

PART IB

OPERATION OF STATE GOVERNMENT

SECTION 1 – H630 - DEPARTMENT OF EDUCATION

1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

1.3. (SDE: State Aid to Classrooms) (A) For the current fiscal year, the total pupil count is projected to be ~~769,703~~ 770,504, which includes ~~719,354~~ 712,097 traditional school districts, ~~49,649~~ 57,665 charter school authorizers, and ~~700~~ 742 special school districts. The total appropriations for State Aid to Classrooms represent an average per pupil appropriation of ~~\$5,724~~ \$5,884. The average total per pupil funding, excluding revenue and local bond issues, is projected to be ~~\$8,590~~ \$8,914 from state sources, ~~\$1,245~~ \$1,225 from federal sources, and ~~\$8,145~~ \$8,936 from local sources. This is an average total funding level of ~~\$17,980~~ \$19,075, excluding revenues of local bond issues.

(B) The State Minimum Teacher Salary Schedule for the current fiscal year is as follows, and districts have flexibility to pay above these levels:

17 (C) For the current fiscal year, the funds appropriated for State Aid to Classrooms represent the State's contribution to the Aid to
18 Classrooms program for direct instruction of students in kindergarten through grade twelve in our state, which is seventy-five percent
19 of the total salary and employer contribution cost of funding one teacher for every 11.2 students. The salary used to determine the
20 amount of funding required for the state effort is based on that of a teacher having a master's degree and twelve years of experience,
21 which equates to ~~\$57,250~~ \$58,750 on the statewide minimum salary schedule for the current fiscal year and including fringe benefits
22 of ~~\$18,641~~ \$19,129, for a total of ~~\$75,891~~ \$77,879. The types of teachers used in the calculation of student-teacher ratio includes
23 those teachers eligible pursuant to Section 59-20-50(4)(b). This includes classroom teachers, librarians, guidance counselors,
24 psychologists, social workers, occupational and physical therapists, school nurses, orientation/mobility instructors, and audiologists
25 in the school districts of the State. School districts are required to meet the statewide minimum salary schedule in the current fiscal
26 year and are required to provide the annual step increase pursuant to Section 59-20-50. No school district is required to increase
27 teacher salaries above the amount necessary to meet the statewide minimum salary schedule as prescribed in this act. For the current
28 fiscal year, the provisions of Section 59-20-50(3) of the 1976 Code, as amended, are suspended.

29 (D) To allocate the funds, the department will calculate the total number of weighted pupil units (WPU) in each school district
30 and in the State. The funds appropriated herein for State Aid to Classrooms represent the state share of the total Aid to Classrooms
31 program, which is seventy-five percent. The local required effort is twenty-five percent of the total program. The total Aid to
32 Classrooms funding for each district is calculated based on the district's percentage of the total statewide weighted pupils multiplied
33 by the total Aid to Classrooms program. The district's local share is calculated by multiplying the total local share by the district's
34 imputed index of taxpaying ability, which is the district's relative fiscal capacity compared to that of all other districts in the State.
35 The State Aid to Classrooms amount allocated to each district will be determined by subtracting the calculation of the district's local
36 share from the calculation of the district's total Aid to Classrooms projected funding. The Statewide Public Charter School District

1 and any approved institution of higher education authorizing charter schools shall receive one hundred percent of the Aid to
2 Classrooms funding from the State. For Fiscal Year ~~2024-25~~ 2025-26, no local match is required for the State Aid to Classroom EIA
3 distributions for the base funding rolled up from the previous fiscal year.

4 (E) Each district will receive either the amount determined by this new methodology or the actual state funding received in Fiscal
5 Year 2021-22 from State Aid to Classrooms, Aid School Districts, Student Health and Fitness, Guidance/Career Specialists,
6 Handicapped – Profoundly Mentally, EIA - Aid to Districts, EIA - Students at Risk of School Failure, Allocations EIA – Teacher
7 Salaries, Allocations EIA – Employer Contributions, EIA – Student Health and Fitness Act - Nurses, and EIA - South Carolina Public
8 Charter Schools.

9 (F) To provide flexibility, each district may expend the funds as determined by the local school board of trustees to meet the
10 educational needs of students as defined in Section 59-1-50, Chapter 18, Title 59, and as delineated in a child's Individualized
11 Education Program (IEP). Pursuant to Section 59-20-80, each school board of trustees must make available by September first of
12 each fiscal year its annual budget that includes state, local, and federal investments in education. The budget must be available on
13 the district's website. The department, in collaboration with local school districts, will provide a template that each district must use
14 in reporting its budget.

15 (G) To provide transparency, Revenue and Fiscal Affairs will document annually, through an online financial dashboard, the
16 expenditure of all state, local, and federal funds by each district and by each charter school authorizer and other relevant data to
17 include its fund balance and average fund balance for the reporting year. The districts shall report monthly, to the Department of
18 Education, their monthly fund balance that will be used to calculate an average. To ensure that the public reporting meets the needs
19 of educators, parents, citizens, and policymakers, the department, in conjunction with Revenue and Fiscal Affairs, will consult
20 routinely with a group of educators, parents, citizens, and policymakers. District expenditures for the prior fiscal year must be
21 published on the department's website for public disclosure by January 1.

22 (H) If a traditional school district, charter school authorizer, or special school district fails to submit expenditure data needed for
23 the online financial dashboard, the Revenue and Fiscal Affairs Office will notify the Department of Education. Within thirty days of
24 such notification, the Department of Education must then withhold ten percent of all state payments to the district or authorizer until
25 the district or authorizer complies and all payments will then be made.

26 (I) To ensure accountability, each district's annual audit that is submitted to the Department of Education pursuant to Section
27 59-17-100 must be conducted using an auditing firm from an approved list provided by the State Auditor. The State Auditor will
28 develop standards and criteria for determining qualifying auditors. Each district's annual audit must be available on the district's
29 website.

30 (J) For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring
31 a public charter school shall receive and distribute state Aid to Classroom funds to the charter school. Students enrolled in charter
32 schools authorized by the South Carolina Public Charter School District or an institution of higher education will receive in addition
33 to the base weight of 1.00 or in addition to the disability weight of 2.60 an additional weight based upon the type of charter school
34 that they attend. These additional funds must support the provision of educational services for children served by a charter school
35 that does not receive local revenues. These students are also eligible to receive additional weights for personalized instruction. The
36 department will make any necessary adjustments to account for the state share for Charter and Special Districts.

(K) Three and four year old students with a disability, who are eligible for services under IDEA and enrolled in brick and mortar charter schools sponsored by the South Carolina Public Charter School District or registered IHE, shall be included in student counts solely for the purposes of receiving the additional weighting for students attending a brick and mortar charter school.

(L) For Fiscal Year ~~2024-25~~ 2025-26, special districts and alternative schools will receive the amount received in the prior fiscal year from these funds.

(M) The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections, including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also, as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office, shall also post on their website the one hundred thirty-five-day average daily membership for each school district and per pupil state, federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the projected numbers and the exact numbers.

(N) For the current fiscal year, the pupil classification weightings are as follows:

(1) K-12 pupils or base students including homebound students 1.00

Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section 44-7-130 of the 1976 Code shall receive a weighting of 2.10.

(2) Weights for students with disabilities as documented

by their Individualized Education Program (IEP) 2.60

(3) Precareer and Career Technology 1.20

(4) Charter school students

(a) Enrolled in brick and mortar school 1.25

(b) Enrolled in virtual charter school ~~0.65~~ 0.50

(5) Additional weights for personalized instruction:

(a) Gifted and Talented 0.15

(b) Academic Assistance 0.15

(c) Limited English Proficiency 0.20

(d) Pupils in Poverty 0.50

(O) The Department of Education will review the child count data for all of the districts and charter school authorizers in the State and identify any school district or charter school authorizer whose percentage of total enrolled students with IEPs is outside of the typical percentage range based on national and state data. The department will then conduct a focused review of the district's special education population and provide technical assistance, as needed, to ensure that students with disabilities are being appropriately identified and served.

(P) Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

1 (Q) Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are
2 enrolled in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school.
3 Districts shall set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

4 (R) Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts,
5 or both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve.
6 The additional weight generates funds needed to provide additional instructional services to these students.

7 (S) Students with limited English proficiency are students who require intensive English language instruction programs and
8 whose families require specialized parental involvement intervention.

9 (T) Further, the Department of Education may use school district student counts for personalized instruction as collected in the
10 same manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to
11 calculate the school district add on weightings for the personalized instruction classifications and the determination of the school
12 districts monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five-day student average daily
13 membership for all classifications. During the current fiscal year, the department will update PowerSchool calculations, reports,
14 screen development, documentation, and training to incorporate the new pupil classification weightings and to make final district
15 allocation adjustments by June 30. The department must provide districts with technical assistance with regard to student count
16 changes in PowerSchool.

17 (U) Up to ten percent of any funds appropriated for State Aid to Classrooms at the end of the fiscal year may be carried forward
18 into the subsequent fiscal year and allocated to school districts, the South Carolina Public Charter School District, and an institution
19 of higher education that authorizes charter schools pursuant to this provision. The additional funds must first support increases in
20 student enrollment and any balance may be allocated proportionately utilizing weighted pupil units to districts. Any additional
21 unexpended funds shall revert to the general fund or to the EIA Fund.

22 (V) With the funds that the Department of Education receives for health insurance for school districts, the department shall
23 allocate the funds to school districts proportionately utilizing weighted pupil units. The department shall allocate to districts funds
24 received for retirement benefits through the State Aid to Classrooms formula.

25 (W) In the event of a mid-year across-the-board budget reduction, which reduces the total appropriation of general funds for State
26 Aid to Classrooms, the Department of Education is directed to first reduce the amount of funds allocated to traditional school districts,
27 charter school authorizers, and the special school districts for proportional funding under this provision.

28 (X) The South Carolina Revenue and Fiscal Affairs Office shall review the student weightings used in the State Aid to Classrooms
29 funding formula and examine methods to improve the alignment of State Aid to Classrooms funding with student enrollment while
30 ensuring districts and charter authorizers receive more consistent distributions. The agency must consider input from policymakers
31 and relevant stakeholders as determined by the Revenue and Fiscal Affairs Office. Any recommendations for changes to the formula
32 must be submitted to the Chairman of the House Ways and Means Committee, the Chairman of the Senate Finance Committee, the
33 Governor, and the Superintendent of Education by December 1, 2025.

34 **1.4.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein
35 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district
36 employee’s salary that is federally funded.

1 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each
2 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel
3 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service
4 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

5 The Department of Juvenile Justice and the Department of Corrections' school districts must be allocated funds under the fringe
6 benefits program in accordance with criteria established for all school districts.

7 **1.5.** (SDE: Employer Contributions/Obligations) In order to finalize each school district's allocations of Employer Contributions
8 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district's allocation
9 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In
10 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover
11 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision's state funds
12 until such obligations are met.

13 **1.6.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education
14 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides
15 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness
16 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located
17 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost
18 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided
19 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by
20 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing
21 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for
22 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the
23 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. Participation will be evidenced by a
24 written agreement from the IEP team or 504 team, written referral, or the school district initiating the placement process. School
25 districts providing the education shall notify the nonresident district in writing within forty-five calendar days that a student from the
26 nonresident district is receiving education services pursuant to the provisions of the proviso. The notice shall also contain the
27 student's name, date of birth, and disabling condition if available. If appropriate financial arrangements cannot be effected between
28 institutions of the state, including independent school districts under the authority of the Department of Disabilities and Special
29 Needs, and school districts, institutions receiving educational appropriations shall pay the local base student cost multiplied by the
30 appropriate pupil weighting. Children residing in institutions of state agencies shall be educated with nondisabled children in the
31 public school districts if appropriate to their educational needs. Such institutions shall determine, on an individual basis, which
32 children residing in the institution might be eligible to receive appropriate educational services in a public school setting. Once these
33 children are identified, the institution shall convene an IEP meeting with officials of the public school district in which the institution
34 is located. If it is determined by the committee that the least restrictive environment in which to implement the child's IEP is a public
35 school setting, then the school district in which the institution is located must provide the educational services. However, that school
36 district may enter into contractual agreements with any other school district having schools located within a forty-five mile radius of

1 the institution. The cost for educating such children shall be allocated in the following manner: the school district where the child
2 last resided before being placed in an institution shall pay to the school district providing the educational services an amount
3 equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section
4 59-20-40 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all
5 funding sources, both state and federal. The institution and school district, through contractual agreements, will address the special
6 education and related services to be provided to students. Should the school district wherein the institution is located determine that
7 the child cannot be appropriately served in a public school setting, then the institution may request a due process hearing pursuant to
8 the procedures provided for in the Individuals with Disabilities Education Act.

