue
21 may require whatever proof it deems necessary to implement the credit provided by this part of this provision.

22 **1A.10.** (SDE-EIA: Teacher of the Year Awards) Of the funds provided herein for Teacher of the Year Awards, each district
23 Teacher of the Year shall receive an award of \$1,000. In addition, the State Teacher of the Year shall receive an award of \$25,000,
24 and each of the four Honor Roll Teachers of the Year will receive an award of \$10,000. To be eligible, districts must participate in
25 the State Teacher of the Year Program sponsored by the State Department of Education. These awards shall not be subject to South
26 Carolina income taxes.

27 **1A.11.** (SDE-EIA: EOC) The Education Oversight Committee may collect, retain and expend revenue from conference
28 registration and fees; charges for materials supplied to local school districts or other entities not otherwise mandated to be provided
29 by state law; and from other activities or functions sponsored by the committee including public awareness campaign activities. Any
30 unexpended revenue from these sources may be carried forward into the current fiscal year and expended for the same purposes.

31 **1A.12.** (SDE-EIA: Technical Assistance) In order to best meet the needs of underperforming schools, funds appropriated for
32 technical assistance must be used to provide intensive support to schools and districts with an absolute rating of below average or at-
33 risk on the most recent annual school report card or with the lowest percentages of students meeting state standards on state
34 assessments on the most recent state assessments or with the lowest high school graduation rates ~~must be allocated according to the~~
35 ~~severity of not meeting report card criteria.~~ The department will create a system of tiers of technical assistance for low-performing
36 schools and districts that will receive technical assistance. The tiers will be determined by factors that include, but are not limited

1 to, length of time performance of the school or district has been at-risk/below average, annual achievement ratings, annual growth
2 ratings, school or district accreditation, and/or financial risk status. The tiers of technical assistance may include a per student
3 allocation, placement of a principal mentor, transformation coach, instructional leader, replacement of the principal, reconstitution
4 of a school, and declaration of a state of emergency. Low-performing schools and districts shall be placed within the tiered technical
5 assistance framework not later than December 15.

6 ~~Schools receiving an absolute rating of below average or at-risk~~ Low-performing schools shall receive a diagnostic review through
7 the department. In addition, newly identified low-performing schools and districts must be reviewed by an External Review Team in
8 the year of designation, and every third year thereafter. Based upon the recommendations in the review(s), low-performing schools
9 and districts must develop and submit to the Department of Education a *an updated* school renewal *or district strategic* plan outlining
10 goals for improvements. The amended plans must address specific strategies designed to increase student achievement and must
11 include measures to evaluate the success of implementation of the plan. Of the technical assistance funds allocated to below average
12 or at-risk schools each allocation must address specific strategies designed to increase student achievement and must include
13 measures to evaluate success. The school renewal plan may include expenditures for recruitment incentives for faculty and staff,
14 performance incentives for faculty and staff, assistance with curriculum and test score analysis, professional development activities
15 based on curriculum and test score analysis that may include daily stipends if delivered on days outside of required contract days.
16 School expenditures of technical assistance shall be monitored by the Department of Education.

17 ~~With the funds appropriated to the Department of Education, and any experts placed in the school or district for technical assistance~~
18 ~~services, the department will assist *low-performing* schools and districts with an absolute rating of below average or at-risk in~~
19 ~~designing and implementing technical assistance school renewal *the strategies and measurement identified in the amended* plans and~~
20 ~~in brokering for technical assistance personnel as needed and as stipulated in the plan. In addition, the department must monitor~~
21 ~~student academic achievement and *progress on implementation* the expenditure of technical assistance funds in schools receiving~~
22 ~~these funds and report their findings to the General Assembly and the Education Oversight Committee by January first of each fiscal~~
23 ~~year as the General Assembly may direct *local legislative delegation, and the Governor in the fall following the school or district*~~
24 ~~*designation as low-performing*. If the Education Oversight Committee or the department requests information from schools or school~~
25 ~~districts regarding the expenditure of technical assistance funds pursuant to evaluations, the school or school district must provide~~
26 ~~the evaluation information necessary to determine effective use. If the school or school district does not provide the evaluation~~
27 ~~information necessary to determine effective use, the principal of the school or the district superintendent may be subject to receiving~~
28 ~~a public reprimand by the State Board of Education if it is determined that those individuals are responsible for the failure to provide~~
29 ~~the required information.~~

30 ~~No more than five percent of the total amount appropriated for technical assistance services to schools with an absolute rating of~~
31 ~~below average or at-risk may be retained and expended *Funds must be used* by the department for implementation and delivery of~~
32 ~~technical assistance services. Using previous report card data *and monitoring reports on the status of implementation of the school*~~
33 ~~*renewal plan*, the department shall identify priority schools. Up to \$6,000,000 of the total funds *Funds* appropriated for technical~~
34 ~~assistance shall be used by the department to work with those schools identified as *low-performing and to support* priority schools~~
35 ~~*under the tiered system*. These funds shall not be transferred to any other funding category by the school district without prior~~
36 ~~approval of the State Superintendent of Education.~~

1 The department will create a system of levels of technical assistance for schools that will receive technical assistance funds. The
2 levels will be determined by the severity of not meeting report card criteria. The levels of technical assistance may include a per
3 student allocation, placement of a principal mentor, replacement of the principal, and/or reconstitution of a school.

