The House assembled at 12:00 noon.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Micah 6:8: “ He has told you, O mortal, what is good; and what does the Lord require of you but to do justice, and to love kindness, and to walk humbly with your God?”

Let us pray. Lord of all, we pray for those who suffer from Covid-19 and ask for mercy on them. Be with these Representatives, staff, and their families as we go through these days of doubt and despair. Guide these Representatives to do the right thing for the right reason, that our State will be able to move forward. Bless our defenders of freedom and first responders as they protect us. We ask Your blessing and peace on our Nation, President, State, Governor, Speaker, staff, and all who give of their time and ability to the work put before us. Heal the wounds, those seen and those hidden, of our brave warriors who suffer and sacrifice for our freedom. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of Wednesday, June 24, the SPEAKER ordered it confirmed.

## **TUESDAY, SEPTEMBER 15, 2020**

On February 5, 2020, the General Assembly passed a joint resolution, S. 996, which extended the application period for Seats 1, 3, 5, and 7. The Review Committee intended to complete the screening process for an election by the General Assembly in early May of 2020. However, the screening process had to be delayed due to Covid-19.

The Review Committee held public hearings from July 20 through July 23, 2020 to question the candidates who applied during the extended application period, pursuant to the joint resolution. The Review Committee also received affidavits from candidates found qualified following the January public hearings and had an opportunity to question these candidates as to whether or not there had been any substantive and/or substantial change in circumstance since the January public hearings.

A transcript of the oral examination of the candidates, as well as each candidate's edited Personal Data Questionnaire, is available for review on the Review Committee's website at: <https://www.scstatehouse.gov/CommitteeInfo/PublicUtilitiesReviewComm/2019PublicServiceCommissionScreeningInfo.php>

The Review Committee considered the qualifications of each candidate. The Review Committee's finding that a candidate is qualified and nominated means that the candidate satisfies the constitutional and statutory criteria for service on the Commission and the Review Committee's evaluative criteria.

**Candidates are prohibited from asking for your commitment until Tuesday, September 1, 2020 at 10:00 a.m.** Members of the General Assembly are not permitted to issue letters of introduction, announcements of candidacy, or statements detailing a candidate's qualifications on behalf of a candidate, and are not permitted to offer a pledge to vote for a candidate until 10:00 a.m. on Tuesday, September 1, 2020. If you find a candidate violating the pledging prohibitions or if you have questions about this report, please contact Heather Anderson at (803) 212-6208 or Steve Davidson at (803) 734-3015.

**REVIEW COMMITTEE REPORT AS TO THE QUALIFICATIONS  
OF CANDIDATES FOR THE PUBLIC SERVICE COMMISSION,  
SEATS 1, 3, 5, AND 7**

**INTRODUCTION**

Section 58-3-530(1)(a) of the South Carolina Code of Laws charges the State Regulation of Public Utilities Review Committee ("Review Committee") with the duty to nominate candidates for the members of the South Carolina Public Service Commission ("Commission"). The terms for Commission Seats 1, 3, 5, and 7 expired on June 30, 2020.

The Review Committee began the screening process in August 2019, with advertisements and press releases regarding the positions. A total of 21 candidates submitted applications by the application deadline of October 11, 2019. Four of these candidates withdrew from consideration prior to the Review Committee's public hearings on January 7 and 8, 2020 to question the candidates. After the public hearings concluded on January 8<sup>th</sup>, the Review Committee found a total of six candidates qualified. The Review Committee did not make any nominations at that time.

On February 5, 2020, the General Assembly passed a joint resolution, S. 996, which extended the application period for Seats 1, 3, 5, and 7. Thirty completed applications were received by the extended application deadline of February 28, 2020. The Review Committee intended to complete the screening process for an election by the General Assembly in early May of 2020. However, the screening process had to be delayed due to Covid-19.

The Review Committee held public hearings on July 20 through July 23, 2020 to question the candidates who applied during the extended application period, pursuant to the joint resolution. A number of these candidates withdrew after submitting an application in February, and the Review Committee screened the remaining 16 candidates. The Review Committee also received affidavits from candidates found qualified in January, 2020, and had an opportunity to question each of these candidates as to whether or not there had been any substantive and/or substantial change in circumstance since his or her public hearing in January.

## **TUESDAY, SEPTEMBER 15, 2020**

The Review Committee conducted background investigations of each candidate, including credit, driver's license, and law enforcement checks. It gave a written examination to determine the level of knowledge that each candidate has with respect to substantive public utility issues, ethical constraints applicable to the Commission, and the operations of the Commission. The Review Committee also obtained attendance records at Commission meetings and hearings for the incumbent Commissioner. During the public hearings, each candidate was questioned and given an opportunity to make statements as to his or her qualifications and desire to serve as a Commissioner. Each candidate was also questioned and given an opportunity to discuss matters from his or her background check; matters of a private or confidential nature were discussed in executive session.

### **LEGAL QUALIFICATIONS**

Pursuant to Section 58-3-20(A), members of the Commission must have the following qualifications:

- (1) a baccalaureate or more advanced degree; and
- (2) a background of substantial duration and an expertise in at least one of the following areas:
  - (a) energy;
  - (b) telecommunications;
  - (c) consumer protection and advocacy;
  - (d) water and wastewater;
  - (e) finance, economics, and statistics;
  - (f) accounting;
  - (g) engineering; or
  - (h) law.