9 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local
10 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to
11 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to
12 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing
13 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the
14 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

15 The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all
16 required school records, including confidential records, are transferred from the sending to the receiving school within three working
17 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social
18 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a
19 psychological report on the child is available at the school district office) and any other records necessary for the appropriate

32 and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery Act
33 funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance, to

35 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance
36 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for

Career and Technology Education, nor funds required for debt service or bonded indebtedness. All school districts must report the student teacher ratio for every classroom to the Department of Education at the forty-fifth and the one hundred and thirty-fifth day mark. The department shall report this information to the General Assembly for the current school year.

In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

"In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

School districts are encouraged to reduce expenditures by means including, but not limited to, limiting the number of low enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and expanding virtual instruction.

School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil allocation due to them for each categorical program.

Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken. The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting, and the certification must be conspicuously posted on the internet website maintained by the school district.

For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the most economical type of bus fuel.

For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school districts based on weighted pupil units.

School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars, from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made available for public viewing and downloading. The register must include for each expenditure:

- (i) the transaction amount;
- (ii) the name of the payee; and
- (iii) a statement providing a detailed description of the expenditure.

1 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must
2 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete
3 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at
4 least once a month.

5 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards
6 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each
7 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the
8 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

9 The Comptroller General must establish and maintain a website to contain the information required by this section from a school
10 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate
11 between the school districts and search for the information they are seeking.

12 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
13 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
14 Education to exercise its authority to grant waivers under Regulation 43-261.

15 **1.22.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,
16 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical
17 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to
18 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because
19 of the required Hazmat endorsement to their CDL.

20 **1.23.** (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publicly recognized by the
21 School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions
22 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

23 **1.24.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may
24 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be
25 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General
26 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The
27 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.
28 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded
29 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

30 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent
31 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall
32 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel
33 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and
34 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on
35 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the
36 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination

1 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as
2 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have
3 their experience credit negatively impacted because of a furlough implementation.

4 During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except
5 for receiving their salaries. As to those benefits that require employer and employee contributions including, but not limited to,
6 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making
7 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only
8 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on
9 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may
10 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within
11 which the furlough occurs.

12 Each local school district must prominently post on the district's internet website and make available for public viewing and
13 downloading the most recent version of the school district's policy manual and administrative rule manual.

14 This proviso shall not abrogate the terms of any contract between any school district and its employees.

15 **1.25.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district
16 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to
17 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance
18 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds
19 distributed to the districts within the county.

20 **1.26.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or
21 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on
22 race or national origin.

23 **1.27.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and
24 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and
25 Human Services.

26 **1.28.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's
27 individual cumulative grade point average for grades nine through twelve on the student's report card.

28 **1.29.** (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school
29 year are due no later than December first of the current school year when invoiced by the Department of Education. The department
30 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

31 **1.30.** (SDE: State Aid to Classrooms Reserve Fund) There is created in the State Treasury a fund separate and distinct from the
32 General Fund of the State and all other funds entitled the State Aid to Classrooms Reserve Fund. All unexpended general funds
33 appropriated to the Department of Education for the State Aid to Classrooms in the current fiscal year shall be transferred to the State
34 Aid to Classrooms Reserve Fund. In the event that the amount appropriated for the State Aid to Classrooms is insufficient to fully
35 fund the designated student-teacher ratio as established by this act, revenues from the State Aid to Classrooms Reserve Fund may be
36 used to supplement the funds appropriated. The General Assembly may make direct appropriations to this fund. All unexpended

1 funds in the State Aid to Classrooms Reserve Fund and any interest accrued by the fund must remain in the fund and may be carried
2 forward into the current fiscal year.

3 **1.31.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from
4 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

5 **1.32.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school
6 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers
7 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services
8 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational
9 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is
10 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination
11 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred
12 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in
13 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education
14 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school
15 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student
16 and what is clinically indicated being considered.

17 A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility,
18 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services
19 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical
20 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in
21 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under
22 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the
23 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program,
24 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational
25 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational
26 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the
27 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational
28 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the
29 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

30 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting
31 for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this act and any eligible categorical and federal
32 funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services
33 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the
34 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a
35 resident school district for the difference between: (1) the reasonable costs expended for the educational services provided directly
36 by the facility school district or the amount paid to the RTF; and (2) the aggregate amount of federal and state funding received by

1 the facility school district for that student. However, the reimbursement rate may not exceed \$90 per student per day. Through a
2 joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an
3 instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities
4 Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall
5 notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational
6 services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the facility
7 district has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being
8 invoiced. Should the facility school district be unable to reach agreement with the resident school district regarding reasonable costs
9 differences, the facility school district shall notify the Department of Education's Office of General Counsel. The Department of
10 Education shall facilitate a resolution of the dispute between the facility school district and the resident school district within
11 forty-five days of the notice of dispute. If the issue of reasonable cost differences should remain unresolved, a facility school district
12 shall have the right to file a complaint in a Circuit Court. Should a resident school district fail to distribute the entitled funding to
13 the facility school district by the one hundred thirty-five day count, the Department of Education is authorized to withhold the
14 equivalent amount of EFA funds and transfer those funds to the facility school district.

15 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that
16 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost
17 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational
18 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving
19 educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided
20 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident
21 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs
22 differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall
23 facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute.
24 If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit
25 Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic
26 standards in the core content areas. All students with disabilities who are eligible for special education and related services under
27 the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as
28 amended, shall receive special education and related services in the least restrictive environment by appropriately certified personnel.
29 Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned through their
30 educational efforts. The resident school district and the RTF should develop a memorandum of understanding to outline the
31 responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district while the
32 student is housed in the RTF.

33 If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible
34 for the educational services. The facility school district may choose to provide the educational program to the child and, upon
35 choosing to do so, shall contract with the appropriate entity for payment of educational services provided to the child. Out-of-state

1 students provided educational services by a facility school district shall not be eligible for funding through the Education Finance
2 Act.

3 If a child is placed in a RTF by the child's parent or guardian and is not referred, authorized, or placed by the State, the facility
4 school district may choose to provide the educational program to the child, and upon doing so, must negotiate with the resident
5 school district for services through medical homebound procedures. A facility school district is responsible for compliance with all
6 child find requirements under Section 504 of the Rehabilitation Act of 1973 and Individuals with Disabilities Act of 2004 (IDEA).

7 All students enrolled in the facility school districts shall have access to the facility school districts' general education curriculum,
8 which will be tied to the South Carolina academic standards in the core content areas. All students with disabilities who are eligible
9 for special education and related services under the Individuals with IDEA, as amended, and the State Board of Education (SBE)
10 regulations, as amended, shall receive special education and related services in the least restrictive environment by appropriately
11 certified personnel. Students in an RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned
12 through their educational efforts.

13 With respect to students enrolled in the facility school districts, for accountability purposes, the assessment and accountability
14 measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The
15 performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate
16 line on the facility school district's report card and must not be included in the overall performance ratings of the facility school
17 district. The Department of Education shall examine the feasibility of issuing report cards for RTFs. For the current fiscal year, a
18 facility school district shall not have the district's state accreditation rating negatively impacted by deficiencies related to the delivery
19 of an educational program at a RTF.

20 RTFs shall notify the facility school district as soon as practical, and before admission to the RTF if practical, of a student's
21 admission to the RTF. RTFs, the facility school districts and the Department of Education shall use their best efforts to secure and/or
22 exchange information, including documents and records necessary to provide appropriate educational services and/or related services
23 as necessary to assist the facility school district in determining the resident school district. The Department of Education, in
24 collaboration with state placing agencies, RTFs, facility school districts, and resident school districts, shall implement a system to
25 follow the release of students from a RTF and re-enrollment in public, private, or special schools to ensure these students, when
26 appropriate, are not recorded as dropouts.

32 and expend any General Fund balances for school bus transportation.

33 **1.36.** (SDE: Administrative Costs Report Posting) School districts must report the amount of funds spent on administrative
34 costs, as defined by In\$ight in the prior fiscal year and post the report on the districts website. School districts shall provide an
35 electronic copy of this report to the Department of Education in conjunction with the financial audit report required by Section
36 59-17-100 of the 1976 Code. If a district fails to meet these requirements, they must be notified in writing by the department that

1 the district has sixty days to comply with the reporting requirement. If the district does not report within sixty days, the department
2 is authorized to reduce the district's State Aid to Classrooms cost by one percent until such time as the requirement is met. Once in
3 compliance, any funds withheld will be returned to the district.

4 **1.37.** (SDE: Holocaust Funds) Funds appropriated to the Department of Education for the SC Council on Holocaust shall not be
5 used for any other purpose nor transferred to any other program. In addition, in the event the department is required to implement a
6 budget reduction, SC Council on Holocaust funds may not be reduced.

19 and regulations adopted by the South Carolina State Board of Education. Each district shall publish on its website the title and

22 district fails to publish the title and publisher of materials on its website, then the Department of Education shall withhold one percent
23 of the district's funds allocated in Part IA, Section 1, X - Student Health and Fitness Act until the department determines the district

28 to be founded, that immediate action is taken to correct the violation. If corrective action is not taken within 60 days of such a
29 determination, or if no investigation is made within 60 days of the chairman's receipt of the notarized statement, then the complainant
30 may within 60 calendar days, give written notice to the department. The notice must include the original notarized complaint. If,

4 the same terms and conditions these students were previously permitted to attend the school.

5 **1.43.** (SDE: District Funding Flexibility) For the current fiscal year, districts must utilize funding flexibility provided herein to
6 ensure that district approved safety precautions are in place at every school.

7 **1.44.** (SDE: Transportation Maintenance Facilities) For the current fiscal year, a school district wishing to include school bus

18 **1.47.** (SDE: Full-Day 4K) (A) Eligible students residing in any school district or attending any charter school authorized by the
19 South Carolina Public Charter School District or an approved institution of higher education may participate in the South Carolina
20 Early Reading Development and Education program (CERDEP) pending the availability of space and funding. Student eligibility
21 as defined by Section 59-156-130 of the 1976 Code is an annual family income of one hundred eighty-five percent or less of the
22 federal poverty guidelines as promulgated annually by the United States Department of Health and Human Services or a statement
23 of Medicaid eligibility.

24 (B) A parent or guardian may choose to enroll their child in a public school participating in the program and approved by the
25 Department of Education pursuant to Section 59-156-210 or in a private provider participating in the program and approved by the
26 Office of First Steps pursuant to Section 59-156-200. A private provider includes, but is not limited to, a child care center, a military
27 child care facility regulated by the United States Department of Defense, or a non-profit independent school. State funds appropriated
28 for the provision of CERDEP services in military child care facilities may not be used to supplant existing federal child care funds.
29 No school district can be denied participation in CERDEP or be denied CERDEP funding pursuant to the terms of this provision.

30 (C) 4K programs in public schools and non-profit independent schools participating in CERDEP are not required to be approved,
31 registered, or licensed by the Department of Social Services in order to participate in CERDEP. Instead, the Department of Education
32 and the Office of First Steps are responsible for ensuring that providers deliver high-quality educational programs pursuant to Section
33 59-156-160.

34 (D) Public and private providers shall be funded for instructional costs at a minimum rate of \$5,100 per student enrolled. Eligible
35 students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by
36 the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for

1 reimbursement at a minimum of \$620 per eligible child transported. First Steps and the Department of Education must provide an
2 equitable distribution above the minimum between public and private providers. First Steps and the Department of Education must
3 provide a quarterly report beginning October 1 detailing funding above the minimum made to any provider to the Governor, the
4 Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee. All providers who are
5 reimbursed are required to retain records as required by their fiscal agent. New providers participating for the first time in the current
6 fiscal year and enrolling between one and six eligible children shall be eligible to receive at a minimum of \$1,000 per child in
7 materials and equipment funding, with providers enrolling seven or more such children eligible for funding at a minimum of \$10,000.
8 The Department of Education and the Office of First Steps Readiness are authorized to utilize carry forward funds and federal funds
9 to supplement the amount expended for materials and equipment. Providers receiving equipment funding are expected to participate
10 in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate
11 for three years will require the provider to return a portion of the equipment allocation at a level determined by the Department of
12 Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested
13 by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public
14 school students whose complete records have been entered into PowerSchool based on the one hundred and thirty-five day student
15 average daily membership. For the current fiscal year, providers may enroll pay-lunch children who score at or below the twenty-fifth
16 national percentile on two of the three DIAL-3 subscales by July 1 if at least seventy-five percent of the total number of children
17 eligible for the Child Early Reading Development and Education Program in a district or county are projected to be enrolled in that
18 program, Head Start, or ABC Child Care Program as determined by the Department of Education and the Office of First Steps, Child
19 Early Reading Development and Education Program. Providers may receive reimbursement for these children if funds are available.
20 By September 1, the Department of Education and the Office of First Steps must collect the documented waiting lists, share the lists,
21 and determine a process to notify parents of eligible students of available slots in all approved providers. The Department of
22 Education is required to offer waivers allowing students with disabilities to be served in multi-categorical classroom settings based
23 on similar cognition and abilities. Funding appropriated for CERDEP may be carried forward and expended for the same purpose.
24 (E) Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations
25 are accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the
26 department, during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department
27 must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of
28 the annual audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps
29 determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must
30 adjust the allocations for the current fiscal year to account for the findings.
31 (F) Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation
32 of the South Carolina Early Reading Development and Education Program (CERDEP) and to issue findings in a report to the General
33 Assembly by March first of each year. To aid in this evaluation, the Education Oversight Committee shall determine and obtain the
34 data necessary and both public and private providers are required to submit the necessary data as a condition of continued
35 participation in and funding of the program, including average daily attendance data, so that consistent enrollment may be determined.
36 This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall

1 issue a unique student identifier for each child receiving services from a public or private provider including those funded by
2 CERDEP, Head Start, SC Child Care Scholarships, EIA, Title I, district-funded, and all other federal, state, or local public sources.
3 The Department of Education shall be responsible for the collection and maintenance of data on the public state funded full day and
4 half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection
5 and maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee
6 shall use this data and all other collected and maintained data necessary to conduct a research based review of the program's
7 implementation and assessment of student success in the early elementary grades along with information, recommendations, and a
8 timeline for how the state can increase the number of students served in high-quality programs. To aid in the accurate reporting of
9 four-year-olds in poverty served in formal education programs in public schools in South Carolina, the Department of Education
10 must provide to the EOC data related to four-year-olds served in formal education programs funded with other state, local, or federal
11 funds, including Title 1 and EIA-District-funded programs, denoting full- or partial-day status.

