

## PART IB

## OPERATION OF STATE GOVERNMENT

## SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: DHEC - Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

1.3. (SDE: State Aid to Classrooms) To the extent possible within available funds, it is the intent of the General Assembly to provide for one hundred percent of full implementation of the Education Finance Act via an allocation from the State Aid to Classrooms appropriation. The funds appropriated for State Aid to Classrooms shall be allocated as follows: ~~65.59~~ 60.16 percent must be allocated based on the Education Finance Act formula and the differentiated student weightings in this Act; ~~28.72~~ 29.57 percent must be allocated based on the manner of distribution of EFA employer contributions in the prior fiscal year; and ~~5.68~~ 10.27 percent must be allocated to fully implement the State Minimum Teacher Salary Schedule with a minimum starting teacher salary of ~~\$35,000~~ \$38,000. The department is authorized to adjust the percentage allocation related to EFA employer contributions to accommodate for the disbursement of the state retirement funds and any other related employee allocation sent to districts.

For the current fiscal year, the total pupil count, *which includes students attending schools in traditional school districts, in charter schools authorized by the S.C. Public Charter School District and any higher education institution, and in special school districts*, is projected to be ~~761,476~~ 720,316. These funds represent an average per pupil of ~~\$4,127~~ \$3,889 in State Aid to Classrooms.

*For the current fiscal year, the pupil count for revenues per pupil, which includes students attending schools in traditional school districts only, is projected to be 722,760.* The average per pupil funding is projected to be ~~\$6,832~~ \$6,556 state, ~~\$1,232~~ \$1,315 federal, and ~~\$6,857~~ 6,406 local. This is an average total funding level of ~~\$14,921~~ \$14,227 excluding revenues of local bond issues. It is the intent of the General Assembly that the consolidation of the Education Finance Act and Education Finance Act - Employer Contributions appropriations, and the subsequent allocation of the State Aid to Classrooms appropriation back to these categories, should not significantly alter the application of funding formulas or maintenance of effort requirements referencing the Education Finance Act and Education Finance Act - Employer Contributions.

The funds allocated from State Aid to Classrooms for implementing the revised State Minimum Teacher Salary Schedule shall be distributed to school districts using the EIA Teacher Salary Supplement methodology. The resulting estimated teacher salary schedule is as follows:

11 As further used in this act, references to the Education Finance Act or EFA funds shall be interpreted to mean the ~~65.59~~ 60.16  
 12 percent of funds appropriated for State Aid to Classrooms and allocated for the Education Finance Act and, where appropriate, the  
 13 ~~28.72~~ 29.57 percent of State Aid to Classrooms allocated for Education Finance Act Employer Contributions.

14 For the purpose of maintaining consistency when calculating maintenance of effort, references to the base student cost shall be  
 15 interpreted as the base student cost resulting from the ~~65.59~~ 60.16 percent of funds appropriated for State Aid to Classrooms and  
 16 allocated for the Education Finance Act and, where appropriate, the ~~28.72~~ 29.57 percent of State Aid to Classrooms allocated for  
 17 Education Finance Act Employer Contributions, and other any other items normally included in the base student cost calculation.

18 For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a  
 19 public charter school shall receive and distribute state EFA funds to the charter school as determined by one hundred percent of the  
 20 current year's base student cost, as funded by the General Assembly multiplied by the weighted pupils enrolled in the charter school,  
 21 which must be subject to adjustment for student attendance.

22 The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections,  
 23 including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also,  
 24 as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office,  
 25 shall also post on their website the one hundred thirty-five day average daily membership for each school district and per pupil state,  
 26 federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported  
 27 annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a  
 28 prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the  
 29 projected numbers and the exact numbers.

30 For the current fiscal year, the pupil classification weightings are as follows:

31 (1) K-12 pupils or base students including homebound students 1.00

32 Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section  
 33 44-7-130 of the 1976 Code shall receive a weighting of 2.10.

34 (2) Weights for students with disabilities as prescribed in Section 59-20-40(1)(c) Special Programs

35 For the current fiscal year, the pupil classification weightings must include a weighting of 5.0 for students with Multiple Disabilities  
 36 as defined by the Individuals with Disabilities Act (IDEA) as simultaneous impairments (such as intellectual disability-blindness,

intellectual disability-orthopedic impairment, etc.), the combination of which causes such severe educational needs that the student cannot be accommodated in a special education program solely for one of the impairments, and Special measures are required to meet the student's developmental and educational needs The term does not include deaf-blindness or speech handicapped. Furthermore, districts receiving EFA funds for students with Multiple Disabilities must document that each student qualifies for this EFA weighting through the student's IEP and special education enrollment and must document the classification during the student's tri-annual evaluation.

8	(3) Precareer and Career Technology	1.29
9	(4) Additional weights for personalized instruction:	
10	(A) Gifted and Talented	0.15
11	(B) Academic Assistance	0.15
12	(C) Limited English Proficiency	0.20
13	(D) Pupils in Poverty	0.20
14	(E) Dual Credit Enrollment	0.15

No local match is required for the additional weightings for personalized instruction in the current school year. Charter school per pupil calculations for locally sponsored charters will continue to be calculated according to Section 59-40-140 of the 1976 Code. Students may receive multiple weights for personalized instruction; however, within each weight, students should only be counted once. These weights are defined below:

Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school. Districts shall set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The additional weight generates funds needed to provide additional instructional services to these students.

Students with limited English proficiency are students who require intensive English language instruction programs and whose families require specialized parental involvement intervention.

Funds received by a school district pursuant to the dual credit weighting must be used to defray all possible costs of dual credit courses for students. Students identified for dual credit enrollment must be identified in PowerSchool as taking a course that will lead to both high school credit and post-secondary credit. Districts must utilize these funds to offset the cost of tuition, fees, instructors, and instructional materials for qualifying courses with the local technical college or other institution of higher education. Each school district shall report to the department the number of students participating in dual credit courses and specify the cost borne by each entity. School districts must assist students in accessing Lottery Tuition Assistance when applicable.

Further, the Department of Education may use school district student counts for personalized instruction as collected in the same manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate the school district add on weightings for the personalized instruction classifications and the determination of the school districts

1 monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five day student average daily membership  
2 for all classifications. During the current fiscal year the department will update PowerSchool calculations, reports, screen  
3 development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation  
4 adjustments by June 30. The department must provide districts with technical assistance with regard to student count changes in  
5 PowerSchool.

6 **1.4.** (SDE: EFA - Formula) The amount appropriated in Part IA, Section 1 for “Education Finance Act” shall be the maximum  
7 paid under the provisions of Act 163 of 1977 (the South Carolina Education Finance Act of 1977) to the aggregate of all recipients.  
8 The South Carolina Education Department shall develop formulas to determine the state and required local funding as stipulated in  
9 the South Carolina Education Finance Act of 1977. Such formulas shall require the approval of the State Board of Education and  
10 the State Fiscal Accountability Authority. After computing the EFA allocations for all districts, the department shall determine  
11 whether any districts’ minimum required local revenue exceeds the districts’ total EFA Foundation Program. When such instance is  
12 found, the department shall adjust the index of taxpaying ability to reflect a local effort equal to the cost of the districts’ EFA  
13 Foundation Program. The districts’ weighted pupil units are to be included in determination of the funds needed for implementation  
14 of the Education Finance Act statewide.

15 In the event that the formulas as devised by the Department of Education and approved by the State Board of Education and the  
16 State Fiscal Accountability Authority should provide for distribution to the various school districts totaling more than the amount  
17 appropriated for such purposes, subject to the provisions of this proviso, the Department of Education shall reduce each school district  
18 entitlement by an equal amount per weighted pupil so as to bring the total disbursements into conformity with the total funds  
19 appropriated for this purpose. If a reduction is required in the state’s contribution, the required local funding shall be reduced by the  
20 proportionate share of local funds per weighted pupil unit. The Department of Education shall continually monitor the distribution  
21 of funds under the provisions of the Education Finance Act and shall make periodic adjustments to disbursements to ensure the  
22 aggregate of such disbursements do not exceed the appropriated funds.

23 Local districts shall not be mandated or required to inflate the base number in their respective salary schedules by any percentage  
24 greater than the percentage by which the appropriated base student cost exceeds the appropriated base student cost of the prior fiscal  
25 year.

26 **1.5.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein  
27 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district  
28 employee’s salary that is federally funded.

29 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each  
30 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel  
31 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service  
32 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

33 The Department of Juvenile Justice and the Department of Corrections’ school districts must be allocated funds under the fringe  
34 benefits program in accordance with criteria established for all school districts.

35 **1.6.** (SDE: Employer Contributions/Obligations) In order to finalize each school district’s allocations of Employer Contributions  
36 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district’s allocation

1 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In  
2 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover  
3 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision's state funds  
4 until such obligations are met.

5 **1.7.** (SDE: Governor's School for Science & Math) Any unexpended balance on June thirtieth of the prior fiscal year of funds  
6 appropriated to or generated by the Governor's School for Science and Mathematics may be carried forward and expended in the  
7 current fiscal year pursuant to the direction of the board of trustees of the school.

8 **1.8.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education  
9 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides  
10 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness  
11 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located  
12 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost  
13 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided  
14 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by  
15 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing  
16 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for  
17 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the  
18 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. This also applies to John de la Howe  
19 School who also has the authority to seek reimbursement in any situation that the school district has participation in the placement  
20 of the student. John de la Howe School shall be reimbursed the local district's local support per weighted pupil above the statewide  
21 average base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance  
22 Act. Participation will be evidenced by a written agreement from the IEP team or 504 team, written referral, or the school district  
23 initiating the placement process. School districts providing the education shall notify the nonresident district in writing within  
24 forty-five calendar days that a student from the nonresident district is receiving education services pursuant to the provisions of the  
25 proviso. The notice shall also contain the student's name, date of birth, and disabling condition if available. If appropriate financial  
26 arrangements cannot be effected between institutions of the state, including independent school districts under the authority of the  
27 Department of Disabilities and Special Needs, and school districts, institutions receiving educational appropriations shall pay the  
28 local base student cost multiplied by the appropriate pupil weighting. Children residing in institutions of state agencies shall be  
29 educated with nondisabled children in the public school districts if appropriate to their educational needs. Such institutions shall  
30 determine, on an individual basis, which children residing in the institution might be eligible to receive appropriate educational  
31 services in a public school setting. Once these children are identified, the institution shall convene an IEP meeting with officials of  
32 the public school district in which the institution is located. If it is determined by the committee that the least restrictive environment  
33 in which to implement the child's IEP is a public school setting, then the school district in which the institution is located must  
34 provide the educational services. However, that school district may enter into contractual agreements with any other school district  
35 having schools located within a forty-five mile radius of the institution. The cost for educating such children shall be allocated in  
36 the following manner: the school district where the child last resided before being placed in an institution shall pay to the school

1 district providing the educational services an amount equivalent to the statewide average of the local base student cost multiplied by  
2 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act; the school district providing the  
3 educational services shall be able to count the child for all funding sources, both state and federal. The institution and school district,  
4 through contractual agreements, will address the special education and related services to be provided to students. Should the school  
5 district wherein the institution is located determine that the child cannot be appropriately served in a public school setting, then the  
6 institution may request a due process hearing pursuant to the procedures provided for in the Individuals with Disabilities Education  
7 Act.

8 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local  
9 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to  
10 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to  
11 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing  
12 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the

20      report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional  
21      support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June  
22      thirtieth. Salaries of on-site principals must be included in the calculation of the district’s per pupil expenditures.

23      “*In\$ite*” means the financial analysis model for education programs utilized by the Department of Education.

24      School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low  
25      enrollment courses, reducing travel for the staff and the school district’s board, reducing and limiting activities requiring dues and  
26      memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and  
27      expanding virtual instruction.

28      School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

29      Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil  
30      allocation due to them for each categorical program.

31      Quarterly throughout the current fiscal year, the chairman of each school district’s board and the superintendent of each school  
32      district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.  
33      The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State  
34      Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of  
35      the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education

1 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,  
2 and the certification must be conspicuously posted on the internet website maintained by the school district.

3 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical  
4 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the  
5 most economical type of bus fuel.

6 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school  
7 districts based on weighted pupil units.

8 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,  
9 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made  
10 available for public viewing and downloading. The register must include for each expenditure:

- 11 (i) the transaction amount;
- 12 (ii) the name of the payee; and
- 13 (iii) a statement providing a detailed description of the expenditure.

14 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must  
15 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete  
16 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at  
17 least once a month.

18 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards  
19 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each  
20 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the  
21 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

22 The Comptroller General must establish and maintain a website to contain the information required by this section from a school  
23 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate  
24 between the school districts and search for the information they are seeking.

25 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title  
26 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of  
27 Education to exercise its authority to grant waivers under Regulation 43-261.

28 **1.26.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,  
29 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical  
30 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to  
31 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because  
32 of the required Hazmat endorsement to their CDL.

33 **1.27.** (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publically recognized by  
34 the School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions  
35 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

1       **1.28.** (SDE: Governor’s School for the Arts and Humanities Carry Forward) Any unexpended balance on June thirtieth of the  
2 prior fiscal year of funds appropriated to or generated by the Governor’s School for the Arts and Humanities may be carried forward  
3 and expended in the current fiscal year pursuant to the discretion of the Board of Trustees of the School.

4       **1.29.** (SDE: Governor’s Schools’ Fees) The South Carolina Governor’s School for the Arts and Humanities and the South  
5 Carolina Governor’s School for Science and Mathematics are authorized to charge, collect, expend, and carry forward student fees  
6 as approved by their respective Board of Directors. The purpose and amount of any such fees will be to maintain program quality in  
7 both academics and residential support. No student will be denied admittance or participation due to financial inability to pay. The  
8 respective Board of Directors shall promulgate administrative policy governing the collection of all student fees. Both schools shall  
9 conspicuously publish a fee schedule on their respective websites.

10       **1.30.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may  
11 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be  
12 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General  
13 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The  
14 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.  
15 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded  
16 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

17       The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent  
18 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall  
19 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel  
20 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and  
21 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on  
22 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the  
23 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination  
24 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as  
25 administration. Educators who would have received a year’s experience credit had a furlough not been implemented, shall not have  
26 their experience credit negatively impacted because of a furlough implementation.

27       During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except  
28 for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to,  
29 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making  
30 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only  
31 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on  
32 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may  
33 allocate the employee’s reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within  
34 which the furlough occurs.

35       Each local school district must prominently post on the district’s internet website and make available for public viewing and  
36 downloading the most recent version of the school district’s policy manual and administrative rule manual.

1 This proviso shall not abrogate the terms of any contract between any school district and its employees.

2 **1.31.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district  
3 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to  
4 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance  
5 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds  
6 distributed to the districts within the county.

7 **1.32.** (SDE: SCGSAH Certified Teacher Designation) Because of the unique nature of the South Carolina Governor's School  
8 for the Arts and Humanities, the Charleston School of the Arts, and the Greenville County Fine Arts Center, the schools are authorized  
9 to employ at its discretion noncertified classroom teachers teaching in the literary, visual and performing arts subject areas who are  
10 otherwise considered to be appropriately qualified in a ratio of up to one hundred percent of the entire teacher staff.

11 **1.33.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or  
12 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on  
13 race or national origin.

14 **1.34.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and  
15 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and  
16 Human Services.

17 **1.35.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's  
18 individual cumulative grade point average for grades nine through twelve on the student's report card.

19 **1.36.** (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school  
20 year are due no later than December first of the current school year when invoiced by the Department of Education. The department  
21 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

22 **1.37.** (SDE: Education Finance Act Reserve Fund) There is created in the State Treasury a fund separate and distinct from the  
23 General Fund of the State and all other funds entitled the Education Finance Act Reserve Fund. All unexpended general funds  
24 appropriated to the Department of Education for the Education Finance Act in the current fiscal year shall be transferred to the  
25 Education Finance Act Reserve Fund. In the event that the amount appropriated for the Education Finance Act is insufficient to fully  
26 fund the base student cost as established by this act, revenues from the Education Finance Act Reserve Fund may be used to  
27 supplement the funds appropriated. By June 30<sup>th</sup> of the current fiscal year, if the department determines that the funds are not needed  
28 to supplement the Education Finance Act, the department may utilize the funds for bus purchase. The General Assembly may make  
29 direct appropriations to this fund. All unexpended funds in the Education Finance Act Reserve Fund and any interest accrued by the  
30 fund must remain in the fund and may be carried forward into the current fiscal year.

