Preamble:

The South Carolina Department of Revenue is considering amending SC Regulation 7-200.2 to no longer require the holder of a beer, wine or liquor permit or license to maintain the records of purchases of beer, wine or liquor at the location to which these beverages were delivered. This change would require that such records be maintained for three (3) years within South Carolina and be available for inspection by an authorized representative of the Department of Revenue or the State Law Enforcement Division upon ten days notice. This change will allow a person with multiple locations to consolidate the purchase records in one location within the State instead of having to maintain the purchase records for each location at that location as required now.

Discussion

The South Carolina Department of Revenue is considering amending SC Regulation 7-200.2 to no longer require the holder of a beer, wine or liquor permit or license to maintain the records of purchases of beer, wine or liquor at the location to which these beverages were delivered. This change would require that such records be maintained for three (3) years within South Carolina and be available for inspection by an authorized representative of the Department of Revenue or the State Law Enforcement Division upon ten days notice. This change will allow a person with multiple locations to consolidate the purchase records in one location within the State instead of having to maintain the purchase records for each location at that location as required now.

Text:

7-200.2 Every holder of a permit or license issued by the Department must keep and maintain at some location within the state records of all purchases of liquor, beer and wine. Such records must include the name of the seller and the date and quantity of the purchase. These reports of purchases must be kept for a period of three (3) years and upon ten days notice must be made available to the inspection of any authorized representative of the Department or the State Law Enforcement Division.

Notice of Public Hearing:

The S.C. Department of Revenue has scheduled a public hearing before the Administrative Law Court in the Greenville County Courthouse, Court Room No. 3, at 305 E. North Street, Greenville, South Carolina, 29601 for November 4, 2005 at 10:00 am if the requests for a hearing meet the requirements of Code Section 1-23-110(A)(3). The public hearing, if held, will address a proposal by the department to amend SC Regulation 7-200.2 to no longer require the holder of a beer, wine or liquor permit or license to maintain the records of purchases of beer, wine or liquor at the location to which these beverages were delivered. This change would require that such records be maintained for three (3) years within South Carolina and be available for inspection by an authorized representative of the Department of Revenue or the State Law Enforcement Division upon ten days notice. This change will allow a person with multiple locations to consolidate the purchase records in one location within the State instead of having to maintain the purchase records for each location at that location as required now.

The department will be asking the Administrative Law Court, in accordance with S.C. Code Ann. ' 1-23-111 (2000), to issue a report that the proposal to amend the regulation is needed and reasonable.

14 PROPOSED REGULATIONS

Comments:

All comments concerning this proposal should be mailed to the following address by October 24, 2005:

S.C. Department of Revenue
Legislative Services - Mr. Meredith Cleland
P.O. Box 125
Columbia, South Carolina 29214

Preliminary Fiscal Impact Statement:

There will be no impact on state or local political subdivisions expenditures in complying with this proposed legislation.

Summary of the Preliminary Assessment Report:

A preliminary assessment report is not required for this proposal.

Preliminary Assessment Report:

A preliminary assessment report is not required for this proposal.

Statement of Rationale:

The purpose of this proposal is to amend SC Regulation 7-200.2 to no longer require the holder of a beer, wine or liquor permit or license to maintain the records of purchases of beer, wine or liquor at the location to which these beverages were delivered. This change would require that such records be maintained for three (3) years within South Carolina and be available for inspection by an authorized representative of the Department of Revenue or the State Law Enforcement Division upon ten days notice. The proposal to amend this regulation is needed to allow a person with multiple locations to consolidate the purchase records in one location within the State instead of having to maintain the purchase records for each location at that location as required now. The proposal to amend this regulation is also reasonable in that it is the department's responsibility to maintain regulations that allow a permit or license holder to maintain records in an efficient manner that is consistent with the regulatory nature of the alcoholic beverage licensing and control law.

123-51. Turkey Hunting Rules and Seasons

Bucksport WMA Youth turkey hunt by special drawing.

Statement of Need and Reasonableness:

Periodically additional lands are made available to the public through the Wildlife Management Area Program. Since existing regulations only apply to specific wildlife management areas, new regulations must be filed to establish seasons, bag limits and methods of hunting and taking of wildlife on these new WMAs as well as expanding use opportunities on existing WMAs. Amendments are needed to allow additional opportunity. Because some hunts begin on September 12, it is necessary to file these regulations as emergency so they take effect immediately.

Fiscal Impact Statement:

This amendment of Regulations 123-40 and 123-51 will result in increased public hunting opportunities that should generate additional State revenue through license sales. In addition, the local economy should benefit from sales of hunting supplies, food and overnight accommodations. Sales taxes on these items will also directly benefit government.

