SOUTH CAROLINA STATE REGISTER DISCLAIMER

While every attempt has been made to ensure the accuracy of this State Register, the printed version of the State Register and not the on-line version is the official version and the Legislative Council makes no warranties or representations regarding its accuracy or completeness, and each user of this product understands that the Legislative Council disclaims any liability for any damages in connection with its use. This information is not intended for commercial use and its dissemination by sale or other commercial transfer is not authorized, absent a written licensing agreement with the Legislative Council. For further information contact the Legislative Council at 803-212-4500.
**South Carolina State Register**

An official state publication, the *South Carolina State Register* is a temporary update to South Carolina’s official compilation of agency regulations—the *South Carolina Code of Regulations*. Changes in regulations, whether by adoption, amendment, repeal or emergency action must be published in the *State Register* pursuant to the provisions of the Administrative Procedures Act. The *State Register* also publishes the Governor’s Executive Orders, notices or public hearings and meetings, and other documents issued by state agencies considered to be in the public interest. All documents published in the *State Register* are drafted by state agencies and are published as submitted. Publication of any material in the *State Register* is the official notice of such information.

**Style and Format**

Documents are arranged within each issue of the *State Register* according to the type of document filed:

- **Notices** are documents considered by the agency to have general public interest.
- **Notices of Drafting Regulations** give interested persons the opportunity to comment during the initial drafting period before regulations are submitted as proposed.
- **Proposed Regulations** are those regulations pending permanent adoption by an agency.
- **Pending Regulations Submitted to the General Assembly** are regulations adopted by the agency pending approval by the General Assembly.
- **Final Regulations** have been permanently adopted by the agency and approved by the General Assembly.
- **Emergency Regulations** have been adopted on an emergency basis by the agency.
- **Executive Orders** are actions issued and taken by the Governor.

**2017 Publication Schedule**

Documents will be accepted for filing on any normal business day from 8:30 A.M. until 5:00 P.M. All documents must be submitted in the format prescribed in the *Standards Manual for Drafting and Filing Regulations*.

To be included for publication in the next issue of the *State Register*, documents will be accepted no later than 5:00 P.M. on any closing date. The modification or withdrawal of documents filed for publication must be made by **5:00 P.M.** on the closing date for that issue.

|---------------------|------|------|------|------|-----|------|------|------|------|-----|------|-----|

*South Carolina State Register Vol. 41, Issue 4*
April 28, 2017
REPRODUCING OFFICIAL DOCUMENTS

Documents appearing in the State Register are prepared and printed at public expense. Media services are encouraged to give wide publicity to documents printed in the State Register.

PUBLIC INSPECTION OF DOCUMENTS

Documents filed with the Office of the State Register are available for public inspection during normal office hours, 8:30 A.M. to 5:00 P.M., Monday through Friday. The Office of the State Register is in the Legislative Council, Fourth Floor, Rembert C. Dennis Building, 1000 Assembly Street, in Columbia. Telephone inquiries concerning material in the State Register or the South Carolina Code of Regulations may be made by calling (803) 212-4500.

ADOPTION, AMENDMENT AND REPEAL OF REGULATIONS

To adopt, amend or repeal a regulation, an agency must publish in the State Register a Notice of Drafting; a Notice of the Proposed Regulation that contains an estimate of the proposed action’s economic impact; and, a notice that gives the public an opportunity to comment on the proposal. If requested by twenty-five persons, a public hearing must be held at least thirty days after the date of publication of the notice in the State Register.

After the date of hearing, the regulation must be submitted to the General Assembly for approval. The General Assembly has one hundred twenty days to consider the regulation. If no legislation is introduced to disapprove or enacted to approve before the expiration of the one-hundred-twenty-day review period, the regulation is approved on the one hundred twentieth day and is effective upon publication in the State Register.

EMERGENCY REGULATIONS

An emergency regulation may be promulgated by an agency if the agency finds imminent peril to public health, safety or welfare. Emergency regulations are effective upon filing for a ninety-day period. If the original filing began and expired during the legislative interim, the regulation can be renewed once.

REGULATIONS PROMULGATED TO COMPLY WITH FEDERAL LAW

Regulations promulgated to comply with federal law are exempt from General Assembly review. Following the notice of proposed regulation and hearing, regulations are submitted to the State Register and are effective upon publication.

EFFECTIVE DATE OF REGULATIONS

Final Regulations take effect on the date of publication in the State Register unless otherwise noted within the text of the regulation. Emergency Regulations take effect upon filing with the Legislative Council and remain effective for ninety days. If the original ninety-day period begins and expires during legislative interim, the regulation may be refiled for one additional ninety-day period.
**SUBSCRIPTIONS**

The *South Carolina State Register* is available electronically through the South Carolina Legislature Online website at [www.sesstatehouse.gov](http://www.sesstatehouse.gov), or in a printed format. Subscriptions run concurrent with the State of South Carolina’s fiscal year (July through June). The annual subscription fee for the printed format is $100.00. Payment must be made by check payable to the Legislative Council. To subscribe, complete the form below and mail with payment.

Executive Order No. 2017-05

WHEREAS, Mohsen A. Baddourah, a member of the City Council of the City of Columbia, has been indicted by a Grand Jury convened in Richland County for Domestic Violence, Second Degree, in violation of section 16-25-20 of the South Carolina Code of Laws; and

WHEREAS, Mohsen A. Baddourah, as a member of the City Council of the City of Columbia, is an officer of the State or its political subdivisions; and

WHEREAS, Article VI, Section 8 of the South Carolina Constitution provides, in relevant part, that “[a]ny officer of the State or its political subdivisions . . . who has been indicted by a grand jury for a crime involving moral turpitude . . . may be suspended by the Governor until he shall have been acquitted”; and

WHEREAS, under South Carolina law, moral turpitude “implies something immoral in itself,” *State v. Horton*, 271 S.C. 413, 414, 248 S.E.2d 263, 263 (1978), and “involves an act of baseness, vileness, or depravity in the social duties which a man owes to his fellow man or society in general, contrary to the accepted and customary rule of right and duty between man and man,” *State v. Major*, 301 S.C. 181, 186, 391 S.E.2d 235, 238 (1990); and

WHEREAS, Domestic Violence, Second Degree, is a crime of moral turpitude; and

WHEREAS, as Governor of the State of South Carolina, I am mindful of the duties and responsibilities vested in me by the Constitution and Laws of this State.

NOW, THEREFORE, by virtue of the aforementioned authority, and pursuant to Article VI, Section 8 of the South Carolina Constitution and the powers conferred upon me therein, I hereby Order that Mohsen A. Baddourah shall be and hereby is suspended from his office as a member of the City Council of the City of Columbia until such time as the above-referenced charge is resolved, at which time further appropriate action will be taken by the undersigned. This action in no manner addresses the guilt or innocence of Mohsen A. Baddourah and shall not be construed as an expression of any opinion on such question. This Order is effective immediately.

