(F) If a vacancy in the office of trustee occurs more than six months from the date of the next annual meeting, a new trustee may be appointed to fill the vacancy on an interim basis by the nominations committee of the cooperative provided:

(1) the new trustee is not a 'family member', as defined in Section 8-13-100(15), of the trustee whose departure created the vacancy;

(2) the new trustee is not 'an individual with whom he is associated', as defined in Section 8-13-100(21), of the trustee whose departure created the vacancy;

(3) the new trustee cannot continue to serve as a trustee past the date of the next annual meeting occurring after his appointment, subject to annual meeting notice requirements, without being duly elected by the membership to fill the remainder of the unexpired term."

(B) Written notice of emergency meetings of the board of trustees must be posted at a location accessible and visible to the cooperative membership on the cooperative’s website and at the cooperative’s principal place of business at least twenty-four hours before the meeting. that full and accurate information had previously been made, the expense of making the examination and inspection must be paid out of the funds of the regulatory staff.

(B) If the regulatory staff initiates an inspection, audit, or examination of a public utility or electric cooperative, the public utility or electric cooperative that is the subject of the inspection, audit, or examination may petition the commission to terminate or limit the scope of such inspection, audit, or examination. The commission must grant such petition if it finds that such inspection, audit, or examination is arbitrary, capricious, unnecessary, unduly burdensome, or unrelated to the ~~public utility's~~ regulated operations of the public utility or electric cooperative.

(1) If such an inspection, audit, or examination is not part of a contested case proceeding, the public utility or electric cooperative may also raise objections or seek relief available under the South Carolina Rules of Civil Procedure to a party upon whom discovery is served or to a person upon whom a subpoena is served. The commission shall provide the regulatory staff reasonable notice to respond to any such objection or request. Absent the consent of the public utility or electric cooperative raising such an objection or request and the Office of Regulatory Staff, the commission must rule on such an objection or request within sixty days of the date it was filed. During the pendency of the commission's ruling, the public utility or electric cooperative making such an objection or request is not required to produce or provide access to any documents or information that is the subject of the objection or request.

(2) If such an inspection, audit, or examination is part of a contested case proceeding, the commission shall address objections to information sought by the regulatory staff in the same manner in which it addresses objections to discovery issued by the parties to the contested case proceeding.

(C) Any public utility or electric cooperative that provides the regulatory staff with copies of or access to documents or information in the course of an inspection, audit, or examination that is not part of a contested case proceeding may designate any such documents or information as confidential or proprietary if it believes in good faith that such documents or information would be entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The regulatory staff may petition the commission for an order that some or all of the documents so designated are not entitled to protection from public disclosure and it

shall be incumbent on the utility to prove that such documents are entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The commission shall rule on such petition after providing the regulatory staff and the utility an opportunity to be heard. Unless the commission's order on such a petition contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Sections 30-4-10, et seq. and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; provided, however, that, if the commission determines that it is necessary to view such documents or information in order to rule on such a petition, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection during the pendency of the petition.

(D) Nothing in this section restricts the regulatory staff's ability to serve discovery in a contested case proceeding that seeks the type of documents or information the regulatory staff has obtained in the course of any review, investigation, inspection, audit, or examination, nor does anything in this section restrict the ability of any public utility or electric cooperative to object to such discovery or to seek relief regarding such discovery, including without limitation, the entry of a protective order. The regulatory staff shall not be required to execute a confidentiality agreement or seek a protective order prior to accessing the ~~public utility's~~ documents or information of a public utility or electric cooperative, and such information or documents ~~shall~~ must be treated as confidential or proprietary unless or until the commission rules such information is not entitled to protection from public disclosure or the public utility or electric cooperative agrees that such information is no longer confidential or proprietary. Unless the commission's order contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Section 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; ~~provided,~~ ~~that,~~ However, ~~that,~~ if the commission determines that it is necessary to view such documents or information, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be

available for public inspection unless otherwise ordered by the commission.

(E) The Office of Regulatory Staff, in order to accomplish any of the responsibilities assigned to it by Chapter 4, Title 58 or any other provision of law, may apply to the circuit court for subpoenas to be issued to entities over which the Public Service Commission does not have jurisdiction. Such subpoenas will be issued by the circuit court in the same manner as subpoenas are issued to parties to proceedings before that court, and all rules applicable to the issuance of such subpoenas, including enforcement and penalties, shall apply to subpoenas issued at the request of the regulatory staff.

(F) The actual expenses of the Office of Regulatory Staff incurred in carrying out its duties under Section 58-4-50(A)(12) must be certified annually to the Public Utilities Review Committee in an itemized statement by the Office of Regulatory Staff, shown as a line item in the Office of Regulatory Staff budget, to be assessed directly to an audited electric cooperative by the Office of Regulatory Staff, and deposited with the state treasurer to the credit of the Office of Regulatory Staff.”

SECTION 15. Section 58-27-840 of the 1976 Code is amended to read:

“Section 58-27-840. (A) No electrical utility, ~~distribution electric cooperative~~ or consolidated political subdivision shall, as to rates or services, make or grant any unreasonable preference or advantage to any person, corporation, municipality or consolidated political subdivision to its unreasonable prejudice or disadvantage. No electrical utility, ~~distribution electric cooperative~~ or consolidated political subdivision shall establish or maintain any unreasonable difference as to rates or service as between localities or as between classes of service. Subject to the approval of the Commission, however, electrical utilities, ~~distribution electric cooperatives~~ and consolidated political subdivisions may establish classifications of rates and services and such classifications may take into account the conditions and circumstances surrounding the service, such as the time when used, the purpose for which used, the demand upon plant facilities, the value of the service rendered and any other reasonable consideration. The Commission may determine any question of fact arising under this section. The Commission shall not fix any rates charged by electric cooperatives or consolidated political subdivisions.

(B) No distribution electric cooperative shall, as to rates or services, make or grant any unreasonable preference or advantage to any person, corporation, municipality or consolidated political subdivision

to its unreasonable prejudice or disadvantage. No distribution electric cooperative shall establish or maintain any unreasonable difference as to rates or service as between localities or as between classes of service. The Office of Regulatory Staff is granted the authority to audit, on its own initiative or in response to complaints, issues arising under this subsection, including the authority to review and examine whether the distribution electric cooperatives are maintaining any unreasonable differences as to rates or service as between localities or as between classes of service. Rate classifications established by distribution electric cooperatives may take into account the conditions and circumstances surrounding the service, such as the time when used, the purpose for which used, the demand upon plant facilities, the value of the service rendered, and any other reasonable consideration. Upon completion of an audit, review, or examination as provided in this section, the Office of Regulatory Staff must report its findings to the board of the distribution electric cooperative and attempt to resolve any compliance issues identified in the audit.

(C) The Commission is granted authority to resolve any disputed issues arising from the audit, review or examination by the Office of Regulatory Staff of matters arising under subsection (B) of this section. The Commission shall not fix any rates charged by electric cooperatives.”

SECTION 16. Where the provisions of new or revised 1976 Code sections or subsections contained in this act conflict with provisions of the bylaws of an electric cooperative, the provisions of this act control and the cooperative, as permitted by Section 33-49-280, shall amend and conform its bylaw provisions accordingly.

HOUSE RESOLUTION

The following was introduced:

H. 4158 -- Reps. Bernstein, Henegan, Alexander, Allison, Anderson, Atkinson, Bailey, Bales, Ballentine, Bamberg, Bannister, Bennett, Blackwell, Bradley, Brawley, Brown, Bryant, Burns, Calhoon, Caskey, Chellis, Chumley, Clary, Clemmons, Clyburn, Cobb-Hunter, Cogswell, Collins, B. C. Moss, V. S. Moss, Murphy, B. Newton, W. Newton, Norrell, Ott, Parks, Pendarvis, Pope, Ridgeway, Rivers, Robinson, Rose, Rutherford, Sandifer, Simmons, Simrill, G. M. Smith, G. R. Smith, Sottile, Spires, Stavrinakis, Stringer, Tallon, Taylor, Thayer, Thigpen, Toole, Trantham, Weeks, West, Wheeler, White, Whitmire, R. Williams, S. Williams, Willis, Wooten, Young and Yow: A HOUSE RESOLUTION TO DECLARE FEBRUARY 25 THROUGH MARCH 3, 2019, AS "EATING DISORDERS AWARENESS WEEK" IN THE STATE OF SOUTH CAROLINA IN RECOGNITION OF NATIONAL EATING DISORDERS AWARENESS WEEK AND TO DECLARE WEDNESDAY, MARCH 6, 2019, AS "EATING DISORDERS AWARENESS DAY" IN SOUTH CAROLINA.

Whereas, the theme of this year's National Eating Disorders Awareness Week is "Come as You Are," which highlights the movement toward inclusivity in the greater eating disorder community and the goal of unifying the field of eating disorders. In particular, "Come as You Are" sends a message to individuals at all stages of body acceptance and eating disorders recovery that their stories are valid; and

Whereas, an estimated four thousand adolescents in South Carolina struggle with an eating disorder, and the South Carolina Eating Disorders Association (SCEDA) provides critical support for these young people

THURSDAY, MARCH 7, 2019

and their families and friends, raises community awareness, offers educational programs, and promotes quality care and early intervention; and

Whereas, eating disorders are serious conditions that are potentially life-threatening and have a great impact on a person's physical and emotional health. Too often, signs and symptoms are overlooked. Many individuals, families, and communities are unaware of the devastating mental and physical consequences of eating disorders, as well as the pressures, attitudes, and behaviors that shape them. The National Eating Disorders Association strives to address the many misconceptions regarding eating disorders and seeks to highlight the availability of resources for treatment and support; and

Whereas, eating disorders usually appear in adolescence and are associated with substantial psychological problems, including depression, substance abuse, and suicide. They are serious illnesses, not lifestyle choices. In fact, anorexia has the highest mortality rate of any mental illness; and

Whereas, many cases of eating disorders go undetected. Less than one third of youths with eating disorders will receive treatment. Eating disorders experts have found that prompt intensive treatment significantly improves the chances of recovery; therefore, it is important for educators, medical providers, parents, and community members to be aware of the warning signs and symptoms of eating disorders; and

Whereas, National Eating Disorders Awareness Week is a collaborative effort consisting primarily of volunteers, including eating disorder professionals, healthcare providers, students, educators, social workers, and individuals committed to raising awareness of the dangers surrounding eating disorders and the need for early intervention and treatment access; and

Whereas, the House recognizes the vital work of National Eating Disorders Awareness Week in promoting public and media attention to the seriousness of eating disorders and for working to improve education about their biological and environmental causes, as well as how to help those who are struggling with these debilitating diseases. Now, therefore,

THURSDAY, MARCH 7, 2019

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, declare February 25 through March 3, 2019, as “Eating Disorders Awareness Week” in the State of South Carolina in recognition of National Eating Disorders Awareness Week and declare Wednesday, March 6, 2019, as “Eating Disorders Awareness Day” in South Carolina.

HOWEVER, THE CHAMBER MAY NOT BE USED IF THE HOUSE IS IN SESSION OR THE CHAMBER IS OTHERWISE UNAVAILABLE.

Whereas, forty-two states have successful Youth in Government programs; and

THURSDAY, MARCH 7, 2019

Whereas, the Youth in Government program is designed to provide first-hand experience in the state legislature and government affairs for high school and middle school students; and

Whereas, students taking part in the program will run for statewide office, enact legislation, and organize their own government; and

Whereas, the purpose of the Young Men's Christian Association Youth in Government program is to encourage our youth to develop enthusiasm and appreciation for government and community affairs; and

Whereas, almost one thousand five hundred students in the State are expected to participate this year, making the South Carolina Youth in Government program one of the largest per capita in the nation. Now, therefore,

~~Indicates Matter Stricken~~

Indicates New Matter

The House assembled at 9:30 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Deuteronomy 26:10: “Now I bring the first of the fruit of the ground that You, O Lord, have given me.”

Let us pray. Abundant God, everything we own is Yours. Help us to share our gifts with the world. Strengthen these Representatives and staff as they work through the many items in the budget. Give them the courage and integrity to make the necessary decisions. Bless each of these people and keep them in Your care. Bless our defenders of freedom and first responders as they protect us. Look in favor upon our Nation, President, State, Governor, Speaker, staff, and all who give of their time to this Assembly. Heal the wounds, those seen and those hidden, of our brave warriors who suffer and sacrifice for our freedom. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the *SPEAKER PRO TEMPORE*.

After corrections to the Journal of the proceedings of yesterday, the *SPEAKER PRO TEMPORE* ordered it confirmed.

For purposes of this provision ‘allowable amount of medical cannabis’ is defined as: (a) one ounce of cannabis; or (b) cannabis products in an amount equivalent to one ounce of cannabis, which shall be determined by the department based on the most widely accepted conversion factors between cannabis flower weight and non-flower product units.

For purposes of this provision ‘out-of-state registry card’ is defined as: a valid registry identification card, or its equivalent, that is issued pursuant to the laws of another state, district, territory, commonwealth, or insular possession of the United States that allows, in its jurisdiction of issuance, a nonresident cardholder to possess cannabis for medical use.

For purposes of this provision ‘debilitating medical condition’ is defined as: (a) one or more of the following: cancer; multiple sclerosis; a neurological disease or disorder, including epilepsy; glaucoma; post-traumatic stress disorder; Crohn's disease; sickle cell anemia; ulcerative colitis; cachexia or wasting syndrome; severe or persistent nausea in a person who is not pregnant that is related to end-of-life or hospice care, or who is bedridden or homebound because of the condition; a chronic medical condition causing severe and persistent muscle spasms, including multiple sclerosis; or any chronic or debilitating disease or medical condition for which an opioid is currently or could be prescribed by a physician based on generally accepted standards of care; or (b) a terminal illness with a life expectancy of less than one year in the opinion of the patient's treating physician.

For purposes of this provision ‘Written physician certification’ is defined as: a document printed on tamper-resistant paper dated and signed by a physician stating that the patient has been diagnosed with a debilitating medical condition and that the potential benefits of using medical cannabis outweigh any risks. The certification may be made only in the course of a bona fide physician-patient relationship; must indicate the date of the patient follow-up appointment, not to exceed six

months from the original date of issuance; and must be updated annually for each qualifying patient by the certifying physician. If the qualifying patient is expected to recover from the debilitating medical condition within a year of the written certification, not including if the patient may go into remission due to medical cannabis treatment or the qualifying patient is not expected to benefit from medical cannabis for an entire year, then the written certification must specify that fact.” /

POINT OF ORDER

Rep. WHITE raised the Point of Order that Amendment No. 62, Section 118, 1B to H. 4000 violated Code Section 11-11-140 in that it appropriated funds that were not certified by the BEA.

The SPEAKER *PRO TEMPORE* stated that Section 11-11-140 did not require the revenue to be certified but merely required it to be recognized

TUESDAY, MARCH 12, 2019

by the BEA. He stated that the BEA had recognized the revenue and overruled the Point of Order.

POINT OF ORDER

Rep. WHITE raised the Point of Order that Amendment No. 62, Section 118, 1B is out of order, under Rule 5.3(B) because Amendment No. 62 sought to spend projected revenue.

The SPEAKER *PRO TEMPORE* stated that the Presiding Officer had previously consulted with Revenue and Fiscal Affairs to confirm the existence of the unspent revenue referenced in Amendment No. 62.

He stated further that the 5.3(B) provision applied to amendments where the amendment failed to explain the corresponding appropriation reduction or revenue increase needed to fund the amendment's appropriation.

The SPEAKER *PRO TEMPORE* overruled the Point of Order.

Indicates New Matter

The House assembled at 10:30 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Psalm 145:9: “The Lord is good to all, and His compassion is over all that He has made.”

Let us pray. Give us courage, O God, to tell stories of hope and Your love to all in this House. Remind us to know how to live as You have taught us. Spirit of truth, free us from all that distracts us from You and the work we are called to do. Continue to strengthen us and give these Representatives and staff the courage and integrity needed in all decisions they make. Bless our Nation, President, State, Governor, Speaker, staff, and all who give of their talents and time to this great cause. May we give thanks to our defenders of freedom and first responders. Heal the wounds, those seen and those hidden, of our brave warriors who suffer and sacrifice for our freedom. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER ordered it confirmed.

Speaker James H. "Jay" Lucas
South Carolina House of Representatives
506 Blatt Building
1105 Pendleton Street
Columbia, South Carolina 29201

Dear Mr. Speaker:

I have served the South Carolina House of Representatives as Clerk since 2004 and it is with much feeling that I tenure my resignation effective midnight March 31, 2019. This decision was one of the most difficult for me. I have been blessed to work for the House in so many capacities over the years, and have had the opportunity to work and grow with so many highly skilled members of this great staff.

It is a pleasure and a privilege to have shared and made so many friends along the way and I am thankful for all of the support and kindness from this fine group of folks. It is an honor and I am proud to have served the constituency of this great State as part of the General Assembly.

Thank you for all that you do. God bless.

Sincerely,
Charles F. Reid
Clerk of the House

Whereas, the members of the South Carolina House of Representatives deeply appreciate the protection that the South Carolina State Guard has provided to the citizens of this great State for almost three hundred fifty years; and

Whereas, authorized by the South Carolina Code of Laws, the State Guard is a professional military organization and component of the South Carolina Military Department which supports a variety of critical functions of the State, county, and municipal governments, such as providing disaster-relief assistance to communities and local first-responder organizations; and

Whereas, the South Carolina State Guard traces its earliest manifestation to the formation of the Charleston Militia in 1670, the

WEDNESDAY, MARCH 13, 2019

colony's first military organization, protecting residents in earliest days from pirates, foreign invaders, and Native-American raids; and

Whereas, in January 1775, the South Carolina First Provincial Congress convened in Charleston, appointing a Committee of Safety responsible for the command of the province's military and decreeing that all inhabitants of the colony should become equipped in the use of arms and that their officers should train in the use of arms every other week; and

Whereas, leaders, such as Francis Marion, known as "The Swamp Fox"; Thomas Sumter; Andrew Pickens; and organizers of several artillery and naval components, fought scores of engagements against the British during the American Revolution; and

Whereas, in the early 1800s, the South Carolina Militia contributed in taking Florida from Spain, and individual members fought in the War of 1812 and the Mexican War from 1846 to 1848; and

Whereas, the State Guard is organized as an army brigade under the leadership of the Commander and is comprised of the Command Staff, the Chief of Staff Section, the Professional Services Command, and the 1st Civilian Support Brigade, which is further divided into three battalions. The battalions are divided into companies which correspond to the boundaries of the six regions of the South Carolina Emergency Management Division; and

Whereas, the State Guard trains new members at the McCrady Training Center in Eastover to provide a number of services: search and rescue operations, medical support, legal and engineering expertise, chaplain and counseling services, directing distribution of supplies, and providing military funeral honors to veterans; and

Whereas, when serious natural or man-made disasters strike the State, the mission of the State Guard is to respond quickly to protect people and property and to help communities recover in coordination with the National Guard, law enforcement, and other state, county, and municipal agencies; and

WEDNESDAY, MARCH 13, 2019

Whereas, the State Guard is part of the South Carolina Military Department and directed by the adjutant general, and its commander in chief is the Governor of the State of South Carolina; and

Whereas, since 2015, the State Guard has answered when South Carolina has called by providing in excess of forty-four thousand hours of professional services, including deployments for recovery operations after Hurricanes Joaquin, Harvey, and Matthew; and

Whereas, during 2018, the men and women of the State Guard provided in excess of ninety thousand hours to serve citizens of this State, and the members of the South Carolina House of Representatives value the sacrifice that those hours represent during times of disaster. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, recognize and honor the members of the South Carolina State Guard, all volunteers who share a passion for service and a strong commitment to their fellow South Carolinians, and declare May 2019 as “South Carolina State Guard Month” in the Palmetto State.

The Resolution was adopted.

Whereas, in November, 2017, a Chair of Honor was unveiled in the United States Capitol Visitor Center's Emancipation Hall to commemorate American servicemen and women who were or are

prisoners of war or missing in action (POW/MIA). This chair is one of the original ordered in 1857 for the new House Chamber; and

Whereas, the display of this chair was authorized by Congress in legislation that became law in 2016, and directed the Architect of the Capitol to obtain an appropriate chair featuring the POW/MIA symbol and place it in a permanent location in the U. S. Capitol; and

Whereas, POW/MIA chairs are found across the United States, in sports arenas and stadiums, town halls and state capitols. The chairs are meant to represent those service members who are unable to fill them because of their sacrifices. They also remind us of the men and women who serve our country every day; and

Whereas, the members of the House of Representatives are very grateful that the South Carolina Chapter of Rolling Thunder, a group of veterans with a record of distinguished military service, is sponsoring the purchase of a Chair of Honor for South Carolina, including being responsible for all expenses connected with the purchase; and

Whereas, this chair will be presented to the House of Representatives, which by this resolution accepts this magnificent gift on behalf of all South Carolinians; and

Whereas, the Speaker of the House, upon the recommendation of the House Military Caucus, will designate a place of honor in the Blatt Building, where this chair will be located and permanently unoccupied, to commemorate the service and sacrifice of South Carolina's and this country's POW/MIA military personnel. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives express their appreciation to the South Carolina Chapter of Rolling Thunder for its purchase and donation to the House of a POW/MIA Chair of Honor, and accept this wonderful gift on behalf of all South Carolinians to be located in a place of honor in the Blatt Building to commemorate and honor the service and sacrifice of South Carolina's and this country's military personnel who were or are prisoners of war or missing in action.