The Review Committee may find a candidate qualified even though he or she does not have a background of substantial duration and expertise in at least one of the above areas if three-fourths of the Review Committee vote to qualify the candidate.

The Review Committee is also required to consider: "(1) the ability, dedication, compassion, common sense, and integrity of the candidates; and (2) the race and gender of the candidates and other demographic factors to assure nondiscrimination to the greatest extent possible of all segments of the population of the State." S.C. Code Ann. §58-3-560. The

**TUESDAY, SEPTEMBER 15, 2020**

determination of legal qualifications includes a determination of the candidate's residence in the appropriate Public Service Commission district as established by Section 58-3-20, the candidate's eligibility for election as determined by Section 58-3-24, and the candidate's compliance with constitutional provisions limiting election to those persons eligible to be electors of this State.

Pursuant to S.C. Code Ann. §58-3-530, the annual performance review of Commissioners seeking reelection must be made a part of the Commissioner's record for consideration if the Commissioner seeks reelection. These evaluations are included after the Commissioner's summary of qualifications.

### **GENERAL QUALIFICATIONS**

To determine fitness beyond mere legal qualifications, the Review Committee considered each candidate's experience, temperament, compliance with and knowledge of legal and ethical constraints on public service, knowledge of Commission operations, demonstrated or potential aptitude for meaningful leadership and/or service at the Commission, and demonstrated integrity, including the handling of personal financial affairs. The Review Committee considered each candidate as a whole in making a determination of qualified and nominated.

#### Experience

Section 58-3-20 requires that Commissioners have a background of substantial duration and an expertise in energy; telecommunications; consumer protection and advocacy; water and wastewater; finance, economics, and statistics; accounting; engineering; or law. The Review Committee considered not only whether a candidate has succeeded in one of these fields but also whether the candidate has the capability of transferring this success and knowledge to the operations of the Commission. The Review Committee's transcript contains each applicant's background and employment history.

#### Temperament

The Review Committee sought to determine whether a candidate's sense of the role he or she is to fill on the Commission is such that his or

**TUESDAY, SEPTEMBER 15, 2020**

her work will be productive, proactive, and protective of the interests of all South Carolinians.

Compliance with and Knowledge of Legal and Ethical Constraints

Section 58-3-30 requires that Commissioners adhere to the State Ethics Act and the Judicial Code of Conduct. The Review Committee believes that not only must the candidates be aware of the legal and ethical constraints, they must have conducted and comported themselves with the highest regard for ethics in their actions.

Potential Aptitude for Meaningful Leadership and/or  
Service at the Public Service Commission

The Review Committee believes that the Commission should have strong leadership, work toward common goals, have a positive influence on employees, and ensure that parties and persons appearing before the Commission are treated fairly and impartially. The Review Committee therefore sought to gauge each candidate's potential aptitude to serve as a leader and/or as a Commissioner supporting the goals and mission of the agency.

Integrity

Candidates must assure the Review Committee that their word is their bond. The Code of Judicial Conduct requires, among other factors, that Commissioners and candidates handle their finances in a responsible manner. The Review Committee therefore considered the way each candidate has managed his or her financial affairs.

Substantive Knowledge of Commission Operations

The Review Committee believes that every candidate, whether incumbent or non-incumbent, must demonstrate some basic understanding of the role of the Commission and its operations. It would be unfair, however, to require non-incumbents to have accumulated a wealth of knowledge about Commission operations specifically, or regulated utilities generally. Unlike incumbent Commissioners, challengers have not had the benefit of a compensated opportunity to educate themselves in hearings or through conversations with Commission staff. The Review Committee expects incumbents and

**TUESDAY, SEPTEMBER 15, 2020**

others who have substantial experience appearing before the Commission to be able to discuss these matters with a greater fluency than those persons who have, to date, committed themselves to other employment. The Review Committee emphasizes that the substantive knowledge findings contained in this report are a measure of a candidate's knowledge at the time of his or her candidacy. The findings are not necessarily indicative of a candidate's ability to subsequently master Commission operations and the multitude of issues relating thereto.

**FINDINGS AS TO QUALIFICATIONS AND NOMINATIONS**

The Review Committee screened a total of 17 candidates for Seats 1, 3, 5, and 7 on January 7 and 8, 2020, and a total of 16 candidates on July 20 through July 23, 2020. Due to the delays caused by Covid-19, the Review Committee also received affidavits from candidates found "qualified" during the January 2020 screenings as to whether there were substantial or substantive changes since the candidate's screening, and had the candidate verify his or her information under oath - each candidate stated there were no changes. In accordance with Section 58-3-530(1)(a), the Review Committee may nominate up to three candidates per seat to be elected by the General Assembly. The Review Committee found the following candidates qualified and nominated them for election to the South Carolina Public Service Commission:

<b><u>SEAT 1</u></b>	<b>John C. Dulude William R. Sloger, Jr. Carolyn "Carolee" Williams</b>
<b><u>SEAT 3</u></b>	<b>Stephen "Mike" Caston Willie J. Morgan Comer H. "Randy" Randall, III</b>
<b><u>SEAT 5</u></b>	<b>Headen B. Thomas</b>
<b><u>SEAT 7</u></b>	<b>Clint A. Elliott Thomas "Tee" Miller, Jr. Delton W. Powers, Jr.</b>