31 **1.38.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from  
32 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

33 **1.39.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school  
34 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers  
35 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services  
36 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational

1 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is  
2 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination  
3 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred  
4 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in  
5 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education  
6 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school  
7 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student  
8 and what is clinically indicated being considered.

9 A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility,  
10 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services  
11 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical  
12 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in  
13 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under  
14 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the  
15 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program,  
16 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational  
17 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational  
18 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the  
19 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational  
20 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the  
21 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

22 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting  
23 for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this Act and any eligible categorical and federal  
24 funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services  
25 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the  
26 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a  
27 resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly  
28 by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by  
29 the facility school district for that student. However, the reimbursement rate may not exceed \$90 per student per day. Through a  
30 joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an  
31 instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities  
32 Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall  
33 notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational  
34 services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the facility  
35 district has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being  
36 invoiced. Should the facility school district be unable to reach agreement with the resident school district regarding reasonable costs

1 differences, the facility school district shall notify the Department of Education's Office of General Counsel. The Department of  
2 Education shall facilitate a resolution of the dispute between the facility school district and the resident school district within  
3 forty-five days of the notice of dispute. If the issue of reasonable cost differences should remain unresolved, a facility school district  
4 shall have the right to file a complaint in a Circuit Court. Should a resident school district fail to distribute the entitled funding to  
5 the facility school district by the one hundred thirty-five day count, the Department of Education is authorized to withhold the  
6 equivalent amount of EFA funds and transfer those funds to the facility school district.

7 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that  
8 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost  
9 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational  
10 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving  
11 educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided  
12 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident  
13 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs

5 measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The  
6 performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate  
7 line on the facility school district's report card and must not be included in the overall performance ratings of the facility school  
8 district. The Department of Education shall examine the feasibility of issuing report cards for RTFs. For the current fiscal year, a  
9 facility school district shall not have the district's state accreditation rating negatively impacted by deficiencies related to the delivery  
10 of an educational program at a RTF.

11 RTFs shall notify the facility school district as soon as practical, and before admission to the RTF if practical, of a student's

12 timeline for how the state can increase the number of students served in high-quality programs.

13 For each school district that chooses not to participate in the full-day 4K program, the district will receive the same amount of  
14 EIA funds as allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the  
15 Department of Education for CERDEP or from any funds carried forward from the prior year to CERDEP.

16 For the current fiscal year, with unexpended funds carried forward from the prior fiscal year, the Office of First Steps may expend  
17 these funds accordingly: (1) up to \$1,000,000 may be used to pilot a program to provide higher reimbursement rates to high-quality  
18 child care centers. The reimbursement rate for students enrolled by child care providers rated B or higher in the ABC Quality System  
19 operated by the Department of Social Services may be increased by up to 10% of the per-student base following guidelines developed  
20 by the Office of First Steps; (2) up to \$100,000 may be used to provide one-time supplemental, needs-based incentive grants in an  
21 amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand service to ten or more  
22 CERDEP eligible children in communities unable to enroll all of eligible students in a public, private, or Head Start setting during  
23 the prior fiscal year. These grants are designed to address building renovations, documented as necessary to bring proposed  
24 classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently preventing their  
25 participation in the program. The First Steps Board of Trustees shall develop and approve an application process that incorporates  
26 formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program  
27 participation. Providers receiving this one-time supplement are expected to participate in the program and provide high-quality,  
28 center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the  
29 provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness.  
30 First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the House Ways  
31 and Means Committee and the Chairman of the Senate Finance Committee by March 15; and (3) up to \$1,000,000 may be used to  
32 provide grants to public-private partnerships to address building renovations and designs necessary to get the building and  
33 classrooms into compliance with licensing regulations and other obstacles that prevent participation in CERDEP following  
34 guidelines developed by the Office of First Steps. Providers participating in this pilot are expected to participate in the program  
35 and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three  
36 years will require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps.

1 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,  
2 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a  
3 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer  
4 enrollment the program funding shall conform to the funding in this act for full year programs, however shall be reduced on a pro  
5 rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and  
6 shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount  
7 contained in this Act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily  
8 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty  
9 days. Funds may also be used to provide professional development and quality evaluations of programs. No later than April first,  
10 the Department of Education and the Office of First Steps must report to the Chairman of the Senate Finance Committee and the  
11 Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following information: the  
12 amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money  
13 used for professional development as well as the types of professional development offered and the number of participants. The  
14 Office of First Steps is directed to determine if the provision of extended programs in private centers improves the ability of parents  
15 to enter the workforce or to pursue postsecondary training or industry credentials.

16 **1.57.** (SDE: Summer Reading Camps) For the current fiscal year, funds appropriated for summer reading camps must be  
17 allocated as follows: (1) up to twenty percent to the Department of Education to provide bus transportation for students attending

21 that have a poverty index of forty percent or greater. All mentors and tutors that are a part of these after school programs or summer  
22 reading camps must have passed a SLED criminal background check. Participant to volunteer or teacher ratio must conform to that  
23 of the school district in which the program is located; and (3) the remainder on a per pupil allocation to each school district based on

34 camps. In the current school year, any student in third grade who substantially fails to demonstrate third-grade reading proficiency  
35 by the end of the school year must be offered the opportunity to attend a summer reading camp at no cost to the parent or guardian.  
36 The purpose of the reading camp is to provide students who are significantly below third-grade reading proficiency with the

1 opportunity to receive quality, intensive instructional services and support. A district may also include in the summer reading camps  
2 students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading  
3 camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the

2 schools must end their affiliation with the association, body, or entity prior to the beginning of the upcoming school year and are  
3 prohibited from paying dues or fees to the association, body, or entity.

4 **1.59.** (SDE: Governor's Schools Informational Access to Students) For the current fiscal year, school districts must permit both  
5 the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics to collaborate with  
6 individual schools and their staff to share information with students and families about the educational opportunities offered at the  
7 respective Governor's Schools, through avenues including school visits, informational presentations, and posters. By June thirtieth,  
8 of the current fiscal year, the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics  
9 must report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee the  
10 results of these Informational Access efforts. Further, the two Governor's Schools will work with districts, the Department of  
11 Education and School Report Card administrators, to ensure that SAT scores of current Governor's Schools' students are included  
12 in the School Report Card of those students' resident schools and districts.

13 **1.60.** (SDE: Reading/Literacy Coaches) (A) Funds appropriated for Reading/Literacy Coaches must be allocated to school  
14 districts by the Department of Education as follows: for each primary and elementary school, the school district shall be eligible to  
15 receive up to \$62,730 or the actual cost of salary and benefits for a full-time reading/literacy coach.

16 (B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,  
17 except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A  
18 district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or middle school or  
19 a combination of these schools depending on the area of highest need in the district except in the event that the district can request  
20 and receive a waiver from the Department of Education to expend the funds on interventionists who spend more than fifty percent  
21 of their time providing direct support to struggling readers in grades kindergarten through grade five. The school district must align  
22 the placement of coaches to the district reading plan that is approved by the department.

23 (C) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle  
24 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155 of Title 59.

25 (D) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as  
26 an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they  
27 must withhold that districts remaining balance of funds allocated pursuant to this proviso.

28 (E) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.  
29 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:

- 30 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or
- 31 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or
- 32 (3) holds a master's degree or higher in reading or a closely-related field.

33 Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that  
34 the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection (A), including  
35 the local support requirements, shall also apply to any allocations made pursuant to this paragraph.

1 (F) The Department of Education must develop procedures for monitoring the use of funds appropriated for reading/literacy  
2 coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of Education  
3 may receive up to \$100,000 of the funds appropriated for reading/literacy coaches in order to implement this program, provided that  
4 this allocation does not exceed the department's actual costs.

5 (G) Prior to the close of the current fiscal year, any unspent or unallocated funds for reading/literacy coaches shall be used to fund  
6 Summer Reading Camps.

7 (H) For the current school year, the Department of Education shall screen and approve the hiring of any reading/literacy coach  
8 serving in a school in which one third or more of its third grade students scoring at the lowest achievement level on the statewide  
9 summative English/language arts assessment. No funds shall be disbursed to the district to fund the reading/literacy coach until the  
10 department has screened and approved the coach. Schools in which at least sixty percent of students scored at meets or exceeds  
11 expectations on the state summative assessment in English/language arts may submit, as part of their reading plan, a request to the  
12 department for flexibility to utilize their allocation to provide literacy support to students, which may include, but is not limited to:  
13 a reading coach, a literacy interventionist, or other supplemental services directed to students in need of interventions. This plan  
14 must be approved by the department annually as part of the district reading plan.

15 (I) The Department of Education shall require:

16 (1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported  
17 reading/literacy coach; as well as the school in which the coach is assigned; and

18 (2) any school district receiving funding under subsection (G) to account for the specific amounts and uses of such funds.

19 (J) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the  
20 hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will be  
21 used for Summer Reading Camps.

22 (K) Funds appropriated for reading/literacy coaches shall be retained and carried forward to be used for the same purpose but  
23 may not be flexed.

24 **1.61.** (SDE: Sports Participation) Any school receiving state funds shall be required to allow a military dependent student who  
25 has transferred from their resident school district to another school district to participate in a sport that was not offered in the resident  
26 school district. Should a school fail to comply with this provision, the Department of Education shall withhold one percent of their  
27 total state allocation.

28 **1.62.** (SDE: Graduation Rates) For the current fiscal year, if a high school has a graduation rate below sixty percent, using  
29 appropriated funds a local school district board of trustees must provide a report detailing a plan to increase the graduation rate in  
30 accordance with the provisions of the Education Accountability Act to the State Board of Education.

31 ~~**1.63.** (SDE: South Carolina Community Block Grants for Education Pilot Program) There is created the South Carolina  
32 Community Block Grants for Education Pilot Program. The purpose of this matching grants program is to encourage and sustain  
33 partnerships between a community and its local public school district or school for the implementation of innovative, state-of-the-art  
34 education initiatives and models to improve student learning. The initiatives and models funded by the grant must be well designed,  
35 based on strong evidence of effectiveness, and have a history of improved student performance.~~

1 —The General Assembly finds that the success offered by these initiatives and programs is assured best when vigorous community  
2 support is integral to their development and implementation. It is the intent of this proviso to encourage public school and district  
3 communities and their entrepreneurial public educators to undertake state of the art initiatives to improve student learning and to  
4 share the results of these efforts with the state's public education community.

5 —As used in this proviso:

6 —(1) “Community” is defined as a group of parents, educators, and individuals from business, faith groups, elected officials,  
7 nonprofit organizations and others who support the public school district or school in its efforts to provide an outstanding education  
8 for each child. As applied to the schools impacted within a district or an individual school, “community” includes the school faculty  
9 and the School Improvement Council as established in Section 59-20-60 of the 1976 Code;

10 —(2) “Poverty” is defined as the percent of students eligible in the prior year for the free and reduced price lunch program and  
11 or Medicaid; and

12 —(3) “Achievement” is as established by the Education Oversight Committee for the report card ratings developed pursuant to  
13 Section 59-18-900 of the 1976 Code.

14 —The Executive Director of the Education Oversight Committee is directed to appoint an independent grants committee to develop  
15 the process for awarding the grants including the application procedure, selection process, and matching grant formula. The grants  
16 committee will be comprised of seven members, three members selected from the education community and four members from the  
17 business community. The chairman of the committee will be selected by the committee members at the first meeting of the grants  
18 committee. The grants committee will review and select the recipients of the Community Block Grants for Education.

19 —The criteria for awarding the grants must include, but are not limited to:

20 —(1) the establishment and continuation of a robust community advisory committee to leverage funding, expertise, and other  
21 resources to assist the district or school throughout the implementation of the initiatives funded through the Block Grant Program;

22 —(2) a demonstrated ability to meet the match throughout the granting period;

23 —(3) a demonstrated ability to implement the initiative or model as set forth in the application; and

24 —(4) an explanation of the manner in which the initiative supports the district's or school's strategic plan required by Section  
25 59-18-1310 of the 1976 Code.

26 —In addition, the district or school, with input from the community advisory committee, must include:

27 —(1) a comprehensive plan to examine delivery implementation and measure impact of the model;

28 —(2) a report on implementation problems and successes and impact of the innovation or model; and

29 —(3) evidence of support for the project from the school district administration when an individual school applies for a grant.

30 —The match required from a grant recipient is based on the poverty of the district or school. No matching amount will exceed more  
31 than seventy percent of the grant request or be less than ten percent of the request. The required match may be met by funds or by  
32 in-kind donations, such as technology, to be further defined by the grants committee. Public school districts and schools that have  
33 high poverty and low achievement will receive priority for grants when their applications are judged to meet the criteria established  
34 for the grant program.

35 —However, no grant may exceed \$250,000 annually unless the grants committee finds that exceptional circumstances warrant  
36 exceeding this amount.

1 —The Education Oversight Committee will review the grantee reports and examine the implementation of the initiatives and models  
2 to understand the delivery of services and any contextual factors. The Oversight Committee will then highlight the accomplishments  
3 and common challenges of the initiatives and models funded by the Community Block Grant for Education Pilot Program to share  
4 the lessons learned with the state's public education community.

5 —For the current fiscal year, funds allocated to the Community Block Grant for Education Pilot Program must be used to provide or  
6 expand high quality early childhood programs for a targeted population of at risk four year olds. High quality is defined as meeting  
7 the minimum program requirements of the Child Early Reading Development and Education Program and providing measurable  
8 high quality child teacher interactions, curricula and instruction. Priority will be given to applications that involve public private  
9 partnerships between school districts, schools, Head Start, and private child care providers who collaborate to: (1) provide  
10 high quality programs to four year olds to maximize the return on investment; (2) assist in making the transition to kindergarten; (3)  
11 improve the early literacy, social and emotional, and numeracy readiness of children; and (4) engage families in improving their  
12 children's readiness.

13 **1.64.** (SDE: Proceeds from Sale of Bus Shop & Boat) For the current fiscal year the Department of Education is authorized to  
14 retain any funds received from the sale of any bus shop and the sale of the state-owned boat and expend those funds for transportation  
15 purposes.

16 **1.65.** (SDE: First Steps 4K Technology) During the current fiscal year, South Carolina Office of First Steps to School Readiness  
17 is authorized to expend up to \$75,000 from the four-year-old kindergarten carry forward funds to purchase electronic devices for the  
18 administration of required school readiness assessments to children enrolled in the full-day 4K program in private centers in the  
19 current fiscal year. The State Office of First Steps may purchase one device, which would be the property of the Office of First  
20 Steps, for every ten centers serving children in the program. The regional coordinators who provide support to the centers shall  
21 coordinate the usage of the devices among the centers. First Steps shall provide a report documenting its technology and materials  
22 expenditures to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee no later  
23 than January 15 of the current fiscal year.

24 **1.66.** (SDE: Teacher Certification Exemption) For the current fiscal year, a teacher certified at the secondary level may teach  
25 such courses in grades seven through twelve without having the add on certification for middle-level education. A teacher certified  
26 in elementary education may teach first grade without having the add on certification in early childhood education. Districts must  
27 report to the Department of Education and the Center for Educator Recruitment Retention and Advancement on the teachers and  
28 courses that utilize this exemption.

29 **1.67.** (SDE: Digital Instructional Materials) The Department of Education shall continue to create an instructional materials list  
30 composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption  
31 process. The department shall continue to work with the publishers of instructional materials to ensure that districts have options for  
32 print/digital student materials to include class sets of print student editions, if needed. Funds appropriated for the purchase of  
33 instructional materials (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on  
34 the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook  
35 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the  
36 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs,

1 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional  
2 Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the  
3 department, school districts, and special schools. These funds are not subject to flexibility.