Smith, Sottile, Spires, Stavrinakis, Stringer, Tallon, Taylor, Thayer, Thigpen, Toole, Trantham, Weeks, West, Wheeler, White, Whitmire, R. Williams, S. Williams, Willis, Wooten, Young and Yow: A HOUSE RESOLUTION TO CELEBRATE THE DECLARATION OF INDEPENDENCE AND THE UNITED STATES CONSTITUTION, WHICH TOGETHER ENUMERATE OUR UNALIENABLE RIGHTS AND LIBERTIES, AND TO PROCLAIM THURSDAY, MARCH 21, 2019, AS "LIBERTY DAY" IN SOUTH CAROLINA.

Whereas, our rights and liberties as American citizens are rooted in the cherished documents of our nation, the Declaration of Independence and the United States Constitution, which set forth the principles on which the United States of America stands; and

Whereas, during the Constitutional Convention of 1787, James Madison's Virginia Plan became the foundation of the new American Constitution, replacing the Articles of Confederation and establishing our present form of government; and

Whereas, Charles Pinckney of South Carolina was a delegate to the convention, and on the same day in 1787 on which Edmund Randolph presented the Virginia Plan, Pinckney presented a draft of a constitution, which is known as the Pinckney Plan; and

WEDNESDAY, MARCH 13, 2019

Whereas, although the Virginia Plan was made the basis on which the new constitution was ordered, Charles Pinckney's plan is credited with the substance of some thirty-one or thirty-two provisions of the Constitution, and he made valuable suggestions regarding phrasing and matters of detail; and

Whereas, a leading architect of the Constitution, James Madison also served in the United States House of Representatives from 1789 to 1797; and

Whereas, during his time in the United States House of Representatives, James Madison introduced several amendments to the Constitution to safeguard individual rights that became known as the Bill of Rights; and

Whereas, Charles Pinckney later served as the president of the State Convention of 1790 that framed a new constitution for South Carolina. He also served as governor of the State from 1789 to 1792 and from 1796 to 1798, and as a United States senator from 1799 to 1801; and

Whereas, as Americans, we enjoy our freedom and the rule of law through these documents created by our founding fathers; and

Whereas, the rich culture and history of the United States of America can be sustained as long as each succeeding generation maintains an understanding of, and commitment to, the principles of our founding documents; and

Whereas, it is fitting and proper for the members of the South Carolina House of Representatives to pause in their deliberations in recognition of "Liberty Day" and to pay tribute to the remarkable achievements and extraordinary vision of our founding fathers and the rights, privileges, and responsibilities they secured for the citizens of the United States of America. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, celebrate the Declaration of Independence and the United States Constitution, which together enumerate our unalienable rights and

H. 4250 -- Reps. Henegan, Bennett, Allison, Bernstein, Brawley, Calhoon, Cobb-Hunter, Crawford, Erickson, Felder, Funderburk, Henderson-Myers, Kimmons, Norrell, Parks, Robinson, Simmons, Thayer and Trantham: A HOUSE RESOLUTION TO PROCLAIM

TUESDAY, MARCH 19, 2019

MARCH 19, 2019, AS "CELEBRATING WOMEN IN PUBLIC SERVICE DAY" IN SOUTH CAROLINA AND CALL UPON THE PEOPLE OF THE PALMETTO STATE TO UNITE AS WE SUPPORT THE SUCCESS OF WOMEN IN PUBLIC OFFICE.

Whereas, the month of March is Women's History Month and celebrates the significant contributions women of all races, ethnicities, and backgrounds have made to the world; and

Whereas, women play a critical role in the vitality and diversity of our communities, and are essential to ensuring South Carolina is well-represented; and

Whereas, while the twentieth century was a pivotal time of growth for women entering politics, women remain underrepresented in male-dominated fields, and thus, providing opportunities to support women in public office is imperative; and

Whereas, recognizing women in public office will bring awareness to the fundamental necessity of their work and will inspire other young people to serve their communities. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, proclaim March 19th, 2019, as "Celebrating Women in Public Office Day" in South Carolina and call upon the people of the Palmetto State to unite as we support the success of women in public office.

~~Indicates Matter Stricken~~

Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Matthew 11:28: "If you are tired and carry a heavy burden, come to me and I will give you rest."

Let us pray. Lord of life, fill us with energy and relieve us from our burdens in life. Give us the courage, strength, power, and integrity as we continue to do the work for the people of the State. Strengthen these Representatives and staff as they have carried the burdens of this week. Give these folk a sense of awe as they depend on You for the cares of the world. Bless our defenders and first responders as they care for and protect us. Make Your face shine on our Nation, President, State, Governor, Speaker, staff, and all who give of their time and talents to this great cause. Heal the wounds, those seen and those hidden, of our brave warriors who suffer and sacrifice for our freedom. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

Our thought for today is from Daniel 6:26: “For He is the living God, enduring forever. His Kingdom shall never be destroyed and His dominion has no end.”

Let us pray. Almighty God, fill us with faith to trust in You when we are facing the many trials we encounter in life. Fill us with the spirit of doing work expected of us from the people we serve. Encourage these Representatives and staff to do what You desire. Bless our defenders of freedom and first responders as they care for us. May Your face shine upon our Nation, President, State, Governor, Speaker, staff, and all who gather here to do the work of the people. Heal the wounds, those seen and those hidden, of our brave warriors who suffer and sacrifice for our freedom. Lord, in Your mercy, hear our prayers. Amen.

Williams, Willis, Wooten, Young and Yow: A CONCURRENT RESOLUTION TO RECOGNIZE THE IMPORTANCE THAT MAMMOGRAPHY PROVIDES IN THE EARLY DETECTION OF BREAST CANCER AND TO DECLARE MONDAY, OCTOBER 7, 2019, "MAMMOGRAM AWARENESS DAY" IN SOUTH CAROLINA.

Whereas, a screening mammogram, an x-ray picture of the breast, can be used to check for breast cancer in women who have no signs or symptoms of the disease and usually involves two or more pictures, or images, of each breast, often making it possible to detect tumors that cannot be felt; and

Whereas, screening mammograms can also find microcalcifications, tiny deposits of calcium, that sometimes indicate the presence of breast cancer; and

Whereas, a diagnostic mammogram can be used to check for breast cancer after a lump or other sign or symptom of the disease has been found; and

Whereas, although other signs of breast cancer may be present, such signs may also be signs of benign conditions which a diagnostic mammogram could determine; and

Whereas, diagnostic mammograms can also be used to evaluate changes found during a screening mammogram or to view breast tissue when it is difficult to obtain a screening mammogram because of special circumstances; and

Whereas, in the United States, conventional mammography stored on film has been replaced with digital mammography stored in an electronic image as a computer file, which can be enhanced, magnified, or manipulated for further evaluation more easily than information stored

THURSDAY, MARCH 21, 2019

on film and can be shared electronically between radiologists and breast surgeons for consultations; and

Whereas, a newer three-dimensional (3-D) mammography, also known as digital breast tomosynthesis (DBT), is a type of digital mammography in which x-ray machines are used to take pictures of thin “slices” of the breast from different angles, and computer software is used to reconstruct an image in a process similar to how a computed tomography (CT) scanner produces images of structures inside of the body; and

Whereas, early detection of breast cancer through screening mammography could result in the initiation of earlier treatment to fight the disease, possibly before it has spread; and

Whereas, results from some clinical trials and other studies show that screening mammography can help to reduce the number of deaths from breast cancer among women ages forty to seventy-four, especially for those over the age of fifty; and

Whereas, grateful for the many advances of modern medicine that help to prevent, detect, and cure many diseases, the South Carolina General Assembly encourages women across the Palmetto State to consult their physicians about their need for mammography and to be aware of the life-saving possibilities of timely screening. Now, therefore,

Be it resolved by the House of Representatives, the Senate concurring:

Whereas, his innovation and self-motivation are character traits that make him adept at managing almost any challenge, while his allergy to nonsense and idleness helped him to develop a love of history and skill as a story teller; and

Whereas, a member of Shandon United Methodist Church in Columbia, Charles Reid is a dedicated family man with a deep and abiding faith in his Lord instilled upon him by his father from a young age. Indeed, his father's example is evident in Mr. Reid's actions on a daily basis; and

Whereas, Charles is married to the love of his life, Taj Burnside, and is the father of three fine children: Callie, Emily, and Lilly. Charles is quite the devoted husband and father; and

G. R. Smith, Sottile, Spires, Stavrinakis, Stringer, Tallon, Taylor, Thayer, Thigpen, Toole, Trantham, Weeks, West, Wheeler, White, Whitmire, R. Williams, S. Williams, Willis, Wooten, Young and Yow: A CONCURRENT RESOLUTION TO RECOGNIZE AND HONOR CAMDEN MILITARY ACADEMY FOR SIX DECADES OF PROVIDING OUTSTANDING EDUCATION IN THE PALMETTO STATE AND TO DECLARE APRIL 26, 2019, "CAMDEN MILITARY ACADEMY DAY" IN THE STATE OF SOUTH CAROLINA.

Whereas, the members of the South Carolina General Assembly congratulate the administrators, members of the faculty and staff, students, and parents of Camden Military Academy (CMA) upon the celebration of the school's sixtieth anniversary; and

Whereas, South Carolina's official military academy, CMA has a tradition that dates back to 1892, but operations on the current campus did not begin until the 1958-1959 school year; and

Whereas, CMA combines the traditions of three institutions: Carlisle Military School, which operated in Bamberg from 1892 to 1977; Camden Academy, which was located on the current campus from 1949 to 1957; and Camden Military Academy, which is flourishing today with full enrollment and a waiting list; and

Whereas, Carlisle Military School was established in 1892 as the Carlisle Fitting School of Wofford College, named in honor of Dr. James H. Carlisle who for many years served as the president of Wofford College in Spartanburg. In 1932, Carlisle was leased by Colonel and Mrs. James F. Risher and was purchased by them in 1938. Their son Colonel William Risher later operated it as a military preparatory boarding school until it closed in 1977; and

Whereas, Camden Military Academy was originally founded as Camden Academy in 1950 by a group of generous and far-sighted Camden citizens who felt that their town was an ideal setting for a private school. Colonel James F. Risher purchased that facility in 1958, and the name was changed to Camden Military Academy. His son Colonel Lanning P. Risher served for thirty-seven years as the military academy's first headmaster; and

TUESDAY, MARCH 26, 2019

Whereas, CMA's mission, first articulated by Colonel James Risher, is to accept young men of unfulfilled promise and lead them to a future of success, a philosophy which has served young men at the academy for more than half a century; and

Whereas, cadets at CMA learn to practice the concepts of honor, integrity, and duty in their everyday lives on campus and to accept responsibility for their successes and failures in the classroom, on the athletic fields, and in their military roles; and

Whereas, cadets are encouraged to develop their individual strengths and talents while respecting the rights of others as the academy fosters the development of the whole man in order to prepare cadets academically, emotionally, physically, and morally to face trials and meet opportunities after they leave CMA; and

Whereas, the South Carolina General Assembly is pleased to learn that Camden Military Academy will commemorate its sixtieth anniversary with a weekend of activities, to include hosting the Kershaw County Special Olympics on April 26, 2019, and then with a parade on campus and a celebration at the American Legion in Camden on April 27. The members join in congratulating the school upon reaching this extraordinary milestone. Now, therefore,

Be it resolved by the House of Representatives, the Senate concurring:

That the members of the South Carolina General Assembly, by this resolution, recognize and honor Camden Military Academy for six decades of providing outstanding education in the Palmetto State and declare April 26, 2019, "Camden Military Academy Day" in the State of South Carolina.

Be it further resolved that a copy of this resolution be presented to head of school, Colonel Eric Boland.

The Concurrent Resolution was agreed to and ordered sent to the Senate.

Let us pray. Seeking the grace, mercy, and love of Almighty God, we offer our prayers for this Assembly and all who serve in this place for people in need and for all of creation. O God, help us to remember all You have done for us. Let Your spirit rest with our defenders of freedom and first responders as they care for us. STATEMENT BY REP. RIDGEWAY

On motion of Rep. HOSEY, Rep. RIDGEWAY's remarks were ordered printed in the Journal as follows:

'Twas the end of March when the special day came,
You know the one for the Annual Legislative game.

It was a crisp day filled with sun,
And everyone was out for some softball fun.

As coaches Huggins and Williams their wisdom did yield,
Speaker Lucas and team took to the field.

In the gallery were hecklers, Hixon and West,
Trying to disrupt things they did their best.

A moving play evolved that would rival McBeth,
To the plate stepped a Rose not Pete, but Seth.

With a crack of the bat the ball took to the sky,
And as he rounded the bases home plate he did spy.

Short of his goal Seth came to meet the ground,
The crowd on their feet standing all around.

Crawling and scratching and inching his way,
Nothing could rival his determination that day.

As home plate he touched, there arose such a shout,
The Amenders would win to that there was no doubt.

Twenty-three to two the Senate did fall,
But thanks be to God a good time was had by all.

SPEAKER *PRO TEMPORE* IN CHAIR

SPEAKER'S COMMENTS

Today we say goodbye to, truly, one of our own, Charles Reid. For nearly 23 years, Charles has been a constant and abiding presence here in the South Carolina House, beginning with his time under Speaker David Wilkins as his trusted counsel and often the subject of his colorful quips. Charles helped now Ambassador Wilkins guide the House through transition and some extremely successful years. Immediately known for his steady hand, sharp mind, and abnormally large.....brain. Charles was able to withstand the "Wilkins treatment" to help David build the Speaker's office from the ground up.

Charles left David and the House, briefly, but he returned to become Clerk of the House, a post he has held under three different speakers and

THURSDAY, MARCH 28, 2019

for 14 legislative sessions. Charles has done and seen it all in his time here, and likely, whatever it was, he had a heavy hand in making it happen. In his time, Charles has helped to standardize and professionalize the operations of the House and he has poured his effort into developing and retaining the world class staff the House currently enjoys.

A guardian of process and procedure and a rules maven, Charles has made sure the fiery debates, unusual circumstances and novel ideas that we see only as policy, conform to the Constitution of this State and the rules of this Body. In other words, he's always worked to make our soaring rhetoric a reality and to keep the will of the women and men in this Chamber legally sound.

A devoted family man, Charles and his beautiful wife, Taj, have three daughters: Callie, Emily, and Lilly who we've all watched grow up here in the South Carolina House. Each of them having taken a turn to pull the county names for the seat allocation and each of them doing a better and faster job than the new clerk's daughter Charles has shared his family with us for the past 23 years, but we've also shared ours with him. He's been there for all our highs, as we've celebrated children and grandchildren of our own. He's been there for all of us during our lows and we've mourned loss together, both personal and professional. Charles has always been more than an employee, more than staff, more than a friend, Charles has been a part of our family.

For some unknown reason, Charles remains friends with our own Murrell Smith, who affectionately calls him "whopper head", I won't mention what Charles calls Murrell. The two formed a lasting bond during their days at Charles' beloved Wofford College, where Charles performed near the top of his class and Murrell - well, he just performed.

But along the way, we've all grown close to Charles, we've all become his friend because we've all gotten to see what Murrell already knew, this is a good, kind, honest, and smart man. This is a man who puts the needs of this institution ahead of almost everything else. His time and work here have been nothing short of a labor of love.

Charles, I've said it already but it needs to be repeated often, there is no one who can replace you and what you mean to this Chamber. They can sit in your chair, but it will be impossible to fill your shoes. You have been an absolute rock for more than two decades and while we are all so, so sorry to see you go, we know that you leave us all so much better than you found us.

THURSDAY, MARCH 28, 2019

Staff. If a report is made to the Office of Regulatory Staff, the employing public utility must be notified as soon as practicable by the entity that received the report.

(4) 'Report' means:

(a) a written or oral allegation of waste or wrongdoing that contains the following information:

(i) the date of disclosure;

(ii) the name of the employee making the report; and

(iii) the nature of the wrongdoing and the date or range of dates on which the wrongdoing allegedly occurred. A report must be made within one hundred eighty days of the date the reporting employee first learns of the alleged wrongdoing; or

Section 8-27-80. (A) A public utility may not dismiss, suspend from employment, demote, or decrease the compensation of an employee of a public utility because the employee files a report with an appropriate authority of wrongdoing. - (1) reinstatement to his former position;
- (2) lost wages;
- (3) actual damages not to exceed fifteen thousand dollars; and
- (4) reasonable attorney's fees as determined by the court. This

award of attorney's fees may not exceed ten thousand dollars for a trial and five thousand dollars for an appeal. The action must be brought in the court of common pleas of the county in which the employment action occurred. An action may not be brought under this chapter unless the employee has exhausted all available grievance or other administrative remedies, and any previous proceedings have resulted in a finding that the employee would not have been disciplined but for the reporting of alleged wrongdoing.

(B) An action under this chapter must be commenced within one year after the accrual of the cause of action or exhaustion of all available grievance or other administrative and judicial remedies or is forever barred."

SECTION 3. Part 6, Chapter 6, Title 37 of the 1976 Code is amended by adding:

(2) A person who violates the provisions of this subsection is guilty of a misdemeanor and, upon conviction, must be fined not more

~~(C) The qualification provisions of subsection (A) of this section do not apply to the reelection of a commissioner elected by the General Assembly on March 3, 2004, so long as there is no break in service.~~

~~(D)(1) Beginning in 2004, the members of the Public Service Commission must be elected to staggered terms. In 2004, the members representing the Second, Fourth, and Sixth Congressional Districts must be elected for terms ending on June 30, 2006, and until their successors are elected and qualify. Thereafter, members representing the Second, Fourth, and Sixth Congressional Districts must be elected to terms of four years and until their successors are elected and qualify. elected at large to provide for a seven-member commission. In the event the congressional districts established by the General Assembly are under review by a court for compliance with statutory or constitutional requirements, an election scheduled pursuant to this section shall not be held until a final determination is made by the courts regarding the congressional districts. The inability to hold an election due to judicial review of the congressional districts does not constitute a vacancy on the commission and the commissioners serve until their successors are elected and qualify.

~~(F)~~(D) The Governor may fill vacancies in the office of commissioner until the successor in the office for a full term or an unexpired term, as applicable, has been elected by the General Assembly. In cases where a vacancy occurs on the commission when the General Assembly is not in session, the Governor may fill the vacancy by an interim appointment. Rep. FORRESTER explained the amendment.

The amendment was then adopted.

POINT OF ORDER

Rep. HILL raised the Point of Order that H. 4260, as amended with the adoption of the committee report, was out of order under Rule 5.13 for failure to include a fiscal impact statement.

Rep. CASKEY spoke against to the Point of Order.

The SPEAKER *PRO TEMPORE* overruled the Point of Order and stated that 5.13 specifies “each Bill effecting the expenditures of monies by the State.” It is my understanding that the Sections that you referenced are expenditures by the Utilities and not by the State.

The question recurred to the passage of the Bill.

STATEMENT BY REP. LOFTIS

Rep. LOFTIS made a statement relative to his service in the House.

RESIGNATION

The following was received:

April 2, 2019
The Honorable James H. Lucas
Speaker of the House of Representatives

Columbia, South Carolina 29211

The Honorable Speaker Jay Lucas,

It is with mixed emotions that I tender my resignation from the House District 19 seat, effective today, Tuesday, April 2, 2019.

I have enjoyed over two decades of service for our citizens in the South Carolina House of Representatives. While I will surely miss the relationships, both with old colleagues and our new ones, I also look forward to the new challenges I'll find across the lobby in the Senate.

It is my desire that we can continue to work together for the betterment of our constituents, the people of our great State.

Sincerely,
Dwight Loftis
District 19
South Carolina House of Representatives

Received as information.

THE DEPARTMENT OF INSURANCE; AND TO AMEND SECTION 38-78-50, RELATING TO REQUIRED PROVISIONS IN SERVICE CONTRACTS, SO AS TO REQUIRE A CERTAIN DISCLOSURE.

The Committee on Labor, Commerce and Industry proposed the following Amendment No. 1 to H. 4244 (COUNCIL\CZ\4244C001.JN.CZ19), which was adopted:

Amend the bill, as and if amended, by striking all after the enacting words and inserting:

\ SECTION 1. Section 38-78-20(12), (13), and (14) of the 1976 Code is amended to read:

“(12) ‘Service contract’ means a contract or agreement for a separately stated consideration for a specific duration to perform the repair, replacement, or maintenance of property or indemnification for repair, replacement, or maintenance, for the operational or structural failure due to a defect in materials, workmanship, or normal wear and tear, with or without additional provisions for incidental payment of indemnity under limited circumstances including, but not limited to, towing, rental, and emergency road service. Service contracts may provide for the repair, replacement, or maintenance of property for damage resulting from power surges and accidental damage from handling. ‘Service contract’ includes a contract or agreement for a separately stated consideration for a specific duration to perform one or more of the following services:

(a) the repair or replacement of tires and wheels on a motor vehicle damaged as a result of coming into contact with road hazards;

(b) the removal of dents, dings, or creases on a motor vehicle that can be repaired using the process of paintless dent removal without affecting the existing paint finish and without sanding, bonding, painting, or replacing a vehicle body panel;

(c) the replacement of a motor vehicle key or key fob in the event that the key or key fob becomes inoperable, lost, or stolen; and

(d) other services consistent with the provisions of this chapter approved by the director.