HENRY McMASTER
Governor

Executive Order No. 2017-06

WHEREAS, on April 3, 2017 and April 5, 2017, the National Weather Service issued Severe Thunderstorm Warnings, Flash Flood Watches, High Wind Warnings, Tornado Watches and Tornado Warnings for several counties in South Carolina, leading to the possibility of wind gusts up to eighty miles an hour, large hail, minor flooding, and strong tornadoes, all of which pose a threat to the health, safety and welfare of citizens; and

WHEREAS, as a result of the threat of hazardous weather conditions, state government offices closed early on April 3, 2017, in the counties of Lancaster, Newberry and Saluda and on April 5, 2017, in the counties of Aiken, Barnwell, Calhoun, Edgefield, Fairfield, Florence, Lexington, McCormick, Newberry, Orangeburg, Richland, and Saluda; and
WHEREAS, pursuant to Section 8-11-57 of the South Carolina Code of Laws the governor of this State may authorize leave with pay for affected state employees who were absent from work due to the closing of state offices for hazardous weather conditions.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and the powers conferred upon me therein, I hereby grant leave with pay to state employees absent from work as directed on April 3, 2017 and April 5, 2017, as a result of hazardous weather conditions.

This Order is effective immediately.

HENRY MCMASTER
Governor

Executive Order No. 2017-07

WHEREAS, there presently exists a vacancy in the office of the Treasurer of Dorchester County due to the recent death of Mary L. Pearson; and

WHEREAS, in the event of a vacancy in the office of a county treasurer, the undersigned is authorized to appoint a suitable person, who shall be an elector of the county, to serve as county treasurer pursuant to sections 1-3-220(2), 4-11-20(1), and 12-45-20 of the South Carolina Code of Laws, as amended; and

WHEREAS, Cindy L. Chitty, residing at 1404 Peninsula Pointe, Summerville, South Carolina 29485, is a fit and proper person to serve as the Treasurer of Dorchester County.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and the powers conferred upon me therein, I hereby appoint Cindy L. Chitty to serve as Treasurer of Dorchester County, effective immediately, until the next general election and until her successor shall qualify as provided by law.

HENRY MCMASTER
Governor
DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

NOTICE OF GENERAL PUBLIC INTEREST

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

NOTICE OF GENERAL PUBLIC INTEREST

NOTICE OF CANCELLATION AND RESCHEDULING OF PUBLIC HEARING

State Register Document 4740

April 28, 2017

The Public Hearing rescheduled for April 13, 2017, has been cancelled and rescheduled before the Department’s Board for June 8, 2017. The hearing will be held at the regularly-scheduled Board meeting on June 8, 2017, in the Board Room, Third Floor, Aycock Building of the Department of Health and Environmental Control, 2600 Bull St., Columbia, South Carolina. Due to admittance procedures at the DHEC building, all visitors should enter through the Bull Street entrance and register at the front desk.
The Board meeting commences at 10:00 a.m. at which time the Board will consider items on its agenda in the order presented. The order of presentation for public hearings will be noticed in the Board’s agenda to be published by the Department twenty-four (24) hours in advance of the meeting at http://www.scdhec.gov/Agency/docs/AGENDA.PDF. The agenda will also provide notice of cancellation or any change in meeting times. Persons desiring to make oral comments at the hearing are asked to limit their statements to five minutes and, as a courtesy, are asked to provide written copies of their presentations for the record.

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
CHAPTER 61
Statutory Authority: 1976 Code Section 13-7-40

Notice of Drafting:

The South Carolina Department of Health and Environmental Control (“DHEC”) proposes amending Regulation 61-63, Radioactive Materials (Title A). Interested persons are invited to submit written comments to James K. Peterson, Division Director, Division of Radioactive Material Licensing and Compliance, Bureau of Radiological Health, S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, South Carolina 29201 or via email at petersjk@dhec.sc.gov. To be considered, comments must be received no later than 5:00 p.m. on May 29, 2017, the close of the drafting comment period.

Synopsis:

The federal Atomic Energy Act of 1954 enables the United States Nuclear Regulatory Commission (“Commission”) to enter into agreements with states governors allowing for state regulation of byproduct, source, and special nuclear materials. 42 U.S.C. Section 2121. The Commission enters into such agreements if it finds that the state regulatory program is in compliance with applicable federal regulations. Id. In order to renew South Carolina’s ongoing agreement with the Commission, DHEC proposes amending Regulation 61-63 to ensure state standards are in compliance with the Commission’s regulatory updates. Specifically, DHEC's proposed amendments will revise Parts II, V, VII, and XII for consistency with federal regulations.

The Department may also make revisions for grammatical errors, typographical errors, and other such changes. Legislative review will not be required.

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
CHAPTER 61
Statutory Authority: 1976 Code Sections 44-61-610 et seq.

Notice of Drafting:

The Department of Health and Environmental Control proposes to draft a new regulation that addresses the Stroke System of Care Act of 2011. Interested persons may submit comments to Robert Wronski, Bureau Chief, DHEC Bureau of EMS and Trauma, 2600 Bull Street, Columbia, South Carolina 29201, or via email at wronskra@dhec.sc.gov. Comments may also be submitted electronically at the following address: http://www.scdhec.gov/Agency/RegulationsAndUpdates/PublicComments/, under the Notice of Drafting for South Carolina Stroke Care System. To be considered, all comments must be received no later than 5:00 p.m. May 29, 2017, the close of the drafting comment period.

Synopsis:

In 2011, the General Assembly passed the Stroke System of Care Act of 2011 which requires the Department of Health and Environmental Control (DHEC) to promulgate regulations to establish a process of application and recognition of acute care hospitals that wish to be recognized as stroke centers within the State. A list of all recognized stroke centers must be posted on the Department website and distributed to all DHEC licensed Emergency Medical Service (EMS) agencies. The act further requires the Department to establish a statewide
stroke registry for the collection and analysis of stroke care by acute care hospitals within the State. Additionally, the act requires the Department to adopt and distribute a nationally recognized, standardized stroke-triage assessment tool. This assessment tool must be posted on the Department’s website and distributed to all DHEC licensed EMS agencies.

Legislative review of this amendment is required.
114-500 through 114-509. Regulations for the Licensing of Child Care Centers

Preamble:

Child care standards provide the foundation for ensuring safety and quality for children away from their homes. Quality care ensures the nurturing and protection that children need and helps to create an environment in which children can grow, learn and thrive. The South Carolina Department of Social Services administers regulations for child care facilities. The Department, with the advice and consent of the 17-member State Advisory Committee on the Regulation of Child Care Facilities, is charged with conducting a comprehensive review of these regulations at least once every three years. New regulations replace the current regulations in their entirety once passed through the legislative process. These regulations represent a collaborative effort toward improving the quality of care children receive. It demonstrates the value South Carolina citizens place on all children and our willingness to work and compromise to improve life for our state’s greatest resource – our children.

Notice of Drafting was published in the State Register on March 24, 2017.

