### Fiscal Impact Summary

This bill adds the United States Space Force to the statutory definitions of “members of the armed forces” and “military service.” These updated definitions will permit Space Force members and their families receive the same treatment as the members of other military branches for the purposes of absentee voting, overseas and military voting, military leave, and family law.

This bill will have no expenditure impact on the Department of Administration, the State Election Commission, or Judicial as each anticipates being able to manage its provisions with existing appropriations.