(13) ‘Road hazard’ means a hazard that is encountered while driving a motor vehicle including, but not limited to, potholes, rocks, wood debris, metal parts, glass, plastic, curbs, or composite scraps.

(14) ‘Service contract holder’ or ‘contract holder’ means a person who is the purchaser or holder of a service contract.

(15) ‘Theft protection program’ means a device or system installed on or applied to a motor vehicle designed to prevent loss or damage to a

motor vehicle from theft that includes a theft protection program warranty. The term 'theft protection program' includes, but is not limited to, alarm systems, body-part marking products, steering locks, window etch products, pedal and ignition locks, fuel and ignition kill switches, and electronic, radio, and satellite tracking devices.

(16) 'Theft protection program warranty' means a written agreement by a warrantor that provides the warrantor will pay to or on behalf of the warranty holder specified incidental costs not to exceed five thousand dollars as a result of the failure of the theft protection program to prevent loss or damage to a motor vehicle pursuant to the terms of the warranty. Specified incidental costs include expenses specified in the warranty that are incurred by the warranty holder due to the failure of the program to perform as provided in the warranty. Incidental costs include, without limitation, insurance policy deductibles, rental vehicle charges, the difference between the actual value of the stolen vehicle at the time of theft and the cost of a replacement vehicle, sales taxes, registration fees, transaction fees, and mechanical inspection fees. Incidental costs may be reimbursed in a fixed amount specified in the warranty or by use of a formula itemizing specific costs incurred by the warranty holder. A theft protection program warranty must contain a conspicuous disclosure substantially similar to the following in ten-point bold font: 'This warranty is not insurance and payments or reimbursement under this warranty may not exceed five thousand dollars.'

(14)(17) 'Warranty' means a warranty made solely by the manufacturer, importer, or seller of property or services without charge, that is not negotiated or separated from the sale of the product, that is incidental to the sale of the product, and that guarantees indemnity for defective parts, mechanical or electrical breakdown, labor, or other remedial measures, such as repair or replacement of the property or repetition of services. This term includes theft protection program warranties if the warrantor has obtained a reimbursement insurance policy to insure its warranty obligations in this State."

SECTION 2. Section 38-78-30(E) of the 1976 Code is amended to read:

"(E) Except for the requirements specified in subsection (D), no other financial security requirements shall be required by the director for service contract providers. Service contract providers that establish their financial security to pay claims by insuring their obligations under a reimbursement insurance policy as provided in subsection (D)(1) are not

SECTION 3. Section 38-78-50 of the 1976 Code is amended by adding an appropriately lettered subsection at the end to read:

“() Service contracts must include a disclosure substantially similar to the following: ‘In the event of a dispute with the provider of this contract, you may contact the South Carolina Department of Insurance, Capitol Center, 1201 Main Street, Ste. 1000, Columbia, South Carolina 29201 or by phone at (800) 768-3467.’”

The following was introduced:

H. 4379 -- Reps. Stavrinakis, Simrill, Rutherford, McCoy, Murphy and Bernstein: A HOUSE RESOLUTION TO RECOGNIZE AND COMMEND GREECE AS IT ASSUMES AN INCREASING LEADERSHIP ROLE IN RESOLVING LONG-STANDING

TUESDAY, APRIL 2, 2019

DIPLOMATIC ISSUES IN ITS NEIGHBORHOOD, TO AFFIRM OUR COMMON VISION TO INTEGRATE THE COUNTRIES OF THE REGION FIRMLY IN EUROPEAN AND EURO-ATLANTIC INSTITUTIONS, AND TO CELEBRATE MARCH 25, 2019, AS THE 198TH ANNIVERSARY OF GREEK INDEPENDENCE.

Whereas, on March 25, 1821, the Feast Day of the Annunciation, the Greek nation reclaimed its ancient heritage as the “Cradle of Democracy” by overthrowing the yoke of oppression which had enslaved its people since the fall of Constantinople in 1453. Conquered by the Ottoman Turks in the fifteenth century, Greece waged a successful war of independence (1821-1829) and re-instituted a democratic form of government; and

Whereas, the people of the United States generously offered humanitarian assistance to the Greek people during their struggle for independence; and

Whereas, the price for Greece in holding on to our common values in their region proved to be high, as hundreds of thousands of civilians were killed in Greece during World War II; and

Whereas, Greece is one of only three nations in the world, beyond the former British Empire, that has been allied with the United States in every major international conflict over the last one hundred years; and

Whereas, located in a region where Christianity meets Islam and Judaism, Greece maintains excellent relations with Muslim nations and with Israel and demonstrates religious tolerance; and

Whereas, the ancient Macedonians were Hellenes, and their Hellenic descendants are in the Northern Province of Greece, Macedonia; and

Whereas, Greece and the United States are at the forefront of the effort for freedom, democracy, peace, stability, and human rights; and

Whereas, over the past year, the United States has significantly increased its engagement with Greece in the maritime sector. In partnership with the Greek shipping fleet, the United States is helping Greece and all of southeast Europe to ensure energy independence; and

TUESDAY, APRIL 2, 2019

Whereas, March 25, 2019, Greek Independence Day, marks the 198th anniversary of the beginning of the revolution that freed the Greek people from the Ottoman Empire and celebrates the aspirations for democracy and tolerance that the people of Greece and the United States share; and

Whereas, the role of United States' innovation and technology in Greece's shipping sector, where ONEX also announced its additional plans for other operations in Greece, was highlighted at the 2018 Thessaloniki International Fair (TIF); and

Whereas, in December 2018, at the United States-Greece Strategic Dialogue, it was clear that both nations, along with their European Union partners, are united in their belief that Greece is a pillar of stability in a region that stretches from the Black Sea to the Mediterranean and on to the Persian Gulf, a region vital to United States' interests; and

Whereas, in September 2018, the United States' participation as the host nation in the Greek City of Thessaloniki in the 83rd Thessaloniki International Trade Fair, under the auspices of United States Ambassador Geoffrey R. Pyatt, highlighted a landmark event in Greek-United States' relations and an economic partnership between the two nations; and

Whereas, United States Secretary of Commerce Wilbur Ross stressed, during the energy conference organized by the American-Hellenic Chamber of Commerce (AmCham), that the presence of major American companies at the TIF is a sign of trust in the future of Greece's economy and of America's desire to be a part of it; and

Whereas, it is proper and desirable for the United States to celebrate this anniversary with the Greek people and to reaffirm the democratic principles from which these two great nations were born and for South Carolina to reaffirm its abiding commitment to the magnificent principles of democracy and religious freedom. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, recognize and commend Greece as it assumes an increasing leadership role in resolving long-standing diplomatic issues

in its neighborhood, affirm our common vision to integrate the countries of the region firmly in European and Euro-Atlantic institutions, and celebrate March 25, 2019, as the 198th anniversary of Greek independence.

Be it further resolved that a copy of this resolution be provided to the Honorable Emmanouil Androulakis, Consul of Greece in Atlanta, and Archbishop Demtrios of the Greek Archdiocese of America.

The Resolution was adopted.

HOUSE RESOLUTION

The following was introduced:

H. 4387 -- Reps. Allison, Felder, Yow, Stringer, Long, Brawley, Govan, McGinnis, Young, Wooten, B. Cox, Chellis, Thigpen, Alexander, Bennett, Brown, Calhoon, Gagnon and Taylor: A HOUSE RESOLUTION TO RECOGNIZE THE WEEK OF APRIL 22-26, 2019, AS "PUBLIC SCHOOL VOLUNTEER WEEK" IN THE STATE OF SOUTH CAROLINA.

Whereas, parent and community involvement is a significant factor in the success of schools; and

Whereas, during the past decade, school systems throughout the country have accepted the services of dedicated volunteers to assist professional educators, and these volunteers have offered their time, encouragement, and meaningful contact with students; and

Whereas, by becoming volunteers, parents and community members are providing an invaluable contribution to the education of our students; and

Whereas, volunteers are called upon to assist teachers and staff with the day-to-day activities involved in providing a balanced education for our students and are an important part of a team that strives to ensure that each and every one of our students succeeds; and

Whereas, during the school year, volunteers spend countless hours serving schools throughout the Palmetto State as chaperones, mentors, after-school tutors, club leaders, booster club members, PTA and PTO

(D) Applications must be made publicly available by posting on the website of the Authority for a period of at least thirty days before award. During the thirty-day period, any interested party may submit comments to the director concerning any pending application. A provider of broadband services may submit a protest of any application on the grounds the proposed project covers an area that is not an eligible area pursuant to this section. Protests must be submitted in writing, accompanied by all relevant supporting documentation and must be considered by the Authority in connection with the review of the application. For applications with filed protests, the director shall issue a written decision to the protesting party at least fifteen days before the approval of that application. The Authority may not award any grants to fund deployment in an area that fails to meet the criterion for being unserved. Appeals may be made to the Administrative Law Court pursuant to the Administrative Procedures Act.

(E) The Authority may consult with the Department of Commerce to determine if an eligible project proposed pursuant to this section will benefit a potential economic development project relevant to the proposed area outlined in the eligible project.

(F) Applications must be scored based upon a system that awards a single point for criteria considered to be the minimum level for the provision of broadband service with additional points awarded to criteria that exceed minimum levels. The Authority shall score project applications in accordance with the following:

(c) projects that will be located in counties with estimated unserved households of two thousand and over receive three points;

(3) the Authority shall give additional points to projects that will provide broadband service to unserved households within the eligible economically-distressed county, as determined by the most recent data published by the Federal Communications Commission or any other reliable information available to the Authority. Points are given as follows:

(a) projects proposing to serve less than one hundred fifty unserved households within the project area receive one point;

(b) projects proposing to serve between one hundred fifty and two hundred forty-nine unserved households within the project area receive two points; and

(c) projects proposing to serve two hundred fifty or more unserved households within the project area receive three points;

(4) the Authority shall give additional points to projects that will provide broadband service to unserved businesses located within the eligible economically-distressed county, as determined by the most recent data published by the Federal Communications Commission or any other reliable information available to the Authority. Points are given to projects that serve unserved businesses within the project area as follows:

(a) projects proposing to serve between one and four businesses receive one point;

(b) projects proposing to serve between five and ten businesses receive two points; and

(5) the Authority shall give additional points to projects that minimize the infrastructure cost of the proposed project for each household, based upon information available to the Authority; and

(6) projects that will provide minimum download and minimum upload speeds have the aggregate points given under items (1) through (5) multiplied by a factor at the level indicated in the table below:

Minimum Download: Minimum Upload	Score Multiplier
25:3 Mbps.	1.00
100:3 Mbps. or greater	2.00

(G) The office shall score applications based upon the metrics provided in subsection (F).

(H) Applications receiving the highest score receive priority status for the awarding of grants pursuant to this section. Applicants awarded grants pursuant to this section shall enter into an agreement with the Authority. The agreement must contain all of the elements outlined in subsection (C) and any other provisions the Authority may require. The agreement must contain a provision governing the time line and minimum requirements and thresholds for disbursement of grant funds measured by the progress of the project. Grant funds must be disbursed only upon verification by the Authority that the terms of the agreement have been fulfilled according to the progress milestones contained in the agreement. At project completion, the grant recipient shall certify and provide to the Authority evidence consistent with Federal Communications Commission attestation that the proposed minimum upstream and minimum downstream broadband speeds identified in the application guidelines, and for which a base speed multiplier was awarded pursuant to item (F)(6), are available throughout the project area before any end user connections. A single grant award may not exceed two million dollars. No more than one grant may be awarded each fiscal year for a project in any one eligible economically-distressed county.

(I)(1) Grant recipients are required to provide matching funds based upon the application scoring pursuant to this section in the following minimum amounts:

Score Matching	Requirement
7.0 points or less	55%
Greater than 7.0, but less than 14.0 points	50%
Greater than 14.0, but less than 21.0 points	45%
21.0 points or greater	30%

WEDNESDAY, APRIL 3, 2019

(2) Federal or state grants or program funds may not be used for any portion of the matching funds paid by the grant recipient.

(J) The Authority shall require that grant recipients offer the proposed advertised minimum download and minimum upload speeds identified in the project application for the duration of the five-year service agreement. At least annually, a grant recipient shall provide to the Authority evidence consistent with Federal Communications Commission attestation that the grant recipient is making available the proposed advertised speed, or a faster speed, as contained in the grant agreement. For the duration of the agreement, grant recipients shall disclose any changes to data caps for the project area that differ from the data caps listed in the grant application to the Authority.

(K) A grant recipient shall forfeit the amount of the grant received if it fails to perform, in material respect, the obligations established in the agreement. Grant recipients that fail to provide the minimum advertised connection speed for which a reduction in matching funds was applied shall forfeit that amount. A grant recipient that forfeits amounts disbursed pursuant to this section is liable for the amount disbursed plus interest, computed from the date of the disbursement. The number of subscribers that subscribe to broadband services offered by the provider in the project area may not be a measure of performance pursuant to the agreement for the purposes of this subsection.

(L) Grant recipients shall submit to the Office of Regulatory Staff an annual report for each funded project for the duration of the agreement. The report must include a summary of the items contained in the grant agreement and level of attainment for each and also must include:

(1) the number of households, businesses, agricultural operations, and community anchor points that have broadband access as a result of the project;

(2) the percentage of end users in the project area who have access to broadband service and actually subscribe to the broadband service;

(3) the average monthly subscription cost for broadband service in the project area;

(4) verifiable evidence that retail services are offered at rates and upon terms and conditions commensurate with those provided by any incumbent broadband provider operating in the general area; and

(5) information related to service outages, customer complaints, or other such performance data as necessary to ensure the funding is being used to provide high-quality service.

WEDNESDAY, APRIL 3, 2019

(M) The Office of Regulatory Staff shall submit an annual report to the General Assembly before September first. The report must contain the following:

(1) the number of grant projects applied for and the number of grant agreements entered into;

(2) a timeline for each grant agreement and the number of households, businesses, agricultural operations, and community anchor points expected to benefit from each agreement;

(3) the amount of matching funds required for each agreement and the total amount of investment;

(4) a summary of areas receiving grants that are now being provided broadband service and the advertised broadband speeds for those areas;

(5) any breaches of agreements, grant fund forfeitures, or subsequent reductions or refunds of matching funds; and

(6) any recommendations for the grant program, including better sources and methods for improving outcomes and accountability.

(N) Nothing in this article is intended to regulate the provision of broadband except as it relates to oversight of providers receiving funds to provide the services described herein.”

SECTION 3. The Rural Infrastructure Authority shall collaborate with the following agencies in implementing the provisions of this act: the Department of Commerce, the Department of Administration, the South Carolina Revenue and Fiscal Affairs Office, South Carolina Education Television, and the Department of Transportation.

Rep. RIDGEWAY explained the Senate Amendments.

POINT OF ORDER

Rep. HILL raised the Point of Order that under Rule 9.3, Senate Amendment to H. 3438 was out of order as it was not germane to the Bill.

The SPEAKER ruled that the House could not vote on the germaness of Senate Amendments. When the Senate amends a House bill and it is returned to the House, we do not review germaness.

The SPEAKER overruled the Point of Order.

The question then recurred to the concurrence in the Senate Amendments.

RECORD FOR VOTING

Today, we voted to non-concur with Senate Amendments to H. 3438. We supported the original version of this Bill when adopted in the House. The Senate added a task force, which has no representation from the Upstate. The task force should have gone through a vetting of a committee in order to hear from the entire Veteran Community. We always have and will always continue to support our veterans.

WEDNESDAY, APRIL 3, 2019

UNDER EIGHTEEN YEARS OF AGE FROM USING TANNING EQUIPMENT IN TANNING FACILITIES, TO ESTABLISH PENALTIES, AND FOR OTHER PURPOSES.

Rep. FRY proposed the following Amendment No. 1 to H. 3807 (COUNCIL\VR\3807C001.CC.VR19), which was tabled:

Amend the bill, as and if amended, SECTION 2, by striking Sections 44-129-20 through 44-129-30 and inserting:

/ Section 44-129-20. An individual must be at least eighteen years of age to use tanning equipment in a tanning facility in this State, unless the underage individual's parent or legal guardian signs a written consent form meeting the requirements of this section. The consent form must be signed by the parent or legal guardian at the tanning facility before the underage individual may use the equipment or facility, and the consent is only effective to give permission for the underage individual to use the equipment or facility on the date on which the parent or legal guardian signs the consent.

Section 44-129-30. Every operator of tanning equipment in this State and every tanning facility registrant subject to Chapter 7, Title 13, and applicable regulations promulgated pursuant to that chapter, shall comply with or ensure compliance with the following:

(1) Except when a parent or a legal guardian provides written consent in accordance with the provisions of Section 44-129-20, the operator shall prohibit an individual under eighteen years of age from using any tanning equipment, or otherwise being a consumer of the tanning facility, and shall demand proper proof of age to verify that an individual is at least eighteen years of age. Failure to demand identification to verify an individual's age is not a defense to any enforcement action taken pursuant to Section 44-129-40. Proof that is demanded, is shown, and reasonably is relied upon for the individual's proof of age is a defense to violation of this chapter.

(2) The operator or registrant shall post a permanent, conspicuous, legible sign in the entrance to the tanning facility unobstructed by any barrier, equipment, or other item so that any prospective consumer entering the facility can easily view the sign which states: 'An individual must be at least eighteen years of age to use the tanning equipment without parental consent. It is a violation of South Carolina law for an individual under the age of eighteen years to use tanning equipment in this State without parental consent.' /

STATEMENT FOR JOURNAL

I was out of the Chamber speaking to the SC Asphalt Association when the vote on H. 3807 occurred. I would have voted against this Bill if present. I feel the Amendment by Rep. (23) 'Pole' means a vertical pole such as a utility, lighting, traffic, or similar pole made of wood, concrete, metal, or other material that is lawfully located or to be located within a right of way including, without limitation, a replacement pole and an authority pole. Such term shall not include a support structure or electric transmission structure.

(24) 'Rate' means a recurring charge.

(25) 'Rights of way' or 'ROW' means the area through, upon, over, or under a road, highway, street, sidewalk, alley, or similar property; provided, however, that such term shall apply only to property or any interest therein that is under the ownership or control of an authority and shall not include property or any interest therein acquired for or devoted to a federal interstate highway.

(26) 'Small wireless facility' means radio transceivers; surface wave couplers; antennas; coaxial or fiber optic cable located on a pole or support structure, immediately adjacent to a pole or support structure, or directly associated with equipment located on a pole or support structure and within a one hundred-yard radius of the pole or support structure; regular and backup power supplies and rectifiers; and associated ancillary equipment, regardless of technological configuration, at a fixed location or fixed locations that enable communication or surface wave communication between user equipment and a communications network and that meets both of the following qualifications: (i) each wireless provider's antenna could fit within an enclosure of no more than six cubic feet in volume; and (ii) all other wireless equipment associated with the small wireless facility, whether ground or pole mounted, is cumulatively no more than twenty-eight cubic feet in volume. The following types of associated ancillary equipment are not included in the calculation of the volume of all other wireless equipment associated with any such facility: electric meters, concealment elements, network interface devices, grounding equipment, power transfer switches, cut-off switches, and vertical cable runs for the connection of power and other services. The term 'small wireless facility' does not include: the pole, support structure, or improvements on, under, or within which the equipment is located or collocated or to which the equipment is attached; wireline backhaul facilities; or coaxial or fiber-optic cable that is between small wireless

facilities, poles, or support structures or that is otherwise not immediately adjacent to or directly associated with a particular antenna.

(27) 'Support structure' means a building, billboard, water tank, or any other structure to which a small wireless facility is or may be attached. Such term shall not include a decorative pole, electric transmission structure, or pole.

(28) 'Technically feasible' means that by virtue of engineering or spectrum usage the proposed placement for a small wireless facility, or its design, concealment measures, or site location can be implemented without a reduction in the functionality of the small wireless facility.

(29) 'Wireless communications' means any communications using licensed or unlicensed spectrum, including the use of Wi-Fi, whether at a fixed location or mobile, provided to the public.

(30) 'Wireless infrastructure provider' means any person, including a person authorized to provide telecommunications service in the State, acting to build or install wireless communication transmission equipment, wireless facilities or wireless support structures, but that is not a wireless services provider.

(31) 'Wireless provider' means a wireless infrastructure provider or a wireless services provider.

(32) 'Wireless services' means any services using licensed or unlicensed spectrum, including the use of Wi-Fi, whether at a fixed location or mobile, provided to the public.

(33) 'Wireless services provider' means a person who provides wireless services.