12 (G) For eligible children residing in school districts that do not participate in CERDEP, the Department of Education is required
13 to develop and implement inter-district transfer policies that give parents or guardians the option of their eligible child attending an
14 out-of-district school that participates in CERDEP.

15 (H) For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher
16 reimbursement rates to high-quality providers. The reimbursement rate for students enrolled by child care providers rated B or higher
17 in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student base
18 following guidelines developed by the Office of First Steps; and (2) up to \$250,000 to provide one-time supplemental, needs-based
19 incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand
20 service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head
21 Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to
22 bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently
23 preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process
24 that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers
25 to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide
26 high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall
27 require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School
28 Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the
29 House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15.

30 (I) If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed
31 expenditures, available funds may be used to fund an extended program and to increase the length of the program to a maximum of
32 eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund
33 summer enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced
34 on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per
35 day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated
36 amount contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily

1 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty
2 days. Funds may also be used to provide parent engagement, professional development, and quality evaluations of programs. No
3 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance
4 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following
5 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the
6 amount of money used for professional development as well as the types of professional development offered and the number of
7 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the
8 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

9 (J) On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total
10 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional
11 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of
12 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the
13 Department of Education and the Office of First Steps.

14 (K) The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State
15 Collaboration Office to inform parents of all publicly funded full-day 4K programs including Head Start by participating in
16 PalmettoPreK and First5SC.

17 **1.48.** (SDE: Summer Reading Camps) For the current fiscal year, funds appropriated for summer reading camps must be
18 allocated as follows: (1) up to twenty percent to the Department of Education to provide bus transportation for students attending the
19 camps; (2) \$700,000 allocated to the department to provide grants to support community partnerships whereby community
20 organizations shall partner with local school districts to provide enrichment activities as part of after school programs or summer
21 reading camps that utilize volunteers, mentors or tutors to provide instructional support to struggling readers in elementary schools
22 that have a poverty index of forty percent or greater. All mentors and tutors that are a part of these after school programs or summer
23 reading camps must have passed a SLED criminal background check. Participant to volunteer or teacher ratio must conform to that
24 of the school district in which the program is located; and (3) the remainder on a per pupil allocation to each school district based on
25 the number of students who substantially failed to demonstrate third-grade reading proficiency as indicated on the prior year's state
26 assessment as defined by Section 59-155-120(10) of the 1976 Code. Summer reading camps must be at least six weeks in duration
27 with a minimum of four days of instruction per week and four hours of instruction per day, or the equivalent minimum hours of
28 instruction in the summer. School transportation shall be provided. The camps must be taught by compensated teachers who have
29 at least an add-on literacy endorsement or who have documented and demonstrated substantial success in helping students
30 comprehend grade-level texts. The Department of Education shall assist districts that cannot find qualified teachers to work in the
31 summer camps. Districts may also choose to contract for the services of qualified instructors or collaborate with one or more districts
32 to provide a summer reading camp. Schools and school districts are encouraged to partner with county or school libraries, institutions
33 of higher learning, community organizations, faith-based institutions, businesses, pediatric and family practice medical personnel,
34 and other groups to provide volunteers, mentors, tutors, space, or other support to assist with the provision of the summer reading
35 camps. In the current school year, any student in third grade who substantially fails to demonstrate third-grade reading proficiency
36 by the end of the school year must be offered the opportunity to attend a summer reading camp at no cost to the parent or guardian.

1 The purpose of the reading camp is to provide students who are significantly below third-grade reading proficiency with the
2 opportunity to receive quality, intensive instructional services, and support. A district may also include in the summer reading camps
3 students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading
4 camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the
5 first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency in comprehending
6 texts appropriate for his grade level must make the final decision regarding the student's participation in the summer reading camp.

7 **1.49.** (SDE: Interscholastic Athletic Association Dues) (A) A public school district supported by state funds shall not use any
8 funds or permit any school within the district to use any funds to join, affiliate with, pay dues or fees to, or in any way financially
9 support any interscholastic athletic association, body, or entity unless the constitution, rules, or policies of the association, body, or

23 apply;

24 (3)(a) an appeals process in which appeals of the association, body, or entity are made to a disinterested third-body appellate
25 panel which consists of seven members who serve four year terms, with one person appointed by the delegation of each congressional

30 served as a member of the executive committee within the last three years. Principals and superintendents are able to appeal a ruling

(C) Eligibility requirements for new students to participate in interscholastic athletics shall be no more restrictive in language or application than the rules or policies of the association, body, or entity that were in effect on January 1, 2020.

1.50. (SDE: Reading/Literacy Coaches) (A) For the current fiscal year, of the funds appropriated for Reading/Literacy Coaches, the Department of Education shall retain up to \$14,000,000 to be expended for the Palmetto Literacy Project. The Department shall identify schools in the Palmetto Literacy Project that have one-third or more of its third grade students scoring at the lowest achievement level on the statewide summative English language arts assessment. For each school identified and participating in the Palmetto Literacy Project in the prior school year, the Department of Education shall provide, at a minimum, the following support: provision of reading specialists, professional learning, and curriculum resources based on the science of reading. The reading specialist/coaches provided to the Palmetto Literacy Project schools shall be hired and evaluated annually by the Department of Education.

(B) The balance of funds appropriated to the Department for Reading/Literacy Coaches shall be allocated to school districts for schools not included in the Palmetto Literacy Project to support reading instruction and interventions which may include, but not be limited to, hiring reading/literacy coaches, interventionists, or professional development based on the science of reading. Expenditure of funding must be included in the district reading plan approved by the Department of Education.

A district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or middle school or a combination of these schools depending on the area of highest need in the district except in the event that the district can request and receive a waiver from the Department of Education to expend the funds on interventionists who spend more than fifty percent

1 of their time providing direct support to struggling readers in grades kindergarten through grade five. The school district must align
2 the placement of coaches to the district reading plan that is approved by the department.

3 (E) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle
4 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155, Title 59.

5 (F) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as
6 an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they
7 must withhold that districts remaining balance of funds allocated pursuant to this proviso.

8 (G) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.
9 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:

11 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or

12 (3) holds a master's degree or higher in reading or a closely-related field.

13 Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that
14 the school is not successful in identifying and directly employing a qualified candidate.

15 (H) The Department of Education shall require:

16 (1) any school district receiving funding to identify the name and qualifications of the supported reading/literacy coach; as
17 well as the school in which the coach is assigned; and

19 (I) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the
20 hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will be

34 such courses in grades seven through twelve without having the add on certification for middle-level education. A teacher certified

2 courses that utilize this exemption.

3 **1.55.** (SDE: Digital Instructional Materials) The Department of Education shall continue to create an instructional materials list
4 composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption
5 process. The department shall continue to work with the publishers of instructional materials to ensure that districts have options for
6 print/digital student materials to include class sets of print student editions, if needed. Funds appropriated for the purchase of
7 instructional materials (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on
8 the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook
9 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the
10 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs,
11 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional
12 Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the
13 department, school districts, and special schools. These funds are not subject to flexibility.

14 **1.56.** (SDE: Technology Technical Assistance) Of the funds appropriated in VIII.D - Technology for the K-12 Technology
15 Initiative, the department is authorized to withhold up to \$350,000 in order to provide technology technical assistance to school
16 districts.

17 **1.57.** (SDE: Technology Technical Assistance) Funds appropriated to the Department of Education for Technology Technical
18 Assistance must be used to increase the capacity of districts, first who are or were the original trial and plaintiff school districts in
19 the Abbeville law suit, and then other districts that need such assistance. Funds shall be used by the department to assist school
20 districts in procuring appropriate technology to include devices and infrastructure and to build capacity to offer online testing and
21 increased access. For the current fiscal year, districts and individual public charter schools may request a waiver from the State
22 Board of Education from the requirement that all assessments be administered online; however, any paper administrations must be
23 completed according to the deadlines set by the department.

24 **1.58.** (SDE: Assistance Funding) For the current fiscal year, any funds appropriated to the Department of Education to assist
25 districts that are or were Plaintiffs in the Abbeville law suit and funding appropriated to the department to provide technical assistance
26 to underperforming districts may not be transferred to any other program, are not subject to flexibility, and may be carried forward
27 and expended for the same purposes.

16 agree with the appropriations in Part IA, Section 1, VIII.F. Other State Agencies and Entities, the "other funds" appropriations in the
17 respective agency and entity sections of the General Appropriations Act will be adjusted by the Executive Budget Office to conform
18 to the appropriations in Part IA, Section 1, VIII.F. Other State Agencies and Entities. Further, the Department of Revenue is directed

23 after December thirty-first, the teacher may include the expenditures on his initial return or may file an amended ~~2024~~ 2025 return
24 claiming the credit, so long as the return or amended return is filed in this fiscal year. The Department of Revenue may require
25 whatever proof it deems necessary to implement the credit provided by this part of this provision. Any person receiving the
26 reimbursement provided by this proviso is ineligible to take the income tax credit allowed by this proviso.

2 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the
3 most economical type of bus fuel.

4 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school
5 districts based on weighted pupil units.

6 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,
7 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made
8 available for public viewing and downloading. The register must include for each expenditure:

9 (i) the transaction amount;

10 (ii) the name of the payee; and

11 (iii) a statement providing a detailed description of the expenditure.

12 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must
13 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete
14 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at
15 least once a month.

16 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards
17 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each
18 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the
19 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

20 The Comptroller General must establish and maintain a website to contain the information required by this section from a school
21 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate
22 between the school districts and search for the information they are seeking.

23 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
24 30 of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
25 Education to exercise its authority to grant waivers under Regulation 43-261.

26 **1A.14.** (SDE-EIA: Teacher Salary Supplement) The department is directed to carry forward prior year unobligated teacher salary

19 documented through state approved screening assessments or children with medically documented disabilities who do not already
20 qualify for special need services should also be considered for enrollment. In the event that more students seek to enroll than available
21 space permits, districts shall prioritize students (at the time of acceptance) on the basis of family income expressed as a percentage
22 of the federal poverty guidelines, with the lowest family incomes given the highest enrollment priority.

23 **1A.21.** (SDE-EIA: Reading) ~~The funds allocated to the Department of Education for reading shall be used to provide districts~~
24 ~~with research-based strategies and professional development and to work directly with schools and districts to assist with~~

2 to school districts to serve adult education students between the ages of seventeen and twenty-one who are enrolled in programs
3 leading to a state high school diploma, state high school equivalency diploma (GED), or career readiness certificate. The remaining
4 funds will be allocated to districts based on a formula which includes factors such as target populations without a high school
5 credential, program enrollment the previous school year, number of students making an educational gain the previous school year,
6 and performance factors such as number of high school credentials and career readiness certificates awarded the previous school
7 year. Overall levels of state funding must meet the federal requirement of state maintenance of effort. Each school district must
8 collect information from both the student and the school including why the student has enrolled in Adult Education and whether or
9 not the student is pursuing a GED or Diploma. The school district must then provide a quarterly report to the Department of Education
10 and must include the unique student identifier. The department, in turn, will provide summary information to the House Ways and
11 Means Committee, the House Education and Public Works Committee, the Senate Finance Committee and the Senate Education

20 by the South Carolina Public Charter School District or an approved institution of higher education may participate in the South

23 of the federal poverty guidelines as promulgated annually by the United States Department of Health and Human Services or a
24 statement of Medicaid eligibility.

