1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: DHEC - Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

(SDE: State Aid to Classrooms) For the current fiscal year, the total pupil count is projected to be ~~761,855~~ 762,837, which includes traditional school districts, charter school authorizers, and the special school districts. For the current fiscal year, the total pupil count for traditional school districts is projected to be ~~714,073~~ 717,486, the total pupil count for the charter authorizers is projected to be ~~47,064~~ 44,648, and the total pupil count for the special districts is projected to be ~~721~~ 703. These funds represent an average per pupil of ~~\$4,895~~ \$5,377 in State Aid to Classrooms. The average per pupil funding is projected to be ~~\$7,694~~ \$8,214 state, ~~\$1,274~~ \$1,310 federal, and ~~\$7,859~~ \$8,031 local. This is an average total funding level of ~~\$16,827~~ \$17,555 excluding revenues of local bond issues.

15 For the current fiscal year, the funds appropriated for State Aid to Classrooms represent the State's contribution to the Aid to  
 16 Classrooms program for direct instruction of students in kindergarten through grade twelve in our state, which is seventy-five percent  
 17 of the total cost of funding one teacher salary for every 11.2 students. The salary cost used to determine the amount of funding  
 18 required for the state effort is based on that of a teacher having a master's degree and twelve years of experience, which equates to  
 19 ~~\$52,604~~ ~~\$55,104~~ on the statewide minimum salary schedule for the current fiscal year and including fringe benefits is ~~\$69,153~~  
 20 ~~\$72,991~~. The calculation of teachers for every student ratio includes those teachers eligible pursuant to Section 59-20-50(4)(b), to  
 21 include classroom teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists,  
 22 school nurses, orientation/mobility instructors, and audiologists in the school districts of the State. School districts are required to  
 23 meet the statewide minimum salary schedule in the current fiscal year and are required to provide the annual step increase pursuant  
 24 to Section 59-20-50. No school district is required to increase teacher salaries above the amount necessary to meet the statewide  
 25 minimum salary schedule as prescribed in this act. For the current fiscal year, the provisions of Section 59-20-50(3) of the 1976  
 26 Code, as amended, are suspended.

27 To allocate the funds, the department will calculate the total number of weighted pupil units (WPU) in each school district and in  
 28 the State. The funds appropriated herein for State Aid to Classrooms represent the state share of the total Aid to Classrooms program,  
 29 which is seventy-five percent. The local required effort is twenty-five percent of the total program. The total Aid to Classrooms  
 30 funding for each district is calculated based on the district's percentage of the total statewide weighted pupils multiplied by the total  
 31 Aid to Classrooms program. The district's local share is calculated by multiplying the total local share by the district's imputed index  
 32 of taxpaying ability, which is the district's relative fiscal capacity compared to that of all other districts in the State. The State Aid  
 33 to Classrooms amount allocated to each district will be determined by subtracting the calculation of the district's local share from  
 34 the calculation of the district's total Aid to Classrooms projected funding. The Statewide Public Charter School District and any  
 35 approved institution of higher education authorizing charter schools shall receive one hundred percent of the Aid to Classrooms

1 funding from the State. For Fiscal Year ~~2022-23~~ 2023-24, no local match is required for the State Aid to Classroom EIA distributions  
2 for the base funding rolled up from the previous fiscal year.

3 Each district will receive either the amount determined by this new methodology or the actual state funding received in Fiscal  
4 Year 2021-22 from State Aid to Classrooms, Aid School Districts, Student Health and Fitness, Guidance/Career Specialists,  
5 Handicapped – Profoundly Mentally, EIA - Aid to Districts, EIA - Students at Risk of School Failure, Allocations EIA – Teacher  
6 Salaries, Allocations EIA – Employer Contributions, EIA – Student Health and Fitness Act - Nurses, and EIA - South Carolina Public  
7 Charter Schools.

8 To provide flexibility, each district may expend the funds as determined by the local school board of trustees to meet the  
9 educational needs of students as defined in Section 59-1-50, Chapter 18, Title 59, and as delineated in a child’s Individualized  
10 Education Program (IEP). Pursuant to Section 59-20-80, each school board of trustees must make available by September first of  
11 each fiscal year its annual budget that includes state, local, and federal investments in education. The budget must be available on  
12 the district’s website. The department, in collaboration with local school districts, will provide a template that each district must use  
13 in reporting its budget.

14 To provide transparency, Revenue and Fiscal Affairs will document annually, through an online financial dashboard, the  
15 expenditure of all state, local, and federal funds by each district and by each charter school authorizer and other relevant data. To  
16 ensure that the public reporting meets the needs of educators, parents, citizens, and policymakers, the department, in conjunction  
17 with Revenue and Fiscal Affairs, will ~~convene~~ consult routinely with a group of educators, parents, citizens, and policymakers ~~to~~  
18 ~~provide recommendations regarding the items and the design of the dashboard by January 1.~~ District expenditures for the prior fiscal  
19 year must be published on the department’s website for public disclosure by January 1.

20 If a traditional school district, charter school authorizer, or special school district fails to submit expenditure data needed for the  
21 online financial dashboard, the Revenue and Fiscal Affairs Office will notify the Department of Education. Within thirty days of  
22 such notification, the Department of Education must then withhold ten percent of all state payments to the district or authorizer until  
23 the district or authorizer complies and all payments will then be made.

24 To ensure accountability, each district’s annual audit that is submitted to the Department of Education pursuant to Section  
25 59-17-100 must be conducted using an auditing firm from an approved list provided by the State Auditor. The State Auditor will  
26 develop standards and criteria for determining qualifying auditors. Each district’s annual audit must be available on the district’s  
27 website.

28 For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a  
29 public charter school shall receive and distribute state Aid to Classroom funds to the charter school. Students enrolled in charter  
30 schools authorized by the South Carolina Public Charter School District or an institution of higher education will receive in addition  
31 to the base weight of 1.00 or in addition to the disability weight of 2.60 an additional weight based upon the type of charter school  
32 that they attend. These additional funds must support the provision of educational services for children served by a charter school  
33 that does not receive local revenues. These students are also eligible to receive additional weights for personalized instruction. The  
34 department will make any necessary adjustments to account for the state share for Charter and Special Districts.

1 Three and four year old students with a disability, who are eligible for services under IDEA and enrolled in brick and mortar  
 2 charter schools sponsored by the South Carolina Public Charter School District or registered IHE, shall be included in student counts  
 3 solely for the purposes of receiving the additional weighting for students attending a brick and mortar charter school.

4 For Fiscal Year ~~2022-23~~ 2023-24, special districts, ~~career centers~~, and alternative schools will receive the amount received in the  
 5 prior fiscal year from these funds.

6 The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections,  
 7 including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also,  
 8 as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office,  
 9 shall also post on their website the one hundred thirty-five-day average daily membership for each school district and per pupil state,  
 10 federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported  
 11 annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a  
 12 prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the  
 13 projected numbers and the exact numbers.

14 For the current fiscal year, the pupil classification weightings are as follows:

- |    |   |      |
|----|---|------|
| 15 | (1) K-12 pupils or base students including homebound students   | 1.00 |
| 16 | Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section |      |
| 17 | 44-7-130 of the 1976 Code shall receive a weighting of 2.10.  |      |
| 18 | (2) Weights for students with disabilities as documented by their Individualized Education Plan (IEP)                     | 2.60 |
| 19 | (3) Precareer and Career Technology   | 1.20 |
| 20 | (4) Charter school students   |      |
| 21 | (a) Enrolled in brick and mortar school   | 1.25 |
| 22 | (b) Enrolled in virtual charter school  | 0.65 |
| 23 | (5) Additional weights for personalized instruction:  |      |
| 24 | (a) Gifted and Talented   | 0.15 |
| 25 | (b) Academic Assistance   | 0.15 |
| 26 | (c) Limited English Proficiency   | 0.20 |
| 27 | (d) Pupils in Poverty   | 0.50 |

28 Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

29 Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled  
 30 in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school. Districts shall  
 31 set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

32 Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or  
 33 both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The  
 34 additional weight generates funds needed to provide additional instructional services to these students.

35 Students with limited English proficiency are students who require intensive English language instruction programs and whose  
 36 families require specialized parental involvement intervention.

1 Further, the Department of Education may use school district student counts for personalized instruction as collected in the same  
2 manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate  
3 the school district add on weightings for the personalized instruction classifications and the determination of the school districts  
4 monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five-day student average daily membership  
5 for all classifications. During the current fiscal year, the department will update PowerSchool calculations, reports, screen  
6 development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation  
7 adjustments by June 30. The department must provide districts with technical assistance with regard to student count changes in  
8 PowerSchool.

9 Up to ten percent of any funds appropriated for State Aid to Classrooms at the end of the fiscal year may be carried forward into  
10 the subsequent fiscal year and allocated to school districts, the South Carolina Public Charter School District, and an institution of  
11 higher education that authorizes charter schools pursuant to this provision. The additional funds must first support increases in student  
12 enrollment and any balance may be allocated proportionately utilizing weighted pupil units to districts. Any additional unexpended  
13 funds shall revert to the general fund or to the EIA Fund.

14 With the funds that the Department of Education receives for health insurance for school districts, the department shall allocate  
15 the funds to school districts proportionately utilizing weighted pupil units. The department shall allocate to districts funds received  
16 for retirement benefits through the State Aid to Classrooms formula.

17 **1.4.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein  
18 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district  
19 employee’s salary that is federally funded.

20 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each  
21 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel  
22 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service  
23 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

24 The Department of Juvenile Justice and the Department of Corrections’ school districts must be allocated funds under the fringe  
25 benefits program in accordance with criteria established for all school districts.

26 **1.5.** (SDE: Employer Contributions/Obligations) In order to finalize each school district’s allocations of Employer Contributions  
27 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district’s allocation  
28 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In  
29 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover  
30 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision’s state funds  
31 until such obligations are met.

32 **1.6.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education  
33 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides  
34 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness  
35 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located  
36 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost

1 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided  
2 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by  
3 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing  
4 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for  
5 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the  
6 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. Participation will be evidenced by a  
7 written agreement from the IEP team or 504 team, written referral, or the school district initiating the placement process. School  
8 districts providing the education shall notify the nonresident district in writing within forty-five calendar days that a student from the  
9 nonresident district is receiving education services pursuant to the provisions of the proviso. The notice shall also contain the  
10 student's name, date of birth, and disabling condition if available. If appropriate financial arrangements cannot be effected between  
11 institutions of the state, including independent school districts under the authority of the Department of Disabilities and Special  
12 Needs, and school districts, institutions receiving educational appropriations shall pay the local base student cost multiplied by the  
13 appropriate pupil weighting. Children residing in institutions of state agencies shall be educated with nondisabled children in the  
14 public school districts if appropriate to their educational needs. Such institutions shall determine, on an individual basis, which  
15 children residing in the institution might be eligible to receive appropriate educational services in a public school setting. Once these  
16 children are identified, the institution shall convene an IEP meeting with officials of the public school district in which the institution  
17 is located. If it is determined by the committee that the least restrictive environment in which to implement the child's IEP is a public  
18 school setting, then the school district in which the institution is located must provide the educational services. However, that school  
19 district may enter into contractual agreements with any other school district having schools located within a forty-five mile radius of  
20 the institution. The cost for educating such children shall be allocated in the following manner: the school district where the child  
21 last resided before being placed in an institution shall pay to the school district providing the educational services an amount  
22 equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section  
23 59-20-40 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all  
24 funding sources, both state and federal. The institution and school district, through contractual agreements, will address the special  
25 education and related services to be provided to students. Should the school district wherein the institution is located determine that  
26 the child cannot be appropriately served in a public school setting, then the institution may request a due process hearing pursuant to  
27 the procedures provided for in the Individuals with Disabilities Education Act.