(34) 'Wireline backhaul facility' means an above-ground or underground wireline facility used to transport communications between a small wireless facility network interface device and a network or another small wireless network interface device.

Section 58-11-815. (A) An agreement or enactment that does not fully comply with this section applies only to small wireless facilities and associated poles and support structures that were installed before October 1, 2019, and must be deemed invalid and unenforceable beginning October 1, 2019, until amended to fully comply with this article. If an agreement or enactment is invalid and unenforceable in accordance with this section, small wireless facilities and associated utility poles that were installed before October 1, 2019, pursuant to such agreement or ordinance may remain installed at the option of the wireless provider and must be operated and maintained under the provisions of this article.

WEDNESDAY, APRIL 3, 2019

(B)(1) No later than October 1, 2019, an authority may adopt an enactment that:

(a) adopts compliant provisions in lieu of the provisions of Section 58-11-820(F)(2), (G), and (H);

(b) authorizes wireless providers to install and operate small wireless facilities and associated poles and support structures in strict compliance with all other provisions of this article; and

(c) if the authority is a municipality, grants any consent that has not previously been granted, either expressly or otherwise, for wireless providers to install and operate small wireless facilities and associated poles and support structures in compliance with subitems (a) and (b).

(C) In the absence of an enactment that strictly complies with subsection (B), and until such an enactment is adopted, if at all, a wireless provider may install and operate small wireless facilities and associated poles and support structures under the requirements of this article on and after October 1, 2019.

(D)(1) An authority must not require a wireless provider to enter into an agreement including, without limitation, a franchise agreement whether memorialized in an ordinance or in any other manner, to implement this article, but nothing in this article prohibits an authority and a wireless provider from voluntarily entering one or more such agreements after the effective date of this article, including such agreements with rates, fees, and other terms that differ from those in this article, provided however, that the authority must make each such agreement available for public inspection and available for adoption upon the same terms and conditions to any requesting wireless provider.

(2) Agreements entered into pursuant to item (1) are public-private arrangements and are matters of legitimate and significant statewide concern.

Section 58-11-820. (A) The provisions of this section shall apply only to activities of a wireless provider within the ROW to deploy small wireless facilities and associated poles.

(B) An authority may not enter into an exclusive arrangement with any person for use of the ROW for the collocation of small wireless facilities or the installation, operation, marketing, modification, maintenance, or replacement of poles.

(C) Subject to the exceptions pursuant to Section 58-11-830(E)(1), an authority only may charge a wireless provider a nondiscriminatory rate or fee for the use of the ROW with respect to the collocation of small wireless facilities or the installation, maintenance, modification,

WEDNESDAY, APRIL 3, 2019

operation, or replacement of a pole in the ROW, if the authority charges other entities for use of the ROW. Notwithstanding the foregoing, an authority is permitted, on a nondiscriminatory basis, to refrain from charging any rate to a wireless provider for the use of the ROW. The rate for use of the ROW is provided in Section 58-11-850.

(D) Subject to the provisions of this section, a wireless provider shall have the right, as a permitted use not subject to zoning review or approval, to collocate small wireless facilities and install, maintain, modify, operate, and replace poles in the ROW. These structures and facilities must be so installed and maintained as not to obstruct or hinder the usual travel or public safety in the ROW or obstruct the legal use of the ROW by utilities.

(E)(1) Each new or modified pole installed in the ROW may not exceed the greater of ten feet in height above the tallest existing pole in place as of the effective date of this article located within five hundred feet of the new pole in the same ROW, or fifty feet above ground level.

(2) New small wireless facilities in the ROW may not extend more than ten feet above an existing pole in place as of the effective date of this article; or for small wireless facilities on a new pole, above the height permitted for a new pole pursuant to this section.

(3) Subject to the provisions of this section and applicable zoning regulations, a wireless provider must have the right to collocate a small wireless facility and install, maintain, modify, operate, and replace a pole that exceeds the height limits set forth in item (1) in the ROW.

(F)(1) A wireless provider must be permitted to collocate on or replace decorative poles when necessary to deploy a small wireless facility.

(2) An authority may require the collocation or decorative pole replacement to reasonably conform to the design aesthetics of the original decorative pole or poles, provided these requirements are technically feasible.

(G)(1) A wireless provider shall comply with reasonable and nondiscriminatory requirements that prohibit the installation of poles or wireless support structures in the ROW in an area designated solely for underground communications and electric lines, where:

(a) no less than three months prior to the submission of the application, the authority has required all such lines to be placed underground;

(b) poles the authority allows to remain are made available to wireless providers for the collocation of small wireless facilities and may

WEDNESDAY, APRIL 3, 2019

be replaced by a wireless provider to accommodate the collocation of small wireless facilities, in compliance with this article; or

(c) a wireless provider is allowed to install a new pole when it is not able to provide wireless service by collocating on a remaining pole or wireless support structure.

(2) For small wireless facilities installed before an authority adopts requirements that comply with item (1), an authority adopting such requirements shall:

(a) permit a wireless provider to maintain the small wireless facilities in place subject to any applicable pole attachment agreement with the pole owner; or

(b) permit the wireless provider to replace the associated pole within fifty feet of the prior location, provided that the wireless provider shall allow communications service providers with attachments on the existing utility pole to place those attachments on the replacement utility pole under the same or reasonably similar rates, terms, and conditions as applied to those attachments on the existing pole.

(H) Subject to Section 58-11-830(D), an authority may require reasonable, technically feasible, nondiscriminatory and technologically neutral design or concealment measures in a historic district. These design or concealment measures may not have the effect of prohibiting any provider's technology; nor may any such measures be considered a part of the small wireless facility for purposes of the size restrictions in the definition of small wireless facility.

(I) The authority, in the exercise of its administration and regulation related to the management of the ROW, must be competitively neutral and nondiscriminatory with regard to all users of the ROW. The authority's ROW may not be unreasonable or discriminatory and may not violate any applicable law.

(J) The authority may require a wireless provider to repair all damage to the ROW directly caused by the activities of the wireless provider in the ROW and to return the ROW to its functional equivalence before the damage pursuant to the competitively neutral, reasonable requirements and specifications of the authority. If the wireless provider fails to make the repairs required by the authority within a reasonable time after written notice, the authority may make those repairs and charge the applicable party the reasonable, documented cost of such repairs.

(K) A wireless provider must not be required to replace or upgrade an existing pole except for reasons of structural necessity or compliance with applicable codes. A wireless provider may, with the permission of

WEDNESDAY, APRIL 3, 2019

the pole owner, replace or modify existing poles, but any such replacement or modification must be consistent with the design aesthetics of the poles being modified or replaced.

(L) New, modified, or replacement poles associated with a small wireless facility which meet the requirements of this section are permitted uses pursuant to the permit process in Section 58-11-830(D).

(M) A wireless provider shall notify the authority at least thirty days before its abandonment of a small wireless facility. Following receipt of such notice, the authority may direct the wireless provider to remove all or any portion of the small wireless facility if the authority determines that such removal is in the best interest of the public safety and public welfare. If the wireless provider fails to remove the abandoned facility within ninety days after such notice, the authority may undertake to do so and recover the actual and reasonable expenses of doing so from the wireless provider, its successors or assigns.

(N) Nothing in this article relieves any person including, without limitation, any wireless provider, of any applicable obligation to pay business license taxes including, without limitation, those provided for in Section 58-9-2200, et. seq., or franchise fees. Any entity that uses the ROW, directly or indirectly, including through leased facilities, to provide services in a municipality is responsible for all applicable taxes and fees related to the services provided.

Section 58-11-830. (A) The provisions of this section shall apply to the permitting of the collocation of small wireless facilities by a wireless provider in the ROW and to the permitting of the installation, modification, and replacement of associated poles by a wireless provider inside the ROW.

(B) Except as provided in this article, an authority may not prohibit, regulate, or charge for the collocation of small wireless facilities and associated poles described in subsection (A).

(C) Small wireless facilities must be classified as permitted uses and not subject to zoning review or approval if they are collocated in the ROW in any zone.

(D) An authority may require an applicant to obtain one or more permits to collocate a small wireless facility or install a new, modified, or replacement pole associated with a small wireless facility as provided in Section 58-11-820(D), provided the permits are of general applicability and do not apply exclusively to wireless facilities. An authority shall receive applications for, process, and issue such permits subject to the following requirements:

WEDNESDAY, APRIL 3, 2019

(1) An authority may not directly or indirectly require an applicant to perform services or provide goods unrelated to the permit, such as in-kind contributions to the authority including, but not limited to, reserving fiber, conduit, or pole space for the authority.

(2) An applicant must not be required to provide more information to obtain a permit than communications service providers that are not wireless providers, provided that an applicant may be required to include construction and engineering drawings and information demonstrating compliance with the criteria delineated in item (9).

(3) An authority may not require:

(a) the collocation of small wireless facilities on a specific pole or category of poles or require multiple antenna systems on a single pole;

(b) the use of specific pole types or configurations when installing new or replacement poles; or

(c) subject to Section 58-11-820(G)(1), the underground placements of small wireless facilities that are or are designated in an application to be pole-mounted or ground-mounted.

(4) An authority may not limit the collocation of small wireless facilities by minimum horizontal separation distance requirements from existing small wireless facilities, poles, or other structures.

(5) The authority may require an applicant to include an attestation that the small wireless facilities will be operational for use by a wireless services provider within one year after the permit issuance date, unless the authority and the applicant agree to extend this period or delay is caused by lack of commercial power or by the lack of communications transport facilities to be provided to the site by an entity that is not an affiliate, as that term is defined in 47 U.S.C. Section 153(2), of the applicant.

(6) The authority may require an applicant that is not a wireless services provider to include an attestation that a wireless services provider has requested in writing that the applicant collocate the small wireless facilities or install, modify, or replace the utility pole at the requested location.

(7) Within ten days of receiving an application, an authority must determine and notify the applicant in writing whether the application is complete. If an application is incomplete, an authority shall specifically identify the missing information in writing. The processing deadline in item (8) is tolled from the time the authority sends the notice of incompleteness to the time the applicant provides the

WEDNESDAY, APRIL 3, 2019

missing information. That processing deadline also may be tolled by agreement of the applicant and the authority, confirmed in writing.

(8) An application must be processed on a nondiscriminatory basis and is deemed approved if the authority fails to approve or deny the application within sixty days of receipt of the application.

(9) An authority may deny a proposed collocation of a small wireless facility or a proposed installation, modification, or replacement of a pole that meets the requirements in Section 58-11-820(E) only if the proposed application:

(a) materially interferes with the safe operation of traffic control equipment;

(b) materially interferes with sight lines or clear zones for transportation or pedestrians;

(c) materially interferes with compliance with the Americans with Disabilities Act or similar federal or state standards regarding pedestrian access or movement;

(d) fails to comply with reasonable and nondiscriminatory horizontal spacing requirements of general application adopted by ordinance that concern the location of ground-mounted equipment and new poles. These spacing requirements may not prevent a wireless provider from serving any location;

(e) designates the location of a new pole for the purpose of collocating a small wireless facility within seven feet in any direction of an electrical conductor, unless the wireless provider obtains the written consent of the power supplier that owns or manages the electrical conductor;

(f) fails to comply with applicable codes; or

(g) fails to comply with Section 58-11-820(F), (G), or (H) or any compliant provisions adopted in lieu thereof in accordance with Section 58-11-815(B).

(10) The authority shall document the basis for a denial, including the specific provisions of this article on which the denial was based, and send the documentation to the applicant on or before the day the authority denies an application. The applicant may cure the deficiencies identified by the authority and resubmit the application within thirty days of the denial without paying an additional application fee. The authority shall approve or deny the revised application within thirty days of resubmission and limit its review to the deficiencies cited in the denial. Any application not acted upon within thirty days of resubmission is deemed approved.

WEDNESDAY, APRIL 3, 2019

(11) An applicant seeking to collocate small wireless facilities within the jurisdiction of a single authority must be allowed at the applicant's discretion to file a consolidated application for up to thirty small wireless facilities and receive a single permit for the collocation of multiple small wireless facilities; provided, however, the denial of one or more small wireless facilities in a consolidated application must not delay processing of any other small wireless facilities in the same consolidated application. Solely for purposes of calculating the number of small wireless facilities in a consolidated application, a small wireless facility includes any pole on which such small wireless facility will be collocated.

(12) Installation or collocation for which a permit is granted pursuant to this section must be completed within one year of the permit issuance date unless the authority and the applicant agree to extend this period or a delay is caused by the lack of commercial power or by the lack of communications facilities to be provided to the site by an entity that is not an affiliate, as that term is defined in 47 U.S.C. Section 153(2), of the applicant. Approval of an application authorizes the applicant to:

(a) undertake the installation or collocation; and

(b) subject to applicable relocation requirements and the applicant's right to terminate at any time, operate and maintain the small wireless facilities and any associated pole covered by the permit for a period of no less than ten years, which must be renewed for equivalent durations so long as the installation or collocation is in compliance with the criteria set forth in item (9).

(13) An authority may not institute, either expressly or de facto, a moratorium on filing, receiving, or processing applications, or issuing permits or other approvals, if any, for the collocation of small wireless facilities or the installation, modification, or replacement of poles to support small wireless facilities.

(14) The approval of the installation, placement, maintenance, or operation of a small wireless facility pursuant to this section neither constitutes an authorization nor affects any authorization a provider may have to provide a communication service or to install, place, maintain, or operate any other communications facility, including a wireline backhaul facility, in a ROW.

(E)(1) An authority may not require a permit or any other approval or charge fees or rates for:

(a) routine maintenance;

WEDNESDAY, APRIL 3, 2019

(b) the replacement of small wireless facilities with small wireless facilities that are substantially similar or the same size or smaller; or

(c) the installation, placement, maintenance, operation, or replacement of micro wireless facilities that are suspended on cables that are suspended between poles or wireless support structures in compliance with applicable codes.

(2) An authority may require a permit for work that requires excavation or closure of sidewalks or vehicular lanes within the ROW for the activities described in item (1). Such a permit must be issued to the applicant on a nondiscriminatory basis upon terms and conditions that apply to the activities of any other person in the ROW that require excavation or the closing of sidewalks or vehicular lanes.

Section 58-11-840. (A) The provisions of this section apply to activities of any wireless provider in the ROW.

(B) A person owning, managing, or controlling authority poles in the ROW may not enter into an exclusive arrangement with any person for the right to attach to such poles. A person who purchases or otherwise acquires an authority pole is subject to the requirements of this section.

(C) An authority shall allow the collocation of small wireless facilities on authority poles on nondiscriminatory terms and conditions pursuant to Section 58-11-830.

(D)(1) The rates to collocate on authority poles must be nondiscriminatory regardless of the services provided by the collocating wireless provider.

(2) The rate to collocate on authority poles must be as set forth in Section 58-11-850.

(E)(1) The rates, fees, terms, and conditions for make-ready work to collocate on an authority pole must be nondiscriminatory, competitively neutral, and commercially reasonable and must comply with this article.

(2) The authority shall provide a good faith estimate for any make-ready work necessary to enable the pole to support the requested collocation by a wireless provider, including pole replacement if necessary, within sixty days after receipt of a complete application. Make-ready work, including any pole replacement, must be completed within sixty days of written acceptance of the good faith estimate by the applicant. An authority may require replacement of the authority pole only if it demonstrates that the collocation would make the authority pole structurally unsound.

WEDNESDAY, APRIL 3, 2019

(3) The person owning, managing, or controlling the authority pole must not require more make-ready work than required to meet applicable codes or industry standards. Fees assessed by or on behalf of an authority for make-ready work, including any pole replacement, must not:

(a) include costs related to preexisting or prior damage or noncompliance;

(b) exceed either actual costs or the amount charged to other communications service providers for similar work; or

(c) include any revenue or contingency-based consultant's fees or expenses of any kind.

(4) A wireless provider collocating on an authority pole pursuant to this article is responsible for reimbursing third parties for their actual and reasonable costs of any make-ready work reasonably required by the third party to accommodate the collocation. If the authority includes such costs of a third party in the good faith estimate provided pursuant to item (2) of this section, payment of that estimate to the authority constitutes reimbursement of the third party by the wireless provider. Otherwise, the third party may bill the wireless provider for such reimbursement within six months of the completion of the third party's make-ready work.

Section 58-11-850. (A) This section governs an authority's rates and fees for the collocation of a wireless facility or installation of an associated pole.

(B) Except as it relates to small wireless facilities subject to the permit and fee requirements established pursuant to this article or otherwise specifically authorized by state or federal law including, without limitation, Article 20 of Chapter 9, Title 58, an authority may not:

(1) adopt or enforce any regulations or requirements on the placement or operation of communications facilities in a ROW by a communications service provider authorized by federal, state, or local law to operate in a ROW;

(2) regulate any communications services; or

(3) impose or collect any tax, fee, or charge for the provision of any communications service over the communications service provider's communications facilities in a ROW.

(C) Without limiting the foregoing, a wireless provider is authorized to deploy small wireless facilities and associated poles in a ROW in compliance with this article regardless of whether the provider

WEDNESDAY, APRIL 3, 2019

has sought or obtained any certificate or other authority from the Public Service Commission of South Carolina.

(D)(1) A municipality may not charge an application fee to a wireless provider that is subject to a business license tax that is or could be imposed on it pursuant to Section 58-9-2220 and a franchise, consent, or administrative fee that is or could be imposed on it pursuant to Section 58-9-2230.

(2) A municipality may not charge any application fee to any communications service provider that is subject to a franchise fee that is or could be imposed on it pursuant to Section 58-12-330.

(3) Except as provided in item (1) and (2), an authority may charge an application fee, so long as the fee is reasonable, nondiscriminatory, and recovers no more than an authority's direct costs for processing an application; provided however, the fee may not exceed:

(a) one hundred dollars each for the first five small wireless facilities on the same application and fifty dollars for each additional small wireless facility on the same application; or

(b) two hundred fifty dollars for the installation, modification, or replacement of a pole together with the collocation of an associated small wireless facility that are permitted uses in accordance with the specifications in Section 58-11-820(D).

(E)(1) A municipality may not charge any fee for the occupancy and use of the ROW to a wireless provider that is subject to a business license tax that is or could be imposed on it pursuant to Section 58-9-2220 and a franchise, consent, or administrative fee that is or could be imposed on it pursuant to Section 58-9-2230.

(2) A municipality may not charge any fee for the occupancy and use of the ROW to a communications service provider that is subject to a franchise fee that is or could be imposed on it pursuant to Section 58-12-330.

(3) Except as provided in item (1) and (2), an authority may charge a wireless provider for the occupancy and use of the ROW, so long as such rate is reasonable, nondiscriminatory, and does not exceed twenty dollars per year per small wireless facility.

(F)(1) An authority may charge for collocation of a small wireless facility on an authority pole, but any such rate must be reasonable, nondiscriminatory, and recover no more than the authority's direct costs associated with such collocation, not to exceed twenty dollars per authority pole per year.

(2) Other than requiring a wireless provider to pay attachment fees as permitted by item (1), an authority may not require any person or

WEDNESDAY, APRIL 3, 2019

entity with facilities installed on a pole or support structure to pay any additional attachment fees as a result of the granting of an application for a permit under this article.

Section 58-11-853. The construction, installation, maintenance, modification, operation, and replacement of wireline backhaul facilities in the right of way are not addressed by this article, and any such activity shall comply with the applicable provisions of the 1976 Code including, without limitation, Section 58-9-280(A) and (B) and Chapter 12, Title 58.

Section 58-11-857. An applicant in the right of way must not install, maintain, modify, operate, repair, or replace any small wireless facilities, wireless support structures, poles, or decorative poles in a manner that will interfere with any existing infrastructure, equipment, or service including, without limitation, infrastructure, equipment, or service used to provide communications, electric, gas, water, or sewer services.

Section 58-11-860. The provisions of this section apply only to activities in the ROW. Nothing in this article must be interpreted to:

(1) allow an entity to provide services regulated pursuant to 47 U.S.C. Sections 521 to 573, without compliance with all laws applicable to such providers; or

(2) impose any new requirements on cable providers for the provision of such service in this State.

Section 58-11-870. Pursuant to the provisions of this article and applicable federal law, an authority may continue to exercise zoning, land use, planning and permitting authority within its territorial boundaries with respect to wireless support structures and poles, including the enforcement of applicable codes. An authority may not have or exercise any jurisdiction or authority over the design, engineering, construction, installation, or operation of a small wireless facility located in an interior structure or upon the site of a campus, stadium, or athletic facility not owned or controlled by the authority, other than to require compliance with applicable codes. Nothing in this article authorizes the State or a political subdivision, including an authority, to require any wireless facility deployment or to regulate wireless services.

Section 58-11-880. This article does not apply to poles owned by an investor-owned utility, except as it concerns a wireless provider's access to the ROW and permits for the collocation of small wireless facilities on such poles.

Section 58-11-900. The Administrative Law Court has jurisdiction to determine all disputes arising under this article between an applicant

WEDNESDAY, APRIL 3, 2019

and an authority or any person or entity acting on behalf of an authority. Pending resolution of a dispute concerning rates for collocation of small wireless facilities on authority poles, the person owning or controlling the pole must allow the collocating person to collocate on its poles at annual rates of no more than twenty dollars with the actual rate to be settled upon final resolution of the dispute. Disputes subject to this section must be adjudicated pursuant to accelerated docket or complaint procedures, if available.