4 Reconstitution means the redesign or reorganization of the school, which ~~includes~~ *may include* the declaration that all positions in
5 the school are considered vacant. Certified staff currently employed in priority schools must undergo a formal *an* evaluation in the
6 spring following the school's identification as a priority school and must meet determined goals to be rehired and continue their
7 employment at that school. ~~Student achievement will be considered as a significant factor when determining whether to rehire~~
8 ~~existing staff.~~ Educators who were employed at a school that is being reconstituted prior to the effective date of this proviso *July*
9 *2009* and to whom the employment and dismissal laws apply will not lose their rights in the reconstitution. If they are not rehired or
10 are not assigned to another school in the school district they have the opportunity for a hearing. However, employment and dismissal
11 laws shall not apply to educators who are employed in the district and assigned to the priority schools ~~after the effective date of this~~
12 ~~proviso~~ *July 1, 2009*, in the event of a reconstitution of the school in which the educator is employed. Those rights are only suspended
13 in the event of a reconstitution of the entire school staff. Additionally, the rights and requirements of the employment and dismissal
14 laws do not apply to educators who ~~are currently~~ *on July 1, 2009 were* on an induction or annual contract, that subsequently ~~are~~ *were*
15 offered continuing contract status after the effective date of this proviso, and are employed at a school that is subject to reconstitution
16 under this proviso.

17 The reconstitution of a school could take place if the school has been identified as a priority school that has failed to improve
18 satisfactorily. The decision to reconstitute a school shall be made by the State Superintendent of Education in consultation with the
19 principal ~~and/or principal mentor~~, the school board of trustees, and the district superintendent. The decision to reconstitute a school
20 shall be made by April first, at which time notice shall be given to all employees of the school. The department, in consultation with
21 the ~~principal and~~ district superintendent, shall develop a staffing plan, ~~recruitment and performance bonuses~~, and a budget for each
22 reconstituted school.

23 *The State Superintendent of Education may declare a state of emergency in a district if the accreditation status is probation or*
24 *denied, if a majority of the schools fail to show improvement on the state accountability system, if the district is classified as being*
25 *in "high risk" status financially, or for financial mismanagement resulting in a deficit. The State Superintendent of Education may*
26 *declare a state of emergency in a school if the accreditation status is probation or denied, or if the school fails to show improvement*
27 *on the state accountability system. Upon declaration of a state of emergency, the Superintendent may take over management of the*
28 *school or district. Management of the school or district may include direct management, consolidation with another district, charter*
29 *management, public/private management, or contracting with an educational management organization or another school district.*

30 Upon approval of the school renewal plans by the department and the State Board of Education, a newly identified school or a
31 currently identified school with an absolute rating of below average or at risk on the report card will receive a base amount and a per
32 pupil allocation based on the previous year's average daily membership as determined by the annual budget appropriation. No more
33 than fifteen percent of funds not expended in the prior fiscal year may be carried forward and expended in the current fiscal year for
34 strategies outlined in the school's renewal plan. Schools must use technical assistance funds to augment or increase, not to replace
35 or supplant local or state revenues that would have been used if the technical assistance funds had not been available. Schools must

1 use technical assistance funds only to supplement, and to the extent practical, increase the level of funds available from other revenue
2 sources-

3 **1A.13.** (SDE-EIA: Proviso Allocations) In the event an official EIA revenue shortfall is declared by the Board of Economic
4 Advisors, the Department of Education may reduce any allocation in Section 1A specifically designated by proviso in accordance
5 with the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office. No allocation for teacher
6 salaries shall be reduced as a result of this proviso.

7 **1A.14.** (SDE-EIA: School Districts and Special Schools Flexibility) All school districts and special schools of this State may
8 transfer and expend funds among appropriated state general fund revenues, Education Improvement Act funds, Education Lottery
9 Act funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance,
10 to ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated
11 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance
12 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for
13 Career and Technology Education, nor required for debt service or bonded indebtedness. All school districts and special schools of
14 this State may suspend professional staffing ratios and expenditure regulations and guidelines at the sub-function and service area
15 level, except for four-year old programs and programs serving students with disabilities who have Individualized Education
16 Programs.

17 In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per
18 pupil expenditures must be utilized within the In\$ite categories of instruction, *and* instructional support, ~~and non-instruction pupil~~
19 ~~services~~. No portion of the seventy-five percent may be used for *facilities*, business services, debt service, capital outlay, program
20 management, and leadership services, as defined by In\$ite. The school district shall report to the Department of Education the actual
21 percentage of its per pupil expenditures used for classroom instruction, instructional support, and only transportation, food service,
22 and safety within non-instruction pupil services for the current school year ending June thirtieth. Salaries of on-site principals must
23 be included in the calculation of the district's per pupil expenditures.

24 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

25 School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low
26 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and
27 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and
28 expanding virtual instruction.

29 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

30 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil
31 allocation due to them for each categorical program.

32 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school
33 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.
34 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State
35 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of
36 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education

1 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,
2 and the certification must be conspicuously posted on the internet website maintained by the school district.

3 For the current fiscal year, Section 59-21-1030 is suspended. Formative assessments for grades one, two, and nine, the foreign
4 language program assessment, and the physical education assessment must be suspended. School districts and the Department of
5 Education are granted permission to purchase the most economical type of bus fuel.

6 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school
7 districts based on weighted pupil units.

8 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,
9 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made
10 available for public viewing and downloading. The register must include for each expenditure:

- 11 (i) the transaction amount;
- 12 (ii) the name of the payee; and
- 13 (iii) a statement providing a detailed description of the expenditure.

14 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must
15 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete
16 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at
17 least once a month.

18 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards
19 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each
20 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the
21 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

22 The Comptroller General must establish and maintain a website to contain the information required by this section from a school
23 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate
24 between the school districts and search for the information they are seeking.

25 School districts that do not maintain an internet website must transmit all information required by this provision to the Comptroller
26 General in a manner and at a time determined by the Comptroller General to be included on the internet website.

27 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
28 30, the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
29 Education to exercise its authority to grant waivers under Regulation 43-261.

30 **1A.15.** (SDE-EIA: Teacher Salary Supplement) The department is directed to carry forward prior year unobligated teacher salary
31 supplement and related employer contribution funds into the current fiscal year to be used for the same purpose. Any unexpended
32 funds in teacher salary supplement may be used to fund shortfalls in the associated employer contribution funding in the current
33 fiscal year.

