(C)~~ During each year of implementation of the reduced student to physical education teacher ratio,~~ Each district shall annually report to the State Department of Education by June fifteenth, the number of minutes of physical education instruction and the minutes of additional physical activity students receive daily with a total for the week. The report must be listed by ~~elementary~~ school and by individual class and grade level. The State Department of Education shall provide a summary of this

information to the General Assembly by December first of each year ~~of implementation~~.

(D) The implementation of ~~decreased student-to-teacher ratio and increased instruction in physical education pursuant to Section 59-10-20 is not intended to replace or reduce time dedicated to instruction in the arts taught by certified arts specialists~~ the requirements of Section 59-10-10 (A) shall not result in the replacement or reduction of time dedicated to instruction in the arts taught by certified arts specialists.

SECTION X. Section 59-10-30(C) of the S.C. Code is amended to read:

(C) Noncertified staff or adult volunteers may assist in implementing or supervising these structured physical activities, including the daily recess requirement in Section 59-10-30 (A), if approved by the district superintendent. If volunteers are used, appropriate liability insurance must be provided. The director annually shall submit to the principal a report outlining the additional physical activities for students.

Amend the bill further by striking SECTION 3 and inserting:

SECTION 3. The provisions of this act must be fully implemented by July 1, 2025.

Renumber sections to conform.

H. 4642--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4642 -- Reps. Mitchell, Gilliam, Pope, Sessions, Caskey and Hart: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 25-1-20, RELATING TO THE ACCEPTANCE OF ACT OF CONGRESS, SO AS TO DISALLOW CONFLICTS; BY AMENDING SECTION 25-1-40, RELATING TO THE APPLICABILITY OF THE UNIFORM CODE OF MILITARY JUSTICE, SO AS TO REMOVE PROVISIONS; BY AMENDING SECTION 25-1-2420, RELATING TO THE MILITARY CODE DEFINITIONS, SO AS TO REVISE THE DEFINITION OF "MILITARY FORCES"; BY AMENDING SECTION 25-1-2430, RELATING TO PERSONS SUBJECT TO CODE OF MILITARY JUSTICE, SO AS TO PROVIDE FOR WHAT JURISDICTION DUTY STATUS INCLUDES; BY AMENDING SECTION 25-1-2520, RELATING TO NONJUDICIAL DISCIPLINARY PUNISHMENT, SO AS TO PROVIDE THAT CERTAIN PERSONS MAY NOT DECLINE NONJUDICIAL PUNISHMENT; BY AMENDING SECTION 25-1-2530, RELATING TO TYPES OF COURTS-MARTIAL, SO AS TO PROVIDE FOR WHOM A SPECIAL COURT-MARTIAL CONSISTS OF; BY AMENDING SECTION 25-1-2550,

RELATING TO THE JURISDICTION OF GENERAL COURTS-MARTIAL, SO AS TO REMOVE FORFEITURE OF PAY; BY AMENDING SECTION 25-1-2560, RELATING TO THE JURISDICTION OF SPECIAL COURTS-MARTIAL, SO AS TO REMOVE FORFEITURE OF PAY; BY AMENDING SECTION 25-1-2570, RELATING TO THE JURISDICTION OF SUMMARY COURTS-MARTIAL, SO AS TO PROVIDE FOR PUNISHMENTS; BY AMENDING SECTION 25-1-2620, RELATING TO DETAIL AND DESIGNATION OF MILITARY JUDGES, SO AS TO PROVIDE THE AUTHORITY CONVENING A SUMMARY COURT-MARTIAL; BY AMENDING SECTION 25-1-2765, RELATING TO VOTING AND RULINGS, SO AS TO REMOVE CERTAIN REFERENCES TO THE PRESIDENT OF A COURT MARTIAL; BY AMENDING SECTION 25-1-2780, RELATING TO RECORD OF TRIAL, SO AS TO INCLUDE THE ADJUTANT GENERAL; BY AMENDING SECTION 25-1-2795, RELATING TO FORFEITURE OF PAY, SO AS TO REMOVE THE SENTENCE OF FORFEITURE OF PAY; BY AMENDING SECTION 25-1-2805, RELATING TO THE REDUCTION IN PAY GRADE AND THE RESTORATION OF BENEFITS, SO AS TO INCLUDE THE ADJUTANT GENERAL; BY AMENDING SECTION 25-1-2865, RELATING TO THE REMISSION OR SUSPENSION OF A SENTENCE, SO AS TO REPLACE FORFEITURES WITH FINES; BY AMENDING SECTION 25-1-2985, RELATING TO THE IMPROPER USE OR DISCLOSURE OF PAROLE OR COUNTERSIGN, SO AS TO INCLUDE WHEN THE USE OF MILITARY FORCE HAS BEEN AUTHORIZED BY CERTAIN INDIVIDUALS; BY AMENDING SECTION 25-1-3140, RELATING TO WRIT WHEN FINE HAS NOT BEEN PAID, SO AS TO UPDATE DATES; BY AMENDING SECTION 25-1-3145, RELATING TO WRIT OF SENTENCE OF CONFINEMENT, SO AS TO UPDATE DATES; AND BY AMENDING SECTION 25-1-3160, RELATING TO CONSTRUCTION OF CODE OF MILITARY JUSTICE, SO AS TO PROVIDE THAT THE UNIFORM CODE OF MILITARY JUSTICE IS NOT BINDING ON THE SOUTH CAROLINA CODE OF MILITARY JUSTICE.

The Committee on Judiciary proposed the following Amendment No. 1 to H. 4642 (LC-4642.SA0001H), which was adopted:

Amend the bill, as and if amended, SECTION 5, by striking Section 25-1-2520 and inserting:

Section 25-1-2520 1. Under regulations that the Adjutant General may prescribe, limitations may be placed on the powers granted by this section with respect to the kind and amount of punishment authorized, the categories of general officers or commanders authorized to exercise those powers, the applicability of this section to an accused who demands trial by court-martial, and the kinds of courts-martial to which the case may be referred upon a demand. However, punishment may not be imposed upon a member of the military forces under this section if the member has, before the imposition of punishment, demanded trial by court-martial in lieu of punishment. Under similar regulations, rules may be prescribed with respect to the suspension of punishments authorized pursuant to this section. A colonel or general officer may delegate his nonjudicial punishment authority to an individual within his authority, who is no more than ~~one grade~~ two grades inferior in rank, so long as the adjudged sentence is not executed until the delegating commander has approved the procedure and sentence.

The Committee on Education and Public Works proposed the following Amendment No. 1 to H. 5164 (LC-5164.WAB0005H), which

was adopted:

Amend the bill, as and if amended, SECTION 7, by striking Section 59-8-140(A)(1)(2) and (3) and inserting:

(2) The department must require an independent school that applies to be an education service provider to be located in the State, to have an educational curriculum that includes courses set forth in the state's diploma requirements and to meet the compulsory attendance and State Board of Education approval requirements in Section 59-65-10. The curricula and attendance requirements do not apply to home instruction programs under Sections 59-65-45 or 59-65-47.

(3) An education service ~~provider that participated in the program in the previous school year and desires to participate in the program in the current school year shall reapply to the department. The education service provider reapplying~~annually shall certify to the department that it continues to meet all program requirements. An education service provider required to administer academic testing shall provide to the department test score data from the previous school year. If individual student test score data is not submitted, then the department shall remove the education service provider from the program. The reporting requirements do not apply to home instruction programs under Sections 59-65-45 or 59-65-47.

Amend the bill further, by adding an appropriately numbered SECTION to read:

SECTION X. Section 59-8-150 of the S.C. Code is amended by adding:

(K) This section does not apply to home instruction programs under Sections 59-65-45 or 59-65-47.

Rep. W. Jones proposed the following Amendment No. 4 to H. 5164 (LC-5164.WAB0007H), which was tabled:

Amend the bill, as and if amended, by adding an appropriately numbered SECTION to read:

SECTION X. Chapter 8, Title 59 of the S.C. Code is amended by adding:

Section 59-8-147. (A) An education service provider shall not discriminate on the basis of:

(1) race;
(2) ethnicity;
(3) national origin;
(4) religion;
(5) gender;
(6) sexual orientation;
(7) gender identity; or
(8) disability.

(B) An education service provider shall:

(1) admit students of any race, ethnicity, national origin, religion, gender, sexual orientation, gender identity, or disability to all rights,

privileges, programs, and activities generally accorded or made available to students;

(2) not discriminate in the administration of educational policies, admissions, scholarships, or other school-administered programs;

(3) ensure that students with disabilities have equal access to programs and services;

(4) provide a safe and inclusive learning environment free from harassment, bullying, and intimidation.

(C) The department shall:

(1) conduct regular compliance reviews to ensure participating schools are meeting nondiscrimination requirements of this section;

(2) establish a complaint process for students and families to report discrimination concerns; and

(3) provide training and resources for participating schools to support nondiscrimination compliance.

(D) If an education service provider is found to be in violation of this section:

(1) the department shall prohibit the education service provider from receiving payments from any ESTF account; and

(2) if compliance is not fully achieved within a reasonable timeframe established by the department, not to exceed three years, the department shall bar the education service provider from participating in the program or receiving payments from any ESTF account. If the board bars an education service provider pursuant to this item, it must comply with the notification requirements of Section 58-8-140(D)(1) and the decision is subject to appeal pursuant to the Administrative Procedures Act.

(E) The provisions of this section apply:

(1) in addition to the requirements of Section 59-8-150(A)(3); and

(2) notwithstanding another provision of this chapter

Amend the bill further, by adding an appropriately numbered SECTION to read:

SECTION X. Section 59-8-150(F)(5) of the S.C. Code is amended to read:

(5) education service providers shall not be required to alter their creeds, practices, admissions policy, or curriculum in order to accept payments by a parent from an ESTF account, except to the extent need to comply with the nondiscrimination provisions of Section 59-8-147.

SPEAKER *PRO TEMPORE* IN CHAIR

Rep. Ott proposed the following Amendment No. 11 to H. 5164 (LC-5164.WAB0020H), which was tabled:

Amend the bill, as and if amended, by adding an appropriately numbered SECTION to read:

SECTION X. Section 59-8-150(A) of the S.C. Code is amended to read:

(A) To ensure equitable treatment and personal safety of all scholarship students, all education service providers shall:

(1) comply with all applicable health and safety laws or codes;

(2) hold a valid occupancy permit if required by the municipality in which the education service provider is located;

(3) not unlawfully discriminate on the basis of race, color, or national origin. This item shall not be interpreted to preclude any independent or religious educational provider from exercising an exemption allowed under federal law; ~~and~~

(4) conduct criminal background checks on employees and exclude from employment anyone who:

(a) is not permitted by state law to work in a school;

(b) reasonably might pose a threat to the safety of students; or

(c) is listed on federal, state, or other central child abuse registries; and

(5) not include or promote in a course of instruction, curriculum, assignment, instructional program, instructional material (including primary or supplemental materials, whether in print, digital, or online), surveys or questionnaires, or professional educator development or training, nor require a student, employee, or volunteer to affirm, accept, adopt, or adhere to prohibited concepts such as:

(a) one race, sex, ethnicity, color, or national origin is inherently superior to another race, sex, ethnicity, color, or national origin;

(b) an individual, by virtue of the race, sex, ethnicity, religion, color, or national origin of the individual, inherently is privileged, racist, sexist, or oppressive, whether consciously or subconsciously;

(c) an individual should be discriminated against or receive adverse treatment because of the race, sex, ethnicity, religion, color, or national origin of the individual;

(d) the moral character of an individual is determined by the race, sex, ethnicity, religion, color, or national origin of the individual;

(e) an individual, by virtue of the race or sex of the individual, bears responsibility for actions committed in the past by other members of the same race, sex, ethnicity, religion, color, or national origin;

(f) meritocracy or traits such as a hard work ethic:

(i) are racist, sexist, belong to the principles of one religion; or

(ii) were created by members of a particular race, sex, or religion to oppress members of another race, sex, ethnicity, color, national origin, or religion; and

(g) fault, blame, or bias should be assigned to race, sex, ethnicity, religion, color, or national origin, or to members of a race, sex, ethnicity, religion, color, or national origin because of their race, sex, ethnicity, religion, color, or national origin.

SPEAKER IN CHAIR

Reps. Pace and A.M. Morgan proposed the following Amendment No. 13 to H. 5164 (LC-5164.AHB0025H), which was tabled:

Amend the bill, as and if amended, by adding an appropriately numbered SECTION to read:

SECTION X. Chapter 6, Title 12 of the S.C. Code is amended by adding:

Article 26

Academic Choice in Education (ACE)

Section 12-6-3850. For purposes of this article:

(1) "Academic Choice in Education fund" or "ACE" means education funding provided on behalf of eligible students by nonprofit scholarship funding organizations for qualifying expenses as outlined in this article.

(2) "Department" means the South Carolina Department of Revenue.

(3) "Disadvantaged child" means a child or his family who meets the qualifications for federal Medicaid benefits, or whose family has an annual adjusted gross income of two hundred percent or less of the federal poverty guidelines as promulgated annually by the United States Department of Health and Human Services.

(4) "Eligible school" means an independent school, including those religious in nature, other than a public school, at which the compulsory attendance requirements of Section 59-65-10 may be met, that:

(a) offers a general education to primary or secondary school students;

(b) does not discriminate on the basis of race, color, or national origin;

(c) is located in this State;

(d) has an educational curriculum that includes courses set forth in the state's diploma requirements;

(e) has school facilities that are subject to applicable federal, state, and local laws; and

(f) is a member in good standing of the South Carolina Association of Christian Schools, the South Carolina Independent Schools Association, the Palmetto Association of Independent Schools, the American Montessori Society, the International Montessori Council, or the National Association of Private Schools, or alternatively accredited by Cognia or the National Council for Private School Accreditation.

(5) "Eligible student" means a student who:

(a) meets the definition of "general child";

(b) meets the definition of "disadvantaged child";

(c) meets the definition of "exceptional needs child"; or

(d) meets the definition of "home school child"; and

(e) is not a recipient of an Education Scholarship Trust Fund.

(6) "Exceptional needs child" means a child:

(a)(i) who has been evaluated in accordance with this state's evaluation criteria, as set forth in S.C. Code Ann. Regs. 43 243.1, and determined eligible as a child with a disability who needs special education and related services, in accordance with the requirements of Section 300.8 of the Individuals with Disabilities Education Act; or

(ii) who has been diagnosed as either permanently or within the last three years by a licensed speech-language pathologist, psychiatrist, or medical, mental health, psychoeducational, or other comparable licensed health care provider as having a neurodevelopmental disorder, a substantial sensory or physical impairment such as deaf, blind, or orthopedic disability, or some other disability or acute or chronic condition that significantly impedes the student's ability to learn and succeed in school without specialized instructional and associated supports and services tailored to the child's unique needs; and

(b) the child's parents or legal guardian believes that the services provided by the school district of legal residence do not sufficiently meet the needs of the child.

(7) "General child" means a child whose family has an adjusted gross income of four hundred percent or less of the federal poverty guidelines and who is a South Carolina resident who, immediately before receiving a scholarship under this article and enrolling in an eligible school or program, was enrolled in a South Carolina secondary or primary public school or who is eligible to enroll in a qualified first grade, kindergarten, or a three or four year old prekindergarten program

or received a scholarship pursuant to this article for the previous school year; provided, however, that if a student is considered to be an eligible student pursuant to this item, he shall continue to qualify as such until he graduates, reaches the age of twenty, or returns to a public school, whichever occurs first.

(8) "Home school" means a home, residence, or location where a parent or legal guardian teaches one or more children as authorized pursuant to Section 59-65-40, Section 59- 65-45, or Section 59-65-47.

(9) "Home school child" means any child attending an eligible home school.

(10) "Nonprofit scholarship funding organization" or "scholarship funding organization" means a charitable organization that:

(a) is registered and in good standing with the South Carolina Secretary of State;

(b) is exempt from federal tax pursuant to Section 501(a) of the Internal Revenue Code by being listed as an exempt organization in Section 501(c)(3) of the tax code; and

(c) is approved annually by the Treasurer and listed on the Treasurer's approved list, which must be published on the Treasurer's website.

(11) "Parent" means a resident of this State who is the natural or adoptive parent, legal guardian, custodian, or other person with legal authority to act on behalf of an eligible student.

(12) "Person" means an individual, partnership, corporation, or other similar entity.

(13) "Program" means the ACE scholarship program created by this article.

(14) "Public School" means a school operated by publicly elected or appointed school officials in which the program and activities are under the control of these officials and which is supported by public funds.

(15) "Qualifying expense" means:

(a) the total amount of money charged for the cost of an eligible student to attend an eligible school including, but not limited to, fees for attending the school, textbook fees, tutoring, parental engagement programs involving a three or four year old prekindergarten student, and/or transportation to and from school that is provided by the school. These costs may not be in excess of what is currently provided; and

(b) in the case of an eligible home school student, the total amount of money charged for instruction-related expenditures to attend

an eligible home school provider including, but not limited to, curriculum packages, textbooks, digital education, tutoring, and testing materials.

(16) "Resident school district" means the public school district in which the student is domiciled.

(17) "Scholarship" means education funding allocated from an account established on a student's behalf pursuant to this article.

(18) "Treasurer" means the Office of the State Treasurer.

Section 12-6-3855. (A) A person is entitled to a tax credit against income taxes imposed pursuant to this chapter, or bank taxes imposed pursuant to Chapter 11 of this title, for the amount of cash and the monetary value of any publicly traded securities the person contributes to a nonprofit scholarship funding organization up to the limits of this section if:

(1) the contribution is used to provide scholarships for qualifying expenses to an eligible student enrolled in an eligible school; and

(2) the taxpayer does not designate a specific child or school as the beneficiary of the contribution.

(B)(1) Scholarships may be awarded by a scholarship funding organization to an eligible student qualifying and defined under Section 12-6-3850(5)(a) [General child] for a school year in an amount not exceeding the actual state-allocated revenue for each pupil as calculated by the Revenue and Fiscal Affairs Office and required to be published by the annual appropriations act or the total amount of qualifying expenses, whichever is less.

(2) Scholarships may be awarded by a scholarship funding organization to an eligible student qualifying and defined under Section 12-6-3850(5)(b) and (c) [Disadvantaged Child & Exceptional Needs Child] for a school year in an amount not exceeding one hundred forty percent of the amount of subsection (B)(1) above or the total amount of qualifying expenses, whichever is less.

(3) Scholarships may be awarded by a scholarship funding organization to an eligible student qualifying and defined under Section 12-6-3850(5)(d) [Home School Child] for a school year in an amount not exceeding twenty percent of the amount of subsection (B)(1) above or the total cost of qualifying expenses, whichever is less. A scholarship funding organization may reimburse a parent directly for expenditures actually paid for qualifying expenses or pay vendors directly for qualifying expenses at the direction of the parent and on behalf of the home school child.

(4) Once an eligible student receives a scholarship, he must

receive priority status for future scholarships; provided, however, that the eligible student is in good standing with the school.

(C) Except as otherwise provided, the Department of Education, the Department of Revenue, the Treasurer, or any other state agency may not regulate the educational programs of a school that accepts eligible students receiving scholarships pursuant to this article.

Section 12-6-3860. (A) The Treasurer shall create a standard application process and establish the timeline for parents to establish the eligibility of their student for the ACE scholarship. The application window established shall last at least forty-five days, opening no earlier than January fifteenth, and closing no later than March fifteenth of each calendar year.

(B) Pursuant to the timeline established pursuant to this section, the Treasurer shall:

(1) process applications in the order in which they are received; and

(2) enroll and issue eligibility certificates within thirty days of the deadline for receipt of completed applications and all required documentation. The eligibility certificate must list the names and contact information of the eligible scholarship-granting organizations.

(C) Before awarding an eligibility certificate, the Treasurer shall obtain evidence of the student's eligibility criteria set forth in this article.

(D) The Treasurer shall approve an application for scholarship if:

(1) the parent submits an annual application for a scholarship in accordance with the application and procedures established by the Treasurer;

(2) the student on whose behalf the parent is applying is an eligible student;

(3) the parent signs an annual agreement with the Treasurer:

(a) to provide, at a minimum, a program of academic instruction for the eligible student in at least the subjects of English and language arts to include writing, mathematics, social studies, and science;

(b) to acknowledge and agree to comply with the eligible schools prescribed curriculum, dress code and other requirements of enrolled students; and

(c) to use program funds for qualifying expenses only for an eligible school to educate the scholarship student, subject to penalty.

(E) Receipt of an eligibility certificate does not guarantee a scholarship award from a scholarship granting organization.

Section 12-6-3865. (A) The Treasurer shall prescribe the form

and manner to be an approved nonprofit scholarship funding organization, the annual application must at a minimum include:

(1) the number and total amount of scholarships issued to schools that accept eligible students in the preceding school year;

(2) the identity of the school and the amount of the scholarship issued to each eligible student in the preceding school year;

(3) an itemization and detailed explanation of any fees or other revenues obtained from or on behalf of any schools that accepted eligible students;

(4) a copy of the organization's Form 990 or other comparable federal submission that indicates the provisions of the Internal Revenue Code under which the organization has been granted exempt status for purposes of federal taxation;

(5) a copy of a compilation, review, or audit of the organization's financial statements, conducted by a certified public accounting firm;

(6) the criteria and eligibility requirements for scholarship awards; and

(7) a certification by the organization of the following:

(a) it meets the definition of a nonprofit scholarship funding organization and that the report is true, accurate, and complete under penalty of perjury in accordance with Section 16-9-10;

(b) it allocates at least ninety-five percent of its annual contributions received during a particular year to provide scholarships to schools on behalf of eligible enrolled children and incurs administrative expenses annually of no more than five percent of its annual contributions for a particular year to cover operational costs;

(c) it allocates all of its funds used for scholarships on an annual basis to eligible students;

(d) it does not provide scholarships on behalf of eligible students only for the benefit of one school, and if the Treasurer determines that the nonprofit scholarship funding organization is providing scholarships to one particular school, the tax credit allowed by this section may be disallowed;

(e) it does not have as a volunteer, contractor, consultant, fundraiser, or member of its governing board, any parent, legal guardian, or member of his immediate family who has a child or ward who is currently receiving or has received a scholarship authorized by this article from the organization within one year of the date the parent, legal guardian, or member of his immediate family became a board member. A person serving on the governing board of a nonprofit scholarship funding organization shall have a fiduciary duty to the donors and

eligible students at schools served by the organization and shall resign if any conflicts of interest develop with the organization and those it serves;

(f) it does not have as a member of its governing board or an employee, volunteer, contractor, consultant, or fundraiser who has been convicted of a felony or other financial crime, been disciplined by a professional, self-regulatory body, had a professional license or designation suspended, revoked, or otherwise restricted in use, or is otherwise prevented from engaging in a profession as part of a court order, court settlement, or arbitration ruling. This item also must apply to immediate family members residing in the same household;

(g) does not release personally identifiable information pertaining to students or donors or use information collected about donors, students, or schools for financial gain; and

(h) does not place conditions on schools enrolling eligible students receiving scholarship to limit the ability of the schools to enroll eligible students accepting scholarships from other nonprofit scholarship funding organizations.

(B) The application deadline under this section is August first of each year.

Section 12-6-3870. (A) The parent shall provide the eligibility certificate to the scholarship funding organization. Upon awarding of a scholarship by the scholarship funding organization and at the direction of the parent, the scholarship funding organization shall issue a check payable to the eligible school on behalf of the student and deliver it to the school within thirty days upon approval of the application or thirty days of the start of the school's semester. If the eligible student leaves or withdraws from the school for any reason before the end of the semester or school year and does not re-enroll within thirty days, then the school shall return a prorated amount of the scholarship to the scholarship funding organization based on the number of days the eligible student was enrolled in the school during the semester or school year within sixty days of the student's departure.

(B) Before the issuance of a check, a parent shall certify that the eligible student has not received a scholarship from any other scholarship-granting organizations in the current academic year.

(C) Before the issuance of a check to an eligible school, the school must provide documentation to the scholarship funding organization that it meets the criteria established in Section 12-6-3850(4).

(D)(1) The tax credits authorized for an eligible student qualified and defined under Section 12-6-3850(5)(a) [General Child], (b)

[Disadvantaged Child], and (c) [Exceptional Needs Child] may not exceed cumulatively a total of fifteen million dollars in each qualifying category, each calendar year.

(2) The tax credits authorized for an eligible student qualified and defined under Section 12-6-3850 (5)(d) [Home School Child] may not exceed cumulatively a total of ten million dollars each calendar year.

(3) If the South Carolina Department of Revenue determines that the total of the credits claimed in this section by all taxpayers exceeds the limit amount, it shall allow credits only up to those amounts on a first-come, first-served basis. Within the first forty-five days that the credits are available, persons as defined in 12-6-3850(12) are only allowed to claim a total amount of ten thousand dollars in tax credits per person. After the forty fifth day, any remaining tax credits are available to all persons.

(4) The tax credits authorized pursuant to this section remain the same unless an increased or decreased limit is authorized in the annual general appropriations act.

(E) The department shall establish an application process to determine the amount of credit available to be claimed. The receipt of the application by the department shall determine priority for the credit.

(1) The tax credit must be claimed on the return for the tax year that the contribution is made.

(2) A taxpayer may not claim more than one hundred percent of his total tax liability for the tax year in contributions toward the tax credits authorized by this section. This credit is not refundable. If the credit exceeds the taxpayer's tax liability for the taxable year, the excess amount may be carried forward for credit against the next ten succeeding taxable years.

(3) If a taxpayer deducts the amount of the contribution on the taxpayer's federal return and claims the credit allowed by this section, then the taxpayer shall add back the amount of the deduction for purposes of South Carolina income or bank taxes.

(F) The department shall prescribe the form and manner of proof required to obtain the credits authorized by this article. Also the department shall develop a method of informing taxpayers and scholarship-funding organizations if the credit limit is met at any time during the year.

(1) A corporation or entity entitled to a credit under this section may not convey, assign, or transfer the credit authorized by this section to another entity unless all assets of the entity are conveyed, assigned, or transferred in the same transaction.

(2) Notwithstanding the maximum credit limits set forth in this article, if one of the eligible student-qualifying categories listed in subsection (D) reaches its limits but another eligible student-qualifying category has not reached its limit by October first of each tax year, then the department may transfer the unused credits to the eligible student qualifying category that has reached its limit. However, the credit only may be transferred and may not cumulatively allow more than the authorized annual cumulative total provided in this section. In considering a credit transfer under this item, those eligible student qualifying categories listed in subsection 12-6-3850(5)(b) [Disadvantaged Child], (c) [Exceptional Needs Child], (d) [Home School Child], and (a) [General Child] must have priority order when transferring credits.

Section 12-6-3875. (A) By September first of each year, the Treasurer shall publish on its website a list of all qualifying nonprofit scholarship-funding organizations for the succeeding calendar year, to include their names, addresses, telephone numbers, and, if available, website addresses and applicable audits.

(B) By January fifteenth of each year, the Treasurer shall report to the Chairman of the Senate Finance Committee, the Chairman of the House Ways and Means Committee, and the Governor:

(1) the number and total amount of scholarships issued by the scholarship-funding organizations to schools on behalf of eligible students that attended in the prior school year;

(2) the identity of the school that accepts eligible students and the amount of each scholarship issued to the school in the prior school year by each scholarship funding organization;

(3) an itemization and detailed explanation of fees or other revenues obtained from or on behalf of eligible students to a school by any scholarship-funding organization;

(4) a copy of each scholarship-funding organization's Form 990 or other comparable federal submission that indicates the provisions of the Internal Revenue Code under which the organization has been granted exempt status for purposes of federal taxation;

(5) a copy of a compilation, review, or audit of each scholarship-funding organization conducted by a certified public accounting firm as provided to the Treasurer by each scholarship-funding organization in their application to participate in the program;

(6) the criteria and eligibility requirements for scholarship awards of each scholarship-funding organization as provided to the Treasurer by each scholarship-funding organization in their application

to participate in the program; and

(7) any report required by this section may not specifically include the name, amount, or any other personally identifiable information of scholarship recipients.

Section 12-6-3880. (A)(1) The Treasurer and the department have authority to examine and audit the nonprofit scholarship-funding organizations, including determining whether the nonprofit scholarship-funding organization is being operated in a manner consistent with the requirements for an IRC Section 501(c)(3) organization or is in compliance with any other provision of this section.

(2)(a) If an audit by the Treasurer or department produces evidence that a nonprofit scholarship-funding organization is not being operated in a manner consistent with the requirements for operating an IRC Section 501(c)(3) organization or is not in compliance with any other substantial provision of this section, the Treasurer or the department immediately may revoke the organization's participation in the program and shall notify the organization in writing of the revocation.

(b) Actual notice of revocation may be provided to the organization by personal delivery to the organization, by certified return receipt mail to the last known address of the organization, or by other means reasonably designed to provide actual notice to the organization.

(c) Any donations made following the date the actual notice of revocation are received by the organization do not qualify for the credit and the donated funds must be returned to the donor by the organization.

(d)(i) Within thirty days after the day on which the organization is provided actual notice of the revocation, the organization may request a contested hearing before the Administrative Law Court. Within seven days after a request for a contested case hearing is received by the Administrative Law Court, an administrative law judge shall hold the contested case hearing and determine whether the revocation was reasonable under the circumstances. The Treasurer or the department has the burden of proof of showing that the revocation was reasonable under the circumstances. The revocation is reasonable if the Treasurer or the department has substantial credible evidence that the organization is not being operated in a manner consistent with the requirements for operating an IRC Section 501(c)(3) organization or is not in compliance with other substantial provisions of this article. If the organization does not request a contested case hearing within thirty days of the immediate revocation, the revocation is permanent.

(ii) If the administrative law judge determines that the

immediate revocation was reasonable, the administrative law judge shall remand the case to the Treasurer or the department to issue a Treasurer or department determination for permanent revocation within the time period determined by the judge. The organization may appeal this Treasurer or department determination in accordance with Section 12-60-460. At the contested case hearing on the Treasurer or department determination, the parties may raise new issues and arguments in addition to those issues and arguments previously presented at the immediate revocation hearing.

(iii) If the administrative law judge determines that immediate revocation is not reasonable, the revocation must be lifted, and the organization may resume accepting donations and award scholarships. The Treasurer or department may still issue a Treasurer or department determination in accordance with Section 12-60-450(E)(2).

(e) If at any time during the process, the Treasurer and department believes the organization is in compliance, the Treasurer may reinstate the organization.

(f) Following the permanent revocation of a nonprofit scholarship-funding organization, the Treasurer has the authority to oversee the transfer of donated funds of the revoked organization to other nonprofit scholarship-funding organizations.

(g) A scholarship-funding organization may transfer funds to another scholarship-funding organization if the organization ceases to exist. The funds that are transferred by one scholarship funding organization to another only may be considered by one organization when calculating its administrative expenses. The scholarship-funding organizations transferring and receiving the funds shall notify the Treasurer in writing within three days of the transfer. The notification may be made via electronic methodology.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by the SPEAKER *PRO TEMPORE* as follows:

Our thought for today is from Proverbs 22:17: “The words of the wise: Incline your ear and hear my words, and apply your mind to my teaching.”

Let us pray. Almighty God, we give You thanks for granting us another day to serve You and the people we serve. May we all hear Your words of blessings and comfort as these Representatives and Staff continue another week of work. Give them the wisdom and the courage to do what is pleasing in Your sight. Bestow Your blessings upon our Nation, President, State, Governor, Speaker, Staff, and all who contribute their time and effort for the good of this State. Bless and protect our defenders of freedom and first responders as they protect us. Heal the wounds, those seen and those hidden, of our brave warriors who suffer and sacrifice for our freedom. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER *PRO TEMPORE*.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER *PRO TEMPORE* ordered it confirmed.

S. 1192--ADOPTED AND RETURNED TO SENATE WITH CONCURRENCE

The following was introduced:

S. 1192 -- Senators Alexander, Malloy, Massey, Hutto, Martin and Peeler: A CONCURRENT RESOLUTION TO PROVIDE THAT, PURSUANT TO SECTION 9, ARTICLE III OF THE CONSTITUTION OF THIS STATE, 1895, WHEN THE RESPECTIVE HOUSES OF THE GENERAL ASSEMBLY ADJOURN ON THURSDAY, MAY 9, 2024, NOT LATER THAN 5:00 P.M., EACH HOUSE SHALL STAND IN RECESS SUBJECT TO THE CALL OF THE PRESIDENT OF THE SENATE FOR THE SENATE AND THE SPEAKER OF THE HOUSE OF REPRESENTATIVES FOR THE HOUSE OF REPRESENTATIVES AT TIMES THEY CONSIDER APPROPRIATE FOR THEIR RESPECTIVE BODIES TO MEET FOR

THE CONSIDERATION OF CERTAIN SPECIFIED MATTERS; AND TO PROVIDE THAT WHEN THE RESPECTIVE HOUSES OF THE GENERAL ASSEMBLY ADJOURN NOT LATER THAN SUNDAY, NOVEMBER 10, 2024, THE GENERAL ASSEMBLY SHALL STAND ADJOURNED SINE DIE.

Be it resolved by the Senate, the House of Representatives concurring:

(A) Pursuant to the provisions of Section 9, Article III of the South Carolina Constitution, 1895, and by the two-thirds vote required by that section in order to recede for more than thirty consecutive calendar days, each house agrees, by this resolution, to recede from the other body for a period of either less than thirty days, or more than thirty days, as the case may be. The General Assembly, by this resolution, agrees to bind itself subject to the provisions of this resolution. The Sine Die adjournment date for the General Assembly for the 2024 session is recognized and extended to permit the General Assembly to continue in session after Thursday, May 9, 2024, under the terms and conditions stipulated in this resolution.

(B) For this purpose, when each house recedes subject to subsection (A) and not later than 5:00 p.m. on Thursday, May 9, 2024, the General Assembly shall stand in recess subject to the call of the President of the Senate for the Senate and the Speaker of the House of Representatives for the House of Representatives at times they consider appropriate for their respective bodies to meet. Each house agrees to limit itself to consideration of the following matters and subject to the following conditions, as applicable:

(1) receipt and consideration including, but not limited to receipt, consideration, and disposition of conference and free conference reports concerning the General Appropriations Bill, the Capital Reserve Fund Resolution, any Supplemental Appropriations Bill, any rescission bill, and any Continuing Resolution to fund the ordinary expenses of state government, if necessary, until the passage of the General Appropriations Bill;

(2) receipt and consideration of gubernatorial vetoes;

(3) introduction, receipt, and consideration of resolutions affecting Sine Die adjournment;

(4) introduction, receipt, and consideration of legislation necessary to address any shortfall in revenue meeting the conditions of Section 11-9-1140;

(5) receipt and consideration of appointments;

(6) introduction, receipt, and consideration of resolutions expressing sympathy or congratulations;

(7) receipt and consideration of local legislation that has the unanimous consent of the affected delegation; and

(8) receipt and consideration of any conference reports arising from conference committees appointed on or before Thursday, May 9, 2024.

(C) The President of the Senate and the Speaker of the House of Representatives may set a mutually agreed upon time or times prior to Sine Die adjournment for officers of the Senate and House of Representatives to ratify acts.

(D) The President of the Senate and the Speaker of the House of Representatives may set a mutually agreed upon time or times prior to Sine Die adjournment for the convening of a joint assembly to conduct elections for offices or vacancies in any office filled by election of the General Assembly.

(E) Unless the session is otherwise adjourned Sine Die at an earlier date, the 2024 session of the General Assembly shall stand adjourned Sine Die not later than Sunday, November 10, 2024.

Rep. G. M. SMITH explained the Concurrent Resolution.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Jeremiah 1:19: "'They shall fight against you; but they shall not prevail against you, for I am with you,' says the Lord, 'to deliver you.'"

Let us pray. Faithful God, help us to know that You are always beside us, no matter what trials we face. Guard us from all dangers that may harm us and grant us Your peace in our work and in our rest. Blessings and grace be upon our Nation, State, and all those who lead us. Protect our defenders of freedom at home and abroad as they protect us. In the name of our Lord. Amen.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER ordered it confirmed.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 12:00 noon.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Romans 8:18: "For I consider that the sufferings of this present time are not worth comparing with the glory that is to be revealed to us."

Let us pray. Come into our hearts, Merciful Lord, and provide all the good and necessary things to move forth the blessings set before us each day. Grant these blessings on our defenders of freedom and first responders as they keep us safe. Be with these Representatives and Staff as they go about the work assigned to them. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who give of their time and effort for the good things of this State. Keep them in Your loving care. Heal the wounds of our brave men and women who give of themselves for the good of this State and Nation. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of Friday, the SPEAKER ordered it confirmed.

Rep. J. E. JOHNSON moved to adjourn debate on the Bill until Tuesday, April 9, which was agreed to.

H. 4187--REQUESTS FOR DEBATE

The following Bill was taken up:

H. 4187 -- Reps. J. E. Johnson, W. Newton, Robbins, Haddon, Mitchell, Yow, Chapman, Gagnon, Ligon, O'Neal, B. Newton, Sessions and Felder: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 16-13-135, RELATING TO THE OFFENSE OF RETAIL THEFT AND ASSOCIATED PENALTIES, SO AS TO DEFINE NECESSARY TERMS, TO REVISE THE PREVIOUS OFFENSE OF RETAIL THEFT TO CREATE THE OFFENSES OF FELONY ORGANIZED RETAIL CRIME AND FELONY ORGANIZED RETAIL CRIME OF AN AGGRAVATED NATURE, AND TO PROVIDE GRADUATED PENALTIES FOR THE OFFENSES.

The Committee on Judiciary proposed the following Amendment No. 1 to H. 4187 (LC-4187.AHB0001H):

Amend the bill, as and if amended, by striking all after the enacting words and inserting:

SECTION 1. Section 16-13-135 of the S.C. Code is amended to read:

Section 16-13-135. (A) As used in this section:

(1) "Organized retail crime" means two or more people conspiring to commit theft of retail property from a retail establishment with the intent to sell, barter, exchange, or reenter such retail property into commerce for monetary or other gain.

(2) "Retail property" means ~~a new~~ an article, merchandise, property, money or negotiable documents, including gift cards or other forms of credit, ~~product~~products, ~~commodity~~commodities, ~~item~~items, or ~~component~~components intended to be sold in retail commerce.

~~(2)~~ (3) "Retail property fence" means a person or business that buys retail property knowing or believing that the retail property is stolen.

~~(3)~~ (4) "Theft" means to take possession of, carry away, transfer, or cause to be carried away the retail property of another with the intent to ~~steal~~deprive the merchant of possession, use, benefit, and value of the retail property.

~~(4)~~ (5) "Value" means the retail value of an item as offered for sale to the public by the affected retail establishment and includes all

applicable taxes.

(B) It is unlawful for a person to:

(1) commit~~ theft of retail property from a retail establishment~~organized retail crime, with a value exceeding two thousand dollars aggregated over a ninety-day period, with the intent to ~~sell the retail property for monetary or other gain, and sell, barter, take, or~~ cause the retail property to be placed in the control of a retail property fence or other person in exchange for consideration; or

~~conspire with another person to commit theft of retail property from a retail establishment, with a value exceeding two thousand dollars aggregated over a ninety-day period, with the intent to:~~

~~sell, barter, or exchange the retail property for monetary or other gain; or~~

~~(b) place the retail property in the control of a retail property fence or other person in exchange for consideration; or~~

~~(3)~~(2) receive, possess, or sell retail property that has been taken or stolen in violation of item (1)~~ or (2)~~ while knowing or having reasonable grounds to believe the property is stolen. A person is guilty of this offense whether or not anyone is convicted of the property theft.

(C) Acts committed in different counties that have been aggregated in one count may be indicted and prosecuted in any one of the counties in which the acts occurred. In a prosecution for a violation of this section, the State is not required to establish and it is not a defense that some of the acts constituting the crime did not occur within one city, county, or local jurisdiction.

(D) Property, funds, and interest a person has acquired or maintained in violation of this section are subject to forfeiture pursuant to the procedures for forfeiture as provided in Section 44-53-530.

(E) A person who violates this section commits the felony offense of organized retail crime and, upon conviction:

(1) for a first offense:

(a) ~~for a first offense, is guilty of a misdemeanor and, upon conviction,~~ must be fined not more than five thousand dollars or imprisoned for not more than three years, or both~~;~~, if the value of the retail property is more than two thousand dollars but less than ten thousand dollars~~ and~~;

(b) must be fined not more than ten thousand dollars or imprisoned for not more than five years, or both, if the value of the retail property is more than ten thousand dollars but less than twenty thousand dollars;

(c) must be fined not more than twenty thousand dollars or

imprisoned for not more than ten years, or both, if the value of the retail property is more than twenty thousand dollars but less than fifty thousand dollars;

(d) must be fined not more than fifty thousand dollars or imprisoned for not more than twenty years, or both, if the value of the retail property is more than fifty thousand dollars;

(2) for a second or subsequent offense, ~~is guilty of a felony and, upon conviction,~~ regardless of the value of the retail property in any offense, must be fined not more than ~~ten~~fifty thousand dollars or imprisoned for not more than twenty years, or both.

(3) For purposes of this section, multiple offenses occurring within a ninety-day period may be aggregated into a single count with the aggregated value used to determine the total value of the property.

(4) Organized retail crime is a lesser-included offense of organized retail crime of an aggravated nature as provided in subsection (F).

(F)(1) A person commits the offense of organized retail crime of an aggravated nature if, while committing the offense of organized retail crime, the person wilfully and maliciously:

(a) damages, destroys, or defaces real or personal property in excess of two thousand dollars; or

(b) causes unlawful bodily injury to another person. "Bodily injury" has the same meaning as defined in Section 16-3-600.

(2) A person convicted of organized retail crime of an aggravated nature is guilty of a felony and must be fined not more than fifty thousand dollars or imprisoned not more than fifteen years, or both.

SECTION 2. The repeal or amendment by this act of any law, whether temporary or permanent or civil or criminal, does not affect pending actions, rights, duties, or liabilities founded thereon, or alter, discharge, release or extinguish any penalty, forfeiture, or liability incurred under the repealed or amended law, unless the repealed or amended provision shall so expressly provide. After the effective date of this act, all laws repealed or amended by this act must be taken and treated as remaining in full force and effect for the purpose of sustaining any pending or vested right, civil action, special proceeding, criminal prosecution, or appeal existing as of the effective date of this act, and for the enforcement of rights, duties, penalties, forfeitures, and liabilities as they stood under the repealed or amended laws.

SECTION 3. This act takes effect upon approval by the Governor.

ABSTENTION FROM VOTING

March 26, 2024
The Honorable Charles Reid
Clerk of the South Carolina House of Representatives
213 Blatt Bldg.
Columbia, SC 29201

Dear Clerk Reid,

I am notifying you in accordance with S.C. Code Ann. Section 8-13-700 of the SC Code, I hereby recuse myself from voting on H. 4559, relating to probate, testacy, and appointment proceedings. I will abstain from this vote because of a potential conflict of interest, as an economic interest of myself and the business with which I am associated may be affected. Please note this in the House Journal.

Sincerely,
Rep. Leon Stavrinakis

H. 5113--DEBATE ADJOURNED

The following Bill was taken up:

H. 5113 -- Reps. Elliott, T. Moore, Guest, Brittain and Crawford: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTIONS 63-3-30 AND 63-15-230, BOTH RELATING TO JOINT CUSTODY ORDERS, SO AS TO CLARIFY THAT THERE IS NO REQUIREMENT FOR EXCEPTIONAL CIRCUMSTANCES TO AWARD JOINT CUSTODY IN A CHILD CUSTODY PROCEEDING.

The Committee on Judiciary proposed the following Amendment No. 1 to H. 5113 (LC-5113.VR0001H):

Amend the bill, as and if amended, by striking all after the enacting words and inserting:

SECTION 1. Section 63-3-530(A)(42) of the S.C. Code is amended to read:

(42) to order sole or joint ~~or divided~~ custody where the court finds it is in the best ~~interests~~ interest of the child;

SECTION 2. Section 63-15-210 of the S.C. Code is amended to read:

Section 63-15-210. As used in this article:

(1) “Joint custody” means both parents have equal rights and

responsibilities for major decisions concerning the child, including the child's education, medical and dental care, extracurricular activities, and religious training~~; however, a judge may designate one parent to have sole authority to make specific, identified decisions while both parents retain equal rights and responsibilities for all other decisions.~~ Regardless, a judge may designate one parent to have sole authority to make specific, identified decisions concerning the child.

(2) "Sole custody" means a person, including, but not limited to, a parent who has temporary or permanent custody of a child and, unless otherwise provided for by court order, the rights and responsibilities for major decisions concerning the child, including the child's education, medical and dental care, extracurricular activities, and religious training.

(3) "Parenting time" means the time during which the child is in the care of a parent.

SECTION 3. Section 63-15-220 of the S.C. Code is amended to read:

Section 63-15-220.~~(A) At all temporary hearings where custody is contested, each parent must prepare, file, and submit to the court a parenting plan, which reflects parental preferences, the allocation of parenting time to be spent with each parent, and major decisions, including, but not limited to, the child's education, medical and dental care, extracurricular activities and religious training. However, the parties may elect to prepare, file, and submit a joint parenting plan. The court shall issue temporary and final custody orders only after considering these parenting plans; however, the failure by a party to submit a parenting plan to the court does not preclude the court from issuing a temporary or final custody order.~~

~~(B) At the final hearing, either party may file and submit an updated parenting plan for the court's consideration.~~

~~(C) The South Carolina Supreme Court shall develop rules and forms for the implementation of the parenting plan.~~

(A) A parenting plan is a document submitted by a party to the family court which identifies the type of custody, the parenting time for each parent with the child, and the manner and terms by which major decisions, including, but not limited to, the child's education, medical and dental care, extracurricular activities, and religious training, shall be made.

(B) At any hearing where custody, parenting time, or decision making is contested, a party may submit a proposed parenting plan. The court shall consider any submitted parenting plan prior to issuing temporary and final custody orders.

SECTION 4. Section 63-15-230 of the S.C. Code is amended to read:

Section 63-15-230. (A) The court shall make ~~the final~~ every custody determination in the best interest of the child based upon the evidence presented.

(B) ~~The court may award joint custody to both parents or sole custody to either parent.~~ The only type of custody which may be ordered by the family court is either sole custody or joint custody. There is no presumption for or against either type of custody. There is no requirement on the court to find exceptional circumstances to award either type of custody.

(C) ~~If custody is contested or if either parent seeks an award of joint custody, the court shall consider all custody options, including, but not limited to, joint custody, and, in its final order, the court shall state its determination as to custody and shall state its reasoning for that decision.~~ Every custody order shall:

(1) determine and specify the schedule of parenting time for each parent with the child; and

(2) in the event of joint custody, provide for how major decisions including, but not limited to, the child's education, medical and dental care, extracurricular activities, and religious training regarding the child shall be made.

~~(D) Notwithstanding the custody determination, the court may allocate parenting time in the best interest of the child.~~

SECTION 5. This act takes effect upon approval by the Governor.

Rep. FORREST moved to adjourn debate on the Bill, which was agreed to.

H. 4609--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4609 -- Reps. Hixon, B. L. Cox and O'Neal: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 56-2-105, RELATING TO GOLF CART PERMITS AND THE OPERATION OF GOLF CARTS, SO AS TO PROVIDE CERTAIN MUNICIPALITIES AND COUNTIES MAY ENACT ORDINANCES TO ALLOW GOLF CARTS TO OPERATE IN

DESIGNATED AREAS WITHIN THEIR JURISDICTIONS AT NIGHT.

The Committee on Medical, Military, Public and Municipal Affairs proposed the following Amendment No. 1 to H. 4609 (LC-4609.CM0002H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 56-2-105(F)(3) and inserting:

(3) In ~~a county with a population of no less than one hundred fifty thousand and no more than two hundred fifty thousand persons~~all counties:

(a) ~~if a municipality has jurisdiction over a barrier island, the~~a municipality may enact an ordinance allowing for the operation of a golf cart at night ~~on~~ in designated ~~portions~~ areas ~~of the barrier island~~ within the municipality, provided the golf cart is equipped with working headlights and rear lights; or

(b) if a barrier island or county area is not within the jurisdiction of a municipality, the county in which the barrier island or county area is located may enact an ordinance allowing for the operation of a golf cart at night ~~on~~ in designated portions of the county, provided the golf cart is equipped with working headlights and rear lights.

If a municipality or county enacts an ordinance allowing golf carts to operate at night,the ordinance shall contain a description of the boundary of the designated area ~~on a barrier island~~, the requirements of subsection (C), other than operation in daylight hours only, shall still apply to all permitted golf carts.

H. 5023--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 5023 -- Reps. Brewer, Gilliam, Lawson, Sessions, Schuessler, Hager, Hartnett, Gatch, Mitchell, Hewitt, Robbins, J. Moore, Wooten, Guffey, O'Neal, J. L. Johnson, Pedalino and B. Newton: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY ADDING SECTION 56-1-219 SO AS TO ESTABLISH THE WORK ZONE PROGRAM WITHIN THE DEPARTMENT OF PUBLIC SAFETY; BY AMENDING SECTION 56-1-15, RELATING TO THE ADMINISTRATION OF DRIVER'S LICENSE EXAMINATIONS, SO AS TO REQUIRE DRIVER'S LICENSE APPLICANTS COMPLETE THE WORK ZONE SAFETY PROGRAM COURSE; AND BY AMENDING SECTION 56-1-130, RELATING TO LICENSE EXAMINATIONS AND BASIC AND CLASSIFIED LICENSES, SO AS TO REQUIRE DRIVER'S LICENSE APPLICANTS COMPLETE THE WORK ZONE SAFETY PROGRAM COURSE.

The Committee on Education and Public Works proposed the following Amendment No. 1 to H. 4609 (LC-5023.CM0001H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 56-1-219 and inserting:

Section 56-1-219. The Department of Motor Vehicles shall establish a work zone safety program. The work zone safety program shall be designed to educate the motoring public on the dangers of committing moving violations while traveling in highway construction

work zones. The department shall develop and house on its website an online work zone awareness presentation for all persons obtaining an initial license that includes, but is not limited to, facts and figures representing the dangers of motorists committing work zone moving violations, testimonials from highway construction workers and their families, information on the importance of awareness and slowing down in work zones, and a question-and-answer section to ensure participants understand and retain the information presented. The Department of Motor Vehicles is authorized to contract for the production, development, and maintenance of the webpage through a vendor. The department shall maintain in its database a record of those completing the program.

Amend the bill further, SECTION 2, by striking Section 56-1-15(B) and inserting:

(B) ~~The department must randomly test driver's license applicants who successfully complete the driver's license examinations pursuant to subsection (A) to ensure that the driver's license instructors are properly certifying that their students have successfully completed a driver's license examination.~~The department must require all persons obtaining an initial driver's license, and who are required to complete a driver's education course as defined in Section 56-1-175 or 56-1-180, to take the work zone safety program course as established in Section 56-1-219.

Amend the bill further, SECTION 3, by striking Section 56-1-130(B) and inserting:

H. 5024--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 5024 -- Reps. Elliott, Erickson and Bradley: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 56-3-14990, RELATING TO SURVIVING SPOUSES APPLYING FOR LICENSE PLATES OR THE TRANSFER OF CERTAIN LICENSE PLATES, SO AS TO PROVIDE SURVIVING SPOUSES OF MEMBERS OF THE NATIONAL GUARD MAY APPLY TO OBTAIN NATIONAL GUARD LICENSE PLATES OR TRANSFER NATIONAL GUARD LICENSE PLATES ISSUED TO THEIR SPOUSES.

The Committee on Education and Public Works proposed the following Amendment No. 1 to H. 5024 (LC-5024.CM0006H), which was adopted:

Amend the bill, as and if amended, by adding appropriately numbered SECTIONS to read:

SECTION X. Chapter 3, Title 56 of the S.C. Code is amended by adding:

Article 60

"Autistic and Neurodivergent Special License Plates"

Section 56-3-7100. The Department of Motor Vehicles may issue "Autistic and Neurodivergent" special motor vehicle license plates to owners of private passenger-carrying motor vehicles registered in their names who are autistic or neurodivergent or who are parents of children who are autistic or neurodivergent. The application for this special motor vehicle license plate must include an original certificate from a licensed physician that certifies the applicant, or his child is autistic or neurodivergent. The fee for each special license plate is the regular motor vehicle license fee set forth in Article 5. Each special license plate must be of the same size and general design of regular motor vehicle license plates and contain the "Just Bee" icon as identification for autistic or neurodivergent individuals. Each special license plate must be issued or revalidated for a biennial period which expires twenty-four months from the month the special license plate is issued.

SECTION X. Chapter 3, Title 56 of the S.C. Code is amended by adding:

Article 150

South Carolina Association for Pupil Transportation Special License Plates

Section 56-3-16000. (A) The Department of Motor Vehicles may issue "South Carolina Association for Pupil Transportation" special license plates. Each special license plate must be issued or revalidated for a biennial period that expires twenty-four months from the month the special license plate is issued.

(B) The South Carolina Association for Pupil Transportation shall submit to the department for approval the design, emblem, seal, logo, or other symbols it desires to be used for this special license plate. The department may issue this special license plate six months following approval of its design.

(C) The requirements for production, collection, and distribution of fees for a special license plate under this section must meet the requirements in Section 56-3-8100.

(D) The biennial fee for each special license plate is twenty-five dollars plus the regular motor vehicle license fee set forth in Article 5, Chapter 3, Title 56. The twenty-five-dollar fee must be distributed to the South Carolina Association for Pupil Transportation.

H. 4294--DEBATE ADJOURNED

The following Bill was taken up:

H. 4294 -- Reps. Connell, Mitchell, Hager, Wheeler and B. Newton: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 6-1-320, RELATING TO THE LIMITATION ON MILLAGE INCREASES, SO AS TO ALLOW THE GOVERNING BODY OF A RURAL COUNTY TO SUSPEND THE LIMITATION FOR THE PURPOSE OF SUPPORTING A FIRE PROTECTION DISTRICT.

The Committee on Ways and Means proposed the following Amendment No. 1 to H. 4294 (LC-4294.DG0001H):

Amend the bill, as and if amended, SECTION 1, by striking Section 6-1-320(8) and inserting:

(8) for a county council to support a fire protection district in a rural county that was created pursuant to Chapter 19, Title 4, or Chapter 11, Title 6. However, the two-thirds vote of the membership must occur no later than one year of the effective date of this item. A county council

only may utilize the provisions of this item once and use of this provision may not result in a greater than a two percent increase in the county's overall fire budget for the previous tax year. Any increased revenue resulting from the suspension of the millage limitation first must be used on a dollar-for-dollar basis to reduce fees or other similar charges that support fire protection. Once all such fees are eliminated, additional revenue must be used to support the fire protection district. For purposes of this subsection, a "rural county" is any county with a population of seventy thousand or less as of the 2020 decennial census that does not have a full-time fire department that is fully supported by the local applicable fire millage.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Jeremiah 31:33B: "'Know the Lord, for they shall all know me, from the least of them to the greatest,' says the Lord; 'for I will forgive iniquity, and remember their sin no more.'"

Let us pray. Blessings and honor and glory be unto you from God our Father who brings to you the fullness of life that He has provided for all our people. Bless and keep these Representatives and Staff in Your loving care and provide for them every needful thing. Bestow Your blessings on our defenders and first responders as they protect and care for us. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who labor in this vineyard. Protect our men and women in the Armed Forces and keep them safe. Heal the wounds of our men and women who suffer from hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER *PRO TEMPORE*.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER *PRO TEMPORE* ordered it confirmed.

MOTION ADOPTED

Rep. CALHOON moved that when the House adjourns, it adjourn in memory of George Hearn "Smokey" Davis, which was agreed to.

SILENT PRAYER

The House stood in silent prayer for Representative Gilliard.

H. 4294--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4294 -- Reps. Connell, Mitchell, Hager, Wheeler and B. Newton: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 6-1-320, RELATING TO THE LIMITATION ON MILLAGE INCREASES, SO AS TO ALLOW THE GOVERNING BODY OF A RURAL COUNTY TO SUSPEND THE LIMITATION FOR THE PURPOSE OF SUPPORTING A FIRE PROTECTION DISTRICT.

The Committee on Ways and Means proposed the following Amendment No. 1 to H. 4294 (LC-4294.DG0001H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 6-1-320(8) and inserting:

(8) for a county council to support a fire protection district in a rural county that was created pursuant to Chapter 19, Title 4, or Chapter 11, Title 6. However, the two-thirds vote of the membership must occur no later than one year of the effective date of this item. A county council only may utilize the provisions of this item once and use of this provision may not result in a greater than a two percent increase in the county's overall fire budget for the previous tax year. Any increased revenue resulting from the suspension of the millage limitation first must be used on a dollar-for-dollar basis to reduce fees or other similar charges that support fire protection. Once all such fees are eliminated, additional revenue must be used to support the fire protection district. For purposes of this subsection, a "rural county" is any county with a population of seventy thousand or less as of the 2020 decennial census that does not have a full-time fire department that is fully supported by the local applicable fire millage.

STATEMENT FOR JOURNAL

I was temporarily out of the Chamber on constituent business during the vote on H. 4294. If I had been present, I would have voted in favor of the Bill.

Rep. Brandon Guffey

H. 4912--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4912 -- Rep. Murphy: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 12-43-220, RELATING TO ASSESSMENT RATIOS FOR AD VALOREM TAXATION, SO AS TO ALLOW CERTAIN CIVILIAN EMPLOYEES OF THE DEPARTMENT OF DEFENSE TO CONTINUE TO CLAIM THE SPECIAL FOUR PERCENT ASSESSMENT RATIO WHEN THE CIVILIAN RECEIVES CERTAIN ORDERS FOR A CHANGE OF STATION.

The Committee on Ways and Means proposed the following Amendment No. 1 to H. 4912 (LC-4912.DG0003H), which was adopted:

Amend the bill, as and if amended, by adding appropriately numbered SECTIONS to read:

SECTION X. Section 12-37-220(B) of the S.C. Code is amended by adding:

(54) 36.8421 percent of the fair market value of all aircraft of each airline company. For purposes of this exemption, aircraft and airline company have the same meaning as provided in Article 19.

SECTION X. Section 12-37-2440(a) of the S.C. Code is amended to read:

(a) The ratio which the total time scheduled on the ground within this State of such aircraft during the preceding calendar or fiscal year bears to the total time scheduled on the ground within and without this State of such aircraft during the preceding calendar or fiscal year. For purposes of determining time on the ground in this State, each landing in this State equals thirty minutes and each overnight stay or maintenance day in this State equals two hours.

SECTION X. Section 12-43-220(c)(2)(iv) of the S.C. Code is amended to read:

(iv) In addition to the certification, the burden of proof for eligibility for the four percent assessment ratio is on the owner-occupant and the applicant must provide proof the assessor requires including, but not limited to:

~~(A) a copy of the owner-occupant's most recently filed South Carolina individual income tax return;~~

~~(B)~~(A) copies of South Carolina motor vehicle registrations for all motor vehicles registered in the name of the owner-occupant and registered at the same address of the four percent domicile;

~~(C)~~(B) other proof required by the assessor necessary to determine eligibility for the assessment ratio allowed by this item, except that the assessor may not require the production of confidential tax records.

If the owner or the owner's agent has made a proper certificate as required pursuant to this subitem and the owner is otherwise eligible, the owner is deemed to have met the burden of proof and is allowed the four percent assessment ratio allowed by this item, if the residence that is the subject of the application is not rented for more than seventy-two days in a calendar year. ~~For purposes of determining eligibility, rental income, and residency, the assessor annually may require a copy of applicable portions of the owner's federal and state tax returns, as well as the Schedule E from the applicant's federal return for the applicable tax year.~~

If the assessor determines the owner-occupant ineligible, the six percent property tax assessment ratio applies and the owner-occupant may appeal the classification as provided in Chapter 60 of this title.

Amend the bill further, by striking SECTION 2 and inserting:

SECTION 2. This act takes effect upon approval by the Governor and applies to tax years beginning after 2023, and the provisions contained in SECTION 1 apply to any open period less than three years.

Renumber sections to conform.

Amend title to conform.

Rep. HEWITT explained the amendment.
The amendment was then adopted.

Rep. King proposed the following Amendment No. 2 to H. 4912 (LC-4912.HA0004H), which was adopted:

Amend the bill, as and if amended, by adding an appropriately numbered SECTION to read:

SECTION X. Chapter 45, Title 12 of the S.C. Code is amended by adding:

Section 12-45-440. Notwithstanding another provision of law, in the case of an error by the county in levying real or personal property tax, the county treasurer must accept partial property tax payments from a taxpayer affected by the error. No penalties or interest may be assessed against the taxpayer for six months after the taxpayer is made aware of the error. The Department of Motor Vehicles may not revoke, suspend, or refuse to renew the driving privilege of a person for failure to pay taxes during the same six-month period. The taxpayer shall notify the treasurer of the payment schedule, except that the taxpayer must at least pay one-sixth of the original amount due each month.

Renumber sections to conform.

Amend title to conform.

Rep. KING explained the amendment.
The amendment was then adopted.

SECTION 37-6-604, RELATING TO THE CONSUMER ADVOCATE'S INTERVENTION ON MATTERS FILED AT THE COMMISSION, SO AS TO TRANSFER THESE DUTIES TO THE OFFICE OF REGULATORY STAFF; BY ADDING SECTION 58-33-196 SO AS TO ENCOURAGE CONSIDERATION OF DEPLOYMENT OF NUCLEAR FACILITIES AND TO PROVIDE RELATED REQUIREMENTS; BY ADDING SECTION 58-37-70 SO AS TO PERMIT A SMALL MODULAR NUCLEAR PILOT PROGRAM AND TO ESTABLISH REQUIREMENTS; BY ADDING ARTICLE 3 TO CHAPTER 37, TITLE 58 SO AS TO PROVIDE FOR STATE AGENCY REVIEW OF ENERGY INFRASTRUCTURE PROJECT APPLICATIONS AND TO PROVIDE A SUNSET; BY AMENDING SECTION 58-40-10, RELATING TO THE DEFINITION OF "CUSTOMER-GENERATOR", SO AS TO ESTABLISH CHARACTERISTICS FOR A "CUSTOMER-GENERATOR"; BY AMENDING SECTION 58-41-30, RELATING TO VOLUNTARY RENEWABLE ENERGY PROGRAMS, SO AS TO PROVIDE ADDITIONAL REQUIREMENTS AND CONSIDERATIONS FOR THESE PROGRAMS; BY AMENDING SECTION 58-41-10, RELATING TO DEFINITIONS, SO AS TO ADD THE DEFINITION OF "ENERGY STORAGE FACILITIES"; BY AMENDING SECTION 58-41-20, RELATING TO PROCEEDINGS FOR ELECTRICAL UTILITIES' AVOIDED COST METHODOLOGIES AND RELATED PROCESSES, SO AS TO AUTHORIZE COMPETITIVE PROCUREMENT PROGRAMS FOR RENEWABLE ENERGY, CAPACITY, AND STORAGE, TO PERMIT COMPETITIVE PROCUREMENT OF NEW RENEWABLE ENERGY CAPACITY AND ESTABLISH REQUIREMENTS FOR NON-COMPETITIVE PROCUREMENT PROGRAMS, AND TO DELETE LANGUAGE REGARDING THE COMMISSION HIRING THIRD-PARTY EXPERTS FOR THESE PROCEEDINGS; BY ADDING SECTION 58-41-25 SO AS TO PROVIDE FOR A PROCESS FOR COMPETITIVE PROCUREMENT OF RENEWABLE ENERGY FACILITIES; BY AMENDING SECTION 58-33-20, RELATING TO DEFINITIONS, SO AS TO ADD THE DEFINITION "LIKE FACILITY"; BY AMENDING ARTICLE 3 OF CHAPTER 33, TITLE 58, RELATING TO CERTIFICATION OF MAJOR UTILITY FACILITIES, SO AS TO PROVIDE FOR A LIKE FACILITY, TO ESTABLISH REQUIREMENTS AND CONSIDERATIONS FOR PROPOSED FACILITIES, TO PROVIDE WHAT ACTIONS MAY BE TAKEN WITHOUT PERMISSION FROM THE COMMISSION, AND

TECHNICAL CHANGES; BY AMENDING SECTION 58-37-40, RELATING TO INTEGRATED RESOURCES PLANS, SO AS TO ADD CONSIDERATION OF A UTILITY'S TRANSMISSION AND DISTRIBUTION RESOURCE PLAN, TO ESTABLISH PROCEDURAL REQUIREMENTS AND EVALUATION BY THE COMMISSION, AND REQUIRE PARTIES TO BEAR THEIR OWN COSTS; BY AMENDING SECTION 58-3-260, RELATING TO COMMUNICATIONS BETWEEN THE COMMISSION AND PARTIES, SO AS TO MODIFY REQUIREMENTS FOR ALLOWABLE EX PARTE COMMUNICATIONS AND BRIEFINGS, AND TO PERMIT COMMISSION TOURS OF UTILITY PLANTS OR OTHER FACILITIES UNDER CERTAIN CIRCUMSTANCES; BY AMENDING SECTION 58-3-270, RELATING TO EX PARTE COMMUNICATION COMPLAINT PROCEEDINGS AT THE ADMINISTRATIVE LAW COURT, SO AS TO PERMIT AN ORDER TOLLING ANY DEADLINES ON A PROCEEDING SUBJECT TO A COMPLAINT TO THE EXTENT THE PROCEEDING WAS PREJUDICED SO THAT THE COMMISSION COULD NOT CONSIDER THE MATTER IMPARTIALLY; BY ADDING CHAPTER 43 TO TITLE 58 SO AS TO ESTABLISH ECONOMIC DEVELOPMENT RATES FOR ELECTRICAL UTILITIES; BY AMENDING SECTION 58-33-310, RELATING TO AN APPEAL FROM A FINAL ORDER OR DECISION OF THE COMMISSION, SO AS TO REQUIRE A FINAL ORDER ISSUED PURSUANT TO CHAPTER 33, TITLE 58 BE IMMEDIATELY APPEALABLE TO THE SOUTH CAROLINA SUPREME COURT AND TO PROVIDE FOR AN EXPEDITED HEARING; BY AMENDING SECTION 58-33-320, RELATING TO JOINT HEARINGS AND JOINT INVESTIGATIONS, SO AS TO MAKE A CONFORMING CHANGE; BY ADDING SECTION 58-4-160 SO AS TO REQUIRE THE OFFICE OF REGULATORY STAFF TO CONDUCT A STUDY TO EVALUATE ESTABLISHING A THIRD-PARTY ADMINISTRATOR FOR ENERGY EFFICIENCY AND DEMAND-SIDE MANAGEMENT PROGRAMS; BY AMENDING SECTION 58-37-10, RELATING TO DEFINITIONS, SO AS TO ADD A REFERENCE TO "DEMAND-SIDE MANAGEMENT PROGRAM" AND PROVIDE DEFINITIONS FOR "COST-EFFECTIVE" AND "DEMAND-SIDE MANAGEMENT PILOT PROGRAM"; BY AMENDING SECTION 58-37-20, RELATING TO COMMISSION PROCEDURES ENCOURAGING ENERGY EFFICIENCY PROGRAMS, SO AS TO EXPAND COMMISSION

CONSIDERATIONS FOR COST-EFFECTIVE DEMAND-SIDE MANAGEMENT PROGRAMS, AND REQUIRE EACH INVESTOR-OWNED ELECTRICAL UTILITY TO SUBMIT AN ANNUAL REPORT TO THE COMMISSION REGARDING ITS DEMAND-SIDE MANAGEMENT PROGRAMS; BY AMENDING SECTION 58-37-30, RELATING TO REPORTS ON DEMAND-SIDE ACTIVITIES, SO AS TO MAKE A CONFORMING CHANGE; BY ADDING SECTION 58-37-35 SO AS TO PERMIT PROGRAMS AND CUSTOMER INCENTIVES TO ENCOURAGE OR PROMOTE DEMAND-SIDE MANAGEMENT PROGRAMS FOR CUSTOMER SITED DISTRIBUTION RESOURCES, AND TO PROVIDE CONSIDERATIONS FOR THESE PROGRAMS; BY AMENDING SECTION 58-37-50, RELATING TO AGREEMENTS FOR ENERGY EFFICIENCY AND CONSERVATION MEASURES, SO AS TO ESTABLISH CERTAIN TERMS AND RATE RECOVERY FOR AGREEMENTS FOR FINANCING AND INSTALLING ENERGY EFFICIENCY AND CONSERVATION MEASURES, AND FOR APPLICATION TO A RESIDENCE OCCUPIED BEFORE THE MEASURES ARE TAKEN; BY ADDING SECTION 58-31-215 SO AS TO AUTHORIZE THE PUBLIC SERVICE AUTHORITY, IN CONSULTATION WITH THE DEPARTMENT OF COMMERCE, TO SERVE AS AN ANCHOR SUBSCRIBER OF NATURAL GAS AND PIPELINE CAPACITY FOR THIS STATE, TO ESTABLISH THE "ENERGY INVESTMENT AND ECONOMIC DEVELOPMENT FUND", AND TO PROVIDE FOR RELATED REQUIREMENTS; BY AMENDING SECTION 58-3-70, RELATING TO COMPENSATION OF PUBLIC SERVICE COMMISSION MEMBERS, SO AS TO ESTABLISH SALARIES IN AMOUNTS EQUAL TO NINETY-SEVEN AND ONE-HALF PERCENT OF SUPREME COURT ASSOCIATE JUSTICES.

The Committee on Labor, Commerce and Industry proposed the following Amendment No. 1 to H. 5118 (LC-5118.HA0005H), which was adopted:

Amend the bill, after the title but before the enacting words, by striking the eighteenth paragraph and inserting:

Whereas, in light of the unique circumstances presented by the shared needs of DESC and SCPSA for replacement generation in the Charleston and Georgetown areas, the unique benefits of a partnership between them for this purpose, and the unique benefits of the Canadys site as the location for a joint resource, the General Assembly finds that these

circumstances support amending the enabling act of the SCPSA to authorize it in a joint venture to develop and share in the output of one or more combined cycle natural gas units to be located at the Canadys site and encourages the utility to seek, as soon as practicable, a certificate as defined under the terms of the Utility Facility Siting and Environmental Protection Act for DESC to construct and operate combined cycle natural gas units to be located at the Canadys site; and

Amend the bill further, after the title but before the enacting words, by striking the twenty second paragraph and inserting:

Whereas, in light of the unique circumstances presented by the potential expansion of Duke Energy Carolinas' energy storage capacity by expanding the Bad Creek facility without construction of a new reservoir, and considering the unique benefits for customers served by Duke Energy Carolinas' electrical system such an expansion represents, the General Assembly encourages the utility to complete evaluations related to expanding the Bad Creek facility to double its output; and

Amend the bill further, after the title but before the enacting words, by striking the twenty third paragraph and inserting:

Whereas, in light of the unique circumstances presented in the plans of Duke Energy Carolinas LLC and Duke Energy Progress LLC to secure approximately 7,000 MW of natural gas generation facilities for the benefit of their customers in South Carolina, the General Assembly encourages the utilities to undertake such activities as may be necessary to pursue and facilitate additional natural gas generation to serve its customers in this state; and

Amend the bill further, after the title but before the enacting words, by striking the twenty seventh paragraph and inserting:

Whereas, the South Carolina General Assembly acknowledges the transformative potential of advanced nuclear generation, such as small modular reactors (SMRs), understanding that their compact size addresses significant challenges associated with traditional nuclear power, offering the promise of expedited and cost-effective plant construction, coupled with enhanced safety in operational practices, along with offering reliable carbon-free energy generation that can operate nearly 24/7; and

Amend the bill further, after the title but before the enacting words, by striking the twenty eight paragraph and inserting:

Whereas, the South Carolina General Assembly recognizes the strategic importance of investigating in and pursuing advanced nuclear technologies such as small modular reactors and molten salt reactors at this time, understanding that proactive engagement in research and

development positions the state to capitalize on future opportunities when SMRs become economically and technologically viable; and

Amend the bill further, by striking all after the enacting words and inserting:

SECTION 1. This act may be cited as the "South Carolina Energy Security Act".

SECTION 2. Section 58-3-20 of the S.C. Code is amended to read:

Section 58-3-20. (A) The commission is composed of ~~seven~~three members to be elected by the General Assembly in the manner prescribed by this chapter. Each member must have:

(1) a baccalaureate or more advanced degree from:

(a) a recognized institution of higher learning requiring face-to-face contact between its students and instructors prior to completion of the academic program;

(b) an institution of higher learning that has been accredited by a regional or national accrediting body; or

(c) an institution of higher learning chartered before 1962; and

(2) a background of substantial duration and an expertise in at least one of the following:

(a) energy issues;

(b) telecommunications issues;

(c) consumer protection and advocacy issues;

(d) water and wastewater issues;

(e) finance, economics, and statistics;

(f) accounting;

(g) engineering; or

(h) law.

~~(B)(1) Beginning in 2004, the members of the Public Service Commission must be elected to staggered terms. In 2004, the members representing the Second, Fourth, and Sixth Congressional Districts must be elected for terms ending on June 30, 2006, and until their successors are elected and qualify. Thereafter, members representing the Second, Fourth, and Sixth Congressional Districts must be elected to terms of four years and until their successors are elected and qualify. In 2004, the members representing the First, Third, and Fifth Congressional Districts and the State at large must be elected for terms ending on June 30, 2008, and until their successors are elected and qualify. Thereafter, members representing the First, Third, and Fifth Congressional Districts and the State at large must be elected to terms of four years and until their successors are elected and qualify. Notwithstanding the provisions of this section, members representing the First, Third, and Fifth~~

~~Congressional Districts shall serve until the expiration of their terms, and in 2013, members representing the First, Third, and Fifth Congressional Districts must be elected for terms ending on June 30, 2016, and until their successors are elected and qualified.~~

~~(2) In the event there are Seven Congressional Districts, the member elected from the State at large shall serve until the expiration of his term, and in 2013, a member representing the Seventh Congressional District must be elected for a term ending on June 30, 2016, and until his successor is elected and qualified. Thereafter, the member representing the Seventh Congressional District must be elected to terms of four years and until his successor is elected and qualified. Upon the election and qualification of the member representing the Seventh Congressional District, the at-large member elected to satisfy the requirements of subsection (C) immediately shall cease to be a member of the commission.~~

~~(C)~~ (B)(1)The General Assembly must provide for the election of the ~~seven~~three-member commission ~~and elect its members based upon the congressional districts established by the General Assembly pursuant to the latest official United States Decennial Census. If the number of congressional districts is less than seven, additional members must be elected at large to provide for a seven-member commission. In the event the congressional districts established by the General Assembly are under review by a court for compliance with statutory or constitutional requirements, an election scheduled pursuant to this section shall not be held until a final determination is made by the courts regarding the congressional districts. The inability to hold an election due to judicial review of the congressional districts does not constitute a vacancy on the commission and the commissioners serve until their successors are elected and qualify~~. The commission members must be elected to terms of four years and until their successors are elected and qualify.

(2) The commission members must be elected from the state at large; however, membership on the commission should reflect all segments of the population of the State, to the greatest extent possible.

~~(D)~~(C) The Governor may fill vacancies in the office of commissioner until the successor in the office for a full term or an unexpired term, as applicable, has been elected by the General Assembly. In cases where a vacancy occurs on the commission when the General Assembly is not in session, the Governor may fill the vacancy by an interim appointment. The Governor must report the interim appointment to the General Assembly and must forward a formal appointment at its next ensuing regular session.

SECTION 3. Section 58-3-140 of the S.C. Code is amended to read:

Section 58-3-140. (A) Except as otherwise provided in Chapter 9 of this title, the commission is vested with power and jurisdiction to supervise and regulate the rates and service of every public utility in this State and to fix just and reasonable standards, classifications, regulations, practices, and measurements of service to be furnished, imposed, or observed, and followed by every public utility in this State.

(B)(1) The commission, in conducting its analysis and making a decision in matters involving electrical utilities, must consider the economic impact to the State when fixing just and reasonable standards, classifications, regulations, practices, and measurements of service to be furnished, imposed, or observed, and followed by every electrical utility in this State.

(2) The General Assembly declares the rates, services, and operations of electrical utilities are a matter of public interest and the availability of an adequate, reliable, and economical supply of electric power and natural gas to the people and economy of South Carolina is a matter of public policy. When exercising its powers under this section, the commission must balance the public interest in determining the rates, services, and operations of electrical utilities. It is the policy of this State for the commission, in matters involving electrical utilities, to:

(a) ensure South Carolina customers have access to an adequate, reliable, and economical supply of energy resources;

(b) sustain growth in industrial and economic development by ensuring an electric generation, transmission, and distribution system that can grow and modernize to meet the demands that a prosperous and developing economy places on it;

(c) provide fair regulation of electrical utilities in the interest of the public in a manner that maintains the financial integrity of the electrical utility by assuring a sufficient and fair rate of return, supports economic development and industry retention, and provides just and reasonable rates to be established for entities providing electrical utility services to customers in this State while promoting adequate, reliable, and economical utility service to all of the citizens and residents of this State;

(d) provide the State and the public with a well-regulated electrical utility environment;

(e) assure that resources necessary to meet future growth through the provision of adequate, reliable electrical utility service include use of the entire spectrum of demand-side options, including but not limited to, conservation, load management, and energy efficiency

programs as additional sources of energy supply and energy demand reduction;

(f) provide just and reasonable rates and charges for electrical utility services without undue preferences or advantages, or unfair or destructive competitive practices and consistent with long-term management and conservation of energy resources by avoiding wasteful, uneconomic generation and uses of energy;

(g) assure that facilities necessary to meet future growth can be financed by the utilities operating in this State on terms which are reasonable and fair to both the customers and existing investors of such utilities, and to that end, to authorize fixing of rates in such a manner as to result in lower costs of new facilities and lower rates over the operating lives of such new facilities;

(h) recognize the important role of utilities in economic development and industry retention and the necessity for utilities to maintain the ability to finance continued investment in, and operation and maintenance of, the electric system, rapid restoration of power after major storms and outages, rate designs, and infrastructure necessary to attract and retain businesses and jobs to South Carolina, the ability to obtain financing at attractive rates, and to ensure a viable workforce for providing electricity and to attract such utility workers at market-competitive wages;

(i) seek to encourage and promote harmony between public utilities, their users, and the environment;

(j) foster the continued service of electrical utilities on a well-planned and coordinated basis that is consistent with the level of energy needed for the protection of public health and safety and for the promotion of the general welfare, economic development, and industry retention;

(k) seek to adjust the rate of growth of regulated energy supply facilities serving the State to the policy requirements of statewide economic development and industry retention;

(l) encourage the continued study and research on new and innovative rate designs which will protect the State, the public, the ratepayers and the utilities;

(m) facilitate the construction of facilities in and the extension of natural gas service to unserved and underserved areas in order to promote the public welfare throughout the State;

(n) further the development of cleaner energy technologies on a cost-effective basis to protect the natural resources of this State, promote the health and well-being of the people of this State, and attract

investments, create employment opportunities, drive economic growth, and foster innovation in this State; and

(o) accomplish regulatory processes and issue orders in a timely manner.

~~(B)~~(C) The commission must develop and publish a policy manual which must set forth guidelines for the administration of the commission. All procedures must incorporate state requirements and good management practices to ensure the efficient and economical utilization of resources.

~~(C)~~(D) The commission must facilitate access to its general rate request orders in contested matters involving more than one hundred thousand dollars by publishing an order guide which indexes and cross-references orders by subject matter and case name. The order guide must be made available for public inspection.

~~(D)~~(E) The commission must promulgate regulations to require the direct testimony of witnesses appearing on behalf of utilities and of witnesses appearing on behalf of persons having formal intervenor status, such testimony to be reduced to writing and prefiled with the commission in advance of any hearing. In contested case proceedings, the applicant seeking relief from the commission shall have the right to prefile rebuttal testimony responsive to the direct prefiled testimony of other parties. The commission may allow supplemental testimony in cases where new matters arise after the filing of direct testimony, provided that parties shall have the right to respond to such supplemental testimony. The procedural schedule for each contested case proceeding shall include dates for completion of each phase of discovery, including discovery related to the application or other initial pleading as filed, direct testimony of the applicant, direct testimony of the Office of Regulatory Staff and other parties and intervenors, rebuttal testimony of the applicant, and surrebuttal testimony but only if allowed by the commission upon motion that there is material new information for which surrebuttal testimony is required. The commission must act on a motion to allow surrebuttal testimony within three business days. Except upon showing of exceptional circumstances or surprise, all discovery must be completed not less than ten days prior to the hearing.

(F) The commission may convene public hearings to allow electrical utility customers to address the commission as public witnesses without intervening in the proceedings and without subjecting themselves to discovery or prefiling testimony. Public witnesses may address the commission on issues related to customer service, utility operations, reliability, economic hardship, affordability, environmental

concerns, or other matters that affect them. The electrical utility and the Office of Regulatory Staff shall work to investigate and resolve individual service issues raised by public witnesses.

(G) Any other provision of law notwithstanding, to the extent the commission is authorized by the General Assembly to employ an independent third-party consultant to assist the commission in its duties with respect to a matter before the commission, such consultant may only rely upon evidence introduced by a party to that proceeding into the record subject to the requirements of the South Carolina Administrative Procedures Act. Further, the commission may not give any consultant employed by the commission party status in a proceeding before the commission.

~~(E)~~(H) Nothing in this section may be interpreted to repeal or modify specific exclusions from the commission's jurisdiction pursuant to Title 58 or any other title.

~~(F)~~(I) When required to be filed, tariffs must be filed with the office of the chief clerk of the commission and, on that same day, provided to the Executive Director of the Office of Regulatory Staff.

SECTION 4. Section 58-3-250(B) of the S.C. Code is amended to read:

(B) A copy of every final order or decision under the seal of the commission must be served by electronic service, or registered or certified mail, upon all parties to the proceeding or their attorneys. Service of every final order or decision upon a party or upon the attorney must be made by emailing a copy of the order to the party's email address provided to the commission or by mailing a copy to the party's last known address. If no email or other address is known, however, service shall be made by leaving a copy with the chief clerk of the commission. The order takes effect and becomes operative when served unless otherwise designated and continues in force either for a period designated by the commission or until changed or revoked by the commission. If, in the judgment of the commission, an order cannot be complied with within the time designated, the commission may grant and prescribe additional time as is reasonably necessary to comply with the order and, on application and for good cause shown, may extend the time for compliance fixed in its order.

SECTION 5. Section 58-4-10 of the S.C. Code is amended to read:

Section 58-4-10. (A) There is hereby created the Office of Regulatory Staff as a separate agency of the State with the duties and organizations as hereinafter provided.

(B) Unless and until it chooses not to participate, the Office of

Regulatory Staff must be considered a party of record in all filings, applications, or proceedings before the commission. The regulatory staff must represent the public interest of South Carolina before the commission. For purposes of this chapter only, "public interest" means a balancing of:

(1) the concerns of the using and consuming public with respect to public utility services, regardless of the class of customer~~.~~;

(2) economic development and job attraction and retention in South Carolina; and

(3) preservation of the financial integrity of the State's public utilities to the extent necessary to provide for the ~~of~~ continued investment in and maintenance of utility facilities so as to provide reliable and high quality utility services.

(C) The Office of Regulatory Staff is subject to the provision of Section 58-3-260 prohibiting ex parte communications with the commission, and any advice given to the commission by the regulatory staff must be given in a form, forum, and manner as may lawfully be given by any other party or person.

SECTION 6.Chapter 4, Title 58 of the S.C. Code is amended by adding:

Section 58-4-150. (A) To further advance and expand upon Executive Order 2023-18 which established the PowerSC Energy Resources and Economic Development Interagency Working Group, the Office of Regulatory Staff, in consultation with a stakeholder group that includes representatives of consumer, environmental, manufacturing, forestry, and agricultural organizations, natural gas and electrical utilities, the South Carolina Public Service Authority, and other affected state agencies, shall prepare a comprehensive South Carolina energy assessment and action plan, hereinafter referred to as "the plan". This plan must identify recommended actions over a ten-year period to ensure the availability of adequate, reliable, and economical supply of electric power and natural gas to the people and economy of South Carolina. For purposes of this section, natural gas and electrical utilities also includes any investor-owned electrical utility, a public utility as defined in Section 58-5-10, the Public Service Authority, electric cooperatives, and any consolidated political subdivision that owns or operates in this State equipment or facilities for generating, transmitting, delivering, or furnishing electricity, but does not include an entity that furnishes electricity only to itself, its residents, or tenants when such current is not resold or used by others.

(B) The Office of Regulatory Staff, in collaboration with the

electrical utilities and the South Carolina Public Service Authority, shall aggregate data and analyses from their most recent integrated resource plans approved by the commission, and include any updates or associated filings and other available data in order to create a statewide comprehensive view of the availability of an adequate, reliable, and economical supply of energy resources to the people and economy of South Carolina.

(C) The plan must detail factors, and make recommendations, essential to adequate, reliable, and economical supply of energy resources for the people and economy of South Carolina, including but not limited to:

(1) projections of energy consumption in South Carolina, including the use of fuel resources and costs of electricity and generation resources across the electrical utilities' and the South Carolina Public Service Authority's balancing authority areas used to serve the State;

(2) the adequacy of electricity generation, transmission, and distribution resources in this State to meet projections of energy consumption;

(3) the adequacy of infrastructure utilized by natural gas industries in providing fuel supply to electric generation plants or otherwise for end-use customers;

(4) the overall needs of the South Carolina electric grid and transmission system and details from the plans of each electrical utility and the South Carolina Public Service Authority to meet current and future energy needs in a cost-effective, reliable, economic, and environmental manner;

(5) an assessment of state and local impediments to expanded use of generation or distributed resources and recommendations to reduce or eliminate such impediments;

(6) how energy efficiency, demand-side management programs, and conservation initiatives across the electrical utilities' and the South Carolina Public Service Authority's balancing authority areas may be expanded to lower bills and reduce electric consumption;

(7) details regarding potential siting of energy resource and transmission facilities in order to identify any disproportionate adverse impact of such activities on the environment, agricultural community, land use, and economically disadvantaged or minority communities;

(8) details regarding commercial and industrial consumer clean energy goals and options available to such customers to achieve these goals, including:

(a) an analysis of the barriers commercial and industrial

consumers face in making such investments in this State;

(b) an analysis of any electric and natural gas regulatory barriers to the recruitment and retention of commercial and industrial customers in this State; and

(c) recommendations to address any barriers identified in items (a) and (b) in a manner that is consistent with the public interest and which is not duly impactful to nonparticipating customers as it pertains to rate and system impacts, and which is not unduly impactful to entities providing public utility services.

(C) In preparing the plan the Office of Regulatory Staff may retain an outside expert to assist with compiling this report.

(D) In addition to the information required by this section, the plan must include recommendations for legislative, regulatory, or other public and private actions to best ensure a reliable and reasonably priced energy supply in South Carolina that supports the continued growth and success of this State. In forming these recommendations, the Office of Regulatory Staff must confer with the stakeholder group to ensure the recommendations would likely achieve the intended result for the electric grid, electric generation, and natural gas resources serving South Carolina customers.

(E) The plan must be submitted to the Public Utilities Review Committee for approval.

(F) The provisions of this section are subject to funding.

SECTION 7. Title 58 of the S.C. Code is amended by adding:

CHAPTER 38

South Carolina Energy Policy Institute

Section 58-38-10. This chapter is known as and may be cited as the "South Carolina Energy Policy Research and Economic Development Institute" or "EPI".

Section 58-38-20. The General Assembly finds that:

(1) It is in the public interest of South Carolina to establish an Energy Policy Research and Economic Development Institute, also referred to as EPI, to support the efforts of the Advanced Resilient Energy Nexus, also referred to as SC Nexus, and research and propose solutions to address major challenges in the complex and evolving area of energy generation and storage.

(2) Research and documenting reliable data is essential for thoughtful consideration of the complex issues and concerns impacting energy generation and storage and the need for timely, substantive, and thorough advice from the EPI to the South Carolina General Assembly is critical to continue to position this State as a global leader.

(3) Advancement through the EPI of the broad collaboration through the SC Nexus will assist the State as a global leader in advanced energy by developing, testing, and deploying exportable electricity technologies. It will also allow the State to leverage the region's dynamic and growing manufacturing base, superior research capabilities, and demonstrated record of public-private collaboration to innovate and commercialize emerging energy storage materials and manufacturing techniques, including a demonstrative microgrid implementation that integrates renewable energy and storage into the state's electricity systems.

(4) The topography of South Carolina, with its coastal plains and low country, confronts further complications. While the State possesses renewable energy resources like hydropower potential from its rivers and lakes and biomass from wood waste and landfill gas, the lack of sustainable energy production exacerbates the energy deficit. It is critical that South Carolina provide safe, reliable, and affordable energy.

(5) The industrial sector in South Carolina accounts for approximately one-third of the state's total energy use and heavily depends on energy consumption. Continued economic development and industry retention depends upon safe, reliable, and affordable energy generation.

(6) South Carolina will need to continue moving toward reliable power from emerging energy sources to ensure continued economic growth and secure energy for residential usage.

(7) The EPI shall collaborate across South Carolina in coordination with SC Nexus, Savannah River National Laboratory, energy utility providers, private industry, and workforce development to deliver advice on policy creation aligned with the state's distinctive needs and opportunities. EPI shall support and collaborate with SC Nexus, a consortium of public and private entities, formed within the South Carolina Department of Commerce concerning power generation, transmission, and storage.

Section 58-38-30. (A) The EPI shall be established by the University of South Carolina to serve as an expert and reliable advisory resource for state policymakers, government, and industry. This institute shall bring together a coalition of experts from various domains within the energy ecosystem, individuals and organizations specializing in innovating public policy approaches, as well as specialists from across higher education, including but not limited to, the University of South Carolina, Clemson University, and South Carolina State University. The EPI shall aid South Carolina in developing a strategic long-term

approach to address energy-related challenges and economic development opportunities for the State of South Carolina.

(B) The EPI shall be governed by a board of six members which shall provide oversight and guidance to the EPI. This board shall be composed of:

(1) Speaker of the House of Representatives or his designee;

(2) President of the Senate or his designee;

(3) Chairman of the Ways and Means Committee of the House of Representatives, or his designee;

(4) Chairman of the Finance Committee of the Senate or his designee;

(5) Chairman of the Labor, Commerce and Industry Committee of the House of Representatives or his designee; and

(6) Chairman of the Judiciary Committee of the Senate or his designee.

Section 58-38-40. (A) Annual deliverables for the EPI shall align with the goals and priorities of critical state objectives and legislative needs of South Carolina as determined by the board.

(B) The EPI shall prepare concise and informative documents that outline the key energy policy issues in South Carolina for members of the South Carolina General Assembly. These briefs shall offer evidence-based recommendations and their potential impacts to assist the legislature in decision making.

(C) The EPI shall provide in-depth research on various aspects of energy policy relevant to South Carolina, at the direction of the board.