25 (B) A parent or guardian may choose to enroll their child in a public school participating in the program and approved by the
26 Department of Education pursuant to Section 59-156-210 or in a private provider participating in the program and approved by the
27 Office of First Steps pursuant to Section 59-156-200. A private provider includes, but is not limited to, a child care center, a military
28 child care facility regulated by the United States Department of Defense, or a non-profit independent school. State funds appropriated
29 for the provision of CERDEP services in military child care facilities may not be used to supplant existing federal child care funds.
30 No school district can be denied participation in CERDEP or be denied CERDEP funding pursuant to the terms of this provision.

31 (C) 4K programs in public schools and non-profit independent schools participating in CERDEP are not required to be approved,
32 registered, or licensed by the Department of Social Services in order to participate in CERDEP. Instead, the Department of Education
33 and the Office of First Steps are responsible for ensuring that providers deliver high-quality educational programs pursuant to Section
34 59-156-160.

35 (D) Public and private providers shall be funded for instructional costs at a minimum rate of \$5,100 per student enrolled. Eligible
36 students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by

1 the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for
2 reimbursement at a minimum of \$620 per eligible child transported. First Steps and the Department of Education must provide an
3 equitable distribution above the minimum between public and private providers. First Steps and the Department of Education must
4 provide a quarterly report beginning October 1 detailing funding above the minimum made to any provider to the Governor, the
5 Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee. All providers who are
6 reimbursed are required to retain records as required by their fiscal agent. New providers participating for the first time in the current
7 fiscal year and enrolling between one and six eligible children shall be eligible to receive at a minimum of \$1,000 per child in
8 materials and equipment funding, with providers enrolling seven or more such children eligible for funding at a minimum of \$10,000.
9 The Department of Education and the Office of First Steps Readiness are authorized to utilize carry forward funds and federal funds
10 to supplement the amount expended for materials and equipment. Providers receiving equipment funding are expected to participate
11 in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate
12 for three years will require the provider to return a portion of the equipment allocation at a level determined by the Department of
13 Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested
14 by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public
15 school students whose complete records have been entered into PowerSchool based on the one hundred and thirty-five day student
16 average daily membership. For the current fiscal year, providers may enroll pay-lunch children who score at or below the twenty-fifth
17 national percentile on two of the three DIAL-3 subscales by July 1 if at least seventy-five percent of the total number of children
18 eligible for the Child Early Reading Development and Education Program in a district or county are projected to be enrolled in that
19 program, Head Start, or ABC Child Care Program as determined by the Department of Education and the Office of First Steps, Child
20 Early Reading Development and Education Program. Providers may receive reimbursement for these children if funds are available.
21 By September 1, the Department of Education and the Office of First Steps must collect the documented waiting lists, share the lists,
22 and determine a process to notify parents of eligible students of available slots in all approved providers. The Department of
23 Education is required to offer waivers allowing students with disabilities to be served in multi-categorical classroom settings based
24 on similar cognition and abilities. Funding appropriated for CERDEP may be carried forward and expended for the same purpose.
25 (E) Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations
26 are accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the
27 department, during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department
28 must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of
29 the annual audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps
30 determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must
31 adjust the allocations for the current fiscal year to account for the findings.
32 (F) Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation
33 of the South Carolina Early Reading Development and Education Program (CERDEP) and to issue findings in a report to the General
34 Assembly by March first of each year. To aid in this evaluation, the Education Oversight Committee shall determine and obtain the
35 data necessary and both public and private providers are required to submit the necessary data as a condition of continued
36 participation in and funding of the program, including average daily attendance data, so that consistent enrollment may be determined.

1 This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall
2 issue a unique student identifier for each child receiving services from a public or private provider including those funded by
3 CERDEP, Head Start, SC Child Care Scholarships, EIA, Title I, district-funded, and all other federal, state, or local public sources.
4 The Department of Education shall be responsible for the collection and maintenance of data on the public state funded full day and
5 half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection
6 and maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee
7 shall use this data and all other collected and maintained data necessary to conduct a research based review of the program's
8 implementation and assessment of student success in the early elementary grades along with information, recommendations, and a
9 timeline for how the state can increase the number of students served in high-quality programs. To aid in the accurate reporting of
10 four-year-olds in poverty served in formal education programs in public schools in South Carolina, the Department of Education
11 must provide to the EOC data related to four-year-olds served in formal education programs funded with other state, local, or federal
12 funds, including Title 1 and EIA-District-funded programs, denoting full- or partial-day status.

13 (G) For eligible children residing in school districts that do not participate in CERDEP, the Department of Education is required
14 to develop and implement inter-district transfer policies that give parents or guardians the option of their eligible child attending an
15 out-of-district school that participates in CERDEP.

16 (H) For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher
17 reimbursement rates to high-quality providers. The reimbursement rate for students enrolled by child care providers rated B or higher
18 in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student base
19 following guidelines developed by the Office of First Steps; and (2) up to \$250,000 to provide one-time supplemental, needs-based
20 incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand
21 service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head
22 Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to
23 bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently
24 preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process
25 that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers
26 to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide
27 high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall
28 require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School
29 Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the
30 House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15.

31 (I) If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed
32 expenditures, available funds may be used to fund an extended program and to increase the length of the program to a maximum of
33 eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund
34 summer enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced
35 on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per
36 day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated

1 amount contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily
2 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty
3 days. Funds may also be used to provide parent engagement, professional development, and quality evaluations of programs. No
4 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance
5 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following
6 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the
7 amount of money used for professional development as well as the types of professional development offered and the number of
8 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the
9 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

10 (J) On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total
11 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional
12 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of
13 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the
14 Department of Education and the Office of First Steps.

15 (K) The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State
16 Collaboration Office to inform parents of all publicly funded full-day 4K programs including Head Start by participating in
17 PalmettoPreK and First5SC.

18 **1A.27.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the
19 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for
20 individuals who teach children of poverty through weekend college, nontraditional, or alternative learning opportunities.

21 **1A.28.** (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000
22 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally
23 certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical
24 contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first
25 and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career
26 clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course
27 exams graded by a national industry organization and must include in their grant request how the money will be spent in direct
28 support of students to further industry-specific career technology education; a description and history of their program nationally and
29 within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August
30 first of the following year, the organization must submit to the department a report detailing how the grant increased
31 industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry
32 organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student
33 competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading
34 to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs;
35 student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors
36 about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead

1 to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service
2 learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the
3 number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may
4 not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to
5 provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified
6 in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must
7 submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first
8 that has been audited by a third party accounting firm.

10 appropriated in Part IA, Section 1, VIII. F. will continue to report annually to the Education Oversight Committee (EOC). Any entity
11 receiving funds that must flow through a state agency will receive those funds through the EOC, unless requested in writing by the

18 the average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school
19 year, the Southeastern average teacher salary is projected to be ~~\$59,866~~ \$61,964. The General Assembly remains desirous of raising
20 the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to
21 the national average teacher salary.

22 (B) Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all
23 eligible certified teachers employed by the district by no less than one year of experience credit using at a minimum the district salary
24 schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for
25 all eligible certified teachers. For Fiscal Year ~~2024-25~~ 2025-26, the requirement that school districts maintain local salary
26 supplements per teacher no less than their prior fiscal year level is suspended.

28 Staff (PCS) System.

29 **1A.32.** (SDE-EIA: PowerSchool Dropout Recovery Data) With the funds appropriated to the Department of Education for

31 on the number of students who had previously dropped out of school and who reenrolled in a public school or adult education to
32 pursue a high school diploma. The Education Oversight Committee working with the Department of Education will determine how
33 to calculate a dropout recovery rate that will be reflected on the annual school and district report cards. The department may carry
34 forward and expend the funds for the same purpose.

35 **1A.33.** (SDE-EIA: Assisting, Developing and Evaluating Professional Teaching -ADEPT) With funds appropriated in the current

8 content areas; training; research; advocacy; and practical consultancy. The Center will establish collaborative educational enterprises
9 with schools, school districts, parents, communities, and businesses while fulfilling the responsibilities of the School Improvement

15 Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the
16 assessment of public education in South Carolina that support increased student achievement in reading and college and career
17 readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for
18 planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student
19 academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science,
20 technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to
21 students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on
22 creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based
23 methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty
24 schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like
25 the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the
26 General Assembly on the measurement results.

31 include safety directives in the classroom, a safe student and staff exit strategy and necessary safety staff. Notice of completion of
32 the updated plans must be submitted to the Department of Education no later than September first, of the current fiscal year. In the

29 periodic evaluations of the institutions currently hosting a Teaching Fellows (TF) program and ensure that the TF programs at the
30 current host institutions continue to meet the requirements for a TF program as set forth by the CERRA Board of Directors. Further,

33 Board of Directors. CERRA will publish TF program criteria and requirements prominently on its website. Any institution who
34 applies but is not selected to host a TF program will be informed in writing of the basis for the selection decision and be offered
35 technical support if the institution elects to reapply. Any institution that applies but is not selected to host a TF program may appeal
36 to the Commission on Higher Education.

2 Public Charter School District or a registered Institution of Higher Education, the sponsor must require each charter school to submit
3 a student attendance report for the 5th, 45th, 90th and 135th days. Reporting requirements shall include both Average Daily Membership
4 and Weighted Pupil Unit membership. The South Carolina Public Charter School District or a registered Institution of Higher
5 Education shall then provide the data for each charter school to the Department of Education. Quarterly, the department will submit
6 the information to the House Ways and Means Committee, the House Education and Public Works Committee, the Senate Finance

23 Educator Recruitment, Retention, and Advancement (CERRA) to recruit and retain classroom educators in rural and underserved
24 districts experiencing excessive turnover of classroom teachers on an annual basis.

25 (B) During the current fiscal year CERRA shall publish eligibility requirements and applications for individual educators, school
26 districts, and institutions of higher education not inconsistent with existing licensure requirements for each, but also including:

27 (1) Eligible districts identified by CERRA as experiencing greater than eleven percent average annual teacher turnover, as

31 participation in an incentive detailed in item (C) pursuant to the obligations and restrictions stated for each.

32 (3) Institutions of higher education eligible to receive education funding as a component of recruiting incentives created
33 pursuant to item (C) of this ~~section~~ provision shall not be excluded from participation in Teaching Fellows Program.

34 (4) Any incentives requiring individuals to relocate into an eligible district to provide instructional services shall not be made
35 available to individuals providing instructional services in other eligible districts.

(C) Pursuant to item (A), CERRA shall develop a set of incentives including, but not limited to, salary supplements, education subsidies, loan forgiveness, professional development, and mentorship to be provided to classroom educators that offer instructional services in eligible districts and shall provide incentive options for eligible individuals at all stages of their careers, including high-school and college or university students interested in entering the teaching profession and including individuals entering the field through an alternative certification pathway to include, but not limited to, PACE, ABCTE, Teach for America, and CATE Work-Based Certification.

(4) Other technical support and recruiting incentives as developed by CERRA in conjunction with the Department of Education and the Education Oversight Committee consistent with the objectives of this section.

(D) In addition to eligibility and application requirements, CERRA shall develop a process for recovering an amount equal to the incentives given to individual participants who fail to comply with the obligations associated with a relevant incentive in which they participate including, but not limited to, failure to complete a prescribed course of study, failure to obtain a relevant certification or licensure upon completion of a course of study, or failure to provide instructional services in an eligible district for a prescribed period of time.

(E) CERRA shall report by July thirty-first of the current fiscal year to the Governor, President of the Senate, and Speaker of the House on the incentives developed pursuant to item (C) of this proviso and make recommendations for attracting and retaining high quality teachers in rural and underserved districts. The report shall contain at a minimum eligibility requirements and application processes for districts and individuals, descriptions of and proposed budgets for each incentive program and an analysis of the number and demographics of individuals potentially eligible for each.

1A.46. (SDE-EIA: Project Read) Of the funds appropriated in Section 1A. VIII.A.3. for Reading, \$500,000 must be used for teacher in-service training and professional development related to Project Read. The department may set accountability guidelines to ensure that funds are spent in accordance with the proviso.

1 **1A.47.** (SDE-EIA: Reading/Literacy Coaches) (A) For the current fiscal year, of the funds appropriated for Reading/Literacy
2 Coaches, the Department of Education shall retain up to \$14,000,000 to be expended for the Palmetto Literacy Project. The
3 Department shall identify schools in the Palmetto Literacy Project that have one-third or more of its third grade students scoring at
4 the lowest achievement level on the statewide summative English language arts assessment. For each school identified and
5 participating in the Palmetto Literacy Project in the prior school year, the Department of Education shall provide, at a minimum, the

9 (B) The balance of funds appropriated to the Department for Reading/Literacy Coaches shall be allocated to school districts for
10 schools not included in the Palmetto Literacy Project to support reading instruction and interventions which may include, but not be
11 limited to, hiring reading/literacy coaches, interventionists, or professional development based on the science of reading. Expenditure
12 of funding must be included in the district reading plan approved by the Department of Education.

