SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: DHEC - Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. (SDE: State Aid to Classrooms) For the current fiscal year, the total pupil count is projected to be ~~761,855~~ 762,837, which includes traditional school districts, charter school authorizers, and the special school districts. For the current fiscal year, the total pupil count for traditional school districts is projected to be ~~714,073~~ 717,486, the total pupil count for the charter authorizers is projected to be ~~47,064~~ 44,648, and the total pupil count for the special districts is projected to be ~~721~~ 703. These funds represent an average per pupil of ~~\$4,895~~ \$5,377 in State Aid to Classrooms. The average per pupil funding is projected to be ~~\$7,694~~ \$8,214 state, ~~\$1,274~~ \$1,310 federal, and ~~\$7,859~~ \$8,031 local. This is an average total funding level of ~~\$16,827~~ \$17,555 excluding revenues of local bond issues.

15 For the current fiscal year, the funds appropriated for State Aid to Classrooms represent the State's contribution to the Aid to
 16 Classrooms program for direct instruction of students in kindergarten through grade twelve in our state, which is seventy-five percent
 17 of the total cost of funding one teacher salary for every 11.2 students. The salary cost used to determine the amount of funding
 18 required for the state effort is based on that of a teacher having a master's degree and twelve years of experience, which equates to
 19 ~~\$52,604~~ \$55,104 on the statewide minimum salary schedule for the current fiscal year and including fringe benefits is ~~\$69,153~~
 20 \$72,991. The calculation of teachers for every student ratio includes those teachers eligible pursuant to Section 59-20-50(4)(b), to
 21 include classroom teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists,
 22 school nurses, orientation/mobility instructors, and audiologists in the school districts of the State. School districts are required to
 23 meet the statewide minimum salary schedule in the current fiscal year and are required to provide the annual step increase pursuant
 24 to Section 59-20-50. No school district is required to increase teacher salaries above the amount necessary to meet the statewide
 25 minimum salary schedule as prescribed in this act. For the current fiscal year, the provisions of Section 59-20-50(3) of the 1976
 26 Code, as amended, are suspended.

27 To allocate the funds, the department will calculate the total number of weighted pupil units (WPU) in each school district and in
 28 the State. The funds appropriated herein for State Aid to Classrooms represent the state share of the total Aid to Classrooms program,
 29 which is seventy-five percent. The local required effort is twenty-five percent of the total program. The total Aid to Classrooms
 30 funding for each district is calculated based on the district's percentage of the total statewide weighted pupils multiplied by the total
 31 Aid to Classrooms program. The district's local share is calculated by multiplying the total local share by the district's imputed index
 32 of taxpaying ability, which is the district's relative fiscal capacity compared to that of all other districts in the State. The State Aid
 33 to Classrooms amount allocated to each district will be determined by subtracting the calculation of the district's local share from
 34 the calculation of the district's total Aid to Classrooms projected funding. The Statewide Public Charter School District and any
 35 approved institution of higher education authorizing charter schools shall receive one hundred percent of the Aid to Classrooms

1 funding from the State. For Fiscal Year ~~2022-23~~ 2023-24, no local match is required for the State Aid to Classroom EIA distributions
2 for the base funding rolled up from the previous fiscal year.

3 Each district will receive either the amount determined by this new methodology or the actual state funding received in Fiscal
4 Year 2021-22 from State Aid to Classrooms, Aid School Districts, Student Health and Fitness, Guidance/Career Specialists,
5 Handicapped – Profoundly Mentally, EIA - Aid to Districts, EIA - Students at Risk of School Failure, Allocations EIA – Teacher
6 Salaries, Allocations EIA – Employer Contributions, EIA – Student Health and Fitness Act - Nurses, and EIA - South Carolina Public
7 Charter Schools.

8 To provide flexibility, each district may expend the funds as determined by the local school board of trustees to meet the
9 educational needs of students as defined in Section 59-1-50, Chapter 18, Title 59, and as delineated in a child’s Individualized
10 Education Program (IEP). Pursuant to Section 59-20-80, each school board of trustees must make available by September first of
11 each fiscal year its annual budget that includes state, local, and federal investments in education. The budget must be available on
12 the district’s website. The department, in collaboration with local school districts, will provide a template that each district must use
13 in reporting its budget.

14 To provide transparency, Revenue and Fiscal Affairs will document annually, through an online financial dashboard, the
15 expenditure of all state, local, and federal funds by each district and other relevant data. To ensure that the public reporting meets the
16 needs of educators, parents, citizens, and policymakers, the department, in conjunction with Revenue and Fiscal Affairs, will ~~convene~~
17 consult routinely with a group of educators, parents, citizens, and policymakers ~~to provide recommendations regarding the items and~~
18 ~~the design of the dashboard by January 1.~~ District expenditures for the prior fiscal year must be published on the department’s website
19 for public disclosure by January 1.

20 If a traditional school district, charter school authorizer, or special school district fails to submit expenditure data needed for the
21 online financial dashboard, the Revenue and Fiscal Affairs Office will notify the Department of Education. Within thirty days of
22 such notification, the Department of Education must then withhold ten percent of all state payments to the district or authorizer until
23 the district or authorizer complies and all payments will then be made.

24 To ensure accountability, each district’s annual audit that is submitted to the Department of Education pursuant to Section
25 59-17-100 must be conducted using an auditing firm from an approved list provided by the State Auditor. The State Auditor will
26 develop standards and criteria for determining qualifying auditors. Each district’s annual audit must be available on the district’s
27 website.

28 For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a
29 public charter school shall receive and distribute state Aid to Classroom funds to the charter school. Students enrolled in charter
30 schools authorized by the South Carolina Public Charter School District or an institution of higher education will receive in addition
31 to the base weight of 1.00 or in addition to the disability weight of 2.60 an additional weight based upon the type of charter school
32 that they attend. These additional funds must support the provision of educational services for children served by a charter school
33 that does not receive local revenues. These students are also eligible to receive additional weights for personalized instruction. The
34 department will make any necessary adjustments to account for the state share for Charter and Special Districts.

1 Three and four year old students with a disability, who are eligible for services under IDEA and enrolled in brick and mortar
 2 charter schools sponsored by the South Carolina Public Charter School District or registered IHE, shall be included in student counts
 3 solely for the purposes of receiving the additional weighting for students attending a brick and mortar charter school.

4 ~~For Fiscal Year 2022-23, special districts, career centers, and alternative schools will receive the amount received in the prior~~
 5 ~~fiscal year from these funds.~~

6 The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections,
 7 including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also,
 8 as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office,
 9 shall also post on their website the one hundred thirty-five-day average daily membership for each school district and per pupil state,
 10 federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported
 11 annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a
 12 prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the
 13 projected numbers and the exact numbers.

14 For the current fiscal year, the pupil classification weightings are as follows:

- | | | |
|----|---|------|
| 15 | (1) K-12 pupils or base students including homebound students | 1.00 |
| 16 | Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section | |
| 17 | 44-7-130 of the 1976 Code shall receive a weighting of 2.10. | |
| 18 | (2) Weights for students with disabilities as documented by their Individualized Education Plan (IEP) | 2.60 |
| 19 | (3) Precareer and Career Technology | 1.20 |
| 20 | (4) Charter school students | |
| 21 | (a) Enrolled in brick and mortar school | 1.25 |
| 22 | (b) Enrolled in virtual charter school | 0.65 |
| 23 | (5) Additional weights for personalized instruction: | |
| 24 | (a) Gifted and Talented | 0.15 |
| 25 | (b) Academic Assistance | 0.15 |
| 26 | (c) Limited English Proficiency | 0.20 |
| 27 | (d) Pupils in Poverty | 0.50 |

28 Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

29 Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled
 30 in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school. Districts shall
 31 set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

32 Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or
 33 both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The
 34 additional weight generates funds needed to provide additional instructional services to these students.

35 Students with limited English proficiency are students who require intensive English language instruction programs and whose
 36 families require specialized parental involvement intervention.

1 Further, the Department of Education may use school district student counts for personalized instruction as collected in the same
2 manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate
3 the school district add on weightings for the personalized instruction classifications and the determination of the school districts
4 monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five-day student average daily membership
5 for all classifications. During the current fiscal year, the department will update PowerSchool calculations, reports, screen
6 development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation
7 adjustments by June 30. The department must provide districts with technical assistance with regard to student count changes in
8 PowerSchool.

9 Up to ten percent of any funds appropriated for State Aid to Classrooms at the end of the fiscal year may be carried forward into
10 the subsequent fiscal year and allocated to school districts, the South Carolina Public Charter School District, and an institution of
11 higher education that authorizes charter schools pursuant to this provision. The additional funds must first support increases in student
12 enrollment and any balance may be allocated proportionately utilizing weighted pupil units to districts. Any additional unexpended
13 funds shall revert to the general fund or to the EIA Fund.

14 With the funds that the Department of Education receives for health insurance for school districts, the department shall allocate
15 the funds to school districts proportionately utilizing weighted pupil units. The department shall allocate to districts funds received
16 for retirement benefits through the State Aid to Classrooms formula.

17 **1.4.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein
18 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district
19 employee’s salary that is federally funded.

20 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each
21 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel
22 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service
23 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

24 The Department of Juvenile Justice and the Department of Corrections’ school districts must be allocated funds under the fringe
25 benefits program in accordance with criteria established for all school districts.

26 **1.5.** (SDE: Employer Contributions/Obligations) In order to finalize each school district’s allocations of Employer Contributions
27 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district’s allocation
28 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In
29 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover
30 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision’s state funds
31 until such obligations are met.

32 **1.6.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education
33 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides
34 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness
35 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located
36 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost

1 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided
2 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by
3 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing
4 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for
5 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the
6 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. Participation will be evidenced by a
7 written agreement from the IEP team or 504 team, written referral, or the school district initiating the placement process. School
8 districts providing the education shall notify the nonresident district in writing within forty-five calendar days that a student from the
9 nonresident district is receiving education services pursuant to the provisions of the proviso. The notice shall also contain the
10 student's name, date of birth, and disabling condition if available. If appropriate financial arrangements cannot be effected between
11 institutions of the state, including independent school districts under the authority of the Department of Disabilities and Special
12 Needs, and school districts, institutions receiving educational appropriations shall pay the local base student cost multiplied by the
13 appropriate pupil weighting. Children residing in institutions of state agencies shall be educated with nondisabled children in the
14 public school districts if appropriate to their educational needs. Such institutions shall determine, on an individual basis, which
15 children residing in the institution might be eligible to receive appropriate educational services in a public school setting. Once these
16 children are identified, the institution shall convene an IEP meeting with officials of the public school district in which the institution
17 is located. If it is determined by the committee that the least restrictive environment in which to implement the child's IEP is a public
18 school setting, then the school district in which the institution is located must provide the educational services. However, that school
19 district may enter into contractual agreements with any other school district having schools located within a forty-five mile radius of
20 the institution. The cost for educating such children shall be allocated in the following manner: the school district where the child
21 last resided before being placed in an institution shall pay to the school district providing the educational services an amount
22 equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section
23 59-20-40 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all
24 funding sources, both state and federal. The institution and school district, through contractual agreements, will address the special
25 education and related services to be provided to students. Should the school district wherein the institution is located determine that
26 the child cannot be appropriately served in a public school setting, then the institution may request a due process hearing pursuant to
27 the procedures provided for in the Individuals with Disabilities Education Act.

28 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local
29 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to
30 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to
31 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing
32 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the
33 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

34 The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all
35 required school records, including confidential records, are transferred from the sending to the receiving school within three working
36 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social

1 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a
2 psychological report on the child is available at the school district office) and any other records necessary for the appropriate
3 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate
4 permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure
5 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received
6 on a child. Upon discharge or release from the treatment facility, the agency placing the child in the receiving school must work
7 with the school district where the student will reside after treatment to assure continuity of the student's education.

8 **1.7.** (SDE: Instruction in Juvenile Detention Centers) It shall be the responsibility of the school district where a local juvenile

11 that district and reimbursement by the Department of Education made accordingly.

15 labels, Directory of South Carolina Schools, student health record cards, items to be recycled, and high school diplomas and
16 certificates; the collection of out-of-state and in-state investigation fees, registration fees for non-SDE employees, recurring facility
17 inspection fees, teacher certification fees; the handling of audio-visual film; the provision of contract computer services to school
18 districts and other state agencies, joint broadcast service to school districts, and education-related statistics through agreement with

20 or sale of virtual courses to other states; the collection of damage fees for instructional materials and the sale of unusable instructional
21 materials; sale of fuel; use and repair of transportation equipment; fees for Medicaid reimbursable transportation; the receipt of
22 insurance and warranty payments on Department of Education equipment and the sale of used school buses and support equipment.

28 may maintain its own bank account for the purpose of making disbursement of school district funds as necessary to conduct school
29 district business and each county treasurer is hereby authorized to transfer such amount as needed, upon receipt of a written order
30 certified by the district governing body or their designee. Such order shall contain a statement that such amount is for immediate
31 disbursement for the payment of correct and legal obligation of the school district.

