SOUTH CAROLINA STATE REGISTER DISCLAIMER

While every attempt has been made to ensure the accuracy of this State Register, the Legislative Council makes no warranties or representations regarding its accuracy or completeness, and each user of this product understands that the Legislative Council disclaims any liability for any damages in connection with its use. This information is not intended for commercial use and its dissemination by sale or other commercial transfer is not authorized, absent a written licensing agreement with the Legislative Council. For further information contact the Legislative Council at 803-734-2145.
This issue contains notices, proposed regulations, emergency regulations, final form regulations, and other documents filed in the Office of the Legislative Council, pursuant to Article 1, Chapter 23, Title 1, Code of Laws of South Carolina, 1976.
An official state publication, the South Carolina State Register is a temporary update to South Carolina’s official compilation of agency regulations—the South Carolina Code of Regulations. Changes in regulations, whether by adoption, amendment, repeal or emergency action must be published in the State Register pursuant to the provisions of the Administrative Procedures Act. The State Register also publishes the Governor’s Executive Orders, notices or public hearings and meetings, and other documents issued by state agencies considered to be in the public interest. All documents published in the State Register are drafted by state agencies and are published as submitted. Publication of any material in the State Register is the official notice of such information.

**STYLE AND FORMAT**

Documents are arranged within each issue of the State Register according to the type of document filed:

**Notices** are documents considered by the agency to have general public interest.  
**Notices of Drafting Regulations** give interested persons the opportunity to comment during the initial drafting period before regulations are submitted as proposed.  
**Proposed Regulations** are those regulations pending permanent adoption by an agency.  
**Pending Regulations Submitted to the General Assembly** are regulations adopted by the agency pending approval by the General Assembly.  
**Final Regulations** have been permanently adopted by the agency and approved by the General Assembly.  
**Emergency Regulations** have been adopted on an emergency basis by the agency.  
**Executive Orders** are actions issued and taken by the Governor.

**2004 PUBLICATION SCHEDULE**

Documents will be accepted for filing on any normal business day from 8:30 A.M. until 5:00 P.M. All documents must be submitted in the format prescribed in the Standards Manual for Drafting and Filing Regulations.

To be included for publication in the next issue of the State Register, documents will be accepted no later than 5:00 P.M. on any closing date. The modification or withdrawal of documents filed for publication must be made by 5:00 P.M. on the closing date for that issue.

**REPRODUCING OFFICIAL DOCUMENTS**

Documents appearing in the *State Register* are prepared and printed at public expense. Media services are encouraged to give wide publicity to documents printed in the *State Register*.

**PUBLIC INSPECTION OF DOCUMENTS**

Documents filed with the Office of the State Register are available for public inspection during normal office hours, 8:30 A.M. to 5:00 P.M., Monday through Friday. The Office of the State Register is in the Legislative Council, Fourth Floor, Rembert C. Dennis Building, 1000 Assembly Street, in Columbia. Telephone inquiries concerning material in the *State Register* or the *South Carolina Code of Regulations* may be made by calling (803) 734-2145.

**ADOPTION, AMENDMENT AND REPEAL OF REGULATIONS**

To adopt, amend or repeal a regulation, an agency must publish in the *State Register* a Notice of Drafting; a Notice of the Proposed Regulation that contains an estimate of the proposed action’s economic impact; and, a notice that gives the public an opportunity to comment on the proposal. If requested by twenty-five persons, a public hearing must be held at least thirty days after the date of publication of the notice in the *State Register*.

After the date of hearing, the regulation must be submitted to the General Assembly for approval. The General Assembly has one hundred twenty days to consider the regulation. If no legislation is introduced to disapprove or enacted to approve before the expiration of the one-hundred-twenty-day review period, the regulation is approved on the one hundred twentieth day and is effective upon publication in the *State Register*.

**EMERGENCY REGULATIONS**

An emergency regulation may be promulgated by an agency if the agency finds imminent peril to public health, safety or welfare. Emergency regulations are effective upon filing for a ninety-day period. If the original filing began and expired during the legislative interim, the regulation can be renewed once.

**REGULATIONS PROMULGATED TO COMPLY WITH FEDERAL LAW**

Regulations promulgated to comply with federal law are exempt from General Assembly review. Following the notice of proposed regulation and hearing, regulations are submitted to the *State Register* and are effective upon publication.