34 **1A.16.** (SDE-EIA: Dropout Prevention and High Schools That Work Programs) The Department of Education must report
35 annually by December first, to the Governor, the Chairman of the Senate Finance Committee, the Chairman of the House Ways and
36 Means Committee, the Chairman of the Senate Education Committee, and the Chairman of the House Education and Public Works

1 Committee on the effectiveness of dropout prevention programs funded by the Education and Economic Development Act and on
2 the High Schools that Work Programs' progress and effectiveness in providing a better prepared workforce and student success in
3 post-secondary education. The department, school districts, and special schools may carry forward unexpended funds from the prior
4 fiscal year into the current fiscal that were allocated for High Schools That Work.

5 **1A.17.** (SDE-EIA: Assessment) The department is authorized to carry forward into the current fiscal year, prior year state
6 assessment funds for the same purpose. Reimbursements shall resume in the current fiscal year for PSAT or 10th grade Aspire.

7 **1A.18.** (SDE-EIA: Report Card Information) The percentage each school district expended on classroom instruction as defined
8 by the Department of Education's InSite classification for "Instruction" must be printed on the Annual School and District Report
9 Card.

10 **1A.19.** (SDE-EIA: Core Curriculum Materials) The funds appropriated in Part IA, Section 1, VIII.A.3 for instructional materials
11 for core curriculum shall be expended consistent with the requirements of Section 59-31-600 of the 1976 Code requiring the
12 development of higher order thinking skills and critical thinking which should be integrated throughout the core curriculum
13 instructional materials. Furthermore, the evaluation criteria used to select instructional materials with funds appropriated in Part IA,
14 Section 1, VIII.A.3 shall include a weight of up to ten percent of the overall criteria to the development of higher order thinking skills
15 and critical thinking.

16 **1A.20.** (SDE-EIA: Certified Staff Technology Proficiency) To ensure the effective and efficient use of the funding provided by
17 the General Assembly in Part IA, Section 1 VIII.D. for school technology in the classroom and internet access, the State Department
18 of Education shall approve district technology plans that specifically address and incorporate certified staff technology competency
19 standards and local school districts must require certified staff to demonstrate proficiency in these standards as part of each certified
20 staff's Professional Development plan. ~~The Department of Education's professional development tracking, prescriptive and~~
21 ~~electronic portfolio system for certified staff is the preferred method for demonstrating technology proficiency as this system is~~
22 District adopted technology proficiency standards and plans should be, at minimum, aligned to the International Society for
23 Technology in Education (ISTE) teacher standards. Evidence that districts are meeting the requirement is a prerequisite to
24 expenditure of a district's technology funds.

25 **1A.21.** (SDE-EIA: Accountability Program Implementation) To support implementation of the accountability program, the
26 Education Oversight Committee may carry forward unexpended Education Accountability Act funds authorized specifically for the
27 administration of the Education Oversight Committee. For the current fiscal year the Education Oversight Committee may carry
28 forward prior year EIA South Carolina Community Block Grants for Education Pilot Program funds not awarded by the grant
29 committee. These funds must be used for an independent common evaluation of each awarded grant to ensure high quality programs
30 that maximize a return on the state's investment.

31 **1A.22.** (SDE-EIA: 4K Targeting) EIA funds allocated for the provision of four-year-old kindergarten shall be utilized for the
32 provision of services to age-eligible children qualifying for free or reduced-price lunch or Medicaid. Children with developmental
33 delays documented through state approved screening assessments or children with medically documented disabilities who do not
34 already qualify for special need services should also be considered for enrollment. In the event that more students seek to enroll than
35 available space permits, districts shall prioritize students (at the time of acceptance) on the basis of family income expressed as a
36 percentage of the federal poverty guidelines, with the lowest family incomes given the highest enrollment priority.

1 **1A.23.** (SDE-EIA: Reading) Of the funds appropriated for reading/literacy, the Department of Education, schools, and districts
2 shall ensure that resources are utilized to improve student achievement in reading/literacy. To focus on the importance of early
3 reading and writing skills and to ensure that all students acquire reading/literacy skills by the end of grade three, fifty percent of the
4 appropriation shall be directed toward acquisition of reading proficiency to include, but not be limited to, strategies in phonemic
5 awareness, phonics, fluency, vocabulary, and comprehension. Forty percent of the appropriation shall be directed toward classroom
6 instruction and intervention to focus on struggling readers and writers in grades four through eight. Ten percent of the appropriation
7 should be directed toward acceleration to provide additional opportunities for deepening and refinement of literacy skills.

8 Fifty percent of the funds shall be allocated to school districts based on the number of weighted pupil units in each school district
9 in proportion to the statewide weighted pupil units using the one hundred thirty-five day count of the prior school year. Fifty percent
10 of the funds shall be allocated to the Department of Education to provide districts with research-based strategies and professional
11 development and to work directly with schools and districts to assist with implementation of research-based strategies. When
12 providing professional development the department and school districts must use the most cost effective method and when able
13 utilize ETV to provide such services throughout the state. The department shall provide for an evaluation to review first year
14 implementation activities and to establish measurements for monitoring impact on student achievement.

15 **1A.24.** (SDE-EIA: Students at Risk of School Failure) For the current fiscal year, EIA funds appropriated for students at academic
16 risk of school failure, which include funds for Act 135 Academic Assistance, summer school, reduce class size, alternative schools,
17 parent support and family literacy, must be allocated to school districts based two factors: (1) the poverty index of the district as
18 documented on the most recent district report card, which measures ~~student eligibility for the free or reduced price lunch program~~
19 ~~and Medicaid~~ *students identified using the USDA Community Eligibility guidelines and students on Medicaid, students identified as*
20 *Migrant and students identified as Homeless*; and (2) the number of students not in poverty or eligible for Medicaid but who fail to
21 meet state standards on state standards-based assessments in either reading or mathematics. At least eighty-five percent of the funds
22 allocated for students classified as at academic risk must be spent on instruction and instructional support for these students who
23 generated the funds. Instructional support may include family literacy and parenting programs to students at-risk for school failure
24 and their families. Students at academic risk are defined as students who are at risk of not graduating from high school because they
25 failed either the English language arts or mathematics portion of the High School Assessment Program on first attempt and who
26 score not met on grades three through eight in reading and mathematics state assessments. Public charter schools, the Palmetto
27 Unified School District, and the Department of Juvenile Justice must also receive a proportionate per pupil allocation based on the
28 number of students at academic risk of school failure served.