32 **1.10.** (SDE: Travel/Outside of Continental U.S.) School District allocations from General Funds, lottery, and EIA funds shall
33 not be used for travel outside of the continental United States. The International Baccalaureate Program shall be exempt from this
34 restriction.

35 **1.11.** (SDE: Year End Closeout) The State Department of Education is authorized to expend federal and earmarked funds (not
36 including state or EIA funds) in the current fiscal year for expenditures incurred in the prior year; however, state funds appropriated

12 self-insure state-owned buses. In no event shall the department charge local school districts for damages to the buses which are
13 commonly covered by insurance.

14 **1.14.** (SDE: Teacher Data Collection) Of the non-program funds appropriated to the Department of Education, it and the
15 Commission on Higher Education shall share data about the teaching profession in South Carolina. The data sharing should ensure
16 (1) a systematic report on teacher supply and demand information and (2) data to determine classes being taught by public school
17 teachers out of field of their preparation. The data collection should include but not be limited to: classes/subjects taught, number
18 of students taught, percentage of teacher education graduates from South Carolina colleges/universities who go into teaching,
19 percentage of teacher education graduates who teach in public schools in South Carolina, percentage of new teachers who leave the
20 South Carolina teaching profession in the first three years of public school teaching due to unsuccessful evaluations, percentage of
21 new teachers who leave the profession in the first three years of public school teaching in South Carolina who have successful
22 evaluations, turnover rate of teachers and certification areas with highest vacancies. All database items should be set up so that it
23 can be disaggregated by ethnicity, gender, geographic location, etc.

24 **1.15.** (SDE: School Bus Driver CDL) From funds provided in Part IA, Section 1, VII.B., local school districts shall request a

30 Superintendent of Education. The School Bus Specifications Committee shall allow for input from all school bus chassis and body
31 manufacturers. However, if it is safe, more economical, and in the public interest, the department may use the school bus
32 specifications of another state in the procurement of school buses. If the department uses the specifications of another state, the
33 department must submit a report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means
34 Committee detailing the methodology by which the alternative specifications were determined to be safe, more economical, and in
35 the public interest, when compared to the specifications set forth by the School Bus Specifications Committee.

10 in advance of such meeting. The notice shall include the date, time, and agenda for the board meeting. The school district shall
11 place the minutes of the board meeting on their website within ten days of the next regularly scheduled board meeting.

12 **1.20.** (SDE: Proviso Allocations) In the event an official General Fund revenue shortfall is declared by the Board of Economic
13 Advisors, the Department of Education may reduce any allocation in Section 1 specifically designated by proviso in accordance with
14 the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office, ~~except the additional EFA~~
15 ~~allocation to the South Carolina Public Charter School District. The reduction may not be greater than the total percentage of~~
16 ~~reduction of the Section 1 appropriation. Should the department hold back funds in excess of the total percentage reduction those~~
17 ~~funds must be allocated per the proviso. No allocation for teacher salaries shall be reduced as a result of this proviso.~~

18 **1.21.** (SDE: School Districts and Special Schools Flexibility) All school districts and special schools of this State may transfer
19 and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery Act
20 funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance, to
21 ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated
22 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance
23 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for
24 Career and Technology Education, nor funds required for debt service or bonded indebtedness. All school districts must report the
25 student teacher ratio for every classroom to the Department of Education at the forty-fifth and the one hundred and thirty-fifth day
26 mark. The department shall report this information to the General Assembly for the ~~2022-2023~~ current school year.

27 In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per
28 pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food
29 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business
30 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall
31 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional
32 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June
33 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

34 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

35 School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low
36 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and

1 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and
2 expanding virtual instruction.

3 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

4 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil
5 allocation due to them for each categorical program.

6 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school
7 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.

8 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State
9 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of
10 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education
11 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,
12 and the certification must be conspicuously posted on the internet website maintained by the school district.

13 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical
14 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the
15 most economical type of bus fuel.

16 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school
17 districts based on weighted pupil units.

18 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,
19 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made
20 available for public viewing and downloading. The register must include for each expenditure:

- 21 (i) the transaction amount;
- 22 (ii) the name of the payee; and
- 23 (iii) a statement providing a detailed description of the expenditure.

24 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must
25 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete
26 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at
27 least once a month.

28 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards
29 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each
30 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the
31 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

32 The Comptroller General must establish and maintain a website to contain the information required by this section from a school
33 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate
34 between the school districts and search for the information they are seeking.

1 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
2 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
3 Education to exercise its authority to grant waivers under Regulation 43-261.

4 **1.22.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,
5 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical
6 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to
7 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because
8 of the required Hazmat endorsement to their CDL.

9 **1.23.** (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publicly recognized by the
10 School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions
11 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

12 **1.24.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may
13 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be
14 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General
15 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The
16 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.
17 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded
18 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

19 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent
20 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall
21 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel
22 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and
23 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on
24 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the
25 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination
26 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as
27 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have
28 their experience credit negatively impacted because of a furlough implementation.

29 During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except
30 for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to,
31 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making
32 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only
33 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on
34 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may
35 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within
36 which the furlough occurs.

1 Each local school district must prominently post on the district's internet website and make available for public viewing and
2 downloading the most recent version of the school district's policy manual and administrative rule manual.

3 This proviso shall not abrogate the terms of any contract between any school district and its employees.

4 **1.25.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district
5 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to
6 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance
7 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds
8 distributed to the districts within the county.

9 **1.26.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or
10 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on
11 race or national origin.

12 **1.27.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and
13 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and
14 Human Services.

15 **1.28.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's
16 individual cumulative grade point average for grades nine through twelve on the student's report card.

17 **1.29.** (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school
18 year are due no later than December first of the current school year when invoiced by the Department of Education. The department
19 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

20 **1.30.** (SDE: ~~Education Finance Act~~ State Aid to Classrooms Reserve Fund) There is created in the State Treasury a fund separate
21 and distinct from the General Fund of the State and all other funds entitled the ~~Education Finance Act~~ State Aid to Classrooms
22 Reserve Fund. All unexpended general funds appropriated to the Department of Education for the ~~Education Finance Act~~ State Aid
23 to Classrooms in the current fiscal year shall be transferred to the ~~Education Finance Act~~ State Aid to Classrooms Reserve Fund. In
24 the event that the amount appropriated for the ~~Education Finance Act~~ State Aid to Classrooms is insufficient to fully fund the base
25 student cost designated student-teacher ratio as established by this act, revenues from the ~~Education Finance Act~~ State Aid to
26 Classrooms Reserve Fund may be used to supplement the funds appropriated. ~~By June 30th of the current fiscal year, if the department~~
27 ~~determines that the funds are not needed to supplement the Education Finance Act, the department may utilize the funds for bus~~
28 ~~purchase.~~ The General Assembly may make direct appropriations to this fund. All unexpended funds in the ~~Education Finance Act~~
29 State Aid to Classrooms Reserve Fund and any interest accrued by the fund must remain in the fund and may be carried forward into
30 the current fiscal year.

31 **1.31.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from
32 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

33 **1.32.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school
34 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers
35 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services
36 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational

1 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is
2 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination
3 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred
4 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in
5 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education
6 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school
7 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student
8 and what is clinically indicated being considered.

9 A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility,
10 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services
11 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical
12 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in
13 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under
14 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the
15 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program,
16 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational
17 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational
18 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the
19 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational
20 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the
21 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

22 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting
23 for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this act and any eligible categorical and federal
24 funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services
25 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the
26 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a
27 resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly
28 by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by
29 the facility school district for that student. However, the reimbursement rate may not exceed \$90 per student per day. Through a
30 joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an
31 instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities
32 Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall
33 notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational
34 services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the facility
35 district has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being
36 invoiced. Should the facility school district be unable to reach agreement with the resident school district regarding reasonable costs

1 differences, the facility school district shall notify the Department of Education's Office of General Counsel. The Department of
2 Education shall facilitate a resolution of the dispute between the facility school district and the resident school district within
3 forty-five days of the notice of dispute. If the issue of reasonable cost differences should remain unresolved, a facility school district
4 shall have the right to file a complaint in a Circuit Court. Should a resident school district fail to distribute the entitled funding to
5 the facility school district by the one hundred thirty-five day count, the Department of Education is authorized to withhold the
6 equivalent amount of EFA funds and transfer those funds to the facility school district.

7 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that
8 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost
9 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational
10 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving
11 educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided
12 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident
13 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs
14 differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall
15 facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute.
16 If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit
17 Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic
18 standards in the core content areas. All students with disabilities who are eligible for special education and related services under
19 the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as
20 amended, shall receive special education and related services in the least restrictive environment by appropriately certified personnel.
21 Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned through their
22 educational efforts. The resident school district and the RTF should develop a memorandum of understanding to outline the
23 responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district while the
24 student is housed in the RTF.

25 If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible
26 for the educational services. The facility school district may choose to provide the educational program to the child and, upon
27 choosing to do so, shall contract with the appropriate entity for payment of educational services provided to the child. Out-of-state

5 funds and federal funds to supplement the amount expended for materials and equipment. Providers receiving equipment funding

7 years. Failure to participate for three years will require the provider to return a portion of the equipment allocation at a level
8 determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent
9 upon receipt of data as requested by the Department of Education and the Office of First Steps. The Department of Education shall

17 with disabilities to be served in multi-categorical classroom settings based on similar cognition and abilities. Funding appropriated
18 for CERDEP may be carried forward and expended for the same purpose.

19 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are
20 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,
21 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust
22 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual
23 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that
24 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations
25 for the current fiscal year to account for the findings.

26 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of

33 programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state
34 funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected
35 and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success

1 in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number
2 of students served in high-quality programs.

3 ~~For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as~~
4 ~~allocated in the prior fiscal year for the provision of a half day 4K program from the funds appropriated to the Department of~~
5 ~~Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP.~~ For eligible children residing in
6 school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district
7 transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in
8 CERDEP.

9 For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher
10 reimbursement rates to high-quality ~~child care centers~~ *providers*. The reimbursement rate for students enrolled by child care
11 providers rated B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to
12 10% of the per-student base following guidelines developed by the Office of First Steps; and (2) up to ~~\$100,000~~ *\$250,000* to provide
13 one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved
14 private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible
15 students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building
16 renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and
17 staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall
18 develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are
19 used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected
20 to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure
21 to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the
22 Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded
23 enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March
24 15; and (3) ~~up to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and designs~~
25 ~~necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation~~
26 ~~in CERDEP following guidelines developed by the Office of First Steps.~~ Providers participating in this pilot shall be expected to
27 participate in the program and provide high quality, center based programs as defined herein for a minimum of three years. Failure
28 to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the
29 Office of First Steps.

30 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,
31 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a
32 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer
33 enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro
34 rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and
35 shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount
36 contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily

1 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty
2 days. Funds may also be used to provide parent engagement, professional development, and quality evaluations of programs. No
3 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance
4 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following
5 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the
6 amount of money used for professional development as well as the types of professional development offered and the number of
7 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the
8 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

9 On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total
10 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional
11 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of
12 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the
13 Department of Education and the Office of First Steps.

14 The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration
15 Office to inform parents of all publicly funded full-day 4K programs including Head Start *by participating in PalmettoPreK and*
16 *First5SC*.

17 ~~For Fiscal Year 2022-23, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early Reading~~
18 ~~Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the program~~
19 ~~during Fiscal Year 2022-23, subject to classroom availability and funding. Funding appropriated for CERDEP may be carried~~
20 ~~forward and expended for the same purpose.~~

25 reading camps that utilize volunteers, mentors or tutors to provide instructional support to struggling readers in elementary schools
26 that have a poverty index of forty percent or greater. All mentors and tutors that are a part of these after school programs or summer
27 reading camps must have passed a SLED criminal background check. Participant to volunteer or teacher ratio must conform to that
28 of the school district in which the program is located; and (3) the remainder on a per pupil allocation to each school district based on

33 at least an add-on literacy endorsement or who have documented and demonstrated substantial success in helping students
34 comprehend grade-level texts. The Department of Education shall assist districts that cannot find qualified teachers to work in the

5 The purpose of the reading camp is to provide students who are significantly below third-grade reading proficiency with the
6 opportunity to receive quality, intensive instructional services, and support. A district may also include in the summer reading camps
7 students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading
8 camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the
9 first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency in comprehending
10 texts appropriate for his grade level must make the final decision regarding the student's participation in the summer reading camp.

12 identify schools in the Palmetto Literacy Project that have one-third or more of its third grade students scoring at the lowest
13 achievement level on the statewide summative English language arts assessment. For each school identified and participating in the
14 Palmetto Literacy Project in the prior school year, the Department of Education shall provide, at a minimum, the following support:

31 the placement of coaches to the district reading plan that is approved by the department.