**EFFECTIVE DATE OF REGULATIONS**

*Final Regulations* take effect on the date of publication in the *State Register* unless otherwise noted within the text of the regulation.

*Emergency Regulations* take effect upon filing with the Legislative Council and remain effective for ninety days. If the original ninety-day period begins and expires during legislative interim, the regulation may be refiled for one additional ninety-day period.
Subscriptions to the *South Carolina State Register* are available electronically through the South Carolina Legislature Online website at [www.scstatehouse.net](http://www.scstatehouse.net) via an access code, or in a printed format. Subscriptions run concurrent with the State of South Carolina’s fiscal year (July through June). The annual subscription fee for either format is $95.00. Payment must be made by check payable to the Legislative Council. To subscribe complete the form below and mail with payment. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

Public Notice

Pursuant to S.C. Code Section 49-21-40 and R. 121-12.7, the South Carolina Department of Health and Environmental Control gives notice that the City of Aiken has filed a Class I Interbasin Transfer Application to transfer water from the Edisto River basin to the Lower Savannah River basin. The Interbasin Transfer Application is for renewal of an existing Interbasin Transfer Registration of 10 million gallons per day that expires November 15, 2005. Raw water is withdrawn from Shaw Creek in the Edisto River basin and treated at the Shaw Creek Water Treatment Plant and distributed to the City of Aiken service area which lies in both the Edisto and the Lower Savannah River basins. Wastewater from the City of Aiken service area is treated at Aiken County Horse Creek Regional Wastewater Treatment Plant and discharged to the Savannah River. The requested duration of the permit is for twenty (20) years to withdraw a daily average of 8.0 million gallons of water a day.

Any person may request a copy of the application by submitting a statement to the address below specifying how he or she will be affected. Any person may submit comments on the application; to be considered, comments must be received by the Department by the close of business on November 9, 2004. Any person wishing to receive notification of the permit decision should submit a request for such notification (which may be included with your comments) to the address below.

Notice of Drafting:

The Department of Health and Environmental Control proposes to repeal R.61-41, Hotel – Motel Sanitation. Interested persons may submit comments to Mr. H. Michael Longshore, Bureau of Environmental Health, S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, S.C. 29201. To be considered, comments must be received no later than 5:00 p.m. on August 24, 2004, the close of the drafting comment period.

Synopsis:

This regulation was last revised in 1984. The requirements and need for R.61-41 are outdated and obsolete. Due to dwindling resources and prioritization of programs, the Department has not routinely inspected hotels and motels under this regulation in over 10 years; the Department continues to investigate complaints in hotels and motels. Furthermore, the hotel – motel industry has become largely self-regulating; the business is very customer-driven and competition dictates that facilities be maintained and operated properly. The public health concerns that the R.61-41 was intended to address can be addressed through other department regulations, such as R.61-56, Individual Sewage Treatment and Disposal Systems, and R.61-46, Nuisances. Since this regulation is no longer needed, and in the interest of good government and efficiency, the Department proposes repeal of R.61-41. Public notification of this proposed regulation revision will be published pursuant to the Administrative Procedures Act. Legislative review of this proposal is required.

Notice of Drafting:

The Department of Health and Environmental Control proposes to draft new regulations establishing standards for tattooing facilities. Interested persons may submit written comments to Dennis L. Gibbs, Director, Division of Health Licensing, S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, S.C. 29201. To be considered, all comments must be received no later than 5:00 p.m., August 26, 2004, the close of the drafting comment period.

Synopsis:

By Act 250 effective June 17, 2004, a tattooing chapter was added to the S.C. Code of Laws at Section 44-34-10 et seq. The law established requirements and procedures for tattooing, including provisions for the issuance of the promulgation of regulations by the Department of Health and Environmental Control, payment of license fees, and conducting inspections. The proposed regulation will include, but not be limited to: definitions; licensing requirements; fees required; exceptions to the regulation; inspection and investigating reporting requirements; consultations; enforcement action procedures and penalties; facility/staff policy/procedures; staffing, including inservice training and health status; reporting requirements; client record content and maintenance; client procedures and services; client rights; grievance and complaint procedure; facility maintenance; infection control and equipment sterilization including housekeeping; hepatitis B vaccination requirements; infectious waste; emergency procedures; fire prevention; facility accommodations; mobile units; and a severability clause. Legislative review of this proposal will be required.
DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
CHAPTER 61
Statutory Authority: S.C. Code Sections 44-1-140(11); 1-23-10; -110