This report provides a summary of qualifications for the candidates found qualified and nominated, as well as other candidates who were

**TUESDAY, SEPTEMBER 15, 2020**

screened and did not withdraw prior to the issuance of this report. More detailed information about each candidate can be found in the screening transcripts at: <https://www.scstatehouse.gov/CommitteeInfo/PublicUtilitiesReviewComm/2019PublicServiceCommissionScreeningInfo.php>

- Attended meeting of the Staff Subcommittee on Nuclear Issues-Waste Disposal

All of the NARUC sessions are designed to educate commissioners on utility issues from the national perspective, while helping us see how our states fit in and lead in the national discussion. I benefit greatly, as a commissioner from attending these meetings. My understanding of national and state issues grows each time I attend these sessions.

All of the NARUC sessions are beneficial to our commission and to the State of South Carolina from a couple of perspectives. We all benefit from hearing what is going on in other states, and I have learned that the South Carolina Public Service Commission is looked to for leadership nationwide.

## **2. Participations in organizations.**

- **National Association of Regulatory Utility Commissioners (NARUC)** I am a member of the National Association of Regulatory Utility Commissioners (NARUC). As referenced, I attend all the meeting and education sessions provided. I participate in the discussions, moderate panels and help shape national policy.

- **Subcommittee on Nuclear Issues -Waste Disposal** - I attend all of these meetings, I also received a weekly update on Nuclear Issues from the NARUC office in Washington, DC.

- **Southeastern Association of Regulatory Utility Commissioners (SEARUC)** SEARUC is one of the divisions of NARUC comprised of mostly southeastern states and Puerto Rico. We meet at every NARUC meeting and then on our own once a year to discuss issues that are relevant to the Southeast.

## **3. Representation in Official Capacity as Commissioner**

#### 4. Notable Cases.

- **Consolidated Dockets Concerning Abandonment of SCE&G Nuclear Project, Emergency Rate Relief, and Merger of SCE&G with Dominion Energy (Dockets No. 2017-207-E, 2017-305-E, and 2017-370-E):** This case considered the abandonment of the VC Summer Nuclear Units, the merger of Dominion Energy with SCE&G, and the rates for ratepayers going forward. This was the most high-profile case in SC history. Despite the fact that the Baseload Review Act was passed by the General Assembly with virtually no opposition, the PSC became everyone’s target for rate increases and the failure of the plant, even though the PSC has no investigative authority, while following the law set forth by the General Assembly. Every educational session that I have ever attended had influence in this case. Rate school, Grid school, Ethics training, Judicial training among others all had relevance in this proceeding.

- **Duke Energy Carolinas, LLC (Docket No. 2018-319-E):** This was a significant rate case by Duke Energy Carolinas (DEC). DEC wanted at rate increase including a ROE of 10.5% and an increase in the Base Facilities Charge to \$28.00. The PSC limited ROE to 9.5% and settled on a BFC of \$11.96. More significantly, the PSC disallowed from rates the cost of the NC Coal Ash Management Act put into place by the North Carolina Legislature. NARUC Rate School and Judicial training were instrumental in making this case much easier to rule on.

- **Chem-Nuclear Systems, LLC (Docket No. 2018-13-A):** At this hearing, the Commission questioned Chem Nuclear, among other things, about news reports that indicated the tritium plume was expanding

**TUESDAY, SEPTEMBER 15, 2020**

outside of the nuclear waste containment area. Ultimately it was determined that this was not an issue that affected allowable costs as described by S.C. Code Ann. § 48-46-10 *et sec.* Participation in the NARUC Nuclear Waste Subcommittee was very helpful in deciding the merits of this case.

## **5. Accomplishments of the Public Service Commission**

I think the greatest accomplishment of The Public Service Commission (PSC) in 2018 was preparing for hearings and adjudicating the combined dockets in the SCE&G abandonment of the VC Summer Units and its merger with Dominion Energy in a compressed time frame. The last merger case that the Commission dealt with took over a year and a half. When you add the VC Summer abandonment to it, the PSC completed this task in a month and a half. We managed over 20 intervenors with more than 60 attorneys in the hearing room and finished the hearing portion of the case between November 1 and Thanksgiving. I think another accomplishment that the PSC has had under my leadership as Chairman is to instigate a process or restructuring the commission to make the entire commission more efficient and more transparent in its processes. We have live streamed every hearing and ever commission meeting since the summer of 2018. Also, working with Jocelyn Boyd, our executive Director and General Clerk we have instituted a research group to look at trends for the future of the business that we regulate. The goal is to be proactive in what we know and act on instead of reactive.

## **6. Work Schedule and Preparation.**

The answer to this question really doesn't vary much from year to year. We really don't have a typical work week at the Commission. One of the fulfilling and interesting aspects of this job is the variety of issues that we deal with and the variety of actions and reactions that comprise our workload. Being a Commissioner in the South Carolina Public Service Commission is very stimulating. I really enjoy learning something new almost every day. With that background, I commute to the Commission office from my home in Clinton (two-hour round trip). I am physically in the office usually four day and rarely less than three days a week. During the fall I was there five days a week especially during the VC Summer hearings. As Commission Chairman I begin almost every day on the phone beginning between 7:30 and 8:30am with Jocelyn Boyd

**TUESDAY, SEPTEMBER 15, 2020**

discussing the events of the day and what we need to accomplish that day. I speak with the legal staff and technical staff every day about cases and about general issues at the commission. In preparation for a hearing, I spend many hours reading hundreds of pages of testimony. After reading the testimony, I spend time with our staff looking at historical data to help me draw my conclusions. If I am not in the office, I have an office in District 3 set up in my home complete with a personal computer and the Commission iPad. My day does not change significantly.