32 (E) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle
33 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155, Title 59.

6 **1.91.** (SDE: Teaching Transformation Pilot Program) On or before July 31st of the current fiscal year, \$1,000,000 shall be
7 allocated to the University of South Carolina’s College of Education for the design and implementation of a pilot program to reinvent
8 and transform the state’s teaching profession. The goals of the pilot program are to:

- 9 (1) diversify the PK-12th grade educator workforce;
- 10 (2) address teacher shortages through innovations in educator development; and
- 11 (3) accelerate student learning and systems of whole child education.

12 The pilot program shall support at least three diverse school districts which shall include a minimum of one, with a maximum of
13 two, large urban districts and a minimum of two, with a maximum of four, rural districts in order to:

- 14 (1) incentivize the recruitment and preparation of high quality educators including a focus on diversifying the teaching workforce
15 for high-need students and stipends for student teachers/residents;
- 16 (2) support the development of a coherent and financially sustainable system, based on current school funding models, of teacher
17 leadership that improves learning environments and educator retention and effectiveness; and
- 18 (3) produce several models of the school-university-community partnerships in South Carolina, testing evidence-based elements
19 of a coherent system of teacher development including, but not limited to:
 - 20 (a) prototyping a paid teacher residency for South Carolina, modeled from the medical profession, to develop well-prepared
21 new recruits to teaching and new school designs to support teacher learning and leadership for whole child education;
 - 22 (b) applying state of the art technology and tools that save time, not only to help teachers problem-solve instructional
23 challenges, but also to teach students across schools and districts;
 - 24 (c) reinventing the school day and/or school year calendar as teachers work on different contracts to create expanded and more
25 personalized student learning as well as more opportunities for educators to lead;
 - 26 (d) reducing teaching loads for some of the state’s top teachers, including over six thousand who are National Board certified,
27 so they can lead without leaving the classrooms; and
 - 28 (e) rethinking the teacher salary schedule to:
 - 29 (i) include opportunities for additional pay for increased responsibility, leadership roles, and expanded impact; and
 - 30 (ii) prototype a menu of financial and nonfinancial incentives for effective educators to work in priority schools, subjects,
31 and grade levels.

32 State funding will support both an external evaluation of the pilot program as well as South Carolina districts participating in a
33 national learning community of other school-university partnerships seeking to transform the educator workforce.

34 The pilot program to transform the teaching profession will be in partnership with selected South Carolina Historically Black
35 Colleges and Universities which will be critical to recruiting and developing teachers of color. In addition, the pilot program will be
36 designed and developed in collaboration with national partners, Education Resource Strategies and Bank Street College, bringing

1 respective expertise in resource reallocations for innovative school staffing in public education and recruiting and preparing diverse
2 teachers through teaching residences. The pilot program will be anchored in data collection underway by SC-TEACHER, with a
3 grant funded by the Carnegie Corporation of New York, as well as in effective educator practices from across the globe.

4 The pilot program shall compliment and/or enhance the state's effective innovations in educator recruitment, induction, evaluation,
5 and professional learning, and draw upon research evidence to create a transformative system of educator development including
6 new ways to compensate teachers and principals that impact student learning and more efficient use of human capital across the
7 State. Current teacher shortages cannot be addressed without transforming the teaching job and the profession itself.

30 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June
31 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

32 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

33 School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low
34 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and
35 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and
36 expanding virtual instruction.

1 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

2 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil
3 allocation due to them for each categorical program.

4 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school
5 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.
6 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State
7 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of
8 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education
9 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,
10 and the certification must be conspicuously posted on the internet website maintained by the school district.

11 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical
12 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the
13 most economical type of bus fuel.

14 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school
15 districts based on weighted pupil units.

16 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,
17 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made
18 available for public viewing and downloading. The register must include for each expenditure:

- 19 (i) the transaction amount;
20 (ii) the name of the payee; and
21 (iii) a statement providing a detailed description of the expenditure.

22 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must
23 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete
24 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at
25 least once a month.

26 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards
27 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each
28 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the
29 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

30 The Comptroller General must establish and maintain a website to contain the information required by this section from a school
31 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate
32 between the school districts and search for the information they are seeking.

33 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
34 30 of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
35 Education to exercise its authority to grant waivers under Regulation 43-261.

1 **1A.14.** (SDE-EIA: Teacher Salary Supplement) The department is directed to carry forward prior year unobligated teacher salary
2 supplement and related employer contribution funds into the current fiscal year to be used for the same purpose. Any unexpended

4 fiscal year.

5 **1A.15.** (SDE-EIA: Dropout Prevention and High Schools That Work Programs) The Department of Education must report
6 annually by December first, to the Governor, the Chairman of the Senate Finance Committee, the Chairman of the House Ways and
7 Means Committee, the Chairman of the Senate Education Committee, and the Chairman of the House Education and Public Works

9 the High Schools that Work Programs' progress and effectiveness in providing a better prepared workforce and student success in
10 post-secondary education. The department, school districts, and special schools may carry forward unexpended funds from the prior
11 fiscal year into the current fiscal that were allocated for High Schools That Work.

16 by the Department of Education's InSite classification for "Instruction" must be printed on the Annual School and District Report
17 Card.

18 **1A.18.** (SDE-EIA: Core Curriculum Materials) The funds appropriated in Part IA, Section 1, VIII.A.3 for instructional materials
19 for core curriculum shall be expended consistent with the requirements of Section 59-31-600 of the 1976 Code requiring the
20 development of higher order thinking skills and critical thinking which should be integrated throughout the core curriculum
21 instructional materials. Furthermore, the evaluation criteria used to select instructional materials with funds appropriated in Part IA,
22 Section 1, VIII.A.3 shall include a weight of up to ten percent of the overall criteria to the development of higher order thinking skills
23 and critical thinking.

24 **1A.19.** (SDE-EIA: Accountability Program Implementation) To support implementation of the accountability program, the
25 Education Oversight Committee may carry forward unexpended Education Accountability Act funds authorized specifically for the
26 administration of the Education Oversight Committee. For the current fiscal year the Education Oversight Committee may carry forward
27 prior year ~~EIA South Carolina Community Block Grants for Education Pilot Program funds not awarded by the grant committee. These~~
28 ~~funds must be used for an independent common evaluation of each awarded grant to ensure high quality programs that maximize a~~
29 ~~return on the state's investment~~ *Education Data Dashboard funds.*

30 **1A.20.** (SDE-EIA: 4K Targeting) EIA funds allocated for the provision of four-year-old kindergarten shall be utilized for the
31 provision of services to age-eligible children in poverty, as defined in Proviso 1.3 of this act. Children with developmental delays
32 documented through state approved screening assessments or children with medically documented disabilities who do not already
33 qualify for special need services should also be considered for enrollment. In the event that more students seek to enroll than available
34 space permits, districts shall prioritize students (at the time of acceptance) on the basis of family income expressed as a percentage
35 of the federal poverty guidelines, with the lowest family incomes given the highest enrollment priority.

1 **1A.21.** (SDE-EIA: Reading) The funds allocated to the Department of Education for reading shall be used to provide districts
2 with research-based strategies and professional development and to work directly with schools and districts to assist with
3 implementation of research-based strategies. When providing professional development the department and school districts must
4 use the most cost effective method and when able utilize ETV to provide such services throughout the state. The department shall
5 establish measurements for monitoring impact on student achievement.

6 **1A.22.** (SDE-EIA: Professional Development) Of the funds appropriated for professional development, up to \$500,000 may be
7 expended for gifted and talented teacher endorsement and certification activities. The Department of Education must provide
8 professional development on assessing student mastery of the content standards through classroom, formative and end-of-year
9 assessments. The Department of Education also must post on the agency's website the South Carolina Professional Development
10 Standards and provide training through telecommunication methods to school leadership on the professional development standards.
11 The department is authorized to carry forward and expend professional development funds for the same purpose.

12 **1A.23.** (SDE-EIA: Assessments-Gifted & Talented, Advanced Placement, & International Baccalaureate Exams) Funds
13 appropriated and/or authorized for assessment shall be used for assessments to determine eligibility of students for gifted and talented
14 programs and for the cost of Advanced Placement, International Baccalaureate, and Cambridge International exams.

15 **1A.24.** (SDE-EIA: Adult Education) A minimum of thirty percent of the funds appropriated for adult education must be allocated
16 to school districts to serve adult education students between the ages of seventeen and twenty-one who are enrolled in programs
17 leading to a state high school diploma, state high school equivalency diploma (GED), or career readiness certificate. The remaining
18 funds will be allocated to districts based on a formula which includes factors such as target populations without a high school
19 credential, program enrollment the previous school year, number of students making an educational gain the previous school year,
20 and performance factors such as number of high school credentials and career readiness certificates awarded the previous school
21 year. Overall levels of state funding must meet the federal requirement of state maintenance of effort. Each school district must
22 collect information from both the student and the school including why the student has enrolled in Adult Education and whether or
23 not the student is pursuing a GED or Diploma. The school district must then provide a quarterly report to the Department of Education
24 and must include the unique student identifier. The department, in turn, will provide summary information to the House Ways and
25 Means Committee, the House Education and Public Works Committee, the Senate Finance Committee and the Senate Education
26 Committee on the information. Up to a maximum of \$300,000 of funds may be used to establish an initiative by which qualifying
27 adult education students may qualify for a free high school equivalency test. The Department of Education shall establish guidelines
28 for the free high school equivalency testing initiative.

29 **1A.25.** (SDE-EIA: Clemson Agriculture Education Teachers) The funds appropriated in Part IA, Section VIII.F. for Clemson
30 Agriculture Education Teachers must be transferred to Clemson University PSA to fund summer employment of agriculture teachers
31 and to cover state-mandated salary increases on that portion of the agriculture teachers' salaries attributable to summer employment.
32 If sufficient funds remain, Clemson University PSA may utilize such funds for a Regional Coordinator.

33 **1A.26.** (SDE-EIA: Full-Day 4K) ~~Beginning with the current fiscal year,~~ Eligible students residing in any school district *or*
34 *attending any charter school authorized by the South Carolina Public Charter School District or an approved institution of higher*
35 *education* may participate in the South Carolina Early Reading Development and Education program (CERDEP) pending the
36 availability of space and funding. Student eligibility as defined by Section 59-156-130 of the 1976 Code is an annual family income

1 of one hundred eighty-five percent or less of the federal poverty guidelines as promulgated annually by the United States Department
2 of Health and Human Services or a statement of Medicaid eligibility.

3 A parent or guardian may choose to enroll their child in a public school participating in the program and approved by the
4 Department of Education pursuant to Section 59-156-210 or in a private provider participating in the program and approved by the
5 Office of First Steps pursuant to Section 59-156-200. A private provider includes, but is not limited to, a child care center, a military
6 child care facility regulated by the United States Department of Defense, or a non-profit independent school. State funds appropriated
7 for the provision of CERDEP services in military child care facilities may not be used to supplant existing federal child care funds.
8 No school district can be denied participation in CERDEP or be denied CERDEP funding pursuant to the terms of this provision.

9 ~~Beginning with the current fiscal year,~~ 4K programs in public schools and non-profit independent schools participating in CERDEP
10 are not required to be approved, registered, or licensed by the Department of Social Services in order to participate in CERDEP.
11 Instead, the Department of Education and the Office of First Steps are responsible for ensuring that providers deliver high-quality
12 educational programs pursuant to Section 59-156-160.

13 Public and private providers shall be funded for instructional costs at a minimum rate of ~~\$4,800~~ \$5,100 per student enrolled.
14 Eligible students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined
15 by the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for
16 reimbursement at a minimum of ~~\$587~~ \$620 per eligible child transported. First Steps and the Department of Education must provide
17 an equitable distribution above the minimum between public and private providers. First Steps and the Department of Education
18 must provide a quarterly report beginning October 1 detailing funding above the minimum made to any provider to the Governor,
19 the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee. All providers who
20 are reimbursed are required to retain records as required by their fiscal agent. New providers participating for the first time in the
21 current fiscal year and enrolling between one and six eligible children shall be eligible to receive ~~up to~~ at a minimum of \$1,000 per
22 child in materials and equipment funding, with providers enrolling seven or more such children eligible for funding ~~not to exceed~~ at
23 a minimum of \$10,000. The Department of Education and the Office of First Steps Readiness are authorized to utilize carry forward
24 funds and federal funds to supplement the amount expended for materials and equipment. Providers receiving equipment funding
25 are expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three
26 years. Failure to participate for three years will require the provider to return a portion of the equipment allocation at a level
27 determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent
28 upon receipt of data as requested by the Department of Education and the Office of First Steps. The Department of Education shall
29 only provide funding for public school students whose complete records have been entered into PowerSchool based on the one
30 hundred and thirty-five day student average daily membership. For the current fiscal year, providers may enroll pay-lunch children
31 who score at or below the twenty-fifth national percentile on two of the three DIAL-3 subscales by July 1 if at least seventy-five
32 percent of the total number of children eligible or the Child Early Reading Development and Education Program in a district or
33 county are projected to be enrolled in that program, Head Start, or ABC Child Care Program as determined by the Department of
34 Education and the Office of First Steps, Child Early Reading Development and Education Program. Providers may receive
35 reimbursement for these children if funds are available. The Department of Education is required to offer waivers allowing students

1 with disabilities to be served in multi-categorical classroom settings based on similar cognition and abilities. Funding appropriated
2 for CERDEP may be carried forward and expended for the same purpose.