28 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local  
29 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to  
30 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to  
31 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing  
32 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the  
33 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

34 The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all  
35 required school records, including confidential records, are transferred from the sending to the receiving school within three working  
36 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social

1 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a  
2 psychological report on the child is available at the school district office) and any other records necessary for the appropriate  
3 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate  
4 permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure  
5 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received  
6 on a child. Upon discharge or release from the treatment facility, the agency placing the child in the receiving school must work  
7 with the school district where the student will reside after treatment to assure continuity of the student's education.

24 and test rescoring fees. The Department of Education is authorized to expend revenue collected for lost and damaged instructional  
25 materials and the sale of unusable instructional materials for the purpose of contracting for the purchase and maintenance of a  
26 statewide textbook inventory management system, provided that schools' newly-adopted instructional materials needs are met first.

27 **1.9.** (SDE: School District Bank Accounts) Each school district in this State, upon the approval of the district's governing body,  
28 may maintain its own bank account for the purpose of making disbursement of school district funds as necessary to conduct school  
29 district business and each county treasurer is hereby authorized to transfer such amount as needed, upon receipt of a written order  
30 certified by the district governing body or their designee. Such order shall contain a statement that such amount is for immediate  
31 disbursement for the payment of correct and legal obligation of the school district.

15 Commission on Higher Education shall share data about the teaching profession in South Carolina. The data sharing should ensure  
16 (1) a systematic report on teacher supply and demand information and (2) data to determine classes being taught by public school  
17 teachers out of field of their preparation. The data collection should include but not be limited to: classes/subjects taught, number  
18 of students taught, percentage of teacher education graduates from South Carolina colleges/universities who go into teaching,  
19 percentage of teacher education graduates who teach in public schools in South Carolina, percentage of new teachers who leave the  
20 South Carolina teaching profession in the first three years of public school teaching due to unsuccessful evaluations, percentage of

29 appropriation bill must meet specifications developed by the School Bus Specification Committee as established by the State  
30 Superintendent of Education. The School Bus Specifications Committee shall allow for input from all school bus chassis and body  
31 manufacturers. However, if it is safe, more economical, and in the public interest, the department may use the school bus  
32 specifications of another state in the procurement of school buses. If the department uses the specifications of another state, the  
33 department must submit a report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means  
34 Committee detailing the methodology by which the alternative specifications were determined to be safe, more economical, and in

19 and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery Act  
20 funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance, to  
21 ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated  
22 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance  
23 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for  
24 Career and Technology Education, nor funds required for debt service or bonded indebtedness. All school districts must report the

26 mark. The department shall report this information to the General Assembly for the ~~2022-2023~~ current school year.

27     In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per  
28 pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food  
29 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business  
30 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall  
31 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional  
32 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June  
33 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

34     "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

35     School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low  
36 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and

1 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and  
2 expanding virtual instruction.

3 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

4 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil  
5 allocation due to them for each categorical program.

6 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school  
7 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.

8 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State  
9 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of  
10 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education  
11 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,  
12 and the certification must be conspicuously posted on the internet website maintained by the school district.

13 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical  
14 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the  
15 most economical type of bus fuel.

16 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school  
17 districts based on weighted pupil units.

18 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,  
19 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made  
20 available for public viewing and downloading. The register must include for each expenditure:

- 21 (i) the transaction amount;
- 22 (ii) the name of the payee; and
- 23 (iii) a statement providing a detailed description of the expenditure.

24 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must  
25 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete  
26 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at  
27 least once a month.

28 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards  
29 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each  
30 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the  
31 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

32 The Comptroller General must establish and maintain a website to contain the information required by this section from a school  
33 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate  
34 between the school districts and search for the information they are seeking.

1 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title  
2 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of  
3 Education to exercise its authority to grant waivers under Regulation 43-261.

4 **1.22.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,  
5 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical  
6 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to  
7 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because  
8 of the required Hazmat endorsement to their CDL.

9 **1.23.** (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publicly recognized by the  
10 School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions  
11 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

12 **1.24.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may  
13 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be  
14 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General  
15 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The  
16 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.  
17 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded  
18 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

19 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent  
20 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall  
21 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel  
22 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and  
23 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on  
24 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the  
25 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination  
26 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as  
27 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have  
28 their experience credit negatively impacted because of a furlough implementation.

29 During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except  
30 for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to,  
31 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making  
32 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only  
33 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on  
34 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may  
35 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within  
36 which the furlough occurs.

1 Each local school district must prominently post on the district's internet website and make available for public viewing and  
2 downloading the most recent version of the school district's policy manual and administrative rule manual.

3 This proviso shall not abrogate the terms of any contract between any school district and its employees.

4 **1.25.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district  
5 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to  
6 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance  
7 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds  
8 distributed to the districts within the county.

9 **1.26.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or  
10 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on  
11 race or national origin.

12 **1.27.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and  
13 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and  
14 Human Services.

15 **1.28.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's  
16 individual cumulative grade point average for grades nine through twelve on the student's report card.

17 **1.29.** (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school  
18 year are due no later than December first of the current school year when invoiced by the Department of Education. The department  
19 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

20 **1.30.** (SDE: ~~Education Finance Act~~ State Aid to Classrooms Reserve Fund) There is created in the State Treasury a fund separate  
21 and distinct from the General Fund of the State and all other funds entitled the ~~Education Finance Act~~ State Aid to Classrooms  
22 Reserve Fund. All unexpended general funds appropriated to the Department of Education for the ~~Education Finance Act~~ State Aid  
23 to Classrooms in the current fiscal year shall be transferred to the ~~Education Finance Act~~ State Aid to Classrooms Reserve Fund. In  
24 the event that the amount appropriated for the ~~Education Finance Act~~ State Aid to Classrooms is insufficient to fully fund the base  
25 student cost designated student-teacher ratio as established by this act, revenues from the ~~Education Finance Act~~ State Aid to  
26 Classrooms Reserve Fund may be used to supplement the funds appropriated. ~~By June 30<sup>th</sup> of the current fiscal year, if the department~~  
27 ~~determines that the funds are not needed to supplement the Education Finance Act, the department may utilize the funds for bus~~  
28 ~~purchase.~~ The General Assembly may make direct appropriations to this fund. All unexpended funds in the ~~Education Finance Act~~  
29 State Aid to Classrooms Reserve Fund and any interest accrued by the fund must remain in the fund and may be carried forward into  
30 the current fiscal year.

31 **1.31.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from  
32 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

33 **1.32.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school  
34 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers  
35 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services  
36 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational

1 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is  
2 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination  
3 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred  
4 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in  
5 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education  
6 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school  
7 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student  
8 and what is clinically indicated being considered.

9 A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility,  
10 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services  
11 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical  
12 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in  
13 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under  
14 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the  
15 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program,  
16 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational  
17 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational  
18 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the  
19 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational  
20 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the  
21 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

22 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting  
23 for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this act and any eligible categorical and federal  
24 funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services  
25 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the  
26 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a  
27 resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly  
28 by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by

30 joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an  
31 instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities  
32 Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall

5 the facility school district by the one hundred thirty-five day count, the Department of Education is authorized to withhold the  
6 equivalent amount of EFA funds and transfer those funds to the facility school district.

7 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that  
8 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost

23 responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district while the  
24 student is housed in the RTF.

25 If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible  
26 for the educational services. The facility school district may choose to provide the educational program to the child and, upon  
27 choosing to do so, shall contract with the appropriate entity for payment of educational services provided to the child. Out-of-state  
28 students provided educational services by a facility school district shall not be eligible for funding through the Education Finance  
29 Act.

5 measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The  
6 performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate  
7 line on the facility school district's report card and must not be included in the overall performance ratings of the facility school  
8 district. The Department of Education shall examine the feasibility of issuing report cards for RTFs. For the current fiscal year, a  
9 facility school district shall not have the district's state accreditation rating negatively impacted by deficiencies related to the delivery  
10 of an educational program at a RTF.

11 RTFs shall notify the facility school district as soon as practical, and before admission to the RTF if practical, of a student's  
12 admission to the RTF. RTFs, the facility school districts and the Department of Education shall use their best efforts to secure and/or

1 in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number  
2 of students served in high-quality programs.

3 ~~For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as~~  
4 ~~allocated in the prior fiscal year for the provision of a half day 4K program from the funds appropriated to the Department of~~  
5 ~~Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP.~~ For eligible children residing in  
6 school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district  
7 transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in  
8 CERDEP.

9 For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher

13 one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved  
14 private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible  
15 students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building  
16 renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and  
17 staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall  
18 develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are  
19 used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected  
20 to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure  
21 to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the  
22 Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded  
23 enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March

26 ~~in CERDEP following guidelines developed by the Office of First Steps.~~ Providers participating in this pilot shall be expected to  
27 participate in the program and provide high quality, center based programs as defined herein for a minimum of three years. Failure

33 enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro  
34 rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and  
35 shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount  
36 contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily

1 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty

8 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

9 On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total  
10 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional  
11 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of  
12 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the  
13 Department of Education and the Office of First Steps.

14 The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration  
15 Office to inform parents of all publicly funded full-day 4K programs including Head Start *by participating in PalmettoPreK and*

12 identify schools in the Palmetto Literacy Project that have one-third or more of its third grade students scoring at the lowest  
13 achievement level on the statewide summative English language arts assessment. For each school identified and participating in the  
14 Palmetto Literacy Project in the prior school year, the Department of Education shall provide, at a minimum, the following support:

16 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are  
17 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,  
18 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust  
19 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual  
20 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that  
21 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations  
22 for the current fiscal year to account for the findings.

23 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of  
24 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by March  
25 first of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both public  
26 and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program.  
27 This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall  
28 issue a unique student identifier for each child receiving services from a private provider. The Department of Education shall be  
29 responsible for the collection and maintenance of data on the public state funded full day and half-day four-year-old kindergarten  
30 programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state  
31 funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected  
32 and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success  
33 in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number  
34 of students served in high-quality programs.

35 ~~For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as~~  
36 ~~allocated in the prior fiscal year for the provision of a half day 4K program from the funds appropriated to the Department of~~

1 ~~Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP.~~ For eligible children residing in  
2 school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district  
3 transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in  
4 CERDEP.

5 For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher  
6 reimbursement rates to high-quality ~~child care centers~~ providers. The reimbursement rate for students enrolled by child care  
7 providers rated B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to  
8 10% of the per-student base following guidelines developed by the Office of First Steps; and (2) up to ~~\$100,000~~ \$250,000 to provide  
9 one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved  
10 private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible  
11 students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building  
12 renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and  
13 staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall  
14 develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are  
15 used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected  
16 to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure  
17 to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the  
18 Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded  
19 enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March  
20 15; ~~and (3) up to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and designs~~  
21 ~~necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation~~  
22 ~~in CERDEP following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be expected to~~  
23 ~~participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure~~  
24 ~~to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the~~  
25 ~~Office of First Steps.~~

26 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,  
27 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a  
28 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer  
29 enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro  
30 rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and  
31 shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount  
32 contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily  
33 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty  
34 days. Funds may also be used to provide parent engagement, professional development, and quality evaluations of programs. No  
35 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance  
36 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following

1 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the  
2 amount of money used for professional development as well as the types of professional development offered and the number of  
3 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the  
4 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

5 On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total  
6 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional  
7 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of  
8 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the  
9 Department of Education and the Office of First Steps.

10 The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration  
11 Office to inform parents of all publicly funded full-day 4K programs including Head Start *by participating in PalmettoPreK and*  
12 *First5SC*.

