

SOUTH CAROLINA REVENUE AND FISCAL AFFAIRS OFFICE

STATEMENT OF ESTIMATED FISCAL IMPACT

WWW.RFA.SC.GOV • (803)734-3793

This fiscal impact statement is produced in compliance with the South Carolina Code of Laws and House and Senate rules. The focus of the analysis is on governmental expenditure and revenue impacts and may not provide a comprehensive summary of the legislation.

Bill Number:	S. 0863	Introduced on January 28, 2026
Subject:	Culinary Arts Management Degree	
Requestor:	Senate Education	
RFA Analyst(s):	Tipton	
Impact Date:	March 10, 2026	

Fiscal Impact Summary

This bill authorizes an Applied Baccalaureate in Culinary Arts Management degree within the state technical and comprehensive education system provided that the program is first approved by the Board for Technical and Comprehensive Education (Tech Board) and then the Commission on Higher Education (CHE). The Applied Baccalaureate in Culinary Arts Management degree program is only allowed under the bill so long as new General Funds are not appropriated for the operations of the degree program.

This bill is expected to have a minimal expenditure impact on the Tech Board to establish the Applied Baccalaureate in Culinary Arts Management degree program. However, any expenses incurred will be managed by existing institutional resources as well as future tuition and fee revenue generated by the degree program.

This bill will have no expenditure impact on CHE, as the agency indicates that it will manage the approval of the degree program with existing staff and resources.

This bill may result in an undetermined increase in Other Funds revenue for state technical colleges as a result of additional tuition and fees generated by the Applied Baccalaureate in Culinary Arts Management degree. The actual revenue increase will depend on tuition rates set and the number of students who enter the degree program and is currently unknown.

Explanation of Fiscal Impact

Introduced on January 28, 2026

State Expenditure

This bill authorizes an Applied Baccalaureate in Culinary Arts Management within the state technical and comprehensive education system provided that the program is first approved by the Tech Board and then CHE. The Applied Baccalaureate in Culinary Arts Management degree program is only allowed under the bill so long as new General Funds are not appropriated for the operations of the degree program.

The Tech Board anticipates a minimal expenditure impact to establish the Applied Baccalaureate in Culinary Arts Management degree program and indicates that any expenses incurred will be

managed by existing institutional resources as well as future tuition and fee revenue generated by the degree program.

CHE indicates that the approval of the degree program will be managed with existing staff and resources will therefore have no expenditure impact on the agency.

State Revenue

This bill will result in an undetermined increase in Other Funds revenue for state technical colleges from tuition and fees generated by the Applied Baccalaureate in Culinary Arts Management degree program. The actual revenue increase will depend on tuition rates set by the Tech Board and the number of students who enter the degree program and is currently unknown. The Tech Board indicates that this revenue will be used for educational and administrative expenses related to the degree program.