Notice of Drafting:

The Department of Health and Environmental Control proposes to repeal R.61-40, Mobile Home Parks. Interested persons may submit comments to Mr. H. Michael Longshore, Bureau of Environmental Health, S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, S.C. 29201. To be considered, comments must be received no later than 5:00 p.m. on August 24, 2004, the close of the drafting comment period.

Synopsis:

This regulation was last revised in 1986. The requirements and need for R.61-40 are outdated and obsolete. Local zoning and code enforcement has addressed the requirements covered in this regulation, and in most areas, are more stringent than the regulation. Due to dwindling resources and prioritization of programs, the Department has not routinely inspected mobile home parks under this regulation in over 10 years; the Department continues to investigate complaints in mobile home parks. However, the public health concerns that the regulation was intended to address can be addressed through other department regulations, such as R.61-56, Individual Sewage Treatment and Disposal Systems, and R.61-46, Nuisances. Since this regulation is no longer needed, and in the interest of good government and efficiency, the Department proposes repeal of R.61-40. Public notification of this proposed regulation revision will be published pursuant to the Administrative Procedures Act.

Legislative review of this proposal is required.

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
CHAPTER 61
Statutory Authority: S.C. Code Sections 39-37-120, 44-1-140

Notice of Drafting:

The Department of Health and Environmental Control proposes to substantially amend R.61-34.1, Pasteurized Milk and Milk Products. Interested persons should submit comments to Joe Neely, Division of Food Protection (Dairy Foods and Soft Drink/Bottled Water Protection Program), Bureau of Environmental Health, S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, S.C. 29201-1708. All comments must be received by 5:00 p.m. on August 24, 2004, the close of the drafting comment period.

Synopsis:

R.61-34.1 ensures that consumers are receiving safe, high quality Grade “A” milk and milk products. The Regulation was amended last in 1993. The proposed amendments will bring the Regulation into compliance with the latest guidelines of the Interstate Milk Shipments Conference Pasteurized Milk Ordinance and assure consumers that the latest sanitation requirements are being met by the dairy industry. Also, the United States Public Health Service, Food and Drug Administration (FDA) requires that South Carolina’s dairy regulation be at least as stringent as the Pasteurized Milk Ordinance in order for South Carolina milk producers and processors to ship their products in interstate commerce and market them as Grade “A.” The FDA has previously cited the South Carolina program for not meeting this requirement. Amendments will also insure that the regulation complies with the requirements of the federal Nutrition Labeling and Education Act, the
8 DRAFTING

federal Food, Drug and Cosmetic Act, and the South Carolina Administrative Procedures Act, and is compatible with R.61-36, Frozen Desserts. The Department also plans to amend the source water supply criteria for regulated facilities to be consistent with R.61-58, State Primary Drinking Water Regulations. The Department may make other changes as necessary to improve the overall quality of the regulation. Public notification of this proposed regulation revision will be published pursuant to the Administrative Procedures Act.

Legislative review of this proposal is required.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
CHAPTER 126-425
Statutory Authority: 1976 Code Section 44-6-90

Notice of Drafting:

The South Carolina Department of Health and Human Services (DHHS) intends to amend regulations concerning its Medicaid provider policies. The proposed amendments are being made to add specificity to provider conditions of participation and to enhance the South Carolina Medicaid program’s ability to curtail wasteful, unnecessary, abusive, and potentially fraudulent activities by certain providers. DHHS is enhancing its ability to identify overpayments made to providers and is implementing procedures to specify record retention policies, define a recoupment, conduct analyses to identify overpayments, implement procedures to collect overpayments, and implement procedures to impose interest and sanctions on providers after considering information submitted by a provider. Interested persons may submit comments in writing or request a copy of the proposed amendments by contacting to Ms. Julie Cook, Director, Division of Program Integrity, 1801 Main Street, Suite M112, Columbia, South Carolina 29202. To be considered, all comments must be received no later than the close of business on July 26, 2004.