Section 58-11-910. (A) An authority may adopt reasonable indemnification, insurance and bonding requirements related to small wireless facility and associated pole permits subject to the requirements of this section.

(B) An authority may not require a wireless provider to indemnify and hold the authority and its officers and employees harmless against any claims, lawsuits, judgments, costs, liens, losses, expenses, or fees, except when a court of competent jurisdiction has found that the negligence of the wireless provider while installing, repairing, or maintaining facilities, poles, or support structures pursuant to this article caused the harm that created such claims, lawsuits, judgments, costs, liens, losses, expenses, or fees.

(C) An authority may require a wireless provider to have in effect insurance coverage consistent with this section, so long as the authority imposes similar requirements on other ROW users and such requirements are reasonable and nondiscriminatory.

(1) An authority may not require a wireless provider to obtain insurance naming the authority or its officers and employees as additional insureds.

(2) An authority may require a wireless provider to furnish proof of insurance, if required, prior to the effective date of a permit issued for a small wireless facility.

(D) An authority may adopt bonding requirements for small wireless facilities if the authority imposes similar requirements in connection with permits issued for other ROW users.

(1) The purpose of such bonds must be to provide for the:

(a) removal of abandoned or improperly maintained small wireless facilities, including those that an authority determines must be removed to protect public health, safety, or welfare;

(b) restoration of the ROW as provided in Section 58-11-820(J); and

(c) recoupment of rates or fees that have not been paid by a wireless provider in over twelve months, so long as the wireless provider

WEDNESDAY, APRIL 3, 2019

has received reasonable notice from the authority of any of the noncompliance listed above and an opportunity to cure.

(2) Bonding requirements may not exceed two hundred dollars per small wireless facility. For wireless providers with multiple small wireless facilities within the jurisdiction of a single authority, the total bond amount across all facilities may not exceed ten thousand dollars, and that amount may be combined into one bond instrument.

Section 58-11-920. Neither the State nor any agency, department, or instrumentality thereof may condition a wireless provider's access to any ROW or a wireless provider's deployment of small wireless facilities and associated poles in any ROW on the wireless provider's seeking or obtaining any certificate or other authority from the Public Service Commission of South Carolina; provided however, that for any wireless provider that is not also a wireless services provider, such access and deployment may be conditioned on an attestation that a wireless services provider has requested in writing that the wireless provider deploy small wireless facilities or associated poles at the requested location."

Rep. FORRESTER explained the amendment.

Rep. FORRESTER moved to adjourn debate on the amendment, which was agreed to.

Rep. FORRESTER proposed the following Amendment No. 2 to H. 4262 (COUNCIL\ZW\4262C002.CC.ZW19), which was adopted:

Amend the bill, as and if amended, by striking all after the enacting words and inserting:

/ SECTION 1. Chapter 11, Title 58 of the 1976 Code is amended by adding:

“Article 5

Small Wireless Facilities Deployment Act

Section 58-11-800. (A) This article must be known and may be cited as the ‘South Carolina Small Wireless Facilities Deployment Act’.

(B) The General Assembly finds that:

(1) the deployment of small wireless facilities and other next-generation wireless and broadband network facilities is a matter of statewide concern and interest;

WEDNESDAY, APRIL 3, 2019

(2) wireless and broadband products and services are a significant and continually growing part of the state's economy; accordingly, encouraging the development of strong and robust wireless and broadband communications networks throughout the state is integral to the state's economic competitiveness;

(3) rapid deployment of small wireless facilities will serve numerous important statewide goals and public policy objectives including, without limitation, meeting growing consumer demand for wireless data, increasing competitive options for communications services available to the state's residents; promoting the ability of the state's citizens to communicate with other citizens and with their state and local governments; and promoting public safety;

(4) small wireless facilities, including facilities commonly referred to as small cells and distributed antenna systems, are deployed most effectively in the rights of way (ROW);

(5) to meet the key objectives of this article, wireless providers must have access to the ROW and the ability to attach to infrastructure in the ROW to densify their networks and provide next generation wireless services;

(6) uniform rates and fees for the permitting and deployment of small wireless facilities in the ROW and on authority infrastructure, including poles, throughout the State is reasonable and will encourage the development of robust next-generation wireless and broadband networks for the benefit of citizens throughout the State;

(7) the procedures, rates and fees in this article are fair and reasonable when viewed from the perspective of the state's citizens and the state's interest in having robust, reliable, and technologically advanced wireless and broadband networks; and reflect a balancing of the interests of the wireless providers deploying new facilities and the interests of authorities in recovering their costs of managing access to the ROW and the attachment space provided on authority infrastructure in such ROW; and

(8) except as provided in Code Section 58-11-815, this article supersedes and preempts any enactment by an authority that contradicts, expands, contracts, or otherwise modifies the provisions of this article with respect to the regulation of the placement of small wireless facilities, support structures, and poles in the ROW.

Section 58-11-815. (A) If an authority and a wireless provider entered into a written agreement addressing the subject matter of this article prior to December 31, 2019:

(1) this article shall not apply until such agreement expires or is terminated pursuant to its terms with regard to poles, support structures, replacement poles, and small wireless facilities installed pursuant to such agreement prior to December 31, 2019; and

(2) otherwise, the provisions of this chapter shall apply to poles, support structures, replacement poles, and small wireless facilities installed on or after December 31, 2019.

WEDNESDAY, APRIL 3, 2019

(B) With regard to any enactment that was adopted prior to the effective date of this article and that addresses the subject matter of this article:

(1) any compliant provisions in such enactment remain in effect and, to the extent that such compliant provisions apply to decorative poles, underground districts, or historic districts, shall apply in lieu of Section 58-11-820(F)(2), (G)(1), and (H); and

(2) all other provisions of any such enactment are invalid, and all other provisions of this article apply in lieu thereof.

(C) An authority may adopt an enactment that:

(1) adopts compliant provisions, which to the extent that such compliant provisions apply to decorative poles, underground districts, or historic districts, shall apply in lieu of the provisions of Section 58-11-820(F)(2), (G)(1), and (H);

(2) authorizes wireless providers to install and operate small wireless facilities and associated poles and support structures in strict compliance with all other provisions of this article; and

(3) if the authority is a municipality, grants any consent that has not previously been granted, either expressly or otherwise, for wireless providers to install and operate small wireless facilities and associated poles and support structures in compliance with items (1) and (2).

(D) An enactment that strictly complies with subsection (B) or (C) complies with this article and shall be fully applicable within the territorial jurisdiction of such authority. In the absence of such an enactment, and until such an enactment is adopted, if at all, a wireless provider may install and operate small wireless facilities and associated poles and support structures under the requirements of this article on and after December 31, 2019.

(E)(1) An authority must not require a wireless provider to enter into an agreement including, without limitation, a franchise agreement whether memorialized in an enactment or in any other manner, to implement this article, but nothing in this article prohibits an authority and a wireless provider from voluntarily entering one or more such agreements after the effective date of this article, including such agreements with rates, fees, and other terms that differ from those in this article, provided however, that the authority must make each such agreement available for public inspection and available for adoption upon the same terms and conditions to any requesting wireless provider.

(2) Agreements entered into pursuant to item (1) are public-private arrangements and are matters of legitimate and significant statewide concern.

WEDNESDAY, APRIL 3, 2019

Section 58-11-820. (A) The provisions of this section shall apply only to activities of a wireless provider within the ROW to deploy small wireless facilities and associated poles.

(B) An authority may not enter into an exclusive arrangement with any person for use of the ROW for the collocation of small wireless facilities or the installation, operation, marketing, modification, maintenance, or replacement of poles.

(C) Subject to the exceptions pursuant to Sections 58-11-830(E)(1) and 58-11-850(E)(1) and (2), an authority may charge a wireless provider a rate or fee for the use of the ROW with respect to the collocation of small wireless facilities or the installation, maintenance, modification, operation, or replacement of a pole in the ROW only if such rate or fee is nondiscriminatory and only if the authority charges other similarly situated entities for use of the ROW. Notwithstanding the foregoing, an authority is permitted, on a nondiscriminatory basis, to refrain from charging any rate or fee to a wireless provider for the use of the ROW. The rates or fees for such use of the ROW and associated applications and attachments to authority poles are provided in Section 58-11-850.

(D) Subject to the provisions of this section, a wireless provider shall have the right, as a permitted use subject only to administrative review pursuant to Section 58-11-830, to collocate small wireless facilities and install, maintain, modify, operate, and replace poles in the ROW. These structures and facilities must be installed and maintained so as not to: create a safety hazard; obstruct or hinder the usual travel in or the public's safe use of the ROW; or obstruct the legal use of the ROW by utilities.

(E)(1) Each new or modified pole installed in the ROW may not exceed the greater of ten feet in height above the tallest existing pole in place as of the effective date of this article located within five hundred feet of the new pole in the same ROW, or fifty feet above ground level; provided, however, that for applications to place poles in residential zoning districts to deploy small wireless facilities, the authority may propose an alternate location in the ROW within one hundred feet of the location set forth in the application, and the wireless provider shall use the authority's proposed alternate location unless the location is not technically feasible or imposes significant additional costs. The wireless provider shall certify that it has made such a determination in good faith, based on the assessment of a licensed engineer, and it shall provide a written summary of the basis for such determination.

WEDNESDAY, APRIL 3, 2019

(2) New small wireless facilities in the ROW may not extend more than ten feet above an existing pole in place as of the effective date of this article; or for small wireless facilities on a new pole, above the height permitted for a new pole pursuant to this section.

(3) To the extent permitted by and approved under applicable zoning or other regulations, a wireless provider shall have the right to collocate a small wireless facility on and install, maintain, modify, operate, and replace poles in the ROW that exceed the height limits set forth in subsection (E)(1).

(F)(1) A wireless provider must be permitted to collocate on or replace decorative poles when necessary to deploy a small wireless facility.

(2) An authority may require the collocation or decorative pole replacement to reasonably conform to the design aesthetics of the original decorative pole or poles, provided these requirements are technically feasible.

(3)(a) For applications to replace decorative poles to deploy small wireless facilities, the authority may propose an alternate location in the ROW within one hundred feet of the location set forth in the application, and the wireless provider shall use the authority's proposed alternate location unless the location is not technically feasible or imposes significant additional costs. The wireless provider shall certify that it has made such a determination in good faith, based on the assessment of a licensed engineer, and it shall provide a written summary of the basis for such determination.

(b) For applications to collocate small wireless facilities on decorative poles, the authority may propose collocation on a new pole or on an existing pole or structure in the ROW within one hundred feet of the location set forth in the application, and the wireless provider shall use the authority's proposed alternative unless the location is not technically feasible or imposes significant additional costs. The wireless provider shall certify that it has made such a determination in good faith, based on the assessment of a licensed engineer, and it shall provide a written summary of the basis for such determination.

(G)(1) A wireless provider shall comply with reasonable and nondiscriminatory requirements that prohibit the installation of poles in the ROW in an underground district where:

(a) no less than two months prior to the submission of the application, the authority has required all such lines to be placed underground;

WEDNESDAY, APRIL 3, 2019

(b) poles the authority allows to remain are made available to wireless providers for the collocation of small wireless facilities and may be replaced by a wireless provider to accommodate the collocation of small wireless facilities, in compliance with this article; or

(c) a wireless provider is allowed to install a new pole when it is not able to provide wireless service by collocating on a remaining pole or support structure; provided, however, that for any such application to install a new pole, the authority may propose an alternate location in the ROW within one hundred feet of the location set forth in the application, and the wireless provider shall use the authority's proposed alternate location unless the location is not technically feasible or imposes significant additional costs. The wireless provider shall certify that it has made such a determination in good faith, based on the assessment of a licensed engineer, and it shall provide a written summary of the basis for such determination.

(2) For small wireless facilities installed before an authority adopts requirements that comply with subsection (G)(1), an authority adopting such requirements shall:

(a) permit a wireless provider to maintain the small wireless facilities in place subject to any applicable pole attachment agreement with the pole owner; or

(b) permit the wireless provider to replace the associated pole within fifty feet of the prior location, provided that the wireless provider shall allow communications service providers with attachments on the existing pole to place those attachments on the replacement pole under the same or reasonably similar fees, rates, terms, and conditions as applied to those attachments on the existing pole.

(H)(1) Subject to Section 58-11-830(D), an authority may require reasonable, technically feasible, nondiscriminatory and technologically neutral design requirements, height limitations of no less than forty feet, or concealment measures in a historic district. These design requirements, height limitations, or concealment measures may not have the effect of prohibiting any provider's technology or the provision of wireless services; nor may any such measures be considered a part of the small wireless facility for purposes of the size restrictions in the definition of small wireless facility.

(2) For applications to place poles in an historic district to deploy small wireless facilities, the authority may propose an alternate location in the ROW within one hundred feet of the location set forth in the application, and the wireless provider shall use the authority's proposed alternate location unless the location is not technically feasible

WEDNESDAY, APRIL 3, 2019

or imposes significant additional costs. The wireless provider shall certify that it has made such a determination in good faith, based on the assessment of a licensed engineer, and it shall provide a written summary of the basis for such determination.

(I) The authority, in the exercise of its administration and regulation related to the management of the ROW, must be reasonable, competitively neutral, nondiscriminatory with regard to all users of the ROW, and compliant with applicable law.

(J) A wireless provider shall repair all damage to the ROW directly caused by the activities of the wireless provider in the ROW and shall return the ROW to its functional equivalence before the damage pursuant to the competitively neutral and reasonable requirements and specifications of the authority. If the wireless provider fails to repair damage to the ROW in compliance with this subsection within thirty calendar days after written notice, the authority may repair such damage and charge the applicable party the reasonable, documented cost of such repairs; provided, however, that the wireless provider may request additional time to make such repairs, and the authority shall not unreasonably deny such a request.

(K) A wireless provider must not be required to replace or upgrade an existing pole except for reasons of structural necessity or compliance with applicable codes. A wireless provider may, with the permission of the pole owner, replace or modify existing poles, but any such replacement or modification must be consistent with the design aesthetics of the poles being modified or replaced.

(L) New, modified, or replacement poles associated with a small wireless facility which meet the requirements of this section are permitted uses subject only to administrative review pursuant to Section 58-11-830.

(M) A wireless provider shall notify the authority at least thirty days before its abandonment of a small wireless facility. Following receipt of such notice, the authority may direct the wireless provider to remove all or any portion of the small wireless facility if the authority determines that such removal is in the best interest of the public safety and public welfare. If the wireless provider fails to remove the abandoned facility within ninety days after such notice, the authority may undertake to do so and recover the actual and reasonable expenses of doing so from the wireless provider, its successors or assigns.

(N) Nothing in this article relieves any person including, without limitation, any wireless provider, of any applicable obligation to pay business license taxes including, without limitation, those provided for

WEDNESDAY, APRIL 3, 2019

in Section 58-9-2200, et. seq., or franchise fees. Any entity that uses the ROW, directly or indirectly, including through leased facilities, to provide services in a municipality is responsible for all applicable taxes and fees related to the services provided.

Section 58-11-830. (A) The provisions of this section shall apply to the permitting of the collocation of small wireless facilities by a wireless provider in the ROW and to the permitting of the installation, modification, and replacement of associated poles by a wireless provider inside the ROW.

(B) Except as provided in this article, an authority may not prohibit, regulate, or charge for the collocation of small wireless facilities and associated poles described in subsection (A).

(C) Small wireless facilities must be classified as permitted uses subject only to administrative review under this section if they are collocated in the ROW in any zone.

(D) An authority may require an applicant to obtain one or more permits to collocate a small wireless facility or to install a new, modified, or replacement pole associated with a small wireless facility as provided in Section 58-11-820(D), provided the permits are of general applicability and do not apply exclusively to wireless facilities. An authority shall receive applications for, process, and issue such permits subject to the following requirements:

(1) The application shall be made by the applicable wireless provider or its duly authorized representative and shall contain the following:

(a) the applicant's name, address, telephone number, and email address, including emergency contact information for the applicant;

(b) the names, addresses, telephone numbers, and email addresses of all consultants, if any, acting on behalf of the applicant with respect to the filing of the application;

(c) a general description of the proposed work and the purposes and intent of the proposed facility. The scope and detail of such description shall be appropriate to the nature and character of the physical work to be performed, with special emphasis on those matters likely to be affected or impacted by the physical work proposed;

(d) detailed construction drawings regarding the proposed use of the right of way;

(e) to the extent the proposed facility involves collocation on a pole, decorative pole, or support structure, a structural report performed by a duly licensed engineer evidencing that the pole,

WEDNESDAY, APRIL 3, 2019

decorative pole, or support structure will structurally support the collocation, or that the pole, decorative pole, or support structure may and will be modified to meet structural requirements, in accordance with applicable codes;

(f) for any new aboveground facilities, visual depictions or representations if such are not included in the construction drawings; and

(g) information indicating the horizontal and approximate vertical location, relative to the boundaries of the right of way, of the small wireless facility for which the application is being submitted; and

(h) any additional information reasonably necessary to demonstrate compliance with the criteria set forth in item (10).

(2) An applicant must not be required to provide more information to obtain a permit than is set forth in item (1).

(3) An authority may not directly or indirectly require an applicant to perform services or provide goods unrelated to the permit, such as in-kind contributions to the authority including, but not limited to, reserving fiber, conduit, or pole space for the authority.

(4) An authority may not require:

(a) the collocation of small wireless facilities on a specific pole or category of poles or require multiple antenna systems on a single pole;

(b) the use of specific pole types or configurations when installing new or replacement poles, provided however that nothing in this item prohibits an authority from enforcing the provisions of Sections 58-11-820(F)(2), (G)(1), and (H) or any compliant provisions adopted in lieu of those provisions pursuant to Section 58-11-815(B) or (C); or

(c) subject to Section 58-11-820(G)(1) or any compliant provisions adopted in lieu thereof pursuant to Section 58-11-815(B) or (C), the underground placements of small wireless facilities that are or are designated in an application to be pole-mounted or ground-mounted.

(5) An authority may not limit the collocation of small wireless facilities by minimum horizontal separation distance requirements from existing small wireless facilities, poles, or other structures.

(6) The authority may require an applicant to include an attestation that the small wireless facilities will be operational for use by a wireless services provider within one year after the permit issuance date, unless: the authority and the applicant agree to extend this period; or delay is caused by lack of commercial power or by the lack of communications transport facilities to be provided to the site by an entity that is not an affiliate, as that term is defined in 47 U.S.C. Section 153(2), of the applicant.

WEDNESDAY, APRIL 3, 2019

(7) The authority may require an applicant that is not a wireless services provider to include an attestation that a wireless services provider has requested in writing that the applicant collocate the small wireless facilities or install, modify, or replace the pole at the requested location, and the authority may require the applicant to submit proof that such wireless services provider is licensed by the FCC or otherwise authorized to provide wireless services within the geographic jurisdiction of the authority.

(8) Within ten days of receiving an application, an authority must determine and notify the applicant in writing whether the application is complete. If an application is incomplete, an authority shall specifically identify the missing information in writing. The processing deadline in item (9) is tolled from the time the authority sends the notice of incompleteness to the time the applicant provides the missing information. That processing deadline also may be tolled by agreement of the applicant and the authority, confirmed in writing.

(9) An application must be processed on a nondiscriminatory basis. The authority shall make its final decision to approve or deny the application within sixty days of receipt of a complete application for collocation of small wireless facilities and within ninety days of receipt of a complete application for the installation, modification, or replacement of a pole and the collocation of associated small wireless facilities on the pole. If the authority fails to act on an application within the applicable time period, the applicant may provide the authority written notice that the time period for acting has lapsed, and the authority shall then have twenty days after receipt of such notice to render its written decision. The application shall be deemed to have been approved by passage of time and operation of law if the authority does not render its written decision within such twenty days.

(10) An authority may deny a proposed collocation of a small wireless facility or a proposed installation, modification, or replacement of a pole that meets the requirements in Section 58-11-820(E) only if the proposed application:

(a) interferes with the safe operation of traffic control equipment;

(b) interferes with sight lines or clear zones for transportation or pedestrians;

(c) interferes with compliance with the Americans with Disabilities Act or similar federal or state standards regarding pedestrian access or movement;

WEDNESDAY, APRIL 3, 2019

(d) requests that ground-mounted small wireless facility equipment be located more than 7.5 feet in radial circumference from the base of the pole, decorative pole, or support structure to which the small wireless facility antenna would be attached, provided that the authority shall not deny the application if a greater distance from the base of the pole, decorative pole, or support structure is necessary to avoid interfering with sight lines or clear zones for transportation or pedestrians or to otherwise protect public safety;

(e) fails to comply with the height limitations permitted by this article or with reasonable and nondiscriminatory horizontal spacing requirements of general application adopted by an enactment that concern the location of ground-mounted equipment and new poles. These spacing requirements may not be applied in a manner that constitutes an effective prohibition of service that is prohibited by federal law;

(f) designates the location of a new pole for the purpose of collocating a small wireless facility within seven feet in any direction of an electrical conductor, unless the wireless provider obtains the written consent of the power supplier that owns or manages the electrical conductor;

(g) fails to comply with applicable codes;

(h) fails to comply with Section 58-11-820(F), (G), or (H) or any compliant provisions adopted in accordance with Section 58-11-815(B) or (C);

(i) fails to comply with laws of general applicability that address pedestrian and vehicular traffic and safety requirements; or

(j) fails to comply with laws of general applicability that address the occupancy or management of the right of way and that are not otherwise inconsistent with this chapter.