5 ~~retain the first \$1,000,000 of any unexpended CDEPP funds of the prior fiscal year and expend these funds to enhance the quality of~~

13 ~~be allocated on a per pupil basis for districts eligible for participation first, who have a documented waiting list, and funded an~~  
14 ~~extended program per this proviso in the prior school year, then to districts to increase the length of the program to a maximum of~~  
15 ~~eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. The department and the Office~~  
16 ~~of First Steps are authorized to target funds to ensure that the schools in which more than one third of third graders scored “Does Not~~  
17 ~~Meet Expectations” on the state English/language arts assessment are serving all eligible four year olds. By August 1, the Department~~  
18 ~~of Education and the Office of First Steps must collect the documented waiting lists and determine a process to notify parents of~~  
19 ~~eligible students of available slots in all approved providers. If a district chooses to fund summer enrollment the program funding~~

24 ~~daily membership for districts choosing to extend the program past one hundred and eighty days. Funds may also be used to provide~~  
25 ~~parent engagement, professional development and quality evaluations of programs.~~

26 ~~—For Fiscal Year 2019-20, the Office of First Steps may pilot a program to provide higher reimbursement rates to high quality~~  
27 ~~centers in order to increase the numbers of First Steps participants. Utilizing up to \$1,000,000 of carry forward funding, the~~  
28 ~~reimbursement rate for students enrolled by private providers rated B or higher in the ABC Quality System operated by the~~  
29 ~~Department of Social Services may be increased by up to 10% of the per student base following guidelines developed by the Office~~  
30 ~~of First Steps.~~

31 ~~—No later than April first, the Department of Education and the Office of First Steps must report to the Chairman of the Senate~~

35 ~~of participants.~~

1 ~~1.69.~~ (SDE: Technology Technical Assistance) ~~Of the funds appropriated for the K-12 Technology Initiative, the department is~~  
2 ~~authorized to withhold up to \$350,000 in order to develop a statewide technology plan for schools and districts. The plan must~~  
3 ~~address, at a minimum, infrastructure and connectivity needs, online testing requirements, equipment, educational technology, digital~~  
4 ~~literacy and a statewide learning management system to connect teachers and students. The plan must take into account the need for~~  
5 ~~some districts to utilize a regional approach to services that may include, but is not limited to, purchasing, training and support~~  
6 ~~services. This plan, including cost projections, shall be presented to the Governor, the Chairman of the House Ways and Means~~  
7 ~~Committee, and the Chairman of the Senate Finance Committee by February 1, 2020. Remaining funds shall be used to provide~~

25 child care investment.

26 ~~1.74.~~ (SDE: First Steps 4K Underserved Communities) ~~Using funds appropriated for the Child Early Reading and Development~~  
27 ~~Education Program, South Carolina First Steps shall develop a pilot program to expand four year old kindergarten enrollment within~~  
28 ~~underserved communities eligible for participation during the most recent fiscal year. Newly created and/or newly approved private~~

34 ~~formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program~~  
35 ~~participation. Providers receiving this one-time supplement are expected to participate in the program and provide high quality,~~

7 ~~CERDEP program. Utilizing up to \$1,000,000 of carry forward funding, First Steps may provide grants to participants in this pilot~~  
8 ~~if they are public private partnerships to address building renovations and designs necessary to get the building and classrooms into~~  
9 ~~compliance with licensing regulations and other obstacles that prevent participation in the CERDEP program following guidelines~~  
10 ~~developed by SC First Steps. Providers participating in this pilot are expected to participate in the program and provide high quality,~~  
11 ~~center based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider~~  
12 ~~to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness.~~

27 at-risk on the most recent annual school report card or with the lowest percentages of students meeting state standards on state  
28 assessments on the most recent state assessments or with the lowest high school graduation rates. The department will create a  
29 system of tiers of technical assistance for low-performing schools and districts that will receive technical assistance. The tiers will  
30 be determined by factors that include, but are not limited to, length of time performance of the school or district has been at-risk/below  
31 average, annual achievement ratings, annual growth ratings, school or district accreditation, and/or financial risk status. The tiers of  
32 technical assistance may include a per student allocation, placement of a principal mentor, transformation coach, instructional leader,

1 reports shall be made available on the Department of Education's website; any information pertaining to personnel matters or  
2 containing personally identifiable information shall be exempted. Based upon the recommendations in the review(s), low-performing  
3 schools and districts must develop and submit to the Department of Education an updated school renewal or district strategic plan  
4 outlining goals for improvements. The amended plans must address specific strategies designed to increase student achievement and  
5 must include measures to evaluate the success of implementation of the plan.

11 Education Committee, the Chairman of the House Education and Public Works Committee, the local legislative delegation, and the  
12 Governor in the fall following the school or district designation as low-performing. If the school or school district does not provide  
13 the evaluation information necessary to determine effective use, the principal of the school or the district superintendent may be  
14 subject to receiving a public reprimand by the State Board of Education if it is determined that those individuals are responsible for  
15 the failure to provide the required information.

16 Funds must be used by the department for implementation and delivery of technical assistance services. Using previous report  
17 card data and monitoring reports on the status of implementation of the school renewal plan, the department shall identify priority  
18 schools. Funds appropriated for technical assistance shall be used by the department to work with those schools identified as  
19 low-performing and to support priority schools under the tiered system. These funds shall not be transferred to any other funding  
20 category by the school district without prior approval of the State Superintendent of Education and funds are not subject to agency  
21 flexibility provisions.

23 school are considered vacant. Certified staff currently employed in priority schools must undergo an evaluation in the spring  
24 following the school's identification as a priority school and must meet determined goals to be rehired and continue their employment  
25 at that school. Educators who were employed at a school that is being reconstituted prior to July 2009, and to whom the employment  
26 and dismissal laws apply will not lose their rights in the reconstitution. If they are not rehired or are not assigned to another school  
27 in the school district they have the opportunity for a hearing. However, employment and dismissal laws shall not apply to educators

29 which the educator is employed. Those rights are only suspended in the event of a reconstitution of the entire school staff.  
30 Additionally, the rights and requirements of the employment and dismissal laws do not apply to educators who on July 1, 2009, were  
31 on an induction or annual contract, that subsequently were offered continuing contract status after the effective date of this proviso,  
32 and are employed at a school that is subject to reconstitution under this proviso.

30 “In\$ite” means the financial analysis model for education programs utilized by the Department of Education.

31 School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low  
32 enrollment courses, reducing travel for the staff and the school district’s board, reducing and limiting activities requiring dues and  
33 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and

5 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State  
6 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of

14 districts based on weighted pupil units.

15 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,  
16 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made  
17 available for public viewing and downloading. The register must include for each expenditure:

- 18 (i) the transaction amount;
- 19 (ii) the name of the payee; and
- 20 (iii) a statement providing a detailed description of the expenditure.

21 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must  
22 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete  
23 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at

27 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the  
28 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

29 The Comptroller General must establish and maintain a website to contain the information required by this section from a school  
30 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate  
31 between the school districts and search for the information they are seeking.

32 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title  
33 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of  
34 Education to exercise its authority to grant waivers under Regulation 43-261.

35 **1A.15.** (SDE-EIA: Teacher Salary Supplement) The department is directed to carry forward prior year unobligated teacher salary

2 fiscal year.

4 annually by December first, to the Governor, the Chairman of the Senate Finance Committee, the Chairman of the House Ways and

14 by the Department of Education's InSite classification for "Instruction" must be printed on the Annual School and District Report  
15 Card.

16 **1A.19.** (SDE-EIA: Core Curriculum Materials) The funds appropriated in Part IA, Section 1, VIII.A.3 for instructional materials  
17 for core curriculum shall be expended consistent with the requirements of Section 59-31-600 of the 1976 Code requiring the  
18 development of higher order thinking skills and critical thinking which should be integrated throughout the core curriculum  
19 instructional materials. Furthermore, the evaluation criteria used to select instructional materials with funds appropriated in Part IA,  
20 Section 1, VIII.A.3 shall include a weight of up to ten percent of the overall criteria to the development of higher order thinking skills  
21 and critical thinking.

22 **1A.20.** (SDE-EIA: Certified Staff Technology Proficiency) To ensure the effective and efficient use of the funding provided by  
23 the General Assembly in Part IA, Section 1 VIII.D. for school technology in the classroom and internet access, the State Department  
24 of Education shall approve district technology plans that specifically address and incorporate certified staff technology competency  
25 standards and local school districts must require certified staff to demonstrate proficiency in these standards as part of each certified  
26 staff's Professional Development plan. District adopted technology proficiency standards and plans should be, at minimum, aligned  
27 to the International Society for Technology in Education (ISTE) teacher standards. Evidence that districts are meeting the  
28 requirement is a prerequisite to expenditure of a district's technology funds.

29 **1A.21.** (SDE-EIA: Accountability Program Implementation) To support implementation of the accountability program, the  
30 Education Oversight Committee may carry forward unexpended Education Accountability Act funds authorized specifically for the  
31 administration of the Education Oversight Committee. For the current fiscal year the Education Oversight Committee may carry forward  
32 prior year EIA South Carolina Community Block Grants for Education Pilot Program funds not awarded by the grant committee. These  
33 funds must be used for an independent common evaluation of each awarded grant to ensure high quality programs that maximize a  
34 return on the state's investment.

35 **1A.22.** (SDE-EIA: 4K Targeting) EIA funds allocated for the provision of four-year-old kindergarten shall be utilized for the  
36 provision of services to age-eligible children in poverty, as defined in Proviso 1.3 of this Act. Children with developmental delays

1 documented through state approved screening assessments or children with medically documented disabilities who do not already  
2 qualify for special need services should also be considered for enrollment. In the event that more students seek to enroll than available  
3 space permits, districts shall prioritize students (at the time of acceptance) on the basis of family income expressed as a percentage  
4 of the federal poverty guidelines, with the lowest family incomes given the highest enrollment priority.

5 **1A.23.** (SDE-EIA: Reading) The funds allocated to the Department of Education for reading shall be used to provide districts  
6 with research-based strategies and professional development and to work directly with schools and districts to assist with  
7 implementation of research-based strategies. When providing professional development the department and school districts must  
8 use the most cost effective method and when able utilize ETV to provide such services throughout the state. The department shall  
9 establish measurements for monitoring impact on student achievement.

10 **1A.24.** (SDE-EIA: Students at Risk of School Failure) For the current fiscal year, EIA funds appropriated for students at academic  
11 risk of school failure, must be allocated to school districts based upon two factors: (1) poverty as determined for the poverty add on  
12 weight in Proviso 1.3; and (2) the number of weighted pupil units identified in the prior fiscal year as in need of academic assistance.  
13 At least eighty-five percent of the funds must be spent on instruction and instructional support for students at academic risk.  
14 Instructional support may include family literacy and parenting programs to students at-risk for school failure and their families.  
15 Students at academic risk are defined as students who are not meeting grade level standards in English language arts/reading and  
16 mathematics as evidenced by summative state assessments in grades three through eight or students who are not on track to meeting  
17 or exceeding English language arts/reading or mathematics standards by the end of third grade. Public charter schools, the Palmetto  
18 Unified School District, and the Department of Juvenile Justice must also receive a proportionate per pupil allocation based on the  
19 number of students at academic risk of school failure served.

20 **1A.25.** (SDE-EIA: Professional Development) Of the funds appropriated for professional development, up to \$500,000 may be  
21 expended for gifted and talented teacher endorsement and certification activities. The Department of Education must provide  
22 professional development on assessing student mastery of the content standards through classroom, formative and end-of-year  
23 assessments. The Department of Education also must post on the agency's website the South Carolina Professional Development  
24 Standards and provide training through telecommunication methods to school leadership on the professional development standards.

29 **1A.27.** (SDE-EIA: Adult Education) A minimum of thirty percent of the funds appropriated for adult education must be allocated  
30 to school districts to serve adult education students between the ages of seventeen and twenty-one who are enrolled in programs  
31 leading to a state high school diploma, state high school equivalency diploma (GED), or career readiness certificate. The remaining  
32 funds will be allocated to districts based on a formula which includes factors such as target populations without a high school  
33 credential, program enrollment the previous school year, number of students making an educational gain the previous school year,  
34 and performance factors such as number of high school credentials and career readiness certificates awarded the previous school  
35 year. Overall levels of state funding must meet the federal requirement of state maintenance of effort. Each school district must  
36 collect information from both the student and the school including why the student has enrolled in Adult Education and whether or

1 not the student is pursuing a GED or Diploma. The school district must then provide a quarterly report to the Department of Education  
 2 and must include the unique student identifier. The department, in turn, will provide summary information to the House Ways and  
 3 Means Committee, the House Education and Public Works Committee, the Senate Finance Committee and the Senate Education  
 4 Committee on the information. Up to a maximum of \$300,000, of funds may be used to establish an initiative by which qualifying  
 5 adult education students may qualify for a free high school equivalency test. The Department of Education shall establish guidelines  
 6 for the free high school equivalency testing initiative.

7 **1A.28.** (SDE-EIA: Clemson Agriculture Education Teachers) The funds appropriated in Part IA, Section VIII.F. for Clemson

 33 *independent schools participating use a curriculum that prepares children students to be ready for kindergarten as defined by the*  
 34 *South Carolina Early Learning Standards and that independent schools assess the early literacy gains of students participating in*  
 35 *CERDEP with either one of the state selected assessments or an early literacy assessment approved by the Office of First Steps.*

36 *Beginning with the current fiscal year, public schools and independent schools participating in CERDEP are not required to be*

5 reimbursement of ~~\$574~~ \$587 per eligible child transported. All providers who are reimbursed are required to retain records as  
6 required by their fiscal agent. New public school providers and child care providers participating for the first time in the current  
7 fiscal year and enrolling between one and six eligible children shall be eligible to receive up to \$1,000 per child in materials and  
8 equipment funding, with providers enrolling seven or more such children eligible for funding not to exceed \$10,000. Providers  
9 receiving equipment funding are expected to participate in the program and provide high-quality, center-based programs as defined  
10 herein for a minimum of three years. Failure to participate for three years will require the provider to return a portion of the equipment  
11 allocation at a level determined by the Department of Education and the Office of First Steps to School Readiness. Funding to  
12 providers is contingent upon receipt of data as requested by the Department of Education and the Office of First Steps. The  
13 Department of Education shall only provide funding for public school students whose complete records have been entered into  
14 PowerSchool based on the one hundred and thirty-five day student average daily membership. For the current fiscal year, providers  
15 may enroll pay-lunch children who score at or below the twenty-fifth national percentile on two of the three DIAL-3 subscales by  
16 July 1 if at least seventy-five percent of the total number of children eligible or the Child Early Reading Development and Education  
17 Program in a district or county are projected to be enrolled in that program, Head Start, or ABC Child Care Program as determined  
18 by the Department of Education and the Office of First Steps, Child Early Reading Development and Education Program. Providers  
19 may receive reimbursement for these children if funds are available.

20 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are  
21 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,  
22 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust  
23 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual  
24 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that  
25 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations  
26 for the current fiscal year to account for the findings.

27 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of  
28 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by January  
29 fifteenth of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both  
30 public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the  
31 program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of  
32 Education shall issue a unique student identifier for each child receiving services from a private provider. The Department of  
33 Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day  
34 four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and  
35 maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall  
36 use this data and all other collected and maintained data necessary to conduct a research based review of the program's

1 implementation and assessment of student success in the early elementary grades along with information, recommendations, and a  
2 timeline for how the state can increase the number of students served in high-quality programs.

3 For each school district that chooses not to participate in the full-day 4K program, the district will receive the same amount of  
4 EIA funds as allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the  
5 Department of Education for CERDEP or from any funds carried forward from the prior year to CERDEP.

