Bill Number: H. 3807 Introduced on January 30, 2019

Author: Felder

Subject: Teen Skin Cancer Prevention Act

Requestor: House Medical, Military, Public, and Municipal Affairs

RFA Analyst(s): Griffith

Impact Date: February 7, 2019

Fiscal Impact Summary

This bill will have no expenditure impact on the General Fund, Other Funds, or Federal Funds of the Department of Health and Environmental Control (DHEC) because it requires the department to perform activities that will be conducted in the normal course of agency business.

The bill will have no revenue impact on DHEC as the agency has not collected any fines or penalties from the regulation of tanning facilities in several years.

Explanation of Fiscal Impact

Introduced on January 30, 2019 State Expenditure

This bill requires an individual to be at least eighteen years of age to use tanning equipment and requires operators or registrants of tanning facilities to post permanent signs to notify customers of this age requirement. The bill also allows DHEC to promulgate regulations to implement the new chapter and to collect a civil penalty in the amount of \$500 for a violation to a provision in this chapter.

DHEC currently regulates tanning facilities and conducts onsite inspections when needed. This bill will not materially alter their oversight or regulatory practices because it requires the department to perform activities that will be conducted in the normal course of agency business. Thus, this bill will have no expenditure impact on the General Fund, Other Funds, or Federal Funds of the agency.

State Revenue

This bill allows DHEC to impose a civil penalty of \$500 on a tanning facility registrant or operator for violations. DHEC indicates that it has not collected any fines or penalty money from the regulation of tanning facilities since 2016. Assuming the same pattern in the future, this bill will have no revenue impact on the agency.