Section-by-Section Discussion of Proposed Amendments:

1. 114-500(B)(3)(h) – language added regarding children with disabilities
2. 114-500(B)(3)(j) – amended statutory referrals to reflect the updated code section
3. 114-500(C)(1) – regulation added regarding children with disabilities
4. 114-500(C)(2) – regulation added regarding children with disabilities
5. 114-500(C)(3) – regulation added regarding children with disabilities
6. 114-500(C)(4) – regulation added regarding children with disabilities
7. 114-501(A) – amended statutory referral to reflect the updated code section
8. 114-501(A)(8) – amended definition of a child
9. 114-501(A)(10) – regulation added regarding the definition of a child with a disability

54. 114-508(B)(6) – regulation amended regarding food preparation
55. 114-509(A)(3)(d) – regulation amended regarding feeding, eating and drinking
56. 114-509(A)(5) – regulations amended regarding sleeping

Notice of Public Hearing and Opportunity for Public Comment:

Address for written comments to be sent: Ms. Cynthia Lara, Department of Social Services, Division of Early Care & Education, Director of Child Care Licensing, 1535 Confederate Avenue, Ste. 311-1, Columbia, SC 29202, no later than May 29, 2017.

A public hearing has been requested. The public hearing will be held upon the receipt of a request for the public hearing by 1) 25 or more people; 2) a governmental subdivision or agency; or 3) by an association with 25 or more members pursuant to S.C. Code Section 1-23-110(A)(3). The date, time and place of public hearing is: Wednesday, May 31, 2017 at 10:00 a.m. at the offices of the Administrative Law Court, Edgar Brown Building, Second Floor, 1205 Pendleton Street, Columbia, SC.

Preliminary Fiscal Impact Statement:

The proposed regulations will have no substantial fiscal or economic impact on the State or its political subdivisions. Implementation of this regulation will not require additional resources beyond those allowed. There is no anticipated additional cost by the Department or State Government due to any inherent requirements of this regulation.

Statement of Need and Reasonableness:

DESCRIPTION OF REGULATION:

Purpose: To provide the foundation for healthy, safe and quality child care in public and private child care centers in South Carolina.
Legal Authority: 1976 Code Sections 43-1-80 and 63-13-180 et seq.

Plan for Implementation: The amendments will take effect upon the approval of the South Carolina General Assembly and publication as final regulations in the State Register. A copy of the regulations will be made available electronically on the Department’s website at www.scchildcare.org. The Department will also send an email to stakeholders and the regulated community and will communicate with the affected child care centers before and after the implementation period regarding the amended regulations.

DETERMINATION OF NEED AND REASONABLENESS OF THE PROPOSED REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

These amendments are based on the advice and recommendation of the State Advisory Committee on the Regulation of Child Care Facilities. They are reasonable and necessary to improve the health, safety and quality of child care in South Carolina. They serve to further protect the interests of children and parents while accounting for the needs of owners and operators of child care facilities. The amendments clarify and/or strengthen existing regulations that enable Department staff to enforce health and safety standards for public and private child care centers in South Carolina.

DETERMINATION OF COSTS AND BENEFITS:

There is not anticipated increase in costs to the State or its political subdivisions resulting from these proposed revisions. The standards to be adopted are significantly similar to those already in effect and applicable to the regulated community as a matter of state law, thus the regulated community has already incurred the costs of these regulations. The proposed amendments will benefit the regulated community and the children they serve by improving the health, safety and quality of public and private child care centers.

UNCERTAINTIES OF ESTIMATES:

There are no uncertainties of estimates relative to the costs to the state or its political subdivisions.

EFFECT ON ENVIRONMENT AND PUBLIC HEALTH:

The Department anticipates no environmental effect. Public health will be positively affected by the strengthening of regulations regarding the inclusion of children with special needs, the encouragement that child care teachers consult with doctors regarding a TDAP vaccine, requiring additional continuing education for child care teachers, restricting the use of play pens in child care centers, enforcing safe sleep practices and banning child care staff from smoking on the child care premises.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATION IS NOT IMPLEMENTED:

There is no anticipated detrimental effect on the environment. Public health may be detrimentally affected if the regulation amendments are not implemented by failing to adopt current best practices for health and safety of children in child care facilities because current health and safety practices were implemented in 2005.

Statement of Rationale:

These amendments are proposed to enhance and improve the current licensing regulations for private and public child care centers based on the advice and recommendation of the State Advisory Committee on the Regulation of Child Care Facilities. The Committee consulted experts in the field of child care licensing, inclusion of children with special needs, and national best practice standards adopted by other states.
The full text of this regulation is available on the South Carolina General Assembly Home Page: http://www.scstatehouse.gov/regnsrch.php. Full text may also be obtained from the promulgating agency.

Synopsis:

The proposed amendments will update the language of the regulation to include the role of the Adjutant General in emergency management as well as more precisely define the chain of command, coordination, direction, and control during an emergency. These revisions will help delineate the roles and responsibilities in emergency management at the state level.

A Notice of Drafting was published in the State Register on August 26, 2016.

Instructions:

Replace Regulation 58-101 as shown below.

Text:

A. General
   1. There shall be established a South Carolina emergency management organization, which shall consist of a state element and forty-six county elements. The state element of this organization shall be comprised of all officials, departments, and employees of state government and may include persons or groups who, by agreement or operation of law, may be charged with duties incident to the protection of life and property within the State during an emergency. The forty-six county elements shall be organized and maintained pursuant to the requirements of Regulation 58-1.

   2. There shall be a South Carolina Emergency Plan consisting of a South Carolina Emergency Operations Plan (SCEOP) and forty-six County Emergency Operations Plans. The SCEOP shall outline the emergency roles and responsibilities of the State Emergency Response Team (SERT) and county organizations. The SCEOP shall be developed and maintained pursuant to the requirements of this regulation and will be used for any incident that occurs. The forty-six County Emergency Operations Plans shall be developed and maintained pursuant to the requirements of Regulation 58-1.

      a. State government shall be responsible for providing resources to support county government emergency operations and for coordinating support to county government from other sources, including the federal government, unaffected counties of the State, and adjacent states. This assistance may consist of, but not limited to, liaisons, representatives or Incident Management Teams (IMT) that will assist and/or coordinate support using National Incident Management System (NIMS) and Incident Command System (ICS) principals in conjunction with county or local representatives.

      b. State government shall assume direction and control of area or county government emergency operations when requested by proper county government authority; or when county government authority has broken down or is nonexistent; or when the nature and magnitude of an emergency is such that effective response and recovery action is beyond the capability of county government, or when, in the event of a war emergency or declared natural or man-made emergency, state direction is required for implementation of a state or national plan in accordance with the Emergency Powers Act (South Carolina Code of Laws, Title 25 – Chapter 1. Article 4; Section 25-1-420 thru 460).

      c. Nothing in Item A(2)(b) above is intended to transfer, or otherwise remove from county government, the responsibility for the protection of life and property within their respective jurisdictions. The purpose of these items is to provide for an effective level of direction, control, or coordination in the event a major emergency impacts the State. County government shall continue to be responsible for the conduct of operations within their
jurisdiction during all emergency situations; however, under conditions identified in Item A(2)(b), state government shall exercise an appropriate degree of direction, control, or coordination at the discretion of the Governor.

d. Unless otherwise provided for in this Regulation or Regulation 58-1, county government shall be responsible for initial response to, and the conduct of, operations relating to emergency conditions impacting their respective area of jurisdiction.

e. County government shall be responsible for ensuring that all appropriate local resources, including those of municipalities, are being utilized to support the conduct of emergency operations prior to requesting outside assistance from state government. This requirement is deferred when state or inter-jurisdictional plans or procedures provide for an automatic response by state government.