6 For the current fiscal year, with unexpended funds carried forward from the prior fiscal year, the Office of First Steps may expend  
7 these funds accordingly: (1) up to \$1,000,000 may be used to pilot a program to provide higher reimbursement rates to high-quality  
8 child care centers. The reimbursement rate for students enrolled by child care providers rated B or higher in the ABC Quality System  
9 operated by the Department of Social Services may be increased by up to 10% of the per-student base following guidelines developed  
10 by the Office of First Steps; (2) up to \$100,000 may be used to provide one-time supplemental, needs-based incentive grants in an  
11 amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand service to ten or more  
12 CERDEP eligible children in communities unable to enroll all of eligible students in a public, private, or Head Start setting during  
13 the prior fiscal year. These grants are designed to address building renovations, documented as necessary to bring proposed  
14 classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently preventing their  
15 participation in the program. The First Steps Board of Trustees shall develop and approve an application process that incorporates  
16 formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program  
17 participation. Providers receiving this one-time supplement are expected to participate in the program and provide high-quality,  
18 center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the  
19 provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness.  
20 First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the House Ways  
21 and Means Committee and the Chairman of the Senate Finance Committee by March 15; and (3) up to \$1,000,000 may be used to  
22 provide grants to public-private partnerships to address building renovations and designs necessary to get the building and  
23 classrooms into compliance with licensing regulations and other obstacles that prevent participation in CERDEP following  
24 guidelines developed by the Office of First Steps. Providers participating in this pilot are expected to participate in the program  
25 and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three  
26 years will require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps.

27 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,  
28 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a  
29 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer  
30 enrollment the program funding shall conform to the funding in this act for full year programs, however shall be reduced on a pro  
31 rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and  
32 shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount  
33 contained in this Act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily  
34 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty  
35 days. Funds may also be used to provide professional development and quality evaluations of programs. No later than April first,  
36 the Department of Education and the Office of First Steps must report to the Chairman of the Senate Finance Committee and the

1 Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following information: the  
2 amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money  
3 used for professional development as well as the types of professional development offered and the number of participants. The  
4 Office of First Steps is directed to determine if the provision of extended programs in private centers improves the ability of parents  
5 to enter the workforce or to pursue postsecondary training or industry credentials.

6 **1A.30.** (SDE-EIA: Aid to Districts) Funds appropriated in Part IA, Section 1, VIII.A.1. Aid to Districts shall be dispersed monthly  
7 to school districts. For the current fiscal year, the remaining funds shall be allocated to districts based on the number of weighted  
8 pupil units.

9 **1A.31.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the  
10 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for  
11 individuals who teach children of poverty through weekend college, nontraditional or alternative learning opportunities.

12 **1A.32.** (SDE-EIA: IDEA Maintenance of Effort) Prior to the dispersal of funds appropriated in Section VIII.A.1. Aid to Districts  
13 according to Proviso 1A.30 for the current fiscal year, in the event that there is a reduction in state funds or there are changes in the  
14 Education Finance Act/Base Student Cost formula that would reduce support for children with disabilities, the Department of  
15 Education is authorized to utilize funds appropriated in Section VIII.A.1. Aid to Districts to ensure maintenance of state financial  
16 support for the IDEA. The department shall distribute these funds using the current fiscal year one hundred thirty-five day Average  
17 Daily Membership or as directed by the United States Department of Education. Funds provided for these purposes may not be  
18 transferred to any other purpose and therefore are not subject to flexibility. For continued compliance with the federal maintenance  
19 of state financial support requirements of the IDEA, funding for children with disabilities must, to the extent practicable, be held  
20 harmless to budget cuts or reductions to the extent those funds are required to meet federal maintenance of state financial support  
21 requirements under the IDEA. In the event cuts to funds that are needed to maintain fiscal effort are necessary, when administering  
22 such cuts, the department must not reduce funding to support children with disabilities who qualify for services under the IDEA in a  
23 manner that is disproportionate to the level of overall reduction to state programs in general. By December first, the department  
24 must submit an estimate of the IDEA maintenance of state financial support requirement to the General Assembly and the Governor.  
25 For the current fiscal year, the department may carry forward IDEA Maintenance of Effort funds from the prior fiscal year and  
26 expend them in the same manner.

34 support of students to further industry-specific career technology education; a description and history of their program nationally and

9 number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may  
10 not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to  
11 provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified  
12 in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must

36 district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or middle school or

1 a combination of these schools depending on the area of highest need in the district except in the event that the district can request

17 the local support requirements, shall also apply to any allocations made pursuant to this paragraph.

18 (F) The Department of Education must develop procedures for monitoring the use of funds appropriated for reading/literacy  
19 coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of Education  
20 may receive up to \$100,000 of the funds appropriated for reading/literacy coaches in order to implement this program, provided that  
21 this allocation does not exceed the department's actual costs.

31 must be approved by the department annually as part of the district reading plan.

32 (I) The Department of Education shall require:

33 (1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported  
34 reading/literacy coach; as well as the school in which the coach is assigned; and

1 (J) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the

11 the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook  
12 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the  
13 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs,  
14 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional

24 ~~—(A) If a child in foster care has been placed within the same foster home for at least 9 consecutive months and if the foster~~  
25 ~~parents are willing to provide permanency through adoption for the child, the department must obtain an attachment assessment, as~~  
26 ~~defined through rules or regulations promulgated by the agency, of the child and current foster parents before selecting a different~~

28 ~~Qualified attachment experts may include individuals who can demonstrate training and or education in attachment theory,~~  
29 ~~developmental psychology, and other qualifications defined through rules or regulations promulgated by the agency.~~

30 ~~—(B) If a child’s permanency plan includes reunification with a parent or caregiver, the department shall develop a transition~~  
31 ~~plan for the child, with input from the Guardian ad Litem and a child focused or other appropriate mental health professional. The~~  
32 ~~department’s proposed transition plan must include sufficient visitation with the permanent guardian to promote a successful and~~  
33 ~~emotionally healthy transition for the child, facilitate a positive relationship between caregiver and child, and lessen trauma that may~~  
34 ~~result from the move. If the department pursues placement with a natural parent, relative, or other adult with whom the child has~~  
35 ~~never lived, as determined to be in the child’s best interest, the department’s proposed transition plan must be progressive and include~~  
36 ~~increased overnight visitation with ongoing assessment of the plan and the child’s adjustment by the Guardian ad Litem and child~~

1 focused or other appropriate mental health professional. Modifications to the plan must be driven by the child's adjustment to the  
 2 transition.

3 ~~—(C) The department must file a Termination of Parental Rights petition if a child has been in foster care for 15 of the last 22~~  
 4 ~~months unless there are extenuating circumstances as defined in Section 63-7-1710 as follows:~~

6 ~~—(2) The department asserts to the court that the child may be safely returned to the parent because the parent has remedied~~  
 7 ~~the conditions that caused the removal, with or without supervision by the department for up to 12 months.~~

8 ~~—(3) The department's proposed treatment plan can be extended up to 18 months but only if: (a) the department presents~~  
 9 ~~compelling and persuasive evidence of how the parent has demonstrated due diligence in completing the plan; (b) the department~~  
 10 ~~can articulate for the court specific reasons to believe the parent will timely remedy the conditions which led to the removal; (c) the~~  
 11 ~~department affirms that the return of child to the parent would not cause unreasonable risk of harm; (d) the department has compelling~~  
 12 ~~reasons to assert that a Termination of Parental Rights is not in the best interests of the child; (e) the department has compelling~~  
 13 ~~reasons to assert the best interests of the child will be served by the extension.~~

14 ~~—(4) If the department assesses the viability of adoption and determines that adoption is not a viable option and has~~  
 15 ~~compelling reasons to assert that Termination of Parental Rights is not in the best interests of the child, then the department may~~  
 16 ~~pursue a permanent plan of custody or legal guardianship to relative or other person.~~

17 ~~—(D) In accordance with Sections 63-7-1640(G) and 1700(E), the department must file the petition for a Termination of Parental~~

15 apportioned among counties in accord with Section 17-3-330 of the 1976 Code, but on a per capita basis and based upon the most  
16 current official decennial census of the United States; provided that no county shall receive funding in an amount less than the amount  
17 apportioned to it as of July 1, 2005. The level of contribution of each county as of July 1, 2001, must be maintained. No county  
18 shall be permitted to contribute less money than the amount the county contributed in the prior fiscal year. Within the amount of  
19 money established for indigent defense services, the State shall set aside \$3,000,000 (Death Penalty Trial Fund) annually for use of  
20 the defense in capital cases pursuant to Section 16-3-26 of the 1976 Code, for juveniles facing the possibility of a sentence of life  
21 without parole, and for the expenses of the operation of the Commission on Indigent Defense to include salaries and operations  
22 expenses of the Death Penalty Trial Division. The State also shall set aside \$2,500,000 annually to pay fees and expenses of private  
23 counsel appointed in noncapital cases pursuant to Section 17-3-50 (Conflict Fund). Of the funds generated from the fees imposed  
24 under Sections 14-1-206(C)(4), 14-1-207(C)(6) and 14-1-208(C)(6) and the application fee provided in Section 17-3-30(B), on a  
25 monthly basis, fifty percent must be deposited into the Death Penalty Trial Fund, fifteen percent must be deposited into the Conflict  
26 Fund, and the remaining funds each month must be apportioned among the counties’ public defender offices pursuant to Section  
27 17-3-330. At the end of each fiscal year any leftover funds shall carryover to the next fiscal year. All applications for the payment  
28 of fees and expenses in capital cases shall be applied for from the Death Penalty Trial Fund which shall be administered by the  
29 Commission on Indigent Defense. All applications for the payment of fees and expenses of private counsel or expenses of public  
30 defenders pursuant to Section 17-3-50 shall be applied for from the Conflict Fund administered by the Commission on Indigent  
31 Defense. Reimbursement in excess of the hourly rate and limit set forth in Section 17-3-50 is authorized only if the court certifies,  
32 in a written order with specific findings of fact, prior to the fees being incurred, that reimbursement in excess of the rates or limit is  
33 necessary to provide reimbursement adequate to ensure effective assistance of counsel and reimbursement in excess of the limit is  
34 appropriate because the services to be provided are reasonable and necessary. If prior approval by written order of the court is not  
35 obtained, no additional fees shall be paid under any circumstances.

1 Upon a finding in ex parte proceedings that investigative, expert, or other services are reasonable and necessary for the  
2 representation of the defendant, the court shall authorize the defendant's attorney to obtain such services on behalf of the defendant  
3 and shall authorize the payment, from funds available to the Commission on Indigent Defense, of fees and expenses not to exceed  
4 five hundred dollars as the court considers appropriate. Payment in excess of the five hundred dollar limit is authorized only if the  
5 court certifies, in a written order with specific findings of fact, prior to the expense being incurred, that payment in excess of the  
6 limit is appropriate because the services to be provided are reasonable and necessary to provide adequate defense. Payments shall  
7 be made from funds appropriated for this purpose from the Commission of Indigent Defense. If prior approval by written order of  
8 the court is not obtained, no additional expenses shall be paid under any circumstances.

9 Indigent defense vouchers authorized in this provision must be reviewed and paid pursuant to procedures and policies established  
10 by the Commission on Indigent Defense. The commission shall provide a copy of the established procedures and policies to the  
11 Senate Finance Committee and the House Ways and Means Committee.

12 **61.2.** (INDEF: State Employee Compensation Prohibited) Except as otherwise provided in Proviso 117.5, no money  
13 appropriated pursuant to Defense of Indigents shall be used to compensate any state employees appointed by the court as examiners,  
14 guardians ad litem or attorneys nor shall such funds be used in payment to any state agency for providing such services by their  
15 employees.

16 **61.3.** (INDEF: Appellate Conflict Fund) The purpose of the Appellate Conflict Fund is to provide money to pay attorneys for  
17 representing indigent defendants on appellate review when the Office of Appellate Defense is unable to do so. Funds designated for  
18 appellate use in conflict cases shall be administered by the Commission on Indigent Defense. The Office of Appellate Defense must  
19 first determine that it is unable to provide representation. Fees shall be \$40 per hour for out of court work and \$60 for in court work,  
20 with a maximum of \$3,500 per case for noncapital appeals. Fees shall be \$50 per hour for out of court work and \$75 per hour for in  
21 court work in capital appeals with a maximum of \$10,000 per capital appeal. The appropriate appellate court shall review and  
22 approve vouchers for payment for appellate conflict cases. The Office of Appellate Defense shall continue to provide printing and  
23 other support functions currently provided from their resources. On June thirtieth of each year, the Commission on Indigent Defense  
24 shall review all outstanding obligations in this fund. Any unspent and unobligated money shall be used to pay outstanding vouchers  
25 in the Death Penalty Trial Fund or the Conflict Fund, provided the designated fund has become exhausted during the year.

26 **61.4.** (INDEF: SC Appellate Court Rule 608 Appointments) The funds appropriated under "SC Appellate Court Rule 608  
27 Appointments" shall be used for Civil Court Appointments including Termination of Parental Rights, Abuse and Neglect, Probate  
28 Court Commitments, Sexually Violent Predator Act, and Post-Conviction Relief (PCR) and Criminal Conflict appointments to  
29 reimburse court appointed private attorneys and for other expenditures as specified in this provision. SC Appellate Court Rule 608  
30 Appointments funds may not be transferred or used for any other purpose.

31 A portion of the funds appropriated under "SC Appellate Court Rule 608 Appointments" shall be used for "Termination of Parental  
32 Rights" cases and "Abuse and Neglect" cases to reimburse private attorneys who are appointed by the Family Court to represent  
33 guardians ad litem, children, or parents under the provisions of S.C. Code Sections 20-7-110 et seq., 20-7-1570 et seq., 20-7-1695  
34 (A)(2) et seq., 20-7-7205 et seq., and 20-7-8705 (4)(a) et seq.; for "Probate Court Commitment" cases to reimburse private attorneys  
35 who are appointed by the Probate Court to represent indigent persons; and for "Sexually Violent Predator" cases to reimburse private  
36 attorneys who are appointed by the Circuit Court pursuant to Sections 44-48-10, et seq., to represent indigent persons. When private

1 counsel is appointed pursuant to these provisions, counsel shall be reimbursed a reasonable fee to be determined on the basis of fifty  
2 dollars per hour or reimbursement may also be made on the basis of a set (flat) fee. The method of payment and the amount of the  
3 set fee will be determined by the Commission on Indigent Defense. Attorney fees shall not exceed two thousand dollars for any case  
4 under which such private attorney is appointed.

5 A portion of the funds appropriated under “SC Appellate Court Rule 608 Appointments” shall be used for noncapital Post  
6 Conviction Relief Cases. Any attorney appointed shall be compensated at a rate not to exceed forty dollars per hour for time expended  
7 out of court and sixty dollars per hour for time expended in court, or on the basis of a set (flat) fee. The method of payment and  
8 amount of set (flat) fee will be determined by the Commission on Indigent Defense. Attorney fees shall not exceed one thousand  
9 dollars in any single case.

10 A portion of the funds appropriated under “SC Appellate Court Rule 608 Appointments” shall be used for noncapital criminal  
11 cases pursuant to Section 17-3-50 (Conflict Fund). Any attorney appointed shall be compensated at a rate not to exceed forty dollars  
12 per hour for time expended out of court and sixty dollars per hour for time expended in court, or on the basis of a set (flat) fee. The  
13 method of payment and amount of set (flat) fee will be determined by the Commission on Indigent Defense. Attorney fees shall not  
14 exceed three thousand five hundred dollars in any single felony case or one thousand dollars in any single misdemeanor case.

15 Reimbursement in excess of the hourly rate and limit set forth herein is authorized only if the court certifies, in a written order  
16 with specific findings of fact, prior to the fees being incurred, that reimbursement in excess of the rates or limit is necessary to provide  
17 reimbursement adequate to ensure effective assistance of counsel and reimbursement in excess of the limit is appropriate because  
18 the services to be provided are reasonable and necessary. If prior approval by written order of the court is not obtained, no additional  
19 fees shall be paid under any circumstances.

20 Upon a finding in ex parte proceedings that investigative, expert, or other services are reasonable and necessary for the  
21 representation of the defendant, the court shall authorize the defendant’s attorney to obtain such services on behalf of the defendant  
22 and shall authorize the payment, from funds available to the Commission on Indigent Defense, of fees and expenses not to exceed  
23 five hundred dollars as the court considers appropriate. Payment in excess of the five hundred dollar limit is authorized only if the  
24 court certifies, in a written order with specific findings of fact, prior to the expense being incurred, that payment in excess of the  
25 limit is appropriate because the services to be provided are reasonable and necessary to provide adequate defense. Payments shall  
26 be made from funds appropriated for this purpose from the Commission of Indigent Defense. If prior approval by written order of  
27 the court is not obtained, no additional expenses shall be paid under any circumstances.