**7. Effects of Code of Judicial Conduct and South Carolina's ethics laws on your role as Commissioner.**

Being under the Judicial Code has positive and negative effects. With that in mind, I do think that being under the Judicial Code is appropriate for members of the South Carolina Public Service Commission. It does allow and require us to maintain distance from the parties involved in each docket. It is important that we are always unbiased in our deliberations. It also sets boundaries for everyone to follow that are clear. Making sure that ex-parte communications are controlled is a benefit to all parties. The one negative is that the Judicial Code prevents the Commissioners from being able to speak about anything that we have going on in a case. This was particularly worrisome when we were being attacked by many people who didn't seem to understand the Baseload Review Act or the tenants of the Judicial Code. We had to read about what we did by the loudest and most uninformed individuals who had the ear of the press. This was very discouraging at times. The ethics laws in our state do assist in aiding the unbiased appearance of the Commission's decisions. The Commissioners and staff are all very professional and very serious about their duty and obligations regarding the Judicial Code and the ethics laws. I am confident that the South Carolina Public Service Commission's business is conducted in a manner that should make everyone proud.

*NOTE: Do not provide any information that would violate the prohibition against ex parte communication or would otherwise violate any privilege.*

**Ethics Statement: I, Commissioner Comer H. "Randy" Randall, III have read and understand the Code of Judicial Conduct and the ethics laws of South Carolina. I certify that I have adhered to these standards at all times during this review period.**

### **2. Participation in organizations**

On October 21-23, 2018, I attended the Gas Technology Institute (GTI) Advisory Board meeting in Chicago, IL. GTI is a research and development institution that takes new and experimental natural gas technologies, including renewable gas technologies, and turns them into real practical applications and energy solutions. This meeting also included a tour of GTI's cutting edge Research & Development Lab in Des Plaines, IL. I am honored to serve on the GTI Advisory Board with fellow Commissioners from other States. At this meeting, after serving as Chairman of the Board for 2 years, an election was held, and I was honored to be able to present the gavel to Florida Commissioner Julie Brown, who had served as Vice Chairman during my two years as Chairman.

On April 21-23, 2019, I attended the Gas Technology Institute (GTI) Advisory Board meeting in Washington, DC. I now serve on the board as immediate past Chairman. This meeting included our business

## **TUESDAY, SEPTEMBER 15, 2020**

meeting and many educational updates in the natural gas industry as well as presentations from many other GTI executives.

On June 2-5, 2019, I attended the Southeastern Association of Regulatory Utility Commissioners (SEARUC) meeting in Gulf Shores, AL. At this meeting I attended sessions on: Alternative transportation in the Southeast - the "All of the Above" strategy - Electric Vehicles (EVs) in the Southeast; Addressing aging Critical Infrastructure; How rising U.S. LNG Exports Impact Domestic Gas Flows; Nuclear Straight Talk; Federal Pipeline Safety Reauthorization Bill; and Challenges and Opportunities of Broadband in rural Southeast. I attended this meeting as the immediate Past President of SEARUC and member of the SEARUC Executive Committee. As President of SEARUC, I held a very successful meeting in Charleston, SC in 2018 and left SEARUC in sound financial condition for SEARUC 2019.

Summary of all organizations and positions that I am a member of:

- Co Vice-Chairman - NARUC Committee on Critical Infrastructure
- Member - NARUC Washington Action Committee
- Member - NARUC Nuclear Issues and Waste Disposal Subcommittee
- Member - NARUC Committee on Gas
- Immediate Past Chairman - Gas Technology Institute Advisory Board
- Immediate President - Southeastern Association of Regulatory Utility Commissioners (SEARUC)
- Member - NARUC - US DOE: Gas Infrastructure Modernization Partnership

### **3. Representation in Official Capacity as Commissioner**

I represented the Commission in 2 of the 3 NARUC meetings during the review period, and below are the dates of those meetings: NARUC Summer - July 13-17, 2018; (I missed the November 2018 NARUC meeting due to the Dominion - SCE&G merger / Nuclear abandonment / Emergency Rate Relief case); and NARUC Winter - February 9-13, 2019. In these NARUC meetings, I represented the Commission, and I am a voting member of the Gas Committee, and the Critical Infrastructure Committee (I am Vice Chairman of the Critical Infrastructure Committee), and I am also a member of the Subcommittee on Nuclear Waste and Nuclear Issues, and the Washington Action Committee. I also represented the Commission at the annual SEARUC meeting June 2-5, 2019, in Gulf Shores, AL, where I served on the executive committee as immediate Past President of SEARUC.

## TUESDAY, SEPTEMBER 15, 2020

However, I have it listed under item #2 in participation in organizations above. I believe that these two NARUC meetings and the one SEARUC meeting should also be listed under Educational Programs in item #1, but I chose to list them in item #2 and item #3.