13 (C) These funds must be allocated to school districts by the Department of Education as follows: for each primary and elementary
14 school, the school district shall be eligible to receive up to \$62,730 or the actual cost of salary and benefits for a full-time
15 reading/literacy coach.

16 (D) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,
17 except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A
18 district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or middle school or
19 a combination of these schools depending on the area of highest need in the district except in the event that the district can request
20 and receive a waiver from the Department of Education to expend the funds on interventionists who spend more than fifty percent
21 of their time providing direct support to struggling readers in grades kindergarten through grade five. The school district must align
22 the placement of coaches to the district reading plan that is approved by the department.

23 (E) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle
24 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155, Title 59.

25 (F) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as
26 an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they
27 must withhold that districts remaining balance of funds allocated pursuant to this proviso.

28 (G) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.
29 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:

- 30 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist;
31 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or
32 (3) holds a master's degree or higher in reading or a closely-related field.

34 the school is not successful in identifying and directly employing a qualified candidate.

35 (H) The Department of Education shall require:

1 (1) any school district receiving funding to identify the name and qualifications of the supported reading/literacy coach; as
2 well as the school in which the coach is assigned; and

3 (2) any school district receiving funding to account for the specific amounts and uses of such funds.

4 (I) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the
5 hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will be
6 used for Summer Reading Camps.

7 (J) Any unspent or unallocated funds may be carried forward and expended for Summer Reading Camps.

8 **1A.48.** (SDE-EIA: Digital Instructional Materials) The Department of Education shall continue to create an instructional materials
9 list composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption
10 process. The department shall continue to work with the publishers of instructional materials to ensure that districts have options for
11 print/digital student materials to include class sets of print student editions, if needed. Funds appropriated for the purchase of
12 instructional materials (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on
13 the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook
14 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the
15 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs,
16 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional
17 Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the
18 department, school districts, and special schools. These funds are not subject to flexibility.

19 **1A.49.** (SDE-EIA: 4K Early Literacy Competencies Assessments) Of the funds carried forward from the full-day 4K program
20 from the previous fiscal year, the Department of Education is authorized to expend up to \$800,000 on assessments and professional
21 development to analyze the early literacy competencies of children in publicly funded prekindergarten. If these funds are not
22 available, funds appropriated and/or authorized for assessment shall be used to administer the prekindergarten assessments. The
23 department shall manage the administration of assessments that analyze the early literacy and language development of children in
24 publicly funded prekindergarten as done in the prior fiscal year. Each school district and private provider participating in a publicly
25 funded prekindergarten program will administer one of the formative assessments selected by the department to each child eligible
26 for and enrolled in a publicly funded prekindergarten program during the first forty-five days of the school year and during the last
27 forty-five days of the school year. Accommodations that do not invalidate the results of these assessments must be provided in the
28 manner set forth by the student's Individualized Education Program or 504 Accommodations Plan and for students who are Limited
29 English Proficient according to their LEP Plan. The department will provide the assessment data to the Education Oversight
30 Committee. The results of the assessment and the developmental intervention strategies recommended or services needed to address
31 the child's identified needs must also be provided, in writing, to the parent or guardian. The assessment may not be used to deny a
32 student to admission to prekindergarten.

33 Furthermore, up to \$2,000,000 of the funds appropriated for half-day programs for four-year-olds and funds carried forward from
34 assessment must be expended by the Department of Education to administer the KRA to each child entering kindergarten in the
35 public schools. The assessment of kindergarten students must be administered at a minimum of once during the first forty-five days
36 of the school year with the results collected by the department. The results of the assessments and the developmental intervention

1 strategies recommended or services needed to address each child's identified needs must also be provided, in writing, to the parent
2 or guardian. The assessment may not be used to deny a student admission to kindergarten. Accommodations that do not invalidate
3 the results of these assessments must be provided in the manner set forth by the student's Individualized Education Program, 504
4 Accommodations Plan, or LEP Plan. Districts are given the option of designating up to two days of the one hundred eighty day
5 school calendar to administer the assessment to kindergarten students. The department will also provide the results of the assessment
6 of kindergarten students to the Education Oversight Committee. With available funds, the department will also provide or secure
7 training for appropriate educators in how to administer the assessment.

8 For all students assessed with the KRA, the Department of Education is required to collect data from schools and school districts
9 on the prior early learning experience of each student. The data would include whether the kindergartener had attended in the prior
10 school year a Head Start program, a South Carolina Early Reading Development and Education Program in a public school or a
11 private center, a half-day 4K program in a public school, a full-day 4K program in a public school, a child care center (registered
12 faith-based, registered family home, group home, or exempt provider), or informal child care.

13 **1A.50.** (SDE-EIA: Industry Certifications/Credentials) Of the funds appropriated for Industry Certifications/Credentials,
14 \$3,000,000 must be allocated to school districts based upon the number of national industry exams administered in the prior school
15 year with each district receiving a base amount of \$10,000. The department will identify the national industry exams that will be
16 funded based upon the job availability in the state. School districts may carry forward funds from the prior fiscal year into the current
17 fiscal year and expend the funds for the cost of national industry exams. The department shall work with the Department of
18 Commerce, the Department of Employment and Workforce, state and local chambers of commerce and economic development
19 offices and the Tech Board to ensure that students are aware of the industry required credentials for current job availability in the
20 state organized by region. Any additional funds appropriated must be allocated to school districts based upon the number of national
21 industry exams/credentials earned in the prior school year, and districts must expend these funds to pay for the cost of industry exams
22 or to support students in preparing for the exams in the current fiscal year.

23 **1A.51.** (SDE-EIA: Career and Technology Education) Of the funds appropriated for Career and Technology Education,
24 multi-district careers centers that received funds in Fiscal Year ~~2024-25~~ 2025-26 from the State Aid to Classrooms line item shall
25 receive in the current fiscal year at least \$2,750,000. The balance of funds appropriated for Career and Technology Education will
26 be distributed to school districts and multi-district career centers based on the prior year actual student enrollment for career and
27 technology education courses, with no district or multi-district career center receiving less than \$50,000. Funds may be expended
28 for the purchase of career and technical equipment, the up fitting of facilities and the purchase of consumables, regional career
29 specialists, and such evidence-based initiatives like High Schools that Work and Project Lead the Way. Each district must include
30 in the district plan submitted to the Office of Career and Technology Education information on other career and technical equipment
31 available. The district must include, at a minimum, equipment located at the career center and at the technical college, information
32 on the alignment of equipment to current industry jobs and needs in the state as recommended by career and technical program
33 advisory committees. District plans must include charter schools within the school district offering at least one career and technical
34 education completer program. School districts and career centers may carry forward unexpended funds to be used for the same
35 intended purposes to up fit career and technical facilities and replace career and technical program consumables. In addition,

If the lottery revenue received from certified unclaimed prizes for Fiscal Year 2024-25 is less than the amounts appropriated, the projects and programs receiving appropriations for any such year shall have their appropriations reduced on a pro rata basis.

Fiscal Year 2024-25 funds appropriated to the Commission on Higher Education and the State Board for Technical and Comprehensive Education for Tuition Assistance must be distributed to the technical colleges and two-year institutions as provided in Section 59-150-360. Annually, the State Board for Technical and Comprehensive Education and the Commission on Higher Education shall develop the Tuition Assistance distribution of funds.

The provisions of Section 2-75-30 regarding the aggregate amount of funding provided for the Centers of Excellence Matching Endowment are suspended for the current fiscal year.

The Commission on Higher Education is authorized to temporarily transfer funds between appropriated line items in order to ensure the timely receipt of scholarships and tuition assistance. It is the goal of the General Assembly to fund the Tuition Assistance program at such a level to support at least \$996 per student per term for full-time students.

Fiscal Year 2024-25 net lottery proceeds and investment earnings in excess of the certified net lottery proceeds and investment earnings for this period are appropriated and must be used to ensure that all LIFE, HOPE, and Palmetto Fellows Scholarships for Fiscal Year 2024-25 are fully funded.

If the lottery revenue received for Fiscal Year 2024-25 certified net lottery proceeds and investment earnings for the current fiscal year, Fiscal Year 2023-24 projected surplus, and Fiscal Year 2022-23 certified surplus and the undesignated fund balance are less than the amounts appropriated, the Executive Budget Office is authorized to use surplus lottery proceeds accumulated in the lottery account from previous fiscal years to fully fund appropriations from the lottery authorized by the General Assembly. If a revenue shortfall still exists once the fund balance has been exhausted, then the projects and programs receiving appropriations for any such year shall have their appropriations reduced on a pro rata basis, except that a reduction must not be applied to the funding of LIFE, HOPE, and Palmetto Fellows Scholarships.

The Higher Education Tuition Grants Commission is authorized to use up to \$70,000 of the funds appropriated in this provision for Tuition Grants to provide the necessary level of program support for the grants award process.

Of the funds appropriated to the Commission on Higher Education for College Transition Scholarships, the commission shall provide scholarships to South Carolina resident students enrolled at a public institution of higher education in an established College Transition Program (CTP) that serves students with intellectual disabilities. The commission, in consultation with the CTPs, shall develop guidelines establishing scholarship eligibility, retention, and/or renewal requirements in accordance with this paragraph.

1 Scholarships shall be awarded to each South Carolina resident student enrolled in an established public CTP in an amount of at least
2 \$2,500 per semester, not to exceed \$10,000 per academic year (including summer semester), and no student may receive a scholarship
3 for more than eight semesters in total. In addition, the limitations of Proviso 11.10 notwithstanding, individual CTPs shall have the
4 discretion to allocate a portion of their aggregate funding provided pursuant to this provision for need-based grants to eligible
5 students. This discretion is allowable only to the extent that the funding for need-based grants for eligible CTP students provided
6 pursuant to Proviso 11.10 has first been fully exhausted. The commission, in cooperation with the CTPs, shall collect and report the
7 number of scholarship recipients and other information determined necessary to evaluate the effectiveness of these scholarships in
8 assisting students with intellectual disabilities in college transition programs. The commission shall provide this report to the
9 Governor, the Chairman of the House Education and Public Works Committee, the Chairman of the Senate Education Committee,
10 the Chairman of the House Ways and Means Committee, and the Chairman of the Senate Finance Committee no later than September

12 consortium (known as The South Carolina Inclusive Post-Secondary Education Consortium) to be used collaboratively by the
13 consortium to promote better awareness of CTP programs statewide as an option for youth with intellectual disabilities after high
14 school through dedicated support for activities such as, but not necessarily limited to, student recruitment, development and

18 submit requests to carry forward Need-Based Grants to the Commission on Higher Education by June 30, 2025, and final invoices
19 for Need-based Grants by a date determined by the commission. For Fiscal Year 2024-25, all eligible students must be awarded up
20 to the maximum allowable amount prior to any Need-Based Grant funds being carried forward. Funds only shall be carried forward
21 if all eligible Need-based Grant students at the public colleges and universities are fully funded with financial aid that does not require
22 student repayment. Funds allocated for Fiscal Year 2024-25 must be distributed in the same academic year.

18 by the clerk of court and sent on a monthly basis to the Commission on Indigent Defense. However, if a defendant fails to pay this
19 fee, this failure alone is not sufficient basis for incarceration for a probation violation. This assessment shall be collected and paid
20 over before any other fees.

21 **61.7.** (INDEF: Defense of Indigents Civil Action Application Fee) (A) A person requesting appointment of counsel in any
22 termination of parental rights (TPR), abuse and neglect, or any other civil court action in this state shall execute an affidavit that the
23 person is financially unable to employ counsel and that affidavit shall set forth all of the person’s assets. This affidavit must be
24 completed before counsel may be appointed. If it appears that the person has some assets but they are insufficient to employ private

26 Defense.

27 (B) A forty dollar application fee for appointed counsel services must be collected from every person who executes an affidavit
28 that they are financially unable to employ counsel. The person may apply to the court, the clerk of court, or other appropriate official

31 or reduced to the trial judge and the trial judge shall order the remainder of the fee paid by a time payment method or such method
32 as the trial judge deems appropriate. The clerk of court or other appropriate official shall collect the application fee imposed by this

34 to Section 17-3-30(B). The monies must be deposited in an interest-bearing account separate from the general fund and used only
35 to provide for indigent defense services. The monies shall be administered by the Commission on Indigent Defense. The clerk of

1 application and shall provide this information to the Commission on Indigent Defense on a monthly basis as well as reporting the
2 amount of funds collected or waived.

3 (C) In matters in which a juvenile is brought before a court, the parents or legal guardian of such juvenile shall execute the above

5 or legal guardians of said juvenile, shall be advised in writing of this requirement at the earliest stage of the proceedings against said
6 juvenile.

7 (D) Nothing contained above shall restrict or hinder a court from appointing counsel in any emergency proceedings or where
8 existing statutes do not provide sufficient time for an individual to complete the application process.

9 (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is
10 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a
11 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

12 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing
13 of a claim shall not constitute a lien against real or personal property of the person unless, in the discretion of the court, part or all of
14 such claim is reduced to judgment by appropriate order of the court, after serving the person with at least thirty days' notice that
15 judgment will be entered. When a claim is reduced to judgment, it shall have the same effect as judgments, except as modified by
16 this provision.