** Hunters must sign in and out on all hunts. No entry until 12:00 noon.

Statement of Need and Reasonableness:

Since existing regulations only apply to specific wildlife management areas, new regulations must be filed to establish seasons, bag limits and methods of hunting and taking of wildlife on new WMAs as well as expanding use opportunities on existing WMAs. Since the availability of specific fields changes each year and season dates changed as allowed by Federal Regulation it is necessary to file Dove Field regulations annually. Because these hunts begin on September 3, it is necessary to file these regulations as emergency so they take effect immediately.

Fiscal Impact Statement:

This amendment of Regulation 123.40 will result in increased public hunting opportunities which should generate additional State revenue through license sales. In addition, the local economy should benefit from sales of hunting supplies, food and overnight accommodations. Sales taxes on these items will also directly benefit government.

32 EMERGENCY REGULATIONS

Document No. 2988

MARITIME SECURITY COMMISSION

CHAPTER 80

Statutory Authority: Section 54-17-50 of the 1976 Code

Emergency Situation:

These regulations are promulgated under the authority of the South Carolina Maritime Security Act of 2003, as contained in Title 54, Chapter 17 of the S. C. Code, as amended. These regulations will serve to implement Federal Executive Order 10173, which has been amended by Executive Orders 10277, 10352, and 11249. The original Executive Order was issued under the authority of Public Law 679, 81st Congress, 2nd Session, approved August 9, 1951, which amended section 1, Title II of the Act of June 15, 1917 (50 USC 191), commonly called "the Magnuson Act". Executive Order 10173, signed by President Harry S. Truman, who finding that the security of the United States was then endangered by subversive activity, prescribed Federal Regulations in Part 6, Subchapter A, Chapter I, Title 33 of the Code of Federal Regulations. The applicable portions of these Federal port security regulations (33 CFR 6) include part 6.04-11, which reads:

"The Captain of the Port may enlist the aid and cooperation of Federal, State, county, municipal and private agencies to assist in the enforcement of regulations issued pursuant to this part."

Additional Federal Port Security regulations applicable to South Carolina are promulgated in Title 33, of the Code of Federal Regulations in Parts 160 and 165. Moreover, the Federal Maritime Transportation Security Act of 2002 (P. L. 107-295) contains provisions for the promulgation of federal regulations that address Maritime Homeland Security (MHS). These new federal regulations are published in Title 33, Code of Federal Regulations, Parts 101 through 106. Pursuant to 33 CFR 103.200, the Coast Guard Captain of the Port (COTP) is designated as the Federal Maritime Security Coordinator (FMSC) for his or her respective zone. South Carolina is within Coast Guard Sector Charleston.

In order that the State of South Carolina may assist and cooperate with the Federal Government in protecting the State's maritime areas from acts of terrorism, these State regulations will establish the framework for the South Carolina Naval Militia (SCNM). The Naval Militia will serve a number of important maritime functions on behalf of the State, primary among which will be aiding the Coast Guard in meeting certain additional personnel manning requirements arising from Maritime Homeland Security duties that will be performed under the operational control of the Captain(s) of the Port.

Section 54-17-50(A) states, "This militia is naval in nature and functions as a federally-recognized state force pursuant to Title 10 of the United States Code and a Memorandum of Agreement that must be in effect between the United States Navy and the State prior to the Naval Militia becoming operational". Section 54-17-50(B) further states, "The Maritime Security Commission shall promulgate regulations to be approved by the General Assembly pursuant to the Administrative Procedures Act that set forth the command structure of the Naval Militia..."

Section 54-17-40 states: "The Maritime Security Commission must organize, administer, coordinate and facilitate the activities of the Naval Militia in order to provide to federal, state county, and local agencies adequate numbers of trained and qualified personnel with proper accountability and adequate indemnification provisions to enhance maritime homeland security."

A major facet of the Memorandum of Agreement between the State and the Navy is the matter of indemnification as well as the establishment of the Naval Militia command structure. Without either of these in place, the SCNM cannot go operational. The command structure is dependent upon the promulgation of regulations. A delay in

going operational denies the strengthening of maritime homeland security, and thereby increases the danger to the citizenry.

The U. S. Department of Homeland Security has established a Homeland Security Advisory System (HSAS) of color-coded Threat condition levels. The U. S. Coast Guard has announced that it will communicate heightened levels of alert using Maritime Security levels (MARSEC) 1, 2, and 3 that align with the HSAS. In most cases, MARSEC Level 1 generally corresponds to the lowest three levels of HSAS; Green (Low), Blue (Guarded) and Yellow (Elevated); MARSEC Level 2 corresponds with HSAS Orange (High); and MARSEC Level 3 corresponds to HSAS Red (Incident Imminent). Each heightened level requires additional numbers of MHS resources. The SCNM will be able to aid and cooperate with the Coast Guard by providing trained and qualified personnel. The Maritime Security Commission will regulate the SCNM.