I also represented the Commission in September 17-19, 2018 at the U S Department of Energy / NARUC Natural Gas Infrastructure Site Visit and technical workshop in Andover, MA. The technical workshop was held at the Massachusetts Utilities Commission, and the site visit included Natural Gas leak detection technologies, followed by a demonstration of an unmanned aerial vehicle with Remote Methane Gas Leak detector technology to detect Methane leaks over a wide area. Unfortunately, this technical workshop and site visit were following a Natural Gas explosion involving injuries and a fatality in the area. This event would have also been listed under Educational Programs in item #1.

I represented the Commission on May 8-10, 2019 along with Commissioner Justin Williams at the U S Department of Energy / NARUC site visit to the National Carbon Capture Center (NCCC) near Birmingham, AL. We saw firsthand, Carbon Capture and sequestration technology and research by the U S Department of Energy. We also toured a major Coal and Natural Gas-fired power plant that hosts the NCCC. We also attended a technical session on other clean coal technologies. As Coal generation continues to decrease in South Carolina and the US, innovative methods such as these will be deployed to continue to dramatically lessen the environmental impacts of coal. This event could have also been listed under Educational Programs in item #1.

### 4. Notable Cases

• **Duke Energy Progress, LLC (Docket No. 2018-318-E):** In this rate application, the merits hearing was held over several days from April 11-17, 2019. The Commission held two public night hearings in the Company's service territory. The Company sought a Return on Equity of 10.25%, and a revenue / rate increase totaling \$69 mil lion. Originally, the Company sought a Base Facilities Charge (BFC) increase from \$9.06 to \$29.00 for residential customers, though the Company later agreed to limit the increase to \$11.78 for residential customers. There were ten intervening parties, and most parties presented testimony. After hearing

## TUESDAY, SEPTEMBER 15, 2020

all the evidence presented, and entertaining stipulations between parties, the Commission issued Order No. 2019-341 that limited the Company to approximately \$41.5 million of the requested \$69 million, which resulted in an approximate \$6.27 increase in residential rates from \$122.49 per month for a 1,000 kWh residential customer to \$128.76 per month (net of simultaneous fuel clause adjustment). This case was notable as the Commission not only heard from large numbers of residential ratepayers, but the Commission also heard from many farmers in the Pee Dee Region who were impacted with multiple meters.

• **Duke Energy Carolinas, LLC (Docket No. 2018-319-E):** In this rate application, the Commission held three public night hearings in the Company's service territory and a five-day merits hearing. This was the first fully contested electric rate case for DEC in several years. In addition to the utility and the Office of Regulatory Staff, eight intervenors made appearances and presented testimony in this case. In its original application, the utility sought a net revenue increase of approximately \$168 million and a return on equity of 10.50 percent. The Company also initially requested a dramatic increase in the Residential Basic Facilities Charge (BFC) from \$8.29 to \$28.00 per month. The Company later agreed to accept a Residential BFC of \$11.96 per month. In reviewing of all of the evidence and testimony, the Commission approved a net revenue increase of approximately \$106,931,000 and a return on equity of 9.50% in Order No. 2019-323. The largest disallowance adopted by the Commission involved excluding \$469,894,472 incurred by the Company in complying with the North Carolina Coal Ash Management Act. The Commission's order on the utility's motion for rehearing and reconsideration is pending, and the utility is expected to appeal the Commission's decision to the Supreme Court of South Carolina.

• **Consolidated Dockets Concerning Abandonment of SCE&G Nuclear Project, Emergency Rate Relief, and Merger of SCE&G with Dominion Energy (Dockets No. 2017-207-E, 2017-305-E, and 2017-370-E):** In 2008, SCE&G began construction of two Westinghouse AP1000 nuclear units at the V.C. Summer site in Jenkinsville, South Carolina. Over the course of the following nine years, SCE&G invested approximately \$5 billion dollars in the Project, an amount roughly equal to its non-nuclear electric rate base.

## **TUESDAY, SEPTEMBER 15, 2020**

SCE&G abandoned the Project on July 31, 2017. This happened approximately four months after its contractor, Westinghouse Electric Company, LLC ("Westinghouse" or "WEC"), filed bankruptcy and immediately after SCE&G's co-owner, the South Carolina Public Service Authority ("Santee Cooper"), ceased funding the Project. At the time of the abandonment, recovery of capital costs on its investment in the Project constituted approximately 18% or \$445 million of SCE&G's annual retail electric revenue.

The Sierra Club and Friends of the Earth filed a petition in Docket No. 2017-207-E (Friends of the Earth and the Sierra Club v. South Carolina Electric & Gas Co.) prior to abandonment of the Project asking the Commission to end funding for the Project and to grant reparations under S.C. Code Ann. § 58-27-960. The South Carolina Office of Regulatory Staff ("ORS") filed a petition in Docket No. 2017-305-E (Request of the Office of Regulatory Staff for Rate Relief to South Carolina Electric & Gas Company's Rates Pursuant to S.C. Code Ann. § 58-27-920) seeking emergency rate relief under S.C. Code Ann. § 58-27-920.