17 **61.8.** (INDEF: Exemption for Pass Through Funding) The funds distributed by the Commission on Indigent Defense to the

12 fees shall be paid under any circumstances.

13 Upon a finding in ex parte proceedings that investigative, expert, or other services are reasonable and necessary for the
14 representation of the defendant, the court shall authorize the defendant's attorney to obtain such services on behalf of the defendant
15 and shall authorize the payment, from funds available to the Commission on Indigent Defense, of fees and expenses not to exceed
16 five hundred dollars as the court considers appropriate. Payment in excess of the five-hundred-dollar limit is authorized only if the
17 court certifies, in a written order with specific findings of fact, prior to the expense being incurred, that payment in excess of the
18 limit is appropriate because the services to be provided are reasonable and necessary to provide adequate defense. Payments shall be
19 made from funds appropriated for this purpose from the Commission of Indigent Defense. If prior approval by written order of the

The Authority is authorized to request in-person reports from governmental body leadership on corrective actions being taken to rectify such repeat or egregious violations of the Manual and may exempt any governmental body from any requirement of this proviso.

SECTION 105 - F270 - SFAA, OFFICE OF STATE AUDITOR

105.1. (SFAA-AUD: Annual Audit of Federal Programs) Each state agency receiving federal funds subject to the audit requirements of the Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations (C.F.R) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) shall remit to the State Auditor an amount representing an equitable portion of the expense of conducting the audit of the State's federal financial assistance.

Each state agency's equitable portion of the expense will be determined by a schedule developed by the State Auditor. Such remittance will be based upon invoices provided by the State Auditor. The State Auditor shall retain and expend the funds received and shall carry forward any unexpended funds from the prior fiscal year into the current fiscal year for the same purpose.

105.2. (SFAA-AUD: Medical Assistance Audit Carry Forward) The State Auditor's Office shall retain and expend the funds received from the Department of Health and Human Services for the Medical Assistance Audit Program pursuant to Proviso 33.3 of this act and shall carry forward any unexpended funds from the prior fiscal year into the current fiscal year for the same purpose.

7 Code. The State Auditor may contract with one or more CPA/accounting firms to conduct the required audits. The State Auditor
8 shall consult with the State Treasurer to determine the jurisdictions to be audited in the current fiscal year. Jurisdictions may be
9 selected randomly or based on an instance in the current or previous fiscal year of failing to report, incorrectly reporting or under
10 remitting amounts owed. The funds transferred to the State Auditor by the State Treasurer shall not be used for any purpose other
11 than to conduct the described audits and report whether or not the assessments, surcharges, fees, fines, forfeitures, escheatments, or
12 other monetary penalties imposed and/or mandated are properly collected and remitted to the State. Any unexpended balance on

17 by state institutions of higher learning, as defined by Section 59-107-10 of the 1976 Code, and report his findings to the General
18 Assembly. The intent is to identify those obligations which are long-term debt or tantamount to long-term debt, or those which, if
19 not honored, might result in a negative rating action on the institution's or the State's credit rating. Such obligations would not
20 include either general obligation debt or bonded indebtedness issued directly by an institution.

21 (B) "Long-term obligation" means:

22 (1) an arrangement to acquire an interest in or a right to use, or have others use, any type of property if all or a portion of the
23 money required to pay for the acquisition is secured through fare, toll, or user charges;

24 (2) an arrangement to acquire an interest in or a right to use, or have others use, any type of property if (a) the arrangement is
25 financed, directly or indirectly, with indebtedness undertaken by another for that purpose; (b) the state institution knows or should
26 know the acquisition is financed by indebtedness; and, (c) the state institution is obligated to make, or undertakes to have others

30 nominal or no additional consideration; (f) an agreement involving collateral, such as a mortgage or security interest; (g) a public
31 private partnership; (h) an agreement structured as either design-build-operate-maintain or design-build-finance-operate-maintain,

33 that creates a security interest, as addressed in Section 36-1-203(b); or (k) a guaranteed energy, water, or wastewater savings contract,
34 as authorized by Section 48-52-670(A).

35 (C) The report should include long-term obligations irrespective of the source of funds involved, if any, and whether or not the
36 obligation is subject to the availability or appropriation of funds. The report should exclude the following: (1) general obligation

debt authorized under Section 13, Article X of the Constitution of South Carolina, 1895, and debt issued by the state institution under Section 13, Article X of the Constitution of South Carolina, 1895, but not debt issued under Section 13 or 14 of Article X on its behalf or for its benefit; and (2) an institution's obligation to make payments when the total amount of money needed for the obligation is committed for that purpose, authorized for expenditure, and in hand.

(D) The report should be adequate to catalog the type, extent, and prevalence of long-term obligations by state institutions. Without limitation, the report should include the following information for each obligation identified, if applicable: (1) the interest or right acquired; (2) the initial, maximum, and then outstanding amount of indebtedness involved; (3) whether a credit rating was obtained for such indebtedness; (4) the amount and frequency of payments involved, and who makes the payments; (5) the total amount of payments remaining to be made; (6) the initial and remaining duration of the obligation; (7) the source of funds used to make payments; (8) the parties to the arrangement and any associated borrowing, including without limitation, the entity lending the funds or assets associated with the financed acquisition; and (9) any counterparty or intermediary involved.

(E) The State Auditor shall conduct the study and issue a final report no later than one hundred and twenty days after the beginning of the current fiscal year. State institutions must fully respond within forty-five days to any formal request for information from the State Auditor. If, in the State Auditor's judgment, a state institution does not timely submit a complete and accurate report, he may obtain the service of independent professionals to audit the institution's records and charge the institution for the associated cost. Sections 11-7-30, 11-7-35, and 11-7-45 of the 1976 Code shall apply to this special study as though it were an audit.

105.6. (SFAA - AUD: Internal Audit Services) The State Auditor's Office is authorized to offer internal audit services to state agencies under a cost reimbursement, shared services model. Any state agency that does not have an internal audit function may opt to use the services to conduct such audit. 6 eligible employees to assist them with the direct costs of adoption. The program shall be an employee benefit through the Public
7 Employee Benefit Authority (PEBA) and shall be funded from the appropriation for the State Health Plan as provided in this act.
8 Total funding for the Adoption Program shall not exceed the amount authorized by the General Assembly in the annual appropriations
9 act. Employees are eligible for the Adoption Program if they participate in PEBA insurance benefits, have adopted a child during
10 the prior fiscal year, apply for the grant during the annual application period, and meet any other Adoption Program criteria. The

12 The maximum grant amounts shall be \$10,000 in the case of the adoption of a special needs child and \$5,000 for all other child

20 or \$60 per month per subscriber and dependent(s).

21 **108.4.** (PEBA: Funding Abortions Prohibited) ~~No funds appropriated for employer contributions to the State Health Insurance~~
22 ~~Plan may be expended to reimburse the expenses of an abortion, except in cases of rape, incest or where the mother's medical~~
23 ~~condition is one which, on the basis of the physician's good faith judgment, so complicates the pregnancy as to necessitate an~~
24 ~~immediate abortion to avert the risk of her death or for which a delay will create serious risk of substantial and irreversible impairment~~
25 ~~of major bodily function, and the State Health Plan may not offer coverage for abortion services, including ancillary services provided~~
26 ~~contemporaneously with abortion services. The Public Employee Benefit Authority must determine the amount of the total premium~~
27 ~~paid for health coverage necessary to cover the risks associated with reimbursing participants in the plan for obtaining an abortion in~~
28 ~~the circumstances covered by this provision. The determination must be based on actuarial data and empirical study in the same~~
29 ~~manner and by the same method that other risks are adjusted for in similar circumstances. The plan must report this determination~~

20 subscriber's former spouse is covered on a separate policy.

21 **108.11.** (PEBA: Non-State Agency Furloughs) For the current fiscal year, a participating employer in the South Carolina
22 Retirement System or Police Officers Retirement System that is not a state agency or institution of higher learning may make
23 employee and employer contributions for a period of not more than ninety working days during a furlough program that was
24 implemented as a result of and took place during the COVID-19 Public Health Emergency and if the terms of the furlough program
25 are consistent with the requirements for an approved mandatory furlough program established by a state agency or institution of
26 higher learning under state law. The participating employer shall make such contributions in order to ensure that a furloughed

24 had a judgment, lien, or other penalty levied against him for failure to pay income taxes when due, the year of the levy, and whether
25 that judgment, lien, or other penalty has been satisfied. The department may not post a candidate's complete income tax return when
26 fulfilling its obligations under this proviso.

27 (C)(1) Participation in this program by a candidate or appointee is voluntary.

27 for at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The
28 charge for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each
29 agency maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal
30 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical

35 of job requirements or program participation. Any state institution of higher learning may provide complimentary membership
36 privileges to employees who work at their wellness centers. The presidents of those state institutions of higher learning authorized

1 to provide on-campus residential facilities for students may be permitted to occupy residences on the grounds of such institutions

19 the residence to the Agency Head Salary Commission, and the Department of Administration by October first of each fiscal year.

20 (D) All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan,
21 approved by the Department of Administration, applicable to all personnel of the State Government whose compensation is not
22 specifically fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal
23 service is drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and
24 unclassified employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary
25 adjustment shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire.

27 by the plan may be excluded therefrom but their compensations as approved by the Department of Administration shall, nevertheless,
28 be subject to review by the State Fiscal Accountability Authority. Salary appropriations for employees fixed in this act shall be in

1 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the
2 Department of Administration.

3 (E) In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply
4 if the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet
5 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average
6 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging
7 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent

21 which has been damaged or destroyed by a client while in custody of the agency. The replacement of personal property may be
22 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head
23 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry
24 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per
25 incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

4 exceed the current maximum lodging rates, excluding taxes, established by the U.S. General Services Administration. The lodging
5 reimbursement for employees of a school district must also conform to these rates when that employee's travel reimbursement is
6 paid by state funds that are transferred to the school district. Agencies may contract with lodging facilities to pay on behalf of an
7 employee. Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority
8 by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the
9 obtaining of meals except that such costs shall not exceed \$35 per day within the State of South Carolina. For travel outside of South

26 (E) Members of the state boards, commissions, or committees whose duties are not full-time and who are paid on a per diem
27 basis, shall be allowed reimbursement for actual expenses incurred at the rates provided in paragraph A and I of this section while

19 which he is employed except as provided in paragraph E, of this section. When an employee is assigned to work a particular territory

21 be allowed for the necessary travel to his official headquarters. The members of the Workers' Compensation Commission may be
22 reimbursed at the regular mileage rate of one round trip each week from their respective homes to Columbia. No subsistence
23 reimbursement shall be allowed to a member of the Workers' Compensation Commission while traveling in the county of his official
24 residence. When traveling on official business of the commission outside the county of his official residence, a member of the
25 Workers' Compensation Commission shall be allowed subsistence expenses in the amount of \$42 per day. When traveling on official
26 business of the commission fifty or more miles outside the county of his official residence, each member shall be allowed a
27 subsistence allowance in the amount as provided in this act for members of the General Assembly. When out-of-state, members of
28 the Workers' Compensation Commission and the members of the Appellate Panel of the Department of Employment and Workforce

1 automobile and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this
2 calculation shall be the current rate established by the Internal Revenue Service. Whenever state provided motor pool vehicles are
3 reasonably available and their use is practical and an employee of the State shall request for his own benefit to use his or her personal
4 vehicle in traveling on necessary official business, a charge of four cents per mile less than the standard business mileage rate as
5 established by the Internal Revenue Service will be allocated for the use of such vehicle and the employee shall bear the expense of
6 supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the
7 Internal Revenue Service. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep
8 thereof but no mileage will be allowed. Agencies and employees are directed to use state fueling facilities to the maximum extent
9 possible, when such use is cost beneficial to the State. When using commercial fueling facilities, operators of State-owned vehicles
10 are directed to use self-service pumps. In traveling on the business of the State, employees are required to use the most economical
11 mode of transportation, due consideration being given to urgency, schedules and like factors.

12 Mileage between an employee's home and his/her place of employment is not subject to reimbursement. However, when an
13 employee leaves on a business trip directly from his/her home, and does not go by the employee's headquarters, the employee shall
14 be eligible for reimbursement for actual mileage beginning at his/her residence.

15 (K) That a state agency may advance travel and subsistence expense monies to employees of that agency for the financing of

22 staff members.

23 (M) The Office of Comptroller General is authorized to promulgate and publish rules and regulations governing travel and
24 subsistence payments.