13 ~~For Fiscal Year 2022-23, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early Reading~~  
14 ~~Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the program~~  
15 ~~during Fiscal Year 2022-23, subject to classroom availability and funding. Funding appropriated for CERDEP may be carried~~  
16 ~~forward and expended for the same purpose.~~

17 **1A.27.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the  
18 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for  
19 individuals who teach children of poverty through weekend college, nontraditional or alternative learning opportunities.

20 **1A.28.** (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000  
21 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally  
22 certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical  
23 contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first  
24 and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career  
25 clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course  
26 exams graded by a national industry organization and must include in their grant request how the money will be spent in direct  
27 support of students to further industry-specific career technology education; a description and history of their program nationally and  
28 within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August  
29 first of the following year, the organization must submit to the department a report detailing how the grant increased  
30 industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry  
31 organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student  
32 competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading  
33 to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs;  
34 student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors  
35 about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead  
36 to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service

1 learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the  
2 number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may  
3 not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to  
4 provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified  
5 in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must  
6 submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first  
7 that has been audited by a third party accounting firm.

8 **1A.29.** (SDE-EIA: Partnerships/Other Agencies & Entities) For the current fiscal year, agencies and other entities receiving funds  
9 appropriated in Part IA, Section 1, VIII. F. will continue to report annually to the Education Oversight Committee (EOC). Any entity  
10 receiving funds that must flow through a state agency will receive those funds through the EOC, unless requested in writing by the  
11 entity to match federal or other funds. The EOC will make funding recommendations to the Governor and General Assembly as part

18 year, the Southeastern average teacher salary is projected to be ~~\$55,898~~ \$58,048. The General Assembly remains desirous of raising  
19 the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to  
20 the national average teacher salary.

21 Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all  
22 eligible certified teachers employed by the district by no less than one year of experience credit using at a minimum the district salary  
23 schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for  
24 all eligible certified teachers. For Fiscal Year ~~2022-23~~ 2023-24, the requirement that school districts maintain local salary  
25 supplements per teacher no less than their prior fiscal year level is suspended.

26 For purposes of this provision, teachers shall be defined by the Department of Education using the Professional Certified Staff  
27 (PCS) System.

30 on the number of students who had previously dropped out of school and who reenrolled in a public school or adult education to  
31 pursue a high school diploma. The Education Oversight Committee working with the Department of Education will determine how  
32 to calculate a dropout recovery rate that will be reflected on the annual school and district report cards. The department may carry  
33 forward and expend the funds for the same purpose.

6 and communities. These initiatives will include, but are not limited to, professional development in writing, geography and other  
7 content areas; training; research; advocacy; and practical consultancy. The Center will establish collaborative educational enterprises  
8 with schools, school districts, parents, communities, and businesses while fulfilling the responsibilities of the School Improvement

14 Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the  
15 assessment of public education in South Carolina that support increased student achievement in reading and college and career  
16 readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for  
17 planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student  
18 academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science,  
19 technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to  
20 students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on  
21 creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based  
22 methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty  
23 schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like  
24 the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the  
25 General Assembly on the measurement results.

7 Therapy Services for students with multiple documented disabilities, \$486,486 shall be allocated to the Meyer Center, \$1,513,514  
8 shall be allocated to Pattison's Academy, and \$1,300,000 shall be allocated to the SC Public Charter School District for Palmetto  
9 Excel. The funding allocated to the Public Charter School District is estimated to serve 150 students. If less students are served,  
10 the money must be retained and not expended by the Public Charter School District on a pro rata basis.

11 1A.70. (SDE-EIA: Instructional Materials) Of the funds appropriated for Instructional Materials, \$250,000 shall be used to assist  
12 individual schools and/or districts to implement Ronald Rouse's Law requiring high school students to receive non-credentialed  
13 CPR instruction in health education class. Funds may be used to purchase, replace, and maintain equipment and training materials.  
14 Priority shall go to schools and districts determined high-need. High-need may be determined by using a district's Index of Taxpaying  
15 Ability.

16 1A.71. (SDE-EIA: Testing Pilot) Of the funds appropriated for assessment, the Department of Education will expend \$300,000  
17 to pilot the feasibility of requiring a passing score on a rigorous test of scientifically research-based reading instruction and  
18 intervention and data-based decision-making principles, as determined by the State Board of Education, for initial early childhood  
19 and elementary education licensure.

20 1A.72. (SDE-EIA: High Intensity Tutoring) The Department of Education is authorized to provide funds to school districts and  
21 community partners in the current fiscal year to pilot academic support programs providing high-dosage, low-ratio tutoring to  
22 students in mathematics and reading by compensated tutors.

23 The Department of Education should prioritize available funding for academic support program applications that include LEA or  
24 local funding matches, LEA capacity for successful program implementation, or a large proportion of students needing priority  
25 placement within an academic support program.

26 The Department of Education may collaborate with community partners to implement and conduct academic support programs.  
27 Academic support program partners shall comply with personnel criminal history checks and any applicable building safety  
28 standards.

29 At a minimum, eligible academic support programs shall include tutoring sessions totaling one and a half hours per week. Tutoring  
30 sessions should be scheduled at least twice weekly for forty-five minutes. Tutoring sessions shall be held in small group settings of  
31 no more than three students per tutor but may occur within or outside the regular school day. Students scoring, or expected to  
32 achieve, "Does Not Meet Expectations" on the statewide summative assessment should be given priority placement within the  
33 academic support program.

34 The Department of Education, in collaboration with the Education Oversight Committee, shall prepare a report on the  
35 effectiveness of the academic support programs for the Governor and General Assembly. Participating LEAs and public charter

1 schools shall submit data as requested by the Department of Education, including, but not limited to, student enrollment, attendance,  
2 and student pre-/post-test scores from a state-approved formative assessment or high school content assessment.

3 1A.73. (SDE-EIA: Foundational Literacy Skill Training) Beginning with the current fiscal year, the Department of Education  
4 shall provide training in foundational literacy skills to public school educators working with students in kindergarten through grade  
5 three, pending the availability of funding and space. The Department of Education shall deliver professional development that has  
6 demonstrated success in establishing deep knowledge of evidence-based foundational literacy skills grounded in the science of  
7 reading and promoting student reading achievement.

8 Each school district shall participate in the implementation of this foundational literacy skills training. The department and school  
9 districts shall create an implementation plan to include educator cohorts to begin in the fall and spring of the 2023-24 school year,  
10 with a goal of state-wide implementation for every educator working with students in kindergarten through grade three certified in  
11 early childhood, elementary, and special education. Elementary administrators should also be included in the foundational literacy  
12 skills training.

13 Selected educators shall participate in foundational literacy skills training provided and paid for by the Department of Education.  
14 Successful completion of this training shall satisfy the requirements of the literacy teacher endorsement. Educators who successfully  
15 complete the training, as determined by the department, shall receive a monetary stipend.

16 The Department of Education shall identify reliable and valid universal reading screeners as potential replacements for the  
17 readiness assessment required under Section 59-155-150. The identified screeners may be selected and used by school districts to  
18 screen and monitor kindergarten through second grade student progress in foundational literacy skills, and to identify or predict  
19 those who may be at risk for poor reading outcomes. Each identified universal reading screener must:

20 (1) provide screening and diagnostic capabilities for monitoring student progress in reading;

21 (2) measure, at a minimum, phonological awareness, phonemic awareness, phonics, fluency, vocabulary, and comprehension;  
22 and

23 (3) identify students with a reading deficiency, including identifying students with characteristics of dyslexia.

24 In its annual Reading Proficiency Plan, each district shall:

25 (1) document how the reading and writing curriculum, instruction, and assessment for all PK-5 students are aligned with the  
26 science of reading, structured literacy, and foundational skills. PK-5 textbooks or instructional materials that employ the three-  
27 cueing system model of reading, visual memory as the primary basis for teaching word recognition, or the three-cueing system model  
28 of reading based on meaning, structure and syntax, and visual, which is also known as “MSV”, shall not be used in reading  
29 instruction;

30 (2) document the number of first and second grade students who are projected to score “Does Not Meet” on the statewide  
31 summative reading assessment;

32 (3) document how scientifically-based supplemental interventions are provided to struggling readers who fail to demonstrate  
33 grade-level proficiency as demonstrated by a score of “Meets or Exceeds Expectations”; and

34 (4) explain how the district will provide teacher training in the science of reading, structured literacy, and foundational literacy  
35 skills.

36 As used in this provision:

1 (1) “Foundational literacy skills” means phonological awareness, phonemic awareness, phonics, fluency, vocabulary, and  
2 reading comprehension. This definition of foundational literacy skills specifically excludes the “Three-cueing system”, which is any  
3 model of teaching students to read based on meaning, structure and syntax, and visual cues, which may also be known as “MSV”.

4 (2) “Science of Reading” means the body of research that identifies evidence-based approaches of explicitly and systematically  
5 teaching students to read, including foundational literacy skills that enable students to develop reading skills required to meet state  
6 standards in literacy.

7 (3) “Structured Literacy” means an evidence-based approach to teaching oral and written language aligned to the science of  
8 reading founded on the science of how children learn to read and characterized by explicit, systematic, cumulative, and diagnostic  
9 instruction in phonology, sound-symbol association, syllable instruction, morphology, syntax, and semantics.

10 IA.74. (SDE-EIA: Artificial Intelligence) The SC Department of Education will expend \$3 million to develop, pilot, and implement  
11 a high school curriculum for high school students in an artificial intelligence (AI) career and technology program. The program will  
12 include a four-year sequential pathway that is aligned with two- and four-year college automotive programs and includes teacher  
13 training, third-party assessments, and certifications.

2       **3.3.** (LEA: Student Unique Identifiers) For the current fiscal year, in order to provide longitudinal data, institutions of higher  
3 education and technical colleges accepting lottery funds must retain the student unique identifier or SUNS number assigned to  
4 students who attended public high schools in South Carolina. This shall not prohibit institutions of higher education or technical  
5 colleges from using additional student identifiers.

26 develop guidelines establishing scholarship eligibility, retention, and/or renewal requirements in accordance with this paragraph.  
27 Scholarships shall be awarded to each South Carolina resident student enrolled in an established public CTP in an amount of at least  
28 \$2,500 per semester, not to exceed \$10,000 per academic year (including summer semester), and no student may receive a scholarship

2 consortium (known as The South Carolina Inclusive Post Secondary Education Consortium) to be used collaboratively by the  
3 consortium to promote better awareness of CTP programs statewide as an option for youth with intellectual disabilities after high  
4 school through dedicated support for activities such as, but not necessarily limited to, student recruitment, development and

13 Of the funds appropriated to the Commission on Higher Education for the Nursing Initiative, the commission shall use the funds  
14 to address the nursing shortage. Funds shall be allocated accordingly to the state's public colleges and universities, including technical  
15 colleges, that have accredited nursing programs. The first \$5 million shall be used to supplement the salaries of existing full-time  
16 faculty and the hourly rates of part-time faculty, or the salaries of clinical nursing faculty. The funds shall be allocated to each public  
17 college or university, including technical colleges, based on the number of students enrolled in nursing programs. The second \$5  
18 million shall be used to provide tuition reimbursement or scholarships for students enrolled in graduate-level nurse educator  
19 programs, Doctor of Nursing Practice, or Ph.D. programs. The scholarship recipients must agree to assume a faculty role in a state  
20 nursing program after graduation for a minimum of two years for each year they receive the scholarship.

21 Of the funds appropriated to the Commission on Higher Education for Carolina Career Clusters Grant, upon application by an

7       If the lottery revenue received from certified unclaimed prizes for Fiscal Year 2023-24 is less than the amounts appropriated, the  
8       projects and programs receiving appropriations for any such year shall have their appropriations reduced on a pro rata basis.

9       Fiscal Year 2023-24 funds appropriated to the Commission on Higher Education and the State Board for Technical and  
10       Comprehensive Education for Tuition Assistance must be distributed to the technical colleges and two-year institutions as provided  
11       in Section 59-150-360. Annually, the State Board for Technical and Comprehensive Education and the Commission on Higher  
12       Education shall develop the Tuition Assistance distribution of funds.