(11) The authority shall document the basis for a denial, including the specific provisions of this article on which the denial was based, and send the documentation to the applicant on or before the day the authority denies an application. The applicant may cure the deficiencies identified by the authority and resubmit the application within thirty days of the denial without paying an additional application fee. The authority shall approve or deny the revised application within thirty days of resubmission and limit its review to the deficiencies cited in the denial. If the authority fails to act on a revised application within this thirty-day period, the applicant may provide the authority written notice that the time period for acting has lapsed, and the authority shall then have five days after receipt of such notice to render its written

WEDNESDAY, APRIL 3, 2019

decision approving or denying the revised application. The revised application shall be deemed to have been approved by passage of time and operation of law if the authority does not render its written decision within such five days.

(12) An applicant seeking to collocate small wireless facilities within the jurisdiction of a single authority must be allowed at the applicant's discretion to file a consolidated application for up to thirty small wireless facilities and receive a single permit for the collocation of multiple small wireless facilities; provided, however, the denial of one or more small wireless facilities in a consolidated application must not delay processing of any other small wireless facilities in the same consolidated application. Solely for purposes of calculating the number of small wireless facilities in a consolidated application, a small wireless facility includes any pole on which such small wireless facility will be collocated.

(13) Installation or collocation for which a permit is granted pursuant to this section must be completed within one year of the permit issuance date unless: the authority and the applicant agree to extend this period; or a delay is caused by the lack of commercial power or by the lack of communications facilities to be provided to the site by an entity that is not an affiliate, as that term is defined in 47 U.S.C. Section 153(2), of the applicant. Approval of an application authorizes the applicant to:

(a) undertake the installation or collocation; and

(b) subject to applicable relocation requirements and the applicant's right to terminate at any time, operate and maintain the small wireless facilities and any associated pole covered by the permit for a period of no less than ten years, which must be renewed for equivalent durations so long as the installation or collocation is in compliance with the criteria set forth in item (10).

(14) An authority may not institute, either expressly or de facto, a moratorium on filing, receiving, or processing applications, or issuing permits or other approvals, if any, for the collocation of small wireless facilities or the installation, modification, or replacement of poles to support small wireless facilities.

(15) The approval of the installation, placement, maintenance, or operation of a small wireless facility pursuant to this section neither constitutes an authorization nor affects any authorization a provider may have to provide a communication service or to install, place, maintain, or operate any other communications facility, including a wireline backhaul facility, in a ROW.

WEDNESDAY, APRIL 3, 2019

(E)(1) An authority may not require a permit or any other approval or charge fees or rates for:

- (a) routine maintenance;
- (b) the replacement of small wireless facilities with small wireless facilities that are substantially similar or the same size or smaller; or
- (c) the installation, placement, maintenance, operation, or replacement of micro wireless facilities that are suspended on cables that are suspended between poles or support structures in compliance with applicable codes.

(2) An authority may require a permit for work that requires excavation or closure of sidewalks or vehicular lanes within the ROW for the activities described in item (1). Such a permit must be issued to the applicant on a nondiscriminatory basis upon terms and conditions that apply to the activities of any other person in the ROW that require excavation or the closing of sidewalks or vehicular lanes.

Section 58-11-840. (A) The provisions of this section apply the collocation of small wireless facilities on an authority pole in the ROW by a wireless provider.

(B) A person owning, managing, or controlling authority poles in the ROW may not enter into an exclusive arrangement with any person for the right to attach to such poles. A person who purchases or otherwise acquires an authority pole is subject to the requirements of this section.

(C) An authority shall allow the collocation of small wireless facilities on authority poles on nondiscriminatory terms and conditions pursuant to Section 58-11-830.

(D) The rates to collocate on authority poles must be nondiscriminatory regardless of the services provided by the collocating wireless provider and must be as set forth in Section 58-11-850.

(E)(1) The rates, fees, terms, and conditions for make-ready work to collocate on an authority pole must be nondiscriminatory, competitively neutral, commercially reasonable, and in compliance with this article.

(2)(a) The authority shall provide a good faith estimate for any make-ready work necessary to enable the pole to support the requested collocation by a wireless provider, including pole replacement if necessary, within sixty days after receipt of a complete application. Alternatively, the authority may require the wireless provider to perform the make-ready work and notify the wireless provider of such within the sixty-day period. If the wireless provider or its contractor performs the

WEDNESDAY, APRIL 3, 2019

make-ready work, the wireless provider shall indemnify the authority for any negligence by the wireless provider or its contractor in the performance of such make-ready work and the work shall otherwise comply with applicable law.

(b) Make-ready work performed by or on behalf of an authority, including any pole replacement, must be completed within sixty days of written acceptance of the good faith estimate by the applicant. An authority may require replacement of the authority pole only if it demonstrates that the collocation would make the authority pole structurally unsound.

(3) The person owning, managing, or controlling the authority pole must not require more make-ready work than required to meet applicable codes or industry standards. Fees assessed by or on behalf of an authority for make-ready work, including any pole replacement, must not:

(a) include costs related to preexisting or prior damage or noncompliance;

(b) exceed either actual costs or the amount charged to other communications service providers for similar work; or

(c) include any revenue or contingency-based consultant's fees or expenses of any kind.

(4) A wireless provider collocating on an authority pole pursuant to this article is responsible for reimbursing third parties for their actual and reasonable costs of any make-ready work reasonably required by the third party to accommodate the collocation. If the authority includes such costs of a third party in the good faith estimate provided pursuant to item (2) of this section, payment of that estimate to the authority constitutes reimbursement of the third party by the wireless provider. Otherwise, the third party may bill the wireless provider for such reimbursement within six months of the completion of the third party's make-ready work.

Section 58-11-850. (A) This section governs an authority's rates and fees for the collocation of a wireless facility and the installation, modification or replacement of an associated pole.

(B) Except to the extent permitted by this article or otherwise specifically authorized by state or federal law including, without limitation, Article 20, Chapter 9, Title 58, an authority may not:

(1) adopt or enforce any regulations or requirements on the placement or operation of communications facilities in a ROW by a communications service provider authorized by federal, state, or local law to operate in a ROW;

WEDNESDAY, APRIL 3, 2019

(2) regulate any communications services; or

(3) impose or collect any tax, fee, or charge for the provision of any communications service over the communications service provider's communications facilities in a ROW.

(C) Without limiting the foregoing, a wireless provider is authorized to deploy small wireless facilities and associated poles in a ROW in compliance with this article regardless of whether the provider has sought or obtained any certificate or other authority from the Public Service Commission of South Carolina; provided, however, that nothing in this article prohibits an authority from requiring proof that a wireless services provider is licensed by the FCC or otherwise authorized to provide service within the geographic jurisdiction of the authority.

(D)(1) A municipality may charge an application fee to a wireless provider regardless of whether the provider is subject to a business license tax that is or could be imposed on it pursuant to Section 58-9-2220 and a franchise, consent, or administrative fee that is or could be imposed on it pursuant to Section 58-9-2230.

(2) A municipality may charge an application fee to a communications service provider regardless of whether the provider is subject to a franchise fee that is or could be imposed on it pursuant to Section 58-12-330.

(3) An authority may charge an application fee, so long as the fee is reasonable, nondiscriminatory, and recovers no more than an authority's direct costs for processing an application; provided however, the fee may not exceed:

(a) for applications to collocate small wireless facilities on existing poles or structures, one hundred dollars each for the first five small wireless facilities in the same application and fifty dollars for each additional small wireless facility in the same application; or

(b) for applications to collocate small wireless facilities on new poles, one thousand dollars for each pole, which fee covers both the installation of the new pole and the collocation on the new pole of associated small wireless facilities that are a permitted use in accordance with the specifications in Section 58-11-820(D); and

(c) for applications to collocate small wireless facilities on modified or replacement poles, two hundred fifty dollars for each pole, which fee covers both the modification or replacement of the pole and the collocation on the pole of associated small wireless facilities that are permitted uses in accordance with the specifications in Section 58-11-820(D).

WEDNESDAY, APRIL 3, 2019

(E)(1) A municipality may charge a rate for the occupancy and use of the ROW to a wireless provider regardless of whether the provider is subject to a business license tax that is or could be imposed on it pursuant to Section 58-9-2220 and a franchise, consent, or administrative fee that is or could be imposed on it pursuant to Section 58-9-2230.

(2) A municipality may charge a rate for the occupancy and use of the ROW to a communications service provider regardless of whether the provider is subject to a franchise fee that is or could be imposed on it pursuant to Section 58-12-330.

(3) An authority may charge a wireless provider for the occupancy and use of the ROW, so long as such rate is reasonable, nondiscriminatory, and does not exceed: one hundred dollars per year for each small wireless facility collocated on any existing or replacement pole, including an existing or replacement authority pole; or two hundred dollars per year for each small wireless facility collocated on a new pole, other than a replacement pole, which two hundred dollar rate shall cover the new pole and the small wireless facility collocated on it.

(F)(1) An authority may charge a rate for collocation of a small wireless facility on an authority pole, but any such rate must be reasonable, nondiscriminatory, and recover no more than the authority's direct costs associated with such collocation, not to exceed fifty dollars per authority pole per year.

(2) Other than requiring a wireless provider to pay attachment rates as permitted by item (1), an authority may not require any person or entity with facilities installed on a pole or support structure to pay any additional attachment rates or fees as a result of the granting of an application for a permit under this article.

Section 58-11-853. The construction, installation, maintenance, modification, operation, and replacement of wireline backhaul facilities in the right of way are not addressed by this article, and any such activity shall comply with the applicable provisions of the 1976 Code including, without limitation, Section 58-9-280(A) and (B) and Chapter 12, Title 58.

Section 58-11-857. An applicant in the right of way must not install, maintain, modify, operate, repair, or replace any small wireless facilities, support structures, poles, or decorative poles in a manner that will interfere with any existing infrastructure, equipment, or service including, without limitation, infrastructure, equipment, or service used to provide communications, electric, gas, water, or sewer services.

Section 58-11-860. The provisions of this section apply only to activities in the ROW. Nothing in this article must be interpreted to:

WEDNESDAY, APRIL 3, 2019

(1) allow an entity to provide services regulated pursuant to 47 U.S.C. Sections 521 to 573, without compliance with all laws applicable to such providers; or

(2) impose any new requirements on cable providers for the provision of such service in this State.

Section 58-11-870. Pursuant to the provisions of this article and applicable federal law, an authority may continue to exercise zoning, land use, planning and permitting authority within its territorial boundaries with respect to small wireless facilities, poles, and support structures outside of the ROW, including the enforcement of applicable codes. An authority may not have or exercise any jurisdiction or authority over the design, engineering, construction, installation, or operation of a small wireless facility located in an interior structure or upon the site of a campus, stadium, or athletic facility not owned or controlled by the authority, other than to require compliance with applicable codes. Nothing in this article authorizes the State or a political subdivision, including an authority, to require any wireless facility deployment or to regulate wireless services.

Section 58-11-880. This article does not apply to poles owned by an investor-owned utility, except as it concerns a wireless provider's access to the ROW and permits for the collocation of small wireless facilities on such poles.

Section 58-11-900. The Administrative Law Court has contested case jurisdiction to determine all disputes arising under this article between an applicant and an authority or any person or entity acting on behalf of an authority. Any request filed with the Administrative Law Court pursuant to this article must be filed in accordance with its Rules of Procedure. Pending resolution of a dispute concerning rates for collocation of small wireless facilities on authority poles, the person owning or controlling the pole must allow the collocating person to collocate on its poles at annual rates of no more than fifty dollars with the actual rate to be settled upon final resolution of the dispute. Disputes subject to this section must be adjudicated pursuant to accelerated docket or complaint procedures, if available.

Section 58-11-910. (A) An authority may adopt reasonable indemnification, insurance and bonding requirements related to small wireless facility and associated pole permits subject to the requirements of this section.

(B) An authority may not require a wireless provider to indemnify and hold the authority and its officers and employees harmless against any claims, lawsuits, judgments, costs, liens, losses, expenses, or fees,

WEDNESDAY, APRIL 3, 2019

except when a court of competent jurisdiction has found that the negligence of the wireless provider while installing, repairing, or maintaining facilities, poles, or support structures pursuant to this article caused the harm that created such claims, lawsuits, judgments, costs, liens, losses, expenses, or fees.

(C) An authority may require a wireless provider to have in effect insurance coverage consistent with this section, so long as the authority imposes similar requirements on other ROW users and such requirements are reasonable and nondiscriminatory.

(1) An authority may not require a wireless provider to obtain insurance naming the authority or its officers and employees as additional insureds.

(2) An authority may require a wireless provider to furnish proof of insurance, if required, prior to the effective date of a permit issued for a small wireless facility.

(D) An authority may adopt bonding requirements for small wireless facilities if the authority imposes similar requirements in connection with permits issued for other ROW users.

(1) The purpose of such bonds must be to provide for the:

(a) removal of abandoned or improperly maintained small wireless facilities, including those that an authority determines must be removed to protect public health, safety, or welfare;

(b) restoration of the ROW as provided in Section 58-11-820(J); and

(c) recoupment of rates or fees that have not been paid by a wireless provider in over twelve months, so long as the wireless provider has received reasonable notice from the authority of any of the noncompliance listed above and an opportunity to cure.

(2) Bonding requirements may not exceed two hundred dollars per small wireless facility. For wireless providers with multiple small wireless facilities within the jurisdiction of a single authority, the total bond amount across all facilities may not exceed ten thousand dollars, and that amount may be combined into one bond instrument.

Section 58-11-920. (A) Neither the State nor any agency, department, or instrumentality thereof may condition a wireless provider's access to any ROW or a wireless provider's deployment of small wireless facilities and associated poles in any ROW on the wireless provider's seeking or obtaining any certificate or other authority from the Public Service Commission of South Carolina.

(B) Without limiting the provisions of subsection (A):

WEDNESDAY, APRIL 3, 2019

(1) a wireless services provider seeking access to a ROW as described in subsection (A) may be required to provide proof that it is licensed by the FCC or otherwise authorized to provide wireless services within the State; and

(2) a wireless provider seeking access to a ROW as describe in subsection (A) and that is not also a wireless services provider may be required to: submit an attestation that a wireless services provider has requested in writing that the wireless provider deploy small wireless facilities or associated poles at the requested location; and provide proof that such wireless services provider is licensed by the FCC or otherwise authorized to provide service within the State.

(C) To the extent that an authority is otherwise authorized to address a wireless provider's deployment of small wireless facilities and associated poles in the ROW of the State or of any agency, department, or instrumentality thereof, the authority must do so in strict compliance with the provisions of this article."

If an agreement or enactment is invalid and unenforceable in accordance with this section, small wireless facilities and associated utility poles that were installed before October 1, 2019, pursuant to such agreement or ordinance may remain installed at the option of the wireless provider and must be operated and maintained under the provisions of this article.

(B)(1) No later than October 1, 2019, an authority may adopt an enactment that:

(a) adopts compliant provisions in lieu of the provisions of Section 58-11-820(F)(2), (G), and (H);

WEDNESDAY, APRIL 3, 2019

(D)(1) An authority must not require a wireless provider to enter into an agreement including, without limitation, a franchise agreement whether memorialized in an ordinance or in any other manner, to implement this article, but nothing in this article prohibits an authority and a wireless provider from voluntarily entering one or more such agreements after the effective date of this article, including such agreements with rates, fees, and other terms that differ from those in this article, provided however, that the authority must make each such agreement available for public inspection and available for adoption upon the same terms and conditions to any requesting wireless provider.

(2) Agreements entered into pursuant to item (1) are public-private arrangements and are matters of legitimate and significant statewide concern.

Section 58-11-820. (A) The provisions of this section shall apply only to activities of a wireless provider within the ROW to deploy small wireless facilities and associated poles.

(B) An authority may not enter into an exclusive arrangement with any person for use of the ROW for the collocation of small wireless facilities or the installation, operation, marketing, modification, maintenance, or replacement of poles.

(C) Subject to the exceptions pursuant to Section 58-11-830(E)(1), an authority only may charge a wireless provider a nondiscriminatory rate or fee for the use of the ROW with respect to the collocation of small wireless facilities or the installation, maintenance, modification, operation, or replacement of a pole in the ROW, if the authority charges other entities for use of the ROW. Notwithstanding the foregoing, an authority is permitted, on a nondiscriminatory basis, to refrain from charging any rate to a wireless provider for the use of the ROW. The rate for use of the ROW is provided in Section 58-11-850.

(D) Subject to the provisions of this section, a wireless provider shall have the right, as a permitted use not subject to zoning review or approval, to collocate small wireless facilities and install, maintain, modify, operate, and replace poles in the ROW. These structures and facilities must be so installed and maintained as not to obstruct or hinder the usual travel or public safety in the ROW or obstruct the legal use of the ROW by utilities.

(E)(1) Each new or modified pole installed in the ROW may not exceed the greater of ten feet in height above the tallest existing pole in place as of the effective date of this article located within five hundred feet of the new pole in the same ROW, or fifty feet above ground level.

WEDNESDAY, APRIL 3, 2019

(2) New small wireless facilities in the ROW may not extend more than ten feet above an existing pole in place as of the effective date of this article; or for small wireless facilities on a new pole, above the height permitted for a new pole pursuant to this section.

(3) Subject to the provisions of this section and applicable zoning regulations, a wireless provider must have the right to collocate a small wireless facility and install, maintain, modify, operate, and replace a pole that exceeds the height limits set forth in item (1) in the ROW.

(F)(1) A wireless provider must be permitted to collocate on or replace decorative poles when necessary to deploy a small wireless facility.

(2) An authority may require the collocation or decorative pole replacement to reasonably conform to the design aesthetics of the original decorative pole or poles, provided these requirements are technically feasible.

(G)(1) A wireless provider shall comply with reasonable and nondiscriminatory requirements that prohibit the installation of poles or wireless support structures in the ROW in an area designated solely for underground communications and electric lines, where:

(a) no less than three months prior to the submission of the application, the authority has required all such lines to be placed underground;

(b) poles the authority allows to remain are made available to wireless providers for the collocation of small wireless facilities and may be replaced by a wireless provider to accommodate the collocation of small wireless facilities, in compliance with this article; or

(c) a wireless provider is allowed to install a new pole when it is not able to provide wireless service by collocating on a remaining pole or wireless support structure.

(2) For small wireless facilities installed before an authority adopts requirements that comply with item (1), an authority adopting such requirements shall:

(a) permit a wireless provider to maintain the small wireless facilities in place subject to any applicable pole attachment agreement with the pole owner; or

(b) permit the wireless provider to replace the associated pole within fifty feet of the prior location, provided that the wireless provider shall allow communications service providers with attachments on the existing utility pole to place those attachments on the replacement utility

WEDNESDAY, APRIL 3, 2019

pole under the same or reasonably similar rates, terms, and conditions as applied to those attachments on the existing pole.

(H) Subject to Section 58-11-830(D), an authority may require reasonable, technically feasible, nondiscriminatory and technologically neutral design or concealment measures in a historic district. These design or concealment measures may not have the effect of prohibiting any provider's technology; nor may any such measures be considered a part of the small wireless facility for purposes of the size restrictions in the definition of small wireless facility.

(I) The authority, in the exercise of its administration and regulation related to the management of the ROW, must be competitively neutral and nondiscriminatory with regard to all users of the ROW. The authority's ROW may not be unreasonable or discriminatory and may not violate any applicable law.

(J) The authority may require a wireless provider to repair all damage to the ROW directly caused by the activities of the wireless provider in the ROW and to return the ROW to its functional equivalence before the damage pursuant to the competitively neutral, reasonable requirements and specifications of the authority. If the wireless provider fails to make the repairs required by the authority within a reasonable time after written notice, the authority may make those repairs and charge the applicable party the reasonable, documented cost of such repairs.

(K) A wireless provider must not be required to replace or upgrade an existing pole except for reasons of structural necessity or compliance with applicable codes. A wireless provider may, with the permission of the pole owner, replace or modify existing poles, but any such replacement or modification must be consistent with the design aesthetics of the poles being modified or replaced.

(L) New, modified, or replacement poles associated with a small wireless facility which meet the requirements of this section are permitted uses pursuant to the permit process in Section 58-11-830(D).

(M) A wireless provider shall notify the authority at least thirty days before its abandonment of a small wireless facility. Following receipt of such notice, the authority may direct the wireless provider to remove all or any portion of the small wireless facility if the authority determines that such removal is in the best interest of the public safety and public welfare. If the wireless provider fails to remove the abandoned facility within ninety days after such notice, the authority may undertake to do so and recover the actual and reasonable expenses of doing so from the wireless provider, its successors or assigns.

