**Statement of Need and Reasonableness:**

Since existing regulations only apply to specific wildlife management areas, new regulations must be filed to establish seasons, bag limits and methods of hunting and taking of wildlife on new WMAs as well as expanding use opportunities on existing WMAs. Since the availability of specific fields changes each year and season dates change as allowed by Federal Regulation, it is necessary to file Dove Field regulations annually. Because these hunts begin on September 4, it is necessary to file these regulations as emergency so they take effect immediately.

**Fiscal Impact Statement:**

This amendment of Regulation 123-40 will result in increased public hunting opportunities which should generate additional State revenue through license sales. In addition, local economies should benefit from sales of hunting supplies, food and overnight accommodations. Sales taxes on these items will also directly benefit government.