13       The provisions of Section 2-75-30 regarding the aggregate amount of funding provided for the Centers of Excellence Matching  
14       Endowment are suspended for the current fiscal year.

15       The Commission on Higher Education is authorized to temporarily transfer funds between appropriated line items in order to  
16       ensure the timely receipt of scholarships and tuition assistance. It is the goal of the General Assembly to fund the Tuition Assistance  
17       program at such a level to support at least \$996 per student per term for full-time students.

18       Fiscal Year 2023-24 net lottery proceeds and investment earnings in excess of the certified net lottery proceeds and investment

32       Transition Program (CTP) that serves students with intellectual disabilities. The commission, in consultation with the CTPs, shall  
33       develop guidelines establishing scholarship eligibility, retention, and/or renewal requirements in accordance with this paragraph.  
34       Scholarships shall be awarded to each South Carolina resident student enrolled in an established public CTP in an amount of at  
35       least \$2,500 per semester, not to exceed \$10,000 per academic year (including summer semester), and no student may receive a  
36       scholarship for more than eight semesters in total. In addition, the limitations of Proviso 11.12 notwithstanding, individual CTPs

1 shall have the discretion to allocate a portion of their aggregate funding provided pursuant to this provision for need-based grants  
2 to eligible students. This discretion is allowable only to the extent that the funding for need-based grants for eligible CTP students  
3 provided pursuant to Proviso 11.12 has first been fully exhausted. The commission, in cooperation with the CTPs, shall collect and  
4 report the number of scholarship recipients and other information determined necessary to evaluate the effectiveness of these  
5 scholarships in assisting students with intellectual disabilities in college transition programs. The commission shall provide this  
6 report to the Governor, the Chairman of the House Education and Public Works Committee, the Chairman of the Senate Education  
7 Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the Senate Finance Committee no later  
8 than September 30. Unexpended funds may be carried forward and used for the same purpose, except that up to \$250,000 may be  
9 used by the CTP consortium (known as The South Carolina Inclusive Post-Secondary Education Consortium) to be used  
10 collaboratively by the consortium to promote better awareness of CTP programs statewide as an option for youth with intellectual  
11 disabilities after high school through dedicated support for activities such as, but not necessarily limited to, student recruitment,  
12 development and maintenance of a consortium website and associated materials, and the provision of strategic informational events  
13 for prospective students and families across the State. Additionally, unexpended or carried forward funds may be used by individual  
14 college transition programs in partnership with third party providers for technology resources for students participating in these  
15 programs. Not more than \$1,000,000 of total unexpended funds may be used for this purpose among all CTPs. The commission shall  
16 establish the criteria for which these funds will be allocated.

17 Of the funds appropriated to the Commission on Higher Education for Need-Based Grants, public colleges and universities must  
18 submit requests to carry forward Need-Based Grants to the Commission on Higher Education by June 30, 2024, and final invoices

20 to the maximum allowable amount prior to any Need-Based Grant funds being carried forward. Funds only shall be carried forward  
21 if all eligible Need-based Grant students at the public colleges and universities are fully funded with financial aid that does not  
22 require student repayment. Funds allocated for Fiscal Year 2023-24 must be distributed in the same academic year.

23 Of the funds appropriated to the Commission on Higher Education for the Nursing Initiative, the commission shall use the funds  
24 to address the nursing shortage. Funds shall be allocated accordingly to the state's public colleges and universities, including  
25 technical colleges, that have accredited nursing programs accredited by a national accrediting agency recognized by the United  
26 States Department of Education. The first \$5 million shall be used to provide bonuses or supplement the salaries of existing full-time  
27 faculty and the hourly rates of part-time faculty, or the salaries of clinical nursing faculty, which includes adjunct faculty. The funds  
28 shall be allocated to each public college or university, including technical colleges, based on the number of students enrolled in  
29 nursing programs. The second \$5 million shall be used to provide tuition reimbursement or scholarships for students enrolled in  
30 graduate-level nurse educator programs, Doctor of Nursing Practice, or Ph.D. programs. The scholarship recipients must agree to  
31 assume a faculty role in a state nursing program after graduation for a minimum of two years for each year they receive the  
32 scholarship. Annually by September 15, the Commission shall report on the Nursing Initiative, at a minimum, the following: (1) total  
33 number of students receiving tuition reimbursements or scholarships; (2) total number of students receiving tuition reimbursements  
34 or scholarships subsequently hired as faculty; (3) total number of students receiving tuition reimbursements or scholarships not hired

36 defender or appointed counsel, shall be assessed a fee of five hundred dollars. The revenue generated from this fee must be collected

1 by the clerk of court and sent on a monthly basis to the Commission on Indigent Defense. However, if a defendant fails to pay this  
2 fee, this failure alone is not sufficient basis for incarceration for a probation violation. This assessment shall be collected and paid  
3 over before any other fees.

4 **61.7.** (INDEF: Defense of Indigents Civil Action Application Fee) (A) A person requesting appointment of counsel in any

10 (B) A forty dollar application fee for appointed counsel services must be collected from every person who executes an affidavit  
11 that they are financially unable to employ counsel. The person may apply to the court, the clerk of court, or other appropriate official  
12 for a waiver or reduction in the application fee. If it is determined that the person is unable to pay the application fee, the fee may  
13 be waived or reduced, provided that if the fee is waived or reduced, the clerk or appropriate official shall report the amount waived  
14 or reduced to the trial judge and the trial judge shall order the remainder of the fee paid by a time payment method or such method  
15 as the trial judge deems appropriate. The clerk of court or other appropriate official shall collect the application fee imposed by this

17 interest-bearing account separate from the general fund and used only to provide for indigent defense services. The monies shall be  
18 administered by the Commission on Indigent Defense. The clerk of court or other appropriate official shall maintain a record of all

23 or legal guardians of said juvenile, shall be advised in writing of this requirement at the earliest stage of the proceedings against said  
24 juvenile.

25 (D) Nothing contained above shall restrict or hinder a court from appointing counsel in any emergency proceedings or where  
26 existing statutes do not provide sufficient time for an individual to complete the application process.

27 (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is  
28 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a  
29 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

30 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing  
31 of a claim shall not constitute a lien against real or personal property of the person unless, in the discretion of the court, part or all of  
32 such claim is reduced to judgment by appropriate order of the court, after serving the person with at least thirty days' notice that  
33 judgment will be entered. When a claim is reduced to judgment, it shall have the same effect as judgments, except as modified by  
34 this provision.

35 (C) The report should include long-term obligations irrespective of the source of funds involved, if any, and whether or not the  
36 obligation is subject to the availability or appropriation of funds. The report should exclude the following: (1) general obligation

1 debt authorized under Section 13, Article X of the Constitution of South Carolina, 1895, and debt issued by the state institution under

9 amount of payments remaining to be made; (6) the initial and remaining duration of the obligation; (7) the source of funds used to  
10 make payments; (8) the parties to the arrangement and any associated borrowing, including without limitation, the entity lending the  
11 funds or assets associated with the financed acquisition; and (9) any counterparty or intermediary involved.

12 (E) The State Auditor shall conduct the study and issue a final report no later than one hundred and twenty days after the beginning  
13 of the current fiscal year. State institutions must fully respond within forty-five days to any formal request for information from the  
14 State Auditor. If, in the State Auditor's judgment, a state institution does not timely submit a complete and accurate report, he may

25 of major bodily function, and the State Health Plan may not offer coverage for abortion services, including ancillary services provided  
26 contemporaneously with abortion services. The Public Employee Benefit Authority must determine the amount of the total premium  
27 paid for health coverage necessary to cover the risks associated with reimbursing participants in the plan for obtaining an abortion in  
28 the circumstances covered by this provision. The determination must be based on actuarial data and empirical study in the same

18 spouse's own individual policy and at the full amount of the premium for the coverage elected, with such rates, billing, and other  
19 administrative policies to be determined by the Public Employee Benefit Authority. The former spouses may only elect such health,  
20 dental, and vision coverage as required by the court order. The former spouse's individual coverage may continue under the State  
21 Health Plan as long as authorized under the court order and the subscriber remains a participant in the State Health Plan. This proviso  
22 does not affect a subscriber's ability to cover a current spouse on an employee/retiree and spouse or full family policy when the  
23 subscriber's former spouse is covered on a separate policy.

24 **108.12.** (PEBA: COVID-19 Return to Work Extension) For Fiscal Year ~~2022-23~~ 2023-24, the earnings limitation imposed

33 are consistent with the requirements for an approved mandatory furlough program established by a state agency or institution of  
34 higher learning under state law. The participating employer shall make such contributions in order to ensure that a furloughed  
35 employee's retirement benefits are not interrupted as a result of the furlough, and the period for which such contributions are made  
36 will not be considered a break in consecutive employment.

1       **108.14.** (PEBA: South Carolina Retiree Health Insurance Trust Fund) The provisions of Section 1-11-705(I)(2) of the 1976

1       **117.13.** (GP: Discrimination Policy) It is the policy of the State of South Carolina to recruit, hire, train, and promote employees  
2 without discrimination because of race, color, sex, national origin, age, religion or physical disability. This policy is to apply to all  
3 levels and phases of personnel within state government, including but not limited to recruiting, hiring, compensation, benefits,  
4 promotions, transfers, layoffs, recalls from layoffs, and educational, social, or recreational programs. It is the policy of the State to  
5 take affirmative action to remove the disparate effects of past discrimination, if any, because of race, color, sex, national origin, age,  
6 religion, or physical disability.

7       Each state agency shall submit to the State Human Affairs Commission employment and filled vacancy data by race and sex by  
8 October thirty-first, of each year.

9       In accordance with Section 1-13-110 of the 1976 Code, as amended, the Human Affairs Commission shall submit a report on the  
10 status of state agencies' Affirmative Action Plans and Programs to the General Assembly by February first each year. This report  
11 shall contain the total number of persons employed in each job group, by race and sex, at the end of the preceding reporting period,  
12 a breakdown by race and sex of those hired or promoted from within the agency during the reporting period, and an indication of  
13 whether affirmative action goals were achieved. For each job group referenced in the Human Affairs report, where the hiring of  
14 personnel does not reflect the percentage goals established in the agency's affirmative action plan for the year in question, the state  
15 agency shall submit a detailed explanation to the Human Affairs Commission by February fifteenth, explaining why goals were not  
16 achieved.

17       The Human Affairs Commission shall review the explanations and notify the Department of Administration of any agency not in  
18 satisfactory compliance with meeting its stated goals.

19       The Department of Administration shall notify any agency not in compliance that their request for additional appropriations for  
20 the current appropriation cycle, may not be processed until such time as the Department of Administration, after consultation with  
21 the Human Affairs Commission, is satisfied that the agency is making a good faith effort to comply with its affirmative action plan,  
22 and that the compliance must be accomplished within a reasonable length of time to be determined by the mission and circumstances  
23 of the agency. This requirement shall not affect additional appropriation requests for public assistance payments or aid to entities.  
24 This section does not apply to those agencies that have been exempted from the reporting requirements of the Human Affairs  
25 Commission.

26       **117.14.** (GP: FTE Management) In order to provide the necessary control over the number of employees, the Executive Budget  
27 Office is hereby directed to maintain close supervision over the number of state employees, and to require specifically the following:

28       (1) That no state agency exceed the total authorized number of full-time equivalent positions and those funded from state sources  
29 as provided in each section of this act except by majority vote of the State Fiscal Accountability Authority.

30       (2) That the Executive Budget Office shall maintain and make, as necessary, periodic adjustments thereto, an official record of  
31 the total number of authorized full-time equivalent positions by agency for state and total funding sources.