3 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are
4 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,
5 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust
6 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual
7 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that
8 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations
9 for the current fiscal year to account for the findings.

10 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of
11 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by March
12 first of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both public
13 and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program.
14 This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall
15 issue a unique student identifier for each child receiving services from a private provider. The Department of Education shall be
16 responsible for the collection and maintenance of data on the public state funded full day and half-day four-year-old kindergarten
17 programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state
18 funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected
19 and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success
20 in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number
21 of students served in high-quality programs.

22 ~~For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as~~
23 ~~allocated in the prior fiscal year for the provision of a half day 4K program from the funds appropriated to the Department of~~
24 ~~Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP.~~ For eligible children residing in
25 school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district
26 transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in
27 CERDEP.

28 For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher
29 reimbursement rates to high-quality ~~child care centers~~ *providers*. The reimbursement rate for students enrolled by child care
30 providers rated B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to
31 10% of the per-student base following guidelines developed by the Office of First Steps; and (2) up to ~~\$100,000~~ *\$250,000* to provide
32 one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved
33 private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible
34 students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building
35 renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and
36 staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall

1 develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are
2 used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected
3 to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure
4 to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the
5 Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded
6 enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March
7 15; ~~and (3) up to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and designs~~
8 ~~necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation~~
9 ~~in CERDEP following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be expected to~~
10 ~~participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure~~
11 ~~to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the~~
12 ~~Office of First Steps.~~

13 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,
14 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a
15 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer
16 enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro
17 rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and
18 shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount
19 contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily
20 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty
21 days. Funds may also be used to provide parent engagement, professional development, and quality evaluations of programs. No
22 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance
23 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following
24 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the
25 amount of money used for professional development as well as the types of professional development offered and the number of
26 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the
27 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

28 On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total
29 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional
30 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of
31 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the
32 Department of Education and the Office of First Steps.

33 The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration
34 Office to inform parents of all publicly funded full-day 4K programs including Head Start *by participating in PalmettoPreK and*
35 *First5SC.*

1 ~~For Fiscal Year 2022-23, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early Reading~~
2 ~~Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the program~~
3 ~~during Fiscal Year 2022-23, subject to classroom availability and funding. Funding appropriated for CERDEP may be carried~~
4 ~~forward and expended for the same purpose.~~

5 **1A.27.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the
6 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for
7 individuals who teach children of poverty through weekend college, nontraditional or alternative learning opportunities.

8 **1A.28.** (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000
9 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally
10 certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical
11 contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first
12 and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career
13 clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course
14 exams graded by a national industry organization and must include in their grant request how the money will be spent in direct
15 support of students to further industry-specific career technology education; a description and history of their program nationally and
16 within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August
17 first of the following year, the organization must submit to the department a report detailing how the grant increased
18 industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry
19 organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student
20 competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading
21 to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs;
22 student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors
23 about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead
24 to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service
25 learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the
26 number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may
27 not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to
28 provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified
29 in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must
30 submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first
31 that has been audited by a third party accounting firm.

32 **1A.29.** (SDE-EIA: Partnerships/Other Agencies & Entities) For the current fiscal year, agencies and other entities receiving funds
33 appropriated in Part IA, Section 1, VIII. F. will continue to report annually to the Education Oversight Committee (EOC). Any entity
34 receiving funds that must flow through a state agency will receive those funds through the EOC, unless requested in writing by the
35 entity to match federal or other funds. The EOC will make funding recommendations to the Governor and General Assembly as part
36 of the agency's annual budget request.

1 **1A.30.** (SDE-EIA: ETV Teacher Training/Support) Of the funds appropriated in Part IA, Section 1, VIII.F. South Carolina
2 Educational Television must provide training and technical support on the educational resources available to teachers and school
3 districts.

4 **1A.31.** (SDE-EIA: Teacher Salaries/SE Average) The projected Southeastern average teacher salary shall be the average of the
5 average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school
6 year, the Southeastern average teacher salary is projected to be ~~\$\$55,898~~ \$58,048. The General Assembly remains desirous of raising
7 the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to
8 the national average teacher salary.

9 Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all
10 eligible certified teachers employed by the district by no less than one year of experience credit using at a minimum the district salary
11 schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for
12 all eligible certified teachers. For Fiscal Year ~~2022-23~~ 2023-24, the requirement that school districts maintain local salary
13 supplements per teacher no less than their prior fiscal year level is suspended.

14 For purposes of this provision, teachers shall be defined by the Department of Education using the Professional Certified Staff
15 (PCS) System.

16 **1A.32.** (SDE-EIA: PowerSchool Dropout Recovery Data) With the funds appropriated to the Department of Education for
17 PowerSchool and data collection, the department will begin in the current fiscal year to collect data from schools and school districts
18 on the number of students who had previously dropped out of school and who reenrolled in a public school or adult education to
19 pursue a high school diploma. The Education Oversight Committee working with the Department of Education will determine how
20 to calculate a dropout recovery rate that will be reflected on the annual school and district report cards. The department may carry
21 forward and expend the funds for the same purpose.

22 **1A.33.** (SDE-EIA: Assisting, Developing and Evaluating Professional Teaching -ADEPT) With funds appropriated in the current
23 fiscal year, the Department of Education, school districts, the Department of Juvenile Justice and special schools of the state may
24 continue implementation of the ADEPT program. Governing boards of public institutions of higher education may provide by policy
25 or regulation for a tuition waiver for the tuition for one three-hour course at that institution for those public school teachers who serve
26 as supervisors for full-time students completing education degree requirements. Unexpended funds appropriated for this purpose
27 may be carried forward from the prior fiscal year into the current fiscal year and expended for the same purposes.

28 **1A.34.** (SDE-EIA: Educational Partnerships) The funds provided to the Center for Educational Partnerships at the College of
29 Education at the University of South Carolina will be used to create a consortium of educational initiatives and services to schools
30 and communities. These initiatives will include, but are not limited to, professional development in writing, geography and other
31 content areas; training; research; advocacy; and practical consultancy. The Center will establish collaborative educational enterprises
32 with schools, school districts, parents, communities, and businesses while fulfilling the responsibilities of the School Improvement
33 Council Assistance. The Center will focus on connecting the educational needs and goals of communities to improve efficiency and
34 effectiveness.

35 **1A.35.** (SDE-EIA: STEM Centers SC) All EIA-funded entities that provide professional development and science programming
36 to teachers and students should be included in the state's science, technology, engineering and mathematics education strategic plan.

1 **1A.36.** (SDE-EIA: EOC Partnerships for Innovation) Of the funds appropriated or carried forward from the prior fiscal year, the
2 Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the
3 assessment of public education in South Carolina that support increased student achievement in reading and college and career
4 readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for
5 planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student
6 academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science,
7 technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to
8 students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on
9 creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based
10 methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty
11 schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like
12 the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the
13 General Assembly on the measurement results.

14 **1A.37.** (SDE-EIA: Aid to Districts Draw Down) For the current fiscal year, in order to draw down funds appropriated in Part IA,
15 Section 1, VIII.A.1, Aid to Districts, school districts, Palmetto Unified District and the Department of Juvenile Justice must work
16 with local law enforcement agencies and fire marshals, and when necessary, state law enforcement agencies and the Office of the

13 the child's identified needs must also be provided, in writing, to the parent or guardian. The assessment may not be used to deny a
14 student to admission to prekindergarten.

15 Furthermore, up to \$2,000,000 of the funds appropriated for half-day programs for four-year-olds and funds carried forward from
16 assessment must be expended by the Department of Education to administer the Kindergarten Readiness Assessment (KRA) to each
17 child entering kindergarten in the public schools. The assessment of kindergarten students must be administered at a minimum of
18 once during the first forty-five days of the school year with the results collected by the department. The results of the assessments
19 and the developmental intervention strategies recommended or services needed to address each child's identified needs must also be
20 provided, in writing, to the parent or guardian. The assessment may not be used to deny a student admission to kindergarten.

26 For all students assessed with the Kindergarten Readiness Assessment (KRA), the Department of Education is required to collect
27 data from schools and school districts on the prior early learning experience of each student. The data would include whether the

27 Scholarships shall be awarded to each South Carolina resident student enrolled in an established public CTP in an amount of at
28 least \$2,500 per semester, not to exceed \$10,000 per academic year (including summer semester), and no student may receive a

30 shall have the discretion to allocate a portion of their aggregate funding provided pursuant to this provision for need-based grants
31 to eligible students. This discretion is allowable only to the extent that the funding for need-based grants for eligible CTP students
32 provided pursuant to Proviso 11.12 has first been fully exhausted. The commission, in cooperation with the CTPs, shall collect and
33 report the number of scholarship recipients and other information determined necessary to evaluate the effectiveness of these

10 to the maximum allowable amount prior to any Need-Based Grant funds being carried forward. Funds only shall be carried forward
11 if all eligible Need-based Grant students at the public colleges and universities are fully funded with financial aid that does not
12 require student repayment. Funds allocated for Fiscal Year 2023-24 must be distributed in the same academic year.

13 Of the funds appropriated to the Commission on Higher Education for the Nursing Initiative, the commission shall use the funds
14 to address the nursing shortage. Funds shall be allocated accordingly to the state's public colleges and universities, including
15 technical colleges, that have accredited nursing programs accredited by a national accrediting agency recognized by the United

35 **61.6.** (INDEF: Public Defender Fee) Every person placed on probation on or after July 1, 2003, who was represented by a public

1 by the clerk of court and sent on a monthly basis to the Commission on Indigent Defense. However, if a defendant fails to pay this
2 fee, this failure alone is not sufficient basis for incarceration for a probation violation. This assessment shall be collected and paid
3 over before any other fees.

4 **61.7.** (INDEF: Defense of Indigents Civil Action Application Fee) (A) A person requesting appointment of counsel in any
5 termination of parental rights (TPR), abuse and neglect, or any other civil court action in this state shall execute an affidavit that the
6 person is financially unable to employ counsel and that affidavit shall set forth all of the person's assets. This affidavit must be
7 completed before counsel may be appointed. If it appears that the person has some assets but they are insufficient to employ private

11 that they are financially unable to employ counsel. The person may apply to the court, the clerk of court, or other appropriate official

18 administered by the Commission on Indigent Defense. The clerk of court or other appropriate official shall maintain a record of all
19 persons applying for representation and the disposition of the application and shall provide this information to the Commission on
20 Indigent Defense on a monthly basis as well as reporting the amount of funds collected or waived.

21 (C) In matters in which a juvenile is brought before a court, the parents or legal guardian of such juvenile shall execute the above

23 or legal guardians of said juvenile, shall be advised in writing of this requirement at the earliest stage of the proceedings against said
24 juvenile.

25 (D) Nothing contained above shall restrict or hinder a court from appointing counsel in any emergency proceedings or where
26 existing statutes do not provide sufficient time for an individual to complete the application process.

27 (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is
28 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a
29 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

30 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing
31 of a claim shall not constitute a lien against real or personal property of the person unless, in the discretion of the court, part or all of
32 such claim is reduced to judgment by appropriate order of the court, after serving the person with at least thirty days' notice that
33 judgment will be entered. When a claim is reduced to judgment, it shall have the same effect as judgments, except as modified by
34 this provision.

24 obligation is subject to the availability or appropriation of funds. The report should exclude the following: (1) general obligation
25 debt authorized under Section 13, Article X of the Constitution of South Carolina, 1895, and debt issued by the state institution under
26 Section 13, Article X of the Constitution of South Carolina, 1895, but not debt issued under Section 13 or 14 of Article X on its
27 behalf or for its benefit; and (2) an institution's obligation to make payments when the total amount of money needed for the
28 obligation is committed for that purpose, authorized for expenditure, and in hand.