Text:

80-001. Functions of the South Carolina Maritime Security Commission.

1. The South Carolina Maritime Security Commission (SCMSC) reports administratively to the Governor of the State of South Carolina as Chief Executive and operationally to the Governor as Commander-in-Chief of State Forces.

(b) SCNM Foundation Manual. The Foundation budget will be proposed by COMSCNM and approved by the SCMSC. Expenditures will be executed by COMSCNM.

3. Other regulations that affect the SCNM are located in Title 10 U.S. Code. Maritime Homeland Security regulations and Coast Guard regulatory authorities are located in Title 33 of the Code of Federal Regulations.

80-020. Volunteer Port Security Force at Charleston, South Carolina.

1. The Volunteer Port Security Force (VPSF) at the Port of Charleston is comprised of United States vessels operated commercially at Charleston. In May 2002, recognizing that VPSF vessel crews are likely to be among the first persons to notice unusual or suspicious activities on the harbor, the owners of these vessels voluntarily organized their assets under the auspices of the Maritime Association Port of Charleston (MAPCHA) to provide Maritime Domain Awareness (MDA) to the FMSC as exemplified by the VPSF crews becoming aware of suspicious circumstances and persons, and the expeditiously reporting of those observations to the Coast Guard. Around-the-clock VPSF operations run concurrently with the normal operations of those VPSF vessels. A VPSF Operations Plan, approved and edited by the Coast Guard, also establishes training and communications requirements. The VPSF is under the administrative control of the SCNM and the joint operational control of the vessel owners, except when the FMSC takes control under the provisions of 33 CFR Parts 6, 160 and 165. The VPSF is administratively a part of Division II to pursue its MDA mission during Maritime Security (MARSEC) Levels 1 and 2. During MARSEC Level 3, the VPSF mission may be coordinated by COMSCNM in accordance with FMSC directives and guidance.

2. The crews of most VPSF vessels are entirely comprised of professional mariners who are licensed by the Coast Guard as Merchant Marine Officers and/or who hold Coast Guard-issued Merchant Mariners Documents. The regulatory requirements for Merchant Marine license and document issuance are contained in 46 CFR Parts 10 and 12, and include experience requirements, examination subjects, physical standards, and renewal provisions. Drug testing requirements are contained in 46 CFR 16. Disciplinary provisions are contained in 46 CFR 5. Merchant vessel manning requirements are contained in 46 CFR 15.

3. Provided that the senior vessel operator on board is a member of either Division I or Division II of the SCNM, and only when directed by COMSCNM, the owner of such a VPSF vessel may visually designate that vessel as an SCNM vessel by displaying the SCNM ensign on the halyard next below the national ensign or at such other appropriate location as directed by COMSCNM. VPSF vessels operating under the SCNM ensign shall be considered to be performing official and necessary Maritime Homeland Security functions related to the continuity of port operations. Such VPSF vessels shall communicate and coordinate their movements with other

MHLS assets. During a high MARSEC Level, and pursuant to the applicable sections of 33 CFR Parts 6, 160 and 165, the operation of such SCNM-VPSF vessels may come under the operational control of the COTP. Under those conditions, they shall not be impeded in the performance of those necessary functions unless directed otherwise by the FMSC.

4. It is anticipated that under certain conditions of MARSEC 2, and under MARSEC 3, a significant number of the vessels enrolled in the VPSF will be required to be underway to assure the continuity of commercial port operations and, therefore, be subject to supervision and control by the USCG Captain of the Port (FMSC) pursuant to 33 CFR Parts 6, 160 and 165. In these situations, communications and coordination with maritime homeland security assets will be necessary to assure continuity of port operations. These cooperative relationships will be enhanced if the crew members on each of those vessels are also members of Division II of the SCNM. Therefore, nothing shall prevent Coast Guard licensed and/or documented crew members of VPSF vessels from being members of the SCNM. If they do not already hold Merchant Marine licenses or Merchant Mariners documents, COMSCNM may, upon application, grant temporary status as "Ordinary Seaman" while awaiting issuance of either of those Coast Guard-issued certificates.

80-025. S. C. Naval Militia Ensign.

1. COMSCNM shall authorize the display of a suitable S. C. Naval Militia ensign to be flown by vessels when such vessels are performing missions assigned to Divisions I, II, or III, of the SCNM. Such an ensign will contain the combined palmetto tree and gorget logo of the South Carolina flag and a symbolic rendition that includes an anchor depicting the naval nature of the organization.