Synopsis:

The proposed amendments at Subarticle 2, Chapter 126-425 1) define “recoupment” and “sanction”; 2) define DHHS’s record retention policies and require providers to maintain records sufficient to document the amount, scope, and duration of the service for a minimum of five (5) years; 3) permit DHHS to collect overpayments from providers for up to five (5) years from the date a claim was paid; 4) specify DHHS’s review activities and process, including sampling of provider records; 5) provide circumstances, conditions, and provider actions that may lead to the collection of overpayments and imposition of sanctions by DHHS; 6) specify the process for notifying providers of overpayments; and 7) specify actions by a provider that may lead to immediate sanctions imposed on a provider by DHHS. These policies and procedures have a vital role in assisting the Department in curtailing potential overpayments, and eliminating unnecessary and wasteful payments to providers.
DEPARTMENT OF REVENUE
CHAPTER 117
Statutory Authority: 1976 Code Section 12-4-320

Notice of Drafting:

The South Carolina Department of Revenue is considering repealing SC Regulation 117-8 concerning responsibilities of the Department of Revenue with respect to property taxation and fees in lieu of property taxes. Since this same regulation was codified on June 25, 2004 as SC Regulation 117-1720.1, SC Regulation 117-8 is no longer needed.

Interested persons may submit written comments to Meredith F. Cleland, South Carolina Department of Revenue, Legislative Services, P.O. Box 125, Columbia, SC 29214. To be considered, comments must be received no later than 5:00 p.m. on August 24, 2004.

DEPARTMENT OF REVENUE
CHAPTER 117
Statutory Authority: 1976 Code Section 12-4-320

Notice of Drafting:

The South Carolina Department of Revenue is considering amending SC Regulation 117-302.5 which concerns the sales and use tax exemption for machines used in manufacturing, processing, compounding, mining, or quarrying tangible personal property for sale.

During 2003, South Carolina courts decided two cases which clarify what qualifies as “machines used in manufacturing” for purposes of the South Carolina sales and use tax machine exemption. These cases are Springs Industries, Inc. v. SCDOR (99-ALJ-17-0153-CC) and Anonymous Taxpayer v. SCDOR (02-ALJ-17-0350-CC). Previously, the Department adhered to the “Production Line Theory” in determining what machinery was used in manufacturing. Under this theory, items were found to be exempt only if “used directly” in the manufacturing process. Based upon the recent court decisions, the “Production Line Theory” will no longer be used. Instead, the court mandated machinery is exempt if such machinery is “integral and necessary” to the manufacturing process. This change is generally less restrictive than the Department’s prior interpretation. As such, machines that the Department would previously have held subject to the tax are exempt. However, it is important to note that the determination hinges on whether a machine is “integral and necessary” to the manufacturing process, not whether it is “integral and necessary” to the manufacturer. As such, machines used solely for warehouse, distribution, or administrative purposes do not come within the machine exemption. The case of Anonymous Taxpayer v. SCDOR (02-ALJ-17-0350-CC) dealt with the issue of whether buildings or parts of buildings could be exempt under the machine exemption. Considering the principles previously held in Hercules Contractors and Engineers Inc. v. S.C. Tax Comm’n, 280 S.C. 426, 313 S.E.2d 300 (Ct. App. 1984), the court held that the buildings in question did not function as machines and were not exempt under the machine exemption. Although the decision in this case is consistent with how the Department has historically viewed the exemption of buildings, it is significant in that it utilizes the “necessary and integral” methodology to show that the exemption after Springs is limited to “machines” which are
integral and necessary to the manufacturing process and does not encompass all items useful to a manufacturer.

As a result of these two court decisions, the Department issued an advisory opinion, SC Revenue Ruling #04-7. This proposal to amend SC Regulation 117-302.5 will combine the guidance provided in the advisory opinion, which is based on the two court cases, with provisions of the present regulation that are still applicable under these two court decisions.

Interested persons may submit written comments to Meredith F. Cleland, South Carolina Department of Revenue, Legislative Services, P.O. Box 125, Columbia, SC 29214. To be considered, comments must be received no later than 5:00 p.m. on August 24, 2004.