WEDNESDAY, APRIL 3, 2019

(N) Nothing in this article relieves any person including, without limitation, any wireless provider, of any applicable obligation to pay business license taxes including, without limitation, those provided for in Section 58-9-2200, et. seq., or franchise fees. Any entity that uses the ROW, directly or indirectly, including through leased facilities, to provide services in a municipality is responsible for all applicable taxes and fees related to the services provided.

Section 58-11-830. (A) The provisions of this section shall apply to the permitting of the collocation of small wireless facilities by a wireless provider in the ROW and to the permitting of the installation, modification, and replacement of associated poles by a wireless provider inside the ROW.

(B) Except as provided in this article, an authority may not prohibit, regulate, or charge for the collocation of small wireless facilities and associated poles described in subsection (A).

(C) Small wireless facilities must be classified as permitted uses and not subject to zoning review or approval if they are collocated in the ROW in any zone.

(D) An authority may require an applicant to obtain one or more permits to collocate a small wireless facility or install a new, modified, or replacement pole associated with a small wireless facility as provided in Section 58-11-820(D), provided the permits are of general applicability and do not apply exclusively to wireless facilities. An authority shall receive applications for, process, and issue such permits subject to the following requirements:

(1) An authority may not directly or indirectly require an applicant to perform services or provide goods unrelated to the permit, such as in-kind contributions to the authority including, but not limited to, reserving fiber, conduit, or pole space for the authority.

(2) An applicant must not be required to provide more information to obtain a permit than communications service providers that are not wireless providers, provided that an applicant may be required to include construction and engineering drawings and information demonstrating compliance with the criteria delineated in item (9).

(3) An authority may not require:

(a) the collocation of small wireless facilities on a specific pole or category of poles or require multiple antenna systems on a single pole;

(b) the use of specific pole types or configurations when installing new or replacement poles; or

WEDNESDAY, APRIL 3, 2019

(c) subject to Section 58-11-820(G)(1), the underground placements of small wireless facilities that are or are designated in an application to be pole-mounted or ground-mounted.

(4) An authority may not limit the collocation of small wireless facilities by minimum horizontal separation distance requirements from existing small wireless facilities, poles, or other structures.

(5) The authority may require an applicant to include an attestation that the small wireless facilities will be operational for use by a wireless services provider within one year after the permit issuance date, unless the authority and the applicant agree to extend this period or delay is caused by lack of commercial power or by the lack of communications transport facilities to be provided to the site by an entity that is not an affiliate, as that term is defined in 47 U.S.C. Section 153(2), of the applicant.

(6) The authority may require an applicant that is not a wireless services provider to include an attestation that a wireless services provider has requested in writing that the applicant collocate the small wireless facilities or install, modify, or replace the utility pole at the requested location.

(7) Within ten days of receiving an application, an authority must determine and notify the applicant in writing whether the application is complete. If an application is incomplete, an authority shall specifically identify the missing information in writing. The processing deadline in item (8) is tolled from the time the authority sends the notice of incompleteness to the time the applicant provides the missing information. That processing deadline also may be tolled by agreement of the applicant and the authority, confirmed in writing.

(8) An application must be processed on a nondiscriminatory basis and is deemed approved if the authority fails to approve or deny the application within sixty days of receipt of the application.

(9) An authority may deny a proposed collocation of a small wireless facility or a proposed installation, modification, or replacement of a pole that meets the requirements in Section 58-11-820(E) only if the proposed application:

(a) materially interferes with the safe operation of traffic control equipment;

(b) materially interferes with sight lines or clear zones for transportation or pedestrians;

(c) materially interferes with compliance with the Americans with Disabilities Act or similar federal or state standards regarding pedestrian access or movement;

WEDNESDAY, APRIL 3, 2019

(d) fails to comply with reasonable and nondiscriminatory horizontal spacing requirements of general application adopted by ordinance that concern the location of ground-mounted equipment and new poles. These spacing requirements may not prevent a wireless provider from serving any location;

(e) designates the location of a new pole for the purpose of collocating a small wireless facility within seven feet in any direction of an electrical conductor, unless the wireless provider obtains the written consent of the power supplier that owns or manages the electrical conductor;

(f) fails to comply with applicable codes; or

(g) fails to comply with Section 58-11-820(F), (G), or (H) or any compliant provisions adopted in lieu thereof in accordance with Section 58-11-815(B).

(10) The authority shall document the basis for a denial, including the specific provisions of this article on which the denial was based, and send the documentation to the applicant on or before the day the authority denies an application. The applicant may cure the deficiencies identified by the authority and resubmit the application within thirty days of the denial without paying an additional application fee. The authority shall approve or deny the revised application within thirty days of resubmission and limit its review to the deficiencies cited in the denial. Any application not acted upon within thirty days of resubmission is deemed approved.

(11) An applicant seeking to collocate small wireless facilities within the jurisdiction of a single authority must be allowed at the applicant's discretion to file a consolidated application for up to thirty small wireless facilities and receive a single permit for the collocation of multiple small wireless facilities; provided, however, the denial of one or more small wireless facilities in a consolidated application must not delay processing of any other small wireless facilities in the same consolidated application. Solely for purposes of calculating the number of small wireless facilities in a consolidated application, a small wireless facility includes any pole on which such small wireless facility will be collocated.

(12) Installation or collocation for which a permit is granted pursuant to this section must be completed within one year of the permit issuance date unless the authority and the applicant agree to extend this period or a delay is caused by the lack of commercial power or by the lack of communications facilities to be provided to the site by an entity

WEDNESDAY, APRIL 3, 2019

that is not an affiliate, as that term is defined in 47 U.S.C. Section 153(2), of the applicant. Approval of an application authorizes the applicant to:

(a) undertake the installation or collocation; and

(b) subject to applicable relocation requirements and the applicant's right to terminate at any time, operate and maintain the small wireless facilities and any associated pole covered by the permit for a period of no less than ten years, which must be renewed for equivalent durations so long as the installation or collocation is in compliance with the criteria set forth in item (9).

(13) An authority may not institute, either expressly or de facto, a moratorium on filing, receiving, or processing applications, or issuing permits or other approvals, if any, for the collocation of small wireless facilities or the installation, modification, or replacement of poles to support small wireless facilities.

(14) The approval of the installation, placement, maintenance, or operation of a small wireless facility pursuant to this section neither constitutes an authorization nor affects any authorization a provider may have to provide a communication service or to install, place, maintain, or operate any other communications facility, including a wireline backhaul facility, in a ROW.

(E)(1) An authority may not require a permit or any other approval or charge fees or rates for:

(a) routine maintenance;

(b) the replacement of small wireless facilities with small wireless facilities that are substantially similar or the same size or smaller; or

(c) the installation, placement, maintenance, operation, or replacement of micro wireless facilities that are suspended on cables that are suspended between poles or wireless support structures in compliance with applicable codes.

(2) An authority may require a permit for work that requires excavation or closure of sidewalks or vehicular lanes within the ROW for the activities described in item (1). Such a permit must be issued to the applicant on a nondiscriminatory basis upon terms and conditions that apply to the activities of any other person in the ROW that require excavation or the closing of sidewalks or vehicular lanes.

Section 58-11-840. (A) The provisions of this section apply to activities of any wireless provider in the ROW.

(B) A person owning, managing, or controlling authority poles in the ROW may not enter into an exclusive arrangement with any person for the right to attach to such poles. A person who purchases or

WEDNESDAY, APRIL 3, 2019

otherwise acquires an authority pole is subject to the requirements of this section.

(C) An authority shall allow the collocation of small wireless facilities on authority poles on nondiscriminatory terms and conditions pursuant to Section 58-11-830.

(D)(1) The rates to collocate on authority poles must be nondiscriminatory regardless of the services provided by the collocating wireless provider.

(2) The rate to collocate on authority poles must be as set forth in Section 58-11-850.

(E)(1) The rates, fees, terms, and conditions for make-ready work to collocate on an authority pole must be nondiscriminatory, competitively neutral, and commercially reasonable and must comply with this article.

(2) The authority shall provide a good faith estimate for any make-ready work necessary to enable the pole to support the requested collocation by a wireless provider, including pole replacement if necessary, within sixty days after receipt of a complete application. Make-ready work, including any pole replacement, must be completed within sixty days of written acceptance of the good faith estimate by the applicant. An authority may require replacement of the authority pole only if it demonstrates that the collocation would make the authority pole structurally unsound.

(3) The person owning, managing, or controlling the authority pole must not require more make-ready work than required to meet applicable codes or industry standards. Fees assessed by or on behalf of an authority for make-ready work, including any pole replacement, must not:

(a) include costs related to preexisting or prior damage or noncompliance;

(b) exceed either actual costs or the amount charged to other communications service providers for similar work; or

(c) include any revenue or contingency-based consultant's fees or expenses of any kind.

(4) A wireless provider collocating on an authority pole pursuant to this article is responsible for reimbursing third parties for their actual and reasonable costs of any make-ready work reasonably required by the third party to accommodate the collocation. If the authority includes such costs of a third party in the good faith estimate provided pursuant to item (2) of this section, payment of that estimate to the authority constitutes reimbursement of the third party by the wireless

WEDNESDAY, APRIL 3, 2019

provider. Otherwise, the third party may bill the wireless provider for such reimbursement within six months of the completion of the third party's make-ready work.

Section 58-11-850. (A) This section governs an authority's rates and fees for the collocation of a wireless facility or installation of an associated pole.

(B) Except as it relates to small wireless facilities subject to the permit and fee requirements established pursuant to this article or otherwise specifically authorized by state or federal law including, without limitation, Article 20 of Chapter 9, Title 58, an authority may not:

(1) adopt or enforce any regulations or requirements on the placement or operation of communications facilities in a ROW by a communications service provider authorized by federal, state, or local law to operate in a ROW;

(2) regulate any communications services; or

(3) impose or collect any tax, fee, or charge for the provision of any communications service over the communications service provider's communications facilities in a ROW.

(C) Without limiting the foregoing, a wireless provider is authorized to deploy small wireless facilities and associated poles in a ROW in compliance with this article regardless of whether the provider has sought or obtained any certificate or other authority from the Public Service Commission of South Carolina.

(D)(1) A municipality may not charge an application fee to a wireless provider that is subject to a business license tax that is or could be imposed on it pursuant to Section 58-9-2220 and a franchise, consent, or administrative fee that is or could be imposed on it pursuant to Section 58-9-2230.

(2) A municipality may not charge any application fee to any communications service provider that is subject to a franchise fee that is or could be imposed on it pursuant to Section 58-12-330.

(3) Except as provided in item (1) and (2), an authority may charge an application fee, so long as the fee is reasonable, nondiscriminatory, and recovers no more than an authority's direct costs for processing an application; provided however, the fee may not exceed:

(a) one hundred dollars each for the first five small wireless facilities on the same application and fifty dollars for each additional small wireless facility on the same application; or

(b) two hundred fifty dollars for the installation, modification, or replacement of a pole together with the collocation of

WEDNESDAY, APRIL 3, 2019

an associated small wireless facility that are permitted uses in accordance with the specifications in Section 58-11-820(D).

(E)(1) A municipality may not charge any fee for the occupancy and use of the ROW to a wireless provider that is subject to a business license tax that is or could be imposed on it pursuant to Section 58-9-2220 and a franchise, consent, or administrative fee that is or could be impose on it pursuant to Section 58-9-2230.

(2) A municipality may not charge any fee for the occupancy and use of the ROW to a communications service provider that is subject to a franchise fee that is or could be imposed on it pursuant to Section 58-12-330.

(3) Except as provided in item (1) and (2), an authority may charge a wireless provider for the occupancy and use of the ROW, so long as such rate is reasonable, nondiscriminatory, and does not exceed twenty dollars per year per small wireless facility.

(F)(1) An authority may charge for collocation of a small wireless facility on an authority pole, but any such rate must be reasonable, nondiscriminatory, and recover no more than the authority's direct costs associated with such collocation, not to exceed twenty dollars per authority pole per year.

(2) Other than requiring a wireless provider to pay attachment fees as permitted by item (1), an authority may not require any person or entity with facilities installed on a pole or support structure to pay any additional attachment fees as a result of the granting of an application for a permit under this article.

Section 58-11-853. The construction, installation, maintenance, modification, operation, and replacement of wireline backhaul facilities in the right of way are not addressed by this article, and any such activity shall comply with the applicable provisions of the 1976 Code including, without limitation, Section 58-9-280(A) and (B) and Chapter 12, Title 58.

Section 58-11-857. An applicant in the right of way must not install, maintain, modify, operate, repair, or replace any small wireless facilities, wireless support structures, poles, or decorative poles in a manner that will interfere with any existing infrastructure, equipment, or service including, without limitation, infrastructure, equipment, or service used to provide communications, electric, gas, water, or sewer services.

Section 58-11-860. The provisions of this section apply only to activities in the ROW. Nothing in this article must be interpreted to:

WEDNESDAY, APRIL 3, 2019

(1) allow an entity to provide services regulated pursuant to 47 U.S.C. Sections 521 to 573, without compliance with all laws applicable to such providers; or

(2) impose any new requirements on cable providers for the provision of such service in this State.

Section 58-11-870. Pursuant to the provisions of this article and applicable federal law, an authority may continue to exercise zoning, land use, planning and permitting authority within its territorial boundaries with respect to wireless support structures and poles, including the enforcement of applicable codes. An authority may not have or exercise any jurisdiction or authority over the design, engineering, construction, installation, or operation of a small wireless facility located in an interior structure or upon the site of a campus, stadium, or athletic facility not owned or controlled by the authority, other than to require compliance with applicable codes. Nothing in this article authorizes the State or a political subdivision, including an authority, to require any wireless facility deployment or to regulate wireless services.

Section 58-11-880. This article does not apply to poles owned by an investor-owned utility, except as it concerns a wireless provider's access to the ROW and permits for the collocation of small wireless facilities on such poles.

Section 58-11-900. The Administrative Law Court has jurisdiction to determine all disputes arising under this article between an applicant and an authority or any person or entity acting on behalf of an authority. Pending resolution of a dispute concerning rates for collocation of small wireless facilities on authority poles, the person owning or controlling the pole must allow the collocating person to collocate on its poles at annual rates of no more than twenty dollars with the actual rate to be settled upon final resolution of the dispute. Disputes subject to this section must be adjudicated pursuant to accelerated docket or complaint procedures, if available.

Section 58-11-910. (A) An authority may adopt reasonable indemnification, insurance and bonding requirements related to small wireless facility and associated pole permits subject to the requirements of this section.

(B) An authority may not require a wireless provider to indemnify and hold the authority and its officers and employees harmless against any claims, lawsuits, judgments, costs, liens, losses, expenses, or fees, except when a court of competent jurisdiction has found that the negligence of the wireless provider while installing, repairing, or

WEDNESDAY, APRIL 3, 2019

maintaining facilities, poles, or support structures pursuant to this article caused the harm that created such claims, lawsuits, judgments, costs, liens, losses, expenses, or fees.

(C) An authority may require a wireless provider to have in effect insurance coverage consistent with this section, so long as the authority imposes similar requirements on other ROW users and such requirements are reasonable and nondiscriminatory.

(1) An authority may not require a wireless provider to obtain insurance naming the authority or its officers and employees as additional insureds.

(2) An authority may require a wireless provider to furnish proof of insurance, if required, prior to the effective date of a permit issued for a small wireless facility.

(D) An authority may adopt bonding requirements for small wireless facilities if the authority imposes similar requirements in connection with permits issued for other ROW users.

(1) The purpose of such bonds must be to provide for the:

(a) removal of abandoned or improperly maintained small wireless facilities, including those that an authority determines must be removed to protect public health, safety, or welfare;

(b) restoration of the ROW as provided in Section 58-11-820(J); and

(c) recoupment of rates or fees that have not been paid by a wireless provider in over twelve months, so long as the wireless provider has received reasonable notice from the authority of any of the noncompliance listed above and an opportunity to cure.

(2) Bonding requirements may not exceed two hundred dollars per small wireless facility. For wireless providers with multiple small wireless facilities within the jurisdiction of a single authority, the total bond amount across all facilities may not exceed ten thousand dollars, and that amount may be combined into one bond instrument.

Section 58-11-920. Neither the State nor any agency, department, or instrumentality thereof may condition a wireless provider's access to any ROW or a wireless provider's deployment of small wireless facilities and associated poles in any ROW on the wireless provider's seeking or obtaining any certificate or other authority from the Public Service Commission of South Carolina; provided however, that for any wireless provider that is not also a wireless services provider, such access and deployment may be conditioned on an attestation that a wireless services provider has requested in writing that the wireless

provider deploy small wireless facilities or associated poles at the requested location.”

SPEAKER IN CHAIR

H. 4287--AMENDED AND ORDERED TO THIRD READING

The following Joint Resolution was taken up:

H. 4287 -- Reps. Lucas, G. M. Smith, Simrill, Rutherford, McCoy, Ott, Stavrinakis, Gilliard and Caskey: A JOINT RESOLUTION TO AUTHORIZE THE PUBLIC SERVICE AUTHORITY EVALUATION

WEDNESDAY, APRIL 3, 2019

AND RECOMMENDATION COMMITTEE TO RECEIVE AND APPROVE A CONTRACTUAL OFFER TO PURCHASE THE ASSETS AND ASSUME OR SATISFY THE LIABILITIES OF THE SOUTH CAROLINA PUBLIC SERVICE AUTHORITY WHICH THE COMMITTEE CONSIDERS TO BE IN THE BEST INTERESTS OF THIS STATE AND ITS TAXPAYERS AND RATEPAYERS, TO PROVIDE THAT THE ACTIONS OF THE COMMITTEE ARE SUBJECT TO FINAL APPROVAL BY THE GENERAL ASSEMBLY, AND TO PROVIDE FOR THE MANNER IN WHICH THIS OFFER IS TRANSMITTED TO AND APPROVED OR DISAPPROVED BY THE GENERAL ASSEMBLY, INCLUDING A TIMELINE REQUIREMENT.

The Committee on Ways and Means proposed the following Amendment No.1 to H. 4287 (COUNCIL\AHB\4287C010. BH.AHB19), which was adopted:

Amend the joint resolution, as and if amended, by striking all after the enacting words and inserting:

/ SECTION 1. The purpose of this Act is to protect the individual and corporate ratepayers of Santee Cooper and the electric cooperatives of this State who receive electric power from Santee Cooper from rising electric power rates due to grossly excessive debt and costs incurred in the construction of the two abandoned nuclear reactors at Jenkinsville, South Carolina.

SECTION 2. The Committee, created by Paragraph 117.162, Section IB of Act 264 of 2018, through the February 27, 2019 vote, is authorized to receive the information needed to evaluate the current bids and receive a best and final written contractual offer to purchase all assets and assume or satisfy all liabilities of Santee Cooper upon those terms and conditions as the Committee considers in the best interest of the State and its taxpayers and ratepayers, after considering all other offers. It is recommended that any offer submitted by the Committee to the General Assembly for approval must include, but is not limited to, the following terms and conditions:

(1) The final acceptance and approval of the contract of sale is contingent upon its acceptance and approval by the General Assembly in the manner required by this Act.

(2) The obligations and covenants made by the State of South Carolina in Section 58-31-360 of the 1976 Code in regard to the bonded and other indebtedness of Santee Cooper must be complied with

WEDNESDAY, APRIL 3, 2019

including complete defeasance of all bonds and other indebtedness of Santee Cooper.

(3) The purchaser must covenant and agree to provide meaningful rate relief in the form of reduced short-term and long-term rates for all customer classes.

(4) The purchaser must covenant and agree to provide long-term resource planning and a diversified generation portfolio to prevent long-term rate fluctuations.

(5) The purchaser must make suitable and reasonable financial and other protections for Santee Cooper employees and retirees.

(6) The purchaser must set forth a location for the headquarters of Santee Cooper post-acquisition.

(7) The purchaser must agree to comply with all applicable federal and state environmental protections regarding Lakes Marion and Moultrie, their rivers and tributaries, and other recreational assets of Santee Cooper, including a covenant to maintain the present status quo regarding these lakes and other resources and the quality of and access to them.

(8) The purchaser must agree to partner with the State for future economic development projects.

(9) The Committee can include any or all other terms and conditions as authorized by Paragraph 117.162, Section IB of Act 264 of 2018 that would be in the best interest of Santee Cooper ratepayers and South Carolina taxpayers.

SECTION 3. The Committee shall hire appropriate legal and technical experts to negotiate on behalf of the Committee with the qualified bidders for the purposes of receiving a best and final offer. The co-chairmen of the Committee shall submit to the Chairman of the House Ways and Means Committee and Chairman of the Senate Finance Committee an estimate of the expenses associated with hiring experts necessary to carry out the obligations under this Act. The experts shall report to and receive guidance from the Committee, which is charged with representing the House, Senate, and the Governor's office in the negotiations.

