Fiscal Impact Summary

The bill, as amended, first applies to the annual general appropriations bill process for FY 2017-18. For information, however, if the bill applied to the FY 2015-16 general appropriations bill, the appropriation to the local government fund would increase by \$9,185,159 and local revenue would increase by the same amount.

Explanation of Amendment (March 4, 2015) – By the House of Representatives

This amendment strikes Section 6-27-30(B) and provides that in any fiscal year in which General Fund revenues are projected to increase, the appropriation to the Local Government Revenue Sharing Fund for the upcoming fiscal year must be increased by the same projected percentage increase, not to exceed five percent. Additionally, this amendment adds Section 6-27-30(C)(1)

and Section 6-27-30(C)(2), which define recurring General Fund revenue and recurring General Fund expenditure base.

We are unable to forecast the future revenue impact of this amendment when it first applies to the general appropriations bill process for FY 2017-18 since the amount of the recurring General Fund expenditure base and the BEA forecast of recurring General Fund revenue for FY 2017-18 are currently undetermined. If the amendment was applied to the general appropriations process for FY 2015-16, the current BEA forecast anticipates that the growth in General Fund revenue over the recurring expenditure base will increase by 4.32 percent. This would result in a 4.32 percent increase in the Local Government Revenue Sharing Fund for FY 2015-16, or \$9,185,159. The distribution of this additional revenue is discussed below.

Under current statute, the FY 2015-16 county distributions total \$174,752,511 and the municipal distributions total \$35,554,218. Fifty cents per capita is withheld from the county allocation, per statute, for Medicaid Services. In FY 2015-16, this amount totaled \$2,312,682. Under this amendment, county distributions would total \$181,785,111 and municipal distributions would total \$37,706,777. Again, the fifty cents per capita, or \$2,312,682, would be withheld from the county allocation. In calculating the 4.32 percent base, we presume the General Assembly will fund the Local Government Revenue Sharing Fund at \$212,619,411. Therefore, it is estimated that an additional \$7,032,600 would be distributed to counties and an additional \$2,152,559 would be distributed to municipalities. This totals an additional \$9,185,159 in local revenue for FY 2015-16.

The attached tables show the FY 2015-16 distributions under current statute and this proposal on county and municipal levels.

Explanation of Bill filed January 22, 2015

This bill amends Section 6-27-20 by changing the name of the Local Government Fund to the Local Government Revenue Sharing Fund and deleting the provision regarding mid-year cuts. Additionally, Section 6-27-30 is amended by deleting the requirement that the Local Government Fund receive no less than four and one-half percent of the General Fund revenues of the latest completed fiscal year. This bill also adds Section 6-27-30(B), which provides that in any fiscal year in which the General Fund revenues are projected to increase by at least four percent, then the appropriation to the Local Government Revenue Sharing Fund for the upcoming fiscal year must increase by two percent. The percentage increase in General Fund revenues will be determined by the Revenue and Fiscal Affairs Office by comparing the current fiscal year's recurring General Fund expenditure base with the Board of Economic Advisor's (BEA) most recent projection of recurring General Fund revenue for the upcoming fiscal year. Also, this bill amends Section 6-27-40 by changing the county and municipal allocations. Under this proposal, the county allocation will change from 83.278 percent to 83 percent. The municipal allocation will change from 16.722 percent to 17 percent.

We are unable to forecast the future revenue impact of this bill when it first applies to the general appropriations bill process for FY 2017-18 since the amount of the recurring General Fund expenditure base and the BEA forecast of recurring General Fund revenue for FY 2017-18 are currently undetermined. If the bill was applied to the general appropriations process for

FY 2015-16, the current BEA forecast anticipates that the growth in General Fund revenue over the recurring expenditure base will exceed four percent. This would result in a two percent increase in the Local Government Revenue Sharing Fund for FY 2015-16, or \$4,252,388. The distribution of this additional revenue is discussed below.

Under current statute, the FY 2015-16 county distributions total \$174,752,511 and the municipal distributions total \$35,554,218. Fifty cents per capita is withheld from the county allocation, per statute, for Medicaid Services. In FY 2015-16, this amount totaled \$2,312,682. Under this bill, county distributions would total \$177,690,911 and municipal distributions would total \$36,868,206. Again, the fifty cents per capita, or \$2,312,682, would be withheld from the county allocation. In calculating the two percent base, we presume the General Assembly will fund the Local Government Revenue Sharing Fund at \$212,619,411. Therefore, it is estimated that an additional \$2,938,400 would be distributed to counties and an additional \$1,313,988 would be distributed to municipalities. This totals an additional \$4,252,388 in local revenue for FY 2015-16.

The attached tables show the FY 2015-16 distributions under current statute and this proposal on county and municipal levels.

Notes: Statutory formula amounts are based on the fully funded formula pursuant to S.C. Code of Laws § 6-27-40. FY 16 appropriation estimates are based on recurring funds of \$187,619,411 and non-recurring funds of \$25,000,000, totaling \$212,619,411. Fifty cents per capita is withheld from the portion of the Local Government Fund allotted to counties per S.C. Code of Laws § 44-6-146 for Medicaid Services. This amount totals \$2,312,682 for FY 16. Of the \$212,619,411, the county allocation is 83.278%, which results in a distribution of \$174,752,511. Under proposed legislation, the county allocation is 83%, which would result in a distribution of \$181,785,111.

Notes: Statutory formula amounts are based on the fully funded formula pursuant to S.C. Code of Laws § 6-27-40. FY 16 estimates are based on recurring funds of \$187,619,411 and non-recurring funds of \$25,000,000, totaling \$212,619,411. Of the \$212,619,411, the municipal allocation is 16.722%, which results in a distribution of \$35,554,218. Under proposed legislation, the municipal allocation is 17%, which would result in a distribution of \$37,706,777.