28 Indigent defense vouchers authorized in this provision must be reviewed and paid pursuant to procedures and policies established  
29 by the Commission on Indigent Defense. The commission shall provide a copy of the established procedures and policies to the  
30 Senate Finance Committee and the House Ways and Means Committee.

31 A portion of the funds appropriated under “SC Appellate Court Rule 608 Appointments” may be used by the Commission on  
32 Indigent Defense to retain, on a contractual basis, the services of attorneys qualified to handle civil and criminal court appointments,  
33 to be reimbursed in accordance with applicable provisos and statutes.

34 **61.5.** (INDEF: Carry Forward) To offset budget reductions, the Commission on Indigent Defense may carry forward and utilize  
35 any unencumbered balances available in the Appellate Conflict Fund and the SC Appellate Court Rule 608 Appointment Fund at the  
36 end of the prior fiscal year.

1       **61.6.** (INDEF: Public Defender Fee) Every person placed on probation on or after July 1, 2003, who was represented by a public  
2 defender or appointed counsel, shall be assessed a fee of five hundred dollars. The revenue generated from this fee must be collected  
3 by the clerk of court and sent on a monthly basis to the Commission on Indigent Defense. However, if a defendant fails to pay this  
4 fee, this failure alone is not sufficient basis for incarceration for a probation violation. This assessment shall be collected and paid  
5 over before any other fees.

6       **61.7.** (INDEF: Defense of Indigents Civil Action Application Fee) (A) A person requesting appointment of counsel in any  
7 termination of parental rights (TPR), abuse and neglect, or any other civil court action in this state shall execute an affidavit that the  
8 person is financially unable to employ counsel and that affidavit shall set forth all of the person's assets. This affidavit must be  
9 completed before counsel may be appointed. If it appears that the person has some assets but they are insufficient to employ private  
10 counsel, the court, in its discretion, may order the person to pay these assets or a portion thereof to the Commission on Indigent  
11 Defense.

12       (B) A forty dollar application fee for appointed counsel services must be collected from every person who executes an affidavit  
13 that they are financially unable to employ counsel. The person may apply to the court, the clerk of court, or other appropriate official  
14 for a waiver or reduction in the application fee. If it is determined that the person is unable to pay the application fee, the fee may  
15 be waived or reduced, provided that if the fee is waived or reduced, the clerk or appropriate official shall report the amount waived  
16 or reduced to the trial judge and the trial judge shall order the remainder of the fee paid by a time payment method or such method  
17 as the trial judge deems appropriate. The clerk of court or other appropriate official shall collect the application fee imposed by this  
18 section and remit the proceeds to the Commission on Indigent Defense on a monthly basis. The monies must be deposited in an  
19 interest-bearing account separate from the general fund and used only to provide for indigent defense services. The monies shall be  
20 administered by the Commission on Indigent Defense. The clerk of court or other appropriate official shall maintain a record of all  
21 persons applying for representation and the disposition of the application and shall provide this information to the Commission on  
22 Indigent Defense on a monthly basis as well as reporting the amount of funds collected or waived.

23       (C) In matters in which a juvenile is brought before a court, the parents or legal guardian of such juvenile shall execute the above  
24 affidavit based upon their financial status and shall be responsible for paying any fee. In matters concerning juveniles, the parents  
25 or legal guardians of said juvenile, shall be advised in writing of this requirement at the earliest stage of the proceedings against said  
26 juvenile.

27       (D) Nothing contained above shall restrict or hinder a court from appointing counsel in any emergency proceedings or where  
28 existing statutes do not provide sufficient time for an individual to complete the application process.

29       (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is  
30 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a  
31 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

32       (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing  
33 of a claim shall not constitute a lien against real or personal property of the person unless, in the discretion of the court, part or all of  
34 such claim is reduced to judgment by appropriate order of the court, after serving the person with at least thirty days' notice that  
35 judgment will be entered. When a claim is reduced to judgment, it shall have the same effect as judgments, except as modified by  
36 this provision.

1       **61.8.** (INDEF: Exemption for Pass Through Funding) The funds distributed by the Commission on Indigent Defense to the  
2 Legal Services Corporation in accordance with Section 14-1-204 of the 1976 Code shall not be considered part of the commission's  
3 budget for purposes of calculating budget reductions.

4       **61.9.** (INDEF: Reporting Requirement) Circuit Public Defenders shall provide, in a manner and form as the agency head  
5 requires, information and data concerning caseloads, dispositions, and other information as required by the agency head or General

11 and the Commission on Indigent Defense.

12       **61.11.** (INDEF: Capital Case Contract Attorneys) Funds appropriated from the Death Penalty Trial Fund may be used by the  
13 commission to retain, on a contractual basis, the service of attorneys qualified to provide representation in capital proceedings to  
14 include: capital trials, post-conviction relief actions, re-sentencing, appeals or any other capital litigation proceeding. *The*  
15 *commission may use these funds to retain, on a contractual basis, the services of other professionals to assist court appointed*  
16 *attorneys to provide effective representation in the above capital proceeds.*

17       The commission shall establish all policies, procedures and contract provisions as it deems appropriate for the implementation of  
18 the system, including but not limited to the selection and compensation of contract awardees.

19       **61.12.** (INDEF: Optional Courts and Indigent Representation) If a municipality has or elects to have an optional municipal court  
20 system, it must provide adequate funds for representation of indigents. No public defender shall be appointed in any such court  
21 unless the municipality and the office of the circuit public defender have reached an agreement for indigent representation and no  
22 funds allocated to the commission shall be used to provide compensation for appointed counsel in municipal courts.

6 the Warehouse. All agencies shall cooperate with the Office in the development of these analytic tools. It is the intent of this provision  
7 that the analytic tools developed under this provision shall be made available to members of the South Carolina General Assembly  
8 and their research staff members, state agencies, and researchers. To that end, the Office shall, in consultation with the participating  
9 agencies, promulgate regulations addressing access to and use and release of information generated through use of the query tools.

10 All state agencies participating in the Warehouse shall utilize it and its associated software applications in the day-to-day operation  
11 of their programs and for coordination, collaboration, program evaluation and outcomes analysis. The Department of Health and  
12 Environmental Control shall be exempt from usage of the integrated client management system and the analytic query tools in the  
13 day-to-day operation of their Client Automated Record and Encounter System *or other electronic health record system* and their

21 of major bodily function, and the State Health Plan may not offer coverage for abortion services, including ancillary services provided  
22 contemporaneously with abortion services. The Public Employee Benefit Authority must determine the amount of the total premium

15 administrative policies to be determined by the Public Employee Benefit Authority. The former spouses may only elect such health,  
16 dental, and vision coverage as required by the court order. The former spouse's individual coverage may continue under the State  
17 Health Plan as long as authorized under the court order and the subscriber remains a participant in the State Health Plan. This proviso  
18 does not affect a subscriber's ability to cover a current spouse on an employee/retiree and spouse or full family policy when the  
19 subscriber's former spouse is covered on a separate policy.

29 necessary to supply the service, or fulfill the purpose for which such fee or income was charged. Notwithstanding other provisions  
30 of this act, funds at state institutions of higher learning derived wholly from athletic or other student contests, from the activities of  
31 student organizations, and from the operations of canteens and bookstores, and from approved Private Practice plans at institutions  
32 and affiliated agencies may be retained at the institution and expended by the respective institutions only in accord with policies  
33 established by the institution's Board of Trustees. Such funds shall be audited annually by the State but the provisions of this act  
34 concerning unclassified personnel compensation, travel, equipment purchases and other purchasing regulations shall not apply to the  
35 use of these funds.

1       **117.9.** (GP: Transfers of Appropriations) Agencies and institutions shall be authorized to transfer appropriations within programs  
2 and within the agency with notification to the Executive Budget Office and Comptroller General. No such transfer may exceed  
3 twenty percent of the program budget. Upon request, details of such transfers may be provided to members of the General Assembly  
4 on an agency by agency basis. Transfers of appropriations from personal service accounts to other operating accounts or from other  
5 operating accounts to personal service accounts may be restricted to any established standard level set by the State Fiscal  
6 Accountability Authority upon formal approval by a majority of the members of the State Fiscal Accountability Authority.

7       **117.10.** (GP: Federal Funds - DHEC, DSS, DHHS - Disallowances) Amounts appropriated to the Department of Health and  
8 Environmental Control, Department of Social Services and Department of Health and Human Services may be expended to cover  
9 program operations of prior fiscal years where adjustment of such prior years are necessary under federal regulations or audit  
10 exceptions. All disallowances or notices of disallowances by any federal agency of any costs claimed by these agencies shall be  
11 submitted to the State Auditor, the Senate Finance Committee and the House Ways and Means Committee, within five days of receipt  
12 of such actions.

13       **117.11.** (GP: Fixed Student Fees) During the current fiscal year, student fees at the state institutions of higher learning shall be  
14 fixed by the respective Boards of Trustees as follows:

15       (1) Fees applicable to student housing, dining halls, student health service, parking facility, laundries and all other personal  
16 subsistence expenses shall be sufficient to fully cover the total direct operating and capital expenses of providing such facilities and  
17 services over their expected useful life except those operating or capital expenses related to the removal of asbestos.

18       (2) Student activity fees may be fixed at such rates as the respective Boards shall deem reasonable and necessary.

19       **117.12.** (GP: Tech Educ. Colleges Student Activity Fees) Notwithstanding any other provisions of this act, funds at technical  
20 education colleges derived wholly from the activities of student organizations and from the operations of canteens and bookstores  
21 may be retained by the college and expended only in accord with policies established by the respective college's area commission  
22 and approved by the State Board for Technical and Comprehensive Education.

23       **117.13.** (GP: Discrimination Policy) It is the policy of the State of South Carolina to recruit, hire, train, and promote employees  
24 without discrimination because of race, color, sex, national origin, age, religion or physical disability. This policy is to apply to all  
25 levels and phases of personnel within state government, including but not limited to recruiting, hiring, compensation, benefits,  
26 promotions, transfers, layoffs, recalls from layoffs, and educational, social, or recreational programs. It is the policy of the State to  
27 take affirmative action to remove the disparate effects of past discrimination, if any, because of race, color, sex, national origin, age,  
28 religion or physical disability.

29       Each state agency shall submit to the State Human Affairs Commission employment and filled vacancy data by race and sex by  
30 October thirty-first, of each year.

31       In accordance with Section 1-13-110 of the 1976 Code, as amended, the Human Affairs Commission shall submit a report on the  
32 status of state agencies' Affirmative Action Plans and Programs to the General Assembly by February first each year. This report  
33 shall contain the total number of persons employed in each job group, by race and sex, at the end of the preceding reporting period,  
34 a breakdown by race and sex of those hired or promoted from within the agency during the reporting period, and an indication of  
35 whether affirmative action goals were achieved. For each job group referenced in the Human Affairs report, where the hiring of  
36 personnel does not reflect the percentage goals established in the agency's affirmative action plan for the year in question, the state

1 agency shall submit a detailed explanation to the Human Affairs Commission by February fifteenth, explaining why goals were not  
2 achieved.

3 The Human Affairs Commission shall review the explanations and notify the Department of Administration of any agency not in  
4 satisfactory compliance with meeting its stated goals.

5 The Department of Administration shall notify any agency not in compliance that their request for additional appropriations for  
6 the current appropriation cycle, may not be processed until such time as the Department of Administration, after consultation with  
7 the Human Affairs Commission, is satisfied that the agency is making a good faith effort to comply with its affirmative action plan,  
8 and that the compliance must be accomplished within a reasonable length of time to be determined by the mission and circumstances  
9 of the agency. This requirement shall not affect additional appropriation requests for public assistance payments or aid to entities.  
10 This section does not apply to those agencies that have been exempted from the reporting requirements of the Human Affairs  
11 Commission.

12 **117.14.** (GP: FTE Management) In order to provide the necessary control over the number of employees, the Executive Budget  
13 Office is hereby directed to maintain close supervision over the number of state employees, and to require specifically the following:

14 (1) That no state agency exceed the total authorized number of full-time equivalent positions and those funded from state  
15 sources as provided in each section of this act except by majority vote of the State Fiscal Accountability Authority.

16 (2) That the Executive Budget Office shall maintain and make, as necessary, periodic adjustments thereto, an official record  
17 of the total number of authorized full-time equivalent positions by agency for state and total funding sources.

18 (a) That within thirty days of the passage of the Appropriation Act or by August first, whichever comes later, each agency  
19 of the State must have established on the Executive Budget Office records all positions authorized in the Act. Each agency may,  
20 upon notification to the Executive Budget Office, change the funding source of state FTE positions established on the Executive  
21 Budget Office records as necessary to expend federal and other sources of personal service funds to conserve or stay within the state  
22 appropriated personal service funds. No agency shall change funding sources that will cause the agency to exceed the authorized  
23 number of state or total full-time equivalent positions. Each agency may transfer FTEs between programs as needed to accomplish  
24 the agency mission.

25 (b) That by September thirtieth, the office shall prepare a FTE analysis, by agency, which shows the number of authorized,  
26 filled, and vacant positions by source of funds for the current and two previously completed fiscal years. The office shall provide a  
27 copy of each agency's FTE analysis to the Senate Finance and House Ways and Means Committees.

28 (3) That full-time equivalent (FTE) positions shall be determined under the following guidelines:

29 (a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.

30 (b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for  
31 that position.

32 (c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty  
33 with a duration of nine months.

34 The FTE method of accounting shall be utilized for all authorized positions.

35 (4) That the number of positions authorized in this act shall be reduced in the following circumstances:

36 (a) Upon request by an agency.

1 (b) When anticipated federal funds are not made available.

2 (c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions  
3 in any state agency.

4 (5) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but  
5 temporary positions may be so funded.

6 (6) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation  
7 Plan under item I of Section 8-11-260 of the 1976 Code.

8 The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of  
9 personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one  
10 hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new  
11 positions).

12 **117.15.** (GP: Allowance for Residences & Compensation Restrictions) That salaries paid to officers and employees of the State,  
13 including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office or of  
14 employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for  
15 at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The charge  
16 for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each agency  
17 maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal  
18 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical  
19 care at the MUSC Medical Center, nor to the Superintendent and staff of John de la Howe School, nor to the cottage parents and staff  
20 of Wil Lou Gray Opportunity School, nor to full-time or part-time staff who work after regular working hours in the SLED  
21 Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science and Mathematics and the  
22 Governor's School for Arts and Humanities who are required to stay on campus by the institution because of job requirements or  
23 program participation. Any state institution of higher learning may provide complimentary membership privileges to employees  
24 who work at their wellness centers. The presidents of those state institutions of higher learning authorized to provide on-campus  
25 residential facilities for students may be permitted to occupy residences on the grounds of such institutions without charge.

26 Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the amount  
27 to be approved by the State Fiscal Accountability Authority.

28 That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm Director,  
29 Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State Commission of  
30 Forestry fire tower operators, forestry aides, and caretaker at central headquarters; the Department of Natural Resources' Wildlife  
31 Management Area Personnel, Fish Hatchery Personnel, and Heritage Trust Personnel; the Department of Parks, Recreation and  
32 Tourism field personnel in the State Parks Division; Director of Wil Lou Gray Opportunity School; President of the School for the  
33 Deaf and the Blind; houseparents for the Commission for the Blind; South Carolina Department of Health and Environmental Control  
34 personnel at the State Park Health Facility and Camp Burnt Gin; Residence Life Coordinators at Lander University; Residence Life  
35 Directors, temporary and transition employees, student interns, and emergency personnel at Winthrop University; Farm  
36 Superintendent at Winthrop University; Residence Hall Directors at the College of Charleston; the Department of Disabilities and

1 Special Needs' physicians and other professionals at Whitten Center, Clemson University Off-Campus Agricultural Staff and  
2 Housing Area Coordinators; and TriCounty Technical College's Bridge to Clemson Resident and Area Directors; and housing  
3 maintenance night supervisors, residence life directors, temporary and transition employees, and emergency medical personnel  
4 occupying residences owned by the University of South Carolina. Except in the case of elected officials, the fair market rental value  
5 of any residence furnished to a state employee shall be reported by the state agency furnishing the residence to the Agency Head  
6 Salary Commission, and the Department of Administration by October first of each fiscal year.