The South Carolina Department of Revenue is considering amending SC Regulation 117-302.5 which concerns the sales and use tax exemption for machines used in manufacturing, processing, compounding, mining, or quarrying tangible personal property for sale. As a result of two recent court decisions, the Department issued an advisory opinion, SC Revenue Ruling #04-7. This proposal to amend SC Regulation 117-302.5 will combine the guidance provided in the advisory opinion, which is based on the two court cases, with provisions of the present regulation that are still applicable under these two court decisions.
Regulation 61-62, Air Pollution Control Regulations and Standards

Preamble:

The United States Environmental Protection Agency (EPA) promulgates amendments to 40 CFR Parts 60, 63, and 70 throughout each calendar year. Recent federal amendments include clarification, guidance and technical amendments regarding New Source Performance Standards (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP), and State Operating Permits Program. The Department proposes to amend Regulations 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards; 61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories, also known as Maximum Achievable Control Technology (MACT); and 61-62.70, Title V Operating Permit Program, to incorporate recent federal amendments promulgated during the period from January 1, 2003, through December 31, 2003.

The Department also proposes to add a new Regulation 61-62.61, National Emission Standards for Hazardous Air Pollutants (NESHAP). Prior to the promulgation of MACT standards for source categories, EPA promulgated emission standards for specific hazardous air pollutants in 40 CFR Part 61 NESHAP. The Department proposes to incorporate by reference into this new regulation, R.61-62.61, the general requirements and emission standards that have been promulgated in 40 CFR Part 61 for which the Department requested and received delegation of authority to implement and enforce. In addition, the Department proposes to incorporate recent Federal amendments to 61-62.68, Chemical Accident Prevention Provisions, promulgated April 9, 2004, to amend the reporting requirements of its chemical accident prevention regulations.

The proposed amendments to Regulation 61-62, Air Pollution Control Regulations and Standards, are necessary to maintain consistency with Federal rules and will not require legislative review.

A Notice of Drafting for these proposed changes was published in the State Register on April 23, 2004. Since this amendment is consistent with Federal law, neither a preliminary fiscal impact statement nor a preliminary assessment report is required.

Discussion of Proposed Revisions:

SECTION CITATION: EXPLANATION OF CHANGE:

Copies of the proposed regulation for public notice and comment may be obtained by contacting L. Nelson Roberts, Jr. at the South Carolina Department of Health and Environmental Control, Bureau of Air Quality, 2600 Bull Street, Columbia, SC 29201, or by calling (803) 898-4122.

Notice of Public Hearing and Opportunity for Public Comment Pursuant to S.C. Code Sections 1-23-110 and 1-23-111:

Interested members of the public and regulated community are invited to comment on the proposed amendments to Regulation 61-62, *Air Pollution Control Regulations and Standards* at a public hearing to be conducted by the Board of Health and Environmental Control at its regularly-scheduled meeting on September 9, 2004. The public hearing is to be held in room 3420 (Board Room) of the Commissioner’s Suite, third floor, Aycock Building of the Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC. The Board meeting commences at 10:00 a.m. at which time the Board will consider items on its agenda in the order presented. The order of presentation for public hearings will be noted in the Board’s agenda to be published by the Department twenty-four hours in advance of the meeting. Persons desiring to make oral comments at the hearing are asked to limit their statements to five minutes or less, and as a courtesy are asked to provide written copies of their presentation for the record.

Interested persons are also provided an opportunity to submit comments on the proposed amendments to L. Nelson Roberts, Jr. at the South Carolina Department of Health and Environmental Control, Bureau of Air Quality, Regulatory Development Section, 2600 Bull Street, Columbia, SC 29201, or by calling (803) 898-4122. To be considered, comments must be received no later than 5:00 p.m. on August 23, 2004. Comments received shall be considered by the staff in formulating the final proposed regulation for public hearing on September 9, 2004, as noticed above. Comments received shall be submitted to the Board in a Summary of Public comments and Department Responses.

Statement of Need and Reasonableness:

The text of the Statement of Need and Reasonableness is submitted in Attachment A and is omitted here to conserve space in the Board Item. DESCRIPTION OF REGULATION: Amendments to Regulation 61-62, *Air Pollution Control Regulations and Standards*.

*Purpose of Regulation:* These amendments and corrections will maintain conformity with Federal requirements and ensure compliance with Federal standards.