32       (a) That within thirty days of the passage of the Appropriation Act or by August first, whichever comes later, each agency of  
33 the State must have established on the Executive Budget Office records all positions authorized in the Act. Each agency may, upon  
34 notification to the Executive Budget Office, change the funding source of state FTE positions established on the Executive Budget  
35 Office records as necessary to expend federal and other sources of personal service funds to conserve or stay within the state  
36 appropriated personal service funds. No agency shall change funding sources that will cause the agency to exceed the authorized

- 1 number of state or total full-time equivalent positions. Each agency may transfer FTEs between programs as needed to accomplish  
2 the agency mission.
- 3 (b) That by September thirtieth, the office shall prepare a FTE analysis, by agency, which shows the number of authorized,  
4 filled, and vacant positions by source of funds for the current and two previously completed fiscal years. The office shall provide a  
5 copy of each agency's FTE analysis to the Senate Finance and House Ways and Means Committees.
- 6 (3) That full-time equivalent (FTE) positions shall be determined under the following guidelines:
- 7 (a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.
- 8 (b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for that  
9 position.
- 10 (c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty with  
11 a duration of nine months.
- 12 The FTE method of accounting shall be utilized for all authorized positions.
- 13 (4) That the number of positions authorized in this act shall be reduced in the following circumstances:
- 14 (a) Upon request by an agency.
- 15 (b) When anticipated federal funds are not made available.
- 16 (c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions in  
17 any state agency.
- 18 (5) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but  
19 temporary positions may be so funded.
- 20 (6) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation Plan  
21 under item I of Section 8-11-260 of the 1976 Code.
- 22 The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of  
23 personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one  
24 hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new  
25 positions).
- 26 **117.15.** (GP: Allowance for Residences & Compensation Restrictions) That salaries paid to officers and employees of the State,  
27 including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office or of  
28 employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for  
29 at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The charge  
30 for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each agency  
31 maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal  
32 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical  
33 care at the MUSC Medical Center, nor to the Superintendent and staff of the Governor's School for Agriculture at John de la Howe,  
34 nor to the cottage parents and staff of Wil Lou Gray Opportunity School, nor to full-time or part-time staff who work after regular  
35 working hours in the SLED Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science  
36 and Mathematics and the Governor's School for Arts and Humanities who are required to stay on campus by the institution because

1 of job requirements or program participation. Any state institution of higher learning may provide complimentary membership  
2 privileges to employees who work at their wellness centers. The presidents of those state institutions of higher learning authorized  
3 to provide on-campus residential facilities for students may be permitted to occupy residences on the grounds of such institutions  
4 without charge.

5 Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the amount  
6 to be approved by the State Fiscal Accountability Authority.

7 That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm Director,  
8 Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State Commission of  
9 Forestry fire tower operators, forestry aides, and caretaker at central headquarters; the Department of Natural Resources' Wildlife

13 Lander University; Residence Life Directors, temporary and transition employees, student interns, and emergency personnel at  
14 Winthrop University; Farm Superintendent at Winthrop University; Residence Hall Directors at the College of Charleston; the  
15 Department of Disabilities and Special Needs' physicians and other professionals at Whitten Center, Clemson University  
16 Off-Campus Agricultural Staff and Housing Area Coordinators; and TriCounty Technical College's Bridge to Clemson Resident and  
17 Area Directors; and housing maintenance night supervisors, residence life directors, temporary and transition employees, and  
18 emergency medical personnel occupying residences owned by the University of South Carolina. Except in the case of elected  
19 officials, the fair market rental value of any residence furnished to a state employee shall be reported by the state agency furnishing  
20 the residence to the Agency Head Salary Commission, and the Department of Administration by October first of each fiscal year.

21 All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan, approved  
22 by the Department of Administration, applicable to all personnel of the State Government whose compensation is not specifically  
23 fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal service is  
24 drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and unclassified  
25 employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary adjustment  
26 shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire. Academic  
27 personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered by the  
28 plan may be excluded therefrom but their compensations as approved by the Department of Administration shall, nevertheless, be  
29 subject to review by the State Fiscal Accountability Authority. Salary appropriations for employees fixed in this act shall be in full  
30 for all services rendered, and no supplements from other sources shall be permitted or approved by the State Fiscal Accountability  
31 Authority. With the exception of travel and subsistence, legislative study committees shall not compensate any person who is  
32 otherwise employed as a full-time state employee. Salaries of the heads of all agencies of the State Government shall be specifically  
33 fixed in this act and no salary shall be paid any agency head whose salary is not so fixed. As long as there is no impact on appropriated  
34 funds, state agencies and institutions shall be allowed to spend public funds and/or other funds for designated employee award  
35 programs which shall have written criteria approved by the agency governing board or commission. For purposes of this section,  
36 monetary awards, if any, shall not be considered a part of an employee's base salary, a salary supplement, or a perquisite of

1 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the  
2 Department of Administration.

3 In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply if  
4 the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet  
5 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average  
6 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging  
7 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent  
8 paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the  
9 close of the calendar year in which the taxable year begins, or, in the case of a rental period not greater than one year, at any time  
10 during the calendar year in which the period begins.

14 for personal expenses incurred in connection with the performance of their official duties. Reimbursements may be made to the  
15 presidents from funds available to their respective institutions for any personal expenses incurred provided that all requests for  
16 reimbursement are supported by properly documented vouchers processed through the normal accounting procedures of the  
17 institutions.

19 of Probation, Parole and Pardon Services, Department of Mental Health, Department of Disabilities and Special Needs, Continuum  
20 of Care, Department of Social Services and School for the Deaf and the Blind may replace the personal property of an employee  
21 which has been damaged or destroyed by a client while in custody of the agency. The replacement of personal property may be  
22 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head  
23 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry  
24 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per  
25 incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

26 **117.18.** (GP: Business Expense Reimbursement) Agency heads and deputy commissioners or deputy directors designated by  
27 agency heads may receive reimbursements for business expenses incurred while performing their official duties, provided that  
28 receipts are presented when seeking reimbursement and justification is submitted to document the time, place, and purpose of the  
29 expense as well as the names of the individuals involved. The Department of Administration shall promulgate regulations governing  
30 these expenses.

31 **117.19.** (GP: Per Diem) The per diem allowance of all boards, commissions and committees shall be at the rate of \$50 per day.

34 **117.20.** (GP: Travel - Subsistence Expenses & Mileage) Travel and subsistence expenses, whether paid from state appropriated,  
35 federal, local or other funds, shall be allowed in accordance with the following provisions:

1 (A) Unless otherwise provided in paragraphs B through H of this section, all employees of the State of South Carolina or any  
2 agency thereof including employees and members of the governing bodies of each technical college while traveling on the business  
3 of the State shall, upon presentation of a paid receipt, be allowed reimbursement for actual expenses incurred for lodging, not to  
4 exceed the current maximum lodging rates, excluding taxes, established by the U.S. General Services Administration. The lodging  
5 reimbursement for employees of a school district must also conform to these rates when that employee's travel reimbursement is  
6 paid by state funds that are transferred to the school district. Agencies may contract with lodging facilities to pay on behalf of an  
7 employee. Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority  
8 by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the  
9 obtaining of meals except that such costs shall not exceed \$35 per day within the State of South Carolina. For travel outside of South  
10 Carolina the maximum daily reimbursement for meals shall not exceed \$50. Agencies may contract with food or dining facilities to

12 shall be the responsibility of the agency head to monitor the charges for lodging which might be claimed by his employees in order  
13 to determine that such charges are following maximum lodging rates as established by the U.S. General Services Administration.  
14 Any exceptions must have the written approval of the agency head, taking into consideration location, purpose of travel or other  
15 extenuating circumstances. The provisions of this item shall not apply to Section 42-3-40 of the 1976 Code, and when pertaining to

22 membership consists solely of members of the General Assembly or members of the General Assembly and other personnel who are  
23 not employees of the State of South Carolina shall be allowed subsistence expenses of \$42 per day while traveling on official business,  
24 unless otherwise designated by law. Members of such committees may opt to receive actual expenses incurred for lodging and actual  
25 expenses incurred in the obtaining of meals in lieu of the allowable subsistence expense.

26 (E) Members of the state boards, commissions, or committees whose duties are not full-time and who are paid on a per diem  
27 basis, shall be allowed reimbursement for actual expenses incurred at the rates provided in paragraph A and I of this section while  
28 away from their places of residence on official business of the State. One person accompanying a handicapped member of a state

34 amount of \$42 per day plus such mileage allowance for travel as is provided for other employees of the State. When traveling on  
35 official business of said court fifty or more miles outside the county of his official residence, each Justice and Judge of the Court of  
36 Appeals shall be allowed subsistence expenses in the amount as provided in this act for members of the General Assembly plus such

1 mileage allowance for travel as is provided for other employees of the State. The Chief Justice, or such other person as the Chief  
2 Justice designates, while attending the Conference of Chief Justices and one member of the Supreme Court while attending the  
3 National Convention of Appellate Court Judges, and three Circuit Judges while attending the National Convention of State Trial  
4 Judges shall be allowed actual subsistence and travel expenses.

5 Upon approval of the Chief Justice, Supreme Court Justices, Judges of the Court of Appeals, Circuit Judges, and Family Court  
6 Judges shall be reimbursed for actual expenses incurred for all other official business requiring out-of-state expenses at the rate  
7 provided in paragraph A of this section.

8 (G) No subsistence reimbursements are allowed to a Circuit Judge, a Family Court Judge, or an Administrative Law Judge while  
9 holding court within the county in which he resides. While holding court or on other official business outside the county, within  
10 fifty miles of his residence, a Circuit Court Judge, Family Court Judge, or an Administrative Law Judge is entitled to a subsistence  
11 allowance in the amount of \$42 per day plus such mileage allowance for travel as is provided for other employees of the State. While  
12 holding court or on other official business at a location fifty miles or more from his residence, a Circuit Court, Family Court or  
13 Administrative Law Judge is entitled to a subsistence allowance in the amount as provided in this act for members of the General  
14 Assembly plus such mileage allowance for travel as is provided for other employees of the State.

15 (H) Any retired Justice, Circuit Court Judge or Family Court Judge or Master-in-Equity appointed by the Supreme Court to serve  
16 as a Special Circuit Judge, Family Court Judge, Appeals Court Judge, or Acting Associate Justice shall serve without pay but shall  
17 receive the same allowance for subsistence, expenses, and mileage as provided in Part I for Circuit Court Judges.

18 (I) No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by  
19 which he is employed except as provided in paragraph E, of this section. When an employee is assigned to work a particular territory  
20 or district, and such territory or district and his official headquarters are in different localities or sections of the State, expenses may  
21 be allowed for the necessary travel to his official headquarters. The members of the Workers' Compensation Commission may be  
22 reimbursed at the regular mileage rate of one round trip each week from their respective homes to Columbia. No subsistence  
23 reimbursement shall be allowed to a member of the Workers' Compensation Commission while traveling in the county of his official  
24 residence. When traveling on official business of the commission outside the county of his official residence, a member of the  
25 Workers' Compensation Commission shall be allowed subsistence expenses in the amount of \$42 per day. When traveling on official  
26 business of the commission fifty or more miles outside the county of his official residence, each member shall be allowed a

32 of the Appellate Panel of the Department of Employment and Workforce shall be allowed subsistence allowance in the amount as  
33 provided in this act for members of the General Assembly when the member is on official business fifty miles or more outside of  
34 Columbia.