7 All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan, approved  
8 by the Department of Administration, applicable to all personnel of the State Government whose compensation is not specifically  
9 fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal service is  
10 drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and unclassified  
11 employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary adjustment  
12 shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire. Academic  
13 personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered by the  
14 plan may be excluded therefrom but their compensations as approved by the Department of Administration shall, nevertheless, be  
15 subject to review by the State Fiscal Accountability Authority. Salary appropriations for employees fixed in this act shall be in full  
16 for all services rendered, and no supplements from other sources shall be permitted or approved by the State Fiscal Accountability  
17 Authority. With the exception of travel and subsistence, legislative study committees shall not compensate any person who is  
18 otherwise employed as a full-time state employee. Salaries of the heads of all agencies of the State Government shall be specifically  
19 fixed in this act and no salary shall be paid any agency head whose salary is not so fixed. As long as there is no impact on appropriated  
20 funds, state agencies and institutions shall be allowed to spend public funds and/or other funds for designated employee award  
21 programs which shall have written criteria approved by the agency governing board or commission. For purposes of this section,  
22 monetary awards, if any, shall not be considered a part of an employee's base salary, a salary supplement, or a perquisite of  
23 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the  
24 Department of Administration.

25 In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply if  
26 the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet  
27 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average  
28 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging  
29 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent  
30 paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the  
31 close of the calendar year in which the taxable year begins, or, in the case of a rental period not greater than one year, at any time  
32 during the calendar year in which the period begins.

36 for personal expenses incurred in connection with the performance of their official duties. Reimbursements may be made to the

1 presidents from funds available to their respective institutions for any personal expenses incurred provided that all requests for  
2 reimbursement are supported by properly documented vouchers processed through the normal accounting procedures of the  
3 institutions.

4 **117.17.** (GP: Replacement of Personal Property) The Department of Juvenile Justice, Department of Corrections, Department  
5 of Probation, Parole and Pardon Services, Department of Mental Health, Department of Disabilities and Special Needs, Continuum  
6 of Care, Department of Social Services and School for the Deaf and the Blind may replace the personal property of an employee  
7 which has been damaged or destroyed by a client while in custody of the agency. The replacement of personal property may be  
8 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head  
9 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry  
10 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per  
11 incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

12 **117.18.** (GP: Business Expense Reimbursement) Agency heads and deputy commissioners or deputy directors designated by  
13 agency heads may receive reimbursements for business expenses incurred while performing their official duties, provided that  
14 receipts are presented when seeking reimbursement and justification is submitted to document the time, place, and purpose of the  
15 expense as well as the names of the individuals involved. The Department of Administration shall promulgate regulations governing  
16 these expenses.

17 **117.19.** (GP: Per Diem) The per diem allowance of all boards, commissions and committees shall be at the rate of \$35 per day.  
18 No full-time officer or employee of the State shall draw any per diem allowance for service on such boards, commissions or  
19 committees.

20 **117.20.** (GP: Travel - Subsistence Expenses & Mileage) Travel and subsistence expenses, whether paid from state appropriated,  
21 federal, local or other funds, shall be allowed in accordance with the following provisions:

22 (A) Unless otherwise provided in paragraphs B through H of this section, all employees of the State of South Carolina or any  
23 agency thereof including employees and members of the governing bodies of each technical college while traveling on the business  
24 of the State shall, upon presentation of a paid receipt, be allowed reimbursement for actual expenses incurred for lodging, not to  
25 exceed the current maximum lodging rates, excluding taxes, established by the U.S. General Services Administration. The lodging  
26 reimbursement for employees of a school district must also conform to these rates when that employee's travel reimbursement is  
27 paid by state funds that are transferred to the school district. Agencies may contract with lodging facilities to pay on behalf of an  
28 employee. Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority  
29 by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the  
30 obtaining of meals except that such costs shall not exceed \$35 per day within the State of South Carolina. For travel outside of South  
31 Carolina the maximum daily reimbursement for meals shall not exceed \$50. Agencies may contract with food or dining facilities to  
32 pay for meals on behalf of employees in accordance with rules and regulations established by the Office of Comptroller General. It  
33 shall be the responsibility of the agency head to monitor the charges for lodging which might be claimed by his employees in order  
34 to determine that such charges are following maximum lodging rates as established by the U.S. General Services Administration.  
35 Any exceptions must have the written approval of the agency head, taking into consideration location, purpose of travel or other

1 extenuating circumstances. The provisions of this item shall not apply to Section 42-3-40 of the 1976 Code, and when pertaining to  
2 institutions of higher learning, for travel paid with funds other than General Funds.

7 (D) Non-legislative members of committees appointed pursuant to Acts and Resolutions of the General Assembly whose  
8 membership consists solely of members of the General Assembly or members of the General Assembly and other personnel who are  
9 not employees of the State of South Carolina shall be allowed subsistence expenses of \$42 per day while traveling on official business,  
10 unless otherwise designated by law. Members of such committees may opt to receive actual expenses incurred for lodging and actual  
11 expenses incurred in the obtaining of meals in lieu of the allowable subsistence expense.

12 (E) Members of the state boards, commissions, or committees whose duties are not full-time and who are paid on a per diem  
13 basis, shall be allowed reimbursement for actual expenses incurred at the rates provided in paragraph A and I of this section while  
14 away from their places of residence on official business of the State. One person accompanying a handicapped member of a state  
15 board, commission, or committee on official business of the State shall be allowed the same reimbursement for actual expenses  
16 incurred at the rates provided in paragraph A through I of this section.

19 of his official residence, a Supreme Court Justice and a Judge of the Court of Appeals shall be allowed subsistence expenses in the  
20 amount of \$42 per day plus such mileage allowance for travel as is provided for other employees of the State. When traveling on  
21 official business of said court fifty or more miles outside the county of his official residence, each Justice and Judge of the Court of  
22 Appeals shall be allowed subsistence expenses in the amount as provided in this act for members of the General Assembly plus such  
23 mileage allowance for travel as is provided for other employees of the State. The Chief Justice, or such other person as the Chief  
24 Justice designates, while attending the Conference of Chief Justices and one member of the Supreme Court while attending the  
25 National Convention of Appellate Court Judges, and three Circuit Judges while attending the National Convention of State Trial  
26 Judges shall be allowed actual subsistence and travel expenses.

27 Upon approval of the Chief Justice, Supreme Court Justices, Judges of the Court of Appeals, Circuit Judges, and Family Court

29 provided in paragraph A of this section.

30 (G) No subsistence reimbursements are allowed to a Circuit Judge, a Family Court Judge, or an Administrative Law Judge while

32 fifty miles of his residence, a Circuit Court Judge, Family Court Judge, or an Administrative Law Judge is entitled to a subsistence  
33 allowance in the amount of \$42 per day plus such mileage allowance for travel as is provided for other employees of the State. While  
34 holding court or on other official business at a location fifty miles or more from his residence, a Circuit Court, Family Court or  
35 Administrative Law Judge is entitled to a subsistence allowance in the amount as provided in this act for members of the General  
36 Assembly plus such mileage allowance for travel as is provided for other employees of the State.

1 (H) Any retired Justice, Circuit Court Judge or Family Court Judge or Master-in-Equity appointed by the Supreme Court to serve  
2 as a Special Circuit Judge, Family Court Judge, Appeals Court Judge, or Acting Associate Justice shall serve without pay but shall  
3 receive the same allowance for subsistence, expenses, and mileage as provided in Part I for Circuit Court Judges.

4 (I) No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by  
5 which he is employed except as provided in paragraph E, of this section. When an employee is assigned to work a particular territory  
6 or district, and such territory or district and his official headquarters are in different localities or sections of the State, expenses may  
7 be allowed for the necessary travel to his official headquarters. The members of the Workers' Compensation Commission may be  
8 reimbursed at the regular mileage rate of one round trip each week from their respective homes to Columbia. No subsistence  
9 reimbursement shall be allowed to a member of the Workers' Compensation Commission while traveling in the county of his official  
10 residence. When traveling on official business of the commission outside the county of his official residence, a member of the  
11 Workers' Compensation Commission shall be allowed subsistence expenses in the amount of \$42 per day. When traveling on official  
12 business of the commission fifty or more miles outside the county of his official residence, each member shall be allowed a  
13 subsistence allowance in the amount as provided in this act for members of the General Assembly. When out-of-state, members of  
14 the Workers' Compensation Commission and the members of the Appellate Panel of the Department of Employment and Workforce  
15 may claim the established amount of per diem, as stated in the General Appropriation Act, or actual expenses as deemed reasonable  
16 by the Comptroller General. The members of the Appellate Panel of the Department of Employment and Workforce may be  
17 reimbursed at the regular mileage rate when the member is on official business fifty miles or more outside of Columbia. The members  
18 of the Appellate Panel of the Department of Employment and Workforce shall be allowed subsistence allowance in the amount as  
19 provided in this act for members of the General Assembly when the member is on official business fifty miles or more outside of  
20 Columbia.

21 (J) When an employee of the State shall use his or her personal automobile in traveling on necessary official business, a charge  
22 to equal the standard business mileage rate as established by the Internal Revenue Service will be allowed for the use of such  
23 automobile and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this  
24 calculation shall be the current rate established by the Internal Revenue Service. Whenever state provided motor pool vehicles are  
25 reasonably available and their use is practical and an employee of the State shall request for his own benefit to use his or her personal  
26 vehicle in traveling on necessary official business, a charge of four cents per mile less than the standard business mileage rate as  
27 established by the Internal Revenue Service will be allocated for the use of such vehicle and the employee shall bear the expense of  
28 supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the  
29 Internal Revenue Service. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep  
30 thereof but no mileage will be allowed. Agencies and employees are directed to use state fueling facilities to the maximum extent  
31 possible, when such use is cost beneficial to the State. When using commercial fueling facilities, operators of State-owned vehicles  
32 are directed to use self-service pumps. In traveling on the business of the State, employees are required to use the most economical  
33 mode of transportation, due consideration being given to urgency, schedules and like factors.

34 Mileage between an employee's home and his/her place of employment is not subject to reimbursement. However, when an  
35 employee leaves on a business trip directly from his/her home, and does not go by the employee's headquarters, the employee shall  
36 be eligible for reimbursement for actual mileage beginning at his/her residence.

1 (K) That a state agency may advance travel and subsistence expense monies to employees of that agency for the financing of  
2 ordinary and necessary travel required in the conducting of the business of the agency. The Office of Comptroller General is directed  
3 to develop and publish rules and regulations pertaining to the advancing of travel expenses and no state agency shall make such  
4 advances except under the rules and regulations as published. All advances for travel and subsistence monies shall be repaid to the  
5 agency within thirty days after the end of the trip or by July fifteenth, whichever comes first.

6 (L) That the state institutions of higher learning are authorized to reimburse reasonable relocation expenses for new employees  
7 when such reimbursements are considered by the agency head to be essential to successful recruitment of professionally competent  
8 staff members.

9 (M) The Office of Comptroller General is authorized to promulgate and publish rules and regulations governing travel and  
10 subsistence payments.

11 (N) No state funds may be used to purchase first class airline tickets.

12 **117.21.** (GP: Organizations Receiving State Appropriations Report) Each organization receiving a contribution in this act shall  
13 render to the state agency making the contribution by November first of the fiscal year in which funds are received, an accounting  
14 of how the state funds will be spent, goals to be accomplished, proposed measures to evaluate success in implementing and meeting  
15 the goals, a copy of the adopted budget for the current year, and also a copy of the organization's most recent operating financial  
16 statement. The funds appropriated in this act for contributions shall not be expended until the required financial statements are filed  
17 with the appropriate state agency. No funds in this act shall be disbursed to organizations or purposes which practice discrimination  
18 against persons by virtue of race, creed, color or national origin. The State Auditor shall review and audit, if necessary, the financial  
19 structure and activities of each organization receiving contributions in this act and make a report to the General Assembly of such  
20 review and/or audit, when requested to do so by the State Fiscal Accountability Authority. From the funds an organization receives  
21 from a state agency, for accountability purposes, by June thirtieth organizations receiving contributions in this act shall submit a  
22 report to the state agency making the contribution that includes an accounting of how the funds were spent and the outcome measures  
23 used to determine the success of the stated goals. State agencies receiving such data from organizations shall forward the information  
24 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

25 **117.22.** (GP: State-Owned Aircraft - Flight Logs) Each agency having in its custody one or more aircraft shall maintain a  
26 continuing log on all flights, which in order to promote accountability and transparency shall be open for public inspection and shall  
27 also be posted online. Any and all aircraft owned or operated by agencies of the State Government shall be used only for official  
28 business. The Division of Aeronautics and other agencies owning and operating aircraft may furnish transportation to the Governor,  
29 Constitutional Officers, members of the General Assembly, members of state boards, commissions, and agencies and their invitees  
30 for official business only; no member of the General Assembly, no member of a state board, commission, or committee, and no state  
31 official shall use any state-owned or operated aircraft unless the member or official files within twenty-four hours after the completion  
32 of the flight with the agency that provided the flight a sworn statement certifying and describing the official nature of his trip; and  
33 no member of the General Assembly, no member of a state board, commission or committee, and no state official shall be furnished  
34 air transportation by a state agency unless such agency prepares and maintains in its files a sworn statement from the highest ranking  
35 official of the agency or its designee certifying that the member's or state official's trip was in conjunction with the official business  
36 of the agency. Official business shall not include routine transportation to and from meetings of the General Assembly or committee

31 the amount of principal and interest paid on the loan in the prior calendar year. Reimbursements under the program may continue  
32 until all outstanding law school loans are satisfied; however, such reimbursements shall not exceed \$40,000 per qualifying attorney.  
33 Reimbursements shall be adjusted if necessary so as not to exceed appropriations for the program.

34       The Prosecutors and Defenders Public Service Incentive Program must be administered by the Commission on Prosecution  
35 Coordination, which shall pay for the cost of administration within the funds appropriated.

1 The Office of Attorney General, the Commission on Prosecution Coordination, and the Commission on Indigent Defense shall  
2 each compile a report that includes, but is not limited to, the number of applicants and the impact of the program on attracting and  
3 retaining attorneys. The Commission on Prosecution Coordination shall also compile a report that includes, but is not limited to, the  
4 cost of administering the program as well as the amount of reimbursements per agency or entity. Such reports shall be submitted to  
5 the Senate Finance Committee and the House Ways and Means Committee by April first.

6 Unexpended program funds from the prior fiscal year may be carried forward into the current fiscal year to be used for the same  
7 purpose.

8 **117.62.** (GP: Attorney Dues) Agencies and offices of the State of South Carolina that employ attorneys are authorized, if they  
9 so decide, to use other appropriated funds, including General Fund carry forward funds, to pay the costs of mandatory dues owed to  
10 the South Carolina Bar Association.

11 **117.63.** (GP: Critical Employee Recruitment and Retention) State agencies are allowed to spend state, federal, and other sources  
12 of revenue to provide lump sum bonuses to aid in recruiting and retaining workers in critical needs jobs which provide services that  
13 directly impact the health, safety, and welfare of the public. The employee bonus amount shall be approved by the State Human  
14 Resources Director based on State Human Resources guidelines, and shall not exceed \$10,000 per year. Payment of these bonuses  
15 is not a part of the employee's base salary and is not earnable compensation for purposes of employee and employer contributions  
16 to respective retirement systems. These bonuses shall, however, be considered earnings for determining if an employee who has  
17 returned to work after retirement is subject to the earning limitation imposed in either Section 9-1-1790(A)(1) or Section 9-11-  
18 (4)(a)(i).

19 These agencies may also provide paid educational leave for any employee in a FTE position deemed critical by the Department of  
20 Administration to attend class while enrolled in degree programs that are related to the agency's mission. All such leave is at the  
21 agency head's discretion.