(D) The EPI shall provide stakeholder engagement reports, including identification and engagement with relevant stakeholders in the energy sector, including industry representatives, environmental groups, consumer advocates, and community organizations. The EPI shall compile reports on stakeholder perspectives, concerns, and suggestions to aid the legislature in understanding different viewpoints.

(E) The EPI shall evaluate the economic implications of different energy policy options, including the potential costs and benefits to the state's economy, job market, industry competitiveness, and underdeveloped communities. The EPI must use modeling techniques to estimate direct and indirect impacts on various sectors.

(F) The EPI shall develop practical framework recommendations for implementing energy policies in South Carolina, considering regulatory mechanisms, enforcement mechanisms, and coordination between different government agencies. These frameworks must address potential challenges and propose strategies for successful

implementation.

(G) The EPI may host fellowships by which entities could offer the time and services of employees by which the EPI could leverage the knowledge, experience, and participation of such entities.

SECTION 8.Article 3, Chapter 33, Title 58 of the S.C. Code is amended by adding:

Section 58-33-195. (A)(1) The General Assembly finds:

(a) The Public Service Commission, hereinafter referred to as "the commission", issued Order No. 2023-860 approving Dominion Energy South Carolina, Inc.'s integrated resource plan, and Order No. 2024-171 approving the South Carolina Public Service Authority's integrated resource plan. The commission determined these integrated resource plans represented the most reasonable and prudent means to meet each utility's energy and capacity needs as of the time each integrated resource plan was reviewed.

(b) Dominion Energy South Carolina, Inc.'s integrated resource plan identified a natural gas combined cycle unit as the optimum replacement unit for the Williams Station, which Dominion Energy South Carolina, Inc. intends to retire in 2030, assuming replacement capacity is available at that time. Dominion Energy South Carolina, Inc. proposed to locate this natural gas combined cycle unit facility at the site of its now retired Canadys coal plant, and Dominion Energy South Carolina, Inc. is pursuing a plan to build it jointly with the Public Service Authority under a Memorandum of Understanding, also referred to as the "Joint Resource".

(c) The commission found that Dominion Energy South Carolina, Inc.'s Reference Build Plan replacing the Williams Station with the Joint Resource best meets the criterion of "consumer affordability and least cost" pursuant to Section 58-37-40(C)(2)(b).

(d) The commission found that the Public Service Authority's Preferred Portfolio, referred to as "Supplemental", as the preferred plan to guide the Public Service Authority's generation and transmission planning over the next three years, with updates as necessary, represented the most reasonable and prudent means of meeting the Public Service Authority's energy and capacity needs.

(e) The commission found the Supplemental is the most cost-effective and least ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements, while maintaining safe and reliable electric service.

(f) The commission determined the Public Service Authority sufficiently considered alternatives to the natural gas combined cycle

unit.

(g) The commission found that the Supplemental allows the Public Service Authority to meet the electric power needs of its retail and wholesale customers reliably and affordably, reduces its carbon footprint, and adds flexibility and innovation to support a growing state economy.

(2) The General Assembly encourages Dominion Energy South Carolina, Inc. and the Public Service Authority to jointly complete evaluations related to the Joint Resource and to use such information as may be necessary from such evaluations to make a filing as soon as practicable with the commission to obtain a certificate pursuant to Article 3 of this chapter. The General Assembly instructs all governmental agencies to provide accelerated consideration of any action required to permit or authorize construction and operation of the facilities subject to this section in preference to all other pending nonemergency applications or requests. The General Assembly finds adding natural gas generation capacity at the retired Canadys coal site would advance the economy and general welfare of the State based on current conditions and information as of the effective date of this Act. However, this subsection does not exempt the entities from complying with the requirements of the Utility Facility Siting and Environmental Protection Act, including the requirement to seek commission approval for a certificate of environmental compatibility and public convenience and necessity nor does this subsection limit the commission's independent decision-making authority. The entities are further encouraged to use existing rights of way to the greatest extent practicable.

(B) The General Assembly hereby encourages Duke Energy Carolinas, LLC to complete evaluations for constructing a second powerhouse using the existing reservoir at Bad Creek Pumped Hydro Station in Oconee County, South Carolina, which will approximately double the size and peak hourly capacity of the facility, and to use such information as may be necessary from such evaluations to make a filing as soon as practicable with the commission to obtain a certificate pursuant to Article 3 of this chapter. The General Assembly further encourages Duke Energy Carolinas, LLC to complete evaluations as to what may be necessary to interconnect such an expansion of Bad Creek Pumped Hydro Station to the electric grid or otherwise deliver electric power from Duke Energy Carolinas, LLC to its customers, and to include such information as may be necessary from such evaluations in a filing to the commission pursuant to Section 58-33-110 or as otherwise

required by law. The General Assembly instructs all governmental agencies to provide accelerated consideration of any action required to permit or otherwise authorize construction and operation of the facilities subject to this subsection in preference of all other pending nonemergency applications or requests.

(C) The General Assembly hereby encourages Duke Energy Carolinas, LLC and Duke Energy Progress, LLC to complete evaluations for constructing hydrogen capable natural gas generation or otherwise to place into service such natural gas generation within the utilities' balancing areas serving South Carolina, and to use such information from the evaluations as may be necessary to make a filing as soon as practicable with the commission to obtain a certification pursuant to Article 3 of this chapter or as otherwise required by law. The General Assembly further encourages Duke Energy Carolinas, LLC and Duke Energy Progress, LLC to determine what facilities may be necessary to interconnect such natural gas generation to the electric grid or otherwise deliver electric power from the utilities to its customers, and to include such information in any filing to the commission pursuant to Section 58-33-110 or as otherwise required by law. The General Assembly instructs all governmental agencies to provide accelerated consideration of any action required to permit or otherwise authorize construction or operation of the facilities subject to this subsection in preference of all other pending nonemergency applications or requests.

SECTION 9.Article 1, Chapter 31, Title 58 of the S.C. Code is amended by adding:

Section 58-31-205. (A) The Public Service Authority shall have the power to jointly own, as tenants-in-common or through a limited liability company, with investor-owned electric utilities of electrical generation and transmission facilities, the power to plan, finance, acquire, own, operate, and maintain an interest in such plants and facilities necessary or incidental to the generation and transmission of electric power and the power to make plans and enter into such contracts as are necessary or convenient for the planning, financing, acquisition, construction, ownership, operation, and maintenance of such plants and facilities. However, the Public Service Authority shall own a percentage of such plants and facilities equal to the percentage of the money furnished or the value of property supplied by the Public Service Authority for the acquisition and construction of the plants and facilities. The Public Service Authority shall also own and control a like percentage of the electrical output thereof.

(B) The Public Service Authority shall be severally liable in

proportion to its ownership share of such plants and facilities acquired pursuant to this section for the acts, omissions, or obligations performed, omitted, or incurred by the operator or other owners of the plants and facilities while acting as the designated agent of the Public Service Authority for the purposes of constructing, operating, or maintaining the plants and facilities, or any of them. However, the Public Service Authority shall not be otherwise liable, jointly or severally, for the acts, omissions, or obligations of other owners of the plants and facilities, nor shall any money or property of the Public Service Authority be credited or otherwise applied to the account of the operator or other owners of the plants and facilities, or be charged with any debt, lien, or mortgage as a result of any debt or obligation of the operator or other owners of the plants and facilities.

SECTION 10. Article 9, Chapter 7, Title 13 of the S.C. Code is amended to read:

Article 9

Governor's Nuclear Advisory Council

Section 13-7-810. There is hereby established a Nuclear Advisory Council in the ~~Department of Administration,~~ Office of Regulatory Staff, which shall be responsible to the Executive Director of the ~~Department of Administration~~ Office of Regulatory Staff and report to the Governor.

Section 13-7-820. The duties of the council, in addition to such other duties as may be requested by the Governor, shall be:

(1) to provide advice and recommendations to the Governor on issues involving the use, handling, and management of the transportation, storage, or disposal of nuclear materials within South Carolina, or such use, handling, transportation, storage, or disposal of nuclear materials outside of the State which may affect the public health, welfare, safety, and environment of the citizens of South Carolina;

(2) to provide advice and recommendations to the Governor regarding matters pertaining to the Atlantic Compact Commission;

(3) to provide advice and recommendations to the Governor regarding the various programs of the United States Department of Energy pertaining to nuclear waste;

(4) to meet at the call of the chair or at a minimum twice a year; and

(5) to engage stakeholders and develop a strategic plan to advance the development of advanced nuclear generation including small modular reactors, molten salt reactors, and spent nuclear fuel recycling facilities to serve customers in this State in the most economical manner at the earliest reasonable time possible.

Section 13-7-830. The recommendations described in Section ~~13-~~

~~7-620~~ 13-7-820 shall be made available to the General Assembly and the Governor.

Section 13-7-840. The council shall consist of ~~nine~~ten members. One at-large member shall be appointed by the Speaker of the House of Representatives and one at-large member shall be appointed by the President of the Senate. ~~Seven~~Eight members shall be appointed by the Governor as follows: two shall be actively involved in the area of environmental protection; one shall have experience in the generation of power by nuclear means; one shall have experience in the field of nuclear activities other than power generation; two shall be scientists or engineers from the faculties of institutions of higher learning in the State; and ~~one~~two shall be from the public at large; of which one shall be appointed to serve as the chairman and director of the Nuclear Advisory Council. The terms of the members of the council appointed by the Governor shall be coterminous with that of the appointing Governor, but they shall serve at the pleasure of the Governor.

Vacancies of the council shall be filled in the manner of the original appointment.

Section 13-7-850. The Governor shall designate the chairman from the membership. When on business of the council, members shall be entitled to receive such compensation as provided by law for boards and commissions.

Section 13-7-860. Staff support for the council shall be provided by the ~~Department of Administration~~Office of Regulatory Staff. The Director of the Nuclear Advisory Council must be a full-time employee of the Office of Regulatory Staff.

SECTION 11. Section 37-6-604(C) of the S.C. Code is amended to read:

(C) ~~The~~As of July 1, 2025, the Consumer ~~Advocate shall be provided notice of any matter filed at the Public Service Commission that~~ Advocate's duties regarding intervention in matters that could impact consumers' utility rates~~, and may intervene as a party~~ and ability to advocate for the interest of consumers before the Public Service Commission and appellate courts ~~in such matters as the Consumer Advocate deems necessary and appropriate~~ are transferred to the Office of Regulatory Staff in order to promote efficiency and avoid duplication of duties.

SECTION 12.Article 3, Chapter 33, Title 58 of the S.C. Code is amended by adding:

Section 58-33-196. Electrical utilities and the Public Service Authority are encouraged to explore the potential for deploying

advanced nuclear facilities including, but not limited to, small modular nuclear facilities at suitable sites. Suitable sites may include sites of current nuclear facilities, sites where nuclear facilities have been proposed but not constructed, and other brownfield sites, such as coal-generation sites. Any utility pursuing deployment of such nuclear facilities must provide annual progress reports to the commission and the Public Utilities Review Committee; this report may be in writing or in the form of testimony in an appropriate proceeding. The utility must provide estimates of the cost of the studies including, but not limited to, planning, licensing, and project development to the commission. If the commission finds such estimated costs are reasonable, prudent, and in the public interest, such costs may be recoverable through rates as they are incurred. Nothing in this section relieves an electrical utility of the burden of filing for a certificate under this article and obtaining appropriate approvals from the commission before commencing construction.

SECTION 13.Chapter 37, Title 58 of the S.C. Code is amended by adding:

Section 58-37-70. (A) It is the policy of this State to promote the development and operation of advanced nuclear facilities, including small modular nuclear reactors, in the most economical manner and at the earliest reasonable time possible. These facilities are intended to provide electricity that is reliable, resilient, secure, and free of carbon dioxide emissions, as well as promote this state's economic development and industry retention.

(B) As used in this section:

(1) "Electrical utility" has the same meaning as provided in Section 58-27-10(7) and includes the South Carolina Public Service Authority.

(2) "Site" means the geographic location of one or more small modular nuclear reactors.

(3) "Small modular nuclear reactor" means an advanced nuclear reactor that produces nuclear power and has a power capacity of up to 500 megawatts per reactor.

(C) The commission may establish a small modular nuclear reactor pilot program, if such a program is endorsed by the Nuclear Advisory Council. A pilot program must include the following requirements:

(1) any entity that holds a current license from the U.S. Nuclear Regulatory Commission to construct or operate at least one existing nuclear electrical generating facility at the time of the application may apply to the commission for a certificate of public convenience and

necessity pursuant to the Utility Facility Siting and Environmental Protection Act;

(2) a certificate may be granted if obtaining a certification of public convenience and necessity would permit the applicant to apply for, use, or leverage at least thirty percent of the construction costs of the small modular nuclear reactor by utilizing any benefits or incentives available to lower the capital or operating costs including, but not limited to, governmental funds, tax credits, grants, and loan guarantees;

(3) the costs and benefits of a small modular nuclear reactor are reasonable and prudent compared to the levelized costs of electricity generation from other resources, applying any governmental tax credits and incentives. Factors that must be considered in levelized costs include fuel factors, economic and environmental benefits, and costs associated with any relative externalities;

(4) no more than three small modular nuclear reactors may receive a permit pursuant to this pilot program.

(D) An application for this pilot program must include:

(1) if the project's location:

(a) is on or adjacent to an existing or former coal electrical generation site;

(b) is on or adjacent to an existing nuclear facility;

(c) enables coal plant retirement or emissions reduction in the electrical utility's or the South Carolina Public Service Authority's balancing area; or

(d) supports diversity in energy production, reliability, and energy security;

(2) if the project is subject to competitive procurement or solicitation for services and equipment;

(3) a demonstration that the program's costs and benefits are reasonable and prudent and in the interest of South Carolina customers; and

(4) any other information the commission may wish to include in the application.

Nothing in this subsection limits any factors that the commission may consider in its determination of an application.

(E)(1) Reasonable and prudent costs incurred for a small modular nuclear reactor approved pursuant to this section shall be recoverable. In the event an electrical utility abandons a small modular nuclear reactor approved by the commission before its commercial operation, the electrical utility must provide a fulsome accounting to the commission of the circumstances of abandonment. Capital costs may only be

recovered if the commission determines that the decision to abandon was reasonable, prudent, and in the public interest; however, these costs shall not include a rate of return. The commission may impose conditions it determines to be necessary to protect customers against unreasonable construction, development, or operational risk including, but not limited to, reporting, inspection, and the potential of requiring the utility to hire an independent third-party construction monitor to evaluate the prudency of the utility's actions and associated expense during the development of the project and construction of the reactor.

(2) The commission must not allow any cost recovery related to a small modular nuclear reactor outside of a rate case.

(F)(1) In addition to the small modular nuclear facility pilot program, electrical utilities and the South Carolina Public Service Authority are encouraged to evaluate the potential for deploying nuclear facilities at suitable sites within this State. A "suitable site" may include sites of current nuclear facilities, sites where nuclear facilities have been proposed but not constructed, and brownfield sites, such as coal generation sites.

(2) When evaluating the potential of a nuclear facility, the applicant must provide notice and annual progress reports to the Public Utilities Review Committee, the Nuclear Advisory Council, and the commission. When available, the applicant must also provide cost estimates of the studies related to a potential nuclear facility to serve customers in South Carolina. This includes, but is not limited to, planning, licensing, and project development, the anticipated timeline of an early site permit, and current possibilities or barriers to co-ownership of such facilities, and available federal benefits which may defray costs of these facilities.

(3) In the event the commission finds cost estimates pursuant to item (2) are reasonable and prudent, the costs may be recoverable through rates, even if an application for a certificate of environmental compatibility and public convenience and necessity have not been filed. However, these costs shall not include a rate of return.

(G) Nothing in this section relieves an electrical utility or the South Carolina Public Service Authority of the burden of filing for a certificate pursuant to this article and obtaining appropriate approvals from the commission before commencing construction.

SECTION 14. Chapter 37, Title 58 of the S.C. Code is amended by adding:

Article 3
Energy Infrastructure Projects

Section 58-37-100. As used in this article:

(1) "Agency" means any agency, department, board, commission, or political subdivision of this State. However, it does not include the Public Service Commission, except for Sections 58-37-110 and 58-37-120.

(2) "Application" means a written request made to an agency for grant of a permit or approval of an action of matter within the agency's jurisdiction pertaining to an energy infrastructure project.

(3) "Brownfield energy site" means an existing or former electrical generating site or other existing or former industrial site.

(4) "Energy corridor" means a corridor in which a utility or the South Carolina Public Service Authority has:

(a) transmission lines with a rated voltage of at least 110 kilovolts, including the substations, switchyards, and other appurtenant facilities associated with such lines; or

(b) high pressure natural gas transmission pipelines and the metering, compression stations, valve station, and other appurtenant facilities associated with such lines.

(5) "Energy corridor project" means an energy infrastructure project that involves the expansion of electric or natural gas delivery capacity in whole or in principal part within an existing energy corridor.

(6) "Energy infrastructure project" means the construction, placement, authorization, or removal of energy infrastructure including, but not limited to, electric transmission and generation assets, natural gas transmission assets, and all associated or appurtenant infrastructure and activities, including communications and distribution infrastructure.

(7) "Permit" means a permit, certificate, approval, registration, encroachment permit, right of way, or other form of authorization.

(8) "Person" means an individual, corporation, association, partnership, trust, agency, or the State of South Carolina.

Section 58-37-110. (A) Given the importance of sufficient, reliable, safe, and economical energy to the health, safety, and well-being of the citizens of South Carolina and to the state's economic development and prosperity, the General Assembly finds that the prompt siting, permitting, and completion of energy infrastructure projects, energy corridor projects, and brownfield electrical generation projects are crucial to the welfare of the State.

(B) All state agencies are instructed to give expedited review of applications for energy infrastructure projects, to provide reasonable and constructive assistance to applicants to allow the applicants to comply with state law and regulatory requirements as expeditiously as possible,

and to be guided by the policy goals established in subsection (A).

(C) All state agencies are instructed to give due weight to the reduction in the environmental, aesthetic, and socioeconomic impacts that are incurred to support the safe, reliable, and economic provision of energy to the people of South Carolina when energy infrastructure projects can be located in existing energy corridors or on brownfield energy sites, and shall consider the relative reductions in such impacts compared to greenfield projects in evaluating projects in existing energy corridors or on brownfield energy sites.

Section 58-37-120. (A) Any agency presented with an application for a permit for an energy infrastructure project shall issue a decision on the application no later than six months after the date the application is received by the agency. If the agency fails to take final action within six months of receipt of the application, the application shall be deemed approved, and the agency shall promptly issue documentation that the applicant may reasonably request establishing that the agency has granted the relief requested.

(B) Upon receipt of an application, the agency shall promptly review it for sufficiency and shall provide the applicant with a list of all deficiencies within thirty days of receipt. The identification of by the agency of deficiencies in the application shall not toll the six-month period for agency determination.

Section 58-37-130. The applicant or any person whose private rights are affected by an agency decision or action on an application for a permit for any energy infrastructure project may appeal that decision or action to the South Carolina Supreme Court. The Supreme Court shall hear these appeals as a direct appeal in accordance with the South Carolina Appellate Court Rules. The Court shall provide for an expedited briefing and hearing of the appeal, in preference to all other nonemergency matters on its docket, and decide such appeals on an expedited basis.

Section 58-37-140. The provisions of this article shall expire ten years after its effective date.

SECTION 15. Section 58-40-10(C) of the S.C. Code is amended to read:

(C) "Customer-generator" means the owner, operator, lessee, or customer-generator lessee of an electric energy generation unit which:

(1) generates or discharges electricity from a renewable energy resource, including an energy storage device configured to receive electrical charge solely from an onsite renewable energy resource;

(2) has an electrical generating system with a capacity of:

(a)(i) not more than the lesser of one thousand kilowatts (1,000 kW AC) or one hundred percent of contract demand if a nonresidential customer; or

(ii) after June 1, 2024, not more than the lesser of five thousand kilowatts (5,000kW AC) or one hundred percent of contract demand for a nonresidential customer, provided the customer-generator is on a time-of-use rate schedule and any excess energy produced by the customer-generator is credited and reset at the end of each monthly period; or

(iii) more than five thousand kilowatts (5,000kW AC) if agreed to by the customer-generator and the electrical utility, provided that the electrical utility submits the agreement to the commission for consideration and approval if the commission finds the agreement to contain appropriate ratemaking provisions and is in the public interest; or

(b) not more than twenty kilowatts (20 kW AC) if a residential customer;

(3) is located on a single premises owned, operated, leased, or otherwise controlled by the customer;

(4) is interconnected and operates in parallel phase and synchronization with an electrical utility and complies with the applicable interconnection standards;

(5) is intended primarily to offset part or all of the customer-generator's own electrical energy requirements; and

(6) meets all applicable safety, performance, interconnection, and reliability standards established by the commission, the National Electrical Code, the National Electrical Safety Code, the Institute of Electrical and Electronics Engineers, Underwriters Laboratories, the federal Energy Regulatory Commission, and any local governing authorities.

SECTION 16. Section 58-41-30 of the S.C. Code is amended to read:

Section 58-41-30. (A) The ability to utilize clean energy resources for electric power generation is important to attract prospective commercial or industrial entities to invest in South Carolina and to encourage and incent robust economic growth in the State.

(B) The commission shall be responsive to the clean energy needs of customers and the economic development and industry retention implications for the State when reviewing and approving voluntary clean energy programs. The commission shall consider updates to these voluntary renewable energy programs on an ongoing basis.

(C) Within one hundred and twenty days of the effective date of this

chapter, ~~subject to subsection (F),~~ each electrical utility shall file a proposed voluntary renewable energy program for review and approval by the commission, unless as of July 1, 2024, the electrical utility already has a voluntary renewable energy program that conforms with the requirements of this section on file with the commission. The commission shall conduct a proceeding to review the program and establish reasonable terms and conditions for the program. Interested parties shall have the right to participate in the proceeding. The commission ~~may~~must periodically hold additional proceedings to ~~update the program~~ evaluate whether updates to the programs are necessary. At a minimum, each electrical utility must submit to the commission a program for which ~~the program shall provide that~~:

(1) the participating customer shall have the right to select the renewable energy facility and negotiate with the renewable energy supplier on the price to be paid by the participating customer for the energy, capacity, and clean energy environmental attributes of the renewable energy facility and the term of such agreement so long as such terms are consistent with the voluntary renewable program service agreement as approved by the commission;

(2) the renewable energy contract and the participating customer agreement must be of equal duration;

(3) in addition to paying a retail bill calculated pursuant to the rates and tariffs that otherwise would apply to the participating customer, reduced by the amount of the generation credit, a participating customer shall reimburse the electrical utility on a monthly basis for the amount paid by the electrical utility to the renewable energy supplier pursuant to the participating customer agreement and renewable energy contract, plus an administrative fee approved by the commission; and

(4) eligible customers must be allowed to bundle their demand under a single participating customer agreement and renewable energy contract and must be eligible annually to procure an amount of capacity as approved by the commission.

(D) The commission must approve voluntary renewable energy programs, in addition to those provided for in subsection (C), where the participating customer purchases clean energy environmental attributes of new or existing renewable energy facilities owned and operated and recovered on a cost-of-service basis by the electrical utility or otherwise supplies through the execution of agreements with third parties within the utility's balancing authority area. Voluntary renewable energy programs shall also facilitate behind-the-meter options for customers and access to renewable energy resource generation.

~~(B)~~(E) The commission may approve a program that provides for options that include, but are not limited to, both variable and fixed generation credit options.

~~(C)~~(F) The commission ~~may~~ shall limit the total portion of each electrical utility's voluntary renewable energy program that is eligible for the program at a level consistent with the public interest and shall provide standard terms and conditions for the participating customer agreement and the renewable energy contract, subject to commission review and approval.

~~(D)~~(G) A participating customer shall bear the burden of any reasonable costs associated with participating in a voluntary renewable energy program. ~~An electrical utility may not charge any nonparticipating customers for any costs incurred pursuant to the provisions of this section.~~ Purchased power costs incurred by an electrical utility as a result of subsection (C) shall be recovered in the electrical utility's fuel clause pursuant to Section 58-27-865.

~~(E)~~(H) A renewable energy facility may be located anywhere in the electrical utility's service territory within the utility's balancing authority.

~~(F) If the commission determines that an electrical utility has a voluntary renewable energy program on file with the commission as of the effective date of this chapter, that conforms with the requirements of this section, the utility is not required to make a new filing to meet the requirements of subsection (A).~~

SECTION 17.Section 58-41-10 of the S.C. Code is amended by adding:

(17) "Energy storage facilities" means any commercially available technology that is capable of absorbing energy and storing it for a period of time for use at a later time including, but not limited to, electrochemical, thermal, and electromechanical technologies.

SECTION 18. Section 58-41-20 of the S.C. Code is amended to read:

Section 58-41-20. (A) As soon as is practicable after the effective date of this chapter, the commission shall open a docket for the purpose of establishing each electrical utility's standard offer, avoided cost methodologies, form contract power purchase agreements, commitment to sell forms, and any other terms or conditions necessary to implement this section. Within six months after the effective date of this chapter, and at least once every twenty-four months thereafter, the commission shall approve each electrical utility's standard offer, avoided cost methodologies, form contract power purchase agreements, commitment to sell forms, and any other terms or conditions necessary to implement this section. Within such proceeding the commission shall approve one

or more standard form power purchase agreements for use for qualifying small power production facilities not eligible for the standard offer. Such power purchase agreements shall contain provisions, including, but not limited to, provisions for force majeure, indemnification, choice of venue, and confidentiality provisions and other such terms, but shall not be determinative of price or length of the power purchase agreement. The commission may approve multiple form power purchase agreements to accommodate various generation technologies and other project-specific characteristics. This provision shall not restrict the right of parties to enter into power purchase agreements with terms that differ from the commission-approved form(s). Any decisions by the commission shall be just and reasonable to the ratepayers of the electrical utility, in the public interest, consistent with PURPA and the Federal Energy Regulatory Commission's implementing regulations and orders, and nondiscriminatory to small power producers; and shall strive to reduce the risk placed on the using and consuming public.

(1) Proceedings conducted pursuant to this section shall be separate from the electrical utilities' annual fuel cost proceedings conducted pursuant to Section 58-27-865.

(2) Proceedings shall include an opportunity for intervention, discovery, filed comments or testimony, and an evidentiary hearing.

(B) In implementing this chapter, the commission shall treat small power producers on a fair and equal footing with electrical utility-owned resources by ensuring that:

(1) rates for the purchase of energy and capacity fully and accurately reflect the electrical utility's avoided costs;

(2) power purchase agreements, including terms and conditions, are commercially reasonable and consistent with regulations and orders promulgated by the Federal Energy Regulatory Commission implementing PURPA; and

(3) each electrical utility's avoided cost methodology fairly accounts for costs avoided by the electrical utility or incurred by the electrical utility, including, but not limited to, energy, capacity, and ancillary services provided by or consumed by small power producers including those utilizing energy storage equipment. Avoided cost methodologies approved by the commission may account for differences in costs avoided based on the geographic location and resource type of a small power producer's qualifying small power production facility.

(C) The avoided cost rates offered by an electrical utility to a small power producer not eligible for the standard offer must be calculated based on the avoided cost methodology most recently approved by the

commission. In the event that a small power producer and an electrical utility are unable to mutually agree on an avoided cost rate, the small power producer shall have the right to have any disputed issues resolved by the commission in a formal complaint proceeding. The commission may require mediation prior to a formal complaint proceeding.

(D) A small power producer shall have the right to sell the output of its facility to the electrical utility at the avoided cost rates and pursuant to the power purchase agreement then in effect by delivering an executed notice of commitment to sell form to the electrical utility. The commission shall approve a standard notice of commitment to sell form to be used for this purpose that provides the small power producer a reasonable period of time from its submittal of the form to execute a power purchase agreement. In no event, however, shall the small power producer, as a condition of preserving the pricing and terms and conditions established by its submittal of an executed commitment to sell form to the electrical utility, be required to execute a power purchase agreement prior to receipt of a final interconnection agreement from the electrical utility.

(E)(1) Electrical utilities shall file with the commission power purchase agreements entered into pursuant to PURPA, resulting from voluntary negotiation of contracts between an electrical utility and a small power producer not eligible for the standard offer.

(2) The commission is authorized to ~~open a generic docket for the purposes of creating programs~~ approve programs proposed by electrical utilities for the competitive procurement of energy and capacity from renewable energy facilities and, at the electrical utility's option, associated co-located energy storage ~~by an electrical utility~~ within the utility's balancing authority area if the commission determines such action to be in the public interest.

(3) In establishing standard offer and form contract power purchase agreements, the commission shall consider whether such power purchase agreements should prohibit any of the following:

(a) termination of the power purchase agreement, collection of damages from small power producers, or commencement of the term of a power purchase agreement prior to commercial operation, if delays in achieving commercial operation of the small power producer's facility are due to the electrical utility's interconnection delays; or

(b) the electrical utility reducing the price paid to the small power producer based on costs incurred by the electrical utility to respond to the intermittent nature of electrical generation by the small power producer.

(F)(1) Electrical utilities, subject to approval of the commission, shall offer to enter into fixed price power purchase agreements with small power producers for the purchase of energy and capacity at avoided cost, with commercially reasonable terms and a duration of ten years. The commission may also approve commercially reasonable fixed price power purchase agreements with a duration longer than ten years, which must contain additional terms, conditions, and/or rate structures as proposed by intervening parties and approved by the commission, including, but not limited to, a reduction in the contract price relative to the ten year avoided cost. Notwithstanding any other language to the contrary, the commission will make such a determination in proceedings conducted pursuant to subsection (A). The avoided cost rates applicable to fixed price power purchase agreements entered into pursuant to this item shall be based on the avoided cost rates and methodologies as determined by the commission pursuant to this section. The terms of this subsection apply only to those small power producers whose qualifying small power production facilities have active interconnection requests on file with the electrical utility prior to the effective date of this act. The commission may determine any other necessary terms and conditions deemed to be in the best interest of the ratepayers. This item is not intended, and shall not be construed, to abrogate small power producers' rights under PURPA that existed prior to the effective date of the act.

(2) Once an electrical utility has executed interconnection agreements and power purchase agreements with qualifying small power production facilities located in South Carolina with an aggregate nameplate capacity equal to twenty percent of the previous five-year average of the electrical utility's South Carolina retail peak load, that electrical utility shall offer to enter into fixed price power purchase agreements with small power producers for the purchase of energy and capacity at avoided cost, with the terms, conditions, rates, and terms of length for contracts as determined by the commission in a separate docket or in a proceeding conducted pursuant to subsection (A). The commission is expressly directed to consider the potential benefits of terms with a longer duration to promote the state's policy of encouraging renewable energy.

(3) Any electrical utility administering a program for the competitive procurement of renewable energy resources and associated co-located energy storage facilities that have been approved by the commission pursuant to Section 58-41-25 that is open to qualifying small power production facilities within the electrical utility’s balancing authority area in South Carolina may competitively procure new

renewable energy capacity pursuant to that competitive solicitation process as a means of complying with the Public Utility Regulatory Policies Act. Further, the commission must establish a five-year term for energy purchased at administratively established avoided cost rates outside of competitive procurement of renewable energy resources, with the exception of voluntarily negotiated agreements to serve the public interest, for any electrical utility administering a program for the competitive procurement of renewable energy resources and associated co-located energy storage facilities that has been approved by the commission if the commission determines that doing so will incentivize participation in the competitive procurement process.

(G) Nothing in this section prohibits the commission from adopting various avoided cost methodologies or amending those methodologies in the public interest.

(H) Unless otherwise agreed to between the electrical utility and the small power producer, a power purchase agreement entered into pursuant to PURPA may not allow curtailment of qualifying facilities in any manner that is inconsistent with PURPA or implementing regulations and orders promulgated by the Federal Energy Regulatory Commission.

~~(I) The commission is authorized to employ, through contract or otherwise, third-party consultants and experts in carrying out its duties under this section, including, but not limited to, evaluating avoided cost rates, methodologies, terms, calculations, and conditions under this section. The commission is exempt from complying with the State Procurement Code in the selection and hiring of a third-party consultant or expert authorized by this subsection. The commission shall engage, for each utility, a qualified independent third party to submit a report that includes the third party's independently derived conclusions as to that third party's opinion of each utility's calculation of avoided costs for purposes of proceedings conducted pursuant to this section. The qualified independent third party is subject to the same ex parte prohibitions contained in Chapter 3, Title 58 as all other parties. The qualified independent third party shall submit all requests for documents and information necessary to their analysis under the authority of the commission and the commission shall have full authority to compel response to the requests. The qualified independent third party's duty will be to the commission. Any conclusions based on the evidence in the record and included in the report are intended to be used by the commission along with all other evidence submitted during the proceeding to inform its ultimate decision setting the avoided costs for~~

~~each electrical utility. The utilities may require confidentiality agreements with the independent third party that do not impede the third-party analysis. The utilities shall be responsive in providing all documents, information, and items necessary for the completion of the report. The independent third party shall also include in the report a statement assessing the level of cooperation received from the utility during the development of the report and whether there were any material information requests that were not adequately fulfilled by the electrical utility. Any party to this proceeding shall be able to review the report including the confidential portions of the report upon entering into an appropriate confidentiality agreement. The commission and the Office of Regulatory Staff may not hire the same third-party consultant or expert in the same proceeding or to address the same or similar issues in different proceedings.~~

~~(J)~~ (I) Each electrical utility's avoided cost filing must be reasonably transparent so that underlying assumptions, data, and results can be independently reviewed and verified by the parties and the commission. The commission may approve any confidentiality protections necessary to allow for independent review and verification of the avoided cost filing.

SECTION 19.Chapter 41, Title 58 of the S.C. Code is amended by adding:

Section 58-41-25. (A) Unless an electrical utility makes an application pursuant to subsection (F) or (G), electrical utilities may file for commission approval of a program for the competitive procurement of renewable energy facilities which may also include, at the utility's option, associated co-located energy storage facilities, also referred to as "eligible facilities", or purchase one-hundred percent of the output from such eligible facilities, including all energy, capacity, ancillary services, and environmental and renewable attributes. Eligible facilities may be located anywhere in the electrical utility's balancing authority area to meet needs for new generation and energy storage resources identified by the electrical utility's integrated resource plan and associated filings. The commission may not grant approval unless the commission finds and determines that the electrical utility satisfied the requirements of this section and the proposed program is just and reasonable and in the best interests of the electrical utility's customers.

(B) An electrical utility's competitive procurement program filed pursuant to this section must describe the solicitation process, eligibility criteria, timelines, bid evaluation methodology, and identify whether resources procured are intended to also service customer-directed

renewable energy procurement programs. The program must be designed to procure renewable energy facilities and at the utility's election, associated co-located energy storage resources, or the output of those facilities, subject to the following requirements:

(1) renewable energy facilities, and if applicable, energy storage resources, or their output, must be procured via a competitive solicitation process open to all market participants that meet minimum stated eligibility requirements;

(2) the electrical utility shall issue public notification of its intention to issue a competitive solicitation to procure renewable energy facilities and associated co-located energy storage facilities, if applicable, at least ninety days prior to the release of the solicitation, including identifying the proposed target procurement volume, procurement process, and timeline for administering the solicitation;

(3) renewable energy facilities eligible to participate in competitive procurement are those that use renewable generation resources identified in Section 58-39-120(F), which must also satisfy that electrical utility's capacity, energy, or operational needs, as identified by the electrical utility, and take into account the required operating characteristics of the needed capacity;

(4) energy storage facilities, if included by the electrical utility in the solicitation, must be associated equipment located at the same site as the renewable energy facility;

(5) electrical utilities may seek to ensure that their procurement of eligible facilities results in a reasonable balance of ownership of eligible facilities between such utility, including its affiliates and unrelated market participants, and may offer self-developed proposals. However, if an electrical utility or its affiliate seek to participate in the procurement, the electrical utility's program must include an independent evaluator to evaluate all bids offered and to ensure they are fairly and competitively evaluated. For purposes of this section, "independent evaluator" means an independent third party retained by the electrical utility that has no ownership in the electrical utility or a market participant and has the skills and experience necessary to oversee the solicitation process and provide the utility with an independent evaluation of all proposals for ultimate selection. At the conclusion of the solicitation, the independent evaluator shall report to the commission on the openness and fairness of the bid evaluation process and certify that the selection of proposals adhered to the evaluation methodology and requirement of the program.

(C) An electrical utility must make the following publicly available

at least forty-five days prior to each competitive solicitation:

(1) pro-forma contract to inform prospective market participants of the procurement terms and conditions for the output purchased by the electrical utility from eligible resources. The pro-forma contract must:

(a) provide for the purchase of renewable energy, capacity, and environmental and renewable attributes from renewable energy facilities owned and operated by third parties that commit to allow the procuring electrical utility rights to dispatch, operate, and control the solicited renewable energy facilities in the same manner as the electrical utility's own generating resources;

(b) include standardized and commercially reasonable requirements for contract performance security; and

(c) define limits and compensation for resource dispatch and curtailments.

In the event an electrical utility chooses to procure output from co-located storage, the pro-forma contract must also cover similar terms and conditions as specified herein for those eligible facilities.

(2) pro-forma agreements to govern the procurement of eligible facilities by the electrical utility from market participants;

(3) bid evaluation methodology that ensures all bids are treated equitably, including price and non-price evaluation criteria; and

(4) interconnection requirements, including specification of how bids without existing interconnection agreements will be treated for purposes of evaluation.

(D) After bids are submitted and evaluated, the electrical utility will elect the winning bids based upon the public evaluation methodology.

(E) An electrical utility shall file with the commission a public report summarizing the results of each competitive solicitation within thirty days of finalizing the contract with the winning bidder. The report must include, at a minimum, a summary of the bids received and an anonymized list of the project awards, including size, location, and average award price and tenor.

(F) Nothwithstanding the requirements in subsections (B) and (C), the results of all other competitive procurement programs undertaken by an electrical utility within its balancing authority area outside of South Carolina that will serve customers in the electrical utility's balancing authority area within South Carolina and are open to equal participation by eligible facilities located within South Carolina may be approved by the commission if the commission determines such programs enable economic, reliable, and safe operation of the electricity grid in a manner consistent with the public interest. For purposes of this section, "public

interest" shall also include the ability of customers to subscribe to customer programs which leverage the competitively procured solar and potential storage contemplated within this section. Any electrical utility that requests acceptance of a system-wide procurement pursuant to this section must demonstrate to the commission that the utility has adhered to subsection (D) as defined in that specific competitive procurement program and submit the post solicitation report to the commission, as required by subsection (E).

(G) The commission may determine that a competitive procurement program within an electrical utility's balancing authority area outside of South Carolina that serves customers in the utility's area within South Carolina and is open to equal participation by eligible facilities located within South Carolina satisfies the requirements of this section.

(H) Electrical utilities are permitted to recover costs incurred pursuant to this section, including reasonable and prudent administrative costs to develop and propose procurements under this section, and if approved by the commission, the costs resulting from such procurements through rates established pursuant to Section 58-27-865 or otherwise through rates established pursuant to Section 58-27-870. If the commission denies an application made pursuant to subsection (F) or (G) of this section, and the utility continues with the procurement, then the utility must allocate all costs and benefits associated with the resources being procured away from South Carolina customers.

(I) An electrical utility administering a program for the competitive procurement of renewable energy resources and storage facilities that has been approved by the commission pursuant to Section 58-41-25 that is open to qualifying small power production facilities located in South Carolina may utilize such programs as means to satisfy its purchase obligations for avoidable capacity from qualifying small power production facilities under the Public Utility Regulatory Policies Act, consistent with Section 58-41-20(F)(3).

SECTION 20.A.Section 58-33-20 of the S.C. Code is amended by adding:

(10) The term "like facility" with reference to generation facilities and without limitation, includes a facility or facilities that are proposed to provide capacity on a site currently or previously used for siting electric generation that replaces the capacity of a facility or facilities that are being retired, downrated, mothballed, or dedicated to standby or emergency service at the same site, limited to facilities no more than 300 megawatts, so long as those new facilities will provide an amount of effective load-carrying capacity that in whole or in part will serve to

replace the capacity to be lost as a result of retirement, and includes associated transmission facilities needed to deliver power from that facility to customers. A "like facility" with reference to transmission facilities, and without limitation, includes any facility that represents the rebuilding, reconductoring, paralleling, increasing voltage, adding circuits or otherwise reconfiguring of an existing transmission line or other transmission facilities including, without limitation, projects to increase the capacity of such facilities, provided such facilities are: (a) located materially within a utility right of way or corridor; (b) located materially within a new right of way or corridor; or (c) substantially located on the property of a customer, prospective customer, or the State.

B. Section 58-33-20(2)(a) of the S.C. Code is amended to read:

(2) The term "major utility facility" means:

(a) electric generating plant and associated facilities designed for, or capable of, operation at a capacity of more than seventy-five megawatts or that requires a footprint of more than one hundred twenty-five acres of land.

SECTION 21. Article 3, Chapter 33, Title 58 of the S.C. Code is amended to read:

Article 3

Certification of Major Utility Facilities

Section 58-33-110. (1) No person shall commence to construct a major utility facility without first having obtained a certificate issued with respect to such facility by the Commission. The replacement of an existing facility with a like facility, as determined by the Commission, shall not constitute construction of a major utility facility. Upon application for a determination by the Commission that a proposed utility facility constitutes a like facility replacement, the Commission must issue a written order approving or denying the application within sixty days of filing. If the Commission fails to issue a written order within sixty days of the application's filing, the application shall be deemed as approved. Any facility, with respect to which a certificate is required, shall be constructed, operated and maintained in conformity with the certificate and any terms, conditions and modifications contained therein. A certificate may only be issued pursuant to this chapter; provided, however, any authorization relating to a major utility facility granted under other laws administered by the Commission shall constitute a certificate if the requirements of this chapter have been complied with in the proceeding leading to the granting of such authorization.

(2) A certificate may be transferred, subject to the approval of the

Commission, to a person who agrees to comply with the terms, conditions and modifications contained therein.

(3) A certificate may be amended.

(4) This chapter shall not apply to any major utility facility:

(a) the construction of which is commenced within one year after January 1, 1972; or

(b) for which, prior to January 1, 1972, an application for the approval has been made to any federal, state, regional, or local governmental agency which possesses the jurisdiction to consider the matters prescribed for finding and determination in subsection (1) of Section 58-33-160.

(c) for which, prior to January 1, 1972, a governmental agency has approved the construction of the facility and indebtedness has been incurred to finance all or part of the cost of such construction;

(d) which is a hydroelectric generating facility over which the ~~Federal Power Commission~~Federal Energy Regulatory Commission has licensing jurisdiction; or

(e) which is a transmission line or associated electrical transmission facilities constructed by the South Carolina Public Service Authority~~,~~: (i) for which construction either is commenced within one year after January 1, 2022~~,~~; ~~or~~ (ii) which is necessary to maintain system reliability in connection with the closure of the Winyah Generating Station, provided that such transmission is not for generation subject to this chapter; or (iii) which is necessary to serve an identified commercial or industrial customer to promote economic development or industry retention as determined by the South Carolina Public Service Authority and agreed to by the Office of Regulatory Staff where such agreement is documented in a letter by the Office of Regulatory Staff to the Public Utilities Review Committee and the commission.

(5) Any person intending to construct a major utility facility excluded from this chapter pursuant to subsection (4) of this section or Section 58-33-20(10) may elect to waive the exclusion by delivering notice of the waiver to the Commission. This chapter shall thereafter apply to each major utility facility identified in the notice from the date of its receipt by the Commission.

(6) The Commission shall have authority to waive the normal notice and hearing requirements of this chapter and to issue a certificate on an emergency basis if it finds that immediate construction of a major utility facility is justified by public convenience and necessity; provided, that the Public Service Commission shall notify all parties concerned under Section 58-33-140 prior to the issuance of such certificate; provided,

further, that the Commission may subsequently require a modification of the facility if, after giving due consideration to the major utility facility, available technology and the economics involved, it finds such modification necessary in order to minimize the environmental impact.

(7) The Commission shall have authority, where justified by public convenience and necessity, to grant permission to a person who has made application for a certificate under Section 58-33-120 to proceed with initial clearing, excavation, dredging and construction.~~,~~ ~~provided,~~ ~~,~~ No permission from the Commission shall be required to proceed with initial clearing, excavation, dredging, and initial construction of any facility which constitutes a component of the preferred generation plan in an integrated resource plan or update approved by the Commission pursuant to Chapter 37 of this title, or any like facility; provided that in engaging in such clearing, excavation, dredging or construction, the person shall proceed at his own risk, and such permission shall not in any way indicate approval by the Commission of the proposed site or facility.

(8)~~(a) Notwithstanding the provisions of item (7), and not limiting the provisions above, a person may not commence construction of a major utility facility for generation in the State of South Carolina without first having made a demonstration~~ In seeking a certificate, the applicant must provide credible information demonstrating that the facility to be built has been compared to other generation options in terms of cost, reliability, schedule constraints, fuel cost and availability, transmission constraints and costs, ancillary services capabilities, current and reasonably expected future environmental costs and restrictions, that the facility supports system efficiency and reliability in light of those considerations, and any other regulatory implications deemed legally or reasonably necessary for consideration by the commission. The commission is authorized to adopt rules for such evaluation of other generation options.

(b) The~~ commission may, upon a showing of a need, require a commission-approved process that includes~~ Office of Regulatory Staff may provide to the commission a report that includes any or all of the following:

(i) ~~the~~ an assessment of an unbiased independent evaluator retained by the Office of Regulatory Staff as to reasonableness of any certificate sought under this section for new generation;

(ii) a report from the independent evaluator to the commission regarding the transparency, completeness, and integrity of bidding processes, if any;

(iii) an assessment of whether there was a reasonable period for interested parties to review and comment on proposed requests for proposals, bid instructions, and bid evaluation criteria, if any, prior to finalization and issuance, subject to any trade secrets that could hamper future negotiations; however, the independent evaluator may access all such information;

~~(iv) independent evaluator access and review of final bid evaluation criteria and pricing information for any and all projects to be evaluated in comparison to the request for proposal bids received;~~

~~(v) access through discovery, subject to appropriate confidentiality, attorney-client privilege or trade secret restrictions, for parties to this proceeding to documents developed in preparing the certificate of public convenience and necessity application;~~

~~(vi)~~ (iv) ~~a demonstration that~~ an assessment of whether the facility is consistent with an integrated resource plan or update ~~approved by~~ previously filed with the commission or is otherwise justified by generation planning modeling comparable to that filed as part of the utility's integrated resource plan but updated with current data concerning system loads, fuel prices, environmental regulations, location-specific transmission costs, updated construction costs and updated construction timelines, updated costs of gas supply facilities, if any, and other relevant costs, schedules or inputs establishing that the facility in question supports system economy and reliability; and

~~(vii)~~ (v) an assessment detailing the treatment of utility affiliates ~~in the same manner~~ as compared to nonaffiliates participating in the request for proposal process, if any.

(9) The applicant may, but must not be required to, issue requests for proposals or otherwise conduct market procurement activities in support of the showings required pursuant to this chapter.

(10) Not withstanding any other provision in this section, an electrical utility serving customers in this state may seek a certificate of public convenience and necessity when building a major utility facility, as defined in Section 58-33-20(2), in another state but within the electrical utility's balancing area serving customers in South Carolina. In such a case, the provisions of Sections 58-33-120, 58-33-140, and 58-33-160(1)(b), (c), and (e) shall not apply, but all other requirements of this section affecting customers in this state shall apply. In addition:

(a) an applicant for a certificate shall file an application with the commission in such form as the commission may prescribe. The application must contain the following information:

(i) a description of the location and of the major utility facility

to be built;

(ii) a summary of any studies which have been made by or for the applicant of the environmental impact of the major utility facility;

(iii) a statement explaining the need for the major utility facility;

(iv) any other information the applicant may consider relevant or as the commission may by regulation require. A copy of the report referred to in item (8)(b) must be filed with the commission, if ordered by the commission, and shall be available for public information.

(b) The parties to a proceeding for a certificate pursuant to this section shall include:

(i) the applicant;

(ii) the Office of Regulatory Staff; and

(iii) intervenors with standing as approved by the commission.

(c) If the commission denies an application made pursuant to this section and the utility continues to build such major utility facility, the utility must allocate all costs and benefits associated with the major utility facility away from the utility's South Carolina customers.

Section 58-33-120. (1) An applicant for a certificate shall file an application with the commission, in such form as the commission may prescribe. The application must contain the following information:

(a) a description of the location and of the major utility facility to be built;

(b) a summary of any studies which have been made by or for applicant of the environmental impact of the facility;

(c) a statement explaining the need for the facility; and

(d) any other information as the applicant may consider relevant or as the commission may by regulation ~~or order~~ require. A copy of the study referred to in item (b) above shall be filed with the commission, if ordered, and shall be available for public information.

(2) Each application shall be accompanied by proof of service of a copy of the application on the Office of Regulatory Staff, the chief executive officer of each municipality, and the head of each state and local government agency, charged with the duty of protecting the environment or of planning land use, in the area in the county in which any portion of the facility is to be located. The copy of the application shall be accompanied by a notice specifying the date on or about which the application is to be filed.

(3) Each application also must be accompanied by proof that public notice was given to persons residing in the municipalities entitled to receive notice under subsection (2) of this section, by the publication of

a summary of the application, and the date on or about which it is to be filed, in newspapers of general circulation as will serve substantially to inform such persons of the application.

(4) Inadvertent failure of service on, or notice to, any of the municipalities, government agencies, or persons identified in subsections (2) and (3) of this section may be cured pursuant to orders of the commission designed to afford them adequate notice to enable their effective participation in the proceeding. In addition, the commission may, after filing, require the applicant to serve notice of the application or copies thereof, or both, upon such other persons, and file proof thereof, as the commission may deem appropriate.

(5) An application for an amendment of a certificate shall be in such form and contain such information as the commission shall prescribe. Notice of the application shall be given as set forth in subsections (2) and (3) of this section.

Section 58-33-130. (1) Upon the receipt of an application complying with Section 58-33-120, the Commission shall promptly fix a date for the commencement of a public hearing, not less than sixty nor more than ninety days after the receipt, and ~~shall conclude the proceedings as expeditiously as practicable~~ complete the hearing and issue an order on the merits within one hundred eighty days of receipt of the application.

(2) The testimony presented at the hearing may be presented in writing or orally,– provided that the Commission may make rules designed to exclude repetitive, redundant or irrelevant testimony; however, all expert testimony must be prefiled with the Commission, with responsive expert testimony of non-applicants being received with enough time for the applicant to meaningfully respond, and in no case would expert testimony be filed less than twenty days before the hearing.

~~(2)~~(3) On an application for an amendment of a certificate, the Commission shall hold a hearing in the same manner as a hearing is held on an application for a certificate if the proposed change in the facility would result in any significant increase in any environmental impact of the facility or a substantial change in the location of all or a portion of the facility; provided, that the Public Service Commission shall forward a copy of the application to all parties upon the filing of an application.

Section 58-33-140. (1) The parties to a certification proceeding shall include:

(a) the applicant;

(b) the Office of Regulatory Staff, the Department of Health and Environmental Control, the Department of Natural Resources, and the

Department of Parks, Recreation and Tourism;

(c) each municipality and government agency entitled to receive service of a copy of the application under subsection (2) of Section 58-33-120 if it has filed with the commission a notice of intervention as a party within thirty days after the date it was served with a copy of the application; and

(d) any person residing in a municipality entitled to receive service of a copy of the application under subsection (2) of Section 58-33-120, any domestic nonprofit organization, formed in whole or in part to promote conservation or natural beauty, to protect the environment, personal health, or other biological values, to preserve historical sites, to promote consumer interest, to represent commercial and industrial groups, or to promote the orderly development of the area in which the facility is to be located; or any other person, if such a person or organization has petitioned the commission for leave to intervene as a party, within thirty days after the date given in the published notice as the date for filing the application, and if the petition has been granted by the commission for good cause shown.

(2) Any person may make a limited appearance in the sixty days after the date given in the published notice as the date for filing the application. No person making a limited appearance shall be a party or shall have the right to present oral testimony or argument or cross-examine witnesses.

(3) The commission may, in extraordinary circumstances for good cause shown, and giving consideration to the need for timely start of construction of the facility, grant a petition for leave to intervene as a party to participate in subsequent phases of the proceeding, filed by a municipality, government agency, person, or organization which is identified in paragraphs (b) or (c) of subsection (1) of this section, but which failed to file a timely notice of intervention or petition for leave to intervene, as the case may be.

Section 58-33-150. A record shall be made of ~~the~~any hearing and of all testimony taken and the cross-examination thereon. ~~Upon request of a party, either before or after the decision, a State agency which proposes to or does require a condition to be included in the certificate as provided for in Section 58-33-160 shall furnish for the record all factual findings, documents, studies, rules, regulations, standards, or other documentation, supporting the condition.~~ The Commission may provide for the consolidation of the representation of parties having similar interests.

Section 58-33-160. (1) The Commission shall render a decision

upon the record either granting or denying the application as filed, or granting it upon such terms, conditions or modifications of the construction, operation or maintenance of the major utility facility as the Commission may deem appropriate; such conditions shall be as determined by the applicable State agency having jurisdiction or authority under statutes, rules, regulations or standards promulgated thereunder, and the conditions shall become a part of the certificate. The Commission ~~may not~~must grant a certificate for the construction, operation and maintenance of a major utility facility, either as proposed or as modified by the Commission, ~~unless it shall find and determine~~if it finds and determines that the applicant has shown:

(a) The basis of the need for the facility.

(b) The nature of the probable environmental impact.

(c) That the impact of the facility upon the environment is justified, considering the state of available technology and the nature and economics of the various alternatives and other pertinent considerations.

(d) That the facilities will serve the interests of system economy and reliability, and in the case of generating facilities, will do so considering reasonably available alternatives and their associated costs, risks, and operating attributes.

(e) That there is reasonable assurance that the proposed facility will conform to applicable State and local laws and regulations issued thereunder, including any allowable variance provisions therein, except that the Commission may refuse to apply any local law or local regulation if it finds that, as applied to the proposed facility, such law or regulation is unreasonably restrictive in view of the existing technology, or of factors of cost or economics or of the needs of consumers whether located inside or outside of the directly affected government subdivisions.

(f) That public convenience and necessity require the construction of the facility.

(2) If the Commission determines that the location of all or a part of the proposed facility should be modified, it may condition its certificate upon such modification, provided that the municipalities and persons residing therein affected by the modification shall have been given reasonable notice.

(3) A copy of the decision and any ~~opinion~~ order shall be served by the Commission upon each party.

Section 58-33-170. In rendering a decision on an application for a certificate, the Commission shall issue an ~~opinion~~order stating its reasons for the action taken. If the Commission has found that any

regional or local law or regulation, which would be otherwise applicable, is unreasonably restrictive pursuant to paragraph (e) of subsection (1) of Section 58-33-160, it shall state in its ~~opinion~~ order the reasons therefor.

Section 58-33-180. (A)~~(1)~~ In addition to the requirements of Articles 1, 3, 5, and 7 of Chapter 33, Title 58, a certificate for the construction of a major utility facility shall be granted only if the Public Service Authority demonstrates and proves by a preponderance of the evidence and the commission finds:

~~(a)~~(1) the construction of a major utility facility constitutes a more cost-effective means for serving direct serve and wholesale customers than other feasibly available long-term power supply alternatives and provides less ratepayer risk while maintaining safe and reliable electric service than other feasibly available long-term power supply alternatives; and

~~(b)~~(2) energy efficiency measures; demand-side management; renewable energy resource generation; available long-term power supply alternatives, or any combination thereof, would not establish or maintain a more cost-effective and reliable generation system and that the construction and operation of the facility is in the public interest.

~~(2)~~(B) Available long-term power supply alternatives may include, but are not limited to, power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof.

~~(3)~~(C) The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's resource and fuel diversity, reasonably anticipated future operating costs, arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power and other alternative methods for providing reliable, efficient, and economical electric service.

~~(B)~~(D)The Public Service Authority shall file an estimate of construction costs in such detail as the commission may require. ~~No certificate shall be granted unless the commission has approved the estimated construction costs and made a finding that construction will be consistent with the Authority's commission-approved plan for expansion of electric generating capacity.~~

Section 58-33-185. (A) The Public Service Authority may not ~~enter~~

~~into a contract for the acquisition of~~ acquire a major utility facility without approval of the Public Service Commission of South Carolina, provided that the approval is required only to the extent the transaction is not subject to the exclusive jurisdiction of the Federal Energy Regulatory Commission or any other federal agency.

(B)(1) In acting upon any petition by the Public Service Authority pursuant to this section, the Public Service Authority must prove by a preponderance of the evidence that the proposed transaction constitutes a more cost-effective means for serving direct serve and wholesale customers than other feasibly available long-term power supply alternatives and provides less ratepayer risk while maintaining safe and reliable electric service than other feasibly available long-term power supply alternatives. The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power and other alternative methods for providing reliable, efficient, and economical electric service.

(2) Available long-term power supply alternatives may include, but not be limited to, power purchase agreements of a different duration than proposed, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof.

(C) Application for the approval of the commission shall be made by the Public Service Authority and shall contain a concise statement of the proposed action, the reasons therefor, and such other information as may be required by the commission.

(D) Upon the receipt of an application, the commission shall promptly fix a date for the commencement of a public hearing, not less than sixty nor more than ninety days after the receipt, and shall conclude the proceedings as expeditiously as practicable. The commission shall establish notice requirements and proceedings shall include an opportunity for intervention, discovery, filed comments or testimony, and an evidentiary hearing.

(E) The commission shall render a decision upon the record either granting or denying the application as filed, or granting it upon such terms, conditions or modifications as the commission may deem

appropriate.

(F)(1) The commission may not grant approval unless it shall find and determine that the Public Service Authority satisfied all requirements of this section and the proposed transaction is in the best interests of the retail and wholesale customers of the Public Service Authority.

(2) The commission also may require compliance with any provision of Article 3, Chapter 33, Title 58 that the commission determines necessary to grant approval.

Section 58-33-190. (1) The Public Service Authority may not enter into a contract for the purchase of power with a duration longer than ten years without approval of the Public Service Commission of South Carolina, provided that the approval is required only to the extent the transaction is not subject to the exclusive jurisdiction of the Federal Energy Regulatory Commission or any other federal agency. This section does not apply to purchases of renewable power through a commission approved competitive procurement process.

(2) The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's resource and fuel diversity, reasonably anticipated future operating costs, arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power, and other alternative methods for providing reliable, efficient, and economical electric service.

(3) The commission may not grant approval unless it shall find and determine that the proposed transaction is in the best interests of the retail and wholesale customers of the Public Service Authority.

SECTION 22. Section 58-37-40 of the S.C. Code is amended to read:

Section 58-37-40. (A) Electrical utilities, electric cooperatives, municipally owned electric utilities, and the South Carolina Public Service Authority must each prepare an integrated resource plan. An integrated resource plan must be prepared and submitted at least every three years. Nothing in this section may be construed as requiring interstate natural gas companies whose rates and services are regulated only by the federal government or gas utilities subject to the jurisdiction of the commission to prepare and submit an integrated resource plan.

(1) Each electrical utility with one hundred thousand or more customer accounts and the Public Service Authority must submit its integrated resource plan to the commission. The integrated resource plan must be posted on the electrical utility's website and on the commission's

website.

(2) Electric cooperatives, electric utilities with less than one hundred thousand customer accounts, and municipally owned electric utilities shall each submit an integrated resource plan to the State Energy Office. Each integrated resource plan must be posted on the State Energy Office's website. If an electric cooperative, electric utility with less than one hundred thousand customer accounts, or municipally owned utility has a website, its integrated resource plan must also be posted on its website. For distribution~~,~~ electric cooperatives that are members of a cooperative that provides wholesale service, the integrated resource plan may be coordinated and consolidated into a single plan provided that nonshared resources or programs of individual distribution cooperatives are highlighted. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to a distribution or wholesale cooperative or a municipally owned electric utility as a result of the cooperative or the municipally owned electric utility not owning or operating generation resources, the plan may state that fact or refer to the plan of the wholesale power generator. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to an electrical utility with less than one hundred thousand customer accounts as a result of its own generation resources being comprised of more than seventy-five percent renewable energy or because it purchases wholesale load balancing generation services, then the plan may state that fact or refer to the plan of the wholesale power generator. For purposes of this section, a wholesale power generator does not include a municipally created joint agency if that joint agency receives at least seventy-five percent of its electricity from a generating facility owned in partnership with an electrical utility and that electrical utility:

(a) generally serves the area in which the joint agency's members are located; and

(b) is responsible for dispatching the capacity and output of the generated electricity.

(3) The South Carolina Public Service Authority shall submit its integrated resource plan to the commission. The Public Service Authority shall develop a public process allowing for input from all stakeholders prior to submitting the integrated resource plan. The integrated resource plan must be developed in consultation with the electric cooperatives and municipally owned electric utilities purchasing power and energy from the Public Service Authority and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives and

municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The integrated resource plan must be posted on the commission's website and on the Public Service Authority's website.

(4)(a) In addition to the requirements of Section 58-37-40(B), the Public Service Authority's integrated resource plan shall include an analysis of long-term power supply alternatives and enumerate the cost of various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and least ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service.

(b) In addition to the requirements of Section 58-37-40(B), the commission shall review and evaluate the Public Service Authority's analysis of long-term power supply alternatives and various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and lowest ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service. The commission's evaluation shall include, but not be limited to:

(i) evaluating the cost-effectiveness and ratepayer-risk of self-build generation and transmission options compared with various long-term power supply alternatives, including power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof. In evaluating and identifying the most cost-effective and least ratepayer-risk resource portfolio, the commission shall strive to reduce the risk to ratepayers associated with any generation and transmission options while maintaining safe and reliable electric service; and

(ii) an analysis of any potential cost savings that might accrue to ratepayers from the retirement of remaining coal generation assets.

(c) The Authority's integrated resource plan must provide the information required in Section 58-37-40(B) and must be developed in consultation with the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities purchasing

power and energy from the Public Service Authority, and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The Integrated Resource Plan of the South Carolina Public Service Authority shall include and evaluate at least one resource portfolio, which will reflect the closure of the Winyah Generating Station by 2028, designed to provide safe and reliable electric service while meeting a net zero carbon emission goal by the year 2050.

(B)(1) An integrated resource plan shall include all of the following:

(a) a long-term forecast of the utility's sales and peak demand under various reasonable scenarios;

(b) the type of generation technology proposed for a generation facility contained in the plan and the proposed capacity of the generation facility, including fuel cost sensitivities under various reasonable scenarios;

(c) projected energy purchased or produced by the utility from a renewable energy resource;

(d) a summary of the electrical transmission investments planned by the utility;

(e) several resource portfolios developed with the purpose of fairly evaluating the range of demand-side, supply-side, storage, and other technologies and services available to meet the utility's service obligations. Such portfolios and evaluations must include an evaluation of low, medium, and high cases for the adoption of renewable energy and cogeneration, energy efficiency, and demand response measures, including consideration of the following:

(i) customer energy efficiency and demand response programs;

(ii) facility retirement assumptions; and

(iii) sensitivity analyses related to fuel costs, environmental regulations, and other uncertainties or risks;

(f) data regarding the utility's current generation portfolio, including the age, licensing status, and remaining estimated life of operation for each facility in the portfolio;

(g) plans for meeting current and future capacity needs with the cost estimates for all proposed resource portfolios in the plan;

(h) an analysis of the cost and reliability impacts of all reasonable options available to meet projected energy and capacity

needs~~; and~~

(i) a forecast of the utility's peak demand, details regarding the amount of peak demand reduction the utility expects to achieve, and the actions the utility proposes to take in order to achieve that peak demand reduction; and

(j) a report addressing updates to the utility's transmission plan under the utility's open-access transmission tariff pursuant to the federal jurisdiction planning process. In this report, the utility shall describe if applicable planned transmission improvements may enable specific siting of new resources or provide expected and planned impacts to other resource interconnection constraints or operations of the systems. The utility shall also describe how it evaluated alternate transmission technologies when developing solutions for identified transmission needs for interconnecting resources.

(2) An integrated resource plan may include distribution resource plans or integrated system operation plans.

(C)(1) The commission shall have a proceeding to review each electrical utility subject to subsection (A)(1) and the Public Service Authority's integrated resource plan. As part of the integrated resource plan filing, the commission shall allow intervention by interested parties. The procedural schedule shall include dates for completion of each phase of discovery, including discovery related to the integrated resource plan as filed, direct testimony of the applicant, direct testimony of the Office of Regulatory Staff and other parties and intervenors, and rebuttal testimony of the applicant. Except upon showing exceptional circumstances, all discovery shall be served in time to allow its completion, but not less than ten days prior to the hearing. The commission shall establish a procedural schedule to permit reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. No later than three hundred days after an electrical utility files an integrated resource plan, the commission shall issue a final order approving, modifying, or denying the plan filed by the electrical utility or the Public Service Authority.

(2) The commission shall approve an electrical utility's or the Public Service Authority's integrated resource plan if the commission determines that the proposed integrated resource plan represents the most reasonable and prudent means of meeting the electrical utility's or the Public Service Authority's energy and capacity needs as of the time the plan is reviewed. ~~To determine whether the integrated resource plan~~

~~is the most reasonable and prudent means of meeting energy and capacity needs, the commission, in its discretion, shall consider whether the plan appropriately balances the following factors.~~ In reviewing an integrated resource plan, the commission shall give due consideration as to the resources and actions necessary for the utility to fulfill compliance and reliability obligations pursuant to the Federal Energy Regulatory Commission, the North American Electric Reliability Corporation, the Southeastern Electric Reliability Council, and the Nuclear Regulatory Commission requirements, as well as environmental requirements applicable to resources serving customers in this state. Matters related to the scope and sufficiency of an electrical utility's demand-side plans and activities shall be considered exclusively in proceedings conducted pursuant to Section 58-37-20. In reviewing an integrated resource plan, the commission shall focus its review on the decisions which the applicant must make in the near term based on the triennial integrated resource plan under consideration at the time and shall approve a plan if it finds that the plan appropriately balances the following factors:

(a) resource adequacy and capacity to serve anticipated peak electrical load, including the need for electric capacity and energy required to support economic development and industry retention in the electrical utility's or the Public Service Authority's service territory and to meet applicable planning reserve margins;

(b) consumer affordability and least reasonable cost, considering the resources needed to support economic development and industry retention, and other risks and benefits;

(c) compliance with applicable state and federal environmental regulations;

(d) power supply reliability;

(e) commodity price risks;

(f) diversity of generation supply; ~~and~~

(g) the efficiencies and optimum plans for any electrical utility system spanning state lines located within the electrical utility's or the Public Service Authority's balancing authority area; and

(h) other foreseeable conditions that the commission determines to be for the public's interest.

(3) In modifying or rejecting an electrical utility's or the Public Service Authority's integrated resource plan, the commission shall only require revisions that are reasonably anticipated to materially change resource procurement decisions to be made on the basis of the integrated resource plan under review. If the commission modifies or rejects an electrical utility's or the Public Service Authority's integrated resource

plan, the electrical utility or the Public Service Authority, within sixty days after the date of the final order, shall submit a revised plan addressing concerns identified by the commission and incorporating commission-mandated revisions to the integrated resource plan to the commission for approval. Within sixty days of the electrical utility's or the Public Service Authority's revised filing, the Office of Regulatory Staff shall review the electrical utility's or the Public Service Authority's revised plan and submit a report to the commission assessing the sufficiency of the revised filing. Other parties to the integrated resource plan proceeding also may submit comments. No later than sixty days after the Office of Regulatory Staff report is filed with the commission, the commission at its discretion may determine whether to accept the revised integrated resource plan or to mandate further remedies that the commission deems appropriate.

(4) The submission, review, and acceptance of an integrated resource plan by the commission, or the inclusion of any specific resource ~~or experience~~ in an accepted integrated resource plan, shall not be determinative of the reasonableness or prudence of the acquisition or construction of any resource or the making of any expenditure. An electrical utility shall retain the burden of proof to show that all of its investments and expenditures are reasonable and prudent when seeking cost recovery in rates.

(D)(1) An electrical utility and the Public Service Authority shall each submit annual updates to its integrated resource plan to the commission. An annual update must include an update to the electric utility's or the Public Service Authority's base planning assumptions relative to its most recently accepted integrated resource plan, including, but not limited to: energy and demand forecast, commodity fuel price inputs, renewable energy forecast, energy efficiency and demand-side management forecasts, changes to projected retirement dates of existing units, along with other inputs the commission deems to be for the public interest. The electrical utility's or Public Service Authority's annual update must describe the impact of the updated base planning assumptions on the selected resource plan.

(2) The Office of Regulatory Staff shall review each electrical utility's or the Public Service Authority's annual update and submit a report within ninety days to the commission providing a recommendation concerning the reasonableness of the annual update. After reviewing the annual update and the Office of Regulatory Staff report, the commission may accept the annual update or direct the electrical utility or the Public Service Authority to make changes to the

annual update that the commission determines to be in the public interest within sixty days from the submittal of the Office of Regulatory Staff's report.

(E) Intervenors shall bear their own costs of participating in proceedings before the commission.

~~(E)~~(F) The commission is authorized to promulgate regulations to carry out the provisions of this section.

SECTION 23. Section 58-3-260 of the S.C. Code is amended to read:

Section 58-3-260. (A) For purposes of this section:

(1) "Proceeding" means a contested case, generic proceeding, or other matter to be adjudicated, decided, or arbitrated by the commission.

(2) "Person" means a party to a proceeding pending before the commission, a member of the Office of Regulatory Staff, a representative of a party to a proceeding pending before the commission, individuals, corporations, partnerships, limited liability companies, elected officials of state government, and other public and elected officials.

(3) "Communication" means the transmitting of information by any mode including, but not limited to, oral, written, or electronic.

(4) "Allowable ex parte communication briefing" means any communication that is conducted pursuant to the procedure outlined in subsection (C)(6) of this section.

(5) "Communication of supplemental legal citation" means the submission, subsequent to the submission of post-hearing briefs or proposed orders in a proceeding, of statutes, regulations, judicial or administrative decisions that are enacted, promulgated, or determined after the submission of post-hearing briefs or proposed orders.

(6) "Issue" means a specific request for relief or for other action from the commission in a pending or anticipated matter, legal or regulatory arguments, and policy considerations. "Issue" does not include:

(a) general information concerning the operations, administration, planning, projects, customer service, storms or storm response, accidents, outages, or investments of an entity regulated by the commission that is not confidential and proprietary and is available to the public; or

(b) any confidential information that affects energy security, such as physical or cybersecurity matters, provided that such information is also provided to the Executive Director of the Office of Regulatory Staff.

Any communication pursuant to subitems (a) or (b) that does not

contain a specific request for relief or for other action from the commission in a pending matter or anticipated matter and is provided to the commission must be in writing and must be posted on the commission's website with any confidential information redacted.

(B)(1) Except as otherwise provided herein or unless required for the disposition of ex parte matters specifically authorized by law, a commissioner, hearing officer, or commission employee shall not communicate, directly or indirectly, regarding any issue that is an issue in any proceeding or can reasonably be expected to become an issue in any proceeding with any person without notice and opportunity for all parties to participate in the communication, nor shall any person communicate, directly or indirectly, regarding any issue that is an issue in any proceeding or can reasonably be expected to become an issue in any proceeding with any commissioner, hearing officer, or commission employee without notice and opportunity for all parties to participate in the communication.

(2) Commissioners must limit their consideration of matters before them to the record presented by the parties and may not rely on material not presented in the record by the parties.

(C) The following communications are exempt from the prohibitions of subsection (B) of this section:

(1) a communication concerning compliance with procedural requirements if the procedural matter is not an area of controversy in a proceeding;

(2) statements made by a commission employee who is or may reasonably be expected to be involved in formulating a decision, rule, or order in a proceeding, where the statements are limited to providing publicly available information about pending proceedings;

(3) inquiries relating solely to the status of a proceeding, unless the inquiry: (a) states or implies a view as to the merits or outcome of the proceeding; (b) states or implies a preference for a particular party or which states why timing is important to a particular party; (c) indicates a view as to the date by which a proceeding should be resolved; or (d) is otherwise intended to address the merits or outcome or to influence the timing of a proceeding;

(4) a communication made by or to commission employees that concerns judicial review of a matter that has been decided by the commission and is no longer within the commission's jurisdiction; however, if the matter is remanded to the commission for further action, the provisions of this section shall apply during the period of the remand;

(5) where circumstances require, ex parte communications for

scheduling, administrative purposes, or emergencies that do not deal with substantive matters or issues on the merits are authorized provided:

(a) the commissioner, hearing officer, or commission employee reasonably believes that no party will gain a procedural or tactical advantage as a result of the ex parte communication; and

(b) the commissioner, hearing officer, or commission employee makes provision promptly to notify all other parties of the substance of the ex parte communication and, where possible, allows an opportunity to respond;

(6)(a) subject to the provisions of Chapter 4 of Title 30, communications, directly or indirectly, regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding for the purposes of an allowable ex parte communication briefing if:

~~(i) the Executive Director of the Office of Regulatory Staff or his designee attends the briefing and files a written certification, within seventy-two hours of the briefing, attaching copies of all statements and all other matters filed by all persons pursuant to subsubitems (ii), (iii), and (iv) of this subsection, with the chief clerk of the commission that such briefing was conducted in compliance with the provisions of this section and that each party, person, commissioner, or commission employee present has complied with the reporting and certification requirements of subsubitems (ii), (iii), and (iv); and within twenty-four hours of the submission by the executive director, the commission posts on its web site the written certification, statements, and other matters filed by the executive director;~~

~~(ii) each party, person, commissioner, and commission employee present files a written, certified statement with the Executive Director of the Office of Regulatory Staff within forty-eight hours of the briefing accurately summarizing the discussions in full and attaching copies of any written materials utilized, referenced, or distributed;~~

~~(iii) each party, person, commissioner, and commission employee present, within forty-eight hours of the briefing, files a certification with the Executive Director of the Office of Regulatory Staff that~~

(i) in the course of such briefing, no commissioner or commission employee shall make any~~no~~ commitment, predetermination, or prediction of any commissioner's action as to any ultimate or penultimate issue or any commission employee's opinion or recommendation as to any ultimate or penultimate issue in any proceeding, ~~was requested by any person or party~~ nor shall any person

request any commitment, predetermination, or prediction ~~was~~to be given by any commissioner or commission employee as to any commission action or commission employee opinion or recommendation on any ultimate or penultimate issue;

(ii) the Executive Director of the Office of Regulatory Staff or his designee must attend the briefing and certify that the commissioners and commission employees complied with the provisions in subitem (i);

~~(iv)~~(iii) each commissioner or commission employee present at the allowable ex parte communication briefing grants to every other party or person requesting an allowable ex parte communication briefing on the same or similar matter that is or can reasonably be expected to become an issue in a proceeding, similar access and a reasonable opportunity to communicate, directly or indirectly, regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding under the provisions of subsection (C)(6) of this section and files a written, certified statement with the Executive Director of the Office of Regulatory Staff within forty-eight hours of the briefing stating that the commissioner or commission employee will comply with this provision;

~~(v)~~(iv) the commission ~~posts~~ must post on its web site, at least five business days prior to the proposed briefing, a notice of each request for an allowable ex parte communication briefing that includes the date and time of the proposed briefing, the name of the person or party who requested the briefing, the name of each commissioner and commission employee whom the person or party has requested to brief, and the subject matter to be discussed at the briefing;

(v) the commission must post on its web site within three business days after the briefing, all nonconfidential materials and documents provided to the commission as part of the ex parte briefing and a statement signed by the chief clerk of the commission that the provisions of this subsection have been followed, including the justification for actions taken to preserve the confidentiality of any confidential information provided to the commission;

(vi) the person or party initially seeking the briefing ~~requests~~must request the briefing with sufficient notice, as required in subsubitem ~~(v)~~(iv), to allow the initial briefing to be held at least twenty business days prior to the hearing in the proceeding at which the matter that is the subject of the briefing is or can reasonably be expected to become an issue, and the initial briefing must be held at least twenty business days prior to the hearing in the proceeding; and

(vii) any person or party desiring to have a briefing on the same or similar matter as provided for in subsubitem (vi) shall be entitled to request ~~requests~~ a briefing so long as the request is made with sufficient time for notice, as required in subsubitem ~~(v)~~(iv), to allow the briefing to be held at least ten business days prior to the hearing in the proceeding at which the matter that is the subject of the briefing is or can reasonably be expected to become an issue, and any such briefing must be held at least ten business days prior to the hearing in the proceeding;

~~(b) any person or party may object to the attendance of the Executive Director of the Office of Regulatory Staff at an allowable ex parte communication briefing on the grounds of bias or a conflict of interest on the part of the executive director. Any such objection must be made in writing and must be filed with the executive director no later than twenty-four hours prior to the scheduled briefing. If the objecting person or party and the executive director agree upon a neutral person, that person shall serve in the executive director's stead and shall comply with the reporting and certification requirements of the executive director contained in subsubitem (i) and the executive director shall comply with the requirements contained in subsubitems (ii) and (iii). The costs of such person's services shall be charged to the party requesting the briefing and may be an allowable cost of the proceedings. If the objecting person or party and the executive director cannot agree upon a neutral person, the objecting person or party shall petition the Administrative Law Court for the appointment of a neutral person to serve in the executive director's stead, and the petition shall be given priority over all other matters within the jurisdiction of the Administrative Law Court. In the petition, the objecting party shall set forth the specific grounds supporting the objecting person's or party's allegation of bias or conflict on the part of the executive director and shall generally describe the matters to be discussed at the briefing. It shall not be sufficient grounds that the executive director is or is likely to be a party to a proceeding. The executive director shall be given an opportunity to respond. Part of the executive director's response shall include recommendations as to the experience required of the person to act in his stead. Upon a showing of actual bias or conflict of interest, the administrative law judge shall designate a person to act in the executive director's stead and that person shall comply with the reporting and certification requirements of the executive director contained in subsubitem (i) and the executive director shall comply with the requirements contained in subsubitems (ii) and (iii). Such person must have the expertise to act in the executive director's stead. The decision~~

~~of the administrative law judge shall be considered interlocutory and not immediately appealable and may be appealed with the final order of the commission. The costs of such person's services shall be charged to the party requesting the briefing and may be an allowable cost of the proceedings;~~

~~(c) should the Executive Director of the Office of Regulatory Staff desire to conduct an allowable ex parte communication briefing, the chief clerk of the commission shall appoint a neutral person who shall serve in the executive director's stead and that person shall comply with the reporting and certification requirements of the Executive Director of the Office of Regulatory Staff contained in subsubitem (i). The Executive Director of the Office of Regulatory Staff shall comply with the requirements contained in subsubitems (ii) and (iii);~~

~~(d)~~(b) nothing in subsection (C)(6) of this section requires any commissioner or commission employee to grant a request for an allowable ex parte communication briefing, except as provided in subsection (C)(6)(a)~~(iv)~~(iii) of this section;

(7) a communication of supplemental legal citation if the party files copies of such documents, without comment or argument, with the chief clerk of the commission and simultaneously provides copies to all parties of record;

(8) subject to the provisions of Chapter 4 of Title 30, communications between and among commissioners regarding matters pending before the commission; provided, further, that any commissioner, hearing officer, or commission employee may receive aid from commission employees if the commission employees providing aid do not:

(a) receive ex parte communications of a type that the commissioner, hearing officer, or commission employee would be prohibited from receiving; or

(b) furnish, augment, diminish, or modify the evidence in the record.

(D) If before serving in a proceeding, a commissioner, hearing officer, or commission employee receives an ex parte communication of a type that may not properly be received while serving, the commissioner, hearing officer, or commission employee must disclose the communication in the following manner: a commissioner, hearing officer, or a commission employee who receives an ex parte communication in violation of this section must promptly after receipt of the communication or, in the case of a communication prior to a filing, as soon as it is known to relate to a filing, place on the record of the

matter all written and electronic communications received, all written and electronic responses to the communications, and a memorandum stating the substance of all oral communications received, all responses made, and the identity of each person from whom the commissioner, hearing officer, or commission employee, as appropriate, received an ex parte communication and must advise all parties that these matters have been placed on the record. Within ten days after receipt of notice of the ex parte communication, any party who desires to rebut the contents of the communication must request and shall be granted the opportunity to rebut the contents. Parties affected by a violation may agree to a resolution of any claim regarding such violation, including the waiver of a hearing and the waiver of the obligation to report violations under subsection (I) of this section.

(E) Any person who makes an inadvertent ex parte communication must, as soon as it is known to relate to an issue in a proceeding, disclose the communication by placing on the record of the matter the communication made, if written or electronic, or a memorandum stating the substance of an inadvertent oral communication, and the identity of each person to whom the inadvertent ex parte communication was made or given. Within ten days after receipt of notice of the ex parte communication, any party who desires to rebut the contents of the communication must request and shall be granted the opportunity to rebut the contents. If no party rebuts the inadvertence of the ex parte communication within ten days after notice of the ex parte communication, the ex parte communication shall be presumed inadvertent. Parties affected by a violation may agree to a resolution of any claim regarding such violation, and the provisions of subsection (J) of this section shall not apply.

(F) If necessary to eliminate the effect of an ex parte communication received in violation of this section, a commissioner, hearing officer, or commission employee who receives the communication may be disqualified by the commission, and the portions of the record pertaining to the communication may be sealed by protective order.

(G) Nothing in this section alters or amends Section 1-23-320(i).

(H) Nothing in this section prevents a commissioner, hearing officer, or commission employee from:

(1) attending educational seminars sponsored by state, regional, or national organizations and seminars not affiliated with any utility regulated by the commission; however, the provisions of this section shall apply to any communications that take place outside any formal

sessions of any seminars or group presentations; or

(2) conducting a site visit of a utility facility under construction or attending educational tours of utility plants or other facilities provided:

(a) the Executive Director of the Office of Regulatory Staff or his designee also attends the site visit or educational tour;

(b) a summary of the discussion is produced and posted on the commission's website, along with copies of any written materials utilized, referenced, or distributed; and

(c) each party, person, commission, and commission employee who participated in the site visit or educational tour, within forty-eight hours of the site visit or educational tour, files a certification with the Executive Director of the Office of Regulatory Staff that no commitment, predetermination, or prediction of any commissioner's action as to any ultimate or penultimate issue or any commission employee's opinion or recommendation as to any ultimate or penultimate issue in any proceeding was requested by any person or party, nor any commitment, predetermination, or prediction was given by any commissioner or commission employee as to any commission action or commission employee opinion or recommendation on any ultimate or penultimate issue.

(I) Subject to any privilege under Rule 501 of the South Carolina Rules of Evidence, any commissioner, hearing officer, commission employee, party, or any other person must report any wilful violation of this section on the part of a commissioner, hearing officer, or commission employee to the review committee.

(J) Any commissioner, hearing officer, commission employee, or person who wilfully violates the provisions of this section is guilty of a misdemeanor and, upon conviction, must be fined not more than two hundred fifty dollars or imprisoned for not more than six months. If a commissioner wilfully communicates with any party or person or if any person or party wilfully communicates with a commissioner regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding less than ten business days prior to the scheduled hearing on the merits, during the hearing or after the hearing but prior to the issuance of a final order, including an order on rehearing, in a proceeding where such facts, law, or other matter is or can reasonably be expected to become an issue, the commissioner shall be removed from office. If a hearing officer or commission employee wilfully communicates with any party or person or any party or person wilfully communicates with a hearing officer or commission employee

regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding less than ten days prior to the scheduled hearing on the merits, during the hearing or after the hearing but prior to the issuance of a final order, including an order on rehearing, in a proceeding where such facts, law, or other matter is or can reasonably be expected to become an issue, the hearing officer or commission employee shall be terminated from employment by the commission. For purposes of this section: (1) "wilful" means an act done voluntarily and intentionally with the specific intent to do something the law forbids, or with specific intent to fail to do something the law requires to be done, that is to say with bad purpose either to disobey or disregard the law, and (2) a violation of the provisions of this section must be proved by clear and convincing evidence before a commissioner, hearing officer, or commission employee can be removed from office or terminated from employment.

SECTION 24. Section 58-3-270(E) of the S.C. Code is amended to read:

(E) The administrative law judge assigned to the ex parte communication complaint proceeding by the Administrative Law Court may issue an order tolling any deadlines imposed by any state statute for a decision by the commission on the proceeding that is the subject of the ex parte communication complaint but only to the extent that the allegations of the complaint are verified and if found to be true would indicate that the proceeding was prejudiced to the extent that the commission is unable to consider the matter in the proceeding impartially. The administrative law judge assigned to the ex parte communication complaint proceeding by the Administrative Law Court must conduct a hearing and must issue a decision within sixty days after the complaint is filed.

SECTION 25. The General Assembly hereby finds and declares that:

(1) the economic and financial well-being of South Carolina and its citizens depends upon continued economic development and industry retention and opportunities for job attraction and retention; and

(2) the cost of electricity and the availability of clean energy sources for electricity are important factors in the decision for a commercial and industrial entity to locate, expand, or maintain their existing establishments in South Carolina; and

(3) competitive electric rates, terms, and conditions, and the ability to utilize clean energy sources for electric power generation are necessary to attract prospective commercial or industrial entities to invest in South Carolina and to encourage and incent robust economic

development growth and industry retention in this State; and

(4) electrical utilities are critical economic development and industry retention partners for South Carolina by offering affordable power that has helped to attract jobs and associated development.

Title 58 of the S.C. Code is amended by adding:

CHAPTER 43

Economic Development Rates

Section 58-43-10. Unless otherwise specified, for purposes of this chapter:

(1) "Commission" means the Public Service Commission.

(2) "Contract" has the same meaning as the term is used in Section 58-27-980.

(3) "Electrical utility" has the same meaning as provided in Section 58-27-10(7).

(4) "Marginal cost" means the electrical utility's marginal cost for producing energy.

(5) "Qualifying customer" means either:

(a) an existing commercial or industrial customer with a combined firm and interruptible contract demand greater than 20 megawatts that agrees to a new or extended electric service contract with a term of five years of more; or

(b) a commercial or industrial customer that agrees to locate its operations in South Carolina or expands its existing establishment, and such location or expansion results in the minimum of:

(i) 500 kilowatts at one point of delivery;

(ii) fifty new employees; and

(iii) capital investment for $400,000 following the electrical utility's approval for service.

(6) "Rate proposal" means a written document that identifies the rates, terms, and conditions for electric service offered by an electrical utility to a prospective customer.

(7) "Renewable energy facility" means a solar array or other facility constructed by or on behalf of a qualifying customer for the exclusive purpose of supplementing electrical power generation from a renewable energy source for its economic development location, expansion, or retention.

(8) "Transformational customer" means a commercial or industrial customer that agrees to locate its operations in South Carolina or expand its existing establishment, and such location or expansion results in the addition of a minimum of:

(a) 50 megawatts at one point of delivery;

(b) 500 new employees;

(c) capital investment of $100,000,000 following the electrical utility's approval for service; and

(d) who is designated by the South Carolina Department of Commerce as a business which will bring substantial benefit to the economy of South Carolina and its citizens, such that it is in the public interest to have such transformational customer located in this State.

Section 58-43-20. (A) When considering whether the rates, terms, and conditions negotiated with economic development prospects are just and reasonable, the commission shall give full weight and consideration to the economic development benefits to the electrical utility's customers that result from prospective commercial or industrial entities locating or expanding their activities in South Carolina.

(B) Nothwithstanding any other provision of law, an electrical utility may provide the South Carolina Department of Commerce or a prospective qualifying customer or transformational customer with a rate proposal containing terms and conditions to incentivize the prospective customer to make capital investments and employ additional workforce in the electrical utility's service territory. The rate proposal initially provided by an electrical utility may differ from the final contract, rate, terms, and conditions with the qualifying customer or transformational customer.

(C) An electrical utility may offer special rates, terms, and conditions to a qualifying customer or transformational customer, including rates that are lower than the rates that the customer otherwise would be charged. The agreement with the customer must be for a term not exceeding ten years and the electrical utility may offer the customer interruptible and real-time pricing options and riders for other clean energy attributes which may support the qualifying customer's or transformational customer's needs. However, rates for qualifying customers may not be lower than the electrical utility's marginal cost of providing service to the customer and rates for transformational customers may not be lower than twenty-five percent less than the electrical utility's marginal cost of providing service to the customer.

(D) Rates, terms, and conditions negotiated with qualifying and transformational customers shall be deemed just and reasonable if:

(1) for qualifying customers, the terms of this section are met;

(2) for transformational customers, the commission determines that:

(a) the economic development rate offered significantly impacts the customer's decision to locate or expand in South Carolina;

(b) the financial value realized by the electrical utility's system from the transformational customer being on the electrical utility's system for ten years is greater than or equal to the financial value of the rate incentive given to the transformational customer;

(c) measures have been taken to avoid or reduce cross-customer class subsidization; and

(d) the consequences of offering the economic development rate are beneficial to the system as a whole considering all customer classes.

The commission must either approve or deny an application pursuant to this section within sixty days.

(E) Nothing in this chapter shall otherwise restrict the commission's authority to regulate rates and charges or review contracts entered into pursuant to this section or to otherwise supervise the operations of electrical utilities.

(F) The construction of a proposed renewable energy facility by or on behalf of a qualifying customer to support electric power generation at its location must comply with federal, state, and local laws and ordinances.

(G) Consistent with federal, state, and local laws and ordinances, the electrical utility may expedite interconnection of a proposed renewable energy facility to be constructed by a qualifying or transformational customer to support electrical power generation at its location where high-quality and reliable electric service are not adversely impacted.

(H) In the event a qualifying customer or transformational customer leaves this State or terminates its operations in this State during the ten-year contract period, such customer must reimburse the electrical utility and its customers the difference between standard rates and the rates paid during the term of the agreement between the electrical utility and its customers.

(I) For facilities designated as high priority sites by the South Carolina Department of Commerce, an electrical utility may enter into agreements to provide energy infrastructure to such sites if the South Carolina Department of Commerce determines it will increase the probability of attracting transformational customers to this State. Costs of such infrastructure shall be accounted for and recorded as an element of rate base for inclusion in general rates by the electrical utility provided the commission finds such costs are reasonable and prudent and shall not include a rate of return until the facilities are placed into service for a customer.

(J) An electrical utility shall not be required to adjust its cost of service in a rate proceeding as a result of a rate, agreement, or infrastructure provided pursuant to this section in any matter that would impute revenue at a level higher than received by the electrical utility from a qualifying customer or transformational customer or would otherwise reduce the electrical utility's revenue as a result of entering into contracts with qualifying customers or transformational customers pursuant to this section.

(K) If an electrical utility offers special rates, terms, and conditions to a qualifying customer or a transformational customer, any electrical utility in South Carolina may also offer all directly competing existing customers in its service territory in this state with similar special rates, terms, and conditions at the time the agreement is entered into with the qualifying customer or transformational customer to the extent the directly competing existing customer is able to substantiate its status as a directly competing existing customer. For purposes of this section, customers are "directly competing" if they make the same end-product, or offer the same service, for the same general group of customers. Customers that only produce component parts of the same end-product are not directly competing customers.