Numerous parties intervened in PSC Dockets Nos. 2017-207-E and 2017-305-E, and after receiving and reviewing myriad filings by the various parties, the Commission, under my Chairmanship, heard two days of arguments to determine whether these dockets would proceed. On December 20, 2017, in Order Nos. 2017-769 and 2017-770, the Commission found that the Office of Regulatory Staff and Friends of the Earth and the Sierra Club had met the threshold required for their respective dockets to continue, and therefore denied SCE&G's motions to dismiss.

In early January 2018, Dominion Energy proposed to purchase SCANA. The proposed business combination would include merger benefits of approximately \$3.8 billion to be provided to SCE&G's customers in resolution of the regulatory issues surrounding the Project. This amount of merger benefits appeared to be unprecedented in utility mergers. The merger's benefits initially offered included immediate one-time payments to customers of \$1.3 billion upon closing of the merger, write-offs of nuclear Project and other generation assets and regulatory assets of \$1.9 billion, and reductions to on-going bills of \$575 million, all of which were included in a regulatory proposal known as the "Customer Benefits Plan." To offset the financial impacts of these concessions on SCE&G, Dominion Energy offered to use capital from its balance sheet

**TUESDAY, SEPTEMBER 15, 2020**

to infuse equity into SCE&G and to support the refund benefits offered under the Customer Benefits Plan. Dominion Energy also agreed to merger conditions including protections for SCE&G employees and customers, infrastructure investment and service level commitments, and continued local leadership of SCE&G's operations. SCANA announced its agreement to the plan of merger on January 3, 2018.

On January 7, 2018, the Joint Applicants initiated Docket No. 2017-370-E, seeking approval of the merger and adoption of the regulatory plan proposed by Dominion Energy (the "Customer Benefits Plan"). The Joint Application also presented two disfavored alternative plans that SCE&G proposed absent the merger. Those plans are the "No Merger Benefits Plan" and the "Base Request." The primary relief sought in the Joint Application was approval of the merger and adoption of the Customer Benefits Plan.

On June 28, 2018, the General Assembly adopted legislation ("Act 258") requiring, among other things, a temporary reduction in SCE&G retail electric rates of approximately 15%, amending the BLRA. The Commission implemented the mandated rate reduction by Order No. 2018-459, dated July 2, 2018.

The Commission held nearly a month-long hearing, commencing November 1, 2018 and lasting until Thanksgiving in this complex consolidated matter. The Commission received testimony from 44 witnesses. The evidentiary record compiled in the course of the proceeding was voluminous. The analysis required of the Commission and Staff was intensive and challenging.

In deciding this matter, the Commission was required to determine which plan would (1) provide maximum customer benefits; (2) bring finality and certainty; and (3) be in the public interest of South Carolina ratepayers. Within the bounds of the law and the evidence of record in this case, the Commission was required to choose between adopting the Customer Benefits Plan- B Levelized (a modification of the original Customer Benefits Plan that provided additional rate relief) and allowing the Dominion Energy merger to close, or, adopting ORS's Optimal Benefits Plan and almost certainly letting the Dominion Energy merger fail. The Commission chose the former. The Commission concluded in Order No. 2018-804(A), after exhaustive analysis, that the plan proposed by the Joint Petitioners would provide immediate and

**TUESDAY, SEPTEMBER 15, 2020**

sustained bill reductions to customers coupled with strong assurances that SCE&G would continue to operate as a financially sound, reliable, and responsible utility going forward. SCE&G's electric bills would be brought into alignment with neighboring utilities and be well below national averages. This result would be achieved without material risk to SCE&G's solvency, creditworthiness, or ability to conduct its future utility operations safely, reliably, and efficiently. No other option before the Commission provided this combination of benefits. The Commission believed it had enormous value for all SCE&G ratepayers, stakeholders, and the State as a whole. This could be the largest and most impactful case ever in the history of the Commission.

## **5. Accomplishments of the Public Service Commission**

During the review period, the Commission continued to operate under intense public scrutiny and pressure. I believe that pressure and scrutiny led the Commission to clearly demonstrate that it could administer the laws of South Carolina and caused the Commission to produce many accomplishments. I will discuss some of these accomplishments below.

From the very beginning of the review period, the Commission showed that it was capable of responding quickly and in real time and operated seamlessly. This was clearly demonstrated when Act 258 was adopted by the General Assembly on June 28, 2018. This was during the last hours of my Chairmanship, and as Chairman, I immediately ordered a Special meeting regarding Act 258. This was on a Friday, and Chief Clerk Jocelyn Boyd publicly noticed the meeting minutes before 5pm, and minutes later around 5:05pm, SCE&G brought suit against all the Commissioners in their official capacity in US District Court. The meeting that I ordered could not take place until the next business day which happened to be Monday, July 2, 2018, and my Chairmanship officially ended June 30, 2018. I worked with Vice Chairman Randall (who was Chairman elect at this time) and Chief Clerk / Administrator Jocelyn Boyd and along with other Commission staff members to ensure that this was a seamless transition late Friday and into the weekend. The end result was that Commissioner Randall presided as the new Chairman on Monday, July 2, 2018 and the Commission followed the new law of the General Assembly and handled a very delicate matter expeditiously, and in real time, by issuing Order No. 2018-459 which ordered a temporary reduction in SCE&G retail electric rates of 15%.