22 These agencies may enter into an agreement with individuals employed in critical needs positions to repay them for their  
23 outstanding student loans associated with completion of a relevant degree. Agencies may pay these employees up to twenty percent  
24 or \$7,500, whichever is less, of their outstanding student loan each year over a five-year period. Payments will be made directly to  
25 the employee at the end of each year of employment. The agency will be responsible for verifying the principal balance of the  
26 employee's student loan prior to issuing payments.

27 Agencies are also authorized to allow tuition reimbursement from a maximum of ten credit hours per semester; allow probationary  
28 employees to participate in tuition programs; and provide tuition prepayment instead of tuition reimbursement for employees willing  
29 to pursue a degree in a healthcare program. An agency may pay up to fifty percent of an employee's tuition through tuition  
30 prepayment. The remaining tuition could be reimbursed to the employee after successful completion of the class.

31 The Department of Administration shall approve of the designation of critical needs positions applicable to this provision using  
32 guidelines that include, but are not limited to: 1) the difficulty recruiting for the positions as reflected by data such as the vacancy  
33 rate maintained, the average time to fill, the lack of sufficient qualified applicants, and other objective factors; 2) the difficulty  
34 retaining employees in the positions as shown by turnover data; 3) justification by the state agency that the position is critical to the  
35 core mission of the agency and directly impacts the health, safety and welfare of the public; and 4) assurances from the state agency  
36 that there are sufficient existing funds available to pay for items under this provision.

1 Healthcare employees in approved critical needs positions working on a practicum or required clinical experience towards  
2 completion of a healthcare degree may be allowed to complete these requirements at their state agency or another state agency at the  
3 discretion of the agency head. This field placement at another state agency may be considered work time for participating employees.

4 State agencies must report to the Department of Administration by August 31st of each year any expenditure under this provision.  
5 The Department of Administration shall compile a report of the responses and submit them to the Chairman of the Senate Finance  
6 Committee and the Chairman of the House Ways and Means Committee by October 1<sup>st</sup> of each year.

7 **117.64.** (GP: Governor's Budget Certification) The annual Executive Budget proposed by the Governor must be certified by the  
8 Director of the Revenue and Fiscal Affairs Office or his designee in the same manner as the House Ways and Means and Senate  
9 Finance Committee versions of the budget bill are certified.

10 **117.65.** (GP: Voluntary Furlough) Agency heads may institute a voluntary employee furlough program of not more than ninety  
11 days per fiscal year. During this voluntary furlough, the state employees shall be entitled to participate in the same state benefits as  
12 otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee  
13 contributions, the state agencies, institutions and departments will be responsible for making both employer and employee  
14 contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the  
15 employee remains solely responsible for making those contributions. In the event an agency's reduction is due solely to the General  
16 Assembly transferring or deleting a program, this provision does not apply.

17 **117.66.** (GP: Governor's Security Detail) The State Law Enforcement Division, the Department of Public Safety, and the  
18 Department of Natural Resources shall provide a security detail to the Governor in a manner agreed to by the State Law Enforcement  
19 Division, the Department of Public Safety, the Department of Natural Resources, and the Office of Governor. Reimbursement to the  
20 State Law Enforcement Division, the Department of Public Safety, and the Department of Natural Resources to offset the cost of the  
21 security detail for the Governor shall be made in an amount agreed to by the State Law Enforcement Division, the Department of  
22 Public Safety, the Department of Natural Resources, and the Office of Governor from funds appropriated to the Office of Governor  
23 for this purpose. Law enforcement officers assigned to security detail for the Governor shall only perform services related to security  
24 and shall not provide any unrelated service during the assignment.

25 **117.67.** (GP: Reduction in Force Antidiscrimination) In the event of a reduction in force implemented by a state agency or  
26 institution, the state agency or institution must comply with Title VII of the Civil Rights Act of 1964 or any other applicable federal  
27 or state antidiscrimination laws.

28 **117.68.** (GP: Reduction in Force/Agency Head Furlough) In the event a reduction in force is implemented by a state agency or  
29 institution of higher learning, the agency head shall be required to take five days furlough in the current fiscal year. If more than one  
30 reduction in force plan is implemented in a fiscal year, the mandatory agency head furlough is only required for the initial plan. The  
31 agency head will retain all responsibilities and authority during the furlough. All monies saved from this furlough may be retained  
32 by that agency and expended at the discretion of the agency head. During this furlough, the agency head shall be entitled to participate  
33 in the same state benefits as otherwise available to them except for receiving their salaries. As to those benefits which require  
34 employer and employee contributions, the state agency will be responsible for making both employer and employee contributions if  
35 coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the agency head  
36 remains solely responsible for making those contributions.

1 Placement of an agency head on furlough under this provision does not constitute a grievance or appeal under the State Employee  
2 Grievance Procedure Act. In the event the reduction for the state agency or institution of higher learning is due solely to the General  
3 Assembly transferring or deleting a program, this provision does not apply. Agencies may allocate the agency head's reduction in  
4 pay over the balance of the fiscal year for payroll purposes regardless of the pay period within which the furlough occurs. The  
5 Department of Administration shall promulgate guidelines and policies, as necessary, to implement the provisions of this proviso.  
6 State agencies shall report information regarding furloughs to the Department of Administration.

7 For purposes of this provision, agency head includes the president of a technical college as defined by Section 59-103-5 of the  
8 1976 Code.

9 The agency head of the State Board for Technical and Comprehensive Education shall not be required to take this mandatory  
10 furlough based solely on the implementation of a reduction in force plan by a technical college.

11 An agency head shall not be required to take this mandatory furlough based solely on reductions in force implemented as a result  
12 of federal budget cuts or reorganization to accomplish organizational efficiencies.

13 **117.69.** (GP: Printed Report Requirements) (A) For Fiscal Year ~~2019-20~~ 2020-21, state supported institutions of higher learning  
14 shall not be required to submit printed reports mandated by Sections 2-47-40, 2-47-50, and 59-103-110 of the 1976 Code, and shall  
15 instead only submit the documents electronically.

16 Submission of the plans or reports required by Sections 59-101-350, 59-103-30, 59-103-45(4), and 59-103-160(D) shall be waived  
17 for the current fiscal year, except institutions of higher learning must continue to report student pass rates on professional  
18 examinations, and data elements otherwise required for the Commission on Higher Education Management Information System.  
19 The commission, in consultation with institutions, shall take further action to reduce data reporting burdens as possible.

20 (B) For Fiscal Year ~~2019-20~~ 2020-21, the Department of Agriculture shall not be required to submit printed reports mandated by  
21 Section 46-49-10 of the 1976 Code. The department shall provide these reports electronically and shall use any monetary savings  
22 for K5-12 agricultural education programs.

23 (C) For Fiscal Year ~~2019-20~~ 2020-21, the Department of Health and Human Services shall not be required to provide printed  
24 copies of the Medicaid Annual Report required pursuant to Section 44-6-80 of the 1976 Code and shall instead only submit the  
25 documents electronically.

26 (D) For Fiscal Year ~~2019-20~~ 2020-21, the Department of Transportation shall not be required to submit printed reports or  
27 publications mandated by Sections 1-11-58, 2-47-55, and 58-17-1450 of the 1976 Code.

28 The Department of Transportation may combine their Annual Report and Mass Transit Report into their Annual Accountability  
29 Report.

30 **117.70.** (GP: IMD Operations) The Department of Health and Human Services shall produce an annual report on  
31 Medicaid-funded out-of-home placements and associated expenditures which shall be provided to the Chairman of the Senate  
32 Finance Committee, Chairman of the House Ways and Means Committee, and the Governor no later than November first each year.

33 **117.71.** (GP: Fines and Fees Report) In order to promote accountability and transparency, each state agency must provide and  
34 release to the public via the agency's website, a report of all aggregate amounts of fines and fees that were charged and collected by  
35 that state agency in the prior fiscal year. The report shall include, but not be limited to: (1) the code section, regulation, or proviso  
36 that authorized the fines and fees to be charged, collected, or received; (2) the amount of the fine or fee; (3) the amount received by

1 source; (4) the purpose for which the funds were expended by the agency; (5) the amount of funds transferred to the general fund, if  
2 applicable, and the authority by which the transfer took place; and (6) the amount of funds transferred to another entity, if applicable,  
3 and the authority by which the transfer took place, as well as the name of the entity to which the funds were transferred. The report  
4 must be posted online by September first. Additionally, the report must be delivered to the Chairman of the Senate Finance  
5 Committee and the Chairman of the House Ways and Means Committee by September first. Funds appropriated to and/or authorized  
6 for use by each state agency shall be used to accomplish this directive.

7 **117.72.** (GP: Mandatory Furlough) In a fiscal year in which the general funds appropriated for a state agency are less than the  
8 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office  
9 implements a midyear across-the-board budget reduction, and agency heads institute a mandatory employee furlough program, in  
10 determining which employees must participate in the program, agency heads should give consideration to furloughs for contract  
11 employees, post-TERI employees, and TERI employees before other employees. During this mandatory furlough, the state  
12 employees shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries.  
13 As to those benefits which require employer and employee contributions, the state agencies, institutions, and departments will be  
14 responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those  
15 benefits which require only employee contributions, the employee remains solely responsible for making those contributions. In the  
16 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

17 **117.73.** (GP: Reduction In Force) In a fiscal year in which the general funds appropriated for a state agency are less than the  
18 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office  
19 implements a midyear across-the-board budget reduction, and agency heads must make reductions in force, agency heads should  
20 give consideration to reductions of contract employees, post-TERI employees, and TERI employees before other employees. In the  
21 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

22 **117.74.** (GP: Cost Savings When Filling Vacancies Created by Retirements) During the current fiscal year, whenever classified  
23 FTEs become vacant because of employee retirements, it is the intent of the General Assembly that state agencies should realize  
24 personnel costs savings of at least twenty-five percent in the aggregate when managing these vacant positions. Prior to filling a  
25 classified FTE which has become vacant because of a retirement, an agency must review and determine the appropriate salary for  
26 the position as well as determine whether the agency can manage without filling the position or by delay in filling the position. Prior  
27 to filling the vacant FTE, agencies must follow all laws and regulations concerning posting and competitive solicitation and  
28 consideration of applicants. No agency shall enter into any agreement with any employee that violates the terms of this proviso.

29 **117.75.** (GP: Information Technology for Health Care) From the funds appropriated and awarded to the South Carolina  
30 Department of Health and Human Services for the Health Information Technology for Economic and Clinical Health Act of 2009,  
31 the department shall advance the use of health information technology and health information exchange to improve quality and  
32 efficiency of health care and to decrease the costs of health care. In order to facilitate the qualification of Medicare and/or Medicaid  
33 eligible providers and hospitals for incentive payments for meaningful health information technology (HIT) use, a health care  
34 organization participating in the South Carolina Health Information Exchange (SCHIEEx) or a Regional Health Information  
35 Organization (RHIO) or a hospital system health information exchange (HIE) that participates in SCHIEEx may release patient records  
36 and medical information, including the results of any laboratory or other tests ordered or requested by an authorized health care

1 provider within the scope of his or her license or practice act, to another health information organization that requests the information  
2 via a HIE for treatment purposes with or without express written consent or authorization from the patient. A health information  
3 organization that receives or views this information from a patient's electronic health record or incorporates this information into the  
4 health information organization's electronic medical record for the patient in providing treatment is considered an authorized person  
5 for purposes of 42 C.F.R. 493.2 and the Clinical Laboratory Improvement Amendments.

6 **117.76.** (GP: Broadband Spectrum Lease) The General Assembly must approve any exercise of the Middle Band Segment  
7 Channel recapture provisions contained in the Educational Broadband Service Spectrum Lease Agreements if the exercise of the  
8 recapture provisions would result in a decrease in payments received by the State. The Educational Television Commission assumes  
9 management and administration of the lease and receives lease payments directly. The Educational Television Commission shall  
10 retain and expend funds received pursuant to the lease for agency operations. The commission shall be authorized to carry forward  
11 unexpended funds from the prior fiscal year into the current fiscal year. In the event of a default by the current lease holder, the  
12 Educational Television Commission is authorized to use contingent funds up until such time as a new lease can be negotiated by the  
13 State and the Educational Television Commission.

14 **117.77.** (GP: Reduction in Compensation) For the current fiscal year, no state agency or political subdivision of this state may  
15 decrease the compensation of an employee, including dismissal, suspension, or demotion, solely because the employee gave sworn  
16 testimony regarding alleged wrongdoing to a standing committee, subcommittee of a standing committee, or study committee of the  
17 Senate or the House of Representatives. This proviso shall apply regardless of when the alleged wrongdoing occurred.

18 **117.78.** (GP: Deficit Monitoring) It is the responsibility of each state agency, department, and institution to operate within the  
19 limits of its authorized appropriations. All agencies, departments, and institutions are to budget, allocate and manage its authorized  
20 appropriations in a way to avoid an operating deficit for the fiscal year.

21 If at the end of each quarterly deficit monitoring review by the Executive Budget Office, it is determined by either the Executive  
22 Budget Office or a state agency, department, or institution that the likelihood of a deficit for the current fiscal year exists, the state  
23 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget  
24 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the  
25 Executive Budget Office shall either request the General Assembly to recognize the deficit if it determines the deficit avoidance plan  
26 will not be sufficient to avoid a deficit or notify the General Assembly of how the deficit will be avoided based on the deficit  
27 avoidance plan if the Executive Budget Office determines the plan will be sufficient to avoid a deficit.

28 Upon notification from the Executive Budget Office that an agency will run a deficit and requesting that it be recognized, the  
29 General Assembly, by joint resolution, may make a finding that the cause of, or likelihood of, a deficit is unavoidable due to factors  
30 which are outside the control of the state agency, department, or institution, and recognize the deficit. Any legislation to recognize  
31 a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency,  
32 department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

33 If the General Assembly recognizes the deficit, then the actual deficit at the close of the fiscal year must be reduced as necessary  
34 from surplus revenues or surplus funds available at the close of the fiscal year in which the deficit occurs and from funds available  
35 in the General Reserve Fund and the Capital Reserve Fund, as required by the Constitution of this State.

1 Once a deficit has been recognized by the General Assembly, the state agency, department, or institution shall limit travel and  
2 conference attendance to that which is deemed essential by the director of the agency, department, or institution. In addition, the  
3 General Assembly, when recognizing a deficit may direct that any pay increases and purchases of equipment and vehicles must be  
4 approved by the Executive Budget Office.

5 **117.79.** (GP: Commuting Costs) State government employees who use a permanently assigned agency or state-owned vehicle  
6 to commute from their permanently assigned work location to and from the employee's home must reimburse the agency in which  
7 they are employed for commuting use in accordance with IRS regulations based on guidance from the Office of Comptroller General  
8 which must use the Cents per mile Rule, unless they are exempted from such reimbursement by applicable IRS regulations. These  
9 permanently assigned vehicles must be clearly marked as a state or agency vehicle through the use of permanent state-government  
10 license plates and either state or agency seal decals unless the vehicle is used primarily in undercover operations. This requirement  
11 does not apply to a vehicle used by an employee for the purpose of a special travel assignment, for active certified law enforcement  
12 officers authorized to carry firearms, execute warrants, and make arrests, for Constitutional Officers, or for Department of  
13 Transportation employees on call for emergency maintenance.

14 **117.80.** (GP: Bank Account Transparency and Accountability) Each state agency, except state institutions of higher learning,  
15 which has composite reservoir bank accounts or any other accounts containing public funds which are not included in the Comptroller  
16 General's South Carolina Enterprise Information System shall prepare a report for each account disclosing every transaction of the  
17 account in the prior fiscal year. The report shall be submitted to the State Fiscal Accountability Authority by October first of each  
18 fiscal year. The report shall include the name(s) and title(s) of each person authorized to sign checks or make withdrawals from each  
19 account, the name and title of each person responsible for reconciling each account, the beginning and year-end balance of funds in  
20 each account, and data related to both deposits and expenditures of each account. The report shall include, but not be limited to, the  
21 date, amount, and source of each deposit transaction and the date, name of the payee, the transaction amount, and a description of  
22 the goods or services purchased for each expenditure transaction. To facilitate review, the State Fiscal Accountability Authority  
23 shall prescribe a common format for the report which agencies must use. In order to promote accountability and transparency, a link  
24 to the report shall be posted on the Comptroller General's website as well as the agency's homepage.