29 **1A.25.** (SDE-EIA: Professional Development) Of the funds appropriated for professional development, up to \$500,000 may be
30 expended for gifted and talented teacher endorsement and certification activities. The balance of EIA funds appropriated for
31 professional development must be allocated to districts based on the number of weighted pupil units in each school district in
32 proportion to the statewide weighted pupil units using the one hundred thirty-five day count of the prior school year. The funds must
33 be expended on professional development for certificated instructional and instructional leadership personnel in grades kindergarten
34 through twelve across all content areas, including teaching in and through the arts. No more than twenty-five percent of the funds
35 appropriated for professional development may be retained by the Department of Education for the administration and provision of
36 other professional development services *which must be targeted to districts who are or were the original trial and plaintiff school*

1 districts in the Abbeville law suit to increase the capacity of educators and leaders in those districts. The Department of Education
2 must provide professional development on assessing student mastery of the content standards through classroom, formative and end-
3 of-year assessments. The Department of Education also must post on the agency's website the South Carolina Professional
4 Development Standards and provide training through telecommunication methods to school leadership on the professional
5 development standards. The department is authorized to carry forward and expend professional development funds for the same
6 purpose.

7 **1A.26.** (SDE-EIA: Assessments-Gifted & Talented, Advanced Placement, & International Baccalaureate Exams) Of the funds
8 appropriated and/or authorized for assessment, up to ~~\$4,600,000~~ \$5,400,000 shall be used for assessments to determine eligibility of
9 students for gifted and talented programs and for the cost of Advanced Placement and International Baccalaureate exams.

10 **1A.27.** (SDE-EIA: Adult Education) A minimum of thirty percent of the funds appropriated for adult education must be allocated
11 to school districts to serve adult education students between the ages of seventeen and twenty-one who are enrolled in programs
12 leading to a state high school diploma, state high school equivalency diploma (GED), or career readiness certificate (WorkKeys).
13 The remaining funds will be allocated to districts based on a formula which includes factors such as target populations without a
14 high school credential, program enrollment the previous school year, number of students making an educational gain the previous
15 school year, and performance factors such as number of high school credentials and career readiness certificates awarded the previous
16 school year. Overall levels of state funding must meet the federal requirement of state maintenance of effort. Each school district
17 must collect information from both the student and the school including why the student has enrolled in Adult Education and whether
18 or not the student is pursuing a GED or Diploma. The school district must then provide a quarterly report to the Department of
19 Education and must include the unique student identifier. The department, in turn, will provide summary information to the House
20 Ways and Means Committee, the House Education and Public Works Committee, the Senate Finance Committee and the Senate
21 Education Committee on the information. Up to a maximum of \$300,000, of funds may be used to establish an initiative by which
22 qualifying adult education students may qualify for a free high school equivalency test. The Department of Education shall establish
23 guidelines for the free high school equivalency testing initiative.

24 **1A.28.** (SDE-EIA: Clemson Agriculture Education Teachers) The funds appropriated in Part IA, Section VIII.E. for Clemson
25 Agriculture Education Teachers must be transferred to Clemson University PSA to fund summer employment of agriculture teachers
26 and to cover state-mandated salary increases on that portion of the agriculture teachers' salaries attributable to summer employment.
27 If sufficient funds remain, Clemson University PSA may utilize such funds for a Regional Coordinator.

28 **1A.29.** (SDE-EIA: Incentive for National Board Certification After June 30, 2010) Public school classroom teachers to include
29 teachers employed at the special schools or classroom teachers who work with classroom teachers to include teachers employed at

32 School for Science and Math, Governor's School for the Arts and Humanities, Wil Lou Gray Opportunity School, John de la Howe
33 School, School for the Deaf and the Blind, Felton Lab, Department of Juvenile Justice and Palmetto Unified School District 1. The
34 \$5,000 salary supplement shall be added to the annual pay of the teacher, not to exceed ten years of the national certificate. However,
35 the \$5,000 supplement shall be adjusted on a pro rata basis for the teacher's FTE and paid to the teacher in accordance with the

5 reported on the districts' five most recent district report cards issued by the South Carolina Department of Education, may make
6 application to participate in the program.

7 (2) Individuals eligible for incentives shall be willing to provide instructional services in an eligible district in exchange for
8 participation in an incentive detailed in item (C) of this section, pursuant to the obligations and restrictions stated for each.

9 (3) Institutions of higher education eligible to receive education funding as a component of recruiting incentives created
10 pursuant to item (C) of this section shall not be excluded from participation in Teaching Fellows Program ~~in accordance with~~ provide

13 **1A.66.** (SDE: ~~Reading~~ Literacy Coaches) (A) Funds appropriated for ~~Reading~~ Literacy Coaches must be allocated to school
 14 districts by the Department of Education as follows:

15 (1) for each elementary school in which twenty percent or more of the students scored ~~Not Met~~ below proficient on the

 17 lesser of either up to \$62,730 or the actual cost of salary and benefits for a full-time ~~reading~~ literacy coach; and

18 (2) for each elementary school in which fewer than twenty percent of the students scored ~~Not Met~~ below proficient on the
 19 reading and research test during the same period, the school district shall be eligible to receive the lesser of either up to \$31,365 or
 20 fifty percent of the actual cost of salary and benefits for a full-time ~~reading~~ literacy coach. A school district must provide local

 22 assistance as the local support.