SECTION 26. Sections 58-33-310 and 58-33-320 of the S.C. Code are amended to read:

Section 58-33-310. Any party may appeal, in accordance with Section 1-23-380, from all or any portion of any final order or decision of the commission, including conditions of the certificate required by a state agency under Section 58-33-160 as provided by Section 58-27-2310. ~~Any appeals may be called up for trial out of their order by either party.~~ Any final order on the merits issued pursuant to this chapter shall be immediately appealable to the Supreme Court of South Carolina, without petition for rehearing or reconsideration. The Supreme Court shall provide for expedited briefing and hearing of the appeal in preference to all other nonemergency matters. The commission must not be a party to an appeal.

Section 58-33-320. Except as expressly set forth in Section 58-33-310, no court of this State shall have jurisdiction to hear or determine any issue, case, or controversy concerning any matter which was or could have been determined in a proceeding before the commission under this chapter or to stop or delay the construction, operation, or maintenance of a major utility facility, except to enforce compliance with this chapter or the provisions of a certificate issued hereunder, and any such action shall be brought only by the Office of Regulatory Staff.

Provided, however, that subject to Section 58-33-175, nothing herein contained shall be construed to abrogate or suspend the right of any individual or corporation not a party to maintain any action which he might otherwise have been entitled.

SECTION 27. Chapter 4, Title 58 of the S.C. Code is amended by adding:

Section 58-4-160. (A)(1) The Office of Regulatory Staff must conduct a study to evaluate the potential costs and benefits of the various administrator models for energy efficiency programs and other demand-side management programs funded by, or potentially funded by, electrical utilities in this State. This study must be conducted on each electrical utility in this State. For purposes of this section, administrator models for energy efficiency programs shall include the following models: utility administrator, state or government agency administrator, an independent third-party administrator, and a hybrid administrator.

(2) For purposes of this section only, "electrical utility" means an investor-owned electrical utility that serves more than 100,000 customers in this State.

(B) This study must consider which administrator model would most meaningfully improve programs offered by the electrical utility.

(C) The study must also evaluate which administrator model offers the best opportunities to increase cost and energy savings, improve the quality of services rendered, reduce ratepayer costs, or more effectively serve low-income customers, within a program portfolio that is cost effective overall, as compared to similar program administration by individual electrical utilities, or to increase the cost effectiveness of energy efficiency program portfolios. This study must consider, but is not limited to, the following:

(1) whether third-party administration subject to a pay for performance contract and independent third-party evaluation, measurement, and verification could reduce administrative costs, as compared to separate administration of energy efficiency programs by individual electrical utilities;

(2) whether a system benefit charge or other funding or financing mechanism would more efficiently, effectively, and fairly fund energy efficiency and other demand side management programs through an administrator;

(3) which administrator model provides the best mechanism to increase ratepayer energy savings in the case of electrical utilities that have experienced lower historical performance in terms of annual and cumulative energy savings as a percentage of retail sales;

(4) which administrator model provides the best mechanism to increase ratepayer energy savings in the case of electrical utilities that have experienced high historical performance in terms of annual and cumulative energy savings as a percentage of retail sales;

(5) the legal and practical implications of implementing the various administrator models for an electrical utility with a multistate balancing authority area;

(6) which administrator model could most enhance an electrical utility's delivery of nonenergy benefits, such as resiliency, reliability, health, economic development, industry retention, energy security, and pollution reduction; and

(7) which administrator model could most effectively pursue nonratepayer funding including, but not limited to, federal, state, or local governmental support, as a means of either reducing reliance of ratepayer funds or increasing the scope, reach, or effectiveness of energy efficiency and demand side management programs.

(D) This study must be conducted with public input from stakeholders through written comments and at least one public forum.

(E) The Office of Regulatory Staff is authorized to retain the services of an expert or consultant with expertise and experience in the successful implementation of energy efficiency administrator programs. The Office of Regulatory Staff is exempt from the procurement code for the purposes of retaining services for this study.

(F) The provisions of this section are subject to funding. However, the Office of Regulatory Staff must initiate the study within one year from receipt of necessary funding and complete its report within six months. Upon completion of this study, the Office of Regulatory Staff must provide its report to the General Assembly and the commission. This report may include a recommendation as to which administrator model should be established for each electrical utility, draft legislation, and requirements that should be established.

SECTION 28. Section 58-37-10 of the S.C. Code is amended to read:

Section 58-37-10. As used in this chapter unless the context clearly requires otherwise:

(1) "Demand-side activity" or "demand-side management program" means a program conducted or proposed by a producer, supplier, or distributor of energy for the reduction or more efficient use of energy requirements of the producer's, supplier's, or distributor's customers, through measures, including, but not limited to, conservation and energy efficiency, load management, cogeneration, and renewable energy technologies.

(2) “Integrated resource plan” means a plan which contains the demand and energy forecast for at least a fifteen-year period, contains the supplier's or producer's program for meeting the requirements shown in its forecast in an economic and reliable manner, including both demand-side and supply-side options, with a brief description and summary cost-benefit analysis, if available, of each option which was considered, including those not selected, sets forth the supplier's or producer's assumptions and conclusions with respect to the effect of the plan on the cost and reliability of energy service, and describes the external environmental and economic consequences of the plan to the extent practicable. For electrical utilities subject to the jurisdiction of the South Carolina Public Service Commission, this definition must be interpreted in a manner consistent with the integrated resource planning requirements pursuant to Section 58-37-40 and any process adopted by the commission. For electric cooperatives subject to the regulations of the Rural ~~Electrification Administration~~Utilities Service, this definition must be interpreted in a manner consistent with any integrated resource planning process prescribed by Rural ~~Electrification Administration~~ Utilities Service regulations.

(3) “Cost-effective” means that the net present value of benefits of a program or portfolio exceeds the net present value of the costs of the program or portfolio. A cost-effective program or portfolio must pass any two of the following tests:

(a) utility cost test;

(b) total resource cost test;

(c) participant cost test; or

(d) ratepayer impact measure test.

In evaluating the cost-effectiveness of a program or portfolio, a utility or program administrator must present the results of all four tests. In calculating cost-effectiveness, a utility must use a standard utility practice for determining the percentage of energy savings that would or would not have been achieved through customer adoption of an efficiency behavior or technology without any incentive allowed pursuant to this chapter to install and utilize the technology as part of the associated demand-side management program. The utility must designate the expected useful life of the measure and evaluate the costs and benefits of the measures over their useful lives in the program application based on industry-accepted standards. Further, in calculating the cost-effectiveness, the commission must consider the efficiencies and scale of programs that are or may be available across a utility’s balancing area, even if that balancing area extends outside of the state.

(4) "Demand-side management pilot program" means a demand-side management program that is of limited scope, cost, and duration and that is intended to determine whether a new or substantially revised program or technology would be cost-effective.

SECTION 29. Section 58-37-20 of the S.C. Code is amended to read:

Section 58-37-20. (A) The General Assembly declares that expanding utility investment in and customer access to cost-effective demand-side management programs will result in more efficient use of existing resources, promote lower energy costs, mitigate the increasing need for new generation and associated resources, and assist customers in managing their electricity usage to better control their electric bill, and is therefore in the public interest.

(B) The commission may approve any program filed by a public utility if the program is found to be cost-effective. Furthermore, the commission may, in its discretion, approve any program filed by a public utility that is not cost-effective, so long as the proposed demand-side management program is targeted to low-income customers, provided that the public utility's portfolio of demand-side management programs is cost-effective as a whole.

(C) The South Carolina Public Service Commission ~~may~~ must adopt procedures that ~~encourage~~ require electrical utilities and public utilities providing gas services subject to the jurisdiction of the commission to plan for and invest in all reasonable, prudent, and available energy efficiency and demand-side resources that are cost-effective energy efficient technologies and energy conservation programs in an amount to be determined by the commission. If an electrical utility fails to meet the requirements of this section as determined by the commission, the commission is authorized to appoint a third-party administrator to carry out the residential low-income energy efficiency duties pursuant to this section on behalf of the electrical utility if the commission determines that having such a third-party administrator is in the public interest and consistent with law. Upon notice and hearings that the commission may require, the commission may issue rules, regulations, or orders pursuant to this chapter to implement applicable programs and measures under this section. If adopted, these procedures must: provide incentives and cost recovery for energy suppliers and distributors who invest in energy supply and end-use technologies that are cost-effective, environmentally acceptable, and reduce energy consumption or system or local coincident peak demand; allow energy suppliers and distributors to recover costs and obtain a reasonable rate of return on their investment in qualified

demand-side management programs sufficient to make these programs at least as financially attractive as construction of new generating facilities; require the Public Service Commission to establish rates and charges that ensure that the net income of an electrical or gas utility regulated by the commission after implementation of specific cost-effective energy conservation measures is at least as high as the net income would have been if the energy conservation measures had not been implemented. ~~For purposes of this section only, the term "demand-side activity" means a program conducted by an electrical utility or public utility providing gas services for the reduction or more efficient use of energy requirements of the utility or its customers including, but not limited to, utility transmission and distribution system efficiency, customer conservation and efficiency, load management, cogeneration, and renewable energy technologies.~~

(D) Each investor-owned electrical utility must submit an annual report to the commission describing the demand-side management programs implemented by the electrical utility in the previous year, provided the program has been operational for a reasonable period of time, as well as the results of such programs. The commission may require certain information including, but not limited to:

(1) achieved savings levels from the utility's portfolio of programs in the prior year, reported as a percentage of the utility's annual sales;

(2) program expenditures, including incentive payments;

(3) peak demand and energy savings impacts and the techniques used to estimate those impacts;

(4) avoided costs and the techniques used to estimate those costs;

(5) estimated cost-effectiveness of the demand-side management programs;

(6) a description of economic benefits of the demand-side management programs;

(7) the number of customers eligible to opt-out of the electrical utility's demand-side management programs, the percentage of those customers that opted-out in the previous year, and the annual sales associated with those opt-out customers; and

(8) any other information required by the commission.

(E) To ensure prudent investments by an electrical utility in energy efficiency and demand response, as compared to potential investments in generation, transmission, distribution, and other supply related utility equipment and resources, the commission must review each investor-owned electrical utility's portfolio of demand-side management

programs on at least a triennial basis to align the review of that utility's integrated resource plan pursuant to Section 58-37-40. The commission is authorized to order modifications to an electrical utility's demand-side management portfolio, including program budgets, if the commission determines that doing so in the public interest.

(F) The provisions of subsections (C), (D), and (E) do not apply to an electrical utility that serves less than 100,000 customers in this State.

SECTION 30. Section 58-37-30 of the S.C. Code is amended to read:

Section 58-37-30. (A) The South Carolina Public Service Commission must report annually to the General Assembly on available data regarding the past, on-going, and projected status of demand-side ~~activities~~management programs and purchase of power from qualifying facilities, as defined in the Public Utilities Regulatory Policies Act of 1978, by electrical utilities and public utilities providing gas services subject to the jurisdiction of the Public Service Commission.

(B) Electric cooperatives providing resale or retail services, municipally-owned electric utilities, and the South Carolina Public Service Authority shall report annually to the State Energy Office on available data regarding the past, on-going, and projected status of demand-side ~~activities~~management programs and purchase of power from qualifying facilities. For electric cooperatives, submission to the State Energy Office of a report on demand-side ~~activities~~management programs in a format complying with then current Rural ~~Electrification Administration~~ Utilities Service regulations constitutes compliance with this subsection. An electric cooperative providing resale services may submit a report in conjunction with and on behalf of any electric cooperative which purchases electric power and energy from it. The State Energy Office must compile and submit this information annually to the General Assembly.

(C) The State Energy Office may provide forms for the reports required by this section to the Public Service Commission and to electric cooperatives, municipally-owned electric utilities, and the South Carolina Public Service Authority. The office shall strive to minimize differing formats for reports, taking into account the reporting requirements of other state and federal agencies. For electrical utilities and public utilities providing gas services subject to the jurisdiction of the commission, the reporting form must be in a format acceptable to the commission.

SECTION 31.Chapter 37, Title 58 of the S.C. Code is amended by adding:

Section 58-37-35. (A) An electrical utility may propose programs

and customer incentives to encourage or promote demand-side management programs whereby a customer uses a customer-sited distributed energy resource, as defined in Section 58-39-120(C), or combination of such resources, to: (1) reduce the customer's electric consumption or demand from the electric grid, or (2) beneficially shape the customer's electric consumption or demand in a manner that reduces the customer's contribution to the electrical utility's system or local coincidental peak demand, subject to the associated load to utility management for reliability or economic purposes, or reduce future electrical utility system costs to serve its customers. Programs authorized pursuant to this section may also include distributed energy resources that draw additional power from the electric grid including, but not limited to, electric heat pumps with programmable or utility controlled thermostats, electric heat pump water heaters controlled through utility programs, smart home panels, advanced inverters, and energy storage devices located on the customer's side of the meter, provided that any programs or customer incentives otherwise meet the requirements of this section. These programs may also include a combination of resources, including renewable energy microgrids, to provide economic benefits to the utility system or to help address specific transmission or distribution issues that would otherwise require significant capital investment.

(B) In evaluating a program or customer incentive proposed pursuant to this section to assure reasonableness, promotion of the public interest, and consistency with the objectives of Sections 58-27-845 and 58-37-20, the commission must apply the procedure approved pursuant to Section 58-37-20. An electrical utility must use standard utility practices for determining the percentage of customers that would or would not have adopted a distributed energy resource without any incentive allowed under this section to install and utilize the distributed energy resource as part of the associated demand-side management program. The electrical utility must designate the expected useful life of the distributed energy resource and evaluate the costs and benefits of demand-side measures over their useful lives in the program application based on industry-accepted standards. All initial program costs, benefits, and participation assumptions used in the electrical utility's cost-effectiveness evaluations must be reviewed by the commission to assure the electrical utility has presented a reasonable basis for its calculation. Electrical utilities must update the cost-effectiveness analysis based on the actual program costs, benefits, and participation as soon as practicably possible based on standard evaluation, measurement, and verification protocols, and the electrical utility's cost recovery must

be reconciled accordingly.

(C) For demand-side programs or customer incentives proposed in this section, the electrical utility may recover costs through the procedures in Section 58-37-20. The prohibition in Section 58-40-20(I) against recovery of lost revenues associated with distributed energy resources pursuant to Chapter 39, Title 58 is inapplicable to recovery of net lost revenues associated with a distributed energy resource that is installed as a result of a demand-side program incentive pursuant to this section or Section 58-37-20.

(D) The commission may approve any program filed pursuant to this section if the commission finds the program to be cost effective pursuant to Section 58-37-10(3). For any demand-side programs or customer incentives submitted under this section with projected annual customer incentive amounts less than five million dollars per year for each of the first two program years, the commission must issue an order as expeditiously as practicable on the written submissions of the electrical utility but may require an evidentiary hearing where novel or complex issues of fact require special review by the commission. Nothing in this section prevents the commission from ordering an electrical utility to modify or terminate a program approved pursuant to this section based on the results of standard evaluation, measurement, and verification protocols.

(E) The Energy Office must develop and publish materials intended to inform and educate the public regarding programs available to a customer pursuant to this section. The Energy Office must maintain a list of approved vendors who are qualified and in good standing to provide services associated with these programs.

SECTION 32. Section 58-37-50 of the S.C. Code is amended to read:

Section 58-37-50. (A) As used in this section:

(1) “Electricity provider” means an electric cooperative, an investor-owned electric utility, the South Carolina Public Service Authority, or a municipality or municipal board or commission of public works that owns and operates an electric utility system.

(2) “Natural gas provider” means an investor-owned natural gas utility or publicly owned natural gas provider.

(3) “Meter conservation charge” means the charge placed on a customer's account by which electricity providers and natural gas providers recover the costs, including financing costs, of energy efficiency and conservation measures.

(4) “Notice of meter conservation charge” means the written notice by which subsequent purchasers or tenants will be given notice

that they will be required to pay a meter conservation charge.

(5) "Customer" means a homeowner or tenant receiving electricity or natural gas as a retail customer.

(6) "Community action agency" means a nonprofit eleemosynary corporation created pursuant to Chapter 45, Title 43 providing, among other things, weatherization services to a homeowner or tenant.

(B) Electricity providers and natural gas providers may enter into written agreements with customers and landlords of customers for the financing of the purchase price and installation costs of energy efficiency and conservation measures. These agreements may provide that the costs must be recovered by a meter conservation charge on the customer's electricity or natural gas account, provided that the electricity providers and natural gas providers comply with the provisions of this section. A failure to pay the meter conservation charge may be treated by the electricity provider or natural gas provider as a failure to pay the electricity or natural gas account, and the electricity provider or natural gas provider may disconnect electricity or natural gas service for nonpayment of the meter conservation charge, provided the electricity provider or natural gas provider complies with the provisions of Article 25, Chapter 31, Title 5; Article 17, Chapter 11, Title 6; Article 17, Chapter 49, Title 33; Article 11, Chapter 5, Title 58; Article 21, Chapter 27, Title 58; Article 5, Chapter 31, Title 58; and any applicable rules, regulations, or ordinances relating to disconnections.

(C) Any agreement permitted by subsection (B) must state plainly the interest rate to be charged to finance the costs of the energy efficiency and conservation measures. The interest rate must be a fixed rate over the term of the agreement and must not exceed four percent above the stated yield for one-year treasury bills as published by the Federal Reserve ~~at the time the agreement is entered~~on the first business day of the calendar year in which the agreement is entered. An electrical utility entering into such an agreement whose rates are regulated by the commission must fix the interest rate over the term of the agreement to not exceed such utility's weighted average cost of equity and long-term debt as most recently approved by the commission at the time the agreement is entered. Any indebtedness created under the provisions of this section may be paid in full at any time before it is due without penalty.

(D) An electricity provider or natural gas provider may recover the costs, including financing costs, of these measures from its members or customers directly benefiting from the installation of the energy efficiency and conservation measures. Recovery may be through a meter

conservation charge to the account of the member or customer and any such charge must be shown by a separate line item on the account. A utility entering into such agreement whose rates are regulated by the commission shall recover all reasonable and prudent incremental costs incurred to implement agreements for financing and installing energy-efficiency and conservation measures in base rates. Incremental costs may include, but are not limited to, billing system upgrades, overhead, incremental labor, and all other expenses properly considered to be associated with ensuring the ongoing premise bill savings are realized from offering during the terms of such agreements.

(E) An electricity provider or natural gas provider shall assume no liability for the installation, operation, or maintenance of energy efficiency and conservation measures when the measures are performed by a third party, and shall not provide any warranty as to the merchantability of the measures or the fitness for a particular purpose of the measures, and no action may be maintained against the electricity provider or natural gas provider relating to the failure of the measures. An electricity provider or natural gas provider shall assume no liability for energy audits performed by third parties and shall provide no warranty relating to any energy audit done by any third party. Nothing in this section may be construed to limit any rights or remedies of utility customers and landlords of utility customers against other parties to a transaction involving the purchase and installation of energy efficiency and conservation measures.

(F) Before entering into an agreement contemplated by this section, the electricity provider or natural gas provider shall cause to be performed an energy audit on the residence considered for the energy efficiency measures. The energy audit must be conducted by an energy auditor certified by the Building Performance Institute or similar organization. The audit must provide an estimate of the costs of the proposed energy efficiency and conservation measures and the expected savings associated with the measures, and it must recommend measures appropriately sized for the specific use contemplated. An agreement entered following completion of an energy audit shall specify the measures to be completed and the contractor responsible for completion of the measures. The choice of a contractor to perform the work must be made by the owner of the residence. Upon request, the electricity provider or natural gas provider must provide the owner of the residence with a list of contractors qualified to do the work. Upon completion of the work, it must be inspected by an energy auditor certified by the Building Performance Institute or similar organization. Any work that is

determined to have been done improperly or to be inappropriately sized for the intended use must be remedied by the responsible contractor. Until the work has been remedied, funds due to the contractor must be held in escrow by the electricity provider or natural gas provider.

(G) An electricity provider or natural gas provider that enters into an agreement as provided in this section may recover the costs, including financing costs, of energy efficiency and conservation measures from subsequent purchasers of the residence in which the measures are installed, provided the electricity provider or natural gas provider gives record notice that the residence is subject to the agreement. Notice must be given, at the expense of the filer, by filing a notice of meter conservation charge with the appropriate office for the county in which the residence is located, pursuant to Section 30-5-10. The notice of meter conservation charge does not constitute a lien on the property but is intended to give a purchaser of the residence notice that the residence is subject to a meter conservation charge. Notice is deemed to have been given if a search of the property records of the county discloses the existence of the charge and informs a prospective purchaser: (1) how to ascertain the amount of the charge and the length of time it is expected to remain in effect, and (2) of his obligation to notify a tenant if the purchaser leases the property as provided in subsection (H)(3).

(H) An electricity provider or natural gas provider may enter into agreements for the installation of energy efficiency and conservation measures and the recovery of the costs, including financing costs, of the measures with respect to rental properties by filing a notice of meter conservation charge as provided in subsection (G) and by complying with the provisions of this subsection:

(1) The energy audit required by subsection (F) must be conducted and the results provided to both the landlord and the tenant living in the rental property at the time the agreement is entered.

(2) If both the landlord and tenant agree, the electricity provider or natural gas provider may recover the costs of the energy efficiency and conservation measures, including financing costs, through a meter conservation charge on the account associated with the rental property occupied by the tenant. The agreement must provide notice to the landlord of the provisions contained in item (3).

(3) With respect to a subsequent tenant occupying a rental unit benefiting from the installation of energy efficiency and conservation measures, the electricity provider or natural gas provider may continue to recover the costs, including financing costs, of the measures through a meter conservation charge on the account associated with the rental

property occupied by the tenant. With respect to a subsequent tenant, the landlord must give a written notice of meter conservation charge in the same manner as required by Section 27-40-240. If the landlord fails to give the subsequent tenant the required notice of meter conservation charge, the tenant may deduct from his rent, for no more than one-half of the term of the rental agreement, the amount of the meter conservation charge paid to the electricity provider or natural gas provider.

(I) Agreements entered pursuant to the provisions of this section are exempt from the provisions of the South Carolina Consumer Protection Code, Title 37 of the South Carolina Code of Laws.

(J) An electricity provider or natural gas provider may contract with third parties to perform functions permitted under this section, including the financing of the costs of energy efficiency and conservation measures. A third party must comply with all applicable provisions of this section. When an electricity or natural gas provider contracts with a third party to perform administrative or financing functions under this subsection, the liability of the third party is limited in the same manner as an electricity provider or natural gas provider is under subsection (E).

(K) The provisions of this section apply only to energy efficiency and conservation measures for a residence already occupied ~~at~~before the time the measures are taken. ~~The procedures allowed by this section may not be used with respect to a new residence or a residence under construction.~~ The provisions of this section may not be used to implement energy efficiency or conservation measures that result in the replacement of natural gas appliances or equipment with electric appliances or equipment, or that result in the replacement of electric appliances or equipment with natural gas appliances or equipment, unless (1) the customer who seeks to install the energy efficiency or conservation measure is being provided electric and natural gas service by the same provider, or (2) an electric appliance used for home heating is being replaced by an appliance that operates primarily on electricity but which has the capability of also operating on a secondary fuel source.

(L) Electricity providers or natural gas providers may offer their customers other types of financing agreements available by law, instead of the option established in this section, for the types of energy efficiency or conservation measures described in this section.

(M)(1) An electricity provider or natural gas provider must not obtain funding from the following federal programs to provide loans provided by this section:

(a) the Low Income Home Energy Assistance Program (LIHEAP), created by Title XXVI of the Omnibus Budget

Reconciliation Act of 1981 and codified as Chapter 94, Title 42 of the United States Code, as amended by the Human Services Reauthorization Act of 1984, the Human Services Reauthorization Act of 1986, the Augustus F. Hawkins Human Services Reauthorization Act of 1990, the National Institutes of Health Revitalization Act of 1993, the Low Income Home Energy Amendments of 1994, the Coats Human Services Reauthorization Act of 1998, and the Energy Policy Act of 2005 which is administered and funded by the United States Department of Health and Human Services on the federal level and administered locally by community action agencies;

(b) the Weatherization Assistance Program, created by Title IV of the Energy Conservation and Production Act of 1976 and codified as Part A, Subchapter III, Chapter 81, Title 42 of the United States Code, amended by the National Energy Conservation Policy Act, the Energy Security Act, the Human Services Reauthorization Act of 1984, and the State Energy Efficiency Programs Improvement Act of 1990 and administered and funded by the United States Department of Energy on the federal level and administered locally by community action agencies.

(2) Nothing in this section changes the exclusive administration of these programs by local community action agencies through the South Carolina Governor's Office of Economic Opportunity pursuant to its authority pursuant to the provisions of Chapter 45, Title 43, the Community Economic Opportunity Act of 1983.

(3) Nothing in this subsection prevents a customer or member of an electricity provider or natural gas provider from obtaining services under the Low Income Home Energy Assistance Program or the Weatherization Assistance Program.

SECTION 33. Article 1, Chapter 31, Title 58 of the S.C. Code is amended by adding:

Section 58-31-215. (A) The Public Service Authority, in consultation with the South Carolina Department of Commerce, shall have the authority to serve as an anchor subscriber of incremental natural gas and pipeline capacity needed in the future by the State to recruit new transformational projects or to assist in the expansion of transformational projects as identified by the South Carolina Department of Commerce.

(B) The Public Service Authority is authorized to act on behalf of the State, to aid natural gas pipeline construction companies and natural gas shippers in obtaining approval for incremental capacity and delivery to this State to support economic growth. The Public Service Authority is authorized to demonstrate market support in required filings including, but not limited to, binding precedent agreements, and to make other

attestations in furtherance of satisfaction of the application requirements of federal law and regulations. This subsection is subject to available funding.

(C) There is hereby established the "Energy Investment and Economic Development Fund" to be held in an operating account by the Public Service Authority to further the provisions of this section and other energy investment needs. Subject to the approval of the Joint Bond Review Committee, the Energy Investment and Economic Development Fund may be funded by the amount required to be paid to the State pursuant to Section 58-31-110 less the annual costs billed by the Office of Regulatory Staff and the South Carolina Public Service Commission. The South Carolina Department of Commerce shall report, at least once annually and no later than September first, to the Joint Bond Review Committee as to the level and need for funding to advance the provisions of this section. Unless sufficient funding is allocated to the Energy Investment and Economic Development Fund and such action is approved by the Joint Bond Review Committee, the Public Service Authority shall not execute a binding precedent agreement on behalf of the State pursuant to this section. In no event shall the costs associated with serving as an anchor affect the rates and charges for electric or water service for the Public Service Authority's customers.

(D) The South Carolina Department of Commerce, with input from the Public Service Authority, may allocate or resell natural gas capacity procured for future economic development needs upon approval of the Coordinating Council for Economic Development. The proceeds of any sales of natural gas capacity must be deposited in the general fund of the State.

(E) When the Public Service Authority enters into a binding agreement on behalf of the State, the Office of Regulatory Staff, in representing the public interest and in collaboration with the Department of Commerce, is directed to make such filings supporting required federal regulatory approvals.

(F) The provisions of this section do not alter, amend, expand, or reduce, any other authority granted to the Public Service Authority in this chapter to enter into any agreements necessary for the provision of electric service.

SECTION 34.A. Section 58-3-70 of the S.C. Code is amended to read:

Section 58-3-70. ~~The chairman and members of the commission shall receive annual salaries payable in the same manner as the salaries of other state officers are paid.~~ The commission members shall receive a salary in an amount equal to ninety-seven and one-half percent of the

salary fixed for Associate Justices of the Supreme Court. Each commissioner must devote full time to his duties as a commissioner and must not engage in any other employment, business, profession, or vocation during the normal business hours of the commission.

B. This section is effective beginning with the fiscal year immediately following the Public Service Commission election for the reconstituted three-member commission.

SECTION 35. Chapter 41, Title 58 of the S.C. Code is amended by adding:

Section 58-41-50. (A) The General Assembly encourages electrical utilities to explore cost effective, efficient bulk power solutions, particularly during periods of constrained capacity, for non-residential customers with electric loads in excess of 25 megawatts.

(B)(1) An electrical utility may file a proposed agreement regarding co-located resources between the utility and a customer with an electric load in excess of 25 megawatts for the commission's consideration. The proposed agreement must contain at least one of the following requirements:

(a) co-location of electric generation or storage on the customer's property provides bulk system benefits for all customers and benefits for the host customer;

(b) co-location of renewable electric generation resources on the customer's property provides bulk system benefits for all customers and the renewable attributes associated with such generation can be allocated to the host customer;

(c) co-location of electric generation on the customer's property would result in permitting and siting efficiencies to enable electric generation to come online earlier than otherwise could occur; or

(d) co-location of electric generation resources on the customer's property could be utilized as resiliency resources to serve the electric grid in times of need.

(2) In the filing with the commission, the electrical utility must include a description of:

(a) how the resource helps to serve resource needs identified in the electrical utility's most recent integrated resource plan filing;

(b) credit and ratepayer protections included in the agreement;

(c) the contractual terms that preserves the electrical utility's operation of resources; and

(d) how costs and benefits associated with the agreement would be allocated among the customer who is a party to the agreement and other customers in the electrical utility's balancing area.

(C) The commission must give a proposed agreement filed pursuant to this section expedited consideration. The commission may approve the proposed agreement if the commission finds:

(1) the proposed program was voluntarily agreed upon by the electrical utility and the customer,

(2) the filing meets the requirements of this section; and

(3) the proposed agreement is in the public interest.

(D) For purposes of this section, "co-located" or "co-location" includes electric generation and associated facilities on a customer's site as well as any location where the connection to the electrical utility is in such proximity to the customer's site that enables resilient power supply to support the development of power supply to meet the customer's needs. An agreement regarding co-location may also include potential co-ownership of the electric generation and associate facilities by the electrical utility and the customer.

(E) Notwithstanding opportunities for co-located resources, the General Assembly also encourages electrical utilities to continue to facilitate service to new electric loads in excess of 50 megawatts and to require operational and financial performance requirements for such customers to receive service pursuant to tariffed electrical utility rates or contracts approved by the commission, and to ensure appropriate protections and risk mitigation for the protection of the electrical utility's existing customers. The electrical utility may meet these objectives by: (1) filing form contracts with the commission; (2) tariff offerings or services regulations filed with the commission; or (3) performance and credit policies reviewed by the Office of Regulatory Staff.

SECTION 36. Chapter 4, Title 58 of the S.C. Code is amended by adding:

Section 58-4-15. (A) As of July 1, 2025, there is hereby created within the Office of Regulatory Staff a division that must be separate and apart from all other divisions within the Office of Regulatory Staff and titled the Division of Consumer Advocacy.

(B) The duties, functions, and responsibilities of the Division of Consumer Advocacy in the Department of Consumer Affairs related to appearances before the commission are hereby transferred to the Division of Consumer Advocacy in the Office of Regulatory Staff on July 1, 2025. All appropriations and full-time equivalent positions of the Division of Consumer Advocacy in the Department of Consumer Affairs that are devoted solely to advocating on behalf of consumers before the commission shall be transferred to the Office of Regulatory Staff on July 1, 2025.

(C) The Division of Consumer Advocacy shall have the ability to represent residential utility consumers in matters before the commission and appellate courts.

(D) The Division of Consumer Advocacy shall consist of a Residential Utility Consumer Advocate and other personnel as may be necessary in order for the division to represent residential utility consumers in matters before the commission and appellate courts. The Residential Utility Consumer Advocate must be an attorney qualified to practice in all courts of this State with a minimum of eight years practice experience and must be appointed in the same manner as the Executive Director of the Office of Regulatory Staff pursuant to the procedure set forth in Section 58-4-30.

(E) To the extent necessary to carry out its responsibilities, the Division of Consumer Advocacy may hire third-party consultants as the Residential Utility Consumer Advocate may consider necessary to assist the Division of Consumer Advocacy in its participation in proceedings before the commission and appellate courts.

(F) The Division of Consumer Advocacy is exempt from the State Procurement Code in the hiring of third-party consultants. However, the Division of Consumer Advocacy must not hire the same third-party consultant hired by the Office of Regulatory Staff or the commission.

(G) The Office of Regulatory Staff shall provide such administrative support to the Division of Consumer Advocacy as the division may require in the performance of its duties including financial management, human resources management, information technology, procurement services, and logistical support. The Office of Regulatory Staff shall not provide to the Division of Consumer Advocacy, and the Division of Consumer Advocacy shall not require of the Office Regulatory Staff, legal representation, technical, economic, or auditing assistance regarding any matter pending before the Public Service Commission when providing such assistance would create a conflict of interest.

SECTION 37. (A) To foster economic development and future jobs in this State resulting from the supply-chains associated with the same while supporting the significant and growing energy and capacity needs of the State, enhance grid resiliency, and maintain reliability, the General Assembly finds that the State of South Carolina should take steps necessary to encourage the development of a diverse mix of long-lead, clean generation resources that may include advanced small modular reactors, biomass, hydrogen-capable resources, and the Carolina Long Bay Project, and should preserve the option of efficiency development

of such long-lead resources with timely actions to establish or maintain eligibility for or capture available tax or other financial incentives or address operational needs.

(B) For an electrical utility to capture available tax or other financial or operational incentives for South Carolina ratepayers in a timely manner, the commission may find that actions by an electrical utility in pursuit of the directives in Section 58-37-35(A) are in the public interest, provided that the commission determines that such proposed actions are in the public interest and reasonably balance economic development and industry retention benefits, capacity expansion benefits, resource adequacy and diversification, emissions reduction levels, and potential risks, costs, and benefits to ratepayers and otherwise comply with all other legal requirements applicable to the electrical utility's proposed action. For the South Carolina Public Service Authority, the Office of Regulatory Staff and the Public Service Authority's board of directors shall apply the same principles described in this subsection in evaluating and approving actions proposed by the management of the Public Service Authority to achieve the objectives of this section.

SECTION 38. All reasonable and prudent costs incurred by an electrical utility necessary to effectuate this act, that are not precluded from recovery by other provisions of this act and that do not have a recovery mechanism otherwise specified in this act or established by state law, shall be deferred for commission consideration of recovery in any proceeding initiated pursuant to Section 58-27-870, and allowed for recovery if the commission determines the costs are reasonable and prudent.

SECTION 39. The General Assembly finds that the sections presented in this act constitute one subject as required by Section 17, Article III of the South Carolina Constitution, in particular finding that each change and each topic relates directly to or in conjunction with other sections to the subject of the regulation of electrical utilities, the provision of electricity, and economic development as clearly enumerated in the title. The General Assembly further finds that a common purpose or relationship exists among the sections, representing a potential plurality but not disunity of topics, notwithstanding that reasonable minds might differ in identifying more than one topic contained in the act.

SECTION 40. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this act is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining portions of this act, the General Assembly hereby declaring that it would have passed this act,

and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

SECTION 41. This act takes effect upon approval by the Governor.

Amend the bill, as and if amended, SECTION 8, Section 58-33-195, by adding a subsection to read:

(D)(1) In the event any of the projects described in subsections (A), (B), or (C) are approved, the Office of Regulatory Staff, using its authority provided in Title 58, must continuously monitor the project or projects. This includes, but is not limited to, a review of the construction in progress, such as meeting projected timelines and financial projections are met. The Office of Regulatory Staff must provide monthly updates, in writing, to the commission and to the members of the General Assembly. Each electrical utility and the Public Service Authority must cooperate to the fullest extent with the Office of Regulatory Staff.

(2) The commission may, on its own motion, schedule a hearing to address concerns raised by the Office of Regulatory Staff in its written monthly review to the commission.

(3) The commission shall consider the Office of Regulatory Staff's written monthly reviews in any future matters concerning any facility described in this section.

Amend the bill, as and if amended, SECTION 8, by striking Section 58-33-195(A)(2) and inserting:

(2) The General Assembly encourages Dominion Energy South Carolina, Inc. and the Public Service Authority to jointly complete evaluations related to the Joint Resource and to use such information as may be necessary from such evaluations to make a filing as soon as practicable with the commission to obtain a certificate pursuant to Article 3 of this chapter. The General Assembly instructs all governmental agencies to provide accelerated consideration of any action required to permit or authorize construction and operation of the facilities subject to this section in preference to all other pending nonemergency applications or requests. The General Assembly finds adding natural gas generation capacity at the retired Canadys coal site would advance the economy and general welfare of the State based on current conditions and information as of the effective date of this Act. However, this subsection does not exempt the entities from complying with the requirements of the Utility Facility Siting and Environmental Protection Act, including the requirement to seek commission approval for a certificate of environmental compatibility and public convenience and necessity nor does this subsection limit the commission's independent decision-making authority. The entities shall use existing rights of wayfor pipelines and transmission lines to serve the project unless the commission finds that there is a need to alter or change such rights of way to protect the public interest.

So, the amendment was tabled.

Rep. Ott proposed the following Amendment No. 9 to H. 5118 (LC-5118.DG0034H), which was adopted:

Amend the bill, as and if amended, SECTION 7, by striking Section 58-38-20(4) and inserting:

(4) The topography of South Carolina, with its coastal plains and low country, confronts further complications. While the State possesses

renewable energy resources like hydropower potential from its rivers and lakes and biomass from wood and landfill gas, the lack of sustainable energy production exacerbates the energy deficit. It is critical that South Carolina provide safe, reliable, and affordable energy.

Amend the bill further, SECTION 37, by striking subsection (A) and inserting:

(A) To foster economic development and future jobs in this State resulting from the supply-chains associated with the same while supporting the significant and growing energy and capacity needs of the State, enhance grid resiliency, and maintain reliability, the General Assembly finds that the State of South Carolina should take steps necessary to encourage the development of a diverse mix of long-lead, clean generation resources that may include advanced small modular reactors, biomass as defined in Section 12-63-20(B)(2) of the S.C. Code, hydrogen-capable resources, and the Carolina Long Bay Project, and should preserve the option of efficiency development of such long-lead resources with timely actions to establish or maintain eligibility for or capture available tax or other financial incentives or address operational needs.

Amend the bill further, by adding an appropriately numbered SECTION to read:

SECTION X. Section 58-40-10(F) of the S.C. Code is amended to read:

(F) "Renewable energy resource" means solar photovoltaic and solar thermal resources, wind resources, hydroelectric resources, geothermal resources, tidal and wave energy resources, recycling resources, hydrogen fuel derived from renewable resources, combined heat and power derived from renewable resources, and biomass resources as defined in Section 12-63-20(B)(2).

SECTION X. Chapter 37, Title 58 of the S.C. Code is amended by adding:

Section 58-37-65. (A)(1) The Office of Regulatory Staff must conduct an Energy Imbalance Study Committee to study and evaluate the potential costs and benefits of developing an Energy Imbalance Market in South Carolina.

(2) For purposes of this section only, "energy imbalance market" means an organized wholesale market entity established for the purpose of coordinating and facilitating efficient dispatch of electricity among participating electrical utilities to balance intra-hour generation and load.

(3) This study must also evaluate the potential of expansion of the Energy Imbalance Market beyond the South Carolina footprint.

(4) This study must be conducted with public input from stakeholders through written comments and at least one public forum.

(5) The Office of Regulatory Staff is authorized to retain the services of an expert or consultant with expertise and experience in wholesale electricity market models. The Office of Regulatory Staff is exempt from the procurement code for the purposes of retaining services for this study.

(6) The provisions of this section are subject to funding. However, the Office of Regulatory Staff must complete this evaluation by January 1, 2025. Upon completion of this study, the Office of Regulatory Staff must provide its report to the General Assembly and the commission. This report may include a recommendation as to whether or not moving to an EIM model is beneficial to the State and how best to develop and administer an EIM in South Carolina if the findings of the study show this would be advantageous for the State including draft legislation and requirements that should be established.

(C) With the exception of the power to plan, the powers authorized in this section are subject to the satisfaction of the following affirmative disclosures and acts by the Public Service Authority and its public utility partner and the approval by the commission of any related certificates:

(1) Any application for a certificate pursuant to the Utility Facility Siting and Environmental Protection Act of Chapter 33, Title 58, to construct and operate any major utility facility authorized by this section shall reasonably seek to minimize overall ratepayer costs, including but not limited to, the costs of electric transmission and natural gas delivery, through the inclusion of an evaluation of a reasonable range of peaking, baseload, storage, transmission, and grid enhancing technology resources at sites including various former generation sites and retiring generation sites on either utility system.

(2) The analysis described in this section must fully account for any available federal incentives and tax advantages.

(3) The commission and the Office of Regulatory Staff shall consider all alternatives in the record based upon technical merit, without favoritism to any party or any location.

(D) Notwithstanding any other provision of law, authorization for a major utility facility pursuant to this section shall not abrogate responsibilities of the Public Service Authority, electric utilities, or the commission to comply with Sections 58-33-110, 58-33-160, 58-33-180, or other applicable sections of law, relating to the approval of permits or authorizations for the major utility facility.

Rep. Wetmore proposed the following Amendment No. 12 to H. 5118 (LC-5118.HA0025H), which was tabled:

Amend the bill, as and if amended, by adding an appropriately numbered SECTION to read:

SECTION X. Section 58-27-865(G) of the S.C. Code is amended to read:

(G) ~~The commission is authorized to promulgate, in accordance with the provisions of this section, all regulations necessary to allow the recovery by electrical utilities of all their prudently incurred fuel costs as precisely and promptly as possible, in a manner that tends to assure public confidence and minimize abrupt changes in charges to consumers.~~The commission shall, within the fuel cost recovery proceedings conducted pursuant to subsection (B), establish a fuel cost recovery mechanism that allows each electrical utility to pass through to customers ninety-eight percent of its under-recovered or over-recovered fuel costs, in order to:

(1) fairly share the risk of fuel cost changes between the electrical utility and its customers;

(2) provide the electrical utility with sufficient incentive to reasonably manage or lower its fuel costs and encourage greater use of renewable energy; and

(3) provide the electrical utility with sufficient incentives to mitigate the risk of sudden or frequent fuel cost changes that cannot otherwise reasonably be mitigated through commercially available means, such as through fuel hedging contracts.

Rep. Wetmore proposed the following Amendment No. 13 to H. 5118 (LC-5118.HA0040H), which was tabled:

Amend the bill, as and if amended, by adding an appropriately numbered SECTION to read:

SECTION X. Section 58-27-865 of the S.C. Code is amended by adding:

(H) As a part of the fuel cost recovery proceedings conducted pursuant to subsection (B), the commission shall study the impacts of establishing a fuel cost recovery mechanism that allows each electrical utility to pass through to customers no more than ninety-eight percent of its under-recovered or over-recovered fuel costs, in order to:

(1) fairly share the risk of fuel cost changes between the electrical utility and its customers;

(2) provide the electrical utility with sufficient incentive to reasonably manage or lower its fuel costs and encourage greater use of renewable energy; and

(3) provide the electrical utility with sufficient incentives to mitigate the risk of sudden or frequent fuel cost changes that cannot otherwise reasonably be mitigated through commercially available means, such as through fuel hedging contracts.

Section 58-27-865 of the S.C. Code is amended by adding:

(I) Should the commission's study referenced in subsection (H) determine that fuel cost sharing would significantly alter the operation of natural gas facilities and reduce costs for customers, the commission shall have the authority to limit fuel cost recovery to no more than ninety-eight percent, notwithstanding any other provision of law that requires the commission and other agencies to consider the financial integrity of electric utilities.

So, the amendment was tabled.

Rep. J. L. Johnson proposed the following Amendment No. 14 to H. 5118 (LC-5118.CM0018H), which was tabled:

Amend the bill, as and if amended, SECTION 15, by striking Section 58-40-10(C)(2)(a)(ii) and (iii) and inserting:

(ii) after June 1, 2024, not more than or one hundred percent of contract demand for a nonresidential customer, provided the customer-generator is on a time-of-use rate schedule and any excess energy produced by the customer-generator is credited and reset at the end of each monthly period; or

Amend the bill further, SECTION 25, Section 58-43-20, by adding a subsection to read:

(L)(1) A qualifying customer may contract with a third party to procure electrical generation that is generated from a renewable energy facility.

(1) The qualifying customer's assigned electrical utility, as assigned by the Territorial Assignment Act or modified by order of the commission, must allow the qualifying customer to wheel generation from a renewable energy facility to the qualifying customer's premise.

(2) If wheeling power, the qualifying customer must pay its utility a cost to wheel the power not to exceed the incremental cost the utility incurs to transport the generated electricity from the renewable energy facility to the qualifying customer's premise.

(3) If a qualifying customer purchases electricity generated from a renewable energy facility and does not utilize that electricity, it may

redeem its purchase for a renewable energy credit that may be sold.

Amend the bill further, by adding an appropriately numbered SECTION to read:

SECTION X. Chapter 37, Title 58 of the S.C. Code is amended by adding:

Section 58-37-65. (A) In order to promote economic development and protect public health and the environment, it is the policy of this State to encourage development of low-carbon and carbon-free energy sources as part of an "all of the above" statewide transition to a carbon-neutral economy.

(B) In order to promote economic development and protect the continued long-term reliability of electric service, it is in the public interest of the State to assist electrical utilities in their planned transition to pursue a low-carbon and carbon-free energy portfolio that:

(1) significantly accelerates demand side management and energy efficiency activities to reduce energy usage;

(2) significantly increases solar energy generation;

(3) significantly increases battery storage facilities;

(4) accelerates the development of wind energy generation; and

(5) assists utilities in their planned transition away from coal-fired electricity generation.

(C) Each activity pursued under Section 58-37-65(B) must reasonably balance economic development benefits, resource adequacy needs, emissions reduction levels, potential risks and costs to ratepayers, and otherwise complies with all other legal requirements

(D) Activities pursued under Section 58-37-65 (B) must maximize the use of available clean energy.

(E) To further the efforts enumerated in this Section, the Office of Regulatory Staff shall establish a "Statewide Emissions Reduction Goal" for carbon dioxide or equivalent greenhouse gasses emitted in the State from electric generating facilities owned or operated by any electric utility or the South Carolina Public Service Authority. In developing the Statewide Emissions Reduction Goal, the staff shall consider:

(1) the emissions reductions goals of electric utilities and the South Carolina Public Service Authority;

(2) demands of commercial and industrial customers that would provide a goal sufficient to encourage investment in South Carolina due to the ability to meet business emissions reduction goals;

(3) scientific data regarding the needs of reducing emissions for public health and welfare;

(4) current and pending federal regulatory requirements for

emissions reductions; and

(5) limitations that may affect fuel sources, including, but not limited to, limitations on fuel supply, transportation limitations and costs, market pressures, heightened environmental standards, and associated volatility in fuel rates.

(F) In developing the emissions reductions plan, the department shall evaluate:

(1) an eighty percent (80%) reduction of CO2 from 2005 levels by the year 2035;

(2) carbon neutrality by the year 2050, where "carbon neutrality" means for every ton of CO2 or equivalent greenhouse gasses emitted in the State from electric generating facilities or gas transmission facilities owned or operated by or on behalf of electric public utilities, an equivalent amount of CO2 is reduced, removed, prevented, or offset, provided that the offsets are verifiable and do not exceed five percent (5%) of the total reduction to achieve carbon neutrality; and

(3) closing all coal-fired generation serving South Carolina customers by 2035.

SECTION 1. Title 58 of the S.C. Code is amended by adding:

CHAPTER 38

Energy Generation Study Committee

Section 58-38-10. (A) There is created the Energy Generation Study Committee. The Energy Generation Study Committee is comprised of the following members:

(1) four members of the House of Representatives, all serving ex officio, appointed by the Chairman of the House Labor, Commerce and Industry Committee; one member shall be a customer of Dominion Energy, one member shall be a customer of Duke Energy, one member shall be a direct-serve customer of the Public Service Authority, and one member shall be a customer of an electric cooperative; and

(2) four members of the Senate, all serving ex officio, appointed by the Chairman of the Senate Judiciary Committee; one member shall be a customer of Dominion Energy, one member shall be a customer of

Duke Energy, one member shall be a direct-serve customer of the Public Service Authority, and one member shall be a customer of an electric cooperative.

(B) The study committee shall meet as soon as practicable to organize and to elect one co-chairman from the Senate appointees and one co-chairman from the House appointees. The co-chairmen shall be elected by a majority vote of the study committee members.

(C) The study committee shall include a nonvoting advisory board. The advisory board is comprised of:

(1) a representative of the Office of Regulatory Staff;

(2) a representative of the Office of the Consumer Advocate;

(3) a representative of the Department of Natural Resources;

(4) a representative of the Department of Health and Environmental Control;

(5) a representative of Duke Energy Carolinas and/or Duke Energy Progress;

(6) a representative of Dominion Energy South Carolina;

(7) a representative of the Public Service Authority;

(8) a representative of South Carolina Electric Cooperatives;

(9) a representative of the Coastal Conservation League;

(10) a representative of Conservation Voters of South Carolina;

(11) a representative of the SC Chapter of the Sierra Club;

(12) a representative of the South Carolina Solar Business Alliance;

(13) a representative of a renewable power developer primarily engaged in the development of utility-scale solar projects;

(14) a representative of a renewable power developer primarily engaged in the development of residential-rooftop solar projects;

(15) a representative of a renewable power developer primarily engaged in the development of offshore wind projects;

(16) a representative of a power developer primarily engaged in the development of battery storage projects; and

(17) a representative of the farming or agricultural community.

(D) The nonvoting advisory board members shall be permitted to utilize for study committee-related matters technical support staff, including outside consultants and counsel, from the entity that the member represents.

Section 58-38-20. (A) The study committee shall:

(1) study the energy generation needs of South Carolina and how to address these needs in the most cost-effective and timely manner while reducing greenhouse gas emissions and maintaining reliability;

(2) study the energy transmission and distribution needs of South Carolina and how best to ensure transmission and distribution facilities that serve new or expanded generation facilities, including solar, battery, and fossil fuel based generation, are developed in the most cost-effective, timely, and environmentally sensitive manner while meeting the reliability and resiliency needs of South Carolina;

(3) consider, but is not limited to, considering:

(a) coal plant closures and replacement, including financing mechanisms such as securitization;

(b) natural gas generation, including combustion turbines and combined cycle plants;

(c) natural gas pipeline transmission and distribution needs to service generation facilities as well as residential, commercial, and industrial customers;

(d) utility-scale and rooftop solar generation;

(e) large-scale battery storage paired with solar generation;

(f) standalone battery storage as a form of capacity and method for improving grid services;

(g) offshore wind generation off South Carolina's coast or the coast of adjacent states that may still serve the needs of South Carolina energy users;

(h) the feasibility of emerging technologies like small modular nuclear reactors and hydrogen-based generation;

(i) improvements to South Carolina's electric transmission grid, including both physical infrastructure and improved planning capabilities;

(j) energy efficiency enhancement opportunities, including how to improve its efficiency rankings compared with other states;

(k) transmission permitting reforms enacted by other states in an effort to streamline development of transmission efforts to support the development of clean energy, including, but not limited to, reforms enacted in Michigan, Illinois, Washington, and New York; and

(l) other topics deemed by the study committee and advisory board necessary to address questions in items (1) and (2);

(4) evaluate the impacts of such generation capacity expansion, including, but not limited to: ratepayer bills, economic development, the environment, public health, energy system reliability, energy justice, and property rights.

(B) By January 1, 2026, the study committee shall issue a report on its work to the General Assembly that may include recommendations that the State take action or not take action on any of the measures

studied. A recommendation that the State take action shall be based on a finding by a majority of members that one or more reform measures is in the public interest, taking into consideration expected consumer costs and benefits, and is otherwise consistent with the provision of reliable, safe, and low-cost electric service to ratepayers in the State.

(C) If the study committee recommends that the State take action, the report issued by the study committee shall include draft legislation and identify requirements that should be established, as applicable.

Section 58-38-30. The study committee shall retain a third-party, independent, expert consultant or consultants to advise the study committee and issue its own opinion as to what reform measures studied, if any, benefit South Carolina consumers. The third-party, independent, expert consultant or consultants must be selected by the study committee. Engagements procured under this provision are exempt from the South Carolina Procurement Code.

Section 58-38-40. The Energy Generation Study Committee shall dissolve and terminate upon its submission to the General Assembly of the committee's final report.

SECTION 2. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this act is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining portions of this act, the General Assembly hereby declaring that it would have passed this act, and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

SECTION 3. This act takes effect upon approval by the Governor.

Amend the bill, as and if amended, by adding an appropriately numbered SECTION to read:

SECTION X. Chapter 1, Title 58 of the S.C. Code is amended by adding:

Section 58-1-70. (A) Electrical utilities, including the Public Service Authority, must work to ensure tangible benefits are provided to the surrounding community and promotes community well-being through a community benefit agreement. For purposes of this section, a "community benefit agreement" means a legally binding agreement between the electrical utility and the community that outlines specific benefits and commitments to be provided to the community.

(B) Electrical utilities shall negotiate a community benefit agreement with representatives of the surrounding community, including but not limited to:

(1) community organizations;

(2) residential groups;

(3) small businesses; and

(4) local government.

(C) A community benefit agreement must include:

(1) job training and employment opportunities for local residents;

(2) community facilities and infrastructure improvements;

(3) environmental mitigation measures;

(4) community health initiatives;

(5) small business support and development; and

(6) other benefits as determined by the community.

(D) The community benefit agreement must be signed and executed prior to the commencement of construction of a facility for the electrical utility. The electrical utility must provide annual reporting regarding compliance with the community benefit agreement to the community and to the Public Service Commission.

(E) Failure to comply with the community benefit agreement shall result in penalties and sanctions as determined by the Public Service

Commission. In addition, the community shall have legal recourse to enforce terms of the community benefit agreement.

STATEMENT FOR THE JOURNAL

After the billion-dollar nightmare the Midlands and our State experienced a few years ago, as a result of enabling legislation similar to

this one (H. 5118), I could not in good conscience support any amendments or the bill today. I'm reminded of the saying, "Fool me once, shame on you. Fool me twice, shame on me."

ABSTENTION FROM VOTING

March 27, 2024
The Honorable Charles Reid
Clerk of the South Carolina House of Representatives
213 Blatt Bldg.
Columbia, SC 29201

Dear Clerk Reid,

I am notifying you in accordance with S.C. Code Ann. Section 8-13-700 of the SC Code, I hereby recuse myself from voting on H. 5118, relating to the "South Carolina Ten-Year Energy Transformation Act" out of an abundance of caution. I will abstain from this vote because of a potential conflict of interest, as an economic interest of myself and the business with which I am associated may be affected. Please note this in the House Journal.

Sincerely,
Rep. Gil Gatch

H. 4289--AMENDED AND ORDERED TO THIRD READING

Debate was resumed on the following Bill, the pending question being the consideration of the Bill, cloture having been ordered:

H. 4289 -- Reps. McGinnis, Erickson, Ballentine, Murphy, Brewer, Robbins, Gatch, Mitchell, Yow, Cromer, Beach, Pace, Taylor, Guffey, Magnuson, Burns, Kilmartin, Chapman, Gagnon, Forrest, Oremus and Hixon: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY ADDING SECTION 59-101-680 SO AS TO PROVIDE THAT A PUBLIC INSTITUTION OF HIGHER LEARNING MAY NOT CONDITION OR PROMISE ADMISSIONS OR BENEFITS TO CERTAIN APPLICANTS FOR CERTAIN SUPPORT OR DISAGREEMENTS WITH CERTAIN STATEMENTS REGARDING DIVERSITY, EQUITY, INCLUSION, OR ASSOCIATED ISSUES.

The Committee on Education and Public Works proposed the following Amendment No. 1 to H. 4289 (LC-4289.WAB0001H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 59-101-680(A), (B), (C), and (D) and inserting:

(A) For the purposes of this section, “public institution of higher learning” means any state-supported, post-secondary educational institution and includes technical and comprehensive educational institutions.

(B) When determining admissions or employment decisions, a public institution of higher learning may not expend any funds appropriated or authorized to promise admission, benefits, or promote or engage in differential treatment to an applicant for admission, or hire or promote a faculty member or employee, on the applicant’s or faculty member’s or employee’s commitment to or making a declaration of personal support for or disagreement with any political ideology or movement, including a promise or statement regarding diversity, equity, inclusion, or other associated political issues. A public institution of higher learning may not ask for or demand any such political promise or declaration from an applicant, or a faculty member or employee.

(C) If a public institution of higher learning receives a promise or declaration describing a commitment to any political ideology or movement, including a political promise or declaration regarding

diversity, equity, inclusion, or other associated political issues, it may not promote or engage in differential treatment, grant or deny admission or benefits to a student, or hire or promote a faculty member or employee, based on the opinions expressed in the promise or declaration.

(D) A public institution of higher learning shall not infringe on a student, faculty member, or employee's first amendment right to free speech. A public institution of higher learning shall not discriminate on the basis of viewpoint discrimination.

(E) A public institution of higher learning shall not infringe on a student, faculty member, or employee's first amendment right to free speech. A public institution of higher learning shall not discriminate on the basis of viewpoint discrimination.

(F) A public institution of higher learning must report to the Commission on Higher Education by August first each year the total number of administrative positions and total operating costs, including a description of the programs that support diversity, equity, and inclusion. The report shall also contain the number and nature of the complaints made to the institution by a student, faculty member, or employee regarding a violation of this provision and the resolution, or status, of the complaint. The Commission on Higher Education must provide a report to the Chairman of the House Education and Public Works Committee, the Chairman of the Senate Education Committee, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee by October first each year summarizing this information, by institution.

(G) Nothing in this provision prohibits a public institution of higher learning from complying with federal law or applicable court order, or acting against a student, faculty member, or employee for violations of federal or state law or requiring a student, faculty member, or employee to comply with federal or state law, including antidiscrimination laws.

(H) Nothing in this provision may be construed to limit or prohibit an institution of higher learning or an employee or faculty member from applying for a grant or complying with the terms of accreditation by an accrediting agency, submitting to the grantor or accrediting agency a statement that highlights the institution's work in supporting student populations or certifying compliance with state and federal antidiscrimination laws.

(I) Each public institution of higher learning shall provide each student, employee, and faculty member with an electronic copy of the language contained in this section.

LEAVE OF ABSENCE

The SPEAKER granted Rep. S. JONES a leave of absence for the remainder of the day due to medical reasons.

Rep. McDaniel proposed the following Amendment No. 2 to H. 4289 (LC-4289.WAB0123H), which was tabled:

Amend the bill, as and if amended, by striking SECTION 1 and inserting:

SECTION X. (A) There is created the "Diversity, Equity, and Inclusion Study Committee" to collect data on the expenditures spent and stakeholder feedback on the presence of DEI on the campuses of public institutions of higher learning for two academic years to begin at the start of the 2024 academic year.

(1) For the purposes of this committee, "Diversity, Equity, and Inclusion" or "DEI" encompasses the symbiotic relationship, philosophy, and culture of acknowledging, embracing, supporting, and accepting those of all racial, sexual, gender, religious and socioeconomic backgrounds, among other differentiators.

(2) For the purpose of this committee, a "public institution of higher learning" is any state-supported, four year, undergraduate program.

(3) For the purpose of this committee ,"stakeholder feedback" is gathered from a survey, to be created by the Revenue and Fiscal Affairs office, that is randomly distributed to students, faculty, and administrators. The survey shall be designed to influence how the presence of DEI impacts culture on college campuses.

(B) The study committee is comprised of eleven members consisting of:

(1) one member appointed by the Speaker of the House;

(2) one member appointed by Chairman of House Education and Public Works Committee;

(3) one member appointed by the House Minority Leader;

(4) one member appointed by the President of the Senate;

(5) one member appointed by the Chairman of the Senate Education Committee;

(6) one member appointed by the Senate Minority Leader;

(7) one member appointed by the Commission on Higher Education;

(8) two tenured professors at public institutions of higher learning appointed by the Governor; and

(9) two students at public institutions of higher learning appointed by the Governor.

(C) Members of the study committee shall serve without compensation, but are allowed the mileage, subsistence, and per diem allowed by law for members of state boards, committees, and commissions, to be paid equally from approved accounts of the House of Representatives and the Senate.

(D) The study committee shall choose its officers and must be provided with clerical, administrative, and research services by the House of Representatives and the Senate.

(E) The study committee shall make a report of its findings and recommendations to the General Assembly by January 1, 2027, at which time the study committee terminates.

POINT OF ORDER

Rep. MCGINNIS raised the Rule 8.3 Point of Order that Amendments 4 thru 16 were dilatory in nature as they were substantially similar to Amendment No. 3 and only changed the reference to the type of school to be excluded from the applicable prohibition.

The SPEAKER sustained the Point of Order and cited a similar precedent from April 5, 2022, as holding that such substantially similar amendments were dilatory. He ruled Amendments 4 through 16 as out of order.

Rep. J. L. Johnson proposed the following Amendment No. 17 to H. 4289 (LC-4289.WAB0016H), which was rejected:

Amend the bill, as and if amended, SECTION 1, by striking Section 59-101-680(B) and inserting:

(B) When determining admissions or employment decisions, a public institution of higher learning may not expend any funds appropriated or authorized to promise admission, benefits, or promote or engage in differential treatment to an applicant for admission, or hire or promote a faculty member or employee, on the applicant's or faculty member's or employee's commitment to or making a declaration of personal support for or disagreement with any political ideology or movement, including a promise or statement regarding diversity, equity, inclusion, or other associated political issues. A public institution of higher learning may not ask for or demand any such political promise or declaration from an applicant, or a faculty member or employee. Public institutions of higher learning may consider support for Nazi ideology in admissions and hiring decisions.

POINT OF ORDER

Rep. BAMBERG raised the Rule 5.13 Point of Order that the fiscal impact upon H. 4289 was insufficient and did not comply with Rule 5.13.

Reps. PENDARVIS and KING argued in favor of the Point of Order.

Reps. HIOTT and B. NEWTON argued against the Point of Order.

The SPEAKER *PRO TEMPORE* stated that the fiscal impact was present in the Bill and that the fiscal impact was drafted in response to Amendment No. 1. The SPEAKER *PRO TEMPORE* cited a precedent from February 8, 2023, and stated that the House had numerous other precedents stating that the rule required a fiscal impact statement in this situation but did not mandate specific information to be included. He stated that the adequacy of the fiscal impact statement was an issue for debate for the Body, and he overruled the Point of Order.

LEAVE OF ABSENCE

The SPEAKER *PRO TEMPORE* granted Rep. HYDE a leave of absence for the remainder of the day.

Rep. J. L. Johnson proposed the following Amendment No. 44 to H. 4289 (LC-4289.WAB0091H), which was tabled:

Amend the bill, as and if amended, SECTION 1, by striking Section 59-101-680(B) and inserting:

(B) When determining admissions or employment decisions, a public institution of higher learning may not expend any funds appropriated or authorized to promise admission, benefits, or promote or engage in differential treatment to an applicant for admission, or hire or promote a faculty member or employee, on the applicant's or faculty member's or employee's commitment to or making a declaration of personal support for or disagreement with any political ideology or movement, including a promise or statement regarding diversity, equity, inclusion, or other associated political issues. A public institution of higher learning may not ask for or demand any such political promise or declaration from an applicant, or a faculty member or employee. Public institutions of higher learning may reject candidates who voluntarily declare adherence to Nazi ideology.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Isaiah 63:15: “Look down from heaven and see, from your holy and glorious habitation, where are your zeal and your might?”

Let us pray. God of awesome power, give us hearts filled with hope and gladness as we prepare for the work to be accomplished this day. May the blessings of Almighty God refresh us with the hope given to these women and men of South Carolina. Bless and keep our defenders of freedom and first responders in our hearts. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who labor in these Halls of Government, and especially for our brave men and women who keep us safe. Remember our men and women who suffer from hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER ordered it confirmed.

MOTION ADOPTED

Rep. MCCRAVY moved that when the House adjourns, it adjourn in memory of Augustus "Gus" Burgdorf, which was agreed to.

H. 4189--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4189 -- Rep. Sandifer: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 38-90-10, RELATING TO DEFINITIONS, SO AS TO INCLUDE REFERENCES TO FOREIGN CAPTIVE INSURANCE COMPANIES; BY AMENDING SECTION 38-90-20, RELATING TO LICENSING AND FEES, SO AS TO AMEND MEETING REQUIREMENTS, REMOVE A CERTIFICATION FEE AND OUTLINE HOW TO MAKE PROPER PAYMENTS TO THE DEPARTMENT; BY AMENDING SECTION 38-90-40, RELATING TO CAPITALIZATION REQUIREMENTS, SO AS TO GIVE DISCRETION TO THE DIRECTOR; BY AMENDING SECTION 38-90-60, RELATING TO INCORPORATION OPTIONS AND REQUIREMENTS, SO AS TO INCLUDE FOREIGN CAPTIVE INSURANCE COMPANIES; BY AMENDING SECTION 38-90-70, RELATING TO REPORTS, SO AS TO CHANGE A DEADLINE AND INCLUDE REFERENCES TO FOREIGN CAPTIVE INSURANCE COMPANIES; BY AMENDING SECTION 38-90-75, RELATING TO DISCOUNTING OF LOSS AND LOSS ADJUSTMENT EXPENSE RESERVES, SO AS TO ALLOW A SPONSORED CAPTIVE INSURANCE COMPANY TO FILE ONE ACTUARIAL OPINION;

BY AMENDING SECTION 38-90-80, RELATING TO INSPECTIONS AND EXAMINATIONS, SO AS TO MAKE THE EXAMINATION OF SOME CAPTIVE INSURANCE COMPANIES OPTIONAL AND TO INCLUDE REFERENCES TO FOREIGN CAPTIVE INSURANCE COMPANIES; BY AMENDING SECTION 38-90-140, RELATING TO TAX PAYMENTS, SO AS TO AMEND REQUIRED TAX PAYMENTS FOR A SPONSORED CAPTIVE INSURANCE COMPANY; BY AMENDING SECTION 38-90-165, RELATING TO DECLARATION OF INACTIVITY, SO AS TO ALLOW FOR THE SUBMISSION OF A WRITTEN APPROVAL; BY AMENDING SECTION 38-90-175, RELATING TO THE CAPTIVE INSURANCE REGULATORY AND SUPERVISION FUND, SO AS TO CHANGE THE ALLOWED TRANSFER OF COLLECTED TAXES FROM TWENTY PERCENT TO FORTY PERCENT; AND BY AMENDING 38-90-215, RELATING TO PROTECTED CELLS, SO AS TO REMOVE LICENSING REQUIREMENTS.

The Committee on Labor, Commerce and Industry proposed the following Amendment No. 1 to H. 4189 (LC-4189.PH0003H), which was adopted:

Amend the bill, as and if amended, SECTION 2, Section 38-90-20(G)(1), by adding a subitem to read:

(d) The non-U.S. currency may only be the currency of the country in which the owner or insured of the captive insurance company or protected cell is located.

Amend the bill further, SECTION 2, by striking Section 38-90-20(G)(2) and (3) and inserting:

(2) Notwithstanding the foregoing, all amounts paid to the department pursuant to this chapter shall be paid in United States currency, and all reports and other information required to be submitted to the department pursuant to this chapter must be converted to United States currency, based on such exchange rate as may be approved by the department.

(3) In determining the exchange rate between United States currency and the non-U.S. currency, the captive insurance company shall use the applicable exchange rate as published by the United States Department of the Treasury as of the applicable date of conversion.

Amend the bill further, SECTION 10, by striking Section 38-90-175(A) and inserting:

(A) There is created a fund to be known as the "Captive Insurance Regulatory and Supervision Fund" for the purpose of providing the

financial means for the director to administer Chapter 87 and Chapter 90 of this title and for reasonable expenses incurred in promoting the captive insurance industry in the State. The transfer of ~~twenty~~forty percent of the taxes collected by the department pursuant to Chapter 90 of this title, and all fees and assessments received by the department pursuant to the administration of this chapter must be credited to this fund. All fees received by the department from reinsurers who assume risk only from captive insurance companies, must be deposited into the Captive Insurance Regulatory and Supervision Fund. All fines and administrative penalties must be deposited directly into the South Carolina general fund.

POINT OF ORDER

Rep. ANDERSON made the Point of Order that the Bill was improperly before the House for consideration since its number and title have not been printed in the House Calendar at least one statewide legislative day prior to second reading.

The SPEAKER sustained the Point of Order.

H. 5245--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 5245 -- Reps. G. M. Smith, Erickson, Bradley and Weeks: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 59-40-50, RELATING TO CHARTER SCHOOL ADMISSIONS, SO AS TO PROVIDE CHARTER SCHOOLS MAY GIVE ENROLLMENT PREFERENCE TO CHILDREN OF ACTIVE DUTY MILITARY SERVICEMEMBERS IN THIS STATE IF THEIR ENROLLMENT DOES NOT CONSTITUTE MORE THAN TWENTY PERCENT OF THE OVERALL ENROLLMENT, AND TO REVISE EXISTING ENROLLMENT PREFERENCE PROVISIONS.

The Committee on Education and Public Works proposed the following Amendment No. 1 to H. 5245 (LC-5245.WAB0001H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 59-40-50(8) and inserting:

(8) (a) not limit or deny admission or show preference in admission decisions to any individual or group of individuals, except in the case of an application to create a single gender charter school, in which case gender may be the only reason to show preference or deny admission to the school or as allowed by subitem (b)~~.~~;.

(b) A charter school may give enrollment ~~priority~~preference to any of the following by enrolling the student without requiring participation in a lottery when a lottery is otherwise required under this chapter:

(i) a sibling of a pupil currently enrolled and attending, or who, within the last six years, attended the school for at least one complete academic year~~.~~;

(ii) students enrolled in the public charter school the previous school year~~A public charter school shall give enrollment preference to students enrolled in the public charter school the previous school year. An enrollment preference for returning students excludes those students from entering into a lottery. A charter school also may give priority tochildren of a charter school employee and children of the charter committee, if priority enrollment for children of employees and of the charter committee does not constitute more than twenty percent of the enrollment of the charter school.~~;

(iii) a child or children of any employee of the charter school or member of the charter school committee, provided that the number of students eligible for this preference may not exceed twenty percent of the school's total enrollment;

(iv) dependents of active-duty members of the military residing or stationed in this state, limited to not more than twenty percent of the school's total enrollment except for schools meeting the provisions of Section 59-40-50(B)(8)(e). Dependents of active duty military members are subject to the enrollment provisions of Section 59-63-33.

(c) A student eligible for multiple enrollment preferences may be enrolled based on only one of the preferences, at the charter school's discretion. A student eligible for an enrollment preference that is denied the enrollment preference because the charter school has exceeded the number of enrollment preferences allowed must be permitted to participate in any enrollment lottery held by the school for the year the enrollment preference is denied.

(d) In the case of a charter school designated as an Alternative Education Campus, pursuant to Section 59-40-111, mission-aligned preference may be given to educationally disadvantaged students as specifically defined in their charter and charter contract approved by their sponsor and as allowed by ESSA.

(e) In addition, a charter school located on a federal military installation or base where the appropriate authorities have made buildings, facilities, and grounds on the installation or base available for use by the charter school as its principal location also may give enrollment ~~priority~~preference to otherwise eligible students who are dependents of military personnel living in military housing on the base or installation or who are currently stationed at the base or installation not to exceed fifty percent of the total enrollment of the charter school. This ~~priority~~preference is in addition to the other ~~priorities~~preferences provided by this item, but no child may be counted more than once for

purposes of determining the percentage makeup of each ~~priority~~preference;

Amend the bill, as and if amended, SECTION 1, by striking Section 40-47-20(57) and inserting:

(57) “Certified medical assistant” or “CMA” means a person who: ~~is a graduate of a post-secondary medical assisting education program accredited by the National Healthcare Association, or its successor; by the Committee on Allied Health Education and Accreditation of the American Medical Association, or its successor; by the Accrediting Bureau of Health Education Schools, or its successor; or by any accrediting agency recognized by the United States Department of Education. The accredited post-secondary medical assisting education program must include courses in anatomy and physiology, medical terminology, pharmacology, medical laboratory techniques, and clinical experience. A certified medical assistant must maintain current certification from the certifying board of the American Association of Medical Assistants, the National Center for Competency Testing, the National Certification Medical Association, American Medical~~

~~Technologists, or any other recognized certifying body approved by the Board of Medical Examiners~~

(1) has completed:

(a) a medical assisting education program accredited by the Commission on Accreditation of Allied Health Education Programs or its successor, by the Accrediting Bureau of Health Education Schools or its successor, or by any accrediting agency recognized by the United States Department of Education, and which must include courses or components in anatomy and physiology, medical terminology, pharmacology, medical laboratory techniques, and clinical experience, provided the clinical experience component may be satisfied through an individual's work experience with a health care employer;

(b) a Career and Technical Education Health Sciences Program approved by the South Carolina Department of Education;

(c) a medical assisting program provided by a branch of the United States military;

(d) a medical assisting United States Department of Labor-approved Registered Apprenticeship program; or

(e) a training program that is delivered, in whole or in part, by a health care employer that aligns to a nationally accredited certification exam; and

(2) a person who has complied with the provisions of subitem (1) and maintains current certification from a certifying body offering a certification program that is:

(a) approved by the Board of Medical Examiners and the Board of Nursing; and

(b) is accredited by the National Commission for Certifying Agencies or other accreditation body recognized by the Board of Medical Examiners and the Board of Nursing. The term "certified medical assistant" or "CMA" also includes medical assistants who have maintained certification from one of the certifying entities in item (2) of this section since January 1, 2020 and individuals employed as certified medical assistants as of the effective date of this act who do not meet the education or training requirements required in this item, but who meet those requirements no later than July 15, 2026.

Amend the bill further, SECTION 2, by deleting Section 40-47-196(C)(1)(j).

H. 4867--POINT OF ORDER, RULE 5.10 WAIVED PURSUANT TO RULE 5.15, AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4867 -- Reps. Lawson, Hayes, G. M. Smith, Moss, Hiott, Blackwell, B. L. Cox, Caskey, M. M. Smith, Hart, Sandifer, J. E. Johnson, Brittain and Bauer: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY ADDING SECTION 23-23-45 SO AS TO REQUIRE ALL 911 TELECOMMUNICATORS WHO PROVIDE DISPATCH FOR EMERGENCY MEDICAL CONDITIONS TO BE TRAINED IN HIGH-QUALITY TELECOMMUNICATOR CARDIOPULMONARY RESUSCITATION (T-CPR).

POINT OF ORDER

Rep. WILLIAMS made the Point of Order that the Bill was improperly before the House for consideration since its number and title have not been printed in the House Calendar at least one statewide legislative day prior to second reading.

The SPEAKER sustained the Point of Order.

Rep. HAYES moved to waive Rule 5.10 pursuant to Rule 5.15, which was agreed to by a division vote of 72 to 26.

The Committee on Education and Public Works proposed the following Amendment No. 1 to H. 4867 (LC-4867.CM0002H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 23-23-45(A) and inserting:

(A) Beginning January 1, 2025, all 911 telecommunicators that provide dispatch for emergency medical conditions shall be required to be trained, utilizing the most current nationally recognized cardiovascular care guidelines, in high quality T-CPR. The instruction shall incorporate recognition protocols for out-of-hospital cardiac arrest (OHCA), compression-only CPR instruction for callers, and continuous education which must be completed on an annual basis.

Amend the bill further, SECTION 1, by striking Section 23-23-45(D) and inserting:

(D) Neither telecommunicators that provide dispatch for emergency medical conditions who have completed the training specified in subsection (A) nor the State or the agency, political subdivision, or governmental entity employing such telecommunicators shall be liable for any civil damages for any personal injury arising from the provision of CPR instructions to 911 callers except acts or omissions amounting to gross negligence or willful or wanton misconduct. Any civil cause of action for damages arising from the provision of T-CPR instructions and brought against the State, an agency, a political subdivision, or a governmental entity and its employee acting within the scope of his official duty must be brought pursuant to the South Carolina Tort Claims Act, Chapter 78, Title 15.

Amend the bill further, by adding an appropriately numbered SECTION to read:

SECTION X. Section 23-23-10(E) of the S.C. Code is amended to read:

(E) As contained in this chapter:

(1) “Law enforcement officer” means an appointed officer or employee hired by and regularly on the payroll of the State or any of its political subdivisions, who is granted statutory authority to enforce all or some of the criminal, traffic, and penal laws of the State and who possesses, with respect to those laws, the power to effect arrests for offenses committed or alleged to have been committed.

(2) “Council” means the South Carolina Law Enforcement

Training Council created by this chapter.

(3) "Academy" means the South Carolina Criminal Justice Academy created by this chapter.

(4) "Director" means the Director of the South Carolina Criminal Justice Academy.

(5) "T-CPR" means telecommunicator cardiopulmonary resuscitation, which is the dispatcher-assisted delivery of cardiopulmonary resuscitation (CPR) instruction by trained emergency call takers or public safety dispatchers to callers or bystanders for events requiring CPR, such as out-of-hospital cardiac arrest (OHCA)".

Jones, Guffey, West, Schuessler, Gatch, Gagnon, Herbkersman, Lawson, Moss, Murphy, Chumley, Carter, Magnuson, M. M. Smith, Pope, Cromer, Oremus and Beach: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY ADDING ARTICLE 3 TO CHAPTER 1, TITLE 46 BY ENACTING THE "FARMERS PROTECTION ACT" TO PREVENT DISCRIMINATION IN FINANCING AGAINST FARMERS.

The Committee on Agriculture, Natural Res. and Environmental Affairs proposed the following Amendment No. 1 to H. 5169 (LC-5169.PH0006H), which was adopted:

Amend the bill, by deleting all after the title but before the enacting words.

Amend the bill further, SECTION 1, by striking Section 46-1-310(1) and inserting:

(1) “Agriculture producer” means a person or company authorized to do business in South Carolina and engaged in the production of goods derived from plants or animals including, but not limited to, the growing of crops, animal husbandry, or the production of livestock or dairy products.

Amend the bill further, SECTION 1, by striking Section 46-1-310(3), (4), (5), (6), and (7) and inserting:

(3) “Company” means a for-profit organization, association, corporation, partnership, joint venture, sole proprietorship, limited partnership, limited liability partnership, or limited liability company, including a wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of those entities or business associations authorized to do business in South Carolina.

(4) “Denies or restricts” means refusing to provide services, terminating existing services, or restricting or burdening the scope or nature of services offered or provided.

(5) “Discriminate in the provision of financial services” means to deny or restrict services and thereby decline to provide financial

services.

(6) "ESG commitment" means any purpose for a financial institution's customers, or a financial institution's decision to join any initiative or organization that has a purpose for its signatories' or members' customers to be aligned with any environmental, social, or political goals to deny agriculture producers financial services based on these institutions' policies on greenhouse gas emissions, use of fossil fuel-derived fertilizers, or fossil fuel-powered machinery by these agriculture producers. Evidence of an ESG commitment includes, but is not limited to, any of the following:

(a) advertising, statements, explanations, reports, or statements of principles; and

(b) participation in, affiliation with, or status as a signatory to, any coalition, initiative, joint statement of principles, or agreement the purpose of which is to use business activity to further environmental, social, or political goals.

(7) "Financial institution" means a company authorized to do business in South Carolina that has total assets over one hundred billion dollars and offers financial services. A financial institution includes any affiliate or subsidiary company, even if that affiliate or subsidiary company is also a financial institution.

Amend the bill further, SECTION 1, by striking Section 46-1-320(B) and (C) and inserting:

(B) If a financial institution has made any ESG commitment related to agriculture, there is an inference that the institution's denial or restriction of a financial service to an agriculture producer violates subsection (A).

(C) A financial institution may overcome the inference in subsection (B) by demonstrating that its denial or restriction of a financial service was based solely on documented financial considerations, and not on any ESG commitment.

Amend the bill further, SECTION 1, by striking Section 46-1-330 and inserting:

Section 46-1-330. Section 43-1-320 may be enforced by the South Carolina Attorney General. Any violation of Section 46-1-320 constitutes an unfair trade practice in violation of Chapter 5, Title 39, and the Attorney General may investigate and seek remedies as provided in that law.

H. 4158--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4158 -- Reps. Pendarvis, M. M. Smith, Bauer, King, Henderson-Myers, Gilliard, Rivers, Jefferson, Henegan and Williams: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY ADDING SECTION 27-40-350 SO AS TO PROVIDE THAT RESIDENTIAL TENANTS WHO ARE VICTIMS OF CERTAIN DOMESTIC VIOLENCE MAY TERMINATE A RENTAL AGREEMENT AND TO PROVIDE FOR NECESSARY REQUIREMENTS.

The Committee on Judiciary proposed the following Amendment No. 1 to H. 4158 (LC-4158.SA0001H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 27-40-350 and inserting:

Section 27-40-350 (A) If a residential tenant is a protected tenant, the tenant may:

(1) terminate the protected tenant's obligations under a rental

agreement within sixty days of the date of the documented qualifying incident; and

(2) not be held liable for penalties or fees that might otherwise be imposed for the termination of the protected tenant's obligations under a rental agreement within sixty days of the documented qualifying incident.

(B) A protected tenant shall provide the landlord with written notice of the intent to terminate the protected tenant's obligations under a rental agreement within sixty days after the documented qualifying incident and is entitled to remain at the residence for at least thirty days following the submission of the notice to the landlord. The protected tenant is still responsible for paying rent and other amounts owed, other than any fees imposed for early termination of the rental agreement, during the thirty days before the termination of the protected tenant's obligations under a rental agreement.

(C) The protected tenant's obligations as a tenant must continue through the effective date of the termination. Any cotenants on the lease with the protected tenant shall remain responsible for the rent for the balance of the term of the rental agreement. If the perpetrator is the remaining sole tenant obligated on the rental agreement, the landlord may terminate the rental agreement with five days' written notice and collect actual damages for such termination against the perpetrator.

(D) A landlord:

(1) may not require or force the protected tenant to vacate the residence before the expiration of the thirty days authorized by this section, but may enter into an agreement with the protected tenant to terminate the protected tenant's obligations under a rental agreement earlier than what is required pursuant to this section; and

(2) is entitled to all remedies available arising from the destruction or damage of the rental unit caused by the protected tenant or permitted by the protected tenant while on the premises with the protected tenant's permission.

(E) A landlord may not take any retaliatory action against a protected tenant in response to the early termination of the protected tenant's obligations under a rental agreement pursuant to this section.

(F) A landlord may not terminate a tenancy, fail to renew a tenancy, refuse to enter into a rental agreement, or otherwise retaliate in the rental of a dwelling based substantially on:

(1) the tenant, applicant, or a household member's status as a protected tenant; or

(2) the tenant or applicant having terminated a rental agreement

under Section 27-40-350.

Amend the bill further, by adding an appropriately numbered SECTION to read:

SECTION X. Section 27-40-210 of the S.C. Code is amended by adding:

(19) "Protected tenant" means a tenant or household member who is a victim of a qualifying incident.

(20) "Qualifying Incident" means domestic abuse or violence as defined by Chapter 4 of Title 20 or Chapter 25 of Title 16 wherein both the victim and the perpetrator are leaseholders on the same property and the domestic abuse or violence is documented by law enforcement, court, or other federal or state agency records or files.

Rep. ROBBINS explained the amendment.

The amendment was then adopted.

Rep. Rose proposed the following Amendment No. 4 to H. 4158 (LC-4158.SA0006H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 27-40-350(B) and inserting:

(B) A protected tenant shall provide the landlord with written notice of the intent to terminate the protected tenant's obligations under a rental agreement within sixty days after the documented qualifying incident

provided the protected tenant relinquishes all legal rights of possession to the premises. The protected tenant is still responsible for paying rent and other amounts owed, other than any fees imposed for early termination of the rental agreement.

Renumber sections to conform.

Amend title to conform.

Rep. ROSE explained the amendment.

H. 5066--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 5066 -- Reps. Elliott, G. M. Smith, W. Newton, Bailey, Wheeler, T. Moore, Taylor, Hixon, Oremus, Blackwell, Schuessler, Stavrinakis, Wetmore, Bradley, Erickson, Hyde, Ballentine, Calhoon, Crawford, Guest and M. M. Smith: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY ADDING CHAPTER 103 TO TITLE 38 ENTITLED THE "FAIR ACCESS TO INSURANCE REQUIREMENTS" SO AS TO PROVIDE AN AFFORDABLE OPTION TO PROVIDE LIQUOR LIABILITY INSURANCE TO ANY PERSON OR BUSINESS REQUIRED TO MAINTAIN SUCH A POLICY, TO CREATE THE AFFORDABLE LIQUOR LIABILITY FUND TO AID IN THE FUNDING OF THE PROGRAM, AND TO

PROVIDE THAT THE EXCISE TAX ON ALCOHOLIC LIQUOR BY THE DRINK MUST BE CREDITED TO THE FUND IN CERTAIN CIRCUMSTANCES; TO AMEND SECTION 12-33-245, RELATING TO THE EXCISE TAX, SO AS TO MAKE A CONFORMING CHANGE; BY AMENDING SECTION 61-2-145, RELATING TO LIABILITY INSURANCE COVERAGE REQUIREMENTS, SO AS TO PROVIDE FOR A LIQUOR LIABILITY RISK MITIGATION PROGRAM; AND TO PROVIDE THAT THE INSURANCE RESERVE FUND IS AUTHORIZED TO PROVIDE A START-UP LOAN TO THE FUND.

The Committee on Judiciary proposed the following Amendment No. 1 to H. 5066 (LC-5066.PH0005H), which was adopted:

Amend the bill, as and if amended, by striking all after the enacting words and inserting:

SECTION 1. Section 38-90-20(A) of the S.C. Code is amended to read:

(A) A captive insurance company, when permitted by its articles of incorporation, articles of organization, operating agreement, or charter, may apply to the director for a license to provide any and all insurance, except workers' compensation insurance written on a direct basis, authorized by this title; <u>including without limitation liquor liability insurance;</u> however:

(1) a pure captive insurance company may not insure any risks other than those of its parent, affiliated companies, controlled unaffiliated business, risks assumed from a risk pool for the purpose of risk sharing, or a combination of them;

(2) an association captive insurance company may not insure any risks other than those of the member organizations of its association and their affiliated companies;

(3) an industrial insured captive insurance company may not insure any risks other than those of the industrial insureds that comprise the industrial insured group and their affiliated companies;

(4) a special purpose captive insurance company may provide insurance or reinsurance, or both, for risks as approved by the director;

(5) a captive insurance company may not provide personal motor vehicle or homeowner's insurance coverage written on a direct basis;

(6) a captive insurance company may not accept or cede reinsurance except as provided in Section 38-90-110.

SECTION 2. Section 61-2-60 of the S.C. Code is amended by adding:

(9) regulations governing the development, implementation, education, and enforcement of responsible alcohol server training positions.

SECTION 3. Section 61-2-145 of the S.C. Code is amended to read:

Section 61-2-145. (A) In addition to all other requirements, a person licensed or permitted to sell alcoholic beverages for on-premises consumption, which remains open after five o'clock p.m. to sell alcoholic beverages for on-premises consumption, is required to maintain a liquor liability insurance policy or a general liability insurance policy with a liquor liability endorsement ~~for a total coverage~~with an annual aggregate limit of at least one million dollars during the period of the biennial permit or license, unless the person licensed or permitted to sell alcoholic beverages qualifies unde the terms of a liquor liability risk mitigation program pursuant to subsection (E). Failure to maintain this coverage during the period of the biennial permit or license constitutes grounds for suspension or revocation of the permit or license and is sufficient grounds for the department to seek an emergency revocation order as provided in Sections 12-60-1340 and 1-23-370(c). An insurance policy issued pursuant to this section must provide for minimum coverage of at least fifty percent of the total aggregate limit, per occurrence, given rise to the claim.

(B) The department shall add this requirement to all applications and renewals for biennial permits or licenses to sell alcoholic beverages for on-premises consumption, in which the permittees and licensees remain open and sell alcoholic beverages for on-premises consumption after five o'clock p.m. Each applicant or person renewing its license or permit, to whom this requirement applies, shall provide the department with documentation of a liquor liability insurance policy or a general liability insurance policy with a liquor liability endorsement in the required amounts.

(C) Each insurer writing liquor liability insurance policies or general liability insurance policies with a liquor liability endorsement to a person licensed or permitted to sell alcoholic beverages for on-premises consumption, in which the person so licensed or permitted remains open to sell alcoholic beverages for on-premises consumption after five o'clock p.m., must notify the department in a manner prescribed by department regulation of the lapse or termination of the liquor liability insurance policy or the general liability insurance policy with a liquor liability endorsement.

(D) For the purposes of this section, the term “alcoholic beverages” means beer, wine, alcoholic liquors, and alcoholic liquor by the drink as

defined in Chapter 4, Title 61, and Chapter 6, Title 61.

(E) A person licensed or permitted to sell alcoholic beverages for on-premises consumption, which remains open after five o'clock p.m. to sell alcoholic beverages for on-premises consumption, may qualify for liquor liability risk mitigation. A person qualifies if the person:

(1) stops serving alcohol by twelve o-clock a.m.. A person meeting the requirements of this item may reduce the required annual aggregate limit by one hundred thousand dollars, and an additional one hundred thousand dollars for each hour earlier until six o'clock p.m.;

(2) completes an alcohol server training course pursuant to Title 61, Chapter 3;

(3) has less than forty percent of its total sales deriving from alcohol sales; or

(4) is a nonprofit organization which is exempt from taxation pursuant to Section 501(c) of Title 26 of United States Code, as amended, or the entity is engaging in a single event for which a Beer and Wine Special Event License or Liquor Special Event Permit is obtained.

(5) A person meeting the requirements of items (2) or (3) may reduce the required annual aggregate limit by one hundred thousand dollars each. An entity meeting the requirements of item (4) may reduce the annual aggregate limit by five hundred thousand dollars. A person complying with any combination of items (1)-(4) must receive the permitted reduction in the required annual aggregate limit for each item the entity complies with provided a person licensed or permitted to sell alcoholic beverages for on-premises consumption, which remains open after five o'clock p.m. to sell alcoholic beverages for on-premises consumption, must at all times maintain coverage with an annual aggregate limit of at least two hundred fifty thousand dollars during the period of the biennial permit or license.

(6) Insurers must establish liquor liability mitigation measures and offer premium discounts for compliance therewith that reduce the risk to the general public associated with the service of on-premises consumption of alcohol.

SECTION 4. Title 61 of the S.C. Code is amended by adding:

CHAPTER 3

Alcohol Server Training

Section 61-3-100. For the purposes of this chapter, the following definitions apply:

(1) "Alcohol" means beer, wine, alcoholic liquors, or any other type of alcoholic beverage that contains any amount of alcohol and is used as a beverage for human consumption.

(2) "Alcohol server" means an individual who sells, serves, transfers, or dispenses alcohol for on-premises consumption at permitted or licensed premises and may include a permittee, licensee, manager, or other employee of a permittee or licensee. "Alcohol server" does not include an individual employed or volunteering on a temporary basis for a one-time special event, such as a banquet, or at an event that has a temporary permit to sell beer, wine, or alcoholic liquors by the drink and does not include an individual transferring alcohol from one location to another as a distributor, wholesaler, or as otherwise lawfully authorized to transfer alcohol from one location to another by this title; and does not include an individual who cannot lawfully serve or deliver alcohol pursuant to Sections 61-4-90(D) and 61-6-2200.