29 Administration shall provide each state agency with a standard form for collecting the information required. After receiving the

6 for official business only; no member of the General Assembly, no member of a state board, commission, or committee, and no state
7 official shall use any state-owned or operated aircraft unless the member or official files within twenty-four hours after the completion
8 of the flight with the agency that provided the flight a sworn statement certifying and describing the official nature of his trip; and
9 no member of the General Assembly, no member of a state board, commission or committee, and no state official shall be furnished
10 air transportation by a state agency unless such agency prepares and maintains in its files a sworn statement from the highest ranking
11 official of the agency or its designee certifying that the member's or state official's trip was in conjunction with the official business
12 of the agency. Official business shall not include routine transportation to and from meetings of the General Assembly or committee
13 meetings for which mileage is authorized. Official business also does not include attending a press conference, bill signing, or

23 seminars for training on a per person basis) must be shown as a separate subtotal within the grand total for the individual employees
24 and the agency as a whole. The list for each agency must be in rank order with the largest expenditure first and the name of the
25 employee must be shown with each amount. Agencies should include a brief summary of the type of travel the agency incurs. The
26 Comptroller General may provide additional information as deemed appropriate. The Comptroller General shall provide no

10 identify key program area descriptions and expenditures and link these to key financial and performance results measures. The
11 Executive Budget Office is directed to develop a process for training agency leaders on the annual agency accountability report and
12 its use in financial, organizational, and accountability improvement. Until performance-based funding is fully implemented and

14 place the name of the noncompliant entity or nonprofit organization on their website where it shall remain until such time as they are

12 agency must report this information on or before August thirty-first of each year and must include the total amount and source of the
13 bonus received by the employee during the preceding fiscal year (July first through June thirtieth). The Human Resources Division
14 of the Department of Administration shall formulate policies and procedures to ensure compliance with the reporting provisions of

22 state of emergency, the allocation of those funds following the event will be determined by the Governor based on the
23 recommendation of the Adjutant General and the Director of the South Carolina Emergency Management Division.

24 In the event there is a federally declared disaster and state match funds are unavailable, the State Fiscal Accountability Authority
25 may borrow from any internal account or accounts necessary to maximize federal matching funds through the Emergency

12 transferred to any other program. Unexpended funds appropriated for Sex Offender Monitoring may be carried forward and used
13 for the same purpose. The departments are directed to submit a report to the General Assembly by January fifteenth each year

32 school loan payments may be increased by up to \$1,000 for each additional year of continuous service; however, such reimbursements
33 shall not exceed \$5,000 in any year. The amount of law school loan payment reimbursement in any calendar year shall not exceed
34 the amount of principal and interest paid on the loan in the prior calendar year. Reimbursements under the program may continue

36 Reimbursements shall be adjusted if necessary so as not to exceed appropriations for the program.

1 The Prosecutors and Defenders Public Service Incentive Program must be administered by the Commission on Prosecution

14 of revenue to provide lump sum bonuses to aid in recruiting and retaining workers in critical needs jobs which provide services that
15 directly impact the health, safety, and welfare of the public. The employee bonus amount shall be approved by the State Human
16 Resources Director based on State Human Resources guidelines, and shall not exceed \$10,000 per year. Payment of these bonuses
17 is not a part of the employee's base salary and is not earnable compensation for purposes of employee and employer contributions
18 to respective retirement systems. These bonuses shall, however, be considered earnings for determining if an employee who has
19 returned to work after retirement is subject to the earning limitation imposed in either Section 9-1-1790(A)(1) or Section
20 9-11-(4)(a)(i).

21 These agencies may also provide paid educational leave for any employee in a FTE position deemed critical by the Department of
22 Administration to attend class while enrolled in degree programs that are related to the agency's mission. All such leave is at the
23 agency head's discretion.

25 outstanding student loans associated with completion of a relevant degree. Agencies may pay these employees up to twenty percent
26 or \$7,500, whichever is less, of their outstanding student loan each year over a five-year period. Payments will be made directly to
27 the employee at the end of each year of employment. The agency will be responsible for verifying the principal balance of the
28 employee's student loan prior to issuing payments.

29 Agencies are also authorized to allow tuition reimbursement from a maximum of ten credit hours per semester; allow probationary
30 employees to participate in tuition programs; and provide tuition prepayment instead of tuition reimbursement for employees willing
31 to pursue a degree in a healthcare program. An agency may pay up to fifty percent of an employee's tuition through tuition
32 prepayment. The remaining tuition could be reimbursed to the employee after successful completion of the class.

33 The Department of Administration shall approve of the designation of critical needs positions applicable to this provision using
34 guidelines that include, but are not limited to: (1) the difficulty recruiting for the positions as reflected by data such as the vacancy
35 rate maintained, the average time to fill, the lack of sufficient qualified applicants, and other objective factors; (2) the difficulty
36 retaining employees in the positions as shown by turnover data; (3) justification by the state agency that the position is critical to the

1 core mission of the agency and directly impacts the health, safety and welfare of the public; and (4) assurances from the state agency
2 that there are sufficient existing funds available to pay for items under this provision.

3 Healthcare employees in approved critical needs positions working on a practicum or required clinical experience towards
4 completion of a healthcare degree may be allowed to complete these requirements at their state agency or another state agency at the
5 discretion of the agency head. This field placement at another state agency may be considered work time for participating employees.

6 State agencies must report to the Department of Administration by August 31st of each year any expenditure under this provision.
7 The Department of Administration shall compile a report of the responses and submit them to the Chairman of the Senate Finance
8 Committee and the Chairman of the House Ways and Means Committee by October 1st of each year.

13 days per fiscal year. During this voluntary furlough, the state employees shall be entitled to participate in the same state benefits as
14 otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee
15 contributions, the state agencies, institutions and departments will be responsible for making both employer and employee
16 contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the
17 employee remains solely responsible for making those contributions. In the event an agency's reduction is due solely to the General
18 Assembly transferring or deleting a program, this provision does not apply.

19 **117.65.** (GP: Governor's Security Detail) The State Law Enforcement Division, the Department of Public Safety, and the
20 Department of Natural Resources shall provide a security detail to the Governor in a manner agreed to by the State Law Enforcement

23 security detail for the Governor shall be made in an amount agreed to by the State Law Enforcement Division, the Department of
24 Public Safety, the Department of Natural Resources, and the Office of Governor from funds appropriated to the Office of Governor

34 for the current fiscal year, except institutions of higher learning must continue to report student pass rates on professional

11 **117.68.** (GP: IMD Operations) The Department of Health and Human Services shall produce an annual report on
12 Medicaid-funded out-of-home placements and associated expenditures which shall be provided to the Chairman of the Senate
13 Finance Committee, Chairman of the House Ways and Means Committee, and the Governor no later than November first each year.

14 **117.69.** (GP: Fines and Fees Report) In order to promote accountability and transparency, each state agency must provide and
15 release to the public via the agency's website, a report of all aggregate amounts of fines and fees that were charged and collected by

17 that authorized the fines and fees to be charged, collected, or received; (2) the amount of the fine or fee; (3) the amount received by
18 source; (4) the purpose for which the funds were expended by the agency; (5) the amount of funds transferred to the general fund, if
19 applicable, and the authority by which the transfer took place; and (6) the amount of funds transferred to another entity, if applicable,

26 implements a midyear across-the-board budget reduction, and agency heads institute a mandatory employee furlough program, in
27 determining which employees must participate in the program, agency heads should give consideration to furloughs for contract
28 employees, post-TERI employees, and TERI employees before other employees. During this mandatory furlough, the state
29 employees shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries.
30 As to those benefits which require employer and employee contributions, the state agencies, institutions, and departments will be
31 responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those
32 benefits which require only employee contributions, the employee remains solely responsible for making those contributions. In the
33 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

6 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget
7 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the

10 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting
11 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.

5 by the government employee within the scope of their official duty or in good faith. If the court finds that the government employee
6 was acting outside the scope of the employee's official duties or not in good faith, the government or their insurer shall not thereafter
7 expend any funds to pay or defend the claim including funds for the employee's legal counsel. If the court finds the government

29 (b) to develop rules and regulations for calculating the savings in item (3)(a), which shall account at a minimum for the variable

28 (2) ensure its immediate and ongoing compliance with the hospital price transparency rules established at 45 C.F.R. Part 180,

31 (H) With the support and participation of the Department of Education and the Department of Mental Health, and with the intent
32 of assuring access to behavioral health services to every student in the State through either a public or private provider, the
33 Department of Health and Human Services must lead a comprehensive effort to improve access to and the quality of school-based
34 behavioral health services in South Carolina, while identifying and taking steps to address community-level disparities in the
35 availability of this care. This effort shall include, but not be limited to:

1 (1) the performance of a comprehensive review of Medicaid and non-Medicaid school-based behavioral health services in
2 South Carolina, including an assessment of the availability of such services and the identification of any barriers to access, such as
3 coverage and reimbursement rules, billing practices, other insurer policies, state agency, school district rules or procedures, or
4 provider shortages;

5 (2) a revisitation of existing coverage policies for medically necessary services provided to children, including those with or
6 without a disability determination, and whether those services are or are not required by a child's individualized education plan or
7 individualized family services plan, whether they do or do not arise from a referral under the Early and Periodic Screening,
8 Diagnostic, and Treatment program, and in the context of State Medicaid Director Letter 14-006;

9 (3) the rescission of any Medicaid or PEBA policies that deny coverage, solely on the basis that those services are being
10 provided within a school or through a telehealth encounter that originates in a school, of medically necessary outpatient services that
11 have been furnished to eligible children by enrolled and qualified providers;

12 (4) the issuance of any new Medicaid policies needed to durably enshrine any appropriate telehealth coverage that had been
13 authorized on a temporary basis during the public health emergency;

15 health training for student-facing personnel in schools; and

16 (6) reporting to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee
17 on any other relevant potential policy changes that the Director of the Department of Health and Human Services believes would
18 advance the intent of this provision, but which would have a fiscal impact that is sufficiently substantial to require the General
19 Assembly's direct consideration in the future.

20 (I) The Department of Health and Human Services is authorized to establish programs and/or fund in whole or in part, including
21 through the potential use of CHIP Health Services Initiatives, various pilot projects or other initiatives that are intended to develop
22 the health care workforce in South Carolina. Such efforts must be targeted toward current or future providers who demonstrate, by
23 whatever means is selected by the department, commitments to remaining in-state and including Medicaid beneficiaries among their
24 patients. The development of the behavioral health workforce shall be prioritized, although the department may also address other
25 provider classes, such as respiratory therapists, for which shortages have been highlighted and/or exacerbated by the public health
26 emergency. Further consideration also should be given to attracting additional qualified preceptors and increasing opportunities for
27 clinical rotations. The department may partner with or enlist the support of the Technical College System, Area Health Education
28 Centers, and/or Student Loan Corporation in designing or administering these programs and, where appropriate, is encouraged to
29 structure them as public-private partnerships in conjunction with the state's hospital and health systems and other key employers of
30 health providers.

31 (J) If either the Director of the Department of Mental Health or the Director of the Department of Health and Human Services
32 finds that state personnel and/or procurement rules are limiting his ability to fulfill the intent of this provision, he shall notify the
33 State Fiscal Accountability Authority of this in writing and request whatever exemptions are necessary to ensure that clinical staff
34 may be recruited, retained, and/or contracted for so as to provide greater access to behavioral health treatment.

35 (K) In consultation with the Department of Mental Health, the Department of Health and Human Services shall assess the
36 feasibility of, and if warranted, take steps to establish or obtain through grant, contract, subscription, or other procurement, a statewide

1 system for the near-real time tracking of in-patient psychiatric hospital beds and crisis stabilization beds. This system should be
2 generally designed to draw data from providers' existing electronic medical record systems and make summary-level data available
3 to authorized users within state agencies, participating provider organizations, and any others to be specified by the Department of
4 Health and Human Services, for the purposes of managing critical resources and ensuring that patients may be promptly treated in
5 the most effective and clinically appropriate setting. To protect patient privacy and ensure HIPAA compliance, the system may only
6 collect information on the types, counts, and availability of beds, or other categorical or aggregated information, as opposed to
7 individually identifying patient details. In partnership with the following named agencies, the Department of Health and Human
8 Services may also explore and pursue the use of such a system:

9 (1) to meet the emergency preparedness and disaster recovery requirements of the Department of Public Health and the
10 Emergency Management Division that are currently met by the Bed Availability Report Tracking system; and/or

11 (2) to augment or replace the capabilities of the Department on Aging's GetCareSC website.

12 (L) From the funds appropriated to or otherwise made available to it, the Department of Health and Human Services is authorized
13 to procure, enter into contracts and agreements, offer grants, and otherwise expend funds as well as establish demonstration projects
14 in one or more areas of the state to encourage and promote necessary infrastructure and investment to achieve the objectives set out
15 in this provision. The department shall develop policies and procedures as necessary to assure accountability in the expenditure of
16 these funds and apply for federal matching funds when appropriate and available. The department shall report annually to the Senate
17 Finance Committee and the House Ways and Means Committee on all expenditures made under this provision.

18 (M) Crisis stabilization unit facilities established or funded pursuant to this provision shall be eligible for licensure under
19 Regulation 61-125 without being owned or operated by the Department of Mental Health.