23 (B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,
 24 except for districts that either are currently, or in the prior fiscal year, were paying for ~~reading coaches~~ literacy coaches with local
 25 funds. A district may, however, assign a ~~reading~~ literacy coach to a primary school rather than to the elementary school to improve
 26 the early literacy skills of young children.

27 (C) Funds appropriated for ~~Reading Coaches~~ Literacy coaches are intended to be used to provide elementary schools with ~~reading~~

11 (D) The reading literacy coach must not be assigned a regular classroom teaching assignment, must not serve ~~as~~ an

12 administrator, must not perform administrative functions that deter from the flow of improving reading instruction and reading

13 performance of students, and must not devote a significant portion of his or her time to administering or coordinating assessments.

14 School districts must request a waiver from the State Superintendent of Education in order to utilize literacy coaches as

15 interventionists as included in the district reading plan and when supported by assessment data showing the district reading plan is

16 improving literacy.

17 (D E) ~~No later than February 1, 2016, the~~ The Department of Education must publish guidelines that define the minimum

18 qualifications for a reading literacy coach for Fiscal Year 2015-16. These guidelines must deem any licensed/certified teacher

- 21 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or
- 22 (3) holds a master's degree or higher in reading or a closely-related field.

23 Within these guidelines, the Department of Education must ~~also establish a process for Fiscal Year 2015-16 through which an~~

24 ~~elementary school may be permitted to use some or all of the allocation granted under subsection (A) in order to obtain in-school~~

25 ~~reading coaching services from a department approved consultant or vendor,~~ assist districts in identifying a literacy coach in the

26 event that the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection (A),

27 including the local support requirements, shall also apply to any allocations made pursuant to this paragraph.

28 (E F) The Department of Education must develop procedures for monitoring the use of funds appropriated for ~~Reading Coaches~~

29 literacy coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of

30 Education may receive up to \$100,000 of the funds appropriated for ~~Reading Coaches~~ literacy coaches in order to implement this

31 program, provided that this allocation does not exceed the department's actual costs.

32 (F G) Prior to the close of the current fiscal year, any ~~remaining unspent or unallocated~~ funds for ~~Reading Coaches,~~ literacy

33 coaches but no more than \$5,000,000, shall be distributed by the Department of Education among the school districts containing

3 (~~G~~ H) The Department of Education shall require:

4 (1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported
5 ~~reading literacy~~ reading literacy coach; as well as the school in which the coach is assigned ~~along with the rationale for how the school selection was~~
6 ~~made; and~~

7 (2) any school district receiving funding under subsection (~~F~~ G) to account for the specific amounts and uses of such funds.

8 (~~H~~ I) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on
9 the hiring of and assignment of ~~reading literacy~~ reading literacy coaches by school ~~and on the expenditure of professional development funds for~~
10 ~~opportunities for teachers to earn the literacy endorsement.~~ The department shall also report the amount of funds that will be ~~carried~~
11 ~~forward~~ used for Summer Reading Camps.

12 (~~I~~ J) Funds appropriated for ~~Reading Coaches~~ literacy coaches shall be retained and carried forward to be used for the same
13 purpose but may not be flexed.

14 (~~J~~ K) For Fiscal Year ~~2015-16~~ 2016-17, if increased funding for ~~reading literacy~~ reading literacy coaches is not sufficient to provide additional
15 ~~reading literacy~~ reading literacy coaches at each elementary school then the funding must be targeted to the areas of greatest need based on the
16 number of students substantially failing to demonstrate reading proficiency as indicated on the prior year's state assessment.

17 **1A.67.** (SDE-EIA: Digital Instructional Materials) The Department of Education shall create an instructional materials list
18 composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption
19 process. The department shall continue to work with the publishers of instructional materials to ensure that districts who wish to
20 receive both the digital version and class sets of textbooks may be awarded that option. Funds appropriated for the purchase of
21 textbooks and other instructional materials may be used for reimbursing school districts to offset the costs of refurbishing science
22 kits on the state-adopted textbook inventory, purchasing new kits from the central textbook depository, or a combination of
23 refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the state-adopted refurbishing kits plus a
24 reasonable amount for shipping and handling. Costs for staff development, personnel costs, equipment, or other costs associated
25 with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional Materials may be carried forward
26 from the prior fiscal year into the current fiscal year to be expended for the same purposes by the department, school districts, and

3 cost of the formative assessment. School districts and private providers are required to report electronically the results of each
4 individual assessment to the department using a form that must include the unique student identifier and any other information
5 prescribed by the department. In turn, the *The* department will provide the assessment data to the Education Oversight Committee.
6 The results of the assessment and the developmental intervention strategies recommended or services needed to address the child's

14 the school year with the results collected by the department. The results of the assessments and the developmental intervention
15 strategies recommended or services needed to address each child's identified needs must also be provided, in writing, to the parent
16 or guardian. The assessment may not be used to deny a student admission to kindergarten. Accommodations that do not invalidate
17 the results of these assessments must be provided in the manner set forth by the student's Individualized Education Program or 504
18 Accommodations Plan. Districts are given the option of designating up to two days of the one hundred eighty day school calendar
19 to administer the assessment to kindergarten students. The department will also provide the results of the assessment of kindergarten

20 exceed three thousand five hundred dollars in any single felony case or one thousand dollars in any single misdemeanor case.

21 Reimbursement in excess of the hourly rate and limit set forth herein is authorized only if the court certifies, in a written order
22 with specific findings of fact, prior to the fees being incurred, that reimbursement in excess of the rates or limit is necessary to provide
23 reimbursement adequate to ensure effective assistance of counsel and reimbursement in excess of the limit is appropriate because
24 the services to be provided are reasonable and necessary. If prior approval by written order of the court is not obtained, no additional
25 fees shall be paid under any circumstances.

