This bill expands credit union membership to include community groups. The Commissioner of the State Board of Financial Institutions shall approve the request to add occupation and association groups within thirty days if the credit union provides the required information. If the commissioner fails to act on the request within thirty days, the group automatically must be added to the credit union’s membership.

Additions of community groups to credit union membership would require the credit union to have the ability to serve the group and demonstrate that the group consists of person who live, attend school, or work in a community. Approval of community group membership by the Commissioner shall be approved within thirty days if the credit union provides the required information.