1 (E) The State Auditor shall conduct the study and issue a final report no later than one hundred and twenty days after the beginning
2 of the current fiscal year. State institutions must fully respond within forty-five days to any formal request for information from the
3 State Auditor. If, in the State Auditor's judgment, a state institution does not timely submit a complete and accurate report, he may

29 Public Employee Benefit Authority.

30 **108.2.** (PEBA: Adoption Assistance Program) The Employee Adoption Assistance Program is established to provide grants to
31 eligible employees to assist them with the direct costs of adoption. The program shall be an employee benefit through the Public

13 immediate abortion to avert the risk of her death or for which a delay will create serious risk of substantial and irreversible impairment
14 of major bodily function, and the State Health Plan may not offer coverage for abortion services, including ancillary services provided
15 contemporaneously with abortion services. The Public Employee Benefit Authority must determine the amount of the total premium
16 paid for health coverage necessary to cover the risks associated with reimbursing participants in the plan for obtaining an abortion in

11 Health Plan as long as authorized under the court order and the subscriber remains a participant in the State Health Plan. This proviso
12 does not affect a subscriber's ability to cover a current spouse on an employee/retiree and spouse or full family policy when the
13 subscriber's former spouse is covered on a separate policy.

14 **108.12.** (PEBA: COVID-19 Return to Work Extension) For Fiscal Year ~~2022-23~~ 2023-24, the earnings limitation imposed

18 Gray Opportunity School shall remit all revenues and income, collected at the respective institutions, to the State Treasurer according
19 to the terms of Proviso 117.1 of this act, but all such revenues or income so collected, except fees received as regular term tuition,
20 matriculation, and registration, shall be carried in a special continuing account by the State Treasurer, to the credit of the respective
21 institutions, and may be requisitioned by said institutions, in the manner prescribed in Section 11-3-185 of the 1976 Code, and
22 expended to fulfill the purpose for which such fees or income were levied, but no part of such income shall be used for permanent
23 improvements without the express written approval of the State Fiscal Accountability Authority and the Joint Legislative Capital
24 Bond Review Committee; and it is further required that no such fee or income shall be charged in excess of the amount that is
25 necessary to supply the service, or fulfill the purpose for which such fee or income was charged. Notwithstanding other provisions
26 of this act, funds at state institutions of higher learning derived wholly from athletic or other student contests, from the activities of
27 student organizations, and from the operations of canteens and bookstores, and from approved Private Practice plans at institutions
28 and affiliated agencies may be retained at the institution and expended by the respective institutions only in accord with policies
29 established by the institution's Board of Trustees. Such funds shall be audited annually by the State but the provisions of this act
30 concerning unclassified personnel compensation, travel, equipment purchases and other purchasing regulations shall not apply to the
31 use of these funds.

32 **117.9.** (GP: Transfers of Appropriations) Agencies and institutions shall be authorized to transfer appropriations within programs
33 and within the agency with notification to the Executive Budget Office and Comptroller General. No such transfer may exceed
34 twenty percent of the program budget. Upon request, details of such transfers may be provided to members of the General Assembly
35 on an agency by agency basis. Transfers of appropriations from personal service accounts to other operating accounts or from other

1 operating accounts to personal service accounts may be restricted to any established standard level set by the State Fiscal
2 Accountability Authority upon formal approval by a majority of the members of the State Fiscal Accountability Authority.

3 **117.10.** (GP: Federal Funds - DHEC, DSS, DHHS - Disallowances) Amounts appropriated to the Department of Health and
4 Environmental Control, Department of Social Services and Department of Health and Human Services may be expended to cover
5 program operations of prior fiscal years where adjustment of such prior years are necessary under federal regulations or audit
6 exceptions. All disallowances or notices of disallowances by any federal agency of any costs claimed by these agencies shall be
7 submitted to the State Auditor, the Senate Finance Committee and the House Ways and Means Committee, within five days of receipt
8 of such actions.

9 **117.11.** (GP: Fixed Student Fees) During the current fiscal year, student fees at the state institutions of higher learning shall be
10 fixed by the respective Boards of Trustees as follows:

11 (1) Fees applicable to student housing, dining halls, student health service, parking facility, laundries and all other personal
12 subsistence expenses shall be sufficient to fully cover the total direct operating and capital expenses of providing such facilities and
13 services over their expected useful life except those operating or capital expenses related to the removal of asbestos.

14 (2) Student activity fees may be fixed at such rates as the respective Boards shall deem reasonable and necessary.

15 **117.12.** (GP: Tech Educ. Colleges Student Activity Fees) Notwithstanding any other provisions of this act, funds at technical
16 education colleges derived wholly from the activities of student organizations and from the operations of canteens and bookstores
17 may be retained by the college and expended only in accord with policies established by the respective college's area commission
18 and approved by the State Board for Technical and Comprehensive Education.

19 **117.13.** (GP: Discrimination Policy) It is the policy of the State of South Carolina to recruit, hire, train, and promote employees
20 without discrimination because of race, color, sex, national origin, age, religion or physical disability. This policy is to apply to all
21 levels and phases of personnel within state government, including but not limited to recruiting, hiring, compensation, benefits,
22 promotions, transfers, layoffs, recalls from layoffs, and educational, social, or recreational programs. It is the policy of the State to
23 take affirmative action to remove the disparate effects of past discrimination, if any, because of race, color, sex, national origin, age,
24 religion, or physical disability.

25 Each state agency shall submit to the State Human Affairs Commission employment and filled vacancy data by race and sex by
26 October thirty-first, of each year.

27 In accordance with Section 1-13-110 of the 1976 Code, as amended, the Human Affairs Commission shall submit a report on the
28 status of state agencies' Affirmative Action Plans and Programs to the General Assembly by February first each year. This report
29 shall contain the total number of persons employed in each job group, by race and sex, at the end of the preceding reporting period,
30 a breakdown by race and sex of those hired or promoted from within the agency during the reporting period, and an indication of
31 whether affirmative action goals were achieved. For each job group referenced in the Human Affairs report, where the hiring of
32 personnel does not reflect the percentage goals established in the agency's affirmative action plan for the year in question, the state
33 agency shall submit a detailed explanation to the Human Affairs Commission by February fifteenth, explaining why goals were not
34 achieved.

35 The Human Affairs Commission shall review the explanations and notify the Department of Administration of any agency not in
36 satisfactory compliance with meeting its stated goals.

1 The Department of Administration shall notify any agency not in compliance that their request for additional appropriations for
2 the current appropriation cycle, may not be processed until such time as the Department of Administration, after consultation with
3 the Human Affairs Commission, is satisfied that the agency is making a good faith effort to comply with its affirmative action plan,
4 and that the compliance must be accomplished within a reasonable length of time to be determined by the mission and circumstances
5 of the agency. This requirement shall not affect additional appropriation requests for public assistance payments or aid to entities.
6 This section does not apply to those agencies that have been exempted from the reporting requirements of the Human Affairs
7 Commission.

8 **117.14.** (GP: FTE Management) In order to provide the necessary control over the number of employees, the Executive Budget
9 Office is hereby directed to maintain close supervision over the number of state employees, and to require specifically the following:

10 (1) That no state agency exceed the total authorized number of full-time equivalent positions and those funded from state sources
11 as provided in each section of this act except by majority vote of the State Fiscal Accountability Authority.

12 (2) That the Executive Budget Office shall maintain and make, as necessary, periodic adjustments thereto, an official record of
13 the total number of authorized full-time equivalent positions by agency for state and total funding sources.

14 (a) That within thirty days of the passage of the Appropriation Act or by August first, whichever comes later, each agency of
15 the State must have established on the Executive Budget Office records all positions authorized in the Act. Each agency may, upon
16 notification to the Executive Budget Office, change the funding source of state FTE positions established on the Executive Budget
17 Office records as necessary to expend federal and other sources of personal service funds to conserve or stay within the state
18 appropriated personal service funds. No agency shall change funding sources that will cause the agency to exceed the authorized
19 number of state or total full-time equivalent positions. Each agency may transfer FTEs between programs as needed to accomplish
20 the agency mission.

21 (b) That by September thirtieth, the office shall prepare a FTE analysis, by agency, which shows the number of authorized,
22 filled, and vacant positions by source of funds for the current and two previously completed fiscal years. The office shall provide a
23 copy of each agency's FTE analysis to the Senate Finance and House Ways and Means Committees.

24 (3) That full-time equivalent (FTE) positions shall be determined under the following guidelines:

25 (a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.

26 (b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for that
27 position.

28 (c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty with
29 a duration of nine months.

30 The FTE method of accounting shall be utilized for all authorized positions.

31 (4) That the number of positions authorized in this act shall be reduced in the following circumstances:

32 (a) Upon request by an agency.

33 (b) When anticipated federal funds are not made available.

34 (c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions in
35 any state agency.

1 (5) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but
2 temporary positions may be so funded.

3 (6) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation Plan
4 under item I of Section 8-11-260 of the 1976 Code.

5 The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of
6 personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one
7 hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new
8 positions).

9 **117.15.** (GP: Allowance for Residences & Compensation Restrictions) That salaries paid to officers and employees of the State,
10 including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office or of
11 employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for
12 at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The charge
13 for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each agency
14 maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal
15 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical
16 care at the MUSC Medical Center, nor to the Superintendent and staff of the Governor's School for Agriculture at John de la Howe,
17 nor to the cottage parents and staff of Wil Lou Gray Opportunity School, nor to full-time or part-time staff who work after regular
18 working hours in the SLED Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science
19 and Mathematics and the Governor's School for Arts and Humanities who are required to stay on campus by the institution because
20 of job requirements or program participation. Any state institution of higher learning may provide complimentary membership
21 privileges to employees who work at their wellness centers. The presidents of those state institutions of higher learning authorized
22 to provide on-campus residential facilities for students may be permitted to occupy residences on the grounds of such institutions
23 without charge.

24 Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the amount
25 to be approved by the State Fiscal Accountability Authority.

26 That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm Director,
27 Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State Commission of
28 Forestry fire tower operators, forestry aides, and caretaker at central headquarters; the Department of Natural Resources' Wildlife
29 Management Area Personnel, Fish Hatchery Personnel, and Heritage Trust Personnel; Director of Wil Lou Gray Opportunity School;
30 President of the School for the Deaf and the Blind; houseparents for the Commission for the Blind; South Carolina Department of
31 Health and Environmental Control personnel at the State Park Health Facility and Camp Burnt Gin; Residence Life Coordinators at
32 Lander University; Residence Life Directors, temporary and transition employees, student interns, and emergency personnel at
33 Winthrop University; Farm Superintendent at Winthrop University; Residence Hall Directors at the College of Charleston; the
34 Department of Disabilities and Special Needs' physicians and other professionals at Whitten Center, Clemson University
35 Off-Campus Agricultural Staff and Housing Area Coordinators; and TriCounty Technical College's Bridge to Clemson Resident and
36 Area Directors; and housing maintenance night supervisors, residence life directors, temporary and transition employees, and

1 emergency medical personnel occupying residences owned by the University of South Carolina. Except in the case of elected
2 officials, the fair market rental value of any residence furnished to a state employee shall be reported by the state agency furnishing
3 the residence to the Agency Head Salary Commission, and the Department of Administration by October first of each fiscal year.

4 All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan, approved
5 by the Department of Administration, applicable to all personnel of the State Government whose compensation is not specifically
6 fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal service is
7 drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and unclassified
8 employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary adjustment
9 shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire. Academic
10 personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered by the
11 plan may be excluded therefrom but their compensations as approved by the Department of Administration shall, nevertheless, be
12 subject to review by the State Fiscal Accountability Authority. Salary appropriations for employees fixed in this act shall be in full
13 for all services rendered, and no supplements from other sources shall be permitted or approved by the State Fiscal Accountability
14 Authority. With the exception of travel and subsistence, legislative study committees shall not compensate any person who is
15 otherwise employed as a full-time state employee. Salaries of the heads of all agencies of the State Government shall be specifically
16 fixed in this act and no salary shall be paid any agency head whose salary is not so fixed. As long as there is no impact on appropriated
17 funds, state agencies and institutions shall be allowed to spend public funds and/or other funds for designated employee award
18 programs which shall have written criteria approved by the agency governing board or commission. For purposes of this section,
19 monetary awards, if any, shall not be considered a part of an employee's base salary, a salary supplement, or a perquisite of
20 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the
21 Department of Administration.

22 In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply if
23 the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet
24 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average
25 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging
26 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent
27 paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the
28 close of the calendar year in which the taxable year begins, or, in the case of a rental period not greater than one year, at any time
29 during the calendar year in which the period begins.

30 **117.16.** (GP: Universities & Colleges - Allowance for Presidents) Presidents of the University of South Carolina, Clemson
31 University, the Medical University of South Carolina, The Citadel, Winthrop University, South Carolina State University, Francis
32 Marion University, University of Charleston, Coastal Carolina University and Lander University must not be paid a fixed allowance
33 for personal expenses incurred in connection with the performance of their official duties. Reimbursements may be made to the
34 presidents from funds available to their respective institutions for any personal expenses incurred provided that all requests for
35 reimbursement are supported by properly documented vouchers processed through the normal accounting procedures of the
36 institutions.

