WHEREAS, it appears to the satisfaction of the undersigned that the requested annexation and corresponding resolutions comply with the procedures set forth in the Change of Boundaries Statute and are consistent with the provisions of the Joint Resolution ratified by the General Assembly on May 14, 2018, and approved by the undersigned on May 18, 2018; and

WHEREAS, there is no known opposition to the potential annexation, and Sel Hemingway and Wesley Bryant, Esquire, of Georgetown County, and Chris Eldridge and Arrigo Carotti, Esquire, of Horry County, are fit and proper persons to serve on the commission, which shall appropriately investigate all facts relating to the requested annexation and report in writing to the undersigned the pertinent facts and other relevant matters as requested or required by law; and

WHEREAS, upon receipt of the commission’s report and satisfactory compliance with sections 4-5-120 through -160 of the South Carolina Code of Laws, the undersigned shall order an election in accordance with section 4-5-170 of the South Carolina Code of Laws.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and the powers conferred upon me therein, I hereby appoint the following fit and proper persons to investigate all facts related to the requested annexation in Georgetown County and Horry County and report in writing to the undersigned the pertinent facts and other

Executive Order No. 2018-21

WHEREAS, the preservation of life is the ultimate right to be protected and necessarily includes the life of unborn children; and

WHEREAS, the State of South Carolina has a strong culture and longstanding tradition of protecting and defending the life and liberty of unborn children; and

WHEREAS, the State also recognizes that the availability of women’s health and family planning services is important in providing for healthy families and children; and

WHEREAS, the South Carolina Department of Health and Human Services (“DHHS”) expends taxpayer dollars to pay for health care services, including family planning services; and

WHEREAS, the General Assembly has expressed, in section 43-5-1185 of the South Carolina Code of Laws, as amended, that “State funds appropriated for family planning must not be used to pay for an abortion”; and

South Carolina State Register Vol. 42, Issue 7
July 27, 2018
WHEREAS, the payment of taxpayer funds to abortion clinics, for any purpose, results in the subsidy of abortion and the denial of the right to life; and

WHEREAS, abortion clinics’ primary focus on denying the right to life is contrary to and conflicts with the State’s obligation to protect and preserve that right; and

WHEREAS, on August 24, 2017, the undersigned issued Executive Order 2017-15 directing DHHS to pursue all available methods and to take all necessary actions to exclude abortion clinics from receiving taxpayer funds for any purpose, including but not limited to seeking any and all requisite waivers from the Centers for Medicare and Medicaid Services (“CMS”); and

WHEREAS, DHHS subsequently submitted and is negotiating with CMS regarding such a mandatory waiver; and

WHEREAS, on July 5, 2018, because CMS had not yet approved the requisite mandatory waiver, the undersigned issued Veto No. 42, which nullified the Family Planning appropriation in DHHS’s budget; and

WHEREAS, although the State should not contract with abortion clinics for family planning services, the State also should not deny South Carolinians access to necessary medical care and important women’s health and family planning services, which are provided by a variety of other non-governmental entities and governmental agencies; and

WHEREAS, Proviso 33.16 of the Fiscal Year 2018–19 General Appropriations Act grants DHHS broad authority to carry forward and expend funds for the purpose of operating the Medicaid program, to include family planning services.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and the powers conferred upon me therein, I hereby direct DHHS to exercise the authority granted in Proviso 33.16 of the Fiscal Year 2018–19 General Appropriations Act to expend such appropriated and carry-forward funds as necessary to continue the Family Planning program.

FURTHER, I hereby direct DHHS to deem abortion clinics, as defined by section 44-41-75 of the South Carolina Code of Laws, as amended, and any affiliated physicians or professional medical practices, as identified and defined by Executive Order 2017-15, that are enrolled in the Medicaid program as unqualified to provide family planning services and, therefore, to immediately terminate them upon due notice and deny any future such provider enrollment applications for the same.

This Order is effective immediately.

NOTICE OF GENERAL PUBLIC INTEREST

NOTICE TO REVISE AIR QUALITY STATE IMPLEMENTATION PLAN

Statutory Authority: S.C. Code Sections 48-1-10 et seq.