(3) "Alcohol server certificate" means an authorization issued by the department for an individual to be employed or engaged as an alcohol server for on-premises consumption.

(4) "DAODAS" means the South Carolina Department of Alcohol and Other Drug Abuse Services.

(5) "Department" means the South Carolina Department of Revenue.

(6) "Division" means the South Carolina Law Enforcement Division.

(7) "Employee" means a person who is employed for at least ten hours a week by a permittee or a licensee.

(8) "Licensee" means a person issued a license by the department pursuant to Title 61 to sell, serve, transfer, or dispense alcoholic liquors or alcoholic liquor by the drink for on-premises consumption.

(9) "Manager" means an individual employed by a permittee or licensee who manages, directs, or controls the sale, service, transfer, or dispensing of alcoholic beverages for on-premises consumption at the permitted or licensed premises.

(10) "Permittee" means a person issued a permit by the department pursuant to Title 61 to sell, serve, transfer, or dispense beer, wine, ale, porter, or other malted beverages for on-premises consumption.

(11) "Program" means an alcohol server training and education course and examination approved by the department with input from DAODAS and the division that is administered by authorized providers.

(12) "Provider" means an individual, partnership, corporation, or other legal entity authorized by the department that offers and administers a program.

Section 61-3-110. (A) An entity may not qualify for the liquor liability mitigation program pursuant to Section 61-2-145(E)(2) unless

all employees who are employed as an alcohol server or a manager on permitted or licensed premises obtain, within one hundred twenty calendar days of employment, an alcohol server certificate pursuant to the provisions of this chapter. If a permittee or licensee functions or is employed as an alcohol server or manager on the permitted or licensed premises, then the permittee or licensee must also complete training on responsible alcohol server training and obtain an alcohol server certificate pursuant to the provisions of this chapter. An alcohol server shall not be mentally or physically impaired by alcohol, drugs, or controlled substances while serving alcohol.

(B) Each permittee or licensee shall maintain at all times on its permitted or licensed premises copies of the alcohol server certificates of the permittee or licensee, if applicable, and the alcohol server certificates of each manager and each alcohol server then employed by the permittee or licensee. Copies of the alcohol server certificate must be made available, upon request, to the department, the division, or the agents and employees of each. For the purposes of enforcement of the provisions of this chapter, a permittee or licensee must also make available to the department or the division, when requested, the hire date of an alcohol server.

(C) Failure to produce a copy of an alcohol server certificate when an alcohol server has been employed for one hundred twenty calendar days subjects the permittee or licensee to noncompliance with Section 61-2-145(E).

Section 61-3-120. (A)(1) The department, in collaboration with DAODAS and the division, is authorized to approve alcohol server training programs, based on best evidence practice standards, offered by providers. A program that has not received approval within sixty days from submission shall be considered denied. A provider may appeal denial pursuant to Section 61-2-260 and the South Carolina Administrative Procedures Act.

(2) A provider must provide alcohol server training programs to all applicable individuals free of charge.

(B) The curricula of each program must include the following subjects:

(1) state laws and regulations pertaining to:

(a) the sale and service of alcoholic beverages;

(b) the permitting and licensing of sellers of alcoholic beverages;

(c) impaired driving or driving under the influence of alcohol or drugs;

(d) liquor liability issues;

(e) the carrying of concealed weapons by authorized permit holders into businesses selling and serving alcoholic beverages; and

(f) life consequences, such as the loss of education scholarships, to minors relating to the unlawful use, transfer, or sale of alcoholic beverages;

(2) the effect that alcohol has on the body and human behavior including, but not limited to, its effect on an individual's ability to operate a motor vehicle when intoxicated;

(3) information on blood alcohol concentration and factors that change or alter blood alcohol concentration;

(4) the effect that alcohol has on an individual when taken in combination with commonly used prescription or nonprescription drugs or with illegal drugs;

(5) information on recognizing the signs of intoxication and methods for preventing intoxication;

(6) methods of recognizing problem drinkers and techniques for intervening with and refusing to serve problem drinkers;

(7) methods of identifying and refusing to serve or sell alcoholic beverages to individuals under twenty-one years of age and intoxicated individuals;

(8) methods for properly and effectively checking the identification of an individual, for identifying illegal identification, and for handling situations involving individuals who have provided illegal identification;

(9) South Carolina law enforcement information; and

(10) other topics related to alcohol server education and training designated by the department, in collaboration with DAODAS and the division, to be included.

(C) The department shall approve only online designed training programs that meet each of the following criteria:

(1) a program must cover the content specified in subsection (B);

(2) the content in a program must clearly identify and focus on the knowledge, skills, and abilities needed to responsibly serve alcoholic beverages and must be developed using best practices in instructional design and exam development to ensure that the program is fair and legally defensible;

(3) a program shall be offered online;

(4) online training must be at least four hours, be available in English and Spanish, and include a test;

(5) online or computer-based training programs must use linear

navigation that requires the completion of a module before the course proceeds to the next module, with no content omitted; be interactive; have audio for content; and include a test;

(6) training and testing must be conducted online. All tests must be monitored by an online proctor. A passing grade for a test, as provided by the program, is required; and

(7) training certificates are issued by the provider only after training is complete and a test has been passed successfully.

(8) Within ten business days after a training is completed, each provider must give to the department a report of all individuals who have successfully completed the training and testing. The provider must also maintain these records for at least five years following the end of the training program for purposes of verifying certification validity by the department or the division.

(D) The department, in collaboration with DAODAS and the division, may suspend or revoke the authorization of a provider that the department determines has violated the provisions of this chapter. If a provider's authorization is suspended or revoked, then that provider must cease operations in this State immediately and refund any money paid to it by individuals enrolled in that provider's program at the time of the suspension or revocation.

Section 61-3-130. (A) The provider of a program that is authorized by the department must pay a fee, in an amount to be determined by the department, not to exceed five hundred dollars per year, renewable each year. State agency providers are exempt from payment. Each fee shall be deposited into the Responsible Alcohol Server Training Fund to assist with the costs associated with implementation and enforcement of the provisions of this chapter.

(B) The Responsible Alcohol Server Training Fund is a revolving fund, and no funds deposited therein shall revert to the general fund of the state treasury.

(C) On or before the second Tuesday of each year, the department, with the assistance of the division, must make a report of all income and expenditures made from the Responsible Alcohol Server Training Fund as of December thirty-first of the previous year. A copy of the report shall be given to the Governor, the Speaker of the House of Representatives, and the President of the Senate; posted on the websites of the department and the division; and recorded in the journals of each body of the General Assembly at the beginning of each legislative year.

Section 61-3-140. (A)(1) The department must issue an alcohol server certificate to each applicant who completes an approved program

or a recertification program and who provides other information as may be required by the department in an application form that is available on the department's website. A person must apply for an alcohol server certificate within six months of completing a program. The department, if circumstances warrant the issuance of a temporary alcohol server certificate, may issue a temporary alcohol server certificate that is valid for a period of not more than thirty calendar days.

(2) The department, in collaboration with DAODAS and the division, may issue an alcohol server certificate to an individual from out of the State who applies for an alcohol server certificate if the individual has an alcohol server certificate from a nationally recognized or comparable, state-recognized alcohol server certification program that the department, DAODAS, and the division find meets or exceeds the programs offered in this State.

(B) Alcohol server certificates shall not be issued to graduates of programs that are not approved by the department.

(C) An alcohol server certificate is the property of the individual to whom it is issued and is transferrable among employers.

(D) Alcohol server certificates are valid for a period of five years from the date that the alcohol server certificate was issued. After the five-year period, a new or recertified alcohol server certificate must be obtained pursuant to the provisions of this chapter.

(E) Upon expiration of an alcohol server certificate, the individual to whom the alcohol server certificate was issued may obtain recertification in accordance with regulations promulgated by the department and approved by the General Assembly.

(F) The department must issue and renew alcohol server certificates for all qualifying applicants free of charge.

(G) An applicant must be deemed to be a qualifying applicant for the purpose of alcohol server certificate issuance and renewal if they have successfully completed all training and testing requirements as found in Section 61-3-120.

Section 61-3-150. As a requirement for application or renewal of a permit or license for on-premises consumption under Chapter 4, Title 61 or Chapter 6, Title 61, a permittee or licensee for on-premises consumption seeking to utilize Section 61-2-145(E) must submit to the department proof that the permittee or licensee, if applicable, and each manager and alcohol server employed by the permittee or licensee during the upcoming or prior permit or license period have or have held valid alcohol server certificates at all times that alcoholic beverages were sold, served, or dispensed.

Section 61-3-160. The division and the department are responsible for enforcement of the provisions of this chapter. The department is responsible for bringing administrative actions for violations of the provisions of this chapter or related regulations, and those actions shall proceed according to the provisions of Section 61-2-260 and the South Carolina Administrative Procedures Act.

SECTION 5. This act takes effect upon approval by the Governor and the first insurance policy therefrom may be issued ninety days after the Governor's approval.

POINT OF ORDER

Rep. STAVRINAKIS raised the Rule 9.3 Point of Order that Amendment No. 4 to H. 5066 was not germane to the bill.

Rep. MCCABE argued against the Point of Order.

The SPEAKER stated that Rule 9.3 required him to look at the substantial effect of the amendment and the bill. He stated that the bill concerned access to insurance for businesses that serve alcoholic beverages, but the amendment created joint and several liability. He further stated that the amendment did not concern the provision of insurance or the conditions for the provision of insurance, and he ruled the amendment to be out of order. He sustained the Point of Order.

Rep. Caskey proposed the following Amendment No. 5 to H. 5066 (LC-5066.HA0010H), which was adopted:

Amend the bill, as and if amended, SECTION 3, Section 61-2-145, by adding a subsection to read:

(F) For purposes of this section, the calculation of total sales shall

include sales of alcohol sold for on-premises consumption and all food and non-alcoholic beverages sold on the premises where the alcohol is sold, including food and non-alcoholic beverages sold by third-party vendors.

On motion of Rep. ELLIOTT, with unanimous consent, it was ordered that H. 5066 be read the third time tomorrow.

H. 4649--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4649 -- Reps. Bannister, Carter, Leber, Vaughan, West, Elliott, Williams, Henegan, Caskey, Erickson, Bradley and Rivers: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY ADDING SECTION 59-19-275 SO AS TO PROVIDE PUBLIC SCHOOL DISTRICTS WITH MORE THAN FIFTEEN THOUSAND

STUDENTS MAY USE CERTAIN SECURITY PERSONNEL TO PROMOTE SAFETY AND SECURITY ON SCHOOL PREMISES IF LICENSED AS A PROPRIETARY SECURITY BUSINESS, AND TO PROVIDE DISTRICTS REMAIN OBLIGATED TO USE SCHOOL RESOURCE OFFICERS AS OTHERWISE PROVIDED BY LAW; BY AMENDING SECTION 40-18-60, RELATING TO PROPRIETARY SECURITY BUSINESS LICENSURE, SO AS TO ADD PROVISIONS CONCERNING PUBLIC SCHOOL DISTRICTS APPLYING FOR LICENSURE; BY AMENDING SECTION 40-18-80, RELATING TO SECURITY OFFICER REGISTRATION CERTIFICATION, SO AS TO PROVIDE THE SOUTH CAROLINA LAW ENFORCEMENT DIVISION SHALL IMPLEMENT CERTAIN RELATED TRAINING REQUIREMENTS; AND BY AMENDING SECTION 40-18-140, RELATING TO EXCEPTIONS FROM PRIVATE SECURITY AND INVESTIGATION AGENCY LICENSURE REQUIREMENTS, SO AS TO CLARIFY THAT PUBLIC SCHOOL DISTRICTS ARE EXCLUDED FROM THESE REQUIREMENTS.

Reps. Bradley and Erickson proposed the following Amendment No. 2 to H. 4649 (LC-4649.WAB0002H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 59-19-275 and inserting:

Section 59-19-275. Each public school district with more than fifteen thousand students may use the services of personnel who are armed or delegated arrest authority to work on the premises of the district to promote safety and security on the premises, provided the district shall obtain proprietary security business licensure as provided in Section 40-18-60 and Section 40-18-80 and otherwise complies with the applicable requirements of those sections. The provisions of this section do not affect any requirement that a school district use the services of a school resource officer as provided by law. A school district by obtaining a proprietary security business license may enhance school security and safety but shall not supplant the use of school resource officer in a school.

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Psalm 98:4: "Make a joyful noise to the Lord, all the earth; break forth into joyous song and sing praises."

Let us pray. For food that strengthens the body and Your word that strengthens our soul, we thank You. As we go into the weekend, keep us safe and secure in the presence of the Lord. Guide us in all we do. Provide for these Representatives and Staff strength and courage. Grant them a welcome home with their family and friends. Continue Your blessings on our defenders of freedom and first responders as they care for us. Bless our World, Nation, President, State, Governor, Speaker, Staff, and all who give of their time and talents. Heal the wounds of our women and men who suffer and sacrifice for our freedom. Lord, in Your mercy, hear our prayers. Amen.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER ordered it confirmed.

(Statewide Session)

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 12:00 noon.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Psalm 147:1: “Praise the Lord! How good it is to sing praises to our God; for He is gracious and a song of praise is fitting.”

Let us pray. The Lord lifts us up when we feel not so well. We need the help which we know comes from You. Be with these Representatives and Staff as they work for the people of South Carolina. Bless our defenders of freedom and first responders as they give of their efforts to keep us safe. Thank You for keeping us in Your loving care. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who labor in this vineyard. Remember our men and women who serve us in the Armed Forces. Bless those with hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of Friday, March 29, the SPEAKER ordered it confirmed.

MOTION ADOPTED

Rep. MOSS moved that when the House adjourns, it adjourn in memory of former Representative V. Stephen "Steve" Moss, which was agreed to.

SILENT PRAYER

The House stood in silent prayer for the family and friends of former Representative V. Stephen "Steve" Moss.

Amend the bill, as and if amended, SECTION 1, by striking Section 8-13-1348(A)(1), (2), (3), and (4) and inserting:

(A)(1) No candidate, committee, public official, or political party may use campaign funds to defray personal expenses which are unrelated to the campaign or the office if the candidate is an officeholder nor may these funds be converted to personal use. The prohibition of this subsection does not extend to:

(a) the incidental personal use of campaign materials or equipment; ~~nor to~~

(b) an expenditure used to defray any ordinary expenses incurred in connection with an individual's duties as a holder of elective office;

(c) an expenditure used to defray dependent care expenses incurred in connection with a candidate's campaign for the time in which the candidate is engaging in campaign activity and the expenses would not exist in the absence of the campaign; or

(d) an expenditure used to defray dependent care expenses incurred in connection with a public official's duties for his or her public office and the expenses would not exist in the absence of the public official carrying out these duties.

(2)(a) For purposes of subsections (A)(1)(c) and (A)(1)(d),

"dependent care" means the direct care, protection, and supervision of an immediate family member that is either a minor or that has a disability or medical condition for whom the candidate or the public official has direct caregiving responsibility. In addition, campaign funds may only be used to defray dependent care expenses if the dependent care is given by a provider that is licensed in this State to provide the type of care needed by the candidate's or public official's immediate family member. However, a non-licensed provider may be used if no licensed provider is available so long as the dependent care is not being provided by a family member, as defined by Section 8-13-1300(14).

(b) For purposes of subsections (A)(1)(c) and (A)(1)(d), a record of the time, date, and location of the campaign or official duty must be kept for four years and made available to the State Ethics Commission upon request.

H. 5144--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 5144 -- Reps. B. J. Cox, Elliott, Wooten and Caskey: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY ADDING SECTION 59-5-105 SO AS TO CREATE THE SCHOOL MAPPING DATA PROGRAM WITHIN THE STATE DEPARTMENT OF EDUCATION FOR THE PURPOSE OF FACILITATING EFFICIENT EMERGENCY RESPONSES IN PUBLIC SCHOOLS BY PUBLIC SAFETY AGENCIES, TO DEFINE NECESSARY TERMS, TO PROVIDE REQUIREMENTS FOR THE PROGRAM AND ITS IMPLEMENTATION BY THE DEPARTMENT, AND TO PROVIDE RELATED REQUIREMENTS OF SCHOOL DISTRICTS.

The Committee on Education and Public Works proposed the following Amendment No. 1 to H. 5144 (LC-5144.WAB0002H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 59-5-105(B)(1) and (2) and inserting:

(B)(1) To facilitate efficient emergency responses in public schools by public safety agencies in this State, the School Mapping Data Program is established as a statewide initiative within the State Department of Education. Subject to funding, the department shall contract with a vendor to provide school mapping data for each public school in the State, including charter schools and special schools. The data must be provided to each school district and charter school authorizer for the schools within their respective jurisdictions, local law enforcement agencies, and public safety agencies for use in response to emergencies. For purposes of this section, emergencies include, but are not limited to, any event in which a law enforcement officer, firefighter, rescue squad, emergency medical service provider, public safety telecommunicator, or any other emergency management provider may respond.

(2) In addition to requirements set forth by the Department and in consultation with the Center for School Safety and Targeted Violence within the State Law Enforcement Division, school mapping data must:

(a) be compatible with software platforms used by local, county, state, and federal public safety agencies that provide emergency services to the specific school for which the data is provided without requiring such agencies to purchase additional software or requiring a fee to view or access the data;

(b) be compatible with security software platforms in use by the specific school for which the data is provided without requiring the local law enforcement agencies or school districts to purchase additional software or requiring a fee to view or access the data; and

(c) provide that any updates to school mapping data as defined by this section must be accessible within software platforms used by local, county, state, and federal public safety agencies that provide emergency services to the specific school.

Amend the bill further, SECTION 1, by striking Section 59-5-105(C) and inserting:

(C) School districts and charter schools must pay annual maintenance fees to update their school maps to ensure the school floor plans and aerial imagery are accurate and up to date. If the annual maintenance fee exceeds six hundred fifty dollars per school and the district or charter cannot afford the fee, the district or charter school shall submit a request to the State Superintendent of Education that state funds be requested of the General Assembly to cover the fees.

H. 5230--AMENDED AND INTERRUPTED DEBATE

The following Bill was taken up:

H. 5230 -- Rep. Wooten: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 9-8-10, RELATING TO DEFINITIONS PERTAINING TO THE RETIREMENT SYSTEM FOR JUDGES AND SOLICITORS, SO AS TO INCLUDE THE ATTORNEY GENERAL OF THIS STATE IN THE DEFINITION OF "SOLICITOR" AND TO MAKE THE NECESSARY PROVISIONS FOR THE ATTORNEY GENERAL TO

BECOME A MEMBER OF THE SYSTEM; AND BY AMENDING SECTION 9-8-40, RELATING TO MEMBERSHIP IN THE SYSTEM, SO AS TO ALLOW THE ATTORNEY GENERAL SERVING ON JULY 1, 2024, TO ELECT TO BECOME A MEMBER.

The Committee on Ways and Means proposed the following Amendment No. 1 to H. 5230 (LC-5230.SA0005H), which was adopted:

Amend the bill, as and if amended, SECTION 2, Section 9-8-40(1), by adding an item to read:

(b) All full-time masters-in-equity on July 1, 2024, who have not retired may elect to become a member of the system. Masters-in-equity making that election may transfer prior service into the system as provided in Section 9-8-50, and to the extent the service thus transferred occurred after the member took office as a master-in-equity, that service is deemed earned service in the system.

Amend the bill further, by adding an appropriately numbered SECTION to read:

SECTION X. Section 9-8-10(16) of the S.C. Code is amended to read:

(16) "Judge" means a justice of the Supreme Court or a judge of the court of appeals, circuit or family court of the State of South Carolina. Subject to the provisions of Section 9-8-40, "judge" also means an administrative law judge or a full-time master-in-equity.

Renumber sections to conform.

Amend title to conform.

Rep. COBB-HUNTER explained the amendment.

The amendment was then adopted.

Rep. Rutherford proposed the following Amendment No. 2 to H. 5230 (LC-5230.SA0012H), which was ruled out of order:

Amend the bill, as and if amended, by adding an appropriately numbered SECTION to read:

SECTION X. Chapter 9, Title 9 of the S.C. Code is amended by adding:

Section 9-9-6. (A) Notwithstanding the provisions of Section 9-9-5, an individual first elected to the General Assembly at or after the general election of 2024, upon his election, may elect to become a member of the Retirement System for Members of the General Assembly as provided in this chapter as if the provisions of that section had never been enacted, the South Carolina Retirement System, or the State

Optional Retirement Program. For purposes of this subsection "first elected" means an individual who became a member of the General Assembly for the first time at or after the general election of 2024 and had no prior service in the General Assembly.

(B) Notwithstanding the provisions of Section 9-9-5, an individual first elected to the General Assembly at or after the general election of 2012 may elect to become a member of the Retirement System for Members of the General Assembly as provided in this chapter as if the provisions of that section had never been enacted. For purposes of this section "first elected" means an individual who became a member of the General Assembly for the first time at or after the general election of 2012 and had no prior service in the General Assembly.

(C) A member of the General Assembly earning service credit in the South Carolina Retirement System or making contributions to the State Optional Retirement Program pursuant to the then applicable provisions of Section 9-9-5(A) and (B) irrevocably may elect to become a member of the Retirement System for Members of the General Assembly. A member making the election allowed by this item may establish as credited service in GARS the time the member served in the General Assembly as an active contributing member of the South Carolina Retirement System or who made contributions to the State Optional Retirement Program on account of the service.

(D) Service credit in the Retirement System for Members of the General Assembly pursuant to the provisions this section may be established as provided in Section 9-9-50(2) and a member may transfer the balance of the member's South Carolina Retirement System or State Optional Retirement Program contributions plus interest attributable to the service to GARS as a credit against the amount otherwise due GARS.

Renumber sections to conform.

Amend title to conform.

Rep. RUTHERFORD explained the amendment.

POINT OF ORDER

Rep. PACE raised the Rule 9.3 Point of Order that Amendment No. 2 was not germane to H. 5230.

Rep. RUTHERFORD argued contra.

The SPEAKER sustained the Point of Order and ruled Amendment No. 2 out of order.

Further proceedings were interrupted by expiration of time on the uncontested Calendar, the pending question being the consideration of amendments.

RECURRENCE TO THE MORNING HOUR

Rep. COBB-HUNTER moved that the House recur to the morning hour, which was agreed to.

H. 5230--AMENDED AND ORDERED TO THIRD READING

Debate was resumed on the following Bill, the pending question being the consideration of amendments:

H. 5230 -- Rep. Wooten: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 9-8-10, RELATING TO DEFINITIONS PERTAINING TO THE RETIREMENT SYSTEM FOR JUDGES AND SOLICITORS, SO AS TO INCLUDE THE ATTORNEY GENERAL OF THIS STATE IN THE DEFINITION OF "SOLICITOR" AND TO MAKE THE NECESSARY PROVISIONS FOR THE ATTORNEY GENERAL TO BECOME A MEMBER OF THE SYSTEM; AND BY AMENDING SECTION 9-8-40, RELATING TO MEMBERSHIP IN THE SYSTEM, SO AS TO ALLOW THE ATTORNEY GENERAL SERVING ON JULY 1, 2024, TO ELECT TO BECOME A MEMBER.

Rep. Caskey proposed the following Amendment No. 3 to H. 5230 (LC-5230.SA0008H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 9-8-10(17) and inserting:

(17) “Solicitor” means the person holding office as described under Section 1-7-310 of the ~~1976~~ S.C. Code. Subject to the provisions of Section 9-8-40, beginning after the 2026 general election in this State, “solicitor” also means the Attorney General of this State as the chief prosecuting officer of the State. For all purposes of this chapter including, but not limited to, employer and employee contributions, calculation of a retirement or other benefits, and adjustment of benefits paid to a retiree or beneficiary, wherever mention is made of the salary of a circuit solicitor, in the case of the Attorney General of this State, the salary referred to is the higher of the salary provided by law for the Attorney General of this State or a circuit solicitor of this State.

Amend the bill further, SECTION 2, by striking Section 9-8-40(1)(b) and inserting:

(b) The Attorney General elected in the 2026 general election in this State may elect to become a member of the system. If the Attorney General makes that election, he may transfer prior service into the system as provided in Section 9-8-50, and to the extent the service thus transferred occurred after he took office as the Attorney General of this State, that service is deemed earned service in the system.

Rep. CASKEY explained the amendment.

The amendment was then adopted.

Reps. Wooten and Bannister proposed the following Amendment No. 4 to H. 5230 (LC-5230.SA0009H), which was adopted:

Amend the bill, as and if amended, SECTION 2, by deleting Section 9-8-40(1)(b).

Amend the bill further, SECTION 3, by striking Section 9-8-10(16) and inserting:

(16) "Judge" means a justice of the Supreme Court or a judge of the court of appeals, circuit or family court of the State of South Carolina. Subject to the provisions of Section 9-8-40, "judge" also means an administrative law judge.

Amend the bill further, by adding an appropriately numbered SECTION to read:

SECTION X. Article 1, Chapter 11, Title 9 of the S.C. Code is amended by adding:

Section 9-11-28. (A) After December 31, 2024, any person who is a full-time master-in-equity shall participate in the South Carolina Police Officers Retirement System for his service as a master-in-equity.

(B) From July 1, 2024, to January 1, 2025, a full-time master-in-equity who elects to transfer credited service received under the South Carolina Retirement System to the South Carolina Police Officers Retirement System may do so upon payment of the accumulated employer and employee contributions and interest in the South Carolina Retirement System plus five percent of his annual salary in effect as of June 30, 2024, for each year of service prorated for periods of less than a year. After January 1, 2025, a master-in-equity may elect to transfer credited service received under the South Carolina Retirement System to the South Carolina Police Officers Retirement System as provided in Section 9-11-40(9).

Renumber sections to conform.

Amend title to conform.

Rep. BANNISTER explained the amendment.

H. 4622--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4622 -- Reps. Sessions, J. L. Johnson, Pope, Guffey, Mitchell, King and Hart: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY ADDING SECTION 44-7-327 SO AS TO ESTABLISH CERTAIN REQUIREMENTS PERTAINING TO ITEMIZED PATIENT BILLING FOR HEALTH CARE SERVICES AND SUPPLIES.

The Committee on Medical, Military, Public and Municipal Affairs proposed the following Amendment No. 1 to H. 4622 (LC-4622.VR0001H), which was adopted:

Amend the bill, as and if amended, by striking all after the enacting words and inserting:

SECTION 1. Article 3, Chapter 7, Title 44 of the S.C. Code is amended by adding:

Section 44-7-327. (A) For purposes of this section:

(1) "Debt collection" means an action, conduct, or practice in collecting, or in soliciting for collection, consumer debts that are due or alleged to be due a creditor.

(2) "Health care provider" means a hospital or ambulatory surgical facility as defined in S.C. Code Section 44-7-130.

(3) "Health care service" means a service a health care provider provides to an individual to diagnose, prevent, treat, alleviate, cure, or heal a human health condition, illness, injury, or disease.

(B)(1) Beginning January 1, 2025, a health care provider that requests payment from a patient after providing a health care service or related supply to the patient shall submit with the request a written, itemized bill of the alleged remittance sought for each service and supply provided to the patient during the patient's visit to the health care provider. The provider must submit the itemized bill no later than the thirtieth day after the provider receives a final payment on the provided service or supply from a third party.

(2) The itemized bill must include:

(a) a plain language description, in accordance with the most current billing reading level requirements and guidance provided by the Centers for Medicare and Medicaid Services, for each distinct health care service and quantity of supply the health care provider provided to the patient;

(b) the amount the provider alleges is due from the patient for

each service and supply provided to the patient; and

(c) if the provider sought or is seeking reimbursement from a third party, any billing code submitted to the third party, and the patient's responsibility amount due to the provider pursuant the third party insurer's explanation of benefits. The third party insurer's explanation of benefits shall set forth a specific explanation of the patient's responsibility amount including, but not limited to, whether the amount is a deductible, coinsurance, or noncovered charges.

(3) A health care provider may issue the itemized bill electronically, including through a patient portal on the provider's Internet website.

(4) A patient is entitled to obtain from the health care provider an itemized bill on request at any time after the itemized bill is initially issued under item (1).

(5) A health care provider may not pursue debt collection against a patient for a provided health care service or supply unless the provider has complied with this section.

(6) A collection agency is not liable under this section for billing inaccuracies provided by the health care provider. If any inaccuracies are determined, the collection agency must cease collection activities and return the account back to the health care provider.

(C) The appropriate licensing authority shall take disciplinary action against the provider for the violation as if the provider violated an applicable licensing law.

H. 4187--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4187 -- Reps. J. E. Johnson, W. Newton, Robbins, Haddon, Mitchell, Yow, Chapman, Gagnon, Ligon, O'Neal, B. Newton, Sessions, Felder, Blackwell, Oremus and Long: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 16-13-135, RELATING TO THE OFFENSE OF RETAIL THEFT AND ASSOCIATED PENALTIES, SO AS TO DEFINE NECESSARY TERMS, TO REVISE THE PREVIOUS OFFENSE OF RETAIL THEFT TO CREATE THE OFFENSES OF FELONY ORGANIZED RETAIL CRIME AND FELONY ORGANIZED RETAIL CRIME OF AN AGGRAVATED NATURE, AND TO PROVIDE GRADUATED PENALTIES FOR THE OFFENSES.

The Committee on Judiciary proposed the following Amendment No. 1 to H. 4187 (LC-4187.AHB0001H), which was adopted:

Amend the bill, as and if amended, by striking all after the enacting words and inserting:

SECTION 1. Section 16-13-135 of the S.C. Code is amended to read:

Section 16-13-135. (A) As used in this section:

(1) "Organized retail crime" means two or more people conspiring to commit theft of retail property from a retail establishment with the intent to sell, barter, exchange, or reenter such retail property into commerce for monetary or other gain.

(2) "Retail property" means ~~a new~~ an article, merchandise, property, money or negotiable documents, including gift cards or other forms of credit, ~~product~~products, ~~commodity~~commodities, ~~item~~items, or ~~component~~components intended to be sold in retail commerce.

~~(2)~~ (3) "Retail property fence" means a person or business that buys retail property knowing or believing that the retail property is stolen.

~~(3)~~ (4) "Theft" means to take possession of, carry away, transfer, or cause to be carried away the retail property of another with the intent to ~~steal~~deprive the merchant of possession, use, benefit, and value of the retail property.

~~(4)~~ (5) "Value" means the retail value of an item as offered for sale to the public by the affected retail establishment and includes all applicable taxes.

(B) It is unlawful for a person to:

(1) commit ~~theft of retail property from a retail~~

~~establishment~~organized retail crime, with a value exceeding two thousand dollars aggregated over a ninety-day period, with the intent to ~~sell the retail property for monetary or other gain, and sell, barter, take, or~~ cause the retail property to be placed in the control of a retail property fence or other person in exchange for consideration; or

~~conspire with another person to commit theft of retail property from a retail establishment, with a value exceeding two thousand dollars aggregated over a ninety-day period, with the intent to:~~

~~sell, barter, or exchange the retail property for monetary or other gain; or~~

~~(b) place the retail property in the control of a retail property fence or other person in exchange for consideration; or~~

~~(3)~~(2) receive, possess, or sell retail property that has been taken or stolen in violation of item (1) ~~or (2)~~ while knowing or having reasonable grounds to believe the property is stolen. A person is guilty of this offense whether or not anyone is convicted of the property theft.

(C) Acts committed in different counties that have been aggregated in one count may be indicted and prosecuted in any one of the counties in which the acts occurred. In a prosecution for a violation of this section, the State is not required to establish and it is not a defense that some of the acts constituting the crime did not occur within one city, county, or local jurisdiction.

(D) Property, funds, and interest a person has acquired or maintained in violation of this section are subject to forfeiture pursuant to the procedures for forfeiture as provided in Section 44-53-530.

(E) A person who violates this section commits the felony offense of organized retail crime and, upon conviction:

(1) for a first offense:

(a) ~~for a first offense, is guilty of a misdemeanor and, upon conviction,~~ must be fined not more than five thousand dollars or imprisoned for not more than three years, or both~~;~~, if the value of the retail property is more than two thousand dollars but less than ten thousand dollars ~~and~~;

(b) must be fined not more than ten thousand dollars or imprisoned for not more than five years, or both, if the value of the retail property is more than ten thousand dollars but less than twenty thousand dollars;

(c) must be fined not more than twenty thousand dollars or imprisoned for not more than ten years, or both, if the value of the retail property is more than twenty thousand dollars but less than fifty thousand dollars;

(d) must be fined not more than fifty thousand dollars or imprisoned for not more than twenty years, or both, if the value of the retail property is more than fifty thousand dollars;

(2) for a second or subsequent offense, ~~is guilty of a felony and, upon conviction,~~ regardless of the value of the retail property in any offense, must be fined not more than ~~ten~~fifty thousand dollars or imprisoned for not more than twenty years, or both.

(3) For purposes of this section, multiple offenses occurring within a ninety-day period may be aggregated into a single count with the aggregated value used to determine the total value of the property.

(4) Organized retail crime is a lesser-included offense of organized retail crime of an aggravated nature as provided in subsection (F).

(F)(1) A person commits the offense of organized retail crime of an aggravated nature if, while committing the offense of organized retail crime, the person wilfully and maliciously:

(a) damages, destroys, or defaces real or personal property in excess of two thousand dollars; or

(b) causes unlawful bodily injury to another person. "Bodily injury" has the same meaning as defined in Section 16-3-600.

(2) A person convicted of organized retail crime of an aggravated nature is guilty of a felony and must be fined not more than fifty thousand dollars or imprisoned not more than fifteen years, or both.

SECTION 2. The repeal or amendment by this act of any law, whether temporary or permanent or civil or criminal, does not affect pending actions, rights, duties, or liabilities founded thereon, or alter, discharge, release or extinguish any penalty, forfeiture, or liability incurred under the repealed or amended law, unless the repealed or amended provision shall so expressly provide. After the effective date of this act, all laws repealed or amended by this act must be taken and treated as remaining in full force and effect for the purpose of sustaining any pending or vested right, civil action, special proceeding, criminal prosecution, or appeal existing as of the effective date of this act, and for the enforcement of rights, duties, penalties, forfeitures, and liabilities as they stood under the repealed or amended laws.

SECTION 3. This act takes effect upon approval by the Governor.

Johnson, Pope, Clyburn, Henegan, Pendarvis, Caskey, Bauer, Rivers, Gilliard, Henderson-Myers, Williams, Jefferson and : A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 8-13-1348, RELATING TO USE OF CAMPAIGN FUNDS FOR PERSONAL EXPENSES, SO AS TO ALLOW A CANDIDATE OR PUBLIC OFFICIAL TO USE CAMPAIGN FUNDS FOR DEPENDENT CARE OF AN IMMEDIATE FAMILY MEMBER IN CERTAIN CIRCUMSTANCES AND TO DEFINE "DEPENDENT CARE".

Rep. A. M. Morgan proposed the following Amendment No. 5 to H. 4561 (LC-4561.SA0006H), which was tabled:

Amend the bill, as and if amended, by striking all after the enacting words and inserting:

SECTION 1. Chapter 13, Title 8 of the S.C. Code is amended by adding:

Section 8-13-1349. A candidate or public official is prohibited from using campaign funds for dependent care. For purposes of this section, "dependent care" means the direct care, protection, and supervision of an immediate family member that is either a minor or that has a disability or medical condition for whom the candidate or the public official has direct caregiving responsibility. In addition, campaign funds may only be used to defray dependent care expenses if the dependent care is given by a provider that is licensed in this State to provide the type of care needed by the candidate's or public official's immediate family member.

SECTION 2. This act takes effect upon approval by the Governor.

STATEMENT FOR THE JOURNAL

I abstained on the votes for H. 4561 so as to ensure my noted neutrality on this issue.

Rep. Shannon Erickson

H. 4248--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

H. 4248 -- Reps. Rose and Robbins: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 61-4-50, RELATING TO THE SALE OF BEER, ALE, PORTER, OR WINE TO UNDERAGED PERSONS, SO AS TO PROVIDE FOR A CONDITIONAL DISCHARGE; AND BY AMENDING SECTION 61-6-4080, RELATING TO THE SALE OF ALCOHOLIC LIQUORS TO AN UNDERAGED PERSON, SO AS TO PROVIDE FOR A CONDITIONAL DISCHARGE.

The Committee on Judiciary proposed the following Amendment No. 1 to H. 4248 (LC-4248.SA0001H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 61-4-50(D)(1) and (2) and inserting:

(1) Whenever any person who has not previously been convicted of any offense under this section, pleads guilty to or is found guilty of a sale in violation of this section, the court, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and place him on probation upon terms and conditions as it requires provided that one such condition must be that he complete the merchant education program described in subsection (C). Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge the person and dismiss the proceedings against him. Discharge and dismissal under this section must be without court adjudication of guilt and is not a conviction for purposes of this section or for purposes of disqualifications or disabilities imposed by law upon conviction of a crime, including the additional penalties imposed for second or subsequent convictions. However, a nonpublic record must be forwarded to and retained by the South Carolina Law Enforcement Division solely for the purpose of use by the courts in determining whether or not a person has committed a subsequent offense under this section. Discharge and dismissal under this section may occur only once with respect to any person.

(2) Upon the dismissal of the person and discharge of the proceedings against him pursuant to item (1), the person may apply to the court for an order to expunge from all official records, other than the nonpublic records to be retained as provided in item (1), all recordation relating to his arrest, indictment or information, trial, finding of guilt,

and dismissal and discharge pursuant to this section. If the court determines, after the hearing, that the person was dismissed and the proceedings against him discharged, it shall enter the order. The effect of the order is to restore the person, in the contemplation of the law, to the status he occupied before the arrest or indictment or information. No person as to whom the order has been entered may be held pursuant to another provision of law to be guilty of perjury or otherwise giving a false statement by reason of his failure to recite or acknowledge the arrest, or indictment or information, or trial in response to an inquiry made of him for any purpose. A conditional discharge granted pursuant to this section does not preclude a person from availing themselves of subsequent pre-trial diversion options provided by law.

Amend the bill further, SECTION 2, by striking Section 61-6-4080(D)(1) and (2) and inserting:

(1) Whenever any person who has not previously been convicted of any offense under this section, pleads guilty to or is found guilty of a sale in violation of this section, the court, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and place him on probation upon terms and conditions as it requires provided that one such condition must be that he complete the merchant education program described in subsection (C). Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge the person and dismiss the proceedings against him. Discharge and dismissal under this section must be without court adjudication of guilt and is not a conviction for purposes of this section or for purposes of disqualifications or disabilities imposed by law upon conviction of a crime, including the additional penalties imposed for second or subsequent convictions. However, a nonpublic record must be forwarded to and retained by the South Carolina Law Enforcement Division solely for the purpose of use by the courts in determining whether or not a person has committed a subsequent offense under this section. Discharge and dismissal under this section may occur only once with respect to any person.

(2) Upon the dismissal of the person and discharge of the proceedings against him pursuant to item (1), the person may apply to the court for an order to expunge from all official records, other than the nonpublic records to be retained as provided in item (1), all recordation relating to his arrest, indictment or information, trial, finding of guilt, and dismissal and discharge pursuant to this section. If the court determines, after the hearing, that the person was dismissed and the

proceedings against him discharged, it shall enter the order. The effect of the order is to restore the person, in the contemplation of the law, to the status he occupied before the arrest or indictment or information. No person as to whom the order has been entered may be held pursuant to another provision of law to be guilty of perjury or otherwise giving a false statement by reason of his failure to recite or acknowledge the arrest, or indictment or information, or trial in response to an inquiry made of him for any purpose. A conditional discharge granted pursuant to this section does not preclude a person from availing themselves of subsequent pre-trial diversion options provided by law.

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Isaiah 63:15: "Look down from heaven and see, from your holy and glorious habitation, where are your zeal and your might?"

Let us pray. God of awesome power, give us hearts filled with hope and gladness as we prepare for the work to be accomplished this day. May the blessings of Almighty God refresh us with the hope given to these women and men of South Carolina. Bless and keep our defenders of freedom and first responders in our hearts. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who labor in these Halls of Government, and especially for our brave men and women who keep us safe. Remember our men and women who suffer from hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER ordered it confirmed.

MOTION ADOPTED

Rep. FELDER moved that when the House adjourns, it adjourn in memory of Stanley Brucker, which was agreed to.

SILENT PRAYER

The House stood in silent prayer for the family and friends of Stanley Brucker.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 12:00 noon.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Leviticus 17:11: "For the life of the flesh is in the blood and I have given it for you on the altar to make atonement for your souls, for it is the blood that makes atonement by life."

Let us pray. Almighty God, You have made us in Your likeness to be a free people to live the life You promised us. Help these women and men to receive the gifts given to them. Grant these men and women good health and good things to come to them. Bless our defenders of freedom and first responders. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who give of their time and effort to make this great system work. Grant Your loving touch on our women and men who suffer from hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER *PRO TEMPORE*.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Philippians 2:3: "Do nothing from selfish ambition or conceit, but in humility regard others as better than yourselves."

Let us pray. God of mercy and grace, give us hearts full of compassion, ready to forgive others as You have forgiven us. May the God of mercy and grace sustain us and give us joy. Help us to see beyond our self-righteous judgements of others and to receive Your forgiveness with joy and gladness. Bestow Your blessings on our defenders of freedom and first responders. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who work in this vineyard. Grant Your loving touch on our men and women who serve in our Armed Forces. Bless our women and men who suffer from hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER *PRO TEMPORE*.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER *PRO TEMPORE* ordered it confirmed.

MOTION ADOPTED

Rep. CLYBURN moved that when the House adjourns, it adjourn in memory of Jacqueline Dozier, which was agreed to.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Jeremiah 7:1: "The word of the Lord came to Jeremiah: Stand in the gate of the Lord's house and proclaim there this, and say, hear the word of the Lord, all you people of Judah."

Let us pray. Good and gracious God, we give You thanks and praise for the many blessings You provide. Guard these Representatives and Staff and keep them from all harm as they carry out the duties given to them. Bless and keep our defenders of freedom and first responders, as they care for us. Grant Your mercies upon our World, Nation, President, State, Governor, Speaker, Staff, and all who labor in this vineyard. Protect our Armed Forces and those with hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER ordered it confirmed.

MOTION ADOPTED

Rep. ANDERSON moved that when the House adjourns, it adjourn in memory of Julia Burgess Wilson, which was agreed to.

SILENT PRAYER

The House stood in silent prayer for the family and friends of Julia Burgess Wilson.

E. Johnson, J. L. Johnson, S. Jones, W. Jones, Jordan, Kilmartin, King, Kirby, Landing, Lawson, Leber, Ligon, Long, Lowe, Magnuson, May, McCabe, McCravy, McDaniel, McGinnis, Mitchell, J. Moore, T. Moore, A. M. Morgan, T. A. Morgan, Moss, Murphy, Neese, B. Newton, W. Newton, Nutt, O'Neal, Oremus, Ott, Pace, Pedalino, Pendarvis, Pope, Rivers, Robbins, Rose, Rutherford, Sandifer, Schuessler, Sessions, M. M. Smith, Spann-Wilder, Stavrinakis, Taylor, Thigpen, Trantham, Vaughan, Weeks, West, Wetmore, Wheeler, White, Whitmire, Williams, Willis, Wooten and Yow: A HOUSE RESOLUTION TO CONGRATULATE AND COMMEND THE HONORABLE ANNE J. THAYER ON HER PRAISEWORTHY SERVICE IN THE SOUTH CAROLINA HOUSE OF REPRESENTATIVES OVER THE PAST FOURTEEN YEARS AND TO WISH HER HAPPINESS AND SUCCESS IN ALL HER FUTURE ENDEAVORS.

Whereas, for fourteen years, the Honorable Anne J. Thayer with loyalty has represented the citizens of Anderson County’s District 9 in the South Carolina House of Representatives; and

Whereas, the daughter of Bobby G. and Vivian I. Williams, Anne Thayer is the owner of Thayer Properties, LLC, and Thayer Commercial Properties, LLC, and is a resident of Belton; and

Whereas, this native of Greenville earned her bachelor’s degree at Marycrest College in 1990 and in that same year married Dr. Mark W.

Thayer. The Thayers are the proud parents of three children, Brenn, Johnston, and Jordan; and

Whereas, during her time of service in the House of Representatives, Anne J. Thayer has proven her worth as a member of several committees, most recently the Labor, Commerce, and Industry Committee, as well as the Rules Committee, which she serves as chair; and

Whereas, Representative Thayer believes strongly in personal involvement with her community, and her convictions have led her to serve that community, as well as the broader community of South Carolina, in several capacities. Past and present service includes membership on the Anderson County Foster Care Review Board (2003-2010), State Foster Care Review Board (2005-2008), Anderson Interfaith Ministries (past chair), Anderson Heritage (past president), and City of Anderson Board of Architectural Control. Further, she serves as a volunteer coordinator for T.L. Hanna High School, and as a woman of faith she is a member of NewSpring Church, which she also serves as a volunteer; and

Whereas, understanding that Anne Thayer plans to retire as a House member at the end of her present term of office, her colleagues in the House of Representatives wish to thank her for her strong dedication to the people of District 9 and extend sincere good wishes for all the best life has to offer in the coming years. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, congratulate and commend the Honorable Anne J. Thayer on her praiseworthy service in the South Carolina House of Representatives over the past fourteen years and wish her happiness and success in all her future endeavors.

Be it further resolved that a copy of this resolution be presented to the Honorable Anne J. Thayer.

The Resolution was adopted.

HOUSE RESOLUTION

The following was introduced:

H. 5415 -- Reps. G. M. Smith, Alexander, Anderson, Atkinson, Bailey, Ballentine, Bamberg, Bannister, Bauer, Beach, Bernstein, Blackwell, Bradley, Brewer, Brittain, Burns, Bustos, Calhoon, Carter, Caskey, Chapman, Chumley, Clyburn, Cobb-Hunter, Collins, Connell, B. J. Cox, B. L. Cox, Crawford, Cromer, Davis, Dillard, Elliott, Erickson, Forrest, Gagnon, Garvin, Gatch, Gibson, Gilliam, Gilliard, Guest, Guffey, Haddon, Hager, Hardee, Harris, Hart, Hartnett, Hayes, Henderson-Myers, Henegan, Herbkersman, Hewitt, Hiott, Hixon, Hosey, Howard, Hyde, Jefferson, J. E. Johnson, J. L. Johnson, S. Jones, W. Jones, Jordan, Kilmartin, King, Kirby, Landing, Lawson, Leber, Ligon, Long, Lowe, Magnuson, May, McCabe, McCravy, McDaniel, McGinnis, Mitchell, J. Moore, T. Moore, A. M. Morgan, T. A. Morgan, Moss, Murphy, Neese, B. Newton, W. Newton, Nutt, O'Neal, Oremus, Ott, Pace, Pedalino, Pendarvis, Pope, Rivers, Robbins, Rose, Rutherford, Sandifer, Schuessler, Sessions, M. M. Smith, Spann-Wilder, Stavrinakis, Taylor, Thayer, Thigpen, Trantham, Vaughan, Weeks, West, Wetmore, Wheeler, White, Whitmire, Williams, Willis, Wooten and Yow: A HOUSE RESOLUTION TO RECOGNIZE AND COMMEND THE HONORABLE R. RAYE FELDER OF YORK COUNTY FOR HER DEDICATED SERVICE IN THE HOUSE OF REPRESENTATIVES ON BEHALF OF HER CONSTITUENTS AND THE CITIZENS OF SOUTH CAROLINA AND TO WISH HER MUCH SUCCESS AND HAPPINESS IN ALL HER FUTURE ENDEAVORS.

Whereas, the members of the South Carolina House of Representatives learned with sincere regret that Representative Raye Felder will depart from the House of Representatives at the conclusion of her current term; and

Whereas, she attended Winthrop College and York Technical College and earned a bachelor’s degree from Limestone College in 1993; and

Whereas, Representative Felder and her beloved husband, J. Wayne Felder, reside in Fort Mill, and when away from her duties in the House of Representatives, she is a successful businesswoman and works in insurance sales; and

Whereas, deeply involved in her community, she is a member of the York County Regional Chamber, serves on the York Technical College Foundation and on the board for Community Housing, Inc., and participates in York County economic development efforts; and

Whereas, Representative Felder served as a former chairwoman of the Fort Mill Area Council and as a volunteer guardian ad litem for the Cass Elias McCarter Guardian ad Litem Program, and she previously participated in the York County Zoning Board of Appeals, the Rock Hill Arts Council, and Junior Achievement; and

Whereas, her community service and business contributions have been recognized with such honors as the 2003 Fort Mill Citizen of the Year and the 2011 Small Business Person of the Year; and

Whereas, Representative Felder has faithfully served the citizens of District 26 in the House of Representatives since 2013, most recently during that time she served on the Regulations and Administrative Procedures Committee and on the Labor, Commerce and Industry Committee; and

Whereas, in all of her service, she has provided reliable insight and pertinent discussion of issues before the House of Representatives; and

Whereas, the members of the House of Representatives will miss the devoted and deliberative service that Raye Felder, their friend and colleague, has given to the House of Representatives, and hope that she will enjoy deep fulfillment in the years ahead. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, recognize and commend the Honorable R. Raye Felder of York County for her dedicated service in the House of Representatives on behalf of her constituents and the citizens of South Carolina and wish her much success and happiness in all her future endeavors.

Be it further resolved that a copy of this resolution be presented to the Honorable R. Raye Felder.

The Resolution was adopted.

Smith, Spann-Wilder, Stavrinakis, Taylor, Thayer, Thigpen, Trantham, Vaughan, Weeks, West, Wetmore, Wheeler, White, Whitmire, Williams, Willis, Wooten and Yow: A HOUSE RESOLUTION TO CONGRATULATE AND COMMEND THE HONORABLE RUSSELL L. OTT ON HIS COMMITTED SERVICE IN THE SOUTH CAROLINA HOUSE OF REPRESENTATIVES OVER THE PAST ELEVEN YEARS AND TO WISH HIM FELICITY AND SUCCESS IN ALL HIS FUTURE ENDEAVORS.

Whereas, for eleven years, the Honorable Russell L. Ott has faithfully represented the citizens of District 93 (Calhoun, Lexington, and Orangeburg counties) in the South Carolina House of Representatives; and

Whereas, a resident of St. Matthews, Russell L. Ott is the son of Harry L., Jr., and Linda Fleming Ott. In preparation for his career, he earned a bachelor’s degree at Clemson University in 2000, followed by an MPA at the University of South Carolina in 2003. He is the proud father of two children, Lawson Legare and Bryce Jameson, and, like his father, former state representative Harry Ott, he is a businessman and farmer; and

Whereas, during his time of service in the House of Representatives, Russell Ott has proven his worth as a member of several committees, most recently the Labor, Commerce and Industry Committee, as well as the Legislative Oversight Committee; and

Whereas, in addition, Representative Ott has served as town administrator for Elloree, North, and Neeses and as a lobbyist for the South Carolina Farm Bureau Federation, being also a former member of the South Carolina Farm Bureau (2004-2013). Further, this man of faith serves the Lord as a member of Andrew Chapel United Methodist Church; and

Whereas, understanding that Russell Ott will retire as a House member at the end of his present term of office, his colleagues in the House of Representatives wish to thank him for his strong dedication to the people of District 93 and extend sincere good wishes for all the best life has to offer in the coming years. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, congratulate and commend the Honorable Russell L. Ott on his committed service in the South Carolina House of Representatives over the past eleven years and wish him felicity and success in all his future endeavors.

Be it further resolved that a copy of this resolution be presented to the Honorable Russell L. Ott.

The Resolution was adopted.

HOUSE RESOLUTION

The following was introduced:

H. 5417 -- Reps. G. M. Whereas, the members of the South Carolina House of Representatives learned with sincere regret that Representative Henegan will depart from the House of Representatives at the conclusion of her current term; and

Whereas, born on June 22, 1948, in Fairmont, North Carolina, she is the daughter of the late Lawrence Moore and the late Vernell Moore, and she earned a bachelor’s degree and a master’s degree from Francis Marion University. She also earned an education specialist degree in administration from Winthrop University and completed further studies in administration at South Carolina State University; and

Whereas, Representative Henegan was a charter member of the Upsilon Sigma Omega Chapter of Alpha Kappa Alpha Sorority, Inc., and served on the Alpha Kappa Alpha Sorority International Programs Commission from 2006 to 2010 and on the International Internal Leadership for External Services Commission from 2010 to 2014; and

Whereas, she married her beloved husband, Ronald Benjamin Henegan, Sr., in 1969, and together they reared two fine children, LaRhonda Henegan Williams and Ronald “Ronnie” Benjamin Henegan, Jr. When away from her duties in the House of Representatives, she lives in Bennettsville and is retired from teaching and serving as an assistant superintendent; and

Whereas, deeply involved in her community, Representative Henegan served as president of Marlboro County First Steps and as a member of the Man2Man Fatherhood Initiative, both in 1998. She served as chairman of Marian Wright Edelman Library from 2005 to 2013 and as lieutenant governor of Carolinas District 20 in 2012; and

Whereas, she was a member of Leadership South Carolina in 1991 and served as a member of its board from 1992 to 1994. She served as a member of the Lake Paul A. Wallace Authority in 2014, a member of the Pee Dee Citizens Commission on Judicial Qualifications in 2010, and a trustee of Kiwanis of the Carolinas in 2012; and

Whereas, Representative Henegan has faithfully served the citizens of District 54 in Chesterfield, Darlington, and Marlboro counties since 2015, most recently during that time serving on the Judiciary and Rules committees; and

Whereas, in all of her service, she has provided deliberative and thoughtful insight to her colleagues in the House of Representatives; and

Whereas, the members of the House of Representatives will miss the keen and impassioned service that Pat Henegan, their friend and colleague, has given them, and they hope that she will enjoy deep fulfillment in the years to come. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, recognize and commend the Honorable Patricia Moore "Pat" Henegan of Marlboro County for her dedicated service in the House of Representatives on behalf of her constituents and the citizens of South Carolina and wish her much success and happiness in all her future endeavors.

Be it further resolved that a copy of this resolution be presented to the Honorable Representative Patricia Moore "Pat" Henegan.

The Resolution was adopted.

HOUSE RESOLUTION

The following was introduced:

H. 5418 -- Reps. G. M. Smith, Spann-Wilder, Stavrinakis, Taylor, Thayer, Thigpen, Trantham, Vaughan, Weeks, West, Wetmore, Wheeler, White, Whitmire, Williams, Willis, Wooten and Yow: A HOUSE RESOLUTION TO COMMEND BART T. BLACKWELL FOR EIGHT YEARS OF COMMITTED SERVICE TO THE CITIZENS OF HOUSE DISTRICT 81 IN AIKEN COUNTY AND TO WISH HIM SUCCESS AND FULFILLMENT IN ALL HIS FUTURE ENDEAVORS.

Whereas, for eight years and with great integrity, Bart T. Blackwell has represented the citizens of Aiken County District 81 in the House of Representatives of this great State; and

Whereas, Representative Blackwell was born in Buffalo, New York, on September 14, 1960. He attended the University of Buffalo for one year before transferring to the College of Charleston. He excelled in his studies and graduated cum laude with a bachelor’s degree in economics and a minor concentration in political science. However, the most rewarding part of his time in college was meeting his wife, Paula; and

Whereas, shortly after graduation, Representative Blackwell had the opportunity to pursue his passion for aviation and accepted an appointment to the United States Air Force Officer Training School. After receiving his commission, he attended navigator flight school

where he graduated in the top ten percent of his class and was designated a Distinguished Graduate. He then spent six years on active duty, earned a master's degree from the University of California, and obtained the rank of captain. Later, he furthered his education by attending and graduating from Leadership Aiken County; and

Whereas, Representative Blackwell spent a few years managing programs for a defense contractor in Charleston and consulting with the Department of Defense's Joint Center for Flexible Computer Integrated Manufacturing before he launched an engineering development company to create a new hospital bed that enhances the quality of life for bedbound patients. The product received Underwriter Laboratory and FDA approvals and was awarded two patents. In 1999, he took control of the existing B & S Machine Tool operation and with his leadership, doubled the size of the operation; and

Whereas, Representative Blackwell always has been committed to serving others, from his military service to his service as a board member and chairman for the Greater Aiken Chamber of Commerce's Board of Directors to his service as a member of the South Carolina House of Representatives. He began his tenure in the General Assembly in 2017 serving continuously for eight years. His contributions include serving on the House Labor, Commerce and Industry Committee; and

Whereas, Representative Blackwell is married to Paula Epting and the couple are the parents to two beautiful children, Matthew and Daniel. He always made time for his sons, serving as their Cub Scout den leader, youth baseball coach, and youth soccer coach; and

Whereas, in all of his service, he has provided the House of Representatives with sound business insight and the wisdom of a man of character. The members will miss the valuable contributions that Representative Blackwell has bestowed upon the House of Representatives, and hope he finds much enjoyment in the days ahead. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, commend Bart T. Blackwell for eight years of committed service to the citizens of House District 81 in Aiken County and wish

him success and fulfillment in all his future endeavors.

Be it further resolved that a copy of this resolution be presented to Bart T. Blackwell.

The Resolution was adopted.

Whereas, for eight years and with great integrity, the Honorable Jason Elliott has represented the citizens of Greenville County’s District 22 in the House of Representatives of this great State; and

Whereas, born on July 1, 1970, this native and current resident of Greenville is the son of Darry Elliott and Donna E. Davenport and the proud father of Barnes Elliott; and

Whereas, in preparation for his life's work, the young Jason earned his bachelor's degree at Clemson University (1993), followed three years later by his Juris Doctor from the University of South Carolina; and

Whereas, before being elected to guard the freedom and safety of his fellow citizens, Jason Elliott served as assistant solicitor for the Tenth Judicial Circuit (1996-1999) and district director for U.S. Representative Jim DeMint (1999-2003); and

Whereas, Representative Elliott believes strongly in personal involvement with his community, and his convictions have led him to serve that community in several capacities. These include service in the Rotary Club of Greenville (1999-present; president, 2008), Greenville Tech Charter High School (board member, 2002-2006; chairman, 2005-2006), Greenville County Legislative Delegation Transportation Committee (2011-2016), and Triune Mercy Center; and

Whereas, in 2016, Jason Elliott was elected to the South Carolina House of Representatives, where he proved his value as a member of various committees, most recently the Judiciary Committee. Over the course of his legislative years in the House, he focused on fixing critical infrastructure and ensuring that Greenville County got its fair share of state funds for road improvements; and

Whereas, Jason Elliott's colleagues in the House of Representatives thank him for his dedicated service to the people of District 22 and extend heartiest wishes for all the best life has to offer in the coming years. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, commend the Honorable Jason Elliott for his eight years of committed service to the citizens of House District 22 in Greenville County and wish him success and fulfillment in all his future endeavors.

Be it further resolved that a copy of this resolution be presented to the Honorable Jason Elliott.

The Resolution was adopted.

Whereas, the members of the South Carolina House of Representatives learned with sincere regret that Representative Ivory Thigpen will depart from the House of Representatives at the conclusion of his current term; and

Whereas, born on May 11, 1978, in Jackson, Mississippi, he is the son of Ivory Curtis and Carolyn Roberson Thigpen, and he earned a bachelor’s degree from Jackson State University in 2000, a master’s degree from Palmer College of Chiropractic in 2005, and a master’s degree in 2013 from Morehouse School of Religion at the Interdenominational Theological Center in Atlanta, Georgia; and

Whereas, in 1998, Representative Thigpen was honored with inclusion

in Beta Kappa Chi, the Scientific Honor Society, and Theta Phi, the Theological Honor Society in 2012; and

Whereas, in 2000, he served as the chapter strategist for the Kappa Alpha Psi fraternity's Delta Delta chapter. He was the chapter president of the Student American Black Chiropractic Association-Palmer chapter in 2003 and on the Palmer College Ethics Board in 2004. He also served as a legislative representative for the Student American Chiropractic Association in 2004; and

Whereas, Representative Thigpen served as moderator for the Fairfield County Missionary Baptist and Educational Association in 2012 and on the executive board of the Baptist Educational and Missionary Convention of South Carolina in 2012. He served on the executive board of the National Baptist Convention, USA, Inc., in 2015; and

Whereas, devoted to the spiritual well-being of his community, he served as a chaplain for Providence Hospitals in 2013 and for the Columbia Police Department in 2015; and

Whereas, together he and his beloved wife, Martia Creighton, are rearing four fine children: Uriaha, Ivana, Ivory III, and Ananias. When away from his duties in the House of Representatives, he is a pastor and a chiropractic physician; and

Whereas, Representative Thigpen has faithfully served the Richland County citizens of District 79 in the House of Representatives since 2017. Most recently during that time, he served on the Judiciary and the Rules committees, as well as serving as the twenty-sixth chairman of the South Carolina Legislative Black Caucus; and

Whereas, in all of his service, he has provided serious consideration and wisdom to his colleagues concerning issues before the House; and

Whereas, the members of the House of Representatives will miss the dedicated and impassioned service that Ivory Thigpen, their friend and colleague, has given to the House of Representatives, and they hope that he will enjoy deep fulfillment in the years ahead. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by

this resolution, recognize and commend the Honorable Ivory Torrey Thigpen of Richland County for his dedicated service in the House of Representatives on behalf of his constituents and the citizens of South Carolina and wish him much success and happiness in all his future endeavors.

Be it further resolved that a copy of this resolution be presented to the Honorable Ivory Torrey Thigpen.

The Resolution was adopted.

HYDE, JR., OF SPARTANBURG COUNTY FOR HIS DEDICATED SERVICE IN THE HOUSE OF REPRESENTATIVES ON BEHALF OF HIS CONSTITUENTS AND THE CITIZENS OF SOUTH CAROLINA AND TO WISH HIM MUCH SUCCESS AND HAPPINESS AS HE LEAVES THIS CHAMBER.

Whereas, the members of the South Carolina House of Representatives learned with sincere regret that Max T. Hyde, Jr., will depart from the House of Representatives at the conclusion of his current term; and

Whereas, born in Spartanburg on October 29, 1973, he is the son of Max T. Hyde, Sr., and Alicia Ruth Fusselle. He earned a bachelor’s degree from Davidson College in 1995, studying abroad at Oxford University from 1993 to 1994, and a juris doctorate from the University of South Carolina School of Law in 2000; and

Whereas, he married his beloved wife, Eliza Howell, in 2004, and together they are the parents of four fine children: Llewellyn Ruth, Max Thomas III, Eliza Rose, and Annabelle Beatrice. A faithful member of First Presbyterian Church of Spartanburg, he serves the congregation as a deacon; and

Whereas, when away from his duties in the House of Representatives, he works as an attorney in Spartanburg. Deeply involved in his community, he has found time to volunteer as a member of the Rotary

Club of Spartanburg since 2006, and served as its president in 2018. He also served on the Spartanburg County Commission for Higher Education from 2015 to 2017, and is a past member of the Spartanburg City Council. He was honored with the 2019 Business Advocate Award from the South Carolina Chamber of Commerce; and

Whereas, he has faithfully served the citizens of Spartanburg's District 32 in the House of Representatives since 2019, most recently as a member of the Regulations and Administrative Procedures Committee and the Ways and Means Committee. Always collegial and professional, he has contributed thoughtful debate and deliberation, as well as an informed perspective, to important public policy considerations facing the Palmetto State; and

Whereas, the members of the House of Representatives will miss the reasoned and engaged service that Max Hyde, their friend and colleague, has given to the House of Representatives, and hope that he will enjoy deep fulfillment in the years ahead. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, recognize and commend the Honorable Max T. Hyde, Jr., of Spartanburg County for his dedicated service in the House of Representatives on behalf of his constituents and the citizens of South Carolina and wish him much success and happiness as he leaves this chamber.

Be it further resolved that a copy of this resolution be presented to the Honorable Max T. Hyde, Jr.

Whereas, the members of the South Carolina House of Representatives learned with sincere regret that Adam Morgan will depart from the House of Representatives at the conclusion of his current term; and

Whereas, born in 1989 in Dallas, Texas, he is the son of Michele and Timothy Morgan, and he earned a bachelor’s degree from Bob Jones University in 2011 and a juris doctorate from the University of South Carolina School of Law in 2015; and

Whereas, he married his beloved wife, the former Megan Hamilton, in 2016, and together in Taylors they are rearing three fine children: Ella Marie, Hamilton Michael, and Harrison Cato; and

Whereas, a faithful member of Morningside Baptist Church, he serves the congregation as a deacon and his denomination on the board of Open Door Baptist Missions, and he has served his community as a board member of Hope for the Home; and

Whereas, when away from his duties in the House of Representatives, he serves as president of Majesty Music, Inc. Several years ago, he set aside a career as an attorney to help his in-laws with their family

business, Majesty Music, Inc., which produces the audio series Patch the Pirate; and

Whereas, he has faithfully served the citizens of District 20 in Greenville in the House of Representatives since 2019, most recently during that time he served on the Education and Public Works Committee and on the Legislative Oversight Committee; and

Whereas, in all of his service, he has provided insightful discourse with his colleagues in the House of Representatives; and

Whereas, the members of the House of Representatives will miss the keen and impassioned service that Adam Morgan, their friend and colleague, has given to the House of Representatives, and hope that he will enjoy deep fulfillment in the years to come. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, recognize and commend the Honorable Adam M. Morgan of Greenville County for his dedicated service in the House of Representatives on behalf of his constituents and the citizens of South Carolina and wish him much success and happiness in all his future endeavors.

Be it further resolved that a copy of this resolution be presented to the Honorable Adam M. Morgan.

The Resolution was adopted.

JONES OF LAURENS COUNTY FOR HIS DEDICATED SERVICE IN THE HOUSE OF REPRESENTATIVES ON BEHALF OF HIS CONSTITUENTS AND THE CITIZENS OF SOUTH CAROLINA AND TO WISH HIM MUCH SUCCESS AND HAPPINESS AS HE LEAVES THIS CHAMBER.

Whereas, the South Carolina House of Representatives learned with sincere regret that Representative Stewart Jones will depart from the House of Representatives at the conclusion of his current term; and

Whereas, an eighth generation South Carolinian, he is the son of Les and Valerie Stewart Jones and was born in Greenwood on March 20, 1983. He earned an associate degree from Piedmont Technical College in 2009, and he is a 2015 graduate of the South Carolina Economic Development Institute; and

Whereas, Representative Jones married his beloved wife, Kelly Wasson, and together they are rearing two fine children, Lillie and Emma Grace. The founder in 2010 and business owner of Greenwood I.T., LLC, he is busy with the company when away from his duties in the House of Representatives. He has been a certified bitcoin professional (CBP) and has been a writer/contributor to the Foundation for Economic Education (FEE.org) since 2017; and

Whereas, an active member of First Baptist Church of Laurens, Representative Jones has served his party as chairman of the Lakelands Republican Liberty Caucus from 2012 to 2014 and as a state board member of the Laurens County Republican Liberty Caucus (RLC) from 2013 to 2016; and

Whereas, deeply involved in his community, Representative Jones served as a member of the Laurens Farm Bureau and as a Laurens County councilman, both since 2014. He served as the chairman of Laurens County Public Works and as a member of Laurens County Health, Welfare and Public Safety Commission from 2015 to 2017. He was chairman of Laurens County Park and Tourism and of Laurens County Planning and Intergovernmental Affairs from 2017 to 2019; and

Whereas, a proud member of the National Rifle Association (NRA) and of the Hunley Commission, he has faithfully served the citizens of Laurens County's District 14 in the House of Representatives since 2019, and most recently during that time he served on the Education and Public Works Committee and as the second vice chair of the Interstate Cooperation Committee; and

Whereas, his service has been honored with Laurens County Republican Party's 2017 Local Government Official of the Year and the 2020 RLC Liberty Super Hero. In all of his service, he has provided enthusiastic and reasoned advice on matters before the House; and

Whereas, the members of the House of Representatives will miss the keen and impassioned service that Stewart Jones, their friend and colleague, has given to the House of Representatives and hope that he will enjoy deep fulfillment in the years ahead. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, recognize and commend the Honorable Stewart O. Jones of Laurens County for his dedicated service in the House of Representatives on behalf of his constituents and the citizens of South Carolina and wish him much success and happiness as he leaves this chamber.

Be it further resolved that a copy of this resolution be presented to the Honorable Stewart O. Jones.

The Resolution was adopted.

NUTT OF SPARTANBURG COUNTY FOR HIS DEDICATED SERVICE IN THE HOUSE OF REPRESENTATIVES ON BEHALF OF HIS CONSTITUENTS AND THE CITIZENS OF SOUTH CAROLINA AND TO WISH HIM MUCH SUCCESS AND HAPPINESS IN ALL HIS FUTURE ENDEAVORS.

Whereas, the members of the South Carolina House of Representatives learned with sincere regret that Representative Roger Nutt will depart from the House of Representatives at the conclusion of his current term; and

Whereas, born in Johnson City, Tennessee, on September 20, 1965, Representative Nutt is the son of Frank “Mac” Nutt and the late Sandra Nutt. He moved to South Carolina the year after he was born and has lived in Moore ever since. He earned a bachelor’s degree from Tennessee Tech University in 1989; and

Whereas, he married his beloved wife, Tracy Fennell, in 2001, and he has reared three fine children: Collin Nutt, Kaitlin Hinton, and Luke Nutt

and is blessed with one grandchild. When away from his duties in the House of Representatives, he is an engineer and the owner of TNC Engineering, LLC; and

Whereas, a faithful member of Central Church of Christ from 1966 to 2018, he was a founding member of West Spartanburg Church of Christ; and

Whereas, he is a member of the Animal Allies Board of Directors and is a supporter of the National Deer Association, formerly the Quality Deer Management Association. He is also a life member of the National Rifle Association; and

Whereas, deeply involved in his community, he served as the commissioner of SJWD Water District (Startex-Jackson-Wellford-Duncan) from 2008 to 2010, and he represented District 6 on the Spartanburg County Council from 2010 to 2020. He has also served as a member of the South Carolina Workforce Development Board; and

Whereas, he has faithfully served the citizens of Spartanburg's District 34 in the House of Representatives since 2021, and most recently during that time, he served on the Labor, Commerce and Industry Committee. In all of his service, he has provided clear and reasoned advice in matters before the House; and

Whereas, the members of the House of Representatives will miss the persuasive and impassioned service that Roger Nutt, their friend and colleague, has given to the House of Representatives, and hope that he will enjoy deep fulfillment in the years to come. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, recognize and commend the Honorable Roger A. Nutt of Spartanburg County for his dedicated service in the House of Representatives on behalf of his constituents and the citizens of South Carolina and wish him much success and happiness in all his future endeavors.

Be it further resolved that a copy of this resolution be presented to the Honorable Roger A. Nutt.

The Resolution was adopted.

Smith, Spann-Wilder, Stavrinakis, Taylor, Thayer, Thigpen, Trantham, Vaughan, Weeks, West, Wetmore, Wheeler, White, Whitmire, Williams, Willis, Wooten and Yow: A HOUSE RESOLUTION TO CONGRATULATE AND COMMEND THE HONORABLE J. BENJAMIN "BEN" CONNELL ON HIS MERITORIOUS SERVICE IN THE SOUTH CAROLINA HOUSE OF REPRESENTATIVES OVER THE PAST TWO YEARS AND TO WISH HIM CONTENTMENT AND SUCCESS IN ALL HIS FUTURE ENDEAVORS.

Whereas, for two years, the Honorable J. Benjamin “Ben” Connell with faithful integrity has represented the citizens of Kershaw County’s District 52 in this great state’s House of Representatives; and

Whereas, born in 1982, Ben Connell is the son of Joseph and Kerry Connell; and

Whereas, in preparation for his life’s work, the young Ben earned his bachelor’s degree at the University of North Carolina at Chapel Hill in

2007, followed by a Juris Doctor in 2010; and

Whereas, this resident of Lugoff serves his community as an attorney at Connell Law Firm, LLC. Well-respected by both his colleagues and members of his community, he was selected to participate in the South Carolina Bar Leadership Academy, Young Lawyers Division, for 2014-2015; and

Whereas, Representative Connell strongly believes in active community involvement, and he puts his convictions into action by serving his community and beyond in various capacities. Ben is past president of the Kershaw County Bar Association, member of the Kershaw County Public Facilities Corporation Board, past adjunct professor at the Charleston School of Law (2013), past performer with the Charleston Men's Chorus, current performer with the Renaissance Vocal Group, patriotic soloist for various events throughout South Carolina, and a former missionary with his church; and

Whereas, during his time of service in the House of Representatives, Ben Connell has proven his worth as a member of the Judiciary Committee. Prior to taking up his duties in the House, he served as a Kershaw County councilman (District Three, 2016-2022); and

Whereas, Ben finds strength for his labors in the solid support of his family: his beautiful wife, Kristin; and their three delightful children, Annabelle, Alexis, and Bennett; and

Whereas, understanding that Ben Connell plans to retire as a House member at the end of his present term of office, his colleagues in the House of Representatives wish to thank him for his strong dedication to the people of District 52 and extend sincere good wishes for all the best life has to offer in the coming years. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, congratulate and commend the Honorable J. Benjamin "Ben" Connell on his meritorious service in the South Carolina House of Representatives over the past two years and wish him contentment and success in all his future endeavors.

Be it further resolved that a copy of this resolution be presented to the Honorable J. Benjamin “Ben” Connell.

The Resolution was adopted.

M. Smith, Spann-Wilder, Stavrinakis, Taylor, Thayer, Thigpen, Trantham, Vaughan, Weeks, West, Wetmore, Wheeler, White, Whitmire, Williams, Willis, Wooten and Yow: A HOUSE RESOLUTION TO COMMEND THE HONORABLE MATTHEW W. "MATT" LEBER FOR HIS TWO YEARS OF COMMITTED SERVICE TO THE CITIZENS OF HOUSE DISTRICT 116 IN CHARLESTON AND COLLETON COUNTIES AND TO WISH HIM SUCCESS AND FULFILLMENT IN ALL HIS FUTURE ENDEAVORS.

Whereas, for two years, the Honorable Matthew W. “Matt” Leber has faithfully represented the citizens of Charleston and Colleton counties’ District 116 in the House of Representatives of this great State; and

Whereas, born in 1973 in Washington, North Carolina, the young Matt graduated from Mitchell Community College with an associate degree (2003) and attended the University of Maryland; and

Whereas, before being elected to guard the faith, families, and freedom

of his fellow citizens, this patriotic American served his country between 1991 and 1998 as a paratrooper and in the 10th Special Forces Group. He is a decorated combat veteran who was awarded the Army Commendation Medal after five years in Germany and Bosnia; and

Whereas, after earning his degree in business management, Matt felt the events of 9/11 driving him to serve his country once again, this time by working for multiple federal agencies until 2011. He and his wife, Michele, operate a rental business with homes in South Carolina, Georgia, and Florida. Recently, they resized their business so Matt could turn his complete attention to serving his beloved home state of South Carolina as a member of the General Assembly; and

Whereas, in 2022, Matt Leber was elected to the South Carolina House of Representatives, where he has proven his value as a member of various committees, most recently the Judiciary Committee. He also was chairman of the Freshman Caucus in 2022; and

Whereas, Representative Leber believes strongly in personal involvement with his community, and his convictions have led him to serve that community in several capacities. These include former or present membership in the Veterans of Foreign Wars, Charleston Rifle Club, American Legion (Hollywood, Post 145), Red Truck Men's Prayer Group, and Greater Lowcountry Republican Club. A man of faith, he finds his spiritual home at Adam's Run Baptist Church; and

Whereas, in the firm support of his family, Matt finds strength to carry out his duties. He and his lovely wife are the proud parents of three children, Savannah, Lucas, and Kensington. The Lebers reside on Johns Island; and

Whereas, Matt Leber's colleagues in the House of Representatives, understanding that he will not seek re-election, thank him for his dedicated service to the people of District 116 and extend heartiest wishes for all the best life has to offer in the coming years. Now, therefore,

Be it resolved by the House of Representatives:

That the members of the South Carolina House of Representatives, by this resolution, commend the Honorable Matthew W. "Matt" Leber for

his two years of committed service to the citizens of House District 116 in Charleston and Colleton counties and wish him success and fulfillment in all his future endeavors.

Be it further resolved that a copy of this resolution be presented to the Honorable Matthew W. “Matt” Leber.

The Resolution was adopted.

O'NEAL FOR HIS COMMITTED SERVICE TO THE SOUTH CAROLINA HOUSE OF REPRESENTATIVES AND THE CITIZENS OF DISTRICT 66 IN YORK COUNTY AND TO WISH HIM SUCCESS IN ALL HIS FUTURE ENDEAVORS UPON HIS RETIREMENT FROM THE HOUSE OF REPRESENTATIVES.

Whereas, the Honorable David L. O’Neal has faithfully represented the citizens of York County’s District 66 for two years in the House of Representatives of this great State; and

Whereas, Representative O'Neal is no stranger to service, he retired as a Lieutenant Colonel from the United States Army after serving from 1985 to 2005, part of which time he was a paratrooper with the 82nd Airborne Division in Fort Bragg, North Carolina. He was the District Director of the South Carolina 5th Congressional District from 2017 to 2022, and served as Mayor *Pro Tempore* of Tega Cay for two years prior to being elected Mayor of Tega Cay in 2018 where he served until 2021; and

Whereas, Representative O'Neal graduated from Texas Christian University with a Bachelor of Arts in business administration in 1982. He also earned a Bachelor of Arts in political science in 2012 and a Master of Arts in teaching in 2013, both from Winthrop University; and

Whereas, in 2022, Representative O'Neal was elected to the South Carolina House of Representatives, where he has proven his value as a member of the Medical, Military, Public and Municipal Affairs Committee. He provided the House of Representatives with valuable insight and the wisdom of a man of integrity. He strove to serve the people of this great State and of District 66 with their best interests in mind; and

Whereas, the members will miss the valuable contributions that Representative O'Neal has bestowed upon the House of Representatives. On the occasion of his departure from the House of Representatives, his House colleagues, grateful for Representative O'Neal's dedicated service to this body and to the people of District 66, extend warmest best wishes for much contentment and blessing in the days to come. Now, therefore,

Be it resolved by the House of Representatives:
That the members of the South Carolina House of Representatives, by this resolution, commend the Honorable David L. O'Neal for his committed service to the South Carolina House of Representatives and the citizens of District 66 in York County and wish him success in all his future endeavors upon his retirement from the House of Representatives.

Be it further resolved that a copy of this resolution be presented to the Honorable David L. O'Neal.

The Resolution was adopted.

H. 4552--SENATE AMENDMENTS AMENDED AND RETURNED TO THE SENATE

The Senate Amendments to the following Bill were taken up for consideration:

H. 4552 -- Reps. Pendarvis, Clyburn, Henegan, M. M. Smith, B. L. Cox, Robbins, Brewer, King, Wheeler, Henderson-Myers, Erickson, Stavrinakis, Weeks, Davis, Rivers and Gilliard: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 31-12-30, RELATING TO REDEVELOPMENT OF FEDERAL MILITARY INSTALLATIONS DEFINITIONS, SO AS TO PROVIDE THAT A REDEVELOPMENT PROJECT INCLUDES CERTAIN AFFORDABLE HOUSING PROJECTS.

Rep. Murphy proposed the following Amendment No. 1A to H. 4552 (LC-4552.HDB0006H), which was adopted:

Amend the bill, as and if amended, by adding appropriately numbered SECTIONS to read:

SECTION X. Section 12-10-88 of the S.C. Code is amended to read:

Section 12-10-88. (A) Subject to the conditions provided in subsection (B), South Carolina individual income tax withholding equal to five percent of all South Carolina wages paid with respect to employees that are employed by a federal employer at a closed or realigned federal installation must be remitted by the department to the redevelopment authority vested with authority under Section 31-12-

40(A) to oversee the closed or realigned federal installation. The amounts of withholding collected and remitted to the applicable redevelopment authority are referred to as "redevelopment fees".

(B) The department shall remit the redevelopment fees during the period described in subsection (C) for each calendar quarter for which the redevelopment authority provides the department with a timely statement from the federal employer that employs the employees working at the closed or realigned federal installation setting forth the number of employees employed at the installation, the total wages paid to these employees, and the total amount of South Carolina withholding withheld from the employees for each quarter. In order to receive the redevelopment fees for the applicable quarter, the redevelopment authority shall submit the statement within thirty days of the later of the date that the federal employer's South Carolina withholding tax return is due or the date the federal employer files the withholding tax return. The department may extend the time for submission of the statement at its discretion.

(C) Redevelopment fees may be remitted to the applicable redevelopment authority for any quarter beginning on or after the date that the applicable redevelopment authority first submits the information described in subsection (B) to the department. If the redevelopment authority fails to provide the department with the required statement within the requisite time limits, no redevelopment fees must be remitted for that quarter. ~~Notwithstanding subsection (A), the redevelopment fee remitted by the department in any fiscal year may not exceed the amount remitted in Fiscal Year 2014-2015.~~

(D) Neither the federal employer nor the applicable redevelopment authority is required to meet the requirements of Section 12-10-50 for subsection (A) to apply and the restrictions contained in Section 12-10-80(C) do not apply to redevelopment fees.

(E) For purposes of this section "closed or realigned federal installation" means:

(1) until ~~January 1, 2028,~~ June 30, 2044, a federal defense site in which permanent employment was reduced by three thousand or more jobs from the level of such jobs on December 31, 1990, or a federal military base or installation which has been closed or realigned under:

(a) the Defense Base Closure and Realignment Act of 1990;

(b) Title 11 of the Defense Authorization Amendments and Base Closure and Realignment Act; or

(c) Section 2687 of Title 10, United States Code.

SECTION X. SECTION 15 of Act 356 of 2002 is amended to read:

SECTION 15. Notwithstanding any other provision of law the Charleston Naval Complex Redevelopment Authority (RDA), upon receiving ownership from the United States of America, shall convey certain parcels of real property to the City of North Charleston as per the mutual agreement described hereafter. These parcels shall be delineated through a mutual agreement between the City of North Charleston and the South Carolina State Ports Authority that takes into account the respective needs of each entity in the property south of Necessary Street. All conveyances shall be at no consideration once the City of North Charleston and the South Carolina State Ports Authority have entered into a memorandum of understanding and agreement for the operation of breakbulk, roll on roll off, and container terminals and dock operations on appropriate properties that are subject to the oversight or control of the Charleston Naval Complex Redevelopment Authority. The City of North Charleston shall honor all existing leases as negotiated by the Charleston Naval Complex Redevelopment Authority prior to the effective date of this section. Furthermore, all properties conveyed shall retain any Tax Increment Finance District status, any state or federal grants applied to the area, and any state revenues currently directed to the Charleston Redevelopment Authority on a per acre basis for the relative properties conveyed to the City of North Charleston. ~~In addition, any revenues received from the State under the Rural Development Act relating to the number of federal employees at the naval complex shall be shared pursuant to the location of the jobs on the complex.~~

Rep. MURPHY explained the amendment.

The amendment was then adopted.

Rep. Herbkersman proposed the following Amendment No. 2A to H. 4552 (LC-4552.HDB0005H), which was adopted:

Amend the bill, as and if amended, by adding appropriately numbered SECTIONS to read:

SECTION X. Article 1, Chapter 3, Title 31 of the S.C. Code is amended by adding:

Section 31-3-60. A member of an affordable housing limited liability company must refrain from competing with the company in the conduct of the company's business before the dissolution of the company. This section does not apply when the member becomes a member of another limited liability company and that company does not

have an enforceable noncompete provision in their operating agreement.

SECTION X. Section 33-44-409(b) of the S.C. Code is amended to read:

(b) A member's duty of loyalty to a member-managed company and its other members is limited to the following:

(1) to account to the company and to hold as trustee for it any property, profit, or benefit derived by the member in the conduct or winding up of the company's business or derived from a use by the member of the company's property, including the appropriation of a company's opportunity;

(2) to refrain from dealing with the company in the conduct or winding up of the company's business as or on behalf of a party having an interest adverse to the company; and

(3) to refrain from competing with the company in the conduct of the company's business before the dissolution of the company. This item does not apply when the member becomes a member of another limited liability company and that company does not have an enforceable noncompete provision in their operating agreement.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Malachi 3:10: "'Put me to the test,' says the Lord of hosts, 'if I will not open the windows of heaven for you and pour down for you a blessing until there is no more need.'"

Let us pray. Blessings and honor and might be with these Representatives and Staff as they strive to do the very best for the people of South Carolina. Keep these, Your people, in Your love and care as the women and men respond to the needs of all. Bless them in their endeavor. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who give of their time and talent to this great cause that has been given to us. Protect our Armed Forces, first responders, and those with hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER ordered it confirmed.

SENT TO THE SENATE

The following Bill was taken up, read the third time, and ordered sent to the Senate:

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 12:00 noon.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Zephaniah 3:9: "At that time I will change the speech of the people to a pure speech, that all of them may call on the name of the Lord and serve him with one accord."

Let us pray. Heavenly Father, help us open our arms to those around us and invite them, too, to the feast You have prepared for us. Guide these Representatives and Staff as they work for the people of South Carolina. Bless our defenders of freedom and first responders as they care for us. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who labor in these Halls of Government. Protect our military and those with hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER *PRO TEMPORE*.

After corrections to the Journal of the proceedings of Friday, the SPEAKER *PRO TEMPORE* ordered it confirmed.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Lamentations 3:41: "Let us lift up our hearts as well as our hands to God in Heaven."

Let us pray. Blessings and glory and might be with these Representatives and Staff as they go about the duties to be accomplished today. Fill them with energy as they work for the people of South Carolina. Bless our defenders of freedom and first responders as they care for us. Guide us in every step we make. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who give of their time and support to care for each of us. Protect our men and women in the Armed Forces who keep us safe. Bless and care for those with hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by ACTING SPEAKER HIOTT.

After corrections to the Journal of the proceedings of yesterday, the ACTING SPEAKER HIOTT ordered it confirmed.

(Statewide Session)

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Psalm 23:4: "Even though I walk through the darkest valley, I fear no evil; for you are with me; your rod and your staff—they comfort me."

Let us pray. Shepherding God, we are thankful that Your care for us is never ending and filled with Your abundant goodness and mercy. Cause Your blessings to be upon our defenders of freedom and first responders. Bless our World, Nation, President, State, Governor, Speaker, Staff, and those who provide all things for the people of South Carolina. Look in favor upon our men and women who serve in our Armed Forces. Bring health to our hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER ordered it confirmed.

MOTION ADOPTED

Rep. FORREST moved that when the House adjourns, it adjourn in memory of Jonathan Allen, which was agreed to.

Jonathan Allen

Mr. Speaker, I move that when the House adjourns today, that it adjourn in memory of Jonathan Allen. Jonathan left this earth on March 14 of this year at the young age of 38. He grew up in Anderson, SC, and lived in Batesburg-Leesville for a number of years.

He lit up every room that he entered, and to know him was to love him.

Not only was he a great friend of mine, but he was also a great friend and shining light to all that knew him. He is sorely missed, but he lives on in the hearts of the many friends and family that he leaves behind.

Representative Cally R. "Cal" Forrest, Jr.

SILENT PRAYER

The House stood in silent prayer for the family and friends of Edward Bennett, husband of former Representative Bennett.

ABSTENTION FROM VOTING

April 25, 2024
The Honorable Speaker of the House Murrell Smith, Jr.
506 Blatt Building
Columbia, SC 29201

Dear Speaker Smith,

I am notifying you in accordance with S.C. Code Ann. Section 8-13-700 of the SC Code, I hereby recuse myself from voting on S. 845 relating to probate, testacy, and appointment proceedings. I will abstain from this vote because of a potential conflict of interest as an economic interest of myself and the business with which I am associated may be affected. Please note this in the House Journal.

Sincerely,
Rep. Leonidas E. “Leon” Stavrinakis

S. 845--ORDERED TO BE READ THIRD TIME TOMORROW

On motion of Rep. BERNSTEIN, with unanimous consent, it was ordered that S. 845 be read the third time tomorrow.

S. 142--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

S. 142 -- Senators Shealy, Gustafson, Goldfinch, Hutto, Jackson, Campsen, McLeod, Setzler and Garrett: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 16-3-2010, RELATING TO THE DEFINITION OF "SEX TRAFFICKING", SO AS TO EXPAND THE DEFINITION TO INCLUDE SEXUAL EXPLOITATION OF A MINOR AND PROMOTING OR PARTICIPATING IN PROSTITUTION OF A MINOR; AND BY AMENDING SECTION 16-3-2020, RELATING TO TRAFFICKING IN PERSONS, PENALTIES, MINOR VICTIMS AND DEFENSES, SO AS TO PROVIDE THAT A SEX TRAFFICKING VICTIM MAY RAISE DURESS AND COERCION AS AN AFFIRMATIVE DEFENSE TO NONVIOLENT OFFENSES COMMITTED AS A DIRECT RESULT OR INCIDENT TO THE TRAFFICKING, TO PROVIDE THAT A MINOR SEX TRAFFICKING VICTIM MAY NOT BE CONVICTED FOR NONVIOLENT OFFENSES COMMITTED AS A DIRECT RESULT

OR INCIDENT TO THE TRAFFICKING, AND TO PROVIDE THAT A MINOR SEX TRAFFICKING VICTIM CANNOT BE FOUND IN VIOLATION OF OR BE THE SUBJECT OF A DELINQUENCY PETITION IF THE MINOR'S CONDUCT WAS A DIRECT RESULT OF OR INCIDENTAL TO OR RELATED TO TRAFFICKING; AND SO AS TO PROVIDE THAT THE PROVISIONS IN THIS ACT ARE RETROACTIVE.

The Committee on Judiciary proposed the following Amendment No. 1 to S. 142 (LC-142.AHB0013H), which was adopted:

Amend the bill, as and if amended, SECTION 2, by striking Section 16-3-2020(F) and (G) and inserting:

(F) In a prosecution or adjudication of a person who is a victim of trafficking in persons, it is an affirmative defense that he was under duress or coerced into committing the offenses for which he is subject to prosecution or adjudication, if the offenses were committed as a direct result of, or incidental or related to, trafficking. A victim of trafficking in persons convicted or adjudicated delinquent of a violation of this article, ~~or~~ prostitution, or any other nonviolent offense may motion the court to vacate the conviction or adjudication and expunge the record of the conviction or adjudication for an offense committed as a direct result of, or incidental or related to, trafficking. The court may grant the motion on a finding by a preponderance of evidence that the person's participation in the offesnse was a direct result of, ~~being a victim.~~ or incidental to, being a victim of trafficking. An alleged victim of trafficking who files a motion to vacate a conviction or adjudication and expunge the record pursuant to this subsection must file reasonable notice of the motion with the original prosecuting agency for the underlying offense and reasonable notice must be given or attempted to be given to any victims pursuant to the Victim's Bill of Rights. For purposes of this subsection, nonviolent offense means all offenses not listed in Section 16-1-60.