SECTION 4. (A) When the Committee receives and approves a signed offer in accordance with the terms set forth in Section 2 herein and the Committee considers to be the most advantageous for and in the best interest of this State and its citizens and ratepayers, the co-chairmen of the Committee shall notify the Speaker of the House of Representatives and the President of the Senate of this decision in writing. The co-chairmen of the Committee also shall attach to this

WEDNESDAY, APRIL 3, 2019

written notification a copy of the applicable contract of sale executed by the purchaser and all supporting documents. If the General Assembly is in regular session when this notification is provided, it must remain in session until a decision to approve or disapprove the contract of sale is made in the manner required by this Act. If the written notification is provided while the General Assembly is not in regular session, the General Assembly shall return in statewide session at the call of the Governor, but not earlier than thirty days after receipt of the written notification, to approve or disapprove the sale, and the General Assembly must remain in statewide session until a decision to approve or disapprove is made.

(B) The Speaker of the House and the President of the Senate shall transmit the written notification, together with the contract of sale executed by the purchaser and all supporting documents to the desk of their respective chamber to be placed on the calendar for approval or disapproval by that chamber. The question before each house shall then be the approval or disapproval of the contract of sale which must be decided by a vote of “yeas” or “nays”. If the contract of sale is approved by both houses, the Governor and other appropriate officials of this State then shall sign the contract of sale on behalf of the State of South Carolina as the seller and then at the closing of the sale, execute the deeds and other necessary documents to effectuate the sale. The proceeds of the sale must then be deposited in the State general fund pending further action by the General Assembly.

SECTION 5. The provisions of the Consolidated Procurement Code in Chapter 35, Title 11 of the 1976 Code, the provisions of Chapter 31, Title 58 relating to the South Carolina Public Service Authority, and any other provisions of the general law of this State in conflict with the provisions of this Act, are hereby suspended for purposes of this sale only, it being the intent of the General Assembly that this Act, to the extent of its provisions, is the sole governing instrument regarding this sale and that a vote of the General Assembly in favor of approving the sale in Section (4)(B) of this Act is sufficient to authorize the Governor to execute the sale.

SECTION 6. (a) The Committee shall concurrently review all of the non-full acquisition proposals, reform proposals, and management proposals (collectively “Proposals”) received by the Committee. The Committee received eight such Proposals that included partial acquisition, management and/or operations agreements, requirement or other power sales contracts, and any such hybrid combinations.

WEDNESDAY, APRIL 3, 2019

(B) The Committee is authorized to hire appropriate legal and technical experts to negotiate with the eight entities submitting a Proposal in order to obtain a best, final, and binding non-sale proposal. STATEMENT FOR JOURNAL

STATEMENT BY REP. ANDERSON

On motion of Rep. W. NEWTON, Rep. ANDERSON's remarks on H. 4287 were ordered printed in the Journal as follows:

Let me spend a minute or two just to thank Santee Cooper employees who work in my district. The Winyah Generating Station is located in Georgetown and employs over 100 people. These people are the salt of the earth. The power they generate goes out on the grid and serves millions of people in SC. I applaud these workers.

Santee Cooper also serves customers in Georgetown directly and you know what, I have never received one complaint about their service. In storms power is restored fast and we have great customer service. I applaud these workers.

Santee Cooper also won the competitive bid for the wholesale contract for the City of Georgetown. They had the best and lowest offer. They

must be doing something right. Santee Cooper employees are a part of the community. They go to church. They volunteer. They make a difference at work and outside of work. I applaud them.

I know a lot of them are feeling uneasy as we discuss selling Santee Cooper. They are worried about losing their jobs. Let us remember our comments affect how people feel and whether they have a good day or not. Let us also remember that our decisions and votes impact families, communities, customers, and the State. I am also worried about customers and what they pay. I want to make sure any path forward keeps them in mind. Let us approach our important decisions in a humble and straight-forward way.

Representative Carl L. Anderson,
District 103 (Georgetown, Horry & Williamsburg Counties)

Rep. HIOTT moved that the House do now adjourn, which was agreed to.

~~Indicates Matter Stricken~~

Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Psalm 51:6: "You desire truth in the inward being; therefore teach me wisdom in my secret heart."

Let us pray. Lord, You have called these women and men to carry the heavy burden of doing what is best for this State. Give them the courage and understanding to do the work. Bless them in their endeavors. Grant these Representatives a safe trip home to rest, relax, and refuel for another week. Remember our defenders of freedom and first responders as they protect us. Bless our Nation, President, State, Governor, Speaker, staff, and all who labor in this vineyard. Heal the wounds, those seen and those hidden, of our brave warriors who suffer and sacrifice for our freedom. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

Williams, Willis, Wooten, Young and Yow: A HOUSE RESOLUTION TO CONGRATULATE VIVIAN CONSTANCE DOUGLAS OF AIKEN COUNTY ON THE OCCASION OF HER ONE HUNDREDTH BIRTHDAY AND TO WISH HER A JOYOUS BIRTHDAY CELEBRATION AND MANY YEARS OF CONTINUED HEALTH AND HAPPINESS.

The Resolution was adopted.

HOUSE RESOLUTION

The following was introduced:

H. 4393 -- Rep. Spires: A HOUSE RESOLUTION TO RECOGNIZE SEPTEMBER 1 THROUGH 7, 2019 AS "NATURAL DISASTER RESILIENCY WEEK" IN SOUTH CAROLINA IN ORDER TO RAISE PUBLIC AWARENESS ABOUT THE CONTINUING NEED TO PLAN FOR FUTURE DISASTERS BY INSTITUTING A PRE-DISASTER MITIGATION STRATEGY.

Whereas, hazard mitigation is the effort to lessen the impact of disasters, particularly with regard to reducing any loss of life or property.

THURSDAY, APRIL 4, 2019

It is most effective when implemented under a comprehensive, long-term mitigation plan; and

Whereas, the Pre-Disaster Mitigation Grant Program, administered by the Federal Emergency Management Agency, is designed to assist states and local communities in implementing a sustained pre-disaster natural hazard mitigation program; and

Whereas, federal legislation recently signed into law, the Disaster Recovery Reform Act, makes available new dollars for states and communities to undertake pre-disaster mitigation measures and creates new incentives for states to build resiliently; and

Whereas, since 1908, natural disasters have cost the country more than one trillion dollars; and

Whereas, disasters affect local and state economies through lost payrolls, lost sales and income tax, and increased recovery times; and

Whereas, according to a study commissioned by the Federal Emergency Management Agency and conducted by the National Institute of Building Sciences, every dollar spent on hazard mitigation provides the nation with six dollars in future benefits; and

Whereas, twenty-five percent of small businesses that are impacted by a natural disaster never reopen their doors; and

Whereas, September is National Preparedness Month in recognition of the need for all Americans to prepare and plan for recovery after a disaster; and

Whereas, mitigation planning is a key process used to break the cycle of disaster damage, reconstruction, and repeated damage; and

Whereas, effective pre-disaster mitigation reduces the demand for relief services on volunteer organizations, such as disaster rescue and recovery teams, food banks, and homeless shelters, which serve our communities by changing their operations to provide additional services to those affected by disasters; and

THURSDAY, APRIL 4, 2019

Whereas, the members of the South Carolina House of Representatives honor the brave men and women who, as first responders, selflessly provide aid in a disaster; and

Whereas, the members of the South Carolina House of Representatives encourage communities throughout the State to build resiliently and develop long-range mitigation strategies for protecting people and property from future hazard events. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, recognize September 1 through 7, 2019 as “Natural Disaster Resiliency Week” in South Carolina in order to raise public awareness about the continuing need to plan for future disasters by instituting a pre-disaster mitigation strategy.

The Resolution was adopted.

Williams, Willis, Wooten, Young and Yow: A HOUSE RESOLUTION TO PROCLAIM THE FIRST TUESDAY OF MAY 2019 AS "PALMETTO GIVING DAY" IN SOUTH CAROLINA.

Whereas, organized by a grassroots collaboration of local nonprofit organizations facilitated by the Frances P. Bunnelle Foundation, Palmetto Giving Day is a 24-hour online giving event for Georgetown County; and

Whereas, numerous nonprofit organizations serving Georgetown County participate in Palmetto Giving Day on the first Tuesday of May each year in a collective effort to make Georgetown County and the State of South Carolina a better place to live, work, and play; and

Whereas, the philanthropy that makes this event a success is based on voluntary action for the common good and stems from a tradition of giving and sharing that is primary to quality of life. It is an investment in our community and the values we cherish and will define our future. Now therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, proclaim the first Tuesday of May 2019 as "Palmetto Giving Day" in South Carolina.

Smith, Sottile, Spires, Stavrakis, Stringer, Tallon, Taylor, Thayer, Thigpen, Toole, Trantham, Weeks, West, Wheeler, White, Whitmire, R. Williams, S. Williams, Willis, Wooten, Young and Yow: A HOUSE RESOLUTION TO CELEBRATE THE THIRTY-THIRD ANNIVERSARY OF THE SOUTH CAROLINA POULTRY FESTIVAL, TO BE HELD MAY 9-11, 2019, IN BATESBURG-LEESVILLE, AND TO HONOR THOSE PLANNING AND PARTICIPATING IN THE FESTIVAL.

Whereas, the members of the South Carolina House of Representatives are pleased to learn that the South Carolina Poultry Festival will celebrate its thirty-third year at this year's festival in Batesburg-Leesville from May 9 through 11, 2019; and

Whereas, employing thousands of citizens, South Carolina's billion-dollar poultry industry annually produces, processes, and markets vast amounts of eggs, broilers, turkeys, pigeons, quail, and spring chickens; and

Whereas, Lexington, Saluda, and Aiken counties serve as home to some of the state's top broiler producers, including such household names as Amick Farms, Columbia Farms, and Gentry Poultry Company; and

Whereas, in 1986, Batesburg-Leesville restaurant owner Sara Shealy hatched the idea of a poultry festival based in Lexington County to

showcase the state's largest agribusiness, and the Leesville Merchants Association created a festival from her proposal; and

Whereas, one year later, the Ridge Poultry Festival was held, hosting approximately twenty thousand visitors. The event became the South Carolina Poultry Festival in 1989, and in recent years its attendance has exceeded one hundred thousand people; and

Whereas, today the festival features four stages offering continuous entertainment, thirty food vendors, a carnival, a parade with well over one hundred ten units, and more than seventy commercial vendors and one hundred twenty crafters; and

Whereas, the event presents the best of Southern hospitality, and proceeds regularly support various local charities, organizations, and community causes while hosting the festival's own "#1 World's Best Chicken Cooking Contest"; and

Whereas, guests anticipate an impressive antique car and collector show, a five-kilometer road race, a volleyball tournament, and evening street dances; and

Whereas, a spectacular display of the American spirit will conclude the festival on Saturday evening in one of the largest pyromusical shows available; and

Whereas, the members of the South Carolina House of Representatives commend the planners and participants of the thirty-third annual South Carolina Poultry Festival and appreciate the beneficial impact of the poultry industry on the economy of the Palmetto State. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, celebrate the thirty-third anniversary of the South Carolina Poultry Festival, to be held May 9-11, 2019, in Batesburg-Leesville, and honor those planning and participating in the festival.

(1) 'Federal housing tax credit' means the federal tax credit as provided in Section 42 of the Internal Revenue Code of 1986, as amended.

(2) 'Median income' means those incomes that are determined by the federal Department of Housing and Urban Development guidelines and adjusted for family size.

(3) 'Project' means a housing project that has restricted rents that do not exceed thirty percent of median income for at least forty percent of its units occupied by persons or families having incomes of sixty percent or less of the median income, or at least twenty percent of the units occupied by persons or families having incomes of fifty percent or less of the median income.

(4) 'Qualified project' means a qualified low-income building as that term is defined in Section 42 of the Internal Revenue Code of 1986, as amended, that is located in South Carolina.

(5) 'Taxpayer' means a sole proprietor, partnership, corporation of any classification, limited liability company, or association taxable as a business entity that is subject to South Carolina taxes pursuant to Section 12-6-510, Section 12-6-530, Chapter 11, Title 12, or Chapter 7, Title 38.

(B)(1) A state tax credit pursuant to this section may be claimed against income taxes imposed by Section 12-6-510 or 12-6-530, bank taxes imposed pursuant to Chapter 11, Title 12, corporate license fees imposed pursuant to Chapter 20, Title 12, and insurance premium and retaliatory taxes imposed pursuant to Chapter 7, Title 38, to be termed the South Carolina housing tax credit, and is allowed with respect to each qualified project placed in service after January 1, 2020, in an amount equal to the federal housing tax credit allowed with respect to such qualified project. In computing a tax payable by a taxpayer pursuant to Section 38-7-90, the credit allowed pursuant to this section must be treated as a premium tax paid pursuant to Section 38-7-20.

(2)(a) If under Section 42 of the Internal Revenue Code of 1986, as amended, a portion of any federal housing tax credit taken on a project is required to be recaptured, the taxpayer claiming any state tax credit with respect to such project is also required to recapture a portion of any state tax credit authorized by this section. The state recapture amount is equal to the proportion of the state tax credit claimed by the taxpayer that equals the proportion the federal recapture amount bears to the original federal housing tax credit amount subject to recapture.

(b) In the event that recapture of any South Carolina housing tax credit is required, any amended return submitted to the department,

THURSDAY, APRIL 4, 2019

as provided in this section, shall include the proportion of the state tax credit required to be recaptured, the identity of each taxpayer subject to the recapture, and the amount of tax credit previously allocated to such taxpayer.

(3) The total amount of the tax credit allowed by section for a taxable year may not exceed the taxpayer's income tax liability. Any unused tax credit may be carried forward to apply to the taxpayer's next five succeeding years' tax liability. The taxpayer may not apply the credit against any prior tax years' tax liability.

(4) The tax credit allowed by this section, and any recaptured tax credit, must be allocated among some or all of the partners, members, or shareholders of the entity owning the project in any manner agreed to by such persons, regardless of whether such persons are allocated or allowed any portion of the federal housing tax credit with respect to the project.

(C) The department, in consultation with the South Carolina State Housing Finance and Development Authority, may adopt rules and policies necessary to implement and administer the provisions of this section."

SECTION 3. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this act is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining portions of this act, the General Assembly hereby declaring that it would have passed this act, and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

POINT OF ORDER

Rep. HILL raised the Point of Order that H. 3485 was out of order under Rule 5.13 in that a fiscal impact statement was required. He stated that Section 1 of the Bill, Subsection B, which adds to two new subsections which require payment of a new fee to the Department of Archives and History. It instructs the Department to use that revenue to develop an application process for distribution of funds from the State Historic Preservation Grant funds. These are new fees which are not currently being collected or expended, and so clearly this Bill requires a Fiscal Impact Statement.

The SPEAKER *PRO TEMPORE* sustained the Point of Order.

(5) develop POST-related education efforts for health care professionals and the public; and

(6) promulgate regulations necessary to perform the duties assigned and ensure compliance with the provisions of this chapter.

Section 44-80-30. (A) The POST form must be a uniform document based on the standards recommended by the National Physician Order for Life-Sustaining Treatment (POLST) paradigm and must include the information set forth in subsection (C).

(B) A copy, facsimile, or electronic version of a completed POST form is considered to be legal.

(C) The POST form must include the following information:

- (1) patient name and contact information;
- (2) date of birth;

Section 44-80-40. A South Carolina health care provider or health care facility may accept a properly executed POST form as a valid expression of whether the

patient consents to the provision of health care in accordance with Section 44-66-60 of the Adult Health Care Consent Act.

(B) A health care provider or health care facility that is unwilling to comply with an executed POST form based on policy, religious beliefs, or moral convictions shall contact the patient's health care representative, health care agent, or the person authorized to make health care decisions for the patient pursuant to Section 44-66-30 of the Adult Health Care Consent Act, and the health care provider or health care facility shall allow the transfer of the patient to another health care provider or health care facility.

(C) A health care provider including, but not limited to, a physician, physician assistant, advance practice registered nurse, registered nurse, or emergency medical technician, who in good faith complies with a POST form, is not subject to criminal prosecution, civil liability or disciplinary penalty for complying with the POST form executed in accordance with this chapter and the Adult Health Care Consent Act. /

Amend the bill further, as and if amended, SECTION 2, Section 44-80-90, by adding an appropriately lettered subsection at the end to read:

/ "(C) The execution of a POST form is always voluntary and is for a person with an advanced illness. The POST form records a patient's wishes for medical treatment in the patient's current state of health. Preferred medical treatment as stated by the patient on the POST form may be changed at any time by the patient or a designated health care representative or health care agent of the patient to reflect the patient's new wishes. While no form can anticipate and address all medical treatment decisions that may need to be made, an advance health care directive applies regardless of health status. An advance directive allows a patient to document in detail future health care instructions and to name a health care agent to speak on the patient's behalf if the patient is unable to communicate to ensure that the patient's advance directive wishes as to life-sustaining medical treatment are fulfilled." /

The SPEAKER *PRO TEMPORE* sustained the Point of Order and ruled Amendment No. 1 not germane.

Rep. CASKEY spoke upon the Bill.

Any unused tax credit may be carried forward to apply to the taxpayer's next five succeeding years' tax liability. The taxpayer may not apply the credit against any prior tax years' tax liability.

(4) The tax credit allowed by this section, and any recaptured tax credit, must be allocated among some or all of the partners, members, or shareholders of the entity owning the project in any manner agreed to by such persons, regardless of whether such persons are allocated or allowed any portion of the federal housing tax credit with respect to the project.

CONCURRENT RESOLUTION

The following was introduced:

H. 4437 -- Reps. Stavrinakis, Govan, Murphy, McCoy, Mace, B. Cox, Gilliard and Mack: A CONCURRENT RESOLUTION TO EXPRESS THE PROFOUND SORROW OF THE MEMBERS OF THE SOUTH CAROLINA GENERAL ASSEMBLY UPON THE PASSING OF THE HONORABLE ERNEST F. "FRITZ" HOLLINGS OF CHARLESTON COUNTY, TO CELEBRATE HIS LIFE AND ACHIEVEMENTS, AND TO EXTEND THE DEEPEST SYMPATHY TO HIS FAMILY AND MANY FRIENDS.

Whereas, the members of the South Carolina General Assembly are deeply saddened by the passing on April 6, 2019, of the Honorable Ernest F. "Fritz" Hollings of Charleston County, former South Carolina House member, governor, and U.S. senator from South Carolina. He was ninety-seven; and

Whereas, born in Charleston, Fritz Hollings graduated from The Citadel Military College in 1942 and joined a law practice in Charleston after earning a juris doctor degree at the University of South Carolina School of Law. During World War II, he served as an artillery officer in campaigns in North Africa and Europe; and

TUESDAY, APRIL 9, 2019

Whereas, after the war, he successively won election to the South Carolina House of Representatives, to the office of lieutenant governor, and to that of governor. In 1965, Fritz Hollings won a special election to serve the remainder of Senator Olin D. Johnston's term. Senator Hollings remained popular and continually won re-election, becoming one of the longest-serving senators in U.S. history; and

Whereas, as governor of South Carolina from 1959 to 1963, Fritz Hollings worked to improve the state's educational system, helping to bring more industry and employment opportunities to the State. His term in office saw the establishment of the state's highly respected technical education system and educational television network. He also called for, and achieved, significant increases in teachers' salaries, bringing them closer to the regional average, and he played a key role in integrating South Carolina schools; and

Whereas, for thirty-two years, he sat on the powerful Senate Appropriations Committee, also serving as chair of the Senate Budget Committee, as a member of which he co-sponsored the Graham-Rudman-Hollings Balanced Budget and Emergency Deficit Control Act (1985). He twice served as chair of the Senate Commerce, Science and Transportation Committee. Further, Fritz Hollings is known as the "Father of NOAA," for his campaign to found the National Oceanic and Atmospheric Administration; and

Whereas, for thirty-six years (until January 2003), he served as a U.S. senator alongside Republican Strom Thurmond, making them the longest-serving Senate duo in the history of the United States to date. This also made Fritz Hollings the longest-serving junior senator, even though he had more seniority than all but a few of his colleagues. Senators Thurmond and Hollings generally had a good relationship and frequently collaborated on legislation and projects to benefit South Carolina. Their combined seniority gave South Carolina clout in national politics well beyond its relatively small population; and

Whereas, colleagues paid tribute to Fritz Hollings, then ninety-five, at the unveiling of a statue of the retired senator on April 17, 2017, in the garden of the J. Waties Waring Judicial Center, Charleston's federal courthouse; and

TUESDAY, APRIL 9, 2019

Whereas, remembering Fritz Hollings, Governor Henry McMaster offered this tribute: "Fierce, bold, and robust--the sounds of Fritz Hollings' vision and drive for the Palmetto State will continue to be heard by generations. The greatness and success of this State has benefited from the hand of his leadership." Yes, South Carolina will remember Fritz Hollings with gratitude, and he will be greatly missed. Now, therefore,

Be it resolved by the House of Representatives, the Senate concurring:

That the members of the South Carolina General Assembly, by this resolution, express their profound sorrow upon the passing of the Honorable Ernest F. "Fritz" Hollings of Charleston County, celebrate his life and achievements, and extend the deepest sympathy to his family and many friends.

Be it further resolved that a copy of this resolution be presented to Michael Milhous Hollings for the family.