*Legal Authority:* The legal authority for Regulation 61-62, *Air Pollution Control Regulations and Standards*, is S.C. Code Section 48-1-10 et seq.
PROPOSED REGULATIONS

Plan for Implementation: The proposed amendments will take effect upon approval and adoption by the South Carolina Board of Health and Environmental Control and publication in the State Register.

DETERMINATION OF NEED AND REASONABLENESS OF THE PROPOSED REGULATIONS BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The United States Environmental Protection Agency (EPA) promulgates amendments to 40 CFR Parts 60, 63, and 70 throughout each calendar year. Recent federal amendments include clarification, guidance and technical amendments regarding New Source Performance Standards (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP), and State Operating Permits Program. The Department proposes to amend Regulations 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards; 61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories, also known as Maximum Achievable Control Technology (MACT) standards; and 61-62.70, Title V Operating Permit Program, to incorporate recent federal amendments promulgated during the period from January 1, 2003, through December 31, 2003.

The Department also proposes to add a new Regulation 61-62.61, National Emission Standards for Hazardous Air Pollutants (NESHAP). Prior to the promulgation of MACT standards for source categories, EPA promulgated emission standards for specific hazardous air pollutants in 40 CFR Part 61 NESHAP. The Department proposes to incorporate by reference into this new regulation, R.61-62.61, the general requirements and emission standards that have been promulgated in 40 CFR Part 61 for which the Department requested and received delegation of authority to implement and enforce. In addition, the Department proposes to incorporate recent Federal amendments to 61-62.68, Chemical Accident Prevention Provisions, promulgated April 9, 2004, to amend the reporting requirements of its chemical accident prevention regulations.

The proposed amendments to Regulation 61-62, Air Pollution Control Regulations and Standards, are necessary to maintain consistency with Federal rules and will not require legislative review.

DETERMINATION OF COSTS AND BENEFITS:

There will be no increased cost to the State or its political subdivisions as a result of these amendments. The standards to be adopted are already effective and applicable to the regulated community as a matter of Federal law. The proposed amendments will benefit the regulated community by clarifying the regulations and increasing their ease of use.

UNCERTAINTIES OF ESTIMATES:

EPA has provided the estimated costs and benefits for these standards in the Federal Register notices that are cited within this document.

EFFECT ON ENVIRONMENT AND PUBLIC HEALTH:

Adoption of the recent changes in Federal law through the proposed amendments to Regulation 61-62, Air Pollution Control Regulations and Standards, will provide continued protection of the environment and public health.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATIONS ARE NOT IMPLEMENTED:

While there is no specific detrimental effect on the environment and public health, the State’s authority to implement Federal requirements, which are believed to be beneficial to the public health and environment,
would be compromised if these amendments are not adopted in South Carolina.

Document No. 2914
DEPARTMENT OF REVENUE
CHAPTER 117
Statutory Authority: 1976 Code Section 12-4-320

R. 117-1400

Preamble:

The South Carolina Department of Revenue is considering amending SC Regulation 117-1400 concerning the electric power tax to state that the Department will no longer use the Standard Industrial Classification (“SIC”) Manual from 1967 as its guide in classifying “industrial customers” as that term is used in the electric power tax law. The Department, if this amendment is approved, will use the North American Industry Classification System (“NAICS”) Manual as its guide in classifying industrial customers under the electric power tax law. The NAICS Manual has replaced the U.S. Standard Industrial Classification (SIC) system as the classification system used by the Census Bureau.

Discussion

The South Carolina Department of Revenue is considering amending SC Regulation 117-1400 concerning the electric power tax to state that the Department will no longer use the Standard Industrial Classification (“SIC”) Manual from 1967 as its guide in classifying “industrial customers” as that term is used in the electric power tax law. The Department, if this amendment is approved, will use the North American Industry Classification System (“NAICS”) Manual as its guide in classifying industrial customers under the electric power tax law. The NAICS Manual has replaced the U.S. Standard Industrial Classification (SIC) system as the classification system used by the Census Bureau.

Text:

Hereafter, the South Carolina Department of Revenue will use Sections 31, 32, and 33 of the North American Industry Classification System (“NAICS”) Manual, as a guide to classify “industrial customers,” as such term is used in Section 12-23-10.