3. State government’s chain of communications, coordination, direction, and control during an emergency shall consist of the following:
   a. The Governor and the Governor’s Office,
   b. Emergency Support Functions (ESF), and
   c. The Governor’s Command Section (Policy Group/Executive Group) which may include the following:
      i. The Office of the Adjutant General,
      ii. The South Carolina Emergency Management Division (SCEMD),
      iii. The Department of Transportation
      iv. The Department of Public Safety,
      v. The State Law Enforcement Division,
      vi. The Department of Natural Resources,
      vii. The Department of Social Services,
      viii. The Department of Health and Environmental Control,
      ix. The Office of Regulatory Staff,
      x. The Department of Labor, Licensing, and Regulation,
      xi. The Department of Administration, and
      xii. Any other agency as needed.

4. County government’s chain of communications, coordination, direction and control during an emergency shall be consistent with Regulation 58-1.

5. When required during an emergency, state direction, control, communication and coordination between state and county government shall be channeled through SCEMD and the County Emergency Management Agency, respectively.

B. South Carolina Emergency Operations Plan - Development Requirements

1. The South Carolina Emergency Operations Plan (SCEOP) shall consist of the following elements:
   a. Basic plan, hazard vulnerability analysis, concept of operations and annexes;
   b. ESF annexes and implementing procedures of tasks and responsibilities assigned by the SCEOP. Each functional annex will be assigned a primary organization responsible for ensuring completion of their respective annex. Supporting organizations will also be assigned and provide required support to the primary organization;
   c. Major hazard contingency plans. Such plans shall address major hazards addressed in the hazards vulnerability analysis.

2. Responsibilities for the development of plans, annexes and implementing procedures are as follows:
   a. The SCEOP shall be developed and coordinated with applicable state agencies by SCEMD;
   b. Major hazard contingency plans shall be developed and coordinated with local governments by SCEMD, with the exception of those plans that are the responsibility of other state agencies;
   c. Individual ESF annexes and implementing procedures shall be developed and coordinated with applicable state agencies for all tasks and responsibilities assigned that agency by the SCEOP;
   d. County emergency operation plans, annexes and implementing procedures will be developed by local government in accordance with Regulation 58-1, and will follow the precepts, practices and procedures as defined in NIMS.

C. South Carolina Emergency Operations Plan – Review and Approval

1. The Office of the Governor shall be responsible for approval of the SCEOP. SCEMD shall submit the SCEOP to the Governor for review and approval by February 1 of the first year of each new gubernatorial term.
2. Each plan, annex, and standard operating procedure developed pursuant to this Section shall be submitted
by the appropriate state agency and local government to SCEMD for review and concurrence.
3. SCEMD will provide to each submitting agency the results of the review.
4. Each plan, annex, or standard operating procedure developed pursuant to this Item shall be reviewed and
revised as required but not to exceed a period of more than 3 years. State agencies and local governments shall
submit appropriate revisions and certifications for review and concurrence. SCEMD shall establish a schedule
for such submissions.

D. State Agency Emergency Management Responsibilities

1. The duties of the Office of the Governor shall include, but are not limited to:
   a. Developing of plans and procedures to support the Governor in the exercising of executive
      responsibilities and authority during an emergency;
   b. Providing executive coordination and communication with SCEMD in the development of the SCEOP,
      approval of the SCEOP, and implementation of such SCEOP during an emergency;
   c. Serving as the official point of contact within state government for public information during an
      emergency. Specific responsibilities may be assigned to state agencies, pursuant to the SCEOP, or at the
      discretion of the Governor's Press Secretary;
   d. Serving as the coordinating agency for public information in accordance with the provisions of Item D
      (3) below;
   e. Acting as final administrative authority for declaratory rulings associated with the implementation of

2. The duties of the Office of the Adjutant General shall include, but are not limited to:
   a. Providing administrative and operational guidance to SCEMD;
   b. Developing of plans and procedures to support the Governor in the exercising of executive
      responsibilities and authority during day-to-day and emergency operations;
   c. Forming an emergency management review committee in accordance with Regulation 58-1 and consider
      such recommendations the committee may make;
   d. Providing executive coordination and communication with SCEMD in the development of the SCEOP
      and implementation of such SCEOP during an emergency;
   e. Participating within the Governor's Command Section (Policy Group/Executive Group) when a State of
      Emergency has been declared.

3. SCEMD shall be responsible for functions that include, but are not limited to:
   a. Development, coordination, maintenance, review and revision of the SCEOP. Such reviews shall be
      conducted with the support and direct participation of agencies and organizations identified in the SCEOP to
      ensure that organizational assignments are appropriate and consistent with the capabilities of those agencies or
      organizations;
   b. Provide program coordination and technical and staff assistance as requested to support the
      implementation of this Regulation and Regulation 58-1;
   c. Development of program guidance to support the implementation of this Regulation and Regulation 58-
      1;
   d. Development and maintenance of state plans as may be required;
   e. Conduct periodic review and evaluation, not to exceed a period of more than 3 years, of county
governments’ accomplishments, deficiencies, and proposed activities as they relate to this Regulation and
Regulation 58-1, and maintain copies of such evaluations in accordance with the state retention policy;
   f. Review and approval of County Emergency Operations Plans submitted pursuant to the requirements of
      Regulation 58-1;
   g. Review and concurrence in elements of the SCEOP;
   h. Serves as the designated coordinating point between the State, state agencies, and county government
during an emergency;
   i. Coordination to support implementation of the Stafford Act.
4. State agencies designated as ESF Lead Agencies in the SCEOP shall be responsible for functions which
include, but are not limited to:
22 FINAL REGULATIONS

a. Designation of an agency Emergency Management Coordinator(s), who shall be responsible for agency coordination and implementation of planning and administrative requirements as outlined and in support of the SCEOP;
b. Coordination of ESF response operations, through the designated Emergency Management Coordinator(s), in accordance with plans and procedures developed in support of the SCEOP and the ESF operations;
c. Designation of adequate SEOC representation to provide 24-hour coverage for periods of operations. The Emergency Management Coordinator(s) may also be designated as a SEOC representative;
d. Responsible for the review, revision and development of designated ESF plans and procedures.

5. State agencies designated as ESF Support Agencies in the SCEOP shall be responsible for functions which include, but are not limited to:
   a. Designation of an agency Emergency Management Coordinator(s), who shall be responsible for agency coordination and implementation of planning and administrative requirements as outlined and in support of the SCEOP;
   b. Coordination of ESF response operations, through the designated Emergency Management Coordinator(s), in accordance with plans and procedures developed in support of the SCEOP and the ESF operations;
   c. Designation of adequate SEOC representation to provide 24-hour coverage for periods of operations. The Emergency Management Coordinator(s) may also be designated as a SEOC;
   d. Support and participate in the review, revision and development of designated ESF plans and procedures.