24 Section 11-11-310 of the 1976 Code is less than the required balance, there must be appropriated to it all amounts in the Contingency
25 Reserve Fund up to the total necessary to replenish the general reserve fund. This amount does not replace or supplant the minimum
26 replenishment amount otherwise required to be made to the general reserve fund.

27 (2) After the appropriation of amounts required pursuant to item (1) of this subsection, any remaining balance may be
28 appropriated by the General Assembly as it deems appropriate.

23 **118.10.** (SR: Tax Deduction for Consumer Protection Services) (A) In addition to the deductions allowed in Section 12-6-1140
24 of the 1976 Code, there is allowed a deduction in computing South Carolina taxable income of an individual the actual costs, but not
25 exceeding three hundred dollars for an individual taxpayer, and not exceeding one thousand dollars for a joint return or a return
26 claiming dependents, incurred by a taxpayer in the taxable year to purchase a monthly or annual contract or subscription for identity
27 theft protection and identity theft resolution services. The deduction allowed by this item may not be claimed by an individual if the
28 individual deducted the same actual costs as a business expense or if the taxpayer is enrolled in the identity theft protection and
29 identity theft resolution services offered free of charge by the State of South Carolina. For purposes of this item, "identity theft
30 protection" means products and services designed to prevent an incident of identify fraud or identity theft in order to protect the
31 privacy of a person's personal identifying information, as defined in Section 16-13-510(D), by precluding a third party from gaining
32 unauthorized acquisition of another's personal identifying information to obtain financial resources or other products, benefits or
33 services; and identity theft resolution services means products and services designed to assist persons whose personal identifying
34 information, as defined by Section 16-13-510(D), was obtained by a third party, whereby minimizing the effects of the identity fraud
35 or identity theft incident and restoring the person's identity to pre-theft status.

1 (B) The deduction provided in subsection (A) is only allowed for taxpayers that filed a return with the Department of Revenue
2 for any taxable year after 1997 and before 2013, whether by paper or electronic transmission, or any person whose personally
3 identifiable information was contained on the return of another eligible person, including minor dependents.

4 (C) By March fifteenth of each year, the department shall issue a report to the Governor and the General Assembly detailing the
5 number of taxpayers claiming the deduction allowed by this item in the most recent tax year for which there is an accurate figure,
6 and the total monetary value of the deductions claimed pursuant to this item in that same year.

7 (D) The department shall prescribe the necessary forms to claim the deduction allowed by this section. The department may
8 require the taxpayer to provide proof of the actual costs and the taxpayer's eligibility.

9 **118.11.** (SR: Tobacco Settlement) (A) To the extent funds are available from payments received on behalf of the State by the
10 Tobacco Settlement Revenue Management Authority from the Tobacco Master Settlement Agreement (MSA) in the current fiscal
11 year, the State Treasurer is authorized and directed, after transferring funds sufficient to cover the operating expenses of the Authority,
12 to transfer the remaining funds as follows:

13 (1) \$1,253,000 to the Attorney General's Office for Diligent Enforcement and Arbitration Litigation; \$450,000 to the State
14 Law Enforcement Division for Diligent Enforcement; and \$325,000 to the Department of Revenue for Diligent Enforcement, all to
15 enforce Chapter 47 of Title 11, the Tobacco Escrow Fund Act;

16 (2) The Attorney General's Office shall maintain a balance of \$1,253,000 in a fund for future tobacco arbitration. Attorney
17 General funds in excess of \$1,253,000 may be utilized for information technology expenses and building infrastructure upgrades.
18 These funds may be carried forward from the prior fiscal year into the current fiscal year and utilized for the same purpose; and

19 (3) The remaining balance shall be transferred to a restricted account authorized solely for use by the Department of Health
20 and Human Services for the Medicaid program. Earnings on this fund must be credited to the fund and balances may be carried
21 forward from the prior fiscal year for the same purpose.

22 (B) The requirements of Section 11-11-170 of the 1976 Code shall be suspended for the current fiscal year.

23 **118.12.** (SR: One Dollar Appropriations) Funds appropriated in the amount of one dollar by this act shall not be disbursed. The
24 Comptroller General shall adjust the affected agency's chart of accounts accordingly, if necessary.

25 **118.13.** (SR: Non-recurring Litigation Recovery Revenue) During the current fiscal year, if there is a recovery or an award in
26 any litigation managed by the State through a party other than the Attorney General, or if a state tax audit results in a collection, any
27 funds received in excess of twenty-five million dollars that are not likely to continue as recurring revenue and would have otherwise
28 been credited to the General Fund shall be credited to the Litigation Recovery Account. The amount credited to this Litigation
29 Recovery Account pursuant to this provision is deemed non-recurring revenue and must be expended only in the manner prescribed
30 by law.

31 **118.14.** (SR: Farm Aid) There is created the "South Carolina Farm Aid Fund". This fund is separate and distinct from the
32 general fund of the State and all other funds. Earnings on this fund must be credited to it. Revenues credited to this fund in a fiscal
33 year must be used in that fiscal year to operate a grant program that provides financial assistance to farmers.

34 To be eligible for a grant, the person must have:

35 (1) experienced a verifiable loss of agricultural commodities of at least thirty percent as a result of the flooding occurring in the
36 aftermath of Hurricanes Michael and Florence for which:

- 1 (a) the Governor declared a state of emergency in the State for the county in which the farm is located; and
- 2 (b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm is
- 3 located;
- 4 (2) a farm number issued by the Farm Service Agency;
- 5 (3) signed an affidavit, under penalty of perjury, certifying that each fact of the loss presented by the person is accurate; and
- 6 (4) a signed affidavit, under penalty of perjury, certifying that no federal funds have been received for these specific disasters,
- 7 and in the event that federal funds are received, the person will return all state monies received under this program.
- 8 The Department of Agriculture shall administer the grant program authorized by this proviso. The Department of Revenue shall
- 9 assist the Department of Agriculture in the administration of the grant program by providing auditing services, accounting services,
- 10 and review and oversight of all financial aspects of the grant program. There is created the Farm Aid Advisory Board to make
- 11 recommendations to the department regarding the duties of the department in administering the grant program. The Commissioner
- 12 of Agriculture, or his designee, shall serve ex officio, as chairman of the board. Also, the Director of the Department of Revenue,
- 13 or his designee, the Vice President for Public Service and Agriculture of Clemson Public Service Activities, or his designee, and the
- 14 Vice President for Land Grant Services of South Carolina State Public Service Activities, or his designee, shall serve on the board.
- 15 The following additional members shall be appointed to the board:
- 16 (1) the Commissioner of Agriculture shall appoint one member representing the South Carolina Farm Bureau;
- 17 (2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;
- 18 (3) the Director of the Department of Revenue shall appoint one member representing the crop insurance industry; and
- 19 (4) the Director of the Department of Revenue shall appoint one member who is an agricultural commodities producer.
- 20 By July twentieth of the current fiscal year, the board shall hold its initial meeting to recommend an application process by which
- 21 a person with a loss resulting from the flooding occurring in the aftermath of Hurricanes Michael and Florence may apply for a grant.
- 22 Upon adoption of an application process, the Department of Agriculture shall provide the Chairman of the House Ways and Means
- 23 Committee and the Chairman of the Senate Finance Committee with a written copy of its application process within ten days after
- 24 its adoption. A person shall apply not later than forty-five days after the adoption of the application process. The department must
- 25 ensure every person interested in applying for a grant has access to adequate resources to submit his application in a timely manner,
- 26 and upon request, the department must assist a person with the preparation of his application.
- 27 Each grant awarded by the department may not exceed twenty percent of the person's verifiable loss of agricultural commodities.
- 28 However, a person, including any grant made to a related person, may not receive grants aggregating more than one hundred thousand
- 29 dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined with losses covered
- 30 by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount to be included in the
- 31 limits set by this proviso must be the amount of the grant multiplied by the person's ownership interest in the related person.
- 32 However, a person who shares an ownership interest with another person or entity may not be refused a grant solely because the
- 33 other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant amount is
- 34 limited by the person's ownership interest.
- 35 If the total amount of grants allowed pursuant to this proviso exceeds the monies in the fund, then each person's grant must be
- 36 reduced proportionately.

1 To determine loss, the department:

2 (1) must measure the person's cumulative total loss of all affected agricultural commodities for the year in which the flooding
3 occurred against the person's expected production of all agricultural commodities affected by the flooding occurring in the aftermath
4 of Hurricanes Michael and Florence;

5 (2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance Corporation,
6 to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities, the department
7 shall use the most recent year's county price and county yield, as applicable, as determined by the National Agriculture Statistics
8 Service, United States Department of Agriculture; and

9 (3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the
10 ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the department
11 shall require the submission of dated, signed, and continuous records. These records may include, but are not limited to, commercial
12 receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements, truck scale
13 tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape, invoices for
14 custom harvesting, u-pick records, and insurance documents.

15 Grant awards must be used for agricultural production expenses and losses due to the flooding which demonstrate an intent to
16 continue the agricultural operation; however, awards may not be used to purchase new equipment. The department shall develop
17 guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may require any
18 documentation it determines necessary to verify the appropriate use of grant awards including receipts.

19 If the department determines that a person who received a grant provided inaccurate information, then the person shall refund the
20 entire amount of the grant. If the department determines that a person who received a grant used the funds for ineligible expenses,
21 then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate amount, the
22 Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.

23 The department shall coordinate the exchange of information between the USDA and the Department of Revenue to identify any
24 person that received a Farm Aid grant for the flooding occurring in the aftermath of Hurricanes Michael and Florence and also
25 received federal aid relief for the same disaster. Any person that is determined to have received grant funds from both the state and
26 federal government, must immediately repay the state grant they received.

27 If the department determines that a person knowingly provided false information to obtain a grant pursuant to this proviso or
28 knowingly used funds for ineligible expenses, the person shall be subject to prosecution pursuant to Section 16-13-240.

29 Within forty-five days of the completion of the awarding of grants, but no later than the end of the fiscal year, the Farm Aid
30 Advisory Board is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

31 The department may accept private funds, grants, and property to be used to make financial awards from the grant program.

32 The Department of Agriculture must administer the grant program authorized by this proviso using existing resources and funds.

33 If federal funds are allocated for persons that are otherwise eligible for a grant pursuant to this proviso before the current fiscal
34 year begins, then the provisions of this proviso are not effective and no funds may be credited to the South Carolina Farm Aid Fund.

35 For purposes of this proviso:

(1) "Agricultural commodities" means wheat, cotton, flax, corn, dry beans, oats, barley, rye, tobacco, rice, peanuts, soybeans, sugar beets, sugar cane, tomatoes, grain sorghum, sunflowers, raisins, oranges, sweet corn, dry peas, freezing and canning peas, forage, apples, grapes, potatoes, industrial hemp, timber and forests, nursery crops, citrus, and other fruits and vegetables, nuts, tame hay, native grass, aquacultural species including, but not limited to, any species of finfish, mollusk, crustacean, or other aquatic invertebrate, amphibian, reptile, or aquatic plant propagated or reared in a controlled or selected environment, excluding stored grain.

118.15. (SR: Expenditure of Federal Funds) Any funds received from the Federal Government that are not allocated directly to a state agency must be expended through the legislative budgeting process.

118.16. (SR: State Ports Authority Projects) Any funds appropriated or authorized for the State Ports Authority by Proviso 118.18 (Nonrecurring Revenue) for the intermodal container transfer facility and waterborne cargo infrastructure must be deposited into a separate and distinct account and shall only be used for costs directly related to those two projects. Funds shall not be used for salaries, bonuses, or any kind of normal administrative costs. Funds shall not be used for personnel expenses not directly related to the implementation of the two projects. In addition, the State Ports Authority shall provide quarterly progress reports on the implementation of each facility to the Joint Bond Review Committee, the President of the Senate, the Speaker of the House of Representatives, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee. These quarterly reports shall include, but are not limited to, financial results, operating plans, budgets, capital plans, and performance objectives and results for the projects. The Joint Bond Review Committee must review and provide comment on expenditures, and may prescribe the reporting format and such other informational requirements and reports as it deems useful and necessary, to ensure the financial integrity, accountability, and stewardship of the funds and the ongoing operations of the project. To the extent permitted by federal law, if federal funds become available to the State that can be used for the intermodal container transfer facility or for waterborne cargo infrastructure, those federal funds must first be used to complete the project. Any remaining state funds appropriated for these projects shall be transferred to a restricted account at the Department of Administration.

118.17. (SR: Growing Agribusiness Fund Report) The Department of Agriculture shall prepare a report on the utilization of the Growing Agribusiness Fund that includes the amount of each grant awarded, the recipient of the funds, the date of the grant award, and the qualifications met by the recipient upon review by the Department of Agriculture Infrastructure Incentives Panel. The report shall be submitted quarterly to the Chairmen of the Senate Finance Committee, the House Ways and Means Committee, the Senate Finance Natural Resources and Economic Development Subcommittee, and the House Ways and Means Economic Development Subcommittee.