## **TUESDAY, SEPTEMBER 15, 2020**

Other MAJOR accomplishments of the Commission include the final disposition of one of the largest cases to ever come before the Commission in the history of the Commission. (Dockets No. 2017-207-E, 2017-305-E. and 2017-E). I won't go through the case in depth as I have already done so in the notable cases section. However, I do consider this a MAJOR accomplishment of the Commission, as the Commission was successful in holding lengthy hearing, in which all parties were heard, has 44 witnesses testify, and evidentiary record was voluminous. The end result was Commission Order No. 2018-804(A) which provided: maximum ratepayer benefits and was in the public interest of ratepayers of South Carolina; and brought finality and certainty to SCE&G ratepayers, stakeholders in the case, and to the future of one of South Carolina's largest investor-owned utilities.

In addition to the Commission demonstrating how quick and nimble it can adapt and administer the law, Other accomplishments include the Commission becoming much more transparent. Through the leadership of Chairman Randall and the diligence of Chief Clerk Jocelyn Boyd, and additional funding, the Commission is now able to live-stream hearings and meetings. All meetings and hearings have always been open and public, but live-streaming enables most South Carolinians and interested parties to watch live in real time. This is a great accomplishment because the public is now able to see in real time what the Commissioners have always seen: the examination and cross-examination of witnesses and questions by Commissioners. Live-streaming also gives the public (many for the first time) unique insight into utility cases, and Commissioner deliberations, and how utility cases are decided. I believe it has been a tremendous success and is a huge aid in public confidence and trust.

While there are many other accomplishments of the Commission during the review period, I want to mention one more. I support the Commission promulgating a new regulation. Chief Clerk Jocelyn Boyd has worked hard to bring forth Regulation 103-817.1. This Regulation allows for electronic transmission and filing (e-filing) of documents. E-filed Documents now constitute the official record. While the Commission has accepted electronic filing for a while, this regulation sets forth rules and policies governing e-filing and notice of service. This accomplishment corresponds with other Judicial bodies in South Carolina.

**6. Work Schedule and Preparation**

My work schedule for the most part remains unchanged from previous years, as I continue to be in the office in Columbia practically every day during the work week. However, as immediate Past Chairman of the SC Commission, my responsibility has decreased during the review period. I no longer have the responsibilities of personnel, budget, procedural matters, scheduling or any other duties statutorily assigned to the Chairman. I value being a "Regular Commissioner" again after the heavy pressure of the previous 2 years. While the pace is still fast, and the caseload seems to be heavier, I do believe we have made progress. I look back on my words from two years ago in this evaluation and I pledged to the Ratepayers of South Carolina, PURC Committee, the Legislature, the Governor, the staff at the PSC, and my fellow Commissioners to take the Commission to a "better place" by taking things 1 day at a time. I believe we are in a "better place", and Chairman Randall and Chief Clerk Jocelyn Boyd are working hard to make us even better at serving all South Carolinians.

My preparation during the review period remains unchanged from previous years. I still receive printed copies of the testimony here at the Commission and review (while the Commission is completely electronic and state of the art - I still read printed copies in most cases, especially large cases, as I prefer not to look at a computer screen for those long periods of time). I am briefed by the Commission's technical and legal staff in the law library. During the hearings, I listen to the Testimony, evidence, cross-examination by the attorneys, questions by my fellow Commissioners, and then I ask questions of the witnesses. Afterwards, I read proposed orders from all parties in the case and seek advice and counsel from Commission technical staff and Commission attorneys.

**7. Effects of Code of Judicial Conduct and South Carolina's ethics laws on your role as Commissioner**

As I have stated previously, public trust and public confidence must remain high in this Commission for us to function as a judicial body. I believe that each Commissioner and I have strictly adhered to the Code of Judicial Conduct and to SC Ethics laws. I also said in a previous questionnaire that one of our instructors in Ethics Training said years ago "some people might find the Code of Judicial Conduct burdensome

**TUESDAY, SEPTEMBER 15, 2020**

to the average citizen". I also believe that my fellow commissioners and I have "gladly and willingly" abided by the restrictions or the Code of Judicial Conduct and ethics rules. As a NARUC member State, we are aware that some states have "loose" ethics laws. South Carolina is known throughout all 50 States in NARUC as having the toughest ethics laws of any State Commission. Our SC Ethics laws are so strong that SC Ethics Director Meghan Walker has been a featured speaker at both SEARUC and NARUC in the last year or so. While it is certainly important at all times to have strict ethics laws, the last 2 years have shown that South Carolina's strict ethics laws and Judicial Code of Conduct have worked. While public trust was very low and heavily questioned, I do believe that as the limitations, roles and responsibilities of the Commission continue to be understood by the public, along with recently passed new Legislation that public trust is coming back. Also, I am eager to hear any suggestions that our instructors may have in our mandatory ethics training that is scheduled in just over a month or so. As Commissioner, I personally will continue to strive every day to abide by Code of Judicial Conduct and SC Ethics Laws. The Code of Judicial Conduct also requires that Commissioners "avoid the appearance or impropriety" and I will continue every day to adhere to that requirement as well .