E. Facilities and Equipment

1. There shall be established a central state warning point from which state government can receive initial notification of (non-law enforcement) emergency occurrences or conditions within the State, and can alert key officials and agencies within state government for response. This facility shall be operated twenty-four (24) hours a day.
2. There shall be established, occupied and maintained by SCEMD a SEOC from which state government can direct, control, and coordinate emergency operations. This facility, upon activation, shall be staffed by those state agency SEOC representatives designated by the SCEOP, or by SCEMD as appropriate. Emergency response activities of all state agencies shall be coordinated with their respective SEOC representatives when the SEOC is activated.
3. There shall be established within the SEOC communications capabilities necessary to support emergency operations.

F. State Emergency Management Training and Exercises

1. SCEMD shall establish and manage a training and exercise program for state, county and municipal emergency response personnel. To support this, SCEMD shall annually publish a multi-year training and exercise plan. The multi-year training and exercise plan may be periodically amended during the program year. Training and exercises listed in this plan shall be in addition to that routinely provided or required within a state agency.
2. SCEMD shall establish and conduct annually a major exercise addressing potential hazards affecting the State. Such an exercise shall require participation of the majority of ESFs identified in the SCEOP, shall be conducted in conjunction with an exercise involving 1 or more counties, and shall include the actual deployment of personnel and resources under simulated conditions. An agency may request certification from SCEMD for participation in an actual event as a substitution for this requirements.
3. Members of the SEOC and the state agency Emergency Management Coordinators shall participate in at least 2 exercise events per year. Exercise events meeting this requirement shall be from the list of exercise events published by SCEMD in the multi-year training and exercise plan. An agency may request certification from SCEMD for a specific training activity, exercise or actual event not contained on the published multi-year training and exercise plan.
4. State agency personnel shall participate in preparedness training and exercise activities in a manner consistent with responsibilities assigned in the SCEOP.
5. SCEMD shall coordinate the provision of staff and technical assistance to support the implementation of this Item.
G. Emergency Management Public Awareness
   1. State agencies assigned public information responsibilities under the SCEOP shall assist in the development and coordination of the conduct of public awareness activities within the State.
   2. County government shall conduct ongoing educational programs and participate in state special emphasis programs pursuant to Regulation 58-1.
   3. SCEMD Public Information personnel shall coordinate the provision of resources to support county government public awareness activities.
   4. State special emphasis programs shall be conducted annually in coordination with appropriate county governments. Such programs shall address potential hazards affecting the State.

Fiscal Impact Statement:

There will be no cost incurred by the State or any of its political subdivisions for this regulation.

Statement of Rationale:

The determination to amend this regulation was based on requests received by the South Carolina Emergency Management Division. The current regulation does not include the role of the Adjutant General. It is necessary to add the Adjutant General’s roles and responsibilities to explain the coordination between different areas of government when responding to an emergency or disaster. It was also necessary to define the Governor’s Command Section to clarify the chain of communications, coordination, direction, and control during an emergency. During an emergency situation, the clear delineation of roles and responsibilities is crucial to a successful operation and is directly linked to the health and safety of the public.
Pursuant to letter dated February 28, 2017 from the Senate Medical Affairs Committee, the Department withdrew and resubmitted revised Document 4736 on February 28, 2017 for legislative review to indicate that oysters harvested during months that required additional temperature controls (i.e. summer months) will be limited only to triploid oysters. The changes are reflected in Document 4736 where applicable.

61-47.A.2.(jj)
Added definition of mariculture pursuant to a public comment. This definition is from the Marine Resources Act, Section 50-5-15(33). The Marine Resources Act is implemented by the South Carolina Department of Natural Resources. Because the Department and the South Carolina Department of Natural Resources both regulate shellfish mariculture activities in the state, it is appropriate to use a consistent definition for mariculture.

61-47.A.2.(jj) and (kk)
Subsections were renumbered pursuant to a public comment.

61-47.A.2.(ll)
Subsection was renumbered pursuant to a public comment. The amendment is to change the reference date of the document to the latest version of the document.

61-47.A.2.(mm) through (kkk)
Subsections were renumbered pursuant to a public comment.

61-47.A.2.(mmm)
Add definition of triploid oyster for clarity and consistency. The definition was provided by a geneticist with the South Carolina Department of Natural Resources.

61-47.A.2.(lll) through (nnn)
Subsections renumbered.

61-47.C.1.(f)
This amendment is added to require harvesters to have Department approved annual training and certified shippers to only receive shellfish from harvesters that have completed Department approved annual training. The annual training for harvesters will include a discussion of state regulations and overview of best practices for the safe and sanitary harvesting and handling of shellfish. The training is needed given the more stringent harvesting and handling requirements on the harvester during the summer months. The training will be provided at no cost to the harvesters.

61-47.C.2.(b)
Two subsections (61-71.C.2.(b) and (c)) are combined to create this new subsection. This amendment is to improve readability and to more clearly explain the meaning of shellstock temperature control and how and when shellstock temperature control is to be applied by certified shippers.

61-47.C.2.(c)
This subsection includes the same text found in the first sentence in the current subsection 61-47.C.2.(c)(1).

61-47.C.2.(d)
This subsection is added to indicate that the months that require additional temperature controls will be determined annually and presented in the South Carolina Vibrio Control Plan. This plan uses existing data, such as air and water temperatures, to develop the procedures that South Carolina will follow to reduce the health risk posed by Vibrio bacteria to the consumers of shellfish harvested in the state. The plan is a requirement for South Carolina to remain in compliance with the National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish.
61-47.C.2.(e)
This text is new and clarifies that only maricultured triploid oysters and clams of the species *Mercenaria mercenaria*, unless other clam species are approved by Department, can be harvested in the state during months that require additional temperature controls. Triploid oysters, which are only maricultured, can be genetically tested and verified not to be naturally occurring diploid oysters. Limiting summer harvest to only maricultured triploid oysters will enhance compliance and enforcement and protect public health by ensuring that only maricultured oysters reach the market.

61-47.C.2.(e)(1)
This subsection includes similar text to the text found in the second and third sentences of the current item 61-47.C.2.(c)(1) and describes the temperature control requirements for clams during months that require additional temperature controls. Text is added to clarify that clams in this subsection means clams of the species *Mercenaria mercenaria*. This is the only clam species commercially harvested in the state and is specifically required to have controls for Vibrio bacteria by the National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish. The text does allow the Department to consider other clam species under this subsection.

61-47.C.2.(e)(2)
This subsection is new text and includes technical requirements for the harvesting and handling of maricultured triploid oysters during months that require additional temperature controls. These harvesting and handling requirements are based on the following: the National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish that is administered by the U.S. Food and Drug Administration (“FDA”), the Vibrio bacteria risk calculator provided by FDA, requirements used by other states for months that require additional temperature controls, and consultation with FDA Shellfish Specialists. For maricultured triploid oysters harvested during months that require additional temperature controls, it is proposed that the oysters be continuously submerged for a minimum of 14 days before being harvested for sale and consumption. The oysters are submerged to prevent exposure to the higher temperatures experienced by naturally occurring oysters that are exposed to the warm air and sunlight during daily tidal cycles.

61-47.C.2.(e)(2)(d)
Pursuant to a public comment, this new subsection is added to clarify that certified shippers that choose to receive and distribute oysters harvested from South Carolina waters are responsible for ensuring that the oysters have been maricultured and harvested and handled in compliance with the requirements proposed for the summer harvest of oysters included in subsection 61-47.C.2.(e)(2).