(G) If the victim was a minor under the age of eighteen at the time of the offense, the victim of trafficking in persons may not be prosecuted ~~pursuant to~~ in court or adjudicated delinquent for a violation of this article, ~~for~~ a prostitution offense, or for any other nonviolent offense if it is determined after investigation that the victim committed the offense as a direct result of, or incidental or related to, trafficking. For purposes of this subsection, nonviolent offense means all offenses not listed in Section 16-1-60. ~~A person under the age of eighteen who is a victim of trafficking in persons in violation of this title shall not be found in~~

~~violation of or be the subject of a delinquency petition if it is determined after investigation that the victim's conduct was a direct result of, or incidental or related to, trafficking~~ However, the minor must be referred to the Department of Social Services to handle appropriately pursuant to the laws governing minor victims of trafficking.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Psalm 50:6: “Let everything that has breath praise the Lord!”

Let us pray. God who made our bodies and filled us with life, fill our lungs to shout Your praises today. Protect us from all harm and care for our defenders of freedom and first responders. Grant Your blessings on our World, Nation, President, State, Governor, Speaker, Staff, and all who give of their time and support to fulfill the needs of these Representatives and Staff. Protect our men and women in the service of our Country and those with hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER ordered it confirmed.

ORDERED ENROLLED FOR RATIFICATION

The following Bill was read the third time, passed and, having received three readings in both Houses, it was ordered that the title be changed to that of an Act, and enrolled for ratification:

S. 845 -- Senators Rankin, Sabb, Talley and Malloy: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 62-3-108, RELATING TO PROBATE, TESTACY, AND APPOINTMENT PROCEEDINGS; ULTIMATE TIME LIMIT, SO AS TO ALLOW APPROPRIATE APPOINTMENT PROCEEDINGS FOR AN ESTATE OF AN INDIVIDUAL REGARDLESS OF THE DATE OF DEATH, TO ALLOW APPOINTMENT PROCEEDINGS FOR THE PURPOSE OF ALLOWING A CLAIM PURSUANT TO THE "HONORING OUR PACT ACT OF 2022".

RETURNED TO THE SENATE WITH AMENDMENTS

The following Bill was taken up, read the third time, and ordered returned to the Senate with amendments:

S. 142 -- Senators Shealy, Gustafson, Goldfinch, Hutto, Jackson, Campsen, McLeod, Setzler and Garrett: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 16-3-2010, RELATING TO THE DEFINITION OF "SEX TRAFFICKING", SO AS TO EXPAND THE DEFINITION TO INCLUDE SEXUAL EXPLOITATION OF A MINOR AND PROMOTING OR PARTICIPATING IN PROSTITUTION OF A MINOR; AND BY AMENDING SECTION 16-3-2020, RELATING TO TRAFFICKING IN PERSONS, PENALTIES, MINOR VICTIMS AND DEFENSES, SO AS TO PROVIDE THAT A SEX TRAFFICKING VICTIM MAY RAISE DURESS AND COERCION AS AN AFFIRMATIVE DEFENSE TO NONVIOLENT OFFENSES COMMITTED AS A DIRECT RESULT OR INCIDENT TO THE TRAFFICKING, TO PROVIDE THAT A MINOR SEX TRAFFICKING VICTIM MAY NOT BE CONVICTED FOR NONVIOLENT OFFENSES COMMITTED AS A DIRECT RESULT OR INCIDENT TO THE TRAFFICKING, AND TO PROVIDE THAT A MINOR SEX TRAFFICKING VICTIM CANNOT BE FOUND IN VIOLATION OF OR BE THE SUBJECT OF A DELINQUENCY PETITION IF THE MINOR'S CONDUCT WAS A DIRECT RESULT OF OR INCIDENTAL TO OR RELATED TO TRAFFICKING; AND SO AS TO PROVIDE THAT THE PROVISIONS IN THIS ACT ARE RETROACTIVE.

ADJOURNMENT

At 10:30 p.m. the House, in accordance with the ruling of the SPEAKER, adjourned to meet at 12:00 noon, Tuesday, April 30.

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 12:00 noon.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Psalm 4:3: "Know that the Lord has set apart the faithful for himself; the Lord hears when I call to Him."

Let us pray. Dear Lord, be gracious to these, Your people, and hear my prayer that I will both lie down and sleep in peace; for You alone, O Lord, make us lie down in safety. We give thanks You have brought us to another day of service to these Representatives and Staff. Keep them ever in Your care. Bless and keep our defenders of freedom and first responders who serve us in good and bad times. Look in favor upon our World, Nation, President, State, Governor, Speaker, Staff, and all who labor in this vineyard. Keep in safety our women and men in the Armed Forces and those with hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER *PRO TEMPORE*.

After corrections to the Journal of the proceedings of Friday, the SPEAKER *PRO TEMPORE* ordered it confirmed.

MOTION ADOPTED

Rep. CONNELL moved that when the House adjourns, it adjourn in memory of Charles Baxley, which was agreed to.

Charles Baxley

Mr. Speaker, I move to adjourn in memory of Charles Baxley. Charles was an outstanding man who did more for deepening our understanding of the Revolutionary War and how South Carolina was essential in the war. He was a scholar, an historian, a brilliant lawyer, a champion of vocational education, and a dear friend and family man.

We share our deep condolences and prayers with his family and his beloved wife, Judy, who is here with us today.

Rep. Ben Connell

SILENT PRAYER

The House stood in silent prayer for the family and friends of Charles Baxley.

SILENT PRAYER

The House stood in silent prayer for the families and friends of the officers of the U.S. Marshals Fugitive Task Force and the Charlotte-Mecklenburg Police Department and all affected by the recent shooting.

(Statewide Session)

~~Indicates Matter Stricken~~
Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Acts 7:49: "'Heaven is my throne, and the earth is my footstool. What kind of house will you build for me,' says the Lord, 'or what is the place of my rest?'"

Let us pray. Loving God, help us to know that we are not abandoned in our time of need but blessed with overflowing love through the power of our Good Shephard. He has the power and He uses that power to care for us and to give us abundant life overflowing with goodness. Bestow Your power and love on these Representatives and Staff that they will accomplish good things for this State. Cause Your power, O Lord, to be with our defenders of freedom and first responders. May Your face shine upon our World, Nation, President, State, Governor, Speaker, Staff, and all who give of their time and effort for the good of this State. Look in favor on and bless our men and women who suffer from hidden wounds. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER *PRO TEMPORE*.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER *PRO TEMPORE* ordered it confirmed.

Rep. Jason Elliott

S. 408—AMENDED AND INTERRUPTED DEBATE

The following Bill was taken up:

S. 408 -- Senators Shealy and McLeod: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 40-75-250, RELATING TO ISSUANCE OF LICENSE, DISPLAY, AND RENEWAL, SO AS TO REQUIRE ONE HOUR OF SUICIDE PREVENTION TRAINING AS A PORTION OF THE TOTAL CONTINUING EDUCATION REQUIREMENT; AND BY AMENDING SECTION 40-75-540, RELATING TO REGULATIONS FOR CONTINUING EDUCATION AND LICENSE RENEWAL, SO AS TO REQUIRE ONE HOUR OF SUICIDE PREVENTION TRAINING AS A PORTION OF THE TOTAL CONTINUING EDUCATION REQUIREMENT.

The Committee on Labor, Commerce and Industry proposed the following Amendment No. 1o S. 408 (LC-408.HA0004H), which was adopted:

Amend the bill, after the title but before the enacting words, by adding:

Whereas, South Carolina is achieving remarkable economic development success which is bringing jobs and prosperity to its citizens; and

Whereas, from January to December 2023, the State announced total capital investments of 9.22 billion dollars and over 14,000 jobs, the second largest amount in state history; and

Whereas, in 2022, the State announced 120 projects creating over 14,000 new jobs with 10.27 billion dollars in new capital investment, the largest amount in state history; and

Whereas, since 2017, the State has announced over 36.4 billion dollars in new investments and 86,378 new jobs; and

Whereas, according to the U.S. Census Bureau, South Carolina led the nation in population growth in 2023; and

Whereas, the rapidly expanding population and record-breaking economic development successes necessitate a strategic and forward-thinking approach to developing new energy infrastructure capable of meeting the energy needs of South Carolina's residents and supporting the continued prosperity of the State; and

Whereas, sustaining this success in economic development requires an electric system that can grow and modernize to meet the demands that a prosperous and developing economy places on it; and

Whereas, the South Carolina General Assembly recognizes that the convergence of escalating population growth, record-breaking economic success, and the aging of existing energy infrastructure has created a critical juncture, demanding immediate and decisive action to avert an impending energy crisis; and

Whereas, the urgency of addressing this situation is underscored by the interconnected challenges of meeting surging energy demand, ensuring grid reliability, and fortifying the state's resilience against potential disruptions, thereby compelling the imperative for the timely construction of new energy plants to safeguard the continued well-being and economic vitality of South Carolina; and

Whereas, in light of these facts, it is important that the General Assembly take action to ensure that generation and transmission providers are able to plan, site, and construct new and replacement generation and transmission resources in a timely and cost-effective manner, utilizing procedures that are fair, prompt, efficient, and guided by an informed Public Service Commission; and

Whereas, the General Assembly has determined that certain aspects of the current regulatory structure in South Carolina can be revised to reduce the cost, delay, and uncertainty of planning, siting, and constructing new generation and transmission resources serving customers in this State; and

Whereas, the General Assembly further finds that the current circumstances present a unique opportunity to replace or limit reliance on the Williams Generating Station operated by Dominion Energy South Carolina, Inc. (“DESC”) in Bushy Park, South Carolina; and the Winyah Generating Station operated South Carolina Public Service Authority (“SCPSA”) in Georgetown, South Carolina, and perhaps other units as well, through a joint venture between these utilities; and

Whereas, DESC owns the site of the retired Canadys coal units in Colleton County (the "Canadys site") which represents an environmentally well-characterized brownfield site with unique attributes, including electric transmission infrastructure on site, proximity to a major switching station interconnecting the DESC and SCPSA transmission systems serving coastal South Carolina, and reasonable proximity to natural gas supplies which can be accessed through existing natural gas rights of way; and

Whereas, modern combined cycle units provide dispatchability and operating flexibility that will allow DESC and SCPSA systems to continue to add large amounts of flexible resources to their systems without jeopardizing cost-efficient and reliable service to customers; and

Whereas, the integrated resource planning by both utilities consistently indicates the need for and benefit of additional combined cycle natural gas resources under multiple planning scenarios; and

Whereas, by pursuing replacement resources as a joint project, DESC and SCPSA can build larger, more fuel-efficient, lower-emitting units, and can reduce the capital cost per MW of these units by as much as 25% or more compared to building single, stand-alone units sized to meet their individual needs alone while at the same time reducing the environmental and land-use impact of the natural gas pipeline and transmission infrastructure required to support separate units; and

Whereas, the joint project can provide a unique opportunity to anchor the expansion of natural gas pipelines serving certain coastal counties of South Carolina where economic development is currently hampered by the lack of such supplies, thereby increasing jobs, prosperity, and public welfare in those areas and can do so with minimal environmental disruption; and

Whereas, in light of the unique circumstances presented by the shared needs of DESC and SCPSA for replacement generation in the Charleston and Georgetown areas, the unique benefits of a partnership between them for this purpose, and the unique benefits of the Canadys site as the location for a joint resource, the General Assembly finds that these circumstances support amending the enabling act of the SCPSA to authorize it in a joint venture to develop and share in the output of one or more combined cycle natural gas units to be located at the Canadys site and encourages the utility to seek, as soon as practicable, a certificate as defined under the terms of the Utility Facility Siting and Environmental Protection Act for DESC to construct and operate combined cycle natural gas units to be located at the Canadys site; and

Whereas, Duke Energy Carolinas Bad Creek Pumped Storage facility,

including ongoing uprates, is an approximate 1,640 MW energy storage facility located in Oconee County, South Carolina; and

Whereas, Duke Energy Carolina has identified the opportunity to approximately double the output of the Bad Creek Pumped Storage facility by constructing new pump turbines, generators, and a new powerhouse; and

Whereas, by increasing the generating capacity at the Bad Creek facility, Duke Energy Carolinas can approximately double its existing peak hourly storage capacity; and

Whereas, in light of the unique circumstances presented by the potential expansion of Duke Energy Carolinas' energy storage capacity by expanding the Bad Creek facility without construction of a new reservoir, and considering the unique benefits for customers served by Duke Energy Carolinas' electrical system such an expansion represents, the General Assembly encourages the utility to complete evaluations related to expanding the Bad Creek facility to double its output; and

Whereas, in light of the unique circumstances presented in the plans of Duke Energy Carolinas LLC and Duke Energy Progress LLC to secure approximately 7,000 MW of natural gas generation facilities for the benefit of their customers in South Carolina, the General Assembly encourages the utilities to undertake such activities as may be necessary to pursue and facilitate additional natural gas generation to serve its customers in this State; and

Whereas, the South Carolina General Assembly recognizes the potential for substantial economic and environmental benefits through the implementation of robust energy efficiency and demand side management initiatives; and

Whereas, investing in energy efficiency and demand-side management initiatives not only reduces overall energy consumption but also alleviates the strain on existing electric generation infrastructure, leading to cost savings for consumers, businesses, and the state; and

Whereas, the promotion of energy efficiency and demand-side management initiatives offers a prudent and cost-effective approach to address increasing energy demands, thereby lessening the necessity for construction of new electric generation facilities in the future, and contributing to a more sustainable and resilient energy future for South Carolina; and

Whereas, the South Carolina General Assembly acknowledges the transformative potential of advanced nuclear generation, such as small modular reactors (SMRs), understanding that their compact size addresses significant challenges associated with traditional nuclear

power, offering the promise of expedited and cost-effective plant construction, coupled with enhanced safety in operational practices, along with offering reliable carbon-free energy generation that can operate nearly 24/7; and

Whereas, the South Carolina General Assembly recognizes the strategic importance of investigating in and pursuing advanced nuclear technologies such as small modular reactors and molten salt reactors at this time, understanding that proactive engagement in research and development positions the State to capitalize on future opportunities when SMRs become economically and technologically viable; and

Whereas, the SC Nexus for Advanced Resilient Energy consortium, developed in collaboration with our research universities, technical colleges, state agencies, the Savannah River National Laboratory, economic development non-profits, and private businesses, won the U.S. Department of Commerce’s Economic Development Administration’s designation as one of the Regional Technology and Innovation Hubs; and

Whereas, the South Carolina General Assembly recognizes establishing an Energy Policy Institute is a pivotal step towards supporting the efforts of SC Nexus and for guiding informed decision making for the state's energy future; and

Whereas, understanding the complexity of energy issues, the establishment of an Energy Policy Institute is essential to equipping the State with the necessary expertise and resources to make well informed choices, fostering a comprehensive understanding of intricate energy matters; and

Whereas, SC Nexus will assist the state as a global leader in advanced energy by developing, testing, and deploying exportable energy technologies and understanding that new manufacturers of those technologies can locate their operations at a place of their choosing, an Energy Policy Institute is integral to positioning the state strategically for economic development success by ensuring the economic benefits resulting from SC Nexus remain in South Carolina, and ensuring that energy policies align with the state's growth objectives and policy goals, while simultaneously safeguarding the interests of ratepayers and promoting a sustainable and resilient energy landscape; and

Whereas, it is imperative to direct the Office of Regulatory Staff (ORS) to conduct a comprehensive energy assessment and formulate a ten-year energy action plan not only to identify additional actions to take over the next decade to address the critical need to ensure an adequate and reliable power supply but also to serve as a proactive forum to

thoroughly examine unresolved issues vital to achieving economic development success within the dynamic and evolving energy sector; and

Whereas, the South Carolina General Assembly determines that comprehensive legislation is needed to promote the development of new and reliable energy infrastructure resources, fostering resilient and reliable energy infrastructure critical to the economic success of the State of South Carolina. Now, therefore,

Amend the bill further, by striking all after the enacting words and inserting:

SECTION 1. Section 40-75-250 of the S.C. Code is amended to read:

Section 40-75-250. (A) If an applicant satisfies all licensure requirements as provided for in this article, the board may issue a license to the applicant. A license is a personal right and not transferable, and the issuance of a license is evidence that the person is entitled to all rights and privileges of a licensed professional counselor, marriage and family therapist, an addiction counselor, or of an associate, while the license remains current and unrestricted. However, the license is the property of the State and upon suspension or revocation immediately must be returned to the board.

(B) A person licensed under this chapter must display the license in a prominent and conspicuous place in the primary place of practice.

(C) Licenses issued under this chapter must be renewed every two years upon the payment of a renewal fee and upon the fulfillment of continuing education as determined by the board in regulation.

(D) A person licensed under this chapter must receive at least one hour of continuing education in suicide assessment, treatment, and management treatment as a portion of the total continuing education requirement for license renewal as determined by the board in regulation.

(~~D~~E) A licensee who allows the license to lapse by failing to renew the license as provided in this section may be reinstated by the board upon payment of a reinstatement fee and the current renewal fee. The board, by regulation, may impose additional requirements for reinstatement.

SECTION 2. Section 40-75-540 of the S.C. Code is amended to read:

Section 40-75-540. (A) The board shall promulgate regulations in accordance with Chapter 23, Title 1 (Administrative Procedures Act) establishing requirements for continuing education

which must be met by a person licensed as a licensed psycho-educational specialist. An applicant for license renewal shall present evidence satisfactory to the board that continuing education requirements have been met.

(B) A person licensed under this chapter must receive at least one hour of continuing education in suicide assessment, treatment, and management treatment as a portion of the total continuing education requirement for license renewal as determined by the board in regulation.

SECTION 3. Section 40-63-250 of the S.C. Code is amended to read:

Section 40-63-250. (A) If an applicant satisfies all licensure requirements required in this chapter, the board may issue a license to the applicant. A license is a personal right and not transferable, and the issuance of a license is evidence that the person is entitled to all rights and privileges of a licensed social worker while the license remains current and unrestricted. However, the license is the property of the State and upon suspension or revocation immediately must be returned to the board.

(B) A licensee under this chapter must display the license in a prominent and conspicuous place in the primary place of practice.

(C) A licensee under this chapter must indicate his or her category of licensure following his or her name or signature on all professional documents.

(D) Licenses issued under this chapter must be renewed every two years upon the payment of a renewal fee and upon the fulfillment of continuing education as determined by the board in regulation.

(E) A person licensed under this chapter must receive at least one contact hour of continuing education in suicide assessment, treatment, and management treatment as a portion of the total continuing education requirement for license renewal as determined by the board in regulation.

~~(E)~~(F) Any licensee who allows his license to lapse by failing to renew the license as provided in this section may be reinstated by the board upon satisfactory explanation by the licensee of his failure to renew his license and upon payment of a reinstatement fee and the current renewal fee to be determined by the board. If a license has lapsed for more than one year, the board may impose further educational requirements for reinstatement. If a license has lapsed for more than two years, the person must reapply for licensure. Any person practicing as a

social worker during the time that his license has lapsed has engaged in unlicensed practice and is subject to penalties provided for in Section 40-63-30.

SECTION 4.This act may be cited as the "South Carolina Energy Security Act".

SECTION 5. Section 58-3-20 of the S.C. Code is amended to read:

Section 58-3-20. (A) The commission is composed of ~~seven~~three members to be elected by the General Assembly in the manner prescribed by this chapter. Each member must have:

(1) a baccalaureate or more advanced degree from:

(a) a recognized institution of higher learning requiring face-to-face contact between its students and instructors prior to completion of the academic program;

(b) an institution of higher learning that has been accredited by a regional or national accrediting body; or

(c) an institution of higher learning chartered before 1962; and

(2) a background of substantial duration and an expertise in at least one of the following:

(a) energy issues;

(b) telecommunications issues;

(c) consumer protection and advocacy issues;

(d) water and wastewater issues;

(e) finance, economics, and statistics;

(f) accounting;

(g) engineering; or

(h) law.

~~(B)(1) Beginning in 2004, the members of the Public Service Commission must be elected to staggered terms. In 2004, the members representing the Second, Fourth, and Sixth Congressional Districts must be elected for terms ending on June 30, 2006, and until their successors are elected and qualify. Thereafter, members representing the Second, Fourth, and Sixth Congressional Districts must be elected to terms of four years and until their successors are elected and qualify. In 2004, the members representing the First, Third, and Fifth Congressional Districts and the State at large must be elected for terms ending on June 30, 2008, and until their successors are elected and qualify. Thereafter, members representing the First, Third, and Fifth Congressional Districts and the State at large must be elected to terms of four years and until their successors are elected and qualify. Notwithstanding the provisions of this section, members representing~~

~~the First, Third, and Fifth Congressional Districts shall serve until the expiration of their terms, and in 2013, members representing the First, Third, and Fifth Congressional Districts must be elected for terms ending on June 30, 2016, and until their successors are elected and qualified.~~

~~(2) In the event there are Seven Congressional Districts, the member elected from the State at large shall serve until the expiration of his term, and in 2013, a member representing the Seventh Congressional District must be elected for a term ending on June 30, 2016, and until his successor is elected and qualified. Thereafter, the member representing the Seventh Congressional District must be elected to terms of four years and until his successor is elected and qualified. Upon the election and qualification of the member representing the Seventh Congressional District, the at-large member elected to satisfy the requirements of subsection (C) immediately shall cease to be a member of the commission.~~

~~(C)~~ (B)(1)The General Assembly must provide for the election of the ~~seven~~three-member commission ~~and elect its members based upon the congressional districts established by the General Assembly pursuant to the latest official United States Decennial Census. If the number of congressional districts is less than seven, additional members must be elected at large to provide for a seven-member commission. In the event the congressional districts established by the General Assembly are under review by a court for compliance with statutory or constitutional requirements, an election scheduled pursuant to this section shall not be held until a final determination is made by the courts regarding the congressional districts. The inability to hold an election due to judicial review of the congressional districts does not constitute a vacancy on the commission and the commissioners serve until their successors are elected and qualify~~. The commission members must be elected to terms of four years and until their successors are elected and qualify.

(2) The commission members must be elected from the state at large; however, membership on the commission should reflect all segments of the population of the State, to the greatest extent possible.

~~(D)~~(C) The Governor may fill vacancies in the office of commissioner until the successor in the office for a full term or an unexpired term, as applicable, has been elected by the General Assembly. In cases where a vacancy occurs on the commission when the General Assembly is not in session, the Governor may fill the vacancy by an interim appointment. The Governor must report the

interim appointment to the General Assembly and must forward a formal appointment at its next ensuing regular session.

SECTION 6. Section 58-3-140 of the S.C. Code is amended to read:

Section 58-3-140. (A)(1) Except as otherwise provided in Chapter 9 of this title, the commission is vested with power and jurisdiction to supervise and regulate the rates and service of every public utility in this State and to fix just and reasonable standards, classifications, regulations, practices, and measurements of service to be furnished, imposed, or observed, and followed by every public utility in this State.

(2) The commission must promulgate regulations to establish safety, maintenance, and inspection standards for the public utilities and may assess fines for public utilities that violate these standards.

(B)(1) The commission, in conducting its analysis and making a decision in matters involving electrical utilities, must consider the economic impact to the State when fixing just and reasonable standards, classifications, regulations, practices, and measurements of service to be furnished, imposed, or observed, and followed by every electrical utility in this State.

(2) The General Assembly declares the rates, services, and operations of electrical utilities are a matter of public interest and the availability of an adequate, reliable, and economical supply of electric power and natural gas to the people and economy of South Carolina is a matter of public policy. When exercising its powers under this section, the commission must balance the public interest in determining the rates, services, and operations of electrical utilities. It is the policy of this State for the commission, in matters involving electrical utilities, to:

(a) ensure South Carolina customers have access to an adequate, reliable, and economical supply of energy resources;

(b) sustain growth in industrial and economic development by ensuring an electric generation, transmission, and distribution system that can grow and modernize to meet the demands that a prosperous and developing economy places on it;

(c) provide fair regulation of electrical utilities in the interest of the public in a manner that maintains the financial integrity of the electrical utility by assuring a sufficient and fair rate of return, supports economic development and industry retention, and provides just and reasonable rates to be established for entities providing electrical utility services to customers in this State while promoting adequate,

reliable, and economical utility service to all of the citizens and residents of this State;

(d) provide the State and the public with a well-regulated electrical utility environment;

(e) ensure that resources necessary to meet future growth through the provision of adequate, reliable electrical utility service include use of the entire spectrum of demand-side options, including but not limited to, conservation, load management, and energy efficiency programs as additional sources of energy supply and energy demand reduction;

(f) provide just and reasonable rates and charges for electrical utility services without undue preferences or advantages, or unfair or destructive competitive practices and consistent with long-term management and conservation of energy resources by avoiding wasteful, uneconomic generation and uses of energy;

(g) ensure that facilities necessary to meet future growth can be financed by the utilities operating in this State on terms which are reasonable and fair to both the customers and existing investors of such utilities, and to that end, to authorize fixing of rates in such a manner as to result in lower costs of new facilities and lower rates over the operating lives of such new facilities;

(h) recognize the important role of utilities in economic development and industry retention and the necessity for utilities to maintain the ability to finance continued investment in, and operation and maintenance of, the electric system, rapid restoration of power after major storms and outages, rate designs, and infrastructure necessary to attract and retain businesses and jobs to South Carolina, the ability to obtain financing at attractive rates, and to ensure a viable workforce for providing electricity and to attract such utility workers at market-competitive wages;

(i) seek to encourage and promote harmony between public utilities, their users, and the environment;

(j) foster the continued service of electrical utilities on a well-planned and coordinated basis that is consistent with the level of energy needed for the protection of public health and safety and for the promotion of the general welfare, economic development, and industry retention;

(k) seek to adjust the rate of growth of regulated energy supply facilities serving the State to the policy requirements of statewide economic development and industry retention;

(l) encourage the continued study and research on

new and innovative rate designs which will protect the State, the public, the ratepayers and the utilities;

(m) facilitate the construction of facilities in and the extension of natural gas service to unserved and underserved areas in order to promote the public welfare throughout the State;

(n) further the development of cleaner energy technologies on a cost-effective basis to protect the natural resources of this State, promote the health and well-being of the people of this State, and attract investments, create employment opportunities, drive economic growth, and foster innovation in this State; and

(o) accomplish regulatory processes and issue orders in a timely manner.

~~(B)~~(C) The commission must develop and publish a policy manual which must set forth guidelines for the administration of the commission. All procedures must incorporate state requirements and good management practices to ensure the efficient and economical utilization of resources.

~~(C)~~(D) The commission must facilitate access to its general rate request orders in contested matters involving more than one hundred thousand dollars by publishing an order guide which indexes and cross-references orders by subject matter and case name. The order guide must be made available for public inspection.

~~(D)~~(E) The commission must promulgate regulations to require the direct testimony of witnesses appearing on behalf of utilities and of witnesses appearing on behalf of persons having formal intervenor status, such testimony to be reduced to writing and prefiled with the commission in advance of any hearing. In contested case proceedings, the applicant seeking relief from the commission shall have the right to prefile rebuttal testimony responsive to the direct prefiled testimony of other parties. The commission may allow supplemental testimony in cases where new matters arise after the filing of direct testimony, provided that parties shall have the right to respond to such supplemental testimony. The procedural schedule for each contested case proceeding shall include dates for completion of each phase of discovery, including discovery related to the application or other initial pleading as filed, direct testimony of the applicant, direct testimony of the Office of Regulatory Staff and other parties and intervenors, rebuttal testimony of the applicant, and surrebuttal testimony but only if allowed by the commission upon motion that there is material new information for which surrebuttal testimony is required. The commission must act on a motion to allow surrebuttal testimony within three business days.

Except upon showing of exceptional circumstances or surprise, all discovery must be completed not less than ten days prior to the hearing.

(F) The commission may convene public hearings to allow electrical utility customers to address the commission as public witnesses without intervening in the proceedings and without subjecting themselves to discovery or prefiling testimony. Public witnesses may address the commission on issues related to customer service, utility operations, reliability, economic hardship, affordability, environmental concerns, or other matters that affect them. The electrical utility and the Office of Regulatory Staff shall work to investigate and resolve individual service issues raised by public witnesses.

(G) Any other provision of law notwithstanding, to the extent the commission is authorized by the General Assembly to employ an independent third-party consultant to assist the commission in its duties with respect to a matter before the commission, such consultant may only rely upon evidence introduced by a party to that proceeding into the record subject to the requirements of the South Carolina Administrative Procedures Act. Further, the commission may not give any consultant employed by the commission party status in a proceeding before the commission.

~~(E)~~(H) Nothing in this section may be interpreted to repeal or modify specific exclusions from the commission's jurisdiction pursuant to Title 58 or any other title.

~~(F)~~(I) When required to be filed, tariffs must be filed with the office of the chief clerk of the commission and, on that same day, provided to the Executive Director of the Office of Regulatory Staff.

SECTION 7. Section 58-3-250(B) of the S.C. Code is amended to read:

(B) A copy of every final order or decision under the seal of the commission must be served by electronic service, or registered or certified mail, upon all parties to the proceeding or their attorneys. Service of every final order or decision upon a party or upon the attorney must be made by emailing a copy of the order to the party's email address provided to the commission or by mailing a copy to the party's last known address. If no email or other address is known, however, service shall be made by leaving a copy with the chief clerk of the commission. The order takes effect and becomes operative when served unless otherwise designated and continues in force either for a period designated by the commission or until changed or revoked by the commission. If, in the judgment of the commission, an order cannot be complied with within the time designated, the commission may grant

and prescribe additional time as is reasonably necessary to comply with the order and, on application and for good cause shown, may extend the time for compliance fixed in its order.

SECTION 8. Section 58-4-10 of the S.C. Code is amended to read:

Section 58-4-10. (A) There is hereby created the Office of Regulatory Staff as a separate agency of the State with the duties and organizations as hereinafter provided.

(B) Unless and until it chooses not to participate, the Office of Regulatory Staff must be considered a party of record in all filings, applications, or proceedings before the commission. The regulatory staff must represent the public interest of South Carolina before the commission. For purposes of this chapter only, "public interest" means a balancing of:

(1) the concerns of the using and consuming public with respect to public utility services, regardless of the class of customer~~.~~;

(2) economic development and job attraction and retention in South Carolina; and

(3) preservation of the financial integrity of the State's public utilities to the extent necessary to provide for the ~~of~~ continued investment in and maintenance of utility facilities so as to provide reliable and high quality utility services.

(C) The Office of Regulatory Staff is subject to the provision of Section 58-3-260 prohibiting ex parte communications with the commission, and any advice given to the commission by the regulatory staff must be given in a form, forum, and manner as may lawfully be given by any other party or person.

SECTION 9. Chapter 4, Title 58 of the S.C. Code is amended by adding:

Section 58-4-150. (A) To further advance and expand upon Executive Order 2023-18 which established the PowerSC Energy Resources and Economic Development Interagency Working Group, the Office of Regulatory Staff, in consultation with a stakeholder group that includes representatives of consumer, environmental, manufacturing, forestry, and agricultural organizations, natural gas and electrical utilities, the South Carolina Public Service Authority, and other affected state agencies, shall prepare a comprehensive South Carolina energy assessment and action plan, hereinafter referred to as "the plan". This plan must identify recommended actions over a ten-year period to ensure the availability of adequate, reliable, and economical supply of electric power and natural gas to the people and economy of South Carolina. For

purposes of this section, natural gas and electrical utilities also include any investor-owned electrical utility, a public utility as defined in Section 58-5-10, the Public Service Authority, electric cooperatives, and any consolidated political subdivision that owns or operates in this State equipment or facilities for generating, transmitting, delivering, or furnishing electricity, but does not include an entity that furnishes electricity only to itself, its residents, or tenants when such current is not resold or used by others.

(B) The Office of Regulatory Staff, in collaboration with the electrical utilities and the South Carolina Public Service Authority, shall aggregate data and analyses from their most recent integrated resource plans approved by the commission, and include any updates or associated filings and other available data in order to create a statewide comprehensive view of the availability of an adequate, reliable, and economical supply of energy resources to the people and economy of South Carolina.

(C) The plan must detail factors, and make recommendations, essential to adequate, reliable, and economical supply of energy resources for the people and economy of South Carolina, including but not limited to:

(1) projections of energy consumption in South Carolina, including the use of fuel resources and costs of electricity and generation resources across the electrical utilities' and the South Carolina Public Service Authority's balancing authority areas used to serve the State;

(2) the adequacy of electricity generation, transmission, and distribution resources in this State to meet projections of energy consumption;

(3) the adequacy of infrastructure utilized by natural gas industries in providing fuel supply to electric generation plants or otherwise for end-use customers;

(4) the overall needs of the South Carolina electric grid and transmission system and details from the plans of each electrical utility and the South Carolina Public Service Authority to meet current and future energy needs in a cost-effective, reliable, economic, and environmental manner;

(5) an assessment of state and local impediments to expanded use of generation or distributed resources and recommendations to reduce or eliminate such impediments;

(6) how energy efficiency, demand-side management programs, and conservation initiatives across the electrical utilities' and the South Carolina Public Service Authority's balancing authority areas may be

expanded to lower bills and reduce electric consumption;

(7) details regarding potential siting of energy resource and transmission facilities in order to identify any disproportionate adverse impact of such activities on the environment, agricultural community, land use, and economically disadvantaged or minority communities;

(8) details regarding commercial and industrial consumer clean energy goals and options available to such customers to achieve these goals, including:

(a) an analysis of the barriers commercial and industrial consumers face in making such investments in this State;

(b) an analysis of any electric and natural gas regulatory barriers to the recruitment and retention of commercial and industrial customers in this State; and

(c) recommendations to address any barriers identified in items (a) and (b) in a manner that is consistent with the public interest and which is not duly impactful to nonparticipating customers as it pertains to rate and system impacts, and which is not unduly impactful to entities providing public utility services.

(D) In preparing the plan the Office of Regulatory Staff may retain an outside expert to assist with compiling this report.

(E) In addition to the information required by this section, the plan must include recommendations for legislative, regulatory, or other public and private actions to best ensure a reliable and reasonably priced energy supply in South Carolina that supports the continued growth and success of this State. In forming these recommendations, the Office of Regulatory Staff must confer with the stakeholder group to ensure the recommendations would likely achieve the intended result for the electric grid, electric generation, and natural gas resources serving South Carolina customers.

(F) The plan must be submitted to the Public Utilities Review Committee for approval.

(G) The provisions of this section are subject to funding.

SECTION 10. Title 58 of the S.C. Code is amended by adding:

CHAPTER 38

South Carolina Energy Policy Institute

Section 58-38-10. This chapter is known as and may be cited as the "South Carolina Energy Policy Research and Economic Development Institute" or "EPI".

Section 58-38-20. The General Assembly finds that:

(1) It is in the public interest of South Carolina to establish an Energy Policy Research and Economic Development Institute, also

referred to as EPI, to support the efforts of the Advanced Resilient Energy Nexus, also referred to as SC Nexus, and research and propose solutions to address major challenges in the complex and evolving area of energy generation and storage.

(2) Research and documenting reliable data is essential for thoughtful consideration of the complex issues and concerns impacting energy generation and storage and the need for timely, substantive, and thorough advice from the EPI to the South Carolina General Assembly is critical to continue to position this State as a global leader.

(3) Advancement through the EPI of the broad collaboration through SC Nexus will assist the State as a global leader in advanced energy by developing, testing, and deploying exportable electricity technologies. It will also allow the State to leverage the region's dynamic and growing manufacturing base, superior research capabilities, and demonstrated record of public-private collaboration to innovate and commercialize emerging energy storage materials and manufacturing techniques, including a demonstrative microgrid implementation that integrates renewable energy and storage into the state's electricity systems.

(4) The topography of South Carolina, with its coastal plains and low country, confronts further complications. While the State possesses renewable energy resources like hydropower potential from its rivers and lakes and biomass from wood and landfill gas, the lack of sustainable energy production exacerbates the energy deficit. It is critical that South Carolina provide safe, reliable, and affordable energy.

(5) The industrial sector in South Carolina accounts for approximately one-third of the state's total energy use and heavily depends on energy consumption. Continued economic development and industry retention depends upon safe, reliable, and affordable energy generation.

(6) South Carolina will need to continue moving toward reliable power from emerging energy sources to ensure continued economic growth and secure energy for residential usage.

(7) The EPI shall collaborate across South Carolina in coordination with SC Nexus, Savannah River National Laboratory, energy utility providers, private industry, and workforce development to deliver advice on policy creation aligned with the state's distinctive needs and opportunities. EPI shall support and collaborate with SC Nexus, a consortium of public and private entities, formed within the South Carolina Department of Commerce concerning power generation, transmission, and storage.

Section 58-38-30. (A) The EPI shall be established by the University of South Carolina to serve as an expert and reliable advisory resource for state policymakers, government, and industry. This institute shall bring together a coalition of experts from various domains within the energy ecosystem, individuals and organizations specializing in innovative public policy approaches, as well as specialists from across higher education, including but not limited to, the University of South Carolina, Clemson University, and South Carolina State University. The EPI shall aid South Carolina in developing a strategic, long-term approach to address energy-related challenges and economic development opportunities for the State of South Carolina.

(B) The EPI shall be governed by a board of six members which shall provide oversight and guidance to the EPI. This board shall be composed of:

(1) Speaker of the House of Representatives or his designee;

(2) President of the Senate or his designee;

(3) Chairman of the Ways and Means Committee of the House of Representatives or his designee;

(4) Chairman of the Finance Committee of the Senate or his designee;

(5) Chairman of the Labor, Commerce and Industry Committee of the House of Representatives or his designee; and

(6) Chairman of the Judiciary Committee of the Senate or his designee.

Section 58-38-40. (A) Annual deliverables for the EPI shall align with the goals and priorities of critical state objectives and legislative needs of South Carolina as determined by the board.

(B) The EPI shall prepare concise and informative documents that outline the key energy policy issues in South Carolina for members of the South Carolina General Assembly. These briefs shall offer evidence-based recommendations and their potential impacts to assist the legislature in decision making.

(C) The EPI shall provide in-depth research on various aspects of energy policy relevant to South Carolina, at the direction of the board.

(D) The EPI shall provide stakeholder engagement reports, including identification and engagement with relevant stakeholders in the energy sector, including industry representatives, environmental groups, consumer advocates, and community organizations. The EPI shall compile reports on stakeholder perspectives, concerns, and suggestions to aid the legislature in understanding different viewpoints.

(E) The EPI shall evaluate the economic implications of different

energy policy options, including the potential costs and benefits to the state's economy, job market, industry competitiveness, and underdeveloped communities. The EPI must use modeling techniques to estimate direct and indirect impacts on various sectors.

(F) The EPI shall develop practical framework recommendations for implementing energy policies in South Carolina, considering regulatory mechanisms, enforcement mechanisms, and coordination between different government agencies. These frameworks must address potential challenges and propose strategies for successful implementation.

(G) The EPI may host fellowships by which entities could offer the time and services of employees by which the EPI could leverage the knowledge, experience, and participation of such entities.

SECTION 11. Article 3, Chapter 33, Title 58 of the S.C. Code is amended by adding:

Section 58-33-195. (A)(1) The General Assembly finds:

(a) The Public Service Commission, hereinafter referred to as "the commission", issued Order No. 2023-860 approving Dominion Energy South Carolina, Inc.'s integrated resource plan, and Order No. 2024-171 approving the South Carolina Public Service Authority's integrated resource plan. The commission determined these integrated resource plans represented the most reasonable and prudent means to meet each utility's energy and capacity needs as of the time each integrated resource plan was reviewed.

(b) Dominion Energy South Carolina, Inc.'s integrated resource plan identified a natural gas combined cycle unit as the optimum replacement unit for the Williams Station, which Dominion Energy South Carolina, Inc. intends to retire in 2030, assuming replacement capacity is available at that time. Dominion Energy South Carolina, Inc. proposed to locate this natural gas combined cycle unit facility at the site of its now retired Canadys coal plant, and Dominion Energy South Carolina, Inc. is pursuing a plan to build it jointly with the Public Service Authority under a Memorandum of Understanding, also referred to as the "Joint Resource".

replacing the Williams Station with the Joint Resource best meets the criterion of "consumer affordability and least cost" pursuant to Section 58-37-40(C)(2)(b).

(d) The commission found that the Public Service Authority's Preferred Portfolio, referred to as "Supplemental", as the preferred plan to guide the Public Service Authority's generation and transmission planning over the next three years, with updates as necessary,

represented the most reasonable and prudent means of meeting the Public Service Authority's energy and capacity needs.

(e) The commission found the Supplemental is the most cost-effective and least ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements, while maintaining safe and reliable electric service.

(f) The commission determined the Public Service Authority sufficiently considered alternatives to the natural gas combined cycle unit.

(g) The commission found that the Supplemental allows the Public Service Authority to meet the electric power needs of its retail and wholesale customers reliably and affordably, reduces its carbon footprint, and adds flexibility and innovation to support a growing state economy.

(2) The General Assembly encourages Dominion Energy South Carolina, Inc. and the Public Service Authority to jointly complete evaluations related to the Joint Resource and to use such information as may be necessary from such evaluations to make a filing as soon as practicable with the commission to obtain a certificate pursuant to Article 3 of this chapter. The General Assembly instructs all governmental agencies to provide accelerated consideration of any action required to permit or authorize construction and operation of the facilities subject to this section in preference to all other pending nonemergency applications or requests. The General Assembly finds adding natural gas generation capacity at the retired Canadys coal site would advance the economy and general welfare of the State based on current conditions and information as of the effective date of this act. However, this subsection does not exempt the entities from complying with the requirements of the Utility Facility Siting and Environmental Protection Act, including the requirement to seek commission approval for a certificate of environmental compatibility and public convenience and necessity nor does this subsection limit the commission's independent decision-making authority. The entities are further encouraged to use existing rights of way to the greatest extent practicable.

(B) The General Assembly hereby encourages Duke Energy Carolinas, LLC to complete evaluations for constructing a second powerhouse using the existing reservoir at Bad Creek Pumped Hydro Station in Oconee County, South Carolina, which will approximately double the size and peak hourly capacity of the facility, and to use such information as may be necessary from such evaluations to make a filing

as soon as practicable with the commission to obtain a certificate pursuant to Article 3 of this chapter. The General Assembly further encourages Duke Energy Carolinas, LLC to complete evaluations as to what may be necessary to interconnect such an expansion of Bad Creek Pumped Hydro Station to the electric grid or otherwise deliver electric power from Duke Energy Carolinas, LLC to its customers, and to include such information as may be necessary from such evaluations in a filing to the commission pursuant to Section 58-33-110 or as otherwise required by law. The General Assembly instructs all governmental agencies to provide accelerated consideration of any action required to permit or otherwise authorize construction and operation of the facilities subject to this subsection in preference of all other pending nonemergency applications or requests.

(C) The General Assembly hereby encourages Duke Energy Carolinas, LLC and Duke Energy Progress, LLC to complete evaluations for constructing hydrogen-capable natural gas generation or otherwise to place into service such natural gas generation within the utilities' balancing areas serving South Carolina, and to use such information from the evaluations as may be necessary to make a filing as soon as practicable with the commission to obtain a certification pursuant to Article 3 of this chapter or as otherwise required by law. The General Assembly further encourages Duke Energy Carolinas, LLC and Duke Energy Progress, LLC to determine what facilities may be necessary to interconnect such natural gas generation to the electric grid or otherwise deliver electric power from the utilities to its customers, and to include such information in any filing to the commission pursuant to Section 58-33-110 or as otherwise required by law. The General Assembly instructs all governmental agencies to provide accelerated consideration of any action required to permit or otherwise authorize construction or operation of the facilities subject to this subsection in preference of all other pending nonemergency applications or requests.

(D)(1) In the event any of the projects described in subsections (A), (B), or (C) are approved, the Office of Regulatory Staff, using its authority provided in Title 58, must continuously monitor the project or projects. This includes, but is not limited to, a review of the construction in progress, such as meeting projected timelines and financial projections are met. The Office of Regulatory Staff must provide monthly updates, in writing, to the commission and to the members of the General Assembly. Each electrical utility and the Public Service Authority must cooperate to the fullest extent with the Office of Regulatory Staff.

(2) The commission may, on its own motion, schedule a hearing to address concerns raised by the Office of Regulatory Staff in its written monthly review to the commission.

(3) The commission shall consider the Office of Regulatory Staff's written monthly reviews in any future matters concerning any facility described in this section.

SECTION 12. Article 1, Chapter 31, Title 58 of the S.C. Code is amended by adding:

Section 58-31-205. (A) The Public Service Authority shall have the power to jointly own, as tenants-in-common or through a limited liability company, with investor-owned electric utilities of electrical generation and transmission facilities, the power to plan, finance, acquire, own, operate, and maintain an interest in such plants and facilities necessary or incidental to the generation and transmission of electric power and the power to make plans and enter into such contracts as are necessary or convenient for the planning, financing, acquisition, construction, ownership, operation, and maintenance of such plants and facilities. However, the Public Service Authority shall own a percentage of such plants and facilities equal to the percentage of the money furnished or the value of property supplied by the Public Service Authority for the acquisition and construction of the plants and facilities. The Public Service Authority shall also own and control a like percentage of the electrical output thereof.

(B) The Public Service Authority shall be severally liable in proportion to its ownership share of such plants and facilities acquired pursuant to this section for the acts, omissions, or obligations performed, omitted, or incurred by the operator or other owners of the plants and facilities while acting as the designated agent of the Public Service Authority for the purposes of constructing, operating, or maintaining the plants and facilities, or any of them. However, the Public Service Authority shall not be otherwise liable, jointly or severally, for the acts, omissions, or obligations of other owners of the plants and facilities, nor shall any money or property of the Public Service Authority be credited or otherwise applied to the account of the operator or other owners of the plants and facilities, or be charged with any debt, lien, or mortgage as a result of any debt or obligation of the operator or other owners of the plants and facilities.

SECTION 13. Article 9, Chapter 7, Title 13 of the S.C. Code is amended to read:

Article 9
Governor's Nuclear Advisory Council

Section 13-7-810. There is hereby established a Nuclear Advisory Council in the ~~Department of Administration,~~ Office of Regulatory Staff, which shall be responsible to the Executive Director of the ~~Department of Administration~~ Office of Regulatory Staff and report to the Governor.

Section 13-7-820. The duties of the council, in addition to such other duties as may be requested by the Governor, shall be:

(1) to provide advice and recommendations to the Governor on issues involving the use, handling, and management of the transportation, storage, or disposal of nuclear materials within South Carolina, or such use, handling, transportation, storage, or disposal of nuclear materials outside of the State which may affect the public health, welfare, safety, and environment of the citizens of South Carolina;

(2) to provide advice and recommendations to the Governor regarding matters pertaining to the Atlantic Compact Commission;

(3) to provide advice and recommendations to the Governor regarding the various programs of the United States Department of Energy pertaining to nuclear waste;

(4) to meet at the call of the chair or at a minimum twice a year; and

(5) to engage stakeholders and develop a strategic plan to advance the development of advanced nuclear generation including small modular reactors, molten salt reactors, and spent nuclear fuel recycling facilities to serve customers in this State in the most economical manner at the earliest reasonable time possible.

Section 13-7-830. The recommendations described in Section ~~13-7-620~~ 13-7-820 shall be made available to the General Assembly and the Governor.

Section 13-7-840. The council shall consist of ~~nine~~ten members. One at-large member shall be appointed by the Speaker of the House of Representatives and one at-large member shall be appointed by the President of the Senate. ~~Seven~~Eight members shall be appointed by the Governor as follows: two shall be actively involved in the area of environmental protection; one shall have experience in the generation of power by nuclear means; one shall have experience in the field of nuclear activities other than power generation; two shall be scientists or engineers from the faculties of institutions of higher learning in the State; and ~~one~~two shall be from the public at large; of which one shall be appointed to serve as the chairman and director of the Nuclear Advisory

Council. The terms of the members of the council appointed by the Governor shall be coterminous with that of the appointing Governor, but they shall serve at the pleasure of the Governor. Vacancies of the council shall be filled in the manner of the original appointment.

Section 13-7-850. The Governor shall designate the chairman from the membership. When on business of the council, members shall be entitled to receive such compensation as provided by law for boards and commissions.

Section 13-7-860. Staff support for the council shall be provided by the ~~Department of Administration~~Office of Regulatory Staff. The Director of the Nuclear Advisory Council must be a full-time employee of the Office of Regulatory Staff.

SECTION 14. Section 37-6-604(C) of the S.C. Code is amended to read:

(C) ~~The~~As of July 1, 2025, the Consumer ~~Advocate shall be provided notice of any matter filed at the Public Service Commission that~~ Advocate's duties regarding intervention in matters that could impact consumers' utility rates~~, and may intervene as a party~~ and ability to advocate for the interests of consumers before the Public Service Commission and appellate courts~~ in such matters as the Consumer Advocate deems necessary and appropriate~~ are transferred to the Office of Regulatory Staff in order to promote efficiency and avoid duplication of duties.

SECTION 15. Article 3, Chapter 33, Title 58 of the S.C. Code is amended by adding:

Section 58-33-196. Electrical utilities and the Public Service Authority are encouraged to explore the potential for deploying advanced nuclear facilities including, but not limited to, small modular nuclear facilities at suitable sites. Suitable sites may include sites of current nuclear facilities, sites where nuclear facilities have been proposed but not constructed, and other brownfield sites, such as coal-generation sites. Any utility pursuing deployment of such nuclear facilities must provide annual progress reports to the commission and the Public Utilities Review Committee; this report may be in writing or in the form of testimony in an appropriate proceeding. The utility must provide estimates of the cost of the studies including, but not limited to, planning, licensing, and project development to the commission. If the commission finds such estimated costs are reasonable, prudent, and in the public interest, such costs may be recoverable through rates as they are incurred. Nothing in this section relieves an electrical utility of the burden of filing for a certificate under this article and obtaining

appropriate approvals from the commission before commencing construction.

SECTION 16.Chapter 37, Title 58 of the S.C. Code is amended by adding:

Section 58-37-70. (A) It is the policy of this State to promote the development and operation of advanced nuclear facilities, including small modular nuclear reactors, in the most economical manner and at the earliest reasonable time possible. These facilities are intended to provide electricity that is reliable, resilient, secure, and free of carbon dioxide emissions, as well as promote this state's economic development and industry retention.

(B) As used in this section:

(1) "Electrical utility" has the same meaning as provided in Section 58-27-10(7) and includes the South Carolina Public Service Authority.

(2) "Site" means the geographic location of one or more small modular nuclear reactors.

(3) "Small modular nuclear reactor" means an advanced nuclear reactor that produces nuclear power and has a power capacity of up to 500 megawatts per reactor.

(C) The commission may establish a small modular nuclear reactor pilot program, if such a program is endorsed by the Nuclear Advisory Council. A pilot program must include the following requirements:

(1) any entity that holds a current license from the U.S. Nuclear Regulatory Commission to construct or operate at least one existing nuclear electrical generating facility at the time of the application may apply to the commission for a certificate of public convenience and necessity pursuant to the Utility Facility Siting and Environmental Protection Act;

(2) a certificate may be granted if obtaining a certification of public convenience and necessity would permit the applicant to apply for, use, or leverage at least thirty percent of the construction costs of the small modular nuclear reactor by utilizing any benefits or incentives available to lower the capital or operating costs including, but not limited to, governmental funds, tax credits, grants, and loan guarantees;

(3) the costs and benefits of a small modular nuclear reactor are reasonable and prudent compared to the levelized costs of electricity generation from other resources, applying any governmental tax credits and incentives. Factors that must be considered in levelized costs include fuel factors, economic and environmental benefits, and costs associated with any relative externalities;

(4) no more than three small modular nuclear reactors may receive a permit pursuant to this pilot program.

(D) An application for this pilot program must include:

(1) if the project's location:

(a) is on or adjacent to an existing or former coal electrical generation site;

(b) is on or adjacent to an existing nuclear facility;

(c) enables coal plant retirement or emissions reduction in the electrical utility's or the South Carolina Public Service Authority's balancing area; or

(d) supports diversity in energy production, reliability, and energy security;

(2) if the project is subject to competitive procurement or solicitation for services and equipment;

(3) a demonstration that the program's costs and benefits are reasonable and prudent and in the interest of South Carolina customers; and

(4) any other information the commission may wish to include in the application.

Nothing in this subsection limits any factors that the commission may consider in its determination of an application.

(E)(1) Reasonable and prudent costs incurred for a small modular nuclear reactor approved pursuant to this section shall be recoverable. In the event an electrical utility abandons a small modular nuclear reactor approved by the commission before its commercial operation, the electrical utility must provide a fulsome accounting to the commission of the circumstances of abandonment. Capital costs may only be recovered if the commission determines that the decision to abandon was reasonable, prudent, and in the public interest; however, these costs shall not include a rate of return. The commission may impose conditions it determines to be necessary to protect customers against unreasonable construction, development, or operational risk including, but not limited to, reporting, inspection, and the potential of requiring the utility to hire an independent third-party construction monitor to evaluate the prudency of the utility's actions and associated expense during the development of the project and construction of the reactor.

(2) The commission must not allow any cost recovery related to a small modular nuclear reactor outside of a rate case.

(F)(1) In addition to the small modular nuclear facility pilot program, electrical utilities and the South Carolina Public Service Authority are encouraged to evaluate the potential for deploying nuclear

facilities at suitable sites within this State. A "suitable site" may include sites of current nuclear facilities, sites where nuclear facilities have been proposed but not constructed, and brownfield sites, such as coal generation sites.

(2) When evaluating the potential of a nuclear facility, the applicant must provide notice and annual progress reports to the Public Utilities Review Committee, the Nuclear Advisory Council, and the commission. When available, the applicant must also provide cost estimates of the studies related to a potential nuclear facility to serve customers in South Carolina. This includes, but is not limited to, planning, licensing, and project development, the anticipated timeline of an early site permit, and current possibilities or barriers to co-ownership of such facilities, and available federal benefits which may defray costs of these facilities.

(3) In the event the commission finds cost estimates pursuant to item (2) are reasonable and prudent, the costs may be recoverable through rates, even if an application for a certificate of environmental compatibility and public convenience and necessity have not been filed. However, these costs shall not include a rate of return.

(G) Nothing in this section relieves an electrical utility or the South Carolina Public Service Authority of the burden of filing for a certificate pursuant to this article and obtaining appropriate approvals from the commission before commencing construction.

SECTION 17. Chapter 37, Title 58 of the S.C. Code is amended by adding:

Article 3

Energy Infrastructure Projects

Section 58-37-100. As used in this article:

(1) "Agency" means any agency, department, board, commission, or political subdivision of this State. However, it does not include the Public Service Commission, except for Sections 58-37-110 and 58-37-120.

(2) "Application" means a written request made to an agency for grant of a permit or approval of an action of matter within the agency's jurisdiction pertaining to an energy infrastructure project.

(3) "Brownfield energy site" means an existing or former electrical generating site or other existing or former industrial site.

(4) "Energy corridor" means a corridor in which a utility or the South Carolina Public Service Authority has:

(a) transmission lines with a rated voltage of at least 110 kilovolts, including the substations, switchyards, and other appurtenant

facilities associated with such lines; or

(b) high pressure natural gas transmission pipelines and the metering, compression stations, valve station, and other appurtenant facilities associated with such lines.

(5) "Energy corridor project" means an energy infrastructure project that involves the expansion of electric or natural gas delivery capacity in whole or in principal part within an existing energy corridor.

(6) "Energy infrastructure project" means the construction, placement, authorization, or removal of energy infrastructure including, but not limited to, electric transmission and generation assets, natural gas transmission assets, and all associated or appurtenant infrastructure and activities, including communications and distribution infrastructure.

(7) "Permit" means a permit, certificate, approval, registration, encroachment permit, right of way, or other form of authorization.

(8) "Person" means an individual, corporation, association, partnership, trust, agency, or the State of South Carolina.

Section 58-37-110. (A) Given the importance of sufficient, reliable, safe, and economical energy to the health, safety, and well-being of the citizens of South Carolina and to the state's economic development and prosperity, the General Assembly finds that the prompt siting, permitting, and completion of energy infrastructure projects, energy corridor projects, and brownfield electrical generation projects are crucial to the welfare of the State.

(B) All state agencies are instructed to give expedited review of applications for energy infrastructure projects, to provide reasonable and constructive assistance to applicants to allow the applicants to comply with state law and regulatory requirements as expeditiously as possible, and to be guided by the policy goals established in subsection (A).

(C) All state agencies are instructed to give due weight to the reduction in the environmental, aesthetic, and socioeconomic impacts that are incurred to support the safe, reliable, and economic provision of energy to the people of South Carolina when energy infrastructure projects can be located in existing energy corridors or on brownfield energy sites, and shall consider the relative reductions in such impacts compared to greenfield projects in evaluating projects in existing energy corridors or on brownfield energy sites.

Section 58-37-120. (A) Any agency presented with an application for a permit for an energy infrastructure project shall issue a decision on the application no later than six months after the date the application is received by the agency. If the agency fails to take final action within six months of receipt of the application, the application shall be deemed

approved, and the agency shall promptly issue documentation that the applicant may reasonably request establishing that the agency has granted the relief requested.

(B) Upon receipt of an application, the agency shall promptly review it for sufficiency and shall provide the applicant with a list of all deficiencies within thirty days of receipt. The identification by the agency of deficiencies in the application shall not toll the six-month period for agency determination.

Section 58-37-130. The applicant or any person whose private rights are affected by an agency decision or action on an application for a permit for any energy infrastructure project may appeal that decision or action to the South Carolina Supreme Court. The Supreme Court shall hear these appeals as direct appeals in accordance with the South Carolina Appellate Court Rules. The Court shall provide for an expedited briefing and hearing of the appeal, in preference to all other nonemergency matters on its docket, and decide such appeals on an expedited basis.

Section 58-37-140. The provisions of this article shall expire ten years after its effective date.

SECTION 18. Section 58-40-10(C) of the S.C. Code is amended to read:

(C) "Customer-generator" means the owner, operator, lessee, or customer-generator lessee of an electric energy generation unit which:

(1) generates or discharges electricity from a renewable energy resource, including an energy storage device configured to receive electrical charge solely from an onsite renewable energy resource;

(2) has an electrical generating system with a capacity of:

(a)(i) not more than the lesser of one thousand kilowatts (1,000 kW AC) or one hundred percent of contract demand if a nonresidential customer; or

(ii) after June 1, 2024, not more than the lesser of five thousand kilowatts (5,000kW AC) or one hundred percent of contract demand for a nonresidential customer, provided the customer-generator is on a time-of-use rate schedule and any excess energy produced by the customer-generator is credited and reset at the end of each monthly period; or

(iii) more than five thousand kilowatts (5,000kW AC) if agreed to by the customer-generator and the electrical

utility, provided that the electrical utility submits the agreement to the commission for consideration and approval if the commission finds the agreement to contain appropriate ratemaking provisions and is in the public interest; or

(b) not more than twenty kilowatts (20 kW AC) if a residential customer;

(3) is located on a single premises owned, operated, leased, or otherwise controlled by the customer;

(4) is interconnected and operates in parallel phase and synchronization with an electrical utility and complies with the applicable interconnection standards;

(5) is intended primarily to offset part or all of the customer-generator's own electrical energy requirements; and

(6) meets all applicable safety, performance, interconnection, and reliability standards established by the commission, the National Electrical Code, the National Electrical Safety Code, the Institute of Electrical and Electronics Engineers, Underwriters Laboratories, the federal Energy Regulatory Commission, and any local governing authorities.

SECTION 19. Section 58-41-30 of the S.C. Code is amended to read:

Section 58-41-30. (A) The ability to utilize clean energy resources for electric power generation is important to attract prospective commercial or industrial entities to invest in South Carolina and to encourage and incent robust economic growth in the State.

(B) The commission shall be responsive to the clean energy needs of customers and the economic development and industry retention implications for the State when reviewing and approving voluntary clean energy programs. The commission shall consider updates to these voluntary renewable energy programs on an ongoing basis.

(C) Within one hundred and twenty days of the effective date of this chapter, ~~subject to subsection (F),~~ each electrical utility shall file a proposed voluntary renewable energy program for review and approval by the commission, unless as of July 1, 2024, the electrical utility already has a voluntary renewable energy program that conforms with the requirements of this section on file with the commission. The commission shall conduct a proceeding to review the program and establish reasonable terms and conditions for the program. Interested parties shall have the right to participate in the proceeding. The commission ~~may~~must periodically hold additional proceedings to ~~update the program~~ evaluate whether updates to the programs are

necessary. At a minimum, each electrical utility must submit to the commission a program for which ~~the program shall provide that~~:

(1) the participating customer shall have the right to select the renewable energy facility and negotiate with the renewable energy supplier on the price to be paid by the participating customer for the energy, capacity, and clean energy environmental attributes of the renewable energy facility and the term of such agreement so long as such terms are consistent with the voluntary renewable program service agreement as approved by the commission;

(2) the renewable energy contract and the participating customer agreement must be of equal duration;

(3) in addition to paying a retail bill calculated pursuant to the rates and tariffs that otherwise would apply to the participating customer, reduced by the amount of the generation credit, a participating customer shall reimburse the electrical utility on a monthly basis for the amount paid by the electrical utility to the renewable energy supplier pursuant to the participating customer agreement and renewable energy contract, plus an administrative fee approved by the commission; and

(4) eligible customers must be allowed to bundle their demand under a single participating customer agreement and renewable energy contract and must be eligible annually to procure an amount of capacity as approved by the commission.

(D) The commission must approve voluntary renewable energy programs, in addition to those provided for in subsection (C), where the participating customer purchases clean energy environmental attributes of new or existing renewable energy facilities owned and operated and recovered on a cost-of-service basis by the electrical utility or otherwise supplies through the execution of agreements with third parties within the utility's balancing authority area. Voluntary renewable energy programs shall also facilitate behind-the-meter options for customers and access to renewable energy resource generation.

~~(B)~~(E) The commission may approve a program that provides for options that include, but are not limited to, both variable and fixed generation credit options.

~~(C)~~(F) The commission ~~may~~ shall limit the total portion of each electrical utility's voluntary renewable energy program that is eligible for the program at a level consistent with the public interest and shall provide standard terms and conditions for the participating customer agreement and the renewable energy contract, subject to

commission review and approval.

~~(D)~~(G) A participating customer shall bear the burden of any reasonable costs associated with participating in a voluntary renewable energy program. ~~An electrical utility may not charge any nonparticipating customers for any costs incurred pursuant to the provisions of this section.~~ Purchased power costs incurred by an electrical utility as a result of subsection (C) shall be recovered in the electrical utility's fuel clause pursuant to Section 58-27-865.

~~(E)~~(H) A renewable energy facility may be located anywhere in the electrical utility's service territory within the utility's balancing authority.

~~(F) If the commission determines that an electrical utility has a voluntary renewable energy program on file with the commission as of the effective date of this chapter, that conforms with the requirements of this section, the utility is not required to make a new filing to meet the requirements of subsection (A).~~

SECTION 20. Section 58-41-10 of the S.C. Code is amended by adding:

(17) "Energy storage facilities" means any commercially available technology that is capable of absorbing energy and storing it for a period of time for use at a later time including, but not limited to, electrochemical, thermal, and electromechanical technologies.

SECTION 21. Section 58-41-20 of the S.C. Code is amended to read:

Section 58-41-20. (A) As soon as is practicable after the effective date of this chapter, the commission shall open a docket for the purpose of establishing each electrical utility's standard offer, avoided cost methodologies, form contract power purchase agreements, commitment to sell forms, and any other terms or conditions necessary to implement this section. Within six months after the effective date of this chapter, and at least once every twenty-four months thereafter, the commission shall approve each electrical utility's standard offer, avoided cost methodologies, form contract power purchase agreements, commitment to sell forms, and any other terms or conditions necessary to implement this section. Within such proceeding the commission shall approve one or more standard form power purchase agreements for use for qualifying small power production facilities not eligible for the standard offer. Such power purchase agreements shall contain provisions, including, but not limited to, provisions for force majeure, indemnification, choice of venue, and confidentiality provisions and other such terms, but shall not be determinative of price or length of the power purchase agreement. The commission may approve multiple form

power purchase agreements to accommodate various generation technologies and other project-specific characteristics. This provision shall not restrict the right of parties to enter into power purchase agreements with terms that differ from the commission-approved form(s). Any decisions by the commission shall be just and reasonable to the ratepayers of the electrical utility, in the public interest, consistent with PURPA and the Federal Energy Regulatory Commission's implementing regulations and orders, and nondiscriminatory to small power producers; and shall strive to reduce the risk placed on the using and consuming public.

(1) Proceedings conducted pursuant to this section shall be separate from the electrical utilities' annual fuel cost proceedings conducted pursuant to Section 58-27-865.

(2) Proceedings shall include an opportunity for intervention, discovery, filed comments or testimony, and an evidentiary hearing.

(B) In implementing this chapter, the commission shall treat small power producers on a fair and equal footing with electrical utility-owned resources by ensuring that:

(1) rates for the purchase of energy and capacity fully and accurately reflect the electrical utility's avoided costs;

(2) power purchase agreements, including terms and conditions, are commercially reasonable and consistent with regulations and orders promulgated by the Federal Energy Regulatory Commission implementing PURPA; and

(3) each electrical utility's avoided cost methodology fairly accounts for costs avoided by the electrical utility or incurred by the electrical utility, including, but not limited to, energy, capacity, and ancillary services provided by or consumed by small power producers including those utilizing energy storage equipment. Avoided cost methodologies approved by the commission may account for differences in costs avoided based on the geographic location and resource type of a small power producer's qualifying small power production facility.

(C) The avoided cost rates offered by an electrical utility to a small power producer not eligible for the standard offer must be calculated based on the avoided cost methodology most recently approved by the commission. In the event that a small power producer and an electrical utility are unable to mutually agree on an avoided cost rate, the small power producer shall have the right to have any disputed issues resolved by the commission in a formal complaint proceeding. The commission may require mediation prior to a formal complaint

proceeding.

(D) A small power producer shall have the right to sell the output of its facility to the electrical utility at the avoided cost rates and pursuant to the power purchase agreement then in effect by delivering an executed notice of commitment to sell form to the electrical utility. The commission shall approve a standard notice of commitment to sell form to be used for this purpose that provides the small power producer a reasonable period of time from its submittal of the form to execute a power purchase agreement. In no event, however, shall the small power producer, as a condition of preserving the pricing and terms and conditions established by its submittal of an executed commitment to sell form to the electrical utility, be required to execute a power purchase agreement prior to receipt of a final interconnection agreement from the electrical utility.

(E)(1) Electrical utilities shall file with the commission power purchase agreements entered into pursuant to PURPA, resulting from voluntary negotiation of contracts between an electrical utility and a small power producer not eligible for the standard offer.

(2) The commission is authorized to ~~open a generic docket for the purposes of creating programs~~ approve programs proposed by electrical utilities for the competitive procurement of energy and capacity from renewable energy facilities and, at the electrical utility's option, associated co-located energy storage ~~by an electrical utility~~ within the utility's balancing authority area if the commission determines such action to be in the public interest.

(3) In establishing standard offer and form contract power purchase agreements, the commission shall consider whether such power purchase agreements should prohibit any of the following:

(a) termination of the power purchase agreement, collection of damages from small power producers, or commencement of the term of a power purchase agreement prior to commercial operation, if delays in achieving commercial operation of the small power producer's facility are due to the electrical utility's interconnection delays; or

(b) the electrical utility reducing the price paid to the small power producer based on costs incurred by the electrical utility to respond to the intermittent nature of electrical generation by the small power producer.

(F)(1) Electrical utilities, subject to approval of the commission, shall offer to enter into fixed price power purchase agreements with small power producers for the purchase of energy and

capacity at avoided cost, with commercially reasonable terms and a duration of ten years. The commission may also approve commercially reasonable fixed price power purchase agreements with a duration longer than ten years, which must contain additional terms, conditions, and/or rate structures as proposed by intervening parties and approved by the commission, including, but not limited to, a reduction in the contract price relative to the ten year avoided cost. Notwithstanding any other language to the contrary, the commission will make such a determination in proceedings conducted pursuant to subsection (A). The avoided cost rates applicable to fixed price power purchase agreements entered into pursuant to this item shall be based on the avoided cost rates and methodologies as determined by the commission pursuant to this section. The terms of this subsection apply only to those small power producers whose qualifying small power production facilities have active interconnection requests on file with the electrical utility prior to the effective date of this act. The commission may determine any other necessary terms and conditions deemed to be in the best interest of the ratepayers. This item is not intended, and shall not be construed, to abrogate small power producers' rights under PURPA that existed prior to the effective date of the act.

(2) Once an electrical utility has executed interconnection agreements and power purchase agreements with qualifying small power production facilities located in South Carolina with an aggregate nameplate capacity equal to twenty percent of the previous five-year average of the electrical utility's South Carolina retail peak load, that electrical utility shall offer to enter into fixed price power purchase agreements with small power producers for the purchase of energy and capacity at avoided cost, with the terms, conditions, rates, and terms of length for contracts as determined by the commission in a separate docket or in a proceeding conducted pursuant to subsection (A). The commission is expressly directed to consider the potential benefits of terms with a longer duration to promote the state's policy of encouraging renewable energy.

(3) Any electrical utility administering a program for the competitive procurement of renewable energy resources and associated co-located energy storage facilities that have been approved by the commission pursuant to Section 58-41-25 that is open to qualifying small power production facilities within the electrical utility’s balancing authority area in South Carolina may competitively procure new renewable energy capacity pursuant to that competitive solicitation process as a means of complying with the Public Utility Regulatory

Policies Act. Further, the commission must establish a five-year term for energy purchased at administratively established avoided cost rates outside of competitive procurement of renewable energy resources, with the exception of voluntarily negotiated agreements to serve the public interest, for any electrical utility administering a program for the competitive procurement of renewable energy resources and associated co-located energy storage facilities that has been approved by the commission if the commission determines that doing so will incentivize participation in the competitive procurement process.

(G) Nothing in this section prohibits the commission from adopting various avoided cost methodologies or amending those methodologies in the public interest.

(H) Unless otherwise agreed to between the electrical utility and the small power producer, a power purchase agreement entered into pursuant to PURPA may not allow curtailment of qualifying facilities in any manner that is inconsistent with PURPA or implementing regulations and orders promulgated by the Federal Energy Regulatory Commission.

~~(I) The commission is authorized to employ, through contract or otherwise, third-party consultants and experts in carrying out its duties under this section, including, but not limited to, evaluating avoided cost rates, methodologies, terms, calculations, and conditions under this section. The commission is exempt from complying with the State Procurement Code in the selection and hiring of a third-party consultant or expert authorized by this subsection. The commission shall engage, for each utility, a qualified independent third party to submit a report that includes the third party's independently derived conclusions as to that third party's opinion of each utility's calculation of avoided costs for purposes of proceedings conducted pursuant to this section. The qualified independent third party is subject to the same ex parte prohibitions contained in Chapter 3, Title 58 as all other parties. The qualified independent third party shall submit all requests for documents and information necessary to their analysis under the authority of the commission and the commission shall have full authority to compel response to the requests. The qualified independent third party's duty will be to the commission. Any conclusions based on the evidence in the record and included in the report are intended to be used by the commission along with all other evidence submitted during the proceeding to inform its ultimate decision setting the avoided costs for each electrical utility. The utilities may require confidentiality agreements with the independent third party that do not impede the third-~~

~~party analysis. The utilities shall be responsive in providing all documents, information, and items necessary for the completion of the report. The independent third party shall also include in the report a statement assessing the level of cooperation received from the utility during the development of the report and whether there were any material information requests that were not adequately fulfilled by the electrical utility. Any party to this proceeding shall be able to review the report including the confidential portions of the report upon entering into an appropriate confidentiality agreement. The commission and the Office of Regulatory Staff may not hire the same third-party consultant or expert in the same proceeding or to address the same or similar issues in different proceedings.~~

~~(J)~~ (I) Each electrical utility's avoided cost filing must be reasonably transparent so that underlying assumptions, data, and results can be independently reviewed and verified by the parties and the commission. The commission may approve any confidentiality protections necessary to allow for independent review and verification of the avoided cost filing.

SECTION 22. Chapter 41, Title 58 of the S.C. Code is amended by adding:

Section 58-41-25. (A) Unless an electrical utility makes an application pursuant to subsection (F) or (G), electrical utilities may file for commission approval of a program for the competitive procurement of renewable energy facilities which may also include, at the utility's option, associated co-located energy storage facilities, also referred to as "eligible facilities", or purchase one-hundred percent of the output from such eligible facilities, including all energy, capacity, ancillary services, and environmental and renewable attributes. Eligible facilities may be located anywhere in the electrical utility's balancing authority area to meet needs for new generation and energy storage resources identified by the electrical utility's integrated resource plan and associated filings. The commission may not grant approval unless the commission finds and determines that the electrical utility satisfied the requirements of this section and the proposed program is just and reasonable and in the best interests of the electrical utility's customers.

(B) An electrical utility's competitive procurement program filed pursuant to this section must describe the solicitation process, eligibility criteria, timelines, bid evaluation methodology, and identify whether resources procured are intended to also service customer-directed, renewable energy procurement programs. The program must be designed to procure renewable energy facilities and at the utility's

election, associated co-located energy storage resources, or the output of those facilities, subject to the following requirements:

(1) renewable energy facilities, and if applicable, energy storage resources, or their output, must be procured via a competitive solicitation process open to all market participants that meet minimum stated eligibility requirements;

(2) the electrical utility shall issue public notification of its intention to issue a competitive solicitation to procure renewable energy facilities and associated co-located energy storage facilities, if applicable, at least ninety days prior to the release of the solicitation, including identifying the proposed target procurement volume, procurement process, and timeline for administering the solicitation;

(3) renewable energy facilities eligible to participate in competitive procurement are those that use renewable generation resources identified in Section 58-39-120(F), which must also satisfy that electrical utility's capacity, energy, or operational needs, as identified by the electrical utility, and take into account the required operating characteristics of the needed capacity;

(4) energy storage facilities, if included by the electrical utility in the solicitation, must be associated equipment located at the same site as the renewable energy facility;

(5) electrical utilities may seek to ensure that their procurement of eligible facilities results in a reasonable balance of ownership of eligible facilities between such utility, including its affiliates and unrelated market participants, and may offer self-developed proposals. However, if an electrical utility or its affiliate seeks to participate in the procurement, the electrical utility's program must include an independent evaluator to evaluate all bids offered and to ensure they are fairly and competitively evaluated. For purposes of this section, "independent evaluator" means an independent third party retained by the electrical utility that has no ownership in the electrical utility or a market participant and has the skills and experience necessary to oversee the solicitation process and provide the utility with an independent evaluation of all proposals for ultimate selection. At the conclusion of the solicitation, the independent evaluator shall report to the commission on the openness and fairness of the bid evaluation process and certify that the selection of proposals adhered to the evaluation methodology and requirement of the program.

(C) An electrical utility must make the following publicly available at least forty-five days prior to each competitive solicitation:

(1) pro-forma contract to inform prospective market participants

of the procurement terms and conditions for the output purchased by the electrical utility from eligible resources. The pro-forma contract must:

(a) provide for the purchase of renewable energy, capacity, and environmental and renewable attributes from renewable energy facilities owned and operated by third parties that commit to allow the procuring electrical utility rights to dispatch, operate, and control the solicited renewable energy facilities in the same manner as the electrical utility's own generating resources;

(b) include standardized and commercially reasonable requirements for contract performance security; and

(c) define limits and compensation for resource dispatch and curtailments.

In the event an electrical utility chooses to procure output from co-located storage, the pro-forma contract must also cover similar terms and conditions as specified herein for those eligible facilities.

(2) pro-forma agreements to govern the procurement of eligible facilities by the electrical utility from market participants;

(3) bid evaluation methodology that ensures all bids are treated equitably, including price and non-price evaluation criteria; and

(4) interconnection requirements, including specification of how bids without existing interconnection agreements will be treated for purposes of evaluation.

(D) After bids are submitted and evaluated, the electrical utility will elect the winning bids based upon the public evaluation methodology.

(E) An electrical utility shall file with the commission a public report summarizing the results of each competitive solicitation within thirty days of finalizing the contract with the winning bidder. The report must include, at a minimum, a summary of the bids received and an anonymized list of the project awards, including size, location, and average award price and tenor.

(F) Nothwithstanding the requirements in subsections (B) and (C), the results of all other competitive procurement programs undertaken by an electrical utility within its balancing authority area outside of South Carolina that will serve customers in the electrical utility's balancing authority area within South Carolina and are open to equal participation by eligible facilities located within South Carolina may be approved by the commission if the commission determines such programs enable economic, reliable, and safe operation of the electricity grid in a manner consistent with the public interest. For purposes of this section, "public interest" shall also include the ability of customers to subscribe to customer programs which leverage the competitively procured solar and

potential storage contemplated within this section. Any electrical utility that requests acceptance of a system-wide procurement pursuant to this section must demonstrate to the commission that the utility has adhered to subsection (D) as defined in that specific competitive procurement program and submit the post-solicitation report to the commission, as required by subsection (E).

(G) The commission may determine that a competitive procurement program within an electrical utility's balancing authority area outside of South Carolina that serves customers in the utility's area within South Carolina and is open to equal participation by eligible facilities located within South Carolina satisfies the requirements of this section.

(H) Electrical utilities are permitted to recover costs incurred pursuant to this section, including reasonable and prudent administrative costs to develop and propose procurements under this section, and if approved by the commission, the costs resulting from such procurements through rates established pursuant to Section 58-27-865 or otherwise through rates established pursuant to Section 58-27-870. If the commission denies an application made pursuant to subsection (F) or (G) of this section, and the utility continues with the procurement, then the utility must allocate all costs and benefits associated with the resources being procured away from South Carolina customers.

(I) An electrical utility administering a program for the competitive procurement of renewable energy resources and storage facilities that has been approved by the commission pursuant to Section 58-41-25 that is open to qualifying small power production facilities located in South Carolina may utilize such programs as means to satisfy its purchase obligations for avoidable capacity from qualifying small power production facilities under the Public Utility Regulatory Policies Act, consistent with Section 58-41-20(F)(3).

SECTION 23. A. Section 58-33-20 of the S.C. Code is amended by adding:

(10) The term "like facility" with reference to generation facilities and without limitation, includes a facility or facilities that are proposed to provide capacity on a site currently or previously used for siting electric generation that replaces the capacity of a facility or facilities that are being retired, downrated, mothballed, or dedicated to standby or emergency service at the same site, limited to facilities no more than 300 megawatts, so long as those new facilities will provide an amount of effective load-carrying capacity that in whole or in part will serve to replace the capacity to be lost as a result of retirement, and includes associated transmission facilities needed to deliver power from that

facility to customers. A "like facility" with reference to transmission facilities, and without limitation, includes any facility that represents the rebuilding, reconductoring, paralleling, increasing voltage, adding circuits or otherwise reconfiguring of an existing transmission line or other transmission facilities including, without limitation, projects to increase the capacity of such facilities, provided such facilities are: (a) located materially within a utility right of way or corridor; (b) located materially within a new right of way or corridor; or (c) substantially located on the property of a customer, prospective customer, or the State.

B. Section 58-33-20(2)(a) of the S.C. Code is amended to read:

(2) The term "major utility facility" means:

(a) electric generating plant and associated facilities designed for, or capable of, operation at a capacity of more than seventy-five megawatts or that requires a footprint of more than one hundred twenty-five acres of land.

SECTION 24. Article 3, Chapter 33, Title 58 of the S.C. Code is amended to read:

Article 3

Certification of Major Utility Facilities

Section 58-33-110. (1) No person shall commence to construct a major utility facility without first having obtained a certificate issued with respect to such facility by the Commission. The replacement of an existing facility with a like facility, as determined by the Commission, shall not constitute construction of a major utility facility. Upon application for a determination by the Commission that a proposed utility facility constitutes a like facility replacement, the Commission must issue a written order approving or denying the application within sixty days of filing. If the Commission fails to issue a written order within sixty days of the application's filing, the application shall be deemed as approved. Any facility, with respect to which a certificate is required, shall be constructed, operated and maintained in conformity with the certificate and any terms, conditions and modifications contained therein. A certificate may only be issued pursuant to this chapter; provided, however, any authorization relating to a major utility facility granted under other laws administered by the Commission shall constitute a certificate if the requirements of this chapter have been complied with in the proceeding leading to the granting of such authorization.

(2) A certificate may be transferred, subject to the approval of the Commission, to a person who agrees to comply with the terms, conditions and modifications contained therein.

(3) A certificate may be amended.

(4) This chapter shall not apply to any major utility facility:

(a) the construction of which is commenced within one year after January 1, 1972; or

(b) for which, prior to January 1, 1972, an application for the approval has been made to any federal, state, regional, or local governmental agency which possesses the jurisdiction to consider the matters prescribed for finding and determination in subsection (1) of Section 58-33-160.

(c) for which, prior to January 1, 1972, a governmental agency has approved the construction of the facility and indebtedness has been incurred to finance all or part of the cost of such construction;

(d) which is a hydroelectric generating facility over which the ~~Federal Power Commission~~Federal Energy Regulatory Commission has licensing jurisdiction; or

(e) which is a transmission line or associated electrical transmission facilities constructed by the South Carolina Public Service Authority~~,~~: (i) for which construction either is commenced within one year after January 1, 2022~~,~~; ~~or~~ (ii) which is necessary to maintain system reliability in connection with the closure of the Winyah Generating Station, provided that such transmission is not for generation subject to this chapter; or (iii) which is necessary to serve an identified commercial or industrial customer to promote economic development or industry retention as determined by the South Carolina Public Service Authority and agreed to by the Office of Regulatory Staff where such agreement is documented in a letter by the Office of Regulatory Staff to the Public Utilities Review Committee and the commission.

(5) Any person intending to construct a major utility facility excluded from this chapter pursuant to subsection (4) of this section or Section 58-33-20(10) may elect to waive the exclusion by delivering notice of the waiver to the Commission. This chapter shall thereafter apply to each major utility facility identified in the notice from the date of its receipt by the Commission.

(6) The Commission shall have authority to waive the normal notice and hearing requirements of this chapter and to issue a certificate on an emergency basis if it finds that immediate construction of a major utility facility is justified by public convenience and necessity; provided, that the Public Service Commission shall notify all parties

concerned under Section 58-33-140 prior to the issuance of such certificate; provided, further, that the Commission may subsequently require a modification of the facility if, after giving due consideration to the major utility facility, available technology and the economics involved, it finds such modification necessary in order to minimize the environmental impact.

(7) The Commission shall have authority, where justified by public convenience and necessity, to grant permission to a person who has made application for a certificate under Section 58-33-120 to proceed with initial clearing, excavation, dredging and construction.~~,~~ ~~provided, ,~~ No permission from the Commission shall be required to proceed with initial clearing, excavation, dredging, and initial construction of any facility which constitutes a component of the preferred generation plan in an integrated resource plan or update approved by the Commission pursuant to Chapter 37 of this title, or any like facility; provided that in engaging in such clearing, excavation, dredging or construction, the person shall proceed at his own risk, and such permission shall not in any way indicate approval by the Commission of the proposed site or facility.

(8)(a) ~~Notwithstanding the provisions of item (7), and not limiting the provisions above, a person may not commence construction of a major utility facility for generation in the State of South Carolina without first having made a demonstration~~ In seeking a certificate, the applicant must provide credible information demonstrating that the facility to be built has been compared to other generation options in terms of cost, reliability, schedule constraints, fuel cost and availability, transmission constraints and costs, ancillary services capabilities, current and reasonably expected future environmental costs and restrictions, that the facility supports system efficiency and reliability in light of those considerations, and any other regulatory implications deemed legally or reasonably necessary for consideration by the commission. The commission is authorized to adopt rules for such evaluation of other generation options.

(b) The ~~commission may, upon a showing of a need, require a commission-approved process that includes~~ Office of Regulatory Staff may provide to the commission a report that includes any or all of the following:

(i) ~~the~~ an assessment of an unbiased independent evaluator retained by the Office of Regulatory Staff as to reasonableness of any certificate sought under this section for new generation;

(ii) a report from the independent evaluator to the

commission regarding the transparency, completeness, and integrity of bidding processes, if any;

(iii) an assessment of whether there was a reasonable period for interested parties to review and comment on proposed requests for proposals, bid instructions, and bid evaluation criteria, if any, prior to finalization and issuance, subject to any trade secrets that could hamper future negotiations; however, the independent evaluator may access all such information;

~~(iv) independent evaluator access and review of final bid evaluation criteria and pricing information for any and all projects to be evaluated in comparison to the request for proposal bids received;~~

~~(v) access through discovery, subject to appropriate confidentiality, attorney-client privilege or trade secret restrictions, for parties to this proceeding to documents developed in preparing the certificate of public convenience and necessity application;~~

~~(vi)~~ (iv) ~~a demonstration that~~ an assessment of whether the facility is consistent with an integrated resource plan or update ~~approved by~~ previously filed with the commission or is otherwise justified by generation planning modeling comparable to that filed as part of the utility's integrated resource plan but updated with current data concerning system loads, fuel prices, environmental regulations, location-specific transmission costs, updated construction costs and updated construction timelines, updated costs of gas supply facilities, if any, and other relevant costs, schedules or inputs establishing that the facility in question supports system economy and reliability; and

~~(vii)~~ (v) an assessment detailing the treatment of utility affiliates ~~in the same manner~~ as compared to nonaffiliates participating in the request for proposal process, if any.

(9) The applicant may, but must not be required to, issue requests for proposals or otherwise conduct market procurement activities in support of the showings required pursuant to this chapter.

(10) Not withstanding any other provision in this section, an electrical utility serving customers in this state may seek a certificate of public convenience and necessity when building a major utility facility, as defined in Section 58-33-20(2), in another state but within the electrical utility's balancing area serving customers in South Carolina. In such a case, the provisions of Sections 58-33-120, 58-33-140, and 58-33-160(1)(b), (c), and (e) shall not apply, but all other requirements of this section affecting customers in this state shall apply. In addition:

(a) an applicant for a certificate shall file an application with the commission in such form as the commission may prescribe. The application must contain the following information:

(i) a description of the location and of the major utility facility to be built;

(ii) a summary of any studies which have been made by or for the applicant of the environmental impact of the major utility facility;

(iii) a statement explaining the need for the major utility facility;

(iv) any other information the applicant may consider relevant or as the commission may by regulation require. A copy of the report referred to in item (8)(b) must be filed with the commission, if ordered by the commission, and shall be available for public information.

(b) The parties to a proceeding for a certificate pursuant to this section shall include:

(i) the applicant;

(ii) the Office of Regulatory Staff; and

(iii) intervenors with standing as approved by the commission.

(c) If the commission denies an application made pursuant to this section and the utility continues to build such major utility facility, the utility must allocate all costs and benefits associated with the major utility facility away from the utility's South Carolina customers.

Section 58-33-120. (1) An applicant for a certificate shall file an application with the commission, in such form as the commission may prescribe. The application must contain the following information:

(a) a description of the location and of the major utility facility to be built;

(b) a summary of any studies which have been made by or for applicant of the environmental impact of the facility;

(c) a statement explaining the need for the facility; and

(d) any other information as the applicant may consider relevant or as the commission may by regulation ~~or order~~ require. A copy of the study referred to in item (b) above shall be filed with the commission, if ordered, and shall be available for public information.

(2) Each application shall be accompanied by proof of service of a copy of the application on the Office of Regulatory Staff, the chief executive officer of each municipality, and the head of each state and local government agency, charged with the duty of protecting the environment or of planning land use, in the area in the county in which any portion of the facility is to be located. The copy of the application shall be accompanied by a notice specifying the date on or about which the application is to be filed.

(3) Each application also must be accompanied by proof that public notice was given to persons residing in the municipalities entitled to receive notice under subsection (2) of this section, by the publication of a summary of the application, and the date on or about which it is to be filed, in newspapers of general circulation as will serve substantially to inform such persons of the application.

(4) Inadvertent failure of service on, or notice to, any of the municipalities, government agencies, or persons identified in subsections (2) and (3) of this section may be cured pursuant to orders of the commission designed to afford them adequate notice to enable their effective participation in the proceeding. In addition, the commission may, after filing, require the applicant to serve notice of the application or copies thereof, or both, upon such other persons, and file proof thereof, as the commission may deem appropriate.

(5) An application for an amendment of a certificate shall be in such form and contain such information as the commission shall prescribe. Notice of the application shall be given as set forth in subsections (2) and (3) of this section.

Section 58-33-130. (1) Upon the receipt of an application complying with Section 58-33-120, the Commission shall promptly fix a date for the commencement of a public hearing, not less than sixty nor more than ninety days after the receipt, and ~~shall conclude the proceedings as expeditiously as practicable~~ complete the hearing and issue an order on the merits within one hundred eighty days of receipt of the application.

(2) The testimony presented at the hearing may be presented in writing or orally, ~~provided~~ that the Commission may make rules designed to exclude repetitive, redundant or irrelevant testimony; however, all expert testimony must be prefiled with the Commission, with responsive expert testimony of non-applicants being received with enough time for the applicant to meaningfully respond, and in no case would expert testimony be filed less than twenty days before the hearing.

~~(2)~~(3) On an application for an amendment of a

certificate, the Commission shall hold a hearing in the same manner as a hearing is held on an application for a certificate if the proposed change in the facility would result in any significant increase in any environmental impact of the facility or a substantial change in the location of all or a portion of the facility; provided, that the Public Service Commission shall forward a copy of the application to all parties upon the filing of an application.

Section 58-33-140. (1) The parties to a certification proceeding shall include:

(a) the applicant;

(b) the Office of Regulatory Staff, the Department of Health and Environmental Control, the Department of Natural Resources, and the Department of Parks, Recreation and Tourism;

(c) each municipality and government agency entitled to receive service of a copy of the application under subsection (2) of Section 58-33-120 if it has filed with the commission a notice of intervention as a party within thirty days after the date it was served with a copy of the application; and

(d) any person residing in a municipality entitled to receive service of a copy of the application under subsection (2) of Section 58-33-120, any domestic nonprofit organization, formed in whole or in part to promote conservation or natural beauty, to protect the environment, personal health, or other biological values, to preserve historical sites, to promote consumer interest, to represent commercial and industrial groups, or to promote the orderly development of the area in which the facility is to be located; or any other person, if such a person or organization has petitioned the commission for leave to intervene as a party, within thirty days after the date given in the published notice as the date for filing the application, and if the petition has been granted by the commission for good cause shown.

(2) Any person may make a limited appearance in the sixty days after the date given in the published notice as the date for filing the application. No person making a limited appearance shall be a party or shall have the right to present oral testimony or argument or cross-examine witnesses.

(3) The commission may, in extraordinary circumstances for good cause shown, and giving consideration to the need for timely start of construction of the facility, grant a petition for leave to intervene as a party to participate in subsequent phases of the proceeding, filed by a municipality, government agency, person, or organization which is identified in paragraphs (b) or (c) of subsection (1)

of this section, but which failed to file a timely notice of intervention or petition for leave to intervene, as the case may be.