The South Carolina Department of Health and Environmental Control (Department) is publishing this Notice of General Public Interest to provide opportunity to comment on the Department’s response to meet obligations to the U.S. Environmental Protection Agency (EPA) for the National Ambient Air Quality Standards (NAAQS) for ozone. The Department proposes to address the requirements under sections 110(a)(1) and (2) of the Clean Air Act (CAA) for State Implementation Plans (SIP) in a SIP update known as infrastructure SIP certification. These requirements were developed to assure attainment and maintenance of the NAAQS. In addition, the Department will address elements under Section 110(a)(2)(D)(i)(I) of the Clean Air Act (CAA) pertaining to interstate transport of criteria pollutants. This specifically includes SIP elements covering any emissions activity in one state that contributes significantly to nonattainment (called prong 1), or interferes with maintenance (called prong 2), of the 2015 8-hour ozone National Ambient Air Quality Standard (NAAQS) in another state. Together, the prong 1 and prong 2 elements are referred to as “Good Neighbor” requirements, and the state’s submittal is termed a “Good Neighbor SIP.” To be considered, the Department must receive comments by 5:00 p.m. on August 27, 2018, the close of the comment period.

The Department is also providing the interested public with the opportunity to request a public hearing on the issue. If requested, the Department will hold a public hearing on September 4, 2018, at 10:00 a.m., in Room 2151 of the Sims Building, 2600 Bull Street, Columbia, South Carolina. However, pursuant to 40 CFR 51.102, if the Department does not receive a request for a public hearing by the close of the comment period, 5:00 p.m. on August 27, 2018, the Department will cancel the public hearing. If the Department cancels the public hearing, then the Department will notify the public at least one week prior to the scheduled hearing via the Department’s Public Notices webpage: http://www.scdhec.gov/PublicNotices/. Interested persons may also contact Roger Jerry, Regulation and SIP Management Section, Bureau of Air Quality, 2600 Bull Street, Columbia, SC 29201; via phone at (803) 898-1799; or email at jerryre@dhec.sc.gov for more information, to view a copy of the state’s proposed SIP submission, or to find out if the Department will hold the public hearing. A copy of the state’s proposed SIP submission is also located on the Department’s Public Notices webpage: http://www.scdhec.gov/Apps/Environment/PublicNotices/SearchAndDisplay/Display/8595

Synopsis:

On October 1, 2015, the EPA finalized a revised NAAQS for ozone (80 FR 65292, published October 26, 2015). With this rule, the EPA set a new 8-hour primary and secondary ozone standard at the level of 70 parts per billion (ppb). Sections 110(a)(1) and (2) of the CAA require all states to submit plans to provide for the implementation, maintenance, and enforcement of the NAAQS. Sections 110(a)(1) and (2) further require states to address basic SIP requirements, including but not limited to the following elements: emissions limits and other control measures, ambient air quality monitoring, a program for the enforcement of control measures, adequate resources to implement the SIP, and public notification and government consultation. Section 110(a)(1) requires states to submit SIPs within three (3) years after promulgation of a new or revised NAAQS, or October 1, 2018, in this case.

On September 30, 2016, the Department submitted a request to EPA Region 4 that the EPA designate each county in the State of South Carolina as “attainment” for the ozone NAAQS. The EPA designated all counties in the state Attainment/Unclassifiable (82 FR 54232, published November 16, 2017). Thus, South Carolina meets attainment of the 2015 8-hour ozone NAAQS.
The Department is proposing to certify that it has addressed the aforementioned infrastructure SIP requirements, including those for interstate transport, pertaining to the 2015 8-hour ozone NAAQS for South Carolina, and that South Carolina’s SIP contains adequate provisions to prevent sources or emissions activities within South Carolina from contributing significantly to nonattainment in, or interfering with maintenance by, any other state with respect to the 2015 8-hour ozone NAAQS, as demonstrated by the EPA’s air modeling. Pending the receipt of a request for a public hearing and/or any comments received, this amendment to the SIP will take effect 30 days following publication of this Notice in the South Carolina State Register, after which, the Department will submit a final SIP certification package to the EPA for approval.

Relocation of Nonmetallic Mineral Processing Plants
Public Notice #18-031-GCM-Memo

In accordance with S.C. Regulation 61-62.1, Section II.B.6, a facility may request an exemption from the requirement to obtain a construction permit for modifications to existing equipment, including the reconstruction, relocation, and replacement of existing equipment.

The Department has developed a guidance document, in the form of a memo, to be used by the Bureau of Air Quality (BAQ) staff to help streamline the permitting process eliminating the requirement to obtain a construction permit for a previously permitted source, where no new applicable requirements are triggered due to the relocation of the equipment/facility for nonmetallic mineral processing operations covered under the General Conditional Major and State Operating Permits for Nonmetallic Mineral Processing Plants. This guidance will be maintained by the Department and periodically published in the South Carolina State Register. Additionally, this guidance will be maintained on the DHEC website at: http://www.scdhec.gov/Environment/AirQuality/Training/.