61-47.C.2.(f)
This is a new subsection with a new heading to clarify the contents of this subsection.

61-47.C.2.(f)(1) and (2)
These subsections include text found in the current regulation under items 61-47.C.2.(c)(2) and (3). These items are moved to this subsection to provide clarity about the purpose of the items and to accommodate new subsections that have been added.

61-47.C.2.(g)
Subsection renumbered and subsection cross reference renumbered to match amended text.

61-47.C.2.(g)(10)
Pursuant to a public comment, this subsection is amended to change the reference date of the document to the latest version of the document.

61-47.C.2.(h)
Subsection renumbered.
26 FINAL REGULATIONS

61-47.C.2.(i)
Subsection renumbered.

61-47.C.3.(b)(4)
Subsection cross reference added to include newly added text.

61-47.I.4
Wording change to be consistent with wording of amended text in C.2.(b).

61-47.I.5
Subsection cross reference added to include newly added text and renumbered subsection.

61-47.I.6
Subsection cross reference renumbered to match amended text.

61-47.I.7
Subsection cross reference renumbered to match amended text.

61-47.O.6.(a)
Text is added to clarify that the required operation plan should include the operational requirements found in 61-47.C.2.(e)(2).

61-47.O.6.(e)
Change punctuation.

61-47.O.6.(f)
This subsection is added to require the operational plan to include the record keeping procedures that will be used to document compliance with the requirements found in item C.2.(e)(2).

Instructions: Amend Regulation 61-47 pursuant to each individual instruction provided with the text of the amendments below.

Text:

Add new subitem 61-47.A.2.(jj):

(jj) Mariculture means controlled cultivation in confinement of marine and estuarine organisms in salt waters.

Revise 61-47.A.2.(jj) and (kk) to read:

(kk) Marina means any of the following:

(1) locked harbor facility;

(2) any facility which provides fueling, pump-out, maintenance or repair services (regardless of length);

(3) any facility which has effective docking space of greater than 250 linear feet or provides moorage for more than 10 boats;

(4) any water area with a structure which is used for docking or otherwise mooring vessels and constructed to provide temporary or permanent docking space for more than ten boats, such as a mooring field; or
(5) a dry stack facility.

(ll) National Shellfish Sanitation Program means the program cooperatively developed by state, United States Food and Drug Administration, and shellfish industry representatives resulting in sanitary control guidelines that ensure that the shellfish produced in accordance with guidelines will be safe and sanitary.

Revise 61-47.A.2.(ll) to read:

(mm) National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish means the 2015 version of the United States Food and Drug Administration document with that title that consists of a Model Ordinance, supporting guidance documents, recommended forms, and other related materials associated with the National Shellfish Sanitation Program. Portions of the document are incorporated by reference herein and such referenced sections shall have effect as if fully recited within the text of this regulation. Copies can be obtained through the U.S. Food and Drug Administration or the S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201.

Revise 61-47.A.2.(mm) through (kkk) to read:

(nn) Person means any individual, partnership, company, corporation, trustee, association, agency, or any public or private entity.

(oo) Poisonous or Deleterious Substance means a toxic compound occurring naturally or added to the environment that may be found in shellfish or shellfish growing waters for which a regulatory tolerance limit or action level has been established or may be considered harmful to public health. Examples of naturally occurring substances would include paralytic shellfish toxins and trace elements geologically leached from the environment, such as mercury; examples of added substances would include agricultural pesticides and polynuclear aromatics.

(pp) Post Harvest Processing means processing of shellfish for the purpose of added safety or quality that involve hazards not addressed by controls in the National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish Model Ordinance for shucker-packers, repackers, shellstock shippers, or reshippers.

(qq) Process means those actions related to the operation of the Certified Shipper facilities of Depuration Processors(DP), Shucker-Packers(SP), Repackers(RP), Shellstock Shippers(SS), and Reshippers(RS).

(rr) Processor means a certified shipper.

(ss) Prohibited means an administrative classification that disallows shellfish harvest for human consumption.

(tt) Prohibited Area means a growing area that has been closed by the Department for the harvesting of shellfish for any purpose related to direct human consumption.

(uu) Raw means shellfish that have not been thermally processed:

(1) to an internal temperature of one hundred and forty-five (145) degrees Fahrenheit or greater for fifteen (15) seconds (or equivalent); or

(2) to alter the organoleptic characteristics.

(vv) Relaying means the transfer of shellstock from restricted areas or conditionally restricted areas to approved or conditionally approved areas for natural biological cleansing using the ambient environment as a treatment system.
(ww) Repacker (RP) means a certified shipper who packs shucked shellfish into containers other than those in which they were originally packaged. A repacker may act as a shellstock shipper.

(xx) Repacking means the transfer of shucked shellfish into containers other than those in which they were originally packaged.

(yy) Reshipper (RS) means certified shippers who purchase shellfish from other certified shippers and sell or distribute the shellfish without repackaging.

(zz) Restricted means a shellfish water quality classification that does not meet approved water quality criteria, disallows direct marketing of shellfish, and allows shellfish harvest only by special permit.

(aaa) Restricted Area means a growing area that has been classified by the Department as not meeting water quality criteria that would allow harvesting shellfish for direct marketing for human consumption. In a restricted area, shellfish may be harvested only by special permit and direct marketing of harvested shellfish is not allowed.

(bbb) Sanitary Survey Report means a written evaluation of all actual and potential pollution sources and environmental factors that affect shellfish growing area water quality.

(ccc) Sanitize means adequate treatment of food contact surfaces by a process that is effective in destroying vegetative cells of microorganisms of public health significance and in substantially reducing the number of other microorganisms. Such treatment shall be safe and not adversely affect shellfish.

(ddd) Scheduled Depuration Process means the process that places shellfish harvested from conditionally restricted, restricted, or approved waters into a controlled aquatic environment selected by the processor and that has been demonstrated to the Department to effectively reduce the level of fecal coliform bacteria in live shellfish.

(eee) Seed means juvenile shellstock intended for growth to market size.

(nn) Shellfish means all edible species of oysters, clams, mussels, and scallops; either shucked or in the shell; fresh or fresh frozen; whole or in part, except that scallops shall be excluded when the final product is the adductor muscle only.

(ggg) Shellstock means live molluscan shellfish in the shell.

(hhh) Shellstock Shipper (SS) means a certified shipper who grows, harvests, buys, or sells shellstock. A shellstock shipper is not certified to shuck shellfish or repack shucked shellfish. A shellstock shipper may repackage shellstock or act as a reshipper.

(iii) Shucked Shellfish means shellfish that have been removed from their shells.

(jjj) Shucker-Packer (SP) means a certified shipper who shucks and packs shellfish. A shucker-packer may act as a repacker, shellstock shipper, or reshipper.

(kkk) State Shellfish Control Authority or Authority means the South Carolina Department of Health and Environmental Control or, if in reference to another state, the state agency having the primary authority to implement public health-related shellfish regulations.