26 Upon a finding in ex parte proceedings that investigative, expert, or other services are reasonable and necessary for the

7 **61.6.** (INDEF: Public Defender Fee) Every person placed on probation on or after July 1, 2003, who was represented by a public
8 defender or appointed counsel, shall be assessed a fee of five hundred dollars. The revenue generated from this fee must be collected
9 by the clerk of court and sent on a monthly basis to the Commission on Indigent Defense. However, if a defendant fails to pay this
10 fee, this failure alone is not sufficient basis for incarceration for a probation violation. This assessment shall be collected and paid
11 over before any other fees.

12 **61.7.** (INDEF: Defense of Indigents Civil Action Application Fee) (A) A person requesting appointment of counsel in any
13 termination of parental rights (TPR), abuse and neglect, or any other civil court action in this state shall execute an affidavit that the
14 person is financially unable to employ counsel and that affidavit shall set forth all of the person’s assets. This affidavit must be
15 completed before counsel may be appointed. If it appears that the person has some assets but they are insufficient to employ private

17 Defense.

18 (B) A forty dollar application fee for appointed counsel services must be collected from every person who executes an affidavit
19 that they are financially unable to employ counsel. The person may apply to the court, the clerk of court, or other appropriate official
20 for a waiver or reduction in the application fee. If it is determined that the person is unable to pay the application fee, the fee may
21 be waived or reduced, provided that if the fee is waived or reduced, the clerk or appropriate official shall report the amount waived
22 or reduced to the trial judge and the trial judge shall order the remainder of the fee paid by a time payment method or such method
23 as the trial judge deems appropriate. The clerk of court or other appropriate official shall collect the application fee imposed by this
24 section and remit the proceeds to the Commission on Indigent Defense on a monthly basis. The monies must be deposited in an
25 interest-bearing account separate from the general fund and used only to provide for indigent defense services. The monies shall be
26 administered by the Commission on Indigent Defense. The clerk of court or other appropriate official shall maintain a record of all
27 persons applying for representation and the disposition of the application and shall provide this information to the Commission on
28 Indigent Defense on a monthly basis as well as reporting the amount of funds collected or waived.

29 (C) In matters in which a juvenile is brought before a court, the parents or legal guardian of such juvenile shall execute the above
30 affidavit based upon their financial status and shall be responsible for paying any fee. In matters concerning juveniles, the parents
31 or legal guardians of said juvenile, shall be advised in writing of this requirement at the earliest stage of the proceedings against said
32 juvenile.

33 (D) Nothing contained above shall restrict or hinder a court from appointing counsel in any emergency proceedings or where
34 existing statutes do not provide sufficient time for an individual to complete the application process.

1 (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is
2 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a
3 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

4 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing
5 of a claim shall not constitute a lien against real or personal property of the person unless, in the discretion of the court, part or all of
6 such claim is reduced to judgment by appropriate order of the court, after serving the person with at least thirty days' notice that
7 judgment will be entered. When a claim is reduced to judgment, it shall have the same effect as judgments, except as modified by
8 this provision.

9 **61.8.** (INDEF: Exemption for Pass Through Funding) The funds distributed by the Commission on Indigent Defense to the
10 Legal Services Corporation in accordance with Section 14-1-204 of the 1976 Code shall not be considered part of the commission's

25 **61.12.** (INDEF: Optional Courts and Indigent Representation) If a municipality has or elects to have an optional municipal court
26 system, it must provide adequate funds for representation of indigents. No public defender shall be appointed in any such court
27 unless the municipality and the office of the circuit public defender have reached an agreement for indigent representation and no
28 funds allocated to the commission shall be used to provide compensation for appointed counsel in municipal courts.

29 ~~**61.13.** (INDEF: Indigent Verification) The Commission on Indigent Defense is directed to review the Affidavit for Indigency
30 and Application for Counsel and make recommendations to the General Assembly by January 5, 2016, on any additional requirements

22 **113.2.** (AS-TREAS: Quarterly Distributions) For Fiscal Year ~~2015-16~~ 2016-17, one quarter of the amount appropriated in Part
23 IA for Aid to Subdivisions-Local Government Fund shall be distributed as soon after the beginning of each quarter as practical with

25 **113.3.** (AS-TREAS: Salary Supplements) The amounts appropriated in Part IA, Section 113, for Aid Cnty-Clerks of Court, Aid
26 Cnty-Probate Judges, Aid Cnty-Coroners, and Aid Cnty-Sheriffs shall be distributed by the State Treasurer to each county treasurer
27 equally on a quarterly basis, and shall be used as a salary supplement for each clerk of court, probate judge, county coroner, and

32 each county auditor and county treasurer as a salary supplement in addition to any amounts presently being provided by the county
33 for these positions. It is the intent of the General Assembly that the amount appropriated by the county as salaries for these positions
34 shall not be reduced as a result of the appropriation and that such appropriation shall not disqualify each county auditor and each
35 county treasurer for salary increases that they might otherwise receive from county funds in the future. The salary supplement for

2 employees.

3 The amounts appropriated in Part IA, Section 113 for Clerks of Court, Probate Judges, Sheriffs, Register of Deeds, Coroners,

7 officials' budgets must be made in consultation with the affected official.

8 **113.4.** (AS-TREAS: Legislative Delegations) In the current fiscal year, a county government must fund its legislative delegation

10 must be deducted from the responsible county's Aid to Subdivisions allocation and forwarded to the legislative delegation of the
11 county. Additionally, the responsible county's remaining Aid to Subdivisions allotment must be reduced by twenty-five percent of
12 the shortfall amount, which sum must be forwarded to the legislative delegation to be used for its administrative costs.