*NOTE: Do not provide any information that would violate the prohibition against ex parte communication or would otherwise violate any privilege.*

**Ethics Statement: I, Commissioner Swain E. Whitfield have read and understand the Code of Judicial Conduct and the ethics laws of South Carolina. I certify that I have adhered to these standards at all times during this review period.**

**RESIGNATION**

The following was received:

July 17, 2020  
The Honorable Jay Lucas, Speaker  
South Carolina House of Representatives  
506 Blatt Building  
Columbia, South Carolina 29201

Dear Speaker Lucas,

Please take notice that effective at noon, of the date hereof, I am resigning my office as a member of the South Carolina House of Representatives. It has been one of the great blessings of my life, and a singular honor, to serve and represent my neighbors and friends of Myrtle Beach and Briarcliffe Acres since having first been elected in the year 2002 to the South Carolina General Assembly. I shall forever cherish my time serving in the Legislature and the strong bonds of friendship and collegiality made over the years.

This decision does not come lightly, but only after significant reflection and prayer with my family. In the waning days of the most recent primary election where I was once again honored by the voters of District 107 to carry the Republican banner into the coming General Election, I was afforded the opportunity to represent clients in my law practice that would take significant time away from my duties in Columbia. From my first day in the Legislature I have fulfilled my commitment to put the representation of my constituents first; this resignation arises from my refusal to retreat from that commitment.

Furthermore, I believe no one can understand better than you and our House colleagues just how much time we forfeit, through our service in the Legislature, to our professions and our families. This is a challenge

**TUESDAY, SEPTEMBER 15, 2020**

that we accept, yet it is still an issue that weighs upon us and those whom we cherish most.

After nearly eighteen years of service, I am proud of the legacy that I leave behind and I am grateful to you, our House and Senate colleagues, and our staff, who have empowered my effectiveness in establishing that legacy. Together, we have increased the security of, and confidence in, elections; we have decreased taxes and government fees; and we have removed regulatory hurdles to empower successful small businesses. I also fondly recall our Legislature, in a blaze of nonpartisan support, leading dozens of other states in demonstrating tangible support for our state's, and country's, great ally and trading partner, Israel, by refusing to open our state's doors of commerce to those businesses that support economic boycotts of the Jewish nation. Our legislature has stood tall among our sister states time, and time again, in support of Israel and against anti-Semitism. I thank you, Speaker Lucas, as I thank each of my House and Senate colleagues, for empowering my legislative legacy.

While this letter will signal the end of the public chapter of my commitment to service, my private commitment to service to my neighbors will continue. In that same vein, in whatever way I may be of service to you, my colleagues, and the State of South Carolina, please do not hesitate to reach out.

With fond personal regards, I remain.

Sincerely yours,  
Alan D. Clemmons

Received as information.

EXTEND THE DEEPEST SYMPATHY TO HIS FAMILY AND MANY FRIENDS.

Whereas, the members of the South Carolina House of Representatives were deeply saddened by the passing of the Honorable James Melvin “Jimmy” Neal of Kershaw on August 26, 2020, at the venerable age of seventy-seven; and

Whereas, born in Lancaster on April 30, 1943, he was the son of the late James Melvin Neal and Annie Mae Horton Neal Smith and stepson of the late William Bryant Smith. In preparation for his life’s work, Jimmy received his bachelor’s degree in 1965 from Clemson University and earned his master’s degree in education from Winthrop College in 1978; and

Whereas, as a young man, Jimmy loved to play sports. For most of his life, he could be found at Andrew Jackson Stadium on Friday nights, Death Valley on Saturday, and Center Grove Baptist Church on Sunday. He also looked forward to his weekly walking-club dates with friends. However, Jimmy’s greatest joy came from time spent with his beloved family and from sharing the gospel of Jesus Christ; and

Whereas, the first head football coach at Andrew Jackson High School, and ultimately principal of that same institution, Mr. Neal retired in 1995 from the Lancaster County School District after serving over thirty years as a respected teacher and principal; and

Whereas, Jimmy Neal was a community-minded man and took any opportunity to serve his fellow citizens, as when he served on the Lancaster County Election Commission and Lancaster County Literacy Council. Another opportunity led him to the State House, where he proudly represented Lancaster County House District 44, serving fourteen years in the South Carolina House of Representatives, from which he retired in 2012; and

Whereas, for his significant contributions to education, he was inducted into the Lancaster County Education Hall of Fame in 2006, and for his outstanding service in the House of Representatives, he was named Emergency Medical Services Legislator of the Year in 2007; and

## **TUESDAY, SEPTEMBER 15, 2020**

Whereas, preceded in death by his dear wife, Harriett Hawkins Neal, and a granddaughter, Emily Elizabeth Neal, Jimmy Neal leaves to cherish his memory his sons, Bryant (Beth Hinson) Neal of Kershaw and Scott (Jody Gibson) Neal of Camden; five grandchildren, Laura Neal (Reece) Taylor, Blythe Neal, Bry Neal, Sloane Neal, and Ava Neal; a great-granddaughter, Annie Martin Taylor; and a special friend, Sara Lou Hinson; and

Whereas, the people of South Carolina were made better by the influence of Jimmy Neal and will greatly miss his impactful presence. His was a life well lived. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, express profound sorrow upon the passing of the Honorable James Melvin “Jimmy” Neal of Kershaw and extend the deepest sympathy to his family and many friends.

Be it further resolved that a copy of this resolution be presented to Bryant Neal for the family.

The Resolution was adopted.