35 (J) When an employee of the State shall use his or her personal automobile in traveling on necessary official business, a charge  
36 to equal the standard business mileage rate as established by the Internal Revenue Service will be allowed for the use of such

1 automobile and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this  
2 calculation shall be the current rate established by the Internal Revenue Service. Whenever state provided motor pool vehicles are  
3 reasonably available and their use is practical and an employee of the State shall request for his own benefit to use his or her personal  
4 vehicle in traveling on necessary official business, a charge of four cents per mile less than the standard business mileage rate as  
5 established by the Internal Revenue Service will be allocated for the use of such vehicle and the employee shall bear the expense of  
6 supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the  
7 Internal Revenue Service. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep  
8 thereof but no mileage will be allowed. Agencies and employees are directed to use state fueling facilities to the maximum extent  
9 possible, when such use is cost beneficial to the State. When using commercial fueling facilities, operators of State-owned vehicles  
10 are directed to use self-service pumps. In traveling on the business of the State, employees are required to use the most economical  
11 mode of transportation, due consideration being given to urgency, schedules and like factors.

13 transferred to any other program. Unexpended funds appropriated for Sex Offender Monitoring may be carried forward and used  
14 for the same purpose. The departments are directed to submit a report to the General Assembly by January fifteenth each year  
15 accounting for the expenditure of the funds including any carry-forward funding; the total costs and per-day costs for equipment,  
16 supervision, and monitoring; the total number of staff assigned to the activity and the average agent caseloads; the amount of funds

32 reimbursed up to \$1,000 for payments made in the prior calendar year on outstanding law school loans. Reimbursements for law  
33 school loan payments may be increased by up to \$1,000 for each additional year of continuous service; however, such reimbursements  
34 shall not exceed \$5,000 in any year. The amount of law school loan payment reimbursement in any calendar year shall not exceed  
35 the amount of principal and interest paid on the loan in the prior calendar year. Reimbursements under the program may continue

1 until all outstanding law school loans are satisfied; however, such reimbursements shall not exceed \$40,000 per qualifying attorney.  
2 Reimbursements shall be adjusted if necessary so as not to exceed appropriations for the program.

3 The Prosecutors and Defenders Public Service Incentive Program must be administered by the Commission on Prosecution

5 The Office of Attorney General, the Commission on Prosecution Coordination, and the Commission on Indigent Defense shall  
6 each compile a report that includes, but is not limited to, the number of applicants and the impact of the program on attracting and  
7 retaining attorneys. The Commission on Prosecution Coordination shall also compile a report that includes, but is not limited to, the  
8 cost of administering the program as well as the amount of reimbursements per agency or entity. Such reports shall be submitted to  
9 the Senate Finance Committee and the House Ways and Means Committee by April first.

13 so decide, to use other appropriated funds, including General Fund carry forward funds, to pay the costs of mandatory dues owed to  
14 the South Carolina Bar Association.

15 **117.62.** (GP: Critical Employee Recruitment and Retention) State agencies are allowed to spend state, federal, and other sources  
16 of revenue to provide lump sum bonuses to aid in recruiting and retaining workers in critical needs jobs which provide services that  
17 directly impact the health, safety, and welfare of the public. The employee bonus amount shall be approved by the State Human  
18 Resources Director based on State Human Resources guidelines, and shall not exceed \$10,000 per year. Payment of these bonuses  
19 is not a part of the employee's base salary and is not earnable compensation for purposes of employee and employer contributions  
20 to respective retirement systems. These bonuses shall, however, be considered earnings for determining if an employee who has  
21 returned to work after retirement is subject to the earning limitation imposed in either Section 9-1-1790(A)(1) or Section  
22 9-11-(4)(a)(i).

23 These agencies may also provide paid educational leave for any employee in a FTE position deemed critical by the Department of  
24 Administration to attend class while enrolled in degree programs that are related to the agency's mission. All such leave is at the  
25 agency head's discretion.

26 These agencies may enter into an agreement with individuals employed in critical needs positions to repay them for their  
27 outstanding student loans associated with completion of a relevant degree. Agencies may pay these employees up to twenty percent  
28 or \$7,500, whichever is less, of their outstanding student loan each year over a five-year period. Payments will be made directly to  
29 the employee at the end of each year of employment. The agency will be responsible for verifying the principal balance of the  
30 employee's student loan prior to issuing payments.

31 Agencies are also authorized to allow tuition reimbursement from a maximum of ten credit hours per semester; allow probationary  
32 employees to participate in tuition programs; and provide tuition prepayment instead of tuition reimbursement for employees willing  
33 to pursue a degree in a healthcare program. An agency may pay up to fifty percent of an employee's tuition through tuition  
34 prepayment. The remaining tuition could be reimbursed to the employee after successful completion of the class.

35 The Department of Administration shall approve of the designation of critical needs positions applicable to this provision using  
36 guidelines that include, but are not limited to: 1) the difficulty recruiting for the positions as reflected by data such as the vacancy

1 rate maintained, the average time to fill, the lack of sufficient qualified applicants, and other objective factors; 2) the difficulty  
2 retaining employees in the positions as shown by turnover data; 3) justification by the state agency that the position is critical to the  
3 core mission of the agency and directly impacts the health, safety and welfare of the public; and 4) assurances from the state agency  
4 that there are sufficient existing funds available to pay for items under this provision.

5 Healthcare employees in approved critical needs positions working on a practicum or required clinical experience towards  
6 completion of a healthcare degree may be allowed to complete these requirements at their state agency or another state agency at the  
7 discretion of the agency head. This field placement at another state agency may be considered work time for participating employees.

8 State agencies must report to the Department of Administration by August 31st of each year any expenditure under this provision.  
9 The Department of Administration shall compile a report of the responses and submit them to the Chairman of the Senate Finance  
10 Committee and the Chairman of the House Ways and Means Committee by October 1<sup>st</sup> of each year.

11 **117.63.** (GP: Governor's Budget Certification) The annual Executive Budget proposed by the Governor must be certified by the  
12 Director of the Revenue and Fiscal Affairs Office or his designee in the same manner as the House Ways and Means and Senate  
13 Finance Committee versions of the budget bill are certified.

14 **117.64.** (GP: Voluntary Furlough) Agency heads may institute a voluntary employee furlough program of not more than ninety  
15 days per fiscal year. During this voluntary furlough, the state employees shall be entitled to participate in the same state benefits as  
16 otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee  
17 contributions, the state agencies, institutions and departments will be responsible for making both employer and employee  
18 contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the  
19 employee remains solely responsible for making those contributions. In the event an agency's reduction is due solely to the General  
20 Assembly transferring or deleting a program, this provision does not apply.

21 **117.65.** (GP: Governor's Security Detail) The State Law Enforcement Division, the Department of Public Safety, and the  
22 Department of Natural Resources shall provide a security detail to the Governor in a manner agreed to by the State Law Enforcement  
23 Division, the Department of Public Safety, the Department of Natural Resources, and the Office of Governor. Reimbursement to the  
24 State Law Enforcement Division, the Department of Public Safety, and the Department of Natural Resources to offset the cost of the  
25 security detail for the Governor shall be made in an amount agreed to by the State Law Enforcement Division, the Department of  
26 Public Safety, the Department of Natural Resources, and the Office of Governor from funds appropriated to the Office of Governor  
27 for this purpose. Law enforcement officers assigned to security detail for the Governor shall only perform services related to security  
28 and shall not provide any unrelated service during the assignment.

29 **117.66.** (GP: Reduction in Force Antidiscrimination) In the event of a reduction in force implemented by a state agency or  
30 institution, the state agency or institution must comply with Title VII of the Civil Rights Act of 1964 or any other applicable federal  
31 or state antidiscrimination laws.

32 **117.67.** (GP: Reduction in Force/Agency Head Furlough) ~~In the event a reduction in force is implemented by a state agency or~~  
33 ~~institution of higher learning, the agency head shall be required to take five days furlough in the current fiscal year. If more than one~~  
34 ~~reduction in force plan is implemented in a fiscal year, the mandatory agency head furlough is only required for the initial plan. The~~  
35 ~~agency head will retain all responsibilities and authority during the furlough. All monies saved from this furlough may be retained~~  
36 ~~by that agency and expended at the discretion of the agency head. During this furlough, the agency head shall be entitled to participate~~

1 in the same state benefits as otherwise available to them except for receiving their salaries. As to those benefits which require  
2 employer and employee contributions, the state agency will be responsible for making both employer and employee contributions if  
3 coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the agency head  
4 remains solely responsible for making those contributions.

5 Placement of an agency head on furlough under this provision does not constitute a grievance or appeal under the State Employee  
6 Grievance Procedure Act. In the event the reduction for the state agency or institution of higher learning is due solely to the General  
7 Assembly transferring or deleting a program, this provision does not apply. Agencies may allocate the agency head's reduction in  
8 pay over the balance of the fiscal year for payroll purposes regardless of the pay period within which the furlough occurs. The  
9 Department of Administration shall promulgate guidelines and policies, as necessary, to implement the provisions of this proviso.  
10 State agencies shall report information regarding furloughs to the Department of Administration.

11 For purposes of this provision, agency head includes the president of a technical college as defined by Section 59-103-5 of the  
12 1976 Code.

13 The agency head of the State Board for Technical and Comprehensive Education shall not be required to take this mandatory  
14 furlough based solely on the implementation of a reduction in force plan by a technical college.

15 An agency head shall not be required to take this mandatory furlough based solely on reductions in force implemented as a result  
16 of federal budget cuts or reorganization to accomplish organizational efficiencies.

17 **117.68.** (GP: Printed Report Requirements) (A) For the current fiscal year, state supported institutions of higher learning shall  
18 not be required to submit printed reports mandated by Sections 2-47-40, 2-47-50, and 59-103-110 of the 1976 Code, and shall instead  
19 only submit the documents electronically.

20 Submission of the plans or reports required by Sections 59-101-350, 59-103-30, 59-103-45(4), and 59-103-160(D) shall be waived  
21 for the current fiscal year, except institutions of higher learning must continue to report student pass rates on professional  
22 examinations, and data elements otherwise required for the Commission on Higher Education Management Information System.  
23 The commission, in consultation with institutions, shall take further action to reduce data reporting burdens as possible.

24 (B) For the current fiscal year, the Department of Agriculture shall not be required to submit printed reports mandated by Section

29 electronically.

30 (D) For the current fiscal year, the Department of Transportation shall not be required to submit printed reports or publications  
31 mandated by Sections 1-11-58, 2-47-55, and 58-17-1450 of the 1976 Code.

32 The Department of Transportation may combine their Annual Report and Mass Transit Report into their Annual Accountability  
33 Report.

34 **117.69.** (GP: IMD Operations) The Department of Health and Human Services shall produce an annual report on  
35 Medicaid-funded out-of-home placements and associated expenditures which shall be provided to the Chairman of the Senate  
36 Finance Committee, Chairman of the House Ways and Means Committee, and the Governor no later than November first each year.

1       **117.70.** (GP: Fines and Fees Report) In order to promote accountability and transparency, each state agency must provide and  
2 release to the public via the agency's website, a report of all aggregate amounts of fines and fees that were charged and collected by  
3 that state agency in the prior fiscal year. The report shall include, but not be limited to: (1) the code section, regulation, or proviso  
4 that authorized the fines and fees to be charged, collected, or received; (2) the amount of the fine or fee; (3) the amount received by  
5 source; (4) the purpose for which the funds were expended by the agency; (5) the amount of funds transferred to the general fund, if  
6 applicable, and the authority by which the transfer took place; and (6) the amount of funds transferred to another entity, if applicable,

9 Committee and the Chairman of the House Ways and Means Committee by September first. Funds appropriated to and/or authorized  
10 for use by each state agency shall be used to accomplish this directive.