1 **117.17.** (GP: Replacement of Personal Property) The Department of Juvenile Justice, Department of Corrections, Department
2 of Probation, Parole and Pardon Services, Department of Mental Health, Department of Disabilities and Special Needs, Continuum
3 of Care, Department of Social Services and School for the Deaf and the Blind may replace the personal property of an employee
4 which has been damaged or destroyed by a client while in custody of the agency. The replacement of personal property may be
5 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head
6 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry
7 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per
8 incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

9 **117.18.** (GP: Business Expense Reimbursement) Agency heads and deputy commissioners or deputy directors designated by
10 agency heads may receive reimbursements for business expenses incurred while performing their official duties, provided that
11 receipts are presented when seeking reimbursement and justification is submitted to document the time, place, and purpose of the
12 expense as well as the names of the individuals involved. The Department of Administration shall promulgate regulations governing
13 these expenses.

14 **117.19.** (GP: Per Diem) The per diem allowance of all boards, commissions and committees shall be at the rate of \$50 per day.
15 No full-time officer or employee of the State shall draw any per diem allowance for service on such boards, commissions, or
16 committees.

17 **117.20.** (GP: Travel - Subsistence Expenses & Mileage) Travel and subsistence expenses, whether paid from state appropriated,
18 federal, local or other funds, shall be allowed in accordance with the following provisions:

19 (A) Unless otherwise provided in paragraphs B through H of this section, all employees of the State of South Carolina or any
20 agency thereof including employees and members of the governing bodies of each technical college while traveling on the business
21 of the State shall, upon presentation of a paid receipt, be allowed reimbursement for actual expenses incurred for lodging, not to
22 exceed the current maximum lodging rates, excluding taxes, established by the U.S. General Services Administration. The lodging
23 reimbursement for employees of a school district must also conform to these rates when that employee's travel reimbursement is
24 paid by state funds that are transferred to the school district. Agencies may contract with lodging facilities to pay on behalf of an
25 employee. Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority
26 by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the
27 obtaining of meals except that such costs shall not exceed \$35 per day within the State of South Carolina. For travel outside of South
28 Carolina the maximum daily reimbursement for meals shall not exceed \$50. Agencies may contract with food or dining facilities to
29 pay for meals on behalf of employees in accordance with rules and regulations established by the Office of Comptroller General. It
30 shall be the responsibility of the agency head to monitor the charges for lodging which might be claimed by his employees in order
31 to determine that such charges are following maximum lodging rates as established by the U.S. General Services Administration.
32 Any exceptions must have the written approval of the agency head, taking into consideration location, purpose of travel or other
33 extenuating circumstances. The provisions of this item shall not apply to Section 42-3-40 of the 1976 Code, and when pertaining to
34 institutions of higher learning, for travel paid with funds other than General Funds.

2 General, Superintendent of Education and the Commissioner of Agriculture shall be reimbursed actual expenses for subsistence.

3 (D) Non-legislative members of committees appointed pursuant to Acts and Resolutions of the General Assembly whose
4 membership consists solely of members of the General Assembly or members of the General Assembly and other personnel who are
5 not employees of the State of South Carolina shall be allowed subsistence expenses of \$42 per day while traveling on official business,
6 unless otherwise designated by law. Members of such committees may opt to receive actual expenses incurred for lodging and actual
7 expenses incurred in the obtaining of meals in lieu of the allowable subsistence expense.

8 (E) Members of the state boards, commissions, or committees whose duties are not full-time and who are paid on a per diem
9 basis, shall be allowed reimbursement for actual expenses incurred at the rates provided in paragraph A and I of this section while
10 away from their places of residence on official business of the State. One person accompanying a handicapped member of a state
11 board, commission, or committee on official business of the State shall be allowed the same reimbursement for actual expenses
12 incurred at the rates provided in paragraph A through I of this section.

13 (F) No subsistence reimbursement shall be allowed to a Justice of the Supreme Court or Judge of the Court of Appeals while
14 traveling in the county of his official residence. When traveling on official business of said court within fifty miles outside the county
15 of his official residence, a Supreme Court Justice and a Judge of the Court of Appeals shall be allowed subsistence expenses in the
16 amount of \$42 per day plus such mileage allowance for travel as is provided for other employees of the State. When traveling on
17 official business of said court fifty or more miles outside the county of his official residence, each Justice and Judge of the Court of
18 Appeals shall be allowed subsistence expenses in the amount as provided in this act for members of the General Assembly plus such
19 mileage allowance for travel as is provided for other employees of the State. The Chief Justice, or such other person as the Chief
20 Justice designates, while attending the Conference of Chief Justices and one member of the Supreme Court while attending the
21 National Convention of Appellate Court Judges, and three Circuit Judges while attending the National Convention of State Trial
22 Judges shall be allowed actual subsistence and travel expenses.

23 Upon approval of the Chief Justice, Supreme Court Justices, Judges of the Court of Appeals, Circuit Judges, and Family Court
24 Judges shall be reimbursed for actual expenses incurred for all other official business requiring out-of-state expenses at the rate
25 provided in paragraph A of this section.

26 (G) No subsistence reimbursements are allowed to a Circuit Judge, a Family Court Judge, or an Administrative Law Judge while
27 holding court within the county in which he resides. While holding court or on other official business outside the county, within
28 fifty miles of his residence, a Circuit Court Judge, Family Court Judge, or an Administrative Law Judge is entitled to a subsistence
29 allowance in the amount of \$42 per day plus such mileage allowance for travel as is provided for other employees of the State. While
30 holding court or on other official business at a location fifty miles or more from his residence, a Circuit Court, Family Court or
31 Administrative Law Judge is entitled to a subsistence allowance in the amount as provided in this act for members of the General
32 Assembly plus such mileage allowance for travel as is provided for other employees of the State.

33 (H) Any retired Justice, Circuit Court Judge or Family Court Judge or Master-in-Equity appointed by the Supreme Court to serve
34 as a Special Circuit Judge, Family Court Judge, Appeals Court Judge, or Acting Associate Justice shall serve without pay but shall
35 receive the same allowance for subsistence, expenses, and mileage as provided in Part I for Circuit Court Judges.

1 (I) No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by
2 which he is employed except as provided in paragraph E, of this section. When an employee is assigned to work a particular territory
3 or district, and such territory or district and his official headquarters are in different localities or sections of the State, expenses may
4 be allowed for the necessary travel to his official headquarters. The members of the Workers' Compensation Commission may be
5 reimbursed at the regular mileage rate of one round trip each week from their respective homes to Columbia. No subsistence
6 reimbursement shall be allowed to a member of the Workers' Compensation Commission while traveling in the county of his official
7 residence. When traveling on official business of the commission outside the county of his official residence, a member of the
8 Workers' Compensation Commission shall be allowed subsistence expenses in the amount of \$42 per day. When traveling on official
9 business of the commission fifty or more miles outside the county of his official residence, each member shall be allowed a
10 subsistence allowance in the amount as provided in this act for members of the General Assembly. When out-of-state, members of
11 the Workers' Compensation Commission and the members of the Appellate Panel of the Department of Employment and Workforce
12 may claim the established amount of per diem, as stated in the General Appropriation Act, or actual expenses as deemed reasonable
13 by the Comptroller General. The members of the Appellate Panel of the Department of Employment and Workforce may be
14 reimbursed at the regular mileage rate when the member is on official business fifty miles or more outside of Columbia. The members
15 of the Appellate Panel of the Department of Employment and Workforce shall be allowed subsistence allowance in the amount as
16 provided in this act for members of the General Assembly when the member is on official business fifty miles or more outside of
17 Columbia.

18 (J) When an employee of the State shall use his or her personal automobile in traveling on necessary official business, a charge
19 to equal the standard business mileage rate as established by the Internal Revenue Service will be allowed for the use of such
20 automobile and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this
21 calculation shall be the current rate established by the Internal Revenue Service. Whenever state provided motor pool vehicles are
22 reasonably available and their use is practical and an employee of the State shall request for his own benefit to use his or her personal
23 vehicle in traveling on necessary official business, a charge of four cents per mile less than the standard business mileage rate as
24 established by the Internal Revenue Service will be allocated for the use of such vehicle and the employee shall bear the expense of
25 supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the
26 Internal Revenue Service. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep
27 thereof but no mileage will be allowed. Agencies and employees are directed to use state fueling facilities to the maximum extent
28 possible, when such use is cost beneficial to the State. When using commercial fueling facilities, operators of State-owned vehicles
29 are directed to use self-service pumps. In traveling on the business of the State, employees are required to use the most economical
30 mode of transportation, due consideration being given to urgency, schedules and like factors.

31 Mileage between an employee's home and his/her place of employment is not subject to reimbursement. However, when an
32 employee leaves on a business trip directly from his/her home, and does not go by the employee's headquarters, the employee shall
33 be eligible for reimbursement for actual mileage beginning at his/her residence.

34 (K) That a state agency may advance travel and subsistence expense monies to employees of that agency for the financing of
35 ordinary and necessary travel required in the conducting of the business of the agency. The Office of Comptroller General is directed
36 to develop and publish rules and regulations pertaining to the advancing of travel expenses and no state agency shall make such

1 advances except under the rules and regulations as published. All advances for travel and subsistence monies shall be repaid to the
2 agency within thirty days after the end of the trip or by July fifteenth, whichever comes first.

3 (L) That the state institutions of higher learning are authorized to reimburse reasonable relocation expenses for new employees
4 when such reimbursements are considered by the agency head to be essential to successful recruitment of professionally competent
5 staff members.

6 (M) The Office of Comptroller General is authorized to promulgate and publish rules and regulations governing travel and
7 subsistence payments.

8 (N) No state funds may be used to purchase first class airline tickets.

9 **117.21.** (GP: Organizations Receiving State Appropriations Report). Each state agency receiving funds that are a direct
10 appropriation to a non-profit organization, prior to disbursing the funds, shall require from each recipient organization a plan of how
11 the state funds will be spent and how the expenditures will provide a public benefit. The Executive Budget Office, Department of
12 Administration shall provide each state agency with a standard form for collecting the information required. After receiving the
13 funds, non-profit organizations shall provide quarterly spending updates to the respective state agency. After all state funds have
14 been expended, each organization shall provide an accounting of how the funds were spent. State agencies receiving funds pursuant
15 to this provision shall report the information collected to the Executive Budget Office, the Chairman of the Senate Finance
16 Committee, and the Chairman of the House Ways and Means Committee by June 30th. No funds in this act shall be disbursed to
17 organizations or purposes which practice discrimination against persons by virtue of race, creed, color or national origin.

18 **117.22.** (GP: State-Owned Aircraft - Flight Logs) Each agency having in its custody one or more aircraft shall maintain a
19 continuing log on all flights, which in order to promote accountability and transparency shall be open for public inspection and shall
20 also be posted online. Any and all aircraft owned or operated by agencies of the State Government shall be used only for official
21 business. The Division of Aeronautics and other agencies owning and operating aircraft may furnish transportation to the Governor,
22 Constitutional Officers, members of the General Assembly, members of state boards, commissions, and agencies and their invitees
23 for official business only; no member of the General Assembly, no member of a state board, commission, or committee, and no state
24 official shall use any state-owned or operated aircraft unless the member or official files within twenty-four hours after the completion
25 of the flight with the agency that provided the flight a sworn statement certifying and describing the official nature of his trip; and
26 no member of the General Assembly, no member of a state board, commission or committee, and no state official shall be furnished
27 air transportation by a state agency unless such agency prepares and maintains in its files a sworn statement from the highest ranking
28 official of the agency or its designee certifying that the member's or state official's trip was in conjunction with the official business
29 of the agency. Official business shall not include routine transportation to and from meetings of the General Assembly or committee
30 meetings for which mileage is authorized. Official business also does not include attending a press conference, bill signing, or
31 political function.

32 All logs shall be signed by the parties using the flight and the signatures shall be maintained as part of the permanent record of
33 any agency. All passengers shall be listed on the flight log by their legal name; passengers flying with an appropriate official of
34 SLED or the Department of Commerce whose confidentiality must, in the opinion of SLED or the department, be protected shall be
35 listed in writing on the flight log as "Confidential Passenger SLED or the Department of Commerce (strike one)" and the appropriate

1 official of SLED or the department shall certify to the agency operating the aircraft the necessity for such confidentiality. The
2 Division of Aeronautics shall post its flight logs on its website within one working day of completion of trips.

3 Violation of the above provisions of this section is prima facie evidence of a violation of Section 8-13-700(A) of the 1976 Code
4 and shall subject a violating member of the General Assembly to the ethics procedure of his appropriate house and shall subject a
5 violating member of a state board, commission or committee, or a state official to the applicable ethics procedure relating to them as
6 provided by law. The above provisions do not apply to state-owned or operated aircraft when used by the Medical University of
7 South Carolina, nor to aircraft of the athletic department or the educational foundations of any state-supported institution of higher
8 education, nor to law enforcement officers when flying on state-owned aircraft in pursuit of fugitives, missing persons, or felons or
9 for investigation of gang, drug, or other violent crimes.

