Explanation of Fiscal Impact

State Expenditure

This bill adds Section 59-103-47 to allow the Commission on Higher Education (CHE) to enter interstate reciprocity agreements that authorize accredited degree-granting institutions of higher education in this State to offer postsecondary distance education. In administering the program, CHE is authorized to approve and disapprove higher education participation, establish fees to be paid by participating institutions to cover the administrative direct and indirect costs, and develop policies and procedures as needed to govern the reciprocity agreements.

The Commission on Higher Education indicates this bill would increase Other Fund expenditures by \$167,750 to cover non-recurring costs of \$41,250 and recurring costs of \$124,500. The non-recurring expenditures are related to the cost of system implementation (\$31,250) and estimated legal costs for the development of policies and application documents (\$10,000). Of the recurring costs, CHE will expend \$88,000 for the salary and fringe of a new Program Coordinator II position, which will be responsible for administering the program. The remaining recurring funds of \$36,500 will be used to cover ongoing systems maintenance cost (\$6,500) and estimated legal costs relating to the development and administration of a student complaint system (\$30,000).