Section 58-33-150. A record shall be made of ~~the~~any hearing and of all testimony taken and the cross-examination thereon. ~~Upon request of a party, either before or after the decision, a State agency which proposed to or does require a condition to be included in the certificate as provided for in Section 58-33-160 shall furnish for the record all factual findings, documents, studies, rules, regulations, standards, or other documentation, supporting the condition.~~ The Commission may provide for the consolidation of the representation of parties having similar interests.

Section 58-33-160. (1) The Commission shall render a decision upon the record either granting or denying the application as filed, or granting it upon such terms, conditions or modifications of the construction, operation or maintenance of the major utility facility as the Commission may deem appropriate; such conditions shall be as determined by the applicable State agency having jurisdiction or authority under statutes, rules, regulations or standards promulgated thereunder, and the conditions shall become a part of the certificate. The Commission ~~may not~~must grant a certificate for the construction, operation and maintenance of a major utility facility, either as proposed or as modified by the Commission, ~~unless it shall find and determine~~if it finds and determines that the applicant has shown:

(a) The basis of the need for the facility.

(b) The nature of the probable environmental impact.

(c) That the impact of the facility upon the environment is justified, considering the state of available technology and the nature and economics of the various alternatives and other pertinent considerations.

(d) That the facilities will serve the interests of system economy and reliability, and in the case of generating facilities, will do so considering reasonably available alternatives and their associated costs, risks, and operating attributes.

(e) That there is reasonable assurance that the proposed facility will conform to applicable State and local laws and regulations issued thereunder, including any allowable variance provisions therein, except that the Commission may refuse to apply any local law or local regulation if it finds that, as applied to the proposed facility, such law or regulation is unreasonably restrictive in view of the existing technology, or of factors of cost or economics or of the needs of consumers whether located inside or outside of the directly affected

government subdivisions.

(f) That public convenience and necessity require the construction of the facility.

(2) If the Commission determines that the location of all or a part of the proposed facility should be modified, it may condition its certificate upon such modification, provided that the municipalities and persons residing therein affected by the modification shall have been given reasonable notice.

(3) A copy of the decision and any ~~opinion~~ order shall be served by the Commission upon each party.

Section 58-33-170. In rendering a decision on an application for a certificate, the Commission shall issue an ~~opinion~~order stating its reasons for the action taken. If the Commission has found that any regional or local law or regulation, which would be otherwise applicable, is unreasonably restrictive pursuant to paragraph (e) of subsection (1) of Section 58-33-160, it shall state in its ~~opinion~~ order the reasons therefor.

Section 58-33-180. (A)~~(1)~~ In addition to the requirements of Articles 1, 3, 5, and 7 of Chapter 33, Title 58, a certificate for the construction of a major utility facility shall be granted only if the Public Service Authority demonstrates and proves by a preponderance of the evidence and the commission finds:

~~(a)~~(1) the construction of a major utility facility constitutes a more cost-effective means for serving direct serve and wholesale customers than other feasibly available long-term power supply alternatives and provides less ratepayer risk while maintaining safe and reliable electric service than other feasibly available long-term power supply alternatives; and

~~(b)~~(2) energy efficiency measures; demand-side management; renewable energy resource generation; available long-term power supply alternatives, or any combination thereof, would not establish or maintain a more cost-effective and reliable generation system and that the construction and operation of the facility is in the public interest.

~~(2)~~(B) Available long-term power supply alternatives may include, but are not limited to, power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof.

~~(3)~~(C) The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's resource and fuel diversity, reasonably anticipated future operating costs, arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power and other alternative methods for providing reliable, efficient, and economical electric service.

~~(B)~~(D)The Public Service Authority shall file an estimate of construction costs in such detail as the commission may require. ~~No certificate shall be granted unless the commission has approved the estimated construction costs and made a finding that construction will be consistent with the Authority's commission-approved plan for expansion of electric generating capacity.~~

Section 58-33-185. (A) The Public Service Authority may not ~~enter into a contract for the acquisition of~~ acquire a major utility facility without approval of the Public Service Commission of South Carolina, provided that the approval is required only to the extent the transaction is not subject to the exclusive jurisdiction of the Federal Energy Regulatory Commission or any other federal agency.

(B)(1) In acting upon any petition by the Public Service Authority pursuant to this section, the Public Service Authority must prove by a preponderance of the evidence that the proposed transaction constitutes a more cost-effective means for serving direct serve and wholesale customers than other feasibly available long-term power supply alternatives and provides less ratepayer risk while maintaining safe and reliable electric service than other feasibly available long-term power supply alternatives. The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power and other alternative methods for providing reliable, efficient, and economical electric service.

(2) Available long-term power supply alternatives may include, but not be limited to, power purchase agreements of a different duration than proposed, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination

thereof.

(C) Application for the approval of the commission shall be made by the Public Service Authority and shall contain a concise statement of the proposed action, the reasons therefor, and such other information as may be required by the commission.

(D) Upon the receipt of an application, the commission shall promptly fix a date for the commencement of a public hearing, not less than sixty nor more than ninety days after the receipt, and shall conclude the proceedings as expeditiously as practicable. The commission shall establish notice requirements and proceedings shall include an opportunity for intervention, discovery, filed comments or testimony, and an evidentiary hearing.

(E) The commission shall render a decision upon the record either granting or denying the application as filed, or granting it upon such terms, conditions or modifications as the commission may deem appropriate.

(F)(1) The commission may not grant approval unless it shall find and determine that the Public Service Authority satisfied all requirements of this section and the proposed transaction is in the best interests of the retail and wholesale customers of the Public Service Authority.

(2) The commission also may require compliance with any provision of Article 3, Chapter 33, Title 58 that the commission determines necessary to grant approval.

Section 58-33-190. (1) The Public Service Authority may not enter into a contract for the purchase of power with a duration longer than ten years without approval of the Public Service Commission of South Carolina, provided that the approval is required only to the extent the transaction is not subject to the exclusive jurisdiction of the Federal Energy Regulatory Commission or any other federal agency. This section does not apply to purchases of renewable power through a commission approved competitive procurement process.

(2) The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's resource and fuel diversity, reasonably anticipated future operating costs, arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power, and other alternative methods for providing reliable, efficient, and economical electric service.

(3) The commission may not grant approval unless it

shall find and determine that the proposed transaction is in the best interests of the retail and wholesale customers of the Public Service Authority.

SECTION 25. Section 58-37-40 of the S.C. Code is amended to read:

Section 58-37-40. (A) Electrical utilities, electric cooperatives, municipally owned electric utilities, and the South Carolina Public Service Authority must each prepare an integrated resource plan. An integrated resource plan must be prepared and submitted at least every three years. Nothing in this section may be construed as requiring interstate natural gas companies whose rates and services are regulated only by the federal government or gas utilities subject to the jurisdiction of the commission to prepare and submit an integrated resource plan.

(1) Each electrical utility with one hundred thousand or more customer accounts and the Public Service Authority must submit its integrated resource plan to the commission. The integrated resource plan must be posted on the electrical utility's website and on the commission's website.

(2) Electric cooperatives, electric utilities with less than one hundred thousand customer accounts, and municipally owned electric utilities shall each submit an integrated resource plan to the State Energy Office. Each integrated resource plan must be posted on the State Energy Office's website. If an electric cooperative, electric utility with less than one hundred thousand customer accounts, or municipally owned utility has a website, its integrated resource plan must also be posted on its website. For distribution~~,~~ electric cooperatives that are members of a cooperative that provides wholesale service, the integrated resource plan may be coordinated and consolidated into a single plan provided that nonshared resources or programs of individual distribution cooperatives are highlighted. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to a distribution or wholesale cooperative or a municipally owned electric utility as a result of the cooperative or the municipally owned electric utility not owning or operating generation resources, the plan may state that fact or refer to the plan of the wholesale power generator. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to an electrical utility with less than one hundred thousand customer accounts as a result of its own generation resources being comprised of more than seventy-five percent renewable energy or because it purchases wholesale load balancing generation services, then the plan may state that fact or refer to the plan of the wholesale power generator. For purposes of this

section, a wholesale power generator does not include a municipally created joint agency if that joint agency receives at least seventy-five percent of its electricity from a generating facility owned in partnership with an electrical utility and that electrical utility:

(a) generally serves the area in which the joint agency's members are located; and

(b) is responsible for dispatching the capacity and output of the generated electricity.

(3) The South Carolina Public Service Authority shall submit its integrated resource plan to the commission. The Public Service Authority shall develop a public process allowing for input from all stakeholders prior to submitting the integrated resource plan. The integrated resource plan must be developed in consultation with the electric cooperatives and municipally owned electric utilities purchasing power and energy from the Public Service Authority and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The integrated resource plan must be posted on the commission's website and on the Public Service Authority's website.

(4)(a) In addition to the requirements of Section 58-37-40(B), the Public Service Authority's integrated resource plan shall include an analysis of long-term power supply alternatives and enumerate the cost of various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and least ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service.

(b) In addition to the requirements of Section 58-37-40(B), the commission shall review and evaluate the Public Service Authority's analysis of long-term power supply alternatives and various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and lowest ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service. The commission's evaluation shall include, but not be limited to:

(i) evaluating the cost-effectiveness and

ratepayer-risk of self-build generation and transmission options compared with various long-term power supply alternatives, including power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof. In evaluating and identifying the most cost-effective and least ratepayer-risk resource portfolio, the commission shall strive to reduce the risk to ratepayers associated with any generation and transmission options while maintaining safe and reliable electric service; and

(ii) an analysis of any potential cost savings that might accrue to ratepayers from the retirement of remaining coal generation assets.

(c) The Authority's integrated resource plan must provide the information required in Section 58-37-40(B) and must be developed in consultation with the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities purchasing power and energy from the Public Service Authority, and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The Integrated Resource Plan of the South Carolina Public Service Authority shall include and evaluate at least one resource portfolio, which will reflect the closure of the Winyah Generating Station by 2028, designed to provide safe and reliable electric service while meeting a net zero carbon emission goal by the year 2050.

(B)(1) An integrated resource plan shall include all of the following:

(a) a long-term forecast of the utility's sales and peak demand under various reasonable scenarios;

(b) the type of generation technology proposed for a generation facility contained in the plan and the proposed capacity of the generation facility, including fuel cost sensitivities under various reasonable scenarios;

(c) projected energy purchased or produced by the utility from a renewable energy resource;

(d) a summary of the electrical transmission

investments planned by the utility;

(e) several resource portfolios developed with the purpose of fairly evaluating the range of demand-side, supply-side, storage, and other technologies and services available to meet the utility's service obligations. Such portfolios and evaluations must include an evaluation of low, medium, and high cases for the adoption of renewable energy and cogeneration, energy efficiency, and demand response measures, including consideration of the following:

(i) customer energy efficiency and demand response programs;

(ii) facility retirement assumptions; and

(iii) sensitivity analyses related to fuel costs, environmental regulations, and other uncertainties or risks;

(f) data regarding the utility's current generation portfolio, including the age, licensing status, and remaining estimated life of operation for each facility in the portfolio;

(g) plans for meeting current and future capacity needs with the cost estimates for all proposed resource portfolios in the plan;

(h) an analysis of the cost and reliability impacts of all reasonable options available to meet projected energy and capacity needs; ~~and~~

(i) a forecast of the utility's peak demand, details regarding the amount of peak demand reduction the utility expects to achieve, and the actions the utility proposes to take in order to achieve that peak demand reduction; and

(j) a report addressing updates to the utility's transmission plan under the utility's open-access transmission tariff pursuant to the federal jurisdiction planning process. In this report, the utility shall describe if applicable planned transmission improvements may enable specific siting of new resources or provide expected and planned impacts to other resource interconnection constraints or operations of the systems. The utility shall also describe how it evaluated alternate transmission technologies when developing solutions for identified transmission needs for interconnecting resources.

(2) An integrated resource plan may include distribution resource plans or integrated system operation plans.

(C)(1) The commission shall have a proceeding to review each electrical utility subject to subsection (A)(1) and the Public Service Authority's integrated resource plan. As part of the integrated resource plan filing, the commission shall allow intervention by

interested parties. The procedural schedule shall include dates for completion of each phase of discovery, including discovery related to the integrated resource plan as filed, direct testimony of the applicant, direct testimony of the Office of Regulatory Staff and other parties and intervenors, and rebuttal testimony of the applicant. Except upon showing exceptional circumstances, all discovery shall be served in time to allow its completion, but not less than ten days prior to the hearing. The commission shall establish a procedural schedule to permit reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. No later than three hundred days after an electrical utility files an integrated resource plan, the commission shall issue a final order approving, modifying, or denying the plan filed by the electrical utility or the Public Service Authority.

(2) The commission shall approve an electrical utility's or the Public Service Authority's integrated resource plan if the commission determines that the proposed integrated resource plan represents the most reasonable and prudent means of meeting the electrical utility's or the Public Service Authority's energy and capacity needs as of the time the plan is reviewed. ~~To determine whether the integrated resource plan is the most reasonable and prudent means of meeting energy and capacity needs, the commission, in its discretion, shall consider whether the plan appropriately balances the following factors.~~ In reviewing an integrated resource plan, the commission shall give due consideration as to the resources and actions necessary for the utility to fulfill compliance and reliability obligations pursuant to the Federal Energy Regulatory Commission, the North American Electric Reliability Corporation, the Southeastern Electric Reliability Council, and the Nuclear Regulatory Commission requirements, as well as environmental requirements applicable to resources serving customers in this state. Matters related to the scope and sufficiency of an electrical utility’s demand-side plans and activities shall be considered exclusively in proceedings conducted pursuant to Section 58-37-20. In reviewing an integrated resource plan, the commission shall focus its review on the decisions which the applicant must make in the near term based on the triennial integrated resource plan under consideration at the time and shall approve a plan if it finds that the plan appropriately balances the following factors:

(a) resource adequacy and capacity to serve

anticipated peak electrical load, including the need for electric capacity and energy required to support economic development and industry retention in the electrical utility's or the Public Service Authority's service territory and to meet applicable planning reserve margins;

(b) consumer affordability and least reasonable cost, considering the resources needed to support economic development and industry retention, and other risks and benefits;

(c) compliance with applicable state and federal environmental regulations;

(d) power supply reliability;

(e) commodity price risks;

(f) diversity of generation supply; ~~and~~

(g) the efficiencies and optimum plans for any electrical utility system spanning state lines located within the electrical utility's or the Public Service Authority's balancing authority area; and

(h) other foreseeable conditions that the commission determines to be for the public's interest.

(3) In modifying or rejecting an electrical utility's or the Public Service Authority's integrated resource plan, the commission shall only require revisions that are reasonably anticipated to materially change resource procurement decisions to be made on the basis of the integrated resource plan under review. If the commission modifies or rejects an electrical utility's or the Public Service Authority's integrated resource plan, the electrical utility or the Public Service Authority, within sixty days after the date of the final order, shall submit a revised plan addressing concerns identified by the commission and incorporating commission-mandated revisions to the integrated resource plan to the commission for approval. Within sixty days of the electrical utility's or the Public Service Authority's revised filing, the Office of Regulatory Staff shall review the electrical utility's or the Public Service Authority's revised plan and submit a report to the commission assessing the sufficiency of the revised filing. Other parties to the integrated resource plan proceeding also may submit comments. No later than sixty days after the Office of Regulatory Staff report is filed with the commission, the commission at its discretion may determine whether to accept the revised integrated resource plan or to mandate further remedies that the commission deems appropriate.

(4) The submission, review, and acceptance of an integrated resource plan by the commission, or the inclusion of any specific resource ~~or experience~~ in an accepted integrated resource plan, shall not be determinative of the reasonableness or prudence of the

acquisition or construction of any resource or the making of any expenditure. An electrical utility shall retain the burden of proof to show that all of its investments and expenditures are reasonable and prudent when seeking cost recovery in rates.

(D)(1) An electrical utility and the Public Service Authority shall each submit annual updates to its integrated resource plan to the commission. An annual update must include an update to the electric utility's or the Public Service Authority's base planning assumptions relative to its most recently accepted integrated resource plan, including, but not limited to: energy and demand forecast, commodity fuel price inputs, renewable energy forecast, energy efficiency and demand-side management forecasts, changes to projected retirement dates of existing units, along with other inputs the commission deems to be for the public interest. The electrical utility's or Public Service Authority's annual update must describe the impact of the updated base planning assumptions on the selected resource plan.

(2) The Office of Regulatory Staff shall review each electrical utility's or the Public Service Authority's annual update and submit a report within ninety days to the commission providing a recommendation concerning the reasonableness of the annual update. After reviewing the annual update and the Office of Regulatory Staff report, the commission may accept the annual update or direct the electrical utility or the Public Service Authority to make changes to the annual update that the commission determines to be in the public interest within sixty days from the submittal of the Office of Regulatory Staff's report.

(E) Intervenors shall bear their own costs of participating in proceedings before the commission.

~~(E)~~(F) The commission is authorized to promulgate regulations to carry out the provisions of this section.

SECTION 26. Section 58-3-260 of the S.C. Code is amended to read:

Section 58-3-260. (A) For purposes of this section:

(1) "Proceeding" means a contested case, generic proceeding, or other matter to be adjudicated, decided, or arbitrated by the commission.

(2) "Person" means a party to a proceeding pending before the commission, a member of the Office of Regulatory Staff, a representative of a party to a proceeding pending before the commission, individuals, corporations, partnerships, limited liability companies, elected officials of state government, and other public and elected officials.

(3) "Communication" means the transmitting of information by any mode including, but not limited to, oral, written, or electronic.

(4) "Allowable ex parte communication briefing" means any communication that is conducted pursuant to the procedure outlined in subsection (C)(6) of this section.

(5) "Communication of supplemental legal citation" means the submission, subsequent to the submission of post-hearing briefs or proposed orders in a proceeding, of statutes, regulations, judicial or administrative decisions that are enacted, promulgated, or determined after the submission of post-hearing briefs or proposed orders.

(6) "Issue" means a specific request for relief or for other action from the commission in a pending or anticipated matter, legal or regulatory arguments, and policy considerations. "Issue" does not include:

(a) general information concerning the operations, administration, planning, projects, customer service, storms or storm response, accidents, outages, or investments of an entity regulated by the commission that is not confidential and proprietary and is available to the public; or

(b) any confidential information that affects energy security, such as physical or cybersecurity matters, provided that such information is also provided to the Executive Director of the Office of Regulatory Staff.

Any communication pursuant to subitems (a) or (b) that does not contain a specific request for relief or for other action from the commission in a pending matter or anticipated matter and is provided to the commission must be in writing and must be posted on the commission's website with any confidential information redacted.

(B)(1) Except as otherwise provided herein or unless required for the disposition of ex parte matters specifically authorized by law, a commissioner, hearing officer, or commission employee shall not communicate, directly or indirectly, regarding any issue that is an issue in any proceeding or can reasonably be expected to become an issue in any proceeding with any person without notice and opportunity for all parties to participate in the communication, nor shall any person communicate, directly or indirectly, regarding any issue that is an issue in any proceeding or can reasonably be expected to become an issue in any proceeding with any commissioner, hearing officer, or commission employee without notice and opportunity for all parties to participate in

the communication.

(2) Commissioners must limit their consideration of matters before them to the record presented by the parties and may not rely on material not presented in the record by the parties.

(C) The following communications are exempt from the prohibitions of subsection (B) of this section:

(1) a communication concerning compliance with procedural requirements if the procedural matter is not an area of controversy in a proceeding;

(2) statements made by a commission employee who is or may reasonably be expected to be involved in formulating a decision, rule, or order in a proceeding, where the statements are limited to providing publicly available information about pending proceedings;

(3) inquiries relating solely to the status of a proceeding, unless the inquiry: (a) states or implies a view as to the merits or outcome of the proceeding; (b) states or implies a preference for a particular party or which states why timing is important to a particular party; (c) indicates a view as to the date by which a proceeding should be resolved; or (d) is otherwise intended to address the merits or outcome or to influence the timing of a proceeding;

(4) a communication made by or to commission employees that concerns judicial review of a matter that has been decided by the commission and is no longer within the commission's jurisdiction; however, if the matter is remanded to the commission for further action, the provisions of this section shall apply during the period of the remand;

(5) where circumstances require, ex parte communications for scheduling, administrative purposes, or emergencies that do not deal with substantive matters or issues on the merits are authorized provided:

(a) the commissioner, hearing officer, or commission employee reasonably believes that no party will gain a procedural or tactical advantage as a result of the ex parte communication; and

(b) the commissioner, hearing officer, or commission employee makes provision promptly to notify all other parties of the substance of the ex parte communication and, where possible, allows an opportunity to respond;

(6)(a) subject to the provisions of Chapter 4 of Title 30, communications, directly or indirectly, regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in

a proceeding for the purposes of an allowable ex parte communication briefing if:

~~(i) the Executive Director of the Office of Regulatory Staff or his designee attends the briefing and files a written certification, within seventy-two hours of the briefing, attaching copies of all statements and all other matters filed by all persons pursuant to subsubitems (ii), (iii), and (iv) of this subsection, with the chief clerk of the commission that such briefing was conducted in compliance with the provisions of this section and that each party, person, commissioner, or commission employee present has complied with the reporting and certification requirements of subsubitems (ii), (iii), and (iv); and within twenty-four hours of the submission by the executive director, the commission posts on its web site the written certification, statements, and other matters filed by the executive director;~~

~~(ii) each party, person, commissioner, and commission employee present files a written, certified statement with the Executive Director of the Office of Regulatory Staff within forty-eight hours of the briefing accurately summarizing the discussions in full and attaching copies of any written materials utilized, referenced, or distributed;~~

~~(iii) each party, person, commissioner, and commission employee present, within forty-eight hours of the briefing, files a certification with the Executive Director of the Office of Regulatory Staff that~~

(i) in the course of such briefing, no commissioner or commission employee shall make any~~no~~ commitment, predetermination, or prediction of any commissioner's action as to any ultimate or penultimate issue or any commission employee's opinion or recommendation as to any ultimate or penultimate issue in any proceeding, ~~was requested by any person or party~~ nor shall any person request any commitment, predetermination, or prediction ~~was~~to be given by any commissioner or commission employee as to any commission action or commission employee opinion or recommendation on any ultimate or penultimate issue;

(ii) the Executive Director of the Office of Regulatory Staff or his designee must attend the briefing and certify that the commissioners and commission employees complied with the provisions in subitem (i);

~~(iv)~~(iii) each commissioner or commission employee present at the allowable ex parte communication briefing grants to every other party or person requesting an allowable ex parte

communication briefing on the same or similar matter that is or can reasonably be expected to become an issue in a proceeding, similar access and a reasonable opportunity to communicate, directly or indirectly, regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding under the provisions of subsection (C)(6) of this section and files a written, certified statement with the Executive Director of the Office of Regulatory Staff within forty-eight hours of the briefing stating that the commissioner or commission employee will comply with this provision;

~~(v)~~(iv) the commission ~~posts~~ must post on its website, at least five business days prior to the proposed briefing, a notice of each request for an allowable ex parte communication briefing that includes the date and time of the proposed briefing, the name of the person or party who requested the briefing, the name of each commissioner and commission employee whom the person or party has requested to brief, and the subject matter to be discussed at the briefing;

(v) the commission must post on its website within three business days after the briefing, all nonconfidential materials and documents provided to the commission as part of the ex parte briefing and a statement signed by the chief clerk of the commission that the provisions of this subsection have been followed, including the justification for actions taken to preserve the confidentiality of any confidential information provided to the commission;

(vi) the person or party initially seeking the briefing ~~requests~~must request the briefing with sufficient notice, as required in subsubitem ~~(v)~~(iv), to allow the initial briefing to be held at least twenty business days prior to the hearing in the proceeding at which the matter that is the subject of the briefing is or can reasonably be expected to become an issue, and the initial briefing must be held at least twenty business days prior to the hearing in the proceeding; and

(vii) any person or party desiring to have a briefing on the same or similar matter as provided for in subsubitem (vi) shall be entitled to request ~~requests~~ a briefing so long as the request is made with sufficient time for notice, as required in subsubitem ~~(v)~~(iv), to allow the briefing to be held at least ten business days prior to the hearing in the proceeding at which the matter that is the subject of the briefing is or can reasonably be expected to become an issue, and any such briefing must be held at least ten business days prior to the hearing in the proceeding;

~~(b) any person or party may object to the~~

~~attendance of the Executive Director of the Office of Regulatory Staff at an allowable ex parte communication briefing on the grounds of bias or a conflict of interest on the part of the executive director. Any such objection must be made in writing and must be filed with the executive director no later than twenty-four hours prior to the scheduled briefing. If the objecting person or party and the executive director agree upon a neutral person, that person shall serve in the executive director's stead and shall comply with the reporting and certification requirements of the executive director contained in subsubitem (i) and the executive director shall comply with the requirements contained in subsubitems (ii) and (iii). The costs of such person's services shall be charged to the party requesting the briefing and may be an allowable cost of the proceedings. If the objecting person or party and the executive director cannot agree upon a neutral person, the objecting person or party shall petition the Administrative Law Court for the appointment of a neutral person to serve in the executive director's stead, and the petition shall be given priority over all other matters within the jurisdiction of the Administrative Law Court. In the petition, the objecting party shall set forth the specific grounds supporting the objecting person's or party's allegation of bias or conflict on the part of the executive director and shall generally describe the matters to be discussed at the briefing. It shall not be sufficient grounds that the executive director is or is likely to be a party to a proceeding. The executive director shall be given an opportunity to respond. Part of the executive director's response shall include recommendations as to the experience required of the person to act in his stead. Upon a showing of actual bias or conflict of interest, the administrative law judge shall designate a person to act in the executive director's stead and that person shall comply with the reporting and certification requirements of the executive director contained in subsubitem (i) and the executive director shall comply with the requirements contained in subsubitems (ii) and (iii). Such person must have the expertise to act in the executive director's stead. The decision of the administrative law judge shall be considered interlocutory and not immediately appealable and may be appealed with the final order of the commission. The costs of such person's services shall be charged to the party requesting the briefing and may be an allowable cost of the proceedings;~~

~~(c) should the Executive Director of the Office of Regulatory Staff desire to conduct an allowable ex parte communication briefing, the chief clerk of the commission shall appoint a neutral person who shall serve in the executive director's stead and that person shall~~

~~comply with the reporting and certification requirements of the Executive Director of the Office of Regulatory Staff contained in subsubitem (i). The Executive Director of the Office of Regulatory Staff shall comply with the requirements contained in subsubitems (ii) and (iii);~~

~~(d)~~(b) nothing in subsection (C)(6) of this section requires any commissioner or commission employee to grant a request for an allowable ex parte communication briefing, except as provided in subsection (C)(6)(a)~~(iv)~~(iii) of this section;

(7) a communication of supplemental legal citation if the party files copies of such documents, without comment or argument, with the chief clerk of the commission and simultaneously provides copies to all parties of record;

(8) subject to the provisions of Chapter 4 of Title 30, communications between and among commissioners regarding matters pending before the commission; provided, further, that any commissioner, hearing officer, or commission employee may receive aid from commission employees if the commission employees providing aid do not:

(a) receive ex parte communications of a type that the commissioner, hearing officer, or commission employee would be prohibited from receiving; or

(b) furnish, augment, diminish, or modify the evidence in the record.

(D) If before serving in a proceeding, a commissioner, hearing officer, or commission employee receives an ex parte communication of a type that may not properly be received while serving, the commissioner, hearing officer, or commission employee must disclose the communication in the following manner: a commissioner, hearing officer, or a commission employee who receives an ex parte communication in violation of this section must promptly after receipt of the communication or, in the case of a communication prior to a filing, as soon as it is known to relate to a filing, place on the record of the matter all written and electronic communications received, all written and electronic responses to the communications, and a memorandum stating the substance of all oral communications received, all responses made, and the identity of each person from whom the commissioner, hearing officer, or commission employee, as appropriate, received an ex parte communication and must advise all parties that these matters have been placed on the record. Within ten days after receipt of notice of the ex parte communication, any party who desires to rebut the

contents of the communication must request and shall be granted the opportunity to rebut the contents. Parties affected by a violation may agree to a resolution of any claim regarding such violation, including the waiver of a hearing and the waiver of the obligation to report violations under subsection (I) of this section.

(E) Any person who makes an inadvertent ex parte communication must, as soon as it is known to relate to an issue in a proceeding, disclose the communication by placing on the record of the matter the communication made, if written or electronic, or a memorandum stating the substance of an inadvertent oral communication, and the identity of each person to whom the inadvertent ex parte communication was made or given. Within ten days after receipt of notice of the ex parte communication, any party who desires to rebut the contents of the communication must request and shall be granted the opportunity to rebut the contents. If no party rebuts the inadvertence of the ex parte communication within ten days after notice of the ex parte communication, the ex parte communication shall be presumed inadvertent. Parties affected by a violation may agree to a resolution of any claim regarding such violation, and the provisions of subsection (J) of this section shall not apply.

(F) If necessary to eliminate the effect of an ex parte communication received in violation of this section, a commissioner, hearing officer, or commission employee who receives the communication may be disqualified by the commission, and the portions of the record pertaining to the communication may be sealed by protective order.

(G) Nothing in this section alters or amends Section 1-23-320(i).

(H) Nothing in this section prevents a commissioner, hearing officer, or commission employee from:

(1) attending educational seminars sponsored by state, regional, or national organizations and seminars not affiliated with any utility regulated by the commission; however, the provisions of this section shall apply to any communications that take place outside any formal sessions of any seminars or group presentations; or

(2) conducting a site visit of a utility facility under construction or attending educational tours of utility plants or other facilities provided:

(a) the Executive Director of the Office of Regulatory Staff or his designee also attends the site visit or educational tour;

(b) a summary of the discussion is produced and posted on the commission's website, along with copies of any written materials utilized, referenced, or distributed; and

(c) each party, person, commission, and commission employee who participated in the site visit or educational tour, within forty-eight hours of the site visit or educational tour, files a certification with the Executive Director of the Office of Regulatory Staff that no commitment, predetermination, or prediction of any commissioner's action as to any ultimate or penultimate issue or any commission employee's opinion or recommendation as to any ultimate or penultimate issue in any proceeding was requested by any person or party, nor any commitment, predetermination, or prediction was given by any commissioner or commission employee as to any commission action or commission employee opinion or recommendation on any ultimate or penultimate issue.

(I) Subject to any privilege under Rule 501 of the South Carolina Rules of Evidence, any commissioner, hearing officer, commission employee, party, or any other person must report any wilful violation of this section on the part of a commissioner, hearing officer, or commission employee to the review committee.

(J) Any commissioner, hearing officer, commission employee, or person who wilfully violates the provisions of this section is guilty of a misdemeanor and, upon conviction, must be fined not more than two hundred fifty dollars or imprisoned for not more than six months. If a commissioner wilfully communicates with any party or person or if any person or party wilfully communicates with a commissioner regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding less than ten business days prior to the scheduled hearing on the merits, during the hearing or after the hearing but prior to the issuance of a final order, including an order on rehearing, in a proceeding where such facts, law, or other matter is or can reasonably be expected to become an issue, the commissioner shall be removed from office. If a hearing officer or commission employee wilfully communicates with any party or person or any party or person wilfully communicates with a hearing officer or commission employee regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding less than ten days prior to the scheduled hearing on the merits, during the hearing or after the hearing but prior to the issuance of a final order, including an order on rehearing, in a proceeding where such facts, law, or other matter is or can reasonably be expected to become an issue, the hearing

officer or commission employee shall be terminated from employment by the commission. For purposes of this section: (1) "wilful" means an act done voluntarily and intentionally with the specific intent to do something the law forbids, or with specific intent to fail to do something the law requires to be done, that is to say with bad purpose either to disobey or disregard the law, and (2) a violation of the provisions of this section must be proved by clear and convincing evidence before a commissioner, hearing officer, or commission employee can be removed from office or terminated from employment.

SECTION 27. Section 58-3-270(E) of the S.C. Code is amended to read:

(E) The administrative law judge assigned to the ex parte communication complaint proceeding by the Administrative Law Court may issue an order tolling any deadlines imposed by any state statute for a decision by the commission on the proceeding that is the subject of the ex parte communication complaint but only to the extent that the allegations of the complaint are verified and if found to be true would indicate that the proceeding was prejudiced to the extent that the commission is unable to consider the matter in the proceeding impartially. The administrative law judge assigned to the ex parte communication complaint proceeding by the Administrative Law Court must conduct a hearing and must issue a decision within sixty days after the complaint is filed.

SECTION 28. The General Assembly hereby finds and declares that:

(1) the economic and financial well-being of South Carolina and its citizens depends upon continued economic development and industry retention and opportunities for job attraction and retention; and

(2) the cost of electricity and the availability of clean energy sources for electricity are important factors in the decision for a commercial and industrial entity to locate, expand, or maintain their existing establishments in South Carolina; and

(3) competitive electric rates, terms, and conditions, and the ability to utilize clean energy sources for electric power generation are necessary to attract prospective commercial or industrial entities to invest in South Carolina and to encourage and incent robust economic development growth and industry retention in this State; and

(4) electrical utilities are critical economic development and industry retention partners for South Carolina by offering affordable power that has helped to attract jobs and

associated development.

Title 58 of the S.C. Code is amended by adding:

CHAPTER 43

Economic Development Rates

Section 58-43-10. Unless otherwise specified, for purposes of this chapter:

(1) "Commission" means the Public Service Commission.

(2) "Contract" has the same meaning as the term is used in Section 58-27-980.

(3) "Electrical utility" has the same meaning as provided in Section 58-27-10(7).

(4) "Marginal cost" means the electrical utility's marginal cost for producing energy.

(5) "Qualifying customer" means either:

(a) an existing commercial or industrial customer with a combined firm and interruptible contract demand greater than 20 megawatts that agrees to a new or extended electric service contract with a term of five years of more; or

(b) a commercial or industrial customer that agrees to locate its operations in South Carolina or expand its existing establishment, and such location or expansion results in the minimum of:

(i) 500 kilowatts at one point of delivery;

(ii) fifty new employees; and

(iii) capital investment for $400,000 following the electrical utility's approval for service.

(6) "Rate proposal" means a written document that identifies the rates, terms, and conditions for electric service offered by an electrical utility to a prospective customer.

(7) "Renewable energy facility" means a solar array or other facility constructed by or on behalf of a qualifying customer for the exclusive purpose of supplementing electrical power generation from a renewable energy source for its economic development location, expansion, or retention.

(8) "Transformational customer" means a commercial or industrial customer that agrees to locate its operations in South Carolina or expand its existing establishment, and such location or expansion results in the addition of a minimum of:

(a) 50 megawatts at one point of delivery;

(b) 500 new employees;

(c) capital investment of $100,000,000 following the electrical utility's approval for service; and

(d) who is designated by the South Carolina Department of Commerce as a business which will bring substantial benefit to the economy of South Carolina and its citizens, such that it is in the public interest to have such transformational customer located in this State.

Section 58-43-20. (A) When considering whether the rates, terms, and conditions negotiated with economic development prospects are just and reasonable, the commission shall give full weight and consideration to the economic development benefits to the electrical utility's customers that result from prospective commercial or industrial entities locating or expanding their activities in South Carolina.

(B) Nothwithstanding any other provision of law, an electrical utility may provide the South Carolina Department of Commerce or a prospective qualifying customer or transformational customer with a rate proposal containing terms and conditions to incentivize the prospective customer to make capital investments and employ additional workforce in the electrical utility's service territory. The rate proposal initially provided by an electrical utility may differ from the final contract, rate, terms, and conditions with the qualifying customer or transformational customer.

(C) An electrical utility may offer special rates, terms, and conditions to a qualifying customer or transformational customer, including rates that are lower than the rates that the customer otherwise would be charged. The agreement with the customer must be for a term not exceeding ten years and the electrical utility may offer the customer interruptible and real-time pricing options and riders for other clean energy attributes which may support the qualifying customer's or transformational customer's needs. However, rates for qualifying customers may not be lower than the electrical utility's marginal cost of providing service to the customer and rates for transformational customers may not be lower than twenty-five percent less than the electrical utility's marginal cost of providing service to the customer.

(D) Rates, terms, and conditions negotiated with qualifying and transformational customers shall be deemed just and reasonable if:

(1) for qualifying customers, the terms of this section are met;

(2) for transformational customers, the commission determines that:

(a) the economic development rate offered significantly impacts the customer's decision to locate or expand in South Carolina;

(b) the financial value realized by the electrical utility's system from the transformational customer being on the electrical utility's system for ten years is greater than or equal to the financial value of the

rate incentive given to the transformational customer;

(c) measures have been taken to avoid or reduce cross-customer class subsidization; and

(d) the consequences of offering the economic development rate are beneficial to the system as a whole considering all customer classes.

The commission must either approve or deny an application pursuant to this section within sixty days.

(E) Nothing in this chapter shall otherwise restrict the commission's authority to regulate rates and charges or review contracts entered into pursuant to this section or to otherwise supervise the operations of electrical utilities.

(F) The construction of a proposed renewable energy facility by or on behalf of a qualifying customer to support electric power generation at its location must comply with federal, state, and local laws and ordinances.

(G) Consistent with federal, state, and local laws and ordinances, the electrical utility may expedite interconnection of a proposed renewable energy facility to be constructed by a qualifying or transformational customer to support electrical power generation at its location where high-quality and reliable electric service are not adversely impacted.

(H) In the event a qualifying customer or transformational customer leaves this State or terminates its operations in this State during the ten-year contract period, such customer must reimburse the electrical utility and its customers the difference between standard rates and the rates paid during the term of the agreement between the electrical utility and its customers.

(I) For facilities designated as high priority sites by the South Carolina Department of Commerce, an electrical utility may enter into agreements to provide energy infrastructure to such sites if the South Carolina Department of Commerce determines it will increase the probability of attracting transformational customers to this State. Costs of such infrastructure shall be accounted for and recorded as an element of rate base for inclusion in general rates by the electrical utility provided the commission finds such costs are reasonable and prudent and shall not include a rate of return until the facilities are placed into service for a customer.

(J) An electrical utility shall not be required to adjust its cost of service in a rate proceeding as a result of a rate, agreement, or infrastructure provided pursuant to this section in any matter that would

impute revenue at a level higher than received by the electrical utility from a qualifying customer or transformational customer or would otherwise reduce the electrical utility's revenue as a result of entering into contracts with qualifying customers or transformational customers pursuant to this section.

(K) If an electrical utility offers special rates, terms, and conditions to a qualifying customer or a transformational customer, any electrical utility in South Carolina may also offer all directly competing existing customers in its service territory in this State with similar special rates, terms, and conditions at the time the agreement is entered into with the qualifying customer or transformational customer to the extent the directly competing existing customer is able to substantiate its status as a directly competing existing customer. For purposes of this section, customers are "directly competing" if they make the same end-product, or offer the same service, for the same general group of customers. Customers that only produce component parts of the same end-product are not directly competing customers.

SECTION 29. Sections 58-33-310 and 58-33-320 of the S.C. Code are amended to read:

Section 58-33-310. Any party may appeal, in accordance with Section 1-23-380, from all or any portion of any final order or decision of the commission, including conditions of the certificate required by a state agency under Section 58-33-160 as provided by Section 58-27-2310. ~~Any appeals may be called up for trial out of their order by either party.~~ Any final order on the merits issued pursuant to this chapter shall be immediately appealable to the Supreme Court of South Carolina, without petition for rehearing or reconsideration. The Supreme Court shall provide for expedited briefing and hearing of the appeal in preference to all other nonemergency matters. The commission must not be a party to an appeal.

Section 58-33-320. Except as expressly set forth in Section 58-33-310, no court of this State shall have jurisdiction to hear or determine any issue, case, or controversy concerning any matter which was or could have been determined in a proceeding before the commission under this chapter or to stop or delay the construction, operation, or maintenance of a major utility facility, except to enforce compliance with this chapter or the provisions of a certificate issued hereunder, and any such action shall be brought only by the Office of Regulatory Staff. Provided, however, that subject to Section 58-33-175, nothing herein contained shall be construed to abrogate or suspend the right of any individual or corporation not a party to maintain any action

which he might otherwise have been entitled.

SECTION 30. Chapter 4, Title 58 of the S.C. Code is amended by adding:

Section 58-4-160. (A)(1) The Office of Regulatory Staff must conduct a study to evaluate the potential costs and benefits of the various administrator models for energy efficiency programs and other demand-side management programs funded by, or potentially funded by, electrical utilities in this State. This study must be conducted on each electrical utility in this State. For purposes of this section, administrator models for energy efficiency programs shall include the following models: utility administrator, state or government agency administrator, an independent third-party administrator, and a hybrid administrator.

(2) For purposes of this section only, "electrical utility" means an investor-owned electrical utility that serves more than 100,000 customers in this State.

(B) This study must consider which administrator model would most meaningfully improve programs offered by the electrical utility.

(C) The study must also evaluate which administrator model offers the best opportunities to increase cost and energy savings, improve the quality of services rendered, reduce ratepayer costs, or more effectively serve low-income customers, within a program portfolio that is cost effective overall, as compared to similar program administration by individual electrical utilities, or to increase the cost effectiveness of energy efficiency program portfolios. This study must consider, but is not limited to, the following:

(1) whether third-party administration subject to a pay for performance contract and independent third-party evaluation, measurement, and verification could reduce administrative costs, as compared to separate administration of energy efficiency programs by individual electrical utilities;

(2) whether a system benefit charge or other funding or financing mechanism would more efficiently, effectively, and fairly fund energy efficiency and other demand-side management programs through an administrator;

(3) which administrator model provides the best mechanism to increase ratepayer energy savings in the case of electrical utilities that have experienced lower historical performance in terms of annual and cumulative energy savings as a percentage of retail sales;

(4) which administrator model provides the best mechanism to increase ratepayer energy savings in the case of electrical utilities that have experienced high historical performance in terms of annual and

cumulative energy savings as a percentage of retail sales;

(5) the legal and practical implications of implementing the various administrator models for an electrical utility with a multistate balancing authority area;

(6) which administrator model could most enhance an electrical utility's delivery of nonenergy benefits, such as resiliency, reliability, health, economic development, industry retention, energy security, and pollution reduction; and

(7) which administrator model could most effectively pursue nonratepayer funding including, but not limited to, federal, state, or local governmental support, as a means of either reducing reliance of ratepayer funds or increasing the scope, reach, or effectiveness of energy efficiency and demand-side management programs.

(D) This study must be conducted with public input from stakeholders through written comments and at least one public forum.

(E) The Office of Regulatory Staff is authorized to retain the services of an expert or consultant with expertise and experience in the successful implementation of energy efficiency administrator programs. The Office of Regulatory Staff is exempt from the procurement code for the purposes of retaining services for this study.

(F) The provisions of this section are subject to funding. However, the Office of Regulatory Staff must initiate the study within one year from receipt of necessary funding and complete its report within six months. Upon completion of this study, the Office of Regulatory Staff must provide its report to the General Assembly and the commission. This report may include a recommendation as to which administrator model should be established for each electrical utility, draft legislation, and requirements that should be established.

SECTION 31. Section 58-37-10 of the S.C. Code is amended to read:

Section 58-37-10. As used in this chapter unless the context clearly requires otherwise:

(1) "Demand-side activity" or "demand-side management program" means a program conducted or proposed by a producer, supplier, or distributor of energy for the reduction or more efficient use of energy requirements of the producer's, supplier's, or distributor's customers, through measures, including, but not limited to, conservation and energy efficiency, load management, cogeneration, and renewable energy technologies.

(2) "Integrated resource plan" means a plan which contains the demand and energy forecast for at least a fifteen-year period, contains the supplier's or producer's program for meeting the

requirements shown in its forecast in an economic and reliable manner, including both demand-side and supply-side options, with a brief description and summary cost-benefit analysis, if available, of each option which was considered, including those not selected, sets forth the supplier's or producer's assumptions and conclusions with respect to the effect of the plan on the cost and reliability of energy service, and describes the external environmental and economic consequences of the plan to the extent practicable. For electrical utilities subject to the jurisdiction of the South Carolina Public Service Commission, this definition must be interpreted in a manner consistent with the integrated resource planning requirements pursuant to Section 58-37-40 and any process adopted by the commission. For electric cooperatives subject to the regulations of the Rural ~~Electrification Administration~~Utilities Service, this definition must be interpreted in a manner consistent with any integrated resource planning process prescribed by Rural ~~Electrification Administration~~ Utilities Service regulations.

(3) "Cost-effective" means that the net present value of benefits of a program or portfolio exceeds the net present value of the costs of the program or portfolio. A cost-effective program or portfolio must pass any two of the following tests:

(a) utility cost test;

(b) total resource cost test;

(c) participant cost test; or

(d) ratepayer impact measure test.

In evaluating the cost-effectiveness of a program or portfolio, a utility or program administrator must present the results of all four tests. In calculating cost-effectiveness, a utility must use a standard utility practice for determining the percentage of energy savings that would or would not have been achieved through customer adoption of an efficiency behavior or technology without any incentive allowed pursuant to this chapter to install and utilize the technology as part of the associated demand-side management program. The utility must designate the expected useful life of the measure and evaluate the costs and benefits of the measures over their useful lives in the program application based on industry-accepted standards. Further, in calculating the cost-effectiveness, the commission must consider the efficiencies and scale of programs that are or may be available across a utility's balancing area, even if that balancing area extends outside of the State.

(4) "Demand-side management pilot program" means a demand-side management program that is of limited scope, cost, and duration and that is intended to determine whether a new or substantially

revised program or technology would be cost-effective.

SECTION 32. Section 58-37-20 of the S.C. Code is amended to read:

Section 58-37-20. (A) The General Assembly declares that expanding utility investment in and customer access to cost-effective demand-side management programs will result in more efficient use of existing resources, promote lower energy costs, mitigate the increasing need for new generation and associated resources, and assist customers in managing their electricity usage to better control their electric bill, and is therefore in the public interest.

(B) The commission may approve any program filed by a public utility if the program is found to be cost-effective. Furthermore, the commission may, in its discretion, approve any program filed by a public utility that is not cost-effective, so long as the proposed demand-side management program is targeted to low-income customers, provided that the public utility's portfolio of demand-side management programs is cost-effective as a whole.

(C) The South Carolina Public Service Commission ~~may~~ must adopt procedures that ~~encourage~~ require electrical utilities and public utilities providing gas services subject to the jurisdiction of the commission to plan for and invest in all reasonable, prudent, and available energy efficiency and demand-side resources that are cost-effective energy efficient technologies and energy conservation programs in an amount to be determined by the commission. If an electrical utility fails to meet the requirements of this section as determined by the commission, the commission is authorized to appoint a third-party administrator to carry out the residential low-income energy efficiency duties pursuant to this section on behalf of the electrical utility if the commission determines that having such a third-party administrator is in the public interest and consistent with law. Upon notice and hearings that the commission may require, the commission may issue rules, regulations, or orders pursuant to this chapter to implement applicable programs and measures under this section. If adopted, these procedures must: provide incentives and cost recovery for energy suppliers and distributors who invest in energy supply and end-use technologies that are cost-effective, environmentally acceptable, and reduce energy consumption or system or local coincident peak demand; allow energy suppliers and distributors to recover costs and obtain a reasonable rate of return on their investment in qualified demand-side management programs sufficient to make these programs at least as financially attractive as construction of new generating facilities; require the Public Service Commission to establish rates and

charges that ensure that the net income of an electrical or gas utility regulated by the commission after implementation of specific cost-effective energy conservation measures is at least as high as the net income would have been if the energy conservation measures had not been implemented. ~~For purposes of this section only, the term "demand-side activity" means a program conducted by an electrical utility or public utility providing gas services for the reduction or more efficient use of energy requirements of the utility or its customers including, but not limited to, utility transmission and distribution system efficiency, customer conservation and efficiency, load management, cogeneration, and renewable energy technologies.~~

(D) Each investor-owned electrical utility must submit an annual report to the commission describing the demand-side management programs implemented by the electrical utility in the previous year, provided the program has been operational for a reasonable period of time, as well as the results of such programs. The commission may require certain information including, but not limited to:

(1) achieved savings levels from the utility's portfolio of programs in the prior year, reported as a percentage of the utility's annual sales;

(2) program expenditures, including incentive payments;

(3) peak demand and energy savings impacts and the techniques used to estimate those impacts;

(4) avoided costs and the techniques used to estimate those costs;

(5) estimated cost-effectiveness of the demand-side management programs;

(6) a description of economic benefits of the demand-side management programs;

(7) the number of customers eligible to opt out of the electrical utility's demand-side management programs, the percentage of those customers that opted out in the previous year, and the annual sales associated with those opt out customers; and

(8) any other information required by the commission.

(E) To ensure prudent investments by an electrical utility in energy efficiency and demand response, as compared to potential investments in generation, transmission, distribution, and other supply related utility equipment and resources, the commission must

review each investor-owned electrical utility's portfolio of demand-side management programs on at least a triennial basis to align the review of that utility's integrated resource plan pursuant to Section 58-37-40. The commission is authorized to order modifications to an electrical utility's demand-side management portfolio, including program budgets, if the commission determines that doing so is in the public interest.

(F) The provisions of subsections (C), (D), and (E) do not apply to an electrical utility that serves less than 100,000 customers in this State.

SECTION 33. Section 58-37-30 of the S.C. Code is amended to read:

Section 58-37-30. (A) The South Carolina Public Service Commission must report annually to the General Assembly on available data regarding the past, on-going, and projected status of demand-side ~~activities~~management programs and purchase of power from qualifying facilities, as defined in the Public Utilities Regulatory Policies Act of 1978, by electrical utilities and public utilities providing gas services subject to the jurisdiction of the Public Service Commission.

(B) Electric cooperatives providing resale or retail services, municipally-owned electric utilities, and the South Carolina Public Service Authority shall report annually to the State Energy Office on available data regarding the past, on-going, and projected status of demand-side ~~activities~~management programs and purchase of power from qualifying facilities. For electric cooperatives, submission to the State Energy Office of a report on demand-side ~~activities~~management programs in a format complying with then current Rural ~~Electrification Administration~~ Utilities Service regulations constitutes compliance with this subsection. An electric cooperative providing resale services may submit a report in conjunction with and on behalf of any electric cooperative which purchases electric power and energy from it. The State Energy Office must compile and submit this information annually to the General Assembly.

(C) The State Energy Office may provide forms for the reports required by this section to the Public Service Commission and to electric cooperatives, municipally-owned electric utilities, and the South Carolina Public Service Authority. The office shall strive to minimize differing formats for reports, taking into account the reporting requirements of other state and federal agencies. For electrical utilities and public utilities providing gas services subject to the jurisdiction of the commission, the reporting form must be in a format acceptable to the commission.

SECTION 34. Chapter 37, Title 58 of the S.C. Code is amended by

adding:

Section 58-37-35. (A) An electrical utility may propose programs and customer incentives to encourage or promote demand-side management programs whereby a customer uses a customer-sited distributed energy resource, as defined in Section 58-39-120(C), or combination of such resources, to: (1) reduce the customer's electric consumption or demand from the electric grid, or (2) beneficially shape the customer's electric consumption or demand in a manner that reduces the customer's contribution to the electrical utility's system or local coincidental peak demand, subject to the associated load to utility management for reliability or economic purposes, or reduce future electrical utility system costs to serve its customers. Programs authorized pursuant to this section may also include distributed energy resources that draw additional power from the electric grid including, but not limited to, electric heat pumps with programmable or utility controlled thermostats, electric heat pump water heaters controlled through utility programs, smart home panels, advanced inverters, and energy storage devices located on the customer's side of the meter, provided that any programs or customer incentives otherwise meet the requirements of this section. These programs may also include a combination of resources, including renewable energy microgrids, to provide economic benefits to the utility system or to help address specific transmission or distribution issues that would otherwise require significant capital investment.

(B) In evaluating a program or customer incentive proposed pursuant to this section to ensure reasonableness, promotion of the public interest, and consistency with the objectives of Sections 58-27-845 and 58-37-20, the commission must apply the procedure approved pursuant to Section 58-37-20. An electrical utility must use standard utility practices for determining the percentage of customers that would or would not have adopted a distributed energy resource without any incentive allowed under this section to install and utilize the distributed energy resource as part of the associated demand-side management program. The electrical utility must designate the expected useful life of the distributed energy resource and evaluate the costs and benefits of demand-side measures over their useful lives in the program application based on industry-accepted standards. All initial program costs, benefits, and participation assumptions used in the electrical utility's cost-effectiveness evaluations must be reviewed by the commission to ensure the electrical utility has presented a reasonable basis for its calculation. Electrical utilities must update the cost-effectiveness analysis based on the actual program costs, benefits, and participation as

soon as practicably possible based on standard evaluation, measurement, and verification protocols, and the electrical utility's cost recovery must be reconciled accordingly.

(C) For demand-side programs or customer incentives proposed in this section, the electrical utility may recover costs through the procedures in Section 58-37-20. The prohibition in Section 58-40-20(I) against recovery of lost revenues associated with distributed energy resources pursuant to Chapter 39, Title 58 is inapplicable to recovery of net loss revenues associated with a distributed energy resource that is installed as a result of a demand-side program incentive pursuant to this section or Section 58-37-20.

(D) The commission may approve any program filed pursuant to this section if the commission finds the program to be cost-effective pursuant to Section 58-37-10(3). For any demand-side programs or customer incentives submitted under this section with projected annual customer incentive amounts less than five million dollars per year for each of the first two program years, the commission must issue an order as expeditiously as practicable on the written submissions of the electrical utility but may require an evidentiary hearing where novel or complex issues of fact require special review by the commission. Nothing in this section prevents the commission from ordering an electrical utility to modify or terminate a program approved pursuant to this section based on the results of standard evaluation, measurement, and verification protocols.

(E) The Energy Office must develop and publish materials intended to inform and educate the public regarding programs available to a customer pursuant to this section. The Energy Office must maintain a list of approved vendors who are qualified and in good standing to provide services associated with these programs.

SECTION 35. Section 58-37-50 of the S.C. Code is amended to read:

Section 58-37-50. (A) As used in this section:

(1) "Electricity provider" means an electric cooperative, an investor-owned electric utility, the South Carolina Public Service Authority, or a municipality or municipal board or commission of public works that owns and operates an electric utility system.

(2) "Natural gas provider" means an investor-owned natural gas utility or publicly owned natural gas provider.

(3) "Meter conservation charge" means the charge placed on a customer's account by which electricity providers and natural gas providers recover the costs, including financing costs, of energy efficiency and conservation measures.

(4) “Notice of meter conservation charge” means the written notice by which subsequent purchasers or tenants will be given notice that they will be required to pay a meter conservation charge.

(5) “Customer” means a homeowner or tenant receiving electricity or natural gas as a retail customer.

(6) “Community action agency” means a nonprofit eleemosynary corporation created pursuant to Chapter 45, Title 43 providing, among other things, weatherization services to a homeowner or tenant.

(B) Electricity providers and natural gas providers may enter into written agreements with customers and landlords of customers for the financing of the purchase price and installation costs of energy efficiency and conservation measures. These agreements may provide that the costs must be recovered by a meter conservation charge on the customer's electricity or natural gas account, provided that the electricity providers and natural gas providers comply with the provisions of this section. A failure to pay the meter conservation charge may be treated by the electricity provider or natural gas provider as a failure to pay the electricity or natural gas account, and the electricity provider or natural gas provider may disconnect electricity or natural gas service for nonpayment of the meter conservation charge, provided the electricity provider or natural gas provider complies with the provisions of Article 25, Chapter 31, Title 5; Article 17, Chapter 11, Title 6; Article 17, Chapter 49, Title 33; Article 11, Chapter 5, Title 58; Article 21, Chapter 27, Title 58; Article 5, Chapter 31, Title 58; and any applicable rules, regulations, or ordinances relating to disconnections.

(C) Any agreement permitted by subsection (B) must state plainly the interest rate to be charged to finance the costs of the energy efficiency and conservation measures. The interest rate must be a fixed rate over the term of the agreement and must not exceed four percent above the stated yield for one-year treasury bills as published by the Federal Reserve ~~at the time the agreement is entered~~on the first business day of the calendar year in which the agreement is entered. An electrical utility entering into such an agreement whose rates are regulated by the commission must fix the interest rate over the term of the agreement to not exceed such utility’s weighted average cost of equity and long-term debt as most recently approved by the commission at the time the agreement is entered. Any indebtedness created under the provisions of this section may be paid in full at any time before it is due without penalty.

(D) An electricity provider or natural gas provider may

recover the costs, including financing costs, of these measures from its members or customers directly benefiting from the installation of the energy efficiency and conservation measures. Recovery may be through a meter conservation charge to the account of the member or customer and any such charge must be shown by a separate line item on the account. A utility entering into such agreement whose rates are regulated by the commission shall recover all reasonable and prudent incremental costs incurred to implement agreements for financing and installing energy-efficiency and conservation measures in base rates. Incremental costs may include, but are not limited to, billing system upgrades, overhead, incremental labor, and all other expenses properly considered to be associated with ensuring the ongoing premise bill savings are realized from offering during the terms of such agreements.

(E) An electricity provider or natural gas provider shall assume no liability for the installation, operation, or maintenance of energy efficiency and conservation measures when the measures are performed by a third party, and shall not provide any warranty as to the merchantability of the measures or the fitness for a particular purpose of the measures, and no action may be maintained against the electricity provider or natural gas provider relating to the failure of the measures. An electricity provider or natural gas provider shall assume no liability for energy audits performed by third parties and shall provide no warranty relating to any energy audit done by any third party. Nothing in this section may be construed to limit any rights or remedies of utility customers and landlords of utility customers against other parties to a transaction involving the purchase and installation of energy efficiency and conservation measures.

(F) Before entering into an agreement contemplated by this section, the electricity provider or natural gas provider shall cause to be performed an energy audit on the residence considered for the energy efficiency measures. The energy audit must be conducted by an energy auditor certified by the Building Performance Institute or similar organization. The audit must provide an estimate of the costs of the proposed energy efficiency and conservation measures and the expected savings associated with the measures, and it must recommend measures appropriately sized for the specific use contemplated. An agreement entered following completion of an energy audit shall specify the measures to be completed and the contractor responsible for completion of the measures. The choice of a contractor to perform the work must be made by the owner of the residence. Upon request, the electricity provider or natural gas provider must provide the owner of the residence

with a list of contractors qualified to do the work. Upon completion of the work, it must be inspected by an energy auditor certified by the Building Performance Institute or similar organization. Any work that is determined to have been done improperly or to be inappropriately sized for the intended use must be remedied by the responsible contractor. Until the work has been remedied, funds due to the contractor must be held in escrow by the electricity provider or natural gas provider.

(G) An electricity provider or natural gas provider that enters into an agreement as provided in this section may recover the costs, including financing costs, of energy efficiency and conservation measures from subsequent purchasers of the residence in which the measures are installed, provided the electricity provider or natural gas provider gives record notice that the residence is subject to the agreement. Notice must be given, at the expense of the filer, by filing a notice of meter conservation charge with the appropriate office for the county in which the residence is located, pursuant to Section 30-5-10. The notice of meter conservation charge does not constitute a lien on the property but is intended to give a purchaser of the residence notice that the residence is subject to a meter conservation charge. Notice is deemed to have been given if a search of the property records of the county discloses the existence of the charge and informs a prospective purchaser: (1) how to ascertain the amount of the charge and the length of time it is expected to remain in effect, and (2) of his obligation to notify a tenant if the purchaser leases the property as provided in subsection (H)(3).

(H) An electricity provider or natural gas provider may enter into agreements for the installation of energy efficiency and conservation measures and the recovery of the costs, including financing costs, of the measures with respect to rental properties by filing a notice of meter conservation charge as provided in subsection (G) and by complying with the provisions of this subsection:

(1) The energy audit required by subsection (F) must be conducted and the results provided to both the landlord and the tenant living in the rental property at the time the agreement is entered.

(2) If both the landlord and tenant agree, the electricity provider or natural gas provider may recover the costs of the energy efficiency and conservation measures, including financing costs, through a meter conservation charge on the account associated with the rental property occupied by the tenant. The agreement must provide notice to the landlord of the provisions contained in item (3).

(3) With respect to a subsequent tenant occupying a

rental unit benefiting from the installation of energy efficiency and conservation measures, the electricity provider or natural gas provider may continue to recover the costs, including financing costs, of the measures through a meter conservation charge on the account associated with the rental property occupied by the tenant. With respect to a subsequent tenant, the landlord must give a written notice of meter conservation charge in the same manner as required by Section 27-40-240. If the landlord fails to give the subsequent tenant the required notice of meter conservation charge, the tenant may deduct from his rent, for no more than one-half of the term of the rental agreement, the amount of the meter conservation charge paid to the electricity provider or natural gas provider.

(I) Agreements entered pursuant to the provisions of this section are exempt from the provisions of the South Carolina Consumer Protection Code, Title 37 of the South Carolina Code of Laws.

(J) An electricity provider or natural gas provider may contract with third parties to perform functions permitted under this section, including the financing of the costs of energy efficiency and conservation measures. A third party must comply with all applicable provisions of this section. When an electricity or natural gas provider contracts with a third party to perform administrative or financing functions under this subsection, the liability of the third party is limited in the same manner as an electricity provider or natural gas provider is under subsection (E).

(K) The provisions of this section apply only to energy efficiency and conservation measures for a residence already occupied ~~at~~before the time the measures are taken. ~~The procedures allowed by this section may not be used with respect to a new residence or a residence under construction.~~ The provisions of this section may not be used to implement energy efficiency or conservation measures that result in the replacement of natural gas appliances or equipment with electric appliances or equipment, or that result in the replacement of electric appliances or equipment with natural gas appliances or equipment, unless (1) the customer who seeks to install the energy efficiency or conservation measure is being provided electric and natural gas service by the same provider, or (2) an electric appliance used for home heating is being replaced by an appliance that operates primarily on electricity but which has the capability of also operating on a secondary fuel source.

(L) Electricity providers or natural gas providers may offer their customers other types of financing agreements available by law, instead of the option established in this section, for the types of

energy efficiency or conservation measures described in this section.

(M)(1) An electricity provider or natural gas provider must not obtain funding from the following federal programs to provide loans provided by this section:

(a) the Low Income Home Energy Assistance Program (LIHEAP), created by Title XXVI of the Omnibus Budget Reconciliation Act of 1981 and codified as Chapter 94, Title 42 of the United States Code, as amended by the Human Services Reauthorization Act of 1984, the Human Services Reauthorization Act of 1986, the Augustus F. Hawkins Human Services Reauthorization Act of 1990, the National Institutes of Health Revitalization Act of 1993, the Low Income Home Energy Amendments of 1994, the Coats Human Services Reauthorization Act of 1998, and the Energy Policy Act of 2005 which is administered and funded by the United States Department of Health and Human Services on the federal level and administered locally by community action agencies;

(b) the Weatherization Assistance Program, created by Title IV of the Energy Conservation and Production Act of 1976 and codified as Part A, Subchapter III, Chapter 81, Title 42 of the United States Code, amended by the National Energy Conservation Policy Act, the Energy Security Act, the Human Services Reauthorization Act of 1984, and the State Energy Efficiency Programs Improvement Act of 1990 and administered and funded by the United States Department of Energy on the federal level and administered locally by community action agencies.

(2) Nothing in this section changes the exclusive administration of these programs by local community action agencies through the South Carolina Governor's Office of Economic Opportunity pursuant to its authority pursuant to the provisions of Chapter 45, Title 43, the Community Economic Opportunity Act of 1983.

(3) Nothing in this subsection prevents a customer or member of an electricity provider or natural gas provider from obtaining services under the Low Income Home Energy Assistance Program or the Weatherization Assistance Program.

SECTION 36. Article 1, Chapter 31, Title 58 of the S.C. Code is amended by adding:

Section 58-31-215. (A) The Public Service Authority, in consultation with the South Carolina Department of Commerce, shall have the authority to serve as an anchor subscriber of incremental natural gas and pipeline capacity needed in the future by the State to recruit new transformational projects or to assist in the expansion of transformational

projects as identified by the South Carolina Department of Commerce.

(B) The Public Service Authority is authorized to act on behalf of the State, to aid natural gas pipeline construction companies and natural gas shippers in obtaining approval for incremental capacity and delivery to this State to support economic growth. The Public Service Authority is authorized to demonstrate market support in required filings including, but not limited to, binding precedent agreements, and to make other attestations in furtherance of satisfaction of the application requirements of federal law and regulations. This subsection is subject to available funding.

(C) There is hereby established the "Energy Investment and Economic Development Fund" to be held in an operating account by the Public Service Authority to further the provisions of this section and other energy investment needs. Subject to the approval of the Joint Bond Review Committee, the Energy Investment and Economic Development Fund may be funded by the amount required to be paid to the State pursuant to Section 58-31-110 less the annual costs billed by the Office of Regulatory Staff and the South Carolina Public Service Commission. The South Carolina Department of Commerce shall report, at least once annually and no later than September first, to the Joint Bond Review Committee as to the level and need for funding to advance the provisions of this section. Unless sufficient funding is allocated to the Energy Investment and Economic Development Fund and such action is approved by the Joint Bond Review Committee, the Public Service Authority shall not execute a binding precedent agreement on behalf of the State pursuant to this section. In no event shall the costs associated with serving as an anchor affect the rates and charges for electric or water service for the Public Service Authority's customers.

(D) The South Carolina Department of Commerce, with input from the Public Service Authority, is authorized to resell natural gas pipeline capacity rights procured pursuant to this section subject to a plan approved by the Joint Bond Review Committee. The proceeds of any sales of natural gas pipeline capacity rights must be deposited in the general fund of the State.

(E) When the Public Service Authority enters into a binding agreement on behalf of the State, the Office of Regulatory Staff, in representing the public interest and in collaboration with the Department of Commerce, is directed to make such filings supporting required federal regulatory approvals.

(F) The provisions of this section do not alter, amend, expand, or reduce, any other authority granted to the Public Service Authority in

this chapter to enter into any agreements necessary for the provision of electric service.

SECTION 37. A. Section 58-3-70 of the S.C. Code is amended to read:

Section 58-3-70. ~~The chairman and members of the commission shall receive annual salaries payable in the same manner as the salaries of other state officers are paid.~~ The commission members shall receive a salary in an amount equal to ninety-seven and one-half percent of the salary fixed for Associate Justices of the Supreme Court. Each commissioner must devote full time to his duties as a commissioner and must not engage in any other employment, business, profession, or vocation during the normal business hours of the commission.

B. This section is effective beginning with the fiscal year immediately following the Public Service Commission election for the reconstituted three-member commission.

SECTION 38. Chapter 41, Title 58 of the S.C. Code is amended by adding:

Section 58-41-50. (A) The General Assembly encourages electrical utilities to explore cost effective, efficient bulk power solutions, particularly during periods of constrained capacity, for non-residential customers with electric loads in excess of 25 megawatts.

(B)(1) An electrical utility may file a proposed agreement regarding co-located resources between the utility and a customer with an electric load in excess of 25 megawatts for the commission's consideration. The proposed agreement must contain at least one of the following requirements:

(a) co-location of electric generation or storage on the customer's property provides bulk system benefits for all customers and benefits for the host customer;

(b) co-location of renewable electric generation resources on the customer's property provides bulk system benefits for all customers and the renewable attributes associated with such generation can be allocated to the host customer;

(c) co-location of electric generation on the customer's property would result in permitting and siting efficiencies to enable electric generation to come online earlier than otherwise could occur; or

(d) co-location of electric generation resources on the customer's property could be utilized as resiliency resources to serve the electric grid in times of need.

(2) In the filing with the commission, the electrical utility must include a description of:

(a) how the resource helps to serve resource needs identified in the electrical utility's most recent integrated resource plan filing;

(b) credit and ratepayer protections included in the agreement;

(c) the contractual terms that preserves the electrical utility's operation of resources; and

(d) how costs and benefits associated with the agreement would be allocated among the customer who is a party to the agreement and other customers in the electrical utility's balancing area.

(C) The commission must give a proposed agreement filed pursuant to this section expedited consideration. The commission may approve the proposed agreement if the commission finds:

(1) the proposed program was voluntarily agreed upon by the electrical utility and the customer,

(2) the filing meets the requirements of this section; and

(3) the proposed agreement is in the public interest.

(D) For purposes of this section, "co-located" or "co-location" includes electric generation and associated facilities on a customer's site as well as any location where the connection to the electrical utility is in such proximity to the customer's site that enables resilient power supply to support the development of power supply to meet the customer's needs. An agreement regarding co-location may also include potential co-ownership of the electric generation and associate facilities by the electrical utility and the customer.

(E) Notwithstanding opportunities for co-located resources, the General Assembly also encourages electrical utilities to continue to facilitate service to new electric loads in excess of 50 megawatts and to require operational and financial performance requirements for such customers to receive service pursuant to tariffed electrical utility rates or contracts approved by the commission, and to ensure appropriate protections and risk mitigation for the protection of the electrical utility's existing customers. The electrical utility may meet these objectives by: (1) filing form contracts with the commission; (2) tariff offerings or services regulations filed with the commission; or (3) performance and credit policies reviewed by the Office of Regulatory Staff.

SECTION 39. Chapter 4, Title 58 of the S.C. Code is amended by adding:

Section 58-4-15. (A) As of July 1, 2025, there is hereby created within the Office of Regulatory Staff a division that must be separate and apart from all other divisions within the Office of Regulatory Staff and titled the Division of Consumer Advocacy.

(B) The duties, functions, and responsibilities of the Division of

Consumer Advocacy in the Department of Consumer Affairs related to appearances before the commission are hereby transferred to the Division of Consumer Advocacy in the Office of Regulatory Staff on July 1, 2025. All appropriations and full-time equivalent positions of the Division of Consumer Advocacy in the Department of Consumer Affairs that are devoted solely to advocating on behalf of consumers before the commission shall be transferred to the Office of Regulatory Staff on July 1, 2025.

(C) The Division of Consumer Advocacy shall have the ability to represent residential utility consumers in matters before the commission and appellate courts.

(D) The Division of Consumer Advocacy shall consist of a Residential Utility Consumer Advocate and other personnel as may be necessary in order for the division to represent residential utility consumers in matters before the commission and appellate courts. The Residential Utility Consumer Advocate must be an attorney qualified to practice in all courts of this State with a minimum of eight years practice experience and must be appointed in the same manner as the Executive Director of the Office of Regulatory Staff pursuant to the procedure set forth in Section 58-4-30.

(E) To the extent necessary to carry out its responsibilities, the Division of Consumer Advocacy may hire third-party consultants as the Residential Utility Consumer Advocate may consider necessary to assist the Division of Consumer Advocacy in its participation in proceedings before the commission and appellate courts.

(F) The Division of Consumer Advocacy is exempt from the State Procurement Code in the hiring of third-party consultants. However, the Division of Consumer Advocacy must not hire the same third-party consultant hired by the Office of Regulatory Staff or the commission.

(G) The Office of Regulatory Staff shall provide such administrative support to the Division of Consumer Advocacy as the division may require in the performance of its duties including financial management, human resources management, information technology, procurement services, and logistical support. The Office of Regulatory Staff shall not provide to the Division of Consumer Advocacy, and the Division of Consumer Advocacy shall not require of the Office Regulatory Staff, legal representation, technical, economic, or auditing assistance regarding any matter pending before the Public Service Commission when providing such assistance would create a conflict of interest.

SECTION 40. (A) To foster economic development

and future jobs in this State resulting from the supply chains associated with the same while supporting the significant and growing energy and capacity needs of the State, enhance grid resiliency, and maintain reliability, the General Assembly finds that the State of South Carolina should take steps necessary to encourage the development of a diverse mix of long-lead, clean generation resources that may include advanced small modular reactors, biomass as defined in Section 12-63-20(B)(2) of the S.C. Code, hydrogen-capable resources, and the Carolina Long Bay Project, and should preserve the option of efficiency development of such long-lead resources with timely actions to establish or maintain eligibility for or capture available tax or other financial incentives or address operational needs.

(B) For an electrical utility to capture available tax or other financial or operational incentives for South Carolina ratepayers in a timely manner, the commission may find that actions by an electrical utility in pursuit of the directives in Section 58-37-35(A) are in the public interest, provided that the commission determines that such proposed actions are in the public interest and reasonably balance economic development and industry retention benefits, capacity expansion benefits, resource adequacy and diversification, emissions reduction levels, and potential risks, costs, and benefits to ratepayers and otherwise comply with all other legal requirements applicable to the electrical utility's proposed action. For the South Carolina Public Service Authority, the Office of Regulatory Staff, and the Public Service Authority's board of directors shall apply the same principles described in this subsection in evaluating and approving actions proposed by the management of the Public Service Authority to achieve the objectives of this section.

SECTION 41. All reasonable and prudent costs incurred by an electrical utility necessary to effectuate this act, that are not precluded from recovery by other provisions of this act and that do not have a recovery mechanism otherwise specified in this act or established by state law, shall be deferred for commission consideration of recovery in any proceeding initiated pursuant to Section 58-27-870, and allowed for recovery if the commission determines the costs are reasonable and prudent.

SECTION 42. An electrical utility, including the Public Service Authority, may not offer a tariff, rider, or rate proposal for a reduced electric rate, nor any other form of incentive that would result in a reduced electric rate to a data center until July 1, 2034. For purposes of this section, "data center" means any facility that primarily

contains electronic equipment used to process, store, and transmit digital information which may be (a) a free-standing structure; or (b) a facility within a larger structure, that uses environmental control equipment to maintain the proper conditions for the operation of electronic equipment.

SECTION 43. Section 58-40-10(F) of the S.C. Code is amended to read:

(F) "Renewable energy resource" means solar photovoltaic and solar thermal resources, wind resources, hydroelectric resources, geothermal resources, tidal and wave energy resources, recycling resources, hydrogen fuel derived from renewable resources, combined heat and power derived from renewable resources, and biomass resources as defined in Section 12-63-20(B)(2).

SECTION 44. The General Assembly finds that the sections presented in this act constitute one subject as required by Section 17, Article III of the South Carolina Constitution, in particular finding that each change and each topic relates directly to or in conjunction with other sections to the subject of the regulation of electrical utilities, the provision of electricity, and economic development as clearly enumerated in the title. The General Assembly further finds that a common purpose or relationship exists among the sections, representing a potential plurality but not disunity of topics, notwithstanding that reasonable minds might differ in identifying more than one topic contained in the act.

SECTION 45. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this act is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining portions of this act, the General Assembly hereby declaring that it would have passed this act, and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

SECTION 46. This act takes effect upon approval by the Governor. However, SECTIONS 1, 2, and 3 apply to license renewal cycles ending after 2025.

Renumber sections to conform.

Amend title to conform.

Rep. OTT spoke against the amendment.

Rep. OTT continued speaking.

The amendment was then adopted.

Rep. Pace proposed the following Amendment No. 3 to S. 408 (LC-408.PH0019H), which was ruled out of order:

Amend the bill, as and if amended, by adding appropriately numbered SECTIONS to read:

SECTION X.A. Chapter 63, Title 40 of the S.C. Code is amended by adding:

Section 40-63-245. A social worker licensed pursuant to this chapter may use their clinical judgement when providing treatment to a patient with gender dysmorphia. A complaint based on a non-affirmative treatment may not be grounds for disciplinary action by the licensing

board pursuant to Section 40-63-110

B. Chapter 75, Title 40 of the S.C. Code is amended by adding:

Section 40-75-226. A professional counselor licensed pursuant to this chapter may use their clinical judgement when providing treatment to a patient with gender dysmorphia. A complaint based on a non-affirmative treatment may not be grounds for disciplinary action by the licensing board pursuant to Section 40-75-110.

C. This Section takes effect upon approval by the Governor and applies to license renewal cycles ending after 2025.

Renumber sections to conform.

Amend title to conform.

Rep. PACE explained the amendment.

POINT OF ORDER

Rep. STAVRINAKIS raised the Rule 9.3 Point of Order that Amendment No. 3 was not germane to S. 408.

SPEAKER *PRO TEMPORE* POPE stated that Amendment No. 3 concerned limiting disciplinary actions against social workers and professional counselors while the bill concerned requirements for licensure and training of social workers and professional counselors. He stated that the amendment went beyond the scope of the bill, and he sustained the point of order. The amendment was ruled out of order.

Motion to appeal Ruling of the Speaker *Pro Tempore* Tabled

Rep. CROMER appealed the Ruling of the Speaker *Pro Tempore* and the SPEAKER was called to the Chair to act as Presiding Officer.

H. 5479 -- Rep. Hosey: A CONCURRENT RESOLUTION TO REQUEST THE DEPARTMENT OF TRANSPORTATION NAME THE PORTION OF UNITED STATES HIGHWAY 278 FROM ITS INTERSECTION WITH SOUTH CAROLINA HIGHWAY 300 IN BARNWELL COUNTY TO ITS INTERSECTION WITH UNITED STATES HIGHWAY 301 IN ALLENDALE COUNTY "VETERANS MEMORIAL HIGHWAY" IN HONOR OF OUR MEN AND WOMEN WHO HAVE SERVED IN OUR ARMED FORCES AND ERECT APPROPRIATE MARKERS OR SIGNS ALONG THIS PORTION OF HIGHWAY CONTAINING THESE WORDS AND THE PURPLE HEART EMBLEM.

Ordered for consideration tomorrow.

HOUSE RESOLUTION

The following was introduced:

H. 5499 -- Reps. Bailey, Alexander, Anderson, Atkinson, Ballentine, Bamberg, Bannister, Bauer, Beach, Bernstein, Blackwell, Bradley,

Brewer, Brittain, Burns, Bustos, Calhoon, Carter, Caskey, Chapman, Chumley, Clyburn, Cobb-Hunter, Collins, Connell, B. J. Cox, B. L. Cox, Crawford, Cromer, Davis, Dillard, Elliott, Erickson, Felder, Forrest, Gagnon, Garvin, Gatch, Gibson, Gilliam, Gilliard, Guest, Guffey, Haddon, Hager, Hardee, Harris, Hart, Hartnett, Hayes, Henderson-Myers, Henegan, Herbkersman, Hewitt, Hiott, Hixon, Hosey, Howard, Hyde, Jefferson, J. E. Johnson, J. L. Johnson, S. Jones, W. Jones, Jordan, Kilmartin, King, Kirby, Landing, Lawson, Leber, Ligon, Long, Lowe, Magnuson, May, McCabe, McCravy, McDaniel, McGinnis, Mitchell, J. Moore, T. Moore, A. M. Morgan, T. A. Morgan, Moss, Murphy, Neese, B. Newton, W. Newton, Nutt, O'Neal, Oremus, Ott, Pace, Pedalino, Pendarvis, Pope, Rivers, Robbins, Rose, Rutherford, Sandifer, Schuessler, Sessions, G. M. Smith, M. M. Smith, Spann-Wilder, Stavrinakis, Taylor, Thayer, Thigpen, Trantham, Vaughan, Weeks, West, Wetmore, Wheeler, White, Whitmire, Williams, Willis, Wooten and Yow: A HOUSE RESOLUTION TO EXPRESS DEEP APPRECIATION TO JEAN BOSEMAN FOR HER FAITHFUL SERVICE FOR A THIRD OF A CENTURY ON BEHALF OF FAIR ELECTIONS AND FOR HER DEVOTION TO THE DEMOCRATIC PROCESS IN NORTH MYRTLE BEACH.

The Resolution was adopted.

S. 408--AMENDED AND ORDERED TO THIRD READING

Debate was resumed on the following Bill, the pending question being the consideration of amendments:

S. 408 -- Senators Shealy and McLeod: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 40-75-250, RELATING TO ISSUANCE OF LICENSE, DISPLAY, AND RENEWAL, SO AS TO REQUIRE ONE HOUR OF SUICIDE PREVENTION TRAINING AS A PORTION OF THE TOTAL CONTINUING EDUCATION REQUIREMENT; AND BY AMENDING SECTION 40-75-540, RELATING TO REGULATIONS FOR CONTINUING EDUCATION AND LICENSE RENEWAL, SO AS TO REQUIRE ONE HOUR OF SUICIDE PREVENTION TRAINING AS A PORTION OF THE TOTAL CONTINUING EDUCATION REQUIREMENT.

Rep. Cromer proposed the following Amendment No. 4 to S. 408 (LC-408.VR0020H), which was adopted:

Amend the bill, as and if amended, SECTION 1, by striking Section 40-75-250(D) and inserting:

(D) A person licensed under this chapter must receive at least one hour of continuing education in suicide assessment, treatment, and management treatment, which may be completed virtually, as a portion of the total continuing education requirement for license renewal as determined by the board in regulation.

(~~D~~E) A licensee who allows the license to lapse by failing to renew the license as provided in this section may be reinstated by the board upon payment of a reinstatement fee and the current renewal fee. The board, by regulation, may impose additional requirements for reinstatement.

Amend the bill further, SECTION 2, by striking Section 40-75-540(B) and inserting:

(B) A person licensed under this chapter must receive at least one hour of continuing education in suicide assessment, treatment, and management treatment, which may be completed virtually, as a portion of the total continuing education requirement for license renewal as determined by the board in regulation.

Amend the bill further, SECTION 3, by striking Section 40-63-250(E) and inserting:

(E) A person licensed under this chapter must receive at least one contact hour of continuing education in suicide assessment, treatment, and management treatment, which may be completed virtually, as a portion of the total continuing education requirement for license renewal as determined by the board in regulation.

Renumber sections to conform.

Amend title to conform.

Rep. CROMER explained the amendment.

Rep. SANDIFER demanded the yeas and nays which were taken, resulting as follows:

S. 728--DEBATE ADJOURNED

The following Bill was taken up:

S. 728 -- Senator Gustafson: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 23-9-197(A)(3), RELATING TO THE FIREFIGHTER CANCER HEALTH CARE BENEFIT PLAN, SO AS TO PROVIDE THAT THE DEFINITION OF "FIREFIGHTER" SHALL INCLUDE NON-RESIDENTS OF SOUTH CAROLINA WHO WORK IN THE STATE.

Rep. SANDIFER moved to adjourn debate on the Bill until Thursday, May 2, which was agreed to.

S. 962--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

S. 962 -- Senator Cromer: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING SECTION 38-71-2330, RELATING TO DUTIES OF PHARMACY SERVICE ADMINISTRATIVE ORGANIZATIONS, SO AS TO REMOVE THE REQUIREMENT THAT PHARMACY SERVICE ADMINISTRATIVE ORGANIZATIONS MUST ACT AS FIDUCIARIES TO PHARMACIES.

The Committee on Labor, Commerce and Industry proposed the following Amendment No. 1 to S. 962 (LC-962.HA0001H), which was

adopted:

Amend the bill, after the title but before the enacting words, by adding:

Whereas, South Carolina is achieving remarkable economic development success which is bringing jobs and prosperity to its citizens; and

Whereas, from January to December 2023, the State announced total capital investments of 9.22 billion dollars and over 14,000 jobs, the second largest amount in state history; and

Whereas, in 2022, the State announced 120 projects creating over 14,000 new jobs with 10.27 billion dollars in new capital investment, the largest amount in state history; and

Whereas, since 2017, the State has announced over 36.4 billion dollars in new investments and 86,378 new jobs; and

Whereas, according to the U.S. Census Bureau, South Carolina led the nation in population growth in 2023; and

Whereas, the rapidly expanding population and record-breaking economic development successes necessitate a strategic and forward-thinking approach to developing new energy infrastructure capable of meeting the energy needs of South Carolina's residents and supporting the continued prosperity of the State; and

Whereas, sustaining this success in economic development requires an electric system that can grow and modernize to meet the demands that a prosperous and developing economy places on it; and

Whereas, the South Carolina General Assembly recognizes that the convergence of escalating population growth, record-breaking economic success, and the aging of existing energy infrastructure has created a critical juncture, demanding immediate and decisive action to avert an impending energy crisis; and

Whereas, the urgency of addressing this situation is underscored by the interconnected challenges of meeting surging energy demand, ensuring grid reliability, and fortifying the state's resilience against potential disruptions, thereby compelling the imperative for the timely construction of new energy plants to safeguard the continued well-being and economic vitality of South Carolina; and

Whereas, in light of these facts, it is important that the General Assembly take action to ensure that generation and transmission providers are able to plan, site, and construct new and replacement generation and transmission resources in a timely and cost-effective manner, utilizing procedures that are fair, prompt, efficient, and guided by an informed Public Service Commission; and

Whereas, the General Assembly has determined that certain aspects

of the current regulatory structure in South Carolina can be revised to reduce the cost, delay, and uncertainty of planning, siting, and constructing new generation and transmission resources serving customers in this State; and

Whereas, the General Assembly further finds that the current circumstances present a unique opportunity to replace or limit reliance on the Williams Generating Station operated by Dominion Energy South Carolina, Inc. ("DESC") in Bushy Park, South Carolina; and the Winyah Generating Station operated South Carolina Public Service Authority ("SCPSA") in Georgetown, South Carolina, and perhaps other units as well, through a joint venture between these utilities; and

Whereas, DESC owns the site of the retired Canadys coal units in Colleton County (the "Canadys site") which represents an environmentally well-characterized brownfield site with unique attributes, including electric transmission infrastructure on site, proximity to a major switching station interconnecting the DESC and SCPSA transmission systems serving coastal South Carolina, and reasonable proximity to natural gas supplies which can be accessed through existing natural gas rights of way; and

Whereas, modern combined cycle units provide dispatchability and operating flexibility that will allow DESC and SCPSA systems to continue to add large amounts of flexible resources to their systems without jeopardizing cost-efficient and reliable service to customers; and

Whereas, the integrated resource planning by both utilities consistently indicates the need for and benefit of additional combined cycle natural gas resources under multiple planning scenarios; and

Whereas, by pursuing replacement resources as a joint project, DESC and SCPSA can build larger, more fuel-efficient, lower-emitting units, and can reduce the capital cost per MW of these units by as much as 25% or more compared to building single, stand-alone units sized to meet their individual needs alone while at the same time reducing the environmental and land-use impact of the natural gas pipeline and transmission infrastructure required to support separate units; and

Whereas, the joint project can provide a unique opportunity to anchor the expansion of natural gas pipelines serving certain coastal counties of South Carolina where economic development is currently hampered by the lack of such supplies, thereby increasing jobs, prosperity, and public welfare in those areas and can do so with minimal environmental disruption; and

Whereas, in light of the unique circumstances presented by the shared needs of DESC and SCPSA for replacement generation in the Charleston

and Georgetown areas, the unique benefits of a partnership between them for this purpose, and the unique benefits of the Canadys site as the location for a joint resource, the General Assembly finds that these circumstances support amending the enabling act of the SCPSA to authorize it in a joint venture to develop and share in the output of one or more combined cycle natural gas units to be located at the Canadys site and encourages the utility to seek, as soon as practicable, a certificate as defined under the terms of the Utility Facility Siting and Environmental Protection Act for DESC to construct and operate combined cycle natural gas units to be located at the Canadys site; and

Whereas, Duke Energy Carolinas Bad Creek Pumped Storage facility, including ongoing uprates, is an approximate 1,640 MW energy storage facility located in Oconee County, South Carolina; and

Whereas, Duke Energy Carolina has identified the opportunity to approximately double the output of the Bad Creek Pumped Storage facility by constructing new pump turbines, generators, and a new powerhouse; and

Whereas, by increasing the generating capacity at the Bad Creek facility, Duke Energy Carolinas can approximately double its existing peak hourly storage capacity; and

Whereas, in light of the unique circumstances presented by the potential expansion of Duke Energy Carolinas' energy storage capacity by expanding the Bad Creek facility without construction of a new reservoir, and considering the unique benefits for customers served by Duke Energy Carolinas' electrical system such an expansion represents, the General Assembly encourages the utility to complete evaluations related to expanding the Bad Creek facility to double its output; and

Whereas, in light of the unique circumstances presented in the plans of Duke Energy Carolinas LLC and Duke Energy Progress LLC to secure approximately 7,000 MW of natural gas generation facilities for the benefit of their customers in South Carolina, the General Assembly encourages the utilities to undertake such activities as may be necessary to pursue and facilitate additional natural gas generation to serve its customers in this State; and

Whereas, the South Carolina General Assembly recognizes the potential for substantial economic and environmental benefits through the implementation of robust energy efficiency and demand side management initiatives; and

Whereas, investing in energy efficiency and demand-side management initiatives not only reduces overall energy consumption but also alleviates the strain on existing electric generation infrastructure,

leading to cost savings for consumers, businesses, and the state; and

Whereas, the promotion of energy efficiency and demand-side management initiatives offers a prudent and cost-effective approach to address increasing energy demands, thereby lessening the necessity for construction of new electric generation facilities in the future, and contributing to a more sustainable and resilient energy future for South Carolina; and

Whereas, the South Carolina General Assembly acknowledges the transformative potential of advanced nuclear generation, such as small modular reactors (SMRs), understanding that their compact size addresses significant challenges associated with traditional nuclear power, offering the promise of expedited and cost-effective plant construction, coupled with enhanced safety in operational practices, along with offering reliable carbon-free energy generation that can operate nearly 24/7; and

Whereas, the South Carolina General Assembly recognizes the strategic importance of investigating in and pursuing advanced nuclear technologies such as small modular reactors and molten salt reactors at this time, understanding that proactive engagement in research and development positions the State to capitalize on future opportunities when SMRs become economically and technologically viable; and

Whereas, the SC Nexus for Advanced Resilient Energy consortium, developed in collaboration with our research universities, technical colleges, state agencies, the Savannah River National Laboratory, economic development non-profits, and private businesses, won the U.S. Department of Commerce’s Economic Development Administration’s designation as one of the Regional Technology and Innovation Hubs; and

Whereas, the South Carolina General Assembly recognizes establishing an Energy Policy Institute is a pivotal step towards supporting the efforts of SC Nexus and for guiding informed decision making for the state's energy future; and

Whereas, understanding the complexity of energy issues, the establishment of an Energy Policy Institute is essential to equipping the State with the necessary expertise and resources to make well informed choices, fostering a comprehensive understanding of intricate energy matters; and

Whereas, SC Nexus will assist the state as a global leader in advanced energy by developing, testing, and deploying exportable energy technologies and understanding that new manufacturers of those technologies can locate their operations at a place of their choosing, an

Energy Policy Institute is integral to positioning the state strategically for economic development success by ensuring the economic benefits resulting from SC Nexus remain in South Carolina, and ensuring that energy policies align with the state's growth objectives and policy goals, while simultaneously safeguarding the interests of ratepayers and promoting a sustainable and resilient energy landscape; and

Whereas, it is imperative to direct the Office of Regulatory Staff (ORS) to conduct a comprehensive energy assessment and formulate a ten-year energy action plan not only to identify additional actions to take over the next decade to address the critical need to ensure an adequate and reliable power supply but also to serve as a proactive forum to thoroughly examine unresolved issues vital to achieving economic development success within the dynamic and evolving energy sector; and

Whereas, the South Carolina General Assembly determines that comprehensive legislation is needed to promote the development of new and reliable energy infrastructure resources, fostering resilient and reliable energy infrastructure critical to the economic success of the State of South Carolina. Now, therefore,

Amend the bill further, by striking all after the enacting words and inserting:

SECTION 1. Section 38-71-2330(A)(1) of the S.C. Code is amended to read:

(1) ~~act as a fiduciary to a pharmacy and~~ perform its duties to a pharmacy exercising good faith and fair dealing;

SECTION 2. This act may be cited as the "South Carolina Energy Security Act".

