**Explanation of Fiscal Impact**

**Introduced February 22, 2017**

**State Expenditure**

This bill specifies requirements and procedures that a prescriber must follow before issuing a prescription for an opioid analgesic for a minor. The bill provides guidelines for patient and parent education, patient assessment and drug history, required consent forms, and prescription labeling, dosage, refills, and record-keeping. These provisions do not apply to a minor's treatment with opioid analgesics associated with emergency treatment, surgery, or treatment in an institutional facility.

**Department of Health and Environmental Control.** The department reports that this bill would have no expenditure impact on the General Fund, Federal Funds, or Other Funds as the bill assigns no regulatory responsibilities to the department. The bill's requirements impact individual prescribers.