11       **117.71.** (GP: Mandatory Furlough) In a fiscal year in which the general funds appropriated for a state agency are less than the  
12 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office  
13 implements a midyear across-the-board budget reduction, and agency heads institute a mandatory employee furlough program, in  
14 determining which employees must participate in the program, agency heads should give consideration to furloughs for contract  
15 employees, post-TERI employees, and TERI employees before other employees. During this mandatory furlough, the state  
16 employees shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries.  
17 As to those benefits which require employer and employee contributions, the state agencies, institutions, and departments will be  
18 responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those  
19 benefits which require only employee contributions, the employee remains solely responsible for making those contributions. In the  
20 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

21       **117.72.** (GP: Reduction In Force) In a fiscal year in which the general funds appropriated for a state agency are less than the  
22 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office  
23 implements a midyear across-the-board budget reduction, and agency heads must make reductions in force, agency heads should  
24 give consideration to reductions of contract employees, post-TERI employees, and TERI employees before other employees. In the  
25 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

26       **117.73.** (GP: Cost Savings When Filling Vacancies Created by Retirements) During the current fiscal year, whenever classified  
27 FTEs become vacant because of employee retirements, it is the intent of the General Assembly that state agencies should realize  
28 personnel costs savings of at least twenty-five percent in the aggregate when managing these vacant positions. Prior to filling a  
29 classified FTE which has become vacant because of a retirement, an agency must review and determine the appropriate salary for  
30 the position as well as determine whether the agency can manage without filling the position or by delay in filling the position. Prior  
31 to filling the vacant FTE, agencies must follow all laws and regulations concerning posting and competitive solicitation and  
32 consideration of applicants. No agency shall enter into any agreement with any employee that violates the terms of this proviso.

33       **117.74.** (GP: Information Technology for Health Care) From the funds appropriated and authorized to the Department of Health

21       **117.75.** (GP: Broadband Spectrum Lease) The General Assembly must approve any exercise of the Middle Band Segment  
22 Channel recapture provisions contained in the Educational Broadband Service Spectrum Lease Agreements if the exercise of the  
23 recapture provisions would result in a decrease in payments received by the State. The Educational Television Commission assumes  
24 management and administration of the lease and receives lease payments directly. The Educational Television Commission shall  
25 retain and expend funds received pursuant to the lease for agency operations. The commission shall be authorized to carry forward  
26 unexpended funds from the prior fiscal year into the current fiscal year. In the event of a default by the current lease holder, the  
27 Educational Television Commission is authorized to use contingent funds up until such time as a new lease can be negotiated by the  
28 State and the Educational Television Commission.

29       **117.76.** (GP: Reduction in Compensation) For the current fiscal year, no state agency or political subdivision of this state may  
30 decrease the compensation of an employee, including dismissal, suspension, or demotion, solely because the employee gave sworn  
31 testimony regarding alleged wrongdoing to a standing committee, subcommittee of a standing committee, or study committee of the  
32 Senate or the House of Representatives. This proviso shall apply regardless of when the alleged wrongdoing occurred.

33       **117.77.** (GP: Deficit Monitoring) It is the responsibility of each state agency, department, and institution to operate within the  
34 limits of its authorized appropriations. All agencies, departments, and institutions are to budget, allocate and manage its authorized  
35 appropriations in a way to avoid an operating deficit for the fiscal year.

1 If at the end of each quarterly deficit monitoring review by the Executive Budget Office, it is determined by either the Executive  
2 Budget Office or a state agency, department, or institution that the likelihood of a deficit for the current fiscal year exists, the state  
3 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget  
4 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the  
5 Executive Budget Office shall either request the General Assembly to recognize the deficit if it determines the deficit avoidance plan  
6 will not be sufficient to avoid a deficit or notify the General Assembly of how the deficit will be avoided based on the deficit  
7 avoidance plan if the Executive Budget Office determines the plan will be sufficient to avoid a deficit.

8 Upon notification from the Executive Budget Office that an agency will run a deficit and requesting that it be recognized, the  
9 General Assembly, by joint resolution, may make a finding that the cause of, or likelihood of, a deficit is unavoidable due to factors  
10 which are outside the control of the state agency, department, or institution, and recognize the deficit. Any legislation to recognize  
11 a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency,  
12 department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

13 If the General Assembly recognizes the deficit, then the actual deficit at the close of the fiscal year must be reduced as necessary  
14 from surplus revenues or surplus funds available at the close of the fiscal year in which the deficit occurs and from funds available  
15 in the General Reserve Fund and the Capital Reserve Fund, as required by the Constitution of this State.

16 Once a deficit has been recognized by the General Assembly, the state agency, department, or institution shall limit travel and  
17 conference attendance to that which is deemed essential by the director of the agency, department, or institution. In addition, the  
18 General Assembly, when recognizing a deficit may direct that any pay increases and purchases of equipment and vehicles must be  
19 approved by the Executive Budget Office.

20 **117.78.** (GP: Commuting Costs) State government employees who use a permanently assigned agency or state-owned vehicle  
21 to commute from their permanently assigned work location to and from the employee's home must reimburse the agency in which  
22 they are employed for commuting use in accordance with IRS regulations based on guidance from the Office of Comptroller General  
23 which must use the Cents per mile Rule, unless they are exempted from such reimbursement by applicable IRS regulations. These  
24 permanently assigned vehicles must be clearly marked as a state or agency vehicle through the use of permanent state-government  
25 license plates and either state or agency seal decals unless the vehicle is used primarily in undercover operations. This requirement  
26 does not apply to a vehicle used by an employee for the purpose of a special travel assignment, for active certified law enforcement  
27 officers authorized to carry firearms, execute warrants, and make arrests, for Constitutional Officers, or for Department of  
28 Transportation employees on call for emergency maintenance.

29 **117.79.** (GP: Bank Account Transparency and Accountability) Each state agency, except state institutions of higher learning,

32 account in the prior fiscal year. The report shall be submitted to the State Fiscal Accountability Authority by October first of each  
33 fiscal year. The report shall include the name(s) and title(s) of each person authorized to sign checks or make withdrawals from each  
34 account, the name and title of each person responsible for reconciling each account, the beginning and year-end balance of funds in  
35 each account, and data related to both deposits and expenditures of each account. The report shall include, but not be limited to, the  
36 date, amount, and source of each deposit transaction and the date, name of the payee, the transaction amount, and a description of

1 the goods or services purchased for each expenditure transaction. To facilitate review, the State Fiscal Accountability Authority  
2 shall prescribe a common format for the report which agencies must use. In order to promote accountability and transparency, a link  
3 to the report shall be posted on the Comptroller General's website as well as the agency's homepage.

4 When the State Auditor conducts or contracts for an audit of a state agency, accounts of the agency subject to this proviso must be  
5 included as part of the review.

6 If an agency determines that the release of the information required in this provision would be detrimental to the state or the  
7 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting  
8 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.  
9 However, the exemption may only be granted upon a majority vote of the State Fiscal Accountability Authority in a public meeting.

10 **117.80.** (GP: Websites) All agencies, departments, and institutions of state government shall be responsible for providing on its  
11 Internet website a link to the Internet website of any agency, other than the individual agency, department, or institution, that posts  
12 on its Internet website that agency, department, or institution's monthly state procurement card statements or monthly reports  
13 containing all or substantially all the same information contained in the monthly state procurement card statements. The link must  
14 be to the specific webpage or section on the website of the agency where the state procurement card information for the state agency,  
15 department, or institution can be found. The information posted may not contain the state procurement card number. Any  
16 information that is expressly prohibited from public disclosure by federal or state law or regulation must be redacted from any posting  
17 required by this section.

18 **117.81.** (GP: Regulations) For the current fiscal year, if a state agency proposes a regulation that levies or increases a fee, fine,  
19 or that otherwise generates revenues, the title to the Joint Resolution which proposes the regulation must indicate that a fee, fine, or  
20 revenue source is being proposed.

21 **117.82.** (GP: Joint Children's Committee) For the current fiscal year, the Department of Revenue is directed to reduce the rate  
22 of interest paid on eligible refunds by one percentage point. Of the revenue resulting from this reduction, ~~\$300,000~~ \$475,000 shall  
23 be transferred to the Senate for the Joint Citizens and Legislative Committee on Children to provide the report, research, and other  
24 operating expenses as directed in Section 63-1-50 of the 1976 Code. Funds transferred to the University of South Carolina for the  
25 Joint Citizens and Legislative Committee on Children shall be maintained in a separate and distinct account. A detailed report of all  
26 expenditures shall be made to the Executive Budget Office within thirty days of the close each fiscal quarter, and the Executive  
27 Budget Office shall distribute this information to the Chairman of the Senate Finance Committee and the Chairman of the House  
28 Ways and Means Committee. The remaining revenue resulting from this reduction shall be transferred to the Department of Juvenile  
29 Justice to be used for mentoring or alternatives to incarceration programs. Unexpended funds authorized by this provision may be  
30 retained and carried forward by the Senate or the Department of Juvenile Justice, respectively, and used for the same purposes. The  
31 rate of reduction authorized in this provision shall be in addition to the reduction authorized in Proviso 41.2.

32 **117.83.** (GP: Civil Conspiracy Defense Costs) For the current fiscal year, for any claim that has not reached a judgment, if a  
33 state or local government employee or former state or local government employee ("government employee") is personally sued for  
34 civil conspiracy based in part upon a personnel or employment action or decision regarding an employee, the court must, prior to  
35 trial, make a final determination whether the action or decision giving rise to the suit was made by the government employee within

16 for which programs are operated through a court and that divert individuals from prosecution, incarceration, or confinement, such as  
17 diversion from incarceration for failure to pay child support, and for which programs are sanctioned by, coordinated with, or funded  
18 by federal, state, or local governmental agencies;
- 19 (3)(a) to calculate:

- 27 (c) on or before December first, to report the calculations made pursuant to item (3)(a) to the President of the Senate, the  
28 Speaker of the House of Representatives, the Chief Justice of the South Carolina Supreme Court, and the Governor. The report also  
29 shall recommend whether or not to appropriate up to thirty-five percent of any state expenditures that are avoided as calculated in  
30 item (3)(a) to the Department of Probation, Parole and Pardon Services. With respect to the recommended appropriations in this item  
31 (c), none of the calculated savings shall be recommended for appropriation for that fiscal year if there is an increase in the percentage  
32 of individuals supervised by the Department of Probation, Parole and Pardon Services who are convicted of a new felony offense as  
33 calculated in subitem (3)(a)(ii);
- 34 (d) any funds appropriated during this fiscal year pursuant to the recommendations in item (c) shall be used to supplement, not

17 from the general fund of the State on warrants duly signed by the chair of the oversight committee and payable by the authorities  
18 from which a member is appointed.

19 The oversight committee is encouraged to apply for and may expend grants, gifts, or federal funds it receives from other sources  
20 to carry out its duties and responsibilities.

21 The oversight committee must use clerical and professional employees of the General Assembly for its staff, who must be made

27 **117.111.** (GP: State Employee Leave Donation) In the event of a medical emergency, a state employee may make a written  
28 request to the employing agency that a specified number of hours of his accrued annual and/or sick leave be transferred from his

31 employee with more than fifteen days in his sick leave account may transfer sick leave to the recipient if he retains a minimum of  
32 fifteen days in his own sick leave account. Once leave of an employee has been transferred to the recipient, it may not be restored  
33 or returned to the leave donor. For purposes of this provision, a medical emergency is defined under IRS Revenue Ruling 90-29 as  
34 a medical condition of the employee or a family member that will require the prolonged absence of the employee from duty and will  
35 result in a substantial loss of income to the employee because the employee will have exhausted all paid leave available apart from  
36 the leave-sharing plan.