10 Aircraft owned by agencies of state government shall not be leased to individuals for their personal use.

9 **117.98.** (GP: Data Breach Notification) (A) An agency of this State owning or licensing computerized data or other data that
10 includes personal identifying information shall disclose any breach of the security of the system following discovery or notification
11 of the breach in the security of the data to any resident of this State whose personal identifying information was, or is reasonably
12 believed to have been, acquired by an unauthorized person. In determining whether information has been acquired, or is reasonably
13 believed to have been acquired, by an unauthorized person or a person without valid authorization, the agency may consider the
14 following factors, among others:

15 (1) indications that the information is in the physical possession and control of an unauthorized person, such as a lost or stolen
16 computer or other device containing information;

17 (2) indications that the information has been viewed, downloaded, or copied; or

18 (3) indications that the information was used by an unauthorized person, such as fraudulent accounts opened or instances of

24 unreasonable delay; however, the notification required by this section may be delayed if a law enforcement agency determines that
25 the notification impedes a criminal investigation and must be made after the law enforcement agency determines that it no longer
26 compromises the investigation. A delay in notification shall not exceed seventy-two hours after discovery, unless the agency requests
27 and the attorney general grants, in writing, additional delays of up to seventy-two hours each upon a determination that such
28 notification impedes a criminal investigation.

16 issued by a governmental or regulatory entity that uniquely will identify an individual.

17 The term does not include information that is lawfully obtained from publicly available information, or from federal, state, or local

21 patients;

22 (2) being responsive to changes in federal law, regulation, or policy that improve access to care and/or associated
23 reimbursement, particularly where related to the treatment of patients in Institutions for Mental Disease (IMDs);

24 (3) being economical in its approach, so as to obtain the greatest value possible for each state taxpayer dollar; and

25 (4) ensuring that the statewide system for the delivery of behavioral health services complies with the requirements of Section
26 44-9-90(7) of the 1976 Code.

27 (B) With the support of the Department of Mental Health, the Department of Health and Human Services shall undertake an effort
28 to assess existing gaps in coverage for or the supply of inpatient psychiatric care, crisis stabilization, and other inpatient or outpatient
29 behavioral health services. Based upon this assessment, the Department of Health and Human Services shall establish, or with the
30 full cooperation of any other requested state agency, request the establishment of coverage and reimbursement policies that it deems
31 necessary to address existing deficiencies and bring about a more comprehensive and effective continuum of behavioral health care
32 in South Carolina. Priorities for this effort may be piloted on a regional basis and shall include, but not be limited to:

33 (1) increasing the number of beds available to provide inpatient psychiatric care, with emphasis on communities with the
34 greatest current need, and using the appropriate combination of new construction, augmentation or reconfiguration of existing
35 facilities, or contracting with psychiatric or acute care hospitals to obtain short-term capacity;

- 1 (2) establishing crisis stabilization beds and services to provide needed short-term medication, counseling, and other support in
2 previously unserved areas of the State, working toward the goal of having such services available within a 90-minute drive of each
3 South Carolinian, and with coverage and reimbursement being funded through Medicaid for its beneficiaries or through the
4 Department of Mental Health for indigent care, regardless of the provider of these services;
- 5 (3) formalizing and expanding the coverage of claims-based mobile crisis stabilization services that offer rapid and intensive
6 interventions intended to stabilize individuals at the sites of behavioral health crises;
- 7 (4) developing one or more regional dedicated psychiatric emergency departments, operating twenty-four hours per day, seven
8 days per week to effectively evaluate and triage patients experiencing acute behavioral health emergencies;
- 9 (5) developing effective referral and discharge strategies and engaging with existing community providers to ensure that
10 sufficient outpatient services, case management services, and standards of care are in place;
- 11 (6) leveraging and building upon existing telehealth capacity to support and extend outpatient services; and
- 12 (7) promoting the development of in-state treatment options for specific behavioral health conditions for which patients are
13 routinely placed out-of-state due to an insufficiency of treatment options or settings in South Carolina.
- 14 (C) The Executive Director of the Public Employee Benefit Authority shall be encouraged to consult with the Director of the
15 Department of Health and Human Services to make appropriate coverage and reimbursement policy changes to ensure proper access
16 to behavioral health services for covered beneficiaries.
- 17 (D) The Data Oversight Council, established pursuant to Section 44-6-170 of the 1976 Code, shall undertake whatever rulemaking
18 is necessary to ensure that the data on the utilization of crisis stabilization units are collected in a manner generally consistent with
19 the requirements for general acute care hospitals and specialized hospitals, so that the effectiveness of these services may be properly
20 evaluated. The Data Oversight Council, Department of Health and Environmental Control, and any other state agency shall, upon
21 the request of and in the format specified by the Department of Health and Human Services, furnish information on behavioral health
22 service demand, utilization, or financing needed to facilitate the implementation of this provision.
- 23 (E) With the support of the Director of the Department of Mental Health, the Director of the Department of Alcohol and Other
24 Drug Abuse Services, and any other identified agency head, the Director of the Department of Health and Human Services shall
25 evaluate opportunities to improve and/or coordinate treatment capacity for individuals diagnosed with substance use disorder and/or
26 serious mental illness including, but not limited to, options established pursuant to Sections 1115, 1915(I), and/or 1947 of the Social
27 Security Act or made available to states by the Centers for Medicare and Medicaid Services through State Medicaid Director Letters
28 17-003, 18-011, or 19-0003.
- 29 (F) In consultation with the Department of Juvenile Justice and the Department of Mental Health, the Department of Health and
30 Human Services shall ensure that access to “no eject, no reject” services is restored for children and adolescents requiring care in a
31 private residential treatment facility.
- 32 (G) To ensure that individuals requiring behavioral health services are protected from unexpected or excessive billings, the
33 Department of Mental Health shall examine ways to convert state-funded or DSH-funded indigent care to a sustainable
34 reimbursement model that improves access to behavioral health treatment while potentially reducing uncompensated care levels and
35 the department’s reliance on state funds. In the current fiscal year, the department shall report to the Chairmen of the Senate Finance

1 Committee and the House Ways and Means Committee on the results of this examination and the actions taken to address any
2 findings. The department also shall:

3 (1) contract for an exhaustive independent review of its entire revenue cycle, to eliminate inefficiencies and improve business
4 processes, ensure that bills are produced on a timely and accurate basis, and assess and maximize the proportion of the time during
5 which the department's clinicians and providers are rendering chargeable treatment services to the State's citizens; and

6 (2) ensure its immediate and ongoing compliance with the hospital price transparency rules established at 45 C.F.R. Part 180,
7 and also meet its obligation to provide certain patients with good faith estimates as required by the No Surprises Act, P.L. 116-260,
8 and subsequent regulation.

9 (H) With the support and participation of the Department of Education and the Department of Mental Health, and with the intent
10 of assuring access to behavioral health services to every student in the State through either a public or private provider, the
11 Department of Health and Human Services must lead a comprehensive effort to improve access to and the quality of school-based
12 behavioral health services in South Carolina, while identifying and taking steps to address community-level disparities in the
13 availability of this care. This effort shall include, but not be limited to:

14 (1) the performance of a comprehensive review of Medicaid and non-Medicaid school-based behavioral health services in
15 South Carolina, including an assessment of the availability of such services and the identification of any barriers to access, such as
16 coverage and reimbursement rules, billing practices, other insurer policies, state agency, school district rules or procedures, or
17 provider shortages;

18 (2) a revisitation of existing coverage policies for medically necessary services provided to children, including those with or
19 without a disability determination, and whether those services are or are not required by a child's individualized education plan or
20 individualized family services plan, whether they do or do not arise from a referral under the Early and Periodic Screening,
21 Diagnostic, and Treatment program, and in the context of State Medicaid Director Letter 14-006;

22 (3) the rescission of any Medicaid or PEBA policies that deny coverage, solely on the basis that those services are being
23 provided within a school or through a telehealth encounter that originates in a school, of medically necessary outpatient services that
24 have been furnished to eligible children by enrolled and qualified providers;

25 (4) the issuance of any new Medicaid policies needed to durably enshrine any appropriate telehealth coverage that had been
26 authorized on a temporary basis during the public health emergency;

27 (5) a review of statewide and school district-level policies and practices relating to suicide risk referral protocols and behavioral
28 health training for student-facing personnel in schools; and

29 (6) reporting to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee
30 on any other relevant potential policy changes that the Director of the Department of Health and Human Services believes would
31 advance the intent of this provision, but which would have a fiscal impact that is sufficiently substantial to require the General
32 Assembly's direct consideration in the future.

33 (I) The Department of Health and Human Services is authorized to establish programs and/or fund in whole or in part, including
34 through the potential use of CHIP Health Services Initiatives, various pilot projects or other initiatives that are intended to develop
35 the health care workforce in South Carolina. Such efforts must be targeted toward current or future providers who demonstrate, by
36 whatever means is selected by the department, commitments to remaining in-state and including Medicaid beneficiaries among their

1 patients. The development of the behavioral health workforce shall be prioritized, although the department may also address other
2 provider classes, such as respiratory therapists, for which shortages have been highlighted and/or exacerbated by the public health
3 emergency. Further consideration also should be given to attracting additional qualified preceptors and increasing opportunities for
4 clinical rotations. The department may partner with or enlist the support of the Technical College System, Area Health Education
5 Centers, and/or Student Loan Corporation in designing or administering these programs and, where appropriate, is encouraged to
6 structure them as public-private partnerships in conjunction with the state's hospital and health systems and other key employers of
7 health providers.

8 (J) If either the Director of the Department of Mental Health or the Director of the Department of Health and Human Services
9 finds that state personnel and/or procurement rules are limiting his ability to fulfill the intent of this provision, he shall notify the
10 State Fiscal Accountability Authority of this in writing and request whatever exemptions are necessary to ensure that clinical staff
11 may be recruited, retained, and/or contracted for so as to provide greater access to behavioral health treatment.

12 (K) In consultation with the Department of Mental Health, the Department of Health and Human Services shall assess the
13 feasibility of, and if warranted, take steps to establish or obtain through grant, contract, subscription, or other procurement, a statewide
14 system for the near-real time tracking of in-patient psychiatric hospital beds and crisis stabilization beds. This system should be
15 generally designed to draw data from providers' existing electronic medical record systems and make summary-level data available
16 to authorized users within state agencies, participating provider organizations, and any others to be specified by the Department of
17 Health and Human Services, for the purposes of managing critical resources and ensuring that patients may be promptly treated in
18 the most effective and clinically appropriate setting. To protect patient privacy and ensure HIPAA compliance, the system may only
19 collect information on the types, counts, and availability of beds, or other categorical or aggregated information, as opposed to
20 individually identifying patient details. In partnership with the following named agencies, the Department of Health and Human
21 Services may also explore and pursue the use of such a system:

22 (1) to meet the emergency preparedness and disaster recovery requirements of the Department of Health and Environmental
23 Control and the Emergency Management Division that are currently met by the Bed Availability Report Tracking system; and/or

24 (2) to augment or replace the capabilities of the Department on Aging's GetCareSC website.

25 (L) From the funds appropriated to or otherwise made available to it, the Department of Health and Human Services is authorized
26 to procure, enter into contracts and agreements, offer grants, and otherwise expend funds as well as establish demonstration projects
27 in one or more areas of the state to encourage and promote necessary infrastructure and investment to achieve the objectives set out
28 in this provision. The department shall develop policies and procedures as necessary to assure accountability in the expenditure of
29 these funds and apply for federal matching funds when appropriate and available. The department shall report annually to the Senate
30 Finance Committee and the House Ways and Means Committee on all expenditures made under this provision.

32 Regulation 61-125 without being owned or operated by the Department of Mental Health.

20 **117.155.** (GP: Job Order Contracting Pilot Program) For the current fiscal year, the Division of Procurement Services of the State
21 Fiscal Accountability Authority may pilot test a job order contracting method at the request and on behalf of up to six governmental
22 bodies or public procurement units consisting of two state agencies and four school districts by entering into job order contracts to
23 acquire construction services when the exact time or exact quantities of future jobs are not known at the time of contract award. The
24 State Engineer must approve, in his sole discretion, which governmental bodies and public procurement units may participate in the
25 pilot project. Procurement Services may enter into job order contracts with up to four businesses for each governmental body or
26 public procurement unit for each licensing classification and sub-classification for construction. The job order contracts must
27 terminate twenty-four months after award.

28 For purposes of this provision, the term “job order contract” means a contract that provides for the issuance of job orders for the
29 performance of construction, renovation, and repair work, where contractors propose an adjustment factor or factors to be applied to
30 a catalog of preset unit prices calculated using local prevailing wage rates, local equipment, and local material costs, and where
31 individual job orders are issued to the awarded contractors on an as-needed basis and the price paid for the work is a lump sum of
32 the preset unit prices needed to complete the job order multiplied by the quantity required multiplied by the adjustment factor.