25 When the State Auditor conducts or contracts for an audit of a state agency, accounts of the agency subject to this proviso must be  
26 included as part of the review.

27 If an agency determines that the release of the information required in this provision would be detrimental to the state or the  
28 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting  
29 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.  
30 However, the exemption may only be granted upon a majority vote of the State Fiscal Accountability Authority in a public meeting.

31 **117.81.** (GP: Websites) All agencies, departments, and institutions of state government shall be responsible for providing on its  
32 Internet website a link to the Internet website of any agency, other than the individual agency, department, or institution, that posts  
33 on its Internet website that agency, department, or institution's monthly state procurement card statements or monthly reports  
34 containing all or substantially all the same information contained in the monthly state procurement card statements. The link must  
35 be to the specific webpage or section on the website of the agency where the state procurement card information for the state agency,  
36 department, or institution can be found. The information posted may not contain the state procurement card number. Any

1 information that is expressly prohibited from public disclosure by federal or state law or regulation must be redacted from any posting  
2 required by this section.

3 **117.82.** (GP: Regulations) For the current fiscal year, if a state agency proposes a regulation that levies or increases a fee, fine,  
4 or that otherwise generates revenues, the title to the Joint Resolution which proposes the regulation must indicate that a fee, fine, or  
5 revenue source is being proposed.

6 **117.83.** (GP: Joint Children's Committee) For the current fiscal year, the Department of Revenue is directed to reduce the rate  
7 of interest paid on eligible refunds by one percentage point. Of the revenue resulting from this reduction, \$300,000 shall be  
8 transferred to the Senate for the Joint Citizens and Legislative Committee on Children to provide the report, research, and other  
9 operating expenses as directed in Section 63-1-50 of the 1976 Code. Funds transferred to the University of South Carolina for the  
10 Joint Citizens and Legislative Committee on Children shall be maintained in a separate and distinct account. A detailed report of all  
11 expenditures shall be made to the Executive Budget Office within thirty days of the close each fiscal quarter, and the Executive  
12 Budget Office shall distribute this information to the Chairman of the Senate Finance Committee and the Chairman of the House  
13 Ways and Means Committee. The remaining revenue resulting from this reduction shall be transferred to the Department of Juvenile  
14 Justice to be used for mentoring or alternatives to incarceration programs. Unexpended funds authorized by this provision may be  
15 retained and carried forward by the Senate or the Department of Juvenile Justice, respectively, and used for the same purposes. The  
16 rate of reduction authorized in this provision shall be in addition to the reduction authorized in Proviso 41.2.

17 **117.84.** (GP: Civil Conspiracy Defense Costs) For the current fiscal year, for any claim that has not reached a judgment, if a  
18 state or local government employee or former state or local government employee ("government employee") is personally sued for  
19 civil conspiracy based in part upon a personnel or employment action or decision regarding an employee, the court must, prior to  
20 trial, make a final determination whether the action or decision giving rise to the suit was made by the government employee within  
21 the scope of their official duty. If the court finds that the government employee was acting outside the scope of the employee's  
22 official duties, the government shall not thereafter expend any funds to pay or defend the claim. If the court finds the government  
23 employee was acting within the scope of their official duties, the employee is immune from suit, liability, and damages with respect  
24 to the civil conspiracy claim. The government may only expend funds to defend the claim if the determination is that the employee  
25 was acting within the scope of their official duties. Nothing in this proviso prevents an insurance provider from defending and  
26 paying, respectively, any claims that the provider has contractually agreed to defend and pay.

27 **117.85.** (GP: Recovery Audits) The State Fiscal Accountability Authority shall contract with one or more firms to conduct  
28 recovery audits of payments made by all state agencies to vendors for goods and services. The audits must be designed to detect,  
29 document, and recover overpayments and erroneous payments to the vendors and to recommend improved financial and operational  
30 practices and procedures. A state agency shall pay, from recovered monies received, the recovery audit firm responsible for obtaining  
31 for the agency a reimbursement or payment from a vendor a negotiated fee not to exceed twenty percent of the funds recovered by  
32 that firm.

33 Unless otherwise restricted by law, funds recovered, less the cost of recovery, shall be remitted to a special fund subject to  
34 appropriation by the General Assembly. Agencies may recover costs that are documented to be directly related to implementation  
35 of this provision.

1 Recovery audits apply only to payments made more than one hundred eighty days prior to the date the audit is initiated and shall  
2 cover at least three complete fiscal years.

3 All information provided under a contract must be treated as confidential by the recovery audit firm. A violation of this provision  
4 shall result in the forfeiture by the firm of all compensation under the contract and to the same sanctions and penalties that would  
5 apply to that disclosure.

6 Each state agency shall participate in this recovery audit program and shall cooperate and provide the recovery audit firm with all  
7 information necessary for the audit in a timely manner. All vendors that provide goods or services to a state agency shall cooperate  
8 with the recovery audit firm in its audit.

9 A state agency shall expend or return to the federal government any federal money that is recovered through a recovery audit  
10 conducted under this provision. Payments to the recovery audit firm from the federal share of recovered funds shall be solely from  
11 the federal portion as allowed by the federal agency.

12 In addition to performing the recovery audits, the recovery audit firm may conduct an analysis of contracts and pricing structures,  
13 as determined and directed by the Executive Director of the State Fiscal Accountability Authority or her or his designee, to identify  
14 and recommend future cost-savings and improved state agency financial operations going forward. A state agency shall pay the  
15 recovery audit firm responsible for obtaining the agency actual cost-savings a fee as authorized by the contract with the recovery  
16 audit firm.

17 The recovery audit firm shall provide reports to the State Fiscal Accountability Authority detailing its findings, the causes for the  
18 overpayments and erroneous payments, future cost-savings opportunities and its recommendations for strengthening state operations  
19 and/or state contracts to prevent improper payments in the future.

20 For purposes of this proviso, the term “vendor” or “vendors” includes, but is not limited to, sellers, suppliers, service providers,  
21 other providers, contractors and third party administrators; the term “overpayments and erroneous payments” includes, but is not  
22 limited to, overpayments, duplicate payments, erroneous payments, and rebates, discounts and credits not received; and the term  
23 “state agency” or “state agencies” includes all state agencies, boards, commissions, institutions and institutions of higher education.

24 The State Fiscal Accountability Authority shall provide copies, including electronic form copies, of final reports received from a  
25 firm under contract to: the Governor; the Chairman of the Senate Finance Committee; the Chairman of the House Ways and Means  
26 Committee; and the state auditor’s office. Not later than January first of each year, the board shall issue a report to the General  
27 Assembly summarizing the contents of all reports received under this provision during the prior fiscal year.

28 **117.86.** (GP: Means Test) All agencies providing Healthcare Services are directed to identify standards and criteria for means  
29 testing on all programs provided, where allowed by Federal guidelines. Once a consistent criteria has been established within an  
30 agency, they shall implement their respective plans. Each agency shall report all criteria and fiscal data to the Chairman of the Senate  
31 Finance Committee and to the Chairman of the House Ways and Means Committee no later than January first.

32 **117.87.** (GP: Agency Reduction Management) The General Assembly encourages state agencies, in the event agencies are

- 8 (c) on or before December first, to report the calculations made pursuant to item (3)(a) to the President of the Senate, the  
9 Speaker of the House of Representatives, the Chief Justice of the South Carolina Supreme Court, and the Governor. The report also  
10 shall recommend whether or not to appropriate up to thirty-five percent of any state expenditures that are avoided as calculated in  
11 item (3)(a) to the Department of Probation, Parole and Pardon Services. With respect to the recommended appropriations in this item  
12 (c), none of the calculated savings shall be recommended for appropriation for that fiscal year if there is an increase in the percentage  
13 of individuals supervised by the Department of Probation, Parole and Pardon Services who are convicted of a new felony offense as  
14 calculated in subitem (3)(a)(ii);
- 15 (d) any funds appropriated during this fiscal year pursuant to the recommendations in item (c) shall be used to supplement,

7 **117.115.** (GP: State Employee Leave Donation) In the event of a medical emergency, a state employee may make a written  
8 request to the employing agency that a specified number of hours of his accrued annual and/or sick leave be transferred from his

13 or returned to the leave donor. For purposes of this provision, a medical emergency is defined under IRS Revenue Ruling 90-29 as  
14 a medical condition of the employee or a family member that will require the prolonged absence of the employee from duty and will  
15 result in a substantial loss of income to the employee because the employee will have exhausted all paid leave available apart from

33	<del>—118.16. (SR: Farm Aid) There is created the ‘South Carolina Farm Aid Fund’. This fund is separate and distinct from the general</del>	
34	<del>fund of the State and all other funds. Earnings on this fund must be credited to it. Revenues credited to this fund in a fiscal year</del>	
35	<del>must be used in that fiscal year to operate a grant program that provides financial assistance to farmers.</del>	
36	<del>—To be eligible for a grant, the person must have:</del>	

1 ~~—(1) experienced a verifiable loss of agricultural commodities of at least thirty percent as a result of the flooding occurring in~~  
2 ~~the aftermath of Hurricanes Michael and Florence for which:~~  
3 ~~—(a) the Governor declared a state of emergency in the State for the county in which the farm is located; and~~  
4 ~~—(b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm~~  
5 ~~is located;~~  
6 ~~—(2) a farm number issued by the Farm Service Agency;~~  
7 ~~—(3) signed an affidavit, under penalty of perjury, certifying that each fact of the loss presented by the person is accurate; and~~  
8 ~~—(4) a signed affidavit, under penalty of perjury, certifying that no federal funds have been received for these specific disasters,~~  
9 ~~and in the event that federal funds are received, the person will return all state monies received under this program.~~  
10 ~~—The Department of Agriculture (department) shall administer the grant program authorized by this proviso. The Department of~~  
11 ~~Revenue shall assist the Department of Agriculture in the administration of the grant program by providing auditing services,~~  
12 ~~accounting services, and review and oversight of all financial aspects of the grant program. There is created the Farm Aid Advisory~~  
13 ~~Board to make recommendations to the department regarding the duties of the department in administering the grant program. The~~  
14 ~~Commissioner of Agriculture, or his designee, shall serve ex officio, as chairman of the board. Also, the Director of the Department~~  
15 ~~of Revenue, or his designee, the Vice President for Public Service and Agriculture of Clemson Public Service Activities, or his~~  
16 ~~designee, and the Vice President for Land Grant Services of South Carolina State Public Service Activities, or his designee, shall~~  
17 ~~serve on the board. The following additional members shall be appointed to the board:~~  
18 ~~—(1) the Commissioner of Agriculture shall appoint one member representing the South Carolina Farm Bureau;~~  
19 ~~—(2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;~~  
20 ~~—(3) the Director of the Department of Revenue shall appoint one member representing the crop insurance industry; and~~  
21 ~~—(4) the Director of the Department of Revenue shall appoint one member who is an agricultural commodities producer.~~  
22 ~~—By July twentieth of the current fiscal year, the board shall hold its initial meeting to recommend an application process by which~~  
23 ~~a person with a loss resulting from the flooding occurring in the aftermath of Hurricanes Michael and Florence may apply for a grant.~~  
24 ~~Upon adoption of an application process, the Department of Agriculture shall provide the Chairman of the House Ways and Means~~  
25 ~~Committee and the Chairman of the Senate Finance Committee with a written copy of its application process within ten days after~~  
26 ~~its adoption. A person shall apply not later than forty five days after the adoption of the application process. The department must~~  
27 ~~ensure every person interested in applying for a grant has access to adequate resources to submit his application in a timely manner,~~  
28 ~~and upon request, the department must assist a person with the preparation of his application.~~  
29 ~~—Each grant awarded by the department may not exceed twenty percent of the person's verifiable loss of agricultural commodities.~~  
30 ~~However, a person, including any grant made to a related person, may not receive grants aggregating more than one hundred thousand~~  
31 ~~dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined with losses covered~~  
32 ~~by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount to be included in the~~  
33 ~~limits set by this proviso must be the amount of the grant multiplied by the person's ownership interest in the related person.~~  
34 ~~However, a person who shares an ownership interest with another person or entity may not be refused a grant solely because the~~  
35 ~~other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant amount is~~  
36 ~~limited by the person's ownership interest.~~

1 —If the total amount of grants allowed pursuant to this proviso exceeds the monies in the fund, then each person's grant must be  
2 reduced proportionately.

3 —To determine loss, the department:

4 —(1) must measure the person's cumulative total loss of all affected agricultural commodities for the year in which the flooding  
5 occurred against the person's expected production of all agricultural commodities affected by the flooding occurring in the aftermath  
6 of Hurricanes Michael and Florence;

7 —(2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance Corporation,  
8 to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities, the department  
9 shall use the most recent year's county price and county yield, as applicable, as determined by the National Agriculture Statistics  
10 Service, United States Department of Agriculture; and

11 —(3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the  
12 ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the department  
13 shall require the submission of dated, signed, and continuous records. These records may include, but are not limited to, commercial  
14 receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements, truck scale  
15 tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape, invoices for  
16 custom harvesting, u-pick records, and insurance documents.

17 —Grant awards must be used for agricultural production expenses and losses due to the flooding which demonstrate an intent to  
18 continue the agricultural operation; however, awards may not be used to purchase new equipment. The department shall develop  
19 guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may require any  
20 documentation it determines necessary to verify the appropriate use of grant awards including receipts.

21 —If the department determines that a person who received a grant provided inaccurate information, then the person shall refund the  
22 entire amount of the grant. If the department determines that a person who received a grant used the funds for ineligible expenses,  
23 then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate amount, the  
24 Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.

25 —The department shall coordinate the exchange of information between the USDA and the Department of Revenue to identify any  
26 person that received a Farm Aid grant for the flooding occurring in the aftermath of Hurricanes Michael and Florence and also  
27 received federal aid relief for the same disaster. Any person that is determined to have received grant funds from both the state and  
28 federal government, must immediately repay the state grant they received.

29 —If the department determines that a person knowingly provided false information to obtain a grant pursuant to this proviso or  
30 knowingly used funds for ineligible expenses, the person shall be subject to prosecution pursuant to Section 16-13-240.

31 —Within forty five days of the completion of the awarding of grants, but no later than the end of the fiscal year, the Farm Aid  
32 Advisory Board is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

33 —The department may accept private funds, grants, and property to be used to make financial awards from the grant program.

34 —The Department of Agriculture must administer the grant program authorized by this proviso using existing resources and funds.

35 —If federal funds are allocated for persons that are otherwise eligible for a grant pursuant to this proviso before the current fiscal  
36 year begins, then the provisions of this proviso are not effective and no funds may be credited to the South Carolina Farm Aid Fund.

1 —For purposes of this proviso:

2 —(1) ~~‘Agricultural commodities’ means wheat, cotton, flax, corn, dry beans, oats, barley, rye, tobacco, rice, peanuts, soybeans,~~  
 3 ~~sugar beets, sugar cane, tomatoes, grain sorghum, sunflowers, raisins, oranges, sweet corn, dry peas, freezing and canning peas,~~  
 4 ~~forage, apples, grapes, potatoes, industrial hemp, timber and forests, nursery crops, citrus, and other fruits and vegetables, nuts, tame~~  
 5 ~~hay, native grass, aquacultural species including, but not limited to, any species of finfish, mollusk, crustacean, or other aquatic~~  
 6 ~~invertebrate, amphibian, reptile, or aquatic plant propagated or reared in a controlled or selected environment, excluding stored grain;~~

7 —(2) ~~‘Person’ means any individual, trust, estate, partnership, receiver, association, company, limited liability company,~~  
 8 ~~corporation, or other entity or group;~~

9 —(3) ~~‘Related person’ means any person, joint venture, or entity that has a direct or indirect ownership interest of a person or~~  
 10 ~~legal entity; and~~

11 —(4) ~~‘Department’ means the Department of Agriculture.~~