13 on any other relevant potential policy changes that the Director of the Department of Health and Human Services believes would  
14 advance the intent of this provision, but which would have a fiscal impact that is sufficiently substantial to require the General  
15 Assembly's direct consideration in the future.
- 16 (I) The Department of Health and Human Services is authorized to establish programs and/or fund in whole or in part, including  
17 through the potential use of CHIP Health Services Initiatives, various pilot projects or other initiatives that are intended to develop  
18 the health care workforce in South Carolina. Such efforts must be targeted toward current or future providers who demonstrate, by  
19 whatever means is selected by the department, commitments to remaining in-state and including Medicaid beneficiaries among their  
20 patients. The development of the behavioral health workforce shall be prioritized, although the department may also address other  
21 provider classes, such as respiratory therapists, for which shortages have been highlighted and/or exacerbated by the public health  
22 emergency. Further consideration also should be given to attracting additional qualified preceptors and increasing opportunities for  
23 clinical rotations. The department may partner with or enlist the support of the Technical College System, Area Health Education  
24 Centers, and/or Student Loan Corporation in designing or administering these programs and, where appropriate, is encouraged to  
25 structure them as public-private partnerships in conjunction with the state's hospital and health systems and other key employers of

32 feasibility of, and if warranted, take steps to establish or obtain through grant, contract, subscription, or other procurement, a statewide  
33 system for the near-real time tracking of in-patient psychiatric hospital beds and crisis stabilization beds. This system should be  
34 generally designed to draw data from providers' existing electronic medical record systems and make summary-level data available  
35 to authorized users within state agencies, participating provider organizations, and any others to be specified by the Department of  
36 Health and Human Services, for the purposes of managing critical resources and ensuring that patients may be promptly treated in

1 the most effective and clinically appropriate setting. To protect patient privacy and ensure HIPAA compliance, the system may only  
2 collect information on the types, counts, and availability of beds, or other categorical or aggregated information, as opposed to  
3 individually identifying patient details. In partnership with the following named agencies, the Department of Health and Human  
4 Services may also explore and pursue the use of such a system:

5 (1) to meet the emergency preparedness and disaster recovery requirements of the Department of Health and Environmental  
6 Control and the Emergency Management Division that are currently met by the Bed Availability Report Tracking system; and/or

7 (2) to augment or replace the capabilities of the Department on Aging's GetCareSC website.

9 to procure, enter into contracts and agreements, offer grants, and otherwise expend funds as well as establish demonstration projects  
10 in one or more areas of the state to encourage and promote necessary infrastructure and investment to achieve the objectives set out  
11 in this provision. The department shall develop policies and procedures as necessary to assure accountability in the expenditure of  
12 these funds and apply for federal matching funds when appropriate and available. The department shall report annually to the Senate  
13 Finance Committee and the House Ways and Means Committee on all expenditures made under this provision.

6 acquire construction services when the exact time or exact quantities of future jobs are not known at the time of contract award. The

8 pilot project. Procurement Services may enter into job order contracts with up to four businesses for each governmental body or  
9 public procurement unit for each licensing classification and sub-classification for construction. The job order contracts must  
10 terminate twenty-four months after award.

21 order so the full price for the performance of the work can be established when the order is placed. All job orders must be issued on  
22 a fixed-price basis. All job orders must be issued within the period of the contract and must be within the scope and maximum value  
23 of the contract. Each job order shall provide an itemized list of each construction tasks required to complete the work with the task’s

8 **118.12.** (SR: One Dollar Appropriations) Funds appropriated in the amount of one dollar by this act shall not be disbursed. The  
9 Comptroller General shall adjust the affected agency's chart of accounts accordingly, if necessary.

10 **118.13.** (SR: Non-recurring Litigation Recovery Revenue) During the current fiscal year, if there is a recovery or an award in  
11 any litigation managed by the State through a party other than the Attorney General, or if a state tax audit results in a collection, any  
12 funds received in excess of twenty-five million dollars that are not likely to continue as recurring revenue and would have otherwise  
13 been credited to the General Fund shall be credited to the Litigation Recovery Account. The amount credited to this Litigation  
14 Recovery Account pursuant to this provision is deemed non-recurring revenue and must be expended only in the manner prescribed  
15 by law.

16 **118.14.** (SR: Farm Aid) There is created the 'South Carolina Farm Aid Fund'. This fund is separate and distinct from the general  
17 fund of the State and all other funds. Earnings on this fund must be credited to it. Revenues credited to this fund in a fiscal year  
18 must be used in that fiscal year to operate a grant program that provides financial assistance to farmers.

19 To be eligible for a grant, the person must have:

20 (1) experienced a verifiable loss of agricultural commodities of at least thirty percent as a result of the flooding occurring in the  
21 aftermath of Hurricanes Michael and Florence for which:

22 (a) the Governor declared a state of emergency in the State for the county in which the farm is located; and

23 (b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm is  
24 located;

25 (2) a farm number issued by the Farm Service Agency;

26 (3) signed an affidavit, under penalty of perjury, certifying that each fact of the loss presented by the person is accurate; and

27 (4) a signed affidavit, under penalty of perjury, certifying that no federal funds have been received for these specific disasters,  
28 and in the event that federal funds are received, the person will return all state monies received under this program.

29 The Department of Agriculture (department) shall administer the grant program authorized by this proviso. The Department of  
30 Revenue shall assist the Department of Agriculture in the administration of the grant program by providing auditing services,  
31 accounting services, and review and oversight of all financial aspects of the grant program. There is created the Farm Aid Advisory  
32 Board to make recommendations to the department regarding the duties of the department in administering the grant program. The  
33 Commissioner of Agriculture, or his designee, shall serve ex officio, as chairman of the board. Also, the Director of the Department  
34 of Revenue, or his designee, the Vice President for Public Service and Agriculture of Clemson Public Service Activities, or his  
35 designee, and the Vice President for Land Grant Services of South Carolina State Public Service Activities, or his designee, shall  
36 serve on the board. The following additional members shall be appointed to the board:

- 1 (1) the Commissioner of Agriculture shall appoint one member representing the South Carolina Farm Bureau;
- 2 (2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;
- 3 (3) the Director of the Department of Revenue shall appoint one member representing the crop insurance industry; and
- 4 (4) the Director of the Department of Revenue shall appoint one member who is an agricultural commodities producer.

5 By July twentieth of the current fiscal year, the board shall hold its initial meeting to recommend an application process by which  
6 a person with a loss resulting from the flooding occurring in the aftermath of Hurricanes Michael and Florence may apply for a grant.  
7 Upon adoption of an application process, the Department of Agriculture shall provide the Chairman of the House Ways and Means  
8 Committee and the Chairman of the Senate Finance Committee with a written copy of its application process within ten days after  
9 its adoption. A person shall apply not later than forty-five days after the adoption of the application process. The department must  
10 ensure every person interested in applying for a grant has access to adequate resources to submit his application in a timely manner,  
11 and upon request, the department must assist a person with the preparation of his application.

12 Each grant awarded by the department may not exceed twenty percent of the person's verifiable loss of agricultural commodities.  
13 However, a person, including any grant made to a related person, may not receive grants aggregating more than one hundred thousand  
14 dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined with losses covered  
15 by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount to be included in the  
16 limits set by this proviso must be the amount of the grant multiplied by the person's ownership interest in the related person.  
17 However, a person who shares an ownership interest with another person or entity may not be refused a grant solely because the  
18 other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant amount is  
19 limited by the person's ownership interest.

20 If the total amount of grants allowed pursuant to this proviso exceeds the monies in the fund, then each person's grant must be  
21 reduced proportionately.

22 To determine loss, the department:

23 (1) must measure the person's cumulative total loss of all affected agricultural commodities for the year in which the flooding  
24 occurred against the person's expected production of all agricultural commodities affected by the flooding occurring in the aftermath  
25 of Hurricanes Michael and Florence;

26 (2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance Corporation,  
27 to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities, the department  
28 shall use the most recent year's county price and county yield, as applicable, as determined by the National Agriculture Statistics  
29 Service, United States Department of Agriculture; and

30 (3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the  
31 ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the department  
32 shall require the submission of dated, signed, and continuous records. These records may include, but are not limited to, commercial  
33 receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements, truck scale  
34 tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape, invoices for  
35 custom harvesting, u-pick records, and insurance documents.

1 Grant awards must be used for agricultural production expenses and losses due to the flooding which demonstrate an intent to  
2 continue the agricultural operation; however, awards may not be used to purchase new equipment. The department shall develop  
3 guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may require any  
4 documentation it determines necessary to verify the appropriate use of grant awards including receipts.

5 If the department determines that a person who received a grant provided inaccurate information, then the person shall refund the  
6 entire amount of the grant. If the department determines that a person who received a grant used the funds for ineligible expenses,  
7 then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate amount, the  
8 Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.

9 The department shall coordinate the exchange of information between the USDA and the Department of Revenue to identify any  
10 person that received a Farm Aid grant for the flooding occurring in the aftermath of Hurricanes Michael and Florence and also  
11 received federal aid relief for the same disaster. Any person that is determined to have received grant funds from both the state and  
12 federal government, must immediately repay the state grant they received.

13 If the department determines that a person knowingly provided false information to obtain a grant pursuant to this proviso or  
14 knowingly used funds for ineligible expenses, the person shall be subject to prosecution pursuant to Section 16-13-240.

15 Within forty-five days of the completion of the awarding of grants, but no later than the end of the fiscal year, the Farm Aid  
16 Advisory Board is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

17 The department may accept private funds, grants, and property to be used to make financial awards from the grant program.

18 The Department of Agriculture must administer the grant program authorized by this proviso using existing resources and funds.

19 If federal funds are allocated for persons that are otherwise eligible for a grant pursuant to this proviso before the current fiscal  
20 year begins, then the provisions of this proviso are not effective and no funds may be credited to the South Carolina Farm Aid Fund.

21 For purposes of this proviso:

22 (1) "Agricultural commodities" means wheat, cotton, flax, corn, dry beans, oats, barley, rye, tobacco, rice, peanuts, soybeans,  
23 sugar beets, sugar cane, tomatoes, grain sorghum, sunflowers, raisins, oranges, sweet corn, dry peas, freezing and canning peas,  
24 forage, apples, grapes, potatoes, industrial hemp, timber and forests, nursery crops, citrus, and other fruits and vegetables, nuts, tame  
25 hay, native grass, aquacultural species including, but not limited to, any species of finfish, mollusk, crustacean, or other aquatic  
26 invertebrate, amphibian, reptile, or aquatic plant propagated or reared in a controlled or selected environment, excluding stored grain;

27 (2) "Person" means any individual, trust, estate, partnership, receiver, association, company, limited liability company,  
28 corporation, or other entity or group;

29 (3) "Related person" means any person, joint venture, or entity that has a direct or indirect ownership interest of a person or legal  
30 entity; and

31 (4) "Department" means the Department of Agriculture.

32 **118.15.** (SR: Expenditure of Federal Funds) Any funds received from the Federal Government that are not allocated directly to  
33 a state agency must be expended through the legislative budgeting process.

34 **118.16.** (SR: State Ports Authority Projects) Any funds appropriated or authorized for the State Ports Authority by Proviso  
35 118.17 (Nonrecurring Revenue) for the intermodal container transfer facility and waterborne cargo infrastructure must be deposited  
36 into a separate and distinct account and shall only be used for costs directly related to those two projects. Funds shall not be used

1 for salaries, bonuses, or any kind of normal administrative costs. Funds shall not be used for personnel expenses not directly related  
 2 to the implementation of the two projects. In addition, the State Ports Authority shall provide quarterly progress reports on the  
 3 implementation of each facility to the Joint Bond Review Committee, the President of the Senate, the Speaker of the House of  
 4 Representatives, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee.  
 5 These quarterly reports shall include, but are not limited to, financial results, operating plans, budgets, capital plans, and performance  
 6 objectives and results for the projects. The Joint Bond Review Committee must review and provide comment on expenditures, and  
 7 may prescribe the reporting format and such other informational requirements and reports as it deems useful and necessary, to ensure  
 8 the financial integrity, accountability, and stewardship of the funds and the ongoing operations of the project. To the extent permitted  
 9 by federal law, if federal funds become available to the State that can be used for the Intermodal Container Transfer Facility or for  
 10 Waterborne Cargo Infrastructure, those federal funds must first be used to complete the project. Any remaining state funds  
 11 appropriated for these projects shall be transferred to a restricted account at the Department of Administration.