13 **113.5.** (AS-TREAS: LGF) For Fiscal Year ~~2015-16~~ 2016-17, the provisions of Section 6-27-30 and Section 6-27-50 of the 1976

18 subdivision's budget or in an amendment to the political subdivision's budget;

19 (2) except in cases of emergency or unforeseen circumstances, donate funds to a nonprofit organization unless the amounts
20 donated are appropriated on a separate and distinct line item in the political subdivision's budget or an amendment to the political
21 subdivision's budget that includes the names of the entities to which the donations are being made. In the case of an emergency or
22 unforeseen circumstances, a political subdivision may donate funds to a nonprofit organization if the amount and purpose of the
23 proposed donation and the nature of the emergency or unforeseen circumstances necessitating the donation are announced in open
24 session at a public meeting held by the governing body of the political subdivision and the funds are not delivered to the organization
25 for five days following the announced intent to make the donation; or

31 Agenda 21,

32 (b) the amount of funds involved,

33 (c) every mandate or requirement or action that will result from the grant or funding program's implementation,

34 (d) any and all projected costs to the political subdivision, business, or individual associated with the grant or funding
35 program, and

36 (e) the stated goals and expected results of the grant or funding program.

1 (B) A political subdivision receiving aid from the Local Government Fund may not appropriate money to any entity without the
2 requirement that the entity provides at the end of the fiscal year a detailed description of the purposes for which the money was used.

3 **113.7.** (AS-TREAS: Political Subdivision Flexibility) For Fiscal Year ~~2015-16~~ 2016-17, a political subdivision receiving aid

6 be appropriated pursuant to Section 6-27-30. Excluded from said reductions are Administrative Law Judges and their offices, Court
7 of Appeals and their offices, Circuit and Family Courts and their offices, Magistrates and their offices, Masters-in-Equity and their

11 enforcement of any local ordinance, rule, or regulation which alters, amends, or otherwise conflicts with Chapter 5, Title 56 of the
12 1976 Code, the State Treasurer must withhold an amount of the political subdivision's Local Government Fund distribution equal
13 to the amount of the fines the political subdivision has collected that are in excess of the amounts authorized by Chapter 5 of Title
14 56. The withholding provision contained in this paragraph also applies to fines collected from the enforcement of a local ordinance,
15 rule, or regulation that is similar to a provision of Chapter 5 of Title 56.

31 levels and phases of personnel within state government, including but not limited to recruiting, hiring, compensation, benefits,
32 promotions, transfers, layoffs, recalls from layoffs, and educational, social, or recreational programs. It is the policy of the State to

34 religion or physical disability.

35 Each state agency shall submit to the State Human Affairs Commission employment and filled vacancy data by race and sex by

6 personnel does not reflect the percentage goals established in the agency's affirmative action plan for the year in question, the state
7 agency shall submit a detailed explanation to the Human Affairs Commission by February fifteenth, explaining why goals were not
8 achieved.

9 The Human Affairs Commission shall review the explanations and notify the Department of Administration of any agency not in

14 and that the compliance must be accomplished within a reasonable length of time to be determined by the mission and circumstances
15 of the agency. This requirement shall not affect additional appropriation requests for public assistance payments or aid to entities.
16 This section does not apply to those agencies that have been exempted from the reporting requirements of the Human Affairs
17 Commission.

18 **117.14.** (GP: Personal Service Reconciliation, FTEs) In order to provide the necessary control over the number of employees,
19 the Executive Budget Office is hereby directed to maintain close supervision over the number of state employees, and to require
20 specifically the following:

21 (1) That no state agency exceed the total authorized number of full-time equivalent positions and those funded from state
22 sources as provided in each section of this act except by majority vote of the State Fiscal Accountability Authority.

23 (2) That the Executive Budget Office shall maintain and make, as necessary, periodic adjustments thereto, an official record
24 of the total number of authorized full-time equivalent positions by agency for state and total funding sources.

25 (a) That within thirty days of the passage of the Appropriation Act or by August first, whichever comes later, each agency
26 of the State must have established on the Executive Budget Office records all positions authorized in the Act. After that date, the
27 office shall delete any non-established positions immediately from the official record of authorized full-time equivalent positions.
28 No positions shall be established by the office in excess of the total number of authorized full-time equivalent positions. Each agency
29 may, upon notification to the Executive Budget Office, change the funding source of state FTE positions established on the Executive
30 Budget Office records as necessary to expend federal and other sources of personal service funds to conserve or stay within the state
31 appropriated personal service funds. No agency shall change funding sources that will cause the agency to exceed the authorized
32 number of state or total full-time equivalent positions. Each agency may transfer FTE's between programs as needed to accomplish
33 the agency mission.

34 (b) That by September thirtieth, the office shall prepare a personal service analysis, by agency, which shows the number
35 of established positions for the fiscal year and the amount of funds required, by source of funds, to support the FTE's for the fiscal
36 year at a funding level of one hundred percent. The office shall then reconcile each agency's personal service detail with the agency's

1 personal service appropriation as contained in the Act adjusted for any pay increases and any other factors necessary to reflect the
2 agency's personal service funding level. The office shall provide a copy of each agency's personal service reconciliation to the
3 Senate Finance and House Ways and Means Committees.

4 (c) That any position which is shown by the reconciliation to be unfunded or significantly underfunded may be deleted at
5 the direction of the State Fiscal Accountability Authority.

6 (3) That full-time equivalent (FTE) positions shall be determined under the following guidelines:

7 (a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.

8 (b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for
9 that position.

10 (c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty
11 with a duration of nine months.

12 The FTE method of accounting shall be utilized for all authorized positions.

13 (4) That the number of positions authorized in this act shall be reduced in the following circumstances:

14 (a) Upon request by an agency.

15 (b) When anticipated federal funds are not made available.

16 (c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions
17 in any state agency.

18 (5) That the Executive Budget Office shall annually reconcile personal service funds with full-time employee count. Unfunded
19 positions will be eliminated no later than January fifteenth of the current fiscal year unless specifically exempted elsewhere in this
20 act or by the Executive Budget Office. The Executive Budget Office must report the full-time employee count and unfunded position
21 status to the Senate Finance Committee and the Ways and Means Committee by February first of the current fiscal year.

22 (6) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but
23 temporary positions may be so funded.

24 (7) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation
25 Plan under item I of Section 8-11-260 of the 1976 Code.

