This bill may result in an increase in the number of inmates housed by the Department of Corrections. However, no data are available to estimate the increase in the number of inmates that may be housed by Corrections. According to Corrections, in FY 2021-22, the annual total cost per inmate was \$32,247, \$30,044 of which was state funded, and the marginal cost per inmate was \$4,836.28, \$4,829.76 of which was state funded. As this bill creates a new offense and provides for an enhanced penalty, it may increase General Fund and Other Funds fine revenue; however, data are unavailable to estimate the amount of any additional revenue.