Persons engaged in the business of manufacturing, generating and selling electric power must furnish to the Department a list, on or before January 31 and July 31 of each year, of industrial customers for which an exemption is claimed for the preceding periods, June through December and January through June, respectively. Such lists must show the name, address, KWH consumption and the classification code as provided in the NAICS Manual.

Notice of Public Hearing:

The S.C. Department of Revenue has scheduled a public hearing before the Administrative Law Court in the Edgar Brown Building on the Capitol Complex in Columbia, South Carolina for September 21, 2004 at 11:00 a.m. if the requests for a hearing meet the requirements of Code Section 1-23-110(A)(3). The public hearing, if held, will address a proposal by the department to amend SC Regulation 117-1400 concerning the electric power tax law.
16 PROPOSED REGULATIONS

power tax to state that the Department will use the North American Industry Classification System (“NAICS”) Manual as its guide in classifying industrial customers under the electric power tax law. The NAICS Manual has replaced the U.S. Standard Industrial Classification (SIC) system as the classification system used by the Census Bureau.

The department will be asking the Administrative Law Court, in accordance with S.C. Code Ann. ’ 1-23-111 (2000), to issue a report that the proposal to amend the regulation is needed and reasonable.

Preliminary Fiscal Impact Statement:

There will be no impact on state or local political subdivisions expenditures in complying with this proposed legislation.

Summary of the Preliminary Assessment Report:

A preliminary assessment report is not required for this proposal.

Preliminary Assessment Report:

A preliminary assessment report is not required for this proposal.

Statement of Rationale:

The purpose of this proposal is to amend SC Regulation 117-1400 concerning the electric power tax to state that the Department will use the North American Industry Classification System (“NAICS”) Manual as its guide in classifying industrial customers under the electric power tax law. The NAICS Manual has replaced the U.S. Standard Industrial Classification (SIC) system as the classification system used by the Census Bureau. The proposal to amend the regulation is needed to reduce any taxpayer confusion that may result from having a published regulation that is using a classification system that is no longer used by the Census Bureau. The proposal to amend this regulation is also reasonable in that it is the department’s responsibility to maintain regulations that are up-to-date and consistent with the law.
Commercial Code was repealed effective July 1, 2001 by Act 67 of 2001, SC Regulation 117-325 is no longer needed.

Discussion

The South Carolina Department of Revenue is considering repealing SC Regulation 117-325 concerning the sales and use tax and the bulk sales statute. Since the bulk sales statute in Title 36, Chapter 6 of the Commercial Code was repealed effective July 1, 2001 by Act 67 of 2001, SC Regulation 117-325 is no longer needed.

Text:

No text is necessary since the proposal is only repealing a regulation that is no longer needed since the bulk sales statute in Title 36, Chapter 6 of the Commercial Code was repealed effective July 1, 2001 by Act 67 of 2001.

Notice of Public Hearing:

The S.C. Department of Revenue has scheduled a public hearing before the Administrative Law Court in the Edgar Brown Building on the Capitol Complex in Columbia, South Carolina for September 21, 2004, at 9:00 a.m. if the requests for a hearing meet the requirements of Code Section 1-23-110(A)(3). The public hearing, if held, will address a proposal by the department to repeal SC Regulation 117-325 concerning the sales and use tax and the bulk sales statute. This regulation is no longer needed since the bulk sales statute in Title 36, Chapter 6 of the Commercial Code was repealed effective July 1, 2001 by Act 67 of 2001.

The department will be asking the Administrative Law Court, in accordance with S.C. Code Ann. ' 1-23-111 (2000), to issue a report that the proposal to repeal the regulation is needed and reasonable.

18 PROPOSED REGULATIONS

Statement of Rationale:

The purpose of this proposal is to repeal SC Regulation 117-325 concerning the sales and use tax and the bulk sales statute. Since the bulk sales statute in Title 36, Chapter 6 of the Commercial Code was repealed effective July 1, 2001 by Act 67 of 2001, SC Regulation 117-325 is no longer needed. The proposal to repeal this chapter in the code of regulations is needed to reduce any taxpayer confusion that may result from having a published regulation that is no longer needed. The proposal to repeal this regulation is also reasonable in that it is the department’s responsibility to maintain regulations that are up-to-date and consistent with the law.