26 The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of
27 personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one
28 hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new
29 positions).

30 **117.15.** (GP: Allowance for Residences & Compensation Restrictions) That salaries paid to officers and employees of the State,
31 including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office or of
32 employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for
33 at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The charge
34 for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each agency
35 maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal
36 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical

1 care at the MUSC Medical Center, nor to the Superintendent and staff of John de la Howe School, nor to the cottage parents and staff
2 of Wil Lou Gray Opportunity School, nor to full-time or part-time staff who work after regular working hours in the SLED
3 Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science and Mathematics and the
4 Governor's School for Arts and Humanities who are required to stay on campus by the institution because of job requirements or
5 program participation. Any state institution of higher learning may provide complimentary membership privileges to employees
6 who work at their wellness centers. The presidents of those state institutions of higher learning authorized to provide on-campus
7 residential facilities for students may be permitted to occupy residences on the grounds of such institutions without charge.

8 Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the amount
9 to be approved by the State Fiscal Accountability Authority.

10 That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm Director,
11 Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State Commission of
12 Forestry fire tower operators, forestry aides, and caretaker at central headquarters; the Department of Natural Resources' Game
13 Management Personnel, Fish Hatchery Personnel, and Fort Johnson Superintendent; the Department of Parks, Recreation and
14 Tourism field personnel in the State Parks Division; Director of Wil Lou Gray Opportunity School; President of the School for the
15 Deaf and the Blind; houseparents for the Commission for the Blind; South Carolina Department of Health and Environmental Control
16 personnel at the State Park Health Facility and Camp Burnt Gin; Residence Life Coordinators at Lander University; Residence Life
17 Directors, temporary and transition employees, student interns, and emergency personnel at Winthrop University; Farm
18 Superintendent at Winthrop University; Residence Hall Directors at the College of Charleston; the Department of Disabilities and
19 Special Needs' physicians and other professionals at Whitten Center, Clemson University Off-Campus Agricultural Staff and
20 Housing Area Coordinators; and TriCounty Technical College's Bridge to Clemson Resident and Area Directors; and housing
21 maintenance night supervisors, residence life directors, temporary and transition employees, and emergency medical personnel
22 occupying residences owned by the University of South Carolina. Except in the case of elected officials, the fair market rental value
23 of any residence furnished to a state employee shall be reported by the state agency furnishing the residence to the Agency Head
24 Salary Commission, and the Department of Administration by October first of each fiscal year.

25 All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan, approved
26 by the Department of Administration, applicable to all personnel of the State Government whose compensation is not specifically
27 fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal service is
28 drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and unclassified
29 employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary adjustment
30 shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire. Academic
31 personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered by the
32 plan may be excluded therefrom but their compensations as approved by the Department of Administration shall, nevertheless, be
33 subject to review by the State Fiscal Accountability Authority. Salary appropriations for employees fixed in this act shall be in full
34 for all services rendered, and no supplements from other sources shall be permitted or approved by the State Fiscal Accountability
35 Authority. With the exception of travel and subsistence, legislative study committees shall not compensate any person who is
36 otherwise employed as a full-time state employee. Salaries of the heads of all agencies of the State Government shall be specifically

1 fixed in this act and no salary shall be paid any agency head whose salary is not so fixed. As long as there is no impact on appropriated
2 funds, state agencies and institutions shall be allowed to spend public funds and/or other funds for designated employee award
3 programs which shall have written criteria approved by the agency governing board or commission. For purposes of this section,
4 monetary awards, if any, shall not be considered a part of an employee's base salary, a salary supplement, or a perquisite of
5 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the
6 Department of Administration.

7 In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply if
8 the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet
9 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average
10 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging
11 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent
12 paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the
13 close of the calendar year in which the taxable year begins, or, in the case of a rental period not greater than one year, at any time
14 during the calendar year in which the period begins.

31 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget
32 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the
33 Executive Budget Office shall either request the General Assembly to recognize the deficit if it determines the deficit avoidance plan
34 will not be sufficient to avoid a deficit or notify the General Assembly of how the deficit will be avoided based on the deficit
35 avoidance plan if the Executive Budget Office determines the plan will be sufficient to avoid a deficit.

1 Upon notification from the Executive Budget Office that an agency will run a deficit and requesting that it be recognized, the
2 General Assembly, by joint resolution, may make a finding that the cause of, or likelihood of, a deficit is unavoidable due to factors
3 which are outside the control of the state agency, department, or institution, and recognize the deficit. Any legislation to recognize
4 a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency,
5 department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

6 If the General Assembly recognizes the deficit, then the actual deficit at the close of the fiscal year must be reduced as necessary

16 which must use the Cents per mile Rule, unless they are exempted from such reimbursement by applicable IRS regulations. These
17 permanently assigned vehicles must be clearly marked as a state or agency vehicle through the use of permanent state-government
18 license plates and either state or agency seal decals unless the vehicle is used primarily in undercover operations. This requirement
19 does not apply to a vehicle used by an employee for the purpose of a special travel assignment, for active certified law enforcement

31 shall prescribe a common format for the report which agencies must use. In order to promote accountability and transparency, a link
32 to the report shall be posted on the Comptroller General's website as well as the agency's homepage.

33 When the State Auditor conducts or contracts for an audit of a state agency, accounts of the agency subject to this proviso must be
34 included as part of the review.

35 If an agency determines that the release of the information required in this provision would be detrimental to the state or the
36 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting

1 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.

29 the scope of their official duty. If the court finds that the government employee was acting outside the scope of the employee's
30 official duties, the government shall not thereafter expend any funds to pay or defend the claim. If the court finds the government
31 employee was acting within the scope of their official duties, the employee is immune from suit, liability, and damages with respect
32 to the civil conspiracy claim. The government may only expend funds to defend the claim if the determination is that the employee
33 was acting within the scope of their official duties. Nothing in this proviso prevents an insurance provider from defending and