(lll) Systematic Random Sampling is a field sampling and data analysis design that employs a preestablished sampling schedule and assumes that a statistically representative cross section of all meteorological, hydrographic, and/or other pollution events will be included in the data set.
Add new subitem 61-47.A.2.(mmm):

(mmm) Triploid oyster means an oyster having three sets of homologous chromosomes.

Revise 61-47.A.2.(lll) through (nnn) to read:

(nnn) Vehicle means any truck, car, bus, trailer, railcar, aircraft, boat, ship, barge, dredge, or other means of conveyance by which shellfish is transported from one location to another.

(ooo) Vessel means any boat, ship, barge, dredge, or other type of watercraft used for the commercial harvest or transport of shellfish for human consumption.

(ppp) Wet Storage means storage of marketable shellfish in water after initial harvest.

Add new subitem 61-47.C.1.(f) to read:

(f) Harvester shall complete Department approved training annually. The certified shippers shall only receive shellstock from harvesters who have completed Department approved training annually.

Revise 61-47.C.2.(b) and (c) and add new subitems 61-47.C.2.(d), (e) and (f) to read:

(b) Shellstock Temperature Control.

(1) Shellstock Temperature Control is the management of the internal temperature of shellstock by means of ice, mechanical refrigeration or other approved means which is capable of lowering the temperature of the shellstock and will maintain shellstock at fifty (50) degrees Fahrenheit (ten (10) degrees Centigrade) or less. Ice must be from a Department approved source.

(2) Within two (2) hours of receiving shellstock from a harvester, certified shippers shall implement procedures to control shellstock temperature as described in item C.2.(b)(1). For purposes of this item, shellstock shall be considered received when the shellstock are located in any portion of a certified shipper facility. Nothing in this item shall be construed to increase the maximum allowable time period for shellstock temperature control.

(c) Shellstock harvested during months that do not require additional temperature controls shall be placed under temperature control by the receiving certified shipper within eighteen (18) hours from the time of harvest.

(d) Months that do require additional temperature controls will be designated in the latest version of the South Carolina Vibrio Control Plan, which is updated annually in accordance with the National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish.

(e) Shellstock harvested during months that do require additional temperature controls shall be limited to clams as described in item C.2.(e)(1) and maricultured triploid oysters and shall be managed as follows:

(1) Clams shall be under temperature control by the receiving certified shipper within twelve (12) hours from the time of harvest or may be tempered for a longer period of time using a Department approved tempering plan. For the purpose of this item, clams means the species *Mercenaria mercenaria*, unless otherwise approved by the Department.

(2) Harvester shall only harvest maricultured triploid oysters submerged for a minimum of 14 days prior to harvest. The certified shipper shall place the triploid oysters under temperature controls sufficient to reach an internal temperature of fifty (50) degrees Fahrenheit (ten (10) degrees Centigrade) or less within two (2) hours from the time the triploid oysters are received by the certified shipper. For purposes of this item, triploid oysters
shall be considered received by the certified shipper when the triploid oysters are located in any portion of a certified shipper facility. The time from harvest to receipt by a certified shipper shall be managed as follows:

(a) The certified shipper shall only receive triploid oysters harvested on the same calendar day. The certified shipper shall not receive triploid oysters after 10:00 A.M. unless the triploid oysters are iced or mechanically refrigerated as described in item C.2.(e)(2)(c).

(b) For triploid oysters received by the certified shipper after 10:00 AM, the certified shipper shall only receive triploid oysters that are:

(i) within 4 hours from the start of harvest; and

(ii) completely covered by ice or mechanically refrigerated at an ambient air temperature of forty-five (45) degrees Fahrenheit (seven (7) degrees Centigrade) or less.

(c) The harvester shall only deliver triploid oysters harvested on the same calendar day to a certified shipper. For triploid oysters received by the certified shipper after 10:00 AM, the harvester shall place triploid oysters into cooling immediately after harvesting by completely covering the triploid oysters with ice or by mechanical refrigeration maintained at an ambient air temperature of forty-five (45) degrees Fahrenheit (seven (7) degrees Centigrade) or less. After being placed into cooling, the harvester shall keep the triploid oysters in cooling continuously until received by the certified shipper. The harvester shall follow the procedures for cooling and maintaining continuous cooling for the triploid oysters that are included in the operational plan required in item O.6. The harvester shall use ice from a Department approved source.

(d) It shall be unlawful for a certified shipper to receive at their facility oysters harvested from South Carolina waters during the months that require additional controls that have not been maricultured and harvested and handled in compliance with the requirements of item C.2.(e)(2)(a)(b) and (c). Certified shippers that choose to receive and distribute oysters harvested from South Carolina waters during the months that require additional controls must incorporate into their HACCP plan additional receiving controls to ensure the triploid oysters being received and distributed have been maricultured and harvested and handled in compliance with the requirements of item C.2.(e)(2)(a)(b) and (c).

(f) Temperature control requirements for confirmed illnesses.

(1) In the event a growing area or portion of a growing area is confirmed as the original source of product associated with two (2) or more Vibrio vulnificus illnesses within the past (10) years, the maximum hours to temperature control for shellfish shall, upon notice provided by the Department, be in accordance with the National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish Model Ordinance, VIII. Control of Shellfish Harvesting. Shellfish not meeting times and temperature controls may, with Department approval, be diverted to post-harvest processing as defined in this regulation or be deemed adulterated.

(2) In the event a growing area or portion of a growing area is confirmed as the original source of product associated with two (2) or more Vibrio parahaemolyticus illnesses within the past five (5) years, the maximum hours to temperature control for shellfish shall, upon notice provided by the Department, be in accordance with the National Shellfish Sanitation Program Guide for the Control of Molluscan Shellfish Model Ordinance, VIII. Control of Shellfish Harvesting. Shellfish not meeting times and temperature controls may, with Department approval, be diverted to post-harvest processing as defined in this regulation or be deemed adulterated.

Revise 61-47.C.2.(d) to read:

(g) Identification of Shellstock in the Marketplace.
(1) When at the facilities of a certified shipper, unless certified as a reshipper (RS), shellstock shall be
tagged in accordance with the provisions of item C.1.(c) or item C.2.(g)(2) at all times.

Revise 61-47.C.2.(d)(10) to read:

(10) All shellstock intended for raw consumption shall include a consumer advisory. The following
statement, based upon guidance provided in Section 3-603.11 of the United States Food and Drug
Administration 2013 Food Code (Copies can be obtained through the U.S. Food and Drug Administration
or the S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201.), or an
equivalent statement, shall be included on all shellstock: "RETAILERS, INFORM YOUR CUSTOMERS:
Consuming raw or undercooked meats, poultry, seafood, shellfish or eggs may increase your risk of foodborne
illness, especially if you have certain medical conditions.";

Revise 61-47.C.2.(e) to read:

(h) Shucked Shellfish Temperature Control. Shucked shellfish shall be stored and maintained in accordance
with the following:

Revise 61-47.C.2.(f) to read:

(i) Shucked Shellfish Labeling. Prior to sale or distribution, each individual container of shucked shellfish
shall be labeled as follows:

Revise 61-47.C.3.(b)(4) to read:

(4) Nothing in item C.3.(c)(3) shall be construed to make unlawful the intrastate shipment of shellstock
harvested from within the State provided such shellstock have not exceeded any maximum allowable time period
for temperature control as established by item C.2.(c) and C.2.(e).