33 For purposes of the pilot project, an individual project using job orders may not exceed five hundred thousand dollars and the sum
34 of all individual job orders may not exceed four million dollars per contract. Work may not be divided artificially in order to avoid
35 these limits. A single project must not be performed using job order contracts in combination with contracts awarded pursuant to
36 Section 11-35-1550 of the 1976 Code.

1 For purposes of the pilot project, a job order must clearly specify all tasks to be performed or property to be delivered under the
 2 order so the full price for the performance of the work can be established when the order is placed. All job orders must be issued on
 3 a fixed-price basis. All job orders must be issued within the period of the contract and must be within the scope and maximum value
 4 of the contract. Each job order shall provide an itemized list of each construction tasks required to complete the work with the task's
 5 associated unit price and applied adjustment factor. Each job order proposal shall be certified as contract compliant by a reviewer
 6 independent of the contractor.

7 Any solicitation for a job order contract must include the following: (1) the period of the contract; (2) the maximum dollar value
 8 of the services to be procured under the contract; (3) the maximum dollar value of the services to be procured under a single job
 9 order; (4) a description that reasonably describes the licensing classification and the general scope, nature, complexity, and purposes
 10 of the services to be procured under the contract in a manner that will enable a prospective bidder to decide whether to submit a bid;
 11 (5) the procedures that the governmental body will use for issuing job orders for the pilot program; (6) if applicable, the geographic
 12 area to which the job order contract applies; ordinarily, a geographically contiguous area should not be subdivided; and (7) the
 13 number of job order contracts to be awarded.

19 unauthorized acquisition of another's personal identifying information to obtain financial resources or other products, benefits or
20 services; and identity theft resolution services means products and services designed to assist persons whose personal identifying
21 information, as defined by Section 16-13-510(D), was obtained by a third party, whereby minimizing the effects of the identity fraud
22 or identity theft incident and restoring the person's identity to pre-theft status.

23 (B) The deduction provided in (A) is only allowed for taxpayers that filed a return with the Department of Revenue for any taxable
24 year after 1997 and before 2013, whether by paper or electronic transmission, or any person whose personally identifiable information
25 was contained on the return of another eligible person, including minor dependents.

26 (C) By March fifteenth of each year, the department shall issue a report to the Governor and the General Assembly detailing the
27 number of taxpayers claiming the deduction allowed by this item in the most recent tax year for which there is an accurate figure,
28 and the total monetary value of the deductions claimed pursuant to this item in that same year.

29 (D) The department shall prescribe the necessary forms to claim the deduction allowed by this section. The department may
30 require the taxpayer to provide proof of the actual costs and the taxpayer's eligibility.

31 **118.11.** (SR: Tobacco Settlement) (A) To the extent funds are available from payments received on behalf of the State by the
32 Tobacco Settlement Revenue Management Authority from the Tobacco Master Settlement Agreement ("MSA") in the current fiscal
33 year, the State Treasurer is authorized and directed, after transferring funds sufficient to cover the operating expenses of the Authority,
34 to transfer the remaining funds as follows:

1 (1) \$1,253,000 to the Attorney General's Office for Diligent Enforcement and Arbitration Litigation; \$450,000 to the State
2 Law Enforcement Division for Diligent Enforcement; and \$325,000 to the Department of Revenue for Diligent Enforcement, all to
3 enforce Chapter 47 of Title 11, the Tobacco Escrow Fund Act;

4 (2) The Attorney General's Office shall maintain a balance of \$1,253,000 in a fund for future tobacco arbitration. Attorney
5 General funds in excess of \$1,253,000 may be utilized for information technology expenses and building infrastructure upgrades.
6 These funds may be carried forward from the prior fiscal year into the current fiscal year and utilized for the same purpose; and

7 (3) The remaining balance shall be transferred to a restricted account authorized solely for use by the Department of Health
8 and Human Services for the Medicaid program. Earnings on this fund must be credited to the fund and balances may be carried
9 forward from the prior fiscal year for the same purpose.

10 (B) The requirements of Section 11-11-170 of the 1976 Code shall be suspended for the current fiscal year.

11 **118.12.** (SR: One Dollar Appropriations) Funds appropriated in the amount of one dollar by this act shall not be disbursed. The
12 Comptroller General shall adjust the affected agency's chart of accounts accordingly, if necessary.

13 **118.13.** (SR: Non-recurring Litigation Recovery Revenue) During the current fiscal year, if there is a recovery or an award in
14 any litigation managed by the State through a party other than the Attorney General, or if a state tax audit results in a collection, any
15 funds received in excess of twenty-five million dollars that are not likely to continue as recurring revenue and would have otherwise
16 been credited to the General Fund shall be credited to the Litigation Recovery Account. The amount credited to this Litigation
17 Recovery Account pursuant to this provision is deemed non-recurring revenue and must be expended only in the manner prescribed
18 by law.

19 **118.14.** (SR: Farm Aid) There is created the 'South Carolina Farm Aid Fund'. This fund is separate and distinct from the general
20 fund of the State and all other funds. Earnings on this fund must be credited to it. Revenues credited to this fund in a fiscal year
21 must be used in that fiscal year to operate a grant program that provides financial assistance to farmers.

22 To be eligible for a grant, the person must have:

23 (1) experienced a verifiable loss of agricultural commodities of at least thirty percent as a result of the flooding occurring in the
24 aftermath of Hurricanes Michael and Florence for which:

25 (a) the Governor declared a state of emergency in the State for the county in which the farm is located; and

26 (b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm is
27 located;

28 (2) a farm number issued by the Farm Service Agency;

29 (3) signed an affidavit, under penalty of perjury, certifying that each fact of the loss presented by the person is accurate; and

30 (4) a signed affidavit, under penalty of perjury, certifying that no federal funds have been received for these specific disasters,
31 and in the event that federal funds are received, the person will return all state monies received under this program.

32 The Department of Agriculture (department) shall administer the grant program authorized by this proviso. The Department of
33 Revenue shall assist the Department of Agriculture in the administration of the grant program by providing auditing services,
34 accounting services, and review and oversight of all financial aspects of the grant program. There is created the Farm Aid Advisory
35 Board to make recommendations to the department regarding the duties of the department in administering the grant program. The
36 Commissioner of Agriculture, or his designee, shall serve ex officio, as chairman of the board. Also, the Director of the Department

1 of Revenue, or his designee, the Vice President for Public Service and Agriculture of Clemson Public Service Activities, or his
2 designee, and the Vice President for Land Grant Services of South Carolina State Public Service Activities, or his designee, shall
3 serve on the board. The following additional members shall be appointed to the board:

- 4 (1) the Commissioner of Agriculture shall appoint one member representing the South Carolina Farm Bureau;
- 5 (2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;
- 6 (3) the Director of the Department of Revenue shall appoint one member representing the crop insurance industry; and
- 7 (4) the Director of the Department of Revenue shall appoint one member who is an agricultural commodities producer.

8 By July twentieth of the current fiscal year, the board shall hold its initial meeting to recommend an application process by which
9 a person with a loss resulting from the flooding occurring in the aftermath of Hurricanes Michael and Florence may apply for a grant.
10 Upon adoption of an application process, the Department of Agriculture shall provide the Chairman of the House Ways and Means
11 Committee and the Chairman of the Senate Finance Committee with a written copy of its application process within ten days after
12 its adoption. A person shall apply not later than forty-five days after the adoption of the application process. The department must
13 ensure every person interested in applying for a grant has access to adequate resources to submit his application in a timely manner,
14 and upon request, the department must assist a person with the preparation of his application.

15 Each grant awarded by the department may not exceed twenty percent of the person's verifiable loss of agricultural commodities.
16 However, a person, including any grant made to a related person, may not receive grants aggregating more than one hundred thousand
17 dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined with losses covered
18 by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount to be included in the
19 limits set by this proviso must be the amount of the grant multiplied by the person's ownership interest in the related person.
20 However, a person who shares an ownership interest with another person or entity may not be refused a grant solely because the
21 other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant amount is
22 limited by the person's ownership interest.

23 If the total amount of grants allowed pursuant to this proviso exceeds the monies in the fund, then each person's grant must be
24 reduced proportionately.

25 To determine loss, the department:

26 (1) must measure the person's cumulative total loss of all affected agricultural commodities for the year in which the flooding
27 occurred against the person's expected production of all agricultural commodities affected by the flooding occurring in the aftermath
28 of Hurricanes Michael and Florence;

29 (2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance Corporation,
30 to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities, the department
31 shall use the most recent year's county price and county yield, as applicable, as determined by the National Agriculture Statistics
32 Service, United States Department of Agriculture; and

33 (3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the
34 ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the department
35 shall require the submission of dated, signed, and continuous records. These records may include, but are not limited to, commercial
36 receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements, truck scale

1 tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape, invoices for
2 custom harvesting, u-pick records, and insurance documents.

3 Grant awards must be used for agricultural production expenses and losses due to the flooding which demonstrate an intent to
4 continue the agricultural operation; however, awards may not be used to purchase new equipment. The department shall develop
5 guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may require any
6 documentation it determines necessary to verify the appropriate use of grant awards including receipts.

7 If the department determines that a person who received a grant provided inaccurate information, then the person shall refund the
8 entire amount of the grant. If the department determines that a person who received a grant used the funds for ineligible expenses,
9 then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate amount, the
10 Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.

11 The department shall coordinate the exchange of information between the USDA and the Department of Revenue to identify any
12 person that received a Farm Aid grant for the flooding occurring in the aftermath of Hurricanes Michael and Florence and also
13 received federal aid relief for the same disaster. Any person that is determined to have received grant funds from both the state and
14 federal government, must immediately repay the state grant they received.

15 If the department determines that a person knowingly provided false information to obtain a grant pursuant to this proviso or
16 knowingly used funds for ineligible expenses, the person shall be subject to prosecution pursuant to Section 16-13-240.

17 Within forty-five days of the completion of the awarding of grants, but no later than the end of the fiscal year, the Farm Aid
18 Advisory Board is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

19 The department may accept private funds, grants, and property to be used to make financial awards from the grant program.

20 The Department of Agriculture must administer the grant program authorized by this proviso using existing resources and funds.

21 If federal funds are allocated for persons that are otherwise eligible for a grant pursuant to this proviso before the current fiscal
22 year begins, then the provisions of this proviso are not effective and no funds may be credited to the South Carolina Farm Aid Fund.

23 For purposes of this proviso:

24 (1) "Agricultural commodities" means wheat, cotton, flax, corn, dry beans, oats, barley, rye, tobacco, rice, peanuts, soybeans,
25 sugar beets, sugar cane, tomatoes, grain sorghum, sunflowers, raisins, oranges, sweet corn, dry peas, freezing and canning peas,
26 forage, apples, grapes, potatoes, industrial hemp, timber and forests, nursery crops, citrus, and other fruits and vegetables, nuts, tame
27 hay, native grass, aquacultural species including, but not limited to, any species of finfish, mollusk, crustacean, or other aquatic
28 invertebrate, amphibian, reptile, or aquatic plant propagated or reared in a controlled or selected environment, excluding stored grain;

29 (2) "Person" means any individual, trust, estate, partnership, receiver, association, company, limited liability company,
30 corporation, or other entity or group;

31 (3) "Related person" means any person, joint venture, or entity that has a direct or indirect ownership interest of a person or legal
32 entity; and

33 (4) "Department" means the Department of Agriculture.

34 **118.15.** (SR: Expenditure of Federal Funds) Any funds received from the Federal Government that are not allocated directly to
35 a state agency must be expended through the legislative budgeting process.

1 **118.16.** (SR: State Ports Authority Projects) Any funds appropriated or authorized for the State Ports Authority by Proviso
 2 118.17 (Nonrecurring Revenue) for the intermodal container transfer facility and waterborne cargo infrastructure must be deposited
 3 into a separate and distinct account and shall only be used for costs directly related to those two projects. Funds shall not be used
 4 for salaries, bonuses, or any kind of normal administrative costs. Funds shall not be used for personnel expenses not directly related
 5 to the implementation of the two projects. In addition, the State Ports Authority shall provide quarterly progress reports on the
 6 implementation of each facility to the Joint Bond Review Committee, the President of the Senate, the Speaker of the House of
 7 Representatives, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee.
 8 These quarterly reports shall include, but are not limited to, financial results, operating plans, budgets, capital plans, and performance
 9 objectives and results for the projects. The Joint Bond Review Committee must review and provide comment on expenditures, and
 10 may prescribe the reporting format and such other informational requirements and reports as it deems useful and necessary, to ensure
 11 the financial integrity, accountability, and stewardship of the funds and the ongoing operations of the project. To the extent permitted
 12 by federal law, if federal funds become available to the State that can be used for the Intermodal Container Transfer Facility or for
 13 Waterborne Cargo Infrastructure, those federal funds must first be used to complete the project. Any remaining state funds
 14 appropriated for these projects shall be transferred to a restricted account at the Department of Administration.