SECTION 3. Section 58-3-20 of the S.C. Code is amended to read:

Section 58-3-20. (A) The commission is composed of ~~seven~~three members to be elected by the General Assembly in the manner prescribed by this chapter. Each member must have:

(1) a baccalaureate or more advanced degree from:

(a) a recognized institution of higher learning requiring face-to-face contact between its students and instructors prior to completion of the academic program;

(b) an institution of higher learning that has been accredited by a regional or national accrediting body; or

(c) an institution of higher learning chartered before 1962; and

(2) a background of substantial duration and an

expertise in at least one of the following:

(a) energy issues;

(b) telecommunications issues;

(c) consumer protection and advocacy issues;

(d) water and wastewater issues;

(e) finance, economics, and statistics;

(f) accounting;

(g) engineering; or

(h) law.

~~(B)(1) Beginning in 2004, the members of the Public Service Commission must be elected to staggered terms. In 2004, the members representing the Second, Fourth, and Sixth Congressional Districts must be elected for terms ending on June 30, 2006, and until their successors are elected and qualify. Thereafter, members representing the Second, Fourth, and Sixth Congressional Districts must be elected to terms of four years and until their successors are elected and qualify. In 2004, the members representing the First, Third, and Fifth Congressional Districts and the State at large must be elected for terms ending on June 30, 2008, and until their successors are elected and qualify. Thereafter, members representing the First, Third, and Fifth Congressional Districts and the State at large must be elected to terms of four years and until their successors are elected and qualify. Notwithstanding the provisions of this section, members representing the First, Third, and Fifth Congressional Districts shall serve until the expiration of their terms, and in 2013, members representing the First, Third, and Fifth Congressional Districts must be elected for terms ending on June 30, 2016, and until their successors are elected and qualified.~~

~~(2) In the event there are Seven Congressional Districts, the member elected from the State at large shall serve until the expiration of his term, and in 2013, a member representing the Seventh Congressional District must be elected for a term ending on June 30, 2016, and until his successor is elected and qualified. Thereafter, the member representing the Seventh Congressional District must be elected to terms of four years and until his successor is elected and qualified. Upon the election and qualification of the member representing the Seventh Congressional District, the at-large member elected to satisfy the requirements of subsection (C) immediately shall cease to be a member of the commission.~~

~~(C)~~ (B)(1)The General Assembly must provide for the election of the ~~seven~~three-member commission ~~and elect its members based upon the congressional districts established by the General~~

~~Assembly pursuant to the latest official United States Decennial Census. If the number of congressional districts is less than seven, additional members must be elected at large to provide for a seven-member commission. In the event the congressional districts established by the General Assembly are under review by a court for compliance with statutory or constitutional requirements, an election scheduled pursuant to this section shall not be held until a final determination is made by the courts regarding the congressional districts. The inability to hold an election due to judicial review of the congressional districts does not constitute a vacancy on the commission and the commissioners serve until their successors are elected and qualify~~. The commission members must be elected to terms of four years and until their successors are elected and qualify.

(2) The commission members must be elected from the state at large; however, membership on the commission should reflect all segments of the population of the State, to the greatest extent possible.

~~(D)~~(C) The Governor may fill vacancies in the office of commissioner until the successor in the office for a full term or an unexpired term, as applicable, has been elected by the General Assembly. In cases where a vacancy occurs on the commission when the General Assembly is not in session, the Governor may fill the vacancy by an interim appointment. The Governor must report the interim appointment to the General Assembly and must forward a formal appointment at its next ensuing regular session.

SECTION 4. Section 58-3-140 of the S.C. Code is amended to read:

Section 58-3-140. (A)(1) Except as otherwise provided in Chapter 9 of this title, the commission is vested with power and jurisdiction to supervise and regulate the rates and service of every public utility in this State and to fix just and reasonable standards, classifications, regulations, practices, and measurements of service to be furnished, imposed, or observed, and followed by every public utility in this State.

(2) The commission must promulgate regulations to establish safety, maintenance, and inspection standards for the public utilities and may assess fines for public utilities that violate these standards.

(B)(1) The commission, in conducting its analysis and making a decision in matters involving electrical utilities, must consider the economic impact to the State when fixing just and reasonable standards, classifications, regulations, practices, and measurements of

service to be furnished, imposed, or observed, and followed by every electrical utility in this State.

(2) The General Assembly declares the rates, services, and operations of electrical utilities are a matter of public interest and the availability of an adequate, reliable, and economical supply of electric power and natural gas to the people and economy of South Carolina is a matter of public policy. When exercising its powers under this section, the commission must balance the public interest in determining the rates, services, and operations of electrical utilities. It is the policy of this State for the commission, in matters involving electrical utilities, to:

(a) ensure South Carolina customers have access to an adequate, reliable, and economical supply of energy resources;

(b) sustain growth in industrial and economic development by ensuring an electric generation, transmission, and distribution system that can grow and modernize to meet the demands that a prosperous and developing economy places on it;

(c) provide fair regulation of electrical utilities in the interest of the public in a manner that maintains the financial integrity of the electrical utility by assuring a sufficient and fair rate of return, supports economic development and industry retention, and provides just and reasonable rates to be established for entities providing electrical utility services to customers in this State while promoting adequate, reliable, and economical utility service to all of the citizens and residents of this State;

(d) provide the State and the public with a well-regulated electrical utility environment;

(e) ensure that resources necessary to meet future growth through the provision of adequate, reliable electrical utility service include use of the entire spectrum of demand-side options, including but not limited to, conservation, load management, and energy efficiency programs as additional sources of energy supply and energy demand reduction;

(f) provide just and reasonable rates and charges for electrical utility services without undue preferences or advantages, or unfair or destructive competitive practices and consistent with long-term management and conservation of energy resources by avoiding wasteful, uneconomic generation and uses of energy;

(g) ensuresure that facilities necessary to meet future growth can be financed by the utilities operating in this State on terms which are reasonable and fair to both the customers and existing

investors of such utilities, and to that end, to authorize fixing of rates in such a manner as to result in lower costs of new facilities and lower rates over the operating lives of such new facilities;

(h) recognize the important role of utilities in economic development and industry retention and the necessity for utilities to maintain the ability to finance continued investment in, and operation and maintenance of, the electric system, rapid restoration of power after major storms and outages, rate designs, and infrastructure necessary to attract and retain businesses and jobs to South Carolina, the ability to obtain financing at attractive rates, and to ensure a viable workforce for providing electricity and to attract such utility workers at market-competitive wages;

(i) seek to encourage and promote harmony between public utilities, their users, and the environment;

(j) foster the continued service of electrical utilities on a well-planned and coordinated basis that is consistent with the level of energy needed for the protection of public health and safety and for the promotion of the general welfare, economic development, and industry retention;

(k) seek to adjust the rate of growth of regulated energy supply facilities serving the State to the policy requirements of statewide economic development and industry retention;

(l) encourage the continued study and research on new and innovative rate designs which will protect the State, the public, the ratepayers and the utilities;

(m) facilitate the construction of facilities in and the extension of natural gas service to unserved and underserved areas in order to promote the public welfare throughout the State;

(n) further the development of cleaner energy technologies on a cost-effective basis to protect the natural resources of this State, promote the health and well-being of the people of this State, and attract investments, create employment opportunities, drive economic growth, and foster innovation in this State; and

(o) accomplish regulatory processes and issue orders in a timely manner.

~~(B)~~(C) The commission must develop and publish a policy manual which must set forth guidelines for the administration of the commission. All procedures must incorporate state requirements and good management practices to ensure the efficient and economical utilization of resources.

~~(C)~~(D) The commission must facilitate access to its

general rate request orders in contested matters involving more than one hundred thousand dollars by publishing an order guide which indexes and cross-references orders by subject matter and case name. The order guide must be made available for public inspection.

~~(D)~~(E) The commission must promulgate regulations to require the direct testimony of witnesses appearing on behalf of utilities and of witnesses appearing on behalf of persons having formal intervenor status, such testimony to be reduced to writing and prefiled with the commission in advance of any hearing. In contested case proceedings, the applicant seeking relief from the commission shall have the right to prefile rebuttal testimony responsive to the direct prefiled testimony of other parties. The commission may allow supplemental testimony in cases where new matters arise after the filing of direct testimony, provided that parties shall have the right to respond to such supplemental testimony. The procedural schedule for each contested case proceeding shall include dates for completion of each phase of discovery, including discovery related to the application or other initial pleading as filed, direct testimony of the applicant, direct testimony of the Office of Regulatory Staff and other parties and intervenors, rebuttal testimony of the applicant, and surrebuttal testimony but only if allowed by the commission upon motion that there is material new information for which surrebuttal testimony is required. The commission must act on a motion to allow surrebuttal testimony within three business days. Except upon showing of exceptional circumstances or surprise, all discovery must be completed not less than ten days prior to the hearing.

(F) The commission may convene public hearings to allow electrical utility customers to address the commission as public witnesses without intervening in the proceedings and without subjecting themselves to discovery or prefiling testimony. Public witnesses may address the commission on issues related to customer service, utility operations, reliability, economic hardship, affordability, environmental concerns, or other matters that affect them. The electrical utility and the Office of Regulatory Staff shall work to investigate and resolve individual service issues raised by public witnesses.

(G) Any other provision of law notwithstanding, to the extent the commission is authorized by the General Assembly to employ an independent third-party consultant to assist the commission in its duties with respect to a matter before the commission, such consultant may only rely upon evidence introduced by a party to that proceeding into the record subject to the requirements of the South Carolina Administrative Procedures Act. Further, the commission may not give

any consultant employed by the commission party status in a proceeding before the commission.

~~(E)~~(H) Nothing in this section may be interpreted to repeal or modify specific exclusions from the commission's jurisdiction pursuant to Title 58 or any other title.

~~(F)~~(I) When required to be filed, tariffs must be filed with the office of the chief clerk of the commission and, on that same day, provided to the Executive Director of the Office of Regulatory Staff.

SECTION 5. Section 58-3-250(B) of the S.C. Code is amended to read:

(B) A copy of every final order or decision under the seal of the commission must be served by electronic service, or registered or certified mail, upon all parties to the proceeding or their attorneys. Service of every final order or decision upon a party or upon the attorney must be made by emailing a copy of the order to the party's email address provided to the commission or by mailing a copy to the party's last known address. If no email or other address is known, however, service shall be made by leaving a copy with the chief clerk of the commission. The order takes effect and becomes operative when served unless otherwise designated and continues in force either for a period designated by the commission or until changed or revoked by the commission. If, in the judgment of the commission, an order cannot be complied with within the time designated, the commission may grant and prescribe additional time as is reasonably necessary to comply with the order and, on application and for good cause shown, may extend the time for compliance fixed in its order.

SECTION 6. Section 58-4-10 of the S.C. Code is amended to read:

Section 58-4-10. (A) There is hereby created the Office of Regulatory Staff as a separate agency of the State with the duties and organizations as hereinafter provided.

(B) Unless and until it chooses not to participate, the Office of Regulatory Staff must be considered a party of record in all filings, applications, or proceedings before the commission. The regulatory staff must represent the public interest of South Carolina before the commission. For purposes of this chapter only, "public interest" means a balancing of:

(1) the concerns of the using and consuming public with respect to public utility services, regardless of the class of customer~~.~~;

(2) economic development and job attraction and retention in South Carolina; and

(3) preservation of the financial integrity of the State's public utilities to the extent necessary to provide for the ~~of~~ continued investment in and maintenance of utility facilities so as to provide reliable and high quality utility services.

(C) The Office of Regulatory Staff is subject to the provision of Section 58-3-260 prohibiting ex parte communications with the commission, and any advice given to the commission by the regulatory staff must be given in a form, forum, and manner as may lawfully be given by any other party or person.

SECTION 7. Chapter 4, Title 58 of the S.C. Code is amended by adding:

Section 58-4-150. (A) To further advance and expand upon Executive Order 2023-18 which established the PowerSC Energy Resources and Economic Development Interagency Working Group, the Office of Regulatory Staff, in consultation with a stakeholder group that includes representatives of consumer, environmental, manufacturing, forestry, and agricultural organizations, natural gas and electrical utilities, the South Carolina Public Service Authority, and other affected state agencies, shall prepare a comprehensive South Carolina energy assessment and action plan, hereinafter referred to as "the plan". This plan must identify recommended actions over a ten-year period to ensure the availability of adequate, reliable, and economical supply of electric power and natural gas to the people and economy of South Carolina. For purposes of this section, natural gas and electrical utilities also include any investor-owned electrical utility, a public utility as defined in Section 58-5-10, the Public Service Authority, electric cooperatives, and any consolidated political subdivision that owns or operates in this State equipment or facilities for generating, transmitting, delivering, or furnishing electricity, but does not include an entity that furnishes electricity only to itself, its residents, or tenants when such current is not resold or used by others.

(B) The Office of Regulatory Staff, in collaboration with the electrical utilities and the South Carolina Public Service Authority, shall aggregate data and analyses from their most recent integrated resource plans approved by the commission, and include any updates or associated filings and other available data in order to create a statewide comprehensive view of the availability of an adequate, reliable, and economical supply of energy resources to the people and economy of South Carolina.

(C) The plan must detail factors, and make recommendations, essential to adequate, reliable, and economical supply of energy

resources for the people and economy of South Carolina, including but not limited to:

(1) projections of energy consumption in South Carolina, including the use of fuel resources and costs of electricity and generation resources across the electrical utilities' and the South Carolina Public Service Authority's balancing authority areas used to serve the State;

(2) the adequacy of electricity generation, transmission, and distribution resources in this State to meet projections of energy consumption;

(3) the adequacy of infrastructure utilized by natural gas industries in providing fuel supply to electric generation plants or otherwise for end-use customers;

(4) the overall needs of the South Carolina electric grid and transmission system and details from the plans of each electrical utility and the South Carolina Public Service Authority to meet current and future energy needs in a cost-effective, reliable, economic, and environmental manner;

(5) an assessment of state and local impediments to expanded use of generation or distributed resources and recommendations to reduce or eliminate such impediments;

(6) how energy efficiency, demand-side management programs, and conservation initiatives across the electrical utilities' and the South Carolina Public Service Authority's balancing authority areas may be expanded to lower bills and reduce electric consumption;

(7) details regarding potential siting of energy resource and transmission facilities in order to identify any disproportionate adverse impact of such activities on the environment, agricultural community, land use, and economically disadvantaged or minority communities;

(8) details regarding commercial and industrial consumer clean energy goals and options available to such customers to achieve these goals, including:

(a) an analysis of the barriers commercial and industrial consumers face in making such investments in this State;

(b) an analysis of any electric and natural gas regulatory barriers to the recruitment and retention of commercial and industrial customers in this State; and

(c) recommendations to address any barriers identified in items (a) and (b) in a manner that is consistent with the public interest and which is not duly impactful to nonparticipating customers as it pertains to rate and system impacts, and which is not unduly impactful to entities providing public utility services.

(D) In preparing the plan the Office of Regulatory Staff may retain an outside expert to assist with compiling this report.

(E) In addition to the information required by this section, the plan must include recommendations for legislative, regulatory, or other public and private actions to best ensure a reliable and reasonably priced energy supply in South Carolina that supports the continued growth and success of this State. In forming these recommendations, the Office of Regulatory Staff must confer with the stakeholder group to ensure the recommendations would likely achieve the intended result for the electric grid, electric generation, and natural gas resources serving South Carolina customers.

(F) The plan must be submitted to the Public Utilities Review Committee for approval.

(G) The provisions of this section are subject to funding.

SECTION 8. Title 58 of the S.C. Code is amended by adding:

CHAPTER 38

South Carolina Energy Policy Institute

Section 58-38-10. This chapter is known as and may be cited as the "South Carolina Energy Policy Research and Economic Development Institute" or "EPI".

Section 58-38-20. The General Assembly finds that:

(1) It is in the public interest of South Carolina to establish an Energy Policy Research and Economic Development Institute, also referred to as EPI, to support the efforts of the Advanced Resilient Energy Nexus, also referred to as SC Nexus, and research and propose solutions to address major challenges in the complex and evolving area of energy generation and storage.

(2) Research and documenting reliable data is essential for thoughtful consideration of the complex issues and concerns impacting energy generation and storage and the need for timely, substantive, and thorough advice from the EPI to the South Carolina General Assembly is critical to continue to position this State as a global leader.

(3) Advancement through the EPI of the broad collaboration through SC Nexus will assist the State as a global leader in advanced energy by developing, testing, and deploying exportable electricity technologies. It will also allow the State to leverage the region's dynamic and growing manufacturing base, superior research capabilities, and demonstrated record of public-private collaboration to innovate and commercialize emerging energy storage materials and manufacturing techniques, including a demonstrative microgrid implementation that integrates renewable energy and storage into the state's electricity

systems.

(4) The topography of South Carolina, with its coastal plains and low country, confronts further complications. While the State possesses renewable energy resources like hydropower potential from its rivers and lakes and biomass from wood and landfill gas, the lack of sustainable energy production exacerbates the energy deficit. It is critical that South Carolina provide safe, reliable, and affordable energy.

(5) The industrial sector in South Carolina accounts for approximately one-third of the state's total energy use and heavily depends on energy consumption. Continued economic development and industry retention depends upon safe, reliable, and affordable energy generation.

(6) South Carolina will need to continue moving toward reliable power from emerging energy sources to ensure continued economic growth and secure energy for residential usage.

(7) The EPI shall collaborate across South Carolina in coordination with SC Nexus, Savannah River National Laboratory, energy utility providers, private industry, and workforce development to deliver advice on policy creation aligned with the state's distinctive needs and opportunities. EPI shall support and collaborate with SC Nexus, a consortium of public and private entities, formed within the South Carolina Department of Commerce concerning power generation, transmission, and storage.

Section 58-38-30. (A) The EPI shall be established by the University of South Carolina to serve as an expert and reliable advisory resource for state policymakers, government, and industry. This institute shall bring together a coalition of experts from various domains within the energy ecosystem, individuals and organizations specializing in innovatiVE public policy approaches, as well as specialists from across higher education, including but not limited to, the University of South Carolina, Clemson University, and South Carolina State University. The EPI shall aid South Carolina in developing a strategic, long-term approach to address energy-related challenges and economic development opportunities for the State of South Carolina.

(B) The EPI shall be governed by a board of six members which shall provide oversight and guidance to the EPI. This board shall be composed of:

(1) Speaker of the House of Representatives or his designee;

(2) President of the Senate or his designee;

(3) Chairman of the Ways and Means Committee of the House of Representatives or his designee;

(4) Chairman of the Finance Committee of the Senate or his designee;

(5) Chairman of the Labor, Commerce and Industry Committee of the House of Representatives or his designee; and

(6) Chairman of the Judiciary Committee of the Senate or his designee.

Section 58-38-40. (A) Annual deliverables for the EPI shall align with the goals and priorities of critical state objectives and legislative needs of South Carolina as determined by the board.

(B) The EPI shall prepare concise and informative documents that outline the key energy policy issues in South Carolina for members of the South Carolina General Assembly. These briefs shall offer evidence-based recommendations and their potential impacts to assist the legislature in decision making.

(C) The EPI shall provide in-depth research on various aspects of energy policy relevant to South Carolina, at the direction of the board.

(D) The EPI shall provide stakeholder engagement reports, including identification and engagement with relevant stakeholders in the energy sector, including industry representatives, environmental groups, consumer advocates, and community organizations. The EPI shall compile reports on stakeholder perspectives, concerns, and suggestions to aid the legislature in understanding different viewpoints.

(E) The EPI shall evaluate the economic implications of different energy policy options, including the potential costs and benefits to the state's economy, job market, industry competitiveness, and underdeveloped communities. The EPI must use modeling techniques to estimate direct and indirect impacts on various sectors.

(F) The EPI shall develop practical framework recommendations for implementing energy policies in South Carolina, considering regulatory mechanisms, enforcement mechanisms, and coordination between different government agencies. These frameworks must address potential challenges and propose strategies for successful implementation.

(G) The EPI may host fellowships by which entities could offer the time and services of employees by which the EPI could leverage the knowledge, experience, and participation of such entities.

SECTION 9. Article 3, Chapter 33, Title 58 of the S.C. Code is amended by adding:

Section 58-33-195. (A)(1) The General Assembly finds:

(a) The Public Service Commission, hereinafter referred to as "the commission", issued Order No. 2023-860 approving Dominion

Energy South Carolina, Inc.'s integrated resource plan, and Order No. 2024-171 approving the South Carolina Public Service Authority's integrated resource plan. The commission determined these integrated resource plans represented the most reasonable and prudent means to meet each utility's energy and capacity needs as of the time each integrated resource plan was reviewed.

(b) Dominion Energy South Carolina, Inc.'s integrated resource plan identified a natural gas combined cycle unit as the optimum replacement unit for the Williams Station, which Dominion Energy South Carolina, Inc. intends to retire in 2030, assuming replacement capacity is available at that time. Dominion Energy South Carolina, Inc. proposed to locate this natural gas combined cycle unit facility at the site of its now retired Canadys coal plant, and Dominion Energy South Carolina, Inc. is pursuing a plan to build it jointly with the Public Service Authority under a Memorandum of Understanding, also referred to as the "Joint Resource".

(c) The commission found that Dominion Energy South Carolina, Inc.'s Reference Build Plan replacing the Williams Station with the Joint Resource best meets the criterion of "consumer affordability and least cost" pursuant to Section 58-37-40(C)(2)(b).

(d) The commission found that the Public Service Authority's Preferred Portfolio, referred to as "Supplemental", as the preferred plan to guide the Public Service Authority's generation and transmission planning over the next three years, with updates as necessary, represented the most reasonable and prudent means of meeting the Public Service Authority's energy and capacity needs.

(e) The commission found the Supplemental is the most cost-effective and least ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements, while maintaining safe and reliable electric service.

(f) The commission determined the Public Service Authority sufficiently considered alternatives to the natural gas combined cycle unit.

(g) The commission found that the Supplemental allows the Public Service Authority to meet the electric power needs of its retail and wholesale customers reliably and affordably, reduces its carbon footprint, and adds flexibility and innovation to support a growing state economy.

(2) The General Assembly encourages Dominion Energy South Carolina, Inc. and the Public Service Authority to jointly complete evaluations related to the Joint Resource and to use such information as

may be necessary from such evaluations to make a filing as soon as practicable with the commission to obtain a certificate pursuant to Article 3 of this chapter. The General Assembly instructs all governmental agencies to provide accelerated consideration of any action required to permit or authorize construction and operation of the facilities subject to this section in preference to all other pending nonemergency applications or requests. The General Assembly finds adding natural gas generation capacity at the retired Canadys coal site would advance the economy and general welfare of the State based on current conditions and information as of the effective date of this act. However, this subsection does not exempt the entities from complying with the requirements of the Utility Facility Siting and Environmental Protection Act, including the requirement to seek commission approval for a certificate of environmental compatibility and public convenience and necessity nor does this subsection limit the commission's independent decision-making authority. The entities are further encouraged to use existing rights of way to the greatest extent practicable.

(B) The General Assembly hereby encourages Duke Energy Carolinas, LLC to complete evaluations for constructing a second powerhouse using the existing reservoir at Bad Creek Pumped Hydro Station in Oconee County, South Carolina, which will approximately double the size and peak hourly capacity of the facility, and to use such information as may be necessary from such evaluations to make a filing as soon as practicable with the commission to obtain a certificate pursuant to Article 3 of this chapter. The General Assembly further encourages Duke Energy Carolinas, LLC to complete evaluations as to what may be necessary to interconnect such an expansion of Bad Creek Pumped Hydro Station to the electric grid or otherwise deliver electric power from Duke Energy Carolinas, LLC to its customers, and to include such information as may be necessary from such evaluations in a filing to the commission pursuant to Section 58-33-110 or as otherwise required by law. The General Assembly instructs all governmental agencies to provide accelerated consideration of any action required to permit or otherwise authorize construction and operation of the facilities subject to this subsection in preference of all other pending nonemergency applications or requests.

(C) The General Assembly hereby encourages Duke Energy Carolinas, LLC and Duke Energy Progress, LLC to complete evaluations for constructing hydrogen-capable natural gas generation or otherwise to place into service such natural gas generation within the utilities'

balancing areas serving South Carolina, and to use such information from the evaluations as may be necessary to make a filing as soon as practicable with the commission to obtain a certification pursuant to Article 3 of this chapter or as otherwise required by law. The General Assembly further encourages Duke Energy Carolinas, LLC and Duke Energy Progress, LLC to determine what facilities may be necessary to interconnect such natural gas generation to the electric grid or otherwise deliver electric power from the utilities to its customers, and to include such information in any filing to the commission pursuant to Section 58-33-110 or as otherwise required by law. The General Assembly instructs all governmental agencies to provide accelerated consideration of any action required to permit or otherwise authorize construction or operation of the facilities subject to this subsection in preference of all other pending nonemergency applications or requests.

(D)(1) In the event any of the projects described in subsections (A), (B), or (C) are approved, the Office of Regulatory Staff, using its authority provided in Title 58, must continuously monitor the project or projects. This includes, but is not limited to, a review of the construction in progress, such as meeting projected timelines and financial projections are met. The Office of Regulatory Staff must provide monthly updates, in writing, to the commission and to the members of the General Assembly. Each electrical utility and the Public Service Authority must cooperate to the fullest extent with the Office of Regulatory Staff.

(2) The commission may, on its own motion, schedule a hearing to address concerns raised by the Office of Regulatory Staff in its written monthly review to the commission.

(3) The commission shall consider the Office of Regulatory Staff's written monthly reviews in any future matters concerning any facility described in this section.

SECTION 10. Article 1, Chapter 31, Title 58 of the S.C. Code is amended by adding:

Section 58-31-205. (A) The Public Service Authority shall have the power to jointly own, as tenants-in-common or through a limited liability company, with investor-owned electric utilities of electrical generation and transmission facilities, the power to plan, finance, acquire, own, operate, and maintain an interest in such plants and facilities necessary or incidental to the generation and transmission of electric power and the power to make plans and enter into such contracts as are necessary or convenient for the planning, financing, acquisition, construction, ownership, operation, and maintenance of such plants and facilities.

However, the Public Service Authority shall own a percentage of such plants and facilities equal to the percentage of the money furnished or the value of property supplied by the Public Service Authority for the acquisition and construction of the plants and facilities. The Public Service Authority shall also own and control a like percentage of the electrical output thereof.

(B) The Public Service Authority shall be severally liable in proportion to its ownership share of such plants and facilities acquired pursuant to this section for the acts, omissions, or obligations performed, omitted, or incurred by the operator or other owners of the plants and facilities while acting as the designated agent of the Public Service Authority for the purposes of constructing, operating, or maintaining the plants and facilities, or any of them. However, the Public Service Authority shall not be otherwise liable, jointly or severally, for the acts, omissions, or obligations of other owners of the plants and facilities, nor shall any money or property of the Public Service Authority be credited or otherwise applied to the account of the operator or other owners of the plants and facilities, or be charged with any debt, lien, or mortgage as a result of any debt or obligation of the operator or other owners of the plants and facilities.

SECTION 11. Article 9, Chapter 7, Title 13 of the S.C. Code is amended to read:

Article 9

Governor's Nuclear Advisory Council

Section 13-7-810. There is hereby established a Nuclear Advisory Council in the ~~Department of Administration,~~ Office of Regulatory Staff, which shall be responsible to the Executive Director of the ~~Department of Administration~~ Office of Regulatory Staff and report to the Governor.

Section 13-7-820. The duties of the council, in addition to such other duties as may be requested by the Governor, shall be:

(1) to provide advice and recommendations to the Governor on issues involving the use, handling, and management of the transportation, storage, or disposal of nuclear materials within South Carolina, or such use, handling, transportation, storage, or disposal of nuclear materials outside of the State which may affect the public health, welfare, safety, and environment of the citizens of South Carolina;

(2) to provide advice and recommendations to the Governor regarding matters pertaining to the Atlantic Compact Commission;

(3) to provide advice and recommendations to the Governor regarding the various programs of the United States Department of Energy pertaining to nuclear waste;

(4) to meet at the call of the chair or at a minimum twice a year; and

(5) to engage stakeholders and develop a strategic plan to advance the development of advanced nuclear generation including small modular reactors, molten salt reactors, and spent nuclear fuel recycling facilities to serve customers in this State in the most economical manner at the earliest reasonable time possible.

Section 13-7-830. The recommendations described in Section ~~13-7-620~~ 13-7-820 shall be made available to the General Assembly and the Governor.

Section 13-7-840. The council shall consist of ~~nine~~ten members. One at-large member shall be appointed by the Speaker of the House of Representatives and one at-large member shall be appointed by the President of the Senate. ~~Seven~~Eight members shall be appointed by the Governor as follows: two shall be actively involved in the area of environmental protection; one shall have experience in the generation of power by nuclear means; one shall have experience in the field of nuclear activities other than power generation; two shall be scientists or engineers from the faculties of institutions of higher learning in the State; and ~~one~~two shall be from the public at large; of which one shall be appointed to serve as the chairman and director of the Nuclear Advisory Council. The terms of the members of the council appointed by the Governor shall be coterminous with that of the appointing Governor, but they shall serve at the pleasure of the Governor. Vacancies of the council shall be filled in the manner of the original appointment.

Section 13-7-850. The Governor shall designate the chairman from the membership. When on business of the council, members shall be entitled to receive such compensation as provided by law for boards and commissions.

Section 13-7-860. Staff support for the council shall be provided by the ~~Department of Administration~~Office of Regulatory Staff. The Director of the Nuclear Advisory Council must be a full-time employee of the Office of Regulatory Staff.

SECTION 12. Section 37-6-604(C) of the S.C. Code is amended to read:

(C) ~~The~~As of July 1, 2025, the Consumer ~~Advocate shall be provided notice of any matter filed at the Public Service Commission that~~ Advocate's duties regarding intervention in matters

that could impact consumers' utility rates~~, and may intervene as a party~~ and ability to advocate for the interests of consumers before the Public Service Commission and appellate courts~~ in such matters as the Consumer Advocate deems necessary and appropriate~~ are transferred to the Office of Regulatory Staff in order to promote efficiency and avoid duplication of duties.

SECTION 13. Article 3, Chapter 33, Title 58 of the S.C. Code is amended by adding:

Section 58-33-196. Electrical utilities and the Public Service Authority are encouraged to explore the potential for deploying advanced nuclear facilities including, but not limited to, small modular nuclear facilities at suitable sites. Suitable sites may include sites of current nuclear facilities, sites where nuclear facilities have been proposed but not constructed, and other brownfield sites, such as coal-generation sites. Any utility pursuing deployment of such nuclear facilities must provide annual progress reports to the commission and the Public Utilities Review Committee; this report may be in writing or in the form of testimony in an appropriate proceeding. The utility must provide estimates of the cost of the studies including, but not limited to, planning, licensing, and project development to the commission. If the commission finds such estimated costs are reasonable, prudent, and in the public interest, such costs may be recoverable through rates as they are incurred. Nothing in this section relieves an electrical utility of the burden of filing for a certificate under this article and obtaining appropriate approvals from the commission before commencing construction.

SECTION 14. Chapter 37, Title 58 of the S.C. Code is amended by adding:

Section 58-37-70. (A) It is the policy of this State to promote the development and operation of advanced nuclear facilities, including small modular nuclear reactors, in the most economical manner and at the earliest reasonable time possible. These facilities are intended to provide electricity that is reliable, resilient, secure, and free of carbon dioxide emissions, as well as promote this state's economic development and industry retention.

(B) As used in this section:

(1) "Electrical utility" has the same meaning as provided in Section 58-27-10(7) and includes the South Carolina Public Service Authority.

(2) "Site" means the geographic location of one or more small modular nuclear reactors.

(3) “Small modular nuclear reactor” means an advanced nuclear reactor that produces nuclear power and has a power capacity of up to 500 megawatts per reactor.

(C) The commission may establish a small modular nuclear reactor pilot program, if such a program is endorsed by the Nuclear Advisory Council. A pilot program must include the following requirements:

(1) any entity that holds a current license from the U.S. Nuclear Regulatory Commission to construct or operate at least one existing nuclear electrical generating facility at the time of the application may apply to the commission for a certificate of public convenience and necessity pursuant to the Utility Facility Siting and Environmental Protection Act;

(2) a certificate may be granted if obtaining a certification of public convenience and necessity would permit the applicant to apply for, use, or leverage at least thirty percent of the construction costs of the small modular nuclear reactor by utilizing any benefits or incentives available to lower the capital or operating costs including, but not limited to, governmental funds, tax credits, grants, and loan guarantees;

(3) the costs and benefits of a small modular nuclear reactor are reasonable and prudent compared to the levelized costs of electricity generation from other resources, applying any governmental tax credits and incentives. Factors that must be considered in levelized costs include fuel factors, economic and environmental benefits, and costs associated with any relative externalities;

(4) no more than three small modular nuclear reactors may receive a permit pursuant to this pilot program.

(D) An application for this pilot program must include:

(1) if the project’s location:

(a) is on or adjacent to an existing or former coal electrical generation site;

(b) is on or adjacent to an existing nuclear facility;

(c) enables coal plant retirement or emissions reduction in the electrical utility’s or the South Carolina Public Service Authority’s balancing area; or

(d) supports diversity in energy production, reliability, and energy security;

(2) if the project is subject to competitive procurement or solicitation for services and equipment;

(3) a demonstration that the program’s costs and benefits are reasonable and prudent and in the interest of South Carolina customers; and

(4) any other information the commission may wish to include in the application.

Nothing in this subsection limits any factors that the commission may consider in its determination of an application.

(E)(1) Reasonable and prudent costs incurred for a small modular nuclear reactor approved pursuant to this section shall be recoverable. In the event an electrical utility abandons a small modular nuclear reactor approved by the commission before its commercial operation, the electrical utility must provide a fulsome accounting to the commission of the circumstances of abandonment. Capital costs may only be recovered if the commission determines that the decision to abandon was reasonable, prudent, and in the public interest; however, these costs shall not include a rate of return. The commission may impose conditions it determines to be necessary to protect customers against unreasonable construction, development, or operational risk including, but not limited to, reporting, inspection, and the potential of requiring the utility to hire an independent third-party construction monitor to evaluate the prudency of the utility's actions and associated expense during the development of the project and construction of the reactor.

(2) The commission must not allow any cost recovery related to a small modular nuclear reactor outside of a rate case.

(F)(1) In addition to the small modular nuclear facility pilot program, electrical utilities and the South Carolina Public Service Authority are encouraged to evaluate the potential for deploying nuclear facilities at suitable sites within this State. A "suitable site" may include sites of current nuclear facilities, sites where nuclear facilities have been proposed but not constructed, and brownfield sites, such as coal generation sites.

(2) When evaluating the potential of a nuclear facility, the applicant must provide notice and annual progress reports to the Public Utilities Review Committee, the Nuclear Advisory Council, and the commission. When available, the applicant must also provide cost estimates of the studies related to a potential nuclear facility to serve customers in South Carolina. This includes, but is not limited to, planning, licensing, and project development, the anticipated timeline of an early site permit, and current possibilities or barriers to co-ownership of such facilities, and available federal benefits which may defray costs of these facilities.

(3) In the event the commission finds cost estimates pursuant to item (2) are reasonable and prudent, the costs may be recoverable through rates, even if an application for a certificate of environmental

compatibility and public convenience and necessity have not been filed. However, these costs shall not include a rate of return.

(G) Nothing in this section relieves an electrical utility or the South Carolina Public Service Authority of the burden of filing for a certificate pursuant to this article and obtaining appropriate approvals from the commission before commencing construction.

SECTION 15. Chapter 37, Title 58 of the S.C. Code is amended by adding:

Article 3

Energy Infrastructure Projects

Section 58-37-100. As used in this article:

(1) "Agency" means any agency, department, board, commission, or political subdivision of this State. However, it does not include the Public Service Commission, except for Sections 58-37-110 and 58-37-120.

(2) "Application" means a written request made to an agency for grant of a permit or approval of an action of matter within the agency's jurisdiction pertaining to an energy infrastructure project.

(3) "Brownfield energy site" means an existing or former electrical generating site or other existing or former industrial site.

(4) "Energy corridor" means a corridor in which a utility or the South Carolina Public Service Authority has:

(a) transmission lines with a rated voltage of at least 110 kilovolts, including the substations, switchyards, and other appurtenant facilities associated with such lines; or

(b) high pressure natural gas transmission pipelines and the metering, compression stations, valve station, and other appurtenant facilities associated with such lines.

(5) "Energy corridor project" means an energy infrastructure project that involves the expansion of electric or natural gas delivery capacity in whole or in principal part within an existing energy corridor.

(6) "Energy infrastructure project" means the construction, placement, authorization, or removal of energy infrastructure including, but not limited to, electric transmission and generation assets, natural gas transmission assets, and all associated or appurtenant infrastructure and activities, including communications and distribution infrastructure.

(7) "Permit" means a permit, certificate, approval, registration, encroachment permit, right of way, or other form of authorization.

(8) "Person" means an individual, corporation, association, partnership, trust, agency, or the State of South Carolina.

Section 58-37-110. (A) Given the importance of sufficient, reliable,

safe, and economical energy to the health, safety, and well-being of the citizens of South Carolina and to the state's economic development and prosperity, the General Assembly finds that the prompt siting, permitting, and completion of energy infrastructure projects, energy corridor projects, and brownfield electrical generation projects are crucial to the welfare of the State.

(B) All state agencies are instructed to give expedited review of applications for energy infrastructure projects, to provide reasonable and constructive assistance to applicants to allow the applicants to comply with state law and regulatory requirements as expeditiously as possible, and to be guided by the policy goals established in subsection (A).

(C) All state agencies are instructed to give due weight to the reduction in the environmental, aesthetic, and socioeconomic impacts that are incurred to support the safe, reliable, and economic provision of energy to the people of South Carolina when energy infrastructure projects can be located in existing energy corridors or on brownfield energy sites, and shall consider the relative reductions in such impacts compared to greenfield projects in evaluating projects in existing energy corridors or on brownfield energy sites.

Section 58-37-120. (A) Any agency presented with an application for a permit for an energy infrastructure project shall issue a decision on the application no later than six months after the date the application is received by the agency. If the agency fails to take final action within six months of receipt of the application, the application shall be deemed approved, and the agency shall promptly issue documentation that the applicant may reasonably request establishing that the agency has granted the relief requested.

(B) Upon receipt of an application, the agency shall promptly review it for sufficiency and shall provide the applicant with a list of all deficiencies within thirty days of receipt. The identification by the agency of deficiencies in the application shall not toll the six-month period for agency determination.

Section 58-37-130. The applicant or any person whose private rights are affected by an agency decision or action on an application for a permit for any energy infrastructure project may appeal that decision or action to the South Carolina Supreme Court. The Supreme Court shall hear these appeals as direct appeals in accordance with the South Carolina Appellate Court Rules. The Court shall provide for an expedited briefing and hearing of the appeal, in preference to all other nonemergency matters on its docket, and decide such appeals on an expedited basis.

Section 58-37-140. The provisions of this article shall expire ten years after its effective date.

SECTION 16. Section 58-40-10(C) of the S.C. Code is amended to read:

(C) "Customer-generator" means the owner, operator, lessee, or customer-generator lessee of an electric energy generation unit which:

(1) generates or discharges electricity from a renewable energy resource, including an energy storage device configured to receive electrical charge solely from an onsite renewable energy resource;

(2) has an electrical generating system with a capacity of:

(a)(i) not more than the lesser of one thousand kilowatts (1,000 kW AC) or one hundred percent of contract demand if a nonresidential customer; or

(ii) after June 1, 2024, not more than the lesser of five thousand kilowatts (5,000kW AC) or one hundred percent of contract demand for a nonresidential customer, provided the customer-generator is on a time-of-use rate schedule and any excess energy produced by the customer-generator is credited and reset at the end of each monthly period; or

(iii) more than five thousand kilowatts (5,000kW AC) if agreed to by the customer-generator and the electrical utility, provided that the electrical utility submits the agreement to the commission for consideration and approval if the commission finds the agreement to contain appropriate ratemaking provisions and is in the public interest; or

(b) not more than twenty kilowatts (20 kW AC) if a residential customer;

(3) is located on a single premises owned, operated, leased, or otherwise controlled by the customer;

(4) is interconnected and operates in parallel phase and synchronization with an electrical utility and complies with the applicable interconnection standards;

(5) is intended primarily to offset part or all of the customer-generator's own electrical energy requirements; and

(6) meets all applicable safety, performance, interconnection, and reliability standards established by the commission, the National Electrical Code, the National Electrical Safety Code, the Institute of Electrical and Electronics Engineers, Underwriters

Laboratories, the federal Energy Regulatory Commission, and any local governing authorities.

SECTION 17. Section 58-41-30 of the S.C. Code is amended to read:

Section 58-41-30. (A) The ability to utilize clean energy resources for electric power generation is important to attract prospective commercial or industrial entities to invest in South Carolina and to encourage and incent robust economic growth in the State.

(B) The commission shall be responsive to the clean energy needs of customers and the economic development and industry retention implications for the State when reviewing and approving voluntary clean energy programs. The commission shall consider updates to these voluntary renewable energy programs on an ongoing basis.

(C) Within one hundred and twenty days of the effective date of this chapter, ~~subject to subsection (F),~~ each electrical utility shall file a proposed voluntary renewable energy program for review and approval by the commission, unless as of July 1, 2024, the electrical utility already has a voluntary renewable energy program that conforms with the requirements of this section on file with the commission. The commission shall conduct a proceeding to review the program and establish reasonable terms and conditions for the program. Interested parties shall have the right to participate in the proceeding. The commission ~~may~~must periodically hold additional proceedings to ~~update the program~~ evaluate whether updates to the programs are necessary. At a minimum, each electrical utility must submit to the commission a program for which ~~the program shall provide that~~:

(1) the participating customer shall have the right to select the renewable energy facility and negotiate with the renewable energy supplier on the price to be paid by the participating customer for the energy, capacity, and clean energy environmental attributes of the renewable energy facility and the term of such agreement so long as such terms are consistent with the voluntary renewable program service agreement as approved by the commission;

(2) the renewable energy contract and the participating customer agreement must be of equal duration;

(3) in addition to paying a retail bill calculated pursuant to the rates and tariffs that otherwise would apply to the participating customer, reduced by the amount of the generation credit, a participating customer shall reimburse the electrical utility on a monthly basis for the amount paid by the electrical utility to the renewable energy supplier pursuant to the participating customer

agreement and renewable energy contract, plus an administrative fee approved by the commission; and

(4) eligible customers must be allowed to bundle their demand under a single participating customer agreement and renewable energy contract and must be eligible annually to procure an amount of capacity as approved by the commission.

(D) The commission must approve voluntary renewable energy programs, in addition to those provided for in subsection (C), where the participating customer purchases clean energy environmental attributes of new or existing renewable energy facilities owned and operated and recovered on a cost-of-service basis by the electrical utility or otherwise supplies through the execution of agreements with third parties within the utility's balancing authority area. Voluntary renewable energy programs shall also facilitate behind-the-meter options for customers and access to renewable energy resource generation.

~~(B)~~(E) The commission may approve a program that provides for options that include, but are not limited to, both variable and fixed generation credit options.

~~(C)~~(F) The commission ~~may~~ shall limit the total portion of each electrical utility's voluntary renewable energy program that is eligible for the program at a level consistent with the public interest and shall provide standard terms and conditions for the participating customer agreement and the renewable energy contract, subject to commission review and approval.

~~(D)~~(G) A participating customer shall bear the burden of any reasonable costs associated with participating in a voluntary renewable energy program. ~~An electrical utility may not charge any nonparticipating customers for any costs incurred pursuant to the provisions of this section.~~ Purchased power costs incurred by an electrical utility as a result of subsection (C) shall be recovered in the electrical utility's fuel clause pursuant to Section 58-27-865.

~~(E)~~(H) A renewable energy facility may be located anywhere in the electrical utility's service territory within the utility's balancing authority.

~~(F) If the commission determines that an electrical utility has a voluntary renewable energy program on file with the commission as of the effective date of this chapter, that conforms with the requirements of this section, the utility is not required to make a new filing to meet the requirements of subsection (A).~~

SECTION 18. Section 58-41-10 of the S.C. Code is amended by

adding:

(17) “Energy storage facilities” means any commercially available technology that is capable of absorbing energy and storing it for a period of time for use at a later time including, but not limited to, electrochemical, thermal, and electromechanical technologies.

SECTION 19. Section 58-41-20 of the S.C. Code is amended to read:

Section 58-41-20. (A) As soon as is practicable after the effective date of this chapter, the commission shall open a docket for the purpose of establishing each electrical utility's standard offer, avoided cost methodologies, form contract power purchase agreements, commitment to sell forms, and any other terms or conditions necessary to implement this section. Within six months after the effective date of this chapter, and at least once every twenty-four months thereafter, the commission shall approve each electrical utility's standard offer, avoided cost methodologies, form contract power purchase agreements, commitment to sell forms, and any other terms or conditions necessary to implement this section. Within such proceeding the commission shall approve one or more standard form power purchase agreements for use for qualifying small power production facilities not eligible for the standard offer. Such power purchase agreements shall contain provisions, including, but not limited to, provisions for force majeure, indemnification, choice of venue, and confidentiality provisions and other such terms, but shall not be determinative of price or length of the power purchase agreement. The commission may approve multiple form power purchase agreements to accommodate various generation technologies and other project-specific characteristics. This provision shall not restrict the right of parties to enter into power purchase agreements with terms that differ from the commission-approved form(s). Any decisions by the commission shall be just and reasonable to the ratepayers of the electrical utility, in the public interest, consistent with PURPA and the Federal Energy Regulatory Commission's implementing regulations and orders, and nondiscriminatory to small power producers; and shall strive to reduce the risk placed on the using and consuming public.

(1) Proceedings conducted pursuant to this section shall be separate from the electrical utilities' annual fuel cost proceedings conducted pursuant to Section 58-27-865.

(2) Proceedings shall include an opportunity for intervention, discovery, filed comments or testimony, and an evidentiary hearing.

(B) In implementing this chapter, the commission shall

treat small power producers on a fair and equal footing with electrical utility-owned resources by ensuring that:

(1) rates for the purchase of energy and capacity fully and accurately reflect the electrical utility's avoided costs;

(2) power purchase agreements, including terms and conditions, are commercially reasonable and consistent with regulations and orders promulgated by the Federal Energy Regulatory Commission implementing PURPA; and

(3) each electrical utility's avoided cost methodology fairly accounts for costs avoided by the electrical utility or incurred by the electrical utility, including, but not limited to, energy, capacity, and ancillary services provided by or consumed by small power producers including those utilizing energy storage equipment. Avoided cost methodologies approved by the commission may account for differences in costs avoided based on the geographic location and resource type of a small power producer's qualifying small power production facility.

(C) The avoided cost rates offered by an electrical utility to a small power producer not eligible for the standard offer must be calculated based on the avoided cost methodology most recently approved by the commission. In the event that a small power producer and an electrical utility are unable to mutually agree on an avoided cost rate, the small power producer shall have the right to have any disputed issues resolved by the commission in a formal complaint proceeding. The commission may require mediation prior to a formal complaint proceeding.

(D) A small power producer shall have the right to sell the output of its facility to the electrical utility at the avoided cost rates and pursuant to the power purchase agreement then in effect by delivering an executed notice of commitment to sell form to the electrical utility. The commission shall approve a standard notice of commitment to sell form to be used for this purpose that provides the small power producer a reasonable period of time from its submittal of the form to execute a power purchase agreement. In no event, however, shall the small power producer, as a condition of preserving the pricing and terms and conditions established by its submittal of an executed commitment to sell form to the electrical utility, be required to execute a power purchase agreement prior to receipt of a final interconnection agreement from the electrical utility.

(E)(1) Electrical utilities shall file with the commission power purchase agreements entered into pursuant to PURPA, resulting from voluntary negotiation of contracts between an electrical utility and

a small power producer not eligible for the standard offer.

(2) The commission is authorized to ~~open a generic docket for the purposes of creating programs~~ approve programs proposed by electrical utilities for the competitive procurement of energy and capacity from renewable energy facilities and, at the electrical utility's option, associated co-located energy storage ~~by an electrical utility~~ within the utility's balancing authority area if the commission determines such action to be in the public interest.

(3) In establishing standard offer and form contract power purchase agreements, the commission shall consider whether such power purchase agreements should prohibit any of the following:

(a) termination of the power purchase agreement, collection of damages from small power producers, or commencement of the term of a power purchase agreement prior to commercial operation, if delays in achieving commercial operation of the small power producer's facility are due to the electrical utility's interconnection delays; or

(b) the electrical utility reducing the price paid to the small power producer based on costs incurred by the electrical utility to respond to the intermittent nature of electrical generation by the small power producer.

(F)(1) Electrical utilities, subject to approval of the commission, shall offer to enter into fixed price power purchase agreements with small power producers for the purchase of energy and capacity at avoided cost, with commercially reasonable terms and a duration of ten years. The commission may also approve commercially reasonable fixed price power purchase agreements with a duration longer than ten years, which must contain additional terms, conditions, and/or rate structures as proposed by intervening parties and approved by the commission, including, but not limited to, a reduction in the contract price relative to the ten year avoided cost. Notwithstanding any other language to the contrary, the commission will make such a determination in proceedings conducted pursuant to subsection (A). The avoided cost rates applicable to fixed price power purchase agreements entered into pursuant to this item shall be based on the avoided cost rates and methodologies as determined by the commission pursuant to this section. The terms of this subsection apply only to those small power producers whose qualifying small power production facilities have active interconnection requests on file with the electrical utility prior to the effective date of this act. The commission may determine any other necessary terms and conditions deemed to be in the best interest of the

ratepayers. This item is not intended, and shall not be construed, to abrogate small power producers' rights under PURPA that existed prior to the effective date of the act.

(2) Once an electrical utility has executed interconnection agreements and power purchase agreements with qualifying small power production facilities located in South Carolina with an aggregate nameplate capacity equal to twenty percent of the previous five-year average of the electrical utility's South Carolina retail peak load, that electrical utility shall offer to enter into fixed price power purchase agreements with small power producers for the purchase of energy and capacity at avoided cost, with the terms, conditions, rates, and terms of length for contracts as determined by the commission in a separate docket or in a proceeding conducted pursuant to subsection (A). The commission is expressly directed to consider the potential benefits of terms with a longer duration to promote the state's policy of encouraging renewable energy.

(3) Any electrical utility administering a program for the competitive procurement of renewable energy resources and associated co-located energy storage facilities that have been approved by the commission pursuant to Section 58-41-25 that is open to qualifying small power production facilities within the electrical utility's balancing authority area in South Carolina may competitively procure new renewable energy capacity pursuant to that competitive solicitation process as a means of complying with the Public Utility Regulatory Policies Act. Further, the commission must establish a five-year term for energy purchased at administratively established avoided cost rates outside of competitive procurement of renewable energy resources, with the exception of voluntarily negotiated agreements to serve the public interest, for any electrical utility administering a program for the competitive procurement of renewable energy resources and associated co-located energy storage facilities that has been approved by the commission if the commission determines that doing so will incentivize participation in the competitive procurement process.

(G) Nothing in this section prohibits the commission from adopting various avoided cost methodologies or amending those methodologies in the public interest.

(H) Unless otherwise agreed to between the electrical utility and the small power producer, a power purchase agreement entered into pursuant to PURPA may not allow curtailment of qualifying facilities in any manner that is inconsistent with PURPA or implementing regulations and orders promulgated by the Federal Energy

Regulatory Commission.

~~(I) The commission is authorized to employ, through contract or otherwise, third-party consultants and experts in carrying out its duties under this section, including, but not limited to, evaluating avoided cost rates, methodologies, terms, calculations, and conditions under this section. The commission is exempt from complying with the State Procurement Code in the selection and hiring of a third-party consultant or expert authorized by this subsection. The commission shall engage, for each utility, a qualified independent third party to submit a report that includes the third party's independently derived conclusions as to that third party's opinion of each utility's calculation of avoided costs for purposes of proceedings conducted pursuant to this section. The qualified independent third party is subject to the same ex parte prohibitions contained in Chapter 3, Title 58 as all other parties. The qualified independent third party shall submit all requests for documents and information necessary to their analysis under the authority of the commission and the commission shall have full authority to compel response to the requests. The qualified independent third party's duty will be to the commission. Any conclusions based on the evidence in the record and included in the report are intended to be used by the commission along with all other evidence submitted during the proceeding to inform its ultimate decision setting the avoided costs for each electrical utility. The utilities may require confidentiality agreements with the independent third party that do not impede the third-party analysis. The utilities shall be responsive in providing all documents, information, and items necessary for the completion of the report. The independent third party shall also include in the report a statement assessing the level of cooperation received from the utility during the development of the report and whether there were any material information requests that were not adequately fulfilled by the electrical utility. Any party to this proceeding shall be able to review the report including the confidential portions of the report upon entering into an appropriate confidentiality agreement. The commission and the Office of Regulatory Staff may not hire the same third-party consultant or expert in the same proceeding or to address the same or similar issues in different proceedings.~~

~~(J)~~ (I) Each electrical utility's avoided cost filing must be reasonably transparent so that underlying assumptions, data, and results can be independently reviewed and verified by the parties and the commission. The commission may approve any confidentiality protections necessary to allow for independent review and verification

of the avoided cost filing.

SECTION 20. Chapter 41, Title 58 of the S.C. Code is amended by adding:

Section 58-41-25. (A) Unless an electrical utility makes an application pursuant to subsection (F) or (G), electrical utilities may file for commission approval of a program for the competitive procurement of renewable energy facilities which may also include, at the utility's option, associated co-located energy storage facilities, also referred to as "eligible facilities", or purchase one-hundred percent of the output from such eligible facilities, including all energy, capacity, ancillary services, and environmental and renewable attributes. Eligible facilities may be located anywhere in the electrical utility's balancing authority area to meet needs for new generation and energy storage resources identified by the electrical utility's integrated resource plan and associated filings. The commission may not grant approval unless the commission finds and determines that the electrical utility satisfied the requirements of this section and the proposed program is just and reasonable and in the best interests of the electrical utility's customers.

(B) An electrical utility's competitive procurement program filed pursuant to this section must describe the solicitation process, eligibility criteria, timelines, bid evaluation methodology, and identify whether resources procured are intended to also service customer-directed, renewable energy procurement programs. The program must be designed to procure renewable energy facilities and at the utility's election, associated co-located energy storage resources, or the output of those facilities, subject to the following requirements:

(1) renewable energy facilities, and if applicable, energy storage resources, or their output, must be procured via a competitive solicitation process open to all market participants that meet minimum stated eligibility requirements;

(2) the electrical utility shall issue public notification of its intention to issue a competitive solicitation to procure renewable energy facilities and associated co-located energy storage facilities, if applicable, at least ninety days prior to the release of the solicitation, including identifying the proposed target procurement volume, procurement process, and timeline for administering the solicitation;

(3) renewable energy facilities eligible to participate in competitive procurement are those that use renewable generation resources identified in Section 58-39-120(F), which must also satisfy that electrical utility's capacity, energy, or operational needs, as identified by the electrical utility, and take into account the required

operating characteristics of the needed capacity;

(4) energy storage facilities, if included by the electrical utility in the solicitation, must be associated equipment located at the same site as the renewable energy facility;

(5) electrical utilities may seek to ensure that their procurement of eligible facilities results in a reasonable balance of ownership of eligible facilities between such utility, including its affiliates and unrelated market participants, and may offer self-developed proposals. However, if an electrical utility or its affiliate seeks to participate in the procurement, the electrical utility's program must include an independent evaluator to evaluate all bids offered and to ensure they are fairly and competitively evaluated. For purposes of this section, "independent evaluator" means an independent third party retained by the electrical utility that has no ownership in the electrical utility or a market participant and has the skills and experience necessary to oversee the solicitation process and provide the utility with an independent evaluation of all proposals for ultimate selection. At the conclusion of the solicitation, the independent evaluator shall report to the commission on the openness and fairness of the bid evaluation process and certify that the selection of proposals adhered to the evaluation methodology and requirement of the program.

(C) An electrical utility must make the following publicly available at least forty-five days prior to each competitive solicitation:

(1) pro-forma contract to inform prospective market participants of the procurement terms and conditions for the output purchased by the electrical utility from eligible resources. The pro-forma contract must:

(a) provide for the purchase of renewable energy, capacity, and environmental and renewable attributes from renewable energy facilities owned and operated by third parties that commit to allow the procuring electrical utility rights to dispatch, operate, and control the solicited renewable energy facilities in the same manner as the electrical utility's own generating resources;

(b) include standardized and commercially reasonable requirements for contract performance security; and

(c) define limits and compensation for resource dispatch and curtailments.

In the event an electrical utility chooses to procure output from co-located storage, the pro-forma contract must also cover similar terms and conditions as specified herein for those eligible facilities.

(2) pro-forma agreements to govern the procurement of eligible facilities by the electrical utility from market participants;

(3) bid evaluation methodology that ensures all bids are treated equitably, including price and non-price evaluation criteria; and

(4) interconnection requirements, including specification of how bids without existing interconnection agreements will be treated for purposes of evaluation.

(D) After bids are submitted and evaluated, the electrical utility will elect the winning bids based upon the public evaluation methodology.

(E) An electrical utility shall file with the commission a public report summarizing the results of each competitive solicitation within thirty days of finalizing the contract with the winning bidder. The report must include, at a minimum, a summary of the bids received and an anonymized list of the project awards, including size, location, and average award price and tenor.

(F) Nothwithstanding the requirements in subsections (B) and (C), the results of all other competitive procurement programs undertaken by an electrical utility within its balancing authority area outside of South Carolina that will serve customers in the electrical utility's balancing authority area within South Carolina and are open to equal participation by eligible facilities located within South Carolina may be approved by the commission if the commission determines such programs enable economic, reliable, and safe operation of the electricity grid in a manner consistent with the public interest. For purposes of this section, "public interest" shall also include the ability of customers to subscribe to customer programs which leverage the competitively procured solar and potential storage contemplated within this section. Any electrical utility that requests acceptance of a system-wide procurement pursuant to this section must demonstrate to the commission that the utility has adhered to subsection (D) as defined in that specific competitive procurement program and submit the posts solicitation report to the commission, as required by subsection (E).

(G) The commission may determine that a competitive procurement program within an electrical utility's balancing authority area outside of South Carolina that serves customers in the utility's area within South Carolina and is open to equal participation by eligible facilities located within South Carolina satisfies the requirements of this section.

(H) Electrical utilities are permitted to recover costs incurred pursuant to this section, including reasonable and prudent administrative costs to develop and propose procurements under this section, and if approved by the commission, the costs resulting from such procurements through rates established pursuant to Section 58-27-865 or otherwise through rates established pursuant to Section 58-27-870. If the

commission denies an application made pursuant to subsection (F) or (G) of this section, and the utility continues with the procurement, then the utility must allocate all costs and benefits associated with the resources being procured away from South Carolina customers.

(I) An electrical utility administering a program for the competitive procurement of renewable energy resources and storage facilities that has been approved by the commission pursuant to Section 58-41-25 that is open to qualifying small power production facilities located in South Carolina may utilize such programs as means to satisfy its purchase obligations for avoidable capacity from qualifying small power production facilities under the Public Utility Regulatory Policies Act, consistent with Section 58-41-20(F)(3).

SECTION 21. A. Section 58-33-20 of the S.C. Code is amended by adding:

(10) The term "like facility" with reference to generation facilities and without limitation, includes a facility or facilities that are proposed to provide capacity on a site currently or previously used for siting electric generation that replaces the capacity of a facility or facilities that are being retired, downrated, mothballed, or dedicated to standby or emergency service at the same site, limited to facilities no more than 300 megawatts, so long as those new facilities will provide an amount of effective load-carrying capacity that in whole or in part will serve to replace the capacity to be lost as a result of retirement, and includes associated transmission facilities needed to deliver power from that facility to customers. A "like facility" with reference to transmission facilities, and without limitation, includes any facility that represents the rebuilding, reconductoring, paralleling, increasing voltage, adding circuits or otherwise reconfiguring of an existing transmission line or other transmission facilities including, without limitation, projects to increase the capacity of such facilities, provided such facilities are: (a) located materially within a utility right of way or corridor; (b) located materially within a new right of way or corridor; or (c) substantially located on the property of a customer, prospective customer, or the State.

B. Section 58-33-20(2)(a) of the S.C. Code is amended to read:

(2) The term "major utility facility" means:

(a) electric generating plant and associated facilities designed for, or capable of, operation at a capacity of more than seventy-five megawatts or that requires a footprint of more than one hundred twenty-five acres of land.

SECTION 22. Article 3, Chapter 33, Title 58 of the S.C. Code is amended to read:

Article 3

Certification of Major Utility Facilities

Section 58-33-110. (1) No person shall commence to construct a major utility facility without first having obtained a certificate issued with respect to such facility by the Commission. The replacement of an existing facility with a like facility, as determined by the Commission, shall not constitute construction of a major utility facility. Upon application for a determination by the Commission that a proposed utility facility constitutes a like facility replacement, the Commission must issue a written order approving or denying the application within sixty days of filing. If the Commission fails to issue a written order within sixty days of the application's filing, the application shall be deemed as approved. Any facility, with respect to which a certificate is required, shall be constructed, operated and maintained in conformity with the certificate and any terms, conditions and modifications contained therein. A certificate may only be issued pursuant to this chapter; provided, however, any authorization relating to a major utility facility granted under other laws administered by the Commission shall constitute a certificate if the requirements of this chapter have been complied with in the proceeding leading to the granting of such authorization.

(2) A certificate may be transferred, subject to the approval of the Commission, to a person who agrees to comply with the terms, conditions and modifications contained therein.

(3) A certificate may be amended.

(4) This chapter shall not apply to any major utility facility:

(a) the construction of which is commenced within one year after January 1, 1972; or

(b) for which, prior to January 1, 1972, an application for the approval has been made to any federal, state, regional, or local governmental agency which possesses the jurisdiction to consider the matters prescribed for finding and determination in subsection (1) of Section 58-33-160.

(c) for which, prior to January 1, 1972, a governmental agency has approved the construction of the facility and indebtedness has been incurred to finance all or part of the cost of such construction;

(d) which is a hydroelectric generating facility over which the ~~Federal Power Commission~~Federal Energy Regulatory Commission has licensing jurisdiction; or

(e) which is a transmission line or associated electrical transmission facilities constructed by the South Carolina Public Service Authority~~,~~: (i) for which construction either is commenced within one year after January 1, 2022~~,~~; ~~or~~ (ii) which is necessary to maintain system reliability in connection with the closure of the Winyah Generating Station, provided that such transmission is not for generation subject to this chapter; or (iii) which is necessary to serve an identified commercial or industrial customer to promote economic development or industry retention as determined by the South Carolina Public Service Authority and agreed to by the Office of Regulatory Staff where such agreement is documented in a letter by the Office of Regulatory Staff to the Public Utilities Review Committee and the commission.

(5) Any person intending to construct a major utility facility excluded from this chapter pursuant to subsection (4) of this section or Section 58-33-20(10) may elect to waive the exclusion by delivering notice of the waiver to the Commission. This chapter shall thereafter apply to each major utility facility identified in the notice from the date of its receipt by the Commission.

(6) The Commission shall have authority to waive the normal notice and hearing requirements of this chapter and to issue a certificate on an emergency basis if it finds that immediate construction of a major utility facility is justified by public convenience and necessity; provided, that the Public Service Commission shall notify all parties concerned under Section 58-33-140 prior to the issuance of such certificate; provided, further, that the Commission may subsequently require a modification of the facility if, after giving due consideration to the major utility facility, available technology and the economics involved, it finds such modification necessary in order to minimize the environmental impact.

(7) The Commission shall have authority, where justified by public convenience and necessity, to grant permission to a person who has made application for a certificate under Section 58-33-120 to proceed with initial clearing, excavation, dredging and construction.~~,~~ ~~provided, ,~~ No permission from the Commission shall be required to proceed with initial clearing, excavation, dredging, and initial construction of any facility which constitutes a component of the preferred generation plan in an integrated resource plan or update approved by the Commission pursuant to Chapter 37 of this title, or any like facility; provided that in engaging in such clearing, excavation, dredging or construction, the person shall proceed at his own risk, and

such permission shall not in any way indicate approval by the Commission of the proposed site or facility.

(8)(a) ~~Notwithstanding the provisions of item (7), and not limiting the provisions above, a person may not commence construction of a major utility facility for generation in the State of South Carolina without first having made a demonstration~~ In seeking a certificate, the applicant must provide credible information demonstrating that the facility to be built has been compared to other generation options in terms of cost, reliability, schedule constraints, fuel cost and availability, transmission constraints and costs, ancillary services capabilities, current and reasonably expected future environmental costs and restrictions, that the facility supports system efficiency and reliability in light of those considerations, and any other regulatory implications deemed legally or reasonably necessary for consideration by the commission. The commission is authorized to adopt rules for such evaluation of other generation options.

(b) The ~~commission may, upon a showing of a need, require a commission-approved process that includes~~ Office of Regulatory Staff may provide to the commission a report that includes any or all of the following:

(i) ~~the~~ an assessment of an unbiased independent evaluator retained by the Office of Regulatory Staff as to reasonableness of any certificate sought under this section for new generation;

(ii) a report from the independent evaluator to the commission regarding the transparency, completeness, and integrity of bidding processes, if any;

(iii) an assessment of whether there was a reasonable period for interested parties to review and comment on proposed requests for proposals, bid instructions, and bid evaluation criteria, if any, prior to finalization and issuance, subject to any trade secrets that could hamper future negotiations; however, the independent evaluator may access all such information;

~~(iv) independent evaluator access and review of final bid evaluation criteria and pricing information for any and all projects to be evaluated in comparison to the request for proposal bids received;~~

~~(v) access through discovery, subject to appropriate confidentiality, attorney-client privilege or trade secret restrictions, for parties to this proceeding to documents developed in preparing the certificate of public convenience and necessity application;~~

~~(vi)~~ (iv) ~~a demonstration that~~ an assessment of

whether the facility is consistent with an integrated resource plan or update ~~approved by~~ previously filed with the commission or is otherwise justified by generation planning modeling comparable to that filed as part of the utility's integrated resource plan but updated with current data concerning system loads, fuel prices, environmental regulations, location-specific transmission costs, updated construction costs and updated construction timelines, updated costs of gas supply facilities, if any, and other relevant costs, schedules or inputs establishing that the facility in question supports system economy and reliability; and

~~(vii)~~ (v) an assessment detailing the treatment of utility affiliates ~~in the same manner~~ as compared to nonaffiliates participating in the request for proposal process, if any.

(9) The applicant may, but must not be required to, issue requests for proposals or otherwise conduct market procurement activities in support of the showings required pursuant to this chapter.

(10) Not withstanding any other provision in this section, an electrical utility serving customers in this state may seek a certificate of public convenience and necessity when building a major utility facility, as defined in Section 58-33-20(2), in another state but within the electrical utility's balancing area serving customers in South Carolina. In such a case, the provisions of Sections 58-33-120, 58-33-140, and 58-33-160(1)(b), (c), and (e) shall not apply, but all other requirements of this section affecting customers in this state shall apply. In addition:

(a) an applicant for a certificate shall file an application with the commission in such form as the commission may prescribe. The application must contain the following information:

(i) a description of the location and of the major utility facility to be built;

(ii) a summary of any studies which have been made by or for the applicant of the environmental impact of the major utility facility;

(iii) a statement explaining the need for the major utility facility;

(iv) any other information the applicant may consider relevant or as the commission may by regulation require. A copy of the report referred to in item (8)(b) must be filed with the commission, if ordered by the commission, and shall be available for public information.

(b) The parties to a proceeding for a certificate pursuant to this section shall include:

(i) the applicant;

(ii) the Office of Regulatory Staff; and

(iii) intervenors with standing as approved by the commission.

(c) If the commission denies an application made pursuant to this section and the utility continues to build such major utility facility, the utility must allocate all costs and benefits associated with the major utility facility away from the utility's South Carolina customers.

Section 58-33-120. (1) An applicant for a certificate shall file an application with the commission, in such form as the commission may prescribe. The application must contain the following information:

(a) a description of the location and of the major utility facility to be built;

(b) a summary of any studies which have been made by or for applicant of the environmental impact of the facility;

(c) a statement explaining the need for the facility; and

(d) any other information as the applicant may consider relevant or as the commission may by regulation ~~or order~~ require. A copy of the study referred to in item (b) above shall be filed with the commission, if ordered, and shall be available for public information.

(2) Each application shall be accompanied by proof of service of a copy of the application on the Office of Regulatory Staff, the chief executive officer of each municipality, and the head of each state and local government agency, charged with the duty of protecting the environment or of planning land use, in the area in the county in which any portion of the facility is to be located. The copy of the application shall be accompanied by a notice specifying the date on or about which the application is to be filed.

(3) Each application also must be accompanied by proof that public notice was given to persons residing in the municipalities entitled to receive notice under subsection (2) of this section, by the publication of a summary of the application, and the date on or about which it is to be filed, in newspapers of general circulation as will serve substantially to inform such persons of the application.

(4) Inadvertent failure of service on, or notice to, any of the municipalities, government agencies, or persons identified in subsections (2) and (3) of this section may be cured pursuant to orders

of the commission designed to afford them adequate notice to enable their effective participation in the proceeding. In addition, the commission may, after filing, require the applicant to serve notice of the application or copies thereof, or both, upon such other persons, and file proof thereof, as the commission may deem appropriate.

(5) An application for an amendment of a certificate shall be in such form and contain such information as the commission shall prescribe. Notice of the application shall be given as set forth in subsections (2) and (3) of this section.

Section 58-33-130. (1) Upon the receipt of an application complying with Section 58-33-120, the Commission shall promptly fix a date for the commencement of a public hearing, not less than sixty nor more than ninety days after the receipt, and ~~shall conclude the proceedings as expeditiously as practicable~~ complete the hearing and issue an order on the merits within one hundred eighty days of receipt of the application.

(2) The testimony presented at the hearing may be presented in writing or orally, provided that the Commission may make rules designed to exclude repetitive, redundant or irrelevant testimony; however, all expert testimony must be prefiled with the Commission, with responsive expert testimony of non-applicants being received with enough time for the applicant to meaningfully respond, and in no case would expert testimony be filed less than twenty days before the hearing.

~~(2)~~(3) On an application for an amendment of a certificate, the Commission shall hold a hearing in the same manner as a hearing is held on an application for a certificate if the proposed change in the facility would result in any significant increase in any environmental impact of the facility or a substantial change in the location of all or a portion of the facility; provided, that the Public Service Commission shall forward a copy of the application to all parties upon the filing of an application.

Section 58-33-140. (1) The parties to a certification proceeding shall include:

(a) the applicant;

(b) the Office of Regulatory Staff, the Department of Health and Environmental Control, the Department of Natural Resources, and the Department of Parks, Recreation and Tourism;

(c) each municipality and government agency entitled to receive service of a copy of the application under subsection (2) of Section 58-33-120 if it has filed with the commission a notice of intervention as a party within thirty days after the date it was served with

a copy of the application; and

(d) any person residing in a municipality entitled to receive service of a copy of the application under subsection (2) of Section 58-33-120, any domestic nonprofit organization, formed in whole or in part to promote conservation or natural beauty, to protect the environment, personal health, or other biological values, to preserve historical sites, to promote consumer interest, to represent commercial and industrial groups, or to promote the orderly development of the area in which the facility is to be located; or any other person, if such a person or organization has petitioned the commission for leave to intervene as a party, within thirty days after the date given in the published notice as the date for filing the application, and if the petition has been granted by the commission for good cause shown.

(2) Any person may make a limited appearance in the sixty days after the date given in the published notice as the date for filing the application. No person making a limited appearance shall be a party or shall have the right to present oral testimony or argument or cross-examine witnesses.

(3) The commission may, in extraordinary circumstances for good cause shown, and giving consideration to the need for timely start of construction of the facility, grant a petition for leave to intervene as a party to participate in subsequent phases of the proceeding, filed by a municipality, government agency, person, or organization which is identified in paragraphs (b) or (c) of subsection (1) of this section, but which failed to file a timely notice of intervention or petition for leave to intervene, as the case may be.

Section 58-33-150. A record shall be made of ~~the~~any hearing and of all testimony taken and the cross-examination thereon. ~~Upon request of a party, either before or after the decision, a State agency which proposes to or does require a condition to be included in the certificate as provided for in Section 58-33-160 shall furnish for the record all factual findings, documents, studies, rules, regulations, standards, or other documentation, supporting the condition.~~ The Commission may provide for the consolidation of the representation of parties having similar interests.

Section 58-33-160. (1) The Commission shall render a decision upon the record either granting or denying the application as filed, or granting it upon such terms, conditions or modifications of the construction, operation or maintenance of the major utility facility as the Commission may deem appropriate; such conditions shall be as determined by the applicable State agency having jurisdiction or

authority under statutes, rules, regulations or standards promulgated thereunder, and the conditions shall become a part of the certificate. The Commission ~~may not~~must grant a certificate for the construction, operation and maintenance of a major utility facility, either as proposed or as modified by the Commission, ~~unless it shall find and determine~~if it finds and determines that the applicant has shown:

(a) The basis of the need for the facility.

(b) The nature of the probable environmental impact.

(c) That the impact of the facility upon the environment is justified, considering the state of available technology and the nature and economics of the various alternatives and other pertinent considerations.

(d) That the facilities will serve the interests of system economy and reliability, and in the case of generating facilities, will do so considering reasonably available alternatives and their associated costs, risks, and operating attributes.

(e) That there is reasonable assurance that the proposed facility will conform to applicable State and local laws and regulations issued thereunder, including any allowable variance provisions therein, except that the Commission may refuse to apply any local law or local regulation if it finds that, as applied to the proposed facility, such law or regulation is unreasonably restrictive in view of the existing technology, or of factors of cost or economics or of the needs of consumers whether located inside or outside of the directly affected government subdivisions.

(f) That public convenience and necessity require the construction of the facility.

(2) If the Commission determines that the location of all or a part of the proposed facility should be modified, it may condition its certificate upon such modification, provided that the municipalities and persons residing therein affected by the modification shall have been given reasonable notice.

(3) A copy of the decision and any ~~opinion~~ order shall be served by the Commission upon each party.

Section 58-33-170. In rendering a decision on an application for a certificate, the Commission shall issue an ~~opinion~~order stating its reasons for the action taken. If the Commission has found that any regional or local law or regulation, which would be otherwise applicable, is unreasonably restrictive pursuant to paragraph (e) of subsection (1) of Section 58-33-160, it shall state in its ~~opinion~~ order the reasons therefor.

Section 58-33-180. (A)~~(1)~~ In addition to the requirements of Articles 1, 3, 5, and 7 of Chapter 33, Title 58, a certificate for the construction of a major utility facility shall be granted only if the Public Service Authority demonstrates and proves by a preponderance of the evidence and the commission finds:

~~(a)~~(1) the construction of a major utility facility constitutes a more cost-effective means for serving direct serve and wholesale customers than other feasibly available long-term power supply alternatives and provides less ratepayer risk while maintaining safe and reliable electric service than other feasibly available long-term power supply alternatives; and

~~(b)~~(2) energy efficiency measures; demand-side management; renewable energy resource generation; available long-term power supply alternatives, or any combination thereof, would not establish or maintain a more cost-effective and reliable generation system and that the construction and operation of the facility is in the public interest.

~~(2)~~(B) Available long-term power supply alternatives may include, but are not limited to, power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof.

~~(3)~~(C) The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's resource and fuel diversity, reasonably anticipated future operating costs, arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power and other alternative methods for providing reliable, efficient, and economical electric service.

~~(B)~~(D)The Public Service Authority shall file an estimate of construction costs in such detail as the commission may require. ~~No certificate shall be granted unless the commission has approved the estimated construction costs and made a finding that construction will be consistent with the Authority's commission-approved plan for expansion of electric generating capacity.~~

Section 58-33-185. (A) The Public Service Authority may not ~~enter into a contract for the acquisition of~~ acquire a major utility facility without approval of the Public Service Commission of South

Carolina, provided that the approval is required only to the extent the transaction is not subject to the exclusive jurisdiction of the Federal Energy Regulatory Commission or any other federal agency.

(B)(1) In acting upon any petition by the Public Service Authority pursuant to this section, the Public Service Authority must prove by a preponderance of the evidence that the proposed transaction constitutes a more cost-effective means for serving direct serve and wholesale customers than other feasibly available long-term power supply alternatives and provides less ratepayer risk while maintaining safe and reliable electric service than other feasibly available long-term power supply alternatives. The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power and other alternative methods for providing reliable, efficient, and economical electric service.

(2) Available long-term power supply alternatives may include, but not be limited to, power purchase agreements of a different duration than proposed, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof.

(C) Application for the approval of the commission shall be made by the Public Service Authority and shall contain a concise statement of the proposed action, the reasons therefor, and such other information as may be required by the commission.

(D) Upon the receipt of an application, the commission shall promptly fix a date for the commencement of a public hearing, not less than sixty nor more than ninety days after the receipt, and shall conclude the proceedings as expeditiously as practicable. The commission shall establish notice requirements and proceedings shall include an opportunity for intervention, discovery, filed comments or testimony, and an evidentiary hearing.

(E) The commission shall render a decision upon the record either granting or denying the application as filed, or granting it upon such terms, conditions or modifications as the commission may deem appropriate.

(F)(1) The commission may not grant approval unless

it shall find and determine that the Public Service Authority satisfied all requirements of this section and the proposed transaction is in the best interests of the retail and wholesale customers of the Public Service Authority.

(2) The commission also may require compliance with any provision of Article 3, Chapter 33, Title 58 that the commission determines necessary to grant approval.

Section 58-33-190. (1) The Public Service Authority may not enter into a contract for the purchase of power with a duration longer than ten years without approval of the Public Service Commission of South Carolina, provided that the approval is required only to the extent the transaction is not subject to the exclusive jurisdiction of the Federal Energy Regulatory Commission or any other federal agency. This section does not apply to purchases of renewable power through a commission approved competitive procurement process.

(2) The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's resource and fuel diversity, reasonably anticipated future operating costs, arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power, and other alternative methods for providing reliable, efficient, and economical electric service.

(3) The commission may not grant approval unless it shall find and determine that the proposed transaction is in the best interests of the retail and wholesale customers of the Public Service Authority.

SECTION 23. Section 58-37-40 of the S.C. Code is amended to read:

Section 58-37-40. (A) Electrical utilities, electric cooperatives, municipally owned electric utilities, and the South Carolina Public Service Authority must each prepare an integrated resource plan. An integrated resource plan must be prepared and submitted at least every three years. Nothing in this section may be construed as requiring interstate natural gas companies whose rates and services are regulated only by the federal government or gas utilities subject to the jurisdiction of the commission to prepare and submit an integrated resource plan.

(1) Each electrical utility with one hundred thousand or more customer accounts and the Public Service Authority must submit its integrated resource plan to the commission. The integrated resource plan must be posted on the electrical utility's website and on the

commission's website.

(2) Electric cooperatives, electric utilities with less than one hundred thousand customer accounts, and municipally owned electric utilities shall each submit an integrated resource plan to the State Energy Office. Each integrated resource plan must be posted on the State Energy Office's website. If an electric cooperative, electric utility with less than one hundred thousand customer accounts, or municipally owned utility has a website, its integrated resource plan must also be posted on its website. For distribution~~,~~ electric cooperatives that are members of a cooperative that provides wholesale service, the integrated resource plan may be coordinated and consolidated into a single plan provided that nonshared resources or programs of individual distribution cooperatives are highlighted. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to a distribution or wholesale cooperative or a municipally owned electric utility as a result of the cooperative or the municipally owned electric utility not owning or operating generation resources, the plan may state that fact or refer to the plan of the wholesale power generator. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to an electrical utility with less than one hundred thousand customer accounts as a result of its own generation resources being comprised of more than seventy-five percent renewable energy or because it purchases wholesale load balancing generation services, then the plan may state that fact or refer to the plan of the wholesale power generator. For purposes of this section, a wholesale power generator does not include a municipally created joint agency if that joint agency receives at least seventy-five percent of its electricity from a generating facility owned in partnership with an electrical utility and that electrical utility:

(a) generally serves the area in which the joint agency's members are located; and

(b) is responsible for dispatching the capacity and output of the generated electricity.

(3) The South Carolina Public Service Authority shall submit its integrated resource plan to the commission. The Public Service Authority shall develop a public process allowing for input from all stakeholders prior to submitting the integrated resource plan. The integrated resource plan must be developed in consultation with the electric cooperatives and municipally owned electric utilities purchasing power and energy from the Public Service Authority and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives and

municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The integrated resource plan must be posted on the commission's website and on the Public Service Authority's website.

(4)(a) In addition to the requirements of Section 58-37-40(B), the Public Service Authority's integrated resource plan shall include an analysis of long-term power supply alternatives and enumerate the cost of various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and least ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service.

(b) In addition to the requirements of Section 58-37-40(B), the commission shall review and evaluate the Public Service Authority's analysis of long-term power supply alternatives and various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and lowest ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service. The commission's evaluation shall include, but not be limited to:

(i) evaluating the cost-effectiveness and ratepayer-risk of self-build generation and transmission options compared with various long-term power supply alternatives, including power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof. In evaluating and identifying the most cost-effective and least ratepayer-risk resource portfolio, the commission shall strive to reduce the risk to ratepayers associated with any generation and transmission options while maintaining safe and reliable electric service; and

(ii) an analysis of any potential cost savings that might accrue to ratepayers from the retirement of remaining coal generation assets.

(c) The Authority's integrated resource plan must provide the information required in Section 58-37-40(B) and must be developed in consultation with the electric cooperatives, including

Central Electric Power Cooperative, and municipally owned electric utilities purchasing power and energy from the Public Service Authority, and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The Integrated Resource Plan of the South Carolina Public Service Authority shall include and evaluate at least one resource portfolio, which will reflect the closure of the Winyah Generating Station by 2028, designed to provide safe and reliable electric service while meeting a net zero carbon emission goal by the year 2050.

(B)(1) An integrated resource plan shall include all of the following:

(a) a long-term forecast of the utility's sales and peak demand under various reasonable scenarios;

(b) the type of generation technology proposed for a generation facility contained in the plan and the proposed capacity of the generation facility, including fuel cost sensitivities under various reasonable scenarios;

(c) projected energy purchased or produced by the utility from a renewable energy resource;

(d) a summary of the electrical transmission investments planned by the utility;

(e) several resource portfolios developed with the purpose of fairly evaluating the range of demand-side, supply-side, storage, and other technologies and services available to meet the utility's service obligations. Such portfolios and evaluations must include an evaluation of low, medium, and high cases for the adoption of renewable energy and cogeneration, energy efficiency, and demand response measures, including consideration of the following:

(i) customer energy efficiency and demand response programs;

(ii) facility retirement assumptions; and

(iii) sensitivity analyses related to fuel costs, environmental regulations, and other uncertainties or risks;

(f) data regarding the utility's current generation portfolio, including the age, licensing status, and remaining estimated life of operation for each facility in the portfolio;

(g) plans for meeting current and future capacity

needs with the cost estimates for all proposed resource portfolios in the plan;

(h) an analysis of the cost and reliability impacts of all reasonable options available to meet projected energy and capacity needs; ~~and~~

(i) a forecast of the utility's peak demand, details regarding the amount of peak demand reduction the utility expects to achieve, and the actions the utility proposes to take in order to achieve that peak demand reduction; and

(j) a report addressing updates to the utility's transmission plan under the utility's open-access transmission tariff pursuant to the federal jurisdiction planning process. In this report, the utility shall describe if applicable planned transmission improvements may enable specific siting of new resources or provide expected and planned impacts to other resource interconnection constraints or operations of the systems. The utility shall also describe how it evaluated alternate transmission technologies when developing solutions for identified transmission needs for interconnecting resources.

(2) An integrated resource plan may include distribution resource plans or integrated system operation plans.

(C)(1) The commission shall have a proceeding to review each electrical utility subject to subsection (A)(1) and the Public Service Authority's integrated resource plan. As part of the integrated resource plan filing, the commission shall allow intervention by interested parties. The procedural schedule shall include dates for completion of each phase of discovery, including discovery related to the integrated resource plan as filed, direct testimony of the applicant, direct testimony of the Office of Regulatory Staff and other parties and intervenors, and rebuttal testimony of the applicant. Except upon showing exceptional circumstances, all discovery shall be served in time to allow its completion, but not less than ten days prior to the hearing. The commission shall establish a procedural schedule to permit reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. No later than three hundred days after an electrical utility files an integrated resource plan, the commission shall issue a final order approving, modifying, or denying the plan filed by the electrical utility or the Public Service Authority.

(2) The commission shall approve an electrical

utility's or the Public Service Authority's integrated resource plan if the commission determines that the proposed integrated resource plan represents the most reasonable and prudent means of meeting the electrical utility's or the Public Service Authority's energy and capacity needs as of the time the plan is reviewed. ~~To determine whether the integrated resource plan is the most reasonable and prudent means of meeting energy and capacity needs, the commission, in its discretion, shall consider whether the plan appropriately balances the following factors.~~ In reviewing an integrated resource plan, the commission shall give due consideration as to the resources and actions necessary for the utility to fulfill compliance and reliability obligations pursuant to the Federal Energy Regulatory Commission, the North American Electric Reliability Corporation, the Southeastern Electric Reliability Council, and the Nuclear Regulatory Commission requirements, as well as environmental requirements applicable to resources serving customers in this state. Matters related to the scope and sufficiency of an electrical utility's demand-side plans and activities shall be considered exclusively in proceedings conducted pursuant to Section 58-37-20. In reviewing an integrated resource plan, the commission shall focus its review on the decisions which the applicant must make in the near term based on the triennial integrated resource plan under consideration at the time and shall approve a plan if it finds that the plan appropriately balances the following factors:

(a) resource adequacy and capacity to serve anticipated peak electrical load, including the need for electric capacity and energy required to support economic development and industry retention in the electrical utility's or the Public Service Authority's service territory and to meet applicable planning reserve margins;

(b) consumer affordability and least reasonable cost, considering the resources needed to support economic development and industry retention, and other risks and benefits;

(c) compliance with applicable state and federal environmental regulations;

(d) power supply reliability;

(e) commodity price risks;

(f) diversity of generation supply; ~~and~~

(g) the efficiencies and optimum plans for any electrical utility system spanning state lines located within the electrical utility's or the Public Service Authority's balancing authority area; and

(h) other foreseeable conditions that the commission determines to be for the public's interest.

(3) In modifying or rejecting an electrical utility's or the Public Service Authority's integrated resource plan, the commission shall only require revisions that are reasonably anticipated to materially change resource procurement decisions to be made on the basis of the integrated resource plan under review. If the commission modifies or rejects an electrical utility's or the Public Service Authority's integrated resource plan, the electrical utility or the Public Service Authority, within sixty days after the date of the final order, shall submit a revised plan addressing concerns identified by the commission and incorporating commission-mandated revisions to the integrated resource plan to the commission for approval. Within sixty days of the electrical utility's or the Public Service Authority's revised filing, the Office of Regulatory Staff shall review the electrical utility's or the Public Service Authority's revised plan and submit a report to the commission assessing the sufficiency of the revised filing. Other parties to the integrated resource plan proceeding also may submit comments. No later than sixty days after the Office of Regulatory Staff report is filed with the commission, the commission at its discretion may determine whether to accept the revised integrated resource plan or to mandate further remedies that the commission deems appropriate.

(4) The submission, review, and acceptance of an integrated resource plan by the commission, or the inclusion of any specific resource ~~or experience~~ in an accepted integrated resource plan, shall not be determinative of the reasonableness or prudence of the acquisition or construction of any resource or the making of any expenditure. An electrical utility shall retain the burden of proof to show that all of its investments and expenditures are reasonable and prudent when seeking cost recovery in rates.

(D)(1) An electrical utility and the Public Service Authority shall each submit annual updates to its integrated resource plan to the commission. An annual update must include an update to the electric utility's or the Public Service Authority's base planning assumptions relative to its most recently accepted integrated resource plan, including, but not limited to: energy and demand forecast, commodity fuel price inputs, renewable energy forecast, energy efficiency and demand-side management forecasts, changes to projected retirement dates of existing units, along with other inputs the commission deems to be for the public interest. The electrical utility's or Public Service Authority's annual update must describe the impact of the updated base planning assumptions on the selected resource plan.

(2) The Office of Regulatory Staff shall review each

electrical utility's or the Public Service Authority's annual update and submit a report within ninety days to the commission providing a recommendation concerning the reasonableness of the annual update. After reviewing the annual update and the Office of Regulatory Staff report, the commission may accept the annual update or direct the electrical utility or the Public Service Authority to make changes to the annual update that the commission determines to be in the public interest within sixty days from the submittal of the Office of Regulatory Staff's report.

(E) Intervenors shall bear their own costs of participating in proceedings before the commission.

~~(E)~~(F) The commission is authorized to promulgate regulations to carry out the provisions of this section.

SECTION 24. Section 58-3-260 of the S.C. Code is amended to read:

Section 58-3-260. (A) For purposes of this section:

(1) "Proceeding" means a contested case, generic proceeding, or other matter to be adjudicated, decided, or arbitrated by the commission.

(2) "Person" means a party to a proceeding pending before the commission, a member of the Office of Regulatory Staff, a representative of a party to a proceeding pending before the commission, individuals, corporations, partnerships, limited liability companies, elected officials of state government, and other public and elected officials.

(3) "Communication" means the transmitting of information by any mode including, but not limited to, oral, written, or electronic.

(4) "Allowable ex parte communication briefing" means any communication that is conducted pursuant to the procedure outlined in subsection (C)(6) of this section.

(5) "Communication of supplemental legal citation" means the submission, subsequent to the submission of post-hearing briefs or proposed orders in a proceeding, of statutes, regulations, judicial or administrative decisions that are enacted, promulgated, or determined after the submission of post-hearing briefs or proposed orders.

(6) "Issue" means a specific request for relief or for other action from the commission in a pending or anticipated matter, legal or regulatory arguments, and policy considerations. "Issue" does not include:

(a) general information concerning the operations,

administration, planning, projects, customer service, storms or storm response, accidents, outages, or investments of an entity regulated by the commission that is not confidential and proprietary and is available to the public; or

(b) any confidential information that affects energy security, such as physical or cybersecurity matters, provided that such information is also provided to the Executive Director of the Office of Regulatory Staff.

Any communication pursuant to subitems (a) or (b) that does not contain a specific request for relief or for other action from the commission in a pending matter or anticipated matter and is provided to the commission must be in writing and must be posted on the commission's website with any confidential information redacted.