Revise 61-47.I.4 to read:

4. Shellstock Temperature Control. Certified shippers shall manage shellstock temperature in accordance with
the provisions of item C.2(b).

Revise 61-47.I.5 to read:

5. Temperature Control. Certified shippers shall control shellfish temperatures in accordance with the
provisions of items C.2.(c), C.2.(e) and C.2(h).

Revise 61-47.I.6 to read:

6. Shell stock Identification. Certified shippers shall identify shell stock in accordance with item C.2. (g)(1)
Of this Regulation.

Revise 61-47.I.7 to read:

7. Shucked Shellfish Labeling. Certified shippers shall label shucked shellfish in accordance with item C.2.
(i)(1) Of this Regulation.

Revise 61-47.O.6 to read:

6. Mariculture Permit Areas. Operators of shellfish mariculture permit areas permitted by the South Carolina
Department of Natural Resources shall provide the Department with a written operational plan that shall include:
32 FINAL REGULATIONS

(a) A description of activities associated with the operation including, but not limited to, the operational requirements in C.2. (e)(2);

(b) The specific site and boundaries in which shellfish culture activities will be conducted;

(c) The types and locations of any structures, including rafts, pens, cages, nets, tanks, ponds, or floats utilized in the aquaculture operation;

(d) The type and source of shellfish, including seed, to be cultured and harvested;

(e) Documentation of the source of seed shell stock

(f) Record keeping to document compliance with the requirements described in item C.2. (e)(2) For maricultured shellfish harvested during months that do require additional temperature controls.

Fiscal Impact Statement:

Implementation of these amendments may require additional resources to support the increased number of field and facility compliance inspections needed to monitor the increased shellfish harvesting and sales during the summer months. For example, inspections will be needed to ensure maricultured triploid oysters are brought under temperature control in accordance with the regulation to protect public health. The resource demands on the Department and State government will depend on how much the shellfish industry grows and harvesting activities increase during the summer months in response to the additional business opportunities created by this amendment.

Statement of Need and Reasonableness:

The following is based on an analysis of the factors listed in 1976 Code Section 1-23-115(C) (1)-(3) and (9) through (11):

DESCRIPTION OF REGULATION

Purpose: The Department amends R.61-47 to provide specific technical requirements regarding the harvesting and handling of clams and maricultured triploid oysters during the summer months (i.e., months that require additional temperature controls) in a manner that is consistent with the national shellfish sanitation program and protects the health of the consumers of shellfish. The time period for additional temperature controls for the summer harvesting and handling of shellfish is May 16th through September 30th, unless otherwise specified. The amendment includes a requirement for certified shippers to only accept shellfish from harvesters that have received annual training on key regulatory requirements and the safe and sanitary practices related to the harvesting and handling of shellfish in South Carolina. The amendment updates several documents referenced in the regulation to the latest versions of the documents and adds a definition for “mariculture” and “triploid oyster.” The amendment also includes stylistic changes to correct for spelling, clarity, readability, grammar, and codification for overall improvement of the text of the regulation.

Legal Authority: 1976 Code Section 44-1-140.

Plan for Implementation:

Upon approval by the General Assembly and publication in the State Register as final regulations, a copy of R.61-47, to include these amendments, will be available electronically on the Department’s internet site at http://www.scdhec.gov/Agency/RegulationsAndUpdates/LawsAndRegulations/Water/ under the Water category and subsequently in the Code of Regulations of the S.C. Code of Regulations. Printed copies will be available for a fee from the Department’s Freedom of Information Office.

South Carolina State Register Vol. 41, Issue 4
April 28, 2017
DETERMINATION OF NEED AND REASONABLENESS OF THE REGULATION AMENDMENT AND EXPECTED BENEFITS:

The amendment is needed and reasonable because it clarifies the harvest and handling requirements for clams during summer months and allows the harvest of maricultured triploid oysters during summer months. The amendment allows the South Carolina shellfish industry to expand their markets through the sale of maricultured triploid oysters harvested during the summer months in a manner that is consistent with the national shellfish sanitation program and protects the health of the consumers of shellfish. Historically, South Carolina oysters have not been available for sale during the summer months. Oysters currently are available for purchase during the summer in South Carolina and other states. These oysters are obtained from other states that allow the summer harvest of oysters. Most other states that produce oysters allow the summer harvest of oysters for sale and consumption. Oysters harvested during summer months in other states are harvested and handled under more restrictive conditions than oysters harvested during cooler months to protect the public that consumes summer-harvested oysters. The amendment includes more restrictive harvesting and handling requirements for the summer months to protect public health.

DETERMINATION OF COSTS AND BENEFITS:

Internal Costs: Implementation of these amendments may require additional resources to support the increased number of field and facility compliance inspections needed to monitor the increased shellfish harvesting and sales during the summer months. For example, inspections will be needed to ensure maricultured triploid oysters are brought under temperature control in accordance with the regulation to protect public health. The resource demands on the Department and State government will depend on how much the shellfish industry grows and harvesting activities increase during the summer months in response to the additional business opportunities created by this amendment.

External Costs: There will be external costs for implementing the amendment to this regulation. The external costs will be incurred by shellfish harvesters and certified shippers that decide to expand their operations to participate in the harvesting, handling or sale of maricultured triploid oysters during the summer months. However, those who incur these costs may now realize the below External Benefits.

External Benefits: The amendments will provide the South Carolina shellfish industry the opportunity to sell South Carolina maricultured triploid oysters during months of the year when, historically, South Carolina oysters have not been available for sale.

UNCERTAINTIES OF ESTIMATES:

None.

EFFECT ON ENVIRONMENT AND PUBLIC HEALTH:

There is no anticipated detrimental effect on the environment.

The amendment can affect public health by allowing the public to consume South Carolina maricultured triploid oysters that have been harvested during the summer months. Naturally occurring harmful bacteria, such as Vibrio bacteria, occur at higher levels in shellfish during the summer months due to the higher water and air temperatures. Vibrio bacteria can cause severe illness or death if consumed by individuals with compromised immune systems. The amendments include more restrictive harvesting and handling requirements for shellfish during the summer months to mitigate the increased risk posed by harmful bacteria, especially Vibrio bacteria, during those months.
DETIRMENTIAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATION IS NOT IMPLEMENTED:

There is no anticipated detrimental effect on the environment.

If the amendment is not implemented, there will be no detrimental effect on public health because molluscan shellfish harvesting and sales during the summer months would remain limited to only clams as is currently the case in South Carolina.

Statement of Rationale:

The Department is amending R.61-47, Shellfish to provide specific technical requirements regarding the harvesting and handling of clams and maricultured triploid oysters during the summer months (i.e., months that need additional temperature controls). The time period for additional temperature controls for the summer harvesting and handling of shellfish is May 16th through September 30th, unless otherwise specified. The amendment allows the South Carolina shellfish industry to expand their markets through the sale of maricultured triploid oysters harvested during the summer months in a manner that is consistent with national shellfish sanitation program and protects the health of the consumers of shellfish.