(B)(1) Except as otherwise provided herein or unless required for the disposition of ex parte matters specifically authorized by law, a commissioner, hearing officer, or commission employee shall not communicate, directly or indirectly, regarding any issue that is an issue in any proceeding or can reasonably be expected to become an issue in any proceeding with any person without notice and opportunity for all parties to participate in the communication, nor shall any person communicate, directly or indirectly, regarding any issue that is an issue in any proceeding or can reasonably be expected to become an issue in any proceeding with any commissioner, hearing officer, or commission employee without notice and opportunity for all parties to participate in the communication.

(2) Commissioners must limit their consideration of matters before them to the record presented by the parties and may not rely on material not presented in the record by the parties.

(C) The following communications are exempt from the prohibitions of subsection (B) of this section:

(1) a communication concerning compliance with procedural requirements if the procedural matter is not an area of controversy in a proceeding;

(2) statements made by a commission employee who is or may reasonably be expected to be involved in formulating a decision, rule, or order in a proceeding, where the statements are limited to providing publicly available information about pending proceedings;

(3) inquiries relating solely to the status of a proceeding, unless the inquiry: (a) states or implies a view as to the merits or outcome of the proceeding; (b) states or implies a preference for a particular party or which states why timing is important to a

particular party; (c) indicates a view as to the date by which a proceeding should be resolved; or (d) is otherwise intended to address the merits or outcome or to influence the timing of a proceeding;

(4) a communication made by or to commission employees that concerns judicial review of a matter that has been decided by the commission and is no longer within the commission's jurisdiction; however, if the matter is remanded to the commission for further action, the provisions of this section shall apply during the period of the remand;

(5) where circumstances require, ex parte communications for scheduling, administrative purposes, or emergencies that do not deal with substantive matters or issues on the merits are authorized provided:

(a) the commissioner, hearing officer, or commission employee reasonably believes that no party will gain a procedural or tactical advantage as a result of the ex parte communication; and

(b) the commissioner, hearing officer, or commission employee makes provision promptly to notify all other parties of the substance of the ex parte communication and, where possible, allows an opportunity to respond;

(6)(a) subject to the provisions of Chapter 4 of Title 30, communications, directly or indirectly, regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding for the purposes of an allowable ex parte communication briefing if:

~~(i) the Executive Director of the Office of Regulatory Staff or his designee attends the briefing and files a written certification, within seventy-two hours of the briefing, attaching copies of all statements and all other matters filed by all persons pursuant to subsubitems (ii), (iii), and (iv) of this subsection, with the chief clerk of the commission that such briefing was conducted in compliance with the provisions of this section and that each party, person, commissioner, or commission employee present has complied with the reporting and certification requirements of subsubitems (ii), (iii), and (iv); and within twenty-four hours of the submission by the executive director, the commission posts on its web site the written certification, statements, and other matters filed by the executive director;~~

~~(ii) each party, person, commissioner, and commission employee present files a written, certified statement with the Executive Director of the Office of Regulatory Staff within forty-~~

~~eight hours of the briefing accurately summarizing the discussions in full and attaching copies of any written materials utilized, referenced, or distributed;~~

~~(iii) each party, person, commissioner, and commission employee present, within forty-eight hours of the briefing, files a certification with the Executive Director of the Office of Regulatory Staff that~~

(i) in the course of such briefing, no commissioner or commission employee shall make any~~no~~ commitment, predetermination, or prediction of any commissioner's action as to any ultimate or penultimate issue or any commission employee's opinion or recommendation as to any ultimate or penultimate issue in any proceeding~~,~~ ~~was requested by any person or party~~ nor shall any person request any commitment, predetermination, or prediction ~~was~~to be given by any commissioner or commission employee as to any commission action or commission employee opinion or recommendation on any ultimate or penultimate issue;

(ii) the Executive Director of the Office of Regulatory Staff or his designee must attend the briefing and certify that the commissioners and commission employees complied with the provisions in subitem (i);

~~(iv)~~(iii) each commissioner or commission employee present at the allowable ex parte communication briefing grants to every other party or person requesting an allowable ex parte communication briefing on the same or similar matter that is or can reasonably be expected to become an issue in a proceeding, similar access and a reasonable opportunity to communicate, directly or indirectly, regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding under the provisions of subsection (C)(6) of this section and files a written, certified statement with the Executive Director of the Office of Regulatory Staff within forty-eight hours of the briefing stating that the commissioner or commission employee will comply with this provision;

~~(v)~~(iv) the commission ~~posts~~ must post on its website, at least five business days prior to the proposed briefing, a notice of each request for an allowable ex parte communication briefing that includes the date and time of the proposed briefing, the name of the person or party who requested the briefing, the name of each commissioner and commission employee whom the person or party has requested to brief, and the subject matter to be discussed at the briefing;

(v) the commission must post on its website

within three business days after the briefing, all nonconfidential materials and documents provided to the commission as part of the ex parte briefing and a statement signed by the chief clerk of the commission that the provisions of this subsection have been followed, including the justification for actions taken to preserve the confidentiality of any confidential information provided to the commission;

(vi) the person or party initially seeking the briefing ~~requests~~must request the briefing with sufficient notice, as required in subsubitem ~~(v)~~(iv), to allow the initial briefing to be held at least twenty business days prior to the hearing in the proceeding at which the matter that is the subject of the briefing is or can reasonably be expected to become an issue, and the initial briefing must be held at least twenty business days prior to the hearing in the proceeding; and

(vii) any person or party desiring to have a briefing on the same or similar matter as provided for in subsubitem (vi) shall be entitled to request ~~requests~~ a briefing so long as the request is made with sufficient time for notice, as required in subsubitem ~~(v)~~(iv), to allow the briefing to be held at least ten business days prior to the hearing in the proceeding at which the matter that is the subject of the briefing is or can reasonably be expected to become an issue, and any such briefing must be held at least ten business days prior to the hearing in the proceeding;

~~(b) any person or party may object to the attendance of the Executive Director of the Office of Regulatory Staff at an allowable ex parte communication briefing on the grounds of bias or a conflict of interest on the part of the executive director. Any such objection must be made in writing and must be filed with the executive director no later than twenty-four hours prior to the scheduled briefing. If the objecting person or party and the executive director agree upon a neutral person, that person shall serve in the executive director's stead and shall comply with the reporting and certification requirements of the executive director contained in subsubitem (i) and the executive director shall comply with the requirements contained in subsubitems (ii) and (iii). The costs of such person's services shall be charged to the party requesting the briefing and may be an allowable cost of the proceedings. If the objecting person or party and the executive director cannot agree upon a neutral person, the objecting person or party shall petition the Administrative Law Court for the appointment of a neutral person to serve in the executive director's stead, and the petition shall be given priority over all other matters within the jurisdiction of the~~

~~Administrative Law Court. In the petition, the objecting party shall set forth the specific grounds supporting the objecting person's or party's allegation of bias or conflict on the part of the executive director and shall generally describe the matters to be discussed at the briefing. It shall not be sufficient grounds that the executive director is or is likely to be a party to a proceeding. The executive director shall be given an opportunity to respond. Part of the executive director's response shall include recommendations as to the experience required of the person to act in his stead. Upon a showing of actual bias or conflict of interest, the administrative law judge shall designate a person to act in the executive director's stead and that person shall comply with the reporting and certification requirements of the executive director contained in subsubitem (i) and the executive director shall comply with the requirements contained in subsubitems (ii) and (iii). Such person must have the expertise to act in the executive director's stead. The decision of the administrative law judge shall be considered interlocutory and not immediately appealable and may be appealed with the final order of the commission. The costs of such person's services shall be charged to the party requesting the briefing and may be an allowable cost of the proceedings;~~

~~(c) should the Executive Director of the Office of Regulatory Staff desire to conduct an allowable ex parte communication briefing, the chief clerk of the commission shall appoint a neutral person who shall serve in the executive director's stead and that person shall comply with the reporting and certification requirements of the Executive Director of the Office of Regulatory Staff contained in subsubitem (i). The Executive Director of the Office of Regulatory Staff shall comply with the requirements contained in subsubitems (ii) and (iii);~~

~~(d)~~(b) nothing in subsection (C)(6) of this section requires any commissioner or commission employee to grant a request for an allowable ex parte communication briefing, except as provided in subsection (C)(6)(a)~~(iv)~~(iii) of this section;

(7) a communication of supplemental legal citation if the party files copies of such documents, without comment or argument, with the chief clerk of the commission and simultaneously provides copies to all parties of record;

(8) subject to the provisions of Chapter 4 of Title 30, communications between and among commissioners regarding matters pending before the commission; provided, further, that any commissioner, hearing officer, or commission employee may receive aid

from commission employees if the commission employees providing aid do not:

(a) receive ex parte communications of a type that the commissioner, hearing officer, or commission employee would be prohibited from receiving; or

(b) furnish, augment, diminish, or modify the evidence in the record.

(D) If before serving in a proceeding, a commissioner, hearing officer, or commission employee receives an ex parte communication of a type that may not properly be received while serving, the commissioner, hearing officer, or commission employee must disclose the communication in the following manner: a commissioner, hearing officer, or a commission employee who receives an ex parte communication in violation of this section must promptly after receipt of the communication or, in the case of a communication prior to a filing, as soon as it is known to relate to a filing, place on the record of the matter all written and electronic communications received, all written and electronic responses to the communications, and a memorandum stating the substance of all oral communications received, all responses made, and the identity of each person from whom the commissioner, hearing officer, or commission employee, as appropriate, received an ex parte communication and must advise all parties that these matters have been placed on the record. Within ten days after receipt of notice of the ex parte communication, any party who desires to rebut the contents of the communication must request and shall be granted the opportunity to rebut the contents. Parties affected by a violation may agree to a resolution of any claim regarding such violation, including the waiver of a hearing and the waiver of the obligation to report violations under subsection (I) of this section.

(E) Any person who makes an inadvertent ex parte communication must, as soon as it is known to relate to an issue in a proceeding, disclose the communication by placing on the record of the matter the communication made, if written or electronic, or a memorandum stating the substance of an inadvertent oral communication, and the identity of each person to whom the inadvertent ex parte communication was made or given. Within ten days after receipt of notice of the ex parte communication, any party who desires to rebut the contents of the communication must request and shall be granted the opportunity to rebut the contents. If no party rebuts the inadvertence of the ex parte communication within ten days after notice of the ex parte communication, the ex parte communication shall be presumed

inadvertent. Parties affected by a violation may agree to a resolution of any claim regarding such violation, and the provisions of subsection (J) of this section shall not apply.

(F) If necessary to eliminate the effect of an ex parte communication received in violation of this section, a commissioner, hearing officer, or commission employee who receives the communication may be disqualified by the commission, and the portions of the record pertaining to the communication may be sealed by protective order.

(G) Nothing in this section alters or amends Section 1-23-320(i).

(H) Nothing in this section prevents a commissioner, hearing officer, or commission employee from:

(1) attending educational seminars sponsored by state, regional, or national organizations and seminars not affiliated with any utility regulated by the commission; however, the provisions of this section shall apply to any communications that take place outside any formal sessions of any seminars or group presentations; or

(2) conducting a site visit of a utility facility under construction or attending educational tours of utility plants or other facilities provided:

(a) the Executive Director of the Office of Regulatory Staff or his designee also attends the site visit or educational tour;

(b) a summary of the discussion is produced and posted on the commission's website, along with copies of any written materials utilized, referenced, or distributed; and

(c) each party, person, commission, and commission employee who participated in the site visit or educational tour, within forty-eight hours of the site visit or educational tour, files a certification with the Executive Director of the Office of Regulatory Staff that no commitment, predetermination, or prediction of any commissioner's action as to any ultimate or penultimate issue or any commission employee's opinion or recommendation as to any ultimate or penultimate issue in any proceeding was requested by any person or party, nor any commitment, predetermination, or prediction was given by any commissioner or commission employee as to any commission action or commission employee opinion or recommendation on any ultimate or penultimate issue.

(I) Subject to any privilege under Rule 501 of the South Carolina Rules of Evidence, any commissioner, hearing officer,

commission employee, party, or any other person must report any wilful violation of this section on the part of a commissioner, hearing officer, or commission employee to the review committee.

(J) Any commissioner, hearing officer, commission employee, or person who wilfully violates the provisions of this section is guilty of a misdemeanor and, upon conviction, must be fined not more than two hundred fifty dollars or imprisoned for not more than six months. If a commissioner wilfully communicates with any party or person or if any person or party wilfully communicates with a commissioner regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding less than ten business days prior to the scheduled hearing on the merits, during the hearing or after the hearing but prior to the issuance of a final order, including an order on rehearing, in a proceeding where such facts, law, or other matter is or can reasonably be expected to become an issue, the commissioner shall be removed from office. If a hearing officer or commission employee wilfully communicates with any party or person or any party or person wilfully communicates with a hearing officer or commission employee regarding any fact, law, or other matter that is or can reasonably be expected to become an issue in a proceeding less than ten days prior to the scheduled hearing on the merits, during the hearing or after the hearing but prior to the issuance of a final order, including an order on rehearing, in a proceeding where such facts, law, or other matter is or can reasonably be expected to become an issue, the hearing officer or commission employee shall be terminated from employment by the commission. For purposes of this section: (1) "wilful" means an act done voluntarily and intentionally with the specific intent to do something the law forbids, or with specific intent to fail to do something the law requires to be done, that is to say with bad purpose either to disobey or disregard the law, and (2) a violation of the provisions of this section must be proved by clear and convincing evidence before a commissioner, hearing officer, or commission employee can be removed from office or terminated from employment.

SECTION 25. Section 58-3-270(E) of the S.C. Code is amended to read:

(E) The administrative law judge assigned to the ex parte communication complaint proceeding by the Administrative Law Court may issue an order tolling any deadlines imposed by any state statute for a decision by the commission on the proceeding that is the subject of the ex parte communication complaint but only to the extent that the allegations of the complaint are verified and if found to be true

would indicate that the proceeding was prejudiced to the extent that the commission is unable to consider the matter in the proceeding impartially. The administrative law judge assigned to the ex parte communication complaint proceeding by the Administrative Law Court must conduct a hearing and must issue a decision within sixty days after the complaint is filed.

SECTION 26. The General Assembly hereby finds and declares that:

(1) the economic and financial well-being of South Carolina and its citizens depends upon continued economic development and industry retention and opportunities for job attraction and retention; and

(2) the cost of electricity and the availability of clean energy sources for electricity are important factors in the decision for a commercial and industrial entity to locate, expand, or maintain their existing establishments in South Carolina; and

(3) competitive electric rates, terms, and conditions, and the ability to utilize clean energy sources for electric power generation are necessary to attract prospective commercial or industrial entities to invest in South Carolina and to encourage and incent robust economic development growth and industry retention in this State; and

(4) electrical utilities are critical economic development and industry retention partners for South Carolina by offering affordable power that has helped to attract jobs and associated development.

Title 58 of the S.C. Code is amended by adding:

CHAPTER 43

Economic Development Rates

Section 58-43-10. Unless otherwise specified, for purposes of this chapter:

(1) "Commission" means the Public Service Commission.

(2) "Contract" has the same meaning as the term is used in Section 58-27-980.

(3) "Electrical utility" has the same meaning as provided in Section 58-27-10(7).

(4) "Marginal cost" means the electrical utility's marginal cost for producing energy.

(5) "Qualifying customer" means either:

(a) an existing commercial or industrial customer with a combined firm and interruptible contract demand greater than 20 megawatts that agrees to a new or extended electric service contract with

a term of five years of more; or

(b) a commercial or industrial customer that agrees to locate its operations in South Carolina or expand its existing establishment, and such location or expansion results in the minimum of:

(i) 500 kilowatts at one point of delivery;

(ii) fifty new employees; and

(iii) capital investment for $400,000 following the electrical utility's approval for service.

(6) "Rate proposal" means a written document that identifies the rates, terms, and conditions for electric service offered by an electrical utility to a prospective customer.

(7) "Renewable energy facility" means a solar array or other facility constructed by or on behalf of a qualifying customer for the exclusive purpose of supplementing electrical power generation from a renewable energy source for its economic development location, expansion, or retention.

(8) "Transformational customer" means a commercial or industrial customer that agrees to locate its operations in South Carolina or expand its existing establishment, and such location or expansion results in the addition of a minimum of:

(a) 50 megawatts at one point of delivery;

(b) 500 new employees;

(c) capital investment of $100,000,000 following the electrical utility's approval for service; and

(d) who is designated by the South Carolina Department of Commerce as a business which will bring substantial benefit to the economy of South Carolina and its citizens, such that it is in the public interest to have such transformational customer located in this State.

Section 58-43-20. (A) When considering whether the rates, terms, and conditions negotiated with economic development prospects are just and reasonable, the commission shall give full weight and consideration to the economic development benefits to the electrical utility's customers that result from prospective commercial or industrial entities locating or expanding their activities in South Carolina.

(B) Nothwithstanding any other provision of law, an electrical utility may provide the South Carolina Department of Commerce or a prospective qualifying customer or transformational customer with a rate proposal containing terms and conditions to incentivize the prospective customer to make capital investments and employ additional workforce in the electrical utility's service territory. The rate proposal initially provided by an electrical utility may differ from the final contract, rate,

terms, and conditions with the qualifying customer or transformational customer.

(C) An electrical utility may offer special rates, terms, and conditions to a qualifying customer or transformational customer, including rates that are lower than the rates that the customer otherwise would be charged. The agreement with the customer must be for a term not exceeding ten years and the electrical utility may offer the customer interruptible and real-time pricing options and riders for other clean energy attributes which may support the qualifying customer's or transformational customer's needs. However, rates for qualifying customers may not be lower than the electrical utility's marginal cost of providing service to the customer and rates for transformational customers may not be lower than twenty-five percent less than the electrical utility's marginal cost of providing service to the customer.

(D) Rates, terms, and conditions negotiated with qualifying and transformational customers shall be deemed just and reasonable if:

(1) for qualifying customers, the terms of this section are met;

(2) for transformational customers, the commission determines that:

(a) the economic development rate offered significantly impacts the customer's decision to locate or expand in South Carolina;

(b) the financial value realized by the electrical utility's system from the transformational customer being on the electrical utility's system for ten years is greater than or equal to the financial value of the rate incentive given to the transformational customer;

(c) measures have been taken to avoid or reduce cross-customer class subsidization; and

(d) the consequences of offering the economic development rate are beneficial to the system as a whole considering all customer classes.

The commission must either approve or deny an application pursuant to this section within sixty days.

(E) Nothing in this chapter shall otherwise restrict the commission's authority to regulate rates and charges or review contracts entered into pursuant to this section or to otherwise supervise the operations of electrical utilities.

(F) The construction of a proposed renewable energy facility by or on behalf of a qualifying customer to support electric power generation at its location must comply with federal, state, and local laws and ordinances.

(G) Consistent with federal, state, and local laws and ordinances,

the electrical utility may expedite interconnection of a proposed renewable energy facility to be constructed by a qualifying or transformational customer to support electrical power generation at its location where high-quality and reliable electric service are not adversely impacted.

(H) In the event a qualifying customer or transformational customer leaves this State or terminates its operations in this State during the ten-year contract period, such customer must reimburse the electrical utility and its customers the difference between standard rates and the rates paid during the term of the agreement between the electrical utility and its customers.

(I) For facilities designated as high priority sites by the South Carolina Department of Commerce, an electrical utility may enter into agreements to provide energy infrastructure to such sites if the South Carolina Department of Commerce determines it will increase the probability of attracting transformational customers to this State. Costs of such infrastructure shall be accounted for and recorded as an element of rate base for inclusion in general rates by the electrical utility provided the commission finds such costs are reasonable and prudent and shall not include a rate of return until the facilities are placed into service for a customer.

(J) An electrical utility shall not be required to adjust its cost of service in a rate proceeding as a result of a rate, agreement, or infrastructure provided pursuant to this section in any matter that would impute revenue at a level higher than received by the electrical utility from a qualifying customer or transformational customer or would otherwise reduce the electrical utility's revenue as a result of entering into contracts with qualifying customers or transformational customers pursuant to this section.

(K) If an electrical utility offers special rates, terms, and conditions to a qualifying customer or a transformational customer, any electrical utility in South Carolina may also offer all directly competing existing customers in its service territory in this State with similar special rates, terms, and conditions at the time the agreement is entered into with the qualifying customer or transformational customer to the extent the directly competing existing customer is able to substantiate its status as a directly competing existing customer. For purposes of this section, customers are "directly competing" if they make the same end-product, or offer the same service, for the same general group of customers. Customers that only produce component parts of the same end-product are not directly competing customers.

SECTION 27. Sections 58-33-310 and 58-33-320 of the S.C. Code are amended to read:

Section 58-33-310. Any party may appeal, in accordance with Section 1-23-380, from all or any portion of any final order or decision of the commission, including conditions of the certificate required by a state agency under Section 58-33-160 as provided by Section 58-27-2310. ~~Any appeals may be called up for trial out of their order by either party.~~ Any final order on the merits issued pursuant to this chapter shall be immediately appealable to the Supreme Court of South Carolina, without petition for rehearing or reconsideration. The Supreme Court shall provide for expedited briefing and hearing of the appeal in preference to all other nonemergency matters. The commission must not be a party to an appeal.

Section 58-33-320. Except as expressly set forth in Section 58-33-310, no court of this State shall have jurisdiction to hear or determine any issue, case, or controversy concerning any matter which was or could have been determined in a proceeding before the commission under this chapter or to stop or delay the construction, operation, or maintenance of a major utility facility, except to enforce compliance with this chapter or the provisions of a certificate issued hereunder, and any such action shall be brought only by the Office of Regulatory Staff. Provided, however, that subject to Section 58-33-175, nothing herein contained shall be construed to abrogate or suspend the right of any individual or corporation not a party to maintain any action which he might otherwise have been entitled.

SECTION 28. Chapter 4, Title 58 of the S.C. Code is amended by adding:

Section 58-4-160. (A)(1) The Office of Regulatory Staff must conduct a study to evaluate the potential costs and benefits of the various administrator models for energy efficiency programs and other demand-side management programs funded by, or potentially funded by, electrical utilities in this State. This study must be conducted on each electrical utility in this State. For purposes of this section, administrator models for energy efficiency programs shall include the following models: utility administrator, state or government agency administrator, an independent third-party administrator, and a hybrid administrator.

(2) For purposes of this section only, "electrical utility" means an investor-owned electrical utility that serves more than 100,000 customers in this State.

(B) This study must consider which administrator model would most meaningfully improve programs offered by the electrical utility.

(C) The study must also evaluate which administrator model offers the best opportunities to increase cost and energy savings, improve the quality of services rendered, reduce ratepayer costs, or more effectively serve low-income customers, within a program portfolio that is cost effective overall, as compared to similar program administration by individual electrical utilities, or to increase the cost effectiveness of energy efficiency program portfolios. This study must consider, but is not limited to, the following:

(1) whether third-party administration subject to a pay for performance contract and independent third-party evaluation, measurement, and verification could reduce administrative costs, as compared to separate administration of energy efficiency programs by individual electrical utilities;

(2) whether a system benefit charge or other funding or financing mechanism would more efficiently, effectively, and fairly fund energy efficiency and other demand-side management programs through an administrator;

(3) which administrator model provides the best mechanism to increase ratepayer energy savings in the case of electrical utilities that have experienced lower historical performance in terms of annual and cumulative energy savings as a percentage of retail sales;

(4) which administrator model provides the best mechanism to increase ratepayer energy savings in the case of electrical utilities that have experienced high historical performance in terms of annual and cumulative energy savings as a percentage of retail sales;

(5) the legal and practical implications of implementing the various administrator models for an electrical utility with a multistate balancing authority area;

(6) which administrator model could most enhance an electrical utility's delivery of nonenergy benefits, such as resiliency, reliability, health, economic development, industry retention, energy security, and pollution reduction; and

(7) which administrator model could most effectively pursue nonratepayer funding including, but not limited to, federal, state, or local governmental support, as a means of either reducing reliance of ratepayer funds or increasing the scope, reach, or effectiveness of energy efficiency and demand-side management programs.

(D) This study must be conducted with public input from stakeholders through written comments and at least one public forum.

(E) The Office of Regulatory Staff is authorized to retain the services of an expert or consultant with expertise and experience in the

successful implementation of energy efficiency administrator programs. The Office of Regulatory Staff is exempt from the procurement code for the purposes of retaining services for this study.

(F) The provisions of this section are subject to funding. However, the Office of Regulatory Staff must initiate the study within one year from receipt of necessary funding and complete its report within six months. Upon completion of this study, the Office of Regulatory Staff must provide its report to the General Assembly and the commission. This report may include a recommendation as to which administrator model should be established for each electrical utility, draft legislation, and requirements that should be established.

SECTION 29. Section 58-37-10 of the S.C. Code is amended to read:

Section 58-37-10. As used in this chapter unless the context clearly requires otherwise:

(1) "Demand-side activity" or "demand-side management program" means a program conducted or proposed by a producer, supplier, or distributor of energy for the reduction or more efficient use of energy requirements of the producer's, supplier's, or distributor's customers, through measures, including, but not limited to, conservation and energy efficiency, load management, cogeneration, and renewable energy technologies.

(2) "Integrated resource plan" means a plan which contains the demand and energy forecast for at least a fifteen-year period, contains the supplier's or producer's program for meeting the requirements shown in its forecast in an economic and reliable manner, including both demand-side and supply-side options, with a brief description and summary cost-benefit analysis, if available, of each option which was considered, including those not selected, sets forth the supplier's or producer's assumptions and conclusions with respect to the effect of the plan on the cost and reliability of energy service, and describes the external environmental and economic consequences of the plan to the extent practicable. For electrical utilities subject to the jurisdiction of the South Carolina Public Service Commission, this definition must be interpreted in a manner consistent with the integrated resource planning requirements pursuant to Section 58-37-40 and any process adopted by the commission. For electric cooperatives subject to the regulations of the Rural ~~Electrification Administration~~Utilities Service, this definition must be interpreted in a manner consistent with any integrated resource planning process prescribed by Rural ~~Electrification Administration~~ Utilities Service regulations.

(3) "Cost-effective" means that the net present value of

benefits of a program or portfolio exceeds the net present value of the costs of the program or portfolio. A cost-effective program or portfolio must pass any two of the following tests:

(a) utility cost test;

(b) total resource cost test;

(c) participant cost test; or

(d) ratepayer impact measure test.

In evaluating the cost-effectiveness of a program or portfolio, a utility or program administrator must present the results of all four tests. In calculating cost-effectiveness, a utility must use a standard utility practice for determining the percentage of energy savings that would or would not have been achieved through customer adoption of an efficiency behavior or technology without any incentive allowed pursuant to this chapter to install and utilize the technology as part of the associated demand-side management program. The utility must designate the expected useful life of the measure and evaluate the costs and benefits of the measures over their useful lives in the program application based on industry-accepted standards. Further, in calculating the cost-effectiveness, the commission must consider the efficiencies and scale of programs that are or may be available across a utility's balancing area, even if that balancing area extends outside of the State.

(4) "Demand-side management pilot program" means a demand-side management program that is of limited scope, cost, and duration and that is intended to determine whether a new or substantially revised program or technology would be cost-effective.

SECTION 30. Section 58-37-20 of the S.C. Code is amended to read:

Section 58-37-20. (A) The General Assembly declares that expanding utility investment in and customer access to cost-effective demand-side management programs will result in more efficient use of existing resources, promote lower energy costs, mitigate the increasing need for new generation and associated resources, and assist customers in managing their electricity usage to better control their electric bill, and is therefore in the public interest.

(B) The commission may approve any program filed by a public utility if the program is found to be cost-effective. Furthermore, the commission may, in its discretion, approve any program filed by a public utility that is not cost-effective, so long as the proposed demand-side management program is targeted to low-income customers, provided that the public utility's portfolio of demand-side management programs is cost-effective as a whole.

(C) The South Carolina Public Service Commission

~~may~~ must adopt procedures that ~~encourage~~ require electrical utilities and public utilities providing gas services subject to the jurisdiction of the commission to plan for and invest in all reasonable, prudent, and available energy efficiency and demand-side resources that are cost-effective energy efficient technologies and energy conservation programs in an amount to be determined by the commission. If an electrical utility fails to meet the requirements of this section as determined by the commission, the commission is authorized to appoint a third-party administrator to carry out the residential low-income energy efficiency duties pursuant to this section on behalf of the electrical utility if the commission determines that having such a third-party administrator is in the public interest and consistent with law. Upon notice and hearings that the commission may require, the commission may issue rules, regulations, or orders pursuant to this chapter to implement applicable programs and measures under this section. If adopted, these procedures must: provide incentives and cost recovery for energy suppliers and distributors who invest in energy supply and end-use technologies that are cost-effective, environmentally acceptable, and reduce energy consumption or system or local coincident peak demand; allow energy suppliers and distributors to recover costs and obtain a reasonable rate of return on their investment in qualified demand-side management programs sufficient to make these programs at least as financially attractive as construction of new generating facilities; require the Public Service Commission to establish rates and charges that ensure that the net income of an electrical or gas utility regulated by the commission after implementation of specific cost-effective energy conservation measures is at least as high as the net income would have been if the energy conservation measures had not been implemented. ~~For purposes of this section only, the term "demand-side activity" means a program conducted by an electrical utility or public utility providing gas services for the reduction or more efficient use of energy requirements of the utility or its customers including, but not limited to, utility transmission and distribution system efficiency, customer conservation and efficiency, load management, cogeneration, and renewable energy technologies.~~

(D) Each investor-owned electrical utility must submit an annual report to the commission describing the demand-side management programs implemented by the electrical utility in the previous year, provided the program has been operational for a reasonable period of time, as well as the results of such programs. The commission may require certain information including, but not limited

to:

(1) achieved savings levels from the utility's portfolio of programs in the prior year, reported as a percentage of the utility's annual sales;

(2) program expenditures, including incentive payments;

(3) peak demand and energy savings impacts and the techniques used to estimate those impacts;

(4) avoided costs and the techniques used to estimate those costs;

(5) estimated cost-effectiveness of the demand-side management programs;

(6) a description of economic benefits of the demand-side management programs;

(7) the number of customers eligible to opt out of the electrical utility's demand-side management programs, the percentage of those customers that opted out in the previous year, and the annual sales associated with those opt out customers; and

(8) any other information required by the commission.

(E) To ensure prudent investments by an electrical utility in energy efficiency and demand response, as compared to potential investments in generation, transmission, distribution, and other supply related utility equipment and resources, the commission must review each investor-owned electrical utility's portfolio of demand-side management programs on at least a triennial basis to align the review of that utility's integrated resource plan pursuant to Section 58-37-40. The commission is authorized to order modifications to an electrical utility's demand-side management portfolio, including program budgets, if the commission determines that doing so is in the public interest.

(F) The provisions of subsections (C), (D), and (E) do not apply to an electrical utility that serves less than 100,000 customers in this State.

SECTION 31. Section 58-37-30 of the S.C. Code is amended to read:

Section 58-37-30. (A) The South Carolina Public Service Commission must report annually to the General Assembly on available data regarding the past, on-going, and projected status of demand-side ~~activities~~management programs and purchase of power from qualifying facilities, as defined in the Public Utilities Regulatory Policies Act of 1978, by electrical utilities and public utilities providing gas services subject to the jurisdiction of the Public Service Commission.

(B) Electric cooperatives providing resale or retail services, municipally-owned electric utilities, and the South Carolina Public Service Authority shall report annually to the State Energy Office on available data regarding the past, on-going, and projected status of demand-side ~~activities~~management programs and purchase of power from qualifying facilities. For electric cooperatives, submission to the State Energy Office of a report on demand-side ~~activities~~management programs in a format complying with then current Rural ~~Electrification Administration~~ Utilities Service regulations constitutes compliance with this subsection. An electric cooperative providing resale services may submit a report in conjunction with and on behalf of any electric cooperative which purchases electric power and energy from it. The State Energy Office must compile and submit this information annually to the General Assembly.

(C) The State Energy Office may provide forms for the reports required by this section to the Public Service Commission and to electric cooperatives, municipally-owned electric utilities, and the South Carolina Public Service Authority. The office shall strive to minimize differing formats for reports, taking into account the reporting requirements of other state and federal agencies. For electrical utilities and public utilities providing gas services subject to the jurisdiction of the commission, the reporting form must be in a format acceptable to the commission.

SECTION 32. Chapter 37, Title 58 of the S.C. Code is amended by adding:

Section 58-37-35. (A) An electrical utility may propose programs and customer incentives to encourage or promote demand-side management programs whereby a customer uses a customer-sited distributed energy resource, as defined in Section 58-39-120(C), or combination of such resources, to: (1) reduce the customer's electric consumption or demand from the electric grid, or (2) beneficially shape the customer's electric consumption or demand in a manner that reduces the customer's contribution to the electrical utility's system or local coincidental peak demand, subject to the associated load to utility management for reliability or economic purposes, or reduce future electrical utility system costs to serve its customers. Programs authorized pursuant to this section may also include distributed energy resources that draw additional power from the electric grid including, but not limited to, electric heat pumps with programmable or utility controlled thermostats, electric heat pump water heaters controlled through utility programs, smart home panels, advanced inverters, and energy storage

devices located on the customer's side of the meter, provided that any programs or customer incentives otherwise meet the requirements of this section. These programs may also include a combination of resources, including renewable energy microgrids, to provide economic benefits to the utility system or to help address specific transmission or distribution issues that would otherwise require significant capital investment.

(B) In evaluating a program or customer incentive proposed pursuant to this section to ensure reasonableness, promotion of the public interest, and consistency with the objectives of Sections 58-27-845 and 58-37-20, the commission must apply the procedure approved pursuant to Section 58-37-20. An electrical utility must use standard utility practices for determining the percentage of customers that would or would not have adopted a distributed energy resource without any incentive allowed under this section to install and utilize the distributed energy resource as part of the associated demand-side management program. The electrical utility must designate the expected useful life of the distributed energy resource and evaluate the costs and benefits of demand-side measures over their useful lives in the program application based on industry-accepted standards. All initial program costs, benefits, and participation assumptions used in the electrical utility's cost-effectiveness evaluations must be reviewed by the commission to ensure the electrical utility has presented a reasonable basis for its calculation. Electrical utilities must update the cost-effectiveness analysis based on the actual program costs, benefits, and participation as soon as practicably possible based on standard evaluation, measurement, and verification protocols, and the electrical utility's cost recovery must be reconciled accordingly.

(C) For demand-side programs or customer incentives proposed in this section, the electrical utility may recover costs through the procedures in Section 58-37-20. The prohibition in Section 58-40-20(I) against recovery of loss revenues associated with distributed energy resources pursuant to Chapter 39, Title 58 is inapplicable to recovery of net lost revenues associated with a distributed energy resource that is installed as a result of a demand-side program incentive pursuant to this section or Section 58-37-20.

(D) The commission may approve any program filed pursuant to this section if the commission finds the program to be cost-effective pursuant to Section 58-37-10(3). For any demand-side programs or customer incentives submitted under this section with projected annual customer incentive amounts less than five million dollars per year for each of the first two program years, the commission must issue an order

as expeditiously as practicable on the written submissions of the electrical utility but may require an evidentiary hearing where novel or complex issues of fact require special review by the commission. Nothing in this section prevents the commission from ordering an electrical utility to modify or terminate a program approved pursuant to this section based on the results of standard evaluation, measurement, and verification protocols.

(E) The Energy Office must develop and publish materials intended to inform and educate the public regarding programs available to a customer pursuant to this section. The Energy Office must maintain a list of approved vendors who are qualified and in good standing to provide services associated with these programs.

SECTION 33. Section 58-37-50 of the S.C. Code is amended to read:

Section 58-37-50. (A) As used in this section:

(1) "Electricity provider" means an electric cooperative, an investor-owned electric utility, the South Carolina Public Service Authority, or a municipality or municipal board or commission of public works that owns and operates an electric utility system.

(2) "Natural gas provider" means an investor-owned natural gas utility or publicly owned natural gas provider.

(3) "Meter conservation charge" means the charge placed on a customer's account by which electricity providers and natural gas providers recover the costs, including financing costs, of energy efficiency and conservation measures.

(4) "Notice of meter conservation charge" means the written notice by which subsequent purchasers or tenants will be given notice that they will be required to pay a meter conservation charge.

(5) "Customer" means a homeowner or tenant receiving electricity or natural gas as a retail customer.

(6) "Community action agency" means a nonprofit eleemosynary corporation created pursuant to Chapter 45, Title 43 providing, among other things, weatherization services to a homeowner or tenant.

(B) Electricity providers and natural gas providers may enter into written agreements with customers and landlords of customers for the financing of the purchase price and installation costs of energy efficiency and conservation measures. These agreements may provide that the costs must be recovered by a meter conservation charge on the customer's electricity or natural gas account, provided that the electricity providers and natural gas providers comply with the provisions of this section. A failure to pay the meter conservation charge may be treated

by the electricity provider or natural gas provider as a failure to pay the electricity or natural gas account, and the electricity provider or natural gas provider may disconnect electricity or natural gas service for nonpayment of the meter conservation charge, provided the electricity provider or natural gas provider complies with the provisions of Article 25, Chapter 31, Title 5; Article 17, Chapter 11, Title 6; Article 17, Chapter 49, Title 33; Article 11, Chapter 5, Title 58; Article 21, Chapter 27, Title 58; Article 5, Chapter 31, Title 58; and any applicable rules, regulations, or ordinances relating to disconnections.

(C) Any agreement permitted by subsection (B) must state plainly the interest rate to be charged to finance the costs of the energy efficiency and conservation measures. The interest rate must be a fixed rate over the term of the agreement and must not exceed four percent above the stated yield for one-year treasury bills as published by the Federal Reserve ~~at the time the agreement is entered~~on the first business day of the calendar year in which the agreement is entered. An electrical utility entering into such an agreement whose rates are regulated by the commission must fix the interest rate over the term of the agreement to not exceed such utility's weighted average cost of equity and long-term debt as most recently approved by the commission at the time the agreement is entered. Any indebtedness created under the provisions of this section may be paid in full at any time before it is due without penalty.

(D) An electricity provider or natural gas provider may recover the costs, including financing costs, of these measures from its members or customers directly benefiting from the installation of the energy efficiency and conservation measures. Recovery may be through a meter conservation charge to the account of the member or customer and any such charge must be shown by a separate line item on the account. A utility entering into such agreement whose rates are regulated by the commission shall recover all reasonable and prudent incremental costs incurred to implement agreements for financing and installing energy-efficiency and conservation measures in base rates. Incremental costs may include, but are not limited to, billing system upgrades, overhead, incremental labor, and all other expenses properly considered to be associated with ensuring the ongoing premise bill savings are realized from offering during the terms of such agreements.

(E) An electricity provider or natural gas provider shall assume no liability for the installation, operation, or maintenance of energy efficiency and conservation measures when the measures are performed by a third party, and shall not provide any warranty as to the

merchantability of the measures or the fitness for a particular purpose of the measures, and no action may be maintained against the electricity provider or natural gas provider relating to the failure of the measures. An electricity provider or natural gas provider shall assume no liability for energy audits performed by third parties and shall provide no warranty relating to any energy audit done by any third party. Nothing in this section may be construed to limit any rights or remedies of utility customers and landlords of utility customers against other parties to a transaction involving the purchase and installation of energy efficiency and conservation measures.

(F) Before entering into an agreement contemplated by this section, the electricity provider or natural gas provider shall cause to be performed an energy audit on the residence considered for the energy efficiency measures. The energy audit must be conducted by an energy auditor certified by the Building Performance Institute or similar organization. The audit must provide an estimate of the costs of the proposed energy efficiency and conservation measures and the expected savings associated with the measures, and it must recommend measures appropriately sized for the specific use contemplated. An agreement entered following completion of an energy audit shall specify the measures to be completed and the contractor responsible for completion of the measures. The choice of a contractor to perform the work must be made by the owner of the residence. Upon request, the electricity provider or natural gas provider must provide the owner of the residence with a list of contractors qualified to do the work. Upon completion of the work, it must be inspected by an energy auditor certified by the Building Performance Institute or similar organization. Any work that is determined to have been done improperly or to be inappropriately sized for the intended use must be remedied by the responsible contractor. Until the work has been remedied, funds due to the contractor must be held in escrow by the electricity provider or natural gas provider.

(G) An electricity provider or natural gas provider that enters into an agreement as provided in this section may recover the costs, including financing costs, of energy efficiency and conservation measures from subsequent purchasers of the residence in which the measures are installed, provided the electricity provider or natural gas provider gives record notice that the residence is subject to the agreement. Notice must be given, at the expense of the filer, by filing a notice of meter conservation charge with the appropriate office for the county in which the residence is located, pursuant to Section 30-5-10. The notice of meter conservation charge does not constitute a lien on the

property but is intended to give a purchaser of the residence notice that the residence is subject to a meter conservation charge. Notice is deemed to have been given if a search of the property records of the county discloses the existence of the charge and informs a prospective purchaser: (1) how to ascertain the amount of the charge and the length of time it is expected to remain in effect, and (2) of his obligation to notify a tenant if the purchaser leases the property as provided in subsection (H)(3).

(H) An electricity provider or natural gas provider may enter into agreements for the installation of energy efficiency and conservation measures and the recovery of the costs, including financing costs, of the measures with respect to rental properties by filing a notice of meter conservation charge as provided in subsection (G) and by complying with the provisions of this subsection:

(1) The energy audit required by subsection (F) must be conducted and the results provided to both the landlord and the tenant living in the rental property at the time the agreement is entered.

(2) If both the landlord and tenant agree, the electricity provider or natural gas provider may recover the costs of the energy efficiency and conservation measures, including financing costs, through a meter conservation charge on the account associated with the rental property occupied by the tenant. The agreement must provide notice to the landlord of the provisions contained in item (3).

(3) With respect to a subsequent tenant occupying a rental unit benefiting from the installation of energy efficiency and conservation measures, the electricity provider or natural gas provider may continue to recover the costs, including financing costs, of the measures through a meter conservation charge on the account associated with the rental property occupied by the tenant. With respect to a subsequent tenant, the landlord must give a written notice of meter conservation charge in the same manner as required by Section 27-40-240. If the landlord fails to give the subsequent tenant the required notice of meter conservation charge, the tenant may deduct from his rent, for no more than one-half of the term of the rental agreement, the amount of the meter conservation charge paid to the electricity provider or natural gas provider.

(I) Agreements entered pursuant to the provisions of this section are exempt from the provisions of the South Carolina Consumer Protection Code, Title 37 of the South Carolina Code of Laws.

(J) An electricity provider or natural gas provider may contract with third parties to perform functions permitted under this

section, including the financing of the costs of energy efficiency and conservation measures. A third party must comply with all applicable provisions of this section. When an electricity or natural gas provider contracts with a third party to perform administrative or financing functions under this subsection, the liability of the third party is limited in the same manner as an electricity provider or natural gas provider is under subsection (E).

(K) The provisions of this section apply only to energy efficiency and conservation measures for a residence already occupied ~~at~~before the time the measures are taken. ~~The procedures allowed by this section may not be used with respect to a new residence or a residence under construction.~~ The provisions of this section may not be used to implement energy efficiency or conservation measures that result in the replacement of natural gas appliances or equipment with electric appliances or equipment, or that result in the replacement of electric appliances or equipment with natural gas appliances or equipment, unless (1) the customer who seeks to install the energy efficiency or conservation measure is being provided electric and natural gas service by the same provider, or (2) an electric appliance used for home heating is being replaced by an appliance that operates primarily on electricity but which has the capability of also operating on a secondary fuel source.

(L) Electricity providers or natural gas providers may offer their customers other types of financing agreements available by law, instead of the option established in this section, for the types of energy efficiency or conservation measures described in this section.

(M)(1) An electricity provider or natural gas provider must not obtain funding from the following federal programs to provide loans provided by this section:

(a) the Low Income Home Energy Assistance Program (LIHEAP), created by Title XXVI of the Omnibus Budget Reconciliation Act of 1981 and codified as Chapter 94, Title 42 of the United States Code, as amended by the Human Services Reauthorization Act of 1984, the Human Services Reauthorization Act of 1986, the Augustus F. Hawkins Human Services Reauthorization Act of 1990, the National Institutes of Health Revitalization Act of 1993, the Low Income Home Energy Amendments of 1994, the Coats Human Services Reauthorization Act of 1998, and the Energy Policy Act of 2005 which is administered and funded by the United States Department of Health and Human Services on the federal level and administered locally by community action agencies;

(b) the Weatherization Assistance Program,

created by Title IV of the Energy Conservation and Production Act of 1976 and codified as Part A, Subchapter III, Chapter 81, Title 42 of the United States Code, amended by the National Energy Conservation Policy Act, the Energy Security Act, the Human Services Reauthorization Act of 1984, and the State Energy Efficiency Programs Improvement Act of 1990 and administered and funded by the United States Department of Energy on the federal level and administered locally by community action agencies.

(2) Nothing in this section changes the exclusive administration of these programs by local community action agencies through the South Carolina Governor's Office of Economic Opportunity pursuant to its authority pursuant to the provisions of Chapter 45, Title 43, the Community Economic Opportunity Act of 1983.

(3) Nothing in this subsection prevents a customer or member of an electricity provider or natural gas provider from obtaining services under the Low Income Home Energy Assistance Program or the Weatherization Assistance Program.

SECTION 34. Article 1, Chapter 31, Title 58 of the S.C. Code is amended by adding:

Section 58-31-215. (A) The Public Service Authority, in consultation with the South Carolina Department of Commerce, shall have the authority to serve as an anchor subscriber of incremental natural gas and pipeline capacity needed in the future by the State to recruit new transformational projects or to assist in the expansion of transformational projects as identified by the South Carolina Department of Commerce.

(B) The Public Service Authority is authorized to act on behalf of the State, to aid natural gas pipeline construction companies and natural gas shippers in obtaining approval for incremental capacity and delivery to this State to support economic growth. The Public Service Authority is authorized to demonstrate market support in required filings including, but not limited to, binding precedent agreements, and to make other attestations in furtherance of satisfaction of the application requirements of federal law and regulations. This subsection is subject to available funding.

(C) There is hereby established the “Energy Investment and Economic Development Fund” to be held in an operating account by the Public Service Authority to further the provisions of this section and other energy investment needs. Subject to the approval of the Joint Bond Review Committee, the Energy Investment and Economic Development Fund may be funded by the amount required to be paid to the State pursuant to Section 58-31-110 less the annual costs billed by the Office

of Regulatory Staff and the South Carolina Public Service Commission. The South Carolina Department of Commerce shall report, at least once annually and no later than September first, to the Joint Bond Review Committee as to the level and need for funding to advance the provisions of this section. Unless sufficient funding is allocated to the Energy Investment and Economic Development Fund and such action is approved by the Joint Bond Review Committee, the Public Service Authority shall not execute a binding precedent agreement on behalf of the State pursuant to this section. In no event shall the costs associated with serving as an anchor affect the rates and charges for electric or water service for the Public Service Authority's customers.

(D) The South Carolina Department of Commerce, with input from the Public Service Authority, is authorized to resell natural gas pipeline capacity rights procured pursuant to this section subject to a plan approved by the Joint Bond Review Committee. The proceeds of any sales of natural gas pipeline capacity rights must be deposited in the general fund of the State.

(E) When the Public Service Authority enters into a binding agreement on behalf of the State, the Office of Regulatory Staff, in representing the public interest and in collaboration with the Department of Commerce, is directed to make such filings supporting required federal regulatory approvals.

(F) The provisions of this section do not alter, amend, expand, or reduce, any other authority granted to the Public Service Authority in this chapter to enter into any agreements necessary for the provision of electric service.

SECTION 35. A. Section 58-3-70 of the S.C. Code is amended to read:

Section 58-3-70. ~~The chairman and members of the commission shall receive annual salaries payable in the same manner as the salaries of other state officers are paid.~~ The commission members shall receive a salary in an amount equal to ninety-seven and one-half percent of the salary fixed for Associate Justices of the Supreme Court. Each commissioner must devote full time to his duties as a commissioner and must not engage in any other employment, business, profession, or vocation during the normal business hours of the commission.

B. This section is effective beginning with the fiscal year immediately following the Public Service Commission election for the reconstituted three-member commission.

SECTION 36. Chapter 41, Title 58 of the S.C. Code is amended by adding:

Section 58-41-50. (A) The General Assembly encourages electrical utilities to explore cost effective, efficient bulk power solutions, particularly during periods of constrained capacity, for non-residential customers with electric loads in excess of 25 megawatts.

(B)(1) An electrical utility may file a proposed agreement regarding co-located resources between the utility and a customer with an electric load in excess of 25 megawatts for the commission's consideration. The proposed agreement must contain at least one of the following requirements:

(a) co-location of electric generation or storage on the customer's property provides bulk system benefits for all customers and benefits for the host customer;

(b) co-location of renewable electric generation resources on the customer's property provides bulk system benefits for all customers and the renewable attributes associated with such generation can be allocated to the host customer;

(c) co-location of electric generation on the customer's property would result in permitting and siting efficiencies to enable electric generation to come online earlier than otherwise could occur; or

(d) co-location of electric generation resources on the customer's property could be utilized as resiliency resources to serve the electric grid in times of need.

(2) In the filing with the commission, the electrical utility must include a description of:

(a) how the resource helps to serve resource needs identified in the electrical utility's most recent integrated resource plan filing;

(b) credit and ratepayer protections included in the agreement;

(c) the contractual terms that preserves the electrical utility's operation of resources; and

(d) how costs and benefits associated with the agreement would be allocated among the customer who is a party to the agreement and other customers in the electrical utility's balancing area.

(C) The commission must give a proposed agreement filed pursuant to this section expedited consideration. The commission may approve the proposed agreement if the commission finds:

(1) the proposed program was voluntarily agreed upon by the electrical utility and the customer,

(2) the filing meets the requirements of this section; and

(3) the proposed agreement is in the public interest.

(D) For purposes of this section, "co-located" or "co-location" includes electric generation and associated facilities on a customer's site

as well as any location where the connection to the electrical utility is in such proximity to the customer's site that enables resilient power supply to support the development of power supply to meet the customer's needs. An agreement regarding co-location may also include potential co-ownership of the electric generation and associate facilities by the electrical utility and the customer.

(E) Notwithstanding opportunities for co-located resources, the General Assembly also encourages electrical utilities to continue to facilitate service to new electric loads in excess of 50 megawatts and to require operational and financial performance requirements for such customers to receive service pursuant to tariffed electrical utility rates or contracts approved by the commission, and to ensure appropriate protections and risk mitigation for the protection of the electrical utility's existing customers. The electrical utility may meet these objectives by: (1) filing form contracts with the commission; (2) tariff offerings or services regulations filed with the commission; or (3) performance and credit policies reviewed by the Office of Regulatory Staff.

SECTION 37. Chapter 4, Title 58 of the S.C. Code is amended by adding:

Section 58-4-15. (A) As of July 1, 2025, there is hereby created within the Office of Regulatory Staff a division that must be separate and apart from all other divisions within the Office of Regulatory Staff and titled the Division of Consumer Advocacy.

(B) The duties, functions, and responsibilities of the Division of Consumer Advocacy in the Department of Consumer Affairs related to appearances before the commission are hereby transferred to the Division of Consumer Advocacy in the Office of Regulatory Staff on July 1, 2025. All appropriations and full-time equivalent positions of the Division of Consumer Advocacy in the Department of Consumer Affairs that are devoted solely to advocating on behalf of consumers before the commission shall be transferred to the Office of Regulatory Staff on July 1, 2025.

(C) The Division of Consumer Advocacy shall have the ability to represent residential utility consumers in matters before the commission and appellate courts.

(D) The Division of Consumer Advocacy shall consist of a Residential Utility Consumer Advocate and other personnel as may be necessary in order for the division to represent residential utility consumers in matters before the commission and appellate courts. The Residential Utility Consumer Advocate must be an attorney qualified to practice in all courts of this State with a minimum of eight years practice

experience and must be appointed in the same manner as the Executive Director of the Office of Regulatory Staff pursuant to the procedure set forth in Section 58-4-30.

(E) To the extent necessary to carry out its responsibilities, the Division of Consumer Advocacy may hire third-party consultants as the Residential Utility Consumer Advocate may consider necessary to assist the Division of Consumer Advocacy in its participation in proceedings before the commission and appellate courts.

(F) The Division of Consumer Advocacy is exempt from the State Procurement Code in the hiring of third-party consultants. However, the Division of Consumer Advocacy must not hire the same third-party consultant hired by the Office of Regulatory Staff or the commission.

(G) The Office of Regulatory Staff shall provide such administrative support to the Division of Consumer Advocacy as the division may require in the performance of its duties including financial management, human resources management, information technology, procurement services, and logistical support. The Office of Regulatory Staff shall not provide to the Division of Consumer Advocacy, and the Division of Consumer Advocacy shall not require of the Office Regulatory Staff, legal representation, technical, economic, or auditing assistance regarding any matter pending before the Public Service Commission when providing such assistance would create a conflict of interest.

SECTION 38. (A) To foster economic development and future jobs in this State resulting from the supply chains associated with the same while supporting the significant and growing energy and capacity needs of the State, enhance grid resiliency, and maintain reliability, the General Assembly finds that the State of South Carolina should take steps necessary to encourage the development of a diverse mix of long-lead, clean generation resources that may include advanced small modular reactors, biomass as defined in Section 12-63-20(B)(2) of the S.C. Code, hydrogen-capable resources, and the Carolina Long Bay Project, and should preserve the option of efficiency development of such long-lead resources with timely actions to establish or maintain eligibility for or capture available tax or other financial incentives or address operational needs.

(B) For an electrical utility to capture available tax or other financial or operational incentives for South Carolina ratepayers in a timely manner, the commission may find that actions by an electrical utility in pursuit of the directives in Section 58-37-35(A) are in the public interest, provided that the commission

determines that such proposed actions are in the public interest and reasonably balance economic development and industry retention benefits, capacity expansion benefits, resource adequacy and diversification, emissions reduction levels, and potential risks, costs, and benefits to ratepayers and otherwise comply with all other legal requirements applicable to the electrical utility's proposed action. For the South Carolina Public Service Authority, the Office of Regulatory Staff, and the Public Service Authority's board of directors shall apply the same principles described in this subsection in evaluating and approving actions proposed by the management of the Public Service Authority to achieve the objectives of this section.

SECTION 39. All reasonable and prudent costs incurred by an electrical utility necessary to effectuate this act, that are not precluded from recovery by other provisions of this act and that do not have a recovery mechanism otherwise specified in this act or established by state law, shall be deferred for commission consideration of recovery in any proceeding initiated pursuant to Section 58-27-870, and allowed for recovery if the commission determines the costs are reasonable and prudent.

SECTION 40. An electrical utility, including the Public Service Authority, may not offer a tariff, rider, or rate proposal for a reduced electric rate, nor any other form of incentive that would result in a reduced electric rate to a data center until July 1, 2034. For purposes of this section, "data center" means any facility that primarily contains electronic equipment used to process, store, and transmit digital information which may be (a) a free-standing structure; or (b) a facility within a larger structure, that uses environmental control equipment to maintain the proper conditions for the operation of electronic equipment.

SECTION 41. Section 58-40-10(F) of the S.C. Code is amended to read:

(F) "Renewable energy resource" means solar photovoltaic and solar thermal resources, wind resources, hydroelectric resources, geothermal resources, tidal and wave energy resources, recycling resources, hydrogen fuel derived from renewable resources, combined heat and power derived from renewable resources, and biomass resources as defined in Section 12-63-20(B)(2).

SECTION 42. The General Assembly finds that the sections presented in this act constitute one subject as required by Section 17, Article III of the South Carolina Constitution, in particular finding that each change and each topic relates directly to or in conjunction with other sections to the subject of the regulation of

electrical utilities, the provision of electricity, and economic development as clearly enumerated in the title. The General Assembly further finds that a common purpose or relationship exists among the sections, representing a potential plurality but not disunity of topics, notwithstanding that reasonable minds might differ in identifying more than one topic contained in the act.

SECTION 43. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this act is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining portions of this act, the General Assembly hereby declaring that it would have passed this act, and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

SECTION 44. This act takes effect upon approval by the Governor.

Renumber sections to conform.

S. 1031--AMENDED AND ORDERED TO THIRD READING

The following Bill was taken up:

S. 1031 -- Senator Cromer: A BILL TO AMEND THE SOUTH CAROLINA CODE OF LAWS BY AMENDING CHAPTER 11 OF TITLE 35, RELATING TO ANTI-MONEY LAUNDERING, SO AS TO INCORPORATE THE UNIFORM MONEY SERVICES ACT, TO PROTECT THE PUBLIC FROM FINANCIAL CRIME, STANDARDIZE THE TYPES OF ACTIVITIES THAT ARE SUBJECT TO LICENSING, AND MODERNIZE SAFETY AND SOUNDNESS REQUIREMENTS TO ENSURE FUNDS ARE PROTECTED IN AN ENVIRONMENT THAT SUPPORTS INNOVATIVE AND COMPETITIVE BUSINESS PRACTICES.

The Committee on Labor, Commerce and Industry proposed the following Amendment No. 1 to S. 1031 (LC-1031.HA0005H), which was adopted:

Amend the bill, after the title but before the enacting words, by adding:

Whereas, South Carolina is achieving remarkable economic development success which is bringing jobs and prosperity to its citizens; and

Whereas, from January to December 2023, the state announced total capital investments of 9.22 billion dollars and over 14,000 jobs, the second largest amount in state history; and

Whereas, in 2022, the state announced 120 projects creating over 14,000 new jobs with 10.27 billion dollars in new capital investment, the largest amount in state history; and

Whereas, since 2017, the state has announced over 36.4 billion dollars in new investments and 86,378 new jobs; and

Whereas, according to the U.S. Census Bureau, South Carolina led the nation in population growth in 2023; and

Whereas, the rapidly expanding population and record breaking

economic development successes necessitate a strategic and forward-thinking approach to developing new energy infrastructure capable of meeting the energy needs of South Carolina's residents and supporting the continued prosperity of the state; and

Whereas, sustaining this success in economic development requires an electric system that can grow and modernize to meet the demands that a prosperous and developing economy places on it; and

Whereas, the South Carolina General Assembly recognizes that the convergence of escalating population growth, record-breaking economic success, and the aging of existing energy infrastructure has created a critical juncture, demanding immediate and decisive action to avert an impending energy crisis; and

Whereas, the urgency of addressing this situation is underscored by the interconnected challenges of meeting surging energy demand, ensuring grid reliability, and fortifying the state's resilience against potential disruptions, thereby compelling the imperative for the timely construction of new energy plants to safeguard the continued well-being and economic vitality of South Carolina; and

Whereas, in light of these facts, it is important that the General Assembly take action to ensure that generation and transmission providers are able to plan, site, and construct new and replacement generation and transmission resources in a timely and cost-effective manner, utilizing procedures that are fair, prompt, efficient, and guided by an informed Public Service Commission; and

Whereas, the General Assembly has determined that certain aspects of the current regulatory structure in South Carolina can be revised to reduce the cost, delay, and uncertainty of planning, siting, and constructing new generation and transmission resources serving customers in this state; and

Whereas, the General Assembly further finds that the current circumstances present a unique opportunity to replace or limit reliance on the Williams Generating Station operated by Dominion Energy South Carolina, Inc. (“DESC”) in Bushy Park, South Carolina; and the Winyah Generating Station operated South Carolina Public Service Authority (“SCPSA”) in Georgetown, South Carolina, and perhaps other units as well, through a joint venture between these utilities; and

Whereas, DESC owns the site of the retired Canadys coal units in Colleton County (the “Canadys site”) which represent an environmentally well characterized brownfield site with unique attributes, including electric transmission infrastructure on site, proximity to a major switching station interconnecting the DESC and

SCPSA transmission systems serving coastal South Carolina, and reasonable proximity to natural gas supplies which can be accessed through existing natural gas rights of way; and

Whereas, modern combined cycle units provide dispatchability and operating flexibility that will allow DESC and SCPSA systems to continue to add large amounts of flexible resources to their systems without jeopardizing cost-efficient and reliable service to customers; and

Whereas, the integrated resource planning by both utilities consistently indicates the need for and benefit of additional combined cycle natural gas resources under multiple planning scenarios; and

Whereas, by pursuing replacement resources as a joint project, DESC and SCPSA can build larger, more fuel efficient, lower emitting units, and can reduce the capital cost per MW of these units by as much as 25% or more compared to building single, stand-alone units sized to meet their individual needs alone while at the same time reducing the environmental and land-use impact of the natural gas pipeline and transmission infrastructure required to support separate units; and

Whereas, the joint project can provide a unique opportunity to anchor the expansion of natural gas pipelines serving certain coastal counties of South Carolina where economic development is currently hampered by the lack of such supplies, thereby increasing jobs, prosperity and public welfare in those areas and can do so with minimal environmental disruption; and

Whereas, in light of the unique circumstances presented by the shared needs of DESC and SCPSA for replacement generation in the Charleston and Georgetown areas, the unique benefits of a partnership between them for this purpose, and the unique benefits of the Canadys site as the location for a joint resource, the General Assembly finds that these circumstances support amending the enabling act of the SCPSA to authorize it in a joint venture to develop and share in the output of one or more combined cycle natural gas units to be located at the Canadys site and encourages the utility to seek, as soon as practicable, a certificate as defined under the terms of the Utility Facility Siting and Environmental Protection Act for DESC to construct and operate combined cycle natural gas units to be located at the Canadys site; and

Whereas, Duke Energy Carolinas Bad Creek Pumped Storage facility, including ongoing uprates, is an approximate 1,640 MW energy storage facility located in Oconee County South Carolina; and

Whereas, Duke Energy Carolina has identified the opportunity to approximately double the output of the Bad Creek Pumped Storage facility by constructing new pump turbines, generators, and a new

powerhouse; and

Whereas, by increasing the generating capacity at the Bad Creek facility, Duke Energy Carolinas can approximately double its existing peak hourly storage capacity; and

Whereas, in light of the unique circumstances presented by the potential expansion of Duke Energy Carolinas' energy storage capacity by expanding the Bad Creek facility without construction of a new reservoir, and considering the unique benefits for customers served by Duke Energy Carolinas' electrical system such an expansion represents, the General Assembly encourages the utility to complete evaluations related to expanding the Bad Creek facility to double its output; and

Whereas, in light of the unique circumstances presented in the plans of Duke Energy Carolinas LLC and Duke Energy Progress LLC to secure approximately 7,000 MW of natural gas generation facilities for the benefit of their customers in South Carolina, the General Assembly encourages the utilities to undertake such activities as may be necessary to pursue and facilitate additional natural gas generation to serve its customers in this state; and

Whereas, the South Carolina General Assembly recognizes the potential for substantial economic and environmental benefits through the implementation of robust energy efficiency and demand side management initiatives; and

Whereas, investing in energy efficiency and demand side management initiatives not only reduces overall energy consumption but also alleviates the strain on existing electric generation infrastructure, leading to cost savings for consumers, businesses, and the state; and

Whereas, the promotion of energy efficiency and demand side management initiatives offers a prudent and cost effective approach to address increasing energy demands, thereby lessening the necessity for construction of new electric generation facilities in the future, and contributing to a more sustainable and resilient energy future for South Carolina; and

Whereas, the South Carolina General Assembly acknowledges the transformative potential of advanced nuclear generation, such as small modular reactors (SMRs), understanding that their compact size addresses significant challenges associated with traditional nuclear power, offering the promise of expedited and cost-effective plant construction, coupled with enhanced safety in operational practices, along with offering reliable carbon-free energy generation that can operate nearly 24/7; and

Whereas, the South Carolina General Assembly recognizes the

strategic importance of investigating in and pursuing advanced nuclear technologies such as small modular reactors and molten salt reactors at this time, understanding that proactive engagement in research and development positions the state to capitalize on future opportunities when SMRs become economically and technologically viable; and

Whereas, the SC Nexus for Advanced Resilient Energy consortium, developed in collaboration with our research universities, technical colleges, state agencies, the Savannah River National Laboratory, economic development non-profits, and private businesses, won the U.S. Department of Commerce's Economic Development Administration's designation as one of the Regional Technology and Innovation Hubs; and

Whereas, the South Carolina General Assembly recognizes establishing an Energy Policy Institute is a pivotal step towards supporting the efforts of SC Nexus and for guiding informed decision making for the state's energy future; and

Whereas, understanding the complexity of energy issues, the establishment of an Energy Policy Institute is essential to equipping the state with the necessary expertise and resources to make well informed choices, fostering a comprehensive understanding of intricate energy matters; and

Whereas, SC Nexus will assist the state as a global leader in advanced energy by developing, testing, and deploying exportable energy technologies and understanding that new manufactures of those technologies can locate their operations at a place of their choosing, an Energy Policy Institute is integral to positioning the state strategically for economic development success by ensuring the economic benefits resulting from SC Nexus remain in South Carolina, and ensuring that energy policies align with the state's growth objectives and policy goals, while simultaneously safeguarding the interests of ratepayers and promoting a sustainable and resilient energy landscape; and

Whereas, it is imperative to direct the Office of Regulatory Staff (ORS) to conduct a comprehensive energy assessment and formulate a ten year energy action plan not only to identify additional actions to take over the next decade to address the critical need to ensure an adequate and reliable power supply but also to serve as a proactive forum to thoroughly examine unresolved issues vital to achieving economic development success within the dynamic and evolving energy sector; and

Whereas, the South Carolina General Assembly determines that comprehensive legislation is needed to promote the development of new

and reliable energy infrastructure resources, fostering resilient and reliable energy infrastructure critical to the economic success of the state of South Carolina. Now, therefore,

Amend the bill further, by striking all after the enacting words and inserting:

SECTION 1. Chapter 11, Title 35 of the S.C. Code is amended to read:

CHAPTER 11

South Carolina ~~Anti-Money Laundering~~Uniform Money Services Act

Article 1

General Provisions

Section 35-11-100. This chapter may be cited as the "South Carolina ~~Anti-Money Laundering~~ Uniform Money Services Act".

Section 35-11-105. As used in this chapter:

(1) "Acting in concert" means persons knowingly acting together with a common goal of jointly acquiring control of a licensee whether or not pursuant to an express agreement.

~~(1)~~(2) "Applicant" means a person that files an application for a license pursuant to this act.

~~(2)~~(3) "Authorized delegate" means a person a licensee designates to provide money services on behalf of the licensee.

~~(3) "Bank" means an institution organized under federal or state law which:~~

~~(a) accepts demand deposits or deposits that the depositor may use for payment to third parties and which engages in the business of making commercial loans; or~~

~~(b) engages in credit card operations and maintains only one office that accepts deposits, does not accept demand deposits or deposits that the depositor may use for payments to third parties, does not accept a savings or time deposit less than one hundred thousand dollars, and does not engage in the business of making commercial loans.~~

(4) "Average daily money transmission liability" means the amount of the licensee's outstanding money transmission obligations in this State at the end of each day in a given period of time, added together, and divided by the total number of days in the given period of time. For purposes of calculating average daily money transmission liability under this chapter for any licensee required to do so, the given period of time must be the quarters ending March thirty-first, June thirtieth, September thirtieth, and December thirty-first.

(5) "Bank Secrecy Act" means the Bank Secrecy Act,

31 U.S.C. Section 5311, et seq., and its implementing regulations, as amended and recodified from time to time.

(6) "Closed loop stored value" means stored value that is redeemable by the issuer only for goods or services provided by the issuer or its affiliate or franchisees of the issuer or its affiliate, except to the extent required by applicable law to be redeemable in cash for its cash value.

~~(4)~~(7) "Commissioner" means the South Carolina Attorney General.

~~(5)~~(8)(a) "Control" means:

~~(a)~~(i) ~~ownership of, or~~ the power to vote, directly or indirectly, at least twenty-five percent of ~~a class of voting securities~~ the outstanding voting shares or voting interests of a licensee or person in control of a licensee;

~~(b)~~(ii) the power to elect or appoint a majority of key individuals or executive officers, managers, directors, trustees, or other persons exercising managerial authority of a licensee or person in control of a licensee; or

~~(c)~~(iii) the power to exercise directly or indirectly, a controlling influence over the management or policies of a licensee or person in control of a licensee.

(b)(i) A person is presumed to exercise a controlling influence when the person holds the power to vote, directly or indirectly, at least ten percent of the outstanding voting shares or voting interests of a licensee or person in control of a licensee.

(ii) A person presumed to exercise a controlling influence as defined by this subitem can rebut the presumption of control if the person is a passive investor.

(c) For purposes of determining the percentage of a person controlled by any other person, the person's interest must be aggregated with the interest of any other immediate family member, including the person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and any other person who shares such person's home.

~~(6)~~(9) "Currency exchange" means receipt of revenues from the exchange of money of one government for money of another government.

(10) "Eligible rating" means a credit rating of any of the three highest rating categories provided by an eligible rating service, whereby each category may include rating modifiers such as "plus" or "minus" for S&P, or the equivalent for any other eligible rating service.

Long-term credit ratings are considered to be eligible if the rating is equal to A- or higher by S&P, or the equivalent from any other eligible rating service. Short-term credit ratings are deemed eligible if the rating is equal to or higher than A-2 or SP-2 by S&P, or the equivalent from any other eligible rating service. In the event that ratings differ among eligible rating services, the highest rating shall apply when determining whether a security bears an eligible rating.

(11) "Eligible rating service" means any Nationally Recognized Statistical Rating Organization (NRSRO) as defined by the U.S. Securities and Exchange Commission, and any other organization designated by the Commissioner by rule or order.

~~(7)~~(12) "Executive officer" means a president, chairperson of the executive committee, chief financial officer, responsible individual, or other individual who performs similar functions.

(13) "Federally insured depository financial institution" means a bank, credit union, savings and loan association, trust company, savings association, savings bank, industrial bank, or industrial loan company organized under the laws of the United States or any state of the United States, when such bank, credit union, savings and loan association, trust company, savings association, savings bank, industrial bank, or industrial loan company has federally insured deposits.

(14) "In this State" means at a physical location within this State for a transaction requested in person. For a transaction requested electronically or by phone, the provider of the money transmission may determine if the person requesting the transaction is "in this State" by relying on other information provided by the person regarding the location of the individual's residential address or a business entity's principal place of business or other physical address location, and any records associated with the person that the provider of money transmission may have that indicate such location including, but not limited, to an address associated with an account.

(15) "Individual" means a natural person.

(16) "Key individual" means any individual ultimately responsible for establishing or directing policies and procedures of the licensee, such as an executive officer, manager, director, or trustee.

~~(8)~~(17) "Licensee" means a person licensed pursuant to this act.

(18) "Material litigation" means litigation, that according to United States generally accepted accounting principles, is

significant to a person's financial health and would be required to be disclosed in the person's annual audited financial statements, report to shareholders, or similar records.

~~(9)~~(19) "Monetary value" means a medium of exchange, whether or not redeemable in money.

~~(10)~~(20) "Money" means a medium of exchange that is authorized or adopted by the United States or a foreign government. The term includes a monetary unit of account established by an intergovernmental organization or by agreement between two or more governments.

~~(11)~~(21) "Money services" means money transmission or currency exchange.

~~(12)~~(22)(a) "Money transmission" means any of the following:

(i) selling or issuing payment instruments to a person located in this State~~,~~;

(ii) selling or issuing stored value to a person located in this State~~,~~; or

(iii) receiving money ~~or monetary value~~ for transmission in this State.

(b) The term does not include the provision solely of delivery, online or telecommunications services, or network access.

(23) "MSB accredited state" means a state agency that is accredited by the Conference of State Bank Supervisors and Money Transmitter Regulators Association for money transmission licensing and supervision.

(24) "Multistate licensing process" means any agreement entered into by and among state regulators relating to coordinated processing of applications for money transmission licenses, applications for the acquisition of control of a licensee, control determinations, or notice and information requirements for a change of key individuals.

(25) "NMLS" means the Nationwide Multistate Licensing System and Registry developed by the Conference of State Bank Supervisors and the American Association of Residential Mortgage Regulators and owned and operated by the State Regulatory Registry, LLC, or any successor or affiliated entity, for the licensing and registration of persons in financial services industries.

~~(13)~~(26) "Outstanding money transmission obligation"~~, with respect to a payment instrument, means issued or sold by or for the licensee and reported as sold but not yet paid by or for the~~

~~licensee~~ is established and extinguished in accordance with applicable state law and means:

(a) any payment instrument or stored value issued or sold by the licensee to a person located in the United States or reported as sold by an authorized delegate of the licensee to a person that is located in the United States that has not yet been paid or refunded by or for the licensee, or escheated in accordance with applicable abandoned property laws; or

(b) any money received for transmission by the licensee or an authorized delegate in the United States from a person located in the United States that has not been received by the payee or refunded to the sender or escheated in accordance with applicable abandoned property laws.

(c) For purposes of this subsection, "in the United States" includes, to the extent applicable, a person in any state, territory, or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico; or a U.S. military installation that is located in a foreign country.

Section 35-11-110. (A) This chapter does not apply to:

(1) the United States or a department, agency, or instrumentality ~~of the United States~~thereof, or its agent;

(2) money transmission by the United States Postal Service or by ~~a contractor on behalf~~ an agent of the United States Postal Service;

(3) a state, county, city, or ~~another~~ any other governmental agency or governmental subdivision or instrumentality of a state, or its agent;

(4) ~~a bank, bank holding company, office of an international banking corporation, branch of a foreign bank, corporation organized pursuant to the Bank Service Corporation Act, 12 U.S.C. Section 1861-1867 (Supp. V 1999), or corporation organized under the Edge Act, 12 U.S.C. Section 611-633 (1994 & Supp. V 1999), under the laws of a state or the United States if it does not issue, sell, or provide payment instruments or stored value through an authorized delegate who is not such a person~~a federally insured depository financial institution, bank holding company, office of an international banking corporation, foreign bank that establishes a federal branch pursuant to the International Bank Act, 12 U.S.C. Section 3102, as amended or recodified from time to time, corporation organized pursuant to the Bank Service Corporation Act, 12 U.S.C. Sections 1861-1867, as amended or recodified from time to time, or corporation organized under the Edge Act, 12 U.S.C. Sections 611-633, as amended or recodified from time to time;

(5) electronic funds transfer of governmental benefits for a federal, state, county, or governmental agency by a contractor on behalf of the United States or a department, agency, or instrumentality ~~of the United States~~thereof, or on behalf of a state or governmental subdivision, agency, or instrumentality ~~of a state~~thereof;

(6) a board of trade designated as a contract market under the federal Commodity Exchange Act, 7 U.S.C. Section 1-25 ~~(1994)~~ as amended or recodified from time to time, or a person that, in the ordinary course of business, provides clearance and settlement services for a board of trade to the extent of its operation as or for a board of trade;

(7) a registered futures commission merchant under the federal commodities laws to the extent of its operation as a futures commission merchant;

~~(8) a person who provides clearance or settlement services pursuant to a registration as a clearing agency or an exemption from that registration granted under the federal securities laws to the extent of its operation as a provider of clearance or settlement services;~~

~~(9)~~(8) an operator of a payment system to the extent that it provides processing, clearing, or settlement services, between or among persons ~~excluded~~ exempted by this section, in connection with wire transfers, credit card transactions, debit card transactions, stored-value transactions, automated clearing house transfers, or similar funds transfers;

~~(10)~~(9) a person registered as a securities broker-dealer under federal or state securities laws to the extent of his operation as a securities broker-dealer; ~~or~~

~~(11)~~(10) ~~a credit union regulated and insured by the National Credit Union Association.~~an individual employed by a licensee, authorized delegate, or any person exempted from the licensing requirements of this chapter when acting within the scope of employment and under the supervision of the licensee, authorized delegate, or exempted person as an employee and not as an independent contractor;

(11) a person expressly appointed as a third-party service provider to, or agent of, an entity exempt under Section 35-11-110 (A)(4), solely to the extent that:

(a) such service provider or agent is engaging in money transmission on behalf of and pursuant to a written agreement with the exempt entity that sets forth the specific functions that the service provider or agent is to perform; and

(b) the exempt entity assumes all risk of loss and all legal responsibility for satisfying the outstanding money transmission obligations owed to purchasers and holders of the outstanding money transmission obligations upon receipt of the purchaser's or holder's money or monetary value by the service provider or agent;

(12) a person appointed as an agent of a payee to collect and process a payment from a payor to the payee for goods or services, other than money transmission itself, provided to the payor by the payee, provided that:

(a) there exists a written agreement between the payee and the agent directing the agent to collect and process payments from payors on the payee's behalf;

(b) the payee holds the agent out to the public as accepting payments for goods or services on the payee's behalf; and

(c) payment for the goods and services is treated as received by the payee upon receipt by the agent so that the payor's obligation is extinguished and there is no risk of loss to the payor if the agent fails to remit the funds to the payee;

(13) a person that acts as an intermediary by processing payments between an entity that has directly incurred an outstanding money transmission obligation to a sender, and the sender's designated recipient, provided that the entity:

(a) is properly licensed or exempt from licensing requirements under this chapter;

(b) provides a receipt, electronic record, or other written confirmation to the sender identifying the entity as the provider of money transmission in the transaction; and

(c) bears sole responsibility to satisfy the outstanding money transmission obligation to the sender, including the obligation to make the sender whole in connection with any failure to transmit the funds to the sender's designated recipient; or

(14) a person exempt by regulation or order if the Commissioner finds such exemption to be in the public interest and that the regulation of such person is not necessary for the purposes of this chapter.

(15) payroll processing services.

(B) The Commissioner may require that a person claiming to be exempt from licensing pursuant to this section provide information and documentation to the Commissioner demonstrating that it qualifies for any claimed exemption.

Article 2

Money Transmission Licenses

Section 35-11-200. (A) A person may not engage in the business of money transmission or advertise, solicit, or hold himself out as providing money transmission unless the person is:

(1) licensed under this ~~chapter or approved to engage~~

~~in money transmission pursuant to Section 35-11-210~~article;

(2) an authorized delegate of a person licensed pursuant to this article; or

(3) ~~an authorized delegate of a person approved to engage in money transmission pursuant to Section 35-11-210~~exempted under Section 35-11-110.

(B) A license issued pursuant to this chapter is not transferable or assignable.

Section 35-11-205. (A) ~~In this section, "material litigation" means litigation that according to generally accepted accounting principles is significant to an applicant's or a licensee's financial health and would be required to be disclosed in the applicant's or licensee's annual audited financial statements, report to shareholders, or similar records.~~

~~(B)~~ A person applying for a license pursuant to this article shall do so in a form and in a medium prescribed by the ~~commissioner~~Commissioner. Each form must contain content as set forth by regulation, order, instruction, or procedure of the Commissioner and may be changed or updated by the Commissioner in accordance with applicable law in order to carry out the purposes of this chapter and maintain consistency with NMLS licensing standards and practices. The application must state or contain:

(1) the legal name, residential and business addresses of the applicant, and any fictitious or trade name used by the applicant in conducting its business;

(2) a list of any criminal convictions of the applicant and any material litigation in which the applicant has been involved in the ten-year period next preceding the submission of the application;

(3) a description of any money services previously provided by the applicant and the money services that the applicant seeks to provide in this State;

(4) a list of the applicant's proposed authorized delegates and the locations in this State where the applicant and the applicant's authorized delegates propose to engage in money transmission or provide other money services;

(5) a list of other states in which the applicant is licensed to engage in money transmission or provide other money services and any license revocations, suspensions, or other disciplinary action taken against the applicant in another state;

(6) information concerning a bankruptcy or receivership proceeding affecting the licensee or a person in control of a

licensee;

(7) a sample form of contract for authorized delegates, if applicable~~, and~~;

(8) a sample form of payment instrument~~ or instrument upon which stored value is recorded~~, if applicable;

~~(8)~~(9) the name and address of any ~~bank~~ federally insured depository financial institution through which the ~~applicant's payment instruments and stored value will be paid~~applicant plans to conduct money transmission; and

~~(9) a description of the source of money and credit to be used by the applicant to provide money services; and~~

(10) other information the commissioner reasonably requires with respect to the applicant.

~~(C)~~(B) If an applicant is a corporation, limited liability company, partnership, or other legal entity, the applicant also shall provide:

(1) the date of the applicant's incorporation or formation and state or country of incorporation or formation;

(2) if applicable, a certificate of good standing from this State and the state or country in which the applicant is incorporated or formed;

(3) a brief description of the structure or organization of the applicant, including a parent entity or subsidiary of the applicant, and whether a parent entity or subsidiary is publicly traded;

(4) the legal name, a fictitious or trade name, all business and residential addresses, and the employment, in the ten-year period next preceding the submission of the application of each executive officer, manager, director, or person who has control of the applicant;

(5) a list of criminal convictions and material litigation in which an executive officer, a manager, director, or person in control of, the applicant has been involved in the ten-year period next preceding the submission of the application;

(6) a copy of the applicant's audited financial statements for the most recent fiscal year and, if available, for the two-year period next preceding the submission of the application or, if determined to be acceptable to the Commissioner, certified unaudited financial statements for the most recent fiscal year or other period acceptable to the Commissioner;

(7) a ~~copy of the applicant's unconsolidated financial statements for the current fiscal year, whether audited or not, and, if~~

~~available, for the two-year period next preceding the submission of the application~~certified copy of unaudited financial statements of the applicant for the most recent fiscal quarter;

(8) if the applicant is publicly traded, a copy of the most recent report filed with the United States Securities and Exchange Commission pursuant to Section 13 of the federal Securities Exchange Act of 1934, 15 U.S.C. Section 78m ~~(1994 & Supp. V 1999)~~as amended or recodified from time to time;

(9) if the applicant is a wholly owned subsidiary of a:

(a) corporation publicly traded in the United States, a copy of audited financial statements for the parent corporation for the most recent fiscal year or a copy of the parent corporation's most recent report filed pursuant to Section 13 of the federal Securities Exchange Act of 1934, 15 U.S.C. Section 78m ~~(1994 & Supp. V 1999)~~as amended or recodified from time to time; or

~~(D)~~(C) A nonrefundable application fee of one thousand five hundred dollars and a license fee of ~~seven hundred fifty~~one thousand six hundred dollars must accompany an application for a license pursuant to this article. The license fee must be refunded if the application is denied.

~~(E)~~(D) The ~~commissioner~~ Commissioner may waive one or more requirements of subsections ~~(B)~~(A) and ~~(C)~~(B) or permit an applicant to submit other information in lieu of the required information.

Section 35-11-210. (A) ~~A person who is licensed to engage in money transmission in at least one other state, with the approval of the commissioner and in accordance with this section, may engage in money transmission and currency exchange in this State without being licensed pursuant to Section 35-11-205 if the:~~

~~(1) state in which the person is licensed has enacted the Uniform Money Services Act or the commissioner determines that the money transmission laws of that state are substantially similar to those imposed by the law of this State;~~

~~(2) person submits to, and in the form required by, the commissioner:~~

~~(a) in a record, an application for approval to engage in money transmission and currency exchange in this State without being licensed pursuant to Section 35-11-205;~~

~~(b) a nonrefundable fee of one thousand dollars; and~~

~~(c) a certification of license history in the other state.~~

~~(B) When an application for approval pursuant this section is complete, the commissioner shall promptly notify the applicant in a record, of the date on which the request was determined to be complete and:~~

~~(1) the commissioner shall approve or deny the request within one hundred twenty days after that date; or~~

~~(2) if the request is not approved or denied within one hundred twenty days after that date the:~~

~~(a) request is approved; and~~

~~(b) approval takes effect as of the first business day after expiration of the one hundred twenty-day period.~~

~~(C) A person who engages in money transmission and currency exchange in this State pursuant to this section shall comply with the requirements of, and is subject to the sanctions provided in this chapter, as if the person were licensed pursuant to Section 35-11-220.~~ Any individual in control of a licensee or applicant, any individual that seeks to acquire control of a licensee, and each key individual shall furnish to the Commissioner through NMLS the following items:

(1) the individual's fingerprints for submission to the Federal Bureau of Investigation and the Commissioner for purposes of a national criminal history background check unless the person currently resides outside of the United States and has resided outside of the United States for the last ten years; and

(2) personal history and experience in a form and in a medium prescribed by the Commissioner, to obtain the following:

(a) an independent credit report from a consumer reporting agency unless the individual does not have a Social Security number, in which case, this requirement must be waived;

(b) information related to any criminal convictions or pending charges; and

(c) information related to any regulatory or administrative action and any civil litigation involving claims of fraud,

misrepresentation, conversion, mismanagement of funds, breach of fiduciary duty, or breach of contract.

(B) If the individual has resided outside of the United States at any time in the last ten years, the individual also shall provide an investigative background report prepared by an independent search firm that meets the following requirements:

(1) at a minimum, the search firm shall:

(a) demonstrate that it has sufficient knowledge, resources, and employs accepted and reasonable methodologies to conduct the research of the background report; and

(b) not be affiliated with or have an interest with the individual it is researching;

(2) at a minimum, the investigative background report must be written in the English language and must contain the following:

(a) if available in the individual's current jurisdiction of residency, a comprehensive credit report, or any equivalent information obtained or generated by the independent search firm to accomplish such report, including a search of the court data in the countries, provinces, states, cities, towns, and contiguous areas where the individual resided and worked;

(b) criminal records information for the past ten years including, but not limited to, felonies, misdemeanors, or similar convictions for violations of law in the countries, provinces, states, cities, towns, and contiguous areas where the individual resided and worked;

(c) employment history;

(d) media history, including an electronic search of national and local publications, wire services, and business applications; and

(e) financial services-related regulatory history including, but not limited to, money transmission, securities, banking, insurance, and mortgage-related industries.

Section 35-11-215. (A) ~~Except as otherwise provided in subsection (B),~~An applicant for a money transmission license must provide, and a licensee at all times must maintain, security consisting of a surety bond, letter of credit, or other similar security in a form acceptable to the ~~commissioner~~ Commissioner~~in the amount of fifty thousand dollars plus ten thousand dollars for each location, not exceeding a total addition of two hundred fifty thousand dollars, must accompany an application for a license~~.

(B) ~~Security must be in a form satisfactory to the commissioner and payable to the State for the benefit of a claimant against the licensee to secure the faithful performance of the obligations of the licensee with respect to money transmission.~~The amount of the required security must be:

(1) the greater of one hundred thousand dollars or an amount equal to one hundred percent of the licensee's average daily money transmission liability in this State calculated for the most recently completed three-month period, up to a maximum of five hundred thousand dollars; or

(2) in the event that the licensee's tangible net worth exceeds ten percent of total assets, the licensee shall maintain a surety bond of one hundred thousand dollars.

(C) ~~The aggregate liability on a surety bond may not exceed the principal sum of the bond. A claimant against a licensee may maintain an action on the bond, or the commissioner may maintain an action on behalf of the claimant.~~ A licensee that maintains a bond in the maximum amount provided for in Section 35-11-215(B)(1) or (2) may not be required to calculate its average daily money transmission liability for purposes of this section.

(D) ~~A surety bond must cover claims for so long as the commissioner specifies, but for at least five years after the licensee ceases to provide money services in this State. However, the commissioner may permit the amount of security to be reduced or eliminated before the expiration of that time to the extent the amount of the licensee's payment instruments or stored value obligations outstanding in this State is reduced. The commissioner may permit a licensee to substitute another form of security acceptable to the commissioner for the security effective at the time the licensee ceases to provide money services in this State.~~A licensee may exceed the maximum required bond amount pursuant to Section 35-11-605(A)(5).

~~(E) In lieu of the security prescribed in this section, an applicant for a license or a licensee may provide security in a form prescribed by the commissioner.~~

~~(F) The commissioner may increase the amount of security required to a maximum of one million dollars if the financial condition of a licensee so requires, as evidenced by reduction of net worth, financial losses, or other relevant criteria.~~

Section 35-11-220. (A) When an application for an original license is filed and considered complete pursuant to this article, the ~~commissioner~~ Commissioner shall investigate the applicant's

financial condition and responsibility, financial and business experience, character, and general fitness. The ~~commissioner~~ Commissioner may conduct an on-site investigation of the applicant, the reasonable cost of which the applicant must pay. The ~~commissioner~~ Commissioner shall issue a license to an applicant pursuant to this article if the ~~commissioner~~ Commissioner finds that all of the following conditions have been fulfilled:

(1) the applicant has complied with Sections 35-11-205, 35-11-215, and 35-11-230; and

(2) the financial condition and responsibility, financial and business experience, competence, character, and general fitness of the applicant; and the competence, experience, character, and general fitness of the executive officers, managers, directors, and persons in control of the applicant indicate that it is in the interest of the public to permit the applicant to engage in money transmission.

(B) When an application for an original license pursuant to this article is complete, the ~~commissioner~~ Commissioner promptly shall notify the applicant in a record of the date on which the application was determined to be complete and:

(1) the ~~commissioner~~ Commissioner shall approve or deny the application within one hundred twenty days after that date; or

(2) if the application is not approved or denied within one hundred twenty days after that date the:

(a) application is considered approved; and

(b) ~~commissioner~~ Commissioner shall issue the license pursuant to this article, to take effect as of the first business day after expiration of the one hundred twenty-day period.

(C) The ~~commissioner~~ Commissioner may for good cause extend the application period.

(D) A determination by the Commissioner that an application is complete and is accepted for processing means only that the application, on its face, appears to include all of the items, including the Criminal Background Check response from the FBI, and addresses all of the matters that are required, and is not an assessment of the substance of the application or of the sufficiency of the information provided.

(E) The Commissioner shall issue a formal written notice of the denial of a license application. The Commissioner shall set forth in the notice of denial the specific reasons for the denial of the application. An applicant whose application is denied by the

~~commissioner~~ Commissioner pursuant to this ~~article~~ section may ~~appeal~~request a hearing, within thirty days after receipt of the written notice of the denial~~, from the denial and request a hearing~~ pursuant to Section 35-11-710.

(F) The initial license term begins on the day the application is approved. The license expires on December thirty-first of the year in which the license term began, unless the initial license date is between November first and December thirty-first, in which instance the initial license term runs through December thirty-first of the following year.

Section 35-11-225. (A) A ~~person licensed pursuant to this article shall pay an annual renewal fee of seven hundred fifty dollars no later than thirty days before the anniversary of the issuance of the license or, if the last day is not a business day, on the next business day.~~license issued under this chapter must be renewed annually.

(1) An annual renewal fee of one thousand six hundred dollars must be paid no more than sixty days before the license expiration.

(2) The renewal term must be for a period of one year and begins on January first of each year after the initial license term and expires on December thirty-first of the year the renewal term begins.

(B) A licensee under this article shall submit a renewal report with the renewal fee, in a form and in a medium prescribed by the ~~commissioner~~Commissioner. The renewal report must state or contain~~:~~

~~(1) a copy of the licensee's most recent audited annual financial statement or, if the licensee is a wholly owned subsidiary of another corporation, the most recent audited consolidated annual financial statement of the parent corporation or the licensee's most recent audited consolidated annual financial statement;~~
